McDEVITT HAS UNTIL MONDAY TO THINK THE MATTER OVER

He May Acknowledge At That Time That Some Mistake was Made in Bribe Case

In the Meantime the Senator is Holding a Golden Silence

Senator John J. McDevitt has agreed to appear before the Joint Rules Committee of the Legislature Monday at 12.30 and make another statement. He charged that a Representative offered him a bribe as an inducement to vote for a certain measure.

Before the Joint Rules Committee on Thursday he insisted on his charge but said he could not recall who the member was, adding later that he had learned that the member in question was not authorized to offer any bribe.

This statement of the case satisfied none of the committee. In the House Friday an order was offered by Representative White calling for a full investigation of the Senator's charge by the Joint Rules Committee with power to employ a stenographer. Because of this last provision the order was referred automatically to the Joint Committee on Rules.

The Joint Rules Committee will meet at 12.30 on Monday to discuss the order, and Senator McDevitt has been invited to be present and has promised to attend. It has been suggested that at this time the Senator might make a statement to the effect that he had made a mistake and might apologize therefor. This explanation and apology might, in turn, satisfy the committee and the latter would report against any further investigation.

The matter was straightened out to this extent Friday afternoon in the office of Pres. Greenwood of the State Senate. John W. McAnarney, city solicitor, had called at the Senate reading room after the session of the Senate (which Senator McDevitt did not attend) and had met Pres. Greenwood in conference.

After this conference the president sent for such members of the Joint Rules Committee as he could find about.

Senator Blanchard, Representatives Cox, White and Bliss were conferred with, Mr. McAnarney being present. The matter was threshed out for several hours, Senator McDevitt waiting in the Senate reception room. The Senator was finally called in and was closeted with the rules members for some time.

Just before 6 the conference ended. Pres. Greenwood said that the conferees could not talk at this time, the conference being entirely informal. "Senator McDevitt has agreed to make some statement," he added. "The nature of which we cannot discuss. It has not even been definitely decided upon by the Senator himself.

"He is to have Sunday to think it over. If he should make the statement to the effect that he had made a mistake or was in error and submitted an apology, it might help the situation. That however, is for the full committee to pass on, and the committee will not meet till Monday at 12.30."

It is understood that Mr. McAnarney was at the State House Friday in the interests of Senator McDevitt, not so much as counsel as one requested by people in Quincy and Norfolk County to help straighten out the tangle. It was understood, however, that Senator McDevitt had expressed himself as willing to follow Mr. McAnarney's advice.

The following is the order introduced by Representative White in the House, which will be taken up by the Rules Committee on Monday:

"Ordered. That the Joint Committee on Rules be directed to investigate the charges made by Hon. John J. McDevitt, a member of the Senate, to the effect that a member of the House of Representatives offered him a bribe as an inducement to vote in favor of a certain measure then pending in the General Court.

"The committee may give public hearings, shall have the power to administer oaths and require the attendance of witnesses and the production of books and documents and may

TEMPLARS LADIES' NIGHT

Second Annual Event of the Local Commandery

The Sir Knights of Quincy Commandery and their ladies are looking forward to Friday at which time the Commandery will observe its second annual ladies' night. The affair will be held in Alpha hall and will start off with a banquet to be served by Westover & Foss. Following the banquet which will be served in Union hall an adjournment will be made to Alpha hall where there will be an entertainment. The evening will close with dancing for which Pool's orchestra will furnish the music.

☞PRATT'S BREAD—try it with a bowl of milk and blueberries. All grocers.

NEW ENGLAND FIELD OF LABOR

Of John L. Miller Preparing for Big Granite Convention

QUINCY DAY SUGGESTED

These are busy days for John L. Miller, president of the New England Memorial Convention Bureau, that has been organized to promote the great convention of the National Retail Monument Dealers" Association, and the monument manufacturers exhibition. He has been assigned all the New England states except Vermont, to raise funds and enthuse the trade. He has been to Milford, N. H. and Westerly, R. I. and addressed large gatherings of manufacturers, who promised the project every support, to make this the biggest and best exhibition of memorial work ever attempted in this country. The granite industries are awakening to this great opportunity. Mr. Miller has a letter this morning stating that the Californias retail monument dealer are making arrangements for a special pullman car for Boston, that the Texas dealers intended coming by boat direct from Galveston.

Some are wondering if Quincy will unite and have a Grand Quincy Day when this convention comes. One of our progressive garage owners put it a few days ago, "If they don't, I can furnish a hundred machines, and we will have a Quincy Day of our own."

45th QUIETLY OBSERVED

Mr. and Mrs. George L. Phillips Married Long Time

Mr. and Mrs. George L. Phillips of 55 Union street quietly observed their 45th wedding anniversary at their home Friday. They entertained their son Officer George Phillips of the Quincy Police and Mrs. Hattie Woodsum of South Braintree at dinner.

They were married at Marshfield and have lived here since. Mrs. Phillips was a member of the historic Hall family of Marshfield. Her brother Walter is the present owner of the Daniel Webster estate.

Mr. Phillips was born in Pembroke and come here in his youth. He early took up diving as a professicn and was in the government employ at the time of his marriage.

He enlisted in 12th Massachusetts Regiment after the war broke out under Col. Fletcher Webster, son of Daniel Webster . He was in 29 engagements and was wounded in the leg, below the knee, at Gettysburg. He is Past Commander of Paul Revere Post 88. G. A. R.

Since the close of the war Mr. Phillips has followed his profession. He was bridge inspector of the Boston & Maine Railroad for many years. He also was in charge of the submerged foundation of the Poughkeepsie bridge over the Hudson river which is reputed to be the longest tressle of its kind in the world. He retired seven years ago.

MANY CHANGES IN TRAIN TIME

A large number of important changes in the trains between Quincy and Boston will take place when the new timetable goes into effect Sunday at midnight. In the outward train service practically all of the present trains which are retained will leave Boston a minute earlier. In the morning there will be a new train leaving Boston at 7.37 and arriving at 7.56. Other important changes in the outward train service are as follows:

There will be a new outward train leaving at 4.15 P. M. in addition to the regular train leaving at 4.12. The 4.15 train however runs express to Wollaston and arrives in Quincy two minutes earlier than the 4.12.

There will be new trains leaving Boston at 5.19 P. M. and 5.28 P. M. taking the place of the train now leaving at 5.24 and 5.31.

A new train at 6.01 P. M. taking place of the train now leaving at 6.14 and the train now leaving Boston at 6.14 will leave at 6.16.

New trains at 9.19, 9.34 and 9.59 will take the place of the train now leaving at 9.25.

Thel 11.07 P. M. outward train will leave at 11.09.

The changes in the inward service are more noticable. In the morning there will be new trains at 7.28, 7.32, 7.42 and 7.55 taking place of the trains now leaving at 7.33, 7.42 and 7.57.

A new train at 8.14 in place of the train now leaving at 8.09.

A new train leaving at 8.33 A. M.

The train now leaving Quincy at 1.20 p. m. will leave at 1.16 p. m.

A new train leaving at 6.04 p. m.

The train now leaving at 7.05 p. m. will leave at 7 o'clock.

The present 7.29 p. m. will leave at 7.22.

The present 8.09 p. m. will leave at 8.07.

A new train at 9 P. M., and a new train at 11.13.

SUNDAY.

On Sundays there are but a few changes in the outward train service other than that all of the regular trains which are retained will leave a minute earlier than at the present time. There are however two new trains for Quincy one leaving Boston at 2.44 P. M., an dthe other at 6.09 P. M.

On the Sunday inward service there are but two changes. The present 10.23 A. M. train will leave Quincy at 10.25.

The trains now leaving Quincy at 9.13 P. M., will leave at 9.42.

There are also a number of chnages in the time of the trains to and from the West Quincy station. Under the new timetable all ofthe present trains which leave Boston for this station will leave about a minute earlier. The first morning outward train however will leave at 6.32, instead of 6.35, and the present 8.23 train will leave at 8.19. The 5.22 and 5.47 outward

—Baltimore is getting ready to celebrate the centenary of "The Star Spangled Banner" in September of 1914. It will be a halcyon occasion, with no doubt a little "Dixie" on the side just to keep the southern brother's heart dancing. —Brockton Enterprise.

OLD BOREAS CUT LOOSE

March Came in With Heavy Artillery and Deluge

NOTHING LAMBLIKE

Hail, thunder, lightning and a hard rain were the elements handed out to the unsuspecting public this noon by the man who has the weather in charge. The weather was dull and threatening all the morning but the rain kept away until noon. It was about 12.30 when the air suddenly cooled and there was a heavy hail shower that covered the ground with hail stones. This was followed by the distant peals of thunder and sharp flashes of lightning which in turn was followed by a heavy downpour of rain.

Many were caught without umbrellas, rubbers or other protection with the result that they got wet. The rain fell in torrents until shortly after 1 o'clock when the air seemed to clear and the sun tried hard to make its appearance.

During the rain the streets and gutters were converted into running rivers and it was next to impossible to cross a street without getting the feet wet.

DEMOCRATIC WAR HORSE

Will Join in Rebirth of Party at Washington

The war horse of Quincy Democracy "Doc" Galen Vinton Bowditch was presented this afternoon with a badge suitably inscribed which he will wear as he leads the Massachusetts delegation down Pennsylvania avenue in the Inauguration parade at Washington. The presentation was made by James T. Sullivan, automobile editor of the Boston Globe. The many friends of "Doc" gathered at the festivities which were held in the reporters room of the Boston Globe and as anticipated the venerable "Demo" poured forth streams of eloquence on the rebirth of party that champions peoples rights.

The badge is gold plated. Attached to a spread eagle is a ribbon from which is suspended an insignia of the United States seal. Around the edges are the words, Boston Press Messenger.

Hearty cheers and frantic displays of loyalty were made by the "Demos" in the room while the "Bull Moosers," according to the sage "Folded their tents like the Arabs and quietly stole away."

"Doc" leaves tonight and will not return until he has grasped the hand of the President of the Democratic party, Mr. Woodrow Wilson.

Later Dispatch—"Doc" claims the thunder storm is for the purpose of aiding in the jollification. Cries of anger were heard but they quieted down.

FORE RIVER CO. READY TO MEET COMMITTEE ACTING OFFICIALLY

Allied Metal Trades Hold a Meeting to Protest Contract System

Local Machinists Elect Delegates to Metal Trades Council

The protest meeting against the contract and bonus system in vogue at the Fore River Yard was held by the Allied Metal Trades of the yard in the Johnson building Friday evening. The men claim that under the system they are unable to earn a living wage that the method of distributing work is distasteful to them and that the company has refused to remedy conditions. A fight is being made by labor organizations wherever this system exists. There are about 3600 men in the yard at the present time. Nearly 600 men are affected by the contract system.

Eight weeks ago 68 steamfitters and plumbers stopped working as a protest against the system. None of these men as far as is known and according to the reports given out by the officials of that organization have returned to work at the yard. Several of them have secured employment in other places.

The meeting adjourned shortly before midnight. A special meeting of the machinists' local was held and delegates chosen to attend the metal trades' council at which 12 labor unions affiliated with the A. F. of L. were represented by delegates.

Addresses were made by James P. Moriarty, president of the Boston Central Labor Union; John M. Tobin, fifth vice president of the International Brotherhood of Blacksmiths and Helpers; John Bell and Thomas Nolan of the Amalgamated Society of Engineers; Joseph Sheehan of Boston of the Plumbers and Steamfitters Union and R. L. Hall of Lynn, a prominent member of the Machinists' Union.

It was voted to have a committee of 12 confer with the officials of the Fore River Co. and attempt to adjust the difficulty that has arisen.

Caleb F. Howard an active I. W. W. man here gave a short address and said that while he was not in a position to state authoritatively that the help of he I. W. W. would be extended in the case of a general strike he had no doubt but what the organization would back the men as far as was possible. He further said that a meeting Monday night would be held and a member chosen to act in conjunction with the other 12 delegates.

The present attitude of the men it is understood favors the calling of a general strike of an amicable settlement is not reached.

The officials of the Fore River Co. are positive in their statements that they have not up to the present time been officially advised of any uneasiness amongs the employees, that a committee has not attempted to arrange a conference in regard to the matter which has been discussed considerably the past month by the workmen and that they are ready and willing to confer with any committee representing a labor organization as long as they are acting in an official capacity.

BUDGET WILL BE MAIN SQUEEZE

At the Meeting of the Council Monday Night

Considerable interest centers in the regular meeting of the City Council Monday evening as it is more than probable that the annual appropriation order will come up for consideration. In addition to this four public hearings have been assigned for this session and there are several special committees who will submit reports on matters referred to them. The main interest however is centered on the budget.

The American Lady Shoes Are an Exceptional Value

Sometimes a woman thinks she must take a pair of shoes in the first store she visits, whether the shoes are just what she wants or not. They dislike leaving empty handed.

Wisdom says, "Go to a store where the choice of shoes at your price can be found." If you plan to spend $3 or more, the American Lady Shoe has the style that you will like, in all kinds of leather. They are the equal of shoes that sell for more in the Boston stores, and our service will be satisfactory and interested.

EDITORIAL COMMENT.

At times, a bad memory is good. At other times it is good, nit.

Cardinal Gibbons is dignified, non commital reception to the woman suffragettes is worthy of emulation.

Dorr's defense was certainly ingenuous but it failed to get by.

It is only a few years ago that teachers kissing children in the schools was the rule rather than the exception but no complaints of wholesale killing were ever heard from the practice.

Dig up senator if you have any positive information on this bribery matter or forever hold your peace.

The poor hikers are liable to have some one else partake of the honor of presenting their petition to President Wilson. It was ever thus.

The post office department is getting the merger fever as bad as some business concerns.

That New Hampshire fight over the United States senatorship has been so long drawn out that the people will probably take a hand in the matter as soon as possible.

February did its best to retire with a bright and smiling face after more than 27 days of cold and frowns.

President-elect Wilson will no doubt appreciate it when he can announce his own official action without having people from all over the country making a flying start guess.

For people who labored so long for liberty Cubans cannot be said to have displayed good taste in cheering Dictator Castro.

Because Boston had a dog show it can not be said to have gone completely to the bow wows.

Thaw now claims he is held on a pretence of insanity. That pretence has kept him alive for several years, backed as it has been with a liberal supply of money.

Many besides those now asking the question in congress would really like to know why the Pujo committee needed the services of a lawyer when there were so many legal lights on the committee.

Gov. Foss denies that he has opposed Mr. Brandeis appointment, which is no saying that he is highly enamored of the project.

ILLOGICAL EMMELINE.

The English suffragettes have time and time again emphasized their utter lack of moral responsibility and their moral and mental incapacity for a proper exercise of any rights, which should be accorded rational beings, but never more so than in their last escapades. The notorious Mrs. Pankhurst repudiates the right of the authorities to try her because she has no legal control over their appointment. Emmeline is a wonder. That is a new one. Under this logic, no woman or person under 21 years of age would be amendable to the law. A pretty state of affairs indeed. The English suffragettes must put forth a stronger and more logical argument than that if they expect consideration at the hands of any one. By their acts they shall be judged and the acts of those forceful ladies would suggest that straight jackets would be a more fitting garment for them than the ballot.

KILLED BY COMMITTEE.

The bills presented to the legislature by William E. Hingston to compel the recording of loans and that of Representative Sullivan to exempt householders from taxation on $1000 value of their single holdings were both killed. They were knifed by the committee in whose tender care they had been considered. Both measures appeared reasonable and logical. Maybe they did not reach to every point of the situations which offered themselves in the minds of the committee members. But aside from that they were both worthy of more considerate treatment than leave to withdraw. Something less drastic in their handling should have been suggested. Possibly by conference some modified form of both bills could be decided upon agreeable to the framers and the committee, but that they should be smothered by the committee action was hardly to be expected.

THE IDEAL PARTY.

Charles Henry Davis the man who contributed $10,000 towards the Progressive party says he has never been a member of any party, but has waited until he found the ideal party. He claims that the Progressive party comes up to that standard. If he is right, then the country has much to hope for from that party. Mr. Davis has high ideals, yet not so high but that they can readily be lived up to and endorsed by the average citizen. Some of his views on present conditions, are intelligent and pertinent and tell their own story of just what about every one should know and should take an interest in remedying.

Among other things, Mr. Davis says:

"One of the greatest evils in our present form of government is the lack of authority and responsibility of those in office. There are so many checks on every side that nothing gets done and at the same time the responsibility cannot be laid on any one pair of shoulders if anything goes wrong.

"Our courts are bad today. Not that they are universally dishonest but the system is bad. The rich man gets the best of every deal today.

"Another thing that is sadly needed is to break down State lines. The railroads and insurance companies should be under federal laws or else chaos is the result.

"Yes I am a big holder in railroads and coal property and I believe that the government should own the railroads. Just as soon as a monopoly exists in the anthracite coal fields, then I believe the coal properties should be owned by the government.

"It is ridiculous talking about killing big business. It can't be killed. It is going to grow still bigger and our problem is how to make it useful to the country."

DESERVE PUNISHMENT.

Charlestown is much stirred up at the present time over alleged incendiary blazes and the cry has gone forth to hunt them down. Quincy has had a taste of the same particular brand of lawlessness and the demand has been the same. Fortunately in most of the local cases, the offense has not been so bad because life and valuable proprety have not been at stake. In some of the cases the offenders have been run to earth and proved to be boys, who lacked a true knowledge of the enormity of their offense, their only excuse being that they wanted to see the fire apparatus in action. The same excuse no doubt has been painted on the mental vision of those who have pulled in false alarms. If the offenders are too young to receive the usual punishment for such offenses they should be made to feel that their acts are wrong and if not convinced any other way, by moral suasion for instance, why take the good old fashioned way of a good spanking. They will not be liable to forget that very soon.

AND HE IS RIGHT.

The Rev. Rufus B. Tobey of Quincy, at the council of Congregational ministers called in Pilgrim Hall by Chester A. Boynton, spoke words that were appreciated in more ways than one by the newspaper men present. A motion had been made to exclude the reporters from the meeting, when the Rev. Tobey arose and said: "In my long experience with the newspapers I have found that if the papers want a report of such an affair as this they generally get it somehow and I, therefore, believe it would be better to allow the reporters to remain and get their story at first hand. In that way mistakes will be avoided."

MEN'S CLASS.

The Men's Class of the Washington Street Congregational church will meet, at 6 o'clock Sunday afternoon, instead of the usual hour and the topic will be what relations should the church bear to the problems of the day."

DIAZ ACCEPTS NOMINATION

Party Organized to Elect Him President of Mexico

HIS UNCLE MAY SOON RETURN

Builder of Disturbed Republic Names Conditions Upon Which He Is Willing to Lend Aid to Restore Peace—Governor of Aguas Calientes In Revolt—Rebels Under Him Defeated

Mexico City, March 1.—Felix Diaz accepted the candidacy for the presidency of Mexico offered him by a committee representing a party organized for the sole purpose of securing his election.

Porfirio Diaz, former president and builder of the Mexican republic, today has responded to the call of his native country. According to information from a source close to the government, Porfirio Diaz has sent a cablegram to his nephew, Felix Diaz, giving the conditions upon which he will come back to help restore peace and prosperity.

Porfirio Diaz is said to disclaim any ambition to set himself up as the head of the government, saying his sole wish and ambition is to see tranquility and prosperity restored in his native land before he dies.

There is a plan afoot, however, among the leaders of the old Diaz party which was swept out of power by Madero, to have Porfirio made president of the republic under the election methods established by Porfirio at the time of his ascendency here.

The plan suggested by Felix Diaz and consented to by Provisional President Huerta provides for making Porfirio Diaz military dictator by proclaiming him commander-in-chief of the army.

If present plans are carried out Porfirio Diaz will sail for Vera Cruz from a French port about March 15, and should arrive here before April 1.

General Hidalgo, with 1500 men and two batteries of artillery, gave battle to 2000 rebels under Alberto Fuentes, at Aguas Calientes. Heavy street fighting is going on there.

Hidalgo's men, according to reports received here, attacked the city at sunrise, bombarding the rebel positions with field guns and machine guns. Although they outnumbered the government forces the rebels were driven from their outposts and the federals entered the city, taking refuge in various buildings.

Aguas Calientes lies in the state of the same name upon the Mexican Central railroad and has a population of 90,000. Many of the residents fled when Fuentes' insurgent forces took the town. Alberto Fuentes was formerly the Maderist governor of the state and refused to recognize the Huerta-Diaz government.

General Carranza's Coahuila insurgents have engaged the federal force near Monctova, and at last reports fighting was still going on there. General Aubert, who has been sent against the rebels under Francisco Villa, a Maderist, has been instructed to execute all captured insurgents as bandits.

This same method was employed when Juan Vargas, a government leader in Morelos, captured seventeen followers of Emiliano Zapata, who had refused to swear allegiance to the Huerta-Diaz government, and after executing them sent the following message to Huerta:

"I have the honor to report the execution of seventeen bandits taken in outlawry and rebellion."

SIX THOUSAND OUT

Women's Garment Workers' Strike Is Begun at Boston

Boston, March 1.—Six thousand girls, women and men employes of more than 150 shops making women's garments, went on strike yesterday to enforce wage demands and better working conditions.

With their organization nucleus already long perfected, immediate action followed the first gatherings. Pickets were thrown out at once before unorganized shops, and vigilant members brought groups, large and small, to the union quarters.

Large forces of police were distributed about the strike zone, but no disturbances were reported.

A large percentage of the strikers range from girls of 15 to women. There are few men among them.

SAVES LITTLE GIRL'S LIFE

But Brave Brakeman May Lose His Own as a Result

Hartford, March 1.—In a successful effort to save the life of a little girl who had strayed from her mother's side directly in the path of an approaching train, William Moran, a New Haven railroad brakeman, was terribly injured when he fell under the wheels of the engine.

He was taken to a hospital after an ambulance surgeon's tourniquet had been applied to the wounded leg, but at the hospital the house surgeons amputated the left leg and expressed grave doubts for Moran's recovery.

The ways and means committee of Antietam S. of V. Auxiliary 16 will meet Monday evening, with the president, Mrs. Stella B. Fox of Hall avenue.

The Mayflower Pomona Grange meets at the Hanson town hall on March 8 at 10.30 A. M. The electric cars from Whitman station pass the hall.

Friday afternoon, the members of the A. B. C. were entertained by Mrs Stephen Gammons of Pond street Souvenirs were secured by Mrs. Stafford S. Bridgham and Mrs. Eben Prescott.

Mrs. Henry W. Mansfield of Central street returned Friday from a pleasant visit with her cousin, Bertram G. Learned and family of Wakefield. Mr. Mansfield was in Providence, Wednesday.

Mr. and Mrs. Ralph Cain entertained Mr. and Mrs. Everett Cain and their two children, Mr. and Mrs. Daniel Cain, Miss Albina Cain and Mr. Theron Cain at a family dinner party last Sunday.

The members of the Relief Corps work committee met Thursday afternoon with Mrs. Richard M. Sanborn of Crescent avenue to make preparations for a sale and entertainment to be given in the near future.

Gordon Drake, who has completed his term of service in the United States navy and been honorably discharged is the guest of his father, Frank Drake of Central avenue. He has had many interesting experiments and visited many countries.

Messrs. Fred A. Tenney, Thomas Weston and J. Frank Hobart of the Braintree Club accompanied by twenty-five fellow members will go to Boston next Thursday evening to be the guests of the B. P. A. where a return pool tournament will be played.

The many friends of Dr. J. William Watson are glad to see him about again in his usual good health. The past three months he has been resting in Vermont and New Hampshire and has entirely recovered from the illness which necessitated the long vacation.

The old St. Francis church on Central avenue is being torn down. Older residents will remember that it was erected some forty years ago under the direction of the late Rev. Fr. Francis A. Freguglietti and was used until the recent building of the new edifice on Washington street.

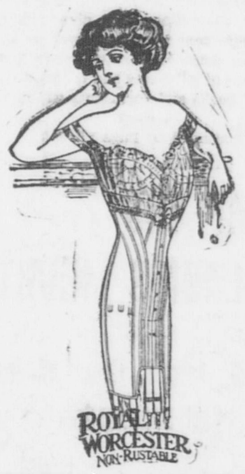

Monday evening, Miss Gertrude White of Holbrook was tendered a surprise party by her many friends. The affair was arranged by Miss Gertrude Barnes of Thayer place. Miss White is employed at the Rice & Hutchin's shoe factory and has many friends in this vicinity.

Saturday evening, the members of the Evening whist club were entertained by Mrs. Charles B. Cummings of Pond street. Souvenirs were secured by Mrs. Louis W. Thayer, Dallas Willis, Jr., Mrs. Ralph L. Wiggin and Charles R. Cummings.

Tuesday evening, Mr. and Mrs. Michael Beattie of Thayer place entertained a party of friends at their home. Whist was enjoyed after which a lunch was served. Prizes were awarded to Mrs. White of Holbrook, Mr. James Fox, Mr. Edward Hughes and Mr. L. Spaulding of Braintree. The party departed at a late hour hoping some day to hear the selections played on the phonograph.

Capital $150,000. Surplus $200,000
WHAT IS A SAFETY DEPOSIT BOX?
It is a strong steel box, in a doubly-locked compartment in our fire and burglar-proof vault. You have the keys to it. It is absolutely PRIVATE and absolutely secure. You can go to it freely at any time during business hours.
This costs you only $5 per year---only half what you would have to pay for a smaller box in Boston.
Our $5 Box is Larger Than a $10 Box in Boston.

EAST BRAINTREE

The many friends of Mrs. Charles Brooks of Oak street, who was taken to the Boothby hospital last week for an operation for appendicitis, will be glad to hear that she is improving.

Herman Fagan was badly burned by the explosion of gasolene at the Old Colony Gas plant last Saturday. He was attended by Dr. Cook and later removed to his home where he is recovering. His face and arms were badly burned.

A. D. Tirrell proprietor of the shoe store in the Bates building had a narrow escape from serious injury while crossing Atlantic avenue, Boston, Monday forenoon. He was hit and knocked down by an electric car, but fortunately escaped with a severe shaking up and a slight cut on one ear.

A very pleasing and successful entertainment was given in the Jonas Perkins school hall, Tuesday evening, under the direction of Principal Franklin B. Taylor. The proceeds will be added to the lantern fund. The program consisted of stereopticon views of scenes in Norway accompanied by an interesting lecture by Mr. Taylor, also singing, fancy dancing and readings. After the entertainment ice cream and candy were sold.

George Billings son of the late John Billings and nephew of Mrs. Paul Bergeron of Bellevue road died in Clayton, New Mexico, last Thursday, aged 25. Deceased was born in this town and resided with his parents on Walnut avenue for years, and was for a time clerk at the grocery store of A. Rogers. He went to New Mexico four years ago where he has been employed in the U. S. land office. The remains will be brought east for burial.

SOUTH BRAINTREE

Mr. and Mrs. Newton Terry, recently of Helena, Montana, are the guests of Mr. and Mrs. R. S. Hubbard.

Among those who enjoyed the many entertaining and instructive sights in New York city the past week were four ladies of our town—Mrs. I. W. Bean, Mrs. G. O. Liscombe, Mrs. W. J. Tirrell, Jr., and Mrs. M. C. Gillette. Mrs. Tirrell and Mrs. Liscombe combined business with pleasure and while in New York made a study of the new styles in millinery, both of the domestic and foreign models which experience will be of great value to their customers this spring. Mrs. Liscombe's business is now located in Plymouth.

Several Quincy people attended the Mi-Careme festival of the Copley society at Copley hall, Boston, Thursday evening. The scene was from a Japanese villiage. Among those attending were Miss Margaret L. Thomas Miss Bushnell, Miss Georgiana Cushing Lane, Delcevare King, Bruce Saville also Carroll M. Bill of Braintree.

* * *

Rev. and Mrs. George L. Cady of Dorchester will be guests at the annual church supper and business meeting of Memorial church on Wednesday evening. Dr. Cady will give an address after the supper.

* * *

Saturday evening, February twenty-second, twenty friends of the Misses Thayer were entertained at their home 136 Crescent street. Games and stunts in variety were indulged in, prizes being awarded to the most successful and to the one producing the most artistic drawing of "George cutting down the cherry tree." The prettily decorated dining-room was revealed to the guests at ten o'clock by the drawing aside of the American flag where refreshments were served. Fred E. Bowen of Central Falls, R. I. was among the guests.

FRIENDS HELP CELEBRATION

Mr. and Mrs. Willis Stoddard Have China Wedding

Mr. and Mrs. Willie Stoddard observed their china wedding at their home, 197 Washington street, Friday. There was a large attendance of relatives and friends who extended to them their best wishes and congratulations. Mr. and Mrs. Stoddard were assisted in receiving by Mr. and Mrs. Carl Carpenter, son-in-law and daughter of the couple. Guests were present from Hingham, Brockton, Randolph and Boston.

Before her marriage Mrs. Stoddard was Miss Clara N. Stetson of Brookville. Her husband is a member of the painting firm of Andrews & Stoddard of this city. Both are well known.

ALREADY FOR AUTO SHOW

Ladies' Orchestra and Soloists on Program

Quincy's 1913 Auto Show will open next Monday at 10 A. M., at the commodious Wollaston Centre garage, and will be the largest exhibition of automobiles and accessories ever held under one roof in Norfolk county. A wonderful transformation has taken place in the garage, as it is truly an exhibition hall. The cement floor has carpeted, and the decorations are extensive and beautiful. Most of the exhibits have already arrived.

The doors are open from 10 A. M., to 10 P. M., both Monday and Tuesday, and a good musical program will be rendered each afternoon and evening by a ladies' orchestra and soloists. The soloists will be Harry McDevitt of the Dartmouth Glee Club, William McDevitt, Harry McGowan, Miss Eva Robinson, and others. The Madison Trio will also appear.

There are also samples for automobile owners and other souvenirs. A buffet lunch will be served on the second floor. There will be accommodations for all the people of Quincy and vicitity, if all do not come at the same time.:

Under the management of T. A. Winsloe, the Wollaston Centre garage has been very successful since it opened a little over a year ago, and is now well established. Quincy owners of cars and trucks are glad to have such a well equipped garage in their midst wit hits machine shop, stock room and supplies.

BURIED AT SOUTH WEYMOUTH.

The funeral of George L. Billings, 35 years, who died in Clayton, New Mexico on Washington's birthday was held from the home of his mother, Mrs. Mary L. Billings of 837 Hancock street this morning.

A high mass of requiem was celebrated at St. John's church by Rev. Fr. John J. Casey. On the altar was Rev. Fr. P. H. Billings pastor of St. Bridget's church, Abington, an uncle of the deceased He also read the committment service at the cemetery, assisted by Rev. Fr. Dennis P. Crimmins, pastor of St. Francis Xavier church, South Weymouth where the burial took place.

Them usical portion of the mass was rendered by the regular choir under the direction of John Mahon, organist. The soloists were Miss Eva Rice who sang the Pie Jesu and Mrs. Mary Burns King who sang the Libera.

There was profusion of floral tributes. The bearers were Walter F. Walsh, William Lonergan, William Daley, John A. Welch Leo Conway and Isaac McIsaac.

DAUGHTERS OF VETERANS.

Ot a meeting of eligible candidates at Protection hall, Friday evening plans were discussed for the formation of a Tent of the Daughters of Veterans. Mrs. Mabel Gooding of Weymouth presided. An organization and election will be perfected at G. A. R. hall, March 14 and the installation will take place March 31. There was a good attendance.

SUBSCRIBE FOR THE LEDGER.

ADOPTED BY THE INDIANS

Rev. Mr. Sanborn Told of Their Fine Traits

INTERESTING DISCOURSE

Rev. John W. Sanborn of Friendship New York who was adopted by the Seneca Indians made a chief and given the name which translated means a sky without a cloud, gave a most interesting lecture on Indians at the Quincy Mansion school, Friday evening.

Rev. Mr. Sanborn has had many honors conferred on him both at home and abroad, though he is very modest about them. This week he has lectured at Harrisburg, the Carlisle school and Oyster Bay. As a New Hampshire school boy of 12 years he took great interest in the Indians and read everything he could get hold of.

He said in less than five minutes after being with the Indians he found they were not savages, but tender human beings, child-like, always faithful and loyal they have poise and reserve power. At the Carlisle school he witnessed the unusual sight of Indians from 85 different reservations, 75 Indians of his own tribe and they let themselves loose in the reception they planned for him. The educational work being done there is on the highest plane. Given a fair chance and a Christian education is all they need. There are over 300,000 of them now. Columbus misnamed them Indians, they are native Americans we are the foreigners. He spoke of various tribes and the meaning of the name Iroquois, Romans of the World, they lived in typical homes 400 years ago on the site of Albany, never in wigwams. The chief is always named by the eldest woman of the clan. A woman never says "he is my son," but "I am the mother of warrior —therefore superior." He told how and why the wampum belts are made the many religious ceremonies and festivals one, the festival of the sweet water when the sap begins to flow in the spring, Red Jackets' famous speech, and many other things and the terrible ravages among them on account of intoxicating liquor. The Indians had no fire water, not even a light wine, before they knew the white man, to celebrate some great event. Mr. Sanborn has translated and printed a book of hymns, a most laborious task of 14 years. It took three weeks working two hours a day to put "Nearer my God to Thee" into the Seneca language. The war whoop is U-hah-wi-ha-heh repeated three times, then wi-yuh-wi-yuh whoooooop and as Mr. Sanborn gave it one could easily imagine it was the real thing. If an Indian is asked to make a speech and is not ready he says deh-guen-ni-yuh, which is I have not God in my speech. He explained the high grunts and low grunts as he called them. It is perfectly marvelous what they have accomplished when educated and he sketched the life of the famous Dr. Montezuma of Chicago. The romantic side of their progress reads like a fairy tale.

The old folks are so proud of the young people when they come back to them educated that the moral uplift is great. Three have been elected district judges, three more district attorneys one to the legislature and two members of congress. Mr. Sanborn was commissioner for the Indian exhibit at the World's Fair, the only exhibit which turned back money into the treasury. All enjoyed looking at his numerous curios, feather head dress worn by Deerfoot, many articles of busk skin, rattles, corn husk masks bread platters of elm bark, spoons, a cradle, photographs and other things.

BETHANY CHURCH.

The pastor has prepared a series of lectures for the pleasant Sunday evening services as follows:

Mar. 2—"I did not think it was loaded!"

Mar. 9 "Tenting Toward Sodom,"

Mar. 16 "Poor Peter."

Mar. 23 "Preparing to live—not to die."

Mar. 30, Lecture by Rev. George E. Martin, D. D.

These services are inspiring as the addresses deal with applied Christianity. The song service is for all the people.

Thirty-Nine Years on Bench

Boston, March 1.—Judge William J. Forsaith, before whom Jesse Pomeroy was first arraigned, died at his home in Brookline. He was for thirty-nine years a justice of the Boston municipal court, retiring on a pension in October, 1911. He was born in Newport, N. H., in 1836.

STANDPIPE FOR HOUGHS NECK

The Proposition Good From Business Standpoint

AND ALSO SAFETY

One of the important matters that came up before the City Council at the last meeting and one to which little attention has been paid was the proposition of Commissioner Tupper to erect a standpipe on Great Hill, Houghs Neck. When one looks into the matter it can readily be seen that the proposition is a good one. There is a very large amount of valuable property at Houghs Neck which is fed by a single main from the centre, which also supplies the government fort at Peddock's Island. In case of a break in this main this entire section would be cut off from water supply, and in case of a fire it is easy to predict what would happen. There have been two occasions within a short period when the big main running to this section has burst near the entrance to Post Island, and while at that time the city was fortunate in not having any fires in the Houghs Neck section it was a dangerous risk.

A very large number of old wooden buildings are located in this section, in bunches so that once a good fire starts in one of them a conflagration is threatened, and should the fire occur at a time when there is a break in the main it would surely happen. It is figured out that with a stand pipe on Great Hill about two days supply of water could be stored in it aside from giving a much higher pressure in this section.

OLD RESIDENT PASSED AWAY

Mrs. Keziah Sumner Succumbed to Burden of Years

Mrs. Keziah Sumner died of old age, Friday evening at the home of her daughter Mrs. David L. Jewell of Grand View avenue. Mrs. Sumner was Wollaston's oldest resident having passed her 97th birthday February 10th, she was the widow of Levi Sumner. The funeral will be held at 48 Grand View avenue, Monday at 12 o'clock, Rev. Wesley Wiggin and Rev. Frederick H. Steenstra officiating and the burial will be at Needham.

QUINCY WOMAN DEAD OUT WEST

Mrs. Kate Baxter, a sister of the late Mrs. George W. Morton of Spear street, and a native of Quincy is dead at Ketchum, Idaho.

She was the daughter of Mrs. Lydia Averill. Her husband Paul Baxter is the proprietor of a large hotel at Ketchum.

Mr. and Mrs. Baxter left here some years ago. She spent the summer of 1911 with Mrs. Morton who died shortly after she returned.

The deceased had a large acquaintance in this city. She leaves a husband Paul who is also a native of Quincy.

ORGAN RECITAL.

Mrs. Louise S. Reynolds, who is to be the soloist at the organ recital given in the First Presbyterian Church on March 19, is one of the leading sopranos of Boston. She is at present the soloist o fthe Leyden Congregational church in Brookline and has been soloist in a number of prominent choral societies during this season. Mrs. Reynolds took a prominent part in the production of the "Mikado" by the Mendolssohn club of Chelsea and also sang for the Clinton Choral Society. As soloist for the Leyden church she holds one of the most sought for positions in greater Boston.

FIFTY YEARS AN ODD FELLOW

Remarkable Record of Benjamin King

OF TREMONT LODGE

Benjamin King, the veteran Boston fireman, and present care taker of the John Adams birthplace, controlled by the Quincy Historical society, will on March 10, celebrate the advent of his entrance into Odd Fellowship, for it was fifty years ago on that date that he became a member of Tremont lodge of Boston. Although a member of the order for so long he never passed through the chairs for although active in the affairs of his own lodge he was also an active member of the Fire Department which prevented his having the time necessary to hold office. He still takes a lively interest in the order and is a constant visitor to the two local lodges. Just what plans Tremont lodge is making for the celebration he does not know but it is understood that they will fittingly recognize the event.

NEW TIMETABLE

(Continued from Page One.)

trains are taken off and in their place is an express train leaving at 5.31 P. M., with an accommodation train at 5.46. The train now leaving at 6.18 will not leave until 6.22.

On the inward train service there are also many changes. The first train in the morning under the new timetable will leave West Quincy at 6.18 instead of 6.23 and the second train will leave at 6.54, instead of 6.56.

The present 7.17 train will leave at 7.14 and the present 8 train will leave at 8.17, the 1.23 train will leave at 1.19 and the 11.14 train will leave at 11.15.

Several of the other inward trains will leave a minute later. In order however to fully understand the new timetable one should possess themselves with the official pamphlet issued by the railroad.

CLEANING COURT BUILDING.

After several unsuccessful attempts to remove the acid stains from the granite trimmings at the court building it is now believed that something has been found that will remove them. At first washing was tried without favorable results and then the building was sand blasted but with no better results. Some time ago A. B. Smith of South Quincy while in New York ran across a liquid prepared by a famous chemist that it was believed would do the business. It was tried in spots on the granite at the building as well as on blocks of granite in some of the yards, and the result was such as to make the granite men open their eyes in wonder for aside from removing foreign stains of all kinds it will also remove sap stains.

John F. Merrill, chairman of the County Commissioners was shown what the liquid would do and he immediately told Mr. Smith to go ahead and clean the building, and he is now at work upon it. Several blocks on the lower courses that have been treated with the preparation show a remarkable improvement for not only does it eat out the acid stains but cleans the granite of all dirt as well so that it looks even better than when the blocks were first finished.

The preparation is a very powerful one and has to be kept in a lead receptacle for it eats through anything it touches. A small china bowl in which some of the preparation was put was soon made useless by having a hole eaten through the bottom. Parafine however is some preventive from it so that the small tin in handling the fluid is coated with this.

While at work on the building a day or so ago Mr. Smith accidentally got some of the fluid on his thumb, with the result that he soon had a very sore thumb, which required the services of a physician.

FOR TWO BATTLESHIPS

Amendment Offered by Senate Naval Committee Is Adopted

Washington, March 1.—Two battleships were voted into the naval appropriation bill by the senate last night after a short discussion of the provisions adopted by the house limiting the building program to one battleship.

The two-battleship amendment offered by the naval committee of the senate was adopted, 56 to 16. An amendment providing for three ships was defeated, 21 to 48.

McDEVITT

(Continued from Page One.)

cause a stenographic report of the proceedings before it to be made."

AS OTHERS SEE US.

Under the caption "Buckram, or What?" the Boston Transcript treats of the incident thusly:

"Perhaps when Senator McDevitt was elected to represent the Quincy district in the upper branch of the Great and General he might have cherished the expectation that he would figure in the headlines of reports on legislative doings, but probably not in just the way that he has arrived there. He has evidently not been aware of how great a matter a little fire kindleth. Honorable Bardwell Slote said: I never was corrupted; I never had a chance. The Quincy senator, according to his own statement has been more fortunate or unfortunate. He has had his chance, but we are supposed to assume that he nobly spurned it. Very likely he did not expect that an incident of a speech to his constituents would be taken so seriously by his fellow members of the Legislature, but if he had followed more closely the record of that body in the past he would have learned that it was jealous of its good name and sensitive to any reflections upon it. We are glad that it is. When it becomes indifferent to such a charge as that a member of the Senate has been offered a bribe by a member of the House. Vague thought it may be, it becomes at once an object of suspicion.

The senator's dodging and apparent lapses of memory yesterday, when asked to give particulars before the Committee on Rules, suggested that the man who approached him was not only smooth shaven and hatless, but also attired in moral buckram. The evasive replies that he gave were not under oath. He should be made to give further testimony after being sworn to tell the truth, the whole truth and nothing but the truth, in order that the offending "Boston member" may be known, or the maker of the charges compelled to admit that he had trumped them up in order to add to his own importance with his constituency. The necessity of a protracted investigation by the Legislature would be unfortunate. It takes considerable time and there is little glory in it even if it accomplishes what it is after. But no Boston member can afford to rest under even such a vague imputation, and Speaker Cushing is right in insisting that the matter be probed to the bottom. It is about six years since we have had a similar unpleasant incident in our lawmaking body. That resulted in the expulsion of one man and the censure of another. Senator McDevitt is now very much in the public eye. He should substantiate his charges or take the consequences."

Commonwealth of Massachusetts.
Norfolk, ss. Probate Court.

To the heirs-at-law, next-of-kin, creditors and all other persons interested in the estate of Elizabeth P. Tucker late of Quincy in said County, widow deceased, intestate:

Whereas, a petition has been presented to said Court to grant a letter of administration on the estate of said deceased, to Herbert Tucker of Quincy without giving a surety on his bond. You are hereby cited to appear at a Probate Court to be held at Quincy in said County of Norfolk, on the twelfth day of March A. D. 1913, at nine o'clock in the forenoon, to show cause if any you have, why the same should not be granted. And the petitioner is hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in said Quincy the last publication to be one day at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this twenty-eighth day of February, A. D. 1913.

BRIEFS

The new Wollaston Citizens association is a live organization and is looking for a hall in Wollaston for meetings. The secretary George B. Curran, 120 Belmont street is ready to receive dues from those who have signed application blanks or those wishing to become members.

The next meeting of the class in parliamentary law of the Quincy Women's club will meet Tuesday morning at the clubhouse at 10.30. There are only three more lessons but they are very important as they deal with organization, elections, etc., something all women should be conversant with. Any one interested can attend the remaining lessons for 25 cents each.

Alfred Winn of the South America Inland Mission will speak in the Atlantic Memorial church, Sunday evening.

Rev. George S. Fiske rector of St. John's church, East Boston will preach Thursday evening at the regular weekly lenten service at St. Chrysostom church.

Faxon Loyal Temperance Legion hold their next regular meeting in Protection hall March 6 at 4.15 P. M. Mrs. A. Isabelle Davis leader.

W. F. Baldwin of Sinuk, Alaska will speak in the Wollaston Methodist church at 7.00 o'clock Sunday evening. Everybody invited.

The W. C. T. U. holds its next regular meeting in Protection hall Thursday at 2.30 P. M. It is hoped all members will attend and each invite one to join the Union and help in this good cause of temperance.

The regular meeting of Whatsoever Circle of Kings' Daughters will be held with Miss Almira Simmons, 34 South Central avenue, Monday.

Mrs. John Murray of Faxon road has been confined to her home with bronchitis.

Wednesday the Woman's Guild of St. Chrysostoms church will hold the fourth all-day sewing meeting in the Parish rooms. A clam chowder will be served by Mrs. Daniel C. Miller and Mrs. Herbert H. Albee.

Miss Jenny M. Purchase, secretary of the Quincy Associated Charities, was present at the first meeting of the Dorchester Child Welfare League, in the High school, Wednesday evening. The League hopes to do preventive work similar to that of the Roxbury Association, for the children and youths of the district. The committee in charge of the preliminary investigation was composed of members of the Associated Charities Conferences of Dorchester and Mattapan.

Mrs. Belle Lyons, 57 Billings road, Mrs. Emma Gram, 20 Kempton street, F. J. Brown, Franklin avenue, Norfolk Downs, have been appointed by the Park and Downs church to represent the church in the Associated Charities work.

George E. Thomas is building a two-family house on Standish avenue near Warren avenue.

The regular business meeting of the Epworth league was held in the vestry of the Hall Place M. E. church Tuesday evening. Reports were received from the various officers and accepted. After the business session a social hour was enjoyed in charge of the fourth vice president of the league.

☞PRATT'S BREAD is liked by the most discriminating people. Grocers sell it.

PURE MILK LAW TO BE ENFORCED

Inspector Scouler Has Started A Campaign

ALONG THOSE LINES

The new milk inspector, Daniel Scouler, Jr. has started a campaign for the sale of pure, clean milk in this city and also a crusade against all persons violating the milk laws. Since assuming the duties of this office, Mr. Scouler has discovered that about ninety percent of the store-keepers were violating the milk laws daily. In order to get an accurate list of all persons selling milk without a license, the police officer of each district has made a complete canvass, noting the names of all those persons who were without licenses, and also the dates of last licenses issued. Many of the licenses were dated several years back.

By the enforcement of the new law, enacted in 1909, Quincy will receive a substantial increase from licenses this year over previous years and thereby should be able to expend more in the interest of clean, pure milk without extra expense.

Mr. Scouler has drawn up a new form of milk license which is more explicit than the old one, as it has the law printed on the back, with full directions on the front. The new law calls for all milk licenses to be renewed on or before the first day of June each year. A notice which contains the new milk law in full, has been sent out to every store-keeper and milk dealer in the city who is selling milk without a proper license.

ADULTS APPEAR AS JUVENILES

The Park and Downs vestry was the scene of much merriment Wednesday night when 20 adults in Juvenile costume presented "A kindergarten school."

The occasion was the monthly supper of the Ladies Missionary society and the vestry was crowded to the doors by the members and their friends who greatly enjoyed the side-splitting antics of the romping kindergartners.

The trooping in of the children while singing the "Good morning" song opened the entertainment. Mr. Breen in a mixed Scotch costume made a hit with his recitation "A Ship at Sea," Mrs. A. S. Waite sang The Kitty song, Mrs. E. L. Blaisdell the Dolly song and William J. Colby dressed in a sailor suit sang "My Rubber Dolly."

There were also readings by Mrs. W. J. Colby, a recitation, "Little Jack" by Alonzo Bissette and dialogue by Clarence E. Fuller, Mrs. Knowlton and Mrs. Podbury, and reading, "Chubby Little Sister," C. E. Fuller.

Mr. and Mrs. Crane sang a duet the "Work Day Song" while Mrs. Charles A. Richardson brought down the house with "Thuthana Thue." With the costume and face of a Southern pickaninnie Mrs. Baxter recited a piece called "Snowball."

The entertainment concluded with a "Good bye" song and march. Several chorus selections were rendered. The costumes were many and novel and at the close of the evening several flash-light pictures were taken.

In the cast were: Mrs. J. L. Barney as teacher, Miss Henrietta Gram as accompanist and the following school children: Messrs. Thomas Breen, Victor Harrie, William J. Colby, Alonzo V. Bissette, E. L. Blaisdell, C. E. Fuller, Mr. Crane, Lieutenant James D. Willson and Mrs. E. L. Blaisdell, Mrs. C. E. Fuller, Mrs. Crane, Mrs. William J. Colby, Mrs. Baxter, Mrs. A. J Podbury, Mrs. F. E. Knowlton, Mrs. Charles A. Richardson, Mrs. A. S. Waite and Mrs. J. A. Boone.

The committee included: Mrs. E. L. Blaisdell, Mrs. Barney, Mrs. J. A. Boone, Mrs. Crane and Mrs. Fuller.

In charge of the supper were Mrs. F. J. Brown, Mrs. F. E. Knowlton, Mrs. A. J. Podbury, Mrs. Alonzo V. Bissette and Mrs. L. I. Mosman.

WOLLASTON FORUM.

Most timely topics are considered at the meetings of the Wollaston Forum, which meets every Sunday at 12 in the Wollaston Unitarian church. Sunday, Mrs. Herbert J. Gurney, the well known lecturer and a former president of the Quincy Women's club, will speak upon "Should Women Vote?" The public is cordially invited.

NEWS ITEMS FROM MILTON

Among the entertainers in a varied program under the auspices of the Milton Woman's club in Vose school assembly hall Monday evening was Professor Charles Copeland of Harvard who gave readings on Dickins and Kipling.

A social season is planned by the Walter Baker A. A. The events will take place in their club rooms. Officers for the ensuing year are: Walter Bonver, president; Timothy Henderson, secretary; Walter Kilcup, treasurer; Clifford Witham, scorer; Peter Barry, base ball manager.

The Milton Firemen's Association has elected F. A. Splaines, president and G. McCaffrey, foreman of the hand tub. The rivalry between the Granite crew of Quincy and the Milton Vets is smouldering and will break out anew Fourth of July when they will hold a playoff. Charges of wrong measurement always follow, irregardless of who wins. The challenges are always ready for mailing.

Milton Lodge, Knights of Pythia hold a whist party this evening.

The 600 pound sanctus bell tolled for the first time Sunday during the communion service at All Saints Episcopal church, Ashmont. Electric wires run from the pulpit to the tapper which works when a button is pressed. The bell was presented to the rector, Rev. Simon Blinn Blount, from the discretionary fund of the church and was blessed by Rev. Reuben Kiddner.

The engagement has been announced of Miss Vera G. Karle of Dorchester, a prominent member of the Junior department of the Milton Woman's club and Philbrick T. Dennett of Brookline, a prominent club man.

Milton High basket ball team easily beat the Thayer Academy in the latters court Saturday, 29 to 19. The team expects that arrangements will be made to play the Provincetown High team. If negotiations are closed the boys will stay there over night.

Cunningham Gym beat the Melrose Y. M. C. A. team at Milton, Saturday, 26 to 13. The Reed brothers excelled in the game.

The Cunningham Gym lost to the Roxbury Y. M. C. A. Midgets at Milton Saturday, 20 to 8. It was the 18th consecutive win for the Midgets.

Ernest Paolucci who last season pitched for the strong Walter Baker Co. base ball team will go to Brockton in the spring. His friends wish him good luck.

Bowling circles were surprised at the forfeit of Bishop's team to Richard's team at the gym. Wednesday evening Clark's team beat Girard Paolucci team. A record for a single string was made by Oxal Nelson of the Craig team who rolled 144.

This evening the wrestling team will meet Clapp Memorial team at Weymouth. Those representing the gym are William Rees, Barney Peterson, Stanley and Percy Hearn, James Bizzozero, Howard Innis and "Rubber" Hall. They are trained by Dr. Burnett, physical instructor of the gym.

A whist party was held at the rooms of the Thursday Evening club by the club Thursday evening.

Isaac S. Hollidge died at his home on Granite place, Wednesday, in his 68th year. He is survived by a widow The body was sent to Brocktland, D. C. for burial. He had been a resident of Milton but a short time.

DORCHESTER MUTUAL.

At the annual meeting Wednesday of the Dorchester Mutual Fire Insurance Company at 18 Central street, the following named directors were elected: Paul R. Blackmur and Clarence Burgin of Quincy, W. D. C. Curtis, Frederick H. Curtis, T. J. Falvey, Henry Hornblower, Louis K. Liggett, William J. McGaffee, Edward C. Mason, William A. Muller, Henry J. Nichols, P. F. Sullivan, John P. Squire, Benjamin F. Wild, and Sarell J. Willis.

These are the officers: William A. Muller, president; W. D. C. Curtis, vice president; Edward C. Mason, secretary and Clarence Burgin, treasurer.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co. Toledo, Ohio is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Adress: F. J. Cheney & Co., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

END LONG HIKE WITHOUT A LIMP

Suffragist Army Led Into Capital by "General" Jones

GREETED BY GREAT CROWDS

Streets Fairly Choked With Enthusiasts Who Turn Out to Welcome Plucky Women Who Marched From New York, a Distance of 250 Miles, For Cause of Equal Franchise

Washington, March 1.—The "hiking" suffragists, looking particularly well and healthy, drew up in front of the national suffrage headquarters, near the Willard hotel, yesterday afternoon, on schedule time, having completed their New York to Washington "stunt."

From the Capitol building to their final destination they marched through streets lined with cheering crowds. They marched apparently without a limp, and the only really tired members of their party seemed to be reporters and camera men.

F street, between Fourteenth and Fifteenth, soon became jammed with suffragists and their sympathizers, eager to see the pilgrims. They came down a narrow lane and stopped before the busy office of their organization and mounted a convenient auto in response to calls for a speech.

It was the now famous "General" Rosalie Jones who rose in her brown pilgrim's gown, in one hand a mass of roses. She told of the trip, of the message which the women were bringing to Woodrow Wilson, of the hopes for the future.

A presidential inauguration could hardly have presented a more enthusiastic spectacle than Pennsylvania avenue from the Capitol to the treasury building after the plucky, dishevelled band of suffrage pilgrims swung around the Peace monument for the final march of the 250-mile walk for the cause of equal franchise. Incoming presidents have not received more clamorous applause than did the company of brown clad women, huddled in a little group forced to fight their way through veritable walls of shouting humanity for more than a mile of their historic "hike."

Police were powerless to restrain the crowds which overflowed from the sidewalks and choked the long thoroughfare from the Capitol to the suffrage headquarters. So dense was the mob of cheering men and women that the march up Pennsylvania avenue resolved itself into a struggle to make progress.

To prevent disruption of their column "General" Jones and her comrades locked arms and in two lines clung together, moving only when police could clear the way for a short advance. In every block they were halted repeatedly, the crowds greeting them everywhere along the line with tempestuous demonstration. Men and women alike braved the horses' hoofs and chugging automobiles of the suffrage army escort to grasp the hands of the pilgrims.

Though no brass band heralded the survivors who seventeen days ago left New York for the advance on Washington, a bedlam of sound rent the air from the moment the "hikers" were in sight of the Capitol until they were jammed into a struggling mass of men, women, automobiles and carriages before suffrage headquarters. Automobile horns and whistles kept up a din accompanying the shouts of the spectators.

When the treasury was reached so dense was the mob that the police with great difficulty cleared a narrow pathway through which the marchers could pass to suffrage headquarters. Here, as soon as she could get her breath, "General" Jones, lifted by stalwart attendants to an automobile, addressed the crowd. Shouting through a megaphone the message of equal suffrage and giving thanks for the end of the long tramp of her army, she begged indulgence of the throng, promising to "talk you to death" before she left Washington.

Elizabeth Foley, "warhorse" of the suffrage army, and Miss Catherine Burns also spoke briefly, but their words were lost in the deafening cheers that echoed. For twenty minutes the "hikers" waited in the streets until the police could disperse the crowd and then they were rushed into the office of the suffrage workers, where they remained but a moment and then were taken to hotels for a brief rest before luncheon.

AFTER FIFTY-EIGHT HOURS

Three Entombed Miners Rescued When Very Close to Death

Pottsville, Pa., March 1.—Weakened by hunger and benumbed by cold, three miners who were entombed in a colliery near Mahanoy City were rescued. Two of them were completely exhausted. During the fifty-eight hours the men were imprisoned they were without food or water.

The waters of a creek broke through the mine wall and caught five men. Two were washed by the rushing water to a place of safety, but the others were caught and imprisoned.

Children Cry for Fletcher's
CASTORIA
The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. WANTS LOVELESS MATCH CANCELLED

Battling Nelson's Bride of Three Weeks Seeks Release

Portland, Or., March 1.—"Bat kidnapped me. But I refuse to stay kidnapped. I am going to sue for a divorce."

Mrs. Oscar Nelson, formerly Miss Fay King, newspaper cartoonist, announced that her marriage to Battling Nelson three weeks ago was a mistake.

"I was under great pressure mentally when Bat hurried me to Chicago to be married," she said, "but I discovered my mistake. Bat is all right. He's a mighty nice fellow, but as a husband, well—I want no prize fighter in mine.

"To most women I suppose Bat's wealth and fame would make him a great catch, but money and all it could buy could not compensate me for a loveless match. I am not asking for a cent of alimony and shall not accept any. All I want now is my freedom."

MAKES THREE REPORTS

Majority of Pujo Committee Finds That Money Trust Exists

Washington, March 1.—Three divergent reports were presented to the house by the members of the committee which conducted the money trust investigation.

The majority report, signed by Chairman Pujo and the six other Democratoc members of the committee, found that a money trust exists, according to their understanding of the term.

This report names as "the most active agents in bringing about the concentration of money and credit" J. P. Morgan & Co., First National and National City banks and Kuhn, Loeb & Co. of New York, Lee-Higginson and Kidder, Peabody & Co. of Boston.

The first minority report, signed by three Republicans, sets forth that the investigation "has not disclosed the existence of any so-called money trust," but added, "it has, however, disclosed a dangerous concentration of credit in New York city, and to some extent in Boston and Chicago."

An individual minority report filed by Representative McMorran, Republican, was a flat detailed disagreement with the recommendations and the findings of the majority.

North, South, East, West
men and women are subject to the numerous ailments caused by defective or irregular action of the organs of digestion and elimination. Headaches, lazy feelings, depression of spirits are first consequences, and then worse sickness follows if the trouble is not removed. But thousands have discovered that

Beecham's Pills

OPTIMISM OVER THE TURKISH ATTITUDE

Indications That Peace In the Balkans Is Imminent

London, March 1.—A pronounced belief is prevalent in official circles here that peace in the Balkans is imminent. Tewfik Pasha and Hakki Pasha, representing the Ottoman government, paid successive visits to the foreign office yesterday afternoon, but nothing could be learned as to the conferences.

Turkey's offer to conclude hostilities on the basis of the cession of Adrianople to Bulgaria has created general optimism here. Turkey, it is understood, demands that her frontier line shall be drawn from Midia on the Black sea to Enos on the Ægean sea, if she gives up Adrianople, and it is believed Bulgaria will raise no objection to this proposal.

DEFENDS DYNAMITERS

Gompers Thinks Convicted Union Officials Will Have New Trials

Indianapolis, March 1.—President Gompers of the American Federation of Labor expressed his belief in the innocence of all the thirty-three men sentenced to the federal penitentiary at Leavenworth, Kan., as conspirators in the McNamara dynamite plots. He said, in addressing the iron workers' delegates in convention here, he was confident the United States circuit court of appeals would grant new trials.

Gompers expressed confidence in Ryan as president, Butler as vice president and Clancey, Cooley, Young and Webb as members of the executive board.

HOLDS UP BURGLARS

Woman Promptly Faints After Her Husband Kicks Them Out

Ogdensburg, N. J., March 1.—Two masked burglars were helping themselves to Harry Mills' silverware when Mrs. Mills stole down stairs with a revolver and made them throw up their hands.

Then she shouted for Mr. Mills, who, rather than go to the trouble of a long trip through the rain to the county jail, took the burglars one at a time to the front door and kicked them out into the darkness.

When he returned to his wife he found her on the floor in a dead faint. She had discovered that the pistol was not loaded.

Steel Workers Win Strike

Pittsburg, March 1.—The Clairton works of the Carnegie Steel company resumed operations after a two-day strike of 800 employes. The men will receive a raise of 2½ cents per hour.

MORTGAGEE SALE.

By virtue of a power of sale contained in a certain mortgage deed given by Marie Binnocente Barba of Quincy to John T. Larkin, dated April 20th, 1909 and recorded with Norfolk Deeds Lib. 1108 page 95, and duly assigned by said Larkin to Horace F. Spear by assignment dated May 22, 1909 and recorded with Norfolk Deeds, Lib. 1111 folio 238, for breach of the conditions contained in said mortgage deed and for the purpose of foreclosing the same will be sold at public auction on the hereinafter stated premises on Saturday, April 12th, 1913 at 2 o'clock in the afternoon all and singularly the herein described premises viz: A certain parcel of land with the buildings thereon situated in said Quincy, bounded and described as follows:

Northeasterly on South Walnut Street 4 rods; Southeasterly on land formerly of Bridget Larkin, now of Dasha 6 rods; Southwesterly, on land formerly of the late George T. Bigelow now of the Bigelow Park Real Estate Trust 4 rods; Northwesterly on land of Jeremiah Maney 6 rods.

Subject to two prior mortgages held by the said Horace F. Spear said premises will be sold subject to all unpaid taxes, tax titles, assessments, municipal liens, or incumbrances if any there be.

Terms $100 at time and place of sale. Balance in 10 days from date of sale.

Horace F. Spear,
Mortgagee.

JOHN N. ANHUT

Gotham Lawyer Who Got $25,000 Thaw Retainer

SAYS HE GAVE ANHUT $25,000

Admission of Thaw's Representative on Witness Stand

CLARK ALSO RECEIVED MONEY

Inquiry Committee's Former Secretary Was Given Check For "Expenses"—Hoffman Says Lawyer Was to Return Retainer If Thaw Was Not Freed From Asylum

Albany, March 1.—Governor Sulzer's committee of inquiry learned through Horace A. Hoffman, a representative of Harry K. Thaw, that William F. Clark, the committee's former secretary, was recommended by Alfred H. Lewis of New York to perform a mission for Thaw in Utica.

Hoffman testified that later, at the request of Lewis, he made out a check for $100, payable to Clark, which he gave Lewis for Clark's "expenses."

It was understood, Hoffman said, that a proposition was to come before the meeting of the State Bar association in Utica in January to change the law in regard to habeas corpus proceedings so as to limit the number that might be taken.

Thaw wanted Lewis to go to Utica, the witness continued, to get certain letters on the subject from Mrs. Thaw and others into public print. Lewis said Clark was going to Utica anyway and could help in the matter, so he recommended him.

Out of an inquiry into charges that Clark used Governor Sulzer's name without authority in an attempt to liberate Thaw has grown the tangle of charges and counter-charges concerning an offer of a bribe of $20,000 which Dr. John W. Russell, who has just resigned as superintendent of Matteawan state hospital, where Thaw is confined, says was offered him by John N. Anhut, a New York lawyer.

Hoffman told of having received $25,000 from Thaw and of its delivery to Anhut at his Wall street office. The money was delivered and receipted for, he said, with the understanding that half of it was to be returned by Jan. 1, 1913, if Thaw was not freed by that time, the remainder to be returned by July 1 if Thaw was still in the hospital. This is the arrangement Anhut has testified was made.

Hoffman said he had never heard the governor's name used in connection with the attempts to free Thaw, and that no money had ever been paid Russell in Thaw's behalf, so far as he knew.

Subpoena servers had been searching unsuccessfully for Hoffman for several days. He walked into the committee room yesterday afternoon, told the committee he understood they were looking for him, and took the stand. He had been in Philadelhia, he said.

APPEARS UNCONCERNED

Dorr Not Worrying Over Prospective Death In Electric Chair

Salem, Mass., March 1.—William A. Dorr, found guilty of murder in the first degree in causing the death of George E. Marsh of Lynn, talks pleasantly with his guards and appears to be in fairly good health.

Dorr is unconcerned and the fact that he has been found guilty of murder has not appeared to have caused him any worry. He eats his meals regularly and his daily routine continues without change.

Rev. Mr. Harrington, pastor of the East Baptist church, Lynn, was the prisoner's only visitor yesterday, and during his brief stay with Dorr the guilty man was in a pleasant mood.

Cockfight In Church

Fayette City, Pa., March 1.—Police raided a church here where a cockfight was taking place and arrested fifty members of the "congregation."

A BOSTON GIRL'S BUDGET.

Getting Old quick and How to Avoid It is Explained to Bostonese by Food Sharp—Don't Take Coffee with your Breakfast or Roast Pork with your Apple Sauce—"Common Folks" Children Should Learn Elegant Chirography, not Carpentry, and Cooking is Laboring Man's Plea—Clever Ciphering Is evidently more Important than Good Dress-Making—Massachusetts is Now in the Suffragists' List of Doubtful States—a Commonwealth in which people are either very progressive or very conservative.

Among Boston's many humanitarian associations is a Home-Making Club the members of which have lately listened to important recipes for keeping off old age. The lecturer, Professor Frederic W. Howe of Framingham, has been looking into the combinations which, he says, help to age people artificially, and among them he finds many that are the commonplace of every restaurant menu and of most family meals.

Don't take coffee with your breakfast is one of his maxims; he claims that it is liable to cause a sour stomach. He also objects to the sugar which most breakfasters use plentifully on their oat meal or shredded wheat.

Lobster and ice cream don't go well together, so Mr. Howe maintains, as if every summer girl didn't know that. A more practical prohibition is that directed against the serving of a thick heavy soup at the beginning of a heavy dinner. Such a meal should always be preceded by a clear soup. Drink plenty of water, between meals is obviously sound advice. One also agrees with the general statement that "it is due to our abuses of food that we grow old."

One of the funny things about industrial education, it has been noted everywhere, is that the people who are most likely to be benefited by it, if well taught, are just the ones most liable to denounce it as a fad and frill. Boston is experiencing just that, with fathers and mothers of families traipsing up to Beacon Hill to tell the legislators that they don't want their children taught cooking and carpentry and such things; that they want them taught more arithmetic and penmanship and grammar "good an' thorough, like we was learned when we was young." "Do you suppose that my boy of fourteen has been taught to write in the Boston school," said one parent before the solons. "Well, I should say not. Why, when that boy is using a pen you'd think he was slinging a paint brush. Learn writing? Well no. He's kept too busy making tumble down hat racks and boxes you couldn't hammer shut with an axe." Considering the low salaries paid in days of universal typewriting to persons in the few employments using penmanship and the ever increasing wages which skilled mechanics enjoy it seems strange that the efforts of educators to get practical manual work into the schools are so little appreciated.

"The dignified enthusiasm of the women of Massachusetts for the vote has awakened nearly every woman in the state," says Mrs. Thomas P. Curtis, one of the most ardent suffragists among Back Bay society women. "Massachusetts is coming to the front in many ways and is recognizing the opportunities of womanhood. It is a sign of the time." This hopefulness regarding the Bay State is something new among the suffragists, for until recently it has always been felt and privately admitted that, compared with the younger commonwealths, the old Bay State is rather a hard nut to crack. It is a state in which those people who are progressive are very progressive indeed, but in which those who are conservative are very liable to be ultra.

Ford Hall continues to excite fire of controversy among Baptist brethern of Boston. The celebrated Sunday evening meetings at this centre, created for the benefit of the Baptist Social Union through the munificence of Daniel Sharp Ford, have become a recognized forum of both churched and unchurched at which every kind of religious and economic subject may be discussed under competent direction. Through the energy of George W. Coleman, president of the Pilgrim Publicity Association, and his assistant Miss Mary Caroline Crawford, the meetings in the past five years have gathered in Jews and gentiles, Catholics and Protestants for consideration of life's most important issues. A majority of the trustees have been staunch supporters of this use of the funds left by Mr. Ford. "Though my chief struggles at the beginning were with my own brethern of the Baptist Social Union," said Mr. Coleman at the celebration of the fifth anniversary of the meetings, "yet they've stood by me so splendidly that I am prouder than ever tonight of being a Baptist." There are, however, some in the denomination who persist in saying, and presumably in believing, that the effect of the open forum at Ford Hall is to increase the number of the unchurched. Such an opinion, apparently, is held by the pastor of New England's biggest church. Rev. Courtland Myers of Tremont Temple is reported by the papers as saying that through these Ford Hall meetings the Baptist denomination is making infidels and atheists. He cited an instance in which at one of the meetings a young man arose to ask if Adam and Eve were literary our first parents and was informed that the Adam and Eve of biblical history were only mythical or allegorical characters. To purvey such intelligence to youth Mr. Myers regards evidently as a rank perversion of the principles of Christianity.

READ LEDGER ADVS.

YOU need the Ledger EVERY DAY.

Citizens' Gas Light Company

IMPORTANT NOTICE TO CONSUMERS

NEW SYSTEM OF METER READING AND BILLING

It is the aim of the Citizens' Gas Light Company to give to the Public a service as excellent in every detail as possible and to improve the service as opportunity offers.

To this end the Company will on March 1st, 1913, put into effect a new system of Meter Reading and Billing which has been adopted after careful study of the many systems in use in other cities.

REGULAR METER READERS

Instead of hiring a large number of special men to read all the meters on the last few days of the month (as will still be done up to February 28th, 1913) the Company will in March create a permanent force of regular meter readers, who will be easily identified by the Company's badge conspicuously worn.

CONSTANT SYSTEM

These men will on each working day throughout the month read all the meters in one of the sections into which the accounts have been grouped and, having covered the City, will periodically read the same meters once in about every thirty calendar days, all bills rendered covering gas used during the preceding thirty days.

BILLS PAYABLE WITHIN FIFTEEN DAYS OF DATE

Two days after the reading of the meters of any section, the corresponding bills will be delivered. Each bill must be paid within fifteen days of its date and should a bill become overdue by not being paid within fifteen days, the supply may be discontinued without further notice.

EXAMPLES

The following examples are given on typical cases:

METER IN SECTION NO. 2		METER IN SECTION NO. 7	
Meter read	Monday, Mar. 10	Meter read	Wednesday, Mar. 19
Bill delivered	Wednesday, Mar. 12	Bill delivered	Friday, Mar. 21
Bill becomes overdue (if not paid on or before)	Tuesday Mar. 25	Bill becomes overdue (if not paid on or before)	Thursday, Apr. 3

METHOD OF CHANGE FROM OLD TO NEW SYSTEM

As all meters will be read in the last days of February and as the new system will go into active operation about March 10th, it is evident that the first bills received after this latter date will cover periods ranging from two to six weeks. But in future the date of the last state of the meter and the date of the preceding state of the meter will appear on all bills; the period covered by each bill will therefore be evident in the bill and should be considered in connection with the amount of gas used.

For instance, bills rendered March 14th, will cover a period of about three weeks, while bills rendered April 2nd, will cover a period of about six weeks. After these first six weeks of change, customers will find that each month they will receive their bills on or about the same date, and that each bill will invariably cover the preceding thirty days.

LEARN TO READ METERS

We would again urge our customers to learn how to read meters; instruction as to this will be found on the back of the gas bills and will enable customers to check bills rendered.

REMITTANCES BY MAIL

Remittances sent through the mails should be addressed only in the name of the Company to its office, No. 11 Granite Street, Quincy.

We desire in conclusion, to assure our customers that the installation of the system outlined above is to secure uniformity and accuracy in handling their accounts.

CITIZENS' GAS LIGHT COMPANY,
By W. B. NICHOLS, *Ass't General Manager.*

THAYER FELL EASY VICTIMS

To Quincy High Boys in a Listless Game

WINTHROP NEXT WEEK

Quincy High defeated Thayer Academy at Braintree, Friday afternoon, 18 to 15. The game was listless throughout. The first period closed in Quincy's favor 10 to 7. A number of fouls were called and McClure shot five. Andrews because of irregular attendance at practice was allowed to play only the last half. He made three baskets.

It was expected that Quincy would pile a score up to equal that against Weymouth. The warm weather and vacation feeling probably affected their spirit.

Real active work must be put in from now until the season's close. Winthrop one of the strongest teams in the state is scheduled March 4. The fans are planning to go to Winthrop in large numbers. The summary:

QUINCY HIGH		THAYER ACADEMY
Safford, rf		lb Crowe
Andrews		
Prout lf		rb R. Bower
Brown c		c Hansen
Larkin r b		lf McClure
Jenkins lb		rf A. Bower
Hamlin		

Score 18 to 15. Goals from floor Safford 1, Andrews 3, Prout 2 Larkin 2 A. Bower 4, McClure 1. Goals from fouls Prout 2, McClure 5. Referee La Rose. Scorer Manning. Timer Atwood. Time 20 and 15m. Attendance 250.

CARD OF THANKS.

In the death of Mrs. Harriet E. Turner we have lost a devoted mother. We desire to express our sincere thanks to relatives and friends for words of sympathy during our bereavement and for the beautiful floral tributes.

Mr. and Mrs. R. D. Ring,
93 Bay View Avenue.
Houghs Neck, March 1. 1w

BRIEFS

March came like a Lion.

May it prove more lamblike during the balance of its stay.

Friends of Miss Alice Caldwell of Woodman avenue, are sorry to hear that she is confined to her home with illness.

W. F. Loud & Sons of West Quincy, lost a valuable horse this week after a few days illness. It was one of the finest in their stable.

A number of the young lady clerks at City Hall are attending the matinee performance of the Garden of Allah at the Boston theatre, today.

John Cashman of Cross street, a prominent Boston and Quincy business man is ill at Portland, Me. The particulars are not known as yet.

The annual banquet of Division 5, A. O. H. usually held on the evening of March 17, will be omitted this year as the event comes during Holy week.

Rev. George F. Weld of St. John the Evangelist's church Hingham is to preach the sermon at the mid-week service Wednesday evening at Chirst church.

Owing to the absence of Rev. C. C. Tilley attending the funeral of his brother; Rev. J. W. Brigham will preach at the Calvary Baptist church at the Sunday morning and evening services.

Whirled to Death In Shafting

Woburn, Mass., March 1.—Chester H. Barker, 25, was killed at the Merrimac Chemical company, when his clothing caught on a shafting. He was whirled through the air, his body striking against a brick wall with each revolution.

DO YOU WANT BUSINESS? ADVERTISE IN THE LEDGER.

DEATHS

SUMNER—In Quincy, Feb. 28, Mrs. Keziah Sumner, widow of Levi Sumner, of Grand View avenue, Wollaston, aged 97 years, 18 days.

Established 1870 Telephone
JOHN HALL
FUNERAL DIRECTOR
Carriage and Ambulance Service
1485 Hancock Street,. Quincy, Mass.

MARCEAU WON 1000 YARD RUN

A large number of Quincy Athletic fans attended the New England A. A. U. meet at Mechanics building, Boston Friday evening.

E. T. Marceau of Wollaston, a member of the B. A. A. took the 1000 run in 2 minutes and 23 2-5 seconds, an easy winner. He was picked to represent the club at the national championships at New York Thursday night

Carl Gram of Wollaston of the B. A. A. won his heat in the 40 yard dash in 4 4-5 seconds.

"Tack" Hardwick a new man in the shot put took third place for Harvard. His distance was 39 ft, 8 1-2 in.

NEW TRIAL.

Fred Hoppermann, a machinist's helper, who was injured on the battleship North Dakota when it was being constructed at the Fore River Shipbuilding Company's yard's will get another trial of his suit against the company. The full bench of the Supreme Court yesterday sustained his exceptions.

When he stepped from a platform on a swing stage the lights went out and he fell 18 feet to the deck of the fire room. The court holds the plaintiff had a right to prove that the true explanation was in a defective condition which caused the lights to go out.

Auto Accident Leads to Wedding

Washington, March 1.—Thrown from an auto into the arms of a stranger, Albert E. Lippard, in San Francisco nine years ago, Miss Theresa Kitter married him last evening.

H. Sarkin is offering ladies' garments at low prices at a bankruptcy sale.

LAST ASSEMBLY A MASQUERADE

Proved Fitting Climax of Successful Series

The fourth and last of the Assemblies which have been conducted throughout the winter season at Alpha hall by a committee of seven well known and prominent Quincy residents was held Friday evening.

The affair took the form of a masked ball and the costumes wer eundoubtedly the finest and most original ever seen in the city. Historical pages of all countries were represented and many comic scenes were enacted by those who burlesqued the current tendencies.

The awards were made by acclamation under the direction of Delcevare King. The winners were Ira M. Whittemore who said he was not General Jones ofthe Suffrage Army but that he did bear a message to President Joy of the Masquerade, Mrs. Bert Sargent who had no trouble in convincing the guests that she was entitled to her place, Mrs. James Edwards and Mrs. Beck who were sweet and comely and Arthur P. Homer who was said to be the best looking man in the house.

The unmasking held many surprises Dancing was enjoyed until the mystic hour of eleven when those present marched into Union hall for refreshments. In all 24 tables were set and daintily decorated, the color scheme being pink. Around the hall were poinsettias which were woven into screening and banked with greenery.

The menu was chicken salad, olives ice cream, rolls, cake and coffee. The caterers were Westover and Foss. Music during the evening was by Cuffe's orchestra.

The committee was Mrs. Arthur B. Gould, Mrs. Walter E. Burke, Mrs. Sydney Hardwick, J. Barraja Frauenfelder, J. Harry Slade, Wendall Luce and Delcevare King.

UNCLAIMED LETTERS.

Letters addressed to the following persons remained unclaimed at the Quincy post office for the week, ending, March 1:

Thomas Sanford Boyle, (four letters) Frank Broderick, Miss Helniki Buiro, Mrs. Halliana Buzzel, Jack Craghton, V. Gorgerse, —— Hack, Miss Hilja Kahler, Mrs. McConnell, Geo. McDonald, Lottie A. Merrill, W. H. Milne, Leong Msboenik, Stanistaro Ogrocki, Mrs. Alma Pain.

BETHANY CHURCH.

At Bethany Congregational church, Sunday 10.30. Morning Worship—Communion Meditation "The Glory of God." Communion service and reception of new members. 12.00 Bible school. Classes for all ages. Organized classes for men.

6.15 Christian Endeavor meeting, Topic— Practical Service. 7.30 Pleasant Sunday Evening Service—Subject—"I did not think it was loaded."

ROSTRON GETS MEDAL

Cross of Honor Also Presented to Captain of the Carpathia

Washington, March 1.—Captain A. H. Rostron, who as commander of the steamship Carpathia directed the rescue of survivors of the Titanic disaster, received at the hands of President Taft today, in the East room of the White House, the gold medal voted by congress in recognition of his heroic services.

Captain Rostron also received today the American Cross of Honor, which was presented at the British embassy by Ambassador Bryce.

Mrs. Rostron accompanies the English steamship commander, who since the Titanic disaster has been promoted to a larger ship in the North Atlantic service.

Asks Injunction Against Lovemaking

New York, March 1.—Mrs. Ella Hall has asked the supreme court to enjoin Mrs. Emma S. Smith from making love to her husband, Charles M. Hall.

GETTING READY FOR ROUNDUP

Bowling Leagues Now Framing Up For Last Spurt

LAST NIGHT'S SCORES

Good scores were made in the Fore River league matches at the Coliseum alleys and average bowling filled the card at St. Mary's hall in the West Quincy league and the City league matches.

In the Fore River league the Yard beat the Hull Draftsmen, 4 to 0. They also rolled up a record team single of 521 and reached a total of 1428.

The Pipefitters beat the Machine Floor, 3 to 1 and the Shipfitters beat the Electricians 3 to 1. Mills of the Yard and Lincoln of the Electricians were tied for high single with 125. Burke followed with 124.

Kiley of the Yard made a record total of 320 with Porter second with 306.

Other high strings were made as follows: Kateon 119, Kiley 117, Smith 115, Akroyd, Antony 111, Bliss 109, Kennedy 107, Hanson 103 and 102.

In the City League at the City Square alleys the Granites beat the Quincy Adams 3 to 1. The winners took the third by two and lost the second by four pins.

Olsen rolled high single of 117 and had high team total of 283.

At St. Mary's hall the Hall Place team strengthened their hold to top position in the league by defeating the Grove street team 4 to 0. "Bart" Flaherty made high single of 113 and had high total of 282. The other bowling was ordinary. The alleys have been installed this fall and promising men are being developed.

The coming week will be a busy one in the City League. Cranch and Quincy Adams will roll Monday evening the Manets and Gilt Edge Thursday evening and the Melon Chopee and Granites Friday evening. All teams are striving for the first place league prize. Manager Galvin has offered a trophy to the team taking second place.

SECOND TEAM RECORD INTACT

First Adds Still Another Scalp to the Belt

AGAINST ST. MARY'S

The Quincy A. A. teams, champs of the Greater Boston League beat both St. Mary's North End teams at the North End Friday evening. Capt. Dan Duggan of the first team was absent and Capt. "Booty" Chapman of the second team is ill at his home with pneumonia. The first team won its 11th straight game, 21 to 16 and the second team won its 12th straight game, 19 to 2.

The game was fast and furious, and while it is realized that the local aggregations have won the New England Championship for the second time, teams are doing their best to secure at least the credit of beating Quincy once. They particularly desire to beat the second team who are undefeated to date.

The score of the senior game at the end of the first period was 8 to 8. Kelly was not in the game. The boys showed up well however. Sid Duggan and Joe O'Rourke kept things enlivened for the locals. While the first game was fast the second proved to be the most exciting.

"Cy" O'Rourke, the 18 year old wonder shot a hooker which set the crowd wild.

Slager who is supposed to be a professional played with the juniors. He has earned the reputation of being a "rought, bullying, chesty guy." It soon became evident that he was up against it, in having Millard Chapman as his opponent. He learned that "Mil" has a thorough knowledge of the game and that when it comes to roughing it he can if he has to. As the score shows "Mil" proved to be the master throughout since Slager was credited with nothing.

It was clearly evident that the St. Mary's teams knew they were up against boys that could act gentlemenly or play hard. This was demonstrated in the case of Manning, the star left forward and also holder of the league shooting record. Manning has an elusive style and opponents usually become angered when unable to prevent his scoring. When the invitation was extended by Monihan to rough it "Billy" accepted and displayed a little jiu jitsu. Slager many times discovered himself on the floor where he had been hurled by the diminutive forward.

Harmon, although physically unfit to play showed up well in the contest. He made 3 baskets and was tireless in following the ball.

The St. Mary's style of game seemed to suit "Nedzo" Bennett who is playing in place of Capt. Chapman. He aided materially in securing the victory. Scollard did well at centre.

The summary

Quincy A. A. 1st	St. Mary's 1st
J. O'Rourke rf	lb Maloney
	lb Beach
F. O'Rourke lf	rb Steele
P. Duggan c	c Allen
Hebert rb	lf Flaherty
Boyle lb	rf McLaughlin

Score, Quincy 21, St. Mary's 16. Goals from floor, J. O'Rourke 3, F. O'Rourke, P. Duggan 4, Hebert, Steele 2, Allen 2, Flaherty 2. McLaughlin 2. Goals from fouls, J. O'Rourke 3. Referee and umpire, Kelleher. Scorer Flynn and Keating. Timer, Donovan. Time, 20 and 15m periods.

Quincy A. A. 2nd	St. Mary's 2d
M. Chapman rf	lb Slager
Manning lf	rb Monihan
Scollard c	c Hayes
Harmon rb	lf O'Donnell
Bennett lb	rf Harkins
	rf Diantio

Score, Quincy 19, St. Mary's 7. Goals from floor, Manning, Scollard 2, Harmon 3, Bennett, Harkins. Goals from fouls, Manning 4, Bennett Harkins. Referee and umpire, Kelleher. Scorers Keating and Flynn. Timer, Donovan. Time 20 and 15m periods. Attendance, 300.

TWO GOOD GAMES.

Two good games are scheduled to be played at the Y. M. C. A. Gym tonight. The second team meets the crack Malden Y. M. C. A. first team and a rattling good contest may be expected. The Malden boys defeated the home team at Malden early in January and the local lads are out for revenge.

The Silent Five will play the Braintree Circle team; this team was scheduled for last Saturday night but failed to appear. Capt. Minchin states that they will surely be on hand to administer a beating to the "Noisy Bunch."

JOYOUS JAGS TURNED TO SORROW WHEN BLUE COATS HOVE IN SIGHT

Mayor Stone Plans to Break Up Rowdyism on Trains and Cars Saturday Night

Police and Wagon Surprised the Usual Crop of Drunks From Boston

Mayor Stone has declared war on the drunks who make life miserable for respectable people who patronize the late trains and street cars Saturday nights. For some time past there have been many complaints about the gang of drunks that make a nuisance of themselves in and about City Square. Determined if possible to put a stop to this condition Mayor Stone ordered Chief Burrell, Saturday night to detail a squad of officers for duty in City Square. There was fully a dozen of the blue coats on duty and their work was watched by a large crowd of citizens who missed their last car home in order to see the fun.

There was but little doing until the arrival of the train due at 11 o'clock. At that time the auto patrol was stationed in City Square and an officer boarded each car for Quincy Point and rode down part way to see that there was no disturbance. As the cars left City Square the patrol followed along behind as far as the Fore River bridge. It then started back and had reached a point near the residence of Chief Burrell when driver Whalen saw two men on the sidewalk settling some dispute among themselves in the real old fashioned way. The wagon was run to the sidewalk and out jumped two officers and a few minutes later the two fighters were on their way to the police station.

By this time another train was due to arrive from Boston and the news that a raid was on having become noised about there was quite a crowd on hand to see the fun. Some of the drunks that arrived were evidently tipped off as to what was doing for they were hustled out of the way by friends. Others tried to take a sneak off by themselves, while still others as independent as millionaires started down the street. They however were quickly gobbled up by one of the officers and taken to the waiting patrol wagon. Any man who could not walk straight or showed the least signs of having taken too much was run in. One female arrived on this train, who was full clear up to the eyes. She had an escort however and although she was inclined to

McDEVITT NAMES MEN WHO SPOKE TO HIM REGARDING CERTAIN BILLS

Did Not Use the Word Representative in His Speech at Wollaston. Name Fred Burr Injected Into the Case

Senator Did Not Say He Had Been Offered a Bribe But Left That To Be Inferred. Buckley Denied Offering Money

(Special to the Ledger.)

State House, Boston, Mar. 3, 1913—Senator John J. McDevitt of Quincy, today named, Representative John H. Buckley of Neponset, as the man who approached him to vote in favor of a bill in which he was interested.

Senator McDevitt appeared before the committee on rules of the legislature this afternoon accompanied by James H. Vahey, as counsel.

In opening the hearing Mr. Vahey said: "I appear here for Senator, McDevitt. I am a registered counsel. Senator McDevitt is very sorry for what has come about. He says he wants to tell the truth about the matter and I have advised him to do it.

He then called upon Senator McDevitt.

Senator McDevitt stated that he wanted to make a statement and asked that he be not interrupted until he had finished. The statement was as follows:

"On the day this incident happened I was going into the Senate corridor and this particular party called me into the Senate reading room. He was looking at the back of his hand and I asked him if he had the itch. His reply was, no but there is 300 in it if you will be with me on this bill in which I am interested.

SENATOR JOHN J. McDEVITT.

"The Quincy Gas bill was on in the Senate at that time and I hurriedly left the man and went into the Senate chamber.

"The evening upon which the telephone bill came up I attended a dance in Horticultural Hall, Boston. I was approached by a man who said he was a Quincy man and that his father served in the first city council in Quincy. He said, I see you have a new phone in your office, let me know if it is not working all right. He asked me to tell him the story why I was not with the telephone company and I told him that one of the Democratic members of the Senate had asked me to vote the other way.

"He asked me to drop in and see his new office. We are both Quincy fellows, he said, and I think when you come out you will be with the telephone company.

"He said further that he thought the company would have a good friend in the Senate."

Senator McDevitt said he did not call on him. Now, he said, "I will give you the names of the men. It was representative Buckley who approached me in the Senate room and it was a man by the name of Riley whose name is on the petition with the bill."

"The bill had to do with the return of liquor license money when the licensee died."

Senator McDevitt was questioned at length by nearly every member of the committee. In some case he appeared to contradict himself. He said he did not want to say that he was offered a bribe. He left it to be inferred, he said.

The committee took a recess in order to send for Representative Buckley. Buckley appeared after a short wait and on the stand absolutely denied ever offering the Senator any money or making any such intimation.

He said "I do not know why I was picked out to be the goat in this matter." Representative Buckley said that he has known Senator McDevitt for some years and has spoken with him on several bills.

COUNTY CATHOLIC FEDERATION HELD OPEN MEETING AT ATLANTIC

Speakers Urge Members to Read the Literature of Their Creed

Organization Opposed to Religious Prejudice of All Kinds

Representatives from organizations affiliated with the Catholic Federation of Societies and Parishes attended the open meeting of the Norfolk County Branch at Atlantic Music Hall Sunday evening. The aims and accomplishments of the Federation were discussed at length by qualified speakers.

President Daniel J. Nyhan opened the meeting and introduced Rev. Fr. John P. Cuffe as chairman of the evening. The speakers were Rev. James F. Stanton of Stoughton, chaplain of the branch, John F. McGrath of Sheron, Dennis J. Driscoll of Boston,, assistant penal commissioner Councilman James H. Cunningham and John E. Johnston of Boston. Music was furnished by Miss Beatrice Costello, Miss May Stevens and Miss Agnes Dolan.

Father Stanton in his address emphasized the need of more extensive Catholic publications and their regular perusal by Catholics. He spoke oft he progress in Germany where the Catholics eagerly read Catholic literature, where they were religious and intellectual and great, and that the greatness had been brought about through a knowledge of how to ask for and intelligently insist upon what was desired.

John F. McGrath, paid an eloquent tribute to the late James F. Burke, first president of the Norfolk County Branch and said that he was a fine example of a Catholic gentlemen, a man in whose footsteps it was easy to follow because of his uprightness of character and kindness of nature. He said the church was supposed to all forms of socialism. He further said that the Federation was opposed to race and religious prejudice, whether it was in its own favor or against it. He said the Federation did not seek to control the political suffrage of its members and that it therefore had no privileges to ask. All that it asked is that Catholics and Americans be allowed their civil and religious rights as guaranteed under the constitution.

Dennis J. Driscoll, spoke on the attitude of labor and Catholicism. From an intimate knowledge of labor organizations gained from services as an officer he described its religious

(Continued on Page Three.)

MARCH VYING WITH FEBRUARY

As to the Variety of Weather to Be Handed Out

SMALL BLIZZARD

March although but a few days old, has handed out some varieties of weather as if in a race with February along those lines. Saturday opened up with promise of being fine, but the noon hour found a thunder, lightning and rain storm on which were pretty lively. Sunday also presented its shifting scenes. Clear in the morning, then a lively but brief snow storm about 8 o'clock, followed by cool and clear weather and then an almost blizzard which gave one an impression of the famous Kansas cyclone scene in the "Wizard of Oz."

Today started in cool and clear but clouds soon appeared and there is no knowing what it will be before night.

Quincy in common with other places in the immediate vicinity of Boston was visited by a snow squall Sunday afternoon that looked for a time rather vicious. It was in the vicintiy of 4.30 when the wind freshened and there was a slight snow squall. A few minutes later however the sky darkened, the wind seemed to increase in violence and with it came snow. So dark was the sky and thick the snow that it was impossible to distinguish objects a few feet away. It looked for a time as though a tough snow storm was at hand, but fortunately however it lasted but a short time. Soon it began to lighten and the snow ceased to fall. The mercury dropped however and this with the high wind, which prevailed, made it rather disagreeable. It continued to blow hard all night and the thermometer went rather low before morning.

OUR ANNUAL SALE OF CANNED FRUITS

Is Characterized by Attractive Value Giving

This is an event which never fails to interest the housekeeper. The variety offered is unusually large, prices are very moderate, and in every case we guarantee the quality to give entire satisfaction. We will appreciate your orders which will have our careful attention.

CALIFORNIAN APRICOTS

Large fruit, picked when fully ripe and canned immediately. As a dessert you will appreciate the tender, tart, juicy Apricots.

EDITORIAL COMMENT.

Wonder just how those men who worked the deal to defeat Roger Wolcott and put McDevitt in the Senate feel about now? Quincy is getting publicity all right.

The hold-out base ball player has has been receiving more attention than men of greater importance in the world.

Did that Greenwood youngster call the president-elect "Woodie?"

The cabinet makers, not the mechanical, but the imaginative kind can now take a good long rest.

That Chilian minister may find the place not so warm as he feels now after the fourth of March.

The early explorers must look down or up with eyes of envy on the manner in which the present day gentlemen are equipped for their journeys, but at the same time, they find disaster, hardship and suffering.

Amundsen has this advantage over many public men when sought by suffragettes he can start for the pole.

The money trust busters agreed to disagree.

The Morgan Company letter on finance made nice reading, but did it tell the whole tale of money grabbing?

A writer characterizes some of Fennimore Cooper's works as "unreadable stupidity." How much time millions of stupids must have wasted in reading them.

A GOOD MOVE.

Passengers on both the steam trains from Boston and those who use the electrics to nearby points on arriving from Boston will appreciate the order which Mayor Stone has given the police department and which was so effectively executed Saturday night. People who are forced from one reason or another, or do so of their own volition, take late trains from Boston and especially the Saturday night late trains have often been subjected to much annoyance by the conduct of drunks on the train. Some times it has only been the usually hilarious type but this is not pleasant, and on other occasions, people have been subjected to abuse and forced to listen to profanity and language not fit to hear. Then when they arrived here the drunks transferred themselves, their jags and their annoying spirit to the electrics. The orders of the Mayor are that the police will watch the late trains and electric cars, Saturday nights, with the patrol wagon and a posse of officers within call. All drunks alighting from the trains will be rounded up and taken to the police station.

The enforcement of this regulation for a few Saturday nights will undoubtedly have a good effect. Not only will peaceful passengers be saved from annoyance but the drunks will probably become less numerous, which will be so much the better for themselves. It is an order, the enforcement of which carries improvement in many directions. When that gang of summer drunks who usually made night hideous around the City Square on the arrival of the late train, heave in sight this coming season they will find a different condition prevailing. They will have to behave better or take the consequences.

A PRIME NECESSITY.

While not urging extravagance on the part of the administration, at the same time, there is certain expenditures which are real economy, and the one that would point in that direction at the present time is the erection of a water tower at Houghs Neck. This large section of the city, is dependent for it water supply upon a single main from the centre which also supplies Peddock's island. A break in this single pipe would be a serious proposition. It would not only deprive the people of the normal supply which is demanded every minute in the day but it would mean a more disastrous climax in case of fire during such a break. It is a situation which is to be deplored. That it may never occur is the fond hope of every one, but the possibility is ever present and under such circumstances the whole section would be in a perilous position. It seems only reasonable that this ever present peril should be removed as soon as possible by having in reserve a stand pipe or some other storage reservoir, which would have a sufficient supply on hand to meet any emergency. A standpipe or some other means of safe-guarding the people of that section of the city is a prime necessity.

BROAD HUMANITY.

It has been said that President-elect Wilson lacks humor, that he has not a very deep vein of that commodity. During his compaign he manifested a deep reservoir of humor in the manner in which he accepted up-to-date methods and sayings. Lately he has been more reserved and this reserve has been played upon as a lack of humor. Be his sense of humor ever so thin he certainly has a talent for broad humanity and the power of showing it. This was very neatly demonstrated while on the train to New York, Friday, when the two year old youngster on the same car introduced himself and with his five year old sister enjoyed a period of recreation with the president-elect which many a politician would have given a good deal to utilize in the gentle art of office seeking personally or in urging the claims of some one else. The president-elect is not above having a romp with a child and when a man is constituted that way there is not much fear of his going astray or making a mess in the handling of larger and more momentous affairs.

WILLIAMS IN WASHINGTON

Many See Daily Ledger Prize Winner and Friend Off

TO ATTEND INAUGURATION

Fred D. Williams, the winner of the Daily Ledger free inauguration trips, is in Washington, D. C. acompanied by William E. Tarbox, eagerly awaiting the arrival this afternoon of President-elect Wilson.

Several Quincy friends of Messrs. Williams and Tarbox were at the Quincy station Saturday afternoon to see them off, expressing the hope that Washington weather would be pleasant, and congratulating them on their success in the recent contest.

The Contest Editor of the Daily Ledger and others accompanied them as far as the South Terminal, where they discovered that thousands of people were starting for Washington, including regiments of Massachusetts militia, companies of the Coast Artillery, and tourists. Messrs. Williams and Tarbox joined the other Marster's tourists at "Suffolk." Immediately on boarding the Fall River train they met the winners of a similar popularity contest, conducted by the Rockland Standard and found them very congenial. They made other acquaintances as the party was personally conducted. Several companies of the Eighth regiment were on the same train, and special trains were run at intervals.

The steamer Commonwealth conveyed the party to New York, and the weather was so mild that no overcoats were required on the promenade deck. The excursionists arrived in New York Sunday morning and had a few hours for sight seeing, leaving about noon for Washington via Royal Blue line.

Before dark Sunday evening the Quincy gentleman reached Washington, and were soon quartered at Hotel Driscoll, facing the Capitol. They found the city in gay holiday attire, and filled with people. They are improving every moment in sightseeing and Mr. Williams has promised to write letters to the Daily Ledger, telling of his impressions of the inauguration.

EXTRA MAN AT WATER STREET

Central Labor Union Presents Petition With 500 Names

Mayor Stone accompanied a delegation fromt he Central Labor Union to the office of the New York, New Haven and Hartford railroad today with a petition containing over 500 signatures asking the railroad to put on an additional flag man at the Water street crossing of the railroad. The Central Labor Union has been after an extra man at this crossing considered one of the most dangerous on the road, for some months. At the last conference with the railroad officials the committee was given to understand that if they presented a petition with 500 names the request would be granted.

ILL-TREATMENT DENIED.

Manager Comerford of the St. Alphonsus team takes exceptions to the claim that the Quincy players were ill treated at the game in Roxbury hall, Washington's birthday. He also has a few other things which occurred to him at the time, and as they may all be interesting to the local basket ball fans, the letter is presented in full:

Roxbury, Feb. 28,1913.

Editor Quincy Daily Ledger,
Quincy, Mass.

As Manager of the St. Alphonsus A. A. Basket Ball Team I would like to refute statements which appeared in an article in your paper of last Monday evening in regard to the basket ball game played between the Quincy A. A. and the St. Alphonsus A. A. team at our hall in Roxbury on Washington's Birthday night.

This article began with the libelous headline "Chair Rungs the Weapons" and proceeded to state that the Quincy rooters were hit with these implements and other missiles. This is a most false untruth and any spectator who was present at that game, or referee, Mr. Joseph Cambria, could well bear me out in these facts.

The article goes on to state that the crowd intended to "get" the Quincy players, and of course this is a pretty broad statement to make after some of the remarks which have been hurled at our players from Quincy audiences.

In reference to the players—Carlson and Connolly who are advertised as professionals in this article, the St. Alphonsus players as well as myself heartily welcome an investigation of these players, and we believe that a thorough investigation of the whole League would not prove fatal to the St. Alphonsus A. A. but perhaps to some of the other teams. These same charges were preferred against Dan Duggan of the Quincy A. A. team last year and he was exonerated.

Another statement which I wish to refute is one that the Quincy A. A. team has not been beaten by the St. Alphonsus, as on February 1st at our hall in Roxbury, we defeated the Quincy A. A. first team and no doubt Manager Flynn or any of the Quincy adherents will bear me out in this fact or the League records may be obtained.

Relative to the roughness of the game played, I would state that I notice that none of the Quincy A. A. players have been disabled, but two of my players, viz., Grourke and Carlson have been unable to appear in a game since the line-up against the Quincy teams owing to injuries which they received that night.

It would also be of great interest to myself as well as the Rexbury supporters of basket ball to learn why Mgr. Flynn of the Quincy A. A. team did not have the name of Larkin appear in the line-up of his second team. Larkin it is understood is a member of the Quincy High School team this year, and under these conditions would be ineligible to represent any other organization.

It is with deep regret that our organization in Roxbury learned that this article was not met with an absolute denial by Mgr. Flynn of the Quincy team. When the article was called to our attention we at first did not wish to enter into any controversy: hence the delay in answering this most scurrilous attack upon the Roxbury fans.

I think that any man who was present at both the games played at Quincy on last Thursday night and the game played at St. Alphonsus Hall Roxbury, on Washington's Birthday night will bear out in the statement that the game at our hall was a far better example of good sportmanship and clean play than the one played two nights previous at Quincy.

Thanking you for the opportunity of presenting the case in its true light, and with best wishes from the Roxbury supporters of basket ball to the Quincy adherents, I beg to remain,

Very truly yours,
Joseph V. Comerford, Mgr.
St. Alphonsus A. A. Basket Ball Team

SHOT IN HAND FROM AIR RIFLE

Little Emily Dalley Had a Peculiar Experience

Emily Dalley, the five year old daughter of Charles Dalley, of 22 Mears avenue, Houghs Neck, was accidentally shot in the palm of her left hand, Saturday afternoon by a shot from an air rifle. The little girl and an 11 year old boy named George Sullivan were playing together at the time of the accident. The boy had an air rifle while the children were playing a shot from the rifle struck the little girl in the hand and became deeply imbedded in the flesh. Dr. F. R. Burke attended the litle girl and extracted the bullet. At first there was some fear of lock jaw setting in but this appears to have passed away and the little girl is doing well this morning.

JOYOUS JAGS

(Continued from Page One.)

be rather talkative her escort hustled her up Hancock street. She wanted to stop and see the fun but her escort was wise and said no.

It was funny to see how some of the drunks tried to avoid getting arrested. This was especially true in the case of one or two who were on probation on previous complaints. The way they ran across City Square and through the church yard was laughable.

Every train was met up to the last train due in Quincy at 12.25 and as the result of the clean up a dozen or more were given a nights lodging in one of the steel rooms in the rear of the police station.

As the patrol wagon was coming down to the 12.25 train after having taken a load to the station two men were spotted opposite St. John's church rolling about the sidewalk in the mud. There was originally several in this bunch but all had made their escape but the two who being so exhausted from liquor and fighting that they were unable to get away and were rolling about in the mud. The driver of the wagon spotted them and driving to the sidewalk a couple of officers jumped out and gathered them in.

Another funny incident took place shortly before the arrival of the 11.45 train. A man stood leaning up against the entrance to the Hancock house on Depot street. He had a few in, just enough to be talkative. Near him stood Mayor Stone and others. He made a loud remark about waiting for some officer to come along and place him under arrest. He had hardly made the remark before a blue coat grabbed him by the arm and the next minute he was walking Spanish toward the box protesting that he be let alone. He did not want to be arrested for he said it would cost him $15 and he could not afford it. The officer replied that he ought to have gone away when he had an opportunity. His appeal was of no avail and he had his first ride in the city gasoline wagon.

Of course every drunk that was about did not get arrested for some got wise and by dodging around corners made a successful get away. This was true in the case of two fellows each of whom had a suspicious looking bundle in one hand, and just how they happened to escape is a wonder. One of them made a dive for the rear end of a car just as it was about to start but instead of remaining on the platform he went across and out onto the street again by the door on the opposite side of the platform and disappeared just as an officer boarded the car to accompany it on its trip to Quincy Point.

Mayor Stone remained in City Square until after the last train had arrived and expressed himself as having been very much pleased with the outcome of the nights work

There was but little doing in the way of sleep for any of the dozen drunks that had been locked up and they made the night lively. By morning however most of them had sobered up and when later in the morning Probation Officer Fahey visited the station several of the unfortunates, especially those against whom there was no record, were released.

Mayor Stone said that the same thing would take place next Saturday night as he had determined that the law should be enforced and the streets made safe for citizens.

JEWISH YOUTHS GIVEN ADVICE

Urged to Become Good and Useful Citizens

Q. Y. M. H. A. GROWING

The second lecture in the series given by the Young Men's Hebrew Association was held Sunday night with an enthusiastic attendance, in Hibernian hall.

The speakers were Alderman Samuel Markell of Chelsea, President Dr. Nathan A. Finkelstein, of the Boston Young Men's Hebrew Association, Joseph Szathmary and Sec. Joseph B. Grossman of the local Y. M. H. A.

The chairman of the evening Edward Berman outlined the work undertaken by the local organization, of which series of lectures are an important factor. He urged the people to give the association their moral support, especially during a time in which it needed their help most as the association rooms had been destroyed by fire. Later in the evening the chairman made a plea for members, with a result that quite a few names were added to the membership list.

Mr. Markell, took as his subject, "The Jewish youth, and what he can accomplish for the community." He said that if the same amount of energy and time spent by some young men in games of chance was given over to honest pursuits, much good to the community would be the result. Mr. Markell, who spoke last December before the Y. M. H. A. was very well received by the audience.

Dr. Finkelstein spoke on the Y. M. H. A. and the benefits derived from it. He said that the main object of the Y. M. H. A. was to preserve judaism The making of citizens was also a very important object. Naturalization bureaus are being established by all the Y. M. H. A's., where unnaturalized Jews are prepared for the citizenship test and all are urged to become citizens. Another important aim, he said, was to keep the Jewish young men from the streets and to have them come together and associate with each other. While speaking of citizens Dr. Finkelstein said that in Russia some people would make an attempt to throw a bomb at the czar and the prime minister, because the rights of citizenship were not given them. As soon as they came to this country they would never even bother to take out the naturalization papers, when citizenship was attainable easily to all.

Joseph Szathmary, a member of the Y. M. H. A. spoke of the progress of the association, whose increase in membership of over 300 per cent was something to be proud of.

Joseph B. Grossman, secretary of the organization, also spoke. He gave statistics and urged every one present to give moral support and take active interest in the association by becoming members.

Intermitting the speaking a musical entertainment was furnished by the following talent: Miss Minnie Winick, Miss Etta Litchman and Miss Marion Litchman, piano selections; Edward Berman, violin solos; accompanied by Miss Dora Grabowsky;; Jack Litchman buck and wing dancing accompanied by Henry Yeager.

A vote of thanks was extended to the speakers for their services. The lecture was closed by the singing of "America," and the "Star Spangled Banner" by all presnt.

These meetings seem to be very popular with the Jewish people of Quincy. The third in the series will be held Sunday evening, March 30. The following committee, all of whom were ushers, had charge of the lecture Edward Berman, chairman, Joseph B. Grossman, Sydney Litchman, William Asnes, Joseph Szathmary, William Wolf, Sydney Grossman, Max Catler, Isidor Abrams, H. Phillip Levowitch, Samuel Grabowsky, Samuel Kadets, Leo Catler, Julius Smith, Harry Winick, Jack Litchman and Henry Yeager.

SUNDAY IN OUR CHURCHES

Topics and Announcements For Coming Week

SUNDAY SCHOOLS

ST. CHRYSOSTOM'S CHURCH.

The calendar for the week is a follows:

Monday: 4.00 P. M., Junior Auxiliary in Parish Rooms; 8.00 P. M., Men's Club in Parish Rooms.

Wednesday:—10.00 A. M., All da Sewing Meeting of the Woman's Guil in Parish Rooms; 4.00 P. M. Penitential Office and Devotional Reading 7.30 P. M., Choir Rehearsal.

Thursday—8.00 P. M., Evenin Prayer and Sermon.

Friday:—10.00 A. M., Litany; 7.4 P. M. , Girls' Friendly Society at 25 North Central Ave.

At the mid-week Lenten servic Thursday evening the preacher wil be the Rev. George S. Fiske. Mr Fiske is assistant at St. John's Church, East Boston, and is actively engaged in building up the congregation at St. Andrew's Mission, Orient Heights.

Wednesday beginning at ten o'cloc the members of the Guild will meet a usual for the Lenten sewing. , During the afternoon another installmen of "Japan Advancing, Whither?" wil be read under the direction of the missionary committee.

The Parish Branch of the Girls Friendly Society is most cordially invited to hold the meeting on Friday evening at the home of Mrs. W. Y Sherman, 250 North Central Avenue Wollaston. Mrs. Sherman is to be the Branch Secretary and the first important step is for the present members and herself to become personally acquainted.

In a letter dated Feb. 19, addressed to the Clergy and Lay Deputies of the Diocesan Convention, Bishop Lawrence signifies his intention of asking for the election of a Suffragan-Bishop at the Diocesan Convention to be held April 9th. As chairman of several important committees, Bishop Lawrence is doing work for the General Church which could easily occupy a man's whole time, and it is certainly right that he be given the assistance for which he will ask.

The difference between a Suffragan-Bishop and a Bishop-Coadjutor is a matter of interest. The Suffragan-Bishop is elected for life but has not the right of succession; he "shall in all respects act as the assistant of the Bishop of the Diocese and under his direction!" Upon the death or removal of the Bishop of the Diocese the Suffragan-Bishop may of course be elected to the vacancy, or he may become the Bishop of another Diocese at any time. The Bishop-Coadjutor on the other hand must come the successor of the Bishop, and before his election the Bishop is required to state the exact duties assigned to the Bishop-Coadjutor.

WOLLASTON CONGREGATIONAL.

"Thine eyes shall see the King in his Beauty," Isaiah 33:17, served as a text for the brief sermon with which Dr. Sneath preceded the Communion service at the Wollaston Congregational church on Sunday morning.

He said that though earlier prophesies of Isaiah concerning Christ's coming foretold the glorious and splendid advent of a Kingly personage the later ones pictured a suffering sorrowing man. "without form or comeliness," and "no beauty that we should desire him."

He showed his audience how Christ's life of sacrifice and self giving was a life of beauty, only to be appreciated and sensed through study contemplation and imitation; that selfishness and worldliness close the eyes against the vision, and the beauty we fail to find in Him, fails to reflect from our own lives. In proportion as we catch the vision, shall we become like Him.

The music at this service was as usual most excellent, the contralto solo by Mrs. Long being exceptionally fine. The following people were received into church membership,—Mr. and Mrs. E. E. Johnson, Mr. and Mrs. B. H. Bain, Miss Gladys L. Bain, Miss Gertrude F. Baker, Mr. and Mrs. J. A. Smith, Mr. and Mrs. James A. MacDonald, Miss Flora G. Sass, Mr. and Mrs. D. M. Taylor, Mr. and Mrs. Robert J. E. Cox.

The regular session of Sabbath School met at 12.15 with a good attendance.

Junior Christian Endeavor was held in the vestry at 4 o'clock under the leadership of Hildegarde Ducey, topic beginning the Christian Life.

At six o'clock the Christian Endeavor Consecration meeting was led by Mrs. Sneath, ttopic "The Ideal Christian; his practical service."

An evangelstic service was held in the vestry at 7 o'clock led by the pastor.

The children's Mission band, known as the "Little Lights," meet in the vestry this afternoon under the leadership of Mrs. Murray.

The Ladies Auxiliary W. B. M. meets with Mrs. A. A. Lincoln, at 3 P. M. Tuesday;—topic, "Chinese Medical Work". All ladies welcome.

Wednesday evening at 7.45 Rev. O. P. Gifford of Brookline will address men only, upon the topic, "Patriotism and some of its Vital Responsibilities. Special music has been arranged, and all men are invited.

A silver tea will be held in the vestry from 3 to 5 on Thursday afternoon under the auspices of the Ladies Benevolent society. All ladies are cordially invited to attend to enjoy a social afternoon, and contribute a piece of silver of any demonination for the work of the society.

The regular mid-week service, led by Dr. Sneath, will be held in the vestry Thursday evening at 7.45; topic: Self Denial for Christs' sake, Reference, John 11:55-12:11.

WOLLASTON UNITARIAN.

At the morning service of worship Miss Florence Olney presided at the organ in the absence of Mrs. Chandler W. Smith. The soloist was Mrs. Royal T. Turner, assisted by the Girls Choir. The sermon was upon Sympathy, which, the preacher said, was the best thing that one soul can give to another. It does not have to express itself in words, but shows itself in the simple touch of a friendly hand or the look of a kindly eye or the emotion that plays on an earnest face . Sympathy is the great need of our time. The lack of it I feel is one of the causes of the growing alienation between capital and labor, between the employer and the employee. Neither can get along without the other. And in the long run and looked at in a large way the interest of the one is the interest of the other. But capital is very apt to be greedy and cruel. Read the last Outlook (March 1, p476) and see what low, mean, devilish methods the National Cash Register Company pursued to drive competitors out of business. Their methods were not only illegal, but immoral and should be most severely punished in a civilized community. But selfishness is found not only on the side of capital, but also of labor. And between the selfishness of capital and that of labor there is no choice. If there were more sympathy between employer and employee, if each had the other's interest at heart, if the head realized that it has need of the foot and the foot that it has need of the head, there would be fewer strikes, and less labor trouble. More sincere sympathy, more of the spirit of the Master, more brotherly love is the antedote for the hard feelings that separate men. Let the employer and the employee sit at the feet of Him who is the teacher of us all and learn of Him what it means to love God with all our heart and mind and soul and strength and our neighbor as ourselves.

The church is to give a supper and social hour to the members of the Sunday school and the young people of the church Friday evening, at 6 o'clock in the vestry.

Mr. and Mrs. Frederick H. Bishop received a hearty welcome from the members of our church. They returned Saturday on the Mauretania from a sojourn in England and Scotland.

At the Wollaston Forum meeting Mrs. Herbert J. Gurney, well known in our city as a lecturer of unusual ability, gave a splendid address on "Equal Suffrage."

The fifth annual meeting of the New England Conference on Rural Progress will be held Wednesday afternoon and Thursday morning and afternoon at Channing hall, 25 Beacon street, Boston and Wednesday evening at the vestry of Arlington Street church. A rich and varied program has been prepared.

Half-hour services are held daily in King's chapel at 12 M.

The men of our parish are cordially invited to hear the Rev. O. P. Gifford of Brookline speak on "Patriotism and what it means" Wednesday evening in the Wollaston Congregational church. This address is in the interest of the American Association of Minute Men, who believe in the separation of Church and State and that no public money shall be used for sectarian purposes. Do not fail to hear this address on a most timely topic.

The regular monthly vesper service will be held Sunday, March 9, at 4.30 o'clock. The music will be furnished by the well known Weber Male quartet of Boston, a great favorite with Wollaston lovers of good music.

The fourth in the series of special Lenten services for the deepening of the moral and religious life will be held Wednesday evening, March 5 at 7.45 o'clock . The preacher on this occasion is the Reverend Thomas Van Ness, one of the best known of the Boston clergy. In these days when we hear so much about social service and social activities and emphasize the need of a social club in our community, let us not forget that the moral and religious life of a city is after all of greatest importance.

This is the month for our annual contribution to the American Unitarian Association. This association is our national missionary body. It supports missions, holds conventions, aids in establishing new churches, publishes books and gives away pamphlets. All contributions should be sent to our collector, Mr. Charles E. Barker, 294 Fayette street, Wollaston.

At the Wollaston Forum next Sunday at 12 R. S. Hubbard of Braintree will speak on "Race Improvement—how shall it be accomplished?"

HALL PLACE M. E.

Rev. T. C. Martin of the Hall Place M. E. church preached from two texts at the morning service Sunday. Matt. 6; 16-17. "When ye fast, be not, as the hypocrites ,of a sad countenance; for they disfigure their faces, that they may appear unto men to fast. But thou when thou fastest, anoint thine head, and wash thy face," and Neh. 8-10. "The joy of the Lord is your strength."

"We stand facing as a united people, a Church by unanimous and hearty action of ourselves, a month of self-denial; March in our ecclesiastical calendar is to be a month of self-denial and I can imagine someone saying 'it will be a farce with me,' it will be a month of drudgery and disquietude and concern and trouble if anything comes of it."

Sunday school was held at the close of the morning service with a good attendance.

The Juniors met at 3 P. M. in charge of the pastor.

At 6.15, Harold Norris led the Epworth League devotional service on the subject of Mormonism.

At 7 P. M. the pastor preached on "The study of Economy" and gave some good, sound, all-round advice, especially to young people. The text was taken from St. John 6-12. "Gather up the fragments that remain that nothing may be lost."

Thursday evening, a rehearsal of the older members of the Sunday school is called for the Easter music.

Friday evening the prayer meeting will be held at 7.30 in the vestry, followed by choir rehearsal.

The month of March will be observed throughout the Church as a month of self-denial, in which all are asked to save, earn or give as much as possible toward the final round-up of the present Conference year, to be brought in April 2nd at a social in the vestry.

March 12 the Ladies Aid will hold their quarter social in the vestry. A number of these socials have been held during the winter in the different homes and have proved profitable and entertaining.

The lecture which was scheduled for March 19 has been postponed until March 26, by request of Dr. Bugbee, lecturer, who will necessarily attend the quarterly conference to be held in his own church that evening.

March 16th will be observed as "Livingstone day." In the morning the pastor by request will preach a special sermon. In the evening the Epworth League will have a special service at 7 P. M. celebrating the Livingstone Cnetenary.

Sunday March 23 the pastor will preach appropriate to Easter and at 7 P. M. the Sunday School will give their annual Easter concert. All the committees are hard at work on this concert and it promises to surpass previous years.

April 9th the annual conference of New England will meet in Peoples' Temple, Boston.

—A forty dollar tax rate is said to be the outlook for the town of Leominster if it undertakes to have all the new things which are just now suggested. We apprehend that if trouble were taken in most towns and cities to figure as some one in Leominster has been figuring, a very similar total would be reached. In this very city, there are already made propositions enough, if they were all aggregated and computed, to make the tax rate almost anything. To be sure, not all of them are seriously and persistently urged, but are only suggested as being "good things." The limit of imagination is by no means confined to the limit of ability to pay says the New Bedford Standard.

AUTO SHOW BIG AFFAIR

Wollaston Garage Scene of Lively Interest

RECORD CROWD WILL ATTEND

The second annual automobile show at the Wollaston Central garage opened auspiciously this morning and will continue until Tuesday night. The garage, one of the largest in the state, has been handsomely decorated for the occasion, the main exhibition room having been carpeted. A large number of 1913 model cars of various makes are shown as well as a large line of automobile accessories. There is much to see at the exhibition, or show, and as the Quincy automobile enthusiasts number up into the thousands a good attendance is assured. In addition to the many things of interest to be seen the proprietors of the garage have arranged for concerts each afternoon and evening.

The attendance this morning was not large. In fact it was not anticipated that there would be a large attendance the opening morning which was taken up largely by the management and exhibitors getting things in readiness for the crowds that are sure to be present this afternoon and evening.

Inivtations to be present have been extended to all of the city officials, and while the meeting of the City Council tonight will probably prevent many from visiting the show a large attendance of officials is looked for Tuesday evening. One interested in automobiles who does not visit the show will have missed much.

Included in the exhibit, the popular touring cars, the coupe, the limousine, the Sedan, the roadster and the runabout. Also an ambulance and several trucks. Among the large exhibits are the Rambler, Oakland, Pierce Arrow, Michigan and Kissel cars.

Pictures of the exhibits were made this morning.

The ofrmal opening takes place at 7 o'clock this evening when there will be speaking, music and a buffet lunch. A ladies orchestra will play.

CAPT. JOHN. T. MURPHY.

Capt. John T. Murphy, of Ladder 1 of the Central Fire station died of apoplexy, at the Quincy City hospital Sunday noon, just after he had been brought there from the old translucent fabric building in Wolaston, where he was found very sick by the superintendent, Charles Hannafy.

Capt. Murphy was a call member of the Fire Department and was a carpenter by trade. He went to the factory on Old Colony avenue, Saturday night to look after the fires. At 7.30 he telephoned his wife that he would be home soon and when he did not come at midnight Mrs. Murphy thought something unexpected had occurred at the factory which detained him over night. Sunday morning Capt. Murphy telephoned to Mr. Hannafy at Braintree that he was at the factory and felt sick.

Soon after Mr. Hannafy reached the place Capt. Murphy fell over unconscious. Mr. Hannafy telephoned for a physician. Dr. William J. McCausland ordered the removal of Capt. Murphy to the Quincy City Hospital, where he died shortly after being admitted.

The attending physician said that Capt. Murphy was suffering from an apoplectic shock and his diagnosis was later confirmed by Dr. Fred E. Jones, the medical examiner. Capt. Murphy's brothers think he suffered a slight shock during the night and this morning recovered sufficiently to crawl to a telephone and call for medical attendance.

Capt. Murphy has been a call member of the department for 12 years and for the last three years was captain of the ladder company at the Central station.

He is survived by his wife and three children, and also by three brothers and five sisters. His brothers are Timothy, who is in the granite business; Daniel an engineer, and Dennis a stonecutter. His sisters are Mrs. James Dunn, Mrs. Hannah Schwinn, Mrs. Thomas Lamb, Mrs. John Sullivan and Mrs. Timothy McAuliffe all of Quincy.

Capt. Murphy was 35 years old and lived at 21 Brooks avenue. He was a member of Division 4, A. O. H.; the Firemen's Relief Association and the Carpenter's Union.

The funeral will be held from his home Tuesday morning. A high mass of requiem will be said at St. John's church.

SUBSCRIBE FOR THE LEDGER.

PHOTOGRAPHING THE HUMAN VOICE

The photograph shows Antoine Pollak, the foreign inventor, giving his first demonstration of his new invention of photographing the human voice, and Miss Maggie Teyte, the opera snger, who took part in the experiment, which was held in New York. The receiver of the Pollak-Virag apparatus consists of a so-called optical telephone, i. e., a telephone membrane connected with a small mirror, which reflects a ray of light that is photographed on sensitive paper. The human voice will produce an oscillation in the membrane of the optical telephone, and the mirror will give a true record of this oscillation. This record is a photograph of the human voice.

CATHOLIC FEDERATION

(Continued from Page One)

relations. He denied that it had any religious convictions or that it sought in principle to control the beliefs of its members. He said that socialism was a deadly foe to progress, that its leaders were people of wealth whose supply of wealth was increased by the laborious efforts of downtrodden workingmen and women. He said the Catholic people were the only ones willing to make a stand openly against socialism and therefore American Federation of Labor was allied to the Catholic church because of its unswerving purpose to oppose it always. He said labor organizations stand loyaly by their friends but that they would labor hard to defeat enemies. He closed by saying that he hoped to see at least one Catholic man and woman on each board of management in the city of Boston.

Councilman James H. Cunningham spoke of some of the accomplishments of the Federation in legislative matters. He spoke of the recent attempt to amend the constitution so that it would prohibit the appropriation of any money for sectarian school purposes and of the efforts to enact a law allowing Sunday base ball. He said the defeat of the bill was owing to the stand taken by the Federation. In speaking of the lack of representation of Catholics he said that here in Quincy there were three banking institutions and that only one Catholic was on any of the boards of directors, although the greater part of the business is Catholic money. He said that if a Catholic tries to borrow he is in luck if his request is granted. He closed by saying he hoped to see the clergy take the matter up so that the Catholics would secure the proper recognition.

John E. Johnston gave an eloquent address on the purpose of the Federation. He spoke of the difficulties to be faced and that a review of the resources should be made immediately. He said a conspiracy of 25 years growth was having its effect, that it was a struggle to the death and that if we did not awaken now we would awaken in an age of anarchy and ruin. He said that the opposition strongest to the trend was the loyalty to Christian principle. He gave a comprehensive sketch of O'Connells fight, one man's stand against a nation, and urged all Catholics to become as courageous as the man who secured the acceptance of the Emancipation Act.

All the speakers were loudly applauded.

Can We Help You?

(As We Helped This Man)

Herbert O. Russell is a farmer in North Hadley, Mass., who turned a threatened loss, not only to himself but to his neighbors, into a highly profitable business transaction by making judicious use of the telephone toll lines. He is the Mr. Blank of the following story which appeared in TELEPHONE TOPICS. We use his name by permission:

A HADLEY PASTORAL.

The fertile fields of old Hadley are especially adapted for raising tobacco and onions and especially onions, which are usually a very profitable crop. This year the crop was larger than ever before—bumper to the nth. Prices at once shrunk alarmingly until it came to be a grave question whether it was worth while to market the crop. Some farmers became discouraged and left the crop to rot in the fields. One gave the subject careful thought. While he was pondering the question his glance fell upon the telephone in his kitchen. Could that be the answer?

The next day he called on Manager Proctor for information. He secured full particulars about our toll facilities, then went home and planned a sales campaign by telephone. Each evening the family carefully studied the directories and made up a list of wholesale commission dealers in the large cities.

Early each morning Mr. Blank called them by telephone. Results were immediate and surprising. He made satisfactory terms in short order for the sale of his entire crop and before long he was shipping onions by the carload. After he disposed of his own crop, the commission merchants continued their demands for more onions, and Mr. Blank commenced buying his neighbors' crops which he sold at a good profit. As a result of his work he has sold twenty-one carloads of onions. It need not be added that he is extremely grateful for the resources of our telephone service.

Are you, Mr. Farmer or Business Man, confronted with a distribution problem of any kind? Let us help you, if we can. Call your Local Manager and see what he can suggest. In Greater Boston telephone (free of charge) to Fort Hill 7600, the Contract Department.

BRIEFS

The Ledger is on sale at all the important newstands in Washington, D. C. this week.

Mr. and Mrs. Harry Silverman and family, formerly of New York City are in Quincy, having the intention of settling here.

Miss Edith Smith of South Weymouth spent Friday and Saturday with Miss Mildred E. Geddes of Standish avenue.

The foresters of America, Court John Adams, met Friday evening in Clan McGregor hall. Much important business was transacted.

Mr. and Mrs. William Cleaves and sons Ford and Herbert of Warren avenue returned to their home Saturday after a weeks' visit with Mrs. Milo G. Robbins of Lowell.

The Young Men's Hebrew Association met Sunday afternoon in the vestry of the Congregation Avath Achim. A committee was appointed to buy furniture for the rooms, which are being remodelled.

The Hebrew Sunday school, for Jewish children, will commence its work on Sunday morning, March 16, under the care of the educational committee. New members were admitted. A vote of thanks was tendered to the Pride of Quincy Lodge, No. 443, I. C. B. A. for the financial support extended to the association.

Young Steeplejack Killed

Lawrence, Mass., March 3.—Edward McDonough, aged 18 years, employed as a steeplejack, fell from the tower of the Arlington mills, a distance of about 100 feet, and was instantly killed.

PRATT'S BREAD made of the best flour by the best bakers. Your grocer.

REGISTRARS SUSTAINED

Judge DeCourcy Upholds Their Closing Hour

FOR REGISTRATION

Judge DeCourcy of the Supreme Court has sustained the views of the registrars of Milton to the effect that the statute which says that registration shall cease promptly at 10 o'clock is to be strickly interpreted. As a result Maude D. Kirkland and about 90 others, mostly women, will not vote at the town election.

Judge DeCourcy ruled that the hour of closing the registration fixed by statute is mandatory, and that no other course was open to the registrars on Feb. 21 but to stop registration, even though people were waiting in line at the time. He said that if the Legislature intended to authorize registrars to register after the hour of closing all who were ready to be registered at that time, it would have made a provision for this as it did for the closing hour of the polls at a caucus.

The court dismissed the petition for a writ of mandamus brought against the registrars.

LOVING FRIENDS MOURNED.

Many friends and relatives of Miss Elizabeth W. Pinel, daughter of Mr. and Mrs. Walter P. Pinel gathered at her late home, Saturday afternoon to pay their last respects to one who was held in high esteem.

The floral tributes which were many and beautiful were a symbol of Miss Elizabeths great love for nature.

Although a sufferer for several years she never failed to keep courageous and try to say a word or send a token to cheer her fellow sufferers.

The funeral services were conducted by Mr. John B. Rileigh of the Christadelphian church of Boston.

The bearers were Messrs. Harrison L. Marinel and James E. Bewley of Lowell, Messrs. John and Joseph Pinel, (cousins of the deceased) and Messrs. Carl and William Cranshaw of Quincy. The interment was in the family lot at Mt. Wollaston cemetery.

WRIT IS GRANTED IN THAW'S BEHALF

Imprisoned Slayer Says He Has Regained Sanity

New York, March 3.—Another habeas corpus writ has been obtained in behalf of Harry K. Thaw, on the application of Charles Kennedy of this city. Supreme Court Justice Guy signed a writ directing the acting superintendent of the Matteawan state hospital for the criminal insane to produce the slayer of Stanford White before a justice of the supreme court in this city.

"Harry K. Thaw is at the present time," reads the application, "wholly sane and in complete possession of his mental faculties; his discharge will not be a menace to the community." It is signed by Thaw and his lawyer.

Thaw was committed to the asylum on Feb. 8, 1908; after the jury in his second trial had acquitted him on the ground that he was insane. His present contention is that he has recovered his sanity.

GENERAL CASTRO

As Former Dictator of Venezuela Looked When In New York on Bail

© 1913, by American Press Association.

CASTRO READY TO START WAR

Planning Revolution In Venezuela, According to Exiles

SOMETHING TO HAPPEN SOON

Former Dictator Will Return to New York This Week—Great Activity In Rebel Juntas In Gulf States—Report of Heavy Shipment of Arms From Jacksonville, Fla.

New York, March 3.—Venezuelan exiles in this city, who insist that Cipriano Castro is plotting a revolution in his native country, are anxiously awaiting his return here this week. Castro reached Washington yesterday, where he will attend the inauguration of President Wilson.

When asked for his destination after the ceremonies he said, "Heaven," but added that he would be in New York this week.

General "El Mocho" Hernandez, a Venezuelan exile, issued a statement arraigning the policy of the United States toward the Latin American republics, and particularly toward the treatment of Castro.

Dr. Nicanor Bolet, another Venezuelan, said Castro would have proceeded from Cuba to Venezuela had his revolutionary plans been complete. He links the name of General Hernandez with that of Castro to show they are working together.

Advices from Jacksonville, Fla., and Mobile, Ala., say that six Central and South American republics are now on the verge of revolutions and there has been great activity in the rebel juntas in those two cities. Mysterious craft have been entering and leaving the harbors, and it is said 10,000 stands of arms have been shipped from Jacksonville within the last week.

The secret service operators are watching for the return from Havana of a vessel which, it is said, carried many revolutionary plotters.

Rev. Edison Clark Dead

Pittsfield, Mass., March 3.—Rev. Edison L. Clark of Dalton, formerly a Congregational minister and author of a number of well-known books, died yesterday afternoon.

For Postmaster of Portland

Washington, March 3.—President Taft has nominated Fred H. King to be a postmaster at Portland, Me.

The KITCHEN CUPBOARD

NUTRITIOUS LENTIL DISHES.

LENTILS may be served in many palatable forms. Dried or canned lentils are suitable for the following dishes; if dried lentils are used they should be soaked in clear, cold water overnight and in the morning drained and rinsed:

Boiled Lentils.—After the lentils have been soaked all night and then washed place them in a saucepan and cover with soft water. Bring them quickly to the boiling point and let them cook gently for about an hour. Then drain and cover with fresh water. Cook them this time until tender. Drain them and toss them in butter or a little cream, adding a seasoning of salt, pepper and a tiny onion. Serve them very hot and garnished with parsley. The onion may be fried in butter, the butter thickened to a very thin paste with flour and given a tang with a few drops of vinegar and thus forming a delicate sauce over the lentils. A little stock may be added if one desires a gravy.

Carefully Baked.

Lentil Loaf.—Take three cupfuls of stewed lentils to two cupfuls of cold boiled potatoes and a cupful of bread crumbs. Add to these a few celery leaves and run the whole through a vegetable or meat chopper. Season with salt, pepper and butter, shape into a loaf and bake in a buttered pan until it is well browned. Serve on a handsome platter on a bed of heart of lettuce leaves and with tomato sauce.

Succulent Viands.

Lentil Salad.—Take cold boiled lentils, drain them carefully and place on the ice to become very cold. Add one-eighth of their weight in tiny cooked onions and an equal amount of celery. Heap the salad in a mound on a platter, garnish with slices of beets cut in fancy shapes and cover with a boiled salad dressing.

Creamed Lentils.—Take a pint of lentils, boil, drain and add a cupful of cream sauce. To make the sauce take a tablespoonful of butter and put it into a saucepan. Melt it and add a teaspoonful of onion juice and a tablespoonful of flour. Stir these together and add very slowly a cup of cold milk, stirring the sauce until it is creamy and smooth. Then mix in a teaspoonful of salt and a dash of pepper.

Anna Thompson.

ONLY ONE "BEST"

Quincy People Give Credit Where Credit is Due.

People of Quincy who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by willing testimony of Quincy people. Here's a case:

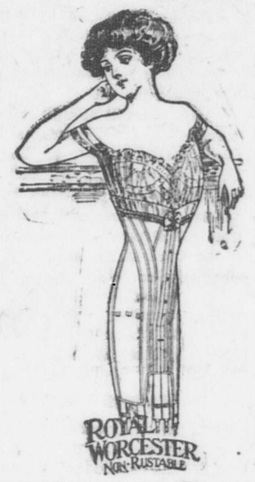

Charles J. Somers, barber, 17 Newcomb street, Quincy, Mass., says: "It is a pleasure for me to tell of my experience with Doan's Kidney Pills, for the benefit of other kidney sufferers. This remedy worked wonders in my case. Lame back and weak kidneys bothered me for ten years and nothing helped me until I procured Doan's Kidney Pills. The promptness with which this remedy cured me was astonishing. My strength and energy was restored and my health improved one hundred per cent. I shall always endorse Doan's Kidney Pills when I have the opportunity." (Statement given September 2nd 1908.)

LATER ENDORSEMENT.

Several years later Mr. Somers was interviewed and he said: "I am only too pleased to verify my former endorsement of Doan's Kidney Pills. I still take this remedy occasionally and it keeps me in good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

SUIT AGAINST LAWYERS

Widow Charges Two With Retaining $375,765 of Her Money

New York, March 3.—Mrs. Carolyn W. Frame, a wealthy widow of Riverside Drive, filed affidavits in the supreme court in a suit against Frederick P. Forster and Henry A. Forster, who were her husband's lawyers, to recover $375,765.

On property intrusted to the lawyers' care after her husband's death Mrs. Frame alleges the lawyers were to make all collections of any nature and to hold the moneys for her, turning them over to her on demand, and account for the condition of the estate from time to time.

The total amount of the collections made by the Forsters in the period they were employed by her as attorneys, her affidavit says, was $948,549. The amount the attorneys have failed to turn over to her, Mrs. Frame says, is the sum she is suing for, with interest. She alleges that they converted it to their own use.

MEXICANS ARE ROUTED

Four Killed In Battle With United States Soldiers at Douglas

El Paso, Tex., March 3.—In a running fight on the border near Douglas, Ariz., between Mexican soldiers and troopers of the Ninth United States cavalry, four Mexicans were killed. None of the American troopers was killed or wounded, according to advices received here.

Four American army officers are reported to have been fired on by forty regular Mexican soldiers patroling the border out of Auga Prieta, opposite Douglas. Sixteen of the negro troopers of the Ninth rushed to the place of the firing and a spirited skirmish ensued.

The Americans were holding their position at the international line when reinforced by two troops of the Ninth. The Mexicans were routed, leaving four killed on the field and others straggling through the brush wounded.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Take Hall's Family Pills for constipation.

BIDS GOODBYE TO PRINCETON

President-Elect on His Journey to National Capital

TRIP ARRANGED BY STUDENTS

Entire University Gathers at Station to Say Farewell and Cheer, While Five Hundred Make Trip to Washington as Official Escort—Entire Wilson Family at Supper on Eve of Departure—Bungalow Which They Have Occupied Is Dismantled

Princeton, N. J., March 3.—Woodrow Wilson today left the historic little town where he has lived for twenty-seven years, first as an undergraduate, then as a professor of politics, for ten years as president of the university, and finally as governor of New Jersey.

After a busy day of farewells, Mr. Wilson and his family departed at 11 a. m. today for Washington.

Symbolic of his long association with Princeton university, the trip to Washington is distinctly a Princeton affair. The president-elect and his family are the guests of the students, who engaged a special train for the trip. The students were so delighted that their former president accepted the inviation for the journey to the White House that they arranged every detail with the most minute attention. They even provided a baggage car to move the Wilson luggage.

Promptly at 10:45 a committee of the students called at the Wilson bungalow with three automobiles. At the station the entire student body of the university gathered to say farewell and cheer.

About 500 students were aboard the train, but the remainder went on later sections. Those who remained behind formed around the last car of the train and gave a Princeton cheer. They also sang "Old Nassau,'" typical of all Princeton farewells, as the train pulled away.

The president-elect and his family were busy packing most of Sunday. Mr. and Mrs. Wilson and Miss Jessie went to church early in the day, and there was an informal reception after the services. Almost the entire congregation crowded about the Wilsons, and there were many kisses for Mrs. Wilson and her daughter. They have lived in Princeton most of their lives and leave behind hundreds of intimate friends. The little Wilson bungalow was practically dismantled by nightfall, everything being packed away in nearly two score trunks.

For the first time in many weeks, the Wilson family circle was complete at supper last night. Miss Margaret Wilson, the eldest dughter, has been spending most of her time in New York studying music. Miss Jessie, the second daughter, has been actively interested in Y. W. C. A. and settlement work, while Miss Eleanor has been studying painting in Philadelphia. Rarely has the family been together on account of Wilson's frequent absences during the campaign and thereafter. All the young women will continue their respective pursuits, but will live at the White House constantly.

The presidential party consisted of the president-elect, his wife and their three daughters, Professor Stockton Axson, a brother of Mrs. Wilson; Fitzwilliam M. Woodrow and Miss Hazel Bones, both cousins of Mr. Wilson. At West Philadelphia, Mrs. Annie Howe, a sister of the president-elect, will join the party, escorted by Colonel Birch, personal aide to Wilson during his term as governor and now aide to Major General Wood for the inaugural parade.

The students have provided automobiles for the Wilson party, who will be taken immediately on their arrival in Washington to a hotel near the White House. Here there will be a Wilson family dinner at which about a score of relatives will be present.

Tomorrow morning the Princeton students will escort Wilson to the White House from the hotel, thus completing the final part of their duties as official escort. At the White House they will give a Princeton cheer for President Taft, Yale '78, and sing two verses of "Old Nassau."

CALL ON THE TAFTS

Will Be One of the Last Acts of Wilson as a Private Citizen

Washington, March 3.—Washington awaits the coming of Woodrow Wilson, next President of the United States.

Simple plans to welcome him this afternoon are ready and every detail is complete for the inauguration ceremonies and the attendant military and civic demonstration Tuesday.

No president-elect ever found the capital of the nation whose destinies he is to guide more brilliantly arrayed or more abundant with enthusiasm than Woodrow Wilson will find it this afternoon.

Flags and streamers from every staff and building will wave him welcome, and cheering thousands assembled in the spacious esplanade of the Union station approach and the streets through which he will be driven to his hotel will stir the patriotism of his heart.

One of Wilson's last acts as a private citizen will be to call, with Mrs. Wilson, upon the President of the United States and Mrs. Taft. Arrangements for this were made last night. The president-elect and Mrs. Wilson, soon after their arrival, will receive Colonel Cosby, chief aide to the president, who will escort them to the White House in the president's automobile.

President and Mrs. Taft will receive them in the Blue room, where ambassadors, chief justice and justices of the supreme court and visiting princes meet the chief executive of the nation.

All the military and naval aides to the president, in regalia of their office, will be present, but none of the cabinet will attend. The meeting, it is planned, will be brief, and the president-elect and Mrs. Wilson will return to their hotel to a family dinner.

President-elect Wilson and his family will arrive at the Union station at 3:45 o'clock this afternoon. With them in special trains will come students from Princeton university who will form a lane from the train shed to the president's room in the station, where the inaugural reception committee of senators, representatives and citizens will await the Wilson family.

The ceremony at the station will be brief. The president-elect and his family will then be driven to their hotel without military or other escort. The plan to have the Princeton students or the Essex troop of New Jersey follow to the hotel was abandoned.

Following their reception by President and Mrs. Taft, the Wilson family will dine privately with Joseph Wilson of Tennessee, brother of the president-elect, and John Wilson of Pennsylvania, his cousin, who will be host at the dinner. Later in the evening Mr. Wilson will be the guest at a smoker of the Princeton alumni. This will conclude his program for the day.

Visitors continue to pour into the city, special trains arriving every few minutes. Again last night the streets were ablaze with light and filled with gay throngs of people assembling to await the inaugural ceremonies and parade.

FIVE THOUSAND IN LINE

Washington Is Given Over Today to Pageant of Women

Washington, March 3.—Women are having a gala day in Washington today, a fete and pageant day to spur on the cause of equal franchise and to impress upon the minds of men who are to rule the government after March 4 their demand for an amendment to the constitution enfranchising women.

Plans for a suffrage procession had been made on a most elaborate scale, and 5000 women participated in the pageant, which moved up Pennsylvania avenue from Peace monument to the treasury building and then to Continental hall, where a monster suffrage meeting was held.

Interest in the preliminary events of the inauguration program of the suffragist demonstration has attracted thousands of women to Washington from all sections of the country, and many mass meetings were held yesterday and last night in different parts of the city.

Accompanying the procession today, which consisted of seven divisions, was an allegorical tableau on the steps of the treasury building in which was impersonated Columbia summoning to her side Justice, Charity, Liberty, Plenty, Peace and Hope. These, attended by groups of maidens, viewed the procession, after which they assembled and marched to the hall.

Mrs. Richard C. Burleson was grand marshal of the parade, and Miss Inez Milholland of New York its herald. Sections of the parade represented the progress and meaning of the suffrage movement.

THREE PLACES UNFILLED

Brandeis Will Not Hold Portfolio in the Wilson Cabinet

New York, March 3.—Congressman William C. Redfield of Brooklyn will be secretary of commerce in the Wilson cabinet. Louis D. Brandeis of Boston, whose name has been mentioned for this post, will not be in the new cabinet.

This information was received from an authoritative source in Trenton.

Three places in the new cabinet—the portfolios of war, interior and agriculture—still are under consideration by President-elect Wilson. Only he himself and one other person know the names of the men to be sent to the senate for confirmation for these three places.

Aviator Falls to Death

Vierzon, France, March 3.—Lieutenant Poreau was killed here when the aeroplane in which he was making a flight crashed to the ground.

Salary of $8500 Too Small

Jersey City, N. J., March 3.—The reason assigned by Judge John J. Treacy for resigning as judge of the court of errors and appeals is that his salary of $8500 a year was too small. He will practice law.

PUBLIC FORCED TO FOOT BILL

Paid $13,450,000 For Settlement of Coal Strike Last Year

MINERS GOT $4,000,000 RAISE

Balance of $9,450,000 Pocketed by Operators—Average Increase in Wholesale Price Twenty-Six Cents a Ton—Anthracite Coal Facts Disclosed by United State Inquiry

Washington, March 3.—Hard coal companies increased the wages of their employes by $4,000,000 after the strike agreement of last May and increased the price of anthracite to consumers by $13,450,000, according to a report based on an investigation by the bureau of labor submitted to the house.

The report submitted by Secretary Nagel is the result of an investigation conducted in response to a house resolution asking for the "elements of cost and profit included in the present high price of anthracite."

An average increase of 26 cents a ton in wholesale coal prices was discovered to have been made since the strike agreement of last May.

Coal for domestic use increased a fraction over 31 cents a ton, that on pea coal and the smaller steam sizes 16 cents a ton.

Of the more than $13,000,000 gained by the operators after the strike agreement, $10,900,000 was derived from a general increase in prices, and about $2,550,000 from the suspension of April and May discounts, while in addition a limited number of operators are reported to have "received very large sums through the sale of coal at premiums made possible by the shortage of shipments" incident to the strike.

The discounts of 40 and 50 cents a ton customarily allowed in April and May on domestic sized coal were suspended during these months in 1912. As a result the operators not only gained by saving this discount, says the report, but in addition purchasers who were unable to secure their usual supply in those months were forced to buy it during June, July or August, when discount rates were smaller, or in September and later when full circular prices are charged.

The increase in wages, the report adds, represents a raise of only 8 to 10 cents a ton in the cost of coal production.

The report does not estimate how much more the public paid for its coal last year than if 1911 rates had prevailed, although it says the increase in wholesale prices affected retail prices directly and that in all communities these advances were felt. The retail increases averaged 25 cents a ton on stove and 40 to 50 cents on chestnut coal.

In New York, Philadelphia and Washington retail advances "corresponded closely with the advances in the circular prices" of the operators. In some places, however, the advances were much more pronounced and the report cites Springfield, Mass., and Manchester, N. H., where it was approximately $1.50 a ton, and Boston and New Haven, where it was 50 cents.

The retail dealers, it says, benefited very unequally from the price advances. Whether these increases were reasonable must be determined, the report adds, for individual communities.

The report shows that the coal companies affected by the supreme court decision of last December had until then a still further advantage, in that their contracts with independent companies by which they secured domestic coal at 65 percent of tide water prices were not disturbed when the price of coal was increased in June.

While the so-called independent operators paid their miners the same increases in wages as the larger coal companies, they got only 65 percent of the price raise, while 35 percent of it, or 8.75 cents a ton, went to the big companies.

The report shows that all the operators, most of the dealers and the miners, all gained by the increase following the wage agreement, and that the consuming public alone paid higher prices without any compensation.

ALLEGED BRIBE TAKER

Oklahoma Insurance Head Impeached and Under Indictment

Oklahoma City, March 3.—State Insurance Commissioner Perry A. Ballard has been impeached by the Oklahoma house of representatives and indicted by the grand jury here on the charge of accepting a bribe.

It is charged Ballard, in consideration of $200, waived the usual legal formalities in issuing a permit to an Oklahoma life insurance company to transact business. He was released under bond of $1000.

Convicted of Killing Husband

Providence, March 3.—Mrs. Agnes Nadeau was convicted by a jury in the superior court of killing her husband, Thomas. Mrs. Nadeau is 51 years old and the mother of ten children.

MRS. FRANCES P. NOYES

Mrs. Noyes, a society woman of New York and Washington, will pose in the tableaux on the treasury building steps in Washington on March 3.

UNRESERVEDLY IN HANDS OF POWERS

Turkey Wants Them to Settle Balkan War as Best They Can

London, March 3.—The Turkish government has definitely abandoned its prohibitive stipulations in bringing about a cessation of hostilities, and has placed the Ottoman cause unreservedly in the hands of the European powers, with a request to conclude peace as advantageously as possible for Turkish interests.

Unless, as so often has been the case heretofore, Turkey again changes her mind before the negotiations can be brought to fruition, it is the opinion in official quarters here that direct peace negotiations will be resumed speedily, with every prospect of an early settlement and an end of the war in the Balkans.

CHARGES AGAINST KEEFE

Taft Will Leave Them For His Successor to Deal With

Washington, March 3.—President Taft will take no action upon Secretary Nagel's report recommending that the resignation of Daniel J. Keefe, commissioner general of immigration, be demanded. The secretary's report alleged that Keefe accepted free transportation for himself and family from railroads and steamships.

The secretary took the allegations to the president because Keefe necessarily deals with railroads and steamships in his official capacity. The president decided not to act on the situation in the dying days of his administration, but to leave it for Woodrow Wilson.

ROLL OF $43,500 GONE

Uncertainty as to Whether Woman Lost It or Was Robbed

Chicago, March 3.—Mrs. Mabel Mills, wife of a wealthy landowner of San Antonio, Tex., is under the care of physicians at an Evanston, Ills., hospital, after either having lost or been robbed of about $43,500 in cash in that city Saturday night.

Mrs. Mills is suffering from a wound on the back of her head, but is uncertain whether she was felled by a blow and robbed, or whether she fainted and sustained the injury by a fall to the sidewalk.

KINGSBURY WON THE RACE

Captured Relay Event By Wonderful Sprint

WHEN ALL SEEMED LOST

The Quincy High school relay team defeated Natick High and Wellesley High at the school boy games in Mechanic building, Saturday afternoon by a very close finish.

On the toss up, Natick got the pole. Quincy second and Wellesley on the outside.

The first Natick man Doon outsprinted Prout of Quincy and took the lead with C. D. Carey of Wellesley in the rear. Prout handed over an eight-yard loss to Larkin, who sprinted and caught Howard of Natick only to loose a little on the first lap, but made it up at the beginning of the second and handed over a six ward loss to Andrews of Quincy Wellesley was in the rear and was practically out of the race as they were running with sneakers on and slipping. Andrews with his wonderful stride soon cut down the lead Grady of Natick had and handed a three yard loss over to Captain Kingsbury who was determined to win, he gained on Welch of Natick in the first lap and at the beginning of the second lap both started their sprint to the finish Welch, was leading up to the last forty yards and Kingsbury let out his final burst of speed and overtook him ten yards from the finish and won by two feet. The time was 2 minutes and 11 1-5 seconds.

The Quincy team did remarkably well considering that they have not had a single practice together and deserve a lot of credit for winning.

The B. A. A. relay team of which T. Marceau is a member beat Dartmouth at the New England Interscholastic meet in a special race of 3120 yards. The attempt to lower the Harvard record of 7m 11 2-5 sec. was successful, the winners making the fast time of 6m. 59 sec. and a new world's record. On the Dartmouth team was Franz Marceau of Wollaston, a brother of Eugene of the winners.

BRIEFS

John E. Parker is seriously ill at his home 48 Washington street.

Mrs. John Thomas of Standish avenue is confined to her home by sickness.

The George L. Gill club holds a whist party in I. O. O. F. hall, Adams building, Friday afternoon.

The ladies of the Quincy Riverside club are to hold a whist party at the clubhouse Wednesday afternoon.

Miss Rena Piola of Copeland street has been confined to her home with bronchitis.

Richard Barry, West street is gradually recovering, following an operation for appendicitis performed at the Carney Hospital, Boston, recently.

Mrs. E. E. Field returned to her home on Hancock street today after a three weeks' visit with her daughter at Portland, Maine.

H. Sarkin & Co., of Hancock street, have rented the premises formerly occupied by Abbott & Miller's express office on Washington street.

Henry L. Porter who has been confined to his home on South street, the past few weeks is convalescing and hopes to return to his duties next week.

Mr. and Mrs. Harry Lombard and son who have been in this city the past four months return this week to their summer home at Mebbybemps, Maine.

At a special meeting of the Quincy Lodge, Loyal Order of Moose, Sunday it was voted to refer the matter of permanent headquarters to a special committee.

Mrs. John G. Thomas of Standish avenue, Wollaston who has been indisposed for some time, is on the road to recovery which will be very gratifying to her friends.

The Quincy Whist club met with Mrs. Alva T. Beede on Appleton street for whist Friday afternoon and a very pleasant time was enjoyed by all. The club was sorry to hear of the illness of one of its members Mrs. John Thomas of Standish avenue, Wollaston and voted to send her flowers. The next meeting will be held with Mrs. Smith in Quincy, March 14.

W. L. Hubbard of the Boston Opera house is having a busy season with his opera talks. Today he speaks before the Andover Woman's club and the Maugus club, Wellesley Hills; Tuesday Jamaica Plain and Roslindale; Wednesday Quincy Women's club and Social club of the Church of Disciples, Boston. The Quincy lecture is at 3 P. M. at the clubhouse and is free to the public.

FRACTURE OF THE SKULL

Sustained By Mrs. Frances E. Hodge at Her Home

SHE FELL DOWN STAIRS

Mrs. Frances E. Hodge, received a fractured skull Saturday evening by falling down stairs in her home, Ellerton road, Bigelow park. She was treated by Dr. J. T Reynolds and taken to the Quincy City Hospital in Halls ambulance. She was unconscious until about six o'clock Sunday evening when she showed faint signs of consciousness. She is doing as well today as could be expected.

HENRY A. THAYER DEAD IN MAINE

Had Lived in the Woods in Search of Health

Henry Augustus Thayer, oldest son of Mrs. Henry Strong Thayer of Washington street, Braintree, died in Cherryfield, Me., Saturday, after a long fight against ill health, aged 40 years. The news of his death reached Braintree Saturday evening. For about nine years he had been living the simple life in the Maine woods in the hopes of regaining his health.

Mr. Thayer spent a winter living in a log cabin 20 miles from the nearest Postoffice. He hunted and fished and in a year seemed as well as he ever had been. The life in the woods appealed to him and he established a sporting camp at Tunk Pond, about 10 miles out of Cherryfield. It quickly became a favorite resort of sportsmen, and, in a neighborhood full of skilled hunters, Mr. Thayer became noted as an expert. He achieved a reputation for ability to travel long distances, either afoot or on snowshoes, without fatigue, and to handle a canoe.

Two years ago his own private cabin at the camp caught fire in the dead of night when the temperature was 20 degrees below zero. Mr. Thayer was fortunate in escaping with his life. With little or no clothing to protect him, he made his way through the deep snow five miles to the nearest house, but the exposure impaired his health again. A year ago he began to fail and was very feble all last summer.

In the Fall he went into the deep woods again, but contracted a severe cold recently and passed on after a brief illness.

Mr. Thayer was a native of Braintree. He was an alumnus of the High School and Thayer Academy, an ardent lover of all forms of sport and a large factor in the organization of the Braintree Golf Club. He is survived by his mother, a brother and two sisters.

BRIEFS

Daniel McLaughlin of Kent street arrived Sunday from New York.

Miss Reta Hunter of Forest Avenue is very ill at her home with pneumonia.

—To prevent defacement of United States money, such as is done in sending unwrapped coins by parcel post, the post office department at Washington, D. C., is said by Spokane, Wash., officials to be preparing an order forbidding attaching stamps to money. The order is expected to issue next week. The order is caused partly by the fact that a Spokane man recently sent an unwrapped silver dollar by parcel post with the address pasted on one side of the coin and a one-cent parcel post stamp on the other.

McDEVITT NAMES MEN

(Continued from Page One.)

Before allowing Representative Buckley to testify the committee tried to get from Senator McDevitt more information concerning the speech at Wollaston.

The Senator said the story which appeared in the paper was essentially correct. He said however he did not use the word "representative," and that he did not wish to insinuate that there was anything wrong in any conversation he had. He was asked if he had any corroboration and he said the gentlemen that put the piece or article in the Boston Journal went home with him from Wollaston and that there was also another reporter with him.

"We went to my office and it was there that the man wrote the story, saying he was going to send it in. I told him that whatever he did to be very careful in the wording. He insisted that I had used the word "representative" and I said I did not use that word and told him not to use that word in his story."

Senator McDevitt was questioned and cross-questioned and he claimed the man who approached him in Horticultural hall was Fred Burr of Quincy, but the committee failed to get from McDevitt any conection with Burrs conversation with the matter in question. The name Fred Burr does not appear in the Quincy directory.

The committee will go on again this afternoon, perhaps in executive session and Attorney Vahey, the two reporters mentioned, Senator McDevitt and Representative Buckley are requested to attend.

It became known this morning that City Solicitor McAnarney did not continue in the case. When interviewed this morning he said "In consequence of an interview that I had this morning with Senator McDevitt, I felt that I could not act any longer as counsel in the mater. Therefor Senator McDevitt has retained, I believe, James H. Vahey."

It is understood that Senator McDevitt has been reported as making statements along the same line as his Wollaston speech at another gathering in this city, some time ago and in consequence of this officer James Whalen of the police department has been summond to appear before the committe on ruls this afternoon.

AT ALL-NIGHT SESSION

Deficiency Bill Carrying Almost $30,000,000 Passed by Senate

Washington, March 3.—The senate passed the general deficiency appropriation bill, the last of the great supply bills to be acted upon by that body, at 1:45 Sunday morning.

A number of amendments were made, one of them appropriating $500,000 to carry into effect the railroad physical valuation bill which became a law Saturday. The deficiency bill carries almost $30.000.000.

OF ORANGE-OUTANG TYPE

Professor Declares Prehistoric New Englanders Were Cannibals

Boston, March 3.—That New England's prehistoric man was a cannibal and of the orang-outang type is the contention of Harvey W. Shimer, assistant professor of paleontology at the Massachusetts Institute of Technology.

Professor Shimer has unearthed strange utensils and remains in a shell mound at Ipswich which show that the earliest type there dwelt from 3000 to 5000 and perhaps 10,000 years ago, less than forty miles from the heart of Boston.

At Ipswich, also, pieces of broken bones of a human victim that, Shimer declares, was undoubtedly being sacrificed to gratify a cannibal appetite, were found.

A Punster Punished

By F. A. MITCHEL

There are misfortunes and misfortunes. It is a misfortune to be dumped into an ocean from a steamer leaving you at the rate of twenty knots an hour, but you are very soon either saved or your troubles are ended. I suffer under a misfortune that began with my birth, was added to at my baptism and has been endured ever since. My father's name was John Darling. If he had named me John for himself one-half my life's sufferings would have been avoided, but my mother's family name was Rosedale, and I was given that surname. I presume I should remember my parents with reverence and affection. As for the latter, so I do, but how can one revere a pair of intellects which even combined were too stupid not to foresee that I, as boy and man, would be Rose Darling?

The trouble began when I first went to school, the boys suggesting that I be classed with the girls. When I grew older and joined a musical club I was asked if I sang soprano or contralto. I was called Rosie Dear, Darling Rose—indeed, every play upon my name that could be invented.

Foreseeing that a manly part in life was needed to help me to throw off this suggestion of effeminacy, I determined to become a soldier. I applied to the congressman of my district. He told me that he had given out his appointments, but I saw from the amused expression on his face that he would not think of recommending a boy with such a name. I walked away to the nearest recruiting station and enlisted.

I knew what I had to expect from my comrades, and I was not disappointed. I was soon given the soubriquet of "Sweetheart" and, except officially, was never called anything else. I bore it stoically. When addressed as "Sweetheart" or "Rosie Dear" I did not complain, taking it as a matter of course—that is, pretending to do so, though every time I was thus addressed it was like a stab.

I resolved to be the best soldier in my company, and I was. Notwithstanding my incubus I was promoted to be corporal, then sergeant and finally orderly sergeant. When I reached the highest noncommissioned office in my company I secured an advantage. It enabled me when on duty to compel the men to address me by my right name. I permitted them to call me what they liked unofficially, but the moment one of them did so upon any official occasion I brought him up with a round turn. This gradually killed the habit.

My service in the ranks was during the last Indian troubles, and in a fight that occurred in attempting to drive a tribe of redskins back on to their reservation I, preferring to die rather than not gain something by which to balance the disadvantage of the name under which I lived, fought regardless of danger. The result was that when we got back to the fort the colonel commanding sent for me, complimented me and told me that he had recommended me for a commission. He knew me as Sergeant Darling. Darling by itself is not a very bad name, and I hoped that when I came to associate with the commissioned officers I should gain a respite. I would be Mr. Darling, and when I came to the next grade above I would be Captain Darling. Then I would get rid of the "Rosie Dear" and all that.

But I was doomed to disappointment. I found that the higher I rose the more ambitious were my associates. Ambition takes many forms. The ambition of the stupidest persons seems to be to crack a joke. And the stupider the person the more reliant he is upon an opportunity. When a few weeks later the colonel sent for me to hand me my commission I found him looking at the parchment with a smile hovering about his lips. With a twinkle in his eye he said half musingly.

"Rosedale Darling. Rose Darling Ha ha! Mr. Rose Darling, I am pleased to greet you among the commissioned officers of the army. I dare say you will be very dear to the ladies of the garrison."

"Thank you, colonel," I said, forcing a smile. "That's a very good pun of yours. How did you happen to think of it?"

"Oh, it's in the name—Rose Darling. Darling Rose, Rose Dear, see?"

"Upon my word," I replied, my face lighting up with assumed surprise and admiration. "Excellent! I wonder no one ever thought of it before."

"Haven't they?" His own face reflecting the pleasure in mine. "Well, I suppose it's my sense of humor."

Then and there I resolved that I would make a bold stroke for revenge upon him for indulging in that humor. I had often seen a pretty girl of seventeen at guard mounting or dress parade whom I had been told was the colonel's daughter. I laid siege to her heart and after a struggle won her, though the colonel tried to head me off by trumping up charges against me. I was tried and acquitted, and I married the girl. Since then every time a (Darling) child is born to me I feel that I am giving my humorous father-in-law a new stab. I have at times been tempted to lay an incubus on one of my own boys by naming him for myself in order to be able to gloat the more over the old fool who thought he was the first man to pun on my name.

UNION CHAPEL EASY VICTIMS

Of F. P. Church Boys in Sunday School League

WOLLASTON FORFEITED

The First Presbyterians easily beat the Union Chapel in the Sunday school basket ball league in the Y. M. C. A. gym Saturday afternoon, 31 to 4. Acorn did all the work for the losers.

The Wollaston Baptist forfeited to the Christ Church team. The summary:

First Presbyterian	Union Chapel
Falconer rf	lb Acorn
McLeod lf	rb Osterman
Matheson lf	
Marini c	cBurnham
Summers rb	lf LeCain
Cummings lb	rf West

Score, First Presbyterian 31, Union Chapel 4. Goals from floor, Falconer 6, Matheson 4, Marini, Cummings 4. Acorn. Goals from fouls, Matheson, Acorn 2. Referee, LaRose,

HEPTASOPH LEAGUE.

The six teams of the Heptasophs bowling league are all making good pinfall totals. Team C comfortably leads with 42 won and 14 lost. They all lead in the pinfall. The standing:

	Won	Lost	Pinfall
Team C	42	14	17.298
Team D	31	25	16.956
Team A	27	29	16.590
Team E	24	32	16.826
Team B	22	34	16.591
Team F	22	34	16.628

WEBB BILL REPASSED

Liquor Measure Becomes Law by Action of the House

Washington, March 3.—By a vote of 244 to 95 the house repassed over the president's veto the Webb bill prohibiting shipments of intoxicating liquors into "dry" states. The senate passed it over the veto Friday night by a wide margin over the necessary two-thirds, and the bill now becomes law.

President Taft based his veto almost entirely upon the ground that the bill was unconstitutional in that it virtually delegated to the states control of interstate traffic in liquor, when, he held, that control is vested solely in congress. Attorney General Wickersham had given an opinion also holding the bill unconstitutional.

Supporters of the bill say it will make effective the prohibition laws of "dry" states, which, they say, now are violated because intoxicants are shipped in to private individuals, and have the effect of nullifying the local laws.

BRYCE REPLIES TO KNOX

Suggests Arbitration of Any Differences Over Panama Canal

Washington, March 3.—Great Britain, through Ambassador Bryce, has replied to the contention of this government that it has a right to pass its own vessels through the Panama canal free of tolls. The reply is brief, as the present government is soon to go out of office and the British government has not time to formulate complete answer to all the arguments of Secretary Knox.

Ambassador Bryce, for his government, holds there is as yet no reason for complaint by Great Britain, because no acts have yet been committed which can give rise to a complaint. He urges that the questions likely to arise be submitted to arbitration before the completion of the canal.

Bryce says Great Britain objects to the law passed by congress, on the ground that it does not give all nations an assurance of equitable treatment.

POPULARITY OF DIAZ

Attested by Great Ovation to Him at Mexico City Bull Ring

Mexico City, March 3.—General Felix Diaz was accorded a great ovation yesterday afternoon at the bull ring, the first performance of the matadors' sport since before the bombardment of the capital.

Ten thousand spectators stood and cheered lustily when Diaz entered a box in the arena, attended only by his secretary, chief of staff, and a few friends, and the hero of the revolution was forced to rise time and again to acknowledge the demonstration.

At noon President Huerta, General Diaz, General Mondragon and General Blanquet stood on the balcony of the national palace and reviewed the parade organized by the Felix Diaz club in honor of the men who were most closely identified with the recent revolt.

Several thousand persons paraded through the principal streets.

ROUGH PLAYING DID NOT AVAIL

Lawrence Y. M. C. A. Unable to Land on Quincy

MELVILLE'S LIP SPLIT

In one of the roughest and dirtiest played games of the season the Quincy Y. M. C. A. defeated the Lawrence team at Lawrence on Saturday night. The Lawrence boys were evidently out for revenge in every way possible for their overwhelming defeat here at Quincy when they were swamped.

Body checking, tripping, hacking and in the latter part of the game, slugging was common. The Quincy players played clean ball throughout, for it was a question of fighting and losing, or playing ball and winning and the team chose the latter. The official was a man who had been a physical director for 19 years but who has not kept in touch with the game, and it was owing to his laxity that the game got away from his control. Jack Melville was the unfortunate Quincy player who had to bear the lion's share of injuries, which were received about the middle of the second half. "Jack" had shut out his opponant in the first half of the contest and evidently the new man was out for trouble, for he started his rough tactics immediately the whistle blew. After about 10 minutes of play Melville was seen to arise from the floor with a bad gash over the left eye and a split lip. He was compelled to leave the game and Price was substituted. The Lawrence Y. M. C. A. physician took a couple of stitches in the cut but advised Jack to see his own doctor at once. When the team arrived at Quincy, Dr. Diehl was routed out of a cozy sleep and worked over the injured man until 2.00 in the morning. Jack feels O. K. this morning and is on the job in fine shape.

Owing to the roughness team play was not much in evidence until the Quincy lads became accustomed to the style of game. Then Parker, Rich and Trask pulled off some "serial plays" which brought down the house. Rich was high score man with 6 goals, closely followed by Parker with 5. Trask's man held him so closely and checked him so much that he was unable to get away after the tip off. Price also did god work when he went in, getting one dandy goal.

It is probable that Quincy will not meet Lawrence again until several changes are made in the line up of the latter's team. Mr. Gay who was formerly secretary here at Quincy, was confined at home on account of illness, and no doubt the game would have been handled much cleaner if he had been present.

One reason advanced by the Lawrence players for their roughness, was that they had defeated Cambridge, Newton, Brockton and Boston and wanted to keep up the record.

The summary:

Quincy Y. M. C. A.	Lawrence Y.M.C.A
Rich rf	lb O. Smith
Parker lf	rb Watson
Price lf	
Trask c	c Wilson
	c J. W. SMITH
Kenn rb	lf Goundrey
	lf Saalfrank
Melville lb	rf Taylor
Parker lb	rf Wilson

Score, Quincy Y. M. C. A. 35, Lawrence Y. M. C. A. 26. Goals from floor, Rich 6, Parker 5, Trask 3, Price, Wilson 5, O. Smith 3, Watson, J. W. Smith Saalfrank. Goals from fouls Trask 4, Parker, Watson 4. Referee Fox. Time, 20m periods.

CITY LEAGUE STANDING.

The Cranch team is easily leading in the City League. The total pinfall is credited to the Melon Chopee team which is in second place. The Manets athough starting the season with a rush quickly dropped to last position.

R. Olsen has the high league single of 117 and Stewart has best total of 295. The standing:

CITY LEAGUE.

	Won	Lost	P.F.
Cranch	26	2	7812
Granites	18	10	7644
Melon Chopee	15	13	8744
Gilt Edge	12	16	6794
Quincy Adams	7	17	6079
Manets	4	16	5194

WILSON TAKES THE OATH

RUSSIAN GIRL NAMED PARASKA VICTIM OF MYSTERIOUS SHOOTING

Affair Occurred in the Room of Klem Kittick a Russian Employed by Perry Green

Woman on Dangerous List at Hospital--Companion Held as Material Witness

A Russian girl whose name is supposed to be Paraska is unconscious and in a dangerous condition at the City Hospital with a bullet hole in her side, suppposed to have been self inflicted while her companion who says his name is Klem Kittick, also a Russian is held by the police as a witness. The shooting occurred early thsi morning at the house of Perry Green where the girl was visiting Kittick, who is employed by Green.

About 9 o'clock a call was received by the police to send the ambulance to the residence of Mr. Green near the Fore River plant on what was supposed to have been an accident case. One of the tires on the automobile blew out on the way to the scene and it was some time before it arrived and the girl was bundled into the ambulance and taken to the City Hospital. Although unconscious, Dr. Blanchard of the Fore River Red Cross hospital who attended her said it is not necessarily a dangerous wound.

From what the police could learn through interviewing Kittick through an interpreter it appears that he first met the girl at the American Fertilizer Works at North Weymouth, a few days ago and that he took her to Boston. Monday night the girl came to Quincy. She was supposed to be a relative of Kittick and nothing strange was thought of her visit by Mr. Green.

Kittick's story to the police is that this morning while shaving himself he heard a shot fired and turned about to where the girl was with a blanket wrapped about her. On his inquiry as to what the trouble was she only smiled. He then drew back the blanket and was horrified to find her clothing saturated with blood which was flowing from a bullet wound in her side.

Word was sent to the Red Cross Hospital on the Fore River grounds and Dr. W. R. Blanchard responded. A call was also sent to Dr. W. J. Middleton who also assisted in dressing the wound. They found a bullet hole in her left breast but although it was bleeding freely the bullet had evidently missed the heart at which the revolver was aimed.

At the hospital this noon it was said that she had been operated upon to remove the bullet and that her condition was such that her name had ben placed on the dangerous list.

The revolver is an old fashioned Russian revolver 38 calibre and contained one empty shell. It was claimed that while the girl had plenty of ammunition for the gun that she never kept it loaded and that she must have placed the cartridge in it just before she fired the shot.

Kittick is also alleged to have told the police that the girl was married but did not live with her husband who was in Russia and that he had only known her several weeks. He is being held by the police to await the outcome of her injuries.

McDEVITT ENTANGLED IN MESHES OF CONTRADICTORY STATEMENTS

Representative Leslie and Frank J. Shay Pay Their Respects to the Duke in Most Approved Style

Counsel Vahey Even Fails to Appear at End of Hearing and Newspaper Man Directly Contradicted the Senator

(Special to the Ledger.)

State House, Boston, Mar. 4—The joint committee on rules decided today not to call for a further investigation of the statements made by Senator John J. McDevitt which had been construed as alleged bribery material.

The committee went into executive session this afternoon and later issued a lengthy statement in which all the evidence in the McDevitt case was reviewed. This drops the matter so far as the committee goes. It is now up to the house and senate.

Leading up to Mondays's hearing the statement says "a meeting therefore was held Monday, March 3 and Senator McDevitt accompanied by counsel appeared before the committee and stated in substance that he repudiated his written statement to the committee on Feb. 27. He then states that he had been approached in the Senate corridor by Representative Buckley of Boston whom he had not known before and that Representative Buckley called his attention to a particular measure and used the words $300 in it for you. He said he didnotconsider that he had offered a bribe.

"Ppon being questioned McDevitt said that he had known Buckley for sometime and that he had joined with him in a petition filed in the legislature and in many other ways contradicted his previous statement to the committee.

Representative Buckley appeared and absolutely denied that he ever offered $300 to McDevitt, that the words had never passed his lips. He also told the committee that McDevitt knew him better than any other man in the legislature.

The conclusion says, "the issue as to the truth was clearly drawn between the accusation of McDevitt and the denial of Buckley and in the absence of other evidence your committee has reached the conclusion that the statements of McDevitt were so vague, so conflicting, so absolutely contradictory and inconsistent as to make all that he has said seem to be without foundation in fact and unworthy of any further consideration.

"Your committee is compelled to conclude that the statements of Senator McDevitt both upon the public platform at Quincy and before the committee were untrue."

The sentiment at the state house this morning is divided. Some are loudly calling for the expulsion of Senator McDevitt while others anxiously awaiting a quashing of further controversey. The friends of Representative Buckley who was exonerated of all charges against him are highly incensed at the way his name was dragged into the matter. They resent McDevitt's denial of Buckley's acquaintance and keenly feel the unsought publicity obtained for Representative Buckley through the attitude of the Quincy man.

Representative John H. Buckley of Neponset has been completely exonerated of any wrong doing in connection with his alleged conversations with John J. McDevitt of Quincy. John J. McDevitt furnished a fine period of amusement for the committee on rules and others at the State House, Tuesday, completely contradicted himself time and time again as to statements he had made, in various places and even put himself on record as desiring to repudiate a statement made by him before the committee at the first hearing of this remarkable legislative burlesque.

While Mr. Buckley has been given a clean bill of health, and evidently deservedly so, by his colleagues, the incident is not closed here but further developments of a richer and more lasting kind may come up at any minute. What is to be done with McDevitt seems to be the prevailing question at the present time.

There is some talk of the legislature reprimanding him severely, while others even suggest a more drastic treatment. He might resign. What effect this incident will have on John J. McDevitt is problematical, but of one thing certain, the results of this affair will be a fine warning to members of the legislature in the future to be more guarded in their statements, and especially so far as they bear upon the honor and integrity of their fellow members.

The hearing yesterday was the most remarkable in many instances of any that has been held at the State House for years. Senator McDevitt, was grilled, roasted, turned over and grilled again on the iron of legislative probing. He contradicted himself many times and on this occasion solemnly announced many times that he was speaking conscientiously.

The case was remarkable in many ways. Three lawyers were prevailed upon to interest themselves in McDevitt's case. Two retired owing to circumstances which had come under their observation and the last counsel did not think his presence was necessary in the committee room, during the closing moments of the session yesterday.

The story of the committee proceedings, Monday at the first session, were presented to the readers of the legislature in a good story from the State House representative. Later several witnesses from Quincy were called and examined and McDevitt came in for some more grilling.

The cross examination of McDevitt on the $300 matter was continued.

Representative Tufts—"Did you at Quincy say anything about having been offered $300 by a Representative from Boston?"

Senator McDevitt—"I said here only about a week ago I was approached in the Senate parlor by a man—"

Representative Thomas W. White here interposed that Representative John H. Buckley of Ward 24 should be present and that he should have an opportunity to see the stenographer's notes as to all Senator McDevitt had said concerning him.

Mr. Buckley was invited to attend by a unanimous vote and when he appeared he said: "I would like to have the opportunity to reply to this man."

Pres. Greenwood said: "You shall have that opportunity."

Representative Cox asked Mr. McDevitt: "Do you now recognize this gentleman as the man who offered you a bribe?"

Senator McDevitt: "This is the man I talked with."

By Representative Tufts—Did you say at Quincy what is reported in the paper?"

Senator McDevitt said: "As to the word Representative, speaking conscientiously, I can say that the word Representative was used.

"I don't wish to insinuate," he continued, "that there was anything wrong in it. I am accusing no member of this Legislature. The gentleman who put the piece in the paper went home with me on the car. My office is below him. Three of us were there.

"The man who wrote the story said he was going to send it in. I said, whatever you do, be very careful.' He said, you used the word "Representative."' I said, I did not, don't you dare put that word in."

The other man, McDevitt said, was also a reporter, for another Boston paper. It took some time for the committee to get out of Senator McDevitt's office.

RECEIPTS FROM SOME SOURCES

City Auditor Presents Figures of Interest

TO VOTERS OF THE CITY

City Auditor Fairbanks reports the receipts for water, sewer assessments sewer house connections and taxes for the first two months of the year to have been as follows, the figures being given in comparison with the years 1912 and 1911.

WATER.	
1911	$42,977.57
1912	41,528.94
1913	39,569.56
SEWER ASSESSMENTS	
1911	$2,984.29
1912	3,489.02
1913	1,861.82
SEWER HOUSE CONNECTIONS.	
1911	$928.76
1912	953.17
1913	1,201.82
TAXES.	
1911	$94,492.14
1912	72,157.17
1913	75,614.44

ANNUAL PARTY.

The eleventh annual concert and ball of the Quincy division of the Street Railway Employees' Benefit Association is announced for Friday evening, March 28. As usual the affair will be held at Music hall and judging from other years will be a social success.

COUNCIL FRITTERS AWAY TIME ON LIGHT TRIVIAL MATTERS

Houghs Neck Allowed $20,000 For a Standpipe Without a Murmur

Councilman Cunningham Makes Effort to Change the Existing Rules

Although the City Council remained in session Monday night until the clock struck 11, the budget was not reached. Much valuable time was lost during the early part of the evening over a question raised by Councilman Cunningham, over the passage of the order at the last meeting transferring $271.41 from the Excess and Deficiency Fund to the appropriation for contagious diseases of the Board of Health, and it was 9.30 before this matter was disposed of.

(Continued on Page Two.)

CAPT. JOHN. T. MURPHY.

The funeral of John T. Murphy, captain of ladder one of the Quincy Fire Department, who died from apoplexy at the Quincy City Hospital shortly after his arrival Sunday noon was held this morning from his home 21 Brooks avenue.

A large delegation of the Quincy Firemen's Relief Association, with Chief Amos L. Litchfield attended. Representatives of Div. 4 and 5, A. O. H., Ex-Chief Peter J. Williams and Councilman Charles A. Ross were present.

A high mass of requiem was celebrated at St. John's church by Rev. Fr. John J. Casey with music under the direction of John Mahon, organist. The regular choir sang the Gregorian chant assisted by Miss Eva Rice and Mrs. Mary Burns King as the soloists.

As the body was placed in the hearse 35 blows were sounded on the fire alarm circuit, significant of the age of the departed brother.

The bearers were Daniel J. Scully of Div. 4, A. O. H. of which the deceased was a member: Charles Martin and John Currie of the Quincy Firemen's Relief Association, Michael Sullivan of Div. 5, A. O. H., Nicholas LeCounte and John Walsh.

Among the floral tributes were a wreath of carnations, roses and lilies from the Carpenters' Local Union; wreath of roses from the Quincy Firemen's Relief Association, basket of roses and carnations from his Work Mates, wreath of sweet peas, roses and carnations from Peter J. Williams and Co.

Burial was in the family lot in St. Mary's cemetery.

RECEIVED COMMUNION.

Div. 4 and 23, A. O. H. attended communion at St. Mary's church and Quincy Council, Knights of Columbus at St. John's Church Sunday. They attended in a body. Appropriate sermons were delivered.

WILD OVER WILSON AT CAPITAL

Inaugural Parade Is the Biggest and Finest Ever

JUBILANT THOUSANDS GROW FRANTIC

Washington, March 4.—In the presence of the biggest crowd that ever packed and jammed itself into the great plaza at the east side of the capitol, surrounded by high civil and military dignitaries, diplomats and statesmen of his own and foreign countries, Woodrow Wilson, erstwhile governor of New Jersey and president-elect, today took the oath of office that made him the twenty-eigth president of the United States.

Less than an hour before, with solemn ceremonial, Thomas R. Marshall, vice president-elect, had been inducted into his office in the senate chamber before the members of both houses. Somewhat earlier still President Taft, the president and vice president-elect, with their respective guards of honor, the Essex troop of Newark, N. J., and the Culver Black Horse troop of Indiana, had swept down Pennsylvania avenue on their way to the capitol between row on row of cheering, shouting thousands.

Before that and harking back to the dim and distant yesterday, when "the man of the hour" left his Princeton home for his four year sojourn in this city, escorted by two special trainloads of his "boys," members of the student body of Princeton university,

(Continued on Page Four.)

BRAINTREE CLUB.

The regular monthly business meeting of the Braintree club was held on Monday evening of this week. Several applications for membership were acted upon and the treasurer's report showed that the financial condition of the club was most excellent.

A transportation committee was appointed as follows:I. Wendell Gammons, Morton P. Potter and Charles B. Cummings. This committee is to work in conjunction with a similar one from the Cochato club in regard to the present train service of the New York, New Haven and Hartford Railroad.

There has been dissatisfaction expressed because of the scarcity of trains at certain hours and it is hoped that this committee by interviewing the proper officials may succeed in having conditions in this respect changed for the better.

An enjoyable feature of the meeting was the box of fine cigars donated by the newly elected Board of Selectmen.

EDITORIAL COMMENT.

For the first time in many years the Democratic party today entered into complete control of the National government. It remains to be seen if they prove worthy the trust reposed in them.

Congress did not forget the free distribution of seed.

The old nickels are just as good as the new ones from a commercial standopint and way ahead of them from a common sense or artistic view point.

The people who thought in January what a snap this winter weather is had plenty of chance to revise that opinion during February and the first two days of March.

If as one doctor announces most deaths are preventable it would not be a great many years before there would be hardly elbow room on this old globe.

The statements of some people are oftentimes taken too seriously.

This is the one day in the year when National affairs take a bigger place in the newspaper headlines than the base ball champs.

It is now Mr. Moderator.

The London public are taking a hand in the smashing and rioting and the suffragettes are not having a monopoly of the sport.

William Jennings Bryan's suggestion that every writer of special announcements should sign his name to the article, not so much for the signature's value, as to set the real value of the story appears to be given with some reason.

And why should not the president use the president's room in the capitol. It was evidently intended for his use, else it would not have been so designated and set apart.

The man who broke a leg trying to escape from the police must have truly felt that the pathway of the transgressor is strewn with snares and pitfalls.

President Taft's secretary on retiring is to get a bigger salary than his chief, which of course is not to be accepted as a contemporary value of their respective services.

Good luck Professor Taft.

OUR LEGISLATORS.

Rev. A. A. Berle has found occasion to criticise members of the legislature for lack of courtesy in treatment of people appearing at legislative committee hearings. In this he is backed up by some other gentlemen of the state who occupy a high position because of their interests in educational philanthropic and other public departments. The evidence bearing upon this fact seems to have grown judging by the many endorsements which have been publicly showered upon Mr. Berle. One writer characterized them as "transformed into benevolent despots by reason of brief authority." This is not the first time by any means that complaints of this kind have been recorded. The wonder is that they have been permitted to continue. Members of the legislature are supposed to be servants of the people but according to the testimony offered it would seem as if the true relations had been reversed. Men who appear before legislative committees, whether constituents of the men before whom they appear, should always be accorded proper attention to their complaints or requests so long as they conducted themselves as gentlemen with proper courtesy towards the committee. When they trespassed beyond those bounds the members of the legislature have the remedy which they should apply for the sake of their own dignity and that of the Commonwealth which they represent. Inattention, negligence, indifference on the part of committee members should be promptly met with public disapproval and members who conduct themselves in this manner should promptly be relegated to private life.

When they assume the role of masters rather than servants of the people, their days of usefulness as legislators are ended.

UP TO THE PEOPLE.

Whatever measure of censure may fall to the lot of John J. McDevitt, senator from this district, no small degree of the responsibility of his presence in the Senate and his subsequent action which has not resounded to the credit of his district, rests upon the shoulders of the voters of the district. Every one of them, almost to a man knew John J. McDevitt. They knew what to expect if he was elected. If some accepted the misguided advice of people who were out for revenge they should feel proud of their strength of will. Primarily the Democratic party is responsible for the situation. McDevitt was nominated because there did not appear to be any one else seeking the place and as a matter of fact it looked hopeless. It did not seem as if a Democrat had a chance, but the conditions were such that the astute ones were thrown off the scent.

The recall is not in force. There are times when one regrets the lack of progressiveness on the part of Massachusetts in this respect. The voters of the district can memorialize their senator however and make known in that way their wishes. That seems to be the only way under the circumstances to treat the case. Mr. McDevitt is not what a certain Boston paper called him this morning. Such a term is not applicable. Mr. McDevitt knows certain things very well. He has probably a well defined idea of campaigning according to his own lights and likewise satellites. Every one do not agree with this method. It goes along for a certain time and is successful. Then again comes a time when some one calls a halt and whole wax works are broken.

There is no occasion to be harsh with Mr. McDevitt. Abuse is of little value. It is up to the people to put the matter to him according to the way they fell all over the district and then Mr. McDevitt, it is up to you to do the right thing at the right time and according to your own oft repeated formula "conscientiously,"—and that is Resign! That is enough said on the subject.

THE NEW NICKEL.

By this time many people have become accustomed to the new nickel issued from the mint of the United States. It would be difficult to find wherein it is any improvement over the old style five cent piece. It looks and feels heavier and has a deader ring than the old coin. From an artistic standpoint the new coin can hardly be characterized as a poem, unless compared with some of the spring efforts which usually find their rapid passage to waste basket The indentations are more pronounced than on any other coin issued by the government. The Indian head must be accepted as the correct type and few people would care to carry the criticism of the buffalo to the heights of investigation by closer acquaintance with that animal. Taken wholly as an art product, it looks to fall far short of that department. From an artistic standpoint it is difficult to conceive where it rises superior to any other designs noted on the coins of the realm. But there is one redeeming feature about it, that it will pass for five cents anywhere. At this time of high cost of living of course it will not go very far, but the value is there just the same and the government is behind it, so in all its hideousness it must be accepted at its face value.

GOOD LUCK PROF. TAFT.

In making his bow from public affairs today, Mr., or perhaps it would be more proper to say Prof. Taft is "down and out" but not "all in," by any means. The whole country unite in wishing him and his family good luck and continued happiness and prosperity. He leaves the high office which he has held for four years with the respect of his opponents and the love and esteem of his friends. No doubt his post at Yale college will be more congenial to a man of his known quiet tastes, but that it will interfere with one of his delights, that of travelling, may not prove so disagreeable after all. He has done his share of tripping around the country and has circled the globe. While this pleasure may be denied him that of golf will not be cast aside. He will have greater opportunity for the continuation of this his favorite sport. The nation as a whole has nothing but good feeling for the man who today retires from the presidency of the United States.

PRIZE WINNERS AT CAPITOL

Messrs. Williams and Tarbox Attended on Monday

SESSION OF THE SENATE

The winners of the Daily Ledger popularity contest are now enjoying the inaugural ceremonies of President Wilson at Washington. A letter from Fred D. Williams mailed Monday noon reports beautiful weather since leaving Quincy.

The plans of Messrs. Williams and Tarbox for Monday were an inspection of the Capitol building, and a visit to the National Senate then in session, the last day of the present Congress.

Tuesday will be the big day, the inauguration of Wilson and Marshall as President and Vice President of the United States. Mr. Williams will write a letter on the inauguration to the Daily Ledger.

OPERA TALK.

What promises to be of unusual interest to club women and their friends will be the special meeting of the Quincy Women's club, Wednesday afternoon at the clubhouse, Mrs. Edward B. Marsh of the Program committee having arranged with W. L. Hubbard of the Boston Opera house for one of his opera talks.

Mr. Hubbard will bring with him a soloist and pianist and will speak on two operas "The Secret of Suzanne" and "La Foret Bleue" or more commonly known in English as "The Blue Forest." This opera is to be given its first presentation at the Opera house Saturday afternoon, Louis Aubert who wrote the music is supervising the rehearsals.

As its name implies the opera deals with the fairies of the forest. The first act is laid in a village square. The cottages of Tom Thumb and Little Red Riding Hood are seen. Tom Thumb has given Red Riding Hood a bird which he has brought to her in a cage. Her mother takes her away and says she must not play with the son of a lazy man. The baker woman appears and refuses Tom Thumb's father when he begs a loaf. His children cry for hunger, and he, distracted, tells his wife he will lead them in the forest, and leave them to the care of the kind fairy.

Tom Thumb overhears, and when Little Red Riding Hood gives him a cake from the basket she will take to her grandmother's, he keeps it so that by dropping the crumbs he may find his way back from the forest.

A page appears and announces the arrival of the Princess and her train. A Prince in disguise is seen in the throng. The Princess remembers that a witch told her that if she ever attempted to use a spinning wheel she would prick her finger and fall into a sleep from which only the kiss of a lover would awaken her.

Act 2 is in the forest. Tom Thumb's father appears with his children and abandons them. Red Riding Hood tells Tom Thumb she has lost her way. The two children go to sleep like the babes in the wood. The Ogre appears and is about to eat them, but falls drowsy with the wine which the good fairy causes to flow from one of the trees.

The next morning the children rob the sleeping Ogre of his seven-league boots. The Prince and his huntsmen appear in sight and put the Ogre in chains. The Prince hears the story of the children and confesses that he, too, has trouble, since he loves a Princess held prisoner in a castle. At their suggestion he entreats the good fairy, who immediately causes the castle to appear before them in the forest.

In the third act the Princess and her attendants are deep in sleep in the hall of the castle. The children discover them and call the Prince. He awakens the Princess with his kiss and the children leave them in happiness.

—The State board of agriculture in Ohio has a plan which, it is hoped, will induce girls to stay on the farm A free trip to Washington is promised to the girls who make the best records raising crops and flowers the coming summer. For the boys corn-growing contests are held. The boys and girls in the farming communities seem to think that the poets have over-estimated the joys of rural life. —Taunton Herald.

CITY COUNCIL

(Continued from Page One.)

The City Solicitor when called upon stated that this was a case where money once appropriated was being transferred and that it could be legally passed at one meeting. It was just the same as transferring a certain amount in the appropriation of one department to another appropriation in the same department. The records say that the order was adopted. It has gone to the Mayor and has been signed by him and no matter what action is taken it can undo what has already been done.

FROM THE MAYOR.

Andrew Anderson was appointed and confirmed as constable.

A communication from the Mayor returning the petition of Cordelia M. Clark for refund of half cost of sidewalk, which cost $104.19 was later in the evening the order was referred back to the Executive.

Amos L. Litchfield appointed Forest Warden was confirmed.

A communication from the Board of Health enclosing a new plumbing ordinance to take the place of the present plumbing ordinance, was laid on the table.

A communication from the Commissioner of Public Works giving the cost of permanent sidewalks constructed under the betterment act. It was voted that half the cost of the sidewalks be assessed on the abutters.

The City Solicitor presented a new draft of an order reassessing street betterments in the case where property had been transferred since the original assessment. Laid on the table.

From the Mayor a communication from the Commissioner giving a schedule of the work proposed under the orders for water extensions and sewer extensions. Placed on file and the clerk is to supply each member with a copy.

PUBLIC HEARINGS.

A hearing was held at 8 o'clock on the application of Konstant Hill for a pool table and bowling alley license. No one opposed and the license was granted.

At 8.15 a hearing was held on granting the Electric Light Co., a location for poles on Hill street. The petition was laid on the table until later when Councilman Corcoran offered an order granting the location which was read and ordered to a second reading.

At 8.30 a hearing was held on the petition to accept Ocean street, C. N. Wood, W. N. Davidson, James H. Churchill and a Mr. Baker appeared in favor and no one against. Referred to the special committee on street matters.

At 8.49 a hearing was held on the petition for the abatement of street betterments on Ballou street. Mr. Lammers claimed that grass seed and other things were charged to the street that were never used. That the entire cost according to the City Report was but $720 and that $541 had been assessed on the abutters.

George Scott also spoke of the waste of money on the street. He said the men employed on it were loafing most of the time.

W. F. Lakin said he never saw such a way of doing work as was done on this street. The men were asleep under the trees the most of the time. When the steam roller was on the street it could not work for the lack of water. It was a great waste of money. The street was built in 1911. Referred to the Executive for investigation.

COMMUNICATIONS.

A communication from the Woman's Relief Corps thanking the Council for the use of the Council Chamber for Feb. 22, was placed on file.

A communication from the Overseer of the Poor asking to be excused from attending Council meetings and he was excused after the budget was disposed of.

A petition for lights on Upland road was referred to the Executive.

Applications for minor licenses were referred to the Chief of Police through the Mayor.

Petitions for the apportionment of street betterments were granted.

REPORTS.

The special committee to whom was referred the order apropriating $50,000 for water extensions reported that the order ought to pass. Read and placed in the calendar.

The special committee on various matters reported as follows:— Leave to withdraw on the petitions for the acceptance of Saville avenue; Chester street; Winthrop avenue, Hamilton street, Lunt street, Flynt street; Davis street; Bromfield street and Green street, for repairs on Suomi road, and rebuilding Billings road. Report accepted.

The same committee reported ought not to pass on the following orders:— Accepting a part of Glendale road; Baxter avenue; Winthrop street; Taber street; Cherriton road; Doble street; Roselin avenue; and the order for $3,500 for paved gutters and rebuilding Cranch street, and the communication from the Mayor relative to building a retaining wall on River road. Report accepted.

The same committee reported an order for a public hearing April 7 on the acceptance of Fairmount way. Adopted.

The same committee reported ought to pass on the order appropriating $20,000 for building a standpipe on Great Hill, Houghs Neck. Rules suspended and order passed.

The special committee on the communication from the Chief Engineer asking for three additional permanent firemen, reported an order increasing the permanent force by three men. They also reported an amendment to Section 2 of the fire ordinance reducing the number of call men by eighteen. The apparatus from which these eighteen men are to be dropped is as follows:

Combination Hose 1, and Combination Hook & Ladder 1, Central station one man each; Hose 2 Wollaston one man; Auto Combination Hose 2, Atlantic, three men; Combination Hose 4, Quincy Point two men; Hose 3, West Quincy, two men; Combination Hook & Ladder 2, Wollaston, four men; and Hook & Ladder 3, West Quincy, four men. Report accepted. Order read and ordered to a second reading.

ORDERS.

Councilman Cunningham offered an order for paved gutters on Birch street appropriating $500 for the same. Ordered to a second reading.

Councilman Whiton moved that the President appoint the committee on the order adopted at the last meeting relative to putting wires under ground. The President apointed Councilman Whiton, and Little. The President is a member of the Committee.

Councilman Hadlock offered an order for a light on Vane street. Referred to Executive.

Councilman Beeman offered an order for $4,500 for a tar sidewalk on Billings road, referred to the Special committee on street matters.

Councilman Beeman offered an order for seven lights in the Montclair district. Referred to Executive.

Councilman Cunningham offered an order amending the rules. The amendment strikes out the word "May" in Rule 26 and inserts therefor the word "Shall" so that it shall read all orders involving an appropriation of money shall have two readings and shall be referred to a committee. Also the amendment provided for the appointment of standing committees on Finance ,Streets, Public Buildings, Fire and Police. Ordinances, Legislative Matters and Health and Poor.

Read and placed in the calendar.

Councilman Bailey offered an order revoking the apportionment of the street betterment of John C. Timney as the same had been paid in full. Adopted.

Councilman Corcoran offered a resolve requesting the Mayor to confer with the officials of the New York, New Haven & Hartford railroad relative to having the sanitaries at the West Quincy depot open all day and that the depot be open all day and evening until the arrival of the last train from Boston. Adopted.

Councilman Beeman offered an order for $200 for the July Fourth celebration at Ward Six. Ordered to a second reading.

Councilman Cunningham offered a resolve for the appointment of a special committee of three to attend the hearing and oppose the passage of the bill to amend the city charter.

Voted 11 yes and 10 no. The President appointed Councilmen Devaney, Bass, and Farquharson.

On motion of Councilman Whiton it was voted to suspend Rule 1, and that when the council adjourn it be until Monday, March 10.

Councilman Cunningham moved that the budget be taken up at the next meeting at 8 o'clock the motion was amended to 8.30 and then both motion and amendment were defeated.

Under the head of calendar the order appropriating $2,000 for rebuilding Penn street came up and took its second reading.

Councilman Richards offered a substitute order for $8,000 for paving the street . He spoke at length in favor of his substitute order.

The substitute order was rejected and the original order for $2,000 placed in the calenda r.

The order authorizing the Mayor to have the annual reports printed was read and passed under suspension of the rules.

The order transferring $1,141.41 for deficit bills of the Overseer of the Poor was read, the rules suspended and the order laid on the table.

The order amending the police ordinance fixing the salaries of the Captain and Inspector was read the rules suspended and the order passed.

The order appropriating $1,400 for finishing the hall in the Quincy school was passed under suspension of the rules.

The order appropriating $1,650 for the purchase of land in the rear of the City Stables for a public dump took its second reading and was placed in the calendar.

The order for $3,000 for sewer house connections was read and placed in the calendar.

The order for $40,000 for sewer extensions was read and placed in the calendar.

The order transferring receipts from sewer house connections to the appropriation for the same was read and placed in the calendar.

Adjourned at 11 o'clock until Monday, March 10.

NOISELESS HOUSE IS SOUGHT

America Expected to Lead the World In This as in So Many Other Things.

Anticreak shutters, rubber-soled shoes, soft rugs, cultivated modulation, suppression of all emotional excitement and retraint upon children in the leash of a perpetual "hush" are some of the features of the noiseless home that is recommended by the new organization for the suppression of the sources of American noise. It is recommended by this society that builders use the noiseless method of construction of houses so that muffled hammers shall install mufflers for noise features in all edifices. A soft, sepulchral silence in every home is recommended for the relief of the nerve-wear and tension that the modern hurly-burly conduct of homes is said to have upon those growing up in them. In addition to all other devices for the noiseless home has been recommended the antisnore appliances, in the form of a halter to strap around the snoring organs of those thus afflicted, so that they will be prevented from their somnolent pastime.

The noiseless home, says the Baltimore American, is said to be the coming necessity, and upon this is contingent the suppression of unnecessary noises on the streets. The time is coming—of course, it must come—when all the activities of life will be conducted as noiselessly as the use of a battery of noiseless rifles in warfare.

PSESIDENT W LSON AND HIS FAMILY

Here is the new president and Mrs. Wilson and their daughters Jessie, Eleanor and Margaret.

PHOTOS © BY AMERICAN PRESS ASSOCIATION

AUNT ABBIE DEAD.

Mrs. Abbie A., widow of Capt. William Dewson, and one of Quincy's longest residents passed away Monday afternoon at her home 1 Adams street aged 74 years. Mrs. Dewson suffered a slight shock some years ago and has not been in the best health since that time. Sunday night she suffered a second shock from which she died Monday afternoon. Mrs. Dewson was a sister to Mrs. Franklin Faxon, Mrs. George Keyes and Timothy Reed. She was well and favorably known and endeared herself to a large number of people in the city who affectionally called her "Aunt Abbie."

LENTEN SERVICES.

Tuesday evening Rev. Fr. Franklin Wood of the Oblate Fathers of Lowell will deliver the Lenten sermon at the Church of the Sacred Heart.

Rev. Fr John J. Powers of Cambridge, a former curate of St. Mary's church will deliver the sermon at the Lenten Services Wednesday evening. Father Powers has not preached here for over a year.

IMPROVEMENT ASSOCIATION.

The next meeting of the new Wollaston Improvement society will be held at the home of the president, William Dean Sandford, 191 Belmont avenue, Wednesday evening.

The KITCHEN CUPBOARD

OYSTERS WITH SAUCE.

BY cooking oysters in sauce or serving them with it almost an unlimited variety of dishes may be evolved with this popular shellfish.

These Are Easily Digested.

Oysters In Cream Sauce.—Take a couple of dozen oysters and boil them in their own liquor. In a separate pan mix a tablespoonful each of butter and flour and two small green onions. Thicken a pint of milk with this mixture and add to it the twelve drained oysters and a cupful of chopped mushrooms. Allow to come to a boil. Place in shells or ramekins. Strew breadcrumbs over the top and stand in the oven for ten or fifteen minutes. Even an invalid can eat oysters cooked thus.

Oysters In Tomato Sauce.—Take three dozen oysters, three cupfuls of boiled rice, two slices of bacon, two tablespoonfuls of canned tomatoes, a tablespoonful of butter and salt and pepper to taste. Melt the butter in the frying pan, then put in the tomatoes and bacon. Cook a few minutes, add the oysters and cook five minutes, then stir in the rice. Cover and set in a warm place for twenty minutes before serving.

Novel Ways of Cooking.

Oysters In Bechamel Sauce.—For this sauce make a thickening of eight ounces of flour and four ounces of butter. Moisten with two quarts of milk. Add a bouquet of parsley, bayleaf and thyme tied together, two onions, a pinch of white pepper, with a little salt, and cook for two hours. Allow the oysters to come to a boil in milk. Then put in empty oyster shells which have been well scrubbed or in small ramekins. When the oysters are in the shells cover with bechamel sauce and sprinkle the surfaces with grated Parmesan cheese and melted butter. Place on a baking dish and stand in the oven until brown.

Oysters In Worcestershire Sauce.—Take a dozen small oysters. Heat them in their own liquor enough to make the meat solid, then strain off the broth. Cut very thin twelve strips of bacon three inches long by one inch wide; cover them with English mustard mixed with Worcestershire sauce. Then put an oyster on each slice and wrap the oyster in this deviled bacon. Put the oysters on a metal skewer, sprinkle with breadcrumbs and broil until cooked brown. Serve on long, narrow pieces of toast with lemons and pour melted parsley butter over them.

ORANGE SALADS.

IF the blood is sluggish oranges are an excellent tonic. The fruit is also helpful for those who are troubled with headaches, biliousness or other disorders of the liver.

Orange salads or salads in which oranges are constituents should be served frequently.

A simple fruit salad consists of slices of oranges combined with nut meats.

Oranges With Herbs.

Orange and Watercress Salad.—Take five tart oranges and cut in thin slices and then quarter the slices. Mix one-third of a cupful of olive oil, one and one-half tablespoonfuls each of lemon juice and vinegar, one-third of a teaspoonful of salt, a few grains of mustard and a dash of paprika. Marinate the fruit with this mixture and serve on a bed of watercress.

Mint and Orange Salad.—Remove rind and white skin from the oranges. Break each in two and separate the sections of each half until they are but slightly connected and look fan shaped. Place each on a lettuce leaf, strew nut kernels over the orange, pour a spoonful of mayonnaise dressing on the fruit and flavor with mint. Mint leaves chopped fine may be strewn over it.

Refreshing Salads.

Orange and Lettuce Salad.—Take a small head of white lettuce, two large oranges and one small pineapple. Crisp the lettuce and arrange on individual salad plates. Peel the oranges and cut in half inch slices crosswise. Cut four half-inch slices of pineapple crosswise. Arrange one slice of pineapple between two of orange, place on the lettuce and pour French dressing over all.

Orange and Celery Salad.—Take the peel and white skin from some ripe oranges, cut them into rather thick slices and divide these into two or four portions according to the size of the fruit. Put the pieces of orange into a salad bowl with some crisp celery which has been cut into small pieces and masked with some sauce made according to the directions given below. Garnish the salad with cress and, if practicable, place it on ice for a short time before it is served.

For the sauce, put the yolks of two raw eggs into a basin, add a little salt, white pepper and half a teaspoonful of powdered sugar and work them with a wooden spoon for five minutes. Then stir in, drop by drop, a teaspoonful of tarragon vinegar, a teaspoonful of horseradish vinegar and half a pint of whipped cream.

McDEVITT ENTANGLED

(Continued from Page One.)

Devitt the fact that Mr. Riley of the House talked with him on a different bill about the question of a continuation of a liquor license.

He said that it was where a man had died and his heirs wanted to go on with the business. Mr. Riley asked him if he could vote for the bill he would appreciate it, but he made no offer of any bribe.

"Then why do you bring him in?" asked Speaker Cushing.

Mr. Vahey interposed, saying: "It is only because he wants to tell everybody whom he talked with. Senator McDevitt named the man who wrote the piece that was printed.

After further parley Speaker Cushing said: "Did or did not Mr. Buckley offer you $300?"

Senator McDevitt replied: "The man had no money; no sir."

Speaker Cushing—Who offered you a bribe of $300?"

Senator McDevitt—If there is any sacrifice to be made as to the responsibility I want it put on me.

Then he said that Mr. Buckley came toward him in the Senate corridor the day his gas bill was up; he put three fingers on one hand and as he recalled he said "there was 300 for me" said the Senator, but he wouldn't say hat he used the word dollars.

To Representative Tafts the Senator said that he had made a speech down at Norfolk Downs and that he believed that he spoke there of the $300.

Asked by Representative Cox if he recalled the bill that Buckley spoke to him about, Senator McDevitt said that he could not recall it.

To Representative Bothfeld the Senator said that at the previous hearing he had said that he couldn't say who the man was who approached him, because "being a new fellow I was trying the easy way out of it. I wasn't giving any thought and I let questions go by."

Pres. Grenwood said, "It isn't letting go by, Senator, when you said you didn't know this man, and now you say that you do."

Speaker Cushing—Here is the statement that you made at the last hearing, typewritten, that on further information you had ascertained that the man who offered you a bribe had no authority to do so. Is or is not that true?

McDevitt answered, "I must repudiate that statement. I am talking conscientiously now."

To Representative Thomas W. White he insisted that he did not know Representative Buckley very well. He later admitted that he had met him on the street early in the session and had gone with him to the Penal Institutions Department.

"You know him well enough to call him John, don't you?" asked Mr. White.

Senator McDevitt said, "I call him Buckley, but I might have called him John."

Representative Buckley was then given his opportunity. "I wish to say," he said, "that I deny absolutely that I ever approached this man to offer him $300 or that the words three hundred were ever used, as he says they were, in my life.

"I met this man in the City Hall just after the session opened. We met afterwards on Beacon street. On the last day for filing new business this man said to me: "John, I am going to put in a bill for Granite avenue' and I told him I was glad to know it, that I had a bill to put in myself for the Neponset River.

"I saw him down at the Harbor and Land Commissioners when we went to see McNary.

"Senator McDevitt knows me better than any other man in the Legislature outside of his own city, and why he should have picked me out I don't know. I never approached him with the offer of any thing in my life."

At the afternoon session a Quincy newspaper man said the statement reported by him in a Boston paper in regard to the bribery charges was correct. He said he saw McDevitt that evening in the office of a Quincy newspaper and that they went to the Wollaston meeting together.

McDevitt, he says, followed Ex-Councillor E. P. Barry and spoke of his 80 cent gas bill, saying he was up against a powerful lobby; that a former chairman of the Democratic City Committee of Quincy was lobbying against his bill; that he had seen Representative Underhill approached by this man and had told Underhill that if he voted against the bill he (McDevitt), would go to Somerville next Fall and lick him.

McDevitt, made the statement that he could come out of the Senate worth $20,000, if he wanted to do the right thing by the interests.

McDevitt, he said, then told of being approached by a representative from Dorchester who was rubbing his hands and who told him it would be worth $300 to him to be with his bill.

The reporter said that Representative Leslie arose and defended the Legislature, saying he had never seen any evidence of the misuse of money in the State House and he did not like to see the reputation of the Legislature blackened. The reporter rode back to Quincy with McDevitt and the latter went to the office of the Quincy newspaper with him and sat by him while he telephoned the story to the Boston papers.

McDevitt, he said, made no objection to the story as he telephoned it. He said McDevitt had previously asked him not to use the story, and then had asked him not to say a "Representative from Dorchester" made the offer. He said he did not ask him not to say it was a "Representative" who made it.

In answer to a question whether McDevitt has been in the habit of making charges of corruption, the reporter said: "Well, he has been making the meetings of the City Council lively and furnishing good copy while he was a member. He hinted at corruption, but made no specific charges."

Representative Leslie corroborated the testimony of the reporter as to what was said at the meeting. He said he felt that McDevitt "was carrying on the same kind of a bluff he has been carrying on ever since he was a candidate for public office." Leslie had argued that if the charges were true they should have been brought to the attention of the Senate and not before a meeting of this kind.

Mr. Leslie said he had told the Senator that he was wrong on his bill because there had been no decision by the Gas and Electric Light Commission, and the matter is still pending.

When he told him that he was wrong, Senator McDevitt got up and sailed into the committee and the Gas and Electric Light Commission, "but exonerated me," said Representative Leslie, "so I suppose that I ought to feel elated that Senator McDevitt and I are the only straight members of the Legislature." (Laughter.)

Representative Duncan asked how long Senator McDevitt had been in public life. Representative Leslie, in reply, said that he was in the Quincy Council in 1911 and Senator McDevitt was there then, and he thought also in 1908, 1909 and 1910.

The first year that he (Leslie) went to the Legislature he had McDevitt for an opponent, and on a bill in regard to increase of wages of metropolitan district employees he had voted against it. The only thing that the Senator had against him, said Leslie, was that he was a capitalist and against the working man, which was not borne out by his legislative record.

Pres. Greenwood asked whether Mr. Leslie was at the meeting at Atlantic, where Senator McDevitt addressed the Hibernians. Mr. Leslie said he was not, and to the question as to the reputation of McDevitt for denouncing the Legislature or the City Councils Representative Leslie said he had heard an awful lot of it in the last few days.

Pres. Greenwood called for any others who were present at the Wollaston meeting and Frank J. Shay of Quincy responded. He said he heard Senator McDevitt's statement at that meeting and that the story of Representative Leslie and the report of the reporter were absolutely correct, with a posible exception in referring to the $300.

"Senator McDevitt did not say," continued Mr. Shay, "that any man had offered him $300; what he did say to the meeting was that he had been told that there was $300 in it for him.

"After Representative Leslie called Senator McDevitt to order for making such a statement, the Senator reiterated it. He mentioned Representatives Underhill and Dwyer."

Mr. Shay said he did hear Senator McDevitt say that he had held up the salaries of the gas and electric light commissioners and he sympathized with the latter and hoped it would not be for long; "but, gentlemen," continued Mr. Shay. "It is only in line with what Senator McDevitt has been saying right along, not only about the Legislature, but about the City Council and other bodies.

"To have a member of an honorable body sit up there and then to have him make the statements that he did as broadly as he did, and to have people who knew nothing about it applaud him as they did because of those statements, was a thing that we consider very bad for Quincy and one of the worst things that could happen to us.

Mr. Shay said that Jeremiah Dineen, a prominent Hibernian in Quincy, was in a barber shop and stated that he had heard McDevitt make a similar statement before the Hibernians. Officer Whalen of the Quincy police told Mr. Leslie that McDevitt had made that statement and that afterward he had advised those who heard it not to take any stock in it and that they had better not repeat it, because they might render themselves liable if they did.

Representative Dwyer, in view of the statements made and after listening to the statements of the Senator, mentioning his name, asked if he could get the whole conversation as he had not been present all of the time.

Representative Leslie was recalled by Pres. Greenwood and stated that Senator McDevitt was speaking to the meeting of the Weymouth Gas bill and that he stated that the entire committee which had that bill before them (Public Lighting) was fixed and when Representative Underhill had spoken to him, he had asked the Representative what his name was, and upon Mr. Underhill giving it to him. McDevitt said that he didn't want anything to do with him because he was fixed, too. He simply mentioned Representative Dwyer's name incidentally, but said nothing in regard to being fixed.

Senator McDevitt was asked if he desired to say anything further. The Senator said that he had understood that Mr. Vahey had sent up word that he could not be present. Pres. Greenwood said Mr. Vahey had called him up to ask if there was any need of his being present and that he had replied that was a matter for him to settle for himself.

As Senator McDevitt didn't care to talk further in the absence of his counsel and there being nobody else who cared to say anything further, Pres. Greenwood declared the hearing closed.

OUR ANNUAL SALE OF CANNED FRUITS

Is Characterized by Attractive Value Giving

This is an event which never fails to interest the housekeeper. The variety offered is unusually large, prices are very moderate, and in every case we guarantee the quality to give entire satisfaction. We will appreciate your orders which will have our careful attention.

WOLLASTON METHODIST.

At the Methodist church Sunday Rev. Wesley Wiggin, the pastor spoke on "The True Secret of Happiness." At the close of the sermon the Communion service followed in which a large number participated. The Sunday school in charge of J. A. Sedgwick the superintendent met with a good attendance and the lesson was summed up by the superintendent by the use of illustrations which were interesting and at the point. Miss Ruth Parker led the Junior League meeting which was full of interest. One new member was added and plans made for a new kind of work. Edwin Roberts took charge of the Epworth League devotional service. The subject of the meeting was "The Labors of Jesus" Miss Beulah Collett was the pianist. At seven o'clock W. F. Baldwin of Sinuk, Alaska spoke on his work in Sinuk.

Mrs. H. G. Beeman and two children, Ruth and Earl, have returned to their home on Botolph street after spending the week's vacation with relatives in Rhode Island.

WILL BE BURIED HERE.

Mrs. Paul P. Baxter passed away at her home in Idaho, Feb. 27. She leaves a husband Paul P. Baxter who has also been very sick this winter and is still confined to his home. Mrs. Baxter was formally a resident of Quincy and her body will be sent here for burial at Mt. Wollaston Cemetery. She was in her 74th year.

MRS. HIGGS DEAD.

Mrs. Emily Higgs, 89 Gilbert street died Sunday at her home, aged 54 years. She leaves a husband James T. two daughters and one son. She was a member of the Companions of Foresters of America. Funeral services will be held at her home this afternoon.

MALDEN WON IN CLOSE GAME

Y. M. C. A. Second Team Lost By Score of 22 to 20

Malden Y. M. C. A. second team defeated Quincy Y. M. C. A. second team Saturday night 22 to 20, in an overtime game. Between the halves the Silent Five of Quincy defeated Braintree Circle, 31 to 18. The summary of the principal game:

Malden Y. M. C. A.	Quincy Y. M. C. A.
Hayes rf	lb Croucher
Beirweiler lf	rb Miller
Tucker c	c Corthell
Gardner rb	lf Pinel
	lf Thomas
Lawson lb	rf Dineen

Score, Malden Y. M. C. A. 2d 22. Quincy Y. M. C. A. 2d 20. Goals from floor, Hayes 2, Beirweiler 2, Tucker 6, Croucher, Miller 2, Corthell 2, Pinel 2, Dineen 2. Goals from fouls, Gardner 2, Pinel, Thomas. Referee, Brooks. Scorer, Pinel. Timer Gearwar. Time two 20m and one 5m overtime periods.

QUINCY LEADS BOSTON LEAGUE

In the Greater Boston basket ball league games Saturday evening the St. Mary's first beat St. Alphonsus first, 26 to 18 while the St. Mary's second team was beaten 26 to 15. The senior winners are secure in second position for at least a few days.

The schedule closes March 14 when Quincy plays St. Alphonsus. The result may effect the standing of St. Alphonsus.

Quincy both teams if all remaining games are lost, could not be displaced from the championship.

The St. Mary's and Quincy will probably play a three game series after the close of the league.

The scoring has been high and Quincy players lead the bunch as follows:

FIRST DIVISION

Name and team	Baskets scored
J. O'Rourke, Quincy A A	39
P. Duggan, Quincy A A	35
Dacey, North Dorchester A A	34
McLaughlin, St Mary's A A	32
Dan Duggan, Quincy A A	24
F. O'Rourke, Quincy A A	24
Steele, St Mary's A A	20
Hebert, Quincy A A	19
Connelly, St. Alphonsus A A	18

SECOND DIVISION

Manning, Quincy A A	57
O'Neil, St Alphonsus A A	42
Scollard, Quincy A A	41
H Chapman, Quincy A A	35
Kelly, North Dorchester A A	23
Grourk, St Alphonsus A A	18
M. Chapman, Quincy A A	16
Harkins, St. Mary's A A	11
E Durkin, St. Alphonsus A A	11

The league standing is as follows:

FIRST DIVISION.

	Won	Lost	Pts. Won
Quincy A A	11	1	.917
St Mary's A A	5	5	.500
St Alphonsus A A	3	8	.273
No. Dorchester A A	3	8	.273

SECOND DIVISION

	Won	Lost	Pts. Won
Quincy A A	12	0	1.000
St. Alphonsus A A	7	4	.636
St. Mary's A A	2	8	.200
No. Dorchester A A	1	10	.099

WILD OVER WILSON

(Continued from Page One)

events followed each other in rapid sequence. Among these was the president-elect's reception by a committee, headed by Dr. Thomas Nelson Page, the famous author, at the Union station last night and the reception and smoker given in his honor by his old classmates and others of the Princeton Alumni association at the New Willard.

Yet all the receptions and formal speechmaking that went before, just as the White House luncheon and great military pageant that followed, were but the setting of the principal scene, the background of the event which will make the history of this country for four years to come.

Crowds Gather Early

Soon after daybreak this morning the crowds began to gather along Pennsylvania avenue and in front of the great platform that had been erected for the inaugural exercises at the eastern end of the capitol. Long before noon every available inch of space was taken.

As the august procession, which precedes the inaugural ceremony, filed out of the capitol and wound its way across the platform a hush fell over the crowd. Mechanically many uncovered their heads.

The sergeant-at-arms of the senate and house, followed by the marshal of the District of Columbia, made up the vanguard of the procession of high dignitaries. Behind these last came Chief Justice Edward D. White of the supreme court, whose duty it was to administer the oath of office to the president-elect, and the associate justices, followed by the committee on arrangements.

Then came the president and the president-elect, and at their rear a distinguished following of ambassadors, governors and other dignitaries, including the newly-sworn vice president.

Chief Justice Administers Oath

When the procession paused every ear strained attention to catch the words that would usher into the chair of Washington, Jefferson and Lincoln the first Democrat to gain the high place in a score of years.

Solemnly and distinctly, though most of the waiting thousands hanging on the event of his words could not even see the motion of his lips, the chief justice administered the oath of office to the president-elect.

An instant the waiting host stood silent. Then it became a shrieking, leaping mob, roaring a pandemoniac welcome to the nation's new executive and all but smothering the the saluting cannon which first gave notice that a new president had been inaugurated and a new administration begun.

From the crowd in the square and on the platform the other massed multitudes that lined the broad sides of Pennsylvania avenue took their cue, and it was many minutes before President Wilson could begin his brief inaugural address. Even then so great was the clamor that only those nearest to him could distinguish what he said.

Returns to Executive Mansion

Immediately after the address was finished, President Wilson, accompanied by the ex-president, hastened to the Pennsylvania avenue side of the capitol, where carriages awaited to take the party to luncheon in the executive mansion.

Along their route up Pennsylvania avenue the old and new presidents were greeted tumultuously. Indeed, to an observer not familiar with the situation it might have been difficult to determine which was the incoming and which the outgoing chief executive, so well did the genial Taft smile match the beaming features of President Wilson.

At the executive mansion the two were met by Mrs. Taft, who hitherto had taken no part in the day's ceremonies, and a subcommittee of the official reception committee. President Wilson also saw for the first time since early today Mrs. Wilson and their three daughters, who had been under the escort of special military aids during the ceremonies at the capitol.

There was a brief exchange of compliments between Mrs. Wilson and Mrs. Taft, in which the latter gracefully turned over the suzerainty that had been hers for the past four years to the new mistress of the White House. Soon afterward the ex-president and Mrs. Taft quietly left through a rear entrance to take the 3:05 train from the Union station for Augusta, Ga. Here they will spend several weeks before going to New Haven, where Mr. Taft will take up his work as professor of law in Yale university.

Wilson's Official Day Begins

President Wilson's official day began at 10:30 this morning. At that hour a delegation of the congressional committee waited upon him at the Shoreham, where he stopped last night, to escort him to the White House.

A similar delegation waited upon Vice President-elect Marshall at the same hotel, where the new vice president will make his home during the coming months.

At the executive mansion the incoming president and vice president were greeted by Mr. Taft, and a few minutes later the fateful ride to the capitol was begun. The president and president-elect occupied the first carriage with two members of the congressional committee.

On the way to the capitol President Taft occupied the seat on the right side of the carriage, this position being reversed after the inaugural ceremony and the new president having the seat of honor on their return to the executive mansion.

Arrived at the senate wing of the capitol, the president and president-elect went at once to the president's room. Vice President-elect Marshall repaired to the vice president's chamber.

Short Delay Occurs

Here there was a short delay owing to some hitch in the proceedings, but it was soon over. The committee on arrangements waited on the president and president-elect and escorted them to the senate chamber, where they were given seats reserved for them in front of the vice president's desk.

The same committee also escorted the vice president-elect to the senate chamber, where the members of the house and of the supreme court were already seated.

Then on the eve of the senate's adjournment the president pro tempore administered the oath that made Governor Thomas R. Marshall of Indiana Vice President of the United States. Immediately thereafter the senate adjourned after a prayer by the chaplain.

Following the adjournment Vice President Marshall delivered his inaugural address, after which he administered the oath of office to the senators-elect.

At the conclusion of these impressive ceremonies within the senate chamber of those assembled there formed a procession, marching through the rotunda of the capitol to the platform at the east end of the building, where the big event of the day, the actual swearing in of the president-elect, was to take place.

The Great Parade

Next to this great event, so essential to the rest of today's celebration, the great military and civic pageant this afternoon holds the public's interest. Considered purely from a spectacular viewpoint, it is not only by far the biggest feature of the inauguration, but in many respects surpasses anything that Washington has seen in a long series of inaugural spectacles.

The head of the first grand division was almost abreast of the White House when President Wilson first showed himself in the glassed in section of the reviewing stand that had been reserved for him. His appearance was the signal for a wave of applause that swept all before it, drowning the music of the bands, as it rolled toward the capitol.

Soon after the cheering that greeted the president's entrance to the reviewing stand died away far down the avenue rose another tumult that contained a deeper note.

Swiftly the swelling voices rolled nearer, reached the stand and passed onward and then far down the avenue there came into view the faded blue uniforms of the Grand Army of the Republic.

They were only a handful of the host that tramped down the same avenue nearly fifty years ago in the grand review of President Lincoln; and they did not step forward with the snap and elasticity that they did in the bright spring sunshine of 1865.

There were many in the crowd who stopped cheering as the veterans of 1861-5 passed by and turned away their heads. Even the president, self-contained master of self as he has shown himself to be, was visibly affected. He was seen to swallow hard several times and once he turned away to wipe his glasses, which seemed suddenly to have become misty.

General Wood Grand Marshal

According to Major General Leonard Wood, U. S. A., chief of staff and grand marshall of the parade, the regular army section of it was a model for other nations to copy. Certainly, it was one of the most impressive features of the whole spectacle, if regarded from the standpoint of military efficiency and smartness.

The first grand division of the parade, which included this section, was composed of the regular navy and military forces and was under the direct command of Major General W. W. Wotherspoon, U. S. A. It marched picked men of the army, navy and marine corps.

The West Point cadets, in their smart gray uniforms, and the middies from the Naval academy at Annapolis, the best drilled corps in the country, from whence will come our future generals and admirals, were also a feature of this division.

Next in line came the militia division, headed by the national guard of the District of Columbia, Brigadier General Albert D. Mills, U. S. A., commanding. Practically the entire national guard of New Jersey was in line in this division.

Military Schools Represented

Here also the cadets of the various military schools of the country marched.

The third division was made up of the veterans of the Grand Army of the Republic, the Union Veteran union, the Spanish War Veterans and various other patriotic organizations. In command was General James E. Stuart of Chicago, a veteran of both the civil and Spanish wars.

Chief Marshal Robert N. Harper, chairman of the committee on civic organizations led the fourth grand division, which was composed of various civic organizations, mostly political, from all parts of the country.

One feature of this division was a band of American Indians dressed in the costume of their ancestors. Another was the Princeton students, who escorted the president from his home to this city. They headed the college men's section of the parade.

All long the line of march the boy scouts were stationed, ready to render first aid services to any of the crowd of marchers who might be injured. Tonight there will be a big fireworks display.

WILSON'S VIEWS GIVEN TO NATION

Inaugural Address of the New President.

DEFINES PEOPLE'S DUTY.

First Obligation of Law Is to Keep Society Sound by Sanitary and Pure Food Statutes and Measures Determining Conditions of Labor—Task Not Merely One of Politics.

Washington, March 4.—The inaugural address of President Woodrow Wilson is as follows:

There has been a change of government. It began two years ago, when the house of representatives became Democratic by a decisive majority. It has now been completed. The senate about to assemble will also be Democratic. The offices of president and vice president have been put into the hands of Democrats. What does the change mean? That is the question that is uppermost in our minds today. That is the question I am going to try to answer, in order, if I may, to interpret the occasion.

It means much more than the mere success of a party. The success of a party means little except when the nation is using that party for a large and definite purpose. No one can mistake the purpose for which the nation now seeks to use the Democratic party. It seeks to use it to interpret a change in its own plans and point of view. Some old things with which we had grown familiar and which had begun to creep into the very habit of our thought and of our lives have altered their aspect as we have latterly looked critically upon them with fresh, awakened eyes; have dropped their disguises and shown themselves alien and sinister. Some new things as we look frankly upon them, willing to comprehend their real character, have come to assume the aspect of things long believed in and familiar, stuff of our own convictions. We have been refreshed by a new insight into our own life.

Our Model Government.

We see that in many things life is very great. It is incomparably great in its material aspects, in its body of wealth, in the diversity and sweep of its energy, in the industries which have been conceived and built up by the genius of individual men and the limitless enterprise of groups of men. It is great also, very great, in its moral force. Nowhere else in the world have noble men and women exhibited in more striking forms the beauty and the energy of sympathy and helpfulness and counsel in their efforts to rectify wrong, alleviate suffering and set the weak in the way of strength and hope. We have built up, moreover, a great system of government, which has stood through a long age as in many respects a model for those who seek to set liberty upon foundations that will endure against fortuitous change, against storm and accident. Our life contains every great thing and contains it in rich abundance.

But the evil has come with the good, and much fine gold has been corroded. With riches has come inexcusable waste. We have squandered a great part of what we might have used and have not stopped to conserve the exceeding bounty of nature without which our genius for enterprise would have been worthless and impotent, scorning to be careful, shamefully prodigal as well as admirably efficient. We have been proud of our industrial achievements, but we have not hitherto stopped thoughtfully enough to count the human cost, the cost of lives snuffed out, of energies overtaxed and broken, the fearful physical and spiritual cost to the men and women and children upon whom the dead weight and burden of it all has fallen pitilessly the years through. The groans and agony of it all had not yet reached our ears, the solemn, moving undertone of our life, coming up out of the mines and factories and out of every home where the struggle had its intimate and familiar seat. With the great government went many deep secret things which we too long delayed to look into and scrutinize with candid, fearless eyes. The great government we loved has too often been made use of for private and selfish purposes, and those who used it had forgotten the people.

Duty of Americans Outlined.

At last a vision has been vouchsafed us of our life as a whole. We see the bad with the good, the debased and decadent with the sound and vital. With this vision we approach new affairs. Our duty is to cleanse, to reconsider, to restore, to correct the evil without impairing the good, to purify and humanize every process of our common life without weakening or sentimentalizing it. There has been something crude and heartless and unfeeling in our haste to succeed and be great. Our thought has been, "Let every man look out for himself; let every generation look out for itself," while we reared giant machinery which made it impossible that any but those who stood at the levers of control should have a chance to look out for themselves. We had not forgotten our morals. We remembered well enough that we had set up a policy which was meant to serve the humblest as well as the most powerful, with an eye single to the standards of justice and fair play, and remembered it with pride. But we were very heedless and in a hurry to be great.

We have come now to the sober second thought. The scales of heedlessness have fallen from our eyes. We have made up our minds to square every process of our national life again with the standards we so proudly set up at the beginning and have always carried at our hearts. Our work is a work of restoration.

Things to Be Accomplished.

We have itemized with some degree of particularity the things that ought to be altered, and here are some of the chief items: A tariff which cuts us off from our proper part in the commerce of the world, violates the just principles of taxation and makes the government a facile instrument in the hands of private interests; a banking and currency system based upon the necessity of the government to sell its bonds fifty years ago and perfectly adapted to concentrating cash and restricting credits; an industrial system which, take it on all its sides, financial as well as administrative, holds capital in leading strings, restricts the liberties and limits the opportunities of labor and exploits without renewing or conserving the natural resources of the country; a body of agricultural activities never yet given the efficiency of great business undertakings or served as it should be through the instrumentality of science taken directly to the farm or afforded the facilities of credit best suited to its practical needs; watercourses undeveloped, waste places unreclaimed, forests untended, fast disappearing without plan or prospect of renewal, unregarded waste heaps at every mine. We have studied as perhaps no other nation has the most effective means of production, but we have not studied cost or economy as we should either as organizers of industry, as statesmen or as individuals

Society's Duty to Itself.

Nor have we studied and perfected the means by which government may be put at the service of humanity in safeguarding the health of the nation, the health of its men and its women and its children, as well as their rights in the struggle for existence. This is no sentimental duty. The firm basis of government is justice, not pity. These are matters of justice. There can be no equality or opportunity, the first essential of justice in the body politic, if men and women and children be not shielded in their lives, their very vitality, from the consequences of great industrial and social processes which they cannot alter, control or singly cope with. Society must see to it that it does not itself crush or weaken or damage its own constituent parts. The first duty of law is to keep sound the society it serves. Sanitary laws, pure food laws and laws determining conditions of labor which individuals are powerless to determine for themselves are intimate parts of the very business of justice and legal efficiency.

These are some of the things we ought to do and not leave the others undone, the old fashioned, never to be neglected, fundamental safeguarding of property and of individual right. This is the high enterprise of the new day: To lift everything that concerns our life as a nation to the light that shines from the hearth fire of every man's conscience and vision of the right. It is inconceivable we should do this as partisans; it is inconceivable we should do it in ignorance of the facts as they are or in blind haste. We shall restore, not destroy. We shall deal with our economic system as it is and as it may be modified, not as it might be if we had a clean sheet of paper to write upon, and step by step we shall make it what it should be, in the spirit of those who question their own wisdom and seek counsel and knowledge, not shallow self satisfaction or the excitement of excursions whither they cannot tell. Justice, and only justice, shall always be our motto.

Task Not Merely One of Politics.

And yet it will be no cool process of mere science. The nation has been deeply stirred—stirred by a solemn passion, stirred by the knowledge of wrong, of ideals lost, of government too often debauched and made an instrument of evil. The feelings with which we face this new age of right and opportunity sweep across our heartstrings like some air out of God's own presence, where justice and mercy are reconciled and the judge and the brother are one. We know our task to be no mere task of politics, but a task which shall search us through and through, whether we be able to understand our time and the need of our people, whether we be indeed their spokesmen and interpreters, whether we have the pure heart to comprehend and the rectified will to choose our high course of action.

This is not a day of triumph; it is a day of dedication. Here muster not the forces of party, but the forces of humanity. Men's hearts wait upon us; men's lives hang in the balance; men's hopes call upon us to say what we will do. Who shall live up to the great trust? Who dares fail to try? I summon all honest men, all patriotic, all forward looking men, to my side. God helping me, I will not fail them if they will but counsel and sustain me.

The Drama of London's Fog.

There is a whole world of drama bound up in the chronicles of London's fog. This misty and mysterious visitant, far older than Gog or Magog, which used to visit the watches of the night when the metropolis barely lifted itself out of the surrounding marshes, has a fund of comedy as well as tragedy. Countless murders have been committed under its sheltering cloak, men and women have been waylaid, children have been torn from their mothers and wives from their husbands.—London Strand.

Love the Real, Not an Ideal.

It is so easy to love an ideal, and love it ardently. It has no obtrusive incarnation. It does not fret nor vex us; it doesn't sip its tea or coffee with a disagreeable noise; it never puts its knife into its mouth; its boots never creak when you have a headache; it never worries you with questions when you wish to be silent, and it never leaves you when solitude is irksome. It is beautiful, inaccessible, adorable forever; and we may love it till the heart grows sterile for earth, waiting to bloom in heaven.

Yet in my poor humble way of thinking there seems to be more merit in loving these poor human creatures whom we see about us every day than in loving the distant, inaccessible ideal that can neither be better nor worse for all the love which we can lavish on it.—From "Kirstie," by M. F.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

March 3-3t

YOUNG PEOPLE IN THEATRICALS

The two-act comedy to be presented at the Atlantic Music hall this evening by the Y. P. S. C. E., promises to be one of the best productions ever staged in that part of the city. This play has been presented in many neighboring communities with overwhelming success and tomorrow evening's performance bids fair to be no exception. The several members of the cast are amateurs of considerable experience i nthis and other cities and are looking forward to another success to add to their many laurels.

Miss Doris Cummings, in the title role, carries her part with perfect ease and Miss Mabelle Reed as her cousin Kitty, is scarcely less attractive. Mr. Lawrence French as Phillip Royson, a medical student, shows remarkable skill in his devotion to his maiden Aunt, Miss Rebecca Luke, Miss Marjorie Young, whose fondness for stray cats is decidedly amusing. Mr. Morton Reed in the role of Robert Brown, a lawyer's clerk, is very laughable in his attempts to convince the "patients" that he is not the several different persons they suppose him to be. The comic roles are taken by Miss Alice Waterhouse as "Patty," the maid, and Mr. Gordon Sherwin, as "Jenkins," the butler. Their mixture of love and drama is positively ludicrous and forms a very amusing feature to an extremely laughable comedy.

BRIEFS

Spencer Apollonio of Botolph street has been confined to his home for several days with the grip.

Mr. and Mrs. John Tytler, Griffith Jones of North Wales and Mrs. C. G. Nash united with Bethany church at the Sunday morning service.

Invitations have been received by friends in this city to the wedding and reception of Frank Edward Barnard and Miss Madeline Earle Wemple , to take place in the chapel of St. George's church, Stuyvesant square, New York City, April second. The reception will be held at the residence of the bride's mother, Mrs. Alonzo Earle Wemple, on West Seventy-second street. Mr. Barnard is well known to many of the Point residents as he resided there many years and attended the Washington school. Mr. Barnard is engaged in the lumber business and Miss Wemple belongs to a well known New York family.

RILEY'S STATEMENT.

John J. Riley who was named yesterday by Senator McDevitt as a man who had talked with him on the bill in regard to the return of liquor license fees came before the committee on rules this morning of his own volition and made a statement as follows:

"I want to make two statements. In the first place I never spoke to Representative Buckley about my bill at any time. I did talk with Senator McDevitt in the Senate chamber. I sent in my card to him, was admitted and told him of the good qualities of the bill, and I asked him to be with it. I went to see him as I went to see every member of the committee on liquor law I could get a chance to talk with."

Too Late For Classification.

WANTED—Strong girl to learn to operate shirt ironing machine. Experience not necessary but must be willing to work. Good wages and permanent. Old Colony Laundry Co. 4-3t

QUINCY TEAMS FOR NATIONALS

Basket Ball Team May Represent New England

AT THE BIG CONTEST

It looked as if both Quincy A.A. teams for two years champions of New England, would represent the N. E. A, A. A. U. at the National championship.

It was contemplated to do this for the winners of the Greater Boston Basket ball league.

The question of representation was discussed Monday evening by the board of managers. William H. Flynn, a member of the basketball commission was instrumental in obtaining the deayed recognition of Quincy's win of both championships. He spoke of the aims and accomplishments of the league and was well received. If the expense is too great it is possible that the recommendation will not be accepted. The time and place has not yet been agreed upon.

BRIEFS

The members of the T. R. Y. club have accepted an invitation of Col. Kincaide to attend his theatre.

Tonight is Past Grand night with Mount Wollaston lodge of Odd Fellows, when a candidate will be initiated by past grands of the lodge. Some of the team passed through the chairs several years ago, the lodge being organized in 1884.

Galen V. Bowditch reached Washington safely Sunday night with his Democratic friends. He is very proud of the gold badge presented by the newspaper men of Boston.

Mrs. William Hodgkinson of Chestnut street entertained Mrs. Edwin I. Beal, Mrs. Carroll Bates, Mrs. David Goodspeed, Mrs. Frank Gilbert and Mrs. H. A. Smith at her home Monday afternoon.

The annual meeting of the Quincy Tennis club will be held Saturday evening March 15, in room 22 of the Johnson building. Officers will be elected and ther important business will come up for action.

This evening the Unity Circle of King's Daughters will meet in the vestry of the Bethany Congregational Church. An entertainment will be give in charge of the Membership Ten.

Mr. and Mrs. James McDonald of 87 Appleton street are receiving congratulations on the birth of a girl Feb. 17.

Miss Catherine Gay of Webster street and Miss Cora Harding of Botolph street, spent the week end with Miss Harding's sister, Mrs. Coyle Alan of Worc ster.

The annual meeting of the Atlantic Memorial church will take place on Wednesday evening. Supper will be served at 6.30 and Dr. Cady will give a short address.

The two-act farce, "Mr. Bob" will be presented by the Christian Endeavor society of Memorial church in Music hall Tuesday evening. Miss Doris Cummings will take the part of "Mr. Bob."

NOT THE MAN.

Officer Jeremiah Dineen of the Quincy Police desires to state that he is not the man referred to in the Boston papers in investigation at the State House before the committee on rules Monday.

WOLLASTON AUTO SHOW OPENED

Attractive Exhibit Pleasing to Many Visitors

BIG ASSORTMENT OF CARS

The eyes of all local automobile users and those interested in machines turned toward the Wollaston Centre Garage where the 1913 Automobile show opened Monday morning .

Although early in the day the attendance was small the number increased in the afternoon and by the time the evening program commenced a large crowd, representing not only Wollaston and Quincy but also surrounding towns, filled the exhibition hall.

The large garage was brilliantly lighted inside and out and the decorations were most harmonious. The entire interior had a background of light blue bunting and decorated trellises dividing the various exhibits agve the effect of a huge rose arbor, American flags were draped at regular intervals.

Monday evening a musical program of 23 numbers was presented. This included selections by the Ladies' orchestra, solos by Harry McDevitt and William McDevitt, Miss Eva Robinson and selections by the Madison trio.

Manager Winsloe formally opened the show with a brief address of welcome and introduced Chester I. Campbell of Wollaston, manager of the Boston Automobile Show that opens next week in the Mechanics Building.

Mr. Campbell complimented Manager Winsloe on the size and arrangement of the Show and the makes of cars it had represnted. He extended his wishes for every success. The evening closed with the singing of America by those present.

A large number of exhibits were in the main hall. On the left of the main entrance was a well ordered display of Fisk tires.

Next came the booth of Miss Marion Farwell of Wollaston, agent for magazines of all kinds. Just past the platform the Whitney Barney Company had a Lippard-Steward delivery wagon on exhibition .

An exhibit of six Oakland cars followed and included the Greyhound 6-60 five-pasenger touring car, the Greyhound 6-60 close coupled touring car, model 42 five-passenger touring car, model 42 three-passenger sociable roadster, model 42 four passenger coupe and model 35 five passenger touring car.

A Pierce Arrow of the coupe type formed the next exhibit and was followed by a line of automobile oils and accessories.

In this group were represented Gargoyle Oils, Wolverine Lubricants Company, Eagle Oil and Supply company, Whiz specialties, Panhard Oil and Federal tires.

The next spaces were reserved for the Michigan line of cars that were delayed in transit and are pocketed in a Boston freight yard. They are expected to arrive before the show is over.

An exhibition of Kissel Kars and trucks by S. Scammel & Sons of Quincy was next in order. This included four models; a six passenger touring, a roadster, a three ton truck chassis and a 1500 pound delivery chassis.

The next booth was occupied by the Quincy Bulletin.

In the centre of the hall was a large space allotted to Rambler cars. In this exhibit were two five-passenger touring cars and two roadsters, all of the cross country type, a four-passenger gas and electric sedan, and a chassis with all parts in full view. The decorations here were very effective large white pillars supporting the canopy, the whole being of a circular nature.

The Show will continue this afternoon and evening when fine musical programs are promised.

BIRTHS

McDONALD—In Atlantic, Feb. 17, a daughter to Mr. and Mrs. James McDonald, 87 Appleton street.

DEATHS

DEWSON—At Quincy, March 3rd suddenly, Abby A. Dewson, widow of the late William R. Dewson aged 74. Funeral private.

Established 1870 Telephone

JOHN HALL

FUNERAL DIRECTOR

Carriage and Ambulance Service

1485 Hancock Street, Quincy Mass.

ALTERED IN THEIR MEANING

Phrases, Passing Through Generations, Become Distorted Before Generally Acknowledged.

Word building is as much a piece of carpentry as is house building. Only it takes longer. Sometimes a century more. And by that time the word's first meaning is usually changed.

For example, the old word for "neighbor" was "sib." One's good neighbor was known as one's "good sib." This became shortened to 'godsib,' and later to "gossip." Then the word's whole meaning changed and gossip no longer meant good neighbor, but applied to the sort of talk exchanged between good neighbors.

Take the word "farmer," too. The old word for "farmer" was "boor." (And "boor" later was used for describing farmer-like or rough persons.) The farmer living nearest to one was known as the "nighboor," and this phrase, in course of time, was twisted to "neighbor."

You've heard the proverb, "Little pitchers have big ears." Well, it doesn't refer to the utensil that holds water or goes to the corner side door. "Pitcher" was a slang term with some such meaning as our word 'chap" or "fellow." Thus, "Little fellows have "big ears" is a more sensible rendering of the proverb.—Chicago Journal.

PRETTY LANGUAGE OF LOVE

In Switzerland Flowers Are Made Use of by Those Who Seek Their Companions in Life.

In remote Alpine hamlets and villages especially in the Bernese Oberland there still exist ancient and pretty customs of proposing marriage by the language of flowers. If a maid accepts a bouquet of edeweiss from a accepts a bouquet of edelweiss from a him as her fiance, the idea being that the man has risked his life to obtain the flowers for the woman he loves.

Another method which exists in the Canton of Glarus is for the young man to place a flowerpot containing a single rose and a note on the window sill of the girl's room when she is absent from home and wait—perhaps days—for a reply. If the maid takes the rose, the young man boldly enters the house to arrange matters with her parents, but if the rose is allowed to fade away the proposal is rejected without a single word having been exchanged between the couple. Sometimes a fickle girl will keep a young man waiting a day or two for an answer, but whatever it may be it is considered final.

Secret of Happiness.

Most of us begin well. When we are quite young, we are full of faith. We believe in others, and we also believe in our own powers of overcoming faults and failings.

We set out full of the zest of life—no hill is too high to climb, no point too lofty to reach.

But later most of us get discouraged. We find that our friends are not so noble as we thought them, that it is much harder to root out our faults and failings than we imagined, and perhaps in time to take up the foolish, soul-destroying idea that so long as we are "no worse than other people" it is all right.

Let us try to keep the high ideals that we learned at our mother's knee, to still keep our faith in human nature, no matter how often we may be disappointed. Let us still strive for perfection and resolve to do our best again and again, no matter how often we may fail. For only by doing this can we keep our hearts young, however old we may live to be, and only so can we be our best and do our best.

Blankets Grow on Trees.

Blankets grow on trees in Ecuador, and while the idea of an all wool, fresh from the forest, bed covering might give insomnia and a backache to the child of civilization who likes to snuggle comfortably under several layers of down and wool, the natives find it all right, as in fact it is.

When an Ecuador Indian wants a blanket, he hunts up a demajagua tree and cuts from it a five or six foot section of the peculiarly soft, thick bark. This is dampened and beaten until the flexibility of the sheet is much increased.

The rough gray exterior is next pecled off and the sheet dried in the sun. The result is a blanket, soft, light and fairly warm, of an attractive cream color. It may be rolled into a compact bundle without hurt and with ordinary usage will last for several years.

Birds Commit Suicide.

A very strange occurrence in national history has been seen in the flooded country of the Fen district in eastern England. A narrow bank runs alongside a flooded area of nearly 2,000 acres. Walking along this with intention of learning what had happened to his partridges, a keeper put up a covey. It flew in the direction of the longest arm of the flood. The birds, which were rather a late-hatched covey, after flying some distance, suddenly and at one moment together dropped into the water and were all drowned.

It has been much discussed lately how the partridges are able to fly, but the curious part of this collapse was that the whole number fell simultaneously, as if they had decided to die together.

No Fool Like An Old Fool

By ELEANOR K. BEACH

"My son," said the senior Winthrop when his boy was about to leave him to enter into business in the city, "I will forgive you for anything except making a senseless marriage. In other words, I expect you to consider when you marry upon what you propose to support a wife. If you marry a girl who can do her part in the family financial requirements, well and good. If you secure an income to do it all yourself, well and good. But if neither of you has anything more than a pittance don't come to me for help. In short, I shall not want to see anything more of you. One word more: The worst thing you can do is to marry a girl brought up in affluence who has nothing on which to keep up a position."

Bob Winthrop chose what his father considered the worst thing he could do. Miss Rosalie Hilton was the daughter of a man who lavished luxuries upon her till she was twenty years old, then failed in business and died, leaving her with nothing at all. Bob was a gentleman-like, handsome chap and had not been long in town before he was received in society and met Miss Hilton just before misfortune befell her family. She had met many agreeable young men and had had a number of suitors, but between her and Bob came something that neither had felt before. Bob proposed and was accepted when he supposed he was considering his father's warning. Then came the crash, and the young man was not only too honorable to withdraw his offer, but he did not wish to withdraw it.

But he had a hard time in persuading Rosalie to marry him. She had a good head on her shoulders and realized what would likely be the result of marrying a man whose income did not admit of his supporting any wife at all, to say nothing of one who had been brought up in luxury, but since her heart was with Bob and he said he was willing to take the responsibility, if she was, she finally yielded and they became engaged.

Bob wrote his father all about it and received in reply: "They say there's no fool like an old fool. My opinion is that there could not possibly be a greater fool than a young fool."

Bob showed his father's letter to Rosalie. She said not a word in reply but seemed to be doing a good deal of thinking. Presently she said: "Well Bob, there's evidently no hope for us with your father. And your income is too small for us to marry on. Either you must consent to my doing something to earn money or we must give up marriage. I am well educated and shall teach."

"We needn't be married right off," said Bob. "Wait awhile."

Six months of waiting passed, and Bob found it a depressing period. Rosalie went to live with an aunt in another city and wrote Bob that she was getting ready to teach. Then she wrote that she had found a position at a salary of $800 a year. She could save most of it, and in a year they would have the wherewithal to start a fortune. Bob smiled at her way of expressing it, but a year seemed very long to him.

One day Bob received a letter from his father, who was a widower, that he had concluded to take a second wife. In order to gild his announcement he added that he would celebrate the event by giving his son $10,000. If he chose to spend it in marrying a girl who had been born "with a silver spoon in her mouth" and who would doubtless spend the money or lose it within a year, he was welcome to do so. But he advised Bob to follow his father's example and marry a practical woman.

Bob sent the letter to Rosalie, who replied: "Why don't you go home and inspect your future stepmother? I have no confidence in the sense of old men in the matter of marriage. I notice your father doesn't mention his fiancee's age. Ten to one he has got hold of some chit, or rather some chit has got hold of him, and she'll lead him a dance. I've found a position as governess in the family of a widower and he's bothering me to marry him."

Bob wrote his father, thanking him for his kind intention, and added, "I shall be able get off for the week end and will run down and see you to offer my thanks in person and meet the future Mrs. Winthrop."

Saturday evening Bob appeared in his father's house and was welcomed by his two younger sisters, aged respectively fourteen and ten. They were loud in their praises of their future stepmother. Then came the father, beaming all over with happiness. Bob asked if his father would take him to call on the lady during the evening, to which his father replied that the lady was in the house and would be down in a few minutes. As he spoke the words the door opened and she stepped into the room.

"For heaven's sake, Rosalie, what are you doing here?"

"I came here to disprove your father's words that a young fool is a worse fool than an old fool. I am the governess of your sisters and have become very much attached to them, also to your father."

The old man was much shocked and disappointed, but he finally decided to take it all in good part and consent to Bob's marriage provided Rosalie would finish the year as his daughters' governess.

BOWLING

Renewed interest by the fans in the Fore River league matches stimulated the bowlers to better efforts and very consistent rolling resulted Monday evening.

At the City Square alleys the Cranch easily beat the Quincy Adams team 4 to 0. Jones rolled high single of 102 and Olsen had best total of 281.

At the Coliseum an Odd Fellows' match attracted much attention. John Hancock lodge beat Mt. Wollaston lodge 4 to 0. Thomas made high single of 108 and had high total of 301.

In the Fore River matches the Machine Floor beat the Hull Draftsmen, 3 to 1. Cain was high man with 104 in this match.

The Machine Gallery beat the Foundry 3 to 1. Charnock made high string of 118, the highest of the evening throughout the city. Tirrell with a string of 112 reached the best total of 288.

The Shipfitters beat the Patternmakers 4 to 0. This was the fastest match in the evening. The winners rolled a string total of 510 and a team of 1440. Smith was high man with a three string total of 304 and Burke second with 297, the latter slipping into second place by closing a string in a clever manner.

Marvock of the Patternmakers rolled best single of 114. Ten strings of over 100 were made in the match.

INTER-CLASS SCHOOL EVENT

High School Boys Will Hold Annual Event Wednesday

The Quincy High school Inter-class meet is to be held Wednesday at 3 o'clock at the High school gymnasium Capt. Kingsbury has worked hard to make it a good one. The features of the day will be the 20 yard dash for freshmen, and relay race between two freshmen class rooms. There will be keen competition in the half mile and mile runs for the best runners are entered. There is also to be a 20 yard dash for all classes. The high jump will bring out some sterling performers as three of the best jumpers in the High school are clearing the bar at a good height.

The potato race will bring out some of the best ones that have been competing for the Y. M. C. A. for the past few seasons. The events and entries to date are as follows:

20 yard dash, freshmen, Dolan, K. Briggs, S. Bedwell, S. Lyons.

20 yard dash open, R. Larkin '13, Dolan '16, K Briggs '16, S. Bedwell '16 R. Prout '13, S. Prout '12, W. Hyland '13, S. Hunt '15, H. Safford '13, L. Safford '13, Schankelburger '14.

One mile,—Capt. F. Kingsbury '14, A. McFarland '14, L. Safford '14, E. Newcomb, '13, A. Anderson '14, A. Connor '15.

Half mile—Capt. F. Kingsbury '13, W. Atkins '12, E. Newcomb '13 A. Anderson '14, A. Connor '15, A. McFarland '14,.

Shot put— W. Atkins '12, W. Thompson '13, L. White '13, P. Moran H. Safford '13.

Broad jump—R. Larkin '13, S. Lyons '16, R. Prout '13.

Schankelburger '14, L. White '13, Dolan '16, K. Briggs '16, S. Hunt '15, W. Mead '12.

High jump—W. Thompson '13, W. Hyland '13, Schankelburger '14, S. Hunt '15.

Potato race—Dolan '16, R. Prout '13, S. Prout '13, H. Safford '13, S. Hunt '15, R. Larkin '13.

FOUR YOUNG MEN GATHERED IN

Police Claim They Were Gambling Sunday

Officers Thorne and Dhooge raided a room in the Des Moines house at Quincy Point at 3 o'clock Sunday morning and arrested four young men on charges of gambling on the Lord's day. According to the officers the fellows had been playing cards in their room all night. They gave their names as William McCauley, John Main, Victor Marble and Isadore Barrett. They were arraigned in court yesterday.

BASKETBALL.

In a fast game at Milton, Saturday night Cunningham gym beat Tech '16 25 to 21. Negotiations between Cunningham gym and the Quincy A. A second team are pendnig. The Gym boys concede the local juniors are one of the fastest in the state but claim that they can defeat Quincy A. A. in a three game series.

The Posse Gym Girls beat the Thayer Academy Girls at Braintree Saturday 33 to 5. The winners are much heavier than the Academy five. Notwithstanding the large score the Academy girls played well. Miss E. Kimball the Thayer centre made their five points.

WINTHROP WON.

Winthrop High won the Interurban High School league championship by beating Wellesley High at Wellesley, Saturday, 44 to 16.

Tuesday at Winthrop the Quincy will play the "champs." A large delegation of loyal rooters will attend the games.

It is a good thing to keep old receipts though it was unusual good luck that enabled William Henry and John Cartright of Upper Alton to save their farm of 320 acres by producing a receipt 80 years back. Through some mistake of the clerks of the United States land office the record of the sale had not been made in 1833, but the receipt had been kept by the family. It is well not to clear out old papers too recklessly.—Springfield Republican.

THE QUINCY DAILY LEDGER

LARGEST **GUARANTEED** CIRCULATION IN THE CITY

Vol. 28 No. 54 QUINCY, MASS., WEDNESDAY EVENING, MARCH 5, 1913 PRICE TWO CENTS

McDEVITT'S STATEMENT UNTRUE THE VERDICT OF RULES COMMITTEE

"Unworthy of Consideration," Scathing Denouncement of Quincy's Senator's Words

Shades of John Hancock, Adams and Others That it Should Be Thus

The committee on rules of the legislature has stamped the statements of Senator John J. McDevitt, with regard to alleged bribery as untrue. The shorter and uglier word is omitted but it is difficult to hide under the veneer of the gentler word the real meaning of the committee. It is rather a serious situation in which a public official finds himself, when members of the body of which he is part and parcel brand his statements as untrue. This branding is not done in the heat and excitement of debate, but after mature and careful deliberation, and handed into the records of the body as part of the proceedings of the day and must stand always in those records.

As far as the lower branch of the

MISS PACKARD COMMENDED

Danvers School Board Pays Tribute for Promoting Girls' Sports

Miss Minnie Packard, daughter of Mr. and Mrs. Walter Packard of Chestnut street, who is teaching at Danvers, Mass., is publicly commended in the report of the school committee for her activities in promoting out of door sports among the girls. The public recognition of her service is unusual and other boards will probably follow the precedent established by the Danvers School Committee.

Miss Packard is a graduate of the Coddington and Quincy High school. She received her degrees at Wellesley College and is a prominent alumnae, recently taking part in a production for the benefit of a building fund for the college. She is well and favorably known here having a large acquaintance throughout the city.

The report reads as follows:

The Committee cannot speak too strongly of its appreciation of the labor of Miss Minnie Packard in the promotion of an interest in out of-door sports among the girls.

Miss Packard has devoted a great deal of time outside of her regular school hours, for this important work which besides being of great and general advantage to the school, means more than we can estimate to the health and character of the pupils.

CITY CHARTER.

The much discussed question of revision of the city charter will be thrashed out again to night at the regular meeting of the Board of Trade. Copies of the bill which is now being considered by the Legislative Committee on Cities have been secured and some hot arguments pro and con may be expected.

MASTER PAINTERS.

The master painters of the city will meet Thursday evening to discuss the request of the men for an increase of $2 per week in pay on April 1. The meeting will also consider the organization of a Masters association. Members of the State association will be present.

WE CAN SELL

a Nine Room residence on a beautiful lot in the best part of Quincy for $1000 less than you could build it. Even less than the assessed value.

The owner is away and says sell. Are you able to take advantage of an unusual opportunity.

DANIEL RING TRANSFERRED

Presented With Meerschaum Pipe By Former Colleagues

Daniel J. Ring of Quincy who for a number of years has been connected with the mailing division of the Boston central office has been transferred to the Quincy office. Tuesday just before he was leaving his department he was called to the office of the mailing room and presented with a handsome meerschaum pipe by Major Charles Almedie in behalf of his fellow employees in the division. Mr Ring briefly responded thanking his fellow employees with whom he had long been associated and said that while he should miss them that his new office was in his home city and that he would be glad to be employed there among the pleasant surroundings which he knew to exist here in Quincy.

Mr. Ring is a well known resident of the Quincy Point district and is promently identified with Quincy lodge of Elks.

MANY FLORAL TRIBUTES.

The funeral of Mrs. Emily Higgs, wife of James T. Higgs of 80 Gilbert street, South Quincy who passed away Sunday morning, was held at her late home Tuesday afternoon at 2.30 o'clock. Rev. Mr. Tilley of Calvary Baptist Church officating. The funeral services were largely attended by her numerous friends also by members of English Ivy Lodge, No. 116, Order Daughters of St. George and Abigail Adams Lodge No. 11, I. C. of America, who also held their services at the house. There were many beautiful floral tributes, among them were a standing wreath marked I. C. of A. No. 11, standing wreath with base of English Ivy and English Wall flowers, which was the deceased favorite flower from the Daughter's of St. George, wreath of mixed flowers from Deacon Brothers' employees, large pillow from five friends, Mrs. Beaton, Mrs. Eddy, Mrs. Dawson, Mrs. LaBrecque and Mrs. Dunbar, standing wreath from friends, spray from Mr. and Mrs. Ralph Gullicsen, spray of pink carnations from her grandchildren, wreath from the family marked wife and mother, wreath from Mr. and Mrs. Newcombe and family and Mr. and Mrs. Walter Belyea, spray of roses, tulips and pinks from Club members, spray of mixed flowers from Mrs. E. Medlin, Beatrice and Lottie, spray of tulips from Miss Anna Oster, spray of roses from amusement committee of Daughters of St. George. spray of pinks from Mrs. A. Litchfield, spray, pinks from Mr. and Mrs. Norrish.

BIG SUCCESS OF THE AUTO SHOW

Closing Night Witnessed An Immense Gathering

MANAGEMENT COMPLIMENTED

The second and last day of the 1913 Automobile Show closed with a success little anticipated when the affair started, although the huge crowds were wholly unexpected. Manager Winsloe and his associates worked like beavers and when the Show closed shortly after 10 o'clock scarcely anyone could feel they had not had the most painstaking attention.

The fame of the Show having spread the crowds attending were much larger than the opening night. Official records show an attendance of nearly 3000 for the two nights.

Many councilmen and other members of the city government were among those attending Tuesday evening.

Manager Winsloe welcomed those present in a short speech and described the various exhibits. He declared the future of these shows to be as bright as the past.

President Hamilton of the Quincy Board of Trade said that Wollaston had reason to be proud of the auto show and of Mr. Winsloe whose brain saw the possibilities. The Board of Trade was pleased with exhibits of this kind.

John L. Miller, chairman of the school committee was proud to speak at the Show. He complimented those in charge for their enterprise. Mr. Miller spoke of the granite exhibition to be given at Boston in the month of August. He urged the support of Quincy people.

The Michigan cars arrived and Manager Burke had two models on display a five-passenger touring car and a roadster.

The long musical program of Tuesday evening was filled with extra numbers and when "America" brought the evening to a close everyone of the large number present felt the time well spent in hearing the music alone.

In addition to the selections of the Ladies orchestra, solos by Harry McDevitt and William McDevitt and Miss Eva Robinson were enjoyed. The Madison Trio contributed several numbers of both harmony and rag time.

The stairway to the refreshment hall was filled the entire evening with a stream of people either going or coming. In the hall a corps of young ladies attended the wants of the guests.

Manager Winsloe promises to put on as good a Show next year, with the possibility of continuing it for a week and those who attended it this year hope he will.

EASTER WEDDING.

Invitations have been issued for the marriage of Miss May Veal daughter of Mr. and Mrs. Thomas Veal of Vernon street and Arthur Newton, superintendent of the Sunday school of Christ Church. The ceremony will be performed by the rector, Rev. Richard E. Armstrong, at the church, Easter Saturday evening. The announcement of the engagement was made last Easter Sunday.

Miss Veal is an active member of St. Margaret's Guild, a teacher of the Sunday school and is well known throughout the city.

PROGRESSIVE WHIST.

A progressive bridge whist party was held at the Cochato club, Braintree, Tuesday evening, sixteen tables being in play. Souvenirs were awarded to Mrs. Eben Prescott, Mrs. H. W. Hall, Mrs. A. H. Smith, Dr. C. R. Marstin, Mr. W. E. Dow and Mr. F. W. Jenkins. Refreshments of ice cream and cake were served.

VISIT FROM THE STORK.

During the meeting of the Philergians at Braintree Tuesday, a telephone message was received announcing the birth of Mary Rogers, a daughter to the ex-president, Mrs. William F. Rogers, of 28 Boscopel street, South Braintree. Mr. Rogers is in the advertising department of the Boston Transcript.

YOUNG PEOPLE MAKE BIG HIT

In Presenting Rollicking Two Act Farce Mr. Bob

BEFORE ATLANTIC AUDIENCE

The two-act farce, entitled "Mr. Bob" which was given by the Christian Endeavor society of Memorial church, Tuesday evening in the Atlantic Music Hall met with more success than any drama ever staged in Atlantic. The stage was furnished as a living room in a cottage at Oyster Bay.

Gordon Sherwin made an excellent English butler and as good a Romeo when he was practicing to go on the stage. He was dressed in a blue velvet butler's suit, with a red velvet vest. He thought much of the dignity of his position, and also of Jenkins, his old family name.

The part of Aunt Becky, or Miss Rebecca Luke, a maiden aunt, was taken by Miss Marjorie Young, who carried out the part, in a most pleasing manner. Her affection for stray cats caused much amusement, as well as playing an important part in the plot.

Miss Alice Waterhouse, who took the part of "Patty," the maid was very charming and graceful, especially when practicing ballet dancing; she was quite dramatic when reading Shakespeare's "Romeo and Juliet," and "Macbeth." "Patty's" great ambition was to go on the stage, and she practiced for such a position during her spare moments. She detested cats and drew up a petition to be presented to Aunt Becky, limiting the number of cats, to be kept in the house from twenty to one. Her little love affair with Jenkins was another comic feature.

Miss Mabelle Reed as Katherine, Aunt Becky's niece, entered into her part with great enthusiasm. Her little joke about "Mr. Bob," brought in many comic parts. Miss Reed showed excellent dramatic talent when she gave a description of the progress of the exciting yacht race as she saw it from the window.

Lawrence French, who took the part of Phillip Royson, met with his usual success. He hated cats, and Aunt Becky worried about his yacht racing, so he agreed to give up his racing if she gave up cats. He was studying to be a dotcor, and was always ready to show his little skill in this line.

The title role was carried by Miss Doris Cummings with much ease. She was always spoken of as "Mr. Bob," and Phillip made plans for a gentleman's company, when his cousin Kitty told him that "Mr. Bob" was coming. "Mr. Bob," or Marion Bryant, had had some experience in sailing yachts, and made use of this when Phillip made his agreement with Aunt Becky. Marion won the races thus gaining Phillip's favor. She made a very pretty picture as she stood in her sailing costume.

The part of Robert Brown, who came down, was taken by Morton Read. He had the most amusing part, being taken for "Mr. Bob," by Phillip, a friend of Phillip's, by the girls and Mr. Brown the architect, by Aunt Becky. He is in mystery and misery during most of the play and keeps the audience laughing every moment he is on the stage. No one knows until the end that he is a lawyer's man, bringing a lost will to Aunt Becky. Phillip tries his medical skill on Mr. Brown, and gives him some very tasty medicine. Mr. Brown is given a little lunch by almost all the members of the cast.

James Kennedy in kilts gave two Scotch dances between the acts.

Miss Margaret Read played the piano before the play started. Much of the success of the affair was due to Miss Maud Read and Mrs. Henry Malloch who have acted as coaches. The large audience was due to the work of the Sunday School and Christian Endeavor, who sold the tickets.

LENTEN SERVICES.

Rev. George G. Weld of St. John the Evangelist's church of Hingham will preach the sermon at the lenten services at Christ's church, this evening.

WOMAN DIED AT HOSPITAL FROM SELF-INFLICTED WOUND

Tetyc, the Man With Her at Time Held in $5000 Bail for Assault With Dangerous Weapon

Victim Accused Him of Threatening Her in Statement Before Death

Mrs. Baraska Slobodniskova, the woman who shot herself in the left breast Monday morning in the caretakers room at the greenhouses of Perry Green on Howard avenue, passed away this noon at the City Hospital where she was taken shortly after committing the rash deed. The death of the woman makes the position of Klim Tetyc, her companion of the night before a more serious one. While he did not according to the woman's own statement shoot her with a revolver, his threat that unless she complied with his wishes he would do so preyed upon her mind in such a manner, that she made the attempt, which proved successful. Although Tetyc was only arraigned in court this morning charged with assault with a dangerous weapon it it not among the impossibilities that when the case comes up on continuance on March 14, if not sooner called he may be charged with being an accessory, after the act, of manslaughter.

The woman had been in a very serious condition ever since taken to the hospital. She was unconscious nearly all day Monday and when she did regain consciousness that night it was only for a short period. While the police were questioning her, through an interpreter, Monday she was seized with a hemorrhage and the interrogation had to be suspended. This was also the case at the time the surgeons were trying to locate the bullet. They traced its course toward the stomach but were obliged to discontinue their search for the bullet owing to her serious condition.

The body was given in charge of Undertaker Hall and removed to his rooms on Hancock street.Tetyc the man held in connection with the case has retained the services of Arthur Thomas as attorney.

The shooting at Perry Green's greenhouse Tuesday morning turns out to be a more serious affair than was at first suposed. Klem Tetyc of 100 Sumner street who was held all day Tuesday by the police as a witness was placed under arrest on Tuesday night following a statement obtained from the woman at the City hospital through an interpreter. It was through an interpreter that the woman's name was learned to be Mrs. Baraska Slobodniskova, and as was stated Tuesday her injuries were self inflicted, in the sleeping room of the care taker of the greenhouse, but not until after she had been threatened by Tetyc with a revolver, that unless she consented to go to another city and live with him, he would shoot her.

After making this threat the woman says that she grabbed the revolver and turning it upon herself fired one shot. The bullet entered under the left breast. went across the body, then took a downward course into the stomach.

It was not until late Tuesday afternoon that the woman regained consciousness and was able to be interviewed by Chief Burrell. Owing to her inability to speak English it was somewhat difficult to find anyone who could understand what she said. Tuesday in court however there was a Russian interpreter on another case and Chief Burrell secured his services. They first went to the American Fertilizer works at North Weymouth wehere it was learned that Ttetys had gone Monday morning and taken the woman away with him.

Later in the day when the woman regained consciousness Chief Burrell and the interpreter visited the City hospital and obtained the woman's statement. This in brief was that she came to Quincy from Kiey, Russia, three weeks ago to join her husband who was at work at the Fore River ship yard. When she arrived however she found that he had left for Cochrane, Ont., and she was directed by a countryman to the Russian boarding house near the fertilizer works at North Weymouth.

Monday morning according to the woman's story Tetyc came to the boarding house and induced her to boarding house and induced her to go to Boston on the pretence of securing employment for her in a shoe factory. They visited a moving picture house and then came back to Quincy. She wanted Tetyc to take her back to North Weymouth, but he refused and instead took her to the greenhouse where she slept in the living room of the care taker that night.

The greenhouses are in charge of Nikichva Hurkucuk, also of the same nationality. In the morning after Hurkucuk had gone out. Tetyc came to her and wanted her to go to another city and live with him. When she refused he took the revolver out of a box and threatened to kill her unless she went with him. At this she had a tussle with him and securing possession of the revolver turned it upon herself and fired a shot which as noted above entered her left breast.

Hurkucuk told the police that Tetyc and the woman came to his house on Monday night and asked permission to remain all night. As they were fellow countrymen he allowed them to stay, in the living room. Monday morning he went out and was at work near the greenhouses when he heard a shot. Rushing in he found Tetyc with a knife which he was flourishing about threatening to kill himself with He took all of the knives away from him and then locked Tetyc in a room. He then ran to the Red Cross hospital at the Fore River and notified Dr. W. R. Blanchard, who called Dr. W. J. Middleton to assist him. About all they could do was to send the woman to the City hospital where she was taken in the police ambulance.

At the hospital she was operated upon by Dr. N. S. Hunting, Dr. W. L. Sargent, Dr. W. J. Middleton, and Dr. T. J. Dion. They found that the bullet had gone across the body and then taken a downward course to the stomach but the woman's condition was so serious that it was thiught too danserious that it was thought too danat that time.

Hurucuk also told Chief Burrell that the revolver was an old one that belonged to him. That there was but one cartridge in it and that he kept it in a box, and was at loss to know how Tetyc has discovered it.

The story of Mrs. Slobodniskova differs considerable from that told the police Monday by Tetyc. According to his story he was in the room shaving when he heard a shot and turning about he saw the woman with a blanket wrapped about her. When he asked her what the matter was she only smiled. Throwing open the blanket he was surprised to see her clothing saturated with blood which was flowing from a wound in her left breast.

Being a little suspicious of his story the police determined to hold him as a witness until the woman recovered or was able to tell a connected story. After getting the woman's side of the story however the police determined to hold him on a complaint for assault with a dangerous weapon. He was brought into court this morning and arraigned before Judge Avery who held him in $5000 bonds until March 14 the outcome of the womans injuries are determined.

OLD RESIDENT DEAD.

Mrs. Hannah Connor, aged about 80 years, and Atlantic's oldest resident died at her home Tuesday. She leaves a husband Jeremiah who is about the same age and two daughters. Mrs. Connor has lived at Atlantic for over 25 years and was well known throughout the district.

Her funeral will be held Thursday morning. A high mass of requiem will be celebrated at Church of the Sacred Heart.

EDITORIAL COMMENT.

Miss Margaret Foley of Boston presented a striking figure as standard bearer at the head of the suffragette parade in Washington.

Many a faithful town officer was dropped for some cause or other this week.

As Thaw is legally insane of what legal standing is his evidence one way or the other.

There must be something the matter with that woman who made her escape from the Chicago hospital and expressed indifference over the loss of $41,000.

In what class would these school boys be whose principal suggests that they should receive a per centage for playing hockey in the Arena?

It may be all right for the theatre bread line, but is the make believe cook as good in that department as in the acting line.

While the inauguration weather was not of the best probably we should be grateful that it was not worse.

There have been suggestions as to the McGregor of the presidential cabinet meetings and we feel inclined to the belief that Mac Will be President Wilson himself.

President Taft will take the chairs he occupied from the White House. It will save buying new ones and there does not appear to be much demand for such ponderous furniture at the White house for some years.

Yes it is all very true the coal price we pay, but the trouble is what are we going to do about it? Just before the state election there was going to be such an upheaval over the price of coal in this state that every one felt satisfied. And now? Well all that stuff has been forgotten.

New York has boasted of its 400 but only recently has that list of over 200,000 dependent upon charity been exploited.

There are many reasons of course why a woman feels that she should vote and on the other hand there are just as many good reasons opposed to such a proposition.

Ettor was quietly deported from Canada without any fuss or feathers, but Castro was able to get into the United States all right.

Sarah Bernhardt says there is no such thing as platonic friendship. If she means the germ that is strutting around this country in the guise of soul mates, affinity and the like, she certainly is correct.

THE SENATORSHIP.

The present little affair in which the senator from this district cut such a poor figure is affording some writers a chance to slip over a little early campaign work for his possible successor. Possibly the present incumbent would find it a hard task for re-election but you never can tell the frame of mind of the voter.

The Boston Advertiser in commenting upon the subject remarks:

"The mistakes of Senator McDevitt of Quincy have started talk that Roger Wolcott of Milton may again try for the seat, but Quincy republicans declare: "Roger has had his day. He got the republican nomination, but couldn't carry the election. Now it's Quincy's turn to nominate and Louis Langelier looks pretty good to us."

There is no doubt that Roger Wolcott's stand-pat record hurt him. For a young man he was surprisingly conservative, and Miss Margaret Foley on the stump did more to illuminate his record and elect McDevitt probably than anybody else. Even the Democrats admit however, that unless McDevitt can make good his charges he has probably dug his political grave."

Perhaps by the time the caucus time comes around next fall, the voters of the district might feel as though they had something to say about selecting the senator from this district. And they probably will assert that right. There is no doubt but that they will be a trifle more careful in their selection than they were on one memorable and probably long to be remembered occasion.

THE BRANDEIS CASE.

Now that the blizzard of cabinet guessing has passed us by, and we know who have received of the plums that were shaken from the presidential fruit tree, may be it would be pertinent to inquire if Mr. Wilson really intended to appoint Mr. Brandeis to a cabinet position and then changed his mind. Mr. Wilson has been characterized as a strong minded man. In other words the impression has been cast about that he might come under the class known as stiff necked that he knew his mind and ould have his way. If Mr. Wilson changed his mind in the Brandeis case he showed that finest quality of strong mindedness, that is being able to change his mind when convinced his position was not tenable. As to Mr. Brandeis politics or his capaicty for cabinet position it is not neecssary to go into. He made no denial of the claim that he was a Republican. Mixed political families are rarely noted for their harmony. Lincoln and Cleveland both had experiences in that line. The men they selected were not lacking in ability, but that essential quality of harmony and the very team work of which President Wilson has so often spoken would be lacking. And history might repeat itself.

THE ADVANTAGE.

The residents of the towns are having their innings this week. They are not like their brethren of the city who go up once each year, and silently cast their vote proud of the privilege of electing Mr. So and So whom he has probably roundly abused the whole of the preceding year for another term in office. The city voter can offer his objections, but they are mostly in private, on desert air or in the presence of a few people, many of whom probably quite agree with him so there is little chance for argument. Not so the voter in the town. He has the right and exercises it too, to vote upon every article in the warrant and debate it. Naturally all do not agree. There is argument, perhaps some ill feeling engendered temporarily, but the voter has had his say before an audience. Every other voter in town has had a chance to hear his views. That is where the town voter has the advantage over his city colleague, and by the way many a town meeting has been the schooling ground for many future famous orators.

BARRAJA RECITAL.

The first of a series of recitals conducted by Enrico Barraja and advanced pupils was given Frdiay evening. The audience was very enthusiastic and called for many encores.

Max Lipman of the Boston Opera Co. was the guest of the evening. He sang, by request, "Questa o quella" from Rigoletto, and the "Celeste Aida" from Aida and was given tremendous applause.

Italian musical compositions of different periods comprised the selections. Arrangements are being made for another recital, at which German music of different periods will be interpreted. It is possible that another of the Boston Opera Co. stars will attend.

The program:

Cherubini (1760-1842)—Anacreon—Overture. Piano 4 hands—Miss M. O. Currie and Mr. E. Barraja.

Bellini (1801-1835) — La Sounambula—"Cari loughi."

Rossini (1792-1868)—Il Barbieredi Sivigha—"La Calumria."

Boito (living)—Mefistofele—"Ecco il mondo."

Bass solo Mr. J. Barraja-Frauenfelder

Marcello (1686-1739)—Preludio.

Zipoli (1685 ——)—Sarabanda.

Martini (1706-1784)—Celebre gavotta.

Galluppi (1706-1784)—Sonata in D. Piano solos by Mr. E. Barraja

Giordani (1743-1798)Caro mio pen—Aria.

Tosti (living)—Se tu non Torni—Melodia.

Soprano solo—Miss Catherine Brown.

Clementi (1752-1832) Sonata in B flat—1st movement.

Piano Solo—Miss M. O. Currie.

Scarlatti (1659-1725)—Ah, cessate! Aria.

Donizetti (1798-1849)—Elisie D'Amore—"Una furtiva lacrima."

Maseagni (living)—Pena d'Amore.

Tenor Solo—Mr. Leo Stroppiana.

Rinaldi (1835 ——)—Burlesca.

Van Westerhout (1862-1898) Toccata

Martucci (1856-1909) Romanzo.

Longo (living) Passacaglia.

Piano solos by Mr. E. Barraja.

Donizetti (1798-1849)—La Favorita—Duet from 1st Act. Tenor and Bass—Mr. Stroppiana and Mr. Barraja Frauenfelder.

YOU need the Ledger EVERY DAY.

McDEVITT

(Continued from Page One.)

State Legislature is concerned. Senator John J. McDevitt's charge at attempted bribery by a member of the House is a closed book. Tuesday the Representatives listened to the unanimous report of the Joint Rules Committee, composed of Democrats and Republicans, and heard that committee solemnly announce its finding that the Quincy Senator's statements on the public platform at Wollaston last Wednesday night, relative to attempted bribing by a House member, and his subsequent statements before the Rules Committee at the State House were "untrue."

In this finding members of House and Senate on the committee had concurred. In making the report the committee advised that further investigation was unnecessary and, therefore, recommended that the White order for a further under-oath inquiry be not adopted.

The lower branch had cleared its skirts. It therefore adopted the recommendation of the committee, which entirely exonerated Representative John H. Buckley of Boston, whom Senator McDevitt, in varying forms and degrees, had accused of having suggested a money consideration to him (McDevitt) if the latter would favor a pending bill, and rejected the order for further investigation.

The report of the committee and a memorandum of the action of the house thereon were then forwarded to the upper branch "for the information" of the Senate.

Here the report was read again. As there was no demonstration when the document was read in the lower branch, so it was listened to in absolute silence by the Senate. Senator McDevitt heard it read. He sat in his seat throughout the reading and made no comment.

When the final significant paragraph had been read Senator Allen of Melrose arose and made this motion:

"Mr. President, I move that the report be referred to the Senate Committee on Rules to report back to the Senate what action should be taken by this body." This motion was adopted without division or debate. The machinery for future "action" of some kind had been thus set in motion.

The Senate Committee on Rules consists of Pres. Greenwood of Gardner, Blanchard of Somerville, Allen of Melrose, Republicans, and Timilty of Boston, Democrat. The committee met directly after the adjournment of the branches Tuesday afternoon, but did not take up the McDevitt case, largely because of the fact that the only Democratic member was in Washington. He is expected back Friday.

It is up to the committee to suggest a penalty, should it decide that there is necessity for one. In recent years members on Beacon Hill have been censured, suspended or expelled by their colleagues for conduct deemed unbefitting legislators of the Commonwealth.

Attempts were made Tuesday to sense the feelings of Senate members on this McDevitt matter, but comparatively few would express themselves at this stage, but the sentiment in favor of "action of some kind" was marked.

Senator McDevitt talked freely about the matter with some of his colleagues, but had apparently no definite program outlined if any is now left for him to outline.

Representative Buckley of Dorchester, surrounded by members of the lower branch, was naturally pleased with the finding of the Rules Committee and its acceptance by the House, but he still felt keenly, as he put it, "the injustice of it all." What action, if any, he intended to take personally he absolutely declined to say.

The following is the report of the Joint Rules Committee, which was accepted by the House and is now before the Senate Committee on Rules for further report to the upper branch:

"The Joint Committee on Rules, to whom was referred the order offered by Representative White of Newton relative to an investigation of certain charges of bribery made by Hon. John J. McDevitt, member of the Senate, reports recommending that said order be not adopted, and submits herewith the following statement:

"The basis of the bribery charges were statements made by Senator McDevitt at Quincy, in a public address, on Feb. 26, 1913, as reported in an issue of a Boston paper on Thursday, Feb. 27, 1913, alleging in substance that he had been offered a bribe of $300 by 'a Representative from Boston.' Your committee invited Senator McDevitt to appear before it on the afternoon of Feb. 27, 1913, and to furnish it with any information in his possession or knowledge concerning said charges and report.

"He accepted the invitation and, appearing before the committee, he submitted the following written statement:

" 'After consultation with Senator Mack in this matter, I desire to make the following statement: The statements I made at Quincy last night, as has been reported, were practically true so far as they were then within my knowledge; but on further investigation I find that the person who spoke to me as he did had no authority to do so, or to offer any bribe to any member of the Legislature.' "

"In response to interrogatories by the committee, Senator McDevitt said in substance, supplementing his written statement that he did not know the man who had approached him, that he had never seen the man prior to the time he was approached; that he did not know is name, that he assumed at the time that he was a Representative because he had no hat on, but that he had since learned that he was not a member of the Legislature; that he would not be able to recognize the man again, and that he had no recollection whatever concerning the measure on which he ha d been approached.

"At the conclusion of Senator McDevitt's statements on Feb. 27, 1913, your committee unanimously voted that an order for an investigation of the alleged bribery charges be presented to the Legislature. The following day the order on which this report is made was introduced, and on the same day counsel for Senator McDevitt suggested to the chairman of your committee that Senator McDevitt desired to make a further statement to the committee. A meeting, therefore, was held Monday, March 3, at 12.30 P. M., and Senator McDevitt, accompanied by counsel, appeared before the committee and stated in substance:

"Then he repudiated his written statement to the committee of Feb. 27. He then stated that he had been approached in the Senate corridor by Representative John H. Buckley of Boston, whom he had not known before, and that Representative Buckley, calling his attention to a particular measure, said, 'There's $300 in it for you if you'll be with this bill.' Senator McDevitt said that he replied, 'Nothing like that,' and went his way, and gave the matter no further consideration. He said that he did not consider that he had been offered a bribe.

"Upon being questioned Senator McDevitt admitted that he had known Representative Buckley for some time, that he had joined with Representative Buckley in a petition filed in the Legislature, that he had been to the Boston Penal Commissioners with Representative Buckley, and in many other ways contradicted or repudiated his previous statements to the committee.

"Representative John M. Buckley appeared before the committee and said in substance: 'I deny absolutely that I ever offered $300 to McDevitt or that the words ever passed my lips. He knows me better than any other man in the Legislature. I don't know why he should single me out for this. I never offered McDevitt any sum of money for anything. I never offered him a cent."

"The issue as to the truth was clearly drawn between the accusation of Senator McDevitt and the denial of Representative Buckley, and in the absence of other evidence your committee has reached the conclusion that the statements of Senator McDevitt were so vague, so conflicting, so absolutely contradictory and inconsistent, as to make all that he has said seem to be without foundation in fact and unworthy of any further consideration. Your committee is compelled to conclude that the statements of Senator McDevitt both on the public platform at Quincy and before the committe were untrue."

WOMEN'S CLUBS

WHAT THEY ARE DOING AND SEASONS' PLANS

By invitation of the Twentieth Century Club a meeting will be held at 3 Joy street, Boston, under the joint auspices of the home economics department of the Massachusetts Federation and the New England Home Economics Association, Friday, at 3.30 P. M. The speakers are: Mrs. Julian Heath of New York, on "The Housewives' League;" Miss Sarah Louise Arnold, dean of Simmons College, on "Information Centres for Housekeepers;" George B. Purington, manager of the Charles River Co-operative Society, on "Co-operative Buying." This meeting is open to all those interested without admission fee.

* * *

The annual meeting of the Massachusetts State Federation will be held in May in Boston, with the New England Woman's Press association as the hostess club. It is hoped to have as the guest of honor Mrs. Percy V. Pennypacker, president of the National Federation.

* * *

Miss Helen A. Whittier met the Art class of the New England Women's club, Feb. 28. After a short lecture the class took up a two hours' study of theEgyptian department. Later lectures are to be given at various art centres in Boston, Cambridge, etc. Next Monday at the regular meeting of the club, Albert Hatton Gilmer of Tufts college is to speak on "Possibilities for a Drama of Our Own."

* * *

The call has gone out for the annual meeting of the Massachusetts Society of the Daughters of the Revolution for Monday, March 17 in Lorimer hall, Tremont Temple, Boston. This meeting always brings out a large attendance and is an all day session.

* * *

The Brockton Woman's club observed reciprocity afternoon on Monday, entertaining many guests. Among the speakers was Mrs. Herbert J. Gurney of Wollaston, clerk of the State Federation, who read an original poem on "The Origin of the Woman's Club."

* * *

Mrs. Cecil H. Marble is chairman for the meeting Thursday afternoon of the Shakespeare society of Atlantic.

* * *

Roger B. Hull of Boston is to speak on "What the Boston Y. M. C. A. is doing for the Boys of the North End" at the monthly meeting Friday afternoon of the Y. M. C. A. Auxiliary. Mrs. I. W. Sneath will conduct the devotional exercises.

* * *

Mrs. Wilson Marsh is hostess this week for the meeting of the Friday club with Mrs. Dexter E. Wadsworth and Mrs. John L. Gow as the committee.

* * *

The Universalist Missionary society is to meet Monday afternoon at the home of its president Mrs. Thomas A. Addison, Quincy Point.

* * *

Monday afternoon Mrs. Herbert J. Gurney will give readings from Edward Rostand—"Chanticlier, "Cyrano de Bergerac" and "The Romances" in the chapel of the South Congregational church, South Braintree, with Mrs. T. E. Gale as the hostess. It will be the fifth in the series of the Literature committee of The Philergians—Mrs. Gurney, leader.

* * *

The meeting of the Abigail Phillips Quincy Chapter, D. A. R. of Wollaston with Mrs. Edward S. Tenney of 115 Prospect avenue will have a local interest as Mrs. F. E. Perkins is to read a paper on "Abigail Adams and her letters." A "golf" whist is to be held March 17th at Mrs. Sayward's.

* * *

"An appreciation of Maeterlinck" will be the subject of an address by Rev. Henry D. Stevens of Walpole, at the meeting of Quincy Alliance on Monday afternoon in First church parlor.

* * *

Mrs. W. H. Boyton is in charge of the March 12th meeting of Wollaston Alliance, the subject of the afternoon being "The story of the Church of the Disciples, James Freeman Clarke and his contemporaries." Tea will be served as usual.

Pratt's Vienna Bread

A Bread made after a fixed formula by expert workmen in a light, modern bakery.

Sold Through Grocers

Mrs. Emery L. Crane is to entertain the members of the Katharyn Crane Memorial club at her home on Whitney road, for their next meeting Mar. 12.

* * *

The March 8 meeting of the New England Wheaton Seminary club is of unusual interest as Mrs. Kate Upson Clarke, Wheaton '69 will be the lecturer. Her subject will be "Personality." The music will be in charge of Miss Hope C. Bromley and the afternoon will close with the usual social tea.

* * *

Club women are finding Edward Howard Griggs' lectures particularly interesting this season and he is having large audiences Saturday mornings at Tremont Temple.

* * *

Mrs. Everett C. Bumpus first president of the Quincy Women's club is bringing to a close this week a series of most successful lectures at Laurel-in-the-Pines, Lakewood, New Jersey and leaves the last of the week for Annapolis for a visit with her son who is at the naval academy. Her series of lectures at Newark, N. J., and in New York city have been especially successful and she was invited to return to the Waldorf-Astoria in New York as the guest of the National Society of New England Women.

* * *

There bids fair to be the usual spirited contest at the annual meeting of the D. A. R. in Washington next month as their are several candidates for the office of National Regent. Mrs. William Cumming's Story of New York who was defeated four years ago by the present regent is again in the field, also Mrs. John Miller Horton of Buffalo, who has a big following.

* * *

Miss Edith Randall of Coddington street was not only hostess on Monday afternoon for the meeting of the Junior Friday club but was in charge of the program as well but was equal as usual to the demands of the occasion and the members had an enjoyable afternoon. Miss Georgiana C. Lane entertains the club March 17 with Mrs. L. H. Sturtevant as the committee.

* * *

The next meeting of Dorothy Q. Sewing circle will he held with Mrs. Lydia Collett, 19 Wayland street, Monday. A very pleasant evening was spent by the circle with Mrs. Alice M. Dunn at its last meeting.

* * *

QUINCY WOMEN'S CLUB.

Uncle Sam has been busy this week and members of the Quincy Women's club have not only received in the mail copies of the new by-laws of the club but also ballots for the election next Tuesday afternoon and the bills for dues for 1913-1914.

The meeting is called for two o'clock at Alpha hall and promises to be of more than usual interest, for beside the annual election of club officers there is to be a debate under the auspices of the Civics committee on "Resolved—that women be given the right of Suffrage." Mrs. Zenas S. Arnold has arranged for speakers, among the club members and strong arguments for and against may be expected.

The exchange department of the Arts and Crafts committee is to hold an Easter sale during the club meeting Tuesday. Goods must be at Alpha hall before two o'clock where they will be received by Mrs. F. C. Andrews, Mrs. J. I. Litchfield and Mrs. Carroll Bates. Names of those wishing to join the classes now forming may be sent to Mrs. Jelinek.

Mrs. Chandler W. Smith whose name is up for president of the club is well known in the club being closely identified with it from the start. She was its first vice president and during the absence of the president Mrs. E. C. Bumpus in California was acting president for a year. At the close of the term she was honored by the club being elected president for two years, but owing to the business of her husband calling them to New Hampshire she resigned and Mrs. George W. Morton was elected president. At the close of Mrs. Morton's term Mrs. Smith, having returned to Quincy, she again ran for the office against Mrs. Herbert J. Gurney who won the election. With Tuesday's election Mrs. Smith is up for the office of president for the third time.

There is no rule but it has been customary to place the name of the first vice president in nomonation and many club members are sorry that circumstances were such that Mrs. Wilson Marsh, the logical candidate, could not allow her name to be placed on the ballot, a double ballot being more satisfactory.

Doubtless members will avail themselves of their privilege to write in names for the various offices. If so there will be plenty of work for the tellers as the club is a large one.

ADAMS CHAPTER D. R.

The annual meeting of Adams Chapter Daughters of the Revolution was held Monday afternoon at the birthplace of President John Adams. Annual reports were given by the officers and the election resulted as follows: Regent, Mrs. Nelson V. Titus; vice regent, Mrs. Frank F. Prescott; treasurer, Mrs. William Porter; historian, Mrs. E. Granville Pratt; directors for two years Miss Mary L. Hinkley, Mrs. Eliza R. Porter and Mrs. Susan J. Wilde.

Delegates to the annual convention of the National Society of the Daughters of the Revolution to be held in May in Philadelphia will be Mrs. Nelson V. Titus and Mrs. Oakes A. Bridgham with Mrs. Antoinette S. Paige and Mrs. F. Eugene Dyer as alternates.

QUINCY DAY NURSERY ASSO.

Donations to the Nursery for February were as follows: Unity Circle King's Daughters, food left from a supper; Mrs. William B. Rice, 1 gallon maple syrup; Mrs. Fowle, 4 children's hats and 2 mufflers; Mrs. McAdams, books and toys; King's Daughters Charity Circle 8 white aprons.

UNITY CIRCLE.

Unity circle, King's Daughters, held its regular meeting in Bethany vestry, Tuesday evening, the new president, Mrs. Frank J. Moore in the chair.

Rev. Albert M. Thompson of United Presbyterian church, conducted the devotional services in a very impressive manner.

After the reports of the secretary and treasurer and matters of business Mrs. Wilson Marsh spoke on her work among the blind. "The Wilson Home in Cambridge is supported by private subscriptions, and is finely equipped. They are taught the brail system of reading and all kinds of practical work. A person who has had sight and s suddenly deprived of it, is very unhappy and depressed, until they can learn some way of earning money. There is a home for blind babies, fitted and arranged in the dainties manner, where they have especial attention, and medical advice or by operations, may be helped to see.

Thy also send a teacher to private houses, to give instruction. Young girls are taught to crochet, cane seat chair and various occupations, whereby they can earn money. One young girl crochets baby bonnets and jackets, and earns quite a lot of money.

Mrs. Marsh showed a number of pictures of babies cared for in the babies' home, and pictures of the different rooms.

BODY CREMATED.

The funeral of Mrs. David R. Edgerton who died in her 70th year Sunday took place from her home 249 South Central avenue, Tuesday afternoon. Services were conducted by Rev. Isaiah W. Sneath. The body was taken to Forest Hills for cremation.

MYSTERY CLEARED UP

Connecticut Man Was Murdered by His Chum Two Years Ago

New Haven, March 5.—Coroner Mix has solved the mystery of the murder of Harold Ford in Madison, two years ago, by reporting that Harold Page, who was arrested in Florida last week and brought here, committed the deed after enticing Ford, his chum, into the woods and, stepping behind him, shot him in the head. Ford dropped dead.

Ford and Page had been working on a Meridan newspaper and had agreed to throw up their jobs and enlist in the army. Ford drew his money from a savings bank and they started for Madison to Ford's home. On the way the tragedy occurred. Page disappeared and enlisted in Wyoming. He deserted and went to Arkansas, Missouri and Florida, where he was located.

It is understood that a confession is the basis for the coroner's report. Page will be tried for murder immediately.

BLAZE IN WEBB HOME

Damage of $10,000 In House Recently Bought by Rockefeller

New York, March 5.—Dr. W. Seward Webb, railroad man and financier, who has been ill for some time, was rescued by his servants when a fire in the second story of his Fifth avenue home threatened to reach his apartment. He was taken to the home of his son nearby, and last night returned to his home when it was learned that the fire, which caused damage of about $10,000, had not reached the living rooms.

Only two weeks ago John D. Rockefeller bought from Mrs. Webb the residence in which the fire occurred yesterday. The price paid was $1,250,000.

Rockefeller purchased the property to prevent it passing into the hands of investors and to protect his own home and that of his son in the rear of the Webb home from the invasion of business or apartment buildings.

The KITCHEN CUPBOARD

VARIOUS BARLEY SOUPS.

BARLEY soup is one of those good old dishes that have been banished from many tables for more fashionable but less nourishing and appetizing ones.

Barley soup may be made with stock, milk or with fresh soup meat. Veal makes the best barley soup.

Good Barley Broths.

Brown Barley Soup.—When gravy is left over save it until you have about a pint of the thick gravy and thin it with hot water to make about a quart of broth. To this add two tablespoonfuls of well washed barley, one teaspoonful of salt, dash of white pepper, one teaspoonful of finely cut parsley, one tablespoonful of cut carrot and one tablespoonful of caramel. Boil slowly one and one-half hours.

Barley Soup With Meat.—Take a pound of soup meat, two tablespoonfuls of barley, a small onion cut fine and a tablespoonful of chopped parsley. Beef should be used for this, and a piece of marrowbone will add to its richness. Put the meat and bone on with two quarts cold water, the onion, salt and pepper and boil slowly for one hour. Then wash and add the barley and boil another hour. Add one tablespoonful caramel and the parsley.

A Nice Cream Soup.

Cream of Barley Soup.—Take two cupfuls of milk, two tablespoonfuls of barley, a teaspoonful each of butter, flour, chopped parsely and salt, a dash of pepper and a dash of paprika. Wash the barley through several waters; put over fire with a quart of boiling water and boil slowly one hour. Add water if necessary so that there will be a pint of water at the end of the hour. Have the milk on in top of a double boiler; add the barley and the barley water, the salt, pepper, paprika, nutmeg and the butter and flour, which have been rubbed together. Boil one minute and add the parsley and serve.

With Rich Balls.

Barley Soup With Veal.—This may be made with veal or with chicken bones. Place these in two quarts of cold water and simmer gently for three hours. Then skim and strain. Wash a half cupful of pearl barley in cold water, place it in a saucepan and cover it with the broth just made. Cook gently until the barley is tender, then remove one-third of the barley, set aside and rub the rest through the sieve. Now place the whole barley grains in a saucepan, also the barley and stock passed through the sieve; add a half pint of boiling cream; season to taste with salt and pepper. Add a dozen meat balls; boil and serve three balls to each person. For the balls mince any scraps of cold veal and season with onion juice, salt and pepper. Moisten with cold gravy or soup. Set over the fire and stir into it one tablespoonful of flour; cook five minutes, remove and as soon as it is cool enough to handle form into balls the size of marbles, dip in unbeaten egg and fry brown in hot fat.

CONCERNING ANCHOVIES.

ANCHOVIES are imported fish, and a taste for them, like that for olives, needs to be acquired. The anchovies are bottled in salt or oil, or put up in small tins or tiny kegs.

The salted anchovies should be rinsed in cold water, several baths being used. Then the fish should be allowed to stand in the water about ten minutes before using. Take the fins from the back and halve the fish, discarding the backbone and rear fin. Then drain or wipe, and use as directed in the recipe. These halves may be arranged on a dish surrounded by chopped white of hard boiled egg and parsley. They are served with oil and lemon juice.

Novel Preparations.

Baked Anchovies.—Clean and rinse the fish, dry on a cloth, butter a baking dish, cover the dish with a layer of cracker crumbs. Then put in a layer of anchovies. Add a layer of anchovies and cracker crumbs until the dish is full. Some cooks sprinkle a little sugar in with the crumbs. Place butter on the top layer, which should be of crumbs. Then beat the yolks of two eggs with a half cupful of cream, and add this to the fish. Bake in the oven till the crumbs are slightly browned on top.

Anchovies and Spinach.—Take some crisp, fresh looking spinach, if you can get it, or canned spinach if former is unavailable. Cook the spinach in salted water, chop it fine and press it through a puree sieve. Reheat it with a little butter, salt and a drop or two of tabasco sauce. Fry sippets of bread in butter, spread with a little anchovy paste, and over the paste apply the spinach. Garnish the top with the chopped white of a hard boiled egg and the yolk pressed through a sieve.

Fish and Eggs.

Anchovies and Buttered Eggs.—Take some pieces of buttered toast, cut square, spread on each a morsel of anchovy paste, then beat lightly in a bowl five or six eggs, add cayenne pepper and salt to taste, and pour them into a small saucepan in which one ounce and a half of butter has been melted.

Stir over the fire with a wooden spoon till the mixture begins to set, then pour out on the toast as quickly as possible. Lay two strips of filleted anchovy crossways on each piece and serve immediately.

Anna Thompson.

READ LEDGER ADVS.

PUEBLO INDIAN ENEMIES OF "FIRE WATER"

Fifteen Pueblo Indians made the trip to Washington to tender deeds of trust to their lands to Secretary of the Interior Fisher, hoping thereby to substitute federal laws for state laws against the selling of intoxicants on the Indian reservations. The photograph shows the delegation on the steps of the pension building.

PRINCE ALBERT

Prince Albert, the second son of the king and queen of England, is making a tour of the West Indies on the cruiser Cumberland, to be followed by a cruise in the Mediterranean. The prince has been trained in the naval college at Osborne and at Dartmouth. He is eighteen years old.

NEGRO SHOT DEAD

Laid Low After Declaring He Would Clean Out Lodging House

Boston, March 5.—After announcing by telephone that he was on his way to "clean out the place," Gerald Taylor, a negro railroad porter, was shot and almost instantly killed last night while attempting to enter the front door of a negro lodging house at 29 Claremont Park, by Henry Taylor, a cabin cook on the U. S. S. Rhode Island.

The slayer was taken into custody on the charge of murder and locked up. He offered no resistance.

The dead man and syaler were not related. Henry Taylor's stepsister, Mrs. Mabel Mills, and her husband conduct the lodging house, and declared to the police that Gerald Taylor had been trying to force his attentions on Mrs. Mills for more than a year.

Fire Levels Two Thousand Houses

Tokio, March 5.—Two thousand houses, almost the entire town of Numadzu, were destroyed by fire. These include the government buildings. There were a number of fatalities. The loss is estimated at $3,500,000.

Blaze on French Warship

L'Orient, France, March 5.—The French warship Courbet was threatened with destruction when fire broke out on board. By heroic efforts the crew confined the flames to the engine room.

Baker Settling Doctors' Bills

Atlantic City, N. J., March 5.—William [illegible], baker, sold 2800 loaves of bread and 1000 pies which had been made up with contaminated cottonseed oil. He is paying thirty doctors' bills.

BIG DOCKET FOR THE COURT

In Consequence of the Police Activity Against Drunks

As a result of the activity of the police Saturday and Sunday the district court held a busy session Monday morning. The Quincy cases were as follows:—

George Dunn was sent to the state farm for drunkenness.

Walter Dunn was sentenced to two months in the house of correction on a suspended complaint.

Roderick McDonald was fined $15 for drunkenness.

Isadore Barrett was fined $15 for drunkenness and $15 for gaming on the Lord's Day.

John Mayne, William McAuley and Victor Barbeau were fined $15 each

The continued case of Johanna Haaf for alleged lewdness at Quincy was called and continued until Thursday at which time it is understood that the defendant will be held in $1,000 for the grand jury. The woman is also a witness in a statuatory case that comes up for trial on that day.

A. O. H. AUXILIARY.

The members of Ladies Auxiliary to Division 13 A. O. H. observed the 15th anniversary of the founding of the Auxiliary in Odd Fellow's hall Monday evening. Special guests present were Rev. Andrew J. Fitzgerald of St. Francis church, Miss Katherine Sheridan, National Historian, of Randolph and Miss Margaret Farrell also of that town.

The proceedings were in charge of the president Mrs. Mary Croke.

There was a fine banquet followed by an interesting entertainment.

There were piano selections by Miss Mary Frazier and Miss Loretta O'Rourke. Miss Sheridan and Miss Farrell rendered some enjoyable readings and there was an address delivered by Rev. Fr. A. J. Fitzgerald.

Lastly came piano selections by Miss Josephine Burns who also acted as accompanist for general singing. The auxiliary was instituted 15 years ago by Miss Katherine Sheridan, the ceremonies taking place in the same building in which the anniversary exercises were held. Starting with 22 members, the society now boasts a membership of 78. Miss Josephine B. Colbert was its first president and the present incumbent of that office is Mrs. Mary Croke.

The committee of arrangements is as follows: Mrs. Mary Croke, Mrs. Lucy McGaughey, Mrs. Frank Sweeney, Mrs. Thomas Slavin, Mrs. P. J. King, Mrs. Hannah Anglin, Mrs. Ellen Dennehy, Miss Maud Anglin.

THE NUT CLUB

If the Vulgar Public Don't Appreciate You, Join Our Club

By F. R. MORGAN
(Copyright, 1913, Joseph B. Bowles)

TWO LAW SUITS FOR $25,000

Rev. and Mrs. Bullen for Injuries in South Boston

Two suits of $25,000 have been filed in the superior court against the New York, New Haven, & Hartford Railroad, as a result of the wreck at South Boston August 8 when eight people lost their lives and others were injured.

Rev. Dr. George Bullen, 78 year old pastor of Hingham Baptist church, and his wife, Maria Bullen are the petitioners. Both sustained broken legs. Dr. Bullen is still at a hospital but can use crutches. Mrs. Bullen cannot walk.

WEYMOUTH TOWN RIVER.

One of the numerous matters, or rather petitions and bills introduced in the legislature by Senator McDevitt this year was a resolve that the directors of the port of Boston be authorized to report to the general court what improvements have been made by the commonwealth in improving the facilities for navigation of Weymouth Town river. When the committee on Harbors and Public Lands gave a hearing on the petition it is understood that no one appeared for or against the petition and bill.

The amount expended by the state and national government on Weymouth Town river is a matter of record which can easily be obtained at the state house. From these records Dock and Water Front Commissioner Crane furnishes the Ledger with the following items of local interest:—

GOVERNMENT APPROPRIATIONS.

The original preliminary examination was ordered Sept. 20, 1890. At that time the river was reported worthy of improvement and the government asked for an appropriation of $450. for the purpose of a survey, by Lt. Col. S. M. Mansfield. By an act of congress June 3, 1896 $10,000 was appropriated.

In the annual report on the improvement of the rivers and harbors in eastern Massachusetts by Col. Mansfield in 1890 the report says that the project for the improvement of Town river submitted Dec. 31, 1890 called for the expenditure of $20,000 This report was revised on March 21, 1897 in accordance with department letter dated Aug. 7, 1896 and the estimate was increased to $25,000. The only appropriation to this date being that of June 3, 1896 for $10,000. The report further says that $15,000 would be required to complete the improvement.

The report of the U. S. District officer for the year 1900 says "on July 12 1899 a contract was entered into with James E. White to dredge 28,000 cubic yards. The contract was completed Nov. 10, 1899 and that the channel had been dredged to a depth of 4 feet at mean low water, 50 feet wide for a distance of 1,000 feet below the upper end and at least 50 feet wide for its further length, but owing to a deterioration of former work the available depth at mean low water is only about 2 feet 5 inches. To restore the depth and width, heretofore obtained under appropriations made by congress, will require the removal of 16,117 cubic yards and will cost $5,318.60."

Appendix C. U. S. Government reports 1900 says that to complete the improvement of Town river would cost $7,000.

Appendix C. 1901 reports no funds for fiscal year. Appendix C, 1902 reports sufficient funds not available no work done, it is proposed to use the available balance and the additiona appropriation to complete the work.

The appropriations have been as follows. June 3, 1896, $10,000; March 3, 1899, $8,000; June 3, 1902 $9,750.

The report of the U. S. Government engineer for 1903 on June 30, says "at mean low water the shallowing part under improvement is 2 feet 8 inches, the lower 1,400 feet and the upper 1,000 feet of the channel 4,500 feet long have been dredged to 50 feet wide and the intermediate 2,100 feet wide and all 4 feet deep."

Appendix B. U. S. Engineers report said the maximum depth is 2 feet. Appendix B, 1905 U. S. Government report says the act of congress March 3, 1905 which appropriated $57,500 for the improvements of Weymouth Fore River had this Proviso, "That no part of this sum shall be expended until the Secretary of War shall have received satisfactory assurance that the improvement of that portion of the Weymouth Fore river that lies above the bridge and the Town river except so much as is herein provided for, shall hereafter be maintained by the state of Massachusetts, or other agency without expense to the government of the United States."

BRIEFS

N. D. McClure and family of Billings street have moved to 26 Webster street.

Miss Ruth Sargent of Salem was the guest of Miss Marion Letteny of Webster street over the week end.

The preacher at the Wollaston Unitarian church Lenten service this evening is the Rev. Thomas Van Ness of Boston and the soloist Mrs. Frank A. Page. The public is cordially invited.

LAID AT REST.

The funeral of Mrs. Keziah D. Sumner who died in her 97th year was held Monday from the home of her daughter, Mrs. David L. Jewell, 48 Grand View avenue. Services were conducted by Rev. Frederick H. Steenstra of St. Chrysostom's church. Interment was in Needham. Mrs. Sumner observed her birthday, Feb. 10 and was thought to have been Quincy's oldest resident.

EIGHT CANDIDATES.

A meeting of the Abigail Adams Circle, No. 11, I. C. of A. was held Tuesday evening in Clan McGregor Hall. Much important business was transacted and the meeting was very well attended. Eight applicants were initiated into membership. Refreshments were served aftre the meeting. The next meeting will be held March 18, after which a whist party, the last in a series of three, will be held. President Mary Prichard was in the chair.

ANNUAL BANQUET.

The seventh annual banquet of the Makaria Fraternity of the Bethany church will be held at the church, this evening at 6.30 o'clock. There will be a short reception preceding the dinner. The speaker of the evening will be Homer Albers, of the B. U. Law school.

ANNEXATION OF EGYPT

Porte Notified That It Has Been Decided Upon by England

Constantinople, March 5.—The English government has decided to annex Egypt, which at present is a British dependency.

Tewfik Pasha, a Turkish ambassador to London, telegraphed to the porte that Sir Edward Grey, the British foreign minister, had notified him that the cabinet had virtually agreed to proclaim the annexation of Egypt this year.

SIR EDWARD GREY.

English Secretary of State Figuring In Peace Negotiations.

ITALY WORKING TO BRING PEACE

Urges Moderation in Demands of the Balkan States

LATTER MAKE TERMS KNOWN

Will Not Agree to Mediation Unless Scutari, Janina and Adrianople Are Surrendered and Indemnity Paid by Turkey—Servians Join Montenegrins In Attack on Scutari

London, March 5.—Sir Edward Grey, the British foreign secretary, presided at a meeting of the ambassadors of the powers to consider Turkey's application for mediation. According to semi-official statements emanating from Sofia the allies will not agree to mediation unless the porte consents to surrender Adrianople, Scutari and Janina and pay an indemnity.

Italy is using all her influence with the Balkan states to induce them to observe moderation in their demands on Turkey and thus bring about peace at an early date. Italian officials have pointed out to the Balkan administrations that such an attitude would strengthen the sympathy of Europe towards their cause.

A dispatch to The Times from Vienna says the demobilization of the Austria-Hungarian troops in Galacia will begin today, and both Austria and Russia will issue demobilization decrees not later than Thursday. The demobilization, however, will only be partial.

According to these reports communication with Scutari has been reopened and the garrison has been supplied with arms and ammunition. On the other hand the appointment of General Boyovitch, one of the Servian delegates at the London conference, as commander of the forces besieging Scutari is considered an indication of the firm determination of the Servians and Montenegrins to take Scutari at any cost. Boyovitch is one of the most daring of the Servian commanders. It was the force under him which captured Monastir at the point of the bayonet.

Fighting continues in the Janina districts, where the Greeks claim small successes. A Corfu dispatch to the Daily Mail says Greek troops have been landed at Santi Quaranta under the protection of the Greek warships. It is presumed they will assist in the attack on Janina.

Unconfirmed reports are published in Vienna of an Albanian rising against Servian occupation of towns in Albanian territory.

CONGRESS BUSY TO VERY LAST

Usual Vaudeville Turns Omitted at Closing Session

CLARK STICKS TO HIS POST

Remains on Rostrum Almost Twenty Hours Continuously—Customary Appeals Made to "Extend" Remarks—Sundry Civil Bill Denounced by Cannon and Then Repassed

Washington, March 5.—The house, after repassing the sundry civil appropriation bill over President Taft's veto, by a vote of 270 to 50, adjourned sine die at 12:04. The senate adjourned sine die at 12:35 o'clock.

The sundry civil bill was finally taken up for a vote. President Taft's veto had characterized it as a "class legislation of the most vicious sort." After a short filibuster by Senator Poindexter the attempt to repass the bill in the senate was abandoned.

Congress, upon reassembling for its last day, was confronted with only two outstanding annual supply bills, general deficiency and Indian appropriation. All the other appropriation measures, whose delay had aroused the leaders in both houses, had been agreed upon in conference and put through both houses. The deficiency bill was hung up in conference. The Indian bill was marking time in the senate when the two houses, still in the fiction of the legislative day of Saturday, recessed from shortly after 4 yesterday morning until 9:30 a. m., following a continuous all-day session.

The night session lacked the spectacular features of some of its predecessors in the dying hours of a congress, but verbal bouquets thrown generously from the Democratic and Republican sides, and personalities served to enliven the proceedings. There was a notable absence of the customary singing. Representative Heflin of Alabama had been counted upon to drone a camp-meeting song. Tilson of Connecticut had been expected to spring an original poem on the "quack, quack of the lame ducks." But the festival of song and humor was sidetracked.

Speaker Clark sat on the rostrum almost twenty hours continuously. Republican Leader Mann and Democratic Leader Underwood remained at their posts; Chairman Fitzgerald of the appropriations committee was continuously in conference over the supply bills or piloting them through the house. Up in the gallery there was a remnant of the crowd that had surged in during most of the night.

Requests to extend remarks in the Congressional Record, a time-honored privilege, became so frequent that at 3 a. m. Representative Akin of New York asked unanimous consent of the house to extend his remarks "on all subjects." There were several personal issues raised.

Representative Austin made an urgent plea for a $200,000 appropriation for the Knoxville exposition, and exclaimed he had to get the appropriation or his constituents would "crucify" him. Former Speaker Cannon denounced the sundry civil bill and declared the president should not approve it because of the conference acceptance of the provision exempting labor unions from the applicability of the $300,000 of funds appropriated to enforce the anti-trust laws. Cannon contended that was class legislation.

To avoid a filibuster in the senate by the Nevada senators, who gave notice of talking the legislative appropriation bill to death, the senate and house conferees agreed to continue the asasy offices for the fiscal year ending June 30, 1914. Salaries at the offices were reduced. The conference report was adopted by the senate. At 4:05 the senate took a recess until 9:30 to allow the senate chamber to be prepared for the inauguration ceremonies later in the day.

The senate finally agreed to the conference report on the general deficiency bill, thus disposing of that measure.

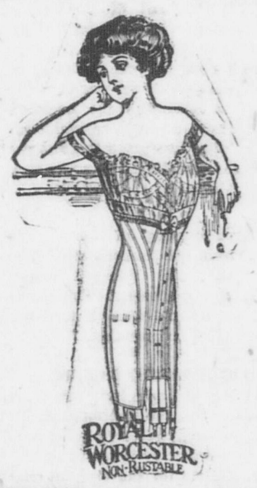

The Indian appropriation then remained the only measure to be disposed of, but Senator Fall declined to allow the senate to accept the conference report.

Just before the house adjourned, Speaker Clark called former Speaker Cannon to the chair, and an affecting scene of farewell took place.

Speaker Clark told the house he violated no confidences in saying: "I could have been sworn in as Vice President of the United States if I had wanted to, but I preferred to stay with you."

ELECTIONS IN NOVEMBER

Vermont Will No Longer Be the Country's Political Barometer

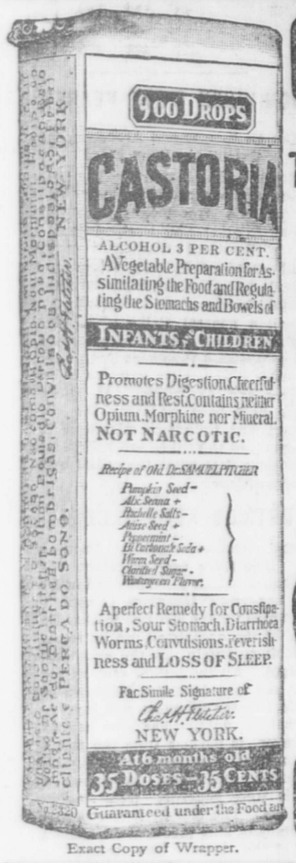

Montpelier, Vt., March 5.—A marked increase in the license vote was one of the features of the elections in the cities and towns of Vermont.

Returns from half the voting places on the eight constitutional amendments submitted to the voters indicate that all of them were carried, including the one changing the date of the state election from September to November.

All the cities went strongly for the amendments and many rural communities which had been expected to oppose the proposed amendments declared in favor of them.

Ten towns changed from no-license to license, while eight paces changed from "wet" to "dry."

Mortgagee's Sale of Real Estate

By virtue of the power of sale contained in a certain mortgage deed given by Giuseppe Paolini of Quincy in the County of Norfolk and Commonwealth of Massachusetts to William H. Deacon of said Quincy, dated May 6, 1909, and recorded with Norfolk Deeds, book 1110, page 589, for breach of the condition of said mortgage and for the purpose of foreclosing the same, will be sold at public auction on the premises hereinafter described, on SATURDAY, the fifteenth day of March A. D. 1913, at three o'clock in the afternoon, all and singular the premises conveyed by said mortgage deed, and therein described as follows:—

A certain parcel of land, with the buildings thereon, situated in said Quincy, comprising parts of lots numbered 114 and 115 on a plan of lots at Penn's Hill, made by Whitman & Beck, and recorded with Norfolk Deeds, plan book No. 9, plan No. 887, and bounded and described as follows, to wit:—Beginning at a point on the east side of Liberty Street, one hundred fifty one and 7-10 (151.7) feet northerly from its intersection with Plain Street, thence running Northerly by the east side of said Liberty Street sixty (60) feet; thence turning at a right angle and running Easterly by the easterly part of lot No. 114, one hundred (100) feet to lot No. 127 on said plan; thence turning and running Southerly, bounded Easterly partly by lot No. 127 and partly by lot No. 128, sixty (60) feet; thence turning at a right angle and running Westerly in a straight line, one hundred (100) feet, more or less, to the point of beginning. Containing 6000 square feet of land. Being the same premises conveyed to said Giuseppe Paolini by William H. Deacon by deed dated May 6, 1909, and recorded with Norfolk Deeds, book 1110, page 588.

Said premises will be sold subject to any and all tax titles, unpaid taxes municipal liens and assessments, if any such there be. $200 will be required to be paid by the purchaser in cash at the time and place of sale; balance in ten days from date of sale on delivery of the deed.

William H. Deacon,
Mortgagee.

SITUATION NOW QUIET

Americans and Mexicans Deny Responsibility For Skirmish

Douglas, Ariz., March 5.—Each insisting that the troops in the other's command began the skirmish on Sunday, which was repeated yesterday, between Mexican federal troops from the Agua Prieta garrison and soldiers of the Ninth cavalry, Colonel Guilfoyle and General Ojeda stand firmly on their declarations.

The American army officer said his men will "shoot to kill" if the border patrol is interfered with. The Mexican general asserted that if it could be shown that his men did begin the firing, he would execute anyone guilty of beginning the trouble.

There has been no further firing on the border near here since yesterday morning. The Ninth cavalry patrol has been increased to full force, including the machine guns, stretching from Douglas to Forest Station.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Address: F. J. Cheney & Co., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

DISSOLUTION OF PARTNERSHIP.

Notice is hereby given that the partnership heretofore existing between John Pearson and Nels Pearson has been this day dissolved by mutual consent. The said John Pearson will continue to conduct said business under the former firm name, Pearson Brothers. All debts due said firm are payable to him and he assumes the firm liabilities.

John Pearson,
Nels Pearson.

"LEGACIES" OF GREAT MOMENT

eft to New Administration by Former President Taft

IG PROBLEMS TO BE SOLVED

Nation's Course of Peace and Friendship With World Powers and Its Policy in Southern Republics Alone Constitute Great Task—Tariff Reform, Mexican and Canal Questions, as Well as Other Great Matters, to Be Dealt With

Washington, March 5.—Excepting alone "war presidents," few national executives ever faced upon March 4 a more stupendous task than confronted President Wilson. And probably no president ever realized more fully the gravity of the tremendous responsibility that is his.

Democracy is placed on trial for the first time in twenty years, at the bar of public opinion with the entire nation as the "jury." Crises innumerable await tests in Democracy's crucible. Future prosperity of the country—indeed of several countries—and fate of great political parties hangs in the balance.

Sentiment for "progressive" reforms, which put the Democratic party into power demand performance. To secure legislation of real reform is the four years' task facing the new administration. Factional divisions within the dominant party, Democratic leaders themselves admit, make the next four years potent with possibilities.

This nation's course of peace and friendship with the world powers and its policy in Central and South America are placed in the hands of President Wilson. Alone this constitutes a mountainous task. Confronting him in prime importance is the civic strife in Mexico—the problem of preserving peace and order there without shedding of American blood.

Administration of the Panama canal is another giant problem assumed, involving settlements of disputes with Great Britain, Canada and other European countries over the "free tolls" concession given American shipping. The Taft administration left these negotiations practically in a state of incubation. Repeal of the "free tolls" clause is the demand Wilson's cabinet must face and solve.

Other diplomatic questions confronting the new administration are proposed recognition of the new Chinese republic, negotiation of a new trade and passport treaty with Russia, work of the Alaskan boundary commission, tariff reprisals in Europe, joint action in conserving the Alaska sealing situation, and the Newfoundland fisheries, muttered rumblings of strife in Cuba, San Domingo, Hayti, Salvador and Honduras, besides the dispute with Brazil over coffee importations.

Question of Patronage

Immediately confronting President Wilson is the great question of patronage and the program for the extraordinary session of congress. Revision of the tariff and possibly banking and currency reform are urged for special, immediate action. Calling of the special session is to be one of the first acts of the new president, probably within a few days.

Appointment of the cabinet is to be the opening gun of the patronage fight. Ambassadors, ministers, consuls, federal judges, prosecuting officers, thousands of postmasters, and an army of lesser federal officeholders is the task awaiting early action.

Platform pledges galore await fulfilment by the Democrats. These include such knotty problems as Philippine independence, Rorto Rican citizenship, amendment or strengthening the Sherman anti-trust law, a single presidential term, and "labor" legislation.

In addition to these problems, the opening of the Panama canal and establishment of a civil government on the isthmian zone faces the new president.

Scores of unfinished trust prosecutions, begun by Attorney General Wickersham, also await the new administration's action. Many important cases must also be presented to the supreme court by the new executive heads which were were instituted during recent years.

Administration and extension of the parcel post is another important problem. Appropriations for the navy, army, good roads, the San Francisco exposition and economy in expenditures generally furnish even more huge tasks.

Organization of the Sixty-third congress augurs difficulty for the new party in power. An extremely small majority in the senate and an overwhelming majority in the house, with disputes over important committee chairmanships, present a delicate partisan situation.

Wilson to Meet Cabinet Today

Secretary Tumulty anounced that President Wilson would hold an informal meeting today of the men whose names he will send to the senate as members of his cabinet. The list is definitely accepted to be as follows:

Secretary of state—William J. Bryan of Nebraska.

Secretary of the treasury—William G. McAdoo of New York.

Secretary of war—Lindley M. Garrison of New Jersey.

Attorney general—James McReynolds of Tennessee.

Postmaster general—Albert Burleson of Texas.

Secretary of the navy—Josephus Daniels of North Carolina.

Secretary of the interior—Franklin K. Lane of California.

Secretary of agriculture—David F. Houston of Missouri.

Secretary of commerce—William C. Redfield of New York.

Secretary of labor—William B. Wilson of Pennsylvania.

DEMOCRATS IN CONTROL

Caucuses Today to Plan Organization In House and Senate

Washington, March 5.—Control of congress in both branches has passed into the hands of the Democrats. Today the Democratic members of the senate and house assembled in separate caucuses to plan the organization of the two houses and to map out the policies for the extra session April 1.

Democratic senators faced the caucus gathering with expectations of a struggle of some moment over the control of the senate organization. The progressive Democratic forces apparently were in full control of the situation so far as the selection of a senate leader were concerned; but the plans to change seniority rules in the filling of the committees, on which the newer senators demanded full representation, threatened to embroil the Democrats in a hard fight.

The house Democratic leaders were prepared to take into today's caucus of representatives a comprehensive pan for the organization of that body for the work of tariff revision. The chief work of the house caucus promises to be the selection of the ways and means committee members, who will begin at once the preparation of the tariff bills.

MAY AFFECT ALL NEW ENGLAND LINES

Railroad Employes Want Ten Percent Raise In Wages

Boston, March 5.—The outcome of a conference today may determine a strike of the telegraphers, towermen, switchmen and station agents of the Maine Central, Boston and Maine, New Haven and Central New England railroad systems.

Committees representing these men are to meet a group of vice presidents at the South station today. They will ask a final answer on whether the roads will grant a 10 percent increase in wages.

If this is refused the men will consult President Mellen as a last resort. If he sustains the stand of his vice presidents, it is probable the men will go on strike.

The fact that all these roads are under one president has led the men men of each to join in an agreement. This agreement is that no one road can make a settlement without the entire group being granted the same concessions.

WOMAN'S $40,000 LOSS

Suspicion That Confidence Men May Have Had a Hand In It

Chicago, March 5.—That Mrs. Mabel Mills of San Antonio, Tex., who was either robbed of or lost more than $40,000 in currency in Evanston Saturday night, may have been the victim of wire tappers or confidence men working a variation of the wire tapping game, is the theory of Chicago detectives.

Suspicion that a gang of this type really did get Mrs. Mills in its clutches was strengthened when it was learned that one of the habitues of the hotel where the woman was registered was a confidence man who some years ago was run out of nearly every hotel of prominence in New York and is now missing.

BIG SURPRISE IN BASKET BALL

Quincy A. A. Taken Into Camp By Dorchester

SECOND TEAM ALL RIGHT

The Quincy A. A. first team lost its second game of the season to the North Dorchester A. A. at the Vine street hall, Roxbury Tuesday evening. The defeat was the surprise of Boston athletic circles. All teams are trying to register a defeat againts the champions of the Greater Boston League which will represent the N. E. A. A. U. at the National championships. The winners came through with the goods by marvelous team work.

The second team of the Quincy A. A. won its 13th consecutive game. They were somewhat handicapped at the start by the poor physical condition of Harmon who however dispelled all fears and played the game of his life.

"Sid" Duggan was not in the game with the first team. Capt. Booty" Chapman of the second team who has been ill with pneumonia attended and acted as score keeper. He was given a warm welcome on his appearance. "Booty" is one of the most popular men in the game, a thorough gentleman and a most persistent player. Commencing at the Quincy High a few years ago he has gradually developed until he is now rated as one of the fastest men in the state and this season is the first that he has been absent from the lineup.

In the first team game the Quincy team was awarded one point for interference. The local boys ewre off color and were unable to break up the winners game.

O'Rourke had fine opportunities to roll up points on free tries but his eye was not with him.

In the second team game the North Dorchesters were awarded a point for interference. The game was well played by both teams although the winners score was substantial.

Cunningham Gym is negotiating with the Quincy A. A. second for a series for the junior championship of the state. The arrangements will remain pending until at least the last of the week.

THIRTY MILLIONS DAMAGES SOUGHT

Heinzes Bring Suit Against Amalgamated Copper Company

New York, March 5.—F. A. and A. C. Heinze and the United Copper Securities company filed in the United States district court here a $30,000,000 equity suit against the Amalgamated Copper company and against William Rockefeller, John D. Ryan and James Stillman as individuals. The dissolution of the Algamated is demanded as a combination in restraint of trade.

In the complaint the plaintiffs allege that the Amalgamated agents resorted to arson in burning the concentrator and plant of the Montana Ore Purchasing company, allege bribery of judges and jury, and the carrying on of a ruinous competition designed to bankrupt the United company.

BRIEFS

QUINCY OPPOSED TO EXTENSION

Of the Civil Service to Appointive Places in Fire Department

A hearing was given by the Public Service committee on the bill calling for the extension of the provisions of the Civil Service law to all appointive positions of authority in fire departments, at the State House, Tuesday. Representative Michael T. Sullivan was one of the opponents. He reviewed the referendum vote in Quincy on the same bill last fall and said it was a case of repeated legislation. The bill excluded Boston and Representative Sullivan amended it to read the Boston and Quincy be excluded. A large delegation of Fire Chiefs of Massachusetts attended. The bill becomes a law only after its acceptance by the voters of the cities and towns and was narrowly defeated here.

WHIST PARTY.

At the weekly whist party of Ave Maria Council, Knights of Columbus held in their rooms Tuesday evening the winners were John T. Minihan and Ambrose Grignon. The consolation prize was give to John L. McLaughlin.

BRIDE CAME FROM ENGLAND.

Miss Dolores Martin Gregory who came from England on the S. S. Lapham and George Albert Kay of 24 Charles street were married Feb. 27 by Rev. C. C. Tilley of the Calvary Baptist church. The ceremony was performed in the presence of the immediate friends of the couple.

MEET POSTPONED.

The Quincy High school boys were informed Tuesday that the Inter-class meet must be postponed until Thursday at 3 o'clock on account of a Teachers' meeting which was evidently forgotten when Captain Kingsbury asked for a date for the meet.

WITH WHISTLER AT WORK

Great Artist Had His Own Method of Producing Masterpieces Which the World Prizes.

The studio was surprisingly different from the room he previously used in Lindsay row, and entirely unlike the studios usually occupied by other artists. I remember a long, not very lofty room, very light, with windows along one side; his canvas beside his model at one end, and at the other, near the table which he used as a palette, an old Georgian looking glass, so arranged that he could see his canvas and model reflected in it. Those who use such a mirror (as he did constantly) will know that it is most merciless of critics. I marveled then at his extraodrinary activity, as he darted backward and forward to look at both painting and model from his point of view at the extreme end of the long studio. He always used brushes of large size, with very long handles, three feet in length, and held them from the end with his arms stretched to their full extent. Each touch was laid on with great firmness, and his physical strength enabled him to do without the assistance of a mahl stick, while the distance at which he stood from the canvas allowed him to have the whole of a large picture in sight and so judge the correct drawing of each touch.—Way's "Memories of Whistler."

Squabbled Over Balkan War

New York, March 5.—In an argument over the Balkan war, Panay Calaf, a Turkish dishwasher, scalped Sotierne Houlis, a Greek kitchen helper, with a carving knife. Both lost their jobs.

Play Performed at Author's Grave

Copenhagen, March 5.—A play by Holgar Drockmassen was performed at the author's grave in commemoration of the anniversary of his death.

$6,000,000 Swindle Claimed

Philadelphia, March 5.—That investors in all parts of the country were defrauded of nearly $6,000,000 by false representations and misleading literature sent through the mails was charged by United States District Attorney Swartley in outlining the case of the government against the promoters and officers of the International Lumber and Development company in the United States district court.

—A Boston man was fined $25 a few days ago for torturing a rat, but if the same man had taken a shotgun during the open season on deer in this state and had wounded a deer with a charge of buckshot, causing the poor animal to die in terrible agony, there would have been no punishment for him. The cases are not exactly similar, but are near enough alike to call attention to a decided inconsistency in our laws. —Springfield Union.

AN EASY WIN FOR WINTHROP

Brown the Only Quincyite to Score from Floor

WINNERS 20th GAME

By defeating the Quincy High school at Winthrop Tuesday afternoon, the winners won their 20th game of the season. They rolled up a score of 64 to 15 without any trouble. The game was rough several players being ordered to the side lines by the referee.

Quincy played an active game but could not overcome the superior work of the Winthrop boys. Nine of Quincy's points were scored on free tries. "Whet" Brown was the only point getter for Quincy, scoring three baskets, Prout secured seven fouls.

The summary:

WINTHROP	H	S	QUINCY	H	S
Evans rf			lb Hanlon		
Tonry lf			rb Larkin		
Turner c			c E. Brown		
..			c Safford		
O'Brien rb			lf Prout

Edwards lb					

Score, Winthrop H. S. 64, Quincy H. S. 15.Goals from floor, Evans 10, Turner 6, Kennedy 5, Tonry 3, Edwards 3, W. Brown 3. Goals from fouls, Evans 6, Turner 4, Prout 7, W. Brown, Larkin. Referee, Cody. Scorer, Jones, Timer, Harvey. Time, 15 and 20m periods. Attendance, 300.

STRIKE RIOTS AT BOSTON

Hatpins, Umbrellas and Fists Used by Girls In Crowded Streets

Boston, March 5.—In the worst riots that have accompanied the present strike of the garment workers, seventeen girls and four men were arrested on charges of assault and battery. All are strikers. They were admitted to bail.

Hatpins and umbrellas were used with telling effect in the rioting which kept the police of two stations busy.

Many strikebreakers as well as innocent spectators were injured when girl strikers began wielding hatpins, umbrellas and fists. Traffic on Washington street and throughout the business district was impeded at times until the reserves from divisions 2 and 4 arrived and began driving away the crowds of thousands that had been drawn by the fighting.

Singer's Failure Drives Her Crazy

Vienna, March 5.—The violent hostility of the audience at the Imperial opera drove the Swiss singer, Frau Jarno, to make an attempt at suicide. Frau Jarno had an attack of stage fright and made a pitiful failure. She is now deranged.

Survives Seventeen-Story Fall

New York, March 5.—In his haste to "knock off" work, John Brunnen tripped over a rope and fell seventeen stories from the municipal building. He broke both legs, but will recover.

DR. DOYEN

Dr. Doyen, the famous French surgeon and man of science, claims, it is reported, to have discovered, in a mixture labeled "Mycolysine-solution colloidale phagogene polyvalente," a veritable elixir of life; for it is said that the mixture will cure ninety-nine diseases from consumption to a cold in the head. It is assumed that the liquid consists of a substance in colloidal solution, which has a stimulating effect on the white blood corpuscles whose duty it is to repulse invading micro-organisms.

LEAGUE ROLLOFFS AMONG BOWLERS

Arch Street Beat Coliseum in a Special Match

OTHER CONTESTS

Two league rolloffs at the Coliseum alleys was all the bowling Tuesday evening.

In the Old Colony league the City Squares and the Old Colony split even. The Coliseum lost the first, easily took the second, beat the City Square but one pin in the third and lost out on the pinfall.

High string of 121 was rolled by Erickson. His total was 302 and he had no close runner up. The bowling in the match was good.

In the Heptasophs league E and D split even in an up and down match. Team C beat A 3 to 1 after peculiar scores were made and F. beat B 4 to 0.

Brown of F. rolled 111 for high string and Dackers made high total of 283.

The Coliseum paid a return visit to Arch street Boston bowlers Tuesday night and one of the closest matches rolled this season resulted. Arch street joined its best five men against the local boys.

The Boston rollers won the first string by 6 and the second by 13. They lost the third by one and won the team total by 18.

Gillespie was high with 115 for best single and 305 for total. His teammate Lothrop was second with 114 and Powers also made 110. Kiley was high Quincy man with 110, with Bliss second with 102 and Connell third with 101.

A third match is being arranged and will probably be rolled on the Coliseum alleys.

NON-UNION MOVE FEARED

Strike on Bangor and Aroostook May Extend to Other Lines

Bangor, Me., March 5.—The strike of the enginemen and firemen on the Bangor and Aroostook railroad may extend to other New England lines.

Vice President McNamara of the Brotherhood of Railway Firemen, it is said, has an order from the international headquarters authorizing him to call a general strike of all New England lines if it becomes necessary.

It is declared President Todd wants to make a non-union railroad of the Bangor and Aroostook. At conferences held here yesterday the conductors and trainmen, who have already voted to strike, are believed to have set a date when they shall leave their positions.

DETAILS KEPT SECRET

Moros' Attacks Against Town of Jolo Have Been Incessant

Manila, March 5.—The town of Jolo has undergone incessant attacks by the Moros for the last two weeks. Details of the operations are extremely difficult to obtain, as the censorship is rigid. All the letters sent by officers and men defending the town are subject to the minutest scrutiny.

That the fighting has been serious, however, is obvious from the fact of the arrival of a batch of thirty-two wounded Americans, seventeen of whom were suffering from serious injuries. The Moros, it is reported, continually fling taunts at the defenders of the town. The troops are chafing greatly at their inaction, and many complaints are heard among both officers and men.

Duchess Robbed of $200,000

St. Petersburg, March 5.—Burglars who had previously posed as prospective purchasers of antiques stole $200,000 worth of jewelry and plate from the palace of Grand Duchess Marie Pavlovna.

New York, New Haven and Hartford R. R.

In effect March 2, 1913

The letters in the same line as the figures below stand for different stations and indicate that trains stop as follows.

a Wollaston — f Harrison Square
b Norfolk Downs — g Savin Hill
c Atlantic — h Crescent Avenue
d Neponset — i South Boston
e Pope's Hill — r Quincy Adams
* Saturdays Only — † Except Saturday

COURSE OF BULLET GIVES DOUBT TO STORY OF DEAD RUSSIAN WOMAN

Physicians Doubt If Bullets Taking the Course Could Have Been Self-Inflicted

This May Lead to Serious Results for Tetyc Now Held for Assault

Although Mrs. Baraska Slobodniskova, the Russian woman who died at the City Hospital Wednesday noon as a result of a revolver shot wound in the left breast, declared to the police through an interpreter that the wound was self inflicted, the physicians who attended her at the hospital and endeavored to extract the bullet, doubt very much if such is the case. The course of the bullet after it entered the left breast, was a downward one. Had the woman been left handed and fired the shot the bullet would naturally have gone through the body, or across. Had it been fired with the left hand it would have been impossigle for the bullet to have taken the course that it did.

Equally impossible would it have been for the woman to have held the revolver in her right hand and fired the shot. According to the physicians it was a physical impossibility for the woman to have fired the shot while she held the revolver in her right hand. It is unfortunate that the woman's condition was such that she could not have been more closely questioned but while under examination she became so weak that the nurses in charge forbade any further examination at that time, and at no future time was a further examination possible.

Taking these facts into consideration the question comes as to how the woman was shot. Physicians and others conversant with such matters are inclined to believe that while the man Tetyc did not intentionally shoot her, that he was the one who fired the shot.

The opinion seems to be gaining ground that the shooting was the outcome of a tussle on the part of the woman to get possession of the revolver. According to her story Tetyc threatened to shoot her unless she complied with his wishes and accompanied him to another city. She then says that she wrested the revolver away from him and shot herself. The supposition now is that Tetyc held the revolver in his hand and pointing it toward the woman

HEAD CRUSHED FALLING INTO PIT

Amos D. Hopkins Met Tragic End at Niantic, Conn.

FORMERLY LIVED IN QUINCY

Word comes from Niantic, Conn., of the accidental death there Wednesday of Amos D. Hopkins, manager of the Mainati quarries and formerly of Quincy. It appears that Mr. Hopkins was standing on the edge of the pit superintending the placing of a drill. The engineer turned to carry out the order and a minute later upon looking around saw that Hopkins had disappeared. The manager was found later dead at the bottom of the quarry, sixty feet below, with his skull fractured.

Mr. Hopkins was quite well known among the quarrymen in Quincy where he was employed for some years before going to Niantic. According to those who knew him he came to Quincy about eight years ago from Barre, Vt. and found employment at the quarry of J. S. Swingle, the Extra Dark man. From there he went to the Railway quarry and then back again to Mr. Swingle leaving Quincy about a year ago to take charge of the Mainati quarry at Niantic, Conn. He was about 50 years of age and leaves a widow, son and daughter.

MRS. MEADE DEAD.

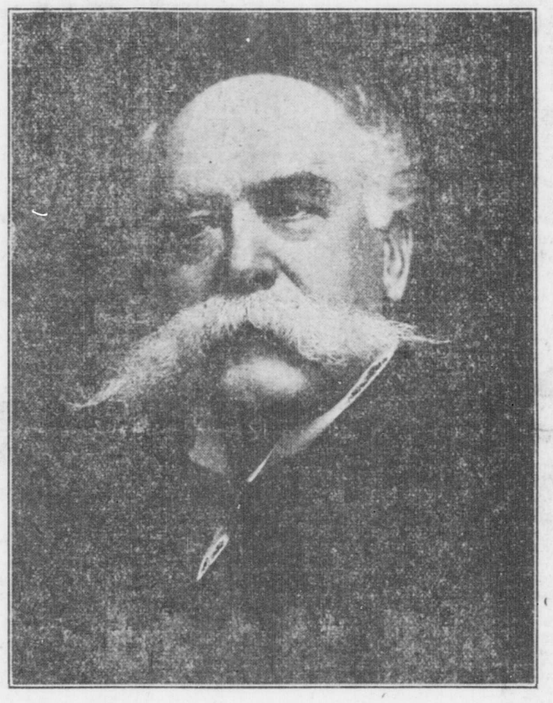

Mrs. Catherine Meade died this morning at her home, 42 Field street, in her 61st year. She leaves a husband David Meade, and two sons, John V. and David Meade, Jr.

HAPPY GREETING WATCHWORD OF MAKARIA ASSOCIATION

This Worthy Conception Fully Demonstrated at Annual Banquet

Toastmaster King Struck the Correct Note at the Very Start

"Wah-hu," Happy Greeting, was the forceful, happy and dominating spirit at the seventh annual Makaria Fraternity banquet of the chapel, Wednesday. It was the keynote of the situation, the electric flash at the Bethany the greetings paralleled the opening phrase. The banquetters arrived early and after a brief session of handshaking, and sociability—the leading spirit in this enterprise, Delcevare King, the founder of the class,

TOAST MASTER THEOPHILUS KING.

that quickened into lightning the spirit of kindly feeling and good fellowship that everywhere prevailed.

It was marked even before those assembled had comfortably settled their feet under the banquet board and had the material spirit coddled by the good things to eat and their mentality warmed by rubbing elbows with a kindly and cheerful neighbor. This state partook of the very atmosphere and calloused indeed would be the one who would not respond.

The affair was an immense success in all its details and thoroughly enjoyed from every angle by the one hundred and odd people who partici-

REV. BENJAMIN A. WILLMOTT

pated. The ladies graced the occasion by their presence and beamed with compassion on the graceless thirteen bachelors who were in a measure ostrasized to the lower—not regions—but lower end of the hall.

That it was a happy gathering it is needless to emphasize. Every one beamed the enjoyment they felt and all repaired to the banquet hall in the basement.

The scene there was pleasant to look upon. The tables were laden with good things to eat and decorated with a pink at each plate and by lighted tapers, with brilliant red shades, while the walls of the large apartment were fittingly draped with the national colors.

Theophilus King the toast master,

MAYOR EUGENE R. STONE.

called the assembly to order and after a brief prayer by Rev. Benjamin A. Willmott, invited all to partake of the following menu:

Grape Fruit
Roast Turkey Cranberry Sauce
Mashed Potatoes Baked Ham
Escalloped Oysters
Banana Fritters Sauce
Chicken Salad Rolls
Fancy Creams
Vanilla Strawberry Chocolate
Frozen Pudding Cafe Parfait
Strawberry Mousse
Sherbet:
Lemon Orange Raspberry
Cake:
Almond Pound Frosted
Macaroons Lady Fingers Kisses
Coffee.

The wants of the inner man having been satisfied the assembly was treated to a "Flow of Soul and Feast of Reason," which was just as enjoyable as the symposium which had preceded it.

The speakers included: Theophilus King the toastmaster, Albert G. Coffin, Jr., the class president, Charles W. Ganzel, class treasurer, Delcevare King, Mayor Eugene R. Stone, Rev. Benjamin A. Willmott, and Homer Albers, Esq., Dean of Boston University Law School.

TOASTMASTER KING.

In opening the post prandial exercises gave three loud Wah-hus and explained its meaning. He said it was a great thing to be at a banquet of this kind, where everything was so nice

CHARTER REVISION DISCUSSED WITH VIGOR AT BOARD OF TRADE

Agreement Seemed to Be On Change But They Split On the Rock of Settlement

Intimation That Another Than the One Now in Use Will Be Offered

A meeting of the Board of Trade discussed the proposed revision of the city charter Wednesday evening. In order that it would have no political savor it was voted not to go on record against or in favor of revision as a board.

The discussion became very general although strictly informal, and wandering in tenor so that president John L. Hamilton continualy called the attention of speakers to their departure from the rules and requirements of the board, and all immediately confined themselves to the actual revision proposal.

Because of the possibility of political talk cropping out, several of the members objected to the opening of the discussion.

Among those present was Mayor Stone who said he favored a revision of the charter but not the present bill. He said the framers were solid business men. According to the mayor the charter has been a bone of contention and the conducting of affairs along town meeting lines was good for any city. "I feel," he said, "that the people should be the judges of revision. However, I do believe in a smaller council He said he hoped to see the bill amended so that it will appear properly before the people.

Mayor Stone said he knew only one of the petitioners named on the charter revision committee correspondence. He further said that a committee which had considered a revision were Messrs. Burgin, Claflin, Faxon, Piper who did not agree with the other members, and several men whose names he could not then recall.

During the debate the sentiment was generally expressed that with the little knowledge at hand it was impossible to do anything more than discuss a change without discussing what was to be changed. The feeling prevailed that something was going on under cover, that a surprise would await those who attended the hearing at the State House on House Bill 1417 inasmuch as it would not be the bill finally considered by the committee on cities.

One gentleman said he was in a position to say that the petition with the accompanying bill was filed simply to leave an opening for the filing of another bill.

GRAND OPERA HOW IT IS SUNG

W. L. Hubbard Delights Large Appreciative Audience AT QUINCY WOMEN'S CLUB

W. L. Hubbard of the Boston Opera House gave a delightful lecture at the Quincy Women's clubhouse Wednesday afternoon. He began his talk at about three o'clock and five o'clock found him without any visible signs of fatigue and his audience so intensely interested that it did not seem possible that they had been listening for two hours. It was the flexibility of the speaker's voice and the unusual treatment of his subject that made him hold the close attention of his audience, but perhaps his experience for years as a newspaper critic of art has taught him how to make people listen. His manner is earnest and persuasive and there is always a little glint of humor cropping up.

Mr. Hubbard talked about grand opera and how it is sung in this country. He said in part:—

"People are afraid of music because they know so little of the technique. That knowledge is necessary to the creator of music but not to the listener who comes for pure pleasure It is not necessary to know how a composition is made in order to enjoy it. We all get different messages from a production; we put our own interpretation upon the music and we get in return comfort and enjoyment, while our neighbor may receive nothing.

"While the sending of a message is not always perfect, it after all rests with the receiver whether he has fulfilled his obligations as a listener. Our mood or view point shapes the message we receive, but we find that an attitude can be cultivated so that we can control our moods. Excepting the English we Americans are the most unimaginative of all peoples.

"Our educators are finding out that we need quickening in this respect and the influx of foreigners will bring more imaginative qualities into our younger generation. Imagniation is a wonderful thing: we need it. It furnishes resources and refuge and it is indeed a barren life where imagination has no chance to cast its lights and shadows. Art is closed to those who have no imagination.

EDITORIAL COMMENT.

In the final analysis of Vice President Marshall's speech some critics seem affected not only by blindness but blind staggers would be witty hysteria.

The boxing bill is again before the legislature and a New York man has come over to tell us how it is done over there. Without any attempt at using the hammer, there are few things in the matter of official control that Massachusetts can learn from New York to advantage.

Vermont having shifted its election time to November will no longer serve as the country's political barometer.

Gov. Foss did not make much of a stay in Washington and his manner rather peeved some of the Bay State Democrats.

That the suffragettes while behaving themselves in Washington were not given a fair show is to be regretted.

Is the army to be a dumping ground for people who fail to make good in other places?

The Editorial in the Ledger anent the McDevitt case met with quite general approval.

The greatest howl from this custom house consolidation proposition comes from a big crowd who are getting fat snaps at the public expense.

Houghs Neck is to be congratulated that the City Council saw the wisdom of the claim set forth for that section for a stand pipe.

Once again Massachusetts has occasion to feel proud of its citizen soldiery. They were credit to the state at the inauguration.

Sir Thomas Lipton shows that he is persistent as he has just filed a fourth challenge to "lift" the America cup.

Turn about is only fair. Now that an opera singer has been engaged to report a prize fight, it will be in order for some knight of the ring to tell his impressions of grand opera.

President Wilson's inaugural address had a good ring to it.

Smiling as ever President Taft went out of office. It would be strange to see him anything but smiling.

In Virginia they claim that the word liar or its synonyms are equivalent to a blow and treated as such.

Some people can accept the term manifoldly repeated in the most matter of fact manner.

New England probably does not feel flattered over being frozen out of the cabinet, but then who is to blame?

HIGHWAY HEARINGS.

Much valuable time has been wasted at the last two meetings of the City Council in hearings on petitions for the acceptance of streets. While the hearings have been in a way interesting and served to give the members of the Council knowledge of the condition of the streets, they did not amount to anything for the reason that should the Council deem it wise to accept any of the streets, it would be necessary to hold another hearing as those already held have no legal bearing.

Under the law before the city can accept a street and lay it out as a public way of the city it is necessary that the City Council should hold a public hearing notice of which must be served on the abutters, by a constable authorized to serve civil processes at least fourteen days before the hearing. It is also necessary that the plan of the proposed lay out should accompany the order for the hearing.

In the case of the hearing two weeks ago on the matter of new streets at Squantum and of the hearing last Monday night on accepting Ocean street at Atlantic, no plans were filed and the hearing was not a legal one in either case, as an attested copy of the order of hearing had not been served as provided.

When the petitions were received by the Council some member moved that the Council give the petitioners a hearing, and the motion in each case was carried. Nearly an hour of the Council's time was used up in the hearing on the Squantum streets and half an hour or more was used up last Monday night on the Ocean street hearing.

Judging from the action already taken by the special committee, appointed by President Bryant, to consider petitions and orders for the acceptance of streets, but little will be done in that line this year, as they have reported leave to withdraw, or ought not to pass on a very large number of them. It is understood that the committee have been unanimous in arriving at its conclusions as they look upon this year as one in which the most rigid economy should be practiced, and with eleven men standing out on that platform, there is little likelihood of much getting by in the way of new streets.

Several of the members of this committee are reported to have expressed themselves, outside of the committee room, that while there was merit in all of the petitions it was far better to first take care of what streets that had already been accepted many of which were in a deplorable condition, than expend any money in accepting any more streets.

If these statements are true, and they are as far as public hearings on accepting new streets, then it seems nothing is to be gained by the Council to waste any more time in giving such hearings, and likewise not good judgment for any member, perhaps for political capital to move that the petitioners be given such a hearing. If the Council will cut out these matters and the members stop quibbling for hours on trifling matters something will be accomplished, and there will be less midnight sessions.

REVISING THE CHARTER.

In another column of the Ledger will be found a brief of the revisions proposed for the City Charter. A hearing on the subject is to be given by the Committee on Cities of the legislature at room 436, State House, Wednesday at 10.30 A. M.

Two plans are submitted the only difference being that one retains party designation and the other eliminates it. As has been pointed out in the Ledger before, this designation can have very little to do with carrying on the affairs of the city in a business-like manner. The affairs can be conducted by one party as well as another. There is just the same possibility of getting undesirable men without designation as with. That it seems on the face of it cuts little figure.

No doubt it would be pleasing to the citizens to know why the charter is desired to be voted upon at a special election, in October when the State election, at which a much larger vote would undoubtedly be polled is only a few weeks further along.

The citizens will no doubt study the charter, appear at the hearing and give expression to their views. That is the purpose of the legislative committee in giving the hearing.

SOUGHT JUDGE'S LIFE

Woman Placed Under Arrest After Threatening to Kill

Boston, March 6.—After threatening to kill Judge Elijah George if the Suffolk county probate court if he should take her 9-year-old son, Frederick, away from her and award the child's custody to the Children's Aid society, Mrs. Sarah J. DeBelle was placed under arrest in the Carney building after a sensational tussle with two policemen, who found a 32-calibre revolver in her muff. Later the woman was committed to the Boston insane hospital for observation.

The woman was overpowered in the office of her lawyer, George H. Russ, just after she had left the courthouse. She put up a desperate fight before being subdued by two policemen. She fought them like a tigress. It was not until the tussle was over that one of the policemen thought to look in the woman's muff. There he found what he was looking for—a revolver, fully loaded.

Aged Woman Burns to Death

Salem, Mass., March 6.—Mrs. Marie Dennis, 75, was burned to death at her home last night when her clothing became ignited from a small fire which started after the woman had accidentally turned over a lamp.

Eckert $1,600,000 Will Set Aside

New York, March 6.—The will of Thomas T. Eckert, by which he left his estate worth $1,600,000 to his younger son, Thomas T. Eckert, Jr., cutting off his elder son with a small bequest, was set aside by a jury.

PAST GRANDS PUT ON DEGREE

Exhibition of Initiatory Which Was of Rare Merit

PRESENTATION OF COLLAR

Past Grand Night of Mt. Wollaston lodge of Odd Fellows on Tuesday evening brought out a large attendance of members and visitors. The attraction of the session was the exemplification of the initiatory degree by past grands, all the work being done by those who in the past have presided over the lodge. In the principal chair was Walter H. Walker and even the pianist, color bearers and all minor positions were filled by past grands. The team was composed as follows:

N. G.—Walter H. Walker.
V. G.—Abel S. Gomez.
Conductor—Charles H. Wood.
Warden—Charles B. Tilton.
Chaplain—James Moorhead, Jr.
P. G.—Frank W. Flowers.
R. S. N. G.—Charles S. James.
L. S. N. G.—Alex Shirley.
R. S. V. G.—Frank L. Carlton.
L. S. V. G.—Albert Clark.
R. S. S.—Thomas J. Smith.
L. S. S.—William Patterson.
I. G.—Charles F. Harwood.
O. G.—Edward Macdonald.
O. C.—George H. Fisher.

The principal color bearer was Past Grand Charles E. Woodworth of Puritan lodge of Braintree, who introduced a musical number. He was assisted by Past Grands Frank F. Prescott, E. F. Watkins, George C. Ela and Alfred Ball. The pianist was Past Grand Charles Barron.

District Deputy H. W. Collett was among the visitors and when introduced spoke in complimentary terms of the work by the past grands. There were several other speakers.

In behalf of the lodge, Past Grand Frank Carlton presented a past grand's collar to Past Grand Albert Clark.

Ice cream and cake were served by the entertainment committee and a social hour followed.

COURSE OF BULLET

(Continued from Page One.)

threatened her life. That then she began to wrestle with him to prevent herself being shot and that during this tussle the revolver was accidentally discharged and the bullet found lodgement in the woman's breast.

If the revolver had been fired while in Tetyc's hand the course of the bullet would naturally have been exactly that which it did take. He would have doubtless held the gun in his right hand at an angle so that a bullet from it would have gone slightly across the breast and then downward, which was exactly the course which it did take.

When the case comes up for a hearing the physicians who attended the woman will probably be called upon to testify and while it is not known just what their testimony will be it will probably bear out the facts as related above. If this should be true the case against Tetyc becomes a much more serious one and the form of the indictment changed.

INDIVIDUAL STATES ACCEPT MEDIATION

Practically No Change Shown In the Balkan Situation

London, March 6.—All the Balkan allies have individually accepted in principle the mediation of the European powers in view of the conclusion of peace with Turkey, but each of them emphasize the necessity of a consultation with the other nations forming the Balkan league before giving their formal agreement.

There is practically no change in the situation. Grand Vizier Mahmoud Schefket Pasha, in an interview at Constantinople, is quoted as saying Turkey had not actually decided to cede Adrianople and would not necessarily be bound by the decisions of the powers.

On the other hand the Daily Telegraph claims to have learned from well informed sources that Turkey is willing to cede Adrianople, Scutari and Janina, and that peace is likely to be concluded at an early date on the basis of a frontier line embracing Enos, Maritza, Ergene and Istrandia. Turkey, however, will decline to cede the Gallipoli peninsula or pay an indemnity.

INAUGURATION WAS GRAND

Williams and Tarbox Never Saw Such a Crowd

WELCOME FOR GOV. FOSS

A brief note from Fred D. Williams the Daily Ledger prize winner under date of Washington, March 5, says: "We have seen the grand inauguration of President Wilson and Vice President Marshall and it certainly was grand.

"We saw the inaugural parade from and advantageous position. There is a terrible mob here; more than we could put down in numbers. I can safely say that I have never seen so many people at one time.

Gov. Foss received a warm welcome along the route, mounted on a beautiful black horse. The fireworks were good. Everything is crowded to the utmost."

William E. Tarbox, who accompanies Mr. Williams, adds an amusing incident which he witnessed during the parade of the Suffragettes on Monday. He says the spectators were so thickly congregated that it was impossible for those in back to see any of the paraders. A colored street vender was heard going through the crowd shouting—"You can't see nothin—only thing to do, buy peanuts five cents a bag."

Mr. Williams will write more at length when opportunity will admit.

NEW CHARTER PROVISIONS

Act Provides for a Special Election to Act On Same

TWO PLANS SUBMITTED

Wednesday, March 12, 1913, at 10.30 A. M. a hearing will be given at the State House, Room 436, on a bill for legislation to amend the charter of the City of Quincy.

After a thorough revision the bill which will be finally submitted to the Legislative Committee on Cities for their consideration provides that "the act shall be submitted to the voters at a special election to be held on the first Tuesday in October next, and the city clerk shall, not less than two weeks before said election, transmit by mail to every voter a copy of the Act. At this election the voters shall vote primarily on the following question:—

"Shall the present charter of the City of Quincy be Amended?" and secondarily on the following question—"If the present charter of the City of Quincy is amended shall it be by:—

PLAN I—Which eliminates all party designations from all ballots used at any annual or special city election, or at preliminary elections or caucuses; reduces the membership of the City Council from twenty-three members to nine members, three to be elected at large and one from each ward, for a term of one, two and three years and thereafter each member to be elected for a term of three years; the salary of each member to be five dollars for each meeting which he attends, the total compensation not to exceed one hundred and fifty dollars per annum; and the term of office of the mayor to be extended from one to two years," or

PLAN II—Which retains the party designations on all ballots in accordance with the provisions of the Revised Laws and the Amendments thereto; reduces the membership of the City Council from twenty-three members to nine members, three to be elected at large and one from each ward, for a term of one, two and three years and thereafter each member to be elected for a term of three years; the salary of each member to be five dollars for each meeting which he attends, the total compensation not to exceed one hundred and fifty dollars per annum; and the term of office of the mayor to be extended from one to two years?"

State Game Bird Farm

Madison, Conn., March 6.—The Connecticut fish and game commission has leased fifty acres of land for the establishment of a state game bird farm and has imported 300 breeding birds from England and Germany.

MAKARIA BANQUET

(Continued from Page One.)

and clean and happy greetings was extended to all and clear water was the best thing to drink. He related an incident at one time when chosen chairman of a Leather banquet, one of the members approached him and asked what kind of wine they should serve to the guests. He informed the committee, that he did not know anything about any wine, but under those circumstances they must get another chairman. He persisted in his refusal to resign but they would not hear of it. Finally one suggested that they change the conditions, that for once they have a cold water banquet. They followed out that program and every one agreed that it was the best banquet they ever had. Gatherings of this kind offered three things, opportunity, fellowship and force.

ALBERT G. COFFIN, JR.,

President of the class was called upon to respond to the toast "opportunity." He said it was a good thing to have the opportunity of being present on an occasion of this kind. It was a pleasure to have the opportunity to do good, a pleasure that never wears out. He gently rapped the bachelors for not taking advantage of the opportunities offered them.

CHARLES W. GANZEL

The treasurer of the class, said he was glad to be a member of the class. It was a good thing. During his connection with it 4 years he had found it helpful. He felt sure that when his sons were at the Makaria meeting they were in a good place. He invited any one to attend the meetings of the class every Sunday between 12 and 1 o'clock. It was a good standby and it was a good thing to have a steady and reliable standby. He referred to the clean sportsmanlike behavior of the boys on the athletic field, all of them willing to do their proper share and take the place assigned them.

DELCEVARE KING

Responded to the toast "the Ladies." He said he was the annual hold up as a horrible example. While many had taken advantage of leap year or had that season taken advantage for them, he was glad to see "Dick Jones still standing by." He read a list of those who had deserted the ranks of the bachelors during the year, which he called "leap year desertions."

MAYOR EUGENE R. STONE

Responding for the city, said he was glad to be here on this occasion. He was not like that bunch of bachelors because he was married when he was 20 years old. He saw in this class opportunity for the training of future men of affairs, future City Councilmen, and others who would be a credit to Quincy. He referred to the splendid opportunities afforded by the 23 miles of water front and hoped they would be utilized. He said every one felt sorry for the happenings in the legislature of a few days ago and hoped there would be no repetition of it. Such things did not do the city any good.

REV. BENJAMIN A. WILLMOTT

In opening expressed his pleasure at the roll of honor, which he had enjoyed the privilege of joining during the year just closed and could only express pity for that pitiful 13, in the rear of the hall and hoped that during the year now entered upon they would seize any opportunity which presented itself. It was a great thing to pick up the broken fragments of humanity and put them together morally, but it was far greater to save them from breaking and that was the work of the Makaria. They played fair in sports as he had witnessed on the athletic field, whether in victory or defeat. The world needs the honest man plus brains. Quincy needs men for her City Council. He had always sought to inspire young men to be politicians in the best sense of the word. Because by this they could do good for themselves, those about them and the community.

HOMER ALBERS

Dean of Boston University was the closing speaker He said he had been imposed upon by Delcevare King when invited to attend this gathering. He supposed it was the usual kind of a men's gathering and had prepared a speech along those lines. He had not expected to see the ladies present. He spoke for half an hour and delivered a most interesting address on the horrors of war, and in no uncertain terms condemned this enterprise and its pursuit in the Balkan states. He spoke from personal experience of the rather low state of the people of Eastern Europe. His idea was for a universal peace and his hope was to see an international court of last appeal take the place of the present unsettled and savage conditions which presaged warfare. He traced the history of the courts from the early days to the present time. In the early hour it was force which prevailed. It was take who have the power and hold who can. Then came kings and they assumed the power. They were the fountains of justice and everything was left for them to decide but they could not tend to all the cases so they delegated their power to judges.

Strange as it may seem the right to settle disputes by personal combat existed up to the last century. In 1818 in the case of Ashcroft vs. Thornton, the latter accused of killing the sister of the former said he would defend his case with his body and the court decided that was his right and the next year this old law was repealed by act of Parliament. There was hope that progress, decency and justice would prevail so that it would be impossible in the future for a little disturbing country like Mexico force the policing of the borders and prevent the Balkan states as they are doing at the present day.

He hoped to see the day when nations would submit their differences to court having power to adjust them. Arbitration does not mean satisfactory adjustment or rather a just settlement, it means a compromise to placate either party, such as was witnessed in the settlement of our fishery dispute at the Hague tribunal. What is wanted is a court that will have the courage of its convictions, and decide on the merits of the case, whether in favor of the smallest country on the earth or for the largest. It should be right and justice which should prevail.

He differed with the gentleman, an ex-president, who considered a slap in the face was not a matter for court settlemen but by retaliation. It is estimated that the Balkan war is costing $5,400,000 a month. Unless that is for food alone then the estimate is low. Think of the United States spending $1,000,000 a day during the civil war. But it is not the cost of the war that counts. Think of the loss of life, and limb, the crippling of industries and the thousand and one things which forced from Sherman that historic expression. Today this country is expending 73 per cent of the income of this country is for war or for what war has produced, of this amount 41 per cent is for preparing for or being ready for war, and 32 per cent for pensions for wars that have been. In closing Mr. Albers said:

"All the world is kin. Rapidly of communication and the immensity and frequency of commerce causes an interlacing of international interest amounting to intimacy. No one of the family of nations can interrupt this communication and commerce without disturbing the equilibrium of all the family. A war in the United States causes want in England. War anywhere is accompanied by an instant advance in the price of necessities everywhere in the world. Production is diminished, distribution disturbed, and consumption or waste increased. The whole world must pay the bill.

"See to it that you contribute your share towards a proper public sentiment so that neither you nor your friends be misled by sensationalism, whether in the press or in the mouths of unseemly and demagogic politicians. Do your share towards making the collective conscience and intelligence of a people as respectable and keen as the private conscience of the individual; towards advocating and establishing an international judicial tribunal which shall determine disputes by right and not mere might; to the end that there may be 'peace on earth and good-will toward men.'"

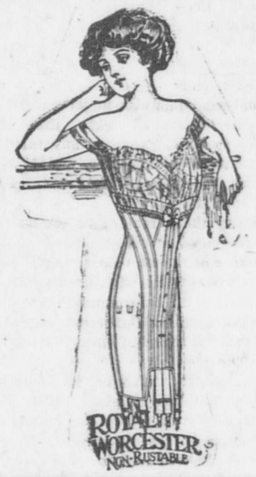

Among those seated at the tables were: Harry Brooks, Mayor and Mrs. Eugene R. Stone, Mr. and Mrs. Theophilus King, Holmer Albers, Esq., Albert G. Coffin, Jr., Miss Mabel T. Pratt, Rev. and Mrs. Benjamin A. Willmott, Mr. and Mrs. H. Everett Crane, Richard D. Chase, Miss Helen Bromley, A. Fitch Bromley, Miss Margaret J. Michael, James C. Michael, Mr. and Mrs. G. B. Bates, Miss Hulda Johnson, Alfred Hanson.

George S. McKenzie, Carl L. Prescott, J. D. McIntyre, Mrs. J. T. McIntyre, Mr. and Mrs. Charles W. Ganzel, Miss Mila G. Bates, Philip B. Wilde, Miss H. Marion Tirrell, Arthur L. Thomas, Floria Collins, Robert E. King, R. W. Estey, Miss Mildred Rogers, Dr. and Mrs. C. T. Sherman, Mr. and Mrs. W. E. Farquhar, Miss A. Ward, Miss S. A. Montgomery, Miss Elsie Lawrence, Richard Jones, Miss Johanna Lorentsen, William F. Artis, Joseph B. Grossman, J. Harold Richards, Walter E. Piper, Jr., John W. Anderson, Arthur G. Skinner, William McLean, Percy Jenkins, E. S. Beckford, Miss Esther E. Beckford, Miss Marion Baker, Ernest E. Lindberg, J. H. Jenkins, Mrs. J. H. Jenkins, Mr. and Mrs. Henry Williams, Mr. and Mrs. Arthur J. Allen, Mr. and Mrs. John R. Richards, Fred Ward, Miss Ramah Baker, David G. Melville, Miss Marian S. Bill, Howard Cantley, J. F. Robinson, M. C. Moeser, William Provost, Miss Mary G. Summers, Edgar Nicoll, Miss Clara J. Solander, A. Wallace Troupe, Miss Florence J. Howe, Howard C. Andrews, Robert Pratt, Wilma G. Wilson, W. G. Cameron, Emil N. Gustfson, J. R. Picard, Miss Ardelle DeYoung, Carle R. Hayward, Miss Mary G. Murray, Chester G. Sabian, Miss Agnes A. Fisher, George Stevens, William Stevens, Miss Jennie Stephens, Robert C. Wiley, Fred A. Beaulieu.

Bachelors—Milton C. Burton, Edward S. Jenkins, William Ross, Edward Lee Brooks, Ross H. Young, Verner Birnie, George Tytler, John Tytler, Henry Hayward, Richard A. Masson, George T. Guston, James B. McKenzie, Delcevare King.

The success of the affair is due to the committee in charge, Albert G. Coffin, Jr., Walter Piper, Harold Richards, Edward Jenkins, Charles W. Ganzel and Delcevare King.

THE EDUCATIONAL FIELD

High School — Public Schools
Woodward Institute — Parochial School

SCHOOL HALLS.

In connection with the present school movement in Quincy to use the school halls, for public and educational purposes, it will be interesting to note the rapid progress which this movement is making in all parts of the country, especially in the west. In many cities organized agitations are being carried on to secure the use of school buildings for social and recreation centre work. In the effort to find a place where young people can come together in a social way and under wholesome auspices, welfare workers are turning more and more to the public schools. In New York and in Jersey City, the schools have even been used one night a week for dancing.

Voting is now carried on in school houses in over half a dozen cities and in some cities the schools are used for party caucuses. One of the most significant developments during the past year occurred in several cities in Ohio, where during the recent agitation which preceded the constitutional convention, many of the public school houses were used as campaign grounds in the fight for the new changes. In one western city, the high school building was used about four evenings, each week by the Y. W. C. A. local art association, equal franchise association and for social purposes by the high school students.

Many cities have arranged for public lyceums or lecture courses of from two to six numbers in their high school halls.

The National Education Association at its last annual meeting passed the following resolution:—"The school buildings of our land and the grounds surrounding them should be open to the pupils and their parents and families as recreation centres outside the regular school hours. They should become the radiating centres of social and cultural activity in a spirit of civic society and co-operation, omitting however all activities and exercises tending to promote division or discord."

The United States Bureau of Education is now sending out regular bulletins describing the progress of this advance movement which bids fair to be one of the most striking featurse of modern education.

ITALIAN DRAWING SCHOOL.

The action of the school committee in providing quarters for a drawing school conducted and supported by the Italian residents of the city ought to be productive of much good. The work done in this school does not parallel that done in the public schools and yet it is of more value. In addition it is hoped that it will lead to the establishment of a strong and successful common evening school in the Lincoln building so that more of the Italian people may be encouraged to learn to read and speak our English language and this would be its greatest value.

INDUSTRIAL SCHOOL.

The superintendent of schools has been requested by the National Society for Indutsrial Education to prepare a description of the organization and working plan of the Industrial school, to be printed as a bulletin for general distribution. The State Board of Education has also made a similar request. Last week a similar request for the annual meeting of National Metal Trades Association to be held in New York city next April.

WOLLASTON SCHOOL.

The next regular meeting of the Parent-Teachers' Association will be held in the assembly hall this Thursday evening, at eight o'clock. Mrs. Milton P. Higgins of Worcester, Mass., President Massachusetts Branch Congress of Mothers, will speak. Subject: "The Aims and Purposes of the Mothers' Congress. Music by the class of 1913. A candy sale by the held at the close of the meeting to raise money for current expenses. Mrs. Higgins will be the guest of Mrs. W. E. Rowe, 132 Winthrop avenue, during the afternoon and a cordial invitation is extended to parents to meet her.

Miss Gladys Goodnow and Miss Dora Start who have been absent since December, returned Monday morning. Many children who have been out with the measles also returned

During the past week two large pictures 40 by 66 inches, "Evolution of the Book," by Alexander, have been hung in the Assembly hall. There are six pictures in the set costing fifty dollars each. It is hoped that parents and friends of the school will present the remaining four in the near future.

MASSACHUSETTS FIELDS.

The next meeting of the Parent-Teachers' Association will be held in the corridor on Friday, March 14, at 7.45 o'clock. Dr. Isaiah W. Sneath, pastor of the Wollaston Congregational church, will speak. Subject: "A Trolley Trip through Pennsylvania." Music by a male quartet. All are welcome. A large attendance is desired.

The picture "A Scene in Tuileries" was delivered on Monday, and has been added to the number in Grade II.

WASHINGTON SCHOOL.

The regular meeting of the Parents' and Teachers' Association of the Washington school was held in the school hall, Wednesday evening. There was a large attendance and they were certainly repaid as the program was entertaining and instructive. Master David Winehouse accompanied by Mrs. McCall rendered two violin solos.

Mrs. W. E. Roe of Wollaston spoke of the advantage of federating with the Mothers and Fathers congress. This matter was referred to the Executive committee who will report to the next meeting.

Mr. Townsend, master of the Adams Cranch schools read a paper on the environment of the children. He told how the home influenced the child more than the schools. He cited instances where home interest had produced good men and women although the ancestors of the child were of the worst type. Parents, he said, should uphold teachers in their efforts to direct the child and never refer to any bad action of their own school days. He also called attention to the necessity of censuring books, newspapers and moving pictures, and pointed out cases where good resulted from pictures also on the other hand where they proved harmful, and cited instances to substantiate this fact.

The report was made that the petition for a hall in the school had been uresented to the City Council.

A resolution was adopted endorsing the petition of the primary teachers for an increase in pay and it was voted to send a copy of it to the Mayor and City Council.

GOOD ATTENDANCE.

The attendance at Quincy High school during February was better than the average February attendance. The standing gives 1912 the lead with 97.3. The following is the percentage of the other classes 1913, 95.8; 1914, 95.2; 1915, 95.1 and 1916 94.4.

FIX PENALTY FOR McDEVITT

Democratic Senators Will Hold Conference

BUCKLEY EXONERATED

That Senator John J. McDevitt will not be expelled from the Legislature, but will be the recipient of a severe official censure, is conceded by many members of the General Court. Although feeling is high on Beacon Hill over the "unfounded" and "absolute-by contradictory" statements about being offered a bribe of $300, still it is not believed the Senate will mete out the severest punishment possible by declaring Senator McDevitt's seat vacant.

McDevitt has been advised by several fellow-members to make a public apology to the Legislature. If he should take this action the whole matter would be closed with a censure from the speaker of the House. The Senate committee on rules will report to the full body at today's session its recommendations on the report transmitted from the House, declaring McDevitt's charge baseless.

Inasmuch as the two principals involved in the affair are both Democrats, it is believed that members of the Democratic party will lead the way in declaring what punishment McDevitt should receive. The absolute indifference that McDevitt has displayed throughout is a subject of comment for the legislators who have studied him since the trouble started.

There is a possibility that no further action will be taken until Senator Timilty, the Democratic member of the Senate rules committee, returns from Washington.

In further answer to McDevitt's bribery charge, Representative Gordon of Boston will offer a resolve in the House today, in which, after reciting that Representative John H. Buckley "has been grossly maligned" as a legislator by a Senator and that the "Representatives, irrespective of party, have absolute confidence in the integrity and veracity of Represenstative John H. Buckley," provides:

"That the clerk of the House of Representatives spread upon the journal of the House an expression of sincere regret on the part of the members of the House of Representatives that the character and reputation of Representative John H. Buckley were assailed by a member of the General Court, and an utter disbeiefl in the charges of corruption made against him, and be it further

"Ordered, That a copy of this order suitably engrossed, be sent to Representative John H. Buckley.

DREAMS, DREAMS.

The Boston Transcript says:

"Never before has the Massachusetts Legislature had before it in its own ranks quite so discouraging a human problem as Senator McDevitt has proved himself to be. He retracts and repudiates what he has stated or written before, and would appear to have compeletely lost his head did not that imply that he had one to lose. The most charitable interpretation of his course is that he is a man who dreams dreams and sees visions, which are very confusing and embarrassing to him when required to square them with practical tests and specific instances. He is believed to have attempted to smirch an honorable legislator, with no ground for his accusations. If this is so, he should not remain a senator of Massachusetts any longer than it would take to set the machinery of expulsion in motion. He is entirely incapable of realizing the significance of his statement in the Wollaston speech, and lacks the intelligence to make even an ingenious attempt to unmesh himself. If he is bringing a charge against one man in order to shield another, that should drive him down still farther in public contempt. It is high time McDevitt went back to the stone-yard."

13,500 PERSONS IDLE

Strike In New Jersey Silk Mills Is Assuming Large Proportions

Paterson, N. J., March 6.—The ranks of the striking silk mill operatives were swelled by 3400 dyers and weavers who walked out at Lodi, a suburb. The strikers now claim that approximately 13,500 workers are idle.

Under the surveillance of a heavy guard of police, Arturo Giovannitti, a leader of the Industrial Workers of the World, addressed a mass meeting of strikers yesterday afternoon. Elizabeth G. Flynn urged the strikers to remain firm in their demand for a minimum wage of $12 a week, an eight-hour working day and reversion to the two-loom system.

STRONG VOICE SAVES HIS CASH

Paymaster Courts Death by Shouting For Help

HOLDUP IN RAILROAD STATION

Negro's Order of "Hands Up" Obeyed at Point of Revolver While Hundreds of People Are Within Easy Call—Bandit Disappears In Excited Crowd as Assistance Comes

Boston, March 6.—Paymaster Warner A. Holt of the Boston and Albany railroad was held up at the point of a revolver in the office at the South station yesterday afternoon just before closing time by a negro, who was frightened away by cries for help and arrival of assistance.

Holt, with the muzzle of the revolver a yard from his face, saved his cash when he yelled for assistance. The robber, believed to be a former Pullman porter, made his escape.

The holdup was one of unusual daring. In one of the myriad of offices, room 317, on the third floor of the station, with hundreds of people within easy call, the negro attempted his robbery.

Opening the door without hesitation, the man, described as six feet in height and of athletic build, walked over to the paymaster's grating. He shoved a revolver through the opening and ordered Holt to throw up his hands. The paymaster obeyed but screamed lustily for help at the same time, although expecting to see the hammer of the gun fall any second.

Two messenger boys who happened to be in the corridor adjacent, hearing the cries, beat a retreat, at the same time continuing the warning in lusty response to that of the paymaster.

Without lowering his revolver the hold-up man stepped to the door, saw the messenger boys scurrying along, and then decided it was time for him also to run.

Frank McDermott, employed in one of the nearby offices, also came to the scene, but the negro was in flight. McDermott also spread the alarm.

By this time a large number of the employes began to arrive from many offices, and hearing of the escapade, joined in the pursuit of the would-be robber, who was heading down the back stairs with his revolver still in his hand.

The crowd and the commotion, however, aided the man in making his escape. Once outside the office section of the building he mixed with the usual early evening commuters, and from the station his movements could not be traced.

Policeman Buckley, who is stationed on the crossing near the entrance of the South station, was notified, and after a look around went to Holt's office.

The paymaster told him he had about $900 in his office ready to put in the safe, when he was commanded to throw up his hands. McDermott informed the officer that the man looked like a former Pullman porter, and a hunt for the erstwhile employe was at once started.

The police believe the man who attempted the work must have been fairly well acquainted with the interior of the building and the ways of the office.

GIVE RECORD WELCOME

People of Augusta Show Love and Respect For "Citizen" Taft

Augusta, Ga., March 6.—More than 2000 persons were at the Union station when former President Taft and party arrived here. The welcome which was extended Taft eclipsed any previous welcome ever extended by the people of this city.

One thousand school children were in front of the depot and each waved a small American flag and cheered as the ex-president appeared. The famous Taft smile was much in evidence. The Taft party will be here for three weeks as guests of the city.

Slayer of Son Granted Pardon

Boston, March 6.—The executive council unanimously granted a full pardon to Edward F. Costello, who was sentenced to life imprisonment for the murder of his son, William A. Costello, at Palmer, April 9, 1891.

British Aviator Killed

London, March 6.—Aviator Geoffrey, an Englishman, was killed when his monoplane fell while making a flight over Salisbury plain. His motor stopped and the machine plunged to earth.

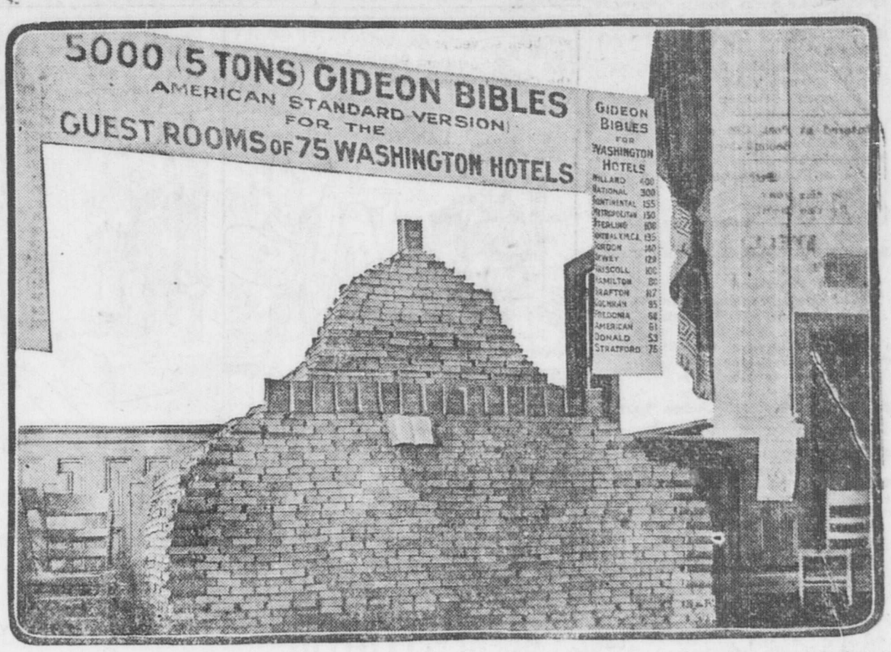

Morgan Is Much Improved

Rome, Marc 6.—Dr. Bastianelli, who hurried to Egypt to attend J. P. Morgan, has returned from Cairo. He said Morgan's condition was such that the financier no longer required his attention.

Democrat Sheds His Whiskers

Redondo Beach, Cal., March 6.—Charles E. Dawson is minus sixteen years' growth of whiskers. He had sworn he would not shave until a Democrat sat in the presidential chair.

FIVE THOUSAND BIBLES FOR WASHINGTON HOTELS

The Gideons, an organization of Christian traveling men, prepared Washington for the inauguration crowds by distributing among the hotels this stack of 5,000 Bibles. The books weighed five tons.

BOARD OF TRADE

(Continued from Page One.)

It was stated by a man who was thought to have been a member of a committee on charter revision that the bill 1417 which he thought was the bill drawn by the committee was not the bill as he remembered it that was to have been filed. He said he could not understand why the changes were made and who authorized them.

It also developed during the discussion that more than one proposed revision was in the air and that several changes were circulating amongst the voters.

Charles H. Johnson seemed to strike the keynote of opposition by saying that it was proper to inquire who were the promoters of this proposed revision, and why. I believe, he said, the people should decide but I have not been able to find the cause and reason and if the people desire to change. A few, although they may be the foremost citizens and heaviest tax payers are not the people and I made a motion at a meeting of the board of directors that they appear here so that we would know them. A self constituted committee assembling at city hall are not the people. The main trouble is not in the charter but with its interference of the executive and legislative departments. Mr. Johnson called loudly for the proponents and then said, receiving no response, that the charter was not sacred, that it has served the people well and that until it is demonstrated from sources other than that of the present he did not believe a change should be made.

A large number talked along lines which led one to believe that they were expressing positive opinions relative to revision. Only two men favored the revision as found in the present bill. They were John F. Merrill and James M. Nowland.

Charles Foster favored a larger council and argued ably for one. Albert Whitman favored a two year Mayor's term with a recall provision which would also apply to a councilman and opposed the abolition of party designations.

Fred Green opposed the elimination of designations, advocated the same number or more councilmen and opposed the special election named in the bill.

William R. Thomas favored a two year service for mayor with recall provision and the same council. James Sedgwick favored the bill going to the people with the referendum attached to sections and said he believed in fewer councilmen and that all should be at large.

Mayor Stone favored a small body and opposed the party elimination.

John R. Richards claimed the method of doing business was wrong and that the charter was all right.

Ex-councilman Murray in a broad speech on the subject favored only party elimination.

The letter which called attention to the hearing next week came in for its share of comment.

The points were taken that two hearing would be held that the proponents would flash a substitute bill and they would be the only ones conversant with its contents.

It was the opinion of many that the interested parties in revision were acting on their own authority, were self constituted and that they should come into the limelight and express their views.

It was voted to secure a gavel for President Hamilton. Applications were distributed and 25 men accepted as members. The men admitted were: John D. Andrew, Kanstant Tirkanen, Nelson M. Spencer, Thomas Griffin, Dr. J. H. Zwicker, Nathaniel G. Nickerson, Robert Mavers, George B. Curran, William Dean Sanford, George H. Jacques, Frank J. Shay, Fred Barnicoat, William T. Kimball, W. E. Robinson, William M. Adrian, Ernest Bizzozero, Harvey A. Stevens, Thomas W. Cole, Messrs. Herbert Gerrior & Co., John O. Goldbranson, Charles L. Gilliatt, T. A. Winslow, Forbes Craig, Maurice E. Kilpatrick.

BRIEFS

Miss Isabella M. Gregory 941 Hancock street is seriously ill at Quincy City Hospital.

Abbott Johnson, one of Quincy's rising young business men, is recovering from a severe attack of tonsilitis.

Capt. Daniel R. McKay of the police department who underwent a surgical operation at the City Hospital several weeks ago is on duty again.

Miss Jenny Purchase of the Associated Charities is to personally conduct a party from Qunicy tonight to East Boston to inspect the work of the opportunity clubs. The party will leave on the seven o'clock train for Boston and any interested in the work to help young people in large communities will be welcome to go with the party.

PUBLIC LIBRARY NOTES.

The following books on educational topics have recently been added to the Thomas Crane Public Library:

Bagley—Craftsmanship in teaching, 555.89.

Baldwin—Education and citizenship, 543.144.

Hall—Aspects of child life and education, 552.164.

Johnson—Education by plays and games, 556.96.

Kaufman—Be something, do something, 543.122.

Munroe—New demands in education, 555.116.

Olcott—Children's reading, 87.81.

Partridge—Story-telling in school and home, 555.163.

Puffer—Boy and his gang, 552.163.

Sidgwick—Teaching of composition, 555.146.

Riverside Educational monographs

Cubberley—Changing conceptions of education, 555.114.

Dewey—Moral principles in education, 556.56.

Earhart—Teaching children to study, 555.147.

Eliot— Education for efficiency, 556.73.

Emerson—Education, 555.115.

Fiske—Meaning of infancy, 501.77.

Hyde—Teacher's philosophy, 555.148

Palmer—Ideal teacher, 555.85.

Thorndike—Individuality, 553.77.

CIGARETTE LAW.

Miss Elizabeth R. White and A. R. Bromley of Quincy appeared before the committee on public health of the legislature and favored a bill which provides that a child between the ages of seven and seventeen with a cigarette in his possession may be arrested without a warrant and adjudged a delinquent child. Upon a written promise of a guardian or parent to be responsible for the child he may be released on probation. According to the speakers, this will help the anti-cigarette crusade and will make the present laws a little stiffer. There was no opposition.

CLARK SURE TO BE RE-ELECTED

Democratic Caucus Nominates Him For Speaker

KERN TO BE SENATE LEADER

Martin Says He Is Glad to Lay Down Responsibilities of Office—Democrats Have Majority of 145 In New Congress—Gallinger Will Be Leader of Minority In Senate

Washington, March 6.—Champ Clark was unanimously nominated by the Democrats of the Sixty-third congress to succeed himself as speaker. His re-election when the extra session convenes is thereby assured. Representative Russell of Missouri made the nominating speech in the Democratic caucus.

This first gathering of the new Democratic members brought out the marked change in personnel which came into effect Tuesday noon.

Among the new Democratic members who succeed well known veterans are Representatives O'Hair of Illinois, who succeeds "Uncle Joe" Cannon; Jeremiah Donovan of Connecticut, who succeeds Ebenezer Hill; Lazaro of Louisiana, who succeeds Mr. Pujo, chairman of the so-called money trust committee; Deitrick of Massachusetts, who succeeds Samuel W. McCall, and the successors of Representatives Longworth and Cox of Ohio, the latter having become governor.

In all there are 290 Democratic members of the new congress, or a majority of 145. The caucus was held in the house chamber and 270 of the house Democrats were present. The following were nominated for ratification by the house when it meets in extra session on April 1:

Speaker, Champ Clark of Missouri.

Ways and means committee, Representatives Underwood of Alabama, chairman; Harrison, New York; Shackleford, Missouri; Kitchin, North Carolina; Rainey, Illinois; Dixon, Indiana; Hull, Tennessee; Hammond, Minnesota; Peters, Massachusetts; Palmer, Pennsylvania; Ansberry, Ohio; Garner, Texas (new); Collier, Mississippi (new); Stanley, Kentucky (new). (Republican members to be chosen in April.)

Clerk of the house, Trimble, Kentucky.

Postmaster, Dunbar, Georgia.

Chaplain, Couden, Washington.

When the Democrats of the new senate met in caucus to elect a chairman there was no opposition to Senator Kern of Indiana as the new leader. Senator Martin of Virginia, retiring Democratic leader, declared he was glad to lay down the responsibilities of his office.

The retirement of Martin and the candidacy of Kern ends a long struggle for control of the senate of the Sixty-third congress between the so-called Progressive Democrats and the old conservatives.

Immediately after the caucus assembled Kern was unanimously chosen by acclamation. The caucus then took up the business of committee assignments.

While the senority rule was not formally destroyed it was arranged that the new steering committee should submit recommendations upon the subject, as indicating its policy in making up the committees for caucus indorsement.

"This honor is not one to be sought or declined," said Kern in thanking the majority party for the leadership. "I shall try to be a follower of the enlightened and united sentiment of the forty-nine Democratic senators."

The secretaryship of the caucus went to Senator Saulsbury of Delaware, and the vice chairmanship to Senator Newlands of Nevada.

Senate Republicans marshalled their forces, elected their leaders and prepared a reorganization scheme under which they will operate as a minority force in the new senate. Senator Gallinger of New Hampshire was chosen floor leader and chairman of the caucus. Senator Kenyon, representing the progressive element, was selected secretary of the caucus.

STRAIN TOO SEVERE FOR MRS. PANKHURST

Suffragette Leader Compelled to Cancel Engagements

London, March 6.—Mrs. Emmeline Pankhurst, the leader of the suffragettes, has broken down completely. She has cancelled all her engagements and has gone to Paris for rest. This announcement was made at the suffragette meeting at Hampstead last night, where Mrs. Pankhurst was scheduled to speak. "General" Drummond took her place.

Mrs. Drummond no sooner began talking than a group of students let loose quantities of snuff, starting everybody sneezing. A lively scrimmage ensued between te attendants and the disturbers. Chairs were broken, blows were exchanged and black eyes and bruises were plentiful.

SUFFRAGE BILL REJECTED

Women Lose by Report of Bay State Legislative Committee

Boston, March 6.—Once more woman suffrage experiences a setback in Massachusetts. The legislative committee on constitutional amendments reported to the house against the resolve to let women vote.

This resolve, introduced by suffrage leaders, provided for amending the state constitution by striking the word "male" from the voting qualifications.

The vote of the committee was six against the resolve, three for it and two absent.

Waitresses In Fatal Duel

Munich, March 6.—A waitress was instantly killed when two of them fought a revolver duel for the possession of a tip left by a hotel guest.

WATCHING FOR AURORA

Mawson Will Make Another Attempt to Leave the Antarctic

Sydney, N. S. W., March 6.—Another wireless message has been received from Dr. Mawson, the Antarctic explorer, who is now in Adelie Land. It announces that he is expecting the arrival of the steamer Aurora daily, and will attempt to embark, although he is not hopeful that he will succeed, owing to the heavy winds.

"On Dec. 4, 1911," wired Mawson, "while we were exploring a new coast line 300 miles to the southeast of our winter quarters, Lieutenant Ninnis, with a dog team and with almost all our food, disappeared in an unfathomable crevasse.

"Dr. Mertz and myself with an inadequate supply of provisions and with six starving dogs then started over the plateau for our hut. Bad weather retarded our progress and we subsisted chiefly on dogs.

"On Jan. 17, 1912, Dr. Mertz died, the cause of his death arising from malnutrition.

"On Feb. 7 I arrived at the hut alone, having traveled through snow and fog and having miraculously been guided by Providence through the heavily crevassed areas.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

SETTLES DOWN TO BUSINESS

Wilson's First Day In White House Is a Busy One

WARNING TO OFFICE SEEKERS

They Will Not Be Seen In Person Except Upon President's Invitation—Cabinet Officers Confirmed by Senate and Meet Upon Hurry Call—Bryan Takes Oath of Office

Washington, March 6.—Starting his first day in office with a rush, President Wilson named his cabinet, sent their nominations to the senate, called a cabinet meeting that lasted an hour, and announced a "closed door" policy at the White House so far as hungry office seekers were concerned.

In a statement he warned the horde of office seekers that he would devote all his time to the business of the government, and that he would "decline to see applicants for office in person except when he himself invited the interview."

This was his first official announcement as president. His second was to the effect that he would reappoint Edgar Clark, a Republican, for another term as member of the interstate commerce commission.

The cabinet named is as follows:
William J. Bryan, state.
William G. McAdoo, treasury.
Lindley M. Garrison, war.
James C. McReynolds, attorney general.
Albert S. Burleson, postmaster general.
Josephus Daniels, navy.
Franklin K. Lane, interior.
David F. Houston, agriculture.
William C. Redfield, commerce.
William B. Wilson, labor.

President Wilson issued a hurry call for an immediate meeting of his cabinet, and shortly thereafter sent their names to the senate. The senate at once confirmed the nominations.

The advance guard of a throng of office-famished Democrats was at the executive offices before President Wilson appeared there. President Wilson's statement, issued after he saw the crowd, was to the effect that he would see no office seekers in person except where he himself requested the interview.

As soon as he reached his office the president summoned his secretary, Joseph P. Tumulty, and Colonel Crook, disbursing officer of the executive mansion, who administered the oath of office to Tumulty—a little known formality which is provided by custom for all new secretaries to presidents.

William J. Bryan visited the state department, met the workers there and departed after seeing his commission signed by his predecessor. Under precedent, it was necessary for the retiring secretary of state to sign Bryan's commission before he could sign those of the other members of the new cabinet. Bryan later took the oath of office.

The new president did not feel quite at ease in the White House. When he entered his new home for the first time, flanked on all sides by gold braid, aides and attaches, house servants sprang forward to take his hat and coat and to attend to his wants. This was a new experience for Wilson, who is accustomed to doing things for himself.

He has never had a butler or a valet and always insisted on taking off and putting on his own coat. About the house he has been his own handy man.

He regarded with astonishment and some dismay the efforts of his house servants to make him comfortable. However, he is an adaptable man and will become accustomed to being waited upon.

"I felt more like a spectator than the man about whom all the fuss was being made. I would much rather have taken off my coat and buckled down to work than be a part of the great demonstration."

This was exactly how Wilson felt about inauguration ceremonies and this is the language in which he expressed it.

WILSON'S CABINET

© 1913 American Press Association.

1.—William J. Bryan of Nebraska, secretary of state.
2.—William G. McAdoo of New York, secretary of the treasury.
3.—James C. McReynolds of Tennessee, attorney general.
4.—William C. Redfield of New York, secretary of commerce.
5.—Franklin K. Lane of California, secretary of the interior.
6.—Albert S. Burleson of Texas, postmaster general.
7.—William C. Wilson of Pennsylvania, secretary of labor.
8.—David F. Houston of Missouri, secretary of agriculture.
9.—Lindley M. Garrison of New Jersey, secretary of war.
10.—Josephus Daniels of North Carolina, secretary of the navy.

AMBASSADOR TO ENGLAND

Olney Reported to Be Slated For the Important Post

Washington, March 6.—Richard Olney of Boston, secretary of state under President Cleveland, will be the next ambassador to Great Britain, according to rumor here. Following the cabinet appointments, the filling of diplomatic posts is now of immediate interest.

President Wilson announced formally that he had offered an ambassadorship to William F. McCombs, chairman of the Democratic committee.

Olney has taken no active part in national politics recently.

Blackmail

"I never give my photographs away," said Miss Moreton, primly the dimple displaying itself almost ostentatiously in her cheek.

"But I am an old friend," said I. "Surely an old friend doesn't count?"

"It's the same thing," said Miss Moreton, vaguely. "Of course, it would be different if——" She ceased, apparently not knowing how to go on.

She glanced at me swiftly, and then looked down the room, where the people were chattering.

"If one gave to one, one would have to give to all," she said, oracularly.

"I'm thankful that I have that snapshot, at any rate," I said.

"Snapshot?" she said, looking at me suspiciously.

"Why, yes," said I. "You remember in the boat at Goring last July. I took one of you then."

"I have no recollection of it," she said, coldly.

"It was rather a good one, but, of course, not well developed, and, naturally, not one of you at your best. But, at any rate, it's something."

"What sort of one was it?" she inquired with interest. "You've no right to take photographs without telling one."

"On the contrary." I replied, "it has been held in law that you may take what photographs you will, only you mustn't sell them. I'm not going to sell yours."

"What is it like?" she inquired, ignoring this.

For answer I dived into my frock-coat pocket. "I have a print here," I said. "I've not fixed it up properly, but you can get an idea. It was when you were laughing at a story of Traveres's."

Miss Moreton almost plucked the photograph out of my fingers, and examined it. "How abominable of you!" she said. It's perfectly ridiculous. Good gracious, I don't open my mouth like that!"

"It's a pretty mouth," said I.

"It's a detestable grimace, and all out of drawing," she declared, with visible annoyance. "Amateur photography is all like that. People have no right to be let loose with cameras they don't understand."

"It's all I have," I pleaded. "If you would let me have a real one of you, I would willingly sacrifice it."

Miss Moreton appeared to hesitate. "Certainly not," said she at last, with decision. "And you must, please, destroy these."

"That's the only print I have," I said, meekly.

She eyed me for a moment, and then suddenly stooped and thrust it into the fire.

"I'm glad to hear it," she said, shortly.

I made no attempt at rescue, but watched the poor thing burn.

"Then you are going to let me have one of yours?"

"Indeed, no such thing!" she replied, and walked off toward a group who were discussing Mr. Beerbolm Tree. I sat down beside a young lady in furs, and entered into a disquisition on motor cars, of which I knew nothing. Presently Miss Moretn passed us.

"Do you prefer a Panhard or a Mercedes?" I asked her. She paused. "I don't know the difference," she said.

"Oh, do you motor?" asked the young lady in the fur coat, with enthusiasm.

"Miss Moreton rows," said I. "She punts very well, but she's not a first-rate hand with the sculls."

"Indeed!" said Miss Moreton to me, distantly.

"At least she's unconventional in her style," I went on. "Sometimes she catches 'crabs.'"

The young lady in the fur coat tittered, but Miss Moretn looked at me with displeasure.

"I don't pretend to all the accomplishments," she said.

"Nor do I," I replied. "But I can take a sort of a photograph. I have one of a 'crab.'"

She was going on, but hesitated. It was I who rose and bade my motoring acquaintance good-by. I walked toward my hostess and the door, but ere I reached the former I found Miss Moreton at my heels.

"What do you mean, Mr. Mallison?" she asked quickly. "Why do you talk about 'crabs' and photographs?"

"Oh, I only remembered that I took another snapshot last year," I replied.

She was silent for a moment, and then, "Please explain," she said.

"Don't you remember when you went over and Travers picked you up?" I asked. "I was just going to take a beautiful picture of your head and it turned out ——"

"Yes," said she, now quite rosy-red, "and what did it turn out?"

"Oh, it was a picture of your heels and your ——"

"How abominable of you!" she interrupted hastily.

"But you can see your head, too," I assured her. "You're falling—I mean, leaning backward, with a terrified but fascinating smile on your face, and your skirt is——"

"Of course you will destroy it at once," she interposed, with her former haste.

I demurred. "It really is a very good one of you, at least, of part of you. If you could see it——"

"I don't want to see it," she broke in. "You must destroy it at once."

"But it's the only thing I have of you, now you've burned that," and I indicated the fire.

"You've no right to any of me. I don't see why you want one at all," said Miss Moreton hotly.

"I don't say I have any right," I replied meekly, "but I'm going to stick to what I have. After all, it's mine. I took it."

"It's perfectly disgraceful of you, and—the law," declared she, her face handsomely flushed now, and her eyes bright with anger.

"It's monstrous that I—that one hasn't any command over one's own—own person."

"You hadn't any command at that moment," I said.

She cast me a fiery glance, and bit her lips as if on something she had decided to suppress. I think she determined at that moment to try diplomacy.

"Tell me," she said in a milder voice "tell me exactly what it's like, and how I'm—how I came out, I mean."

"Well, you know what happens when you catch a 'crab,' I said, evasively.

"Yes," she said, doubtfully. "You mean—am I—do I?" She hesitated, almost wistfully.

"Well, you do rather," I answered, reluctantly.

"Mr. Mallison," she said earnestly and very persuasively, putting a hand on my arm, "you will destroy it, won't you?"

It was pretty, it was pathetic, it almost succeeded.

But I hardened my heart. "On one condition," I said, slowly, "and it's a very easy condition. I might make much better terms."

Miss Moreton flounced away indignantly, and I proceeded on my way to her mother to make my adieus. The room was fairly empty now, and I was following a little knot of departing guests into the hall when I heard my name reiterated earnestly and softly. I turned.

"Mr. Mallison, I wish you would stay just one moment," said Miss Moreton. "I—" She hesitated, glanced about the emptying room, and then moved toward the back of it, where a little anteehamber gave upon it through wide folding doors. I followed.

"You really mean what you say?" she asked, suddenly, confronting me. I said that I did. "Very well," she said, bitterly. "It's the most atrocious conduct of you, and I'll never forget it. But——"

She angrily tossed open an album on the table, and at last stopped. I bent down, and a beautiful face on fair shoulders, crowning a pretty evening gown, looked at me with a charming smile. I looked at my companion.

I wished she would smile like that at me, but even in her anger she was wonderful. Her gaze expressed coldness, distance . . . contempt.

"It's a most magnificent likeness," I breathed fervently. "It's—it's divine."

"It's said to be good," said Miss Moreton, indifferently.

"It's the most beautiful picture I've ever seen," I said.

"Do you think so, really?" asked Miss Moreton.

"It's your living, breathing image that looks out on me," I continued.

"They do take very well, as a rule, these people," said Miss Moreton, affably.

"You can't wonder that I want it!" I exclaimed. "I'd give anything for —"

"Well, you can take it, if you'll give me your word to destroy the—that other thing," said she, in a not unfriendly voice.

I promised, and she graciously helped me to extract the photograph from the album. I buttoned it safely over my heart in my pocket, but Miss Moreton, having completed the bargain, of course, took no more interest in the matter. She was gazing down the room at some one else. But a thought occurred to her.

"You haven't shown that—that absurd snapshot to anyone?" she asked, anxiously.

"Oh no," I said. "I've never printed it."

"Oh!" she said, "but you said—"

"Well, you see, I could make out some patches and a foot, but I broke it, unfortunately, as I was developing it."

Miss Moreton's mouth was firm. "Mr. Mallison, give me back that photograph," she demanded.

"But I'm going to finish the breakage," I protested.

"Give it back to me at once," she insisted, advancing on me. I was driven to bay. Besides, the rest of the room might hear us.

"I'll give it back if you'll give me the original," I said, boldly, but quite low.

Miss Moreton paused, she was taken aback. Her face flushed warmly.

"I—oh—oh!" she stammered. "Mr. Mallison!"

"Is it a bargain?" I asked anxiously, holding out the photograph toward her.

She hesitated, the pretty glow still on her face, and she was not looking at me.

"You are—oh, you are dreadful!" she said, with a tiny, troubled laugh. "But in that case, perhaps you'd better keep the photograph."

"On second thoughts, I'll take both," I said.—H. B. Marriott Watson, in The Sketch.

GRAND OPERA

(Continued from Page One.)

"To enjoy music you do not need technical knowledge,—just your mood and your imagination. The message which you get is individual; it is for you and each must get it for himself. Unless you can get something for yourself the time spent in listening is worthless. The simple thing that means something is worth more than an elaborate thing which can not be comprehended. Honesty is necessary with one's self as well as with others. Many people go into raptures over German, French and Italian songs; yet, in their hearts, they know that the words mean almost nothing to them, and English words might ring with a true message and inspiration.

"Opera in this country is presented with a heavy veil of foreign language hung over it.

"When we are honest with ourselves and own that we do not understand nor really enjoy opera sung in a foreign tongue, we will get it sung in English. We listen without thinking and pretend we like it because it is the fashion and we must follow blindly. The drama is the important thing in the opera; if you know the story you will get something out of the music. Foreign countries all have the operas sung in their native tongue. We are cowards and the slaves of fashion in not owning that we do not know the foreign languages well enough to get from the opera what we would if it were sung in our own dear language. Shakespeare, our greatest poet, could express himself in English, what was a good enough language for him should satisfy us. We feel that our children must be sent abroad for education, for the finish that the knowledge of the foreign language can add in the way of polish and culture, but would not the same time and money put into English produce singers that would give us more real genuine pleasure? The singing of opera in English can be had if we will ask for it; a language that is good enough to use to talk with is good enough in which to sing.

"Women's clubs can be a power of good in this as in other respects and also a service to art. Now, it is common to see men wandering about disconsolate during the singing of grand opera. They are too honest and to practical to sit through the performance in foreign languages, but if the English words were sung it would be different. It is up to the women to see that we get our operas sung in English."

After this talk on music, Mr. Hubbard told the charming story of "The Blue Forest," saying to his audience "take with you all the child there is in you," during the recital. The story is one of those beautiful fairy stories which ought to be told before an open fire with the lights turned low. It brought happiness to the unhappy and everybody lived happy ever after. Mr. Hubbard would be beseiged by children who had once listened to him tell that story.

This was followed by "The Secret of Suzanne," which he called a story of tomorrow. This story is by the same author as the "Jewels o fthe Madonna." It is a lively skit of a jealous husband and a wife with a weakness of which her husband had been unaware before marriage.

Frank Waller accompanied Mr. Hubbard. The music expressed accurately each mood of the husband and wife through the various stages of the little comedy and added enjoyment to the afternoon.

The closing number to a most enjoyable afternoon was the singing of Miss Elizabeth Cunningham of Boston. She sang "The Smoking Song" and "The Star." Her singing was certainly delightful, English words and the audience got each word. This added to a rich melodious voice was a very fitting closing number of this lecture on the beauty and possibilities of our own beloved English language in song as well as in literature.

FOR FLETCHER'S
CASTORIA

The KITCHEN CUPBOARD

EGGS IN CROUSTADES.

EGGS may be served in croustades of bread, rice, potatoes or pastry.

The bread croustades are stamped in diamonds, rounds or other forms with a cutter. When shaped take the point of a sharp knife and mark a line a half inch from the edges. Then scoop out the bread inside the lines so that these will hold the egg.

Pastry croustades are shaped from ordinary puff paste and then baked. Patty cases are often substituted for them.

Making the Cases.

Potato croustades may be made of mashed potatoes, given firmness before baking by brushing with egg yolk diluted with milk.

Plain rice croustades are made in much the same way. Rolls are sometimes used as croustades instead of bread.

Eggs In Bread Croustades.—Slice the bread about two inches thick, then shape with the cutter. After bread rounds are shaped put on a pan in the oven and brown. When ready to use immerse quickly in hot salted water and then break one egg in the center of each and place small pieces of bacon around the edge. Put it in the oven and bake until it is as firm as you like it.

Croustades of Eggs With Cheese.—Slice the bread an inch thick and cut in squares. Butter these and let them toast in the oven. Beat six eggs well, put a tablespoonful of butter in the double boiler and turn in the eggs. Cook till creamy, but not lumpy or tough. This means slow cooking. Stir in six tablespoonfuls of Swiss cheese grated, one spoonful at a time, and stirring till entirely mixed. Add two tablespoonfuls of cream and half a spoonful of butter. Pour this over the toasted bread.

A Cereal Crust.

Rice Croustades and Eggs.—Take a half pound of rice, parboil in water for about six minutes, then drain. Rinse in cold water. Pour a pint of nice chicken broth into a saucepan and add the rice to it, together with an ounce of butter and a tablespoonful of salt. Cook untill tender and then add three tablespoonfuls of grated cheese—Parmesan or domestic—and the yolks of two eggs. Spread the mixture in a buttered baking pan, allowing it to be about two inches deep. When it is cold take a round cutter and cut out in pieces two inches in diameter. Remove the centers, sprinkle with breadcrumbs, brush with beaten eggs and sprinkle with more breadcrumbs. Fry in deep, hot fat until golden brown. Drain on paper and fill each center with a poached egg.

GRAPEFRUIT A LA MODE.

DAINTY desserts should add at tractiveness to lenten meals Grapefruit served in pleasing styles will be welcomed in spite of the fact that it is a fruit that is almost always with us.

Dainty Tidbits.

Grapefruit Sherbert. — Take firm sweet grapefruit, cut out the part containing the seed. Squeeze the juice out of the pieces and add the juice of one or more grapefruit. Make a sirup of three cupfuls of sugar, one quart of water and juice of one lemon. Cool and add to the grapefruit juice so that it makes about two cupfuls of juice. Add a wineglassful of sherry and freeze as you would any other water ice. Serve on the half grapefruit, placing one cherry on each.

Grapefruit Jelly.—Dissolve a tablespoonful of powdered gelatin in a cupful of boiling water. Stir in three heaping tablespoonfuls of sugar, four cupfuls of grapefruit pulp and juice, three tablespoonfuls of sherry and one tablespoonful of lemon juice. Cut preserved or candied cherries in slices to form rings, dip the rings of cherry in the grapefruit mixture. Put them into a mold; then fill the molds with grapefruit mixture. Put the grapefruit into molds a little at a time so the pieces of fruit will not settle to the bottom.

A Delicious Salad.

Grapefruit Salad.—Take two cupfuls of grapefruit, one cupful of quartered oranges, one cupful of almonds, one-quarter cupful of French salad dressing and one-half cupful of whipped cream. Cut the grapefruit in halves, save the skins to use as cups in serving. Line the skins with lettuce or parsley, allowing the greens to drop over the cups. Blanch and split the almonds. Cut the oranges and grapefruit in small pieces. Mix all together, marinate with French dressing, fill cups and place a spoonful of whipped cream on top of each.

Grapefruit Cocktail.—Take a chilled grapefruit and cut it in halves. With a sharp knife take out the seeds and cut out each section of fruit. Serve the pulp with the juice in dainty glasses. Two teaspoonfuls of sugar and one tablespoonful of sherry may be added to each glass.

Another way is to take grapefruit juice, lemon and orange in equal proportions. It is then sweetened to taste, flavored with maraschino and diluted just before serving with water and served in glasses with some of the grapefruit pulp and a maraschino cherry.

Anna Thompson.

CARRANZA DEFIES HUERTA

Demands Abdication of President and Banishment of Diaz

Mexico City, March 6.—United States Ambassador Wilson has sent a telegram to General Carranza, the rebellious governor of Coahuila, advising him to disband his insurgent troops and swear allegiance to the government before it is too late.

This telegram was sent in answer to a dispatch sent to Wilson by Carranza, in which the rebel governor declared his only terms of surrender are the abdication of Huerta and banishment of Felix Diaz. Carranza favors ex-Foreign Minister Lascurain for president.

Carranza in his dispatch informed Wilson that he has 11,000 men in Coahuila, but General Mondragon, minister of war, declares Carranza's force is less than 3000.

The Mexican regular army has been increased to 62,000 men, and within thirty days will number 90,000 men. This information was obtained from Mondragon. One thousand recruits a day are being added to the standing army.

NOBODY SPARED

Kidney Troubles Attack Quincy Men and Women, Old and Young.

Kidney ills seize young and old.
Often come with little warning.
Children suffer in their early years.
Can't control the kidney secretions.
Girls are languid, nervous, suffer pain.
Women worry, can't do daily work.
Men have lame and aching backs.
If you have any form of kidney ills
You must reach the cause—the kidneys.
Doan's Kidney Pills are for weak kidneys—
Have brought relief to Quincy people.
Quincy testimony proves it.

Mrs. W. H. Lowe, 246 Washington street, Quincy, Mass. says: "We still recommend Doan's Kidney Pills as strongly as we did in 1907. A member of our family was afflicted with kidney complaint. He suffered from lameness through his back and the least exertion tired him. Finally he began using Doan's Kidney Pills and they improved his condition in every way."

If your back aches—if your kidney's bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Lowe had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

SOME LOW SCORE BY OLD TIMER

A Veteran Makes a Record Trailing Score at Granite City Club

Eleven tables were in play Wednesday evening at the weekly whist tournament of the Granite City club. Of course with such a large number contesting there was sure to be some high scores, and there sure was. The highest score was made by Fred Lalley with 77 per cent while there were several others about the seventies. The second best score was made by H .F. Tilden with 73 per cent plus. In the percentage method of scoring there must be some low scores as well as high scores as the two must balance. There was one particularly low score, the lowest probably ever recorded in a club tournament. This score was made by one of the regular contestants and during the twenty-five hands played he scored but 7 points won and 49 points lost, which gave him 8.75 per cent.

The usual lunch was served after the tournament.

BENEFIT DANCE A GREAT SUCCESS

A benefit dance for Michael J. Boyle was held in Clan McGregor hall, Wednesday evening. Music was furnished by Westland's orchestra. During intermission, vocal solos were rendered by the following: Peter Hines, Jr., H. Mullinger, F. Pringle, E. Roach, and F. Lintz. Refreshments were served during intermission. The affair was a great financial success, owing to the good work of the following committee: Adam Slavin, chairman, J. Bowden, secretary, W. T. Lillie, treasurer, Hugh McLellan, E. M. Shaw, W. M. Childs, M. Nicholson, Joseph Short, Frank Lintz, William Allen and Neil Johnson.

BODY ARRIVED.

The body of Mrs. Paul P. Baxter who died in her 74th year at Ketchum, Idaho, arrived here this morning for burial. She was a former resident.

CONFERENCE AT FORE RIVER

Company Officials and Committee of Council

A conference took place this morning between the officials of the Fore River Co., and the delegates selected at a meeting of the Allied Metal Trades Council. The session commenced at 10 and adjourned at noon. No report was furnished at the conclusion.

The conference was between a committee of 12 from the Council and the company officials. The former ask abolition of the contract and honus system now in use by the company. Neither side would give out anything, both saying that there was nothing to give out at this time.

DISTRICT COURT.

George R. Archibald was sentenced to one month in the house of correction for assault at Braintree and was placed on probation until June 25.

Mratin A. MacDonald was arraigned for non support of his family at Randolph and was ordered to contribute $6 a week for their support. The continued case of Charles R. Sargent for a statuatory offence at Quincy was called and he was fined $500. Paid. The case against him for onn support was continued until March 13.

The continued case of Johaan Haaf for a statuatory offence was aclled and she was fined $300. Paid.

OFFICERS NOMINATED.

At the regular session of Quincy lodge of Moose, last evening, officers were nominated to be balloted upon at the meeting next week.

Several contests have arisen, and it is expected that the largest meetfng exer held will take place.

Arrangements are completed for a smoker this evening in Faxon hall.

A WILSON BABY.

Inauguration Day was celebrated Tuesday at the home of Mr. and Mrs. Jeremiah Connelly, 160 Willard street by many friends who called upon learning of the birth of a daughter. Mr. and Mrs. Connelly are well known in West Quincy where they were both born.

The Advantages

By using our **Wall Board** as a substitute for laths and plaster.

1. You secure a less expensive and more sanitary material.
2. You make a big saving in labor.
3. You do away with the nasty job of plastering.
4. You save the time lost while plaster is drying.
5. You protect yourself against dampness, cold, cracks.
6. You make it easy to get at pipes, etc.

This is the only wall board ready decorated; others have to be papered, stained or painted. Our Wall Board comes with a handsome natural hardwood finish effect that can scarcely be told from real finished hardwood when laid side by side.

WOLLASTON ASSOCIATION

Enters Upon an Active Campaign for Improvement

BY-LAWS PREPARED

The executive committee of the Wollaston Citizens' Association was held at the home of the president, William Dean Sanford, Wednesday evening. The president presided.

The draft of a new set of by-laws subject to the approval of the Association was prepared. W. E. Robinson, B. H. Bain and A. J. Scorer were appointed a committee to visit the State House Saturday, March 15, to discuss the gas question and it was voted that the secretary George B. Curran notify other associations of this plan of action. Dr. E. R. Johnson, A. E. Walker, John Buchanan, W. S. Sayward, Amos T. Leavitt were appointed a committee to look into the matter of the proposed new City Charter.

W. Y. Sherman, R. D. V. Edwards and L. C. Merrill were apointed a committee to secure a hall for the meetings.

It was voted that a letter of thanks be sent to the New York, New Haven & Hartford Railroad Company for extra train service between Wollaston and Boston. After expressing appreciation of the hospitality of Mr. and Mrs. William Dean Sanford, especially Mrs. Sanford's delightful "menu," the meeting adjourned.

BRIEFS

An important business meeting of St. Margaret's Guild will take place Friday evening at the parish house.

Mrs. Harry Silverman of Pearl street is spending a few days with Mrs. M. Gove, of Revere.

C. Abbot Johnson of Hancock street is about again after having been confined to his home with a severe cold.

Emil Jacobsen returned to Chicago last month after a four months' visit with his parents Mr. and Mrs. John Jacobsen of Kendrick avenue.

The Pi Eta Society of Harvard University is booked to appear at Quincy Music hall, Thursday evening, April 3.

A rehearsal of the Auxiliary chorus of the Bethany Congregational church was conducted this afternoon by Mrs. Charles Sampson.

A meeting of the Junior Christian Endeavor society of the Bethany Congregational church was held this afternoon under the direction of Mrs. Charles Gragg.

The eleventh annual ball of the Copeland club will be held in Alpha hall Monday evening ,April 14. Judging from annuals of previous years the affair this year will be equally as enjoyable.

The first Knights of Columbus degree will be performed on several candidates at the regular meeting of Quincy Council in Colonial hall this evening. The second degree will be given March 26.

The police are attempting to solve the mystery connected with the larceny of a ring and four valuable neck tie pins from the room of William Hackett in the Greenleaf hotel which was discovered by him Wednesday evening. Mr. Hackett is employed at the Fore River yard.The theft was evidently accomplished in the day time but no trace of how the entrance was effected has been secured as yet. Mr. Hackett found his closets, trunks and clothing all in good order.

WHIST PARTY.

The Quincy Women's Riverside club held a public whist at the club Wednesday afternoon. Souvenirs were awarded to Mrs. Annie Smith, Mrs. Gaudreau and Mrs. Flannigan.

GOING TO GRAND JURY

Alleged Bribery Scandal Concerning Thaw to Be Probed

New York, March 6.—The testimony in the hearings at Albany in the alleged bribery scandal growing out of the move made last winter toward securing the release of Harry K. Thaw from the Matteawan state hospital for the criminal insane will be placed before the grand jury early next week.

The hearing on the writ of habeas corpus sued out for Thaw last week by Charles Kennedy, a lawyer, will be held in the supreme court here today.

POPULAR MAN DEAD IN MILTON

David J. Garrity Passed Away After Only Week's Illness

David J. Garrity, 25 years, of 42 Church street East Milton died Wednesday at the Cunningham Convalescent Home, Milton, from pneumonia. He had been ill about a week.

Mr. Garrity was one of the most prominent young men of East Milton. He has been conducting a real estate and insurance business and has been connected with the law department of the Boston Elevated Railway .

Mr. Garrity was the son of Mr. and Mrs. David Garrity. He was born in East Milton and received his education at the Belcher Grammar and the Milton High schools. He also attended Boston College and later graduated from Boston University Law school. He was a member of the Boston Young Men's Catholic Association.

He was a prominent member of St. Gregory's church, Milton Lower Mills where a solemn high mass of requiem will be celebrated Saturday morning, by Father Heaney. Burial will be in St. Mary's cemetery, West Quincy. The funeral will be under the direction of Edward D. Barrett.

Mr. Garrity was well known in this city, many of the local students at Boston seats of learning being numbered among his close friends. He was of a devoted nature and one whose friendship was valued.

He leaves besides his parents, one sister, Mrs. Catherine Ford, and two brothers, Joseph and Edward.

SIXTY-FOUR DROWN ON TORPEDO BOAT

German Craft Cut In Two by Cruiser Off Heligoland

Heligoland, Ger., March 6.—Sixty-four of the crew of the German torpedo boat "S-178" were drowned, together with their commanding officer and the first officer, after the vessel had been rammed by the cruiser Yorck off this island in the North sea. The surgeon, engineer and fifteen of the crew were saved. The torpedo boat sank immediately.

Torpedo boat destroyer "S-178" was one of the most modern destroyers in the German fleet. She displaced 636 tons and carried eighty-four officers and men. "S-178" was returning during the night from maneuvers in which she had participated with the German battleship fleet, the cruiser squadron and sixty-four other torpedo boat destroyers.

The destroyers attempted to pass through the intervals in the column of warships while the latter were steaming ahead at full speed. The commander of the "S-178," Lieutenant Koch, miscalculated the distance and his boat was cut in halves by the cruiser Yorck and sank instantly.

Peculiar Freak of Nature

Cincinnati, March 6.—A woman whose skin is covered with scales similar to those of a fish was shown before the academy of medicine by Dr. Robert Sattler.

CARD OF THANKS.

We wish to express our sincere thanks to relatives and friends for words of sympathy during our bereavement, and for the beautiful floral tributes.

BAKER'S BIG RUN LIKE A BALLOON

Rolled for a Total of 350 in the Tennis League

OTHER BOWLING RESULTS

C. Baker rolling with team D of the Wollaston Tennis Club made a three string record of 350 at the Coliseum alleys Wednesday evening. His strings were 116, 129, and 105 and were rolled in competition. Several men have brushed close to that total but have not reached it.

Bowling in the rest of the city was of the regular standard.

In the tennis league team D beat F 4 to 0; C and A split even and E and B also split even.

High men in the match were Powers 118, Geddes 115, Hoxie 117, Raymond 107, Nickerson 108, Litchfield 103.

In the Old Colony league match at Norfolk Downs, Weymouth beat Norfolk Downs, 3 to 1. Smith with 116 was high man. His total of 287 was also high.

In the Old Colony league match at the City Square alleys the City Square beat the Coliseum 3 to 1. Sprenkle was high man with 113 and had high total of 321.

The silver cups in the Washington birthday rolloffs were presented to E. A. Bohlken and George White,

At St. Mary's hall the North Commons beat Grove street 4 to 0. Shorle had the best total, reaching 273. The interest is becoming greater every match although Hall Place seems to hold the magic charm of a leading team. This boosted North Commons out of last place.

Norfolk, ss. Probate Court.
To the heirs-at-law, next-of-kin, creditors and all other persons interested in the estate of Harriet E. Turner late of Quincy in said County, deceased, intestate:

Whereas, a petition has been presented to said Court to grant a letter of administration on the estate of said deceased, to Edith S. Ring of said Quincy without giving a surety on her bond. You are hereby cited to appear at a Probate Court to be held at Dedham in said County of Norfolk, on the nineteenth day of March A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And the petitioner is hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in said Quincy the last publication to be one day at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this fourth day of March A. D. 1913.

HEAVY FINES.

Two of the largest fines ever imposed in the district court were ordered this morning by Judge Avery in the cases of Charles R. Sargent and Johaan Haaf, on statuatory complaints Both parties entered a plea of guilty. The fines were then imposed, Judge Avery going the limit. In the case of Sargent the fine was $500 and in the case of the Haaf woman the fine was $300. The woman immediately produced her fine and paid while a court officer accompanied Sargent to Wollaston where his fine was obtained.

Commonwealth of Massachusetts.
Norfolk, ss. Probate Court.
To the creditors, and all other persons interested in the estate of John B. Reinhalter late of Quincy in said County of Norfolk, deceased:

Whereas, Joseph F. Reinhalter, administrator of the estate of said deceased, has presented to said Court, his petition praying that he may be licensed as administrator as aforesaid, to sell and convey to Maggie T. Reinhalter at private sale all the interest of the estate of said deceased in and to certain real estate described in said petition, and to execute and deliver in consideration of the sum of $58.72 a deed or deeds releasing and conveying all the interest of the estate of said deceased therein. You are hereby cited to appear at a Probate Court to be held at Dedham in said County of Norfolk, on the nineteenth day of March A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And the petitioner is ordered to serve this citation by delivering a copy thereof to each of you fourteen days at least before said Court; or by publishing the same once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in said Quincy, the last publication to be one day at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this fifth day of March in the year one thousand nine hundred and thirteen.

WOUNDS OF RUSSIAN WOMAN COULD BE SELF-INFLICTED

Autopsy Shows There Was Nothing Inconsistent With Her Statement

In the Course and Final Resting Place of Fatal Bullet

Medical Examiner Dr. John C. Frasier of Weymouth acting under orders of assistant District Attorney Frank Katzman, performed an autopsy Thursday afternoon on the body of Mrs. Baraska Slobodniskova the Russian woman who died at the City Hospital, Wednesday noon as the result of being shot, while at a green house on Howard Avenue, Tuesday morning. Medical Examiner Frasier was assisted in his autopsy by Dr. Nathaniel S. Hunting, Dr. W. L. Sargent and Dr. Roderick McLennan, the three surgeons who attended the woman at the City Hospital.

Although the woman had told the police that the wound was self-inflicted there was some doubts about her statement on the part of the physicians who from what examination they were able to make could hardly see how it could have been self inflicted. After the autopsy however the surgeons said that the statement of the victim could be consistant with what the autopsy showed.

They found that the bullet had entered the left breast struck and fractured a rib on the left side, glanced across to the right side in a downward course perforating intestines in four places and lodging just above the right bone.

REV. EMRICK A FAVORITE

With the Finnish Speaking People of the City

Rev. F. E. Emrick, D. D. of Boston, secretary of the Massachusetts Home Missionary Society was the guest of Rev. John E. Lillback of the Finnish Congregational Church Thursday afternoon and evening. He addressed a large congregation in the church in the evening. Dr. Emrick is greatly beloved by the Finnish people. Although unable to speak Finnish, he has always been able to express through an interpreter what he desired them to hear. Rev. John E. Lillback translated the address.

GIVEN DEGREES.

Several candidates were given the first Knights of Columbus degree at a regular meeting of the Quincy Council at Colonial hall, Thursday evening.

Roasts of the Best Beef

REPUBLICAN COMMITTEE

Opposed to Any Amendment to Present Charter

DECIDED OBJECTION OFFERED

A largely attended meeting of the Republican City Committee was held Thursday evening in the rooms of the committee in the Johnson building. The subject under discusion was the proposed amendments to the City Charter. The committee went on record as being unanimously opposed to the proposed amendments and voted to attend the hearing at the State House next Wednesday and oppose its passage. Those present expressed the belief that there was nothing the matter with the charter and that it should not be changed. In addition to the members of the committee attending in a body a special committee of five was appointed to officially represent the City Committee. This committee is Chairman John R. Richards, Secretary, Harry G. Studley, Vice President, Albert L. Whitman, Edward J. Sandberg and William H. Teasdale.

SAM WOOD, JR. AGAIN HONORED

At the Annual Meeting of the Grand Encampment

Several from Quincy were present at the annual session of the Grand Encampment I. O. O. F. at Odd Fellows hall, Boston, Thursday. Sam Wood, Jr., of Quincy, Grand Patriarch presided and the election of officers resulted in Walter F. Johnson of South Boston being elected Grand Patriarch. Sam Wood, Jr., the retiring partriarch was also elected as Grand Junior Warden. The annual reports showed 75 encampments in the state with 10,891 members a net loss of 123 during the year. The number initiated during the year was 431 and Manet encampment of Quincy was one of those who initiated more than ten.

LADIES' CATHOLIC CLUB.

An entertainment and mystery sale followed the regular meeting of the Quincy Catholic club at the rooms of the Quincy Council, Knights of Columbus, Thursday evening.

Several committee reports were given and a dancing party in May was discussed.

The entertainment was in charge of Mrs. Nellie Hart Reardon who presided at the piano. Songs were rendered by Miss Gogan, and Miss Helen Galvin of Braintree, and Mrs. Catherine Garrity gave several readings.

The committee was Mrs. Sarah Malone, Mrs. Mary Lyons, Mrs. Elizabeth Sullivan, Gertrude Carroll.

LAID AT REST.

The funeral of Mrs. Paul P. Baxter, who died at Ketchum, Idaho, took place this afternoon from the undertaking rooms of John Hall. Services were conducted by Rev. Adelbert L. Hudson, pastor of the First church. Burial was in Mt. Wollaston cemetery. Mrs. Baxter was a former Quincy resident and was in her 74th year.

MRS. CONNOR BURIED.

The funeral of Mrs. Hannah Connor Atlantic's oldest resident who died in her 80th year, Tuesday took place Thursday morning from her home, Madison street. A high mass of requiem was celebrated by Rev. Fr. Cuffe, at the Church of the Sacred Heart. Burial in the Calvary cemetery. She is survived by her husband, Jeremiah Connor and two daughters.

LIQUOR LEGISLATION TAKEN FROM LIQUOR LAW COMMITTEE

McDevitt's Appearance on That Body Cause For the Transfer

He Is Credited With Voting Against Anti-Saloon League

The continued appearance of Senator John J. McDevitt as a member of the legislative committee on liquor laws was the cause Thursday of the transfer of all bills or matters relating to liquor legislation from that committee to the committee on legal affairs which finished its hearings some weeks ago.

McDevitt voted against the Anti-saloon league.

The action was the outcome of several weeks of tension between Senator Walter J. McLane, chairman of the committee, and the Anti-Saloon League, which uttered its protest against Senator McLane, whom Superintendent Arthur J. Davis of the league charged with discourtesy.

But the McDevitt case brought some entirely new complications. McDevitt had voted against the Anti-Saloon League. His possible expulsion from the Legislature aroused the Anti-Saloon League members to urge the appointment of an Anti-Saloon League man.

It was even suggested that he should withdraw as a result of his utterances regarding the Riley liquor bill for the refunding of license money

Senator Clark of Brockton, who is a member of the Anti-Saloon League as well as a member of the liquor law committee said:

"I think that the McDevitt matter brought matters to a head. I had heard talk of members resigning from the committee. I am pleased at the outcome and I believe that the liquor matters will have a fair hearing before the committee on legal affairs."

The Anti-Saloon League is making a hard fight against the repeal of the bar and bottle bill. They knew that had the repeal bill remained in the hands of the liquor law committee there was a pretty good chance of its receiving a favorable report this year. What the legal affairs committee will do with the bill is now a matter of greatest interest.

Senator McDevitt, whose charges, disproved by the rules committee, was in his seat as usual Thursday.

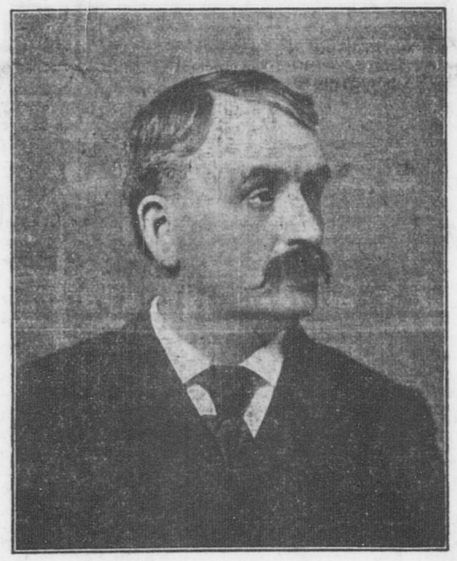

The final disposal of his case is in the hands of the Senate rules committee, which will report after a conference with the Democratic members of the Senate.

FRANK SKINNER DIED SUDDENLY

End Came at Relief Hospital In Boston

TAKEN ILL AT NEWS CO.

Frank A. Skinner, of Upland road, and proprietor of the news stand at West Quincy died suddenly in Boston this morning at the Relief Hospital. Mr. Skinner went in town early and while at the office of the New England News Company, 93 Arch street was taken ill and was removed to the Relief Hospital where he died shortly after.

FRANK A. SKINNER,
Who Died Suddenly In Boston today.

Mr. Skinner was about 57 years of age. He was born in Springfield, Mass., but left there in infancy and moved to Dana, Mass., where he grew to manhood. He attended the public schools of Dana and later, for a time was at the academy in New Salem.

For three years he was connected with the grocery business in Boston and while thus engaged he acquired a knowledge of the photographers art For twenty years he successfully conducted a gallery at Plymouth, and in

ALMOST FROZEN SITTING ON BANK WITH ONE BOOT IN HIS HAND

James O'Brien Rescued by Hodgkinson Employees in Nick of Time

Had Just Begun to Stiffen Under Weather Influences

While James O'Brien sat on a Palmer street bank courting the elements with one shoe in his hand, at 7.30 this morning, passing employees of the Hodgkinson farm rescued him from his perilous position and took him in their wagon to the farm. He appeared to be frozen slightly and police headquarters were notified.

He was taken to the station in the police ambulance and treated by Dr. John H. Ash. After working over the man for about an hour Dr. Ash said that the chances of his complete recovery were good and that no serious results would follow.

O'Brien is a former employee at the Hodgkinson farm. He had not been there for a couple of months and was probably on his way to that place when overcome. It is thought that he could have been there but a short time because he was not seen by Germantown residents who passed by shortly before seven o'clock.

THE CHURCH OF THE TIMES

Should Not Hold Aloof From Social Problems

SAYS REV. MR. CADY

The enthusiastic gathering at the annual meeting and supper of Memorial church Wednesday was a credit to the people of Atlantic. It was the first annual meeting of the combined church and parish, and the supper was for all contributors and parish and church members.

After the supper Rev. George L. Cady of Dorchester gave a stirring address on "The Church of the Times." Dr. Cady said the church was not fit to exist which held aloof from the social problems of the day and that the person and church who will tackle the powers of unrighteousness must expect those powers to retaliate.

The church does not call men to ease and enjoyment, but self-sacrifice and hard service, and while men are saying the church is out of date and should be put on the shelf, yet it is growing and has thousands of men and women who devote their lives and money to its cause. Dr. Cady touched on his experience with the State prison at Charlestown and said the church was the one institution that would give the chance to the ex-convict.

The church must develop a God consciousness, and give society a new conscience.

The newspapers will not give God to the world. The editorial column is controlled by the advertising column. No newspaper is free today. You have seen what happened to a Boston paper when it tackled the Bar and Bottle Bill. Commerce will not give God to the world. The almighty dollar holds sway there. And I am sorry to say the schools of learning will not give God to the world. The average American college does not turn out in large numbers the men who go into life with a Christian conscience. They are turning out captains of finance and industry.

"The Church alone must give the knowledge of God to the world."

Reports of the different committees were received with enthusiasm. F. M. Burdett collector reported the largest weekly contributions ever pledged to the church and Paul Butler all bills paid and a substantial sum in the treasury.

Mrs. Sarah Butler for the Ladies Society gave the best annual report ever received from the auxiliary. In her verbal statement she told of the large things the society was planning for the church. The hospitality and missionary committee reports showed efficient activity in those two committees of recent origin.

Kenneth Blake gave a clear, concise report of the gains of the Sunday school and Miss Margerie Young reported for the Y. P. S. C. E.

John Ward for the Music committee said that the two choirs spoke for themselves every Sunday.

Mrs. H. B. Wells reported for the Junior Endeavor society.

The pastor Rev. T. W. Davison spoke on the general condition of the church showing that last year the attendance was one half more than that of the old church.

H. B. Wells, clerk reported that last year the gain in church membership was the largest in the history of the church in any one year.

A letter was read by E. E. Willey from Deacon W. F. Blake of Toronto which received applause and commendation.

The following officers were elected for the ensuing year:

Moderator—W. F. Cumimngs.
Clerk—H. B. Wells.
Treasurer—Paul Butler.
Collector—F. M. Burdett.
Assistant Collectors—David Hamilton, W. T. Davy, Kenneth Blake.
Deacons—Edwin French, B. F. Thomas, D. Hamilton, John Lature.
Music Committee—John Ward, Spencer Apollonio, H. Heap, Mrs. A. H. Hall, Mrs. H. B. Wells.
Ushers—Percival Hall, B. F. Thomas.
Hospitality Committee—Mrs. W. F. Cummings, Mrs. J. Murray, Mrs. W. T. Davy, Miss Louise Kolb, Henry Mallock.
Missionary Committee—Mrs. Isabel Smith, Mrs. L. T. Gurney.

The committee in charge of building was left to be chosen at a subsequent meeting.

Mrs. Sarah Butler with executive committee of the Ladies' Society had charge of the supper.

DIED IN PROVIDENCE.

Francis T. Hanniford, a former Quincy resident who died at Providence, R. I., was buried Thursday in the Mt. Wollaston cemetery, following a funeral service which was conducted at the undertaking rooms of John Hall by Rev. C. C. Tilley of the Calvary Baptist church.

The Advantages

By using our **Wall Board** as a substitute for laths and plaster.

1. You secure a less expensive and more sanitary material.
2. You make a big saving in labor.
3. You do away with the nasty job of plastering.
4. You save the time lost while plaster is drying.
5. You protect yourself against dampness, cold, cracks.
6. You make it easy to get at pipes, etc.

This is the only wall board ready decorated; others have to be papered, stained or painted. Our Wall Board comes with a handsome natural hardwood finish effect that can scarcely be told from real finished hardwood when laid side by side.

EDITORIAL COMMENT.

The movement to utilize schools for other than strictly school purpose is spreading to good purpose all over the country.

Mr. Bryan has commenced his career as secretary of state by being mystical. It may do for a while but the majority of the people are not smitten with that sort of stage craft.

Every prominent Democrat in Massachusetts will now have a chance to see his name in print on the rumor that he is to be appointed to a diplomatic post.

New England was given the frozen mit in the cabinet appointments. Is it possible that there was not a Democrat whom the president considered framing up to any of those jobs or were there so many applicants that the wisest course was to drop them all?

Gov. Foss seems to move right along in the even tenor of his way, despite the screech of Democratic politicians that he is not giving them enough attention.

The daring burglar has entered the South station. The next place will be the front parlor.

What does Massachusetts want any boxing laws for at any rate. The boxing is carried on just the same now as it ever was. Any new law will not make it any better and will not prevent fakes, despite the claim to the contrary as the biggest fake was pulled off in New York a short time ago under their boasted Frawley law.

Vice president Marshall must belong to the S. P. C. T. A. as he has the technical terms down Mike.

Wonder of wonders, a Boston policeman has resigned three days after appointment. It came to quick to suit him. He must have a cinch in his present job.

More seats are needed in congress judging from some perusals of the congressional record, many that are now full would be just as well vacant.

They have been whittling down the indictment against Mr. Quincy in such a shape that they wont have a single one left if they keep on.

Harry Thaw may not be harmlessly insane, but that he is vicously unfit to be at large is well demonstrated. When will the farce of dragging him out before the public every little while and compelling the state to spend money to keep him where he belongs cease?

Darrow appears to be the whole show at his second trial in Los Angelos.

Champ Clark now declares he might have been vice president, but probably to be boosted from first to second place was more than could be reasonably expected of any man.

Whether the politicians approve or not President Wilson is not liable to be moved from his anti-job hunting rule.

THE RETIRED SENATOR.

Senator W. Murray Crane retired from official life automatically with the change of administration. He had declined to become a candidate for re-election. He is succeeded by John W. Weeks who will undoubtedly prove a creditable representative of the Bay State during the period of which he holds office. But aside from party lines every one felt they knew Murray Crane and every one liked him and those who did not know him had a keen respect for him because of his reputation. He was not a speech maker. He made no pretence of being such. The longest speech he ever made is recorded as 54 words and then he disappeared before the newspaper men could get at him to find out how or why he did it. But aside from that he was a man of power, in large as well as small matters. His advice was always sound and eagerly sought. It is to be hoped that his valuable contribution to the public service will not end with his present official step down.

GIVE THE HORSE A SHOW.

The man who plans to walk across the continent leading a mule because of an election bet should consult his friends at once. Or at least his friends should hold a consultation in his behalf. This conference is not suggested in the interests of the man, but the sedate, quiet, easy going and no doubt sensible animal on the other end of the halter. Because a man wants to exhibit himself in all his absurdity in the paying of such an election bet, is no reason why the mule should suffer and partake of the hardships which the man may elect to undergo. The proper society should take hold of the case and save the mule from excessive cruelty while the courts might be interviewed with good reason to treat of the other case under consideration.

NOTHING CREDITABLE.

To say the least the demonstration in Washington during the passage of the Woman Suffrage parade, was not creditable. It was not a manifestation of that spirit of American fair play of which so much has been said. In some instances the conduct of the crowd was lawless, insulting and abusive to the women in that parade. However one may differ from them upon the question at issue, however ridiculous some people may consider that some of the suffragettes make themselves, in their actions, this body of women were within their rights. They were marching in a public highway. They were conducting themselves in a proper manner. They were breaking no law. They were annoying nobody, yet they were reviled and insulted. Whoever is responsible for such a situation as presented itself should be made to understand that such things cannot be permitted with impunity, that American women, whether suffragettes or not are not to be wantonly insulted by gangs of hoodlums in any city of this country.

HOMEWARD BOUND.

Fred D. Williams and William E. Tarbox, the Daily Ledger tourists to Washington, D. C., have reached New York on the homeward journey, and are due in Quincy Saturday morning. Since Inauguration day they have made a pilgrimage to Mount Vernon, and endeavored to take in all the attractions of the Capital, but found their time too limited to see all. They will have much to tell Daily Ledger readers either on Saturday or Monday.

George H. Wilson of Revere road returned on Thursday from the Inauguration at Washington.

SOLES AND TONGUES.

Miss Elizabeth Strand, the young lady of Rockland sent to Washington by the popularity contest of the Rockland Standard was presented by a merchant of that town with a very dainty pair of shoes to be worn on her trip, and was instructed that the shoes had soles and tongues, so care should be given as to the direction they should go.

PUSSY WILLOW PARTY.

Mrs. Herbert Gearwear entertained the Five Hundred Club at a pussy willow party Wednesday at her home The favors, the handiwork of the hostess were most unique. A dainty luncheon was served.

Y.M.C.A. ACTIVE IN MANY LINES

Play "A Foul Tip" to be Presented This Month

STATE BUSY DAY

Members of the Y. M. C. A. and their friends are awaiting with considerable expectancy, the play "A Foul Tip" which is to be given in Music Hall, March 25. The cast under the direction of Erastus Osgood has been rehearsing for over two months and the production promises to be one of the best of the season. The cast includes Miss Georgie Michael, Miss Mabel Pratt, Miss Irene Potterton, Henry Trask, Alden H. Blanchard, H. C. Hallowell, Lee Brooks, Jack Melville, W. H. Walker and Charles Bishop.

State Boys Day will be observed this year by the Boys Department of the Quincy Y. M. C. A. Saturday March 15, has been set aside for the purpose of raising funds to refurnish the Boys rooms. All the Associations in the State are planning to take the day for raising money for some special purpose. Of the total amount raised, 50 per cent will be retained by the local Boys department, 25 percent will be given to the State committee, 15 percent to the International committee and 10 percent to the Y. M. C. A. in Calcutta, India.

Members of the Boys department will be divided into teams with captains in each precinct. Each collector is to be armed with an official card and a sealed cocoa can. The amounts contributed are to be crossed off on the reverse side of the official cards and the money deposited in the cocoa can. The collectors are to devote the day from 9 A. M. to 6 P. M. to the work and hope to raise enough money to get the new furniture, games and pictures needed.

SCHOOL ATTENDANCE.

The report of Superintendent Barbour of the school attendance for February 1913, is as follows:

Schools	Whole No. at Date.	Av. Daily Attendance.	Per Cent. of Daily Attendance.	Tardiness	Dismissal (Truancy
High	769	731.0	95.0	206	84 3
Adams	357	340.3	94.8	19	6 0
Atherton Hough	176	165.3	92.4	1	2 0
Coddington	538	488.7	92.2	26	21 0
Cranch	318	294.5	94.7	0	5 0
Gridley Bryant	253	233.4	96.6	31	8 0

PARCEL POST.

A few of the more prominent pointers selected from the parcel post system which we explained thoroughly, as well as giving the rates included in the various zones are as follows:

You must use special parcel post stamps.

You must deliver parcels to a post-office or branch post-office.

You must place your name and address on every parcel mailed.

You must pack parcels so as not to injure other mail matter.

Don't use parcel post stamps for anything but parcels, for they are useless.

A parcel must be packed so contents can be readily examined.

You can, in addition to name and address, print or write on parcels your occupation and, in small space, indicate character of parcel.

You may insure a parcel for its actual value up to $50, for ten cents in parcel post stamps affixed.

If you insure you can have a receipt returned if you ask at time of mailing.

You cannot mail a parcel weighing over eleven pounds.

You cannot mail a parcel greater in size than seventy-two inches in length and girth combined.

In measuring length you must take the greatest distance in a straight line between the two ends, while the girth is the actual tape measurement encircling the parcel at its widest part.

Yale Comes Into $650,000 Bequest

Wallingford, Conn., March 7.—By the death here of Joseph Lyman, Yale university will receive $650,000. He held the life use of that sum, which was willed to the college by his brother, Samuel Lyman, who died in 1910.

AFTER MANY MANY YEARS

Legislators of 1888 Join in Reunion and Talk of Old Times

Hon. John F. Merrill of Quincy and John A. Holbrook of North Weymouth, the two representatives to the general court from the Quincy-Weymouth district in 1888 were among the seventy members of the Senate and House of that year who attended the reunion of the state legislature of 1888 at Young's hotel, Thursday. J. T. Stevens of Braintree the senator from this district was also present. The idea of the reunion originated with Hon. John F. Merrill.

HOSPITALS FOR TUBERCULOSIS

Movement to Have Them All Under the State Control

William H. Teasdale, chairman of the Board of Health attended the hearing before the legislative committee on Public Health, Thursday in favor of the proposed bill which gives the state full control of all the public tuberculosis hospitals throughout the state. One of the objects of Chairmans Teasdale's attending the hearing was to get the committee to include the Mt. Pleasant camp in Quincy as a state institution. The Mt. Pleasant camp is now a private institution and as the bill proposes to take and manage all tuberculosis hospitals it would be a good thing if it would take the Mt. Pleasant camp in Quincy.

ENJOYABLE SURPRISE.

A most enjoyable and complete surprise was given Mrs. George Hawes at her home, West street, Thursday evening by the Ladies Aid society of the Hall Place M. E. church.

Mrs. Hawes had expected "company" as the president of the Ladies Aid had sent word that she was coming over for the evening, but Mrs. Hawes was hardly prepared for the host of friends who accompanied the president.

The party arrived shortly after eight and for a while at least kept the good lady guessing.

Mrs. William McCormick in a few well chosen words presented Mrs. Hawes as the retiring president, with a handsome umbrella, in appreciation of her faithful work and service through storm and sunshine during the past two years and honed that this gift would shield her from many storms in the future.

Mrs. Hawes was entirely overcome but recovering thanked the friends one and all for their great kindness in thus remembering her.

Games were played and various tricks performed to the enjoyment of all. Rev. and Mrs. T. C. Martin and Leslie McCormick favored the company with readings and vocal solos. Wit and humor made the time pass very rapidly. During the evening cocoa and cake, fudge and apples were served by the members of the Ladies Aid.

At a late hour the company left for home, greatly enjoying the long cold walk and biting wind.

Among those present were Mr. and Mrs. William McCormick, Mrs. James McCormick, Mrs. F. W. Fuller, Mrs. Robert Newcomb, Rev. and Mrs. T. C. Martin, Mrs. F. L. Badger, Mrs. C. S. Jose, Mrs. David Thomas, Mrs. Williams, Mrs. Henry Gear, Mr. Charles A. Goucher, Leslie McCormick, Mr. and Mrs. George Hawes and Herbert Hawes, Miss Olive Grant and Miss Hilda Francis.

DEATH OF MRS. LEITER

Mother of Lady Curzon Was Prominent In Washington Society

Washington, March 7.—Mrs. Levi Z. Leiter, widow of the former Chicago merchant, and mother of the late Lady Curzon, died at her home here of apoplexy. Her husband died in 1904.

For the pst few years Mrs. Leiter has resided in the summer season at Heverly Farms on the North Shore of Massachusetts, where she had a beautiful residence. During the past winter season she has been a hostess at numerous large social affairs in Washington.

GOOD HEALTH SOUND BODIES

Children Should Have a Chance to Possess Those

SAID MRS. HIGGINS

At the monthly meeting of the Wollaston Parents-Teachers' Association, Thursday evening. Mrs. Milton P. Higgins of Worcester, president of the Massachusetts Branch Congress of Mothers spoke on "The aims and purposes of the Mothers' Congress." A short business meeting and choruses by the class of 1913, Wollaston Grammar school opened the evening.

Mrs. Higgins had many interesting things to say and illustrated her remarks by means of a chalk talk and graphic chart. In her opening words she pleaded for a better appreciation of the school teachers and urged parents to turn to and help the child more

"The home," said Mrs. Higgins "has several duties toward the child. He has the right first, to be well born. The children should have a chance to have good health and sound bodies and not be feeble sickly babies. The National Parents-Teachers Association is working for a better physical and mental class the next generation.

"He has the right to be well nourished. Where one baby used to die every 10 seconds, with the pure milk crusade the death rate has fallen off one half.

"The child has a right to be well trained. When should we begin? We should not wait more than six hours. If the child is trained in regular habits the mother can go out of an evening. It is a grand thing to know just how to bring up a baby.

"There should be good morals and manners in the home, kindness, truth, obedience, reverence. Children are keen and copy their elders. A child shows exactly what it is taught at home. We cannot blame the teachers if the children do not have good manners.

"In the school the child has the right of a good education." Mrs. Higgins advocated trade schools and parent-teachers associations.

"We should utilize the school houses for the best good of the community. They should be used more than 4, 5 or 6 hours." Meetings, lectures, dances and entertainments were recommended.

"One thing the church can do is to make good parents. We hear of schools for doctors, dentists, teachers, machinists, etc., but we never hear of a school to make good parents. The church as well as the parents-teachers associations should do this.

"What can the state do? It can give us juvenile courts and good probation officers. What we need is good pure teaching." Mrs. Higgins spoke of the Children's Bureau established by the nation and the hoped for recognition of the National Parents-Teachers Association. "We should unite the forces of the home, school, church, state and nation for the benefit of the child," she said in closing.

A fire of questions followed and after the meeting a candy sale, the proceeds for school decorations, was held.

IN SERVICE SINCE 1877

Assistant Secretary Adee Will Remain In State Department

Washington, March 7.—Alvey A. Adee, second assistant secretary of state, who has been in the state department since 1877, will retain his position under Secretary Bryan. Adee is affectionately referred to in Washington as the "wheel horse" of the department, and it is said that few important diplomatic notes of recent years have escaped his editing. President Wilson and Bryan decided not to accept his resignation.

Manton M. Wyvelle, a New York lawyer, and an intimate personal friend of Bryan, was appointed private secretary to the secretary of state in place of William L. Coombs, Knox's secretary.

Benjaimin G. Davis of Maryland, clerk to Bryan when he was a representative in congress, and lately in the adjutant general's office in the war department, is to be confidential clerk to Bryan.

IN COSTUMES OF LONG AGO

One of the most successful entertainments in Wollaston for some time was the old folks concert given by the Rand class at the monthly church social of the Wollaston Baptist church Wednesday evening.

Dressed in Colonial costume, the young men in powdered wigs and knickerbockers; the young ladies in gowns of over a century ago; a program of old familiar songs was sung intermingled with parodies and musical selections. One of the novel features was the tything master in the person of Kenneth Alber who carried a tything rod with a feather attached and touched those of unseemly laughter or over zealous applause in the audience.

William Bullock, A. E. Walker and Miss Ruth Hardy were the soloists and violin selections by Theodore Corey were enjoyed. Readings by Miss Katharine Kelly of Boston were much applauded. Among them being "My wedding anniversary" and "Judgment day." Refreshments of coffee and doughnuts followed.

The singing was led by A. E. Walker and in the chorus were:

Misses Ruth Hardy, Ruth Bartlett, Annie Flieger, Gertrude Barber, Lottie Trenholm, Marion Corey, Grace Shermerhorn, Eleanor Dunne, Marion Rand, Margaret Goodspeed and Mrs. Charles M. Roach and Messrs. Theodore Corey, Nathan Drew, Alden Hatfield Earle Church, William Bartlett, Otis Wheeler, William Bullock, Edward Bullock and Charles M. Roach.

Against Single Tax

March 7.—A proposed amendment to the city [illegible] defeated by a vote of [illegible] to one, the same ratio [illegible] lost when submitted

"THE TEASER" GREAT SUCCESS

"The Teaser" a dramatic sketch in 3 acts was successfully presented before a large house Wednesday evening at the Park and Downs vestry. The plot lies around an accident which occurs to Arnold Haye, a journalist, and causes him to be brought into the home of the widowed Mrs. Flemyng and her daughter Ellice. The Squire, Ebenezer Randall tries to cheat the two out of the little wordly wealth they have left but is prevented by the wisdom of Haye.

The cast was:

Arnold Haye, journalist — J. L. Barney
Ellice Flemyng, Mrs. Flemyng's daughter, — Mrs. W. J. Colby
Mrs. Flemyng, widow, — Mrs. W. C. Crane
Dr. Thorpe, Country Doctor — A. M. Dingwell
Drusilla, Uraliah's best gal — Miriam Breen
Uraliah Higgins, Rural letter carrier — Clarke Crichton
Ebenezer Randall, Squire — Victor Harrie
Luke — A. M. Dingwell

Between the acts selections were rendered by an orchestra consisting of Miss Henrietta C. Gram, Miss Emily Bjorkman, Ernest Pletsch and Charles A. Richardson. The ushers were Mrs. Arthur F. Capen, Mrs. J. L. Barney, Mrs. Baxter, Mrs. A. R. Muir, Mrs. Blaisdell, Mrs. W. B. Holmes, Mrs. Helen Boynton, Mrs. C. A. Richardson and Mrs. Richard Mayfield.

The play was repeated Thursday evening.

The play was given under the auspices of the Entertainment committee of the Guild of the church of which Mrs. Arthur F. Capen, is chairman and Mrs. Charles F. Bryant is president of the Guild.

AMUSEMENTS

DOINGS ON THE STAGE IN

BOSTON AND VICINITY

HOLLIS STREET THEATRE.

Not in the recent theatrical history of Boston has any play made such an emphatic hit as the William Elliott and David Belasco production of "The Governor's Lady" now in its second week at the Hollis Street Theatre, and where on account of previous bookings that cannot be cancelled, the play can remain but two weeks longer, its run coming to a close positively on March 22.

To transport the scenery and properties of this, the largest of any of the Belasco productions, five of the largest sized baggage cars carried on the railroad are used, and from the time the scenery and various appurtenances are landed in the Theatre, it takes a crew of thirty men seventeen hours to assemble them. The impossibility of presenting the play in cities where it will run less than one week is therefore apparent and our readers are urged, if they would witness this marvellous play of stirring heart interest which the critics of Boston have unanimously called "the great American play," to take advantage of the theatre specials and see the play at the Hollis Street Theatre.

"The Governor's Lady" tells a story of big human interest. One of the problems of American life today which has been demonstrated in and out of the courts for some years is that of the millionaire hungry for power and social recognition whose wife has been unable or unwilling to keep pace with him. In the Belasco play Alice Bradley has told such a story in a manner that makes the auditor feel that he is witnessing the inmost workings of the households through which the action of the play passes. Photographic in its wonderful detail, abounding in stirring climaxes and presented with the remarkable realism for which Mr. Belasco is famous, "The Governor's Lady" has made a success that is not to be wondered at.

PLYMOUTH THEATRE.

When a new play meets with the instant and unanimous approval of Boston's cold and conservative critics, it ought to prove of sufficient interest to the theatregoing public to sit up and take notice. When Mr. Roberts Loraine made his reappearance at the Plymouth theatre, Boston, after a long absence, in "The Cradle Snatcher," a new comedy by Roi Cooper Megrue, he scored the biggest hit of his career. In fact one can truthfully say he surpassed his former tremendous success of John Tanner in Bernard Shaw's "Man and Superman." As a matter of fact Mr. Loraine is seen in a role not dissimilar to that which he so brilliantly portrayed in Shaw's comedy. It offers him unlimited opportunities for his remarkable versatility. "The Cradle Snatcher" is founded from a short story by Gouverneur Morris and tells of the amazing experience of a young barrister who, to fulfill the requirements of a will has to find a suitable girl and marry her all within less than two weeks. One need go further to imagine the numerous phases of comicalities that may arise from this somewhat embarrassing situation. It is a worthy successor to "Disraeli." Mr. Doraine's engagement closes Mar. 22.

"THE GARDEN OF ALLAH."

The remarkably successful engagement of Robert Hichens' and Mary Anderson Navarro's interesting play, "The Garden of Allah" is now entering upon its last two weeks at the Boston Theatre. The engagement ends March 22.

The play, as a drama follows closely the novel of Robert Hichens and tells the story of a monk, Boris, who becomes dissatisfied with life in a monastery, runs away and finds himself in the desert, in search of peace and quietude. He meets another restless soul like himself, a wanderer, but a young and attractive woman. Domini Enfilden, with whom he falls in love and whom he eventually marries. The discovery by the wife that the husband has broken his vows to the Catholic church and that there can be no happiness in a union of this kind results in a separation and the return of Boris to the monastery. This briefly is the story which has a striking appeal to the heart. The four main parts into which the play form of the romance is divided are subdivided into ten scenes or settings. Two of the most pretentious and aluring of these scenes are shown twice in the course of the performance—the garden of Count Anteoni, which is displayed throughout part two, and is shown again in the epilogue, and a section of the desert at Mogar, which is shown as part three, under the varying atmospheric conditions of evening and dawn. Beautiful and varied in their appeal to eye and ear are these scenes as they unfold.

SHUBERT THEATRE.

With but twenty-five cents in his pocket, Stephen Baird, the hero of "Ready Money," the farce comedy to be presented for its second week, Mar. 10th, by H. H. Frazee, at Shubert Theatre, sets himself to win a part of the $3,275,786,613 in circulation at the time in the United States. Baird tries to get this money to satisfy the demands of his sweet-heart's mother, who wants a millionaire as her daughter's husband. While Baird has at the opening of the play not even a hundredth part of $34.26, the per capita division of money in the United States, he does not despair of finally winning a comfortable sum of money and his sweetheart. While solving his problem of love and finance, although he remains honest, he becomes involved with the United States Secret Service Men in a series of amusing situations which are said to keep the audience in a roar from curtain lift to tag. The same company which appeared in "Ready Money" at the Maxine Elliott Theatre, New York, during the five months of its run there, will be seen at the Shubert. Matinees Wednesday and Saturday.

MAJESTIC THEATRE.

At the Majestic Theatre, beginning a limited engagement Monday evening Messrs. Shubert will present for its first Boston production, the latest Viennese operetta success, "The Man with Three Wives," with the same brilliant cast, now employed in its presentation in New York, from which city it will come direct to Boston.

"The Man with Three Wives," which is the latest work of Franz Lehar, who also composed the music of "The Merry Widow," and which is said to typify all that is most lyric and fascinating of this delightful composer, already has had successful production in Vienna, Berlin, Paris and New York.

The first scene of this new operetta is laid in a tourist agency in Vienna, the second shows the garden of a ballet school in Paris, while the third takes place at the Dog's Head Inn, in London. The story has to do with Hans Ziffler, courier for a tourist agency who has three sweethearts, Lori, who lives in Vienna, Colette, proprietress, of a ballet school in Paris, and Olivia, owner of the Dog's Head Inn, London. He becomes engaged to these three different women at the same time.

B. F. KEITH'S THEATRE.

Who is the possessor of the best known face in the civilized world? This man is not a statesman, a great general, or a monarch, but John Bunny, the famous comedian, who has appeared as the central character in over 3,000,000 different pictures. These prints have been distributed all over the civilized world, and it is safe to say that there is scarcely a city or town where moving pictures are shown on the face of the globe, that has not laughed at the antics of Mr. Bunny. Bunny's face is his fortune. The engagement of this famous comedian to appear at B. F. Keith's Theatre next week, is another brilliant stroke on the part of Mr. Keith. John Bunny will appear in a new and original monologue, written especialy for him, besides introducing a special moving picture of himself taken for this engagement. The countless thousands throughout New England who have laughed at Mr. Bunny in "the movies" will not want to miss this opportunity to see the original. The wonderful Thomas A. Edison "Talking Motion Pictures," or Kinetophone, will be continued for a third triumphant week, with all new subjects. Other big attractions of a brilliant bill will be the Australian Woodchoppers, champion woodsmen of the world; Eddie Leonard, the famous minstrel man; Madge Maitland, the character comedienne. The Empire Comedy Four in songs and funmaking A. O. Duncan, the premier ventriloquist; Rodfold and Winchester, juggling comiques, and other big attractions yet to be announced.

CASTLE SQUARE THEATRE.

"Believe Me, Xantippe" at the Castle Square is breaking all records. Its eighth week begins on Monday, and it will not be long before it passes the record of "The End of the Bridge." Preparations are making for the celebration of the 100th performance on Tuesday evening, March 18th. Souvenirs will be given, and it will be in ever way a gala occasion. There is every prospect of "Believe Me, Xantippe" becoming a national as well as a local success. Its repute has spread far from Boston, and it is already drawing to the Castle Square thousands of playgoers from cities throughout New England. The cast still contributes its share to the success of the production ,Mr. Craig, Mr. Meek and Miss Mary Young appearing in the leading roles.

BOSTON OPERA HOUSE.

But three weeks remain of the season at the Boston Opera House as the last performance will be given Mar. 29. In order that the wind-up may come about in a blaze of glory, Director Russell has reserved some of his most attractive offerings for the final weeks. Following the remarkable success which "The Jewels of the Madonna" has attained, Mr. Russell will produce another of the Wolf-Ferrari operas on Friday evening next "The Secret of Suzanne," a one act composition so replete with grace and melody that it has been likened to the music of Mozart, and higher praise there could not be. There are but three characters called for in the little comedy. Count Gil, the Countess Suzanne, his young and pretty wife and their dumb servant Sante. In the Boston production the parts will fall to Antonio Scotti, Alice Nielsen and Leo Devaux. At its premiere "The Secret of Suzanne" will follow Louis Aubert's fairy opera "La Foret Bleue" in which Mmes. Melis, Amsden, Fisher, Swartz, Leveroni and De-Courcy and Mm. De Potter, Riddez, Cilla and several others recreate Red Riding Hood, Hop o'My Thumb, the Sleeping Princess, Prince Charming, the dreadful Ogre and many of the figures taken from fairy lore. The music of Aubert is essentially modern and of an airy texture which suits it to the libretto. Mr. Caplet will conduct both operas.

The second novelty of the week will be Saint-Saens "Samson et Dalila" to be heard for the first time this year Wednesday evening. Monday night the last performance of "Aida" will take place Saturday matinee "Faust" should prove a most potent attraction. Saturday evening this brilliant week will be brought to a close by the only appearance in Boston this season of Mme. Lina Cavalieri, the famous Italian soprano, in the title role in "Carmen."

A Blue Ribbon

It Served For a Shoestring, and Thereby Hangs the Tale

By F. A. MITCHEL

Harry Spangler, a light hearted young man of twenty, opened the front door and went out for a walk. He was immaculately clad—a silk hat, a light spring overcoat, gloved and carried a cane. There is always a weak spot somewhere about us, and the weak spot in Mr. Spangler's attire was one frayed shoestring. He had not gone far before it was dangling under his heels. He stopped near a stone stoop and, putting his foot upon a lower step, was about to tie it when he discovered that it was broken. Not only was it broken, but broken in the middle, and in order to right it he must take it out, readjust one half of it and throw the other half away.

To do this necessitated sitting down on the stone step and taking off his shoe. Looking about him to see that no one was near to see him in such an undignified position he dusted off the step with his snow white handkerchief, seated himself and went to work. Having withdrawn the string in endeavoring to get it back in place he discovered that the metal tip had been flattened and would not go into the holes. The cut end would not go in without the skill of a needle threader. He succeeded, however, in doing the job when he discovered that the string could not be tied, one end being made shorter than the other.

Mr. Spangler was sitting there looking at the shoe when along came a young lady a couple of years his junior, dressed as immaculately as he and withal very pretty. She endeavored to repress a smile at the situation, which she took in at once, then in the kindness of her heart began to feel over her corsage, her shoulders, for something with which to replace the broken string. Finding a narrow ribbon she detached it and handed it to the handicapped man, but the look of despair in his face at being able to introduce it into his shoe so affected her that, taking off her gloves, she introduced the ribbon with her own deft fingers. Harry put on the shoe, tied the ends of the ribbon, then rising shook the leg of his trousers down over it. He was profuse in his thanks, lifted his hat with a bow he had often practiced before the glass, and the girl who had succored him passed on. All that was left of her was a blue ribbon a quarter of an inch wide and about sixteen inches long.

When Spangler returned to his home he took the ribbon out of his shoe, smoothed out the kinks and contemplated it as a valued memento of the girl whose charming person it had decorated and whose fingers had placed it in his shoe. Then folding it two or three times, he ran it through the buttonhole of his coat, tied it in a bowknot and vowed he would leave it there till he should meet the donor again.

Mr. Spangler's mind was not so full of important subjects but that there was room for a pretty girl who had given him a smile for himself and a ribbon for his boot. Whenever he looked at the ribbon, remembering where it had been, he was distressed to think that it had descended from its position in the neighborhood of violets to rubbing against malodorous shoe blacking. It kept fresh in his mind that pink and white complexion, those eyes of the heaven's own blue, those coils of blond shining in the sunlight, that dainty figure, displayed by a fashionably cut costume.

Spangler never went out on to the street without wearing the ribbon tied in a butterfly knot in his buttonhole. Several months passed without his meeting the donor again, when one day, turning a corner, he came suddenly upon her. She passed him without any sign of recognition whatever, though he caught her gaze momentarily fastened on the ribbon in his buttonhole. Notwithstanding that it would not have been etiquette for her to notice a stranger, even though she had succored him in distress, he felt hurt that she had not shown some evidence of having met him before. But she passed on in among the throng, and he did not know that he should ever meet her again.

But, hopeful, he continued to wear the ribbon. Every day for a year he turned the corner where he had met her, fancying that she might have occasion at times to pass that way; yet saw her there no more. But one gala day while standing on a curb where a crowd had gathered to see a procession pass he turned, and there in a window with others was the girl who was haunting him. He stood looking up at her for some time, but whether she saw him or whether she was ignorant of his presence he could not tell. At any rate, she ignored him. Loath as he was to leave her without learning something by which he might trace her, he felt obliged to move on lest she consider his stare an impertinence.

Spangler felt that the girl had an advantage over him and was holding on to it. A man who wishes the acquaintance of a lady must find the means for an introduction. There is among refined women that gateway which must be passed before the two can have anything in common. If the lady is about to sail for the other side of the world and the man she would like to know stands beside her, it is a point of honor, or pride, or coquetry with her to leave it to him to break the barrier between them.

Such was the present case. Spangler, could he have learned who the lady was or where she lived, would have moved heaven and earth to find a mutual friend to introduce him. But he could not attach himself long enough to her to get any information about her. Once while chatting with a friend on the street she passed him, and he asked the friend if he knew her. Had the reply been definitely in the negative Spangler would have accepted the inevitable. It is not the inevitable that troubles us; we recover from it very soon. It is the might have been—the slip 'twixt the cup and the lip. Spangler's companion gave him excruciating agony by saying that he had met the lady, but for his life he could not tell when or where, what was her name or where she lived.

"Think," said Spangler.

His friend thought, but with no result.

"You're stupid as an owl," snapped Spangler. "If I had met a girl anywhere I would surely be able to recall something by which she might be identified."

It seemed as if fate were determined to tantalize Spangler. He saw the girl he wished to know on a trolley car. He tried to board the car, but it was going at a breakneck speed. One day he was sitting in a railway car, just leaving a station, when an incoming train passed him. At a window he saw her just long enough for her to lower her eyes from his to the ribbon in his buttonhole. Then again she was gone. On another occasion, while on a ferryboat, he saw her standing on the deck of another boat going the other way. Yet never in any of these meetings did she show the slightest recognition of ever having seen him before.

Spangler had a bosom friend, to whom he told his story, mentioning the fact that, though the girl on passing him never failed to cast a momentary glance on the ribbon in his buttonhole, she also failed to show the slightest recognition of him, not even permitting herself an amused smile.

"I'll tell you what you do," said his companion. "The next time you pass her pull the ribbon from your buttonhole and wave it about your head ecstatically. Try her on that, and if it doesn't break the ice the next time kiss it and weep over it."

Spangler was much comforted by this idea; but, lover-like, he despaired of ever meeting the girl again. And he didn't—that is, he didn't pass her on the street or in a railroad car or an automobile. But fate was waiting to give him a far better opportunity than any of these. One evening, being invited to a dance, he donned his spike-tail coat, his low cut white vest, with eighteen carat gold buttons, and appeared on the scene, quite ready for any conquest that might present itself. He had no sooner appeared at the door of the dancing hall, his thumbs in his trousers pockets and his neck stretched to see over his inordinately high shirt collar, than he espied the object of his adoration careering with her head over her partner's shoulders in the two step.

He had his ribbon in his pocket—he never wore it where it would attract attention, though he always carried it with him—and on seeing his inamorata he whipped it out and tied it in his buttonhole. Choosing a partner, he sailed into the dance, steered her toward the lady he desired to impress and had the satisfaction to see her eyes fixed on the ribbon as she passed him; but, as at the other meetings, her face was as impassive as a marble statue.

"I'll break through that if I have to disgrace myself to do it," said Spangler. And, going into the gentlemen's dressing room, he took the string from one of his low patent leather shoes and tied the ribbon in it in a butterfly knot of great beauty. On re-entering the hall he found the revelers forming for a square dance. Finding his partner, he led her to the set in which the girl whose attention he wished to attract had taken position and established himself as her vis-a-vis. She ignored him as completely as ever. While standing still his trousers covered his blue ribbon shoestring.

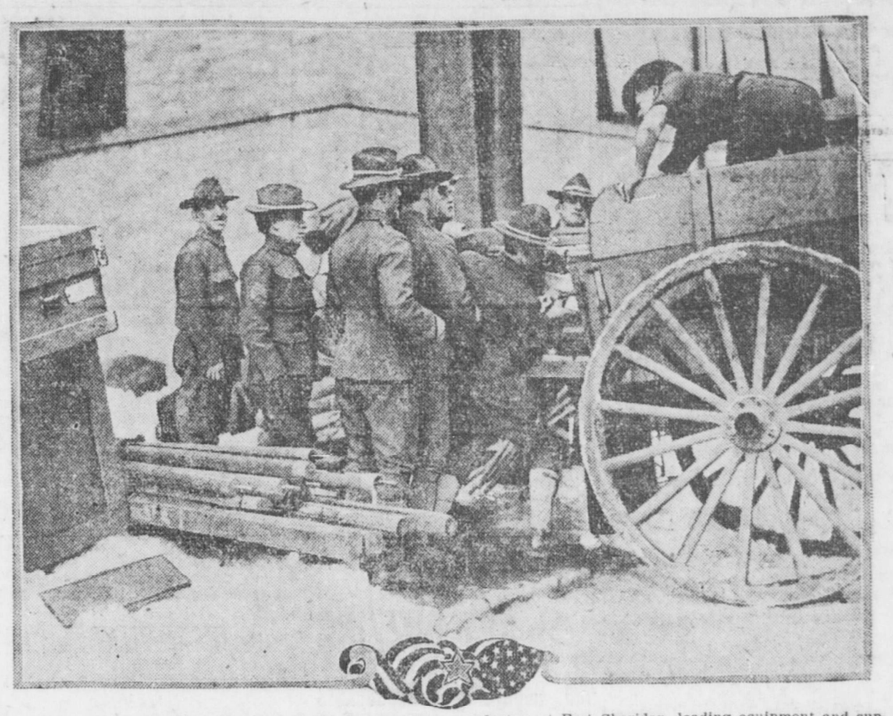

The music struck up, and the head couples moved forward and back. Spangler on advancing raised his be-ribboned foot and swung it in graceful curves. The young lady opposite stood her ground, but the rigidity of her face showed signs of giving way. As Spangler receded he left the decorated shoe as far forward as possible. On turning corners he held it high, hopping around on the other foot.

The goal was won! The lady who had furnished the ribbon and laced his shoe burst into laughter.

There were more explosions during the dance, and when it was finished and Spangler led his partner to a seat near that of the girl whose reserve he had conquered the latter gave him a smile that said plainly, "Come and speak to me." He approached, saying, "I beg of you to suggest some one to introduce me." To which she replied, "A man needs no introduction to a girl who has tied his shoe," and straightway made room for him beside her.

Spangler in telling the story, which he does on every possible occasion, always ends with the words, "It isn't much of a yarn, but it illustrates what obstinate creatures girls are." Whereupon his wife adds: "Girls are queer, I suppose, and I daresay I was at that time as singular as the rest of them. I admit I greatly enjoyed throwing Harry off, but when he did the shoestring act with my blue ribbon in a ballroom it was too much for me."

ON THEIR WAY TO THE MEXICAN BORDER

This photograph shows the men of the Twenty-seventh infantry, at Fort Sheridan, loading equipment and supplies on the trains for their hurried trip to Texas, where they and thousands of other American soldiers are ready for any emergency across the border.

FRANK SKINNER

(Continued from Page One.)

October 1897 he purchased the Bussell studio in Quincy and since that time has made Quincy his home.

Owing to failing eyesight he felt that he could not do the work that a good photographer should and in 1909 he sold out his business which was located in the Adams block and purchased the news stand of Henry Coram at West Quincy which he has since conducted. Here he met with success from the start and by personal attention to business largely increased his business.

He however retained his residence in Quincy centre occupying a home on Upland road.

Word of his death came to Quincy by a telephone message from the New England News Company which stated that he had been taken to the Relief Hospital. Inquiry there a few minutes later brought out the fact that he had passed away. Medical Examiner McGrath was notified and the body removed to the morgue. It will be brought to Quincy later.

As stated above he was about 57 years of age and he leaves a widow.

He was a member of John Adams Council Royal Arcanum of Wollaston and when engaged in the photographic business was associated with the National Photographers Association of America and the Photographers club of New England.

DOCTORS AS TRIAL EXPERTS

They Qualify by Using Corpses as Shooting Targets In Morgue

St. Louis, March 7.—Dr. H. G. W. Rheinart, coroner's physician at Chicago, testified in the circuit court here that corpses in the county morgue at Chicago are used as shooting targets to obtain evidence for expert witnesses.

Dr. Rheinart gave this testimony in the trial of a suit against an accident insurance company which was brought by the widow of Ira G. Rawn, late president of the Monon railroad. The accident company refused to pay the policy on his life, claiming Rawn had committed suicide.

Dr. Rheinart testified that a post-mortem examination of Rawn's body convinced him that the shot which ended his life was fired at "contact range." This conclusion, he said, was based on experiments conducted by himself and others on bodies in the county morgue.

DEATH IN AUTO CRASH

Owner of Touring Car Arrested on Charge of Manslaughter

Boston, March 7.—A headon collision between a street car and an automobile on Washington street, last night, resulted in the death of Dennis Cody, a shoemaker, the maiming of Mrs. Dennis Cody, slight injuries to a second woman in the automobile party and the arrest of Herbert L. Wardner on the charge of manslaughter.

The party of four had dined at the Hotel Napoli and were on their way home in Wardner's touring car when the accident occurred.

Wardner was bruised and lamed, but was able to assist one of the injured women into a drug store, following which he was arrested while trying to make his way to the subway to go home.

AMENDMENTS TO THE CHARTER

To Be Discussed at a Session of Citizens

A number of citizens including both those in favor and those against the proposed Charter amendments to the City Charter will meet in the Mayor's office at City Hall. Saturday evening to discuss the proposed amendments.

BRIEFS

Mr. Lynch of Beckford & Lynch, is ill with pneumonia, with a nurse in attendance.

Mr. Blake, in the employ of E. V. Fitts Co., has purchased the house on Upland road lately occupied by Fred Drake and is moving in this week.

Frank Fessenden Crane of Quincy was elected one of the Council at the annual meeting of the Massachusetts Real Estate Exchange which was held Thursday.

Rev. Adelbert Lathrop Hudson, pastor of First church, gave the address before the Women's Auxiliary of the Y. M. C. A. in the association rooms, this afternoon.

The Pie Eta club of Harvard has announced one of its public performances of the musical comedy "The Stymie" will be given in Music hall, Quincy, Thursday evening, April 3.

Mrs. Herbert Gearwear and Mrs. Thomas Bornt entertained the Twelve Associates Saturday evening at Atlantic. Guests were present from Dorchester, Somerville, Manchester, N. H., Quincy and Atlantic.

Quincy Herd, No. 1 Benevolent Order of Buffalo at its regular meeting in Hibernian Hall, Thursday evening initiated several new members. The work of the degree team was fully appreciated by the large number of members present. Quincy Herd is fast growing in membership under the leadership of its untiring leader, president Charles H. Finn. Quincy Herd is arranging for a grand ball to be held sometime in April.

WHIST CLUB.

Mr. and Mrs. Herbert S. Barker Munroe road, entertained the Atlantic Whist Club Wednesday evening. The highest scores were Mrs. Charles R. Safford and Mrs. Harry W. Reade. Refreshments were served.

WHITE HOUSE SET BUZZING

Plan Regarding Officeseekers Is Put Into Operation

RULE OF PRESIDENT WILSON

Florida Senators First to Experience It, Being Referred to Cabinet—Political Plum Tree Suffers From Blight and Job Hunters Bemoan Their Fate—The House Program

Washington, March 7.—President Wilson has put into operation his plan to turn office-seekers over to his cabinet. Senators Fletcher and Bryan of Florida attempted to interview him with regard to a judgeship in the southern district court of the state and a district attorneyship. The president listened a short time and then referred them to Attorney General McReynolds.

This incident set the White House buzzing and some predicted that if senators thus summarily disposed of should think themselves slighted the president might have difficulty in getting his appointments confirmed.

As a matter of fact, however, Wilson is simply using the old machinery in another design, for it is pointed out that the cabinet officers are nearly all good politicians and that one branch of the "teamwork" which the president expects of them will be to get along harmoniously with congress.

As far as the technique of practical politics is concerned, the members are not worrying over the "announcements" of the new administration, as they feel that the course of events as now mapped out inevitably will dignify their own power through their ability to get what they want in the departments.

This means that the cabinet will be expected as a rule to follow the recommendations of members of congress, and congressmen believe the general system will work out to their advantage, as it will enable them to secure the appointment of men who will be of some political use to them in their districts.

Disappointed Job Hunters

Office-seekers have discovered that the "political plum tree" of 1913 bore little fruit, having suffered from the blight of extended civil service rules and the added requisite of familiarity with the complications existing in government departments.

In consequence scores of disappointed job hunters are cooling their heels in the hotels of the capital and bemoaning their fate. To these unfortunates who expected to profit personally through the incoming administration Wilson's statement came as a further shock.

The president's determination not to see office-seekers after positions unless he sends for them virtually closed the main avenue to the goal of official position. A further complication is found in the fact that the heads of the various departments, being new in their positions, are evincing no haste in making changes in the staffs over which they preside.

Would Rush the Tariff

If present plans of the house leaders prevail the extra session of the Sixty-third congress will begin with only one house committee appointed and ready for business—the committee on ways and means. No other committees, it is planned, are to be made up until the tariff bills have been sent over to the senate. It is calculated that this will be about May 1, possibly later.

The object of this scheme is twofold. It will direct public attention to what Mr. Underwood believes the most important work of the session—the tariff, and, second, it will enable leaders of the house to "size up" the new members with a view to deciding upon their availability or non-availability for various committees. On the ground that this will also be of advantage to the new members, enabling them to display their merits. Underwood's lieutenants are circulating this idea, to see how well it takes.

NIAGARA RESURRECTED

Perry's Old Flagship, Sunk For Nearly a Century, Is Saved

Erie, Pa., March 7.—Commodore Perry's old flagship, the Niagara, which for almost a century has rested at the bottom of Misery bay, Lake Erie, was raised to the surface during a blinding snowstorm.

Four huge chains had been placed beneath the hull, which is 110 feet long, and it was lifted through a huge opening that had been cut in the ice. Pontoons were placed beneath the warship and as soon as a channel can be cut through the ice it will be towed to this city.

The timbers are in a good state of preservation and it is expected no difficulty will be encountered in the work of reconstruction.

BACK TO ASYLUM AT COUNSEL'S REQUEST

Thaw Writ Withdrawn Because Scandal Is Feared

New York, March 7.—Harry K. Thaw's latest attempt to obtain his freedom from the asylum for the criminal insane at Matteawan has failed.

Thaw was produced before Justice Giegerich in the supreme court on a writ of habeas corpus. The plan was to force a jury trial. But when Thaw's family learned that the state intended to use the proceedings as a lever to open up the entire scandal growing out of the charge that Thaw had planned to bribe officials of Matteawan to secure his liberty, they promptly vetoed the proceedings.

The result was that when the case was called before Justice Giegerich, Henry Hirschberg, who said he was "this defendant's personal counsel," demanded permission to withdraw the writ. After a lengthy legal wrangle this request was granted, the entire proceeding abandoned, and Thaw was taken back to the asylum.

Hirschberg admitted on leaving the court that the recently developed scandal was responsible for the abandonment.

PRONOUNCED A SUCCESS

Woman's Court In Chicago Disposes of Fifteen Cases

Chicago, March 7.—Fifteen cases were disposed of by Judge Mary M. Bartelme on the first day of the court, the attaches of which are all women.

Not a man was admitted to the courtroom, where the hearings are limited to the cases of either wayward girls or those "who never had a chance."

Miss Bartelme was appointed by Judge Pinckney of the juvenile court to hear this class of cases, holding that many girls could more easily tell their stories to a woman than to a man.

"It is our hope to get justice for these girls, and judging from the first day's work I think we shall be successful," said Miss Bartelme.

Suicide on Bridge Tower

Boston, March 7.—Charles H. Miller, aged 40, a textile machinery salesman, killed himself by shooting on a tower on the West Boston bridge.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Adress: F. J. Cheney & Co., Toledo, O.

PRINCE CONSTANTINE

Crown Prince of Greece at the Front With Troops

JANINA TAKEN BY THE GREEKS

Her Commander Surrenders After Furious Bombardment

TURKISH BATTERIES SILENCED

Thirty-Two Thousand Prisoners Taken After Long and Brilliant Campaign—Key to Fortress Captured by Strategy—Fortifications Could Not Resist Modern Cannon

Athens, March 7.—The Turkish fortress of Janina, the key to the possession of the province of Epirus, with its garrison of 32,000 men, surrendered to the Greek army yesterday after a defense which forms one of the most brilliant episodes of the Balkan war. The prisoners comprise the whole of the defending garrison and many refugees from Monastir and other places.

The surrender was preceded by a fierce bombardment lasting without cessation two days and two nights. Every available gun, including a number of heavy howitzers lent by the Servian artillery, was brought to bear by the Greeks upon the forts defending the beleaguered city.

No fewer than 30,000 shells were fired from the Greek guns during the first day's cannonade. Gradually the Turkish batteries at Bizani, Manoliara, Sakni and elsewhere were silenced under the sustained rain of projectiles.

The Greek commanders, by a feint, led the Turks to believe their attack would be made from the right, and as soon as the attention of the defenders had been distracted the Greeks hurried large bodies of infantry onto the Turkish left. The Ottoman troops, utterly surprised, fell back in disorder.

The batteries on the heights of Bizani, which had been the mainstay of the defense, were unable to stand the storm of shells and had been put out of action Wednesday morning.

The Greeks pused their forward movement during the afternoon and occupied the Turkish batteries on the Sakni and Elas hills, capturing all the guns and 110 artillerymen. Then the Greek battalions gradually deployed upon the plain in front of the city itself, and the Turkish flight became general.

Whole detachments succumbed to the panic and joined in a mad race into the city, with the Greek troops in hot pursuit almost to the walls.

With all the defending batteries in the hands of the Greeks and the Hellenic soldiers at the gates of Janina, Essad Pasha, the Turkish commander, sent messengers under a flag of truce to Crown Prince Constantine of Greece, announcing the surrender of the city and all the troops under his command.

The fall of the stronghold was announced by the crown prince to the Greek war office yesterday afternoon.

Wild enthusiasm reigned in the streets of Athens on the announcement of the news. All the houses were decorated with flags and excited people thronged the thoroughfares singing the Greek national anthem, while joyous peals rang out from every church steeple in the capital.

The Greek advance on Janina began late in October, and the Turks retired rapidly before them. Operations round the fortress opened about the beginning of December and continued with varying success, even during the period of the armistice, to which the Greeks never formally agreed. Several of the outlying forts fell before the Greek assaults, and the attack on the principal fortifications was gradually pressed home.

The Turkish garrison possessed 150 guns, 86 of which were large fortress artillery and the remainder field pieces. These were distributed among the forts at Bizani to the south, Dutuli to the southwest, Sadovitza to the west, and Gardinki to the northwest.

The fortifications, which had at one time been strong, were quite antiquated and could not resist modern cannon, with which the Greeks were well supplied.

Provisions throughout the siege had been fairly plentiful, as Janina is a centre of the grain trade in the eastern provinces of European Turkey.

POLICE PERMITTED INSULTS TO WOMEN

Claim of Suffragettes at Hearing Before Senators

Washington, March 7.—That uniformed policemen encouraged the crowd in disorder during the suffrage pageant last Monday was declared by Mrs. Agnes M. Jenks of Concord, N. H., to the investigating committee of the senate.

Miss Verna Hetfield, who rode on the "old liberty bell" float, testified that a man in the crowd caught her by the foot and that she kicked him loose.

Miss Maud C. Gunther of the Wellesley division declared that the police "reclined" upon the crowd.

Miss Patricia M. Street testified that a drunken man spat tobacco juice in a woman's face when she reached out to push him back from the line of march.

DOOMED TO DIE

Outlaw Allen and His Son to Be Executed March 28

Richmond, March 7.—Floyd Allen, leader of the outlaw band in Carroll county, and his son, Claude S. Allen, will be executed on March 28 for their part in the Hillsville court murder on March 14, 1912, Governor Mann last night having refused to commute the sentence to life imprisonment.

The prisoners were to have died today, but the governor on Wednesday granted a respite of three weeks, and this had been accepted by the Allens as an indication that the governor would extend mercy.

THREE MADEROS IN TEXAS

Emilio and Brother Raoul Meet Gabriel In San Antonio

San Antonio, Tex., March 7.—Emilio Madero, reported dead half a dozen times, and Raoul Madero, brothers of the late president of Mexico, after a 600-mile horseback ride from Torreon, Mex., to Marathon, Tex., have reached San Antonio.

They were met here by Gabriel, another brother, and all will remain in San Antonio until after a conference in New York between Alfonso Madero and other members of the family now en route from Havana.

RYAN IS RE-ELECTED

Again Head of Bridge Workers, Though Convicted In Dynamite Case

Indianapolis, March 7.—Frank M. Ryan of Chicago, one of the labor leaders convicted in the "dynamite conspiracy" trials here, was re-elected president of the International Association of Bridge and Structural Iron Workers at its session here.

Other officers elected at the session, which was held behind closed doors, were:

Harry Jones, New York, secretary-treasurer, succeeding Herbert S. Hockin, who now is serving six years for his part in the dynamite conspiracy; James E. McClory, Cleveland, first vice president, and P. J. Morrin, St. Louis, second vice president.

Ryan was opposed for re-election by J. D. Barnes of San Francisco, but the vote was not announced.

New York, New Haven and Hartford R. R.

In effect March 2, 1913

The KITCHEN CUPBOARD

SERVING SPARERIBS.

SPARERIBS are inexpensive, and yet they may be prepared in many delicious ways.

Horseradish sauce should be served with spareribs. Apple sauce, which is always acceptable with pork, may accompany them. Potatoes boiled in their skins go with the spareribs.

Baked and Boiled.

Baked Spareribs.—Select fresh, well covered spareribs. Rub the meat with salt, pepper and flour, put on a rack in the dripping pan, with two cupfuls of boiling water, and place in a hot oven for two hours, basting often. When well browned take out, pour all the fat off the gravy. Pour into the gravy one cupful of hot water and one tablespoonful of flour. Serve with boiled potatoes, mashed turnips, stewed onions or cooked cabbage.

These Keep Well.

Salted Spareribs. — This is a good way to cook spareribs when it is not convenient to use them at once. Treated thus, they may be kept in good condition for three or four days. You must rub them all over with a handful of salt and let them lie with the salt until they are to be used. When they are to be cooked wash well in cold water, place in a cooking vessel on the fire, cover with cold water and boil them slowly for about an hour and a half, when they should be done. They may be boiled with any kind of vegetables you like.

A German Favorite.

Sauerkraut and Spareribs. — Wash three pounds of nice fresh spareribs in cold water. Take a saucepan and put a quart and a half of sauerkraut into it. Lay the spareribs on top and cover with boiling water. Put the saucepan on the fire and cook slowly. The sauerkraut and spareribs should be done in about an hour and a half. Then take out the spareribs and lay them on a hot plate. Now take a peeled raw potato, grate it and add it to the sauerkraut and cook for ten minutes longer. When kraut and spareribs are ready to serve. Mashed potatoes are nice with these.

Plain, but Palatable.

Spareribs With Sauce. — Wash and wipe about three pounds of fresh spareribs. Season with a tablespoonful of salt and a teaspoonful of pepper. Place the meat in a saucepan on the fire, with a half tablespoonful each of lard and butter. Cook until the spareribs begin to brown. When brown add a half cupful of boiling water. Then cover and let cook for about an hour more, adding more water if the half cupful boils away. When done place the spareribs on a hot dish. Serve with gravy.

Anna Thompson.

POISONED BY CAS

Antique Dealer and His Young Daughter Are Found Dead

Swampscott, Mass., March 7.—James I. Mackey, aged 65, an antique dealer, and his daughter, Elsie, 16, were found dead from gas poisoning at their home here. The bodies were discovered by an employe, Eugene Bill, who lives in the rear of the store adjoining the house.

From the report of Medical Examiner Pinkham it appears that Mackey, when retiring, threw a towel across the gas-bar. It is believed the towel turned the gas-cock, which was found so loose that almost a breath would turn it. Mackey was a well-known character to summer residents.

LIPTON'S CHALLENGE HERE

Text Withheld From Public by the New York Yacht Club

New York, March 7.—Sir Thomas Lipton's challenge for the America's cup was received by the New York Yacht club yesterday afternoon.

Secretary McCormack declined to make public the text of the challenge or to comment on it in any way. It would be considered by the members of the club, he asserted, before it would be acted on. Whether the members will hold a special meeting for this purpose or would take it up at their regular meeting on March 27, he added, rested entirely with the executive committee.

TRIES CURE ON THREE PERSONS

Friedmann Does Not Convince Doctors of Its Efficiency

APPEAR SOMEWHAT SKEPTICAL

Discoverer of Serum Refuses to Administer It to Patients Selected For Him by Other Doctors—One Denounces Him as a Fakir—Demonstration Is Severely Criticised

New York, March 7.—The first demonstration in America of Dr. Friedmann's treatment, which the visiting Berlin physician declares is a cure for tuberculosis, was given by Friedmann himself in the presence of physicians representing the city, the state and the staffs of hospitals of several cites.

Three patients, two men and a woman, were selected by Friedmann from fifty tuberculosis sufferers gathered from all parts of the city, all hopeful that they would receive treatment.

After the operation, Dr. Broder, physician in chief of the People's hospital, denounced Friedmann as a "fakir."

This denunciation followed an announcement that Friedmann had refused to administer his serum to twelve patients who had been picked out for him by the other doctors. Broder said the German had found objections to every one of them.

"Dr. Friedmann should be run out of the country," declared Broder. "He is a fakir. His serum is no good at all. He wants to try it on healthy people. I had a dozen incipient cases, with a full history of each case, but he would not try it on one of them."

It was learned, however, that following Friedmann's refusal to treat the twelve cases the other physicians gathered about him, and after much discussion, in which emphatic language was used, he finally consented to administer the serum to three persons.

Dr. Landsman said he had himself administered the serum under the direction of Friedman, because he wouldn't take the risk of allowing the visitor to administer it.

"The demonstration is over," he said, "and I have nothing to say." Previous to this he said Friedmann was a nervous wreck and was on the verge of a breakdown.

Other physicians said Friedmann had sterilized his hands and the points at which the hypodermic needle was to be introduced, but that he had put his hands in his pockets after so doing and had wiped his forehead.

Dr. Hutchinson, who was present, said: "I was invited here to witness a scientific demonstration. I have been here and I have seen Dr. Friedmann and have heard him talk. I was to make arrangements with him to have him come to Milwaukee to administer the serum. I am going to do nothing in the matter, at least not at this time."

Dr. Tannebaum of the board of health said he had seen the demonstration. Asked what he had to say about it, he shook his head and walked away. "Don't talk to me about it," he said. "I don't want to discuss it."

Dr. Rottenberg, supervising surgeon of the hospital, said: "Dr. Friedmann was unfortunate in his demonstration. He was evidently very nervous. I think he is on the right track, but he hasn't gone very far."

Dr. Wolf said: "Dr. Friedmann lacks technique. He was nervous. We ought not to judge him too harshly. In fact, we ought not to make any definite statement as to whether he may be right or wrong until we learn how the serum works."

"I am disappointed. I had hoped for something better," was the comment of Dr. Sirovich.

But if the physicians who watched were disappointed, Dr. Friedmann, his brother, and his aide, Dr. Benjamin, were just as sure as ever and more defiant.

Dr. Friedmann explained that it will be fourteen or fifteen days before any effects will be noticed on the patients treated. It will be three or four months before it will be necessary to give them another treatment.

Moses Greenbaum, president of the People's hospital, discussing Friedmann's demonstration, said the opinion of physicians who were present was that criticism or praise of the culture and of Friedmann's methods should be withheld until the results of the treatment are known. He said the Berlin physician during his demonstration appeared "nervous, excitable and irritated."

Slayer of Eight Is Pardoned

Rome, March 7.—Sebastiano Angelo, convicted in 1877 of eight murders and sentenced to three terms of life and an additional 155 years in prison, was pardoned after serving thirty-five years.

Human Ashes by Parcel Post

Denver, March 7.—It cost only 51 cents to send the remains of Edward F. Knotts from Denver to San Francisco by parcel post. He was cremated and the ashes forwarded to his widow.

Benway of Somerville in the County of Middlesex, Lot Phillips & Company Corporation, a duly existing corporation having its usual place of business in Hanover in the County of Plymouth, and to all whom it may concern:

WHEREAS a petition and amendment thereto allowed has been presented to said Court by the Old Colony Street Railway Company of Boston in the County of Suffolk and said Commonwealth, and on motion the name of the Bay State Street Railway Company has been substituted as petitioner to register and confirm its title, under the provisions of Chapter 249 of the Acts of the year 1905, amending Chapter 128 of the Revised Laws, in and to certain easements upon and over lands in Quincy, Braintree and Weymouth in the County of Norfolk, and in Rockland in the County of Plymouth as shown on plan designated "Transmission Line of Old Colony Street Railway Company, Quincy to Rockland" approved by C. F. Bancroft and filed with said petition February 26, 1913, and

WHEREAS a motion to sever said petition has been filed and allowed under which said petition as severed makes claim to said easements over said lands alleged to be owned or affected by the adverse interests of the persons above described: said easements being described as follows:

"The right to erect a line of poles with wires and cables thereon and with necessary guys or other supports for the transmission of electric power, and for telephones for private use, and to operate and maintain the same, the right to cut down, trim or remove such trees or other obstructions which in the judgment of the owner of said easements interfere with said use or construction of said lines, or which by falling or otherwise might endanger the safety or interfere with the operation thereof, and the right to maintain a pathway not more than eight feet wide upon either side of centre line of said course for use in inspection, construction and repair; the right of reasonable access to said lines and pathway for the purposes of inspection, construction and repair, and such other rights as may be incident to the uses aforesaid."

Petitioner also claims to own in fee simple said easements within the limits of all highways or public ways abutting or crossing said premises, subject to the right of the public to use the same as such; and also within the limits of all private ways abutting or crossing said premises, subject to the right of all persons entitled to use said ways as private ways.

You are hereby cited to appear at the Land Court to be held at Boston in the County of Suffolk on the 7th day of April, A. D. 1913, at 10 o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition as amended should not be granted. And unless you appear at said Court at the time and place as aforesaid, your default will be recorded and the said petition will be taken as confessed and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, CHARLES THORNTON DAVIS, ESQUIRE, Judge of said Court, this fourth day of March, in the year one thousand nine hundred and thirteen.

Attest with Seal of said Court.
(Seal.)

CLARENCE C. SMITH,
Recorder.

Mortgagee's Sale of Real Estate

By virtue of a power of sale contained in a certain mortgage deed given by John H. Dinegan to the Quincy Savings Bank dated June 5, 1899, recorded with Norfolk Deeds in libro 638 folio 425, for breach of the conditions contained in said mortgage deed, and for the purpose of foreclosing the same, will be sold at public auction, on the premises hereinafter described, on Monday, the 17th day of March, 1913, at two-thirty o'clock in the afternoon, all and singular the premises conveyed by said mortgage deed, namely:—a certain lot of land with the buildings thereon, situated in said Quincy and bounded and described as follows, viz:—Northerly on land of Henry H. Faxon, one hundred nineteen feet, Easterly on Mechanic street, seventy-five feet, Southerly on land of Whicher, one hundred nineteen feet, Westerly on land of the same, sixty feet. Be all these measurements more or less.

This property will be sold subject to all unpaid taxes, tax titles and assessments, if any.

Terms $200 cash at sale and balance cash in ten days from said sale on delivery of deed.

QUINCY SAVINGS BANK, Mort.
By Clarence Burgin, Treasurer.

SENIORS WON ATHLETIC MEET

Juniors and Sophomores Divided Second Honors

NOTHING SENSATIONAL

The annual interclass indoor meet of the Quincy High school took place in the gymnasium Thursday afternoon before a very small crowd of students. While no star performances were recorded there was enough excitement in many of the events to keep one on edge. Several contestants had never before donned a running suit yet several of these Romans did unusually well.

The senior class was an easy winner capturing the 20 yard dash, mile run, high jump and taking second place in the standing broad jump and potato race. They also took the third point in the mile and potato race. The juniors only first was in the standing broad. The Sophomores took first place in the potato and half mile races.

Sam Prout, the lone athlete of the post graduate, 1912 class made two points having tied with Schenkelberger. The points were split between them. The totals were seniors 26, juniors 13, sophomores 13 and Sam Prout 2 points.

The race of the day was the mile run and the effort of Allen Connor to beat Kingsbury, the fastest man at school. Allen took a lead and continued in first place until Kingsbury slipped by on a corner into first place. A pretty race ensued, both doing their utmost to breast the tape first, but Kingsbury's sprint just gave him the victory. The time was 6 minutes, 35 seconds fine time for a 33 lap mile with no banks.

Three heats were run in the potato race. In the first heat Safford won with Ralph Prout second and Sam Prout third. The time was 26s. In the second heat Sturgis Hunt and Richard Larkin were the ones who qualified. Hunt made 24s. In the finals a close race was run between Hunt and Ralph Prout, the former winning in 25s, with Safford third.

The high jump developed some promising material. Many of the entrants knew nothing about style and were bothered on the take off. When they did manage to strike the right position they did not seem to have any trouble in going over the bar.

Allen Connor romped home an easy winner in the half mile in 3m. 7s. He took the lead with Newcomb, '13 second and E. Anderson '15 third. Connor opened up a gap in four laps and increased his distance. On the 10th he had a lead of one quarter of a lap and on the finish just missed lapping Newcombe who took second place.

The seniors defeated an all star relay team in a fast and exciting race. Ralph Prout beat Jenkins, Richard Larkin led Sam Prout, Hyland passed Safford and Kingsbury beat Schenkelberger, although the latter had cut down a lead which looked safe. Schenkelberger started out to be dangerous.

The officials were teachers, Mr. Mansur, Mr. Smith, Mr. Roache, Mr. Fenner, Mr. LaRose. The A. A. U. was represented by George Sullivan of B. A. A. who acted as timer.

The summary:

Twenty yards dash, for freshman—Won by Kenneth Briggs; S. Bedwall, second; H. Dolan, third. Time—2 2-5s.

Twenty yards dash, open—Won by Ralph Prout '13; S. Prout '12, second; Fred Schenkelberger '14, third. Time—2 4-5s.

Mile run—Won by Kingsbury '13; Allen Connor '15, second; E. Newcomb '13, third. Time—6m. 35s.

Standing broad jump—Won by Von Colon '14; Leon White '13, second; F. Schenkelberger '13, third. Distance 9 ft. 1-2 in.

Potato race—Won by Sturgis Hunt '15; S. Prout '12, second; L. Safford '14, third. Time—25s.

Running high jump—Won by Hyland, '13; Schenkelberger '13 and Jas. Jenkins '14, tied for second. Height—4ft. 9in.

Half-mile run—Won by Allen Connor '15; E. Newcomb '13, second; E. Anderson '15, third. Time—3m. 7s.

RICHARD BARRY IS RECOVERING

Friends Glad to Hear That His Condition is Improved

The Ledger is gratified at the report given out from Carney Hospital this omrinng regarding the greatly improved condition of Richard Barry, a prominent West Quincy young man who was on the dangerous list the first of the week following an operation with appendicitis. It was stated this morning regarding the greatly has been so rapid within the past three days that his prospects of complete recovery are almost beyond doubt.

Throught a slight error Tuhrsday there appeared in the Ledger an article which might indicate to the contrary. Fortunately the fears of those who were led to that belief were unfounded.

Mr. Barry was suddenly stricken with appendicitis and removed to the Carney Hospital.

ANNUAL CONCERT.

The anual concert given by the Philips Exeter Musical Clubs will be given in Jordan Hall, Boston, Saturday afternoon. The program consists of popular compositions of favorite masters. In addition to a chorus of 60 voices, there will be selections by a glee and mandolin club, the concert orchestra and the mandolin quartette. Among the soloists will appear Oran G. Kirkpatrick, Robert S. Bingham and Samuel H. Newhall. Fred V. Carey will conduct the concert and Fletcher N. Robinson will be the accompanist.

Signs of a Thirsty Year

New York, March 7.—"There must have been quite a thirst in 1909," said Health Commissioner Lederle, announcing that hospitals used 676 gallons of whiskey in that year and only 110 gallons since.

THAT DOG MUST BE UNEARTHED

Or at Least Buried So That There Will Be No Doubt

HINCHON ON THE JOB

Did the dog die as a consequence of being bitten by a man or as a result of biting a well-known West Quincy man. This is the question which the court referred to officer Jerry Hinchon this morning to determine, and told him to report the result of his finding on March 12.

When seen after court officer Hinchon said that he had nothing tangible as yet but he expected to have something soon, that Lapreste the owner of the dog also owned a good team and a horse and that he would have to prove to him that the dog was really dead.

The case was one where a complaint was made to the City Clerk by George W. Wentworth that a dog owned by Guiseppe Lapreste had bitten him. The notice was in the form prescribed by law and City Clerk Crane immediately notified Lapreste that he must restrain the animal.

Officer Hinchon claimed this morning that the dog was a vicious animal. That he had received many complaints about him, and while Lapreste said that he had disposed of the animal, officer Hinchon had his doubts.

Lapreste when questioned by the court was not very clear as to when the dog has passed in his checks or whatever the cause of death was due to his biting the man or the man biting the dog. It was for this reason that Jerry Hinchon, who guards the peace of West Quincy during the time when the sun is supposed to shine, was instructed to learn the truth.

ALBERT TURNER DIED SUDDENLY

Apoplexy Assigned as the Cause of His Demise

Albert N. Turner, a former West Quincy resident, died suddenly of apoplexy at Hardwick, Vermont, Wednesday, aged 72 years. The funeral will take place Saturday afternoon from the home of his daughter, Mrs. F. A. McWilliams, 62 Quincy avenue. Burial will be in Mt. Wollaston cemetery.

Mr. Turner leaves a wife, one daughter, Mrs. F. A. McWilliams and one son, Albert Turner. He was a brother of George Turner of Crescent street.

BRIEFS

The Swedish Socialist Club will hold a masquerade party at Alpha hall, March 20.

Leonard C. Hewson of Newcomb place left this week on a business trip to Chicago and the west.

Col. Henry L. Kincaide entertained the participants at the private masquerade party in Alpha hall last week at his theatre Thursday evening after which he was host at a private dance at Alpha hall.

James Pitts, the youngest son of Mr. and Mrs. Alex Pitts, of 433 Washington street, age 7 years, was taken away Wednesday morning to the Brighton Homoeopathic hospital with scarlet fever. The three daughters, Mary, Hattie and Ellen Pitts ,were quarantined in the house while the three boys, Philip, Edward and Jerry are boarding out for two weeks.

MILTON CARRIER DEAD.

Frank Richardson of Otis street, East Milton passed away Thursday night at the Convolescence home after a few months' illness. He leaves a widow and son. He was a nephew of N. B. Furnald of Quincy and was known to many in this vicinity being a letter carrier in Dorchester for several years before being transferred to Milton.

Morton In Precarious Condition

New York, March 7.—Levi P. Morton, former governor of New York and vice president during the Harrison administration, is suffering with hardening of the arteries. He has been in a precarious state for days.

SUBSCRIBE FOR THE LEDGER.

BIG STEAMER FOR FORE RIVER

Company Has Contract for Big Molasses Craft

The Fore River Shipbuilding Co. signed a contract with the Boston Molasses Co., to build a molasses steamer for them. The capacity of the steamer will be about 800,000 gallons. She will be of 4,500 tons dead weight and of practically the same dimensions as the Frieda. That is about 300 feet long and 45 feet beam.

BOSTON AUTO SHOW.

The great Auto Show, which opens in Mechanic's building, Boston, Saturday evening, will be the mecca of all New England for the coming two weeks. Each year the mnaagement promises something "bigger and better," in exhibits and more beautiful from a decorative standpoint and this promise has always been fulfilled. This year the same claim is made, and those who have been privileged to see the active preparations that have been going on for weeks are led to believe that this year the Show will be one of "the greatest in the world" as is claimed by the management.

As in the past, great work has been done on the decorations. Thousands of dollars have been expended and while not the glare and glitter of an electric show the Mechanic's Building interior will never before have witnessed such an artistic setting. The Grand Hall theme will be "the Hanging Gardens of Babylon." Ernest Albert, probably the greatest scenic artist in the world, in a letter to E. W Campbell, the architect and designer of the Show, says; "Now that the date of the Auto Show is approaching and I have completed the huge painting for the stage I want to congratulate you personally upon having evolved a theme so unconventional; a subject that has given us such a splendid opportunity of a series of beautiful pictures of a period but little known.' The exhibition hall will present a beautiful sight as "A Garden of 100 Years Ago," and both balconies and loewr floors will be splendidly treated. Four orchestras will give afternoon and evening concerts. March 12 will as usual be "society day," and the beautifully gowned ladies will add to the setting that Manager Chester I Campbell has given the 11th Annual Auto Show.

CIVIL WAR THREATENED

Sonora Repudiates Huerta and Formally Denies His Government

Mexico City, March 7.—Civil war threatens the Mexican republic. Formal notification of the secession of the state of Sonora from the republic was received here and with it came the sensational intelligence that the government of Sonora had begun to raise and equip an army.

Efforts are being made by the insurgent government of Sonora to form a federation with the states of Coahuila and Chihuahua and to put an army in the field against the federal forces of Huerta and Diaz.

Friends of the provisional government charge that the Madero family and American interests are behind the secession movement.

Near Panic at Movies

New York, March 7.—Marion George, 18, created a near panic at a theatre by becoming hysterical when a scene of the play depicted the exact circumstances under which her father was killed.

DEATHS

GARRITY—In East Milton, March 5 David J., beloved son of Mr. and Mrs. John Garrity, aged 25 years, 7 months.
Funeral from his late residence, 42 Church street, Saturday, March 8 at 9.15 A. M. Solemn high mass of requiem at St. Gregory's church, Milton Lower Mills at 10 o'clock. Interment in St. Mary's cemetery West Quincy. Relatives and friends invited to attend. March 6-7 2t

TURNER—In Hardwick, Vt., March 5 Mr. Albert N. Turner, aged 72 years. Funeral on Saturday at 2 P. M., from residence of daughter, Mrs. F. A. MacWilliams, 62 Quincy avenue.

RICHARDSON—In Milton, March 6, Frank Richardson of Otis street.

TUCKER—In Milton, March 5, James Tucker in his 70 th year.

CLARK—In Milton, March 4, Mrs. Ellen, widow of Thomas Clark, aged 43 years and 4 months.

HOLLIS—In South Weymouth, March 6, Henry Allen Hollis, aged 75 years, 9 months and 3 days.

SECOND LOSS THIS WEEK

Quincy A. A. Team Failed to Maintain its Stride

SECOND TEAM ALL RIGHT

The St. Mary's of Boston beat the Quincy A. A. champions of the Greater Boston N. E. A. A. A. U. league and the junior champions won their 14th game, beating the visitors second team at West Quincy Thursday evening. The seniors lost 23 to 19 and the juniors won 52 to 17.

The game was exciting at all stages and the lineup of the local seniors was continually changed. Several of the players did not appear until the second period, and several men were played in two positions without any material result however. At the end of the first period the senior visitors were leading 15 to 12. They held their lead and were continually applauded for their fine team play. Steele made the most spectacular shot ever made in St. Mary's hall from the centre of the floor.

In the second team game "Booty" Chapman was missing. He was on the side lines however with a score book in his hand. Scollard, the premier centre caged 13 baskets. This is his big record for the season.

The summaries:

ST. MARY'S A. A.	QUINCY A. A.
Flaherty r f	lb Hebert
	lb Kelly
Bench lf	rb Boyle
McLaughlin c	c Kelly
	c P. Duggan

Y. M. C. A. vs. TECH 1916.

For the second time this season the Track Tech Freshmen will line up against the local Y. M. C. A. first team Saturday night. The first game, which was played early in December , was one of the best games seen so far on the local floor, the score being 22 to 19 in Quincy's favor.

The Tech boys have been going at top speed since this game and say that they will show the local lads some new wrinkles in basket-ball when they meet them Saturday night. Tech will line up as follows: Merritt and Wilde, forwards; Dewson, center; Reycroft and Ross, backs. The Quincy line-up will necessarily be changed on account of the accident to Melville at Lawrence last week: Parker and Kenn going in as backs; Trask at centre; Rich and Price, who have been taken from the Second team, playing the forward positions.

The Second Team will play the Cambridge Y. M. C. A. seconds and a good game ought to result.

CLOSING NUMBER.

The closing entertainment of the Y. M. C. A. Lyceum course will take place at Music hall, Monday evening when Parker's Boston Imperials appear in a high grade concert. Miss Evangeline Hiltz of Malden, who made a decided hit as the soloist with Victor's Band in a previous concert will be prima donna. Miss Hiltz ranks high in concert circles along the Atlantic coast and is well known in Quincy.

The ensemble comprises singers whose voices blend perfectly. The arrangements consists of quartettes, trios, solos and ensemble choruses of group songs with a harp and instrumental accompaniment.

Too Late For Classification.

ROOM AND BOARD—For refined people. Mrs. Wrigley, 1 Adams street. 7-6t

BOWLING

Good bowling was on the card Thusday evening at the Coliseum alleys. Court John Adams beat John Ericson and Monatiquot beat Roger Wolcott.

In the special match the Patternmakers of Fore River beat the Navy Yard Patternmakers 3 to 1.

In the Fore River league the Foundry beat the Electricians, 3 to 1 and also the Machinist Floor, 3 to 1.

At the City Square alleys the Manets and the Junior Moose split even in the City League.

In the St. Mary's league Bates avenue beat East Milton, 3 to 1.

High string of the evening was made by Sprenkle who made 123 and his total of 317 was high. Others rolled well.

The inspector of the New York yard in charge of the "Marens," a sistership to the Rividavia will roll here Saturday afternoon.

CHURCH LEAGUE REARRANGED

Schedule Changed to Meet the Changed Conditions

THREE GAMES SATURDAY

The Quincy Sunday school basketball league season will run through the month of March and the first two weeks of April, closing with two interesting games on April 12. The schedule has been shifted several times owing to changes in the makeup of the league. The one printed below will carry through the season. No postponements will be allowed and no games can be played unless the teams have their full quota of players. The games on this Saturday promise to be of interest. The tie game between Christ church and Wollaston Congregational will be played off and Bethany will play Union Chapel. Hunt, the Bethany captain will not play with his team and thus the Houghs Neck youngsters will have a better show. A third game has been added for this week because there will be no games on Saturday the 15th, which is State Boys' Day. Wollaston Baptist and Wollaston Methodist will meet this week therefore and a close game is expected.

The schedule for the remainder of the season is as follows:

Saturday, March 8—Christ Church vs Wollaston Congregation. Union Chapel vs Bethany Congregational. Wollaston Methodist vs Wollaston Baptist.

Friday, March 21. First Presbyterian vs Christ Church. Wollaston Baptist vs Wollaston Congregational.

Saturday, March 22—Wollaston Methodist vs Bethany Congregational. Union Chapel vs Wollaston Baptist.

Saturday, March 29—Christ Church vs Wollaston Methodist. Union Chapel vs Wollaston Baptist. Bethany Congregational vs Wollaston Congregational.

Saturday, April 5—Wollaston Congregational vs Bethany Congregational. Wollaston Methodist vs Wollaston Baptist.

Saturday, April 12—First Presbyterian vs Bethany. Wollaston Congregational vs Christ Church.

THIRD MEETING OF WRESTLERS

Parkinton and Burns Will Join Issue at 133

A large crowd attended the regular smoker of the Quincy Lodge, Loyal Order of Moose, at Faxon hall Thursday evening. In addition to a vaudeville program a wrestling exhibition was on the card. Parkinton of Attleboro threw Burns of Providence in 31m 12s. Both weighed in at 133 and were in the pink of condition. The match was fought out on its merits, each man trying to force the issue. Several times it looked as though a fall would ensue but good defensive work prolonged the match. This was the second time the men have met here. In the first match both wrestled nearly three quarters of an hour without a fall, and the match was called off after Burns injured a knee.

DISTRICT COURT.

Otto Peterson was fined $5 for drunkenness at Quincy.

Guisseppi Lapreste was arraigned for neglecting to kill his dog after receiving notice from City Clerk Crane to do so. Lapreste declared that the dog had been killed and the case was continued until March 12 to enable Officer Hinchon to ascertain if the Italian's story is correct.

Patrick J. Ryan was fined $5 for drunkenness at Milton.

Gladys Taylor was arraigned for being a stubborn child at Braintree. Case continued until March 14.

John F. Owens was charged with selling property held under a lease. Case continued until March 16.

Lion Subdued With Broom

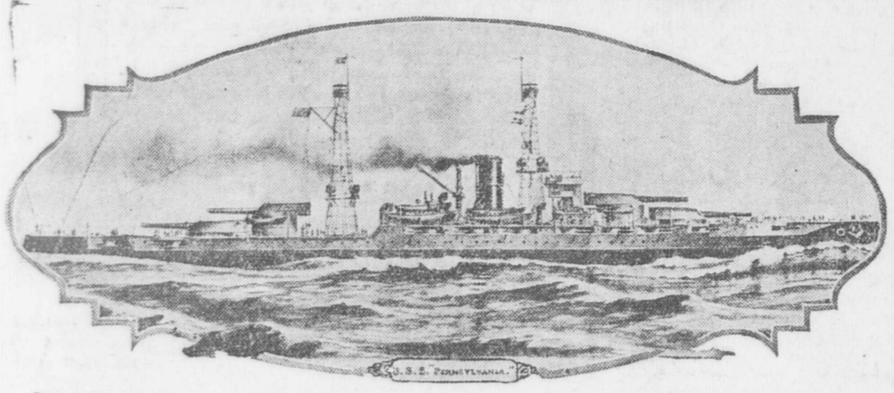

Chicago, March 7.—Hot irons and a revolver having had no effect, "Mme. Margaret," a lion tamer, subdued an angry lion with woman's own weapon—a broom.

THE QUINCY DAILY LEDGER

LARGEST **GUARANTEED** CIRCULATION IN THE CITY

Vol. 28 No. 57 QUINCY, MASS., SATURDAY EVENING, MARCH 8, 1913 PRICE TWO CENTS

WILL BE THE WORLD'S BIGGEST BATTLESHIP

This is the navy department's official sketch of the battleship Pennsylvania, which will be larger than any other warship ever built by any nation. Its tonnage will be 31,000, its length 600 feet and its beam 97 feet, which is almost the limit for safe passage through the Panama canal locks. The total cost of the Pennsylvania ready for service will be about $14,000,000.

DOG FLASHED OUT OF DARKNESS

And Fastened Himself on Desmond's Clothing

FILED COMPLAINT

Walter P. D. Desmond, Quincy street, a well known young man filed a complaint at the City Clerk's office this morning in which he states that while passing along Water street on Friday evening a dog owned by Joseph P. Nordone attacked him while he was on the street.

Mr. Desmond was homeward bound. When nearly opposite the Nordone property the dog leaped at him in the darkness and fastened his teeth in his clothing, doing some damage. He managed to escape from the animal's hold.

Mr. Desmond was extremely nervous after the incident but has entirely recovered.

SURPRISE PARTY.

A surprise party was tendered Miss Margery Morrison of Granite street, Friday evening in honor of her eighteenth birday. During the evening Charles Moyle, presented Miss Morrison with a beautiful gold watch and pin and she responded very graciously. Games were played and a social hour spent in which refreshments were served. There was many friends present from Somerville, Neponset, South Braintree, Weymouth and Quincy.

All returned to their homes at a late hour wishing the hostess many happy returns of the day.

GRANITE MEN AS WITNESSES

In Two Civil Cases of Local Interest Being Heard

Two civil cases of much interest to granite men were heard before Judge Avery in the district court. The cases were commenced Thursday and continued over to Friday. The first is of Patrick J. Igo a Quincy granite dealer against Townsend & Townsend of New York, to recover the sum of $400 for a monument furnished the respondent. The second is of the respondent against Igo for breach of contract.

It is claimed that Townsend & Townsend gave Igo a contract for a monument specifying that the stock should be Swingle's best extra dark Quincy. The claim of the respondents in the first case is that first quality Swingle's extra dark stock was not furnished, but that the stock was of inferior quality containing knots and sap and that it had been doped.

The case was on trial all day Friday and at 4 o'clock the end was apparently not in sight and the court continued the case until Wednesday.

TALKED ON LABOR.

At a meeting of interested labor men at Electa hall, Friday evening, L. R. Hall of Lynn, H. King and P. Dwyer of Boston were the speakers. They spoke along the lines of organization. The meeting was well attended.

WASHINGTON TOURISTS BACK

Messrs. Williams and Tarbox Return from Good Tour

The Daily Ledger tourists to Washington, Fred D. Williams and William E. Tarbox, returned today very enthusiastic over Washington. With pleasant and warm weather they were permitted to enjoy every moment and it was a round of pleasure from the time they left Quincy last Saturday until they returned. The 5th Massachusetts regiment was on the same Fall River line steamer last night and the Regiment band gave a concert. Messrs. Williams and Tarbox have written a lengthy letter of the trip which will appear in the Daily Ledger of Monday.

MRS. MEADE BURIED.

The funeral of Mrs. Catherine Meade who died Thursday morning took place this morning from her home, 42 Field street. A high mass of requiem was celebrated at St. John's church by Rev. Fr. John J. Casey. Music was by the regular choir, under the direction of John Mahon. The soloists were Miss Eva Rice and Mrs. Mary Burns King. Interment was in Mt. Wollaston cemetery.

ANOTHER ADJOURNMENT.

An adjourned meeting of the Bethany Congregational church was held Thursday evening. After considerable discussion the meeting adjourned to March 27.

LADIES NIGHT OF TEMPLARS

Gala Occasion for Quincy Commandery and Fair Sex

BANQUET, SHOW AND DANCE

Quincy Commandery, Knights Templar raised its standard as an entertainer to a higher elevation Friday evening by the manner in which it conducted its second annual ladies' night, and if the smiling faces of the handsomely gowned women can be taken as an indication, then every one was happy. It was a delightful party

EM. SIR WALTER E. PIPER, Commander.

in every sense of the word, having all the qualities of good fellowship, which in great measure go to make an enjoyable evening. The festivities started in at 6.30, and it was midnight before the life died out.

The main entrance to the hall represented an archway through a sort of floral garden. On either side were massive pots, containing stately rubber plants whose sombre green was set off by vases of Jonquils and other cut flowers. Standing on either side of the entrance were Em. Sir. Walter E. Piper, Commander of Quincy Commandery, Sir Joseph Morgan, Generalissomo, Sir Otis B. Oakman, Captain General, and Sir Alfred H. Richards, Recorded, the committee in charge who received informally and extended the fraternal hand of greeting to each

SIR JOHN MORGAN, Generalissimo.

Sir Knight and lady as they entered the hall.

Outer wraps laid aside the party assembled in Alpha hall, where a little after 6.30 a line was formed for the banquet, which was served in Union hall. This hall looked particulatly attractive, the ceiling and side walls being prettily festooned with crepe paper. Three long tables were laid lengthwise, while a fourth table was laid across the head of the hall for the officers of the commandery and their ladies. The tables themselves were also prettily arranged at each cover being a fragrant carnation. C. C. Whittemore catered for the banquet, and it was excellent in every way. The menu was an excellent one and included grape fruit, turkey, ham, lobster and chicken salad ,escalloped oysters, rolls, coffee, celery, mashed potatoes and ices of all kinds.

Em. Sir Piper briefly welcomed the Sir Knights and their ladies and after invocation by the excellent Prelate, Sir Rev. Rufus B. Tobey, the banquet was served. The feast over, Em. Commander Piper announced that there would be a short entertainment in Alpha hall which would be followed by dancing.

The entertainment program included selections by Poole's orchestra, readings by Miss Hinton and a character sketch by Mr. Johnson. Miss Hinton's readings were particularly enjoyable. Her first selection was an impersonation of an English Duke at an American base ball game. Other selections included a story of Canadian life, "He looks just like his mother." "Killing a fly"," "April fool joke on mother," and impersonations in Scotch, Hebrew, Italian and Irish dialect. Mr. Johnson appeared once in a negro character sketch.

Between these numbers the orchestra gave selections, and these, to lovers of good music, were a treat. The closing one was a medley of old time popular airs, the Minuet and selections from well known operas. The numbers by the orchestra were beautifully rendered each selection receiving an encore.

Dancing followed the entertainment. There were a dozen numbers on the program, but the encores lengthened this to more than twice that number. There were no printed cards, however the order being shown by placards hung on one side of the platform. The order opened and closed with a waltz. Music for the dancing was also by Poole's orchestra and as noted above the music was delightful.

At the close of the evening a special car left from in front of the hall via Wollaston while cars a little earlier in the evening left for all points, so that those who did not come in their own automobiles had no difficulty in getting transportation to their homes.

It was an evening long to be remembered in the annauls of Quincy Commandery, raised the banner of Knights Templarism to a higher elevation.

DEAD IN MILTON.

Mrs. Eliza E. Hunt died Thursday in her 59th year. Her funeral will take place Sunday afternoon from her home Hillside street, Milton. She leaves a husband, Charles L. Hunt.

DISTRICT COURT.

The liquors seized from Carmine Raimonde and Carmine Bartalami at Quincy were ordered to be forfeited to the commonwealth.

Patrick Handy was arraigned for drunkenness and for creating a disturbance on a street car at Quincy. The case for drunkenness was placed on file and on the case for disturbance he was fined $10.

SUSPENSION SUGGESTED

As Punishment For Senator McDevitt by Colleagues

SOME FAVOR EXPULSION

An informal expression of opinion of the Democratic members of the Senate Friday on the question of the discipline to which Senator John J. McDevitt of Quincy should be subjected for making charges of bribery which he could not substantiate, showed, it is said, that a majority of them favored his suspension from the Senate. The suggestion was made that the suspension should be for a month. There was some sentiment for expulsion.

The matter will be taken up before the Senate rules committee on Monday. The Republicans want the Democrats to be fully in accord with whatever they do, and for this reason the minority members have been sounded out. The delay in action was due to the absence of Senator Timilty, the Democratic member of the rules committee, and other Democraitc senators who went to Washington.

DOCTOR THOMAS MUCH BURNED

By the Explosion of Gasoline in His Auto

MAY NOT RECOVER

An exploding gasoline tank set the clothing of Dr. C. R. Thomas, 67 Minot street, Neponset, afire this morning, set the garage ablaze and consumed the machine. Dr. Thomas was badly burned. He was taken to the Massachusetts Homoeopathic Hospital in the emergency ambulance.

He was thawing the feed pipe with a lighted lamp when the explosion occurred.

Extricating himself from his perilous position he ran about the yard while the wind fanned the flames. Becoming desperate he ran into the home of Ex. Lieut. William S. Perry of Station 11, Dorchester. Mr. Perry saw the human torch dash through his hallway and out the rear door. He pursued the excited man and with the assistance of Clifton Gould, another neighbor, succeeded in catching the doctor. The injured man was treated by Dr. Ruggles of Neponset. Mrs. Thomas in an effort to quench the flames in her husbands clothing suffered severe burns about the hands.

Everything possible was done to relieve the man. He is on the dangerous list.

MRS. OLDHAM DEAD.

Mrs. Sarah W. Oldham died Friday at 16 Madison street, Atlantic. Mrs. Oldham was the widow of the late Charles J. Oldham. The funeral will take place Monday afternoon.

☞PRATT'S BREAD—not made by guess-work, but by a scientific formula. Leading grocers sell it.

TANK EXPLODED STOVE RUINED

Piano and Furniture In Path of Flying Missiles

WRECKED CONSIDERABLE

A hot water tank, on the back of a range at the home of Charles Hallberg, 15 Cotton street, Braintree, Friday afternoon, ruined a $300 piano, did damage amounting to $1,500. and Mrs. Hallberg had a narrow escape from the flying missiles. She was thrown to the floor wher she was found by firemen in a dazed condition. Steam generating in frozen water pipes caused the explosion. The force of the explosion was felt throughout the neighborhood. The stove was burst to pieces and how Mrs. Hallberg escaped being hit by some of the flying pieces is a miracle. An alarm was sent in from box 26. Everything in the form of glass in the house was shattered.

STILL ALARMS.

A chimney fire in the house of John Manning on the Adams estate, Newport avenue was extinguished by flying squad No. 1 at 7.40 Friday evening. They also were called on a grass fire in the rear of the home of Thomas McDonnell, School street at 1.50 today. Both were still alarms.

O'BRIEN AT THE HOSPITAL.

James O'Brien is at the Quincy City Hospital suffering from exposure. He was discovered by employees of the Hodgkinson farm on a bank on Palmer street, Friday morning. After treatment at the police station by City Physician, Dr. John H. Ash, he was taken to the hospital. He is doing well this morning.

EDITORIAL COMMENT.

It would hardly do to call the president "Tommie."

With the conflict of opinion the Boston Chamber of Commerce must find it difficult to determine its position on the railroad question.

A good many wild fancies went up in that $30,000 worth of opium that was destroyed after being confiscated.

Ryan was re-elected president of the organization he served. Is it loyalty or defiance of public sentiment?

The revival of the old Gilbert & Sullivan operas brings back many visions of youthful periods.

The gasoline man says the price is fixed by the law of supply and demand It is very true providing the supply is in a few hands and the demand is by every one.

Railroad ownership of the state is advocated. Where would the state expenditures then soar to?

Major Higginson out of the abundance of his experience and wisdom gives good advice. It would be well to follow it rather than those who are mere dreamers or others who are in the reform business for what it brings them.

Perhaps it would be as well to give Dr. Friedman a fair trial before condemning him too suddenly.

Jeffries announces he is coming back. No doubt for some of the poor boobs dough if they will only loosen up.

"There are eight long months to the November election and Mr. John J. McDevitt whom we (?) chose to represent the First Norfolk District in the Senate of the Massachusetts Legislature has got to "get a move on himself" to repair the breach he recently made if he expects to receive the usual second term."—Weymouth Gazette.

He probably is long on expectations but the voters have good memories.

"The next legislator that wants to make a sensation at a meeting by telling people how good he is and how sorely he has been tempted to fall is likely to think of McDevitt of Quincy and then remain discreetly silent."—Brockton Enterprise.

Maybe, and then again.

THE HOBBLE SKIRT.

The dress makers of the world have decided against the hobble skirt. It is about time they awoke to a full measure of their responsibilities. Whoever was responsible for this monstrosity in female apparel has much to answer for. The bosses however have put the ban on the product and they will rapidly disappear. Those of course who have plenty of money and are not forced to wear their clothing until it is practically good for but little else than the rag bag can immediately take advantage of the change decreed by dame fashion The others who must wear an article so long, style or no style will still hold on for a little while. They will do the best they can to make the change, so that we must expect it being gradual. Aside from the hobble skirt which has had its day it is to be hoped that no more monstrosities are introduced and if the hoop skirt is ever revived, there may be extenuating circumstances in the commission of the removal of the person who will venture to put forward such a change or thought.

THE CITY CHARTER.

The proposed new city charter is presented to the readers of the Ledger for what it is worth. It has many good features which should commend it to the citizens, and like every other document it has some features to which every one cannot subscribe. It would be a peculiar document of its kind to which some one would not be able to find a portion which did not meet with their approval. It was thought that this would be a good time to present the document in full to the citizens and readers of the Ledger. The hearing comes next Wednesday, before the committee at the State House. Between then and now the citizens will have plenty of time to become acquainted with the document. There will be no excuse for any one, either at this hearing or at any future time, saying that the charter was sprung on them, that they did not read it, they had no chance to become acquainted with its contents and the like as an argument for or against it. The Ledger has taken this opportunity to let the people become better acquainted with it. If the people do not accept the chance offered they have no one to blame but themselves. The full text of teh charter will be found on page two.

AN APPEAL TO REASON.

In the closing words of his inaugural address President Wilson issues an appeal to reason which cannot very well be lightly passed over. He says "I summon all honest men, all patriotic, all forward looking men, to my side. God helping me, I will not fail them, if they will but sustain me."

A manly straightforward statement which should not fail in its purpose. President Wilson enters upon an almost unprecedented condition in our national affairs. The senate and house are both democratic. If through politics alone, the members of either house swerve from their duty in giving to the president that confidence and support which is his due in all measures which conserve for the best interests of the nation, then they will have the people to look to and to answer in the final analysis. President Wilson has practically said he will have nothing with politics. It is the nation and the people he would serve. Let him hold steadfast to that purpose and the people will be with him, and the truckling, office seeking herd of politicians, will find at the close of his four years term that they will be able to make little progress against a man who is first, last, and all the time working,, and planning for the nation and the people. Woodrow Wilson has a mighty task. Will he fail or succeed is the question. His greatest danger may perhaps be in his advisors. If he escapes them then all may be well.

NOON SERVICES.

Many who are employed in or near the shopping district of Boston are regular attendants at the noon service which is held every day at the Episcopal Cathedral Church of St. Paul, Tremont street between Temple place and Winter street. The service begins at 12.10 and occupies about 25 minutes, giving those in business ample time to attend within the noon hour. A short sermon by Dean Rousnaniere or member of the Cathedral staff, or by a visiting clergymen, is included in the noonday service every day except Saturday when there is a service of hymn singing by the congregation led by the quartet that sings every noon.

These services at noon draw large congregations and some of the sermons have been gems of condensation. Bishop Lawrence preaches from Mar. 10 to Mar. 14, inclusive. Everybody is invited to all services.

CONGRATULATIONS TO DOWAGER QUEEN

Alexandra First Arrived In England Half Century Ago

London, March 8.—The lord mayor of London, the sheriffs and other city officials went to Marlboro House to present an address of loyalty and congratulations to Dowager Queen Alexandra, who is celebrating the fiftieth anniversary of her arrival in England.

It was on March 7, 1863, that the Danish princess landed at Gravesend to be married three days later to the then Prince of Wales, who later became King Edward VII.

Although there was no official celebration, flags were flying on all the government buildings. Guests of honor at last night's dinner were the seven surviving bridesmaids who attended Alexandra when she was married.

Many congratulatory messages and costly presents were sent to the queen. She is 69 years old.

—One of the curious phases of the legal method of procedure is to allow the prosecution to make the closing arguments, instead of allowing the defence to make the last plea, which seems to be the reasonable and honorable method and giving the defendant the opportunity which belongs to that side of summing up all arguments when the case goes to the jury fresh from the presentation of the prosecution. It does not seem right.—Athol Chronicle.

PROPOSED NEW CITY CHARTER PRESENTED TO THE LEGISLATURE

Many Changes of Importance Suggested by The Framers of Document

Longer Term for Mayor and Smaller Council Among Them

For the benefit of those who may wish to attend the charter hearing at the State House, Friday so that they may be familiar with the proposed measure, the Ledger today publishes the full text of the bill, offered which is known as House Bill No. 1417.

It is presented in the form of an amendment to Chapter 347, of 1888, and is as follows:

Sect. 1. a. No ballot used at any annual or special city election in the city of Quincy, or at any preliminary election or caucus held therein for nominations, shall have printed thereon any party or political designation or mark, and there shall not be appended to the name of any candidate any such party or political designation or mark or anything showing how he was nominated or indicating his views or opinions.

b. In place of the joint party caucus now required by law to be held in said city for the nomination of candidates for elections to its city offices the city clerk shall call a caucus of all legal voters of each ward on the same date.

Said caucus shall be held not less than three weeks prior to the date now fixed by law for holding the annual municipal election in said city.

c. Any person who is qualified to vote for a candidate for mayor, councilman or member of the school committee, and who is a candidate for nomination for such office may have his name, as such candidate, printed on the official ballots to be used at a caucus for nomination: provided, that he shall, at least ten days prior to such caucus for nomination, file with the city clerk a statement in writing of his candidacy, and at the same time shall file therewith a petition of at least twenty-five voters of the city qualified to vote for a candidate for such office, requesting that the name of such person shall be printed on the official ballot for said caucus. No acceptance by a candidate for nomination named in such petition shall be necessary for its validity or its filing, and the petition need not be sworn to.

d. On the first day, not being Sunday or a legal holiday, following the expiration of the time for filing the above described statements and petitions, the city clerk shall cause to be published in one or more newspapers published in the city the names and residences of the candidates for nomination who have duly filed the above mentioned statements and petitions, and the offices and terms for which they are candidates for nomination, as they are to appear on the official ballots to be used at the caucus for nomination. The city clerk shall thereupon prepare the ballots to be used at such caucus for nominations and shall cause them to be printed, and the ballots so prepared shall be official ballots and the only ballots used at such caucus for nominations.

e. The name of each person who has filed a statement and accompanying petition as aforesaid, and his residence and the title and term of the office for which he is candidate for nomination shall be printed on said ballots, and the names of no other candidates shall be printed thereon. Blank spaces shall be left at the end of each list of candidates for nomination for the different offices, equal to the number to be nominated therefor, in which the voter may insert the name of any person not printed on the ballot for whom he desires to vote for nomination for such office. There shall be printed on said ballots such directions as will aid the voter; for example, vote for one," "vote for two," and the like.

f. Voters qualified to vote at a city election shall be qualified to vote at the said caucus for nominations.

g. The election officers shall immediately, upon the closing of the polls at the caucus for, nomination, count the ballots and ascertain the number of votes cast in the voting places where they officiate, for each person for nomination for such office, and shall make return thereof to the city clerk forthwith upon blanks to be furnished as in city elections.

h. On the first day, not being Sunday or a legal holiday following such caucus for nominations, the city clerk shall canvass said returns, so received from the election officers, and shall forthwith determine the result of such canvass and publish the same in one or more newspapers published in said city.

i. The two person receiving at a caucus for nominations the highest number of votes for nomination for an office shall be the candidates and the only candidates for that office whose names shall be printed on the official ballots to be used at the annual or special city election for the making of nominations for which such caucus for nomination was held, and if two or more persons are to be elected to the same office at such annual or special city election, the several persons, to a number equal to twice the number so to be elected to such office, receiving, at such caucus for nominations the highest number of votes for nomination for that office, or all such persons if less than twice the number of those so to be elected, shall be the candidates, and the only candidates, for that office whose names shall be printed on the official ballots to be used at such annual special city election.

j. No acceptance of a nomination made at a caucus for nominations shall be necessary for the validity of such nominations.

And said section five is further amended by inserting after the word "vacancies," in the last line thereof, the following:—

1. Except as otherwise provided in this act, the laws of the commonwealth governing annual city elections, special elections of city officers and special elections in cities shall, so far as they may be applicable, govern such elections in said city,—so that the said section shall read as follows:—

a. No ballot used at any annual or special city election in the city of Quincy, or at any preliminary election or caucus held therein for nominations, shall have printed thereon any part or political designation or mark, and there shall not be appended to the name of any candidate any such party or political designation or mark or anything showing how he was nominated or indicating his views or opinions.

b. In place of the joint party caucus now required by law to be held in said city for the nomination of candidates for elections to its city offices the city clerk shall call a caucus of all legal voters of each ward on the same date.

Said caucus shall be held not less than three weeks prior to the date now fixed by law for holding the annual municipal election in said city.

c. Any person who is qualified to vote for a candidate for mayor, councilman or member of the school committee, and who is a candidate for nomination for such office may have his name, as such candidate, printed on the official ballots to be used at a caucus for nominations provided that he shall, at least ten days prior to such caucus for nominations, file with the city clerk a statement in writing of his candidacy, and at the same time shall file therewith a petition of at least twenty-five voters of the city qualified to vote for a candidate for such office, requesting that the name of such person shall be printed on the official ballot for said caucus. No acceptance by a candidate for nomination named in such petition shall be necessary for its validity or its filing, and the petition need not be sworn to.

d. On the first day, not being Sunday or a legal holiday, following the expiration of the time for filing the above described statements and petitions, the city clerk shall cause to be published in one or more newspapers published in the city the names and residences of the candidates for nomination who have duly filed the above mentioned statements and petitions, and the offices and terms for which they are candidates for nomination, as they are to appear on the official ballots to be used at the caucus for nominations. The city clerk shall thereupon prepare the ballots to be used at such caucus for nominations and shall cause them to be printed, and the ballots so prepared shall be official ballots and the only ballots used at such caucus for nominations.

e. The name of each person who has filed a statement and accompanying petition as aforesaid, and his residence and the title and term of the office for which he is candidate for nomination shall be printed on said ballots, and the names of no other candidates shall be printed thereon. Blank spaces shall be left at the end of each list of candidates for nomination for the different offices, and equal to the number to be nominated therefor, in which the voter may insert the name of any person not printed on the ballot for whom he desires to vote for nomination for such office. There shall be printed on said ballots such directions as will aid the voter; for example, "vote for one," "vote for two," and the like.

f. Voters qualified to vote at a city election shall be qualified to vote at the said caucus for nominations.

g. The election officers shall immediately, upon the closing of the polls at the caucus for nominations, count the ballots and ascertain the number of votes cast in the voting places where they officiate, for each person for nomination for each office, and shall make return thereof to the city clerk forthwith upon blanks to be furnished as in city elections.

h. On the first day, not being Sunday or a legal holiday, following such caucus for nominations, the city clerk shall canvass said returns, so received from the election officers, and shall forthwith determine the result of such canvass and publish the same in one or more newspapers published in said city.

i. The two persons receiving at a caucus for nominations the highest number of votes for nomination for an office shall be the candidates and the only candidates for that office whose names shall be printed on the official ballots to be used at the annual or special city election for the making of nominations for which such caucus for nominations was held, and if two or more persons are to be elected to the same office at such annual or special city election, the several persons, to a number equal to twice the number so to be elected to such office, receiving, at such caucus for nominations the highest number of votes for nomination for that office, or all such persons if less than twice the number of those so to be elected, shall be the candidates, and the only candidates, for that office whose names shall be printed on the official ballots to be used at such annual or special city election, the several persons, to a number equal to twice the number so to be elected to such office, receiving, at such caucus for nominations the highest number of votes for nomination for that office, or all such persons if less than twice the number of those so to be elected, shall be the candidates, and the only candidates, for that office whose names shall be printed on the official ballots to be used at such annual or special city election.

j. No acceptance of a nomination made at a caucus for nominations shall be necessary for the validity of such nominations.

k. At such municipal election the qualified voters shall give in their votes by ballots in the several wards for mayor; councilmen and members of the school committee then to be elected, and the person receiving the highest number of votes for any office shall be deemed and declared to be elected to such office; and whenever two or more persons are to be elected to the same office, the several persons, up to the number required to be chosen, receiving the highest number of votes shall be deemed and declared to be elected. If it shall appear that there is no choice of mayor, or if the person elected mayor shall refuse to accept the office, or shall die before qualifying, or if a vacancy in said office shall occur subsequently and more than three months previous to the expiration of the municipal year, the city council shall forthwith cause warrants to be issued for a new election, and the same proceedings shall be had in all respects as are hereinbefore provided for the election of mayor, and shall be repeated until the election of the mayor is completed. If the full number of members of the city council has not been elected, or if a vacancy in the office of councilman shall occur subsequently and more than three months previous to the expiration of the municipal year, the council shall forthwith cause a new election to be held to fill the vacancy or vacancies.

l. Except as otherwise provided in this act, the laws of the commonwealth governing annual city elections, special elections of city officers and special elections in cities shall, so far as they may be applicable, govern such elections in said city.

Sect. 2. Section nine of chapter three hundred and forty-seven of the acts of eighteen hundred and eighty-eight is hereby repealed, and in place thereof the said section nine shall read as follows:—The city council shall consist of nine members, and shall be elected from the inhabitants of the city as follows: At the first municipal election held under this act, three members at large of the city council shall be elected by the qualified voters of the entire city, one to serve for the term of three years, one for the term of two years and one for the term of one year, beginning with the first Monday in January next ensuing, and thereafter one member at large of said city council shall be elected in like manner at each annual municipal election to serve for the term of three years, beginning with the first Monday in January next ensuing, in place of the member whose term then expires. At said first election six members from wards of said city council shall be elected by the qualified voters in the several wards respectively, one such member being elected in each ward, two of such members for the terms of three years, two for terms of two years, and two for terms of one year, beginning with the first Monday in January next ensuing. The city council of Quincy directly after the acceptance of said act shall determine by lot which wards of said city shall elect members as aforesaid for three years, two years and one year respectively, and shall give public notice of their determination within four days after the acceptance of this act. At each subsequent annual municipal election, the qualified voters in each ward which has elected a member from wards of the city council, whose term of office then expires, shall elect in his place a member of said city council to serve for the term three years as aforesaid. In case of a tie vote for a member of the city council, the mayor and city council for the ensuing year, sitting jointly, shall elect by plurality vote a member of the said council from the candidates whose votes were tied, to serve until the next annual city election, at which a member of the city council shall be elected for the unexpired term, if any.

The salary of each member of the city council shall be five dollars per meeting he attends, not exceeding one hundred and fifty dollars annually.

Sect. 3. Section twenty-six of chapter three hundred and forty-seven of the acts of eighteen hundred and eighty-eight is hereby amended by inserting after the words "the mayor shall hold office for the," the words:—term of two years,—so as to read as follows:—Section 26. The executive powers of the city shall be vested solely in the mayor and may be exercised by him either personally or through the several officers and boards of the city in their departments, and under his general supervision and control.

In case of a vacancy in any office to which appointment is made by the mayor, he may personally perform the duties thereof, but he shall not be entitled to receive any salary or pay attached thereto.

The mayor shall hold office for the term of two years, beginning with the first Monday in January following his election, unless sooner removed, and until his successor is elected and qualified.

Sect. 4. This act shall be submitted to the legal voters of said city for their acceptance at a special election to be held on the first Tuesday in October next, and if accepted by a majority of the voters voting thereon shall go into effect at once. The matter shall be submitted to the voters on the ballot at said election as follows:—

"Shall the provisions of chapter ..... of the acts of the year nineteen hundred and thirteen relative to amending the city charter at Quincy be accepted?"

Too Much Coal on Hand

New York, March 8.—The Lehigh Valley Coal company announced that, because of the large accumulation of coal and the poor demand caused by the mild winter, the operation of its mines will be suspended for three days each week for the present.

Capital $150,000. Surplus $200,000

RUBIES
GOLD

Tempt the dishonest when kept in a bureau or desk drawer. Keep yours in one of our steel safety deposit boxes—$5 a year—where nobody but you can get at them, but where they are convenient when you want them. Some folks pay twice as much to keep valuables in Boston safety boxes, but they're handier here and just as safe.

Our $5 Box is Larger Than a $10 Box in Boston.

GRANITE TRUST CO.
FOUNDED 1836

BRAINTREE PHILERGIANS.

An interesting meeting of the Philergians was held on Tuesday, Mrs. George O. Wales, the president, in the chair. It was "Reciprocity day" and while we were disappointed in not having with us Mrs. Emmons Crocker, general federation chairman of conservation and Mrs. Andrews of the council of Jewish women, Boston, as we had hoped, we did have the pleasure of listening to Mrs. Richard H. Gorham of the Milton Woman's club and Mrs. Frederic G. Bauer of the Old Colony club of South Weymouth on the work being done in their clubs. An informal reception to the guests followed. Miss Gladys Rice Perry sang selections by Carl Sobeski and Arthur Foote, accompanied by Mrs. Arthur R. Gould on the piano.

Refreshments were served by the hospitality committee, Mrs. Edwin R. Olin, chairman. The tea tables were prettily decorated with yellow jonquils and presided over by Mrs. Eben Prescott, Mrs. Willard E. Dow, Mrs. Lily B. Porter and Mrs. George A. Arnold.

A special appeal was made to the members in behalf of the Flower Mission of Boston for the Easter contributions. Flowers, fruit, grape juice, jellies and anything to cheer the sick and helpless are solicited. Contributions will be very gladly received by Mrs. W. Austin Torrey, 1030 Washington street, South Braintree, on or before March 18.

The committee on home economics Mrs. John T. Conway, chairman, are now completing their arrangements for the summer school for girls between the ages of eight and fourteen. It will include courses in sewing, cooking and household economics.

The class in modern literature will meet on Monday afternoon in the chapel of the South Congregational church, Mrs. T. E. Gale, hostess. Mrs. Gurney will read from Edward Rostand's "Chanticleer" "Cyrano de Bergerac" and "The Romancers."

PREDICTED OWN DEATH

Member of Salvation Army Expires Just as He Prophesied

Providence, March 8.—Andrew Carlson, a member of the Salvation Army corps here, appeared at the Rhode Island hospital and declared God had told him in a vision that he had but four days to live. He said that though it would be of no use, it was best he should receive medical attention. Despite the fact that the physicians who examined him declared that he was in perfect physical condition, and could find no sign of any disease, the man died at the time he predicted.

The case is the most peculiar in the annals of the hospital, according to the physicians, and they admit themselves completely at a loss to determine the cause of the man's death.

Medical Examiner Magill, after he had viewed the body, declared Carlson's mental condition had brought about death.

☞PRATT'S BREAD is good for growing children—nourishing and satisfying. Grocers sell it.

QUINCY REGISTRY
FOR NURSES

28 Whitney Road, Quincy, Mass.

Will supply trained and practical nurses, attendants and nursery assistants. No charge will be made to those applying for Nurses.

MRS. E. L. CRANE, Registrar,
Tel. Quincy 131-W.

The Social Realm

Miss Lucy Spear of Adams street who returned Thursday from a few months' auto trip to Florida is receiving a warm welcome from her friends. She reports a most enjoyable trip going and coming and a delightful time at various resorts in Florida.

* * *

Misses Carrie and Katharine Hull of Providence spent the week end with their sister, Mrs. Josiah Fuller of Botolph street.

* * *

Miss Muriel Badger of Wollaston attended the reception and ball in Washington, D. C. the evening of Feb. 28th given by Secretary and Mrs. Von Myers.

* * *

Mr. and Mrs. Herbert S. Barker Munroe road, entertained the Atlantic Whist Club Wednesday evening. The highest scores were Mrs. Charles R Safford and Mrs. Harry W. Reade Refreshments were served.

* * *

Miss Grace Storrs Hadley of the Quincy Mansion school is passing the late winter at Nassau.

* * *

The Ladies Aid of the Wollaston M. E. church held a thimble party at the home of Mrs. O. A. Holbrook, Holbrook road, Wednesday afternoon. Those present were Mrs. Wesley Wiggin, Mrs. Storrer, Mrs. Charles Carter, Mrs. Eric Ewerts, Miss Helena Earle, Mrs. James Bent, Mrs. Theodore Parlee, Mrs. Lewis, Mrs. L. C. Merrill, Mrs. Dimmick, Mrs. Fred Sutermeister Mrs. A. B. Cassidy, Mrs. T. Newell Lane, Mrs. Frank Bennett, Mrs. Arthur Poquett and Miss Marguerite L. Holbrook. Ice cream, cake, sandwiches and tea were served.

* * *

Edward H. Dewson of New York was in town this week for a few days at his home on Adams street and at the Field home on Franklin street, being called here by the death of his aunt Mrs. Abby Dewson.

* * *

A very unique costume poverty party was tendered Mr. and Mrs. William G. Hersey of 10 Faxon road, Thursday evening, the occasion being their eleventh wedding anniversary. Mrs. Hersey was presented with a hand painted creamer and sugar bowl, the handiwork of Mrs. David Hamilton. Whist was enjoyed for the first hour, followed by games which called forth much laughter. Appropriate souvenirs were awarded the winners. Music was also enjoyed. Those present were Mr. and Mrs. E. C. Chandler and Miss Mary Profit of Dorchester, Mr. and Mrs. John Murray, Mr. and Mrs. David Hamilton, Mr. and Mrs. Albert Hall, Mr. and Mrs. Alva Beede, Mr. Jay Murray, Mr. and Mrs. William Hersey and Mrs. Annie Turner. A buffet luncheon was served each receiving a favor.

* * *

Founder's day one of the annual events in the school year of Woodward Institute is to be observed Wednesday evening in the school hall. A fine program will be given by the students.

* * *

Miss Etta M. Prescott of Presidents hill is a guest over the week end of Miss Grace M. Isaac of West Newton.

* * *

Braintree friends are extending hearty congratulations to Miss Helen Van Cleve Palmer and Percy Adams Rideout whose engagement was made public this week. Miss Palmer is the daughter of Mr. and Mrs. F. H. Palmer of Hollis avenue, Braintree and was graduated from Smith College class of 1912. Mr. Rideout is of Concord, Mass., and is a civil engineer in the Government employ at Washington, D. C. He is a M. I. T. 1911.

* * *

The Billiken club held a masquerade party, Tuesday evening at the home of Miss Cora Harding, Botolph street. The costumes were varied, and when the masks were removed, merriment reigned. Games were enjoyed and a dainty luncheon served.

* * *

Ray and Clarence Cassidy of Winthrop avenue are in Washington where they went to attend the inauguration of President Wilson.

* * *

Rev. Arthur L. Bumpus, son of Judge E. C. Bumpus of Presidents hill has accepted a call to St. Michaels church in Brooklyn, New York. While in Brooklyn recently he was the guest of Mrs. A. H. Low, a cousin of Russell C. Low of this city.

* * *

Friends of Miss May Veal and Arthur Newton are looking forward to their wedding for which announcements went out this week. The ceremony is to be solemnized Saturday evening March the twenty-second.

Mr. and Mrs. D. E. Macdonald of 61 Edison park are receiving congratulations a son being born to them Friday.

* * *

One of the pleasantest house parties of the week was on Wednesday afternoon when Mrs. Emele M. Olivera of 95 Merrymount road entertained informally at auction bridge. The house was prettily decorated with fragrant cut flowers which were presented to the guests on their departure. Souvenirs of the game were presented to Miss Harriet B. Pierce and Mrs. Donald of Boston.

* * *

Mrs. John L. Gardner of Boston announce that she is to open Fenway Court to the public for a week beginning March 24. Visitors will be admitted to view the art treasures of this beautiful place under the conditions that have prevailed at other times when the owner has extended a similar invitation. Requests for tickets are not confined to residents of Boston or New England. From far-away places they come, and many art lovers at a distance plan their visit to Boston so as to include the opening of Fenway Court.

* * *

Mrs. William E. Rowe of Winthrop avenue was the hostess, Thursday afternoon, for a meeting at which Mrs. Milton P. Higgins, president of the Massachusetts Branch Congress of Mothers and Mrs. David O. Mears, national vice-president of the Congress were speakers.

* * *

* * *

John La Ture of Sagamore street, has returned to his home after spending two weeks in Meriden, Conn.

* * *

Mr. and Mrs. George Studley Boyce of Watertown, formerly of Braintree, have issued invitations for the marriage of their daughter, Mabel Louise and William Hall Best. The ceremony will take place today at 4.30 o'clock at 40 Langdon avenue, Watertown.

* * *

Dr. Fred E. Jones and Dr. Sidney Hardwick, who accompanied the 5th Massachusetts regiment to Washington, returned today.

MONOPOLY IN IRON ORE

Gayley Denies That It Was Attempted by United States Steel

New York, March 8.—Denial that the United States Steel corporation had any wish to secure a monopoly of iron ore was made by James Gayley, formerly vice president of the corporation, as a witness in the government's suit to dissolve the so-called trust.

"The question of monopoly never entered my head," Gayley testified. "My whole ambition was to see that the corporation had a supply of ore for a long term of years as a matter of self-protection."

Witness added that monopolization was never a subject of discussion among the men with whom he was associated. Not only had the corporation not created a monopoly in the Lake Superior region, he said, but it had left untouched vast ore regions in the Adirondacks and in Nova Scotia, Cuba and Brazil.

MRS. WILLIAM P. JACKSON

Mrs. Jackson, wife of the new senator from Maryland, is one of the latest additions to congressional society in Washington. The Jacksons have taken a house on Massachusetts avenue.

GOOD WORK OF LITTLE GIRLS

Doing Their Share to Aid Others Less Fortunate

The Katharyn Crane Memorial club composed of little girls under fourteen years of age, in looking back over the past year finds it has provided:

Salary Visiting Nurse	$10.00
Salary of Secretary of Associated Charities	5.00
Community Work	15.00
Shoes and rubbers	10.65
Easter Hair-ribbons Children's Hospital	2.28
Car-fares children under treatment in Boston	6.10
Day Nursery	.55
Clothing	9.72
Food	30.19
Flowers for the sick	.75
Freight bbl. to the South	.95
Christmas Cheer	2.00
Total	$93.19

The money that they pay out comes to them at their annual sale and they are hoping this year's event which will be held next Saturday afternoon at Mrs. Emery L. Crane's home, 20 Whitney road will be even more sucessful than last year's. The club works with Miss Purchase's advice and oftentimes at her suggestion. In trying to brighten the lives of the unfortunate, the children have succeeded in bringing much happiness to themselves, and they stand in readiness at all times to "Lend a hand."

EAST BRAINTREE

Mrs. Elizabeth Wood of Brooklyn, N. Y., has been visiting her son Mr. William Wood and family on Liberty street.

Edward Parker of Front street has purchased the new house on Adams street. He will move into it the first of April.

Mr. and Mrs. Hector Hebert of Atlantic spent Sunday with Mr. and Mrs. Joseph Metevier of Hobart street.

Mrs. J. B. Allen of Avon, formerly of Commercial street, East Braintree, is observing her ninetieth birthday today at the home of her daughter Mrs. Sanford P. Record.

Miss Jennie H. Aitken of Shaw street, entertained the members of the G. Y. G. C. club and their gentleman friends last Saturday evening. Games were played and musical selections rendered, after which dainty refreshments were served.

The explosion of a water tank in the coal range in the home of Charles A. Hallberg of Cotton avenue caused considerable damage, Friday morning. An alarm was pulled in from box 26 at 11.30 o'clock. The department responded but there was little fire. All the damage to the house and furniture was caused by the flying parts of the stove. The damage was estimated to be about $1,000.

Mrs. Emma Bradford and son Philip of Turner, Maine, have been the guests of Mr. and Mrs. B. J. Loring for the past ten days. Mrs. Bradford is a niece of Mrs. Eliza B. Ludden. They say that the lumbering business in that state has been at a stand still this winter on account of lack of snow, but the ice crop is bountiful as they have been cutting all they wanted 18 and 20 inches thick. Solid ice with no snow on it.

SOUTH BRAINTREE

Mr. and Mrs. Patrick Moran of Hall avenue welcomed a little son to their home last Saturday.

Mrs. Frank W. Brett of Summer street is entertaining Mrs. Fred David of Damariscotta, Maine.

Thursday afternon, Mrs. L. Paul Chapin of Central avenue entertained the members of the Ivaloo whist club.

Mr. and Mrs. J. Porter Witherell and family are nicely located in James T. Stevens house on Tremont street.

Thursday afternoon Mrs. Williard A. Dunham of Sherbrooke avenue entertained the ladies of the E. Z. bridge whist club.

Hon. James T. Stevens of Tremont street attended a reunion of the members of the legislature of 1888 which was held at Young's hotel, Boston, Thursday.

Monday evening Mrs. Harry A. Simonds of Franklin street entertained the members of the Matrons' whist club at her home. Souvenirs were secured by Mrs. Louis H. Tirrell, Mrs. Marion C. Gillette and Mrs. John T. Conway.

BRAINTREE

Next Friday afternoon Miss Josephine Lang, teacher of the pianoforte, will give a recital-party to her pupils at the home of Mrs. Frank Heap of Middle street.

The Class of 1914 Thayer Academy will give a dance Friday, March 14, in the White Gymnasium at 7.30. Tickets may be obtained from the members of the senior middle class.

Letters remain in the post office for Ramon Davila, Mrs. Mary DeYoung, Miss Mary Gichel, Mrs. William King, Mrs. William Lyons, Mrs. Alice C. Phillips, Mrs. George Robinson, Miss Josie Sampson.

Dr. Charles W. Elliot, President emeritus of Harvard University, will be the speaker at the ladies' night of the Men's club of All Souls' church next Wednesday evening. His subject will be "Rational optimism."

Monday evening, some forty people met at Delta hall to receive instructions from Miss Hayward in dancing. The class is composed entirely of adults who are desirous of learning the late dances. Other lessons will be given later in Cochato hall.

The enthusiasm for base ball is getting greater and greater at the High school, as the season gets closer. The High school has very good prospects for a strong base ball team. Harold Pratt is captain and Lester Nickerson is manager. A glee club is being organized at the High school and it looks now as if it will be a grand success.

At the regular Thursday evening recital at the School of Expression, Boston, Herbert Mann, of Braintree, took part in a farce entitled "Jack's Predicament," by Giselle D'Unger. Mr. Mann showed excellent understanding of character and true farcial situation, which gave additional humor to the lines. He handled the dialogue with understanding, and his pantomime was spirited and natural.

Monday afternoon, the ladies of the Cochato club held their usual bridge whist party. There were six tables in play in charge of Mrs. George A. Arnold. Those receiving the souvenirs were Mrs. Herbert Barker of Norfolk Downs, Mrs. Harrison W. Macomber of Hollis avenue, Mrs. George W. Stevens of Tremont street and Mrs. F. Edgar Norris of Elm street.

Thursday evening Mr. and Mrs. John L. Shepard of Shepard road entertained a party of friends at their home. Whist was enjoyed after which a lunch was served. Prizes were awarded Edward D. Hughes and Edward J. Hughes. The company departed at a late hour. Among others present were Mr. and Mrs. J. Levangie, Mr. and Mrs. Thomas Finnegan, Mrs. Edward Hughes, Mrs. Daniel O'Connell and Miss Lillian Shepard.

Mrs. Carrie F. Loring department instructor of the W. R. C. of Massachusetts accompanied by the department councillor Mrs. Lue Stuart Wadsworth and patriotic instructor of Reynold Corps No. 102, Miss Cemira Raymond presented in behalf of the department of Mass. W. R. C., on Washington's birthday, twenty two flags, 24 by 36, to the Washington and Baldwin schools of Boston. The gift was received by the children with great applause. There are 1600 children in these schools all of foreign parentage.

Last Sunday little Glenice Myrtle White, daughter of Mr. and Mrs. Henry A. White of Washington street celebrated her first birthday by entertaining a number of relatives and friends. There was a birthday cake with a suitable inscription and the usual array of gifts from the guests, a little arm-chair being of special interest. Refreshments of cake, ice cream and candy were provided, and music both instrumental and vocal was enjoyed. Among those present besides the immediate relatives were Mrs. Charles Whitney and son Charles, Mrs. Chester Connell and daughter Cora and Mrs. Walter Blanchard with Beatrice and Kenneth Blanchard. The little hostess enjoyed the occasion and furnished much entertainment in her own way.

SOUTH BRAINTREE

Measles seem to be quite prevalent at the present time. Henry and Carroll Scott of Hall avenue are quite sick with them. Little Grace Proctor is also a victim.

Frank E. Hollis of Taylor street will attend the reunion and banquet of the baseball club at Hartford, Conn., tonight. He will be the speaker of the evening and will probably speak of his experiences in Bermuda.

The next meeting of the Pond Street Cemetery Association will be held at the home of Mrs. C. Harrison Hobart, 845 Washington street, Tuesday, March 11, at half past two o'clock.

FRIEDMANN NOT DISCOURAGED

Stubbornly Going Ahead Despite Adverse Criticism

AUTHORIZED BY GOVERNMENT

State and Municipal Laws, However, Hedge Him About In Endeavor to Prove Alleged White Plague Cure—Plans to Travel Over United States After Visit to Canada.

New York, March 8.—Whether or not Dr. Frederick F. Friedmann, the German doctor who claims to have discovered a cure for tuberculosis, will be allowed to make adequate tests of his newly discovered anti-tubercular serum in this country, because of the laws governing medical practice, is a question.

The German physician, who was offered $1,000,000 by a New York banker if he effected ninety-five cures in 100 cases, has received authority from the United States government to make tests here, it is said, but even with this authority there are state and municipal laws which hedge the practitioner about.

While cries of "fraud" and "mountebank" are ringing about him from New York doctors and public health authorities, Friedmann is stubbornly going ahead. He has promised to hold a clinic in Philadelphia on March 15 and a telegram from that city stated that already 1000 men and women victims of the white plague have made application for treatment.

But the same obstacles exist in Philadelphia as here, and Dr. Dixon, head of the Pennsylvania state health department, has stated he will not allow the German doctor to make any tests or give any demonstrations there, nor will Friedmann be allowed to become a practising physician unless he secures a state certificate.

Meanwhile the board of health of this city is conducting an active investigation of the cultures prepared from Friedmann's serum. This serum, according to the discoverer, is extracted from turtles.

"I will continue my work here," replied Friedmann, when asked if he would buck the opposition which the medical profession is showing to his "cure." The German has been stung to the quick by the criticism.

Dr. Friedmann's secretary answered the queries of hundreds of visitors and reporters. He made the following statement:

"Dr. Friedmann and his brother are going over hundreds of letters. The doctor is sorting the letters into classes representing various sections of the United States, and it is his intention to offer to treat ten patients in each district. The selections are to be made by a board to be appointed by the treasury department of the United States government. On March 10 Dr. Friedmann will go to Canada.

He will go first to Montreal and will then go on to Ottawa. In Montreal he will demonstrate before the Royal Edward institutions. On the 12th he will conduct a test for the benefit of a commission from the Royal Canadian parliament. After a short stay in Toronto, to which city he will go from Ottawa, he will return to New York.

Hundreds of persons called at the Hotel McAlpine to see Dr. Friedmann and his brother, Dr. A. C. H. Friedmann, but both remained in strict seclusion.

HEALTH BOARD GETS BUSY

Case of Leprosy Is Discovered In Boston's Mongolian Colony

Boston, March 8.—Boston's Chinatown was placed under close scrutiny yesterday by the board of health as the result of the discovery of a case of leprosy in the Mongolian colony. The sufferer from this disease is Wong Clang, a resident of Oxford street, and a waiter in a Chinese restaurant.

The Chinaman has been in this country for eight years. He has been in Boston a year and during that time has lived in the Chinese quarter and has worked steadily as a waiter in one of the restaurants.

The health officials made an examination of all of the other employes of this restaurant and of all of the people living in the same house with Wong. They likewise started making examinations of other Chinamen who have been intimate with the afflicted man.

Charged With Theft of $1920

Boston, March 8.—Robert Lequier was before Commissioner Hayes, charged with the theft of $1920 from a French steamship company in Havre. The French government asks for his extradition. The case was postponed for two weeks.

Bartlett Quits Senatorial Race

Portsmouth, N. H., March 8.—John H. Bartlett has retired from the contest for United States senator. He directs the release of all Progressive and Republican voters.

Morse Sails For Home

Southampton, Eng., March 8.—Charles W. Morse, the American financier, sailed for New York on board the Koenigin Augusta Victoria.

THE LIPTON CHALLENGE

New Yorkers Object to the Seventy-Five-Foot Limit

New York, March 8.—Sir Thomas Lipton's challenge for the America's cup will be considered at a special meeting of the New York Yacht club called by Commodore Pratt for March 12. Already a difference of opinion has arisen among the club members whether the challenge should be accepted on the terms proposed by Lipton that the competing yachts be limited to seventy-five feet on the water line.

The deed of gift provides that the challenger, if a sloop, may be anywhere from sixty-five to ninety feet on the water line. The challenger can elect to sail on any water line length within the designated limits of sixty-five and ninety feet and the defender has the same right, and the larger craft incurs a penalty of time allowance.

Lipton's suggestion that both yachts be limited to seventy-five feet would bar out the unbeaten ninety-footer Reliance, which many of the yacht club members believe could successfully defend the cup.

FOREIGN POST FOR MACK

Former Democratic Chairman Is to Be Ambassador to Austria

Washington, March 8.—Charles F. Murphy of New York, leader of Tammany Hall, met President Wilson yesterday afternoon. The visit was arranged through one of the White House secretaries, who said Murphy wished to pay his respects to the new president.

The visit of Murphy and the announcement that Norman E. Mack of Buffalo, former chairman of the Democratic national committee, had been offered the Austrian ambassadorship were two of the most interesting developments of the day, especially from the viewpoint of the New York crowd in Washington. It is understood Mack will accept the appointment.

Mustn't Mar Czar's Picture

St. Petersburg, March 8.—An entire new issue of Russian postage stamps has been withdrawn because the czar's portrait was so arranged that they could not be cancelled without marring the imperial countenance.

MORTGAGEE'S SALE.

By virtue of the power of sale contained in a certain mortgage deed given by Frank C. Soutter and Albertie W. Soutter his wife, in her own right, to the Exchange Trust Company, dated the twenty-ninth day of March A. D. 1911 and recorded with Norfolk Deeds, Book 1172, page 110, duly assigned by mesne assignments to the undersigned, for breach of the condition of said mortgage and for the purpose of foreclosing the same will be sold at public auction on the premises hereinafter described on Monday the thirty-first day of March A. D. 1913 at ten o'clock in the forenoon, all and singular the premises conveyed by said mortgage deed, and therein described substantially as follows:

A certain parcel of land with the buildings thereon situate in that part of Quincy in the Commonwealth of Massachusetts called Wollaston and being lot 13 on Winthrop avenue, as shown on a plan recorded with Norfolk Deeds, Book 492 and Sec. 1 bounded and described as follows: Southwesterly by Winthrop Avenue sixty-five (65) feet; Northwesterly by lot 14 on said plan ninety (90) feet; Northeasterly by lot 26 on said plan sixty-five (65) feet; and Southeasterly by lot 12 on said plan ninety (90) feet. Containing 5850 square feet and being the same premises described in and conveyed by a deed from James Perry and Mary Hunnewell to Albertie W. Sherman (now Soutter,) dated June 6, 1908 and recorded with said Deeds, Book 1088, Page 562. Together with all the buildings now or hereafter erected on the said premises and all heating, lighting, gas or other fixtures installed in any buildings erected. Said premises will be sold subject to any unpaid taxes, tax-titles, restrictions or any other incumbrances of record if any there be.

Terms at time and place of sale.

CHRISTOPHER F. BROWN, Assignee and present holder of said mortgage.

BRIEFS

Mrs. Eben Stocker of Botolph street is confined to her home with an attack of the grip.

Rev. James Sherrin, rector of St. Matthews church, South Boston, is the preacher at the regular weekly Lenten service at St. Chrysostom's church, Thursday evening.

A movement is underway in Wollaston to start a women's club.

Miss Julia Barber of Billings street is on a week's business trip to New York City.

Galahad club of Christ church is rehearsing two plays to be given after Easter.

Rev. F. D. Budlong of St. Marks church, Dorchester, preaches the sermon at the midweek service at Christ church, Wednesday evening.

Notices signed by Mrs. Frederick L. Cheever, Mrs. Charles M. Bryant, Mrs. Nathan G. Nickerson, Mrs. Arthur D. Ropes, Mrs. Walter E. Simmons, Jr., Mrs. Edward O. Woodward and Mrs. William E. Rowe are being circulated in Wollaston for a meeting to be held at Brasee hall, Friday afternoon, March 14th at two o'clock for the purpose of organizing a Women's club for the ladies of Wollaston. All ladies interested in such a movement are cordially invited to attend.

Many of the younger pupils of the Quincy school are absent on account of whooping cough.

Mrs. Charles N. Lord of Bedford street is convelescing at her home after a successful operation for appendicitis at Quincy City Hospital.

Mrs. Robert O'Doherty of Botolph street is seriously ill with pneumonia.

Sunday evening, Rev. T. C. Martin, pastor of the Hall Place M. E. church exchanges with Rev. A. M. Thompson of the United Presbyterian church.

Fred M. Burditt of Clive street is on a business trip to New York.

This Saturday evening the Andover Musical clubs are to give a concert at Quincy Mansion school at quarter of eight to which the personal friends of the school are invited.

Rev. Adelbert Lathrop Hudson, pastor of First church will give the fifth of his series of Lenten sermons, Sunday morning at 10.30, subject: "Character Building" an address to the young men.

Miss Edith Randall is to give a paper on "Unitarian Work in Japan" at the meeting of the Y. P. R. U. of First church on Sunday evening at seven o'clock. All are cordially invited to attend.

Wilson Hammond and Mr. and Mrs. Chase Pope of Billings street have moved to Hartford, Conn., and Mr. and Mrs. Russel Hammond of the same residence; have moved to Somerville.

THE CRUCIFIXION.

The music of "The Crucifixion" by Stainer is to be rendered by the full choir of Christ church under the direction of Choirmaster Wrigley on the evening of Palm Sunday, following the regular evening service.

THE WOLLASTON FORUM.

At the regular meeting of the Forum in the Wollaston Unitarian church Sunday, at 12 o'clock R. S. Hubbard of the Society for the Prevention of Cruelty to Children will speak on "Race Improvement—How shall it be accomplished?—Heredity or Environment?" The public is cordially invited.

DYNAMITE SHIP IS ANNIHILATED

Fifty Men Meet Death In Baltimore Lower Harbor

SIXTY OTHERS ARE WOUNDED

Loading Scow and Tug Destroyed When Hundreds of Tons of Explosive on Steamer Blows Up—Government Collier Two Miles Away Raked to Her Deck—Federal Authorities Institute Investigation to Place Blame—Concussion Is Felt Scores of Miles Away—Property Loss Estimated at $500,000

Baltmore, March 8.—Three hundred tons of dynamite being loaded in the British tramp steamer Alum Chine in the lower harbor, off Fort Howard, exploded, instantly killing fifty men, wounding and maiming three score more, some of whom may die, and dealing destruction to $500,000 worth of property.

The Alum Chine and a loading scow alongside here were annihilated; the tug Atlantic, which twice went to the rescue of imperilled seamen, was set on fire and later sank; the United States collier Jason, just completed and ready for trial, was raked to her deck and her armor riddled, although two miles away, and buildings in Baltimore and cities and towns many miles away were rocked by the force of the terrific explosion.

The cause of the disaster is unknown, but federal authorities have instituted a thorough investigation to place the blame. Excited survivors told conflicting stories, some insisting that a negro stevedore caused the explosion by jamming a pike into a case of dynamite. This is denied by eyewitnesses, who declare smoke was seen pouring out of the Alum Chine's hold several minutes before the explosion occurred.

The estimates of the dead include thirty stevedores and checkers of the Joseph R. Foard company, employed in transferring dynamite from a barge to the Alum Chine, which was bound for Panama; eight members of the crew of the Alum Chine, six men on the collier Jason and the captain and several members of the crew of the tug Atlantic. May bodies may never be recovered from the icy waters.

Of the injured a score are frightfully maimed, their skulls fractured, arms and legs torn off and their bodies terribly lacerated. At least fifteen are expected to die.

Seamen in scores of small craft and Captain Van Dyke of the Atlantic saw smoke coming from the Alum Chine a few minutes before the explosion.

The witnesses say that when the explosion came the steamer jumped from the water as if a torpedo had struck her from below and then fell to fragments, in which were mingled the torn bodies of the dead.

The transport company's scow had been tightly tied to the big steamer and the concussion from the ship's hold blew up the tons of dynamite still aboard the barge in an echoing explosion that increased the carnage and destruction.

Several small craft in the harbor are believed to have been blown to pieces.

For a radius of scores of miles the shock of the explosion was felt. Reports came from many cities and towns where windows were shattered, and it was at first rumored that a disastrous earthquake had done much damage at Baltimore. Report also came from neighboring states and it was said the entire state of Delaware had felt the shock.

For a time it was feared that Sparrows Point, near the scene of the explosion, had been destroyed, but the extent of the damage was confined to a severe shaking up and the shattering of practically all the windows of the village.

At Curtis Bay and Brooklyn much damage in the way of shattered windows resulted. In Canton and Highlandtown citizens rushed into the streets, fearing the villages were about to be destroyed. In several instances persons were thrown to the streets.

DARROW JURY DEADLOCKED

Rumor Says They Stand Ten to Two For Lawyer's Acquittal

Los Angeles, Cal. March 8.—After having been out nearly twenty-four hours it seems that the jury in the second trial of Clarence S. Darrow for alleged jury bribery is hopelessly deadlocked.

All sorts of rumors are in circulation regarding the division of the jurors, the most commonly accepted being that they are ten to two for acquittal.

Against Wish of United States

Havana, March 8.—President Gomez signed the general amnesty bill freeing all political offenders and agitators, despite the note from the United States advising against it, because it would set at liberty some of the most notorious agitators on the island.

NEWS ITEMS FROM MILTON

The second annual dance of the Thursday Evening club will be given in Ellsworth hall, Easter Monday evening. Preparations are being made for the event on an elaborate scale. The floor director will be George Arnold and he will have as his assistants Sam Wood, Allen T. Wood, Dr. A. O. Paulucci, Walter McGuire, all members of the entertainment committee of the club. Morrisettes orchestra has been engaged for the occassion.

Property is rapidly being developed in East Milton under the direction of the Morgan Construction Co. At the present time three new houses are being framed on Granite street.

A lodge of the United Order of the Golden Cross is being organized in East Milton. It will be instituted March 19 at Ellsworth hall.

Mrs. Francis McCarthy is ill at her home, Granite avenue.

The sympathy of East Milton friends is extended to Mr. and Mrs. John Garrity and family upon the death of their son David Garrity on Thursday.

Derby Eaton, for sometime a foreman in the Milton water department has resigned his office. The action came as a surprise to many residents.

In a championship game the Milton A. C. were defeated by the Cunningham gym in basket ball at the latter's gym 20 to 14 Tuesday evening. The game at times had a rough aspect and was hard played at all times. It was the first of a series of three and the outcome is eagerly awaited by all the fans.

The annual town meeting will probably adjourn sine die Tuesday evening when it is thought that all business called for in the warrant will have been disposed of. The acceptance of the acts granting pensions privileges to teachers, firemen and police was a surprise to some who actively opposed the measure.

The death of James Tucker in his 70th year at his home and birthplace, Brush Hill road, removes one of Milton's best known men. He had been ill for about five weeks. He was the son of Elijah and Elizabeth Tucker. He was educated in the schools of the town and became a farmer in his youth. He retired a few years ago.

Frank Richardson of Otis street, East Milton passed away Thursday night at the Convolescence home after a few months' illness. He leaves a widow and son. He was a nephew of J. B. Furnald of Quincy and was known to many in this vicinity being a letter carrier in Dorchester for several years before being transferred to Milton.

VESPER SERVICE.

The regular monthly vesper service at the Wollaston Unitarian church will be held Sunday, at 4.30 o'clock. The musical program will be furnished by the Weber Male quartet with Miss Florence Olney as organist. The public is cordially invited. The following is the order of service:—

If YOU are a young man, and not associated with any other Quincy church, YOU are most cordially invited to come to our meeting.
A warm welcome—Hearty singing—A helpful hour together.

COX GETS CAR AND ONE DOLLAR

Suit Which Has Been in Court Two Years Finally Decided

In the seventh session of the Suffolk Superior court before Judge Crosby, Thursday a verdict was given in the case of Clyde T. Cox of Quincy against R. F. Russell, et al in a replevin suit to recover an automobile. The verdict was $1 for the plaintiff Cox. The case is one that has been pending for upwards of two years, and is the outcome of an automobile owned by Mr. Cox which had been used by Harry Holton for Mr. Cox for demonstrating purposes.

From what can be learned of the case it appears that the car was a Klim, formerly owned by Fred Abbott of Braintree which Cox had purchased from the latter. Holton believed that he could find a customer for the car and Cox allowed him to take it for demonstrating purposes. It is alleged that Holton after using it for this purpose for a time sold the car to a Boston money lender, R. F. Russell, for $300, without authority of Mr. Cox. Later Mr. Cox located and seized the car as his property and brought suit of replevin to legally get possession of it.

Thursday the case was settled, Mr. Cox being given a verdict of $1.

PARLIAMENT ADJOURNS

Harmless Rejection by Lords of Big Measures Passed by Commoners

London, March 8.—Parliament adjourned after one of the longest sessions in many years, having disposed of one of the heaviest programs ever presented by a cabinet.

The two big measures passed by the commons, the home rule bill and the Welsh disestablishment bill, were both rejected by the lords, but they will become laws under the veto act if passed by commons at the next session.

One of the most important legislative achievements was the passage through both houses of the white slave bill, providing for the flogging of procurers.

The only big measure the government was forced to drop was the franchise reform bill, and its withdrawal was caused by the introduction of suffrage amendments.

To get the appropriation bills under way by the usual time, the end of March, it is necessary for parliament to reassemble for the new session next Monday, one of the shortest intervals on record.

INDORSED BY WHITMAN

Present Plan of Governing New York Police Is Satisfactory

New York, March 8.—The legislative commission for remedial police legislation heard District Attorney Whitman testify that, in his opinion, the present plan of governing the New York police department is all right.

"In minor details," said Whitman, "the plan might be improved; as a whole, it is satisfactory. The mayor is the one man directly responsible to the people. The whole trend of best municipal thought has been to fix responsibility on the head of the government. The scheme is correct. I think it unwise to give the police commissioner a ten-year term. The commissioner's and the mayor's terms should be coterminus."

BOY DIDN'T KNOW NECK WAS BROKEN

Discovery Is Made Two Years After Accident Occurred

North Adams, Mass., March 8.—Oliver Roberts, 18 years old, has just discovered that he has been going about with a broken neck for the last two years. He was hurt playing football, and recently his neck began to cause him pain.

A physician found the sixth cervical vertebra dislocated, if not fractured, several inches of the upper part of the spine out of place, and the first rib in the right side drawn up at an angle by the pull of the muscles and forming a hard lump at the base of the right side of the neck.

An X-ray examination disclosed conditions in accord with the doctor's diagnosis. Two more X-ray examinations will be made, and it is possible that the case will be called to the attention of a specialist.

Regulating Hatpins In Maine

Augusta, Me., March 8.—The legislative committee on public health has reported favorably on the bill to regulate the length of hatpins.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WILSON STANDS FOR ECONOMY

President Takes Determined Position on the Subject

OPPOSES CLASS LEGISLATION

Working Along Lines of Action Adopted When Governor of New Jersey—Cabinet Officers to Act as Buffers Regarding Appointments—Cabinet Work to Be Public

Washington, March 8.—After four days of Woodrow Wilson in the White House, Washington has discovered that the new president is working along a very carefully prepared plan of his own, fresh details of which are being revealed.

For example, another illustration of his method of protecting himself for the purpose of expediting business was given when Chairman Fitzgerald of the committee on appropriations called by appointment at the White House, found the president waiting for him and enjoyed three-quarters of an hour of uninterrupted conversation. The room was empty except for the two men, no officeseekers were hanging about in the outer rooms, and Fitzgerald, after telling his story, went away much pleased with his visit. General matters were discussed and the conversation covered also the subject of economy, upon which the president has taken a decided position.

The president will demand Economy with a large E. Whether this means a support of the economy and efficiency commission cannot be indicated, but an understanding on the point is expected before long.

Close friends of the president say that not only is he working along the lines of a plan of his own in dealing with men and things in Washington, but that his action in many cases can almost certainly be predicted upon what he has done as governor of New Jersey. Thus it is taken for granted among his intimates that he will advise the Democrats of the Illinois legislature to elect the winner in the primaries, J. H. Lewis, because in New Jersey he had insisted upon the election of James E. Martine. So of the clause in the sundry civil bill exempting labor and farmers' unions from prosecution under the Sherman act, it is expected by his friends that he will no more favor an evasion of the law in behalf of one class than did President Taft.

It is said that where Wilson in the past has definitely expressed himself with respect to an issue he will follow as president, and that the citizen who would predict the president's course in Washington would do well to study his career in New Jersey. It is pointed out that his actions as governor related more to legislation than to administration, and partly for this reason it is believed that he will not concern himself intimately with the minutiae of departmental affairs in Washington.

Though officeseekers have been requested by President Wilson to address themselves to the heads of the various departments, the members of the cabinet will act merely as sifters of the mass of applicants and their decisions will not be final.

This was made clear at the White House. Published statements that the announcement of the administration's policy about officeseekers might result in a situation whereby the attorney general, for instance, made appointments of federal judges before whom the government's case might be tried, brought forth the explanation that such an expression was erroneous. It was declared that the heads of the departments might make recommendations of their own accord, but at best they would act as buffers for the president, bringing before him a final set of names for each particular office.

When the cabinet meeting broke up yesterday President Wilson let it be known through Secretary Daniels of the navy department that he proposed so far as possible to pursue a policy of publicity regarding what takes place around the cabinet table. Yesterday's meeting, it was said, took up the work of organization where Wednesday's left off.

JAMES P. CLARKE

Arkansan, Will Be President Pro Tem. of Senate

SURPRISE IN SENATE

Clarke Is Chosen President Pro Tempore In Contest With Bacon

Washington, March 8.—Democrats of the senate chose Senator James P. Clarke of Arkansas for president pro tempore of the senate over Senator Augustus O. Bacon of Georgia, by a vote of 27 to 14. The outcome was a great surprise, as it was considered Bacon would be elected. The caucus choice is equivalent to an election in the senate.

After nominating Clarke the caucus chose Rev. F. J. Prettyman, a Methodist, as chaplain, to succeed Rev. Ulysses G. B. Pierce of the Unitarian church, which Mr. Taft attend.

A BOSTON GIRL'S BUDGET.

"Think-It-Over" Posters Tell Hubbites What the Money Spent for Rum Might Purchase—A Novel Anti-Intemperance Campaign — "Second Florence Nightingale" Celebrates Wedding Anniversary in Historic Hall of Flags—Ninety-Two Year Old Bay State Suffragist in Inauguration Crush—A Large Gift for Musical Education.

"Think-It-Over" posters represent a novel method of spreading anti-liquor preachments that has been devised by a group of Back Bay men and women and will soon be put into operation. These will be placed at conspicuous points in the main thoroughfares of the city warning against alcoholic abuses and emphasizing the economic side of the question. An example of the form of poster is given: "Ten cents a day spent for liquor, would buy in a year: 5 barrels of flour, or 120 pounds of butter, or 130 dozen of eggs, or 730 pounds of sugar."

Another poster enumerates the fact that liquor causes one-fifth of our insanity, one-fourth of our poverty, one-half of our crime, and is probably responsible for two-thirds of our social evil. The posters will doubtless make many people "think it over."

An event of much interest to all New England took place in the State House on Beacon Hill when the famous old Hall of Flags was given over to the purpose of honoring the fiftieth wedding anniversary of the "second Florence Nightingale" and a noted veteran of the Civil War. Mr. and Mrs. John A. Fowle, the recipients of this unique honor were married fifty years ago in the House of Representatives at Washington, by the chaplain of the House, after a special act of congress had permitted the use of the House for this purpose. Mrs. Fowle was a beautiful singer and a noted army nurse, and her husband was also a singer and prominent in Washington. Both were friends of Lincoln and the the great number of soldiers to whom Mrs. Fowles had ministered previous to her marriage demanded that they be allowed to attend the ceremony. The notable incident attendant on this ceremony was when the bride in her orange blossoms and wedding veil turned at the request of the audience crowding the House of Representatives and sang "The Star Spangled Banner." The Golden Wedding was fittingly honored by the presence in line of Governor Foss and other notables. Mr. and Mrs. Fowle have devoted themselves to patriotic work, and Mr. Fowle has long been identified with the Dorchester Historical Society's efforts in perserving the Old Blake House and other noted landmarks.

Boston suffragists were prominent among the events of the Inauguration. They, too, suffered from the stings and arrows of outrageous treatment at the hands of the Washington mob. A large contingent of Massachusetts women took part in the pageant. Miss Margaret Foley, Mrs. Mary Hutcheson Page and Mrs. Susan Fitzgerald are leading spirits in the Boston group, and Miss Foley was called upon to begin speechmaking immediately upon her arrival at the capital several days previous to the inauguration. She was among the speakers at the great mass meeting held at the Columbia Theatre. One member of the suffrage body which left for the capital was Mrs. Judith Smith of East Boston, 92 years of age, and among the most enthusiastic of suffrage workers in the Bay State. Her activities extend back to the early days of Julia Ward Howe and Lucy Stone, and she feels taht the cause is worthy the effort necessary at her age to take part in the procession.

Boston's preeminence as a centre of musical education will be still further enhanced by a gift of $100,000 which has just been received by the New England Conservatory of Music from a donor who prefers for the present to be anonymous. This gift is an important step toward creating an endownment fund for the eldest and largest American music school. Director George W. Chadwick says that the main purpose of the gift is to establish scholarships and to reduce the debt. "This is by far the largest contribution made to the New England Conservatory of Music" he states, "since Mr. Eben Jordan's gift of the adjacent lot of land on which the Conservatory is eventually to be extended. With the exception of a few scholarships given by private individuals the New England Conservatory has no endowment. The debt incurred for the new building has been somewhat reduced, but a large amount still remains to be paid." It is recalled that a quest for free scholarships was started some time ago at the Conservatory. This has resulted thus far in the creation of several scholarships. Meantime the proposal to enlarge the present Conservatory building is said by Mr. Chadwick to be one which may receive impetus from the present gift. Lack of a sufficient number of teaching rooms and of an assembly room has for some time been felt by the management. The need of more dormitories is another of the Conservatory's problems which the annoymous generosity may help to solve. The growth of the New England Conservatory which before long must make expansion inevitable has been steady and progressive since the present management took control. Ten years ago there were about 1,800 students. The registration last year exceeded 3,000, making the problem of a accommodation a serious one.

Ethel Angier.

Boston, March 7, 1913.

FIRST UNDER NEW LAW

Liquor Shipped From Outside States Is Confiscated In Oklahoma

Lawton, Okla., March 8.—Invoking the authority of the Webb law, prohibiting wholesale liquor shipments into "dry" states, officers confiscated forty-three cases of whiskey and sixteen cases of beer which had been shiped to local "dealers" by firms in Forth Worth, Tex., and Kansas City.

The consignment was found at the depot.

Schoolmates See Child Mangled

Waltham, Mass., March 8.—While 200 of his school companions looked on, Joseph Roach, 6 years old, ran directly in front of an electric car and was ground beneath the wheels. He was rushed to the Waltham hospital, where he died last evening.

FOR DIRECT SENATE VOTE

Indiana The Thirtieth State to Declare For Constitutional Amendment

Indianapolis, March 8.—Governor Ralston has signed the joint resolution which ratifies the amendment to the federal constitution providing for the direct election of United States senators.

This makes thirty states that have voted for the amendment. Six more states are needed.

BRIEFS

Rev. Adelbert Lathrop Hudson of First church is to give the address in the Y. M. C. A. roms at the monthly meeting under the auspices of the Women's Auxiliary, Friday afternoon, March 14, at three o'clock. All are cordially invited. Mrs. I. W. Sneath will conduct the devotional services.

Some good scores were made Friday afternoon at the George L. Gill Rebekah lodge whist party. Seven tables were in play with the following souvenir winners: Mrs. J. Birnie 54; Mrs. B. Porterfield 52; Miss M. L. Furnald 48; Mrs. Emma Marnock 48; Herbert Seldon 47; Mrs. William Westland 46 and low honors to Mrs. Jardine 25.

Cement Gun.

There is a cement gun which is used to apply a mortar covering to structural steel work. A mixture of dry sand and cement is shot from a nozzle by compressed air. A second hose delivers to the same nozzle a supply of water under pressure, and the mixture of sand, cement and water is shot out with a velocity of about 350 feet a second. The nozzle is arranged to produce a thorough wetting of the material. As the mixture strikes the surface to be covered, the coarse sand grains rebound until the fine cement mortar, which adheres immediately, has formed a plastic base in which the coarse particles become imbedded. A covering of any required thickness is then rapidly built up.

One of these guns has been used on the Panama canal in covering the sides of the Culebra cut with cement, to prevent the unstable earth from sliding into the canal.

Dutch Labor Insurance

The Hague, March 8.—The second chamber of The Netherlands parliament adopted a bill providing for compulsory old age and sickness insurance for workingmen.

The Advantages

By using our **Wall Board** as a substitute for laths and plaster.

1. You secure a less expensive and more sanitary material.
2. You make a big saving in labor.
3. You do away with the nasty job of plastering.
4. You save the time lost while plaster is drying.
5. You protect yourself against dampness, cold, cracks.
6. You make it easy to get at pipes, etc.

This is the only wall board ready decorated; others have to be papered, stained or painted. Our Wall Board comes with a handsome natural hardwood finish effect that can scarcely be told from real finished hardwood when laid side by side.

GAVE $100 TO CLARK

Writer Lewis a Witness In Inquiry Into Thaw Bribery Scandal

Albany, March 8.—Alfred H. Lewis of New York, a writer, told Governor Sulzer's committee of inquiry what he knew concerning the recent efforts to secure Harry K. Thaw's release from the Matteawan state hospital for the criminal insane. He said he was given $100 by Thaw, which he gave to William F. Clark, then secretary of the governor's committee of inquiry.

Lewis said he first visited Thaw at the institution about six weeks ago, at the instance of W. A. Stone, whom he described as "the attorney for the Thaw family."

"Mr. Stone told me," Lewis continued, "that the current of ink had always run against Thaw—that is, that the newspapers were almost unanimously against him—and that it would be a good thing if something could be said the other way."

FOUND DEAD IN BED

Aged Woman Recluse Had More Than $15,000 In Her Home

East Kingston, N. H., March 8.—Bank books and securities representing more than $15,000 and $75 in cash were found in the home of Mrs. Dorothy Goodrich when officers forced their way in at the request of neighbors, who reported that Mrs. Goodrich had not been seen for some time.

The woman was found dead in bed. Death was due to natural causes.

Mrs. Goodrich was 85 years old and had lived alone a number of years. So far as the authorities know she had no children or other immediate relatives.

A Russian Episode

In Which a Passport Plays an Important Part

By EDWARD R. CHANDLER

At twenty-two years of age I found myself with a fortune and my own mistress. My parents had died when I was a little girl, and I was brought up by an aunt, who had a family of her own and was not sorry when I became independent of her, though she had nothing to do with my support. For some years it has been considered quite allowable for American girls of independent character and means to travel abroad by themselves without escort. Acting upon this, I resolved to see the world.

After visiting those countries in Europe that are a common ground for tourists I became curious to see Russia. I was warned to keep away from the snowy empire on account of the revolutionary troubles infesting it, but this only heightened my desire to visit it. I saw no reason why I should have any trouble. I had no desire to depose the czar and if I had would never have thought of contributing my puerile powers to that end. Before leaving America I had received a passport from the state department, and, though I had had no occasion to use it in other countries, I knew that I would need it in Russia.

But before going there I resolved to learn something of the Russian language. I spent a winter in Florence, Italy, where I found a teacher, and by spring was enabled to converse fairly well in Russian. Had I not been thus prepared I should not have this story to tell, for the story came from making an acquaintance, and I could not have very well made, or at least retained, the acquaintance without being able to speak Russian.

After passing by train the border of the empire a young girl who got into my compartment was good enough to answer questions I asked about St. Petersburg, giving me information as to where I might abide. Girl tourists seldom go to hotels; they almost always stop at pensions or apartments, and the greatest drawback to their journeying alone is arriving at a town not knowing of such a house in which to locate.

The Russian girl told me that she was going to St. Petersburg without a chaperon and had been provided ahead with apartments by friends. When she heard that I was an American she seemed to take an especial interest in me, asking me about my country and how to get there. I noticed her studying my features and my general appearance, but why she did so I was at a loss to know. Before we reached the capital I was surprised at her proposing to share her apartments with me during my stay there. Since I must go among strangers anyway and had become favorably impressed with her I told her that I would be greatly obliged for the privilege of staying with her, at least till I could find permanent quarters.

I found the apartments very comfortable. I supposed they were expensive and questioned my friend about the rental. She replied that she did not know; I need give myself no concern about that; I might pay her whatever I liked. But I did not let the matter drop till I had arranged the price, and since I saw no occasion to hunt for another lodging I settled myself where I was for an indefinite stay. We were served by a cook and a chambermaid. There were four bedrooms, though we needed but two. Indeed, we were provided with every comfort.

My friend's name was Catherine. Her other name being very hard to pronounce I do not give it here. Like most of her countrymen, she was very fair both in hair and complexion. There was an uneasy, restless look in her eye which did not correspond with naturally passive features. Why she came to St. Petersburg, who were the friends who had provided her with these apartments, what she was doing at the capital, she did not tell me. No one ever came to see her, but I fancied that she must go to see others, for she spent very little time at home. I, too, was out a great deal, seeing what there was to be seen in the way of sights. Indeed, the only time we met during the day was at luncheon and at dinner, but we usually spent our evenings together.

One night I was awakened by an illness and, getting out of bed, went to Catherine's room for assistance. She was not there. A clock was ticking on her dresser, and I noticed that the hands stood at half past 1 o'clock. The bed had not been disturbed. I was very much astonished. She had said nothing about expecting to go out during the night, and could not understand how she would do so without an escort. I went back to bed and lay there wondering. What should I say to her in the morning about finding her absent? I concluded to wait for her to speak about it. I lay till morning before getting to sleep, the matter of the mystery I had stumbled upon keeping me awake far more than my illness. Indeed, the former quite drove the latter away.

Catherine and I met at breakfast, but she made no mention of having been out during the night, and I concluded not to say anything about having been ill. It occurred to me that I had better change my quarters, and after a few days I said to her that I thought I had trespassed upon her kindness quite long enough and I would go and visit several pensions, of which I had a list, with a view to moving.

I was much surprised at the troubled look that came over her face at my announcement. She asked what she had done to offend me, and when I replied that she had done nothing she said that I must not think of leaving her till I left St. Petersburg. She seemed so averse to my going that I told her I would remain awhile longer. She asked how long, and I put her off by replying a week or two, perhaps longer. This seemed to satisfy her, and I thought I saw her draw a sigh of relief.

One morning Catherine did not appear at breakfast. At this meal, though it was a light one, she was very regular, and I was somewhat surprised. I went to her room and knocked. Receiving no reply, I opened the door. The bed had not been slept in, but the chamber was disarranged, as though the occupant had left it hastily. I asked the servants where was their mistress. They knew no more than I, and they did not seem to care since their wages had been paid up to the end of the present month.

After I had eaten my breakfast I went to a boudoir adjoining my bedroom to get some money which I kept in a desk there. Pulling out a drawer, I came upon a roll of bills (exactly 60 rubles) that I had paid Catherine the evening before for board and lodging. Surprised, I pulled out other drawers and on opening the one in which I kept my passport found it missing.

I was taken quite aback. I had never dreaded to lose my money, for if I did I could get more, but since coming to Russia I had not relished the idea of losing my passport. I questioned the servants, but they were stupid creatures and could suggest no explanation. I felt assured that neither of them had taken it, for if they had cared to take anything they could have had money.

I involuntarily turned to Catherine as the person most likely to have taken my passport. But why? And why had she left the money I had paid her in my desk? I was all at sea with regard to the matter. I went to a window and stood looking out, musing. Knots of persons were standing about talking earnestly with one another, as though something had happened or was about to happen. I sent a servant out to buy a morning journal, but there was nothing in it of an unusual nature.

Calling a drosky, I drove to the American embassy and reported that my passport had been stolen. The young man to whom I made the statement took down my name, where I lived and all about me that I would tell him and told me that he would send me a paper to take the passport's place. As I was about to go away I asked if anything unusual had happened. He called me into his office and, after shutting the door, said in a low voice that an attempt had been made the night before to assassinate a minister in his bed, but it had proved a failure. He had only been severely wounded. When I asked if the assassin had been caught he said "No."

Catherine did not appear, and after lunch I went out and engaged rooms at a pension, removing my baggage the same evening. I left word with the servants that if their mistress returned to tell her that I had gone and give her my address. I was terribly uneasy for several days. I could explain nothing as to Catherine's action and feared that I had been involved in some mysterious plot against the government—indeed, she might be connected with the one to assassinate the minister.

A week after Catherine's disappearance one morning on arriving and going to my dresser there lay my passport.

"Great heavens!" I exclaimed. "Will these mysteries never cease? Surely I am in danger. I shall use this document to get out of Russia as soon as possible."

That very night I took a train for the west. When I reached the border where the passports are taken from the passengers for examination mine was kept a long while. When it was returned to me I was asked a great many questions. Fearing trouble, I gave no more information about my story in Russia than I could help. Finally the officer, handing me the passport, left me, and I suspected that the officials fancied that they had seen it not long before. However, I got away from the czar's dominions safely and have never since had a desire to return to them.

It was a year later when in a store on Oxford street in London, standing at a glove counter, I happened to look up at a lady standing beside me. She looked at me at the same time. She was Catherine.

She turned deadly pale and started to walk away, but stopped, turned again and put out her hand to me.

That night we met, where I do not care to say, and what she told me I will not repeat, except that she had appropriated my passport as a means of leaving Russia. She was going to St. Petersburg when I first saw her for a purpose which would necessitate her sudden flight. Noticing that she and I would pass under one description, she had invited me to stay with her for the purpose of using my passport. She was the principal actor in a plot in which a number of revolutionists were involved. They provided her apartments for her and had hurried her out of St. Petersburg, but with my passport.

From London I sailed for America, and I never have seen Catherine since.

PASSING GAME DID THE TRICK

Haverhill Given Decisive Drubbing By Quincy

COMS. VS. LATINS

Quincy High beat Haverhill High in one of the best games they have played this season in the local gym Friday afternoon, 29 to 18. The score at the close of the first period was 16 to 6 in Quincy's favor.

Quincy played a fine passing game which aided in Sam Prout starring with eight fine baskets to his credit. Hamlin went in during the last three minutes of the game but did not get an opportunity to score. All the others had one or more baskets to their credit.

The visitors played hard and their passing was of good quality. They seemed to be unable to keep the ball away from Quincy when they had a chance to score.

Many humorous incidents developed during the game which more than pleased the small gallery.

A special game between the Latins and the Commercials resulted in an overwhelming win for the former by a score of 45 to 6. The players on the winning contingent were Earl Bates, Crocker, Leon White, James Martin and Richard Crane. The losers team consisted of Gilliatt, Ralph Prout, Safford, Jepson, "Kip" Young and "Whet" Brown. Paul Larkin took Crocker's place after the latter had done most of the scoring for the Latins. Page also played in place of Crane in the last moments.

Friday afternoon the season will close when Milton High plays here. A hot game is expected, with the odds slightly in favor of Quincy.

Quincy High school second team will play Winthrop High school team for the junior championship of the state. It is expected that it will be the fastest junior game played here for many seasons.

The summary:

QUINCY HIGH		HAVERHILL HIGH
Andrews rf		lb Brasseur
		lb Davis
S. Prout lf		rb Greene
Brown c		c Moore
		Getchell
Larkin rb		lf Hodskon
		McKay
Jenkins lb		rf Estey

FIFTY MUTINOUS ARABS ARE SHOT

Prefer Death to Fighting In Terrific Cold of Europe

Constantinople, March 8.—Fifty Asiatic soldiers in the Turkish army on the Gallipoli peninsula were shot to death for mutiny. Their bodies were then hung up as a warning to others.

The Arab soldiers, used to warm climes, were overcome by the terrific cold of Europe and became so numb they could not fight. All welcomed death gladly, which removed much of the effect of the "example."

Plan to Check Suicides

Berlin, March 8.—Owing to the increasing number of suicides, the municipal authorities are considering offering gold medals to all persons preventing others from killing themselves.

BIRTHS

MACDONALD—In Quincy, March 7, a son to Mr. and Mrs. D. E. Macdonald of 61 Edison park.

DEATHS

HUNT—In Milton, March 6, Mrs. Eliza E., wife of Charles L. Hunt, aged 59 years and 9 months.

OLDHAM — In Atlantic, March 7, Mrs. Sarah W., widow of Charles Oldham of 16 Madison street.

BUSY NIGHT ON THE ALLEYS

Many Rolloffs In the Local Leagues and Good Scores

WALTHAM BEAT GIRLS

The busiest evening in bowling circles for many weeks has come and gone. All the leagues had rolloffs.

In a special match at the Boylston alleys, Boston the Waltham Girls beat the Quincy Girls 4 to 0. The game was the first of a series. All matches will take place in Boston because of the distance between Waltham and Quincy.

Miss Vincent of Waltham and Grace McGivney were tied at 102 for high single. Miss Porter had best total of 262.

Paul Poehler cut loose in the Fore River league and rolled a total of 359 jumping Baker's record of 350 by nine. He rolled with the Government Draftsmen and helped them beat the Patternmakers, 4 to 0.

B. Flaherty made a new West Quincy league record at St. Mary's hall by getting total of 319. Hall Place the league leaders, of which he is a member were given their first bump since they started, Copeland Street beating them 3 to 1.

At the City Square alleys the Granites beat the Melon Chopees in the City league, 4 to 0.

Other Fore River matches at the Coliseum resulted as follows: The Yard beat the Electricians 3 to 1, the Machinist Floor and the Machinist Gallery split even while the Pipe Fitters and Shipfitters also split even.

The league standings show Cranch easily leading in the Quincy City League and Weymouth in first position in the Old Colony league. Neither place is secure however.

The standing:

CITY LEAGUE.

	Won	Lost	Pinfall
Cranch	30	2	9099
Granites	22	10	8902

BROUGHT HERE FOR BURIAL.

The funeral of Albert N Turner, a former West Quincy resident who died of apoplexy at Hardwick, Vt., took place this afternoon from the home of his daughter, Mrs. F. A. McWilliams, 62 Quincy avenue. Services were conducted by Rev. B. A. Willmott. Burial was in Hall's cemetery, West Quincy.

Mr. Turner was 72 years of age. He leaves a daughter, Mrs. F. A. McWilliams, one son, Albert Turner and a brother George Turner.

LATE TRAIN BRAWLERS SCARCE TOOK HEED OF WARNING SOUNDED

Saturday Night Witnessed a Wonderful Improvement in This Department

Unsteady Ones Quiet and Soon Hustled Out of the Way

Mayor Stone, Chief Burrell and a large squad of officers were on duty in City Square Saturday night, meeting all of the late trains to round up the drunks who usually come home on these trains and make a nuisance of themselves and annoy other people. Unlike Saturday, a week ago however things were a little quiet. The first train met was that due at 11.02 but not one unfortunate fell into the police drag net. There were several who had a few in but they were able to take care of themselves and by bracing up they got by without getting pulled in. When the cars left for Quincy Point an officer accompanied each car but there was no disturbance.

The same thing was true of the next two trains, although when these trains arrived the police auto stood near the depot so that any one who fell into the hands of the police could easily be bundled into the patrol wagon.

There were quite a few who arrived on these trains that had been looking on the wine when it was red in the cup or the beer when it foamed on top but they were orderly. Some who had a little more down than others were wise enough to leave the train near the extreme end, that is near Saville street and they beat it down that street in the care of friends. Up to the arrival of the 11.46 train not a single arrest had been made on the arrivals of the trains, and there had been no disturbance of any kind on the street.

It was evident that the raid of a week ago had good effect and that the regular boozers were wise to what would happen to them if they did not keep the straight and narrow path.

The Quincy centre depot was not the only station that was watched for extra officers were on duty to meet trains at the Wollaston and Atlantic stations. As a result of this crusade there were but very few unfortunates that had to spend the night as guests of Sergt. Bishop.

Mayor Stone does not intend to let up however for the same thing will happen next Saturday night and every Saturday night until things have become such that people may ride on the cars or be on the street without running up against a gang of drunks and brawlers who make it so unpleasant for quiet and orderly people who attend to their own business.

OLD RESIDENT BURIED.

The funeral of Mrs. Annie M. Hunt, a long time resident of Weymouth and for over 50 years a regular attendant at the Trinity church took place Sunday afternoon from her home on Broad street. Rev. William Hyde, rector of Trinity church, officiated. Mrs. A. N. Hunt, a daughter in-law was the soloist. Burial was in the Old North cemetery, Weymouth.

MORE BLACKHAND LETTERS RECEIVED BY MAYOR STONE

Dire Vengeance Promised Unless Court Official is Immediately Ousted From Office

The Writer Also Pleasantly Seeking Scalp of Inspector Goodhue

Mayor Eugene R. Stone has received another black hand letter. It came to him Saturday through the mail, and like the first letters received late last year threatens him dire vengence unless certain things are done. It will be remembered that the black hand letters received by the Mayor late last year were in reference to the appointment of certain city officials. This letter however attacks a prominent official of the district court no less a personage than Judge Albert E. Avery, and accuses the Mayor of securing his appointment and that if he is not removed something will happen. It also refers to the appointment of Inspector Goodhue of the police department, who the writer also wants removed.

In one part of his letter the writer evidently trying to quote scripture says "Unless these men are recalled their bodies will be returned to him who created them."

As in the first letter it is written in ink on a half sheet of ledger paper, the words are incorrectly spelled, although it is not possible to tell whether the poor spelling was intentional or through ignorance of the writer.

Late Saturday night Mayor Stone showed the letter to William E. Hingston. Although Mr. Hingston at that time did not have in his possession the first letter by which to compare the handwriting, it was his opinion that the letter received Saturday was written by the same party who wrote the letters received late in December and early in January.

Mayor Stone does not feel at all alarmed over the threats and has turned the letter over to Chief Burrell. His Honor refused to give out for publication the full text of the letter.

QUINCY WOMEN'S CLUB.

Editor Daily Ledger:

The Quincy Women's club will elect a President tomorrow for the two ensuing years. As there appears to be some misunderstanding regarding the situation a spirit of justice seems to require a brief statement of certain facts in the case.

The nominating committee felt that its duty lay in simply presenting, as candidates, the names of women best fitted for the various offices, with the result that after careful consideration Mrs. Chandler W. Smith was asked to accept the nomination for President and it is but fair to state that she refused to run until a double list was prepared with Mrs. Wilson Marsh selected as the other choice. Mrs. Marsh however gracefully declined to be a candidate and Mrs. Smith was persuaded to run alone.

The plan of a double list was successfully arranged in some of the offices and the ballot presented at the club meeting at Alpha hall. Here opportunity was afforded the club to consider and pass upon it. No objection being made it was duly approved as the official ballot of the club.

That any members disapproving the ballot should have failed to express their opinion at this, the proper time and then strive by appeal by telephone, or in person, to discredit the accepted nominee is certainly to be deplored, and such proceedings even if intended as a tribute to Mrs. Marsh is a great discourtesy to Mrs. Smith as well as being directly contrary to the expressed wish of Mrs. Marsh, who has stated that she would not serve even if elected.

Should the members feel that this is the time for an expression of appreciation of the service rendered the club by Mrs. Marsh, it would appear that a more acceptable means could be found than acts which may tend to disrupt the election and reflect on the dignity of the club and the courtesy of its members.

After conferring with Mrs. Marsh I may further say that in her letter declining the nomination she spoke of her desire for the best good of the club and assured the committee of her confidence in Mrs. Smith's ability to better serve the club in this capacity and expressed herself as glad that Mrs. Smith consented to serve as it had been her purpose in the past few years to give her chance of election to Mrs. Smith if it came to her. With the assurance that they would continue to work together in the future as in the past for the success of the best things.

ATTRACTIONS OF WASHINGTON

As Seen By Fred Williams and William Tarbox

EXCEEDED ALL EXPECTATIONS

Fred D. Williams and William E. Tarbox returned Saturday morning from their trip to Washington very enthusiastic over our National capital, the Inauguration of President Wilson, and their entertainment, and grateful to the people of Quincy and the publishers of the Daily Ledger who made the trip possible. Under date of March 7 they write as follows:

FRED D. WILLIAMS.
Daily Ledger Prize Winner.

Editors Daily Ledger:

Realization far exceeded anticipation, for we had little idea that Washington, D. C., was such a magnificent city. We are delighted with it, and congratulate ourselves that we were winners of the Daily Ledger popularity contest for the free inauguration trip, which has proved so successful and enjoyable.

Frank F. Prescott of the Daily Ledger and other friends accompanied us to the South station, March 1, and wished us bon voyage. We left by the Fall River line and were soon aboard the steamer Commonwealth, bound for New York. The weather cleared and it was a most enjoyable trip.

Arriving in New York, our baggage was transferred by Marster's agent and we went about sight seeing. The streets in New York on a Sunday morning are not very crowded and give anyone a grand opportunity to see the city.

At 11.50 we went aboard the Royal Blue train and were comfortably seated in a parlor car, and were all ready for Washington. It was very interesting to note different places en route. We arrived in Washington at 6.30,

(Continued on Page Four.)

McDEVITT CASE UP AGAIN TODAY

Timilty Favors a Hearing Behind Closed Doors

BY SENATE COMMITTEE

The case of Senator McDevitt of Quincy, who made sensational charges of bribery which later he withdrew will come before the Senate today, probably with the recommendation of the committee on rules which will try his case.

It is understood that Senator Timility, because of whose absence in Washington the delay in the disposition of the case was brought about favors another hearing and behind closed doors. It is quite generally agreed by the senate that McDevitt will be suspended for a brief but definite period.

Senator Timility who was absent during the McDevitt alleged bribery probe said Saturday he favored another hearing so Senator McDevitt could have a chance of talking behind closed doors. He said he could understand that not being a lawyer, the Senator could easily become confused. He further said that further action depended upon the outcome of the hearing.

JEREMIAH MAHONEY DEAD.

Jeremiah S. Mahoney died Sunday at his home 11 Thayer street, aged 58 years. He was well known in this city and leaves a widow, one son, John of the Electric Boat Co., of New London, Conn., and three daughters, two of whom are Eleanor of the Fore River office and Elizabeth of the Fowle store in City square.

He was a blacksmith by trade and was for 30 years employed by the Wild Carriage Co., and later by the Emerson Carriage Co. For a year or more he has been in the employ of the Fore River Co.

He was an active member of Div. 5 A. O. H. and Quincy Branch Irish National Foresters.

SUDDEN DEATH.

Mrs. Elvira Smith died suddenly from rheumatism of the heart at her home 65 Front street, Weymouth, yesterday. Mrs. Smith had apparently been in the best of health and her death came as a great shock to her relatives and friends. She was a member, and had held office in Delphi Temple, Pythian Sisters of Weymouth.

MEETING FAR FROM UNANIMOUS IN TONE ON NEW CITY CHARTER

Oppose the Referendum on Grounds That Fair Expression is Not Produced

City Council Committee Will Be On Deck at the Hearing

In response to invitations sent out by James S. Whiting and the Mayor quite a few citizens met in the office of the Mayor Saturday night to discuss the proposed changes in the City Charter. The meeting was an entirely informal one and no vote was taken either in favor or against the proposed changes. There was an informal discussion in which most of those present took part. All present however were not in favor of the proposed amendments and considerable opposition was expressed by some of the gentlemen. The main argument of those favoring the scheme was that the citizens be given an opportunity to say whether they wanted the charter changed or not. Most of those present were willing that the questions should be put up to the voters but some were against it putting up the argument that experience had shown that as a rule the referendum had not brought out a fair expression of opinion.

COUNCILMAN DEVANEY.

There were a number of features in the proposed changes that were objected to while on the other hand some of those present expressed themselves as being heartily in favor of all the proposed changes.

Quite an opposition is being developed against the proposed changes, the opinion gaining ground that the charter itself is all right but that the faults lies in the administration of the charter.

At the last meeting of the City Council an order was passed for the appointment of a special committee to appear at the hearing before the committee on Cities of the legislature next Wednesday and oppose the amending plan. Councilman Devaney chairman of this committee said Saturday that he intended to show the citizens that, this committee was no joke, although some people had been kind enough to so refer to it, and that he should attend the hearing and do all in his power to carry out the vote. He also said that the other members of the committee would as strenuously oppose the proposed amendments.

Aside from the committee and those who were instrumental in introducing the petition and bill it is certain that the hearing will be very largely attended by citizens both for and against the proposed changes.

EDITORIAL COMMENT.

Another beautiful fight in New York without a scratch.

The Cubans do not seem to understand the meaning of the word gratitude. Perhaps there is no such word in their language.

If one single railroad is so big that it is beyond management how about the rest of the roads of the country. They should immediately shut up shop.

Is Washington jealous of the notoriety accorded New York. First they act disgraceful with peaceful women and later deny ability to meet the situation.

Joe Wilson will get his'n before long either from brother Woodie or the senate.

The president's former stenographer has sued her school because they advertised her as one of their graduates It is about time she received an offer to do a vaudeville stunt or a monologue.

Little Bennie dispenses more wisdom and readable matter in some quarters than others.

As the President will have it so, there appears to be nothing doing except to get as next to the secretary of the department in which you need a job as speedily as possible.

Some people appear in the lime light so much, advocates or opponents of almost everything under the sun, that it would not be surprising if they should lose their number once in a while.

Some people wonder that Bryan and Lodge should be on friendly terms. There is nothing in the code which prevents gentlemen from conducting themselves as such under any circumstances.

The Americans will not rely on the old Reliance. A new boat must be built to defend the cup.

By the way that $500 cup has cost a lot of money to hold.

It is about time for some expert to tell how the cost of holding it could have been reduced in the past 50 years.

Bowling, has secured a hold upon the public that is deserving. It is a clean, wholesome sport without any chance of faking.

Everybody who comes to Boston is loud in their praise of the place, its people, buildings and enterprises, but as soon as they get beyond the smoke column of either the North or South station, there is a change of tone and expression.

All of which means that much taffy is handed out but little of it is the pure product of the cane.

The senator who announced that his legislative committee was prepared to listen to any citizen upon a subject matter in which he was interested has the right idea of it.

BROKEN IDOLS.

On many sides are broken and shattered idols and the great good that is developing from the crashing of those creatures of clay, will in time become apparent. At every hearing, meeting, session, on various and divers subjects, including every nature of undertaking under the sun, there is a certain group or collection of people of both sexes who assign to themselves the tremendous task of solving those affairs. Their opinions are sounded from one end of the country to the other. It matters little what they said or what it really means, but, John Jones, of course that is not the name of the official mouthpiece of Massachusetts, or Mrs. Wiggs, which is of course not the name of the only self authorized, seriously appointed and degreed woman in the state to understand everything from farming to woman suffrage, inject themeselves into every hearing, no matter what the subject.

Those people have been tooted so much that they really take themselves seriously and the editors all over the country are not to be blamed that they figure daily in the news columns. That is what your genuine, self-constituted guardian or committee holding the care and guidance of the public, attends to at the right time, which of course is the start of the career. And so the thing goes on year after year. John Jones is against this company and against that company. He is a public benefactor.

His love for the people is unbounded. It is a beautiful thing. It matters not if he is a mere director in a half dozen big corporations or represents others in other capacities. He is working for the people. The defender of the people. And the same way Mary Ann Wiggs is just as diligent in her pursuits for the people. Well, as a matter of fact the people gain very little by such championship, but the championship make those champions vauable to some one else in other directions.

But even at times the defenders fail in some instances. Once in a while the mask is permitted to be torn aside. There is the chance to fathom the self appointed people's champions. In their eagerness to drive a shaft into some particular enemy, they lose their poise for a minute. An unguarded phrase or word escapes them. Watch for it. It will come as sure as the sun rises and sets. Some extravagant metaphor, some high sounding and catchy phrase which staggers by its mightiness and strength for the minute. But analyze it. It means nothing. It is nothing but a wild cat, catchy statement. The champion in that one brief minute has laid himself bare to the people if they will only accept the opportunity. Phrasing is cheap, but wild utterances which are not borne out by judgment, business sense of intelligence call for proper consideration by the people as to their worth and value and the depth and disinterestedness of the alleged champions who utter them.

VANDALISM.

It is difficult to conjure up punishment adequate to inflict upon the miscreant who defaced those battle monuments at Gettysburg. When one thinks of such an act, it seems hardly conceivable that there could exist a person, or persons so mean, small, degraded, devoid of all sense of decency or honor, or so completely lacking in respect to the memory of the heroes of the civil war that they could commit such depredation in cold blood.

The monument of the Thirty-Seventh Massachusetts was one of those which came under the sacrilegious touch of the miscreant.

The Boston Post suggests that the offender should be placed between a double row of the survivors of that gallant regiment, and made to run the gauntlet. Too tame by far; wholly inadequate; the punishment would in no way fit the crime. The writer forgot probably that the number of survivors are few and that none of them are below the 60 year mark. No if the person is found, if the wretch is in his right mind, and it is to be hoped for the honor and credit of American citizenship that it is the act of some mental unfortunate,—then a commission of intelligent Simon Legrees should be appointed to administer what in their judgment would in a measure punish but not completely wipe out the miserable act.

INGRATITUDE.

Ingratitude, thy name, is Cuba. Strange indeed it is that to Cubans, Americans, or rather residents of the United States, are not a particularly desirable personage to meet. Indeed for a long time, ever since shortly after the Spanish war there has not been any great warmth on the part of Cuba or Cubans, towards the people of this country. It is a wonder that such a state should exist, but it is a fact, nevertheless and one that seems to be unaccountable. It is only a few years since the Cubans were wallowing through their native island, lowly, fighting here and there, suffering all sorts of degradation and punishment from their masters the Spaniards. Then came the Spanish war, brought about, heavens alone knows just how, but brought about nevertheless and Cuba is free. The result. The President of the United States issues a request regarding certain policies in the island, through his secretary of state and it irritates the president of this little four by nine island. He gets on his dignity and does just what he is requested not to do. If the United States had in 1898 minded its own business or ignored requests and supplications, probably Cuba would be the same today that it was then. But she did not and the result. It is time that the United States asserted itself in no uncertain way with regard to its southern neighbors, both on and off the continent.

GRASS FIRES MAKE IT LIVELY

Firemen Kept on the Jump to Put Them Out

LARGE AREA BURNED

The alarm from Box 155 at 1.15 Sunday noon called the apparatus from Atlantic and Wollaston and the central station auto combination for a lively grass fire in the rear of the residence of James H. Penniman opposite Merrymount Park. The fire started near the railroad track and burnt over several acres. There were several houses in the direct line of the fire, including the residence of Mr. Penniman and it looked for a time as if these places would catch. Neighbors fought the fire for a time but it was getting the best of them and an alarms was sounded. The additional apparatus brought by the alarm soon had the fire out but not before it had burned over several acres.

Shortly after 3 o'clock Chief Litchfield went to a still alarm for a grass fire off Adams street. A stream from the chemical attached to his car extinguished the fire.

At 4.40 the central station auto and the Chief responded to a still alarm for a lively grass fire at Merrymount Park which burned over quite a territory. The apparatus soon extinguished the fire.

At 7.46 an alarm was sounded from Box 73 for a fire in the woods in the woods in the rear of the residence of the late John L. Eldridge which extended through to Winter street. Several acres were burned over before the fire was put out.

Sunday afternoon the Auto Combination at Atlantic went out on a still alarm for a grass fire along the boulevard.

Combination No. 4, at Quincy Point went out on a still alarm at 10.25 Sunday morning for a fire in the engine of an automobile owned by I. H. Monk of Brookline. The fire was extinguished by a chemical stream.

DR. THOMAS DIED FROM BURNS

Victim of Gasoline Burning at Dorchester

WIFE ALSO BURNED

Dr. Carlton R. Thomas of 67 Minot street, Dorchester, who was so terribly burned Saturday morning following an explosion of gasoline in the garage of his home, died at the Homoeopathic hospital, at 9.15 o'clock, Saturday night. His wife had been with him a short time before, but did not learn of his death, until she had reached her home about an hour later when she collapsed. She is suffering from burns about the hands, sustained in her efforts to put out the flames which enveloped her husband, when his clothing caught fire.

Dr. Thomas was one of the best known of the Neponset physicians where he had lived 12 years. He was born in Whitman, 35 years ago, received his early education in the town and graduated from the Boston University Medical school. He was at one time connected with the Homoeopathic Hospital. He leaves a wife and two small children.

The children are Clifton R., Jr., two years old and Martha about one month old. Mrs. Thomas has been contralto soloist with the quartette of the First Church in this city. She had obtained a leave of absence some few weeks ago and had resumed her duties with the quartette last Sunday. The terrible accident and affliction which she encountered Saturday, made it necessary to engage a substitute yesterday.

Mrs. Thomas has the sincere sympathy of all the people of the First Church because of the heavy burden of sorrow which has been put upon her at this time.

GALEN HAPPY AFTER HIS TRIP

Saw a Democratic President Installed Into Office

SHOOK HANDS WITH HIM

Dr. Galen Vincent Bowditch, happy in the realization of his life long ambition, namely to witness the inauguration of a Democratic president, returned from Washington, Saturday. He recited with deep emotion of having conversed with President Wilson, in the White house when he shook hands with the president. Galen told President Wilson that he came from Quincy, the birthplace of two presidents, of the United States and that he had voted the Democratic ticket, 54 years. President Wilson, after hearing this remarkable tale exclaimed, "Good for you."

BENEVOLENT ASSOCIATION

To Be Organized By Catholic Women For Worthy Purpose

At a meeting for the formation of a branch of the Catholic Ladies Benevolent Association at the Quincy Council Knights of Columbus rooms Sunday afternoon 40 Catholic women declared their intention for membership. The organizer is Mrs. Mary Lind of Dorchester.

The object is to extend the distribution of Catholic charity on an organized basis and under the direction of a spiritual director.

Before the organization can be complete the members will have to undergo a physical examination because of an insurance feature attached to the membership.

WEYMOUTH BOARD OF TRADE.

The March meeting of the Weymouth Board of Trade was held Thursday night and was well attended President E. W. Hunt was in the chair and first business report of committee in which the executive committee reported the following standing committees:

Transportation: Fred S. Sampson, John F. Dwyer, E. E. Leonard.

Telephone and Lighting: R. B. Worster, Geo. H. Pressing, Bert B. Wright.

Taxation: Geo. L. Barnes, A. P. Worthen, R. S. Hoffman.

Insurance: E. S. Jordan, W. H. Cushing, M. Sheehy.

Membership: M. E. Hawes, John F. Hughes, W. W. Pratt.

New Enterprise: W. B. Binnian, Fred Humphrey, Charles A. Spear.

Home Trade: W. P. Denbroeder, Frank W. Stewart.

Publicity: Sidney R. Cook, Louis C. Hunt, C. Q. Tirrell, Edw. Mulligan.

Public Playgrounds: W. B. Binnian, C. D. Whittle, H. F. Torrey, M. P. Garey, L. A. Cook.

Soliciting Committee: Harry A. Torrey, Sidney R. Cook, W. W. Pratt, S. C. Hunt, F. H. Torrey.

The warrant for the Town meeting was taken up and many of the articles discussed.

RESTORE YOUR GREY HAIR TO ITS YOUTHFUL AND NATURAL COLOR

Easily, Quickly, Surely, Safely, by Hay's Hair Health

Don't neglect your hair or allow it to become grey, thin, dry or lifeless. A beautiful head of natural colored, luxuriant radiant hair is priceless to every woman. Why not have it and keep it so? Why be prematurely grey and grow old-looking before your time?

By all means don't let your hair become grey or faded and full of irritating and annoying Dandruff when Hay's Hair Health will bring back its youthful color and remove the Dandruff almost immediately.

It is simple, safe, easy to use and harmless. Its use cannot be detected.

Don't waste time thinking or worrying about your grey hair, or take chances with new and untried preparations—get a bottle of Hay's Hair Health today. It's so nice and clean to use and has been used and given absolute satisfaction for twenty-five years. Give it a fair trial, the grey hairs will disappear in no time and you'll be delighted with it.

Druggists guarantee to refund your money if you are not satisfied with Hay's Hair Health.

Free: Sign this adv. and take it to the following druggists and get a 50c. bottle of Hay's Hair Health and a 25c. cake of Harfina Soap for 50c.; or $1.00 bottle of Hay's Hair Health and two 25c. cakes of Harfina Soap Free, for $1.

TO EXPERIMENT WITH MONKEYS

Friedmann Culture Will Be Tested by the Government

OFFICIALS MEET THE DOCTOR

Scientific and Impartial Judgment of "Cure" For Tuberculosis Will Be Secured—Marine Hospital Service Will Extend Experiments to Human Beings If Culture Is Good

New York, March 10.—Dr. John F. Anderson, director of the hygenic laboratory of the public health and marine hospital service, and Dr. A. M. Stimson, surgeon of the service, arrived here from Washington to confer with Dr. Friedrich F. Friedmann on his serum treatment of tuberculosis. The two government officials requested a sample of the serum with with they will return at once to Washington.

In making its tests the government will not risk innoculating human beings with the serum. The government will devote the next few months to experiment with it on monkeys. It is announced on the authority of Surgeon General Blue that these tests will be thorough to the last degree and entrely fair to Freidmann.

Dr. Friedmann, who has treated seventeen more persons who have varying forms of tuberculosis, leaves here tonight for Montreal. There he will demonstrate his serum and address an association for the prevention of tuberculosis.

Dr. Friedmann had a two hours' conference with Dr. Brannan, president of the board of trustees of Bellevue hospital. He explained the preparation of his serum and his method of treatment. Brannan later said he was favorably impressed by the personality of the German physician.

The seventeen patients were treated at the offices of Dr. Mannheimer and Dr. Stern, at 41 West Fifty-first street, in the presence of fifteen physicians. The patients were warned to say nothing to newspaper men of the treatment. Eleven of them were suffering from pulmonary tuberculosis, one had the disease in the hip, two in the knees, two in the bladder and kidney and one in the glands. In the case of one of the patients with tuberculosis of the knee, his physician had decided to operate, but is having the patient try the Friedmann method as another resort.

Surgeon General's Attitude

Washington, March 10.—Surgeon General Blue says he is instituting the federal tests of the Friedmann cure with an "open mind," determined to secure a scientific and impartial judgment. This statement is taken to mean that the government's judgment will not be swayed by the success or failure of present tests, nor by the judgment of any physicians.

In the federal laboratory the growth of the organism, the cleaning of dead tubercular tissues and every other phase of tubercular growth will be studied. The tests are expected to extend over several months.

If the Friedmann culture is found of value in the monkey tests, Blue stated that experiments would then be made upon tuberculosis patients at Fort Stanton, N. M.

GIVEN UP FOR LOST

Six Fishermen Who Left Boston During Gale Probably Perished

Boston, March 10.—The three T wharf motor dories, containing six Italian fishermen of this city, which which have not been seen since Thursday, when they left Boston for Plymouth in the teeth of a northwesterly gale, are now given up as lost.

After cruising about in the bay and along the coast for many hours Saturday and yesterday, the revenue cutter Itasca, which had been ordered out to look for the missing men, reported by wireless that they had found nothing of the boats or men.

HAD HIDDEN IN HAYSTACK

Groom-to-Be Suddenly Reappears After Being Mourned as Dead

Springfield, Ills., March 10.—After having remained in concealment in a haystack near his home for thirty-six hours and being mourned as dead, after searchers had scoured the country for him, Medford Cruishank, who mysteriously disappeared on the eve of his wedding to Miss Mae Hall, appeared at his home south of this city.

He says he can remember nothing. His fiancee received him with joy.

Maine Town Badly Scorched

Presque Isle, Me., March 10.—The business section of Presque Isle was damaged to the extent of $100,000 by fire. Starting in the basement of Green's block the blaze spread rapidly, and before it was controlled Green's block and Friedmann's block were destrayed.

Twelve Lost In Wreck

Hull, Eng., March 10.—The trawler Admiral Togo was wrecked off Reykjavik. The crew of twelve were drowned.

Capital $150,000. Surplus $200,000

If It's Strong Enough For The State It's Strong Enough For You!

This bank is a legal depository for funds of the Commonwealth of Massachusetts. It is a strong and substantial institution. It is managed with the best interests of its depositors in mind. MEETINGS ARE BROKEN UP

Suffragettes Are Having Hard Time With London Crowds

London, March 10.—The suffragettes held meetings again yesterday at Hyde Park and Wimbledon Common. Five thousand persons assembled in the park and swarmed about the speaker's platform and by a deafening din prevented any word of "General" Drummond's speech from being heard. The pressure of the surging crowds to storm the platform at length became so great that police reinforcements were hastily summoned.

Mrs. Drummond and her colleagues were rescued from their perilous position with some difficulty.

At Wimbledon similar scenes were enacted. Scarcely a word uttered by the speakers were audible, and they, too, had to be protected.

Another meeting, at Hempstead Heath, was still more disorderly. The din of comic songs and the shouts of laughter of the disturbers could be heard half a mile distant. Eggs were thrown at the speakers and the meeting finally broke up in the greatest confusion.

CARRANZA FORCES ROUTED

Fight In Northern Mexico Results In Victory For Federals

Mexico City, March 10.—General Aubert reported routing the forces of General Carranza, rebel governor of Ccahuila, in an engagement near Annele, and is pursuing them into the hills.

No details of the battle have been received here yet, but if the victory is as decisive as reported it will be a heavy blow to the rebels in the north and may cause the collapse of the move for the five northern states to secede.

Another fight is reported to have occurred at Reata, in which the federals lost twenty-three killed and the rebels thirty-six.

ENDS LONG JOURNEY STRAPPED IN BOX

Man With Broken Back Makes Thousand-Mile Trip

St. Paul, March 10.—Bound in a casket-like box to protect his back, which is broken above the hips, Eugene Thayer of Assiniboia, Sask., has reached the end of a 1000-mile journey where he hopes to find relief.

Thayer, in charge of his brother, arrived late last night at Rochester, Minn., where he seeks medical service in a private hospital.

Thayer was injured Feb. 22 and was taken to Moose Jaw, where physicians told him he might be able to obtain aid in Minnesota. The journey was made in a special compartment in a baggage car, with the patient strapped in a box.

THREE ANSWERS TO AD.

Men Willing to Sell Blood to Save Life of Shoemaker

North Adams, Mass., March 10.—Saturday night an advertisement appeared in a local newspaper to the effect that a good strong, healthy man was wanted who would sell a small quantity of blood to save the life of Charles Nichols, who is in the North Adams hospital suffering from blood-poisoning. Yesterday three men, all anxious to sell their blood, applied at the hospital.

All were strong and healthy looking and willing to undergo the transfusion operation. One of them was selected and told to come back to the hospital today. His name was not made public, but it is understood that he is a well-known athlete.

Nichols is a shoe shop man and while at work several weeks ago pricked his finger with a tack, blood-poisoning resulting and he has been in a serious condition ever since.

CASTRO PLANNING REVOLT

Said to Have Offered Frederick Command of New Expedition

Havana, March 10.—It is generally believed here that General Castro's trip to Cuba and the presence of the steamship Bodo are simply ruses to divert attention from the real activities of plotters against Venevuela, whose headquarters are in the southern states of the United States.

Great interest was aroused by the report that Colonel Frederick, erstwhile chief of artillery under General Gomez, had been offered the command of a Castro expedition to Venezuela by Castro.

Frederick admitted he was approached by Castro, but asserted he emphatically declined. Frederick's apparent connection with Castro probably will shift the seat of news about the revolution to southern states.

Pratt's Vienna Bread

Baked expressly for those who appreciate the best. Always uniform in quality and quantity.

YOUR GROCER

QUINCY REGISTRY FOR NURSES

SUNDAY IN OUR CHURCHES

Topics and Announcements For Coming Week

SUNDAY SCHOOLS

HALL PLACE CHURCH.

Rev. T. C. Martin of the Hall Place M. E. church took for his text Sunday morning "Sanctify yourselves, for tomorrow the Lord will do wonders among you." Joshua 3-5. He said that if it were not a sacred custom to take a text from God's Word he would be tempted to take his text, from President Wilson's inaugural address and as it was he felt that no sacrilege would be committed if he used both in his sermon. The text to which he referred was "This is not a day of triumph, it is a day of dedication."

Mr. Martin in his sermon spoke highly of the president who in his inaugural address "dared to be brief" and to voice that which was a part of his real life.

Sunday school was held at 12 M. The Juniors met at 3 p. m. The Epworth League Devotional service at 6.15, subject "The Nature of the Kingdom," Miss Hilda Francis led the service, assisted by Miss Edna Burke.

Rev. A. M. Thompson, occupied the pulpit in exchange with the pastor at the evening service. His text was taken from Acts 26-19. "I was not disobedient to the heavenly vision."

Friday evening a class meeting will be held in the small vestry at 7.30.

Wednesday evening the Ladies Aid Hold another of their quarterly socials. Miss Chamberlain of Boston who has proved so interesting in the past will be the reader of the evening.

Sunday, will be observed as David Livingstone day by Epworth League. By request of that committee the pastor will preach a special sermon on Livingstone at the morning service. In the evening the League will hold special services with an appropriate program.

WOLLASTON UNITARIAN.

At the morning service Rev. Carl G. Horst preached from the text "Every scripture inspired of God is also profitable for teaching, for reproof, for correction, for instruction which is in righteousness," 2 Timothy 3, 16, and at the Vesper Service from the text "I am the Way"—John 14, 6. The preacher said: "Jesus is to us of the twentieth century, as he was to the early Christians, the Way. Jesus is not the goal he wanted his desciples to attain, not the end which he wanted them to strive for, not the place he wanted them to reach, but the way to these. And he would not have said 'way' unless he meant to be understood as using the word in its common every day meaning. As once before he called himself the door, so now he speaks of himself as the way to God. Now some churches teach that Jesus is not only the way to God, but God himself. You might as well say that the road to Plymouth and Plymouth itself are one and the same thing. Just as the road to Plymouth and Plymouth are not identical so Jesus and God are not one and the same person. We follow the road till it brings us to the village, so we follow Christ to bring us to God. Too often in revival meetings one hears the name of Jesus, as though there were no God. To me it is irreligious to hear petitions by the dozen addressed to Jesus and none to the Heavenly Father. I would as soon think of praying to Buddha or Govoaster or Paul or Wesley or Channing as to Jesus, not because I do not love our Lord, but because prayer is soul communion with God. We of the liberal faith reject the doctrines of creeds, because we accept the teachings of Jesus and when he tells us he is the way to God and is ready to lead us to his Father and our Father, his God and our God we believe him. Yes, dear Lord and Master of us all, thou art the Way."

Tuesday, at 6.30, the Wollaston Unitarian club meets in the vestry. After dinner Hon. Frank H. Pope of Leominster, Mass., will speak on "The Present Spirit of Unrest—the Cause and Remedy."

Wednesday, at 2.30 P. M. the Ladies Aid Alliance meets in the vestry, subject "The Story of the Church of the Disciples. James Freeman Clarke and his Contemporaries." Mrs. William H. Boynton is in charge.

Wednesday 7.45 P. M. the next to the last in the series of special midweek Lenten services for the deepening of the moral and religious life will be held. The preacher is the Rev. Roger S. Forbes of Dorchester, one of the best preachers of the Greater Boston clergy.

The Young Peoples' Religious Union has a life membership now of 206, the last name to be added being that of Walter M. Hatch.

The Easter music will be rendered by a double mixed quartet.

The new hymn book, the new service book, a new collection of responsive readings, and a Minister's Handbook will all be ready in September at the beginning of a new church year.

The church is cordially invited to be represented by minister and delegates at the installation of the Rev. Harold G. Arnold as minister of the First Parish Unitarian church in West Roxbury Sunday, at 3.30 o'clock.

The annual party given by the church to the members of the Sunday school last Friday evening was a pleasant affair.

Will those who wish to present the church with an Easter offering of memorial plants or flowers kindly notify Mrs. William E. Rowe, chairman of the Easter Flower Committee —telephone Quincy 1526 W.

The Junior Lend-a-Hand club meets with Miss Dorothy Atwood, 557 Hancock street, Tuesday, at 4 o'clock.

WOLLASTON METHODIST.

Large audiences were present at all of the services Sunday at the Methodist church. At the morning service Rev. Wesley Wiggin, the pastor, took for his subject, "The Cost of the Highest Purposes of Life." He said in part: "To realize the highest purposes of life cost something. There is nothing that is worth having except it costs something. Man cannot jump all at once into character. Man is self willed and self centered. Men are mastered by sin and overcome by temptation because they do not exercise their will power, or seek in any way to control their spirit, or check their sinful tendencies or curb their passions. Like fire not under control that burns the home, destroys property, or like water that bursts the dam and carries death and destruction before it, so men with unbridled appetites, untrained faculties, unguided purposes, unchecked tendencies, uncontrolled passions and false ideas of christian liberty, enter upon their life's career with the hope that they may win, but alas, too often failure and a ruined life is the inevitable result. Stumbling blocks are put in the way. The obstacle in the path would do us no harm if it were not for the erring foot that seeks to follow after it, nor the attractive prize if it were not for the hand that longed to lay hold upon it, nor for the glittering allurments were it not for the eye that kindled at the sight of it. Our Lord who has been speaking with reference to those who put stumbling blocks in the way of his children, turns their attention upon themselves. This same principle is found in the sermon on the Mount. Our Lord felt the importance of the principle . Therefore the highest purposes of life can be realized only as we surrender or cut off whatever hinders us from its attainment. There are many persons who fail to realize the highest purposes of their lives simply by an over indulgence in lower occupations, which in themselves be perfectly right. Here is a young lady who spends so much time in reading novels that she finds no time to help the tired mother or to lighten her burdens in any way; here is a young man so given to athletics that his studies are neglected and he fails in his examinations; here is a woman so given up to clubs, society and amusements that home duties are neglected and the children are uncared for; here is a man so given up to lodges, banquets and social functions that he seldom spends an evening at home; and so we might and find instances of the way in which innocent things, and the excessive and unwise use even of harmless things are destroying men.

"And much more is this true in regard to religion which is the highest object of pursuit, and regard to those powers by which we lay hold of God. Better sacrifice a lower for a higher good; an inferior for a superior thing; a lesser for a greater benefit. Paul says, 'All things are lawful for me but all things are not expedient; All things are lawful for me but all things edify not.' We must think of those whom we touch and with whom we mingle. Consciously or unconsciously we are influencing some life. We shall either lift them to a higher plane of living or cause them to sink to below their present conditions.

"When Christian men and women find prayer wearisome, christian thought dull, and christian service unattractive, and they begin to make light of those means of grace which have made them all that they are and have largely made possible their success in life, then whatever other people may say or think, it is time for them to stop to consider their ways and give up those practices and indulgencies. We need to cultivate all sides of our Christian character. Whenever a lower occupation hinders the operation of a higher then we should surrender the lower and cultivate the higher and realize the greater benefit."

The Sunday school was in charge of J. A. Sedgwick, the superintendent. At the close of the lesson W. E. Robinson spoke of the school, of the importance of building the strongest type of lives and urged all to build themselves into lives of purity and strength. He spoke of intemperance. He said the children imitate what they see the older ones do hence he urged all to be careful how they lived in order that their examples might be helpful. He spoke of the effects of an intemperate life and urged the boys to be temperate and asked all the boys to stand who pleged themselves not to smoke or use intoxicating liquors. The response was unanimous.

The Junior League was in charge of the pastor, and the Epworth League meeting was led by Miss Alfreda Dewsnap. At 7 o'clock the pastor spoke on "Heroism." Miss Marguerite Louise Holbrook was the soloist for the day singing "Love Divine All Love Excelling" and "There is Hour of Hallowed Peace." which were greatly enjoyed by all present.

The choir will rehearse in the vestry Tuesday at 7.45 o'clock. The midweek service, Thursday evening will be in the charge of the pastor at the close of which the regular Sunday school board meeting will be held. The Fourth Quarterly Conference will be held Friday evening at 7.45 o'clock in the vestry. Rev. Dillon Bronson, D. D., will be present and conduct the business. The Ladies' Aid Society will meet Monday afternoon with Mrs. Wesley Hills, 152 Beale street, at 2.30 o'clock.

WOLLASTON CONGREGATIONAL.

Those who attended the morning worship at the Wollaston Congregational church Sunday were privileged to hear a wonderfully strong sermon by Dr. Sneath on the subject "Young People and the Church." Throughout, it was a clear, logical statement of the reasons why young people should unite with the church, a strong appeal to them to be guided by these reasons. The theme of the whole discourse was Paul's question "What shall I do?" and Christ's answer "Go, and unite yourself with Christian men and women in the church of Jesus Christ, and then confess me before the world." "This," said Dr. Sneath, "is an obligation we cannot escape."

The first part of the talk, not addressed directly to the young people, was a simple presentation of the psychological reasons why people should unite with the church at an early age. "For many reasons," said Dr. Sneath, "youth is the period of life in which to confess Christ and unite with the church. That is the time in which many important decisions are made. It is then that young men and women choose their vocations and begin to prepare for them. If youth is fitted for such decisions as these it is certainly fitted for a decision in favor of Christ and His Church. Of course everyone knows more at thirty than at fifteen, but that is no reason why people should not assume responsibilities at fifteen. This applies to the responsibilities of the church as well as to those of other walks of life. Then, too choices are more easily made early in life than later on. If at twelve or fifteen years of age, a young person is told that he is too young to join the church and that he had best wait a little, he will put off the step indefinitely and perhaps never take it. If young people are brought up in the church's environment of good they are kept out of the environment of worldly selfishiness. It is infinitely better to train them up in the church than to leave them outside its influence." Dr. Sneath here cited the action taken recently by the Roman Catholic Church in accordance with which every child of six years of age shall have the communion of the Lord's Supper. Since the adoption of this action there has been a remarkable growth in that church. At the psychological moment it took the right step.

The second part of his talk was addressed to the young people themselves.—"Why," he asked them, "should they unite with the church? First, because Jesus Christ did. At twelve years of age he entered the temple and afterward attended its services regularly. He is said always to have done right in the sight of his heavenly father. We can surely afford to do as Jesus Christ did, and thus work for the primary department of life—the development of character. In this direction the first aim of young manhood and young womanhood should be to do good and to be good. Then life will bring a larger blessing and a richer heritage. No young person is going to be asked to be an angel, but just to be a man—a woman—in the truest sense of the word. Between the ages of twelve, and twenty-two, many decisions are made that will make or mar the coming years. If, during these years, young people decide for Christ and the church they will decide wisely and well. In these ten years every young man and woman needs the help of older men and women in the church. By the fellowship in team work they will become better fitted for their own Christian service. It is but another instance of the truth of the saying "Old men for council; young men for war." "And more than all," said Dr. Sneath addressing the young people directly, "God has a claim upon you. You do not hesitate to recognize other claims —those of parents, schools, society— why should you hesitate to recognize this? God has an obligation resting upon you. All good things come from His hands. Throught him we live and move and have our being. What ought we to do in return? And why put off the decision? Today is yours, tomorrow may not be."

BURIED IN QUINCY.

The funeral of Mrs. Benjamin Hayden, a former Quincy resident, who died at Randolph took place from her home there Sunday afternoon. Burial was in Mt. Wollaston cemetery. The deceased was 84 years of age. About 60 years ago she lived in the house opposite Newcomb street, Quincy Neck. Since then she has resided in Randolph.

CHRISTIAN ENDEAVORERS

Big Gathering of County Delegates at Milton

TO MEET FIELD SECRETARY

The Christian Endeavor Societies of the Quincy churches are planning to send big delegations to the East Milton Baptist church, this evening, to hear Karl Lehmann, interstate field secretary of United Society of Christian Endeavor. Mr. Lehmann is devoting the first three months of the

KARL LEHMAN,
Interstate Field Secretary of the United Societies of Christian Endeavor.

year to a tour of the cities and towns of Massachusetts. He is to spend this week in Norfolk County and the East Norfolk Endeavorers are to have this opportunity to hear him. Mr. Lehmann is one of the four leading Christian Endeavor experts in America and is looked upon as the brightest and most forceful speaker of all. This meeting in the East Milton Baptist church is to be a regular bimonthly meeting which means that the usual interesting contest for the Union banner will take place.

NEW BRIDGE RAISE HOPES

Of Extension of Street Railway to West Quincy

BILL CALLS FOR $75,000

Considerable local interest is being taken in the hearing before the legislative committee on bridges Tuesday on the bill for the building of a new Granite bridge between Neponset and Milton. The present bridge at this point is a wooden one and is in bad condition. It connects Neponset with Granite Avenue leading through Milton to Quincy and is a street much used by teams. A part of this street is also a state highway. It is understood that the bill calls for an appropriation of something like 75,000. West Quincy people are particularly interested in the new bridge for if it is built they see better prospects of getting the street railway line from Quincy to East Milton extended from East Milton over Granite avenue to connect with the Boston Elevated line at Adams street.

SQUANTUM ACTIVITIES

Little Joe Uppling Had a Birthday Party

ORGANIZATION MEETINGS

Joseph Uppling, Jr., son of Mr. and Mrs. Joseph Uppling, Bellevue avenue, celebrated the tenth anniversary of his birth at his home Saturday afternoon, by entertaining a few of his friends from two to five. All kinds of games were played including a peanut hunt which furnished lots of fun. A dainty lunch of ice cream, cake and fancy cookies was served by Mrs. Uppling, assisted by Mrs. J. R. Nelson.

Two beautiful birthday cakes with ten candles on each all aglow made a very pretty decoration for the luncheon table. Master Joseph was the recipient of many nice gifts and the little guests wished him many more happy birthdays as they departed.

Among those present were: Roger Nelson, Madeline Nelson, Helen White, Harold Larsen, Robert McKay of Roxbury, Edith Olson, Roy Olson, Richard Franklin Nelson, Hazel Watts and Francis Callahan.

John R. Nelson of Brunswick street has returned from Cuba where he went with C. E. Carlson to look over land that Mr. Carlson is interested in. Mr. Nelson acquired a rich tropical tan while on his trip.

A regular meeting of the Squantum Improvement association will be held Tuesday night at the bungalow of John R. Nelson, Brunswick street. Several matters of importance will be brought up including the electric car schedule, the acceptance of Huckins avenue, Bellevue road and Dorchester street and the lighting question.

Dr. and Mrs. Hiram Morse, Roxbury spent the week end at their bungalow on Bellevue road.

Miss Phyllis Bostwick of New York has returned to her home on Brunswick street, for her annual vacation.

The Squantum Women's club will hold a regular meeting at the home of Mrs. James Foster, Park avenue, on Wednesday afternoon. A large attendance is hoped for.

Walter Mardon, son of Mr. and Mrs. John Mardon of Border street, who has been confined to his home for some time with an injury is able to be out doors again.

Mrs. John Jepson has won distinction by being the first bather of the season at Squantum.

One mild day recently she donned her bathing suit and took a dip. She found the water so cold that her plunge was of short duration.

JOHN GRADY HACKMAN DEAD

Familiar Figure In the City For Many Years Victim of Pneumonia

John Grady, one of the best known carriage drivers along the South Shore died at the City Hospital, Sunday afternoon, of pneumonia after an illness of only a few days, aged about 50 years. John Grady has been a familiar figure about the Quincy depot for years having been a public carriage driver, and employed for the greater part of the time by Penniman & Son although he had been engaged at times by some of the other firms. He knew the city thoroughly and was a ready guide to strangers, who wanted to visit the historical places about the city. Being of a natural and ready wit he was very entertaining and his patrons were sure of being highly entertained.

At times he seemed to tire of driving a depot carriage and would seek other occupation but only for a short time for hewould soon go back to his old love and would be found again guiding a depot carriage about the city.

He was never married and made his home for years near the corner of Canal and Brackett streets.

The body of the dead man was removed from the hospital to the home of his sister, Mrs. William H. Moody, School street, from where the funeral will be held Wednesday morning, with a solemn requiem mass, at St. John's Church and the burial will be in St. Mary's cemetery.

CIVIL SERVICE EXAMINATIONS

Civil service examinations for Quincy have been announced. Three examinations in all are scheduled. The first will take place on Friday, April 11 and will be for police service, janitors and engineers of public buildings and engineers in the service of the city in positions where by law they are required to hold first or second class licenses.

The second examination will be Thursday, April 17, and will be for firemen and foremen of laborers and inspectors of work.

The third and last examination will be held on Tuesday, Sept. 16, and will be for clerks and messengers.

CITY COUNCIL.

An adjourned meeting of the City Council will be held this evening. The object to adjourning for a week at the last meeting was that the annual budget might be taken up and discussed. Owing to the pressure of other business at the last session the budget was not reached. In addition to this there are a number of matters in the calendar that will come up for their final passage, unless the Council should adjourn before they are reached. These include orders for $40,000 for sewer construction; $50,000 for water extensions; $1,650 for the purchase of three lots of land in the rear of the city stables for a public dump; $2,000 for rebuilding Penn street ,and appropriating the receipts from house connections with the sewer of 1913.

One of the important matters that will come up early in the meeting is the motion of Councilman Cunningham to amend the rules of the City Council so as to provide for the appointment of standing committees.

THREE MONTHS FOR KILLING HUSBAND

Mother of Ten Children Was Under Great Provocation

Providence, March 10.—Mrs. Agnes Nadeau will serve three months' imprisonment for having shot and killed her husband, Thomas Nadeau. That will be punishment enough in the opinion of Judge Brown who, in pronouncing sentence, after the state had obtained a conviction of manslaughter, said that the defendant was laboring under great provocation when the act was committed.

The Nadeaus had been married thirty years, and during all that time, the court said, the wife had been subjected to cruelties and indignities by the husband.

New Paris Society Dance

Paris, March 10.—A new dancing step called "Scotch time" is being introduced to Paris society. A number of hostesses say it is likely to become more popular than the "two-step."

Pope Pius Is Ill

Rome, March 10.—Pius X. is suffering from bronchitis, aggravated by influenza and a slight fever. Owing to the pope's condition, which, however, is not serious, audiences have been suspended for the present.

BRIEFS

The Ladies Aid of Quincy Point church are to hold their annual Easter fair and supper, Wednesday evening. The ladies are to give a short play, "Packing the Missionary Barrel."

Miss Flora M. Collins of 40 Quincy street had an appendicitis attack Wednesday evening at the Makaria banquet. She was obliged to leave and is now resting comfortably at her home.

Charles H. Johnson lectured on "Historic Quincy" at the First church Sunday school, Needham, Friday evening. Mr. Johnson is to lecture at the Houghs Neck Association next Wednesday evening. Walter F. Perry operates the lantern.

It was reported in Weymouth last week that several summer cottages at Wessagussett, Rose Cliff and Fort Point had been entered, many articles taken and some malicious mischief done. Among the cottages was that of Mrs. J. C. Morse of Presidents hill.

The W. C. T. U. held its regular meeting in Protection hall Thursday afternoon. Owing to the unpleasant weather only a small number was present. Some business matters were attended to and the work of the flower mission was voted upon. Flowers will be sent during the summer to the Frances E. Willard Memorial at State headquarters in Boston.

To Have Twin Police Station

St. Paul, March 10.—A police station, half of which shall be in St. Paul and the other half in Minneapolis, and used jointly by the two cities, soon will be erected. This was decided at a meeting of officials of the two cities here.

PRATT'S BREAD is baked for those who want good bread. Grocers sell it.

MANY FRIENDS AT THE FUNERAL

Sincere Tribute to the Memory of David J. Garrity

The funeral of David J. Garrity held from the home of his parents, Mr. and Mrs. David P. Garrjty, 42 Church street, East Milton, Saturday morning was one of the largest ever seen in Milton. Relatives and friends attended in large numbers. A solemn high mass of requiem was celebrated at St. Gregory's church, Milton Lower Mills by Rev. Fr. Charles P. Heaney. Rev. Fr. Richard F. Howard of the church was deacon and Rev. Fr. William J. Duffy of St. Mary's church, West Quincy, was sub deacon.

Music was by the regular choir who rendered the Gregorian chant under the direction of the organist, Miss Margaret Keniley., Joseph Morrisette of West Quincy sang the Pie Jesu and Libera.

There was a profusion of floral tributes, among them being pieces from the Boston Elevated Railway Law Department with which the deceased was connected, St. Gregory's Holy Name Society, Milton High School class mates and Boston University Class mates.

The bearers were Frank Burns, David J. Sullivan, Michael Hannigan, Joseph Burns, Patrick J. Bannin and William E. Foley. Burial was in St. Mary's cemetery. Edward D. Barrett of Quincy was funeral director.

The deceased had many friends in Quincy and was a most popular East Milton resident. He was in his 25th year.

LEWIS WILL BE DROPPED

Negro Assistant Attorney General's Resignation Will Be Accepted

Washington, March 10.—It is learned on good authority that one of the first official acts of Attorney General McReynolds will be to accept the resignation of Assistant Attorney General William H. Lewis, the Boston negro.

All assistant cabinet officers tender their resignations upon the inauguration of a new president and President Wilson has made it plain that he will leave the acceptance or declination of these resignations solely with the cabinet officials themselves. In view of this decision McReynolds has the final disposition of Lewis' case, although he is a presidential appointee.

TWO STEAMERS ASHORE

Passengers From One Reported Rescued by a Wrecking Tug

Key West, Fla., March 10.—More than 100 pasengers are said to have been rescued from the British steamer Lugano, from Liverpool to Havana, which ran ashore Sunday on Ajax reef. The wrecking tug Rescue is reported to be bringing the passengers to this port.

The British steamer Howth Head is ashore off Molasses reef. The United States revenue cutter Miama is standing by the ship and giving assistance. The Howth Head is reported to be leaking badly.

SUSPENDED FOR A YEAR

Sentence of Presbyterian Minister Found Guilty of Lying

Independence, Kan., March 10.—E. L. Combs of Cherryvale, clerk of the Neosho Presbytery, gave out the verdict of a special trial committee in the case of Rev. Percival H. Barker, former pastor of the Coffeyville Presbyterian church.

Barker was found not guilty of forgery, but guilty of lying and was suspended from the ministry for one year.

CHAMP CLARK IS IN REVOLT

President May Be Placed In a Delicate Situation

RULING AS TO JOB HUNTERS

Not Acceptable to Speaker, Who Seeks Places In State Department For Loyal Workers, but Won't Go to Bryan—No Place For President's Brother or Other Kin

Washington, March 10.—The hotels of the national capital are filled with men who journeyed hither from their homes, fired by the confidence that it was only a question of selecting the berth they wished to fill, to let their political sponsor arrange the details, and then to have their names placed on the public payroll.

Today, however, they are a wiser and sadder lot. The vast majority of them are preparing to pack their grips and journey back to their homes and there await the word from their sponsor they have been straining their ears to catch.

Many delicate situations have arisen since President Wilson let it be known that he would not receive office seekers or the men who sought positions for them.

This not only includes professional politicians from all parts of the country, but, as later events showed, the edict even includes United States senators, representatives and others holding exalted positions.

It was but natural that men high in the councils of the Democratic party should revolt at such a radical step and it was equally natural that Speaker Clark would be among the first to attempt to kick over the traces. Clark has let it be known that he and Senator Stone of Missouri will call at the White House in the interests of men from the state the "Houn' Dog" song made famous. Clark says, as he is a loyal son of Missouri, he must be shown, and shown he will be.

Mr. Clark wishes to place several loyal workers for the Democracy in the state department. Should Wilson adhere to his mandate and refer Clark to the secretary of state, Clark would find himself in the embarrassing position of having to approach a man he has ignored since the Baltimore convention. Clark and Bryan do not speak and friends of each say there is little chance of healing the breach.

In any event Clark is prepared to fight to the last ditch and has so expressed himself. Will Wilson relent and make an exception in his case? That is the one question official Washington wants answered above all others.

Further consternation was created in the ranks of jub hunters when Wilson unequivocally announced that he intended to uphold Mr. Taft's ruling on matters pertaining to civil service. This means there are 52,000 berths among fourth-class postmasters which will be immune from removal. Mr. Burleson, the postmaster general, is beseiged by an army of place hunters.

President Wilson has announced that no member of his family need expect appointment to public office. This, too, has created a state of affairs bordering on a panic, for it is well known that several members of the president's family were in the race for office. The first of these to aspire to office was Joseph R. Wilson, who entered the race for the secretaryship of the senate. Wilson's name went before the Democratic caucus, but received only nine votes. James M. Baker of South Carolina was accepted.

Morton Reported Much Better

New York, March 10.—Levi P. Morton is decidedly better, according to his physician, Dr. Biggs. Morton, who is 89 years old, has been seriously ill from hardening of the arteries.

ATTRACTIONS OF WASHINGTON

(Continued from Page One)

and were taken to Hotel Driscoll by automobile.

The location was ideal as the hotel is located at the bottom of the hill facing the Capitol, and also handy to the Congressional Library and Office building, and Pennsylvania avenue.

The avenue was very brilliantly illuminated from one side to the other; electric lights were strung arching the streets, with a large cluster of electric lights suspended from the centre, all arranged in alternating manner, red, white and blue. This sight was very beautiful in itself extending the length of the avenue.

At the bottom of the hill near the Capitol was a large fountain onto which search lights were thrown, with different colored lights, which was another feature. Search lights were thrown which lighted up the whole tower and statue which rests on the top of the Capitol. This sight could be seen for miles around. One cannot appreciate by reading how grand it really was, but to see it in reality it certainly would be very impressive.

Monday we endeavored to get acquainted with our surroundings. First we went to the Capitol, but after looking around came to the conclusion, that it would be necessary to have a guide to explain details. As time was limited we decided that we would do this another day.

From the Capitol we visited the House office building, given up entirely to the offices of Congressmen. The Congressional Library came next and as we approached this building we came to the conclusion that it would prove too interesting to escape without thorough inspection. We went in for a short time to get a general impression. Thursday evening we devoted our time to the Library, and really one should see this building; it is too beautiful to explain. The magnificence of this building, the paintings, and architecture is wonderful.

Monday afternoon we viewed the Suffragette parade, which was a great affair, but the streets were so crowded it was impossible to see much. The police protection was not very good, as they did not anticipate such a crowd. This parade took over three hours to pass. The many floats were decorated very beautifully. Gen. Rosalie Jones received great applause along the route.

Monday evening was "some evening all along the avenue. The soldiers and the visitors made a very enthusiastic crowd.

Tuesday was Inauguration Day, and the people were up early to get good places to view the parade. They were in store windows, on the top of buildings and balconies, were on the top of the wings of the Capitol and also the tower. We viewed the parade from our hotel steps which was a very satisfactory place.

It was 11 o'clock when Wilson and Taft were escorted to the Capitol from the White House. This was a very striking spectacle to witness, the highest power in the land in a barouche, drawn by four beautiful black horses.

After President Wilson had taken the oath of office he was escorted back to the White House where he viewed the parade which was 16 miles long and took nearly six hours to pass. Everywhere the President was greeted with unlimited applause. The people also went wild with enthusiasm over William Jennings Bryan.

In the parade were the United States regulars, the West Point cadets and also naval boys from Annapolis. After they had passed the Massachusetts regiments fell in line, headed by Gov. Foss, and his aides. This certainly made us feel proud to see the grand showing Massachusetts made, particularly the 5th regiment. We had the second largest showing of State troops. Gov. Foss received a grand ovation and it kept him busy doffing his hat.

The Boy Scouts made a grand showing, as did the boys' band of 120 pieces. These boys were loudly cheered.

The Democratic delegations fell into line from the side streets. These gentlemen were a good natured crowd, some had rain coats alike, others had slate colored tall hats and overcoats to match.

After the parade was over we went to the White House to witness the fire works, which were simply gorgeous. The fire works display along with the electrical illumination made a grand spectacle to witness. We were fortunate in having a warm, pleasant evening, in fact the weather was as perfect as could be desired.

Wednesday was really sight-seeing day, and we visited the Capitol in the morning under the personal direction of a Marster's guide, and afterwards went to the White House and viewed the different rooms. It is impossible to go into details about this, for it would be beyond words to describe the beauty displayed there.

The War and Navy building was also visited as was the Corcoran Art Gallery the United States Treasury, the Smithsonian Institute, the Washington Monument, and the New Natural Art Museum.

In the afternoon we took the boat on the Potomac river to Mount Vernon. We left the dock at 1.45, and arrived at Mount Vernon about 3.15, so had plenty of time to go about the historic home of President Washington. Mount Vernon is located on a hill overlooking the Potomac river. It is an ideal location and the city of Washington can be seen in the distance. The rooms in the residence are very interesting, especially the one in which Gen. Washington died. Here is seen the bed on which Washington died, and also the open Bible from which Mrs. Washington was reading to Gen. Washington when he passed on. The other rooms in the house are also very interesting, showing the old fashioned furniture and beds with canopy tops. The weather on this trip was ideal, and one could go without overcoats on the deck.

After returning from Mount Vernon we spent the evening looking up our acquaintances who entertained us most cordially, especially Thomas F. Burke, formerly commissioner of public works in Quincy.

Thursday morning we were royally entertained by Morgan Hennessey, secretary to Congressman E. W. Roberts. This kindness was shown us by letter of introduction from our friend T. J. Collins of Quincy.

Thursday evening about 11.30 we were serenaded by Maj. Dr. Fred E. Jones, Dr. Sidney Hardwick, Lieut. Loyal and Warren Edwards, formerly of Quincy, who took us from the hotel on an automobile trip around Washington, and down the Speedway along the Potomac. We also visited the quarters of the 5th regiment.

Friday morning left Washington at 9 o'clock for New York, where we spent the afternoon, embarking on steamer for Fall River at 6 P. M.

Again I want to thank my many friends who so kindly gave me this opportunity to witness this grand spectacle, and also thank the Quincy Daily Ledger for this beautiful trip. I cannot find words to express my appreciation, but in plain words you have my most sincere thanks.

Fred D. Williams.
Wm. E. Tarbox.

MERCHANT SHOT DOWN IN STREET

Boston Chinaman Perhaps Victim of New York Gunman

TWO BULLETS IN HIS HEAD

Unsuccessful Search For Celestial Who Fired Shots and Disappeared In Haunts of Fellow Countrymen—Lawyer Thinks Business Rivals Responsible For Tragedy

Boston, March 10. — Boston's Chinatown was thrown into an uproar last evening when George King, a Chinese merchant at 15 Tyler street, was shot dead by another Chinaman, who was hidden in wait behind an elevated railway post and who escaped.

The murderer is believed to be a New York gunman imported by a tong society bent on securing King's death.

The murder was committed on Beach street, near Tyler street, and the victim was shot twice. His slayer fled into Oxford street and through an alleyway into Oxford place, firing off his revolver as he ran, to frighten off a crowd of American men and boys who were following him.

It is said trouble between two societies, the On Leong tong and the Four Brothers, has become intense of late and that the Four Brothers society, whose headquarters are said to be at King's Tyler street store, have been somewhat alarmed lest their enemies do them bodily harm.

The dead Celestial was one of the proprietors of the Kwong, Tank, Wing company, dealers in Chinese merchandise and owners of half a dozen laundries in various parts of the city and suburbs. King's firm, it is said, have been establishing laundry shops to compete with stores operated by a rival firm.

Friends of the dead man believe that the other company sought to get King out of the way.

King had been eating at the Shanghai restaurant with one of his partners, Joe Wing, and they were returning to their store at 15 Tyler street, when the unknown Celestial shot King twice. The first bullet took effect in the back of King's head. The second entered the Chinaman's nose and lodged in the brain.

The sound of revolver shots startled the hundreds of Celestials who were spending the day in Chinatown, and the streets in the vicinity were soon crowded with excited Mongolians, who probably feared a repetition of the "tong" war of a few years ago, when four of their countrymen were killed and many wounded.

Once in Oxford place the assailant of King was safe. The doors of the Chinese establishments were open, and the dingy rooms inside were crowded with lounging Chinese. As no one had secured a good description of the gunman, the police probably would not have been able to pick the murderer out even if he were among the hundreds of Mongolians who came running into Beach street to see what the trouble was.

The police searched many hours in Oxford street and place and they also went into houses in Tyler street. Their search revealed nothing. The smiling Celestials greeted them pleasantly, allowing their houses to be carefully searched, but shook their heads and claimed to know nothing about the murder of King.

Joe Wing, King's business associate, who was present during the shooting, told what he had seen to the police, and the meagre description he furnished the officers was sent to every police station in Boston and to the police of outlying towns. Police officers in citizen's clothes were sent to the various railroad terminals to arrest any Celestial whose description tallied with that furnished by Wing.

John F. McDonald, who is counsel for King's firm, stated last night that the shooting was not the result of any society feud. McDonald said it looked as if business opponents might have been responsible for the deed.

King, McDonald said, was an Americanized Celestial, about 35 years old, who lived in Boston many years. He was prosperous in business and conducted an orderly establishment at 15 Tyler street, not allowing gaming on his premises. King was a Christian and attended a church on Tyler street.

According to the police the house where King's establishment is located in Tyler street was raided a few days ago by officers from the Lagrange street station. William Joe, manager of the business, will appear in court tomorrow to answer to a complaint charging that gaming was in progress in the building.

Rear Admiral Eaton Dead

Boston, March 10.—Read Admiral Joseph G. Eaton, U. S. N., retired, died of acute indigestion at his home in Norwell, aged 66 years. A widow and two stepdaughters survive him.

Father and Son Drown

Terryville, Conn., March 10.—August and Frederick Schultz, father and son, were drowned when they broke through thin ice on a pond here.

CLARENCE S. DARROW

Chicago Attorney Who Is Accused of Jury Bribing

DARROW JURY DISCHARGED

Stand Eight to Four For Conviction on the Last Ballot

Los Angeles, Cal., March 10.—The jury trying Charles S. Darrow on a charge of jury bribery reported it was unable to agree and was discharged by Judge Conley.

The last ballot stood eight for conviction and four for acquittal. Darrow's counsel immediately announced that he would ask for a retrial.

After further parley, Conley fixed March 31 as the date for a new trial, which will be the third on charges almost identical.

TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Ledger readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit?

J. Fortin, 512 N. Montello St., Brockton, Mass., says: "I was troubled for over two years by attacks of backache. If I arose from a sitting position or stood any length of time, I was caused great pain. There was a feeling of weariness and if I did a hard day's work, I was bothered by lameness and soreness across my back. I finally saw Doan's Kidney Pills advertised for such complaints and I got a box and began to use them according to directions. They went directly to the seat of my complaint, relieving me of severe backaches and restoring me to good health. It has given me pleasure to recommend this remedy on several occasions." (Statement given June 13, 1905.)

A SECOND STATEMENT.

Several years later Mr. Fortin was interviewed and he said: "I willingly verify my former endorsement of Doan's Kidney Pills. You may continue to use my reference, as the relief this remedy brought me has been permanent."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The KITCHEN CUPBOARD

APPROPRIATE EASTER DESSERTS

SOME recipes for easter desserts are given here. Among these is tansy pudding, a dish served by the early Christians. It had a religious significance, its object being to commemorate the bitter death of the Christ. There is nothing bitter about the pudding as made by the modern housewife.

A Historic Pudding.

Tansy Pudding.—Crumble or grate one pound of stale sponge cake and pour over it one pint of cream. Into a cupful of grape juice dissolve one-half teaspoonful of cinnamon, one-half grated nutmeg, one-half cupful sugar and six well beaten eggs. Add this to the cake and mix well. Pound tansy leaves in a mortar until four tablespoonfuls of the liquid are obtained, or one-half teaspoonful of oil of tansy. Add this to the pudding and bake forty minutes in a buttered pudding pan. Serve cold with whipped cream.

The following dish will especially please the children:

Eggs in Nest.—Make a rather stiff jelly with gelatin, coloring it a fairly deep violet with a harmless vegetable coloring. Have ready ten or twelve empty eggshells whose contents have been drained through a hole in the small end. Rinse them out with cold water and fill with the liquid gelatin, setting them upright in a pan of meal to keep them steady. Leave them for twenty-four hours to cool and set and when ready to serve pick away the shells and pile the violet eggs on a glass platter, if possible, in a nest of whipped cream, sprinkling a few candied violets over the whole.

Easter Sherbet.

Mint Sherbet.—Take two cupfuls of boiling water and pour it over a bunch of well washed, fresh bruised mint leaves. Simmer ten minutes, add one cupful of sugar, strain, stir in a tablespoonful of gelatin that has stood half an hour in a quarter cupful of cold water and stir until dissolved. Add a cupful of grape or currant juice and a cupful of lemon juice, then freeze to a mushlike consistency. Serve in sherbet glasses, ornamenting each with a candied cherry and a sprig of mint.

Easter Blancmange.—Make a quart of blancmange in the usual way. Empty twelve eggshells whose contents have been drained through a small hole in the end. Divide the blancmange into four parts. Leave one white, stir into another two beaten egg yolks; into a third chocolate; into the fourth cochineal coloring. Heat the yellow over the fire long enough to cook the egg. Fill the shells with the various mixtures, three of each. Set upright in a pan of meal or flour to keep them steady and leave until the next day. Then fill a glass bowl more than three-quarters full with nice wine jelly or gelatin, broken into sparkling fragments. Break away the eggshells bit by bit from the blancmange. If the insides of the shells have been properly rinsed and left wet there will be no trouble about this. Pile the varicolored eggs upon the bed of jelly, lay shredded preserved orange peel or very finely shredded candied citron about them and serve as an Easter day dessert.

Ann's Thompson.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co. Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The Geo. W. Jones Hat

$2.50

(Instead of $3)

Made in New England—Sold in Quincy—Worn Everywhere

A FELLOW came in here the other day and said: "Can you fit my head with a JONES Hat?" He was told that his head, his face and his figure would be correctly fitted with a JONES; he had a very round head and was in the habit of having his hat made to order at $3.50 or $4; he selected the style of a JONES he liked best and then had it fitted—a wait of two minutes—no extra charge. Now if your head is a hard one to fit—round head or long head—come in and I'll give you hat comfort in the JONES for $2.50.

N. B. Every hat in this store was made in America—the best hat making and shoe making country in the world.

GEORGE W. JONES

BIG SCORES BY WINNERS

In the Sunday School Basket Ball League

REGULAR WALKOVERS

Three games were played in the Sunday school basket ball league at the Y. M. C. A. court, Saturday afternoon. Christ Church whitewashed Wollaston Congregational to the tune of 30 to 0. Wollaston Baptist beat Wollaston Methodist 24 to 1. Bethany beat Union Chapel 42 to 2, so that in each case the winners had a walkover.

The summaries:

Christ Church	Wol. Congregational
Smith rf	lb Stephenson
Bills lf	rb Higgins
Williams c	c Johnson
Dirscoll rb	lb Baker
Cleveland rb	
McMullan lb	rf Blake

Score, Christ church 30 to 0. Goals from floor, Smith, Bills 7, Williams 5, Cleveland, Driscoll. Referee, LaRose. Umpire, Hunt. Scorer, Matheson. Timer, Falconer. Time 15m halves. Attendance 250.

Wol. Baptist	Wol. Methodist
Bedwell rf	lb Bliss
McGrath lf	rb Burgess
Ela c	c Stearns
Berg rb	lf Merrill
Barbour lb	rf Ewertz

SILENT FIVE BEAT MALDEN

Melville Will Be Out of Game For Rest of Season

The Silent Five beat Malden on the latter's court Saturday evening 26 to 14. Melville, the plucky left forward will be out of the game the rest of the season. Childs did well in that position, he and Sumner playing the best game.

The summary:

SILENT FIVE	MALDEN
Bishop, rf	Watts rb
Childs, lf	Sargent lb
Sumner c	Kelly c
Shirley lb	Colebough rf
Newcomb rb	Seyer, lf

Score Silent Five 26; Malden 14. Goals from floor Sumner 6. Childs 5. Bishop 1, Shirley 1, Seyer 4. Colebough 3. Time 20 minute halfs.

ARBITRATION STARTS

Railroad Firemen's Appeal Being Considered by Three Men

New York, March 10.—Three men will meet in this city today to arbitrate under the Erdman law the differences between fifty-four eastern railroads and their 35,000 firemen. Public sessions will be held from day to day to hear the evidence presented by the parties to the dispute.

The arbitral board was completed by the naming of the third member on March 3, and under the law which allows thirty days for consideration of the matter a decision must be rendered by April 2.

RUN CARS FOR PATRONS

Loan Sharks Find Way to Avoid District of Columbia Law

Washington, March 10.—Loan sharks, driven out of the national capital by the drastic terms of a bill passed by the last congress, have not only established offices at the Virginia end of the long bridge which connects the District of Columbia with the Old Dominion, but have organized a free automobile service from Washington for intending borrowers.

The motor cars cruise about the broad avenues of the capital and pick up the "financially embarrassed" ones and carry them outside the jurisdiction of the law for their transactions.

Bandit Sentenced to Death

Winnipeg Man., March 10.—John Baran, the Riding mountain outlaw, who killed Constable Boke of the Manitoba mounted police focre, was sentenced to be hanged May 22

JANUARY FIRE NOT VERY HEAVY

36 Calls of All Kinds With a Total Loss of $1918

Number of bell alarms, 9.
Number of telephone and still, 9.
Amount at risk, $37,800.00.
Insurance on same, $30,050.00.
Loss, $1918.00.
Laid 2600 ft. of hose.
Raised 233 ft. of ladders.
Used 268 Gal. Chemicals.
Hydrant in use 2 hours and 10 minutes. Worked at fire 11 hours and 30 minutes.

BRIEFS

James O'Brien who is at the Quincy City Hospital suffering from exposure is doing well.

Miss Maud Macfarlane of Butler road visited friends in New Milford, Conn., over the week end.

Harold Gullickson, chauffeur of the Citizens Gas Light Co. has resumed his duties after a week's illness.

Rev. Fr. Brewin of Melrose will deliver the sermon at the Lenten services at St. Mary's church Wednesday.

Miss Esther Beckford of Washington street, spent the week end in Pawtucket, R. I., the guest of Miss Marian Harley.

The annual meeting for the election of officers of the Quincy Women's club is to be held tomorrow afternoon at two o'clock at Alpha hall.

Bethany Woman's union holds its first meeting, Wednesday. It will be an all day meeting with lunch at 12.30 business at 2.30 and at 3.15 Rev. Sarah A. Dixon Ph. D., will give an address, subject. "A woman's Work." Mrs. Emma S. Moore will sing. All are cordially invited to be present.

Very seldom is such a rare opportunity given the music loving public of hearing such a high class recital as that which is to be given in the First Presbyterian church next week. No expense was spared in securing the three soloists and the people of Quincy will be treated to a recital that is seldom heard outside the City of Boston.

FAXON L. T. L.

Faxon L. T. L. held their regular monthly meeting in Protection hall, Thursday afternoon with five new members and their leaders present. Congratulations were in order. One of the ladies of the Union presented fifteen penny bags. The one who collects the most, will be presented a book. Master Williams gave a story of the L. T. L. in a fine manner. Another feature of the afternoon was presenting the L. T. L. with mollases kisses called temperance kisses given by one the Union. It was a great surprise and they enjoyed it most heartily. It was a most enthusiastic meeting and it is hoped more boys will join April 3rd.

QUINCY W. C. T. U.

Quincy W. C. T. U. held their regular monthly meeting Thursday afternoon in Protection hall. As usual in spite of the inclemency of the weather outside sunshine prevaied inside. Mrs. Collins presided in the absence of Mrs. Matheson and led the devotional exercises. It was voted to send two dollars to the Flower mission for Easter to the shut-ins on or by March 19, also to send one dollar to the Frances Willard Memorial Fund which is to be used for arganizing new unions. It was suggested all members work to their utmost to increase the No License vote at the next annual meetig. Ten dollars have been realized by patrons, which is highly appreciated and congratulations were in order.

ATTACK IS RENEWED

Adrianople Bombarded For Two Days by Forces of Allies

Constantinople, March 10.—An official communication says the allies bombarded Adrianople Thursday and Friday, the Turkish forts replying. Saturday was quiet.

Thursday, at Bulair, the Turkish artillery effectively attacked a battalion of the enemy which was advancing, inflicting considerable loss. The following day the enemy fired on the Turkish cruiser Torgut Reis, which replied and silenced their batteries.

A RESUME OF BASKET BALL

Quincy Very Much On the Map in This Sport

ONE PERFECT SCORE

A resume of basket ball to date gives Quincy a prominent place in the distribution of honors.

In the Greater Boston league both teams of the Quincy A. A. have secured their titles and plans are being discussed relative to the national championships at which affair the local champs will represent New England. Quincy's will close the season with St. Alphonsus Saturday night in what will probably be a speedy and exciting contest.

The second Quincy A. A. team has not been defeated and a loss Saturday night at St. Alphonsus will be a complete surprise. "Booty" Chapman, who has been ill will play.

In the Y. M. C. A. league which closed Saturday Quincy Y. M. C. A. took first place with six wins and two losses to their credit.

The N. E. A. A. A. U. standing is as follows:

FIRST DIVISION.

	Won	Lost	Pts. Won
Quincy A. A.	11	3	.786
St. Mary's A. A	7	5	583
North Dorchester A. A.	5	8	.385
St. Alphonsus A. A.	3	10	.231

SECOND DIVISION.

Quincy A. A.	14	0	1.000
St. Alphonsus A. A.	9	4	.692
St. Mary's A. A.	2	10	.167
No. Dorchester A. A.	1	12	.077

The basket record gives Manning a fine lead, with O'Neil of St. Alphonsus in second place. However, O'Neil has a fine chance to finish in first place, if things break his way. Fans believe there is always a chance for one man to overcome a lead of three but they do not really expect it to happen. The record is as follows:

BASKET RECORD.
First Teams.

Player and Team	Baskets
Jos. O'Rourke, Quincy A. A.	40
Dacey, North Dorchester, A. A.	40
McLaughlin, St. Mary's A. A.	39
P. Duggan, Quincy A. A.	36
D. Duggan, Quincy, A. A.	29
F. O'Rourke, Quincy A. A.	28
Steele, St. Mary's A. A.	25
Connolly, St. Alphonsus A. A.	22
W. O'Connor, No. Dorchester A.A.	21
W. McCarthy, No. Dorchester A.A.	21
Sheerin, St. Alphonsus A. A.	21
Second Teams	
Manning, Quincy	72
O'Neil, St. Alphonsus	69
Scollard, Quincy	59
H. Chapman, Quincy	35
Kelley, North Dorchester	25
M. Chapman, Quincy	18
Gerhue, St. Alphonsus	18
E. Durbin, St. Alphonsus	18
Bennett, Quincy	12
Haskins, St. Alphonsus	11

The last local game in the Greater Boston league will be played at St. Mary's hall Thursday evening when the "Champs" meet St. Alphonsus A. A.

In Interscholastic circles the Quincy High first team is figured out of the running. Thes econd team will play Winthrop High here Friday for the junior state championship. A game will be played at Milton High Wednesday afternoon. Rockland will play here Friday afternoon in the last game.

The Quincy Gym Girls have been beaten several times this season Most of the opponents were much heavier and when Quincy did win it was through persistent plucky playing. Teams that have beaten the Quincy Girls are making capital of it in their season's records.

The Thayer Academy Girls have closed their season. A defeat by the Phillips High for Swampscott and the cancellation of a second game by Thayer put the Braintree Girls out of the contender's list.

The record of Miss Edith Kimball of 26 baskets, made at Braintree three years ago, was broken this season by Miss Isabelle Kehoe of Phillips High who registered 28 baskets.

FOUNDER'S DAY.

Founder's Day will be fittingly observed at theWoodward Institute, Wednesday evening. Appropriate exercises in commemoration of the day and the event, will be held at the hall of the school in the evening to which as usual a large number will attend.

WHIST PARTY.

A whist party will be held in Odd Fellows hall, Thursday afternoon under the auspices of the George L. Gill Club.

QUINCY WALKED AWAY FROM TECH

Visitors Never in the Running From the Start

CHANGES WORKED WELL

The Tech Freshmen did not show the expected opposition to the First team Saturday night at the local Association for Quincy was never in danger. The game was one of the fastest that has been played this year despite the large score of the local players, the ball being continually in the air and very seldom on the floor. The team work of the Quincy boys was the best of the season and if the form shown last night can be reproduced in the game on Wednesday night against the North Carolina sailors the victory ought to come to Quincy.

"Woggie" Price played at right forward and Parker went to one of the back positions and the change worked well: the passing was of high class and the shooting of the forward was of the best. Rich was high score man with 9 goals to his credit, Price had 6 and Trask kept up his end with 5. Parker caged 3 and Kenn made a dandy from the center of the floor. Trask and Dewson the visiting center had one of the prettiest battles of the year, each man getting 5 goals from the floor. The tip off was about even but Trask's were the most effective espjecially during the last half when several plays went through for scores. The best feature of the game was the total absence of ill feeling although the game at times was hard played. Dewson always came up smiling as did Trask.

Cambridge did not appear for a second team game and a scrub bunch went on the floor as their opponents. For the scrubs "Jack" Hallowell and "Wallie" Kemp played best, while Thomas, Dineen and Croucher did the best work for the Second team.

The summary:

QUINCY	M. I. T. '16.
Rich rf	lb Ross
	lb Lemhan
Price lf	rb Wilde
Trask c	c Dewson
Kenn rb	lf Merritt
	lf Ziner
Parker lb	rf Reycroft

Score, Quincy 53, M. I. T. freshman 21. Goals from floor, Rich 9, Price 7, Trask 5, Kenn, Parker 3, Ross, Dewson 5, Ziner, Reycroft 3. Goals from fouls, Trask 3, Dewson. Referee LaRose. Scorer, Corthell. Timer, Wellsford. Time, 20m halves.

ORGAN FUND JUMPED $150

Total of $600 Reached From the Play Receipts

Members of the Women's Guild of the Park and Downs church are jubilant over the $150 addition to the organ fund made possible by the presentation of the three act sketch "The Teaser" on Wednesday and Thursday evening of last week. This brings the fund up to the $600 mark. A luncheon will be held from 12.30 to 2 o'clock on Friday, the proceeds to go to the fund. With the same object a rummage sale will be held in Quincy on April 11th and 12th.

WARNING TO WOMEN

Hatpin Law In Massachusetts Will Be Effective April 12

Boston, March 10.—Governor Foss announced he would sign the bill to regulate the length of hatpins worn by women, probably today. This means the bill will go into effect on April 12. The bill as it is before the governor reads:

"Section 1. It shall be unlawful for any person to wear in public a hatpin which protrudes more than one-half inch beyond the crown of the hat, unless the point thereof is protected in such a manner as to be incapable of causing injury to others.

"Section 2. Violation of the provisions of this act shall be punished by a fine of not more than $100 for each offense."

Persian Kills Wife of Belgian

Teheran, March 10.—Mme. Constant, wife of the Belgian director of customs, was instantly killed, and M. Constant was seriously injured by an unidentified Persian assassin.

SACHEM CLUB IS LAUNCHED

New Social Organization of Wollaston Limited to 300

At a meeting held at the home of Harold D. Waterhouse of Prospect avenue, Saturday evening, the "Sachem Club of Wollaston" was formally incorporated.

Eugene F. DeNormandie presided as temporary chairman. Russell T. Anthony was clerk. The following board of 18 directors was elected:

Fenimore S. Andrews, Jesse I Litchfield, Harry A. Stevens, Louis F. R. Langelier, Louis S. Crosscup, Harold D. Waterhouse, Charles E. Barker, G. Ernest Carr, John L. Hamilton, Edward E. Jameson, Eugene F. DeNormandie, Charles Alden, N. Gorham Nickerson Jr., W. F. Kimball, Eric H. Ewertz, Samuel H. Couch, James B. Geddes and Elisha B. Bird.

The above named board will elect club officers at its next meeting. The policy of the club regarding the Community House project or the building of clubhouse will not be known until the directors meet.

The club is limited to 300 members and it is understood that fully that number are ready to become indentified with the organization.

ENTERTAINED FRIENDS.

Frank Damon of Billings street, Atlantic, entertained a party of friends at his home on Friday evening, games were enjoyed during the first part of the evening. The first game, the advertisement puzzle, was won by Miss Estella Nelson;t he consolation was won by Joseph Laurrell. Other games were also enjoyed, also singing and playing. Refreshments consisting of ice cream, cake and candy were served. Those present were Miss Estella L. Nelson of Dorchester, Miss Clara E. Dawson, Leavitt D. Waterman, John E. Durdick, Miss Hilda Brewer, W. F. Elberts and Joseph A. Laurrell of South Boston, C. Lawrence French, Miss Nettie Coombs, Miss L. Churchill, Miss Doris Cummings, Miss L. E. Churchill, Miss Myrle Coombs and James G. Hill of Atlantic, and Mr. and Mrs. Fred D. Lawley and George F. Lawley of Braintree.

LETTER CARRIER BURIED.

The funeral of Frank M. Richardson, a letter carrier connected with the East Milton station, and nephew of N. B. Furnald of Quincy, who died Thursday in his 56th year, took place Sunday afternoon from his home 124 Otis street, East Milton. Services were conducted by Rev. E. I. Helms. Delegations were present from the Letter Carriers Association and the Ancient Order of United Workmen of which the deceased was a member. He leaves a widow and a son Harold M. of the Fore River Co.

CONWAY AND WIFE GUILTY OF MURDER

Beat Woman to Death In Chicago Apartment House

Chicago, March 10.—Charles N. Conway and his wife, Lillian B. R. Conway, were found guilty of the murder of Sophie G. Singer, a Baltimore heiress. A sentence of life imprisonment was given the ex-circus clown, and fourteen years' imprisonment for the woman.

The jury recommended that clemency be shown the woman and it was said will ask the pardon board to release her after she has served eleven months. A motion for a new trial was entered at once.

Miss Singer was beaten to death in a South Side apartment house where she and the Conways lived on Oct. 29, 1912. A club formed of a door knob and a handkerchief apparently was used by her slayer.

GOMEZ REVERSES ACTION

Recalls Signing of Bill Granting General Amnesty in Cuba

Havana, March 10.—After a long conference with his cabinet, congressmen and lawyers, President Gomez decided to veto the general amnesty bill, to the passage of which the American government has declared its strong opposition.

President Gomez signed the bill Friday, in spite of the protest of the American minister, but he now holds his signature is ineffective until the publication of the bill in the Official Gazette.

The general amnesty bill provides for the liberation of more than 3000 convicts, including the negroes who took part in the rebellion last year.

BIG TURNOUT AT TOWN MEETING BRAINTREE RECORD ATTENDANCE

Selectmen Authorized to Borrow $85,000 to Meet Expenses

Treasurer Relieved of Responsibility in Case of Bank Failure

The annual town meeting was held in Bate's Opera House, East Braintree, Monday evening and there was a large attendance of citizens from this town and also from Weymouth, the latter of course being only spectators. The fair sex was well represented and evinced much interest in the proceedings. The meeting was called to order at 7.30 by the town clerk Henry A. Monk. B. H. Woodsum, Jr., was elected moderator. The following officers were chosen:.

Weighers of coal and hay,—J. Marcus Arnold, C. G. Sheppard, W. F. Woodsum.

Surveyors of lumber—H. W. Borden C. O. Miller, G. H. Holbrook.

Trustees of school fund—G. H. Arnold, B. F. Dyer, H. F. Kneeland, B. Herbert Woodsum, Otis B. Oakman, George D. Willis, Elmer E. Abercrombie.

The measurer of leather and three field drivers to be appointed by the moderator.

Under article 3, it was voted that town authorize its treasurer with the approval of the majority of the selectmen to borrow the sum of $85,000

(Continued on Page Three.)

ENGAGEMENT ANNOUNCED.

The engagement is announced of Joseph Ford, of Quincy and Miss Margaret E. Malloy, daughter of Mr. and Mrs. John Malloy of North Eatson. The marriage will take place in June. Mr. Ford is a well-known young man of this city and has been prominently identified with athletics. He was manager of last season's South Quincy team in the City league and is one of four now organizing a new Dewey base ball team at Weymouth.

Miss Malloy is a graduate of Oliver Ames High school, '10, of North Easton and Mr. Ford is a graduate of Quincy High school, 1906.

RULES CHANGED, BRYANT RESIGNS BUT UNANIMOUSLY RE-ELECTED

Council Fritters Away Another Evening On the Rock of Rules On Which They Have Split

Very Unsatisfactory Session Adjourned Without Transacting Any of the Business Ready For Action

Never in the history of the City Council has there been such a mix up or scenes as transpired at the adjourned meeting of the City Council, Monday evening. There was an unusually large attendance of citizens which included many of the elementary school teachers, who were interested in the annual budget, which contained an item increasing their salary.

There was nothing in the atmosphere that indicated a storm and when at 7.45 President Bryant called the meeting to order it looked as though the budget would be reached early. There were but few communications and petitions and no committee reports while it was thought that the order of Councilman Cunningham changing the rules of the Council might cause some debate nothing like what occurred was anticipated.

In addition to the citizens and school teachers in attendance practically every head of department and city official was present in the seats assigned for them, ready to answer any questions as to the sums they required for the current year.

A communication was received from the Mayor appointing Bartholemew Flaherty as a special constable and he was confirmed.

A communication was received from the Mayor appointing the following assistant assessors which was placed on file. Ward One, Francis M. Curtis, Ward Two, Charles B. Yule, Ward Three, August N. Weeden; Ward Four Louis K. Badger; Ward Five, Charles R. Sherman; Ward Six, Albion R. McKay.

Under unfinished business the order amending the rules came up for consideration.

The amendment offered by Councilman Cunningham to the rules in effect provided that standing committees should be appointed on Finance, Streets, Public Buildings, Fire and Police, Ordinances, Health and Poor and Legislative matters. In other words the amendment made the rules similar to what they have ben ever since the first council.

Under the new rules which were adopted this year all standing committees were done away with, it being the plan to refer matters to special committees. Under this method it was figured out that there would be more publicity, and in this respect it did give publicity.

When the question came up of adopting the rules Councilman Griffin moved to lay on the table.

Councilman Cunningham objected.

Councilman Little favored and said the present rules had not been given a fair trial.

Councilman Bailey also claimed that the rules had not been given a fair trial.

Councilman Duffy favored the motion.

The motion was put and declared carried. The vote was doubted and on a rising vote the motion was defeated 9 voting yes and 13 no. The question than came on adoption of the order.

Councilman Whiton was in favor of retaining the present rules. If it is publicity we want we are having it and lots of it. He never saw a year where there were standing committees when at this season of the year business had so far advanced. Because one man has a grouch and wants the other method is no reason why the present rules are not all right.

Councilman Griffin said the action of the member from Ward Six, meaning Cunningham, was inconsistant. He did not know what he was driving at except to fritter away time. He has been appointed to committees but has refused to serve.

Councilman Little said that the Councilman first opposed but was willing to give the new rules a fair trial, and he voted for them in the Committee reserving that right.

Councilman Bailey said that the new rules had not been given a fair trial. Public hearings had taken up much of the time of the council. If any time has been wasted it has been by the gentleman who offered this order.

Councilman Cunningham said that he had been inclined to give the rules a fair show. What has been the result. The majority of the council think they have been a flat failure. The idea was that every matter should be thrashed out on the floor of the council, and not referred to a committee of eleven as has been. They hear all the evidence but we do not. When they report they have a majority. Can the best results be obtained in this way?

At this point Councilman Richards was called to the chair and President Bryant taking the floor said. The present rules have not had a fair show. Much time has been fritted away. As an instance he cited the incident of a week ago. If a member goes to sleep when an order is adopted it was not his fault. Matters would go through in the same way under the proposed rules. It is a matter of record that under the present rules we have had more enlightenment and more facts than ever before. In support of this he cited the matters referred to the special committee. When ever was there a year when street matters were as far advanced as this year? This year you have given people a hearing on streets before they have gone to a committee. It was never done before. It has taken time but we have had the information. Is it not better to come here two nights a month and remain until 11 o'clock than to come to committee meetings and then come to council meetings, and remain late again? He hoped that the proposition to change back to the old method would fail.

A motion was made to reconsider the vote whereby it was voted not to lay the proposed order on the table.

Councilman Whiton said it is easy to see that this thing is all fixed. All railroading methods are a past artists compared to this. This going back to dead committees.

The motion to reconsider was then put and lost on a rising vote of 10 yes and 12 no.

The question then came on the adoption of the order amending the rules. The roll call was asked for. The result of the vote was the adoption of the order changing the rules by a vote of 13 yes and 10 no as follows:

Yes—Barker, Bass, Beeman, Boyd, Corcoran, Cunningham, Devaney, Farquharson, Gauthier, Hadlock, Richards, Ross, Sandberg—13.

No—Bailey, Bryant, Duffy, Ericson, Gilliatt, Griffin, Johnson, Little, Thompson, Whiton—10.

As soon as the vote was declared President Bryant arose and resigned as President of the Council.

A motion to adjourn by Councilman Cunningham was lost on a rising vote of 7 yes and 12 no.

Councilman Griffin moved reconsideration of the vote.

Councilman Whiton at this point charged President Bryant with quitting under fire. "If I was in the place of the President I would stick by my guns and take my medicine and swollow it."

President Bryant jumping to his feet replied "I am not quitting under fire, I know what it is to be in the minority and be under fire. I have fought for the minority many times and know how, and am willing to take my medicine and swollow it. But I want to say right here that if we go back to the old rules I want to be on the floor so that I can continue to fight."

Councilman Sandberg raised the

(Continued on Page Two.)

SEN. McDEVITT TO BE SUSPENDED

Committee Demands Public Apology to the Senate

IN ORDER WEDNESDAY

Senator McDevitt has been suspended without pay, until May 1.

The committee on rules of the Senate this afternoon reported in favor of such a course.

He will have to make a public apology to the president of the senate for his action.

He is to be deprived of all the privileges of a member until such time as he makes the apology.

No new developments in the McDevitt case took place this morning. A meeting of the rules committee of the Senate is called for 1.30 o'clock in which the case will be discussed after a report made out which will be filed with the Senate at its regular session this afternoon.

None of the members of the rules committee would give out any information as to what course of actions is liable to be taken.

The commission was in session Monday afternoon and while there was some sentiment for expulsion, the members agreed to a recommendation for suspension.

In arriving at the determination of the punishment to be given McDevitt the rules committee kept in mind the fact that there has been practically no expression of sentiment in favor of letting the Quincy senator down easy.

In spite of all this anti-McDevitt talk the Senate rules committee wanted to guard against the possibility of the senator being placed before his constituents as a martyr. It is possible to postpone action on matters in which the Quincy district is particularly interested until the expiration of a period of expulsion of a few weeks so that the interests of the district will be looked after as far as possible.

—A Chicago woman has just grievance. She had just hired a taxicab when the police jumped in and made the driver pursue a party of automobile bandits who had just robbed a jewelry store. After participating in a hot engagement without power to extricate herself, when the robbers got away she was confronted with a bill of $9 for the use of the taxicab, and on refusing to pay it was sent to jail. It looks as if she should be grateful that the robbers did not capture the vehicle and make off with it, in which case evidently the slant-eyed justice of Chicago would have made her pay for the loss of the taxicab.

BIG POLE SNAPPED LIKE STRAW WHEN STRUCK BY AUTO PATROL

Officer Whalen Lost Control of Machine and Injured When Thrown

Mrs. Penniman Had Narrow Escape in Path of Runaway Car

The police patrol auto was in a bad smash this morning on Hancock street and Officer James H. Whelan, who was driving the car at the time, had a narrow escape from serious injury. It appears that Whelan had been home to breakfast and was returning up Hancock street. When near the entrance to Merrymount park, on the southerly side, the machine began to skid. Eye witnesses say that Whelan was evidently doing his best to get it under control but that it went from one side to the other finally bringing up head on against a large telephone pole which snapped like a pipe stem. The car then turned almost completely around, so that it faced Neponset and turned over on its side. Officer Whalen was thrown violently out and struck on his head. He was thrown just far enough however so that the machine did not fall upon him. He was completely stunned for a few minutes but was then able to get up and walk about and a passing automobile took him home where he was attended by Dr. D. B. Reardon. Aside from a cut on the head, shake up and bruises it is not thought that he was seriously injured.

It looked at first as though the auto was a bad wreck but after being righted it was found not to have been as badly damaged as at first supposed. One of the forward wheels was crushed and the front axle badly sprung.

The glass wind shield and the radiator were smashed but the engine was all right.

The foot brake was set and the steering rod was out of shape.

There are two theories as to how the accident happened. One is that the steering gear went wrong and as the car begun to skid Officer Whelan lost control and in endeavoring to prevent an accident he set the foot brake. This made the car skid more and before he could get it under control it struck the pole.

Another theory is that when the car began to skid he set the brake too hard making the car skid so much that he lost control of it.

John Doherty and John Mullarky, two city employees were coming up the street on the opposite side. They say that they heard the car coming and looking behind saw it skidding from one side to the other. The next thing they knew it went bang into the telephone pole.

Mrs. James H. Penniman was walking up Hancock street on the side where the accident happened and for a minute was somewhat confused to know what to do as it looked as though she would be in the direct path of the car. Fortunately however she escaped being hit.

According to Chief Burrell the car has not been working right for some time and he had been arranging to send it to the shop for repairs.

GIRL STRUCK BY AN AUTO

Little May Irwin at the Quincy Hospital

WITH MANY INJURIES

Mary, the six year old daughter of Mrs. Mary Irwin of Foster street is at the Quincy City Hospital suffering from a compound fracture of the left leg, a broken collar bone and severe bruises about the face and a slight concussion of the brain. This morning she is resting comfortable.

She was struck by the automobile of C. Foster of Beverly as she was crossing Washington street, near Foster street, while on her way home from the Coddington school Monday afternoon. Clarence Frazer, employed by the Electric Express Co., was the first to reach her.

Dr. Hardwick and Dr. Burke responded to emergency calls and the little girl was taken to the hospital in the machine of Mr. Foster.

Mary is the only daughter of a family of 12 children. She is an afternoon pupil at the Coddington school and a favorite among children.

NOTICE.

Members of Division 5, A. O. H., are hereby notified to meet in Hibernian Hall, Franklin street, Tuesday evening, March 11, at 7.30 o'clock to take action on the death of our late brother Jeremiah S. Mahoney, who died Sunday, March 9.

Per order,
P. Ferguson, President,
James M. Cantfill, Secretary
11-1t

The Geo. W. Jones Hat

$2.50

(Instead of $3)

Made in New England—Sold in Quincy—Worn Everywhere

A FELLOW came in here the other day and said: "Can you fit my head with a JONES Hat?" He was told that his head, his face and his figure would be correctly fitted with a JONES; he had a very round head and was in the habit of having his hat made to order at $3.50 or $4; he selected the style of a JONES he liked best and then had it fitted—a wait of two minutes—no extra charge. Now if your head is a hard one to fit—round head or long head—come in and I'll give you hat comfort in the JONES for $2.50.

N. B. Every hat in this store was made in America—the best hat making and shoe making country in the world.

EDITORIAL COMMENT.

Ginger pop will be the drink of the present administration which will mean a large saving to Washington entertainers.

Dr. Friedmann having recovered from his sea voyage is launching out with his tuberculosis cure with more confidence.

A relative of former president Roosevelt is to be assistant secretary of the navy the place once held by his distinguished relative.

Mgr. Patterson says there are too many saloons in South Boston and no doubt other citizens agree with him with regard to the same condition in other parts of the city.

The late train drunks are becoming cautious.

They are likewise not becoming so numerous.

Which means that they are saving money and saving their heads from the usual after effect.

The auto is now king in Boston.

Morgan is reported better and Wall street breathes easier.

As a rapid transit proposition the flying machine mail undertaking was not much of a success to date.

After many weary weeks Brickley the Harvard football man again sees his name in print.

The Bay State office seekers have decided to bide their time and not press their claims just now. Judging from recent events, they are showing some wisdom by this course.

The spring poet seems to be out of a job.

All newspaper editors report a shortage of the usual crop. As it will not add to the cost of living no regrets are offered.

If one of the Wilson girls should be married while her father is president the lucky one will make the thirteenth White House bride, but the President is partial to that figure. It has no hoodoo for him.

Why should cities and towns change their time of voting on the liquor license question. As it is purely a local affair the proper time would appear to be at the city election or the annual town meeting.

The Chicago dealers have been giving expert testimony on what they consider a living wage for a shop girl. It seems that the girl might be able to give more accurate information on the subject.

Did President Wilson's razor strop indicate the warm wave which has arrived?

Judging from opinions heard on every hand that charter hearing at the State House tomorrow will be some hearing.

GINGER POP.

Ginger pop will be the main drink at the presidential dinners and receptions during the next four years. This will mean not only a saving to the government, but quite a cut down in the household expenses of many people in Washington who entertain lavishly. It is understood that the president is not an absolute teetotaller, as he is credited with taking a Scotch high ball now and then, but as a regular thing he is decidedly temperate and will carry his views to the extent of barring the grape juice from the table. President Taft always turned his wine glass down when attending a banquet. It is not on record that he objected to a different course by other people but at no time did he set the fashion for the complete absence of wine from dinners. In this attitude the president takes a very sensible view of things. It is one that will gain consideration among thinking people and the absence of wine from a dinner or banquet can never do any one any harm and it may be the means of doing much good.

VOTE ON LICENSE.

Some persons solicitous in keeping the saloons on Beacon Hill busy have proposed a measure providing that cities and towns should vote on the license question at the state election. There hardly seems to be any good reason for this change. It will only mean more work for the State House clerks and a few others to bring about the desired change. Maybe the advocates have some good reason for this movement, and the main one is probably selfish interest. It looks like a scheme of some one to mix things up again so that the voter would have a still further complicated ballot at the state election. And with the usual result from complications might mean a lack of interest on the part of some voters as they reached the end of the ticket. Rather an ingenous scheme on the whole.

As this question is purely a local one there seems no good reason why it should not be treated locally in all its aspects and be treated at the annual town meeting in towns and by the cities at their city election. There appears to be no crying necessity for any change from the existing conditions.

FOOLS RUSH IN.

Another German doctor with more courage than judgment has seen fit to discourse upon woman suffrage along new lines. He suggests that the woman suffrage is liable to be fooled, betrayed and deceived, will make men rakes when they have the ballot and another and more serious charge is made that nature protects this class of women by not making them attractive. The poor man where did he gain this marvelous knowledge? Does he not understand that there are women of all degrees of beauty, but none who are not attractive? Such a statement is a libel on the sex. The statement however has set the suffragettes in many sections of the country by the ears. Miss Margaret Foley gave one of the most sensible answers to a request for her opinion on the subject. She said "A man who makes such a statement must have gone through the world with his eyes shut. Don't ask me to answer such ridiculous stuff." And she certainly had the right idea of it. The good doctor would do better to pay more attention to his patients, if he has any, or his research work if engaged in that way, and let the women settle the question of looks either by strict adherence to nature or applications of the make up and powder box.

SOME CHANGE IN DISTRICTS

Of Medical Examinations But Officials Remain the Same

State House, March 10. A bill which passed the Senate today and is now in the hands of the Governor changes the medical examination districts of Norfolk County all around. In the Quincy district besides this city itself will be the towns of Milton and Randolph. It will be known as district number 3. Weymouth, Braintree and Holbrook compose district number 5. Hyde Park is taken out of the district entirely since it now is classed in with Suffolk county. Brookline composes a separate district all by itself.

There is no intention of changing the medical examiners or their assistants.

The bill is the outcome of a petition of former Representative Roger Wolcott, of Milton, who asked that Milton be taken from the Hyde Park district and maintained as a separate examiners district. The committee on public health, however, could not quite see the force of that argument and put Milton in with Quincy and Randolph all under the supervision of Dr. F. E. Jones and his assistants.

NEWSPAPER CHANGE.

Frank A. Munsey in disposing of the Boston Journal has retired from the New England field of journalism. The paper has been purchased by Matthew Hale and others. The Boston Journal has witnessed many changes in the years of its career in the newspaper field.

Missing Fishermen Are Safe

Boston, March 11.—The six fishermen who had been missing since Thursday, arrived at Cohasset yesterday in their two motor boats. Their boats were driven from the fishing grounds in Thursday's gale. The revenue cutter Itasca had searched unsuccessfully for the fishermen.

PASTOR GIVEN BROOKLYN CALL

Rev. E. L. Bradford of Weymouth Invited to City of Churches

The Rev. Emery L. Bradford of East Weymouth, for three years secretary and general manager of the Clapp Memorial Association of that place and seven years previous to that time pastor of the East Weymouth Congregational Church, has received a call to become minister of the Winslow Place Chapel and Willow Place Settlement work in Brooklyn, N. Y.

The religious and settlement work is carried on under the auspices of the Church of Our Saviour, Unitarian, of Brooklyn, N. Y., of which the Rev. John H. Lathrop is minister.

Somey ears ago Albert M. Parker built a model apartment tenement house near Willow place, and later made additions around an open square on the same model plans, so that at the present time upward of 2000 persons are living there; and it is estimated that 30,000 persons, mostly mechanics, abide in the vicinity of the church, which is built directly across the street from the model tenement house.

Mr. Bradford has not decided as to whether or not he will accept the call, but will do so within a few days.

CITY COUNCIL

(Continued from Page One.)

point of order that the motion was not in order but he was ruled down.

Councilman Whiton arose to speak when Councilman Sandberg again raised a point of order, which caused Councilman Whiton to say "If the gentleman is going to say anything all right."

Continuing, Councilman Whiton said we are in a brilliant lime light tonight. As the President was elected before the new rules were adopted he failed to see why he should resign.

Councilman Griffin called attention to Rule 36, that the time for debate on reconsideration had passed.

Councilman Duffy hoped the vote would be reconsidered and the matter laid on the table. We then can do the business and take the rules up later. We are not good servants of the people when we waste so much time talking over rules.

Councilman Sandberg was opposed to reconsideration.

Councilman Ross declared the resignation of the President would not change his vote.

The motion to reconsider was then lost 8 voting yes and 11 no.

The matter of the resignation of the President then came up. Councilman Richards who was in the chair stepped down to the floor of the Council stating that the matter of the rules had been settled and it was for the President to again resume his chair.

President Bryant took the chair just long enough to call Councilman Cunningham to the chair.

Councilman Little moved that the resignation not be accepted.

Things for a minute seemed to be at a standstill. Several near where President Bryant was seated tried to prevail upon him to change his mind about resigning, but he only shook his head.

In reply to a question he said if not accepted it would only oblige him to stay away from meetings.

At this point Councilman Duffy moved a recess of fifteen minutes which was voted.

During the recess friends crowded about President Bryant trying to get him to reconsider his resignation but all to no purpose. Thus it stood when the council was again called to order.

Councilman Cunningham who was then in the chair ruled that the motion of Councilman Little not to accept the resignation was not in order and he ordered a roll call for president. Councilman Thompson desired to be excused from voting but objection was made.

The result of the roll call for President was as follows:

James H. Cunningham had 1 vote.
Charles M. Bryant had 22 votes.

Charles M. Bryant was declared elected. In the voting Councilman Bryant had voted for Councilman Cunningham.

President elect Bryant was requested to come forward and be sworn but shaking his head he said, "Not tonight."

Councilman Griffin then moved to adjourn and it was voted, by a rising vote of 14 yes and 6 no. Time 9.09.

ATLANTICERS WANT STREETS

Improvement Association Believes They Should Come

The Atlantic Improvement Association at its monthly meeting, Friday evening showed that this youngest organization in the community was composed of alert men who are going to make their influence felt in general community betterment. This organization had its first inception by the residents of the new territory which has been built up within the last four years and George W. Baker is president and W. H. Davis of Ocean street is secretary. The idea of general improvement has spread so that in the last two months that citizens of every section of Atlantic are looking toward making the Association the one organization through which all efforts for community betterment will be made.

The abutters of Ocean street asked the city council through Councilman Beeman to have their street accepted by the city previous to the forming of the association. Ocean street was the first street built up in the new section and the city has already received in taxes from that street an amount far exceeding the expense of the improvements necessary.

Councilmen Hadlock and Beeman with their experience in city affairs are giving good advice to the association in not asking for too much at once or putting burdens on the city council when the citizens can wait for a while just as well as not.

The Association was very positive in its attitude against having a public bath house put up on the state reservation in Quincy Bay. The residents do not need it and with the different bath houses in Dorchester Bay they feel that a public bath house would be detrimental to Atlantic or Wollaston by the class of people which might be drawn to these sections in summer.

A KINDLY TRIBUTE.

The following friendly tribute, suggested by the death of Albert Turner was sent in by a friend of the deceased:

"So suddenly death's angel invaded this happy home, and bore away the beloved husband, the tender father, the tried and ever sympathetic friend that our hearts are sorely afflicted through the great earthly bereavement, yet, we do have the blessed and beautiful assurance, that a life so devoid of human animosities so truly lived not only in his own quiet home but in his genial, kindly consideration and association with the every day worker and his fellow-man, —holds a measure of divine joy whom those having been blessed with his closest confidences can fully share with the recorders of his bright welcome into the courts of heaven. True he rounded out the years of life allotted man, yet we sadly feel as though the lids were closed upon an unfinished chapter in his book of life, and, oh! the parting is painful, the farewell bitter. Home will sadly miss his physical presence, his genial greeting, his happy smile, but faithfully shall we foster his most cherished and sacred wishes; and with divine aid seek to inculcate and emulate his many virtues.

Beloved! gone home! in sweet repose,
Angels welcome thee to rest;
No terror dimmed life's final close
A passing sigh, a vision blest.

Hold us ever near Thee, Father,
In Thy strength our souls refresh,
'Till Times clock is stilled forever,
And the chosen fill God's crest.

THE CHURCH.

All men of Bethany church interested in the problem of the industrial unrest are invited to attend the meeting of the Brotherhood of Bethany chapel, Wednesday evening at 7.30. Rev. Nicholas Van de Pyle, who has investigated the conditions at Lawrence, will speak on "The church and the industrial unrest."

AUGUSTA'S CITY ELECTION

Majority Rule Blocks Election of Mayor at Maine's Capital

Augusta, Me., March 11.—Augusta failed to elect a mayor and city government because none of the three mayoralty candidates received a majority vote, which is necessary for election under the city charter.

The ticket led by E. E. Newbert, Democrat, polled the highest vote, 1188. Willis E. Swift, Republican, received 1002 votes, and E. M. Thompson, the Progressive aspirant, had 303 votes.

In the second election a majority vote also will be necessary for election, but should there be a third election, a plurality vote will elect.

ORIENTALS ARE IN SECLUSION

Afraid to Venture Forth In Boston's Chinese District

UNREST AMONG RIVAL TONGS

Americans Cautioned to Be Careful About Roaming About In Chinatown After Nightfall, as War Is Liable to Break Out—Four Arrested In King Murder Case Are Freed

Boston, March 11.—The assassination on Beach street of George King, a wealthy Chinese merchant, has practically cleared the streets in the Chinatown section of Boston of all pedestrians who belong to King's race. Harrison avenue, Oxford street and Oxford place are practically deserted by Orientals, the greater part of them remaining indoors.

The few Chinamen obliged to venture out move hurriedly, casting searching glances up and down the streets before leaving their doorways.

There is much speculation in the Chinese district as to who fired the two shots that killed the merchant. It has been rumored it may be the work of a New York gunman. Most of the merchants of the district are of the opinion, however, that the trouble arose over the opening of a new laundry in a district where another Chinese laundry already existed.

The Chinese residents of the city have been frightened by the most mysterious shooting that has occurred in Boston's Chinatown for years, and, fearful of further trouble between the rival tongs, Hep Sing and On Leong, they are keeping off the streets.

Four Chinamen arrested in connection with the shooting were released. They included Charlie Chin and his partner in a Somerville laundry, a Lynn laundryman, and another, said to be a merchant living in Roxbury. They all talked good English and appeared to be well-to-do.

The release of the quartet followed close questioning lasting more than an hour. What was learned from them Chief Inspector Armstrong refused to divulge, but it is believed they denied any knowledge of the affair and either would not or could not throw any light on the identity of the assassin.

The police have been unable to find any trace of the gunman. All four suspects denied any knowledge of the shooting, and throughout Chinatown there was a silence when the subject was broached.

For more than two weeks the members of the Hep Sing and the On Leong tongs have been in a state of unrest. American friends of the rival tongs had quietly been tipped off by the Chinamen to be careful about roaming about in Chinatown after nightfall, as trouble was expected, and it is known that members of at least one of these tongs have been purchasing firearms.

BANK FUNDS FOUND TO BE ALL RIGHT

Treasurer of Marlboro Institution Has Disappeared

Marlboro, Mass., March 11.—Officials of the Marlboro Co-operative bank declare that a searching examination of the accounts of Clifton B. Russell, the missing treasurer of the institution, convinced them the bank funds had not been tampered with.

Each expressed an opinion that the examination of books now being made by state bank examiners would end as it has thus far proceeded—without anything being found amiss.

Russell disappeared from Marlboro on Thursday afternoon. He was seen boarding a Boston bound train. He is 42 years of age and has been connected with the bank for twenty years.

Friends declare Russell lived a quiet, unostentatious life, and was a man of exemplary habits. His home life was said to be very happy. His wife is of the opinion that Russell wandered away while ill.

STRONSNIDER ARRESTED

Held by Montreal Police on a Charge of Wire Tapping

Chicago, March 11.—News was received by the Chicago police that John Stronsnider is under arrest in Montreal as an alleged member of the wire tapping gang said to have swindled Dr. William T. Kirby, formerly head of the insolvent Kirby Savings bank, out of $20,000.

Detectives have gone to Montreal to bring the prisoner back to Chicago.

Lumberman Dies on Steamer

Boston, March 11.—James F. Atcherson, aged 55, was found dead in his berth on the steamship Governor Dingley, following the arrival of the boat from Portland, Me. Death was due to natural causes.

MANY KILLED AND INJURED

Scotch Town Practically Wrecked by Explosion of Dynamite

Glasgow, March 11.—A terrific dynamite explosion killed many inhabitants of the town of Irvine and injured hundreds of others, as well as virtually wrecking the town itself. The explosion occurred at Nobel's explosive works, a little over twenty miles from Glasgow.

The town of Irvine was shaken to its foundations. Many houses, churches, schools and public institutions were irretrievably damaged. Ceilings fell everywhere, partitions collapsed, and scarcely a window was left intact. People walking on the streets were thrown to the ground, and all the inhabitants rushed from their houses in consternation.

There were three distinct explosions, followed by an immense column of smoke which could be seen miles away.

THE GREETING NOT KINDLY

That Was Extended to Frank Gaudrie on Coming Here

HELD UP BY SIX MEN

With his left jaw swollen and bleeding and his face bearing marks of severe punishment a man who called himself Frank Gaudrie appealed to Officer Phillips for assistance just after one o'clock this morning. He said his chum and he had been waylaid by six men and that his chum was in an unconscious condition. Officer Phillips immediately accompanied the man to the locality of the Callahan shed on Quincy avenue where Gaudrie said the assault had occurred. No traces of the chum or the assailants were discovered.

Gaudrie said he was an employee of the Fore River Co., and had come here to do pipe fitting. He said the men who committee the assault were union men. He denied however that he knew of any labor trouble existing at the yard.

He said that he had come from Boston on the late train and was walking to his boarding house when he met the six men who assaulted him. He said the attack was unprovoked and sudden. He recalled that he had received a punch on the jaw but said that the second blow must have been something other than with a fist since he was knocked out.

A jagged, but not very deep cut stretched from the ear to the point of the chin and his left ear was badly scratched. He said that Quincy and he could not be friendly and that he would leave here today.

MOOSE PLAN ANNIVERSARY

Visitation to Juniors of High Officials Postponed

Arrangements will be made for the first anniversary to take place in May if the plans proposed at Monday night's meeting of the Junior Order of Moose are carried out. A committee consisting of Roy Horsmen and John Brown will report at the next meeting.

The membership campaign has resulted in several applications and seven new members.

The initiation of Dr. J. A. Rondthaler of Anderson, Indiana, associate governor general of the Junior Moose has been postponed to March 24 because of pressure of business.

Secretary Martin E. Anderson, Cranch street, is at his home following an operation at the Quincy City Hospital and is doing well. He had some trouble with his ear which necessitated the surgical effort.

BIG WARRANT FOR WEYMOUTH

A Total of 106 Numbers Considered by the Voters

The longest town warrant in the history of Weymouth was considered at the annual town meeting Monday. It had 106 articles. Judge Louis A. Cooke was moderator. These appropriations were passed: Schools, $67,000; streets, $11,500; support of poor, $10,000; soldiers' relief, $3000; fire department, $8,000; police, $6,000; new police station in ward 2, $5,500; Tufts library, $2300; abatements, $2000 interest, $3,700; miscellaneous, $3,000; gypsy moth extermination, $4,000; town officers, $8,000; board of health, $1,200; electric lights $9,700; overdrafts, $12,589; town survey, $2,500; Humphrey school sinking fund, $4,500; sidewalks, $2,000 addition to Athens school, $17,000; heating plant ward 3 hose house, $450 drain on Board street, $600.

Forty Miles In Thirty-Six Minutes

Santiago, Cuba, March 11.—Lieutenant Towers, in charge of the army aviation camp at Guantanamo, made a flight of approximately forty miles in thirty-six minutes.

DRESS IN NEW YORK.

Picturesque Get Ups and Plainest Lines—Beige and Mastic a Foil for Brilliant Contrasts—Hats.

There is war in the East and forthwith the shops blossom out with Balkan and Bulgarian embroideries and color contrasts—Reds, yellow, green of emerald hue, purple, and every screaming contrast conceivable is introduced, into the trimmings of my lady's turnout, but so deftly that no one is offended, and no one is made conspicuous when all the world is wearing similar togs.

A THRIFTY HINT.

Last year's suit is easily transformed into up-to-dateness with cretonne patterned materials of silk or wool or the real, unadulturated cotton for that matter, made into facings collar, cuffs, belt, vestes, etc. Embroidered linen collars, many of cape-like proportions are done in strong Oriental contrasting colors. These are often prolonged in the long reveres that reach to the waistline, as sometimes hangs loose in stole fashion. Medice collars of lace and narrow frilled fichus are all desirable fixings to freshen up a frick, or to lend variety to a limited outfit.

SLEEVE LINES.

The Kimono sleeve is still in vogue though it is apt to be seamed or corded on to a long shoulder, rather than cut in one with it, and the style that finishes at the wrist is perhaps first in favor, but all lengths are worn and often three materials go to make up the sleeve. For waists to wear with suits of tailor styles, shirts of washable silk in brocaded or plain crepe, or striped silks with crystal buttons to match the stripes are most desirable from a fashion standpoint. For evening and dinner gowns one sided bodices with fichu crossed draperies are the rule though it's a rule with infinite variations.

The above design is by The McCall Company, New York, Designers and Makers of McCall Patterns.

Pretty gown of brocaded material in Havana Brown tone green revers and velvet covered buttons. Hat of black straw with parrot wing in green, brown, red and yellowish mixture of colors. Black foxed boot with tan upper.

AN EVENING FROCK.

A beautiful dress that will be one of the important parts of a Spring trousseau is of rose colored satin, with a pointed draped train, and the front a swirl of the beautifully soft stuff caught up in a plait on the right hip. The skirt extends upward to a high bodice line and a wide band of black silk crepe embroidered in gold tops this and forms the bodice. On the left side a fichu of gold embroidered lace forms a half long kimono sleeve while on the right the draped sleeve strap is of the pink satin and below this an irregular frill of pink tulle makes a slight covering for the arm. A high black plume is worn at the back of the coiffure and slippers and hose are gold.

NEW CORSETS.

The dress is the outward expression but the hidden cause for its success lies in the correctly shaped corset. The new Warner rustproof models lately launched, show the authoritative Spring fashion lines and come in styles to suit all types of figure at prices within reach of the most modest expenditure. The medium low bust and long hip lines are graceful while the loose waist insures comfort as well as style.

A TAILOR-MADE.

A very plain tailored suit that is youthful and new is of serge of finest weave, the coat cut like a man's dinner coat, and similarly finished with silk faced collar and revers. To further carry out the idea there is a narrow skirt like the one used on a man's trousers. The woman who does not care for extremes can find no end of models to choose from and pretty touches in embroidered vests, fancy collars, etc, to relieve the plainness that many people find so unbecoming. Misses and school girls have suits built on loose blouse lines, with cordings or belts at the waist that are both smart.

COLORS.

Colors are gorgeous to the point of garishes, but conservative dressers will introduce these as trimmings to brighten and give a smart air to quiet toned suits and frocks. Foliage and other cretonne patterns are extensively employed for collar facings, panels and for hat trimmings.

HATS.

Hats are small and sparingly trimmed with wings or winglike wired bows of moire and flowered and cretonne printed ribbons. Small flowers are also discreetly used.

Rosalind May.

New York, March 5, 1913.

Shawl Pays For Gold Mine

Bombay, March 11.—The latest Indian gold mine was found in the Dahl Bum district, where a prospector bought the shaft from an aged woman for one shawl.

BODY HELD FOR EXAMINATION

Russian Shooting Victim In Receiving Vault

AT THE CEMETERY

The body of Mrs. Baraska Slabedoniskova who died at the Quincy City Hospital from a bullet wound which she said was self inflicted was removed to the receiving vault in the Mt. Wollaston cemetery Monday. It will be kept there awaiting further identification.

The woman before dying said that she had a husband in Kiev, Russia, but that she had left him. According to a story, told by Klim Tetyc, her husband was in Cochrane, Ontario. The police are making an effort to locate relatives.

The dead woman in a statement made to the police said that she had shot herself rather than go away with Klim Tetyc. He is now in the custody of the police charged with an assault with a dangerous weapon.

MALTA LODGE ELECT OFFICERS

John Adams Commandery Received Favorable Reports

The annual election of John Adams Commandery, Knights of Malta was held at Electa hall Monday evening. The date of installation was not decided upon.

Several applications for membership were received. The entertainment committee reported that the recent minstrel show and dancing party was a success socially and financially.

The officers chosen were:

Sir Knight Commander—Robert Falconer.

Generalissimo—Alexander Allison.

Captain General—John Tate.

Prelate—William Gray.

Recorder—Robert Sinclair.

Assistant Recorder—William Allison.

Treasurer—Frank Melville.

Trustee—Charles Tower.

Grand Lodge Representative—William Walker.

Alternate—Frank Melville.

DISTRICT COURT.

Joseph Colson was fined $5 for drunkenness at Quincy.

Gust Kamppala was fined $10 for drunkenness at Quincy Monday and $8 for drunkenness on a continued case.

John Beaton was fined $3 costs for drunkenness at Quincy and ordered to make restitution to the railroad for car fare.

Patrick McCoy was fined $5 for drunkenness at Quincy.

George F. McLaughlin was fined $10 for drunkenness at Quincy Monday and $8 on a continued case for the same offense.

Charles Craige was fined $10 for drunkenness at Quincy.

LINEN SHOWER TO MISS DORLEY

The So So girls tendered a linen shower to Miss Annie Dorley of River street, Monday evening at the home of Miss Molly Keenan on Barry street. The house was very prettily decorated, the color scheme being red and white, many red hearts being used in the decoration. Miss Dorley received many beautiful pieces of linen from her friends. She is a graduate of the Quincy High school in the class of 1905 and of the Massachusetts College of Commerce. She is also one of the most active members of the So So girls and the Riverside club. Miss Dorley is to become the bride on Easter Monday night of John J. Silva. Their future home will be in Dorchester.

BRAINTREE TOWN MEETING

(Continued from Page One.)

in anticipation of taxes and to issue notes of the town therefor.

Under article 4, it was voted that the town hold its treasurer harmless on his bond from any loss which may arise from the failure of any National bank or trust company in which the town funds may be on deposit, said bank or trust company being designated by the selectmen.

Article 5, relative to hearing and acting upon reports of town officers and committees and to choosing committees was laid on the table. Under article six the following appropriations were made:

For salary of moderator, $25.

For salaries of selectmen, $487.50.

For clerical help and other expenses, $400.

For salaries of auditors, $150.

For salary of treasurer, $525.

For expenses of treasurer, $50.

For bond of treasurer, $120.

For salary of tax collector, $600.

For expenses of tax collector, $125.

For salaries of assessors, $487.50.

For clerical help and other expenses $600.

For salary of town clerk, $650.

For expenses of town clerk, $200.

For legal expenses, $700.

Article 7 was indefinitely postponed. This article was relative to instructing the assessors to publish a full statement of each tax payer's possessions both real and personal, etc.

Under article 8, the sum of $200 was appropriated for salaries of the Board of registrars $800 for election officers and other expenses.

The following sums were appropriated under article 9:

For salary of janitor of town hall $450.

For maintenance of the town offices plus income of town hall, $700.

For insurance, $1400.

After some discussion of the appropriation of $2500 for chairs and pianos for the new town house it was voted by a poll of 189 to 153 that the sum of $2000 be appropriated and that only one piano be purchased.

Appropriations for the police department were as follows:

For salaries, $3,741.25, other expenses, $250., court expenses, $50.

The following sums were appropriated for the fire department and for hydrant service:

For hydran service, $6,125.

For pay of engineers and firemen, including their poll taxes, $1671.

For general expenses, $1000.

For insurance, $67.50.

Article 13. To see if the town will vote to raise and appropriate a sum of money for extra pay of firemen on the 30 cents per hour basis. $400 appropriated.

Article 14. To see if the town will raise and appropriate a sum of money for repairs of House No. 2, Hollis avenue. $135.00 was appropriated.

Article 15. To see if the town will raise and appropriate $85. for painting Hose 2. $50 was appropriated.

The sum of $560 was appropriated for new hose and it was voted that the hose be purchased by the selectmen.

All action relative to the purchase of additional fire apparatus was indefinitely postponed.

The sum of $190 was appropriated for the support and maintenance of the fire alarm system and the sum of $60 was voted for an alarm box near Shaw street and Cotton avenue.

Under articles 20 and 21, the sum of $200 was appropriated for the sealing of weights and measures, $125, thereof to be included in the tax levy and $525 was appropriated for the purchase of weights, measures and balances to replace those destroyed by fire.

Article 22 in relation to appropriating money for the suppression of gypsy and brown tail moths, care of trees and forest fires was laid on the table.

Under this article the sum of $400 was appropriated for the fighting of forest fires.

Article 23 relative to salaries and expenses of the board of health, inspection of milk, animals etc., was disposed of as follows:

For salaries, $300.

For other expenses, $100.

For printing, $100.

For fumigation, $200.

For care of dumps. Recommended that no appropriation be made for care of dumps, but that the board of health be instructed to have signs posted at these dumps ordering the users thereof to level same off after using.

For inspector of animals, $100.

For inspector of meat and provisions, $200.

For inspector of milk, $100.

For vital statistics, $50.

For quarantine, $25.

For inspection of plumbing, $300. Recommended that the inspector of plumbing should not also be a member of the board of health.

Article 24 relative to the town accepting the provisions of chapter 103 of the revised laws in relation to supervision of plumbing was laid on the table.

The sum of $318 was voted for the inspection of plumbing for 1912.

Under articles 26 and 27, the sum of $2500 was appropriated to build a drain on Washington street near the residence of Mr. Monk to the town house.

Action on raising and appropriating money to build a drain on Hobart avenue was indefinitely postponed.

Article 28 refers to the highway department and the following appropriations were made:

For salaries of surveyors of highway, $487.50.

For clerical help and other expenses, $175.

For general repairs on highways, bridges, sidewalks, stone roads, watering and oiling street, $12,500. (Plus abutter's tax, excise tax and street railway tax.)

For removal of snow, $1000.

For street lighting, $5,967.

Article 29 refers to instructing the selectmen to lay out as town ways, Harbor Villa avenue, Glen Rose avenue, Pleasant View avenue to report at an adjournment of the annual meeting and to appropriate money for the same. Action under this article was indefinitely postponed. A. L. Hobart gave notice of reconsideration.

Under article 30 it was voted that the southerly ends of Jersey avenue and Hunt avenue be laid out and accepted as town ways and that the expense thereof be taken from the appropriation for general repairs and highways.

Articles 31 to 33 relate to Charity and Soldiers' Benefits and the following sums were voted:

For salaries of the overseers of the poor, $487.50

For clerical help and other expenses, $225.

For maintenance of the Braintree Home, $1,500.

For insurance, $180.

For outside relief, $4,000. (Plus reinbursements from other cities and towns.)

For the purchase of a horse, and special repairs, on Braintree Home, $500.

Article 32. To see what sums of money the town will vote to raise and appropriate for the payment of State Aid and Soldiers' Burials, Military Aid and Soldiers' Relief.

Recommended that the following sums be appropriated: For State Aid and Soldiers' Burial, $3,000. (Not to be included in tax levy.)

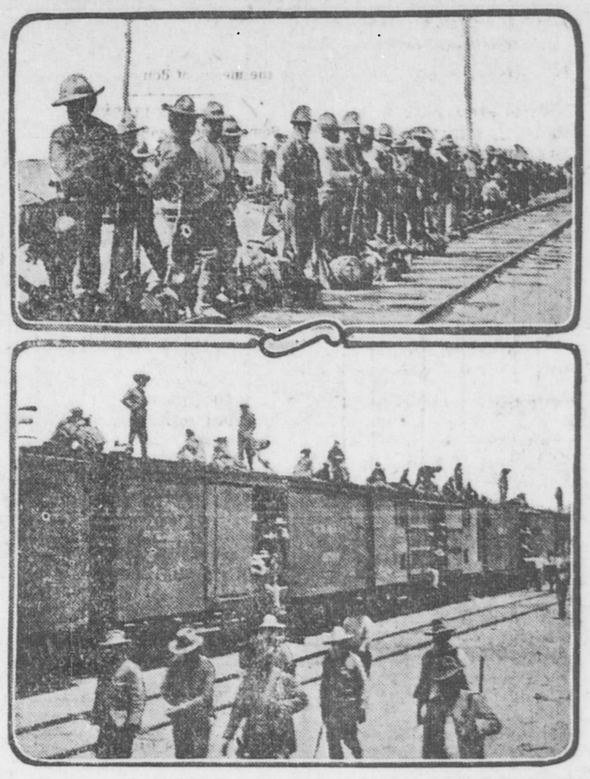

For Military Aid, $144.

For Soldiers' Relief, $500.

Article 5, relative to report of committees was taken from the table during discussion of article 29 and it was voted that the highway surveyor be instructed to visit Harbor Villa, note conditions there as to layout of streets etc., and report at an adjournment of the annual meeting. This is in pursuance of a probable reconsideration of article 29.

The meeting was adjourned at ten o'clock until next Monday evening at 7.45 o'clock.

MEXICO'S VICTORIOUS REVOLUTIONISTS

The upper photograph shows a command of the "rurales" of Mexico who had joined the forces of Generals Diaz and Huerta. In the lower picture the "Diaz special" is seen entering the City of Mexico with rebel troops aboard. These are the troops that attacked the national palace and finally conquered Madero.

MILITANTS GO BEYOND BOUNDS

Personally Petition Royalty For the Rights of Franchise

POLICE AND TROOPS DEFIED

Interfere With King George and Queen Mary, Creating Scene Never Before Witnessed In Streets of London—Suffragettes Say No Disrespect Was Intended

London, March 11.—Women who are demanding votes have made many and unusual scenes in England in their campaign for the ballot, but never anything approaching the incidents of yesterday.

One of the greatest of English royal customs, outside of a coronation, the opening of parliament, was seized upon by women to publicly petition the queen and king for the rights of franchise. In their zeal and determination the women broke through the cordon of troops and police that surrounded and protected the royal personages on their way to the parliament buildings and virtually threw their petition for the suffrage into the carriage of the king and queen.

If this attempt at a personal approach to the king and queen had been attempted by any male supporters of this or any other cause they would have been dealt with without regard to the physical consequences.

The women were arrested, but they were perfectly contented, because, as they said, they had again attracted the attention of the nation and British royalty itself to the determintaion of "English women to be given equal privileges with English men."

It was an extraordinary scene. The greatest care had been taken to guard the king and queen from intrusion and insult. It had even been anticipated that just such an attempt would be made. Queen Mary is much opposed to the methods of the English militants, and she has made no secret of her aversion, so that it was felt that any time the opportunity presented itself she would be made to feel the resentment of the women whose methods she has opposed. But notwithstanding all these forewarnings and all these extra precautions the women arrested succeeded in their plans of petitioning to royalty direct.

No king and queen in all English history have ever had their triumphal parade to parliament so interrupted. To be so confronted in the capital city of his great empire makes an extraordinary page in the history of the reign of King George and Queen Mary.

The women awaited the coming of the royal pageant at St. James park, and the royal equipage had no sooner reached them than they broke through troops and police to reach the carriage. They carried the petitions in rolls tied with the suffrage colors, and brandished them above their heads as they cried: "Votes for women! Votes for women!" They succeeded in throwing at least one of their petitions into the royal carriage before the police were able to seize them and place them under arrest. There were five women in the party.

The king flushed at the acts of the women, although otherwise passing the act as being not worthy of his attention. Still it was his caution, given quietly to one of his aides, that the women should not be harmed, that assured the women all protection and prevented their being severely handled by the crowd, who, stirred by ugly rumors of an attemut to assault the king and queen, were angry enough to deal a summary vengeance. They followed the arrested women, jeering and hooting until they were placed in jail.

The five women arrested gave their names as Lillian Wilcox, Dorothy Smith, Kathleen Paget, Gertrude Vaughn and Grace Stuart.

The union to which the militant suffragettes belong issued last evening the following note:

"The presentation of a petition to the king and queen was out of no disrespect to their majesties, but to call their attention to the fact that there are in power ministers who are incapable of dealing with the very serious situation which has arisen, and are quite out of touch with the popular feeling of the country in continuing to deny to women the elemental rights of citizenship."

CONFESSES MURDER OF AN AGED WOMAN

Prisoner Overcome by Remorse After Jail Chapel Service

Portsmouth, N. H., March 11.—Overcome by remorse after he had attended a religious service in the local jail, John Babbitt, held on a charge of larceny, sent for the sheriff to come to his cell and confessed that four years ago last fall he murdered Emma Brooks at Kingston, N. Y., by cutting her throat.

Deputy Sheriff Shaw got into communication with the authorities of Ulster county, in which Kingston is located, and established the fact that at the time named an old woman named Emma Brooks had been murdered for $18. A berry picker, answering in every way Babbitt's description, was suspected, but escaped.

In an extended talk with the sheriff, Babbitt admitted that, during the majority of his 52 years of life, he has traveled from one part of the country to the other, serving time in many jails.

Of late he has been ill with consumption. He declared the religious service in the jail had convinced him that he should turn about, confess his crime and take the consequences.

TAYLOR HELD WITHOUT BAIL

Negro Cook on Battleship Charged With Second Degree Murder

Boston, March 11.—Henry Taylor, negro cook on the battleship Rhode Island, was arraigned in the superior court charged with murder in the second degree in having caused the death of Jerold Taylor, a negro, aged 42. The affray occurred in the doorway of 29 Claremont Park and began with a quarrel over a girl named Mabel Mills, who lived at 29 Claremont Park.

Taylor, who is 30 years of age, pleaded not guilty and was held without bail for trial.

It is alleged the accused man fired three shots after the quarrel got well under way. He was arrested immediately after.

DEFENDS HIS COURSE

MacVeagh Tells Why the Oleo Cases Were Settled For $123,000

Chicago, March 11.—Franklin MacVeagh, former secretary of the treasury, issued a statement in which he defended his ruling in the oleomargarine prosecutions, which resulted in the government's acceptance of $123,000 in settlement of alleged frauds through which the government, it is claimed, was defrauded of $1,200,000.

MacVeagh asserted that no intentional fraud existed in the cases and that the settlement was on recommendation of the bureau of internal revenues.

The KITCHEN CUPBOARD

SWEET PANCAKES.

PANCAKES are delicious in any form, but combined with fruit or honey they make a special appeal to the small folks or to those of their elders who are blessed with a sweet tooth.

Oddly Shaped.

Pancake Triangles.—With four tablespoonfuls of prepared flour combine enough milk to make a batter. Stir in a scant teaspoonful of salt and fold in the stiffened whites of the three eggs. Melt a little butter in a frying pan and pour in enough batter to cover the bottom of the pan. When the pancake is done on one side turn it. Place the pancakes one on top of another on a plate, strewing each one with powdered sugar or spreading each with jelly or honey. Cut out in the shape of triangles and serve.

Small Pancakes With Jam.—Take three eggs, one pint of milk, a small teacupful of flour and a pinch of salt. Beat the eggs together, then mix the flour with the milk to the consistency of thin cream, add the eggs and mix again. If the pancakes are required very rich no milk need be used and only half the quantity of flour, but add a tablespoonful of water and drop the batter into the boiling fat. When cooked drain on soft paper, serve on a dish upon an ornamental paper, drop a spoonful of jam on the center of each pancake and send to the table quickly.

Fruit Pancakes.

Apricot Pancakes.—Bake pancakes according to your favorite recipe. Spread while hot with a thin layer of canned apricot or good evaporated apricots which have been soaked and stewed slowly and sweetened to make a rich compote. Pile the pancakes on a plate, sprinkle with sugar and serve immediately.

Rice Pancakes.—Take two ounces of ground rice, half a pint of cream, three eggs, two ounces of butter and a gill of milk. Put the rice into a bowl and pour the boiling milk over it. Stir in the butter and some grated nutmeg. When the mixture is nearly cold add the beaten eggs. When thoroughly mixed stir in the cream. Divide the mixture into two equal portions and pour into a well greased frying pan, taking care it does not burn. Cook to a golden brown color. Dish a few at a time and send to the table quickly Serve with heated jelly.

FISH SANDWICHES.

TEMPTING sandwiches for luncheon may be made with fish. While especially suitable just now, the sandwiches make dainty trifles to add to the bill of fare at any time. They are particularly nice for the children's school luncheon.

The recipes given here may suggest other ways of making the sandwiches, the fish used in these being the canned varieties such as are available at all seasons of the year and in every locality.

Tempting Sandwiches.

Lobster Sandwiches.—Chop fine the meat of a lobster, either fresh or canned. Season this with tabasco sauce, olive oil and lemon juice. Spread on sandwich bread which has been lightly buttered. Press two corresponding pieces of the bread covered with dish together, laying a fresh lettuce leaf between them.

Salmon Sandwiches.—Take thin slices of white bread, spread these with a layer of creamed cheese. On this place a layer of salmon slightly moistened with vinegar. Place two of the slices of bread together, laying leaves of watercress between them.

All the sandwiches thus made may be laid together to form a loaf and served by cutting across in the other direction. In this way the sandwiches will be given a very odd appearance.

A Piquant Relish.

Sardine Sandwiches.—Remove the skin and bones from the sardines, make a paste by adding the juice of a lemon, olive oil, the juice of a small onion and salt and pepper to taste. Make a smooth mixture and spread thinly on slices of bread. Lobster, shrimp or crab meat chopped very fine may be used in the same way.

Anna Thompson

New York Opens Tunnel Street

New York, March 10.—The first tunnel street in this city, and so far as known the first in the world, has opened to traffic. The street is 180 feet long and was dug under Fort George hill, near the northern tip of Manhattan Island.

New York, New Haven and Hartford R. R.

In effect March 2, 1913

THOMAS GAMMON,
Superintendent.

The SUITORS OF Mrs. MERRIWID

BY KENNETT HARRIS

MELISSA FREES HER MIND ABOUT THE DEAR DEPARTED.

Mrs. Merriwid's maternal maiden aunt Jane found her bereaved niece still in her morning negligee, although it was nearly ten o'clock. It was a handsome, cobwebby negligee, with a big cherry-colored bow at the throat to relieve its more or less funereal black, and Mrs. Merriwid looked well in it, having a fair skin and a figure that was plump, but not too plump. There was a tray on a tabouret by Mrs. Merriwid's chair, and on the tray were the mangled remains of two lamb chops and some crusts of toast, which, with an empty chocolate pot and milk pitcher, seemed to indicate that grief for the departed Mr. Merriwid had not destroyed the appetite of his sorrowing relict.

"My poor darling!" exclaimed Aunt Jane, fervidly.

Mrs. Merriwid removed her very neatly stockinged ankles from the elevation of a supplementary chair and arose in time to meet her relative's sympathetic rush and tackle. "Auntie," she said, extricating herself gently, "I'm awfully glad to see you, but please don't cry on me. I catch cold so easily. Take off your things, dearie, and have some breakfast and then tell me where it hurts. Here, I'll help you."

With a few competent jerks, the young woman divested her guest of her hat and wraps, which she tossed onto a davenport. "Now for the eats," she said, pressing the buzzer beneath

"AUNTIE, WHY THE PEARLY DROPS?"

the table. "You've had your breakfast, of course, which means a wing of the chicken left over from yesterday's shoe-box with a sliver of dill pickle and a slice of stale bread and butter. Perhaps you had a cup of coffee at the station, but I wouldn't bet high on it. If you are going to live with me and take care of me you've got to gradually accustom yourself to food. Sit down, Auntie, and lean back. Don't be afraid of breaking the chair. "Elsie,"—this to the maid—"hustle on some breakfast for aunt Jane. Something good. We'll lunch downtown. Now Auntie, please tell me why the pearly drops?"

"Poor Mr. Merriwid!" said Aunt Jane, with a sigh.

"Oh yes, I see," said Mrs. Merriwid. "You feel bad on his account. Well, it was a shame he had to go. Still, dearie, you mustn't let it overcome you. From what the minister said, there can't be any doubt that he is in a better land, and he certainly had a great deal of trouble in this. He's at rest now. I didn't tell the girl whether you wanted tea or coffee."

Aunt Jane looked shocked. "Melissa," she exclaimed, "I don't believe you are a bit sorry!"

"Auntie dear," said Mrs. Merriwid, "when poor Henry died, I assure you I was the sorriest lady you ever saw, but I can't keep on being sorry forever. It's nearly three weeks ago now and the sharp edge is beginning to get worn off a little."

"Weren't you happy with him?" asked Aunt Jane, sharply.

"It depends on what you call happy, dearie," Mrs. Merriwid explained. "When you talk about a happy marriage, it generally means that the high contracting parties wait until the hired girl is back in the kitchen before they begin to throw the queensware, and that they don't call each other anything more venomous than 'my love' in public. At that, Auntie dear, they may have their little differences and be conscious of some slight shortcomings and weaknesses in one another. I won't say that I wasn't happy with poor Henry, but being with him while he read the produce market reports in the cosy winter evenings wasn't rapture, nor yet ecstacy—not as I understand the terms, and not knocking anybody, you know, Auntie."

"I always understood that he was very kind to you, Melissa," remarked Aunt Jane.

"He was," assented Mrs. Merriwid. "He never even offered to beat me. He used to think he had a talent for sarcasm, poor man! and I suppose he imagined that he was stabbing me in all kinds of tender spots when he talked about the way I managed the house and spent his hard-earned money; but he meant to be kind. All he wanted to do was to show me what a silly, careless, vain, criminally extravagant creature I was, so that I could reform. And I could always get money from him by going through his pockets when he was asleep, bless him! Really and truly, he wasn't hard to manage and I certainly miss him. Poor Henry!"

"I should think you would miss him!" said Aunt Jane, rather severely.

"He snored a great deal, and I miss that," sighed Mrs. Merriwid. "He was what you might call a regular and rhythmic snorer, Henry was, and it had a lulling effect after I got used to it. Now I've got to get accustomed to the quiet and lying a-bed as long as I want to. There's so much in habit, auntie, and that's one of the blessed compensations of married life. You never saw Henry, and that picture I sent you didn't show the wen on his nose. The photographer retouched it out along with the wrinkles, but it was an awfully big wen and I couldn't look at it without shuddering at first. But I got used to that, too, just as I did to the way he ate his soup. This morning when I let the water run out of the bathtub it almost brought tears to my eyes, and I'm not a very sentimental person, as you know."

"I wondered if you really loved him when I got your wedding announcements," Aunt Jane mused. "You didn't tell me much, dear, except about the bridesmaids and your dress; but I hoped you did, even if he was so much older than you."

"He was only thirty years older," Mrs. Merriwid said, "and everybody told me that it was better to be an old man's darling than a young man's slave. Of course some old men are better looking than others and don't have intermittent dyspepsia and a chronic grouch. But poor Henry had his good points, and it's very sad to be left a widow. If it wasn't for being in comfortable circumstances and having nobody to tell me what I must do and what I mustn't, and being at liberty to enjoy myself as much as I please, I expect I'd feel perfectly wretched. But now I've got a nice, sweet chaperone and we'll let poor Henry keep on resting. You'll have your troubles, Auntie. There are three of them already and as soon as I emerge from my seclusion, I suppose there will be more."

"Melissa!" exclaimed Aunt Jane, in tones of horror, "you don't mean to tell me that you are thinking of marrying again already!"

Mrs. Merriwid laughed. "We'll see what they are like, dearie," she said. "I don't expect to marry again, but if I can find a man who's young and good looking and kind and generous and prosperous and clever, with no bad habits, I may change my mind, on one condition."

"What's that" asked Aunt Jane.

"That I take a fancy to him," replied Mrs. Merriwid.

(Copyright, 1912, by W. G. Chapman.)

Translated.

"By the way, what has become of the old water wagon?"

"I don't know. Maybe it's a constellation now, along with the Great Bear and the Dipper."

WILL NOT BE A FIGUREHEAD

Marshall to Perform Duties of "Assistant President"

WILL KNOW "FAMILY SECRETS"

Means Great Increase In Prestige and Dignity of His Office as Well as Personal Influence—Idea of Allowing Cabinet Officers Seats In Congress Is Growing

Washington, March 11.—High authority confirms the rumor that President Wilson, not content with regarding the office of vice president as a mere political convenience, purposes to carry Vice President Marshall along with him in the secrets of the administration family.

For a month or more the vice president will have all the time he wants to study the senate manual, but when the special session opens he will be called into consultation, not only with President Wilson, but with the cabinet whenever it may appear desirable. This course will give the vice president first hand instead of third hand information upon administration policies and will have a tendency to increase greatly not only the prestige of his office but the personal influence of the vice president.

The senate rules cannot be broken with impunity and as presiding officer Marshall will be limited strictly to the duties of his place, but as a coworker with the president in the affairs of the government he will have a status in Washington which no other vice president has enjoyed.

The idea of allowing cabinet officers seats in congress is growing also, along with that of enhancing the importance and dignity of the vice presidency. It is pointed out that hours and even days of debate often are wasted and solemn demands made upon the various departments when a few words from a cabinet officer on the floor will clear up the whole situation.

Cabinet officers now have the privilege of the floor but not of debate, nor have members the privilege of interpellation which is common in the parliaments of Europe.

The country never has faced a period when more or greater legislative problems were pressing for settlement and the whole bent of the Wilson administration is obviously toward the enactment of laws, many of them fundamental, which the country wants.

So far every precedent broken by the new president and his associates has been in the line of progress and dispatch and should the administration champion a broadening of the privileges of cabinet officers, as it has planned to enlarge the scope of the vice presidency, this innovation might be sanctioned by congress.

JOB FOR ROOSEVELT

Ex-President's Cousin to Be Assistant Secretary of Navy

Washington, March 11.—Franklin D. Roosevelt, state senator in the New York legislature, was agreed upon by President Wilson and Secretary of the Navy Daniels as Beekman Winthrop's successor as assistant secretary of the navy.

Franklin D. Roosevelt has a record for strenuousness little behind that of his distant cousin, the ex-president. He organized the revolt among the Democratic members of the legislature at Albany which overturned the plan of Charles F. Murphy, boss of Tammany, to slip a senatorial toga on the shoulders of William F. Sheehan. As a result Murphy was compelled to back down and Senator O'Gorman finally secured the honor.

Nominations sent to the senate by President Wilson included:

First assistant postmaster general, Daniel C. Roper of South Carolina.

Third assistant postmaster general, Alexander M. Dockery of Missouri.

Fourth assistant postmaster general, James I. Blakeslee of Pennsylvania.

United States judge (District of Porto Rico), Peter J. Hamilton of Alabama.

Commissioner of labor statistics, Charles P. Neill of the District of Columbia (reappointed).

FINDS EAST TOO TAME

Lone Star State Is Good Enough For Captain Bill McDonald

Washington, March 11.—Captain "Bill" McDonald of Texas, personal bodyguard for President Wilson during the days after the Baltimore convention and before the election, is going back to Texas. He is tired of the effete east.

"I am going back to Texas," he said in mournful tones. "I don't like these here rugs you got round this place. My feet's getting tired and I want to plant them in an acre of plowed ground."

POST OFFERED TO OLNEY

Boston Man May Be Ambassador to Court of St. James

Boston, March 11.—Richard Olney has not arrived at a decision as to whether or not he will accept the tender of the ambassadorship to Great Britain made to him by President Wilson.

Up to last night Olney had disclaimed any knowledge of the intention of Wilson to offer him the appointment.

It was stated yesterday that Olney had talked the matter over with a personal representative of Wilson and that he had received a direct offer of the appointment. Last night he admitted having received the invitation.

LEWIS RESIGNS

Successor of Negro Assistant Attorney General Not Selected

Washington, March 11.—William H. Lewis, the negro lawyer of Boston, whose appointment by Mr. Taft as an assistant attorney general raised a row in official circles, which was followed by a sensational contest over Lewis' membership in the American Bar association, resigned yesterday afternoon.

It has not been decided whether a successor will be appointed.

DRY DAYS AHEAD AT NATIONAL CAPITAL

Prominent Democratic Statesmen Averse to Drinking

Washington, March 11.—The Wilson administration will be "dry." This expression is used entirely in a sense that appeals to the "inner man of the nation." It has become known that President Wilson and his family are averse to the use of liquor or wine in any form.

Intoxicating liquors will have no place in the White House during the next four years unless the president's views undergo sharp change.

The premier in the president's cabinet, Secretary of State Bryan, as is well known, has been a prohibition advocate for many years.

It is well known that Speaker Clark is a teetotaler and has been for many years. The fact that a large portion of the Democratic majority in the senate and house is from the south, where prohibition is general, makes certain the fact that there will be less drinking of intoxicants than has been known in Washington for many years.

ROAD VIOLATED PLEDGES

Governor Pothier's Committee Refuses to Hear Grand Trunk Men

Providence, March 11.—The committee of citizens appointed by Governor Pothier to consider the plan of the state to guarantee the bonds of the Southern New England railway passed another resolution against the proposal and refused to allow officials of the new road and the Grand Trunk to address them.

The governor, who favored the proposition, invited Cy Warman, press agent of the Grand Trunk, and Vice President Murdock of the Southern, to appear, but the committee voted not to allow them admittance. The governor declared he would accept the chairman's opinion.

Attorney General Rice told the committee that he considered the state would be "lowering its dignity to consider any proposition from a railroad that had violated its pledges."

QUAKE DESTROYS CITY

Communication With Stricken Guatemalan Territory Cut Off

Washington, March 11.—Complete destruction of Cuajiniquilapa, the capital of Santa Rosa, Guatemala, with a great loss of life and property throughout all the country within a radius of eighteen miles of the city, was reported by the American minister at Guatemala City to have been the result of Saturday's earthquake.

Because all communication with the stricken territory has been cut off, particulars are meagre. The city had a population of about 5000.

Cops Watch Burglars at Work

New York, March 11.—Three burglars, donning barbers' coats and turning on the electric light, robbed the barber shop of Joseph Caska while unsuspecting policemen looked on.

RICHARD OLNEY

Cleveland's Secretary of State Is Offered an Ambassadorship

MRS. ISABEL GORDON CURTIS

Mrs. Curtis, the talented wife of Francis Curtis, director of the literary bureau of the Republican congressional committee, has just published another sucessful novel, "The Lapse of Enoch Wentworth."

Buried in Wine Cellar

Paris, March 11.—By his request, Leonce Dolquet, wealthy vineyard owner of Besane, was buried in the wine cellar of his chateau, the service being read among casks, presses and bottles.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Address: F. J. Cheney & Co., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

Commonwealth of Massachusetts

IN BOARD OF GAS AND ELECTRIC LIGHT COMMISSIONERS.

Boston, March 7, 1913.

On the petition of the Quincy Electric Light and Power Company for the approval of an issue of additional capital stock of the par value of fifty thousand dollars ($50,000) for the purpose of paying the indebtedness of the Company now outstanding, the Board will give a hearing to the parties interested at its office, 603 Ford Building at 15 Ashburton Place, Boston, on Wednesday, the nineteenth day of March current, at ten-thirty o'clock in the forenoon.

And the petitioner is required to give notice of said hearing by publication hereof in the "Quincy Ledger," a newspaper published in the city of Quincy, prior to said time of hearing twice each week for two successive weeks.

By order of the Board.

DIED AFTER BRIEF ILLNESS

Ex-Councilman John Moir a Victim of Pneumonia

Ex-Councilman John Moir, of 419 Hancock street, Atlantic, passed away this morning at the City Hospital after a brief illness of pneumonia aged 34 years. Ex-Councilman Moir took a severe cold last week which developed into pneumonia and Friday he was taken to the City Hospital. Everything possible was done for him but to no avail and he passed away early this morning. Ex-Councilman Moir was one of the best natured members the council ever had. At times he was inclined to be rather sharp in his questioning but beneath it all there beat a kindly heart, and his friends were without number.

He was born in Aberdeen, Scotland, Nov. 2, 1878 but came to America with his parents when but four years of age and settled in West Quincy. Here he passed his youth, attending the Willard school from which he graduated with honors.

Soon after leaving school he entered the office of the late Lafayette G. Blair, one of the best know members of the Suffolk bar where he by strict attention to business he arose to the position of confidential clerk which position he held until the death of Mr. Blair late last year. He still continued in the office however and was preparing for the profession of a lawyer at the Y. M. C .A. night school being in his third year.

It was about the year 1900 that he moved from West Quincy to Norfolk Downs where he has since resided. He has been a Republican since he became of voting age and has served as a member of the Ward Six Republican Committee.

His first public office was that of Councilman from Ward Six being elected to the City Council of 1906. He also served in the City Councils of 1908, 1909, and 1910. During his term of service he served on all the important standing committees having at one time served as chairman of the Public Buildings Committee as well as the Street Committee. During his last year of service he served on the Finance Committee.

The news of his death comes as a great shock to a large circle of friends. He never married and made his home with his parents. He leaves beside his parents two sisters and two brothers.

EXPENDITURES INSIDE LIMIT

Of the Receipts at the First Congregational Church

The annual meeting of the First Congregational society was held Monday evening in the chapel. The meeting was not very largely attended. John Q. A. Field was moderator and the election of officers resulted as follows:

Clerk—J. Brooks Keyes.

Treasurer—Thomas Fenno.

Collector—George H. Field.

Parish Assessors—Henry M. Faxon, James H. Stetson, Frederick H. Smith.

The report of the treasurer showed the receipts of the year to have been $7,372.06 and the expenditure including cash on hand amounting to $117.86 were $7,372.06.

It was voted to appropriate the sum of $6,400 for expenses for the ensuing year.

The report of the Parish Assessors showed the total amount of the endowment fund, which included $500 from the late Joseph L. Whiton, amounted to $28,364.10.

BRIEFS

Supreme Ppresident W. F. Barlow will pay an official visit to Granite Lodge, No. 193, O. S. S. G., Wednesday evening.

Mrs. Mary Flowers of Newcomb place has returned to her home after three weeks illness at the Massachusetts General Hospital.

The Wollaston Park Improvement Association is to discuss "Revision of City Charter" at its meeting tonight at the Wollaston Yacht clubhouse.

Preparations are being made for an unusually attractive Easter concert at the Universalist church. Mrs. James H. Slade and John E. Greene, singers of well known ability are to be the soloists.

Miss Mary A. Ford of the Tax Collector's office who underwent an operation for appendicitis at the City hospital some weeks ago has fully recovered and has returned to duty again.

The Assessors are getting ready to make their annual rounds of the city assessing real and personal estate. Under the present law they begin their tour of duty April 1. It is no April fool joke however.

LAST IN COURSE A PERFECT GEM

Delightful Ending of the Lyceum Course

BY THE Y. M. C. A.

Parker's Boston Imperials, a combination of musicians and vocalists surpassing any group ever heard in this city were the final offering of the Y. M. C. A., in their Lyceum course at Music hall, Monday evening. The high class program varied from classic compositions to popular airs.

The audience was the largest that has attended the course; was very appreciative and offered so much encouragement to those who took part in the program that many encores were given.

Miss Evangeline Hiltz, who captivated the audience at the concert by Victor's band was again the prima donna soprano soloist of the evening. When she arose for her first rendition she was given loud applause.

A quartet which combined all the elements of harmony on their solo numbers and considerable comedy in their interpolations consisted of Raymond Simonds and Lyman Hemenway tenors, and John Smallman as baritone, and Alex Logan as bass.

Miss Phyllis Hammond was the harpist of the evening, Miss Alberta Florence the violinist, and Phillip Morse was the flutest.

The program opened with Labitzky's "Traum der Sennerin" arranged for harp, violin and flute, and was followed with "Comrades in Arms" of Adams by the quartet.

Miss Florence played Dribbell's "Souvenir" in place of the meditation from Thais, and was accorded hearty applause. She responded with two encores, the last being the touching "Believe Me of All Those Endearing Young Charms." Miss Florence is a violinist of more than ordinary ability and displayed a technique that produced a silvered tone which went to the heart of her hearers.

The Barcarolle from Tales of Hoffman, Offenhach, was well rendered and highly appreciated by the audience and Miss Hiltz followed with the "Charmant Oiseau" of David. The audience absolutely refused to dismiss Miss Hiltz until she had sung "Coming thro' the Rye," her favorite solo.

The next number was a bass solo by Mr. Logan, "Old Black Joe," with quartet chorus. Mr. Simonds sang "When you and I were young Maggie" with quartet chorus and all joined in "Dixie," receiving an outburst for their fine rendition.

Mr. Logan then sang "A life on the boundless main," and the quartet gave several popular selections which concluded with Mr. Hemenway singing "Take me up in your airship, dearie" with the patter chorus.

Miss Hammond gave the Mazurka of Schuecker and as an encore played another of her compositions. She also gave the "Hungarian Patrol" and was roundly applauded.

The concert closed with the "Blue Danube Waltzes" of Strauss by the artists.

Continuous haud clapping followed the drop of the curtain and expressions of appreciation were heard on all sides. Many filled out slips which had been passed through the audience and most of them heartily commended the course, giving the Imperials the first choice of a return engagement.

MAY BE DISBARRED

Los Angeles Bar Association to Consider Darrow's Case

Los Angeles, Cal., March 11.—Possible disbarment of Clarence S. Darrow will be considered at the next meeting of the Los Angeles Bar association, according to an announcement by the president of the organization.

At the second trial of the Chicago lawyer for alleged jury bribery in connection with the defense of the McNamara brothers, District Attorney Fredericks said portions of Darrow's testimony justified disbarment proceedings.

Meat Takes Upward Jump

Boston, March 11.—Wholesale market prices for meat have taken another bound, and with the opening of the week are again in ascension after the altitude record. The dealers speak of snow storms and cold snaps in the west which delay shipments of fresh meat into Chicago.

Corporation Tax Appeal

Washington, March 11.—The supreme court granted the request of the government to review the decision of the federal courts in New York in the street railway cases, to decide if corporations in the hands of receivers are requested to pay corporation taxes.

BUYING A CLAIM

By TIMOTHY W. BARLOW

Billy Watkins was a lovable sort of a fellow. Indeed, he was too lovable to ever make anything of himself. He had some capital and started a business of his own. Any one who is experienced in business knows that somebody about the premises must stand with a club to keep back all sorts of inroads upon the treasury. Everybody that has anything to sell the concern invents all sorts of stories as to why it should be bought. Everybody employed has a reason for increase of salary And so it goes. If there isn't some one to turn a deaf ear to such talk bankruptcy is sure to come.

Billy paid me a big salary to be a buffer between him and persons who wanted something. But in spite of all I could do they would get past me to Billy himself, and the concern was sure to be "out" some more. "Jones," Billy would say to me, "has sickness in his family and needs an advance of $100," or, "That drummer who was in here this morning showed some beautiful goods. Besides, he's been having hard luck lately. I'm sure his wares will go off like hot cakes." The result would be that Jones would quit us in debt, and the goods would remain in stock unsold.

Of course the inevitable red flag came in time. After we were sold out I loaned Billy $200 for present expenses. When I loaned it I never expected to ask for it. Billy said that when he got on his feet again he would pay it, and I knew he would if he ever got on his feet. But I was taken ill soon after I left his service and was obliged to submit to an important operation. The consequence was that the great specialist who operated on me, hospital board bills and loss of time took all I had.

I applied for a payment of my loan but Billy had given so much in sympathy that he hadn't anything with which to pay his just debts. He sold some heirlooms for a matter of $20 which he gave me, and when I was obliged to apply to him again sold his overcoat and sent me the proceeds. I didn't know of either of these sales or I wouldn't have accepted the sacrifice. The sale of his overcoat brought on a cold which was followed by pneumonia, and Billy came out of a hospital more deeply in debt than before.

Not being able to work after my operation and not knowing of Billy's real financial condition, I applied to him several times in succession, getting less and less amounts each time till at last I received a silver dollar After that I didn't try to squeeze any more blood out of a turnip.

One day a very nice looking lady called on me and asked for Billy. I fancied he owed her money, so I was chary about giving her his address.

"Mr. Watkins can't pay any bills," I said. "He's awfully hard up."

"Does he owe you anything?" she asked.

"About a hundred and fifty dollars."

"What will you take for your claim?"

"Anything you like to offer."

"How would $50 suit you?"

"Make it $75 and it's a go." I said more to follow the thing up from curiosity than in the expectation that she would take me up.

"I'll split the difference and give you $62.50."

"All right." I agreed, wondering what it all meant. She pulled a little checkbook out of a reticule and wrote me a check for the amount, and I assigned my claim on Billy to her. Being a woman I didn't suppose that she would do anything mean in the premises, though after I had made the transaction I was sorry for it, fearing she might want the claim to get revenge for something.

I didn't see Billy after that for some time. Indeed, I didn't care to meet him, for the more I thought about the woman's buying a claim against him the more I believed she had done it to secure some revenge. I feared to hear of his being prosecuted in some way.

One day I saw Billy coming on the street. I was about to dodge into an alley when a second glance showed me that he was much changed. He was dressed handsomely, with a chrysanthemum in his buttonhole and swung a smart cane. As soon as he caught sight of me he made a dive for me. I waited as a man will stand for an automobile he expects to run him down, not knowing whether or not I would receive a shower of reproaches When coming up to me he put his arms about me, giving me a bear's hug.

"Where the deuce have you been keeping yourself?" he said. "I've been wishing to see you to tell you of the luck I've had. Not long ago an old flame of mine who once refused me sent me a check for $87.50, saying that a claim against me had been transferred to her for less than it was worth, that I was welcome to the difference for as long a time as I liked. Well, I took this for a hint to ask again, and I did, with the desired result. We're to be married next month, and I wish you to be my best man."

"What are you going to live on?"

"Oh, my girl's rich. I would like to go into business, but she says she has enough for me to do to take care of her property."

"Whose claim did the lady buy?"

"I don't know. She won't tell me."

Billy and his wife concluded to make a tour in Europe before settling down.

BIG BOWLERS TALK PLENTY

Public Would Like to See the Match and End the Affair at That

Christopher who was scheduled to roll Poehler Feb. 24 but was on the sick list is evidently saying that our local bowler is hedging. In fact, if he is reported correctly, he has told Quincy men that he was ready at a minutes notice.

A Boston paper has made forcible statements regarding both men. Who is the goat cannot now be determined. The certainty exists that Poehler according to his words at the Coliseum, Monday evening, will meet "Chris" anywhere and at any time.

Christopher recently made similar statements. The agreement money was placed in the hands of a Boston sporting writer. The purse is not up as yet. Under the terms of the agreement neither man can withdraw the retainer.

The fans are talking over the most absorbing topic regularly and they are freely saying the habit grows.

A CELEBRATED ENTERTAINMENT.

The coming of W. J. Walshe, the noted lecturer to Music hall, Quincy, St. Patrick's night, Monday, March 17, in his celebrated "Irish Evening," is an announcement which will delight a large number of the people of this city who have heard him with much pleasure in his varied repertory on previous occasions in Tremont Temple, the Boston and Tremont Theatres. Of his recent appearance the Boston Herald writes:

"After an absence of three years from public life, W. J. Walshe, our able and popular lecturer, appeared last night in Tremont Temple, as is usual, to a large and enthusiastic audience. The attraction was his beautiful 'Irish Evening,' which for years has placed him in the front rank of descriptive lecturers ,and which has for more than a hundred times delighted Boston audiences, irrespective of race or creed. Bad taste, combined with scanty love of the 'Land of the Shamrock,' oftentimes made the stage Irishman forget that he was insulting a meritorious people by falsifying pictures of Irish life and customs. It was Mr. Walshe who first undertook the difficult task of presenting to the public an Irish production of a high-class and artistic character, and we are pleased to note his efforts were crowned with well-merited success, even from the outset. His 'Irish Evening' entertainments have forced more Yankees to visit the far-off 'Queenly Island Home' than all other influences combined."

TELLS OF POLICE GRAFT

Woman Says She and Her Husband Paid Tribute For Years

New York, March 11.—What District Attorney Whitman said he regarded as one of the most far-reaching and important confessions of the entire police graft investigation, in the eight months since the Rosenthal murder, came when Rosa Hertz, a convicted East Side resort keeper, told the district attorney all about how she and her husband, Jacob Hertz, for years paid tribute to the police system.

Whitman at once arranged for the woman's appearance before the grand jury and caused subpoenas to be issued for all the persons mentioned by her.

SURPRISE IN WELLS CASE

Husband Held as Slayer of Babies While Wife Is In Jail

St. Albans, Vt., March 11.—Julius Wells last night was lodged in the Franklin county jail, charged with the murder of his two children, Louis and Mary, who, last December, died of arsenic poisoning.

The arrest of Wells comes as a distinct surprise. The police refuse to make public the cause of their action. Wells, himself, seemed little concerned.

Jan. 3, Mrs. Anna Wells, mother of the two little tots, was arrested. After a hearing she was held for the March grand jury charged with "dealing out poison with intent to kill." She has since been lodged in the Franklin county jail.

Old Postmistress Loses Job

Sea Girt, N. J., March 11.—Because she didn't know it was necessary for her to take the civil service examination, Mrs. Mary Blakey, postmistress here for seventeen years, has lost her position.

☞PRATT'S BREAD is liked by the most discriminating people. Grocers sell it.

CLOSING UP THE SEASON

Bowling Leagues Drawing to the Final Lap

STANDING OF THE TEAMS

One City league, three Fore River and a special match was the bowling card Monday evening.

At the City Square alleys Cranch defeated the Melon Chopees 3 to 1. Stewart made best string of 111 and best total of 287.

The Government Draftsmen beat the Machine Floor, 4 to 0, the Pipefitters beat the Hull Draftsmen, 3 to 1 and the Yard beat the Foundry 4 to 0. Kiley of the Yard had best string of 117. The high total was made by Poehler who reached 330. Several other men were over 100.

In the Odd Fellows special Mt. Wollaston lodge beat John Hancock lodge 3 to 1. Hallquist was high with 133 and had best total of 340. Several other good strings were made in the match.

O'Rourke	94	77	74	245
McDonald	73	77	80	230
Totals	414	394	394	1202

The bowling leagues of the city are closing their schedules. Outside of a few regular matches there are only a few postponed games in the Fore River Leagues.

The Ship Fitters are leading and are closely followed by the Yard. The Pipe Fitters are still in the running in third place.

In Foresters league Court Monatiquot is holding first place. Court John Ericson of this city is running up to the title. A fine prize has been placed on exhibition at the Coliseum alleys which will go to the winner.

The Heptasoph's League closed with team C in top place with a comfortable lead. The bowlers have derived so much amusement from team competition that plans are under way for the formation of another short league schedule.

In the St. Mary's West Quincy league, Hall Place retains the lead, closely followed by East Milton. A small percentage gives Hall Place the lead.

ST. MARY'S LEAGUE.

SOME LIGHT.

A little light is shed on the delayed Poehler-Christopher match by the average of both men. Poehler has one of the best averages of any Boston bowler, having maintained 104 in competition in the Boston City league. Christopher has an average of 99. The slight difference indicates more than is really apparent. In the meantime "Chris" is bowled as Poehler's superior and nobody believes the statement.

—The waste that has gone on in the United States has been enough nearly to ruin any other country in the world. In the past 36 years, for instance, a trifle more than five billion dollars' worth of property has been destroyed by fire. And the Philadelphia Ledger notes that "our fire losses have been increasing at a faster rate than either our population or our national wealth."—Taunton Herald.

DEATHS

MAHONEY—In Quincy, March 9, Jeremiah S. Mahoney. Funeral from late residence, 11 Thayer street. Wednesday, March 12 at 8.15 a. m. High mass of requiem at St. John's Church at 9 o'clock. BOYNTON SUSTAINED BY COUNCIL ON HIS CHURCH STANDING

Ex-Parte Body Severe in its Criticism of Park and Downs Church Course

Recommended His Admission to the Church of Revere

The Park and Downs Congregational Church of Wollaston has been severely censured by an ecclesiastical council of the Congregational denomination for its action taken on July 5, 1912, in suspending Chester A. Boynton, one of its members, on the charge that he had broken faith with the church in failing to withdraw his suit of $25,000 against its minister, Rev. William B. Ayers.

An "ex parte" council, comprising the pastor and one layman from each of the churches of the Suffolk South Congregational Conference, sat in judgment of the case at Pilgrim Hall all day Tuesday, and at length declared that there was no foundation for the charge made against Mr. Boynton by the Park and Downs Church.

The council further found that the actions of the latter body toward Hr. Boynton last spring had in many cases been "unjust and illegal," and resented the refusal of the members of the church to be represented in a mutual council, at which arguments for and against Mr. Boynton's suspension might be discussed. The council also recommended Mr. Boynton to the fellowship of the church in Revere, so that he is now free to join the church to which the Park and Downs church refused to give him a letter.

The statement issued after the meeting by the moderator of the council, Rev. Frederick B. Richards of the Phillips Congregational church of South Boston, follows:

"An ecclesiastical council convened on Feb. 25 and March 11, 1913, voted as follows:

"That this council express to the Park and Downs Union Congregational church our disapproval of their discourtesy in refusing to accept our invitation to join in a mutual council.

(Continued on Page Four.)

VIOLIN RECITAL QUITE PLEASING

Miss Walker Afforded Much Pleasure to Her Friends

A very enjoyable violin recital was given by Miss Emma E. Walker of Botolph street, Atlantic, in the Memorial Congregational church, Tuesday evening. The affair was a success in every way and was very largely attended. Miss Walker was very ably assisted by the following young ladies: Miss Florence Linnell of Somerville, pianist, Miss Hazel Davison, Atlantic organist and Miss Grace Gooding of Weymouth, pianist.

The perfect rendition of the following program was very greatly appreciated by all.

Sjogren, Sonate Op. 24
Massenet—Meditation from "Thais"
Dvorak—Humoreske
Fink—Spring Showers.
Wachs—Capricante
Miss Gooding
Mietzke—Meditation
With piano and organ.
Mendelssohn—1st movement from Concerto In E minor

Miss Clara Rand, Miss Edna Robinson and Miss Eva Weymouth acted as ushers.

This is the first recital given by Miss Walker who is devoting all her time to music making the violin her life work.

WHY WASHINGTON POLICE ARE UNDER INVESTIGATION

This photograph, taken while the suffragist parade was trying to make its way down Pennsylvania avenue, would indicate that the charges of the women against the Washington police were well founded. It is alleged the police not only did nothing to clear the way for the parade, but even joined with the hoodlums in insulting the women.

PROGRESSIVE DINNER PARTY

Merry Go Around of Six Courses By "The Bunch"

EVERYONE DELIGHTED

A most delightful "Progressive Dinner Party" was enjoyed by "The Bunch," a club composed of seven women, Tuesday evening. Although the walking was far from good, the tramp to the six different homes of the members was greatly enjoyed. The dinner was composed of six courses only one course being served at each house. The table decorations at the various houses were very pretty, and the favors and place cards, most unique. The husbands and gentlemen friends of the ladies were allowed to accompany them, and merriment reigned throughout the entire evening.

The first course was at Mrs. Hennessey's Stewart street and consisted of soups. The next course at Miss Pinel's, Souther place was fish, the table being very prettily decorated with jonquils and narcissus, little umbrellas being used as place cards For the meat and vegetable course, third on the list, the merry party tripped to Mrs. W. F. Perry's, 40 Massachusetts avenue. Easter decorations were in evidence and the place cards, contained the names of all the company. Great fun was had snapping the pretty bon bons, each producing a sentimental verse, and a pretty cap, which they all donned wearing them throughout the evening. They then left for Miss H. M. Lermond's home 20 Glenwood way, where salmon and vegetable salads were served. This table was decorated with Easter chicks and was a pretty sight The party remained just long enough to finish this course and started out again to the home of Miss Alger Keene on Washington street. Here puddings and fancy cakes were served, a large bouquet of pinks adorning the table The decorations of the dining-room were in accord with St. Patrick's day, and upon leaving each one received a pink which were distributed by Miss Keene.

The next stop was at 46 Edison Park, the home of Mrs. Otis MacDonald where ices, fancy crackers and coffee were served. This completed the dinner which took about 5 hours and as the party was loth to depart, they entered the parlor and listened to pleasing selections by some of "the bunch."

Mr. MacDonald gave a number of old time melodies, the rest joining in the singing. Mr. and Mrs. Hennessey sang a duet, the latter also giving some very amusing readings. English melodies were sung by Mr. Hartley being assisted in the choruses by the party. Selections on banjo and the flute were given and the affair wound up by singing popular songs.

On the whole, the evening was so delightfully spent that it will not soon be forgotten by the participants who did not leave for home until past midnight. Among those present were Mr. and Mrs. MacDonald, Mr. and Mrs. J. Hennessey, Mr. and Mrs. W. F. Perry, Miss H. M. Lermond, Miss Gladys Pinel, Miss Alger Keene, Ray Oliver, R. Phinney, G. C. Russell and Mr. and Mrs. L. Hartley who have just arrived from England where they were married a few weeks ago.

HEARING ON THE CHARTER

Brought Out Big Crowd of Quincy People Today

Today will be Quincy's great day at the State House, and the receipts of the New York, New Haven & Hartford should be considerably swelled by money received for car fares too and from Boston from Quincy. It is today that the legislative committee gives its hearing on the petition of James S. Whiting and others for the enactment of a bill amending the City Charter. That there will be a lot of oratory is sure. And it will not be all on one side, for there will be fully as many who are opposed to the passage of the bill, among the spelibinders, as are in favor. It is very doubtful with so many who desire to air their opinion if the hearing can be finished in one hearing.

VISITED LAW MAKERS.

Assistant Principal Miss Wood of the Quincy Mansion School chaperoned 12 young ladies of the school who were the guests of Representative Chandler of East Bridgewater at Monday session of the House of Representatives.

FAVORED REVISION

Mr. McAnarney Believed in Party Elimination

IN CITY ELECTIONS

At the monthly meeting of the Wollaston Park Improvement Association Tuesday evening at the Wollaston Yacht club City Solicitor John W. McAnarney spoke on "Revision of the city charter."

Mr. McAnarney favored the proposed changes calling for elimination of party designation, city council of 9 with a three term three to be elected each year and a two year term for mayor.

Election of a man for ability was one of his reasons for elimination of party designation. His objection to the present size of the council lay in the tendency of some councilmen to play to the gallery and show their oratorical ability on trivial matters while some vital but dry matters were passed over because little capital could be made out of them.

The present term of Mayor and council in the speaker's estimation was too short. Experience was not gained until the year was well along and the only time they could get in their best work was in October and November.

The business of the city council should be done openly. There should be no star chamber sessions. Business should be transacted more like the business of a corporation.

After many questions and a long discussion, the Association decided to remain on the fence regarding charter revision. Several motions failed to carry.

President Woodward announced the appointment of the following committees:

Legal and Legislative—Russell T. Anthony, Wilfred J. Gaffney, William E. Hingston, Charles R. Hendrie, Frank M. Coe.

House—Harry M. Watts, William M. Burrell, M. B. Capron.

Parks and Highways—Dr. Phillip Kelley, A. R. McDonald, Arthur D. Ropes, Albert T. Vail, Henry Pletsch.

Entertainment—John L. Hamilton, Matthew Ott, Arthur K. Bartlett, Maurice A. Kerins, William P. Tripp, William W .Grieves, Arthur F. Capen.

Membership—Louis S. Cleaves, Wallace Egerton, R. H. Gallaher, William C. Spooner, William M. Burrell.

Trees and Shrubbery—Joseph K. Barber, Professor J. H. Maceau, J. F. McDeavitt.

HASTY ACTION OF COUNCIL

Leads to Some Little Confusion and Mixups

SITUATION UNCHANGED

Who is Who, or when is a President not a President. There is a nut for some of the astute parliamentarians of the City Council to crack. With so many of those in the council supposed to occupy positions on the top shelf as parliamentarians it is a wonder how the great blunder got by.

The only reason or excuse is that during the excitement of the moment and the general desire of all councilmen to settle the question and clear the atmosphere, everybody forgot their Cushing. Those present at this memorable meeting will remember that President Bryant while on the floor and Councilman Richards was wielding the gavel announced that he resigned as President. Was his resignation accepted? No. A motion of Councilman Little that his resignation not be accepted was ruled out of order and the then acting President, Councilman Cunningham ordered a roll call for President taken. All wrong according to the parliamentarians.

The first action the Council should have taken, after President Bryant announced that he resigned, was for the then presiding officer to put the motion: "Shall the resignation of President Bryant be accepted?" Should the Council have voted No, as it undoubtedly would, the best thing under the circumstances would have been to adjourn, that the air might have cleared before the next regular meeting.

If the resignation had been accepted, then it was the business to elect a new President. According to these same wise parliamentarians it was not in the province of the acting President, Councilman Cunningham to order a roll call for President. The City Charter says that the City Clerk is the man who shall preside until a President has been elected and sworn in.

Taking the City Charter as a guide the method of procedure would clearly have been, First to accept or reject the resignation of President Bryant. If it was accepted it would have been the proper method of procedure to have sent for the City Clerk who should assume the gavel and order a roll call for President, and under the City Charter no business was in order until after the Council has elected a President.

The City Council was certainly rattled when it took the action which it did.

TWO RODE THE GOAT.

Quincy Lodge, Loyal Orange Lodge made final arrangements for a dancing party, April 25 at a regular meeting in Protection hall, Tuesday evening.

One of the largest attendances since organization were present.

Two candidates were initiated and several applications received. Refreshments were served.

SHORT ILLNESS.

Charles F. Kimball, 59 years of age, and a long time resident of West Quincy, died this morning at his home on Furnace Brook Parkway, after a brief illness. He was a painter by trade. He leaves a widow and three step children. The funeral will take place Thursday morning. Burial will be in St. Mary's cemetery.

DO YOU WANT BUSINESS? ADVERTISE IN THE LEDGER.

SENATE HAD NOT ACTED

Upon Rules Committee Recommendation on McDevitt

UP TO PRESS TIME

(Special to the Ledger.)

Up to the time that of going to press the Senate had not reached the report of the Committee on Rules, with regard to the suspension of Senator John J. McDevitt of Quincy.

There has been a rumor about the State House, that Mr. McDevitt would resign. He could not be located this afternoon to deny or affirm that report.

Friends of his in the senate however stated they had no reason to believe that he would resign.

FAMILY AWAY HOUSE ON FIRE

Mysterious Blaze at the House of Harry Virchew, Braintree

While Mr. and Mrs. Harry Virchew of Braintree, who were married but six weeks ago were away on a visit fire visited their home on 17 Vinton avenue, and totally destroyed the contents. The flames were seen at 2 o'clock this morning, by railroad men who sounded an alarm. The fire had gained so much headway that the department was powerless when it arrived. The house was owned by H. B. Vinton and valued at $2500. The furnishings were valued at about $800. The cause of the fire was a mystery.

MR. MAHONEY BURIED.

The funeral of Jeremiah S. Mahoney who died Sunday in his 58th year was held from his home Thayer street this morning. A high mass of requiem was celebrated at St. John's church by Rev. Fr. John J. Coan. Music for the mass was by the regular choir under the direction of John Mahon, organist. The solists were Miss Eva Rice and Mrs. Mary Burns King.

Delegations were present from Div. 5, A. O. H. and the Quincy Branch, Irish National Foresters, of which the deceased was a member. There were many handsome floral tributes.

The bearers were Thomas Regan, Patrick J. Ferguson, Bernard Thompson, Joseph Thompson, James Gallagher and Frank Morrissey. Burial was in St. Paul's cemetery, Hingham

DISTRICT COURT.

Louis R. Glover was arraigned for larceny at Weymouth. Glover is now out on parole from the Reformatory until 1916 and he was ordered to be returned.

The continued case of George Tolnan for assault on Jules Stone was called and placed on file, satisfaction having been acknowledged.

The continued case of Guiseppi Lapresti for failing to restrain his dog at Quincy was called and placed on file on payment of $3 costs. Officer Hinchon reported that the dog had been killed.

PROPOSALS WANTED.

Sealed Proposals, stating price per page, are hereby invited for furnishing, printing and delivering to the City of Quincy, 900 copies of the City Report of 1912—800 copies to be in paper covers, and 100 copies to be bound in cloth.

First quality 60 pound paper to be used, samples to be furnished by the City Clerk. The books are to be delivered within eight weeks after the contract is awarded.

Proposals should be marked on the outside of the envelopes "Proposals for City Reports" and will be received in the City Clerk's office until twelve o'clock M., March 18, 1913.

All bidders will be required to conform to the provisions of Chap. 517. of the Acts of 1906, or any amendments thereof.

The right is reserved to reject any or all bids.

EUGENE R. STONE, Mayor.
Quincy, March 11, 1913. 12-3t

EDITORIAL COMMENT.

Janitor Martin of Millbury, claiming to work 19 hours a day is helping Aunt Delia put the place on the map.

The store managers show little knowledge of actual conditions when they figure out the cost of living per week to the working girl.

Some would-be-jokist started a story that a Fitchburg woman was dead in the south and started all the machinery necessary for the funeral when the friends found she was very much alive. Some people are too brilliant in their joking. They should be restrained as a continuance of such ability might lead to brain storm.

Munsey was all right as a magazine man but when he entered the Boston newspaper field he found himself up against it.

Now that the City Council has decided upon the rule question it is about time they settled down to business.

In some respects the Chinese cling to traditions, that is so far as carrying a grudge and working out the results.

The Boston police will no longer have power to search women and girl prisoners, which is a reform which should have been instituted long ago.

March is vying with February in the style and variety of weather it is handing out.

President Wilson is finding that he must modify some of his original intentions to preserve party peace.

The house has set itself on record as being opposed to any more state holidays but it was by only a margin of a tie vote.

New York is finding out that its huge sky scrapers are a menace in case of fire. Boston did well not to follow the example of Gotham in this respect.

Only a few more days of Lent and then the return to the usual gaities.

Speaker Clark has called on the new president but no one has heard of his sending any olive branches to the new Secretary of State.

Gomez thought better of that amnesty measure when he heard from his big brother, Uncle Sam.

The parcel post is growing and doing well. For an infant industry it certainly has a wonderful record.

The New York suffragettes are against hats for women. This will have a great influence with men when they consider the annual millinery bills.

GOOD EFFECTIVE WORK.

The Mayor and the police are to be congratulated upon the results of their efforts to clean up that late train nuisance Saturday nights. The movement in this direction has only been in operation two nights but the results were apparent the second night and the good effects were quite noticeable. It has been the practice of some people to go into Boston Saturday afternoon or early evening, and proceed with great diligence to tank up. Not content with this many of those same people brought out a stock of various brews to aid them in whiling away the Sabbath. Usually they were pretty well filled up when they reached the train and between negotiating both loads, the one inside and the one outside, they had a pretty hard time of it. Many of them would lose their bearings and lurch up against passengers right and left. Some times this was done good naturedly while others were not so agreeable about it and the person thus disturbed was further annoyed by insult, profanity and foul language. Then after reaching Quincy, the offenders would continue their jubilations on the street cars to the great annoyance and inconvenience of other people. The thing came to be a regular nuisance of the worst type.

Complaints were received right and left, and finally Mayor Stone decided that drastic measures should be operated to check this system as far as possible. The first Saturday night the offenders were taken by surprise, they were not looking for any interference and when hustled aboard the patrol wagon the shock to them was like a bolt out of a clear sky. The police were kept busy, the patrol wagon was maintained at top speed and the drunks were landed in a numerous body. When they woke up next morning they were a soberer and more thoughtful crowd. The second Saturday night, learning wisdom from experience they were not so numerous. Those who did have a little skate on, managed to brace up when they landed from the train and with the aid of kind friends and a silence which was golden managed to do fairly well in negotiating the way from the depot to their homes. It was suggested at first that the police take the bottles away from he people as they landed from the train but it was acknowledged that this would be exceeding their authority somewhat. They were satisfied with taking the persons who carried their loads neither wisely nor too well. Mayor Stone says he will keep up the practice until the conditions are so improved that no one will be annoyed. In this determination he is backed by all law abiding citizens.

MORE HARMONY NEEDED.

There is evidently not a very deep rooted bond of harmony or sympathy among certain members of the City Council at the present time. It is only natural that 23 men should differ at some time or another but as a continuous performance it loses much of the spice and flavor and becomes rather monotonous. The difference all along appears to be over the rules. The new rules after about two months operation have been cast into the discard. It is claimed they were not given a fair trial. Be that as it may, they have been cast aside. As to their effect in shaping legislation, or facilitating business are matters which are of little consequence now that the change has been effected. The main thing now is that the Council working under different rules, or at least rules which have been in operation many years may be more familiar with proceedings. At any rate as a majority has decreed in favor of the old rules, it is up to the Council to accept the change and settle down and perform the duties which go with the job and do away with this useless wrangling, which takes up so much time and is of little good to any one concerned.

OUSTED.

Quincy has been ousted from first place in the high tax rate league of the state. Revere now lays claim to that distinction facing a possible $24 on each thousand with an additional 10 cents in sight, for over $2000 added to the appropriation as already prepared. At the town meeting the pruning knife was used with a vengeance and cuts were made in every department where possible and in some cases the reductions will only figure on paper, as it will be necessary to have the money as the purposes for which some appropriations are needed cannot be avoided. Thus the undesirable honor, which this city faced at the commencement of the year is lost. No one will feel sorry that Quincy is not at the top, in this department, but undoubtedly there will be some sympathy for Revere making such a poor financial showing. While Quincy's tax rate may be a little higher this year, there is every prospect and a bright hope of a gradual reduction, in the next few years succeeding which will bring the rate down to a normal figure where it may be permitted to remain indefinitely. No one desires any more record tax rates. They are not desirable and they are not records which people of a city look forward to with any great degree of pleasure.

Londoners Like American Ragtime

London, March 12.—Military bands in the procession escorting the king to parliament played American ragtime whenever the crowds forced them to halt.

Pensions For Maine Teachers

Augusta, Me., March 12.—The teachers' pension bill was passed to be engrossed in the senate without a dissenting vote in concurrence with the house.

SERVIA DEFIES AUSTRIAN ORDER

She Refuses to Withhold Assistance From Montenegro

MOMENTOUS CRISIS VERY NEAR

Test of Concert of Powers May Result From Austria's Land-Grabbing Policy—Tells Servia She Must Not Aid In Taking of Scutari, to Be Including In Autonomous Albania

London, March 12.—A momentous crisis in the history of Europe is at hand. Austria has in effect ordered Servia not to aid the Montenegrins in their campaign for the capture of Scutari and to withdraw any troops dispatched for this purpose. Servia has replied that she is bound to assist her allies. This on its face is tantamount to a rejection of Austria's demands.

And now comes the tug of war. If the Balkan league holds, it can defy this land pirate or precipitate a European war. Of such tremendous value has the union proved that it is almost unbelievable that it will be allowed to break down at this moment.

It has been reported that the recent visit of Prince Hohenlohe to St. Petersburg resulted in an understanding by which Russia agreed in principle to an autonomous Albania. If this be true then Austria may feel strong enough, with the benevolent support of Germany, to attempt to keep Servia out of Scutari, the prospective capital of Albania. It is very much to be doubted, however, if Russia has consented to see the Slav peoples, who have just driven Turkey from Europe, slaughtered by Austria.

The fortress of Scutari, near the Montenegrin frontier, has been besieged by the Montenegrins without material success since soon after the beginning of the Balkan war. Its capture and inclusion in the kingdom of Montenegro were the chief reasons for King Nicholas joining in the hostilities. When the European powers decided in principle on an autonomous Abania, in which Scutari was to be included, the king of Montenegro insisted that he would enter the fortress at the head of his troops, declaring that otherwise the reign of his family was doomed.

In the meantime the Servian troops had completed their campaign in Macedonia and Albania and advanced to the Adriatic coast at Durazzo, whence they dispatched on March 7 on board transports 5000 Servian troops, including artillery, to assist in the siege of Scutari. It was this activity of Servia which called forth the Austrian protest.

GIFT OF $1,500,000

Made to Jack Cudahy and Family Out of Father's Estate

Chicago, March 12. — "Jack" Cudahy, son of the late Michael Cudahy, who was practically disinherited by the packer, has won a settlement of his claims from other members of the family. By the terms of the compromise $1,500,000 has been turned over to a trust company to be held for him, his wife and two children.

The amount given Cudahy represents one-sevenths of the estate, exclusive of the widow's one-third. By agreement a part of the property is to be held in trust for the children and their father for life and a part goes to the latter outright.

EXPECTED TO RECOVER

Babbitt Uses Razor on Doubting Cell Mate and Himself

Portsmouth, N. H., March 12.—Although suffering from severe wounds, both John Babbitt and Leo Savageau, prisoners at the Rockingham county jail, are expected to recover.

Babbitt, who is alleged to have confessed that he murdered Miss Emma Brooks in Ulster county, N. Y., four years ago, slashed Savageau, his cellmate, with a razor and then attempted to commit suicide, the jail officials said. Deep cuts were inflicted in the throats of both men. Savageau was attacked when he told Babbitt that he doubted the truth of the latter's confession.

MAY CHANGE VOTING LAW

Important Measure Is Passed by the Rhode Island House

Providence, March 12.—The proposed amendment to the constitution for the abolition of property qualification of voters went through the house after a long contest, in which the Democrats were lined up in support of the measure.

The measure has not yet reached consideration in the senate. Under the existing law in this state, no citizen can vote for any municipal councilman or on any proposition for an expenditure of money unless the voter is taxed on at least $134.

Pope Is Improving

Rome, March 12.—The condition of the pope continues to improve, and the physicians in attendance consider the progress of his recovery from his indisposition satisfactory.

ROYAL

WITH SMILE AND SILK HAT

Woodrow Wilson didn't want to wear a silk hat, even for his inauguration as president, but he yielded to custom and the camera caught him smiling as if he were well pleased with the new headpiece.

HOPES OLNEY WILL ACCEPT

President Thus Expresses Himself to Congressman Peters

Washington, March 12.—To Representative Peters of Boston President Wilson expressed the cordial hope that Richard Olney would see his way clear to accept his invitation to become ambassador to the court of St. James.

Peters had called at the White House upon other matters and the president took occasion to compliment Olney upon his ability and availability. The representative assured the president that the selection of Olney was approved in Masaschusetts.

Executed For Storing Opium

Cheng-Tu, March 12.—Two merchants were executed here for secretly storing opium.

FOR FALSE DETENTION

Verdict of $1283 Returned Against Four Policemen of Lawrence

Lawrence, Mass., March 12.—Two years ago last night Police Officer Fortune arrested Harvey L. Brisson of Haverhill and locked him up on a cahrge of drunkenness. Yesterday afternoon, in the superior civil court, just two years to a day from the time of his arrest, a jury returned Brisson a verdict of $1283.33 for alleged false arrest and imprisonment.

Brisson secured his verdict not only from Fortune, who made the arrest, but from Acting City Marshal Sullivan, who was at that time captain of the night watch, and Wagon Men Sullivan and Jordan, who assisted in his arrest and confinement.

Spend Your Money Where it Counts Most
If your house is beginning to have a shabby look and to show paint-bare spots here and there, don't wait another day before seeing the painter. A coat of paint made of

BEYMER-BEAUMAN WHITE LEAD
(Dutch Boy Painter Trade-Mark)

and pure linseed oil will actually add to the value, as well as the appearance, of your home. It will prevent decay of the wood and save carpenters' bills. The sooner you paint, the less paint you will need. White lead paint, properly mixed and applied, is the most durable paint in the world—therefore, the most economical. It may be tinted any conceivable color. Come to us for your paint supplies and

Ask for our Painting Points containing color schemes and many helpful painting suggestions.

WOMEN'S CLUBS

WHAT THEY ARE DOING AND SEASONS' PLANS

A motion to change the name of the New England Wheaton Seminary club to "The New England Wheaton club" was made at the meeting of the club Saturday at Hotel Vendome, Boston. Since the seminary became a college, the word in the title has lost its significance. Action on the motion will be taken at a later meeting.

* * *

The call and ballots for the annual meeting of the Massachusetts Society of the Daughters of the Revolution went out last week. The meeting will be held Monday March 17 at ten o'clock in Lorimer hall, Tremont Temple, Boston.

* * *

Frank E. Spaulding superintendent of schols in Newton is to speak on "Current Practics and Ideals in Public Education," at the meeting of the New England Women's club on March 17 at their rooms in Chauncy Hall building, Boston. Following the club supper the entertainment postponed from last month on account of illness, will be given with the original cast and there will also be a good musical program.

* * *

The Brockton Women's club is to have its annual art exhibition in the High school galleries March 24 and have secured some of the works of well known artists. The Quincy club had quite a notable three days' exhibit at the clubhouse last year and the same committee is planning an even better collection for the coming one on April 22.

* * *

As Roger B. Hull of Boston will be unable to come to Quincy to speak at the Y. M. C. A. Auxiliary meeting Friday afternoon, Rev. A. L. Hudson, pastor of First church has consented to speak to the ladies Mrs. I. W. Sneath of Wollaston will lead the devotional exercises.

* * *

The home economics department of the state federation, by invitation of the Waltham Woman's club, hold a home economics conference in the Universalist church, Waltham, Friday afternoon, at 2:30 o'clock. Frederic W. Howe will speak on "Food Economics," and Mrs. E. C. Wixon on "Household Textiles." Informal tea will be served by the hostess club.

* * *

The meeting of the council of the General Federation of Women's clubs will be held in Washington, April 21-24. Business will occupy a part of the time, but trips on the Potomac and to Baltimore are planned, when business is over. In the latter city the Maryland federation of clubs will be in session. Miss Georgie Bacon of Worcester represents Massachusetts in the council.

* * *

The Quincy Young Woman's club meet as per schedule, March 15 at the clubhouse, Presidents hill.

* * *

The Philergians of Braintree hold a public meeting Tuesday afternoon at Cochato hall when William N. Craig of North Easton will speak on Practical Floriculture."

* * *

Junior Friday club meets as usual on Monday afternoon and will be entertained at the home of Miss Georgiana C. Lane, Presidents hill. Mrs. L. H. Sturtevant is the chairman of the afternoon, subject Picturesque Ireland— Lakes of Kilarney, Blarney castle and Giants causeway. There will also be papers on Thomas Moore.

Charitable Tens Circle of King's Daughters will be entertained at their next meeting, March 17 at three o'clock at the home of Mrs. Edward Russell, 33 Russell park.

* * *

A golf whist at the home of Mrs. W. S. Sayward 110 Winthrop avenue promises a pleasant afternoon for members and friends of Abigail Phillips Quincy Chapter D. A. R., March 18.

* * *

Mrs. Francis Abele, Jr., of Spear street will be the hostess for the Friday club meeting on March 21, with Mrs. Henry M. Faxon as the committee on the program which will take up Greek masterpieces and their stories.

* * *

Next week Wednesday Fragment society of First church has arranged for an all day meeting beginning at ten o'clock with lunch at 12.30.

* * *

QUINCY ALLIANCE.

Quincy Alliance held its regular meeting, in the parlor of First church Monday afternoon the president Mrs. George G. Saville in the chair. After the devotional services and business session Miss Dorothy Lavery very effectively rendered on the piano Barcarolle, Prelude.

Mrs. Saville introduced the speaker of the afternoon, Rev. Henry D. Stevens of Walpole, who took for his subject, "An Appreciation of Maeterlinck," giving a brief sketch of his life. The general outline which may be said to lie behind the writings of Maeterlinck is best expressed, perhaps, in his philosophical statement, "It behooves every man to frame for himself his own general conception of the world. On this conception reposes his whole human and moral existence." Maeterlinck, therefore frankly faces all the facts of life, and in so doing admits the vital value of scientific truths. He is not content with a fragmentary impression of the world and of business life, but reaches out for knowledge from every conceivable source. What is known, however, he regards as a very small part of what is within reach of the mind and heart of man.

Maeterlinck is peculiarly gifted in the delicate interpretation of what has come to be known as the subconscious or unconscious expression of human nature. Here, he is frankly recognized as a master of the secret and hidden life of the human soul. Into this continent of the unknown, so large, mysterious and wonderful, he has journeyed far and brought back a wealth of thought, of suggestive feeling and acute observation.

Maeterlinck constantly urges a larger contact with life in all of its phases as a means to a fuller growth, to a higher development, and from this desirable experience he would apparently exclude nothing not even the sorrows of life. Upon this vital necessity he remarks: "It is good to enlarge one's sorrows, since thus, does enlargement come to our consciousness and then, then alone, do we truly feel that we live."

He is distinctly individual and in his dramatic writings, we see him revealed as the most subtle interpreter of the delicate and inarticulate gestures of the human spirit in its inwardly pathetic and tragic experiences. These plays are said to be more successful of mental results when read, than when acted on the stage, their peculiar, mystical elements not being capable of stage presentation.

Mr. Stevens closed his address by reading quotations from Maeterlinck's works, which were exceedingly interesting.

During the social hour all had an opportunity of greeting Mr. Stevens and expressing their appreciation of his address. The hostesses were Mrs. Edward B. Marsh and Mrs. W. B. Nichols with Mrs. Edward Russell and Mrs. Charles Bickford presiding at the coffee urns.

QUINCY WOMEN'S CLUB.

Owing to the election of officers the meeting of the Quincy Women's club was held earlier than usual, Tuesday afternoon, the meeting being called for two o'clock at Alpha hall. Mrs. Eben W. Sheppard, president opened the meeting announcing the election and appointing Mrs. Charles Sampson, Mrs. Frank P. Emery, Mrs. Carroll Bates and Miss Margaret L. Thomas as tellers to assist the nominating committee, Mrs. William F. Cummings, Mrs. Frank J. Moore, Mrs. H. H. Kitson and Mrs. A. N. Murray. The polls were kept open until three o'clock, a recess being taken until 2.30 when club business was again taken up.

Reports were given by the recording secretary and treasurer. Among the committee announcements, Mrs. Jelenek of the Arts and Crafts departments spoke of classes now forming.

Mrs. John W. Sanborn for the Education committee said members had expressed a wish for bird walks and Mrs. George E. Pfaffmann had consented to instruct a class. Those wishing to go on the walks would have to be up early in the morning, about 6 o'clock to enjoy the birds at their best. Those wishing to join the class and wishing further detail were asked to consult with Mrs. Sanborn

Mrs. Stanley Bone of the Home Economics committee announced three lessons in textile, 50 cents for the series. Also that the markets of the city were to be inspected and other work taken up.

Mrs. Edward B. Marsh for the Program committee again announced Leland Powers of Boston as the attraction for the dramatic afternoon, April 8. Also that the annual children's party would be held at the clubhouse Saturday afternoon, April 12 from 2 until 5 o'clock for children under 15 years. It would be necessary to present the members visiting card for admission of child. The children could not bring a guest.

Mrs. Sheppard said arrangements were about completed for Reciprocity day, March 25 when the club would entertain the State Federation presidents several club presidents and club women. As the meeting was to be held at the clubhouse club members had voted to waive their guest privilege and not invite guests on that afternoon. A twenty minute musicale would be one of the enjoyable features of the program.

Saturday evening Mrs. Pfaffmann was to give a bird talk at the meeting of the YYoung Woman's club at the clubhouse to which members would be welcome.

Mrs. Bone will represent the club at a conference of the Home Economics department of the State Federation at Waltham on Friday and it was hoped other club members would also go. The meeting was called for 2.30 P. M. in the Universalist church, Main street Waltham, with the Waltham Woman's club as the hostess club.

Mrs. Wilson Marsh in the absence of Mrs. Chandler W. Smith reported for the Philanthropic committee telling of a visit, under the guidance of Miss Purchase, to the Opportunity club at East Boston. She told most interestingly of the work accomplished among the girls and boys who had not had much school or home life having to go out into the world—of the enjoyment they found in the dramatic classes, glee clubs, embroidery, dressmaking, painting, city government, gymnastics, etc. It was hoped to enter upon some such work in Quincy for young women. Members were invited to attend the meeting of the Philanthropic committee at the clubhouse, March 18th.

Mrs. Sheppard was sorry there was not time for Mrs. Marsh to tell more fully of the work, as members of the Philanthropy committee as well as members of the club are feeling a responsibility in these matters in our own city, hoping to do personal work and get right down to earth so to speak, with those who need to be helped. "We, as a body, are emerging from self-culture to public service, and as we go along the broad highway of life, we are laying stones to make a strong roadway for the toiling women and children to travel over, and in our faith as we do this work, day by day, we are coming all the time to the strong belief that there is something of the divine on earth and something of the human in Heaven."

While the ballots were being cast the afternoon's program began with music with Mrs. Victor E. Miller in charge. It consisted of a group of songs by Mrs. Winnifred Flagg Symonds of Lowell with Mrs. John F. Hunt at the piano. She sang "The Nightingale has a Lyre of Gold," "Just a wearying for you," "Come kiss your Mammy good night" and "Through sunny Spain" the variety of selection and a pleasant quality of voice giving much pleasure, each calling forth appreciative encores.

Mrs. Sheppard introduced Mrs. Charles R. Safford of the Civic committee who in turn announced the program—a debate on "Resolved—that Women be given the right of Suffrage." On the affirmative were Miss Edith Randall, Miss Harriet E. Turner negative Mrs. Willard E. Dow and Mrs. Thomas Fenno.

Each was given ten minutes to present arguments for or against and five minutes for rebuttal after which club members spoke from the floor.

Miss Randall opened the debate in the affirmative saying that women had time to think and to express opinions and giving her the vote only made legal her thought. No man can vote for his family as he had only one vote and there might be several women in his family. Men as voters were well qualified to deal with larger affairs but woman could and did help solve the problems of the home, pure food, labor, etc., but what good were good ideas and opinions if they did not lead to something. She could go so far in her good work and then run up against a stonewall because she did not have the vote. Miss Randall gave telling statistics in states where women voted. Her arguments were good, given in her convincing bright way that called forth frequent bursts of applause.

Mrs. Dow for the negative made three points—1st that women don't want to vote; 2d they are not hampered because they cannot vote and 3d their sphere was in the home. She believed the silent women did not want the vote, they were in the majority in Massachusetts. Thought women would vote against suffrage if the question was submitted to them That those in favor were afraid to submit the question to their sisters. We want what we cannot get. Many women she believed really thought they wanted to vote but it was the result of idleness. Women, especially young women were much more interested in their babies, husband and homes until middle age when they enter clubs and do much good. They don't even exercise their right to vote on school matters. Mrs. Dow's strong appeal was for the home. She believed if God blessed women with children and she did her duty by those chuldren she was the equal of her husband and the children could be trusted to vote for the right things No better thing could be said of any woman than "her children rise up and call her blessed."

Miss Turner for the affirmative said ones responsibility cannot be delegated—equality did not mean that one sex was subordinate to the other, it killed self respect. Marrriage made the couple one but that one was the man and the woman was dependent on his generosity. She did not think it unwomanly to vote any more than to belong to a club. Thought the homes more likely to suffer from social functions than from voting. The vote means power to help wipe out existing blots; the right to protect the home and children from laws made by man

Mrs. Fenno for the negative put women in three classes, the progressive, broad minded and intelligent doing better work by their independence from politics; the less broad the one who would use the ballot for individual betterment; and the less fortunate who were unable and unprepared to battle for betterment, which would add to the danger of the vote and of scheming politicians. The ideal woman had a duty to perform in purifying literature, the drama and herself first so that man who follows woman will reverence her.

Good point for and against were brought out in rebuttal by the participants in the debate, also by Mrs. Frederick H. Bishop, Mrs. Zenas S. Arnold, Mrs. Oscar Blaisdell, Mrs. E. B. Marsh, Mrs. N. S. Hunting, Miss Almira Simmons and Mrs. Wilson Marsh who spoke from the floor.

The judges of the debate Mrs. John W. Sanborn, Mrs. Edward S. Tenney and Mrs. Walter S. Pinkham reported through Mrs. Sanborn in favor of the affirmative, the decission being received with much enthusiasm. A vote was afterward taken by the club on granting suffrage to women resulting in 109 for, and 78 against. The club going on record for equal suffrage.

The tellers reported the result of the election of officers of the club as follows:

President—Mrs. Chandler W. Smith.
1st Vice President—Mrs. Walter S. Pinkham.
2d Vice President—Miss Harriet E. Turner.
Clerk—Mrs. George L. Badger.
Corresponding Secretary—Mrs. Edward S. Tenney.
Treasurer—Mrs. Herbert W. Pinkham.
Auditor—Mrs. Frank F. Prescott.

Only about half the club members were present, 236 ballots being cast, most of the plums going to Wollaston they securing the presidency, both vice presidents, secretary and treasurer the rest of the city being represented by the clerk from West Quincy and the auditor from Quincy—Quincy proper having but one representative for its large membership. It showed loyalty on the part of the Wollaston members who turned out strongly for the meeting, or possibly they had stronger candidates.

There was much interest in the choice of president, although only one name appeared on the ballot. Mrs. Smith received 137 votes and Mrs. Marsh 86. It is conceded by club members that the election would undoubtedly have gone to Mrs. Marsh if she had accepted the nomination and allowed her name to go on the ballot. Even though she would not consent to the use of her name she was given a handsome vote, indicative of what might have been. Many thought as first vice president for two years she would naturally run for president and voted for her hoping to prevail upon her to accept the office.

Mrs. Smith who is to serve the club for the next two years is an all round club woman, well known to club members for efficient work since the beginning of the club and will bring to the office ability and pleasing personality that will command the loyalty and support of club members.

Guests of the afternoon were Mrs. David Burke of the New Century club, Utica, N. Y., Miss Florence Mason, Saco Maine; Mrs. Frederick Cate, Weymouth, Mrs. Chester E. Tenney, East Braintree and Mrs. Marion C. Gillette, South Braintree.

ABIGAIL PHILLIPS CHAPTER.

The March meeting of the Abigail Phillips Quincy Chapter D. A. R. of Wollaston, was held at the home of Mrs. Edward Tenney, the regent, Mrs. E. E. Jameson, presided. The customary opening exercises were followed by two piano solos, "Warum?" by Schuman and "A Poem" by MacDonnel, delightfully rendered by Miss Gertrude Lacey.

The resignation of Mrs. Ida Poore Motley, owing to a change of residence was accepted with regret. Mrs. Charles A. Gridley's name was presented and accepted for membership. A letter was read from Helen T. Wilde, secretary of the Royall House Association. As the damage by the recent fire was confined to the ell of the Royall House, it would not hinder the April meeting being held there as arranged. The regret was authorized to contribute in the name of the Chapter towards the furnishings of the Massachusetts Room in Memorial Continental hall, Washington, D. C. The golf whist to be held with Mrs. W. S. Sayward on March 18 was called to the attention of the Chapter.

The topic of the afternoon was "Abigail Adams and her Letters." It was presented by Mrs. Frank E. Perkins and the extracts from Abigail Adams' interesting correspondence were much enjoyed. Refreshments were served by the hostess, Mrs. Chester Tenney, Miss Edith Matthews and Mrs. Anna Homer assisting.

MRS. MARSH INTERVIEWED.

In an interview accorded a representative of the Ledger by Mrs. Wilson Marsh regarding her not accepting the nomination for the presidency of the Quincy Women's club she said there was one fact in the letter published in Monday's Ledger over the signature of one of the nominating committee seemingly with the sanction of Mrs. Marsh that she wished to correct.

The letter from the nominating committee asking Mrs. Marsh to consider the nomination for the presidency was delayed, so that she did not receive it until after the chairman of the nominating committee had told Mrs. Marsh that Mrs. Smith had consented to stand. Because of previous assurances to Mrs. Smith of her support, and because of her desire for the best good of the club Mrs. Marsh sent her letter declining the nomination which was fairly quoted.

It seems only right that this statement be made in the interests of strict justice to the friends of Mrs. Marsh who gave her such a splendid complimentary vote. It is to be doubted if there was a happier woman in the club last night than Mrs. Marsh and her earnest desire is that all loyal club member unite most heartily and support Mrs. Smith in carrying out the ideals of social service for which the Women's club stands in the community.

MUSICALE.

A grand concert will be held by the congregation at Swedish St. Pauls M. E. Church, Corner of Granite and Fort streets, Thursday evening at 7.45 o'clock. A splendid program of songs and music will be rendered by good talent. Miss Olga Forsberg of Worcester will be the soloist and there will be an address by the pastor, subject "Some features from the life of President Lincoln." Refreshments will be served.

LENTEN SERVICES.

Rev. Frank D. Budlong, of St. Mark's church, Dorchester will preach at the lenten service at Christ church this evening.

One of the ablest of the greater Boston clergy, Rev. Roger S. Forbes of Meeting Mouse Hill Unitarian church, Dorchester, will preach in the Wollaston Unitarian church this evening at 7.45 o'clock. Mrs. S. J. Ripley will be the soloist, Rev. Mr. Forbes while in the city, will be the guest of Mr. and Mrs. E. J. Cummings.

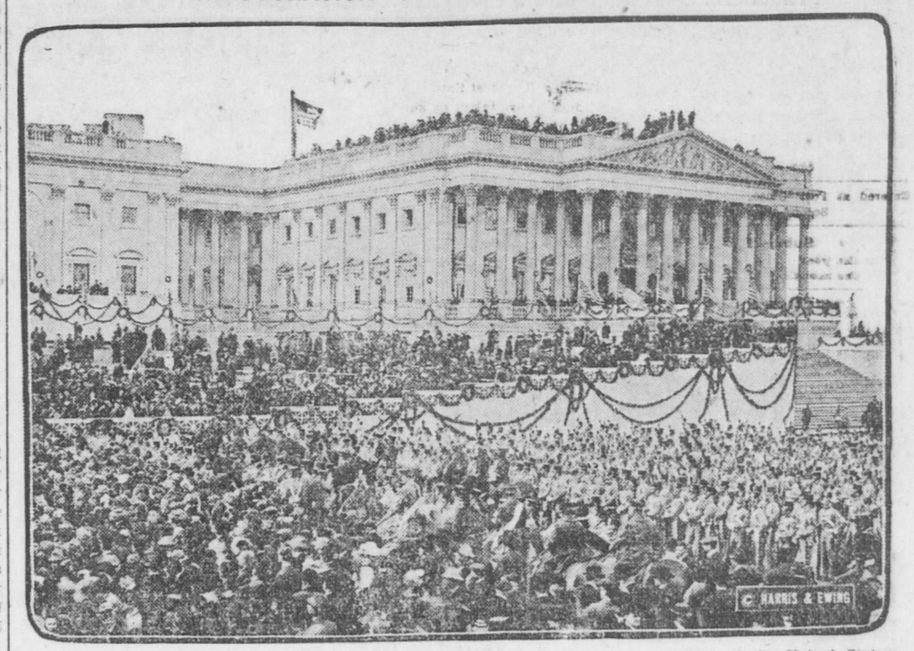

PECK TRAVEL TALKS.

Arthur K. Peck opened his third season of travel lectures in Tremont Temple, Boston this past week. A large audience greeted him and listened to an exceedingly interesting lecture on "Rural and Historical England ,and the London art galleries." His narrative was supplemented by an unusually beautiful series of views in color and moving pictures. The lecturer carried his audience through picturesque towns and villages and historic old castles cathedrals and literary shrines. The masterpieces of Sir Joshua Reynolds, Gainsborough, Turner, West, Rubens, VanDyke, Rembrandt, Hals, etc., were shown.

This week Friday evening and Saturday matinee he offers "Azores to the Bay of Naples, and masterpieces of the Florentine Galleries." In this travel talk, the following places will be visited: Azores, Madeira, Gibraltar, Algiers, Naples, Pompeu, etc. After the world famed Amalfi Drive, then Genoa and the Hill Towns, thence to the Art Galleries of Florence. The reproductions of the world's masterpieces are from negatives taken in the galleries and are accurately colored by skilled artists.

CHICAGO ELECTRIC WORKERS ENJOINED

Must Not Molest Property of Postal Telegraph Company

Chicago, March 12.—Federal Judge Carpenter granted a permanent injunction, prohibiting the Chicago locals of the International Brotherhood of Electrical Workers from molesting the property of the Postal Telegraph company.

The injunction was granted at the prayer of United States District Attorney Wilkerson and it is an outgrowth of trouble that developed in the strike of local electrical workers employed by the company.

Officials and members of local unions No. 9 and 134 are warned in the restraing order that a violation of the decree will mean contempt of court.

TO PROBE THE STAGE

Restaurants and Popular Songs Included In Vice Crusade

Chicago, March 12.—Although the state vice commission took an indefinite recess yesterday, a force of its investigators went to work gathering data on the following subjects:

The stage—With particular reference to the environments of chorus girls.

Restaurants—To show the wages and environments of waitresses.

Stenographers—Their wages and environments.

Reports that vice resorts, since the closing of the segregated district, exist in residential sections.

Popular songs whose words are suggestive.

PRATT'S BREAD sales have increased because it satisfies. Your grocer.

NEW CHARTER PROVISIONS

Suggestion as to Division of City Offered

METHOD OF ELECTIONS

Should the City Charter be amended as proposed, the City Council like the School Committee will consist of nine members—three at large and one from each ward. After the first year, only three will be elected each year—one at large, and two from wards; it being provided that only two of the six wards shall elect in one year.

It would not be easy for voters at large to effect a change, as they will elect only one of the nine members annually. Only one year in three will a voter vote for two councilmen, the year when his ward happens to elect a councilman.

Under the present City Charter every voter can vote for eight councilmen each year, five at large and three from ward; over one-third of the entire body, and the general complaint seems to be that the number elected at large is too small.

If the charter amendments prevail two-thirds of the voters will be permitted to vote for only one-ninth of the entire Council each year. And in three years each voter can vote for only four councilmen, although 27 are elected in three years.

If the membership of the City Council is to be reduced to nine, would not the following method of election be more satisfactory? Divide the city into three districts. For example:—District A to include Wards One and Two; District B. to include Wards Three and Four; District C to include Wards Five and Six. With a continuous board, one member could be elected from each district each year. The nominations could be made locally in each district by the same method as provided in the amended charter, but the election should be by the voters at large, it being provided that they shall vote for one councilman from District A., one councilman from District B., one councilman from District C., and that the leader in each district shall be declared elected.

Then each of the three districts would have three councilmen at all times, but they would be the choice of the voters at large.

Each year the voters at large would elect one-third of the City Council. Certainly the voters should vote for more than one councilman each year.

Saving Radium From Ashes

London, March 12.—Six months ago a Birmingham physician inadvertedly threw $500 worth of radium into a stove. The cinders and ashes were preserved and the element is being slowly recovered.

New Record on the Hudson

Newburgh, N. Y., March 12.—Steamers broke all records on Hudson river navigation, having run daily between New York and Poughkeepsie 365 consecutive days.

BOYNTON IS SUSTAINED

(Continued from Page One.)

"An ecclesiastical council assembled on Feb. 25 and March 11, 1913, after careful investigation, find that the Park and Downs Union Congregational church on July 5, 1912, placed Chester A. Boynton under suspension on the charge of having broken faith with their standing committee. We do not find that the charge was substantiated.

"We find, further, that on Feb. 2, 1913, Mr. Boynton was unjustly and illegally excommunicated by that church without any opportunity to present a defense or have a hearing. Inasmuch as Mr. Boynton expressed a desire to unite with the First Congregational Church of Revere, we therefore recommend him to the fellowship of that church."

The significance of the first clause rests in the fact that ecclesiastical differences are ordinarily settled in a mutual council presided over by a minister, at which both contesting parites are represented. To such a council the members of the Park and Downs church had been invited by the exparte council after the meeting held in Pilgrim Hall on Feb. 25, but the offer was refused.

The censure of the Park and Downs church by the council was a surprise, yet Mr. Boynton's outlook was not any too bright when strong opposition met his plea that Judge S. R. Cutler, his counsel, be admitted to the meeting.

At meeting of Feb. 25. Judge Cutler had been excluded from the meeting with other outsiders, in spite of his protest that it was contrary to Congregational authority. Again Tuesday he was denied admission and was forced to pace the floor outside while the council discussed the merits of the case. After more than an hour of argument, Chairman Richards discovered that Judge Cutler's presence was legalized by Congregational usage.

Still more determined were the objections offered to the appearance of Rev. Howard L. Torbet of the Revere church, but he was at length allowed to be present.

The Boynton forces were arrayed with Dr. George Luther Cady of Dorchester and Rev. Rufus B. Tobey of Wollaston, a retired clergyman, at their head.

After the preliminary objections all was smooth sailing, according to the reports afterward.

Mr. Boynton read a statement of his case and produced witnesses to testify to its truth. They were George W. Colburn and A. M. Barstow, two members of the standing committee of the church who had voted against Mr. Boynton's suspension in June. These men substantiated Mr. Boynton's statements.

In rebuttal, W. J. Colby, moderator of the Park and Downs Church, was allowed to testify as to the events of last spring. After that a vote was taken on the resolution proposed. The stand is said to have been almost unanimous in its favor.

In summing up the outcome of the Council meeting, Rev. Rufus B. Tobey said:

"I feel that the Park and Downs people made some grave errors in dealing with this matter. It became apparent that they acted illegally from an ecclesiastical point of view in several ways, particularly in not giving Mr. Boynton due notice of all the meetings and not allowing him a chance for proper defense. It is evident that their charge of his breaking faith with them was without foundation.

"They made a still greater mistake in refusing to enter a mutual council, for it was certainly their duty to do so. They have received too much aid from the Congragtional Home Missionary Society, from the Congregational Church Union of Boston and other bodies, to act so independently."

MARSHALL MAY SOON LIKE JOB

He Is Not Quite Happy as Second In Command

PESTERED BY OFFICE SEEKERS

"Rubber-Necking" of Tourists Also Distasteful to Vice President, Who Seeks Refuge In Business Office—Personal Patronage Is All Disposed Of—Why He Likes His Silk Tile

Washington, March 12.—Leaning back comfortably in a big armchair, with his feet draped over a half-open drawer and smoking a long black cigar, Vice President Marshall told a press correspondent he wasn't really sure he liked his new job, after a week's experience, but that he "has hopes."

The vice president was seen in his business office, which he has taken to escape the unwelcome "rubber-necking" of tourists. It is in the senate office building. The vice president's gorgeous sanctum adjoining the senate was too public, he explained.

"Nine-tenths of those are letters applying for jobs," the vice president remarked, motioned with a wave of his hand to a huge stack of letters on the desk.

"That's my principal trouble right now in being vice president—receiving applications for patronage.

"My personal patronage extends to a 'shover' of the monorail car to the Capitol, if they ever get it working, and a messenger, a stenographer and a page. I've filled all of those important positions. And while I'd like to help all my friends, I want to keep on good terms with all of the senators, Republicans, Democrats and Progressives, and I wouldn't be for two minutes if I attempted to influence appointments.

Picking up a cartoon of himself pictured in his silk tile made famous on March 4, Marshall said:

"I think I inherited my liking for silk hats. My father, who was a country rector, always wore one. He also wore, like the physicians' uniform of the times, a 'shad-bellied' full dress suit, a regular evening suit, at all times of the day. I'd like to wear a silk hat, even in summer, if it wasn't too warm.

"I'm wearing this Prince Albert suit," he added, gingerly holding one tail up for his visitor to view, "because I think the dignity of the office demands it, even if I haven't a whole lot myself."

When his interviewer in leaving unwittingly addressed him as "Governor," the title by which he has been familiarly known in Indiana, the vice president said, "That's all right; that's the title I like best and which I'm the most used to. It took me four years to get used to that."

A VOLUNTARY SETTLEMENT

Wanamaker Pays $100,000 to Government For Customs Irregularities

Washington, March 12.—John Wanamaker, the Philadelphia and New York merchant, paid to the government $100,000 to settle sums of which the treasury had been defrauded during the last fifteen years through irregular practices in the importation of samples of merchandise.

Treasury agents working up the investigation were confronted with the difficulty of finding records for the entire time involved, but upon the records of five years the government's losses were approximated and a settlement voluntarily offered by Wanamaker was accepted as covering the entire period.

Noble Sacrifice For Friend

Yonkers, N. Y., March 12.—Learning that his lifelong friend, from whom he had become estranged, was about to die, James Lynch gave up a quart of his blood and saved Thomas Morris, Jr.

The KITCHEN CUPBOARD

ECONOMIES IN LAMB.

FOR the Easter dinner lamb is one of the favorite dishes. Roast leg of lamb with mint sauce is a standard, but there are other methods of preparing lamb that are equally appetizing and more economical.

Instead of leg of lamb the neck, which is much less expensive, may be cooked to suit the needs of a very small family. Neck of lamb with green peas is very nice.

Cooked With Peas.

Neck of Lamb With Peas.—Get about two pounds of the neck of lamb, a can of green peas, a half cupful of chopped onion, a tablespoonful of salt, an eighth of a teaspoonful of white pepper, a tablespoonful each of flour and finely cut parsley. Trim the meat from the bone, wash and put into a boiler with one quart of boiling water. Boil one hour, add the onion, salt, pepper and peas; boil slowly another hour. Then add the flour, which has been mixed with a little cold water; boil three minutes; add the chopped parsley. Serve on large platters and garnish with sprigs of parsley and dust with paprika.

A Nice Pot Roast.

Pot Roast of Lamb.—For this shoulder of lamb is required. One weighing three or four pounds will do. Wipe the meat and put on the fire in a small boiler. With it put a small piece of suet and an onion chopped fine. Turn the meat until it is well browned and then add a cup of water. When the water boils down add another cup. Let the meat cook for about an hour and a half. Wash and pare a quart of potatoes and put them on with the meat. Now add two cupfuls of water, a tablespoonful of salt, a quarter of a teaspoonful of pepper and cook for half an hour. Take out the potatoes and meat, add a tablespoonful of flour mixed with a little cold water and cook for three minutes. Serve the meat and potatoes on a platter with the gravy and garnish with parsley.

Served With Gravy.

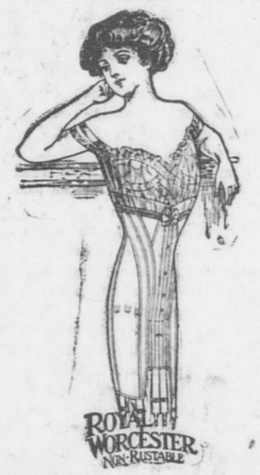

Braised Shoulder of Lamb.—Wipe of the meat with a piece of wet cheesecloth. Then put into a braising pan or pudding pan with a close cover. Add two tablespoonfuls of minced onion, a bayleaf, a cup of boiling water and put on the cover. Then set in a hot oven for an hour. If it is then well browned add a cupful of water, a teaspoonful of salt, a quarter of a teaspoonful of pepper. Cover over and put back in the oven, reducing the heat so that it may cook slowly for an hour longer. Mix one tablespoonful of flour with a little cold water and add to the gravy in the pan. If it is not brown enough add one tablespoonful caramel. Place the meat in the center of a hot platter and strain the gravy over the top. Garnish with sprigs of parsley.

Anna Thompson.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

CONFESSIONS OF LAWBREAKERS

Made to New York District Attorney and Grand Jury

POLICE INSPECTOR DEMOTED

Suspended Without Pay After Denizens of Underworld Tell of Paying the "System" For Immunity From Interference—One Woman Accumulated Fortune of Over $100,000

New York, March 12.—The grand jury and district attorney Whitman spent a day listening to the confessions of men and women that they paid money to policemen in return for immunity from interference while they violated the law.

A hotel owner and several women who ran disorderly resorts told how they contributed to the coffers of the "system."

Much of their testimony corroborated stories already told, involving police officers and politicians. The rest of it brought under suspicion men not hitherto suspected, and must in turn be corroborated in Whitman's efforts to bring the guilty under indictment.

One visible result of confessions was the demotion of another police inspector, one of half a dozen or more high police officials whom witnesses have accused of taking graft. Commissioner Waldo, after reducing Inspector Murtha to the rank of captain, transferred him and suspended him without pay. Murtha was formerly in charge of the precincts in Harlem, the district that figured most prominently in the graft disclosures made thus far.

One of the most remarkable witnesses examined by Whitman was Mary Stacon, who confessed, at the age of 74 years, that fifty years of her life have been spent as keeper of disorderly resorts.

Known throughout the underworld as "Mother" Stacom, this woman pieced together the experiences of her professional life with the facts that are expected to serve Whitman invaluably.

Another startling story has reached the prosecutor in the form of a written report by one of the investigators. It told how a woman, Annie Grey, was reputed to have accumulated a fortune of more than $100,000 as a disorderly resort keeper.

Backed by a former sheriff and a one-time police commissioner, according to information available to the prosecutor, Annie Grey conducted several of the most noted resorts of their type in this city. She will go before the grand jury with an account of her underworld experiences, according to Whitman's expectations.

Samuel Levy, a hotel man, went before the grand jury to repeat a graft story he related to Whitman. In this story he told of paying $75 monthly for the privilege of selling liquor without a license.

Levy declared that when the graft inquiry was under way, Dennis Sweeney, then a police inspector, came to his hotel and warned him not to talk if subpoenaed by Whitman. Sweeney now awaits trial under a bribery indictment.

NEAR RIOT AT BOSTON

Police Forced to Draw Clubs While Arresting Dozen Young Women

Boston, March 12.—Just before 6 o'clock last evening a near riot took place in front of the building at 785 Washington street, when a score of young women, said to be pickets of the striking garment workers, tried to get at non-union women employed in shirtwaist and dressmaking shops, who were leaving the building to go home, under the protection of a squad of police.

A dozen of the women were arrested charged with assault, and the police were forced to draw their clubs several times to protect themselves and those under their care from the crowd of nearly 1000 persons which had gathered, many of whom seemed to be sympathizers of the girls arrested.

TO ENFORCE CURFEW LAW

Gloucester Young Folks Must Keep Off Streets Late at Night

Gloucester, Mass., March 12.—The city council voted to enforce the curfew law which, although it has been in effect here for a number of years, has never been observed by the police.

The action is a result of an effort on the part of Mayor Foster to clear the streets of all girls and boys under 16 years of age by 9 o'clock every night when the curfew whistle is sounded. The mayor, in addressing the council when the matter came up, demanded that the police enforce the law.

Now the Doctor Wants Divorce

New York, March 12.—Named in a divorce suit, George Henken swore that Dr. Joseph Lippman had given him free board to act as Mrs. Lippman's escort when the physician was busy.

THE KARLUK SETS SAIL

Is Off For the Arctic Regions With the Steffanssen Expedition

San Francisco, March 12.—The steam whaling bark Karluk sailed today for Esquimault, B. C., on the voyage of Arctic exploration to be undertaken under the auspices of the Canadian government by Viljalmar Steffansson.

On board are Captain Pederson, a naturalized American citizen, as navigator, and Dr. Andersen at the head of a party of scientists. Steffansson will join the expedition, Pederson said, at Esquimault with a wireless outfit and motion picture equipment.

Under the terms of the Canadian subvention the crew and navigators of the Karluk must be Canadians, and Pederson is still hoping that he can make an arrangement by which he will not be asked to forfeit his American allegiance.

The expedition expects to be gone three years. The plan is, particularly, to explore the unknown stretches of Prince Patrick's land and Prince Albert land. There is hope that it may find relics of the lost McClure expedition of 1851-3 and the abandoned bark Investigator.

WILSON'S FOREIGN POLICY

Indications That Huerta Rule Will Not Be Acceptable to Him

Washington, March 12.—In a formal statement of his policy toward Central and South American republics, President Wilson plainly indicated, in the opinion of many high in Washington's official circles, that he has no sympathy with the present government of Mexico and that it may not receive official recognition from the United States.

The portion of his statement to which these officials point as proof of their belief declares:

"We can have no sympathy with those who seek to seize the power of government to advance their own personal interests or ambition. We are friends of peace, but we know that there can be no lasting or stable peace in such circumstances."

FAVORS MERIT TEST FOR POSTMASTERS

Burleson's Views May Affect 35,000 Minor Offices

Washington, March 12.—Intimation that an attack upon the Taft civil service order covering 35,000 third and fourth class postmasters will be made by the Democrats was given by Postmaster General Burleson.

He declared that while the administration's policy in the matter had not yet been determined, the order was faulty in that it permitted postmasters who had obtained their appointments through political "pull" to keep their posts regardless of merit.

"While I am personally in sympathy with the order," he said, "I do not think Mr. Taft went far enough. I think a test of merit to determine the fitness of the applicants should have been required."

BAD FOR OFFICE HOLDERS

Congressman Intimates That Official Axe Is About to Fall

Boston, March 12.—Intimations of a sweeping change of federal office holders under the new administration were made by Congressman Murray in the course of a visit to the federal building here. According to Murray, changes will not be made piecemeal, but in accordance with a general plan of the cabinet.

It is understood the action of the president in leaving the matter of appointments to the cabinet will result in a new deal all round. The new administration is not going to be bound by any precedents of previous administrations and all slates and well-recognized channels of favoritism are to be thrown into the discard. Something entirely new is said to be awaiting the politicians.

TO BANISH RED FLAGS

Report of Legal Affairs Committee Accepted In Bay State Senate

Boston, March 12.—The senate accepted the report of the committee on legal affairs that no flag, banner or ensign, except that of the United States, the state flag of Massachuetts, or of any other state in the union, be carried in any parade or in any way displayed in public.

There is a stipulation that other flags or banners may be carried or displayed only by written permission of the mayor or aldermen or the selectmen of a town. The penalty is $100 fine or six months' imprisonment.

NEW RECORD FOR ALTITUDE

French Aviator Perreyon Rises 19,550 Feet In Monoplane

Paris, March 12.—A new world's altitude record was established at the Buc aerodrome by the French aviator Perreyon. In a monoplane he rose to a height of 6000 metres (approximately 19,550 feet).

The previous world's record was held by George Le Gagneux, who reached an altitude of 18,776 feet at Villacoublay on Sept. 17, 1912.

CHARLES P. NEILL

Opposition to Confirmation of Commissioner of Labor

© 1912, by American Press Association.

OPPOSITION TO NEILL

Southerners Resent His Report on Labor In Cotton Mills

Washington, March 12.—Certain southern senators, it is learned, are planning to fight the confirmation of Charles P. Neill, whose nomination as commissioner of labor statistics in the new department of labor has been sent to the senate by the president. They are bringing upon the White House heavy pressure in order to get aid from that quarter.

Their objection to Neill dates back to the report of the bureau of labor, issued under his direction, on the conditions of labor in the southern cotton mills. This report was bitterly criticised at the time of its publication by Senator Overman of North Carolina.

DISSOLUTION OF PARTNERSHIP.

Notice is hereby given that the partnership heretofore existing between John Pearson and Nels Pearson has been this day dissolved by mutual consent. The said John Pearson will continue to conduct said business under the former firm name, Pearson Brothers. All debts due said firm are payable to him and he assumes the firm liabilities.

John Pearson,
Nels Pearson.

ELKS ELECTED THEIR OFFICERS

Also Initiated Candidates at the Session Tuesday Night

The annual meeting of Quincy lodge of Elks was held Tuesday evening and these officers elected:

Exalted Ruler—Philip H. Sullivan.

Esteemed Leading Knight—John Hildebrand.

Esteemed Loyal Knight—Edward D. Larkin.

Esteemed Lecturing Knight—Ira T. Doble.

Tyler, Maurice F. Cohen.

Secretary—John D. Smith.

Treasurer—Charles R. O'Connor.

Trustee for three years—William Cashman.

Representative to Grand Lodge—P. H. Sullivan.

Alternate Representative to Grand Lodge, R. J. Williams, Jr.

Several candidates were initiated. One of the pleasing events of the evening was the receipt of a personal letter from Grand Exalted Ruler Thomas V. Mills, complimenting Quincy lodge on its good work and the manner in which it performed the work.

BRIEFS

Miss May Mattheson of Greenleaf street, has returned from a visit to friends in Plymouth.

Miss Helen Connors, South Walnut street, was admitted to the Quincy City Hospital, Tuesday for treatment.

James O'Brien who is being treated for frost bite at the Quincy City Hospital is reported as rapidly recovering.

Mr. and Mrs. John W. Hersey of Medford, former residents of Coddington street, Quincy, were in the city today.

Mr. and Mrs. Clyde T. Cox entertained, Mrs. Carrie Maxey and mother Mrs. Rebecca Hale of Dorchester, the first of the week.

A dancing party will be held in New Colonial Hall Friday evening under the auspices of the Y. P. R. U. of the Unitarian Church.

Michael O'Hara of Newcomb place who was successfully operated upon at the Quincy Hospital last week is at his home and is doing well.

Miss Rose McAllister who has been the guest of her sister, Mrs. James E. Neary of Chestnut street, has returned to her home in Ithica, N. Y.

Officer Whelan who was injured Monday when the police auto ran down a pole on Hancock street was *not seriously hurt and will be able to* return to duty in a few days.

John Cashman who was taken suddenly ill while on a business trip to Portland, Me., is now at his home, Cross street, West Quincy, and is doing well. He was removed from Portland, Tuesday.

MORE INTEREST IN THE BALLOT

Urged by Mr. Pope Upon the Average Voter

"The present spirit of unrest—the cause and the remedy," was the subject of Hon. Frank H. Pope of Leominster at the Wollaston Unitarian club, Tuesday evening.

The speaker gave a thorough resume of labor and social conditions mentioning many of the progressive ideas of legislation recently instituted.

In conclusion he urged greater interest of the average voter in the ballot box. Mr. Pope had a rare fund of stories and an unlimited supply.

TENNIS CLUB CHOOSE OFFICERS

The third annual meeting of the President's Hill Tennis club took place Tuesday evening at the home of President Charles Sampson, Dixwell avenue. Ater a report of the year was approved the following officers weree lected::

President—Charles Sampson.

Vice-President—Richard B. Wetherall.

Secertary-Treasurer — Henry C. Hallowell.

Executive Committee—Mrs. Walter Emery, Alden Blanchard, H. B. Tourtellot.

DRAFT OF TARIFF BILL

Ways and Means Committee May Have It Ready Next Week

Washington, March 12.—The preparation of the tariff revision bill by the house ways and means committee, it was learned, will probably be able to announce the full results of their deliberations on the tariff revision bill by March 20. Such questions as wool, cotton and sugar will not be finally decided until the committee is nearly ready to report.

Meanwhile the committee is allowed no authoritative information to leak out concerning the rates which it has agreed to or partially agreed to. The report to be issued with the prospective legislation will be comprehensive.

ELECT TO GO TO JAIL

Militant Suffragettes Refuse to Give Sureties For Good Behavior

London, March 12.—The five suffragettes, Lillian Wilcox, Dorothy Smith, Kathleen Paget, Gertrude Vaughan and Grace Stuart, arrested while trying to present a petition to King George, were ordered by the magistrate at Bow street to find sureties for their good behavior, or in default go to prison for twenty-one days in some cases and a month in others. All of them elected to go to jail rather than take oath to keep the peace.

The charge brought against them was that of obstructing the police in the execution of their duty. The police gave evidence that they had received orders to take especial care to prevent any one from attempting to throw a letter or a petition to the king while he was on the way to parliament.

Husband's Love Set at $175.

Mrs. Susan M. Singer of Lebanon, Pa., was awarded by a jury $175 damages from Miss Carrie E. Coldren for the alienation of the affections of John Singer.

O'CONNELL SUMMONED

National Metal President Invited to Come Here

FOR LABOR CONFERENCE

A meeting of the conference committee of the Allied Metal Trades and many of its members took place Tuesday evening in the Johnson building. The discussion related to the present labor differences at the Fore River yards.

As a result of the meeting a telegram was dispatched to James O'Connell, national president of the Allied Metal Trades and fifth vice president of the American Federation of Labor, asking that he come to Quincy without delay, for further conference with the officials of the company.

QUINCY MAN TAKES A BRIDE

Miss McKinnon and John A. Clark Wedded Tuesday Night

John A. Clark of Empire Polishing Co., and a well known Quincy resident and Miss Mary A. McKinnon of Boston were married at the home of the groom, 11 Thayer street Tuesday evening in the presence of a large number of immediate relatives and friends.

The ceremony was performed by Rev. Archibald McKinnon pastor of St. Andrews American Presbyterian church of Boston.

The matron of honor was the brides sister, Mrs. Elizabeth Grant of Boston and the best man was John Alvin Clark. As the wedding party entered the parlor the Lohengrin wedding march was rendered by Provost's orchestra which later furnished a concert.

The bride was dressed in lavender silk and carried a shower bouquet of white roses. The matron of honor wore cream colored lace over black velvet.

A wedding supper followed at which were guests from Boston, Roxbury, Newton and Milton.

SLEUTHS TO HUNT FOR LOST $40,000

Texas Man Disgusted With Wife's Experience In Chicago

Chicago, March 12.—E. W. Mills of San Antonio, Tex., whose wife reported the loss of more than $40,000 in Evanston ten days ago, has arrived in Chicago and arranged for an interview with E. H. Rawson, president of the trust company from which Mrs. Mills drew the money.

Mills remained in seclusion, but it was rumored he had hired detectives to work on the case.

"Mr. Mills said little about the loss of the money," said Rawson. "He said his wife still was in a nervous condition as a result of the loss and the notoriety she received. He said he was disgusted with the whole affair."

Prayer at Sunday Ball Games

Philadelphia, March 12.—Dr. C. L. Seller, former president of economics at University of Pennsylvania, claims that Sunday baseball with a prayer to open the game would build up character.

MARRIAGES

CLARK—McKINNON— In Quincy, March 11, by Rev. Archibald McKinnon of Boston, Mr. John A. Clark of Quincy and Miss Mary A. McKinnon of Boston.

A Village Enigma

By M. QUAD

Copyright, 1913, by Associated Literary Press.

It was three years after Mrs. Andrew Wakefield became a widow that things began to happen to disturb the peace of mind of the town of Hooperville. Mr. Wakefield had been a man without ambition or energy and addicted to intoxicants, and the main support of the couple had been the earnings of the wife with her needle.

Mr. Wakefield sometimes complained because he was not met on even terms by the the best citizens, but the wife never complained of her lot. If she expected a merchant's wife to associate with her dressmaker on terms of equality she never gave utterance to that fact. And never, that any one could recall, did she ask to be considered a martyr or find fault with her husband. When other wives told her what they would do in such a case she sometimes smiled, but never complained. After trying for years to make her out people decided that she was an enigma.

"And what in the name of cats is that?" asked good old Deacon Peters of his wife when she applied the term

"Why, Moses, don't you know what an enigma is?"

"They've invented so many darned things in the last few years that I'm all mixed up."

"An enigma is a thing you don't understand."

"Waal, is Mrs. Wakefield an enigma?"

"Folks say so."

"Mebbe she is. She strikes me as a woman who is waiting for something to happen."

Something finally happened. It wasn't anything of great importance—just the death of Mr. Wakefield.

Later the Widow Wakefield was left a great sum of money by English relatives. It was all in the papers, and her lawyer confirmed it. She became the richest woman in the state almost in a day. And of course the query with everybody was:

"What will she do with it?"

There were events in the history of the widow that Hooperville had not taken cognizance of. She came from an aristocratic family. At eighteen she had fallen in love and eloped with and wed a young man who made a worthless husband. Her father had cast her off, and she had been living hundreds of miles from him. She had felt the bitterness of the slights put upon her, but had realized that the situation could not be changed for the better by open resentment. She hadn't lived her real life, but a false one, and had thus come to be an enigma to such as were interested enough to discuss her.

When the money came the widow set about getting even with Hooperville. There was no malice in it, but just a sense of satisfaction. A bridge over the river had long been unsafe, but the taxpayers had hung off about repairing it, trusting that the Lord would divert all the accidents to other bridges.

The widow hired a lawyer to take the matter up, and the bridge was condemned and replaced by a $6,000 structure. The taxpayers howled.

She hired a surveyor to go over the lines of the streets, and it was discovered that all the store fronts encroached and that hardly a fence occupied its legal position. All encroachments were ordered removed.

The spire of the Methodist church edifice had a decided leaning toward sunrise. The widow set the law at work, and it cost the congregation $700 to brace up its spire.

There was an old ordinance against hitching horses to shade trees. That was also suddenly enforced and $50 in fines collected the first day.

There was another about chimneys being cleaned every year. Nearly 100 house owners were brought to court and fined $5 on their admissions that their chimneys had not been cleaned for ten years.

There was a dead ordinance about the use of profane language in public. The Widow Wakefield revived it and had sixty men fined the first day. Among them were the mayor, all the aldermen and the judge who inflicted the fines.

"Moses, what on earth is the woman at?" the good wife of Deacon Peters would ask after each new move.

"She's paying us back, I guess."

"But it don't seem as if she could do much more."

"You wait and see. What was it you called her?"

"An enigma."

"So 'twas. Waal, you'll learn that they've got claws. She'll wind up here with a grand whoop."

When the day finally came that the lawyer could suggest nothing more to upset things he was instructed to rent the gristmill, the sawmill, the tavern and two stores and five dwellings for a year. The tanner and the cooper wanted to be counted in, and they were accommodated. The rent was paid in advance, and the buildings locked up and the industries closed down.

Then the Widow Wakefield sent to the city for an auto and chauffeur and Paris gowns and hats and, dressed in the latest style and regardless of expense, made a slow tour of the town and departed from it forever.

"Moses, what has it cost the town?" asked the good wife of Deacon Peters

"About $30,000, I guess."

"And because she was mad?"

"No. Because she was an enigma, or whatever critter you call it. Gol darn their hides!"

QUINCY GIRLS THE WINNERS

Defeated Chauncey Street Team Three to One

OTHER BOWLING SCORES

Bowling ran into good totals Tuesday evening. The Quincy Girls went to Boston and beat Beatty's Chauncey street Girls team. The fame of the local girls in spreading throughout the state and the manager is receiving letters regularly asking for dates. Next Tuesday evening a match will be rolled here by the East Boston Girls. The present series between Waltham and Quincy will conclude soon and it is possible that one roll off be held here and in Waltham. The other matches were rolled at Boston.

Miss Grace McGivney was high scorer for Quincy with a total of 235. Miss Stumpf of the losers made 257. High string was made by Miss Florence Brown with 9.

In a special match at the Coliseum alleys John Adams Court beat the Foresters specials, 3 to 1. Hastings anchor man for the court rolled 135 and made a total of 306.

In the St. Mary's league at St. Mary's hall South Willard beat Bates avenue, 3 to 1. Welch and Leo Garrity were tied at 110 for high single and Garritty had high total of 295.

Special team roll offs are being held by the Heptasophs, each man being allotted a handicap equal to the difference between his average and that of the man with the highest average.

Commonwealth of Massachusetts.

Norfolk, ss. Probate Court.

To the heirs-at-law, next-of-kin and all other persons interested in the estate of Keziah Sumner late of Quincy in said County, deceased:

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for Probate, by David L. Jewell and Ella L. Jewell both of said Quincy, who pray that letters testamentary may be issued to them, the executors therein named, without giving a surety on their official bonds. You are hereby cited to appear at a Probate Court to be held at Brookline in said County of Norfolk, on the twenty-sixth day of March A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And said petitioners are hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in said Quincy the last publication to be one day at least before said Court, and by mailing, postpaid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this eleventh day of March in the year one thousand nine hundred and thirteen.

JOHN D. COBB, Register.

FOUR OF THEM SIX FOOTERS

North Carolina Team Made Up of Big Men

Quincy Y. M. C. A. will play its "Big" games of the season tonight, when the First Team lines up against the champions of the U. S. Navy, the North Carolina battleship team. This team has lost but three games out of 24 played this season and has not lost a game to either the Navy or Army team in two years. With this excellent record back of them, together with the fact that four of the men are six feet tall, and are very fast on their feet it seems that the visiting team ought to get away with the victory.

The Local Association team, however, is the second best Y. M. C. A. team inthe state, of this season, the only team playing better ball being the Newton Y. M. C. A. Although considerably outweighed Quincy has an exceedingly fast team and coupled with the fact that the game is being played on the home court, the visitors advantage in point of size will be discounted.

The second team will line up againtst the "Silent Five" for the second time this year. The first game was a hummer, ending 22 to 20 in favor of the second team, but the "Silent Five" had not been playing together more than two weeks, and the members feel that the score will be reversed with a much larger total of points.

The first game will begin promptly at eight o'clock.

BASE BALL MEN GETTING BUSY

Signs of Spring Have Warmed Them Up for the Season

VACANT LOTS UTILIZED

A glance through the list of prospective big league base ball players in Quincy and vicinity gives one the impression that after all the South Shore is not a bad old place for turning out ball players and it is to the credit of the Old Colony league which had representations from many surrounding towns that most of these future ball tossers are in fast company.

"Wes" Ganzell, son of Charles W. Ganzell of big league fame will play with Hugh Duffy's Portland team.

"Link" Elcock and "Lefty" Ford will play with Worcester. Ford is the only south paw twirler Burkett now has since he sold Van Dyke to St. Paul a few days ago.

Frank Hoyt of Atlantic, a second base man and George Barry, a catcher will open the season with Brockton.

"Patsy" Duggan and "Dode" Fitzgerald will play with Providence and the chances are that Duggan will be covering first for Detroit before the end of the season.

"Jack" Todd will play with Dayton Ohio, in the Central league and "Win" Duffy, a pitcher of New England fame and well known here will do box work for the Chicago White Sox.

"Louie" Courtney has gone to the Portland, Oregon league and will play up and down the Pacific coast.

"Ken" Nash of Weymouth will be in the Cleveland lineup.

Leo Dowd who finished last season with Brockton will play with the New York Highlanders and "Dan" Howley will play with the Philadelphia Nationals.

Among those who will go to Brockton will be Paolucci of East Milton who pitched last season for the strong Walter Baker team.

"Stan" Bates will report to the Giants at New York on April 10 and his brother Russell is still at Bates College where he had a fine season record last year.

Ray Condrick has decided not to continue school and one of the minor leagues have snapped up the 17 year old wonder. Wall is at Tufts where he will in all probability do the catching.

With a few warm days in February the members of the South Quincy team, champions of last years' City League wended their way to the vacant fields and started spring training. The following report comes down from their Athens:

"Practice has started and the boys are gradually working out. Many of them are more or less stiff but with the coming of a real spring active practice will be in order.

"The following men will be out this year: Gillis, "Viv" McCarthy, "Dode" Galvin, Theo Galvin, Erickson, Berlucchi, and Commolli.

"Most of these boys took a Novia Scotia trip last year which netted them a lot of experience and pleasure and arrangements will be made for another junket this season if the boys are willing.

SERGT. PEDRICK ON A HOT CHASE AFTER McDEVITT

WOMAN WROTE THE LAST BATCH OF BLACK HAND LETTERS TO MAYOR

Handwriting Expert Hingston Satisfied of the Identity of the Person

Unfortunate Creature Now Detained on Another Complaint

The chances are that Mayor Stone will not receive any more of the so-called black hand letters for some time to come, unless a new crank should spring into existence, for the party who wrote the letters, or at least the letter received last Saturday, calling upon him to remove Judge Avery of the district court and Inspector Goodhue, is where she can do no more letter writing of this kind, at least, for it was a woman who wrote the letter according to hand writing expert William E. Hingston.

When Mr. Hingston was shown the letter received last Saturday, he caused it to be given out that the author was a man. This was done to throw the guilty party off her guard, for according to Mr. Hingston, he discovered at that time that the person who penned the letter was a woman. It was desired to get samples of the girl's handwriting, and this was easily accomplished. These samples once obtained the remainder was easy, and the author fixed beyond reasonable doubt.

Not only was the author found by her handwriting but the paper upon which the letter was written has been identified by the girl's sister as having belonged to her.

This clears up the mystery of the authorship of the last letter received by the Mayor but not the authorship of the letters received about the time of the municipal election, but according to Mr. Hingston he knows very well who the author was but declines to say who the party is at the present time. Arrests may follow at any time in these cases.

ELECTED OFFICERS.

At the annual meeting of the Quincy Women's Riverside Club the following were elected for the ensuing year:

President—Mrs. Caroline B. Mellen.
Vice President— Mrs. Sarah D. Blanchard.
Secretary—Mrs. Ida J. Crane.
Treasurer— Mrs. Mary M. Sprague.
Trustee for one year—Mrs. Eva Williams.
Trustee for three years—Mrs. Isabel A. Souther.

QUINCY SENATOR MYSTERIOUSLY DISAPPEARS AFTER LEAVING SENATE CHAMBER IN WHICH HE WAS TO BE REPRIMANDED

Delinquent Senator Last Seen in City Square With a Hand Bag and Near Automobile. Notified Senate by Telephone He Would Be On Hand Today

State House, Boston, March 13—Senator John J. McDevitt took his seat in the senate chamber when that body opened its session today. He will probably take the reprimand or he may have some statement to make.

A city wide search was made today to locate Senator McDevitt. The search is being made by Sergt.-at-Arms, Thomas Pedrick who arrived in Quincy about 10 o'clock. The Sergt.-at-Arms wore his tall hat and carried his mace, his official badge of office. He was met by Chief of Police Burrell and one of Penniman's automobiles was pressed into service and the search began.

One of the first places visited was the Hancock house where it was rumored that he spent Wednesday night.

SENATOR JOHN J. McDEVITT.
Whose Disappearance is Worrying the Senate.

The hotel was searched but no "Duke" could be found. From here the searchers went to West Quincy and then back again to Quincy centre. Shortly before 11 o'clock the automobile containing the searchers disappeared down Washington street.

Although the "Duke" was in Quincy Wednesday night he has completely dropped out of sight. He was seen about City Square in the vicinity of 7 o'clock.

The light in his real estate office on Maple street was kept burning until the vicinity of 11 o'clock when Leo P. Noonan who has been referred to as the Duke's secretary went in and turned the light out.

While Chief of Police Burrell was searching for McDevitt he was informed by Chief of the Fire Department, Amos L. Litchfield that the latter had seen him about seven o'clock in City Square and that he was carrying a grip. Others also saw him at about that time.

Officer Phillips was instructed to be watchful of McDevitt's office and he reported that about 11 o'clock he saw an automobile in City Square with a passenger whom he thought to be McDevitt. He did not recognize the machine as belonging to any Quincy party and did not know in what direction the machine was driven.

Senator John J. McDevitt does not relish being reprimanded in the State Senate Chamber in the presence of the members and spectators.

He disappeared Wednesday just as he was to be castigated by the President.

Up to late this afternoon he had successfully evaded Sergeant-at-Arms Thomas Pedrick, who armed cap-a-pie is out in search of the delinquent Senator to bring him before the bar of the Senate.

This conduct rather complicates the situation and makes it more serious. In consequence of this action McDevitt may not only be suspended but expelled.

This afternoon McDevitt telephoned from some point that he would be on hand to take his medicine today.

Senator John J. McDevitt, after making a statement to the senate Wednesday left the chamber, before the report of the rules committee, calling for his suspension and reprimand had been acted upon, and could not be found when called to the bar of the house to receive that reprimand at the hands of the president. The sergeant-at-arms was ordered to search out McDevitt and have him at the bar of the house at 2 o'clock this afternoon. The necessary legal forms were adopted to warrant the sergeant-at-arms in forcing the presence of the delinquent senator at that time.

Prior to leaving the chamber, Senator McDevitt made the following statement.

"I wish to make a statement in my own behalf. In my own defense and with my best judgment, I wish to say that the statements I made before the second hearing before the Committee on Rules was absolutely as my conscience dictated, and conscientiously I stated the truth.

"I have no power, nor does the power lie within me, to have this honorable body do otherwise than it has done, but with a clear conscience I can go before the people of my district and before the great God declare that I have told the truth, and as long as we honestly try to be true to the people we represent, it does not matter how much we oppose each other.

"I have no animosity against any member of this honorable body.

"Everything I have ever got in my political life, I have had to fight for. Without regard to what conditions may arise or how this order goes through, I shall still have a feeling of high regard for all the members of this honorable body. I have no animosity against any one, and whatever they do, I shall still have friendly feelings toward them."

The public reprimand of McDevitt was to have followed his suspension from the Senate until May 1, with loss of pay, because of the statements he made at Wollaston and could not substantiate.

Knowing that the formal suspension of the Quincy Senator was to take place at Wednesday's session, a big crowd of politicians gathered in the Senate Chamber. The public galleries were filled to overflowing. Senator McDevitt was about the State House in the forenoon and a part of the early afternoon, but he was not in his seat at the opening of the session.

The order of suspension and reprimand, submitted by the Rules Committee, was not reached until nearly 3 o'clock. A few minutes before Senator McDevitt came into the chamber and took his seat on the right of the chair, between Senator Wheeler and Senator A. Preston Chase.

He didn't appear to be nervous, but chewed at a piece of gum while awaiting his sentence. None of his associates greeted him as he filed in, but just before the order for his suspension was reached Senator Halley of Lawrence held a brief, whispered conversation with him.

When the President of the Senate, Levi H. Greenwood of Gardner, announced that the next business was the order for McDevitt's suspension, the Quincy Senator arose and addressed the chair.

"For what purpose does the honorable Senator from the 2d Norfolk arise?" asked the President.

"I desire to make a statement in my own behalf," said McDevitt.

Bang! went the gavel. "The Senator may proceed," said the President.

(Continued on Page Six.)

NOTICE TO SPIRITUALISTS

Meetings will be opened in Electa Hall, Johnson Building, Quincy Square, beginning **SUNDAY, March 16,** Service at 2.30 and 7.30 P. M. The opening service will be conducted by H. L. Berry, assisted by Mrs. M. A. Bemis of Medford, Nellie Kneeland of Somerville, Dulcia Everton of Boston and other good speakers and mediums.

Thinking people of any denomination are earnestly invited to attend these services.

March 13-2t-p-15-1w

CHARTER REVISION KILLED BY THE COMMITTEE ON CITIES

Without Much Ado Voted to Recommend Reference to Next General Court

Substitute For Bill Before Committee Offered By McAnarney

(Special to the Ledger.)

State House, March 12. After spending nearly two hours listening to the arguments pro and con as to whether Quincy should have a chance to vote on accepting the new City Charter, the committee on cities late today voted to refer the matter to the next General Court. This means the end of any charter amendments for Quincy this year. The same verdict was meted out to four other cities at the same time.

REP. MICHAEL T. SULLIVAN.
Who Led the Fight in Opposition to Charter Revision.

The committee admonished the speakers to be brief and more than once interrupted what promised to be fiery pasages-at-arms between the two factions present.

City Solicitor John W. McAnarney was the principal proponent of the act. He sprung a new bill on the committee which he wished substituted for the old one, but which differed but little. Mr. McAnarney's chief argument for the new charter, or rather the amendments to the old one, was that there is a demand in Quincy for two year term for the Mayor, a fewer number of councilmen and the abolition of party designations at the polls at municipal elections. These weret he points covered by the bill, the text of which is pretty well known to Quincy readers of these columns.

The education of the number of councilmen from 23 to 9, Mr. McAnarney said he considered very important. In the opinion of the supporters of the lesser number, the fewer members there are in the council, the less stormy the sessions of that body will be. It would do away largely with the type of politician who invites all his friends to a councilmanic meeting and then usurps most of the time on oratory which plays to the gallery. The meetings are turned into a political rally for some of the members, it was declared. Also it was thought feasible to extend the term of councilmen to three years. This would insure a more valuable council, he said. He challenged anybody to say whether or not the people of Quincy want the amendments. Nobody could say without the question being referred to the voters.

A suggestion that a special election beheld in October to vote on the subject was strongly objected to.

Chairman Hobbs and Representative Bliss of the committee plied the city solicitor with questions which

New Styles Ready in Men's Spring Hats

The new shapes in both soft and stiff hats are here—and we commend them to men as the most attractive shapes that have been developed in several seasons.

The Guyer Self-Conforming Derby at $3

is a notable example of our success in getting hats somewhat better than are usually sold at this price.

It is a clear deep black that will not turn rusty. It is of a fine glossy felt, and it has the very best of finishing and trimmings. Also it is truly flexible—will conform to the shape of the head almost as readily as a soft hat.

EDITORIAL COMMENT.

An alleged grandson of Napoleon has been discovered in California but he says he is not at all puffed up because the blood of the mighty emperor courses through his veins.

And now people are mean enough to insinuate that the pot of beans en route to New York by flying machine parcel post, did not stand the test.

Gov. Sulzer is having some little trouble with his superintendent of state prisons, but the way the people of the empire state have been aroused over recent exposures they will undoubtedly back up the governor if he takes drastic measures to get rid of an undesirable official.

Mr. Hale is a versatile man. If he succeeds with his newspaper as well as he has in other departments the Boston Journal may be expected to regain some of its old time well earned prestige.

President Wilson has not shown much approval of the family members seeking office.

The re-election of Mr. Ryan by the Iron workers may be the mere endorsement of a well liked official but in view of the circumstances there is liable to be a different construction placed upon the action.

While it was an auto show, gowns and jewels cut more ice than the machines Wednesday night.

Evidently the City Council is without a president. Not even the ship of state can sail a very good course without a good pilot at the wheel.

Hop scotch, marbles, hoops and jump ropes are the surest signs of spring time seen now a days.

In less than a month the base ball athletes will enter upon their long grind.

With the advent of Easter, the marriage crop will increase.

Boston is to have a bread line which is rather a poor way of treating such a condition. Associated charities can do more to relieve genuine cases of want than all the bread lines ever invented.

The fat men's club add to its membership by the ton.

Speaker Cushing saved or rather killed the New Year's holiday.

Turkey has been up against it for the past few years. Among the latest tribulations is threatened anarchy.

Some one has suggested a half nickel. What's the matter with a return to the two and three cent pieces.

Power secured through intrigue and revolution for personal ambition will not be given the right hand of fellowship by the Wilson administration.

GRANITE AVENUE BRIDGE.

Judging from the evidence presented there is real need for a new bridge at Granite avenue, in Milton connecting Boston with Milton. It is pointed out that the present structure is old, out of repair and some assert even actually dangerous. It is pointed out that it is hardly safe for heavily laden vehicles to negotiate the bridge. The people of West Quincy would appreciate such a movement as it would mean a great convenience to them. And while on the subject of bridges, that one over the Neponset river, known as the Neponset bridge, is nothing to boast about. A new bridge is sadly needed at this time it has been advocated, Boston officials object Possibly a little conference and diplomacy might be the means of eliminating this continuous objection. The bridge could be improved upon immensely and as an approach to the City of Boston, it is a duty that the city owes its people to aid in the erection of a safe, substantial structure, which would be both useful and ornamental.

COST OF LIVING.

The Chicago shop girls should take a leaf from the book of that Cornell student who has been starving himself while he thought he was living on $1.85 cents a week. A legislative committteee is investigating conditions in that city with the view of establishing the minimum wages for shop girls at a higher figure than it is at present. Some of the expert testimony offered by the owners and managers of the big stores are interesting to peruse. Here are two sets of figures which were submitted:

Room and board	$3.50
Laundry	.20
Carfare	.20
Clothing and incidentals	.80
Savings	.25
Room rent	$3.50
Breakfast (coffee and rolls)	.40
Luncheons	.90
Dinners	1.40
Carfare	.60
Clothing and incidentals	1.70

In one case the munificent saving of 25 cents a week is recorded, while in the other no attention is given to this important detail.

In both instances it is quite evident that many things for which the girl expended some part of her wages were entirely omitted which leads to the conclusion that to meet this demand, curtailment must have been made in other departments.

The figures are interesting to note also because of so many omissions. It really looks as though there was ample chance for revision of those figures.

WITHOUT A CAPTAIN.

Without a doubt the Quincy ship of state, so far as the City Council is concerned is without a captain. PresidentB ryanto fth at body resigned at the meeting Monday night. It is true his resignation was not eccepted and even at that the body reelected Mr. Bryant unanimously, but that does not change the situation any. He resigned and if declining to serve, even if the resignation was not accepted then the body is without a president. The re-election does not figure materially from the fact that even after that event, with his resignation before the body. Mr. Bryant did not qualify after the second election. The proceedings at the last session were in somewhat of a chaotic state. That some people got a little rattled is quite evident and to save the situation and refrain from engaging in a ridiculous performance the Council wisely decided to adjourn. That was the only thing which could be done under the circumstances Councilman Bryant is reported as saying that he will not continue in the office of president. He has made a very good presiding officer and was evidently satisfactory to the members or they would not have declined to accept his resignation and at the same time unanimously re-elect him.

There is time between now and the next meeting of the Council for the members to get together and straighten out the tangle which exists. The Council cannot very well get along without a president. It is to be hoped that Councilman Bryant will reconsider his determination and continue in the office of president. There are too many important measures before the City Council at this time to permit of any differences of opinion seriously interfering with the movements of the City government machinery or city affairs.

HISTORIC QUINCY.

Routine business was transacted at a meeting of the Houghs Neck Associates Wednesday evening. An illustrated lecture on Historic Quincy by Charles H. Johnson preceded the meeting.

GREY HAIR RESTORED TO YOUTHFUL COLOR

Why Have Grey or Faded Hair That Makes You Look Old

Why lose your good looks that youthful, natural colored hair always helps you to keep? There is absolutely no need for it. A few applications of Hay's Hair Health will restore your grey hairs to their natural color and beauty, almost immediately and it will look even more beautiful than ever—your money back if it doesn't. Get a bottle today—prove it to your own satisfaction.

Always ask for Hay's Hair Health. Don't take chances with any others.

Free: Sign this adv. and take it to the following druggists and get a 50c. bottle of Hay's Hair Health and a 25c. cake of Harfina Soap, for 50c.; or $1.00 bottle of Hay's Hair Health and two 25c. cakes of Harfina Soap Free, for $1.

WALSH DRUG CO.

WEST QUINCY WANTS BRIDGE

At Granite Avenue to Make Better Boston Connections

MANY FAVORED PLAN

(Special to the Ledger.)

A large crowd turned out Tuesday at the State House to hear the arguments on a new bridge at Granite avenue which was before the committee on Roads and Bridges. This is a bill which was brought into the legislature by John O. Hall representing the Quincy Board of Trade and is one of that board's chief matters before this year's legislature. Representative William J. Leslie, conducted the hearing for the petitioners and briefly outlined the object of the bill and described the present structure to the committee. He told the committee that the bridge long since outlived its usefulness, connecting Milton with Dorchester, but of great value to Quincy on account of being the only direct thoroughfare, except Neponset avenue bridge to connect Quincy with Boston. The Neponset bridge is not easily accessible to West Quincy travelers and they are entitled to a good bridge at Granite avenue. The bridge is of great use to granite teams from Quincy and they carry such big loads sometimes as to actually make the old wooden structure a menace to life of drivers and horses. Another argument advanced was that there is a state boulevard right up to the bridge and that travel will increase wonderfully in a short time.

John O. Hall, secretary of Board of Trade said the Board of Trade hopes to bring about a direct connection with West Quincy cars of the Adams street, Dorchester line of the Boston

(Continued on Page Four.)

CULP—GODOWSKY CONCERT.

The concert at Symphony hall, Sunday, March 16 at 3.30 P. M. will be by Julia Culp and Leopold Godowsky. Julia Culp is one of the greatest singers of songs in the world. A Dutch woman of youth and attractive personality, the possessor of a voice of more than ordinary beauty, Miss Culp has been one of the sensations of the season just passing. She has already given two recitals in Boston and created much enthusiasm.

Leopold Godowsky is one of the great pianists of our time. It will be his first appearance in recital in Boston and the opportunity to hear him is one which no lovers of the piano or student of that instrument can well afford to miss. He is at the head of that Mastor School of Piano in Vienna and has already played with much success with the Boston Symphony Orchestra. The programme is as follows:

Songs: Schubert
- Heimliches Lieben
- Sulelka
- Ungeduld
- Ave Maria

Sonata, Op. 58 (B minor) Chopin
- Allegro maestoso
- Scherzo
- Largo
- Finale: Presto, ma non troppo

Songs:
- Bois epais Lully
- Mignonette Weckerlin
- When I am laid in Earth Purcell
- The Cottage Maid Arranged by Beethoven
- Long, Long Ago English Folk-song

Soli for Pianoforte
- From "Renaissance" (free adaptations) by Godowsky
- Musette en Rondeau Rameau
- Tambourin Rameau
- Le Caquet Dandrieu
- Gigue Loeilly

Songs: Brahms
- Vor dem Fenster
- Wie komn ich denn zur Thur herein
- O liebiche Wangen
- Wiegenlied

Soli for Pianoforte
- Au bord d'une source Liszt
- Etude de concert (F minor) Liszt
- Symphonic Metamorphoses of Johann Strauss Waltz "Kuenstlerleben" by L. Godowsky

SPRING FLOWER SHOW.

The annual spring flower show of the Massachusetts Horticultural Society will be held at Horticultural hall, Boston, Friday, Saturday, and Sunday.

The display of spring bulbs and Easter flowering plants at th s exhibition promises to eclipse anything ever before shown. Many rare and beautiful tropical plants from the private greenhouses of Boston and vicinity will be generously contributed, while large collections of roses, carnations, and orchids, including several new varieties, from the commercial growers of his and other states will be on exhibition. The schedule includes also lilies, sweet peas, violets, and snapdragons, and there will be collections of winter apples and forced vegetables.

The First Corps of Cadets' orchestra will furnish music afternoons and evenings and the exhibition will open Friday noon, continuing through Saturday from 10 A. M. to 10 P. M. and Sunday from 2 to 10 P. M.

RATIONAL OPTIMISM

Subject of Dr. Eliot Before All Souls Men's Club

LADIES WERE PRESENT

The regular monthly meeting of the All Souls' Men's Club, held in Parish hall, Braintree Wednesday evening was observed as ladies' night and was one of the most memorable meetings ever held by the organization. The members and their ladies assembled in the church auditorium shortly after six o'clock and each lady was presented with a bouquet of violets, the gift of the well known local florists, Waldecker Brothers. It is almost needless to say that this courtesy was greatly appreciated. Supper was served in the parish hall at 6.30 o'clock, covers being laid for 280 persons and almost every chair was occupied. Beautiful cut flowers on the head table added a pleasing touch. A bountiful supper was served of hot roast beef, mashed potato with brown gravy, green peas, cabbage salad, rolls, coffee, ice cream and cake.

A decided novelty was the male chorus, consisting of the following singers: Judge Albert E. Avery, Dr. Ernest C. Bent, Atherton N. Hunt, George S. Young, John E. Greene of Quincy, Herbert E. Curtis, Stetson Avery, George A. Arnold, George T. Butterworth, Eugene Murphy of Weymouth and E. W. Hayden of Quincy. Dr. W. Porter Pratt presided at the piano as accompanist. Particularly pleasing to the assembly was the rollicking ballad, "Barney McGee," with the solo part sung by Mr. Curtis.

In an apt little speech, president Alva Morrison of the club welcomed the ladies and introduced as the speaker of the evening, Dr. Charles W. Eliot, president emeritus of Harvard University. Dr. Eliot had for his subject "Rational Optimism" and gave a thoroughly inspiring and interesting address. He spoke of the greater enjoyment of life of the optimist in contrast with the dull outlook of the pessimist and emphasized the need of looking on the bright side of things. He traced the benefits of rational optimism as applied to home life, schools, business, capital and labor, government and lastly to our conception of God and the universe.

Dr. Eliot's remarks were in an inspiring vein and he left a most helpful message of hope and of belief in better things and the ultimate triumph of good over evil. After the singing of America by the all, the proceedings of the evening were closed about 9 o'clock.

MAINE MAN DEAD.

Fred S. Libby, 50 years, and a resident of Carmel, Maine, died Wednesday at 91 Glendale road. The body will be sent there for burial. He was a cabinet maker by trade and employed at Boston.

DANCING PARTY.

The Y. P. R. U. of the Unitarian church will hold a dancing party Friday evening, in Alpha hall, instead of New Colonial hall, as formerly announced.

ST. PATRICK'S NIGHT.

W. J. Walshe the celebrated lecturer who is to appear in Music hall, this city on Monday evening, March the 17th is one of the best platform lecturers now before the public. The Boston Herald's recent comment is as follows: In the Tremont Theatre last night, the popular and interesting lecturer, W. J. Walshe, assisted by his scenic concert artists, appeared in his Irish Evening and notwithstanding that this was its 100th presentation in Boston, the house was crowded to its capacity. In this now famous entertainment, intensely interesting to Americans in general, the home of the Irish race is shown by superb word-painting and highly artistic scenes, 200 in number. Mr. Walshe may not be inaptly styled the Sir Walter Scott of Ireland for his picturings of the national traits of the people of that land—their humor, wit, legendary lore and genius are always graphic and accurate, with no false qualities, but a multitude of truths. It is indeed questionable whether any other man today before the public has contributed more largely to the welfare of the motherland of the American than has this talented speaker, if we judge by the thousands of tourists who now cross the ocean to revel amid her incomparable scenic charms.

NO DISPLAY OF NAVAL HONORS

Admiral Eaton's Body Buried Without Government Attention

NOT EVEN A FLAG DISPLAYED

Widow and Daughter the Only Mourners at Grave, While Two Reporters and Two Hackmen Act as Pallbearers—Mystery Concerning Death of Man Who Had Gained Fame

Boston, March 13.—Rear Admiral Joseph G. Eaton (retired) of the United States navy, former commandant at the Charlestown navy yard and one of the heroes of Santiago bay, was laid at rest in Oakland cemetery in Dracut yesterday afternoon with an utter lack of naval honors.

Not even the United States flag was dsplayed at the interment to signify that the remains of a great naval officer were being committed to rest.

With two reporters and two hackmen acting as pallbearers and with the straps used to lower the body into the grave improvised from the reins of the hired hacks with which the former had driven to the cemetery, the body of Eaton was lowered into its last resting place.

Mrs. Eaton, who, with her daughter, Dorothy, attended in a carriage, stepped from the latter just as the body was lowered into the ground, and gave a fleeting look at the body of her husband. Dorothy, Eaton's stepdaughter, who was the pride of the admiral's heart, wept as the first shovelfuls of earth were thrown into the grave.

In the Spanish war the dead man was in command of the U. S. S. Resolute, which was at Santiago bay. it was the Resolute which signalled to Admiral Sampson the message that the Spanish war fleet was heading out of the landlocked harbor and was advancing to meet the United States vessels.

The glorious victory won by the Stars and Stripes on that great day is history. But yesterday afternoon the man who commanded the Resolute on that day was buried with no more naval honors or government attention than would have been accorded an alien just landed on our shores.

Developments of a sensational nature may be expected in the investigation which is being made by the state police. It is said official action will be taken before many hours.

The contents of the dead officer's stomach have been set to the Harvard medical school for analysis, according to Chief Osborne of the Norwell police. He expects to hear something definite from Professor Whitney today.

Mrs. Eaton went from West Norwell, where the admiral died, to Dracut via Boston with the admiral's body. Before leaving home the widow's attention was called to statements about the investigation which had been started. She cried:

"This is what I have feared for the past two years, lest they would blame me if anything happened to my husband. The admiral has been in poor health for two years. That is well known. It is nothing less than outrageous that any insinuations should be made."

The explanation of this statement by Mrs. Eaton probably goes back to that first breach between the admiral and his wife three and one-half years ago, when she insisted that the sudden death of their adopted baby boy was due to poison.

Accusations were made by her concerning the admiral. Investigation showed, however, that the child died a natural death. The admiral and his wife later became reconciled.

BRIGGS IS CONFIRMED

Insanity Expert Had Twice Been Rejected by Governor Foss' Council

Boston, March 13.—Dr. L. V. Briggs was named yesterday as a member of the state board of insanity and was confirmed under a suspension of the rules. He had twice been refused confirmation by the council, but yesterday it appeared that he had five votes in a full council of nine.

The Briggs appointment has for a year been one of the subjects upon which the governor and his Republican councillors disagreed. Briggs has been the governor's expert in many matters, notably the Richeson case.

Champ Clark May Practice Law

Washington, March 13.—Speaker Champ Clark was yesterday admitted to practice before the supreme court. He does not expect to practise before the court in the immediate future at least.

Direct Vote For Senators Favored

Boston, March 13.—The legislative committee on election laws reported favorably in the house a bill which calls for the direct nomination of candidates for United States senator.

Capital Punishment Abolished

Olympia, Wash., March 13.—The house bill abolishing capital punishment in Washington was passed by the senate. Governor Lister probably will approve the act.

Capital $150,000. Surplus $200,000

THE EDUCATIONAL FIELD

High School
Woodward Institute

Public Schools
Parochial School

EVENING SCHOOLS.

The advanced evening schools together with the evening industrial classes will close their second term this week after ten weeks of effective work. It is hoped that with the opening of the new Adams building most of the evening work of succeeding years can be carried on in the old Adams building which is admirably located for such centralization work.

BETTER POSITIONS.

In connection with the present agitation for better pay for teachers it is interesting to note that two teachers have resigned this week for the purpose of going to better paid positions. Miss Eugenia McColl has been offered a position in the schools of Dedham and will leave the Washington school at the end of the present week. Miss Nellie E. March who has been at the Cranch school for the past five years has also decided to accept a position in Lynn.

In addition at least two teachers at the High school are now considering better offers for next year while the vacancy of one who left the school a week ago to go to Somerville has not been filled.

COURSES OF STUDY.

The courses of study for the High school and Woodward Institute with the election blanks attached are now being prepared and will be ready for distribution and explanation to the eligible grade pupils very shortly. There is every prospect that the class for entrance to the High school in September will greatly exceed even the large class of 1912, as two new schools, the Montclair and the St. John's Parochial school will have pupils ready for entrance. The course of study in the elementary grades is now also under revision, the grade teachers supplying criticism and suggestions based on the present course which the superintendent will make use of in adapting the course to the needs of the system.

ADAMS SCHOOL.

The work on the new Adams school appears to be at a standstill owing to the fact that the iron framework of the building has not yet arrived. However, it has been shipped from Pennsylvania and is expected by the end of this week.

There is to be a public hearing at the City Hall on Monday evening, Mar. 17th, at 7.30 o'clock, on the building of the proposed street in front of the new Adams school. If this street is built the Parents' and Teachers' Association will doubtless have the privilege of naming it.

CRANCH SCHOOL.

Two large hand-colored pictures, Corot's, "A Pastorale" and Millet's, "Going to Work," have recently been hung in the eighth grade room. These pictures are the gift of the Class of 1912.

The pupils of Grade II, Miss Annie R. Birnie, teacher, have recently made a remarkable record for attendance. For nearly seventeen weeks, sixteen weeks and four days to be exact, not a pupil was absent. When one realizes that this record was made during the winter months when sickness and inclement weather are often reasons for frequent absences among the pupils of the lower grades, this record seems all the more remarkable.

The pupils of Grade IV and V, Miss Annie C. Healey and Miss Helen Burke, teachers, are justly proud of the fact that not a pupil has been tardy this school year.

MASS. FIELDS SCHOOL.

The regular meeting of th Parent-Teachers' Association will be held in the school corridor on Friday, March fourteenth at 7.45 o'clock.

Dr. Isaiah W. Sneath, pastor of the Wollaston Congregational church, will speak. Subject: "A Trolley Trip through Pennsylvania."

Mrs. W. E. Rowe will explain the work of the Mothers' Congress. Soloist—Mrs. O. D. Allen.

Male Quartet—In Songs of Long Ago. All are welcome. A large attendance is desired.

A large number of children are absent because of whooping cough.

HIGH SCHOOL.

A meeting of the senior class of the Quincy High school was held Wednesday. Miss Josie Aulbach was elected secretary in place of Miss Marion Rand who resigned after two years service.

A committee was appointed to take charge of the senior reception which will be held in June. They are Miss Millicent Chapman, Miss Eva Langley Miss Mary Morrison, Edwin Brown, Miss Helen Miller and Roland Estey.

CHURCH AFFAIR MOST PLEASING

Ladies' Aid Hold Supper and Entertainment

The Ladies Aid Society of the Washington Street Congregational Church gave a most successful supper and entertainment Wednesday evening in the vestry. An unusually large number of people sat down at the well laden tables at 6.30 o'clock to partake of an excellent menu, which consisted of pies of several varieties, meat pies, pastry pies and a number of fancy pies together with beans, coffee and rolls.

After everyone had done justice to the supper, the tables were cleared and the seats arranged for the entertainment which commenced at 8 o'clock under the direction of Mrs. Arthur Foster. The audience listened to a number of musical selections by the French brothers, piano, Chester, violin, Charles and harmonica Lewis. "The Swallow" sung most beautifully by Mrs. Edith Cary Page was given such hearty applause that she responded to an encore "The Irish Lullaby." After another selection from the French brothers, Mrs. Page sang "I hear You Calling," rendered in a most able manner. Readings were given by Miss Catherine Yules who was forced to respond to repeated encores.

A farce entitled "The Packing of the Home Missionary Barrel" was then given, the parts being very well taken. It was full of humor and the audience was kept in continuous laughter from start to finish. The cast was as follows:

CHARACTERS.

Mrs. Brown, the hostess,
Mrs. E. H. Bushnell
Mrs. Dimps, short and stout,
Mrs. C. W. Newcomb
Miss Flinn, a simpering spinster,
Mrs. A. B. Foster
Mrs. Green, a bosser,
Mrs. J. Fitton
Mrs. Jones, a confirmed invalid
Mrs. S. C. Brent
Mrs. Lamb, a widow,
Mrs. T. B. Pollard
Mrs. Marks, Willing helper
Mrs. J. Peterson
Mrs. White, willing helper
Mrs. G. E. Bailey
Mrs. Hicks, a strong minded woman,
Mrs. T. R. McKinney
Sophia, a Polish girl,
Mrs. W. H. Shorter

Ice cream was sold at the close of the entertainment.

The following ladies had charge of the supper and tables: Chairman Mrs. William Hayden, Mrs. P. H. Holman, Mrs. T. W. Lincoln, Jr., Mrs. Bradford, Hayden, Mrs. H. E. Bonney, Mrs. Walter Hayden, Miss E. M. Freeman, Mrs. Herbert Hayden, Mrs. Chubbuck, Mrs. Austin.

Apron table—Mrs. C. H. Sherburne, Mrs. H .E. Bonney.

Fancy table—Mrs. C. W. Newcomb, Mrs. M. S. Wight, Mrs. T. McKenney.

Cake and candy table—Mrs. J. Peterson, Mrs. G. E. Bailey.

Punch table—Mrs. D. Scouler, Mrs. C. W. Carter.

Grab table—Mrs. J. C. McNeil.

Ice Cream table—Mrs. T. W. Lincoln, Jr., Mrs. William Hayden.

CLASS OF 125 TO TAKE DEGREE

Eagles Plan a Big Exemplification March 26

TEAM COMPETES AT REVERE

An overflow meeting of John Adams Aerie, Fraternal Order of Eagles was held in Electa and Protection halls Wednesday evening. Final arrangements were made for the class initiation which will take place in Electa hall March 26. To date there are 125 candidates. The work will be performed by the local degree team.

It was voted to have the degree team enter the drill contest at Revere Easter Monday evening. The local team won the championship of the state at New Bedford last summer. A large number plan to accompany the team.

Because of the increase in membership, John Bowen, secretary-treasurer, was relieved from financial duties and Henry J. Langelier was elected as financial secretary.

Among the visitors was John A. McDonnell of Milford, N. H., who is a prominent Eagle.

CALLS HAWTHORNE A BUNCO STEERER

Wise Uses Vigorous Language In Summing Up Charges

New York, March 13.—Julian Hawthorne and his associates, on trial on the charge of using the mails to defraud in connection with the promotion of mining claims, were denounced as "green goods men, bunco steerers, swindlers and impudent imposters" by United States District Attorney Wise in summing up the case.

Assistant District Attorney Dorr, who also took part in the summing up, declared that Hawthorne, in the face of his advertisements that he had sunk every dollar he had in his enterprises, had "not contributed one cent."

WOMEN POLICE FOR HUB

Mayor Says He Is Giving the Question Serious Consideration

Boston, March 13.—Mayor Fitzgerald declares he is seriously considering appointing women as constables. He believes the time will come when every city will have women police to help solve the vice problem. The mayor said:

"Woman are entering into the public affairs of all cities, large and small. They should be protected. I believe women police would expose men police whom they caught taking graft. I also believe they are more sympathetic than men and that they could gain the confidence of and help the more unfortunate of their sex."

New Australian Capital Founded

Sydney, March 13.—The foundation stone of the future capital of Australia was laid by Baron Denman, governor general. Lady Denman christened the new city Canberra.

REAR ADMIRAL BUCKNAM

R. D. Bucknam, formerly an American naval officer, has been appointed rear admiral in the Turkish navy, and whatever success the Turks have had on sea during the Balkan war is said to have been due to him.

The KITCHEN CUPBOARD

FAVORITE FISH DISHES.

SMELTS, whitefish and halibut are three favorite fish which are now in season. These suggestions for cooking such fish may be useful.

Smelts prepared as below are nice for breakfast.

The baked halibut or stuffed whitefish is an appropriate and delicious accessory to the dinner bill of fare.

A Breakfast Dish.

Fried Smelts.—Clean, wash and dry the smelts, dust with salt, pepper and flour. Put some drippings into a frying pan and when very hot put in the fish. Keep turning constantly until a nice brown; then reduce the heat and finish slowly. They must be well done, but not fried hard. You can bread and fry in deep fat and serve with sauce tartare.

With Hollandaise Sauce.

Baked Halibut.—Take a piece of halibut weighing two or three pounds, clean it and place on a buttered rack in a dripping pan. Sprinkle with salt and pepper and arrange on the top strips of fat salt pork. Add one cupful of milk and bake in a quick oven for thirty-five minutes. Baste often and take out the pork the last ten minutes. Place on a serving dish, removing the outside skin, and garnish with shredded potatoes. Serve with Hollandaise sauce.

Steamed Fish.

Stuffed Whitefish With Oyster Sauce.—Select a whitefish weighing four or five pounds. Scale, wash and wipe. With a sharp knife make the incision for cleaning and dressing. See that the inside of the fish is clean. Make a rather rich dressing of breadcrumbs, a half teacupful of boiled salt pork chopped fine, a hard boiled egg chopped and mashed, a quarter of a teaspoonful each of salt, pepper and made mustard; a half teacupful of white wine vinegar, a little powdered sage and a tablespoonful of butter. Fill the fish with the dressing, tie up in a floured cloth and steam eight minutes to the pound. When ready remove the cloth, lay the fish on a border of parsley and place around it alternate slices of hard boiled egg and lemon.

Oyster Sauce.

Make a cream oyster sauce by scalding a half cupful of milk, thicken with a tablespoonful of flour and one of butter rubbed smooth. Add to the thickening a half teacupful of cream, a half teaspoonful of salt and a dash of pepper. Scald fifteen oysters in their own liquor with a dash of lemon juice, mix them with the cream sauce, pour a little over the fish and put the rest into the gravy bowl.

FOODS SERVED AU GRATIN.

FOODS cooked au gratin are usually served in a baking dish covered with cracker crumbs and butter and then browned in the oven.

The process generally consists of mixing a cup of cracker crumbs with a quarter or a third of a cup of melted butter. This combination is spread over the food, which is ordinarily a cooked one mixed with sauce. The baking dish is then set in the oven until the crumbs are browned.

Baked Eggs.

Eggs au Gratin.—Take some hard boiled eggs, slice them, well butter a fireproof dish, put in a layer of slices of eggs, then a dust of pepper and salt, next a thin layer of grated cheese and lastly one or two spoonfuls of any white sauce. Put in another layer of eggs and so on till the dish is full, ending with a layer of cheese. Put the dish in the oven till its contents are hot through and the surface is a nice brown.

With Shellfish.

Oysters au Gratin.—Take the oysters out of the shells in their liquor and trim them carefully. Use the larger shell of each oyster and wash them well in boiling water. Wipe them with a clean cloth and arrange them on a dish large enough to hold them all placed side by side. Keep the plate and the shells in a warm place, put the oysters back on the half shells and when serving cover the oysters with breadcrumbs fried in butter and seasoned with a little red pepper. Serve very hot.

Crabs au Gratin.—Canned crab meat may be used for this if the fresh crabs are not available. Take out the firm white flesh and mince it fine. Moisten the meat with a little sweet cream. Butter a baking dish, put in a layer of stale breadcrumbs, then a layer of minced crab meat, sprinkle with salt and pepper and then again with breadcrumbs. When the pan is filled pour over it a white sauce made of milk and flour and put in the oven to brown. Serve hot.

Salt Fish Au Gratin.

Codfish au Gratin.—Take a pound of salt codfish and soak it overnight in warm water, boil it gently for two hours, putting it over the fire in tepid water. Let it get cold and mince it fine. Make a cup of drawn butter by cooking together a tablespoonful each of butter and flour and stirring into them a cup of boiling water until the sauce is thick and smooth, stir the fish into this and pepper to taste. Mix with it two tablespoonfuls of grated cheese, turn into a baking dish, strew with crumbs and a bit of butter and a little more grated cheese and brown in the oven.

DESIGN FOR MAINE MEMORIAL PLAQUES

This is a photograph of the plaster cast of the Maine memorial plaque submitted by the navy department for the approval of the president. The plaques are to be made of metal recovered from the wreck of the battleship Maine and are to be given to patriotic societies which apply for them.

CHARTER REVISION KILLED

(Continued from Page One.)

were all answered.

In a letter Mayor Stone put himself on record as favoring a referendum of the matter to the voters of Quincy.

Councilman Bryant, Bailey an Whiton, Charles R. Sherman and Henry M. Faxon all spoke briefly in favor of the amendment. Representative William J. Leslie introduced the speakers for the bill.

Representative Michael T. Sullivan and William R. Thomas, a former representative spoke for the opposition. Mr. Sullivan took the ground that there is little demand for this legislation. He said he had held an open mind on the subject while trying to ascertain if there was any demand in his district for the bill but had found none.

Mr. Thomas made the statement that fully two-thirds of the signers of a petition declaring in favor of the bill, were from Wollaston, one section of the city. He charged the proponents of the new bill with secrecy and said the matter had but little publicity in Quincy. At a meeting called for the purpose of talking it over, Mr. Thomas said only a dozen men turned out although some 125 invitations had been issued. Some of that dozen, he declared only went to get a line on what "the other fellows" were up to.

Ex-Representative Walter E. Piper upheld the opposition. He declared strongly in favor of retaining party designations at the polls. The two year term for mayor is not objectionable to him. Mr. Piper said but voters can't get that with this bill without getting a lot they don't want. He took issue with the city solicitor in the statement that there is much sentiment for abandoning the party designations. To his mind there is very little sentiment for that scheme, he said.

Others who opposed the whole measure or parts of it were Councilmen Cunningham, Sandberg, Griffin, Duffy, Richards and Bass. Fred F. Green and former councilman Studley, representing the republican city committee also talked against it. All took hte ground that the backers of the measure had not presented a good case and hoped the committee would not pass favorably on it. There were many in the room including John O. Hall and John L. Hamilton who had evidently come prepared to speak either for or against the bill but the lateness of the hour and the somewhat impatient attitude of the committee dissuaded them from undertaking the task.

Councilman Devaney, of the special committee appointed by the City Council to oppose the passage of bill was on hand but owing to shortness of time was not permitted to speak.

OPERATOR ELECTROCUTED

Death Suddenly Halts Moving Picture In a Philadelphia Theatre

Philadelphia, March 13.—While spectators who crowded a theatre in the northeastern section of this city sat in wonder at the sudden stopping of a moving picture being displayed on the screen, an investigation by attaches of the house resulted in the discovery that the operator had been electrocuted. His body was found stretched across an electric switchboard in the little room in which the machine was located.

The dead man, Frederick Schmidstetter, 43 years old, was an experienced operator, and the manner in which he came in contact with the live wire is a mystery.

WILL BE BIGGEST EVER

Suffragists Planning a Parade In New York on May 3

New York, March 13.—Dhat is planned to be the largest parade yet held in the interest of woman suffrage will take place in this city on May 3. The parade will be headed by the National Woman Suffrage association, whose part in the procession will be divided into seven groups, marching with suitable insignia.

The groups will comprise, respectively, the national officers, delegations from the nine suffrage states, delegates from the states where the suffrage amendment is ready to be submitted to the voters; from states where the amendment is awaiting action by a second legislature before submission; from states in which the suffrage bill has passed one house this session; states in which petitions initiating suffrage legislation are circulating, and states whose legislatures have failed to act on a suffrage bill this year.

BRIEFS

George W. Penniman of Mattapan, formerly of Quincy was elected Grand Warden, of the Grand lodge N. E. O. P. at its annual session, in Boston, Wednesday.

While the auto patrol of the police department is in the repair shop, the horse patrol wagon is in use. Chief Burrell however has arraigned with Penniman & Son to make any long trip that may be necessary in one of their automobiles.

F. M. H. Dazy of Quincy, who is a member of the Junior Class at Harvard, has been elected an editor of the Harvard "Advocate." The "Advocate" is the oldest literary paper in continuous existence at Harvard University.

BIRTHDAY SURPRISE.

A birthday surprise party was tendered Mrs. Lydia Beaulieu Tuesday evening at her home, 35 Buckley street. Many friends were present, the evening being spent in games, singing and a general good time.

Alfred Beaulieu presented Mrs. Beaulieu with a purse of gold. Visibly affected she responded with much difficulty.

The home was prettily decorated the color scheme being canary and white. Plants and flowers were distributed throughout the house in abundance.

Among those who rendered solos were Mrs. Exelas Mason, Miss Frieda Louise Johnson and Miss Etta Wheble. Miss Ruth Peters presided at the piano during the evening.

The party broke up at a late hour after all joined in singing "God be with you 'till we meet again."

PRATT'S BREAD is always in favor because delicious in flavor. Your grocer.

RISE OF BALKAN CONFEDERACY

Opposed by Austria, Who Endangers European Peace

RUSSIA ON THE OTHER SIDE

Thinks Allies Should Be Permitted to Reap Fruits of Their Victories—Young Nations Prepared to Resist Austrian Demands Following Fall of Adrianople and Scutari

London, March 13.—Europe is hanging on the next move of Vienna on the chessboard of the Balkans. Austria-Hugary is the disturber who is striving to prevent by all means in her power the rise of the young Balkan nations, and especially of Servia.

Russia, on the other hand, sympathizes with the Balkan states, and desires that they should be permitted to reap the fruits of their victories and to grow and to develop. She is in favor of allowing events to take their course.

As before pointed out, if the Balkan league hangs together it can defy Austria. If the allies can take Scutari and Adrianople in the near future and free their seasoned armie to resist Austria, the latter will have to back down to just what Europe as a whole can agree upon.

Adrianople cannot hold out much longer—Constantinople dispatches say one week. The Montenegrins apparently cannot crack the Scutari nu alone, and it is the sending of Servian troops to their aid that has drawn the Austrian fire.

The reported Bulgar-Servian clash at Nighrita is the one disquieting feature of the allies' campaign, but it may mean nothing more than friction between minor commanders.

In the meantime the allied Balkan nations have agreed to accept the mediation of the powers in order to bring about the termination of hostilities, according to reports. Their consent, however, depends on the agreement of Turkey to "surrender the fortresses of Adrianople and Scutari and the islands in the Aegean sea, and also to pay a war indemnity."

Last Despairing Cry

Constantinople, March 13.—A despairing cry of "I can hold out only for another week!" is alleged to have been uttered by Shukri Pasha, the Turkish commander of the fortress of Adrianople, which has held out for so many months against the terrible bombardment by the Bulgarian and Servian troops surrounding the city.

Shukri Pasha, it is asserted, informed the porte that Adrianople was nearing the end of its supplies of food and ammunition, and that there is much sickness among the defenders.

ONE YEAR IN PRISON

Young Woman Found Guilty of Two Burglaries at Boston

Boston, March 13.—Miss Annie Cadigan was found guilty of burglary before Judge Burke in the municipal court and sentenced to Sherborn reformatory for a period of not less than one year.

This is the first woman convicted of burglary in many years. She was found guilty in two counts, charging her with breaking and entering at night and stealing property valued at $105. She was also found guilty of having in her possession opium, which she had concealed in her corset stays.

Sergeant Irwin, who arrested the young woman, told Judge Burke the prisoner was one of the most noted female burglars in New England.

Kransfugl Wins Big Steeplechase

Cheltenham, Eng., March 13.—The national hunt steeplechase, worth £5000, was won here by Kransfugl. Wavelet was second and Fallen Crown third.

W. QUINCY WANTS BRIDGE

(Continued from Page Two.)

Elevated but a new bridge at Granite avenue is the first requisite. At present West Quincy people are at a great disadvantage when they wish to go into Boston on the electric cars they must go around the circuitous route via Quincy square and Neponset bridge.

Mayor Eugene R. Stone said—In one place in the bridge, there is a sag of six to eight inches, and he knew it was true because he had only recently been over it in his automobile, and had noticed that very thing. He could not urge the building of a new bridge too strongly. He was asked by Representative Dwyer, of Weymouth, a member of the committee, which of the two bridge propositions, Granite Avenue or Neponset, he would favor if only one could be done. The mayor said he did not want to answer that question until the Metropolitan Park Commission has decided whether or not it will build a new bridge at Neponset or use the present structure in connecting the boulevards.

That the bill is heartily endorsed on general lines by the county commissioners of Norfolk County, was the statement of John F. Merrill, of that commission, but the bill is loosely drawn and before it has the unreserved endorsement of the commissioners there must be several changes in it. One of the chief changes he advocated was that the amount to be spent for the new structure be placed at $75,000 instead of $60,000 as the bill reads now. Also he thought the section which makes the state bear the first cost of the bridge and then be repaid by Norfolk and Suffolk counties in equal proportions, be amended. He suggested that Norfolk county had always been ready to finance its own bridges and roads and that it could do so now without bothering the state and making additional clerical labor. Mr. Merrill was inclined to think that a steel pier with solid masonry supports, is a little too elaborate. He thought such a bridge as has recently been put across Weymouth back river between Hingham and Weymouth with a large steel draw and a wide roadway would be satisfactory for all purposes.

Another important suggestion put forward by County Commissioner Merrill was that in the new Granite avenue bridge provision be made for street car lines, and that the bill provide that any street railway company using the bridge be assessed 15 per cent of the cost and maintainance. This is the policy of the commissioners throughout the country.

Representative Dwyer interrupted again to inquire if 15 per cent is enough to charge the electric roads now that they carry heavy express cars, and Mr. Merrill said perhaps it is not, but that is the least amount that should be charged.

As town counsel of Milton, Charles Pierce favored the bill. He told of the extreme narrowness of the present draw and the accidents and damages that have resulted by big vessels trying to get through. The bridge is so old that it is constantly in need of repairs and is a burden and a financial nuisance to Milton, he claimed. The selectmen of Milton are in favor of this very bill.

Peter T. Fallon, of West Quincy informed the committee that if the new bridge over Granite Avenue is not built all the Quincy granite to be used on the new Boston Custom House will have to be sent around and over Milton hill, since neither the Granite avenue or Neponset bridges will hold the heavy loads of 30-ton granite blocks. With a new bridge at this point, real estate in the vicinity and extending into Quincy would become of some value and the increased valuations and taxes would help the city of Quincy and in fact the whole county.

Councilman Little, of Quincy, stated that the West Quincy Improvement Association was unanimously in favor of the project. He urged the committee to take a trip to Granite avenue and look over the site of the proposed work.

The entire legislative delegations of Wards 20 and 24 of Boston including Senators Horgan and Fitzgerald and Representatives Benson, Anderson, Buckley, Donohue, Lewis R. Sullivan and Lawler were recorded in favor of the bill. Representative Michael T. Sullivan also supported the measure but did not have a chance to speak being busy on his own committee at the time the hearing was called.

The only opposition came from the city of Boston, which was represented by Frederick H. Fay of the Bridge and Ferry division of the department of public works. His argument was that Boston, which is practically the whole of Suffolk County, should not be made to bear one half the cost of the bridge because Boston's end of the bridge is always kept in repair and does not need a thing done to it now. He ridiculed the idea that such a bridge as proposed could be built for $60,000 and said the cost after grading and dredging was done done would amount to twice that figure.

He also tried to tell the committee that the railroad tracks on the Boston end of the bridge would be a handicap to a modern bridge and that the roadway would have to be built over it. It was shown by Rep. Leslie and others, that the railroad tracks he referred to are practically unused, being on old freight line that the railroad uses for freight about once per day. No danger would come from the tracks, it was claimed.

Even if the committee decided to report favorably on the bill, Mr. Fay urged that the provisions be changed so that a less expensive bridge could be built. A wooden bridge with a good steel draw would answer every purpose he said. He admitted that the draw in the present bridge is totally inadequate to meet the requirements of the shipping interests.

Representative Leslie explained to the committee that the proponents of the bill recognize the fact that the bill is loosely drawn and offered to put in a redraft which will cover the suggestions of the county commissioners, as expressed by Mr. Merrill. He thought all hands interested would finally favor the new draft of the bill, saying that perhaps even the city of Boston could be induced to bear a small expense which would benefit the fastest growing section of Boston, namely Dorchester, whose citizens all want this improvement carried through. Representative Gallagher, of Milton was recorded in favor.

A COMMON ERROR

The Same Mistake Is Made By Many Quincy People.

It's a common error.
To plaster the aching back,
To rub with liniments, rheumatic joints,
If the trouble comes from the kidneys.
Doan's Kidney Pills are for kidney ills,
And are endorsed by Quincy citizens.

Mrs. F. Curtis, 18 Quarry St., Quincy, Mass., says: "We used Doan's Kidney Pills in our family with good results and in 1908 publicly endorsed them. At the present time, I am pleased to confirm that statement. A member of my family was in bad shape from kidney complaint. He used plasters and several well-known remedies, but did not improve until he began taking Doan's Kidney Pills. They effected a cure in two weeks and restored him to better health than he had enjoyed for years. I have also taken Doan's Kidney Pills myself and have found them excellent for strengthening the kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MEXICAN LEADERS CLASHING ALREADY

Huerta and Diaz Said to Have Reached Parting of Ways

Laredo, Tex., March 13.—Partial confirmation of reports that Victoriano Huerta, provisional president of Mexico, and General Diaz, provisional military governor of Mexico, have come to a parting of the ways, was obtained here.

A Mexican who claimed to represent the central detective office in Mexico City arrived here with the report that Huerta had delegated thirty secret service agents to watch Diaz and his political friends constantly.

Diaz is not ill, but was forced by Huerta to abandon political and state duties and go into retirement.

NOT COMMON CARRIERS

Amendment to Law Regarding "Pipe Lines" Is Invalid

Washington, March 13.—The commerce court held that congress had no power to make all pipe lines common carriers, and that the amendment to the interstate commerce law to this end was invalid.

Decision was rendered in the so-called "pipe line cases" involving the Prairie Oil and Gas company, Uncle Sam Oil company, Ohio Oil company, Standard Oil company of New Jersey, and also of Louisiana, and the Tidewater Oil company.

Preliminary injunctions restraining the interstate commerce commission's orders regulating pipe lines were issued by the court.

BOXES MINISTER'S EARS

Italian Admiral Arrested In Rome After Naval Chief Retaliates

Rome, March 13.—A fist fight between Admiral Cattolica, minister of marine, and Admiral Gozzo, recently retired from the navy, caused a sensation.

Admiral Gozzo met the minister of marine on the street and boxed his ears and Cattolica energetically retaliated. The two combatants were separated by bystanders and Gozzo was arrested.

The reason for the attack by Gozzo is believed to be because he was placed on the retired list of the navy by the minister of marine.

Careless Father Kills Daughter

Newark, N. J., March 13.—Philip Sitler, a farmer living near here, while handling his shotgun, accidentally shot and instantly killed his 4-year-old daughter.

The Pope Out of Danger

Rome, March 13.—Pope Pius X. is out of danger, according to Dr. Amici. The pope is benefitel greatly by the mild weather.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven catarrh to be a constitional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Adress: F. J. Cheney & Co., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

MELISSA DECIDES THAT MR. CAPIAS WON'T DO.

"We seem to be seeing a great deal of Mr. Capias lately, Melissa," observed Mrs. Merriwid's maternal maiden aunt Jane, beginning a new row in the afghan she was knitting, with the wrong color.

Mrs. Merriwid delicately picked up a candied violet from the box of bonbons in her lap and, crunching it between her white teeth, answered with some indistinctness of articulation that there was a good deal of Mr. Capias to see.

"He is certainly a fine figure of a man," said Aunt Jane.

"Two figures," corrected Mrs. Merriwid. "Twenty-three is the gentleman's number, the way I've got it down. Cheer up, dearie, we'll see less of him after this evening. We've got the probate business about settled and all I've got to do is to settle him."

Aunt Jane laid down her knitting and adjusted her glasses for a steady inspection of her niece. "Do you mean to say you expect him to propose?" she asked.

"I wouldn't swoon with surprise if he did," replied Mrs. Merriwid. "I don't think my poor fond fluttering heart will flutter as high as my tonsils if such a thing should happen. Yes, auntie, he will propose and he will get a jar that will loosen every

SUCH A WINNING SMILE!

bicuspid in his mobile jaw. I'm quite looking forward to it."

"May I ask why, my dear?" said Aunt Jane, elaborately.

"Because he can't note any exception to the court's ruling on the ground that the court erred when she employed the word 'not' in her decision," Mrs. Merriwid replied. "He won't get any thirty days or thirty seconds to file an appeal. He won't have the closing argument either, or get the costs taxed to anybody but Mr. Capias. I've one or two other reasons."

"I don't call what you've said any reason," remarked Aunt Jane, severely.

"Have a marron glace, dearie," said Mrs. Merriwid, selecting one with the candy tongs and forcibly inserting it in her aunt's protesting mouth. "To resume, Mr. Capias rumbles. When a man has a deep bass voice and rumbles with it and then puffs out his cheeks and swells his chest to show how much wind he's got left if he cared to use it, I always want to give him a jar. Poor dear Henry never rolled out any sub-cellar oratory at me in his most exasperating moments."

"They say he's a rising man," urged Aunt Jane.

"Self-rising," agreed Mrs. Merriwid. "I don't doubt it, auntie. He's a particularly yeasty person. You take a combination of oiled silk and gas and you've got something that will go up like the cost of living, unless somebody sticks a pin in it and there's no repair material handy. I wouldn't wonder one bit if Mr. Capias lands in a soft place on the bench, but I'm no Maud Muller and I don't think I'll have any regrets."

"I think you might do a great deal worse," aunt Jane contended.

"Bless your cunning little curls—which you haven't got on quite straight, dearie. There! Now they're all right. Bless your cunning little curls! a woman might always do worse. That's the one consolation she has. There are more varieties of cussedness in men than some people have pickles, and no one man has them all, or even the worst of them, if you take his wife's opinion. She can always look around her circle of married acquaintances and thank her lucky stars and hose-supporters that John hasn't acquired the particular brand of vice that distinguishes the brute next door or across the way. You've no idea what a comfort that sweet hight-have-been-worse assurance was to me in my married life, auntie."

"So you object to him because he hasn't a tenor voice?" Aunt Jane's tone was mildly sarcastic.

"And because he's a lawyer," said Mrs. Merriwid, nodding her bang completely over her left eye. "I think any woman is foolish to marry a lawyer when there are so many pleasanter ways of making herself miserable."

"Of course I'm very dense, but I can't imagine why a member of an honored and indispensable profession should be considered ineligible matrimonially." Aunt Jane delivered herself of this with a degree of acrimony.

"Dearie," said Mrs. Merriwid, "that's because you haven't given the subject due consideration, and little Melissa has. A lawyer has to have an analytical mind. That's all right in his honored profession, but he's apt to bring it home with his umbrella and apply it to the garbage can, so to speak, to deduce things."

"That's nonsense," commented Aunt Jane.

"So is most of the law," said Mrs. Merriwid. "Anyway, a lawyer is supposed to know how to argue and put the person he argues with in the wrong. What kind of a happy life would a woman lead with a husband that could get the best of every discussion? Isn't that a wife's privilege? And saying mean things in an aggravating way: You know perfectly well that all lawyers pride themselves on that. It's their business, while it's merely an amusement with us. And then there's cross-questioning! Oh! there's no use talking about it, auntie. You must see yourself how simply awful it would be."

"There might be something in that, certainly," Aunt Jane conceded, "but I don't think it's your real reason."

"If it isn't that, it must be the way he has of making himself agreeable," said Mrs. Merriwid. "Perhaps it's his winning smile and perhaps it's the cute things he says, like 'Sweets to the sweet' when he produces the candy. No, it wasn't this candy; this isn't so worse. 'Sweets to the sweet!' and the smile went with it. He's got a cunning little collection of funny anecdotes, too—culled from the first edition of a patent medicine almanac. When he says, 'That reminds me of the story of the Irishman,' I have to hold on tight to something to keep from screaming. There was that about poor Henry Merriwid: he never tried to tell funny stories."

"If he's so distasteful to you I wonder you've encouraged him the way you have," said Aunt Jane.

"I didn't say he was distasteful, dearie," Mrs. Merriwid replied. "And as for encouraging him, I couldn't be rude. Not unless it became necessary. I never gave him any real reason to suppose that we could ever be more to each other than very dear friends, and I shall always regard him with a feeling of tender sentiment as the first of my second series; but there are so many pretty pebbles strewn about the beach that don't wear black string necktles, and there's one insuperable objection to Mr. Capias if it was ever so."

"What's that?" inquired Aunt Jane.

"He makes me so awfully weary," said Mrs. Merriwid.

Had to Come.

"It had to come—there was no way by which its advent might have been averted."

This wail in a Paris newspaper did not refer to a great catastrophe, but to the "beauty spot," the speck of black plaster "which, worn on cheek or chin, or both, makes natural tints (real or otherwise) more conspicuous."

The writer adds that when pannier skirts, high heeled shoes and many puffs in the hair were fashionable the "beauty spot" was a necessary accompaniment, and that when the makers of fashions consulted old prints this was found to be so, "and a few wax heads in the show windows of the hairdressers decorated with the black spots did the rest. The fashion was established, or rather revived."—New York Tribune.

SIR THOMAS LIPTON

Smiling In Hope of Again Trying to Lift America's Cup

Photo by American Press Association.

LIPTON'S TERMS NOT ACCEPTABLE

Challenge For Race For America's Cup Is Declined

ACTION OF DEFENDING CLUB

Taken at Largely Attended Meeting, Every Vote Being Against Acceptance—Seventy-Five-Foot Limit Deprives New Yorkers of Important Rights Under Deed of Gift

New York, March 13.—The New York Yacht club last night declined Sir Thomas Lipton's challenge for a yacht race next season for the America's cup.

The reason for this action was that the terms of the challenge impose the condition that the defending vessel shall not exceed seventy-five feet in length at the waterline. This stipulation would deprive the club of the right to enter a vessel of from sixty-five to ninety feet, as provided in the deed of gift.

The declination of the present challenge, however, it was stated by members, did not necessarily mean that no America's cup race was in prospect, as the club was in anticipation of an unrestricted challenge for the cup from a British man other than Lipton. The club's only official statement related to the reason for the declination of the Lipton challenge, which was forwarded by the Royal Ulster Yacht club for Lipton. The statement read:

"The New York Yacht club has declined this challenge, because it imposes as a condition that the defending vessel shall not exceed seventy-five feet length on the waterline, and thereby deprives the defending club of the right given it by the deed of gift to select a vessel of such size as it pleases, provided she be not less than sixty-five nor more than ninety feet on the waterline.

"The club has cabled its reply to the Royal Ulster Yacht club.

"As it would be improper to make this reply public before it is received by the Royal Ulster Yacht club, it cannot be given the press until tomorrow evening."

The club's action last night was taken at a meeting attended by more than 300 members. Only owners were entitled to vote on the question of the challenge. Forty votes were cast and all were against acceptance. The refusal was a repetition of the club's action upon the Lipton challenge in 1907, which likewise stipulated for craft under the ninety-foot mark as challenger and defender.

SIGNS UP FOR LIFE

Rube Marquard Marries "Blossom Seeley," His Stage Partner

San Francisco, March 13.—"Rube" Marquard signed one contract for life late yesterday afternoon and agreed to sign another one for a season.

Just after he had married "Blossom Seeley," who has been his partner on the stage, he gave his word to Dick Kinsella, scout for the New York Nationals, that he would sign as pitcher for the coming season.

The marriage ceremony was performed in the parsonage of the German Evangelical Lutheran church, with only two theatrical friends in attendance, but with a host of newspaper men and photographers waiting outside.

In the marriage license the big southpaw gave his name as Richard DeMarquis, 23 years of age, and his bride as Katherine Kane, 22.

Two Killed In Street Car Crash

Cincinnati, March 13.—Two men were killed and seven passengers injured when a street car left the track and crashed into a building in this city.

PRIVILEGES OF MATERNITY

Denied to Public School Teacher by Gotham Board of Education

New York, March 13.—The privileges of maternity cannot be claimed by a New York public school teacher, the board of education decided in denying the application of Mrs. Katherine O. Edgell for a year's leave of absence to bear a child.

Her case, which has been pending before the educational powers of the city for several weeks, enlisted the sympathy of only five members of the board, when it came to a final test last night. By a vote of 28 to 9 the board voted beforehand not even to allow the question to be debated.

A suspension of the by-laws was necessary to have granted Mrs. Edgell's application. For purposes of study or for restoration of health, a teacher may appeal for absence without pay. Bearing children is a topic not mentioned in the by-laws, declared those who did not recognize the force of Mrs. Edgell's appeal.

The high school committee considered the teacher's request last week and adopted a resolution favoring it.

NO FORMAL PROGRAM

President Likely to Delay Opening of the New Congress

Washington, March 13.—President Wilson has decided upon a policy of meeting legislative developments as they arise, rather than planning a program for the extraordinary session of congress. This, it was learned from White House callers, will be the president's answer to those who are urging that currency legislation, Philippine independence, Alaskan questions and other subjects be taken up during the session of the new congress.

The president was advised by Representative Underwood, the majority leader, as to the status of the tariff bills being prepared by the ways and means committee. He learned that it might not be ready on April 1, the date originally fixed for the opening of the new congress.

Underwood thought that at least a week more should be given to preparation, and as it was on Underwood's advice that Wilson fixed upon April 1, there is no doubt that he will name a later date when issuing his proclamation.

CULTURE SECRETS ARE NOT IMPARTED

Government Tests of Friedmann's Vaccine Are Delayed

Washington, March 13.—Government tests of Dr. Friedmann's tuberculosis vaccine in the public health service hygienic laboratory here are proceeding under difficulties because the Berlin physician has not imparted to the official investigators the methods of making his vaccine from the culture, nor has he divulged the dose, in spite of the fact that public health officials repeatedly have asked him to do so.

Surgeon General Blue announced that his official mail had been increased fourfold with letters from all parts of the country from tuberculosis sufferers begging for an opportunity to offer themselves as subjects for tests. He reiterated that under no circumstances would the public health service administer the vaccine to human beings at this tme, if at all.

MRS. PANKHURST STILL ILL

Militant Suffragettes Will Continue Their Tactics Without Her

London, March 13.—The condition of Mrs. Emmeline Pankhurst, the suffragette leader, is still causing some concern. She was announced as one of the speakers at a meeting at Kensington last night, but the chairman explained that she was unable to come, although she was not seriously ill.

The speakers declared that militant tactics would be continued, Miss Brackenbury saying that if they could not get the vote by ladylike means they must get it by any means in their power.

WORLD'S WIRELESS RECORD

Message From Key West Copied More Than 7000 Miles Away

Key West, Fla., March 13.—Captain Hayden, commandant of the Key West naval station, has received a letter from Cairo, Egypt, stating that the Lloyds wireless operators copied messages sent from the Key West station.

It is claimed this breaks all wireless records, the distance involved being more than 500 miles farther than a former world's record.

Girl Becomes Mother at Nine

Ludowici, Ga., March 13.—A baby girl was born to a diminutive 9-year-old negro girl at Donald. Dr. A. C. Branch, who attended the child mother, says the infant and mother are doing well.

Pennsylvania Road to Electrify

Philadelphia, March 13.—The Pennsylvania railroad will electrify its main line between Philadelphia and Paoli for suburban traffic. The work will be finished in 1914 and cost about $4,000,000.

POLICE BECAME VULTURES

Graft In New York Increased After the Rosenthal Murder

New York, March 13.—"Money mad members of the police system" assessed Norman Michels, once known as "King of the Gamblers" in Harlem, to the point where he had to give up his pool rooms, he confessed to District Attorney Whitman.

Michels then went before the grand jury to add his story to the evidence that is being used as basis for indictments of police officials and others, including, Whitman expects, several politician backers of the "system."

Following the Rosenthal murder the police became "vultures," Michels told the prosecutor, contradicting the popular impression that grafting was less practised after that crime.

"They have taken all my money," Michels said, explaining why he has now turned informer, "and I do not intend to go to jail for perjury just to shield them."

Whitman declares he has obtained verified figures showing that $250,000 was annually paid the police by keepers of gambling and disorderly resorts in Harlem alone for immunity from interference.

CLOSED SEASON FOR FROGS

Cannot Be Shipped From Wisconsin During Seven Months of Year

Madison, Wis., March 13.—Inspired by a brillian peroration on the lowly frog, the assembly passed Assemblyman Spoor's bill providing a closed season between Nov. 1 and the first day of the succeeding June.

Spoor attacked the commercialization of the frog, many carloads of which, he said, were sent out of Wisconsin to supply the tables of the wealthy in the big cities. He said the frog was an enemy of many parasites and a friend of man.

FOR FLETCHER'S
CASTORIA

Commonwealth of Massachusetts.
Norfolk, ss. Probate Court.
To Richmond T. Nash of Hingham in the County of Plymouth, the next of kin and all other persons interested in Gladys K. Nash, of Brookline in said County of Norfolk minor:

Whereas, a petition has been presented to said Court by Alice M. Nash of Brookline in the county of Norfolk, praying for the appointment of herself, or some other suitable person as guardian of said minor; You are hereby cited to appear at a Probate Court to be held at Brookline in said County of Norfolk, on the twenty-sixth day of March A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why a guardian should not be appointed as aforesaid. And said petitioner is hereby directed to give notice thereof, to the next of kin of said minor, and others interested, by publishing this citation once in each week for three successive weeks in the Quincy Daily Ledger a newspaper published in Quincy, Mass., the last publication to be one day at least before said Court, and by mailing a copy thereof to the said Richmond T. Nash at least seven days before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this tenth day of March in the year one thousand nine hundred and thirteen.

BRIEFS

William Cooper, Bigelow street, has returned from a trip to Panama.

Henry Maloney of Worcester, a native of Quincy spent Tuesday with friends in this city.

George Costello is confined to his home on South street with water on the knee. It developed Sunday.

Dennis Sullivan a former resident was here Wednesday. He has recently opened a pharmacy at Whitman.

Mr. Ernest L. Mehaffey, who is to be the organist at the recital to be given in the First Presbyterian Church on March 19th, is a former Quincy young man. He is organist in the First Congregational church of Chelsea and one of the recital organists for the Estey Organ Company, who is installing the new pipe organ. Mr. Mehaffey shows rare skill in pipe organ playing and the people of Quincy should avail themselves of this opportunity of hearing him on the best organ to be heard by the public in this city.

REFUSES TO RESIGN

Charges Will Be Filed Against Head of New York Prisons

Albany, March 13.—Joseph F. Scott, superintendent of state prisons, refuses to comply with a demand made by Governor Sulzer that he resign. Consequently, charges based upon the report of the governor's committee of inquiry which investigated the prison department will be served upon Scott with a request that he file an answer, after which a date for a hearing before the governor will be fixed.

The friction arose over the governor's alleged demand that Charles F. Rattigan, a member of the Democratic state committee, be appointed warden of Auburn prison. Then came the Thaw bribery scandal.

RESOLUTIONS.

Resolutions adopted February 19, upon the death of Brother Conrad Mischler:

Whereas, it has pleased Almighty God to take from our midst our esteemed Past Chief Ranger and beloved Brother Conrad Mischler, who was ever an ardent and staunch supporter of Forestry in all its phases, therefore be it

Resolved: That in the death of Brother Mischler our Court has lost a good and worthy member and the Massachusetts Catholic Order of Foresters a loyal supporter; and be it

Resolved: That we extend our heartfelt sympathy to the family of our late brother in their affliction; and be it further

Resolved: That these resolutions be spread upon the records of Quincy Court No. 76, Massachusetts Catholic Order of Foresters, and a copy presented to the family of the deceased.

200 WALKED OUT AT FORE RIVER

Made No Demands But Just Quit Work

COMPANY IN THE DARK

About 200 of the employees in the S department at the Fore River yards quit work Wednesday. Most of the men who walked out are Syrians, and members of the I. W. W. and are employed as riveters, reamers and bolters up. Just why the men went out the officials of the Fore River do not know but say that they suppose they will find out later. The men have made no demand for an increase in salary from the company and the first the officials knew was when the men quit work and walked out.

It was thought at first that the men were simply celebrating home event but this is probably not the case for they did not return to work this morning and up to 2 o'clock today the officials of the company had heard nothing from them.

WOODWARD FOUNDER'S DAY

Pupils Observe It by Presenting Ancient Play

Founders Day was observed at Woodward Institute by the presentation of a play, King Rene's Daughter, by the pupils, Wednesday evening. Many attended and were highly appreciative of the fine effort of the students.

The observance opened with a group of songs by the pupils, under the direction of John D. Buckingham. They sang The Kerry Dance of Malloy, Indian Cradle Song of Matthews and a Medley of Southern Songs, arranged by M. Arnold.

The chorus work was very good and showed fine training.

The play was coached by Miss Louise Steele. Miss Alice Whalen, '13 as Iolanthe easily interpreted her part and received fine assistance from the members of the cast.

The plot was woven about Iolanthe daughter of King Rene, Count of Provence, who has been bethrothed in infancy to the son of the Count of Vaudemont.

The scene lies in a secret garden of Provence in a valley of Vaucluse and has to do with the 15th century.

The costumes which were the best ever used in Quincy gave a most pleasing impression. The cast was:

King Rene, of Provence — Edith Ames, '13
Count Tristan, of Vaudemont — Margaret Read, '13
Sir Geoffrey, of Orange — Helen Moulton, '15
Sir Almerik — Alice Beal, '14
Ebu Jahia, a Moorish Physician, — Helen Bishop, '14
Bertrand — Helen Crane, '14
Martha, Bertrand's wife — Phyllis Smith, '15
Iolanthe, King Rene's Daughter — Alice Whalen, '13

If you have an item of news for the Ledger or Patriot call—Quincy 425, or if you have business in the way of printing or advertising call—Quincy 1910.

RELIEF CORPS CELEBRATED

The Birthday of the President Mrs. Richardson

At the close of the business meeting Tuesday evening, Paul J. Revere, Women's Relief Corps, No. 103, resolved into a social body and had a most delightful time. First there was a donkey party at which the prizes were carried off by Mrs. Sarah Luther and Mrs. Cylanda Richardson. Mrs. Richardson announced that it was her birthday and in honor of the event she had made a birthday cake, which her husband had frosted. The cake was brought forth and on it appeared flags and the inscription, "March 12, 1894, W. R. C. No. 103, March 11, 1913."

This indicated that Mrs. Richardson had been a member of the corps for 19 years. Mrs. Emma Marnock cut the cake, every one present enjoyed a generous portion and in addition crackers cheese, pickles and coffee were served. All joined in singing "America" at the close of the evening's entertainment and wished Mrs. Richardson many happy returns of the day. Mrs. Bertha McCurdy presided at the piano.

McDEVITT

(Continued from Page One.)

There was a death-like silence in the chamber. All eyes were centered on the Quincy Senator. Everybody leaned forward to catch every word. With hands folded behind his back and in a clear voice, Senator McDevitt made the two- minute speech printed herewith.

Senator McDevitt immediately left the Senate chamber. Before the suspended Senator had left, the chair declared that the question before the body was the acceptance of the report of the Committee on Rules. Senator Halley moved that it be postponed until today, but Senator Coolidge, who was in charge of the matter, objected, saying that there was no good reason why it should be postponed. Every Senator, he said, knew about the report, and knew that it had been assigned to be acted on Wednesday.

The motion was then put and on a voice vote declared carried. There were two nays.

Following the vote, the president of the Senate instructed the sergeant-at-arms to bring in the Quincy Senator forthwith, that the reprimand might be publicly made. The sergeant-at arms left the chamber and was gone 10 minutes. When he returned he reported that Senator McDevitt had left the building.

There was a hurried conference on the part of the Republican leaders of the Senate at the desk of the presiding officer. Senator Coolidge scratched off something on a piece of official blue paper at his desk and handed it to the chairman.

Bang! went the gavel of the presiding officer again. "Senator Coolidge offers the following order," said he, and the clerk read as follows:

"Ordered. That the sergeant-at-arms be directed to secure the attendance of the Senator from Norfolk Mr. McDevitt, at the next session of the Senate, agreeably to the order of the Senate, that upon the acceptance of the report of the Committee on Rules, the said Senator attend to the Senate chamber forthwith."

The order was adopted, delivered to the sergeant-at-arms and the Senate adjourned. Senator McDevitt's friends said that he probably thought after he made his speech that ended the affair and left the State House for his home.

Under the order adopted by the Senate, Senator McDevitt will not be restored to his rights May 1, unless he makes an adequate written apology.

Five Votes Short of Election

Concord, N. H., March 13.—Henry F. Hollis, Democrat, has 186 votes for United States senator yesterday, five less than the number required. Pearson, Republican, had 126, Bartlett, Independent Republican, 26; Bass, Progressive, 15, and there were 23 scattering votes.

Astor Party Off For Colon

Kingston, Jam., March 13.—Vincent Astor and party, on board the yacht Noma, who have been here since Friday, left yesterday for Colon.

A DESPERATE BANDIT

By MARGARET BARRY

Lieutenant Giuseppe Griolano of the Italian national police being summoned to headquarters at Naples, his chief said to him:

"This brigand Lanetti who has been terrorizing the mountains must be captured. I have sent out a spy, who says that in a ravine back of Sorrento he came upon the band. He was halted and told to turn about. He could see no one, but remarked the position and says that if they remain there long enough for a competent force to attack them they must all be captured. Take fifty men, go at once and bring Lanetti here dead or alive if you can bring the others do so, but do not fail to capture their leader."

"Have you a description of him?" asked the lieutenant.

"No. Nor have I found any one who has seen him. He has but recently begun his depredations and thus far we have not been able to get any information about him. Persons who have been captured by his band and held for ransom have not been brought before him."

Lieutenant Griolano with his men went by train as near to the point they intended to attack as possible, then at nightfall followed a road leading up into the mountains.

As soon as it grew lighter the police, all armed with rifles, advanced, turning a bend in the ravine, which led them face to face with a barricade of stones the bandits had erected across it. Griolano halted his men and stood looking up at the barrier. All was silent. Not a living thing was to be seen.

"The bird has flown," he remarked in a disappointed tone.

No sooner had the words been uttered than a bullet sang close to his ear.

The bravest man will duck at being thus surprised, for the nerves do not give the brain time to reason that the danger has already passed. Griolano involuntarily ducked, then ordered his men to lie down under cover till he could determine upon the best method of attack. He stood upright himself, taking in the defense before him. He was a handsome man, twenty-five years old and brave. While he was looking for an opening by which to make a flank attack upon the position another bullet sang a few inches above his head. This time he was prepared and did not flinch.

On both sides of the ravine where the barrier had been erected there was a wall of rock, which the lieutenant saw no way of passing. Indeed, the position the bandits had taken could only be captured from the front, and this could not be done without considerable loss of life. The young officer was at a loss how to proceed. While deliberating another rifle cracked, and another bullet whizzed past him, this time knocking off the uniform Napoleonic hat worn by the national police.

"For heaven's sake, lieutenant!" cried a sergeant. "Cease to expose yourself in that way. The next shot will surely bring you down."

"Those shots have come from different parts of the barrier," replied the lieutenant without heeding the warning. "There must be half our number behind it, and if we attempt to carry it by storm we shall lose the greater part of our men. I must find a way to get at them from"—

Ping! Another bullet grazed the officer's shoulder.

"I beg of you, lieutenant," reiterated the sergeant, "to get behind a rock Why the villains have missed you four times I cannot understand."

"Nor I," replied Griolano. "However, there is nothing for it but to carry the place by assault."

Given the order to advance the men moved up the ravine, each man getting over the rocks in his own way. Every moment all expected to receive a volley that would thin their ranks, but they made half the distance and not a shot had come from the barrier. Every neck was stretched, every eye bent on the improvised fort, looking for a burst of flame and smoke and a hailstorm of bullets. Half the remaining distance was covered and yet no sign of defense.

"They are waiting," said the sergeant, "till we get right before them, then each bandit will aim at one of us, and they will fire all at once."

But in a few moments more they were at the base of the barricade, then on and over it, all unhurt.

In the farthest corner crouched the garrison, a girl some seventeen years old. No other living being was there. Griolano stood in amazement.

"Where is Lanetti?" he asked.

"I am Lanetti."

"You Lanetti?"

"Yes, signor."

"Where are your men?"

"They are cowards. They have deserted me."

After a brief silence, during which the officer was lost in wonder, he said:

"Why did you miss me so many times. Are you so poor a marksman?"

"No, signor. I can hit a bird on the wing."

"Well?"

"You looked so handsome in your beautiful uniform I could not kill you."

The police went back to Naples and reported that the brigands had disappeared. But this is not the last of the story so far as Griolano and the bandit are concerned. The rest is a tale of love.

BOWLING

Two leagues rolled Wednesday evening.

In the Old Colony league Weymouth beat the City Square 4 to 0 at Weymouth and the Coliseum beat the Norfolk Downs, 4 to 0 at the Coliseum. Several high singles were made and the Coliseum lost a new team single total through one of the bowlers fouling.

In the Wollaston Tennis league at the Coliseum Team F, beat Team B, 3 to 1, teams E and C split even and D beat A 3 to 1. The summaries:

GOOD CLEAN BASKET BALL

Quincy Won From the Sailors in a Splendid Game

TRASK THE STAR

Wednesday night in the local "Gym" the Quincy Y. M. C. A. first team defeated the crack North Carolina Battleship five by the close score of 33 to 29. The game was all that was evpected, for it was judged by all to have been the fastest, hardest fought and also the cleanest contest of the season. The Navy men were not as large as was expected, only two of the regulars being of the 6 foot type, but for all-round passing and dribbling and team work, their equal has not been seen. One feature of the sailor's play stands out above all others and that was the clean manner in which they handed the ball, only one muff being made by them during the entire game. This miss came however, at a most critical part of the game, for Stone the elongated center, was right under the basket and had a clean shot when Lambardi made a direct pass from the far end of the floor, only to see Stone drop the ball. Stone thus missed a chance to bring the score up to within two points of Quincy's total and with but a minute to play.

If Quincy had not played its best game of the year in all respects it would have been soundly trounced. The work of Parker and Kenn in the back-field was about the prettiest exhibition given, especially the blocking of Kenn, who seldom permitted his opponent to get his hands on the ball. Capt. Parker was up against the best player of the visitors, McGeehan, who scored 6 goals, some of them being on the spectacular order. Ernie Rich certainly had an "off" night, for he missed over 20 shots in the second half alone, several of them rolling around the edge and then dropping off. Price was up against the star back but succeeded in caging two goals.

Too much cannot be said of the great work of "Hennie" Trask the popular center. Out of a total of 33 points he scored 29, 24 points from the floor and 5 from fouls. His opponent, Stone was simply overwhelmed by his speed and all-round work and said after the game "that Trask was the best man he had played against this year and that was going some."

Over 25 rooters accompanied the team about one-third of whom were of the fair sex. Referee Stone deserves a great deal of credit for the way in which he handled the game, the visitors especially being pleased with his work.

The Silent Five defeated the second team in an exciting game the score ending 19 to 16. The 2nd team was without the services of Thomas and Price. Each team has now won a game for the Junior championship of the Association and the third game will be played Saturday night.

McDEVITT DEFIANT DECLARES HE WILL NOT APOLOGIZE TO SENATE

Claims He Was Railroaded From That Body and Not Given the Rights to which He was Entitled

In Public Statement Announces That He was Ill Advised. Reiterates Bribery Charges and Says He was Urged to be Charitable

Senator John J. McDevitt, was reprimanded by the president of the senate and ousted from that body until May 1, or until he offers a proper apology to the body for his conduct, Thursday. McDevitt was in a more defiant mood than usual, claimed he was railroaded, demanded a hearing and trial at the bar of the house, and finally wound up by declaring he would never apologize to the senate or any one else for telling the truth.

The scene in the senate chamber was dramatic in the extreme.

With McDevitt in his place Senator Greenwood, delivered the following reprimand by order of the senate:

By order of the honorable Senate, it is my duty to reprimand you for conduct unbecoming a member of this body. In view of the nature of your offense, which included an attempt on your part to besmirch the reputation of a member of another branch of the Legislature, it is difficult to find words adequate for the occasion.

Your attitude, however, before the Committee on Rules impels the belief that you do not comprehend, nor can you be made to comprehend, the gravity of your offense and the seriousness of your position. If any good may come from the regrettable occurrence, it may be because of the emphasis it places upon the truth that man may not lightly bring false charges; that lies react chiefly upon him who utters them.

I reprimand you for bringing false accusations and making false statements; and I urge you in your enforced absence from this body to reflect upon your conduct, that upon your return you may have a better conception of the duties and responsibilities of a member of the Senate of the Commonwealth.

And finally, I warn you, as directed by the Senate, that in the future you must conduct yourself in a manner befitting your office.

You will now withdraw.

Several Senators led by Senator Brennan of Charlestown made an effort to have the vote accepting the report of the rules committee reconsidered but this failed by a vote of 9 to 28. The debate on the motion lasted 45 minutes, and was supported by Senators Horgan of Boston, and Hally of Lawrence and opposed by Senator McCarthy of Marlboro, Coolidge of Northampton and Blanchard of Somerville.

When Pres. Greenwood started to carry out the reprimand order the Quincy Senator, who up to that time had remained in his seat, jumped to his feet and addressed the chair.

The president, with a blow of his gavel, commanded: "The Senator from Norfolk, Mr. McDevitt, will stand up." McDevitt arose and shouted, "Mr. President."

Bang! from the president's gavel. "By order of the Senate." Again, the Quincy man broke in, shouting at the top of his voice, "Mr. President."

Bang! Bang! Bang! Bang! Bang! fell the gavel, but McDevitt stood his ground with a running fire of "Mr.

(Continued on Page Two.)

The Best Is Generally Cheapest

This is especially true in buying Meats and Groceries. It is often possible to buy light beef for a cent or two less than the heavy beef, but is always poor economy to buy this tough, light-weight beef. We consider quality first and make our prices as low as the lowest. We know you will be satisfied with our Meats—hundreds are—and that is the reason for our big business.

Braised Beef or Pot Roast

Cut from choice corn-fed beef, clear meat, very palatable, and a most delicious meat for dinner.

15c and 18c lb.

Lean End Corned Beef

Best quality beef, cut, made up and corned in our own market. Will cut in nice slices when served.

18c lb.

Cash with order — **10 lbs. Granulated Sugar 39c** — Cash with order

To advertise the excellent quality of our Canned Vegetables we offer with every $1.00 order of Canned Vegetables 10 lbs. of Granulated Sugar for 39c. Make up a Dollar order of assorted Canned Vegetables and get 10 lbs. of Sugar for 39c.

White Cape Turnips, bag 75c

The Cape variety has a flavor possessed by no other, and for that reason they are eagerly sought after. The present price is an added inducement for liberal buying on the part of Quincy housekeepers. About 70 lbs. to the bag.

Braintree Eggs, doz. 32c

Here is a department in which we particularly shine. Our nearby hennery eggs are the bonafide article. You'll appreciate it the minute you break one. During the Lenten season everybody likes to get real fresh eggs and we're one of the few firms that carry them. Dropped, boiled, scrambled or in an omelette our eggs are to be relied upon.

Fancy Vermont Butter lb. 37c

The butter market is higher, but we will continue to sell our fancy Vermont butter for a few days at the above price. Don't compare it with ordinary butter—it is sweet, pure and delicious.

Fancy Baldwin Apples, peck	40c
Native Onions, peck	25c
Medium Grape Fruit, 6 for	25c
Large Grape Fruit, 3 for	25c
Best Maine Potatoes, peck	22c
Best Maine Potatoes, bushel	85c

Florida Oranges, sweet and juicy

Spitzberger Apples, handsome and good
Spinach, Dandelions, Lettuce
Rhubarb, Radishes,
Tomatoes

Brand's A 1 Table Sauce, 25c

You don't know how much better hot or cold meats will taste when eaten with Brand's A. I. Table Sauce, until you have tried it. The most delicious condiment made.

Lipton's Jelly Tablets, usually 10c pkg., Special at 8c

R. E. FOY & CO.

CAMPAIGN TO RAISE MONEY

For Y. M. C. A. Work in Full Swing Saturday

GREAT TEAM RIVALRY

Saturday will be a big day for the members of the Boys' department of the local Y. M. C. A., for it marks the yearly visit of State Boys Day. All activities will be suspended in the building and the boys will go out among their friends to endeavor to raise $200, for Boys' department work. Half of the money raised will be retained for local needs, 25 per cent. will go to State work, 13 per cent. to the International committee, and 10 per cent. to Calcutta, India, to help in the work among the 21,000 boys in the High schools of that great Hindus city.

The boys are to start work at 9 o'clock in the morning and will finish at 6 o'clock in the evening. Each boy will have an official card and a sealed money box. Only small contributions are expected from the givers. The boys are divided into teams and for every ten cents collected one point will be scored for the team of which he is a member.

On account of this campaign there will be no gymnasium classes during the day and no Sunday school basket ball league games.

ANNUAL PARTY WELL ATTENDED

Friends and members of English Ivy lodge, Order Danghters of St. George thronged Alpha hall, Thursday evening at the dancing party. Many out of town people were present Dancing was enjoyed until midnight, music being furnished by Provost's orchestra.

The committee was Mrs. E. Tregaski, president, Mrs. Fred Hayden, Mrs. Thomas Johnston, Mrs. Thomas Newcombe, Mrs. Charles Vanner, Miss Emily Moyle and Miss Maude Johnston.

The floor directress was Miss Emily Moyle. The aids were Miss Bertha Wallace, Mrs. Charles Farmer, Mrs. Edna Chapple, Miss Lillian Hollingshead, Miss Maude Johnston.

ANNUAL DANCE.

At teh annual dance of the Colonial Athletic Club of West Quincy, Thursday night, all arrangements were completed for the annual dancing party of the club in Alpha hall, Easter Monday evening.

SUPREME PRESIDENT.

A hearty welcome was given Supreme President W. F. Barlow of Sons of St. George by the Granite Lodge members Wednesday evening. Speeches were made by the officers and President Barlow. Refreshments and an entertainment was the program.

☞PRATT'S BREAD is baked by experts in proved ovens. Sold by grocers.

PUBLIC HEARING.

Notice is hereby given that the State Board of Charity will give a public hearing at Room 38, State House, Boston, at 2 P. M., on the 21st day of April, 1913, in the matter of the incorporation of "Quincy Women's Club" under the provisions of chapter 125 of the Revised Laws, as amended by chapter 181 of the Acts of 1910.

STATE BOARD OF CHARITY.
By Robert W. Kelso, Secretary.
14-3t 14-21-28

NOTICE TO SPIRITUALISTS

Meetings will be opened in Electa Hall, Johnson Building, Quincy Square, beginning **SUNDAY, March 16,** Service at 2.30 and 7.30 P. M. The opening service will be conducted by H. L. Berry, assisted by Mrs. M. A. Bemis of Medford, Nellie Kneeland of Somerville, Dulcia Everton of Boston and other good speakers and mediums.

Thinking people of any denomination are earnestly invited to attend these services.

March 13-2t-p-15-1w

SACHEM CLUB LAUNCHED

Over 200 Applicants For Membership

PLAN A BUILDING

At the director's meeting of the newly formed Sachem Club of Wollaston, Thursday evening at the home of Harold D. Waterhouse, Prospect avenue, the following officers were elected:

President—Eugene F. DeNormandie
First Vice—Edward E. Jameson.
Second Vice—Eric H. Ewertz.
Secretary—N. Gorham Nickerson, Jr
Treasurer—Harold D. Waterhouse.

A set of rules was adopted and the president authorized to appoint a building committee and a committee on meeting place. The club has 230 applications for membership which will be acted upon by the board of directors at the next meeting.

The club plans to erect a clubhouse to cost at least $20,000 and containing a hall to seat 600. Bonds for $12,000 will be issued to pay 5 or 6 per cent. If the bond issue exceeds $12,000 a larger clubhouse will be built.

Although started in conjunction with the community house movement the future plans of the club will not co-operate in any way. The club members feel that the movement is not feasible and the club will go ahead on its own initfative.

Frank A. Page, the father of the Community House idea when interviewed by a Ledger reporter said:

"The action of the community house committee will depend on developments. I don't feel that it has been given up, neither does Mr. Campbell or others mostly interested. It is at present "status quo" but we will not drop it if we can help it."

MACHINE SHOP FOREMAN GOING

Walter F. Rice of Fore River Gets Berth as General Manager

Walter F. Rice for several years foreman of the machine shop, at the Fore River Ship Building Co., has resigned his position to accept a more lucrative position with a corporation which has just been formed , as its general manager. The business of the firm is the manufacture of machinery for the wrapping of packages of various kinds. Several of these firms have recently been consolidated into one corporation and it is with this concern that Mr. Rice has accepted a position. It is understood that the corporation has several large manufacturing plants throughout the state. Mr. Rice will sever his connection with the Fore River Co., April 1.

SYRIANS SILENT AS TO DEMANDS

Fore River Yet In The Dark As to What They Want

There is nothing new in the strike situation at the Fore River this morning. The 200 Syrians who walked out Wednesday have not returned to work yet and the officials of the Fore River Co. have received no word from them as to why they went out or as to what they want. There was nothing new to give out this morning in the matter of the metal workers a conference of which was held a few days ago.

MRS. GRIEFELDER DEAD.

Mrs. Hilda Griefelder, 37 years, died this morning at her home 325 Water street. She leaves a husband, Emil, and one son.

PRESIDENCY SITUATION MADE PLAIN BY THE CITY SOLICITOR

If Mr. Bryant Accepts Re-election All He Has to Do is to Step Forward and Be Sworn

If He Declines to Serve it is Up to the Council to Fill Vacancy

The tangle over the presidency of the City Council has been straightened out by City Solicitor John W. McAnarney, and there is now no reason why when the Council assembles next Monday evening, business can not proceed. The question that has been bothering the members is to know just where they stood. There is no rule of the Council governing just such a case but the rules do provide that "Cushing's Law and Practice of Legislative Assemblies" shall govern where no special rule is given to cover special cases.

The question was raised that the Council last Monday night did not accept the resignation of the president, but it would appear by Cushing that it did presume to accept it when the president pro tem ordered a roll call for a president, although no actual vote was taken that the resignation be accepted. No man can be compelled to serve as president if he does not desire to, although it has always been considered by parliamentarians to be good practice for the body who created him its officer to unseat him, if he desired, or the body so desired. In this case President Bryant announced that he resigned from the Presidency. Cushing has the following to say on the subject of resignations.

"After the meeting of the assembly, and the acceptance and qualification of the members, any one may, at pleasure, resign his office, which will, at all events, be effectual, if accepted, unless there is some express provision of law or otherwise to the contrary. If a member desires to resign while the assembly is in session, his resignation should be made to the assembly itself if, afterwards, to the officer, if there be one, especially provided and appointed by law to receive it; and, if there is no such provision, it would seem, that the right of resignation, in such a case, cannot be exercised.

A resignation takes effect, from the time when it is accepted, or presumed to be so; or, it may be, when it is received; or when there is a presumption that it has been received."

It would seem that the last paragraph covers it, when it says "A Resignation takes effect, from the time when it is accepted, or presumed to be so."

While the Council by direct vote did not accept the resignation, did it not "presume to do so when a new election was ordered and held? There can seem to be no doubt about this. Then when the Council by a practically unanimous vote re-elected Councilman Bryant as President it placed him back to the position where he first was, only that he must be sworn over again.

So far so good. Now the question comes what method the Council shall pursue. City Solicitor McAnarney, this morning officially notified the City Clerk and the Clerk of the Council what their duties in the premises were He says the mere matter of fact that the Council held a new election of a President, was evidence that the resignation of Councilman Charles M. Bryant had been accepted and that he was again elected by a vote of the members of the Council in which all participated.

The Clerk of the Council was instructed to officially notify the City Clerk of the action of the City Council last Monday night which he has done by the following letter."

EDITORIAL COMMENT.

While turning down Sir Thomas Lipton's proposition for a 75 foot boat, the New York Yacht club was strictly within its rights according to the deed of gift.

The way was pointed out to Senator McDevitt but he did not choose to take it.

England is going to try and do away with this hereditary house of Lords business. Another sign of the progress of the times.

The Boston garment workers may have a good cause but they are hurting it immeasurably by fighting, rioting and interfering with the rights of others.

It looks as though officials were making more mystery about the death of Admiral Eaton than is necessary.

McDevitt is doing his best to keep Quincy on the map of undesirable notoriety.

Now the suffragettes are getting sensible when they plan a May day parade. Those winter tramps are not at all what they are cracked up to be.

Dalton is going to celebrate the home coming of Senator Crane. Quincy will celebrate with utmost fervor the return of Senator McDevitt.

The revolts in Mexico are bringing unheard of states into the publicity column. They show we have not been very neighborly with our friends across the Rio Grande.

Those New York police are the ilmit. The murder of Rosenthal made them even more rapacious than ever, and still Mayor Gaynor says they are the best in the world. Perhaps under his breath the supplemented he supplemented the word, "grafters."

Eliminating party enrollment might mean a return to the old system of getting in with all parties.

Autoists who leave their machines with the engines working alone in the street should know there is a law against such a practice.

No one has any great objection to Mr. Olney. His age was held up against him but he himself asserts that he is just as young and active as ever and that should settle the question.

Victor Murdock has a blizzard story that would put those exploitors of the New England 1888 storm to blush and make them think that it was merely a flurry of snow they witnessed.

No more fog horns but the dulcet notes of the piano will greet the mariners as they pass the lights along the shore.

The New Haven plans to spend a few millions to save about as many minutes on the running time between Boston and New York. Some burning up of money by time.

Just as soon as a man succeeds in getting on Easy street somebody comes along and begins to tear up the pavement there.

A lot of lame ducks are leaving Washington, but you'd never know it from the quacks that are left.

As to whether a woman can dress on $1,000 a year, we unhesitatingly reply that she can—if she can get it.

It is comforting to remember in connection with the income tax that nobody will be taxed who hasn't got it.

What do the advocates of the recall think of the scheme now, after having seen a practical demonstration of it in Mexico City?

THE NEW CHARTER.

The proposed new city charter experienced its expected fate at the hands of the legislative committee on cities. The committee voted to recommend reference to next general court Of course it does not always follow that a report of committee is accepted but in this instance there does not appear to be any reasonable grounds to believe that the legislature will turn down the recommendation of the committee. There was considerable apposition to the document as presented and it developed strongly at the hearing. There were also some good arguments used in favor of the measure, but evidently the committee judged that the objections outweighed the favorable side hence the action which they took. The calibre of the men who were behind the movement for the new charter can leave no doubt of their sincerity of purpose and their honest belief that a change is necessary. On on other hand the gentlemen who opposed are just as honorable, so on the whole it can only be accepted as an honest difference of opinion as to the merits pro and con. Under those circumstances if a change in the charter is really considered desirable and necessary it would be better by next year for all hands to get together thrash out their differences and agree on a document which would meet all requirements and be satisfactory to a majority of the citizens.

THE McDEVITT CASE.

It would be hardly charitable, becoming, or Christian like at this time to hurl any more bricks at the Senator from this district, John J. McDevitt but the case cannot be passed over too lightly. Mr. McDevitt appeared before the senate yesterday and took the severe dose of medicine which had been meted out to him. His plea for postponement and a hearing or trial before the bar of the house were both turned down. A deaf ear was given to the appeal for such a course at this time. Possibly if he had made his claim for a trial before the report of the committee had been acted upon there would have been a chance that the senate would have agreed to his proposal. When he did make it, it was too late in the day. Senator McDevitt had a chance accorded to few men in this district. He was elected to an honorable position by means of a peculiar chain of circumstances. He was a new man to legislative ways and he should have treaded his way carefully. He made many pledges and promises of what he would do if elected and they all sounded good and were heeded to a certain extent. It is hardly worth while to go into the causes which led to his election. Those were apparent to the kindergarten student in politics long before the election returns were revealed.

McDevitt had his chance. That he failed to frame up to expectations was evident almost at the start. His first appearance before a committee in the support of one of his measures was antagonistic to all the traditions of the legislature. Not content to heed this warning he went even further and made charges, which he afterwards repudiated. His contradictory statements were most unsatisfactory. Why he should have pursued such a course in the face of events as they worked themselves out is beyond comprehension. If he had evidence of wrong doing in the legislature, his plain duty was to probe them to the bottom, obtain conclusive evidence, then come forward with his proofs and the legislature would have to take notice. But he followed a course not dictated by good sense or good judgment. Whoever advised him did it either wilfully with the idea of getting him into the undesirable situation he attained or else through monumental ignorance. In either case McDevitt was supposed to possess intelligence enough to save him from such pitfalls as were evidently in his course following along the lines laid down.

It is to be regretted that he fell down on the job so miserably. It is also regrettable that Quincy has to bear some of the odium which has been portioned out to him.

As the Ledger stated at the very outset of this most unfortunate episode it is up to the citizens to figure out how much Mr. McDevitt can do for his district as a member of the legislature of 1913. He has announced that he will go before the people for vindication. That is a matter purely within the hands of the people and it is quite certain they will record their verdict in no uncertain tone. His usefulness to the district during the present year is of a very doubtful character. Does any one imagine that he can be more useful another year. But this is for the voters to decide and the people will undoubtedly an unmistakable decree which it is again put up to them.

It is unfortunate for McDevitt, unfortunate for his district that he got in wrong when his pathway was strewn with so much promise. It is to be hoped that his present predicament will teach him a lesson which will be lasting in its influences.

$50,000 TAXES FOR SQUANTUM

Optimistic Residents Figure That Amount For 1917

AT PRESENT RATE OF GAIN

Fifty thousand dollars in taxes in 1917 was the slogan adopted at the regular meeting of the Squantum Improvement Association, Tuesday evening at the bungalow of John R. Nelson.

A number of interesting speeches were made which brought out the fact that in five years Squantum's taxes have increased from $4826 to $16060, and that with this rate of increase Squantum in 1917 will be paying $50,000 a year into the city treasury.

The meeting was called to order by vice president Herbert A. Smith and owing to the illness of the secretary John Mardon the minutes of the last meeting were read by treasurer T. F. Callahan. The meeting was delayed nearly an hour by members on their way to the meeting stopping to assist an unfortunate teamster whose wagon was stuck in the mud. The deplorable condition of Squantum's streets brought up a discussion as to the petition now pending before the Quincy City Council for the acceptance of Huckins avenue, Bellevue road and Dorchester street.

John R. Nelson brought out some interesting facts as to why as purely a business proposition Quincy should accept these streets. He summarized his remarks in the following statement about Squantum.

Area of high, good building land about 225 acres; sufficient territory for about 2,000 houses; or a population of 10,000 people.

Property owners in 1907, 64; 1912, over 400. Houses in 1907, 37; 1912, over 200. Valuation in 1907, $245,000; 1912, over $73,000. Taxes in 1907, $4,826; 1912, over $16,060.

With these increases during the past five years, under adverse conditions, and hardly any improvements, what will happen if you give us a little help now? With the same ratio of increase the income from taxes in 1917, five years from now, will be over $50,000. Isn't that a good return on the city's investment?

Treasurer Callahan, James Hagan, chairman of the street committee and W. N. Kenyon spoke in the same vein; that as a business proposition Quincy could well afford even in this sparse year in its financial condition, to spend $5000 to $7000 for the permanent improvement of Squantum's main thoroughfares.

The following committee was appointed to work in the interests of improving Squantum's streets:—James Hagan, chairman, T. F. Callahan, John Holmes, John R. Nelson, Herman Berghaus, Edward Eagar, Herbert A. Smith, W. N. Kenyon, Hiram Morse, Frank Anderson.

Regarding street car services, chairman Kenyon of the street-railway committee reported that after two years' work with officials of the Bay State street railway he had received from Superintendent Conway a communication filled with honeyed and endearing terms but without any definite promises as to what the street railway company will do for Squantum during the summer months.

Supt. Conway said it would be impossible to build a turn out at Atlantic this spring so as to put an end to the turning of cars on Hancock street. He made no definite promises regarding the demand for half hour services after April 1 and a late car every night. The matter of car service will undoubtedly be taken to the railroad commissioners as was voted at a previous meeting.

The matter of securing a mail carrier for six months of the year was referred to a committee.

It was voted that the membership committee take up the matter of securing as large a registration of voters as possible. An effort will be made to have many summer residents of Squantum who reside here prior to May 1, to become voters in Quincy.

It was voted that the association condemn any effort to start a garbage plant in Squantum.

Aeroplanes Collide In Midair

Rheims, France, March 14.—Two sergeants of the army aviation corps were seriously injured by being thrown from their aeroplane through a collision with another machine during some aerial manoeuvres carried out by a flotilla of five air vessels.

Avalanche Kills Sixteen

Christiania, March 14.—Sixteen people were killed by an avalanche which overwhelmed three farmsteads in the G dbrands valley last night.

McDEVITT

(Continued from Page One.)

President," until he tired out the presiding officer.

There was intense excitement in the chamber. The crowd surged forward and leaned over the rail on the floor and from the balconies, to catch every word uttered and watch every move. Fnally Senator McDevitt succeeded in getting in the following statement:

"Mr. President, I ask for a hearing; I will never apologize to you, Mr. President"—whack went the gavel—"I will never apologize to you"—whack from the gavel—"nor to this honorable Senate"—again the gavel whacked—"for telling the truth."

Decorum of the Senate was for the time being forgotten. Sergt.-at-Arms Pedrick moved toward the Quincy Senator with his mace and McDevitt subsided. Then the president read the reprimand.

A buzz of conversation followed the sigh of relief which swept over the audience. McDevitt did not again interrupt the President, but faced him during the delivery of the reprimand. His face was scarlet as he received his punishment.

He did not wait to be escorted from the chamber by the sergeant-at-arms, but promptly left his seat and edged his way through the dense crowd that filled the area behind the rail.

He went straight to his locker in the Senate retiring room for his hat and coat, and with a friend left the building by the rear entrance.

ASKED POSTPONEMENT.

"March 13, 1913.

"Hon. Levi Greenwood, President, Massachusetts Senate, Boston, Mass.—Dear Sir:

"The newspapers, in the reports of yesterday's proceedings of the Senate state that the sergeant-at-arms has been directed to have me appear before the Senate today.

"It is not my desire to avoid appearing before my colleagues and in leaving the Senate yesterday afternoon my action was not based on any intention to be disrespectful. Had I understood that it was desired that I remain, such would have been my course. My object was to obtain legal advice as to my rights, and consult friends and constituents as to the course I should pursue.

"Acting upon the advice of counsel and in accordance with the views of friends and constituents, I request of the Senate, through you as its president, that further action on the resolution of the rules committee be postponed until next Monday, March 17, or Tuesday, the 18th, if the latter date be preferable to the Honorable Senate.

"I ask for an open trial before the bar of the Senate, and that I be allowed to be represented by counsel and have it determined by the Senate as a body and by my constituents whether or not I have told the truth in stating that an effort was made to bribe me.

"Your proceedings against me are equivalent to an impeachment. I should have the same privileges accorded me in this matter as would be accorded to one who is impeached. Every accused man in this commonwealth should have the right to defend himself in person or with the aid of counsel before the court that is asked to punish him. I am not personally able to meet the learned and astute enemies that surround me on all sides. I need the advice of able counsel to present my story, and to bring out the whole truth in this case.

"Had I been properly advised in the beginning, the truth would have come out then, but I was appealed to and urged to be charitable, and in the charity of my heart I accepted and acted upon the bad advice given me. I ask you in the spirit of fair play and according to the laws of the commonwealth of Massachusetts to give me the right to be defended by counsel in open session of the Senate.

"I am convinced that it is the purpose of a group of my colleagues, acting in conjunction with certain members of the House of Representatives, to 'railroad' me out of the Senate. Why is there so much haste? Why should I be made a 'scapegoat'? I told the truth, and as I stated yesterday on the floor of the Senate, my right hand can be lifted to God in witness of the truthfulness of my statement.

Yours very truly,

(Signed) John J. McDevitt."

McDEVITT'S STATEMENT.

To a Boston paper McDevitt addressed the following communication:

I ask that you favor me by publishing the following statement bearing upon the action of the Senate pertaining to myself.

Pres. Greenwood's arbitrary ruling denying me an opportunity to make a full and complete statement to the Senate in open session should satisfy any reasonable persons that the group of legislators who wished me "railroaded" did not want a further investigation of the bribery charge made by me.

The courts of the Commonwealth afford all brought to the bar of justice an open trial, with the right to be represented by counsel. My request for an open trial at the bar of the Senate, at which I might be represented by counsel, was not even put to a vote. Pres. Greenwood ordered it placed on file and then rushed the proceedings in order to prevent me from making a personal appeal for a fair and impartial trial.

Why was my written request for an open trial pushed aside with all possible hurry? Why was I denied the right to make a statement? These questions can be answered by any person of intelligence.

It appears that the State, a law-making body, is unwilling to accord a Senator the right that the Constitutions of the State and Nation guarantee to all arraigned in any court. Is such a high-handed and unwarranted exhibited of gag-rule deserving of the term "fair play"?

I knew I was to be railroaded, but I thought that if I were willing to submit to an open trial at the bar of the Senate, my fellow Senators would in fairness grant me such as a simple act of justice.

The extraordinary punishment decreed by the Committee on Rules is without precedent. But it does not make me falter in my courage. I told the truth and I will never apologize. My God, my family, my neighbors and those who have known me from childhood know whether or not I told the truth when I said an attempt had been made to bribe me.

My honor as a man and the confidence and respect of my friends will not be sacrificed to any desire I may have to again participate in the deliberations of the Senate of 1913, and those Senators, acting as my judges who denied me an open trial, need not wait until May 1 to learn whether or not I will apologize. I tell them now that I will not. Rather would I prefer to lose the right arm that on Wednesday in open session of the Senate I raised to the Almighty in witness of my truthfulness.

My position will be made clear to my neighbors and my constituents, and they will have an opportunity to say whether I have been treated fairly or made a "scapegoat" and the victim of a mode of procedure that no court of the land would dare apply to the most friendless individual arraigned before its bar.

John J. McDevitt.

FIFTY YEARS AN ODD FELLOW

Tremont Lodge Does Honor to Benjamin King

THE OLDEST MEMBER

Benjamin King, the veteran care taker of the President John Quincy Adams house for the Quincy Historical society, was the guest of honor Wednesday evening of Tremont lodge of Odd Fellows of which he is a member at Odd Fellow's hall Boston. The occasion was the golden anniversary of Mr. King's becoming affiliated with that well known fraternal order whose emblem is the three links, he having become an Odd Fellow, March 10, 1863. Mr. King continues to take an active interest in Odd Fellowship and scarcely a week passes that he is not in attendance at some lodge meeting.

Previous to the lodge meeting Wednesday evening Mr. King attended the monthly supper at the Wollaston Baptist church, leaving on an early train for Boston. As he entered the lodge room of Tremont lodge he received a great ovation and the brothers gathered about him to offer their congratulations.

After the lodge had assembled Bro. King was escorted to the Noble Grand's office by a special committee and there was an almost deafening applause as he proudly approached the chair of the presiding officer.

The Noble Grand congratulated him on his remarkable record and concluded his remarks by presenting him with a massive bouquet of roses as a slight token of their good wishes and with the hope that he would be with them for many years to come.

He was then given a seat near the Noble Grand and was called upon for a speech. In responding Mr. King reviewed his 50 years as an Odd Fellow and some of the changes in the world that had taken place during these years.

Bro. King who is now in his 80th year is remarkably smart for one so advanced in age. He was for 53 years a machinist on the Boston & Albany railroad, and was for many years a member of the Boston fire department, and has been the care taker for the Quincy Historical society for several years. He resides in Wollaston and although his home is over two miles from the Adams birthplace he always walks too and from his home, his step being as quick and elastic as many a younger man.

Mr. King is also a well known tenor singer and is one of the tenor soloists of the choral society recently formed at the Wollaston Baptist church. In politics he is an ardent Republican.

Capital $150,000. Surplus $200,000

MANY SOCIETIES JOIN HANDS

Unity In Church Work Good Way to Go Forward

The Women's Union, the new organization, which is a conservation of the various societies connected with Bethany church, held its first meeting, Wednesday. The morning was devoted to sewing. A lunch was served at noon and at 2:30 a business meeting was called, the president Mrs. Everett Crane in the chair. Reports of officers were read and different matters were discussed. Mrs. Elizabeth Wetherell conducted the devotional exercises very impressively. Mrs. Emma S. Moore sang, "Rest, Rest, for the Weary," in her accustomed expressive voice. Miss Daisy B. Sampson at the piano.

Rev. B. A. Willmott, introduced the speaker of the afternoon, Rev. Sarah Dixon, Phd; of Lowell. Miss Dixon said in part: "The conservation of church societies is to me a very interesting and highly idealistic idea and one of great significance, socially and religiously. However much we may differ in our individual views and preferences, we all unite in one common desire to minister to the needs of humanity. By this unity in church work you may develop many suggestive types of vigorous, well ordered and stimulating methods of assisting in forwarding new aims and endeavors. The strengthening of moral sentiment in honest and faithful service and the promotion of friendliness and sociability.

"Religious life is alert and strong today, the whole world is alert and extremely active, the moral tone of the community is being raised to a higher altitude. From our pulpits creeds are seldom mentioned, but a spirit of tolerance of charity and of love emanates from them.

"A word for the missions. Life is a beautiful thing so the higher life is more beautiful. Man is a product in himself, do every man must find happiness in himself, and he can help to find it in others, try to quicken the pace, get the gospel to the lands of darkness fifty years sooner by working with heart and soul of love, and as a father is made happier when his child responds to his teachings, so God is made happy when he beholds your work for His children in heathen lands. Then inject the spirit of Jesus Christ into your lives and hearts. I believe when you preach to people to be happy after death, you should first make them happy in life. This doctrine appeals to me. Unite fine spiritual conception into the love of your saviour and guide. Spiritual conception of life with the real, the great personality of Jesus Christ." Miss Dixon was given a rising vote of thanks, and all had an opportunity of greeting her.

SHAWS GIVEN HOUSE WARMING

To say that Mr. and Mrs. Reginald Shaw of Davis street, were completely surprised Wednesday evening, when a host of their friends descended upon them for a "house warming," is indeed putting it mildly. The house, recently completed, is largely the result of Mr. Shaw's work and for a cosy cottage house will be hard to excell.

A very beautiful and delicately figured cut glass vase was presented in token of esteem which the friends held for Mr. and Mrs. Shaw. The remainder of the evening was occupied by interesting games and refreshments served by the committee in charge.

AMUSEMENTS

DOINGS ON THE STAGE IN

BOSTON AND VICINITY

"OFFICER 666."

All hail Cohan and Harris! Abundant acclaim to Augustin MacHugh! Here is a playwright who has put real fun in farce, real drama in melodrama and given the jaded playgoer "Officer 666," a novel, unique and original play of mystery, love and the law, that won the unqualified approbation of the critics and the enthusiastic appreciation of the capacity audience that crowded the Park Theatre Monday night to witness the premier presentation of this long awaited international success in Boston. "Officer 666" has been translated into French, German, Italian and Spanish and is soon to be presented throughout Continental Europe, which is proof positive that rapid-fire fun in farce does not depend upon "the eternal triangle," suggestive situations or compromising complications. The laughs follow each other as naturally as do the thrills. It is high art and good craftsmanship coupled with splendid acting that makes "Officer 666" irresistible in appeal. It is clean, clever, wholesome fun and mystery throughout. The superb New York

cast, headed by George Nash and Edward Abeles is one of the best seen in Boston in many a day.

"THE GOVERNOR'S LADY."

Whatever David Belasco sets out to do—he does—and whenever his name, either individually or in association with some one else, is affixed to a play, an organization or a production, it is an absolute assurance of the merit and excellence of the offering presented; thus the playgoer becomes en rapport with the master producer and as a result his offering is accepted as the best that brain, energy or capital can supply.

William Elliott and David Belasco's marvellous presentation of "The Governor's Lady" now at the Hollis Street Theatre on its final week. It has been the dramatic sensation of the season, disclosing the superior bravery of womanhood at the crucial moment of great trial and privation, as well as illustrating the extent of self-sacrifice a woman will endure fighting for what she contends is right. Kipling's famous line "The female of the species is more deadly than the male" has found a stage improvement in this play, for it reversed the theory of Kipling and reveals a story of today founded on what might be logical incidents in the life of any one; and therein lies the big success of this truly wonderful play.

When people come three and four times to witness the same performance then the true mission of the stage has been fulfilled, as it surely appeals to that indefinable something in every human breast that seeks for more, and sends the auditor home with better resolutions made for the day to come. There will be matinees on Wednesday and Saturday with the engagement ending Saturday night.

"THE GARDEN OF ALLAH."

"The Garden of Allah" will be seen for the last time in Boston at the Boston theatre beginning Monday. No other New England city will be visited by this monster organization with the one exception of Springfield, where a stay of one week will be had at the Court Square theatre to accommodate theatregoers of Western Massachusetts. The company plays Springfield en route to Baltimore and Washington. Ther qute for the coming season comprises Canada and the Middle West, and New England has its last opportunities to witness what is said to be the greatest dramatic spectacle ever staged in this or any other country, the coming week. "The Garden of Allah" strikingly conveys a sense of the spirit of the desert and all the external manifestations of the infinite solitude of waste places, as well as the color and vividness of the oasis—the garden spot that makes the outer world all forgotten. All this has been utilized for a setting for the story that Robert Hichens first told in book form and that took such a strong hold upon popular fancy that it became one of the best sellers. The play itself like the story has a profound spiritual elevation, which in itself is well worth the attention. There is soul in it and it breathes a religious feeling that the impressive stage effects employed heighten. There are ten scenes that are picturesque and effective. Real inhabitants of the desert, Arabs, camels, horses, goats, etc. are all introduced and are thoroughly in keeping in the picture. Special attention will be given to mail orders which will be filled promptly. The engagement positively terminated Saturday, Mar. 22.

SHUBERT THEATRE.

The playgoers of New England now have an opportunity to see "Ready Money," the international comedy by James Montgomery, which is playing at the Shubert Theatre, Boston. This play is described as the success of four world cities. It has not only pleased audiences in Boston, but, previously, those of Chicago, New York and London. Although its author, James Montgomery, was born in Boston and there got his idea for the subject matter of the play, Boston is the last of the four cities to have an opportunity to see "Ready Money." Perversely enough this play is now having a year's run in London before New England play-goers have set their stamp of approval upon it.

"Ready Money" is described as a play with a punch. It is a smart comedy, containing strong dramatic scenes and many original ideas, new to present plays. Its story deals with the amusing efforts of a young man to get money so that he can get the girl he loves. The theme of the play is based on the truth that "if you've got money, you don't have to spend it. All you have to do is to show it."

The comedy enters upon its third week, Monday evening.

MAJESTIC THEATRE.

Boston has added its loudest appreciation to the already acquired fame won in New York, during a long season at Weber & Fields' Music hall, at Vienna, Berlin and in Paris to Franz Lehar's newest writing "The Man with Three Wives," now playing to capacity audiences at every performance at the Majestic Theatre. The second big week begins Monday evening.

The story found in this, the latest work of the composer of "The Merry Widow" in skeleton, reads a mad whirl of matrimonial mix-up, which begins in a Viennese tourist agency. Hans, who has recently married a Viennese, is to conduct a party to Paris, the home of Colette, to whom Hans was once engaged. Baron Huneberg, head of the tourist agency, is in love with Hans' wife and she has promised to marry the Baron if Hans jumps over the matrimonial traces. They all go to Paris, where the plot grows complicated and it takes them all on a trip to London before the tangle is finally straightened out.

B. F. KEITH'S THEATRE.

One of the biggest and most unique novelties of the season is promised for B. F. Keith's Theatre next week in William Burres' musical production, "The Song Birds." This is a splendid organization of brilliant soloists, most of whom have been identified with the Metropolitan Opera Company of New York, in a series of impersonations of the famous operatic stars of the present day. All of the oddities and characteristics of the great singers are burlesqued in the most amusing fashion. This feature will be but one of a great bill. The Thomas A. Edison Kinetophone will exhibit a brand new series of talking motion pictures, and another brilliant feature will be the Royal Kitamura Japanese Troupe of Oriental acrobats and wonder workers. The Bison City Four, the policeman, the dago, the bar-tender, and the tramp, will blend a series of melodies musical numbers with a picture of daily life on the streets of New York, while Carl Henry and Nellie Francis, late stars at the head of their own company in the musical comedy field, will appear in their latest medley of foolishness and chatter. Mr. Henry will be remembered as the former star of Billie Burke's "Models of the Jardin de Paris" company, and his expression, "Now, I'll tell you," is a classic.

CASTLE SQUARE THEATRE.

On Monday, "Believe Me, Xantipee" beginsi ts ninth week at the Castle Square. It is now in the final weeks of its long and successful run, and Tuesday evening will be a notable occasion, for then will be celebrated the 100th performance of this remarkable Harvard Prize Play. In every way, it has in it the elements of popularity, being filled with humor and involving its characters in a series of lively and complicated situations. Souvenirs will be distributed to the Tuesday evening's audience in commemoration of the 100th performance.

RIVERSIDE CLUB TO INCORPORATE

Organization Also Plans to Have a New Clubhouse

At the annual meeting of the Quincy Women's Riverside Club, it was voted to become incorporated, and join the Massachusetts Federation of Women's clubs. The club is progressive and prosperous and at the close of business the present year, announces a balance of $250 in the treasury.

The new president Mrs. Carolyn B. Mellen was presented with a handsome cut glass vase. Mrs. Mellen presented to the vice president, a beautiful bouquet of flowers.

It was voted to seek a clubhouse, and the following ladies were appointed a committee to look into this matter, select a site, secure plans and the other necessary details pertaining to the same, Mrs. Gertrude Stone, Mrs. Annie Betts, Mrs. Theresa Hobart, Mrs. Muriel Arnold and Mrs. Susan Cashman. At the close of the business session there were readings by Mrs. Sarah Blanchard and songs by Mrs. Alice Nolan, with Mrs. Sarah Luther, accompanist.

INQUEST ON RUSSIAN WOMAN

Who Died From Self-Inflicted Bullet Wound

An inquest was held before Judge Avery this morning on the death of Mrs. Baraska Slobodniskova, the Russian woman who was shot at the care takers office at the green houses at Quincy Neck, March 4. There were a large number of witnesses heard, the case against the woman's companion Klem Tetyc for assault with a dangerous weapon was postponed until after the hearing.

As a result of an inquest, the bonds of Klem Tetyc who is held on the charge ofa ssault with a dangerous weapon were increased to $5,000. Assistant District Attorney Katzman was present. The room was full of Russians who were interested in the testimony.

HEPTASOPHS BUSY.

At the regular meeting of the Granite Conclave of Heptasophs in Protection hall Thursday evening two candidates were accepted. The committee on the dance reported progress. The affair will take place in Alpha hall, March 31.

ST. PATRICK'S NIGHT.

Div. 17, A. O. H. will hold a concert St. Patricks night in Poland's hall, Atlantic. There will be several speakers. Among them Rev. Fr. John P. Cuffe, Rev. Father NcNiff, County President Patrick J. Ferguson and James J. Reidy of Cambridge who is a very widely known Hibernian lecturer.

FOUR CANDIDATES.

A regular meeting of Womens Auxiliary, Loyal Order of Moose was held Thursday evening in Electa hall. Several applications were received and four candidates initiated. Under the direction of Associate Worthy Matron, Mrs. Mary McNeil. A whist party will follow the meeting, March. 27.

NEW LIGHT ON A DARK SUBJECT

Or So People Believed Who Heard Dr. VanDer Pyle

ON LAWRENCE SITUATION

The announcement that Rev. Nicholas Van der Pyle would discuss the situation in Lawrence and other industrial centres was sufficient to draw a large attendance at the March meeting of Bethany Brotherhood, Wednesday evening.

Rev. B. A. Willmott presided at the brief business meeting. It was voted to have a ladies night and banquet some time in April. There was a report of progress on the installation of earphones in the church.

Mr. Van der Pyle was then introduced, his subject being "The church and the industrial unrest." He said it was a condition and not a theory which confronts us. It is exceedingly difficult to face the problem properly. The church must recognize that it has a mission not alone to individuals but to people at large. Some regard the industrial problem as a foreign problem, but it is an awakening of manhood. It is largely confined to those receiving low wages and is not easy of adjustment.

Massachusetts cannot afford to tolerate in its midst industries which do not pay a living wage. The average wage of 23,000 of the mill workers at Lawrence was only $7.83, and a very small percentage of these were minors. The speaker gave examples of the earnings of some families. In one consisting of father, mother and 14 children the total earnings were $12.50 per week, by the father and one son. They paid $2.50 per week for three rooms, leaving but $10 to sustain 16 souls for a week. Large families seem to prevail where wages are low, and to become smaller as wages increase.

Foreigners complicate the industrial problem, but foreigners are not bad. They are thrifty and prudent. They do want to work. Americans do not understand the foreigners, and the foreigners do not understand the Americans. Let us not be too quick to judge any class, but realize that all are human beings. Under like conditions they are no different. We have not been sympathetic enough.

Mr. Van der Pyle told of his acquaintance with Ettor and Giovannitti, and read the latter's plea to the jury at Salem. He followed it with a letter he had received from a capitalist, and left it with his audience to judge which made the best showing.

Nothing but the gospel of Jesus Christ will solve this problem. We need more humanitarism, and less selfishness.

At the close of the address many questions were asked, and freely answered, and all felt that they had received new light on the industrial problem. A rising vote of thanks was given the speaker. Refreshments followed.

BEST HATS MADE.

It is noticeable that the public taste varies somewhat from season to season. This is shown by an increasing demand for some styles and diminishing sales for others. In some cases extreme lightness is considered desirable in a hat. Some people like the "feel" of a medium weight hat upon their head. All hats of a given size run exactly uniform. What constitutes hat perfection? The very finest in material-finest in workmanship—finest in design—every oval must be correct—every leather just right—every lining fits perfectly—and every hat subjected to one special process. That is what makes a hat keep its shape. All these things constitute hat perfection. No high class dealer can afford not to carry the best. You cannot afford to wear anything but the best. Progressive dealers improve their trade-standing by carrying Lamson & Hubbard's hats. Discriminating dressers improve their appearance by wearing hats. Their die is recognized everywhere as the symbol of best-made hats.

MR. KIMBALL BURIED.

The funeral of Charles F. Kimball who died Tuesday took place Thursday, from his home, Furnace Brook Parkway. A high mass of requiem was celebrated at St. Mary's church by Rev. Fr. William J. Duffy. Interment was in St. Mary's cemetery.

GLEE CLUB ORGANIZED.

The Quincy High School Glee Club has organized with Raymond Cassidy as president and Miss Dorothy Lowe as secretary-treasurer.

SULZER OUSTS COLONEL SCOTT

Prisons Superintendent Removed Despite Senate Plea

THE CONDUCT OF MATTAWEAN

Accusations That Thaw Was Permitted to Receive Visitos Without Restriction Are Met With Reply That No Special Privileges Were Accorded Slayer of Stanford White

Albany, March 14.—Colonel Joseph F. Scott, superintendent of state prisons, was removed from office by Governor Sulzer. Charges against the superintendent were preferred by the governor Wednesday and the accused was given until noon yesterday to reply. Scott filed a written answer.

The governor's action was announced less than two hours after the senate, by a unanimous vote, had adopted a resolution requesting the governor to refer the charges against the superintendent "to an impartial tribunal for consideration and determination."

Governor Sulzer's order of removal states that Scott has been "inefficient, incompetent, derelict and neglectful of duty." In a statement accompanying the order the governor reviews the charges and Scott's reply to them, and adds:

"I consider that the answer of Superintendent Scott evades rather than meets these serious and substantial charges."

Scott issued a statement after his removal, in which he said in part:

"The charges upon which the governor has removed me from office are trivial and in no way personal to me. They involve no neglect of duty or incapacity to perform the duties of the office. In no way do they blind the public eye to the fact that my removal is for personal political reasons of the governor."

In his answer to charges made against him Scott asserts he has "conducted the office of superintendent of state prisons conscientiously, honestly and economically, and in a manner which has been for the best interests of the state, and which has received general approbation."

"Wherefore," he adds, "I respectfully ask that said charges be dismissed."

The charges against Scott concern mainly the conduct of the Matteawan state hospital for the criminal insane, where Harry K. Thaw is confined, and Scott devotes most of his reply to these accusations.

One of the charges declares that Scott neglected to maintain proper supervision over Matteawan, as a result of which Thaw was permitted to receive and have large sums of money and securities in his possession, and that Horace M. Hoffman, Alfred H. Lewis, William F. Clark, John N. Anhut and others were permitted to see Thaw without restrictions.

In reply, Scott says Lewis was admitted to the hospital upon a written order of the governor which authorized him to interview any patient in the institution; that Clark was admitted as secretary of the governor's committee of inquiry and upon his statement that he represented the committee in an investigation of the financial needs of the institution; that Anhut was permitted to interview Thaw as his counsel, and that Hoffman was admitted as the agent and representative of Thaw's mother.

Scott says Thaw has had no special privileges not accorded to other patients of the hospital.

LA FRANCE SHOE for WOMEN

The masterpiece of the shoemaker's art. Modelled on natural lines, LA FRANCE fits the foot perfectly, thereby assuring comfort. By the even distribution of weight, due to its scientific construction, the shape of the shoe is preserved.

¶ LA FRANCE wears well and looks well all the time.

AN attractive model is No. 6453 four or six button, in Gun Metal, on Hague last, with welt sole; also to be had in Spartan (tan) Calf, and in White Nu-Buck.

Quincy's Shoe Market.

HOLLIS ELECTED SENATOR

Democrat Wins After Long Deadlock In New Hampshire

Concord, N. H., March 14.—Henry F. Hollis, Democrat, was elected United States senator from New Hampshire, with 189 votes, three more than the number required.

Bartlett, the new Republican caucus candidate, had 121 and Pearson, Republican, who yesterday retired from the contest, 14. Quinby, Republican, had 18 and Bass, Progressive, had 12. The scattering votes numbered 17; there were three members absent and 54 paired.

The deadlock, which has continued since the daily balloting began on Jan. 14, was broken by three Democratic members from Manchester, who had supported Woodbury. Two Republican members and all but two Democrats supported the successful candidate.

The newly elected senator is a native of this city, where he has been engaged in the practice of law since 1892. He is 42 years of age.

FIND MILITANTS' ARSENAL

Police Come Across It by Accident While Searching For Olive Hocken

London, March 14.—The "arsenal" of the Pankhurst militant suffragettes was discovered when the police raided the studio at 28 Campdon Hill Gardens.

Large quantities of corrosive acid, phosphorus oil, pitch and other destructive stuffs that the women used in their letter box outrages; wire cutters and hammers, used in their telephone and telegraph attacks; flints for striking sparks and several false automobile identification plates were among the things found.

The den was found by accident. The police were searching for Miss Olive Hocken, wanted for setting fire to the Roehampton Golf club pavilion recently. They were told to serve a warrant on her, and they found all the implements used in the suffragette warfare, with the exception of bombs.

Miss Hocken was arrested and locked up to await a hearing.

FEDERAL EXPERTS AWAIT FRIEDMANN

Want to Ascertain Method of Preparing His Vaccine

Washington, March 14.—Director Anderson of the government's hygenic laboratory, who has begun the test for the public health service of Dr. Friedmann's tuberculosis culture, left last night for New York to confer again with the Berlin doctor upon his return from Canada.

Dr. Anderson will join Dr. Stimson of the public health service, who is watching the development in patients treated in New York hospitals by Friedmann, and another effort will be made to find out the method of preparing the vaccine, which Friedmann has withheld, making the condition that the government must recognize improvement in the condition of patients already treated before he reveals the secret of his mixing method and the dose.

GOT RICH IN UNDERWORLD

"Annie Gray" and Her Husband Are Indicted by Grand Jury

New York, March 14.—The grand jury that is investigating the police alliance with vice and graft indicted Annie Gray, reputed keeper of disorderly resorts, and her husband, Robert Ulmer, a lawyer, once a politician.

Investigators at work for District Attorney Whitman, having reported that Annie Gray made a fortune in the underworld, emphasized the value of testimony she would give as an informer.

The woman and her husband left the city subsequently and went to New Jersey. The indictment against them is for conducting a disorderly resort. This is a misdemeanor and hence not an extraditable offense.

BRIEFS

Rev. Fr. John Holland of Weymouth gave the sermon at the Wednesday evening Lenten service at St. John's church.

At the annual session of the Grand Lodge, N. E. O. P. in Boston, Wednesday, E. C. Sawin of Quincy acted as one of the tellers at the election.

Mrs. Emery L. Crane of Whitney road opens her home Saturday afternoon for a sale by the Katharyn Crane Memorial club; a club which meets twice a month and for such young girls is doing remarkably good philanthropic work.

FORD APPOINTED COACH.

Ralph (lefty) Ford has been appointed coach of the Braintree High school base ball team. He is the only south paw pitcher on the Worcester team of the New England league and is well known here. Practice will be called as soon as possible.

ERNEST McCARTHY DEAD.

Ernest Justin McCarthy, the 15 year old son of Mr. and Mrs. John E. McCarthy, died Wednesday at their home 42 Bittern road, Adams shore. He had been sick for a long time.

DINNER TO EMPLOYEES.

The Citizens' Gas Light Co., gave a dinner to their employees at Thompson's Cafe, Wednesday evening. After the dinner a meeting was held at the offices of the company and a business talk on current events in gas circles was given by Manager William G. Nichols.

QUINCY BEATEN.

Milton High defeated Quincy High in a good game of basket ball at Milton Wednesday. The score was 20 to 13.

STRUCK AND KILLED BY TRAIN

Ernest R. Hill the Victim At Braintree

BROTHER'S NARROW ESCAPE

Ernest R. Hill, 26 years old, of 26 Eutaw avenue, Braintree was struck and instantly killed by the Cape Cod express at Braintree Highlands station Wednesday evening. His brother Theodore W., narrowly escaped a similar fate.

Both were on the rear platform of the train due at 6.16 at Braintree Highlands. The train was a few minutes late and slowed up to allow the express to pass the station before making the stop.

Ernest jumped in the path of the Boston bound train. He was badly mangled and tossed quite a distance. Theodore jumped right after and just before he struck the ground the rear car of the express passed. He was whirled around by the suction of the train but uninjured.

The deceased leaves a wife and baby. He was a carpenter employed in Boston. The body will be sent to South Range, Novia Scotia of which place he is a native, for burial.

LADIES' AID HAD A GOOD TIME

A most pleasing and entertaining program was given at the quarterly social in the Hall Place M. E. church, Wednesday evening by the Ladies Aid The evening was in charge of Mrs. Charles S. Jose.

Julius Fuller of West Quincy favored with piano selections. Miss Katherine Wilbur of Boston sang "I hear you calling me," and "Goodbye sweet day," accompanied by Miss Helen Martin.

Mrs. Churchill of Boston who has proved so interesting and amusing on several occasions read "The Postmistress," "The Christening," "The Christmas Guest" and "Grandmother Gray."

Refreshments were served after the entertainment and a social time enjoyed.

MOOSE LODGE CHOSE OFFICERS

The annual election of Quincy Lodge, Loyal Order of Moose took place at Faxon hall Wednesday evening. The following were chosen:

Dictator—James A. Daley.
Vice Dictator—William B. Norrie.
Prelate—Charles E. White.
Sargent at arms—Frank H. Sampson.
Secretary—Edward J. Fegan.
Treasurer—John T. Brown.
Inner Guard—Robert T. Foye.
Outer Guard—Herbert F. Hammond.
Trustees—William J. Nott, Robert Craig, Neil A. McDonald.
Delegate to the convention—Albert J. Williams.
Physicians—Dr. John H. Ash, Dr. J. T. Reynolds.
Pianist—Albert N. Lawton.

PRATT'S BREAD is wholesome, nutritious, crisp and delicious. Get it of your grocer.

WALTHER CLASS ANNUAL MEETING

Ernest W. Campbell Lectured on Exposition Art

The Walther Men's class of the Wollaston Baptist church held its annual meeting, Wednesday evening and elected the following officers:

President—Charles B. Hall.
Vice President—Alvard L. Walker.
Treasurer—Professor J. H. Marceau.
Secretary—Arthur E. Driscoll.

In the absence of President Miller, Rev. Joseph Walther, the pastor presided. Reports were read by William Oxner, the secretary and by Treasurer O'Connell.

Eben Hardy reported for the visiting committee, Kendall F. Harriman for the social committee, Mr. Neal for the membership committee and Mr. Shepard for the devotional committee.

Architect Ernest W. Campbell of Wollaston delivered a very interesting lecture on "The art of exposition building." Mr. Campbell was the designer and builder of the decorations at the Auto Show now being held in the Mechanics building, this being but one of many similar ones.

"This" said Mr. Campbell, "is a specific art and profession and first started at the World's Fair in Chicago where D. C. H. Burnham conceived the idea of making the building as a setting for the exhibit. In the past flags and bunting had been thought sufficient.

"From the World's Fair the coming generation took heart. The people woke up and each succeeding exposition has shown the same tendency.

"The Mechanics Building has been termed a barn and the week before the decorations are up it scares you. There are 5 1-2 acres of space and all has to be decorated.

"You can't put one stick in before Monday morning and Saturday afternoon everything has to be completed.

"Eleven years ago the first auto show took place. There were 30 cars exhibited and the decorations cost $40. The decorations for the present show cost $30,000. Each year it goes up and up.

"There are three firms who build expositions. Daniel's of Chicago is accustomed to pageants and heavy scenery. Kimball of New York makes a specialty of food fairs.

"In all my work I insist upon a fundamental motive in the design. This year it was the hanging gardens of Babylon. Its simplicity was predetermined and the dull Babylonian colors make an excellent background for the automobiles."

Mr. Campbell told the story of assembling the decorations, getting palm trees from Florida, artificial wisteria from Japan, the employment of artists, setting up waterfalls and the hundred and one interesting things that went to make up the finished picture.

"It is not simply an Auto Show" said the speakers, it is an educational feature. There have been 50 artists there this week making it a study.

In concluding Mr. Campbell related several humorous incidents encountered before the finished whole was realized.

The evening opened with a supper served by the social committee and assistants.

DOG'S BODY IN THE AIRSHAFT

Caused All the Trouble at Braintree School

WHICH WAS CLOSED

While tracing offensive odor in the Pond street grammar school, Braintree, Wednesday, Secretary W. G. Skinner of the Board of Health found the dead body of a dog in an advanced stage of decomposition wedged in an air shaft. During the past week the building had been closed because of an epidemic of measles and the presence of this odor, which seemed to defy fumigation. There are 12 cases of measles among the pupils.

WOMEN WORKING FOR CLUBHOUSE

Squantum Organization Bending Every Energy For Success

A regular meeting of the Squantum Women's club was held Wednesday afternoon at the home of Mrs. James Foster, the president Mrs. William A. Reed presiding.

Mrs. Hiram Morse, chairman of the finance and building committee had been disappointed in not receiving blue prints of the clubhouse in time to show to members at this meeting. It is expected they will be completed by Monday. This will cause a short delay but the committee will work all the harder to make up the time and to get things in working order so that the clubhouse will be dedicated at the stated time regardless of small hitches of this kind.

It was voted to hold a gentleman's night March 26 Mr. and rMs. John R. Nelson kindly offered their home for this occasion.

It was suggested that an amendment be made to the membership by-law Article 1, and instead of members being residents and land owners extend the list to any friends of the members who wish to join.

The bazaar that the ladies are sewing for will be held July 19, in the new clubhouse. Mrs. Carlson invited the ladies to her home Tuesday at 2.00 P. M., to sew for this affair.

Wednesday afternoon and evening a whist will be held at the home of Mrs. Trask, 96 Elm street, Somerville for the benefit of the club. It is hoped members will attend with their friends.

Mrs. Hiram Morse is selling a beautiful irish chochet bag to help swell the clubhouse fund.

Mrs. S. H. Adams read an original poem containing many local hits and Mrs. Louise Osborne Holt sang songs in her usual versatile way. Mrs. Foster served a buffet lunch and a social hour followed the business session.

Greeks Who "Made Good"

New York, March 14.—Four boys who emigrated to this country twenty-nine years ago sailed for Greece aboard the steamship Neckar. Their combined capital was $3,000,000.

So None May Be Idle

Trenton, March 14.—Assemblyman Fishler introduced a bill in the legislature providing that every city in the state shall find work for every able-bodied man.

POLICE SIT UP AT HART'S STORY

Man Hailing From Quincy Tells of Gray Robbery

WOMAN IN THE CASE

John Hart, 28 years old, of 310 Shawmut avenue, Boston, who claims to be employed at the Fore River yard in Quincy, has furnished the Boston officers with some tips which they believe will enable them to land the persons who robbed the E. E. Gray Company store. Hanover and Union streets, of $12,000, Sunday, Feb. 9. Hart says that the trick was turned by two men and a woman, and he gave the police the names of the trio. Hart was arrested for drunkenness and when he arrived at the Police station made some statements which could only be reconciled with some inside knowledge of the break and the officers questioned him and got more information. The only part of the story on which he falls down is that the burglars entered the building at 6 o'clock in the morning, while the janitor says he did not leave the premises until 9 o'clock.

PUBLIC LIBRARY NOTES.

There is on exhibition at the Public Library a set of pictures illustrating the fashions in Paris from 1797 to 1897.

During the French Revolution the inventors of fashion drew their inspiration from pagan mythology, following the harmonious lines of Grecian beauty; under the Empire they grew less frivolous and more Roman, while during the Restoration they became formal, affecting stiff lines and starched manners. The year 1830 brought more of the Renaissance and dress became exquisitely artistic. Later, exaggeration began, and grew worse and worse, till it reached the monstrous caricature of the crinoline. Each plate has an appropriate background, outlining the architecture against which its fashion stood attired.

An ancient fashion is always a curiosity. A fashion slightly out of date is an absurdity: the reigning fashion alone, in which life stirs, commands us by its grace and charms, and stands beyond discussion."

FORMER RESIDENT DEAD.

Word has been received of the death Wednesday of Miss Harriet M. Pratt of 5 Allston street, aged 65 years. Miss Pratt was a sister of the late Mrs. H. Walter Gray and a sister of the late Francis L. Pratt for many years the city messenger at Cambridge. She was a daughter of the late Deacon William Pratt, who resided in Quincy.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co. Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

MET DEATH AT HAZING

Four Sophomores Charged With Killing a Fellow Student

Hillsboro, N. C., March 14.—Four sophomores of University of North Carolina were placed on trial here in connection with a hazing episode that resulted in the death of William Rand, another student. Charged with manslaughter, the four students, W. L. Merriam, A. H. Stiron, R. A. Oldham and A. C. Rotch, were arraigned in the court here.

Rand met his death as the result of being hazed by upper classmen. Following his roommate, Robert Wellons, who also was hazed, Rand was dancing on the head of a barrel when it toppled over. In falling Rand's neck struck the ragged edge of a broken bottle, severing the artery. He died within a half hour.

STATE POLICE TAKE A HAND

Join With Local Officers In Questioning Eaton Family

COUNSEL HURRIEDLY CALLED

Stepdaughter of Admiral Whose Death Is Shrouded In Mystery to Be Summoned Before District Attorney—Eaton Had Described Her as of "Highly Imaginative Disposition"

Boston, March 14.—District Attorney Barker of Brockton declared late last night that startling developments were possible in the death mystery case of Rear Admiral Joseph G. Eaton of Assinippi within the next forty-eight hours.

While the authorities are secretive in their movements, the investigation became more acute yesterday when members of the Eaton family were subjected to long sessions of questioning by the local and state authorities.

Coincident with the sessions at the home of the late admiral was the hasty summoning of George W. Kelley, counsel for Mrs. Eaton, to the scene.

After a long session with Mrs. Eaton, Mrs. Harrison, her mother, and the daughter, Dorothy Ainsworth, State Officer Scott and Deputy Sheriff Congdon of Rockland left the Assinippi home for Rockland. Later they were motored to Brockton, where they saw District Attorney Barker.

Perhaps the most sensational development of the day concerned the announcement that Mrs. June E. Keyes, the elder daughter of Mrs. Eaton, now living in Boston, would probably be summoned today before the district attorney.

It was said yesterday that twelve hours after the mysterious death of Eaton an investigation had started on the part of the district attorney.

Late last night Barker would not deny that he had received a report from Dr. Whitney of Harvard regarding finding of poison in the organs of the dead admiral. "I can't say anything about reports just at this time," he said.

A statement given out by Mrs. Harrison to the effect that she had expected her daughter, Mrs. Eaton, would be examined as to her sanity now that the admiral was dead caused no end of comment.

According to Admiral Eaton in the daily press of Aug. 25, 1909, he said: "My stepdaughter, June, has a highly imaginative disposition. She is given to the constant perusal of the greatest mysteries in literature; in fact, such reading has been her almost daily mental food.

"She has affected her mother greatly by her constant flights of imagination and the daily suggestions of mysteries in the everyday incidents of our lives."

June Eaton, now Mrs. Ralph P. Keyes of the Dorchester district of this city, was a resident at the Franklin Square House previous to her marriage a few months ago. Keyes, who is a Boston bank clerk, was living in Somerville at the time the couple moved to their Dorchester home.

EXPECTED TO GO UP

Human Rocket Annoyed at Failure After Very Close Call

New York, March 14.—Rodman Law, who has often flirted with death, tried to qualify as the human skyrocket yesterday afternoon, but failed.

Instead of going up in the air for hundreds of feet just ahead of 900 pounds of powder, and then being shot out into space to float down on a parachute while moving picture men reeled around underneath, the aviator-high jumper simply fell fifty feet as fast as ever done. The large steel rocket that had been constructed for the stunt couldn't stand the strain and exploded, dumping him out of soft ground, which saved his life.

Law's hair and eyebrows were burned off. For perhaps ten seconds he was unconscious. Then he got up and looked around.

"Darn that thing," he exclaimed, "I thought I was going up."

ONLY DESIRE IS TO REST

Porfirio Diaz Declares He Is Not to Revisit Mexico

Naples, March 14.—General Porfirio Diaz declares he will not return to Mexico. He was looking well on his arrival from Egypt on board the steamer Adriatic, and said his only desire was to be allowed to rest quietly.

He stated that all his efforts would be directed toward assisting his country to prosperity. The former president added, however, that he would go back to Mexico in case of intervention in that country by the United States.

Riot In Hungarian Parliament

Budapest, March 14.—Rioting broke out in the lower house of the Hungarian parliament during debate on a military measure and ten members were ejected by the police. The session broke up in disorder.

MISSING BANK MAN IS HURRYING HOME

Russell Sends Word to Wife From Canadian Town

Marlboro, Mass., March 14.—Clifton B. Russell, the missing treasurer of the Marlboro Co-operative bank, and head of an insurance business, is on his way home. A telegram dated from Winnipeg, Can., was received by his wife saying that he would be home as soon as trains could get him here. He told his wife not to worry and said he would "explain all."

Russell had been treasurer of the bank for twenty years, and a member of the insurance firm of Holyoke & Russell for nearly that length of time. A week ago he left the city, after notifying the state bank examiners to examine his books and the accounts of the bank. These, so far as the examiners have been able to find, are in perfect condition.

DENIES VOTE TO WOMEN

But Five Majority Recorded Against Proposition In Nebraska

Lincoln, Neb., March 14.—By the close vote of 45 in favor of, to 50 against, the Nebraska house defeated the proposed constitutional amendment permitting women to vote. Sixty votes, or two-thirds of the house membership, were required to pass the bill.

Suffrage leaders declared that unless a reconsideration can be obtained in the legislature an attempt will be made to bring the question to a vote of the people through the initiative and referendum law.

Loses Legs For Second Time

Westbury, L. I., March 14.—For the second time in five years William Fitting, 18, had his legs cut off by a train, when he lost a pair of "timber toes" in saving a woman's life

Generous Insurance Company

Stockholm, March 14.—A life insurance company has exempted policyholders from paying premiums while doing compulsory military service in the Swedish army.

Commonwealth of Massachusetts

Benway of Somerville in the County of Middlesex, Lot Phillips & Company Corporation, a duly existing corporation having its usual place of business in Hanover in the County of Plymouth, and to all whom it may concern:

WHEREAS a petition and amendment thereto allowed has been presented to said Court by the Old Colony Street Railway Company of Boston in the County of Suffolk and said Commonwealth, and on motion the name of the Bay State Street Railway Company has been substituted as petitioner to register and confirm its title, under the provisions of Chapter 249 of the Acts of the year 1905, amending Chapter 128 of the Revised Laws, in and to certain easements upon and over lands in Quincy, Braintree and Weymouth in the County of Norfolk, and in Rockland in the County of Plymouth as shown on plan designated "Transmission Line of Old Colony Street Railway Company, Quincy to Rockland" approved by C. F. Bancroft and filed with said petition February 26, 1913, and

WHEREAS a motion to sever said petition has been filed and allowed under which said petition as severed makes claim to said easements over said lands alleged to be owned or affected by the adverse interests of the persons above described; said easements being described as follows:

"The right to erect a line of poles with wires and cables thereon and with necessary guys or other supports for the transmission of electric power, and for telephones for private use, and to operate and maintain the same, the right to cut down, trim or remove such trees or other obstructions which in the judgment of the owner of said easements interfere with said use or construction of said lines, or which by failing or otherwise might endanger the safety or interfere with the operation thereof, and the right to maintain a pathway not more than eight feet wide upon either side of centre line of said course for use in inspection, construction and repair; the right of reasonable access to said lines and pathway for the purposes of inspection, construction and repair, and such other rights as may be incident to the uses aforesaid."

Petitioner also claims to own in fee simple said easements within the limits of all highways or public ways abutting or crossing said premises, subject to the right of the public to use the same as such; and also within the limits of all private ways abutting or crossing said premises, subject to the right of all persons entitled to use said ways as private ways.

You are hereby cited to appear at the Land Court to be held at Boston in the County of Suffolk on the 7th day of April, A. D. 1913, at 10 o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition as amended should not be granted. And unless you appear at said Court at the time and place as aforesaid, your default will be recorded and the said petition will be taken as confessed and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, CHARLES THORNTON DAVIS, ESQUIRE, Judge of said Court, this fourth day of March, in the year one thousand nine hundred and thirteen.

Attest with Seal of said Court.

New Styles Ready in Men's Spring Hats

The new shapes in both soft and stiff hats are here—and we commend them to men as the most attractive shapes that have been developed in several seasons.

The Guyer Self-Conforming Derby at $3

is a notable example of our success in getting hats somewhat better than are usually sold at this price.

It is a clear deep black that will not turn rusty. It is of a fine glossy felt, and it has the very best of finishing and trimmings. Also it is truly flexible—will conform to the shape of the head almost as readily as a soft hat.

GEORGE W. JONES

KNIGHTS WON BY NARROW MARGIN

Temperance Society Gave Them a Good Run

IN ALL THE GAMES

The main sporting event in West Quincy Thursday evening was the club tournament between St. Mary's C. T. A. & M. R. Society and Ave Maria Council, Knights of Columbus. The Knights won 11 to 7.

Most of the participants are members of both organizations and the playoff was the first of a series that is planned. The interest up to the close was keen since two points less the Knights would have meant a tie finish at 9 apiece.

The Knights made their points as follows: pool 2, billards 1, checkers 4 whist 2, Forty five 1, hand ball 1. The Society scored billiards 1, whist 1, cribbage 1, and bowling four.

The entire lower floor of the hall was devoted to the playoff. A large gallery witnessed the sport. As each team succeeded in nosing out a win there was an outburst of applause from their rooters.

The tournament resulted as follows:

In pool Edward Desmond of the Knights beat John J. Buckley, 100 to 93 and Angela Bizzazero of the Knights beat John aley, 100 to 87.

In billiards, Thomas J. Shortle, of the Knights beat P. Kelly, 100 to 84 and Michael Kiley of the Society beat John J. King, 100 to 81.

In checkers, Napoleon Grignon of the Knights beat J. Fitzgerald, 2 wins and one draw. McLaughlin of the Knights beat Shevlin 2 wins and one draw.

In cribbage Sweeney and Ross of the Society beat McDonald and O'Dowd, 6 to 0.

In 45 Duane and Reardon of the society beat M. Crowley and D. Corcoran 5 to 0.

In hand ball John and Thomas McLaughlin of the Knights beat Buckley and O'Brien, 1 up.

In bowling St. Mary's beat the Knights, 4 to 0. Welch of the society rolled high single of 100.

In whist Ryan and Morresette of the society scored 5 up, Owen and O'Toole of the Knights made 2 up and Minihan and McAuliffe scored 4 up. The following teams did not score: T. O'Brine and A. Bizzozero of the Knights and Elcock and McPherson, D. Ford and A. Amet of the Society.

PROPOSALS WANTED.

Sealed Proposals, stating price per page, are hereby invited for furnishing, printing and delivering to the City of Quincy, 900 copies of the City Report of 1912—800 copies to be in paper covers, and 100 copies to be bound in cloth.

First quality 60 pound paper to be used, samples to be furnished by the City Clerk. The books are to be delivered within eight weeks after the contract is awarded.

Proposals should be marked on the outside of the envelopes "Proposals for City Reports" and will be received in the City Clerk's office until twelve o'clock M., March 18, 1913.

All bidders will be required to conform to the provisions of Chap. 517, of the Acts of 1906, or any amendments thereof.

The right is reserved to reject any or all bids.

EUGENE R. STONE, Mayor.
Quincy, March 11, 1913.
12-3t

BRIEFS

The Town River Yacht Club is to hold a whist party at the clubhouse Monday night.

Ex-Mayor William T. Shea who has been in the south for a number of weeks is expected home tomorrow.

A. F. Wilscher and family have moved from Bedford street to Arnold street, they having recently purchased a new house.

Miss Helen Connors of South Walnut street, who was operated upon at the Quincy City Hospital, is fairly comfortable.

Miss Hazel Dewhurst of Maple street who was taken suddenly ill, the first of the week has been removed to the City Hospital.

The Auditorium Theatre has a big vaudeville night in preparation, and advertise for amateur acts for which prizes will be given.

L. C. Hewson of Newcomb place has returned from a ten days business trip to Chicago and other western states and reports business on the increase.

WHIST AT MONTCLAIR.

The regular whist party of Montclair Improvement association, at the Community house, Thursday evening, attracted a large number. The highest scores were made by John Pope, Mr. Hill, Mrs. Hayden and Mrs. James Ross. At the close of play refreshments of ice cream, cake and coffee were served and a social hour enjoyed The party was under the direction of Joseph McCabe and Frank Sherman.

WILL ATTEND CHURCH.

Div. 5, A. O. H., will attend communion in a body at St. John's church, Sunday morning, and Div. 17, will attend communion at the Church of the Sacred Heart, Atlantic.

TIRE INVENTOR F. E. HALL DEAD

Death Came Just Two Years After That of His Wife

Frank E. Hall, a resident of Wollaston, and the man who invented the sectional automobile tire, died this morning at the old Quincy mansion, Muirhead street, after a lingering illness. He was 60 years of age and leaves two sons, Harry who is in the rubber manufacturing business at Portland, Oregon, and Stanley, who is connected with the Kelly Springfield Power Co.

Mr. Hall devoted his energy to rubber manufacturing from his boyhood. Of an experimental turn of mind he perfected improvements on many processes. About six years ago he was granted his tire patent, and has since been conducting a small establishment on Gould street, Wollaston.

Mr. Hall died exactly two years after the death of his wife. He was a member of the Squantum Yacht club.

PRESIDENCY SITUATION

(Continued from Page One.)

Quincy, Mass., March 19,1913.
Mr. Emery L. Crane,
City Clerk, City of Quincy,
Dear Sir:—

You are hereby notified, that at a regular meeting of the City Council, held this evening, Charles M. Bryant, orally, resigned the office of President of the City Council, and that subsequently, Charles M. Bryant was elected President of the City Council, receiving 22 votes, all members of the City Council participating in the election.

Kindly be present at the next meeting of the City Council, Monday evening March 17, 1913 at 7.45 o'clock, to call the meeting to order, call the roll of members and administer the oath of officers to the President-elect.

Yours respectfully,
GEORGE T. MAGEE,
Clerk of Council.

According to the instructions given the City Clerk by the City Solicitor, it is his duty to appear at the Council meeting next Monday evening and call the meeting to order. He will then call the roll of the Council and a quorum being present will call upon the President-elect to come forward and be sworn in. Should the President-elect decline to accept the office it will be the duty of the City Clerk to immediately order a roll call for President. No other business will be in order until a President has been elected and sworn in and no motion can be entertained, except a motion to adjourn.

While President-elect Charles M. Bryant has not public stated that he will not accept the position, it is reported that he will stick to his declaration to take his seat upon the floor of the Council.

SUNDAY SCHOOL LEAGUE.

The First Presbyterian Sunday school team will meet the Christ church team in their second game in the Quincy Sunday school basket ball league this evening at 7 o'clock, in the Y. M. C. A. gymnasium. There is a keen rivalry between these teams and a hotly contested game is expected.

DOG MAY DEFEND ITSELF

Has Right to Bite to Avoid Being Punished, Declares a Jury

Milwaukee, March 14.—A jury in Judge Backus' court decided that "Bruno," a dog owned by John Cirla, acted in self-defense when he bit Joseph Brunk, Cirla's neighbor.

After the jury had been called, Frank I. Fawcetts announced that the defendant would plead self-defense; that Brunk had attacked Bruno, who was compelled to bite to save himself from being severely punished.

"Do you believe a dog has a right to defend himself from attack?" all the jurors were asked. Each one answered in the affirmative.

BILL GOES IN AS HE GOES OUT

Favorable Report on McDevitt's Bill The Day He is Suspended

The bill presented by Senator John J. McDevitt, who was suspended from the Senate yesterday, providing that all granite used in the construction of public buildings in the Commonwealth shall be dressed or finished within the Commonwealth was given a favorable report yesterday by the committee on labor.

FIRST PARISH CLUB.

The March meeting of the First Parish club will be held Tuesday evening in the chapel of the First church. As usual the members will assemble at 6 o'clock and dinner will be served at 6.30. The speaker for the evening will be George B. Dexter of Brookline whose subject will be "North Africa and the Desert." The talk will be illustrated with some of Mr. Dexter's colored lantern slides.

Charles Sumner Bird Progressive candidate for Governor, will be the speaker at the April meeting.

MEMORIAL SERVICE.

Quincy Lodge, Loyal Order of Moose plan a big Memorial service for deceased members of the order, in the near future. If possible and arrangements can be completed it will be held, Sunday, March 30, and if not on that date as early thereafter as possible. One of the local theatres will be engaged for the occasion. A diligent committee is now at work completing the arrangements for the service, consisting of, Dictator Albert J. Williams, Dictator-elect James A. Daley, Carl W. Weixler, Walter F. Carmen, Joseph E. Halter, Isaac Sussman, Samuel Castleman, Henry Biganess, Charles McCombe, John Heffernan, Silas Perkins, Richard Buckley, Frank W. Sampson and Ernest Wilding.

ENJOYABLE WHIST.

The whist party given by the G. L. Gill Rebekah club in I. O. O. F. hall Thursday afternoon was largely attended and a general good time enjoyed by all. The souveniers were awarded to M. Lizzie Furnald 58, Mrs. Emma Marnock, 55, Mrs. E. Sprowl 50, Mrs. W. R. Thomas, 52, Mrs. Poland, 49 and consolation to Mrs. W. E. Westland, 23.

MILTON.

Geoffery C. Whitney of Milton and Boston and Alice Cornelia Thaw, known as Mrs. Copley Thaw since her divorce from the Earl of Yarmouth, wi'l be married at Cumberland Island, Ga., April 22.

BOSTON AUTOMOBILE SHOW.

The Boston Automobile Show is now conceded by everyone who is "in the know" to be the greatest and most beautiful exhibition of its kind ever seen. It far surpasses anything attempted and after one has had the pleasure of taking in the beauties of the "Hanging Gardens of Babylon" as represented in grand hall and "A Garden of a Century Ago" as represented in exhibition hall, he is willing to agree that it is the greatest spectacle he has ever seen.

The exhibitors have vied with one another in the matter of providing handsome samples of their work and attentive and expert men to explain everything pertaining to their exhibit so that the ordinary layman may thoroughly understand each and every detail. It hardly seems possible that the automobile of 1913 can be improved on as every convenience possible seems to be provided for. The car of 1302 is a laughable object when seen along-side the finished and highly serviceable car of 1913.

Chester I. Campbell and his corps of assistants are to be congratulated on the magnificent arrangement of the Mechanic's building, the despair of decorators, transforming it from bare and barren halls into a great and beautiful garden.

Wednesday, "Society Day" proved to be a magnificent affair. Society was out in full force and the handsome gowns and hats worn by the beautiful women who attended, added to the already magnificent setting of the exhibits. The Governor with his staff the Mayor and the various city officials, and out of town dignitaries were in evidence. Saturday ends the pleasure car section. "A truck for every purpose and a purpose for every truck" will be fully demonstrated when the truck section opens, Mar 19 for one week, to March 26 excepting Sunday.

QUINCY TEAM IN OLD FORM

Administer Drubbing to St. Alphonsus Five

SECOND'S 15TH STRAIGHT

Both Quincy A. A.teams defeated the St. Alphonsus teams in a Greater Boston League game at St. Mary's hall Thursday evening.

The champion first team won 45 to 29 after a sensational finish. The champion second team won their 15 consecutive game, having defeats registered against them. The score was 41 to 23.

Both games were fast and spectacular. Capt. Chapman of the second team was back in the game after an absence of three weeks through illness. It was he who started the scoring for his team by shooting a hair-raising basket. He made six in the game, only one being a simple toss. The others were the kind that set the gallery cheering.

The first half of the junior team game was the fastest and prettiest exhibition of basket ball ever seen in the hall.

In the first team game St. Alphonsus was leading at the close of the first period, 19 to 15. When the second half commenced they immediately started scoring again. The champions however got together, passed covered and climbed 30 points while they were making 10.

J. O'Rourke made eight and Dan Duggan made nine baskets.

The last game is Saturday night when the champions play St. Alphonsus at Roxbury. An attempt will be made to register a defeat against the Quincy boys, the clean slate of the second team being the target. A fast and speedy contest is looked for and many local boys will attend. The summaries.

NO WHITE SLAVERY

Governor Says Prohibitory Law Is Maine's Moral Problem

Augusta, Me., March 14.—Maine's moral problem is with "the so-called prohibitory law," and not "white slavery," Governor Haines said in a letter replying to the suggestion of Lieutenant Governor O'Hara of Illinois that state vice investigating commissions be appointed.

Concerning the "white slave" traffic, Haines wrote:

"I have no information that anything of the kind is going on in Maine. We have no large cities and my attention has not been cabled to this matter by any particular organization devoted to the improvement of moral conditions within our state. Our moral problem is with the so-called prohibitory law."

Surgeon Left Scissors In Stomach

Berlin, March 14.—When Gottfried Moltkau complained of pains in his stomach several months after an operation for appendicitis, an X-ray examination showed a pair of scissors left in him by the surgeon.

DECISION IS UPHELD

Druggists Must Label Medicine Containing Alcohol and Morphine

Cincinnati, March 14.—The United States circuit court of appeals, in upholding a decision of the United States district court, held that the failure of a drug concern to indicate that bottles of a so-called drug cure contained alcohol and morphine constituted misbranding and mislabeling.

The action was against the J. L. Stephens company of Lebanon, O. Counsel for the company contended that it was necessary in effecting a cure that the patient be not permitted to know the ingredients of the medicine.

HIGH SCHOOL BASE BALLISTS

Many Candidates Who Aspire to the Team

SEASON'S SCHEDULE

Many candidates reported to Captain Edwin Brown of the Quincy High school base ball team at Merrymount park Wednesday afternoon. A fast nine will probably develop. The schedule is as follows:

April 16—Needham High at Quincy.
18—Rockland High at Quincy.
23—Newton High at Newton.
25—Hingham High at Quincy.
May 2—Thayer Academy at Quincy.
6—Milton High at Milton.
8—Weymouth High at Quincy.
13—Melrose at Quincy.
16—Open.
21—Rindge Manual at Quincy.
23—Cambridge Latin at Cambridge.
27—Open.
29—Haverhill at Quincy.
June 3—Weymouth High at Weymouth
6—Milton High at Quincy.
10—Brockton High at Quincy.
13—Rockland High at Rockland

BRADY AMONG TOP NOTCHERS

His Play on Southern Links Highly Commended

WILL PLAY IN ENGLAND

None of the professional golfers who have been in the South playing for purses in North Carolina, South Carolina, Georgia and Florida has attracted more interest than Michael J. Brady, of the Wollaston club who has become one of the world's best players.

Critics of style have pronounced the form of Brady as being as near an approach to the ideal as can be attained by any golfer following universal principles as applied to the strokes Above all, he is a natural golfer, yet able to pick up points with an open mind from any of the great players of the game.

In the tournaments Brady has been well up and as near the winner as is necessary to show that he is as good as any player on the courses on which the competitions have been held

Performances by both Brady and McNamara illustrate that Massachusetts golfers in subscribing to a fund to send these home-born and home-developed golfers to Hoylake to play in the open championship of Great Britain and later to take part in an international team match with France, have made no mistake.

M. J. Brady, because of his quiet and courteous manner and his excellent play in excellent style, has become a great favorite with the galleries in the South, which have followed the tournaments in such unusual size.

John D. Rockefeller was not the only wealthy sojourner in the South to whisper words of commendation and encouragement to this quiet youth.

CARD OF THANKS.

Mrs. L. C. Turner, son and daughter wish to thank their many friends for the beautiful floral tributes as well as sympathy in their recent great and sudden bereavement.

Mrs. A. F. MacWilliam.
Quincy, Mar. 14 1t

DEATHS

William Norrie was fined $3 costs for drunkenness at Quincy.

—Holbrook shoeworkers are against the use of a time clock. So are most of the rest of us who work for a living. Also, there never was much popularity surounding the morning alarm clock.—Brockton Enterprise.

THE QUINCY DAILY LEDGER

LARGEST **GUARANTEED** CIRCULATION IN THE CITY

Vol. 28 No. 63 QUINCY, MASS., SATURDAY EVENING, MARCH 15, 1913 PRICE TWO CENTS

REVERENCE IS DECLINING

Rev. Mr. Hudson Points Out Shortcomings of the Day

TO Y. M. C. A. Auxiliary

The Woman's Auxiliary, connected with the Y. M. C. A. held its regular meeting, Friday afternoon at the Association rooms, Mrs. Edwin I. Beal, the president in the chair.

Mrs. I. W. Sneath conducted the devotional exercises, and after the disposal of business Mrs. Beal introduced the speaker of the afternoon, Rev. Adelbert Lathrop Hudson pastor of First church.

Mr. Hudson said "I hardly know what subject to talk upon, so many subjects have been discussed and so many interesting and splendid works are being done for the advancement of humanity it seems almost as if the millenium was at hand, but when you compare the children of today with those of the past generation, we have to face this problem, the Decline of Reverence and that is what I will speak upon.

"Children were formerly brought up to be obedient, respectful, polite and reverent, but the present generation shows that reverence has suffered a decline. In spite of our new, modern psychology, a decline in reverence is found all along the lines, decline in church attendance, decline in religion 'As the twig is bent, so is the tree inclined.' We should and must restore this fundamental state which was and is our refuge, our strength and inspiration.

"Shall we go to church today? This question is often asked. It was formerly a part of life. Church attendance was a part of living.

"This round earth of ours has passed through more progress, more spiritual unrest, and in keeping up with material progress, a cruder form of culture has crept in, and it depends on fathers and mothers chiefly to teach this conception of God, absolute and omnipotent, and to restore the spirit of reverence. I am not pessimistic, we are not going to the dogs. In olden times, we had the family altar. It was our habitual custom, we never thought of going about our daily tasks and duties without the asking of Divine help. I realize the family altar as Gods adaption, absolute. The disregard of it, is conducive to irreverence.

"Children should be taught to read the Bible. I do not mean to begin it and read it through, but read passages and commit them to memory. The Bible is a neglected book. It is a store house of religious life, inspired by prophets and seers. If it were unearthed today the whole world would exclaim. It would be called wonderful, its utterances of a higher thought and its classic literature. If these young people would only read and study it, concentrate their minds upon it, the new standard would be brought to them and the best attained.

"The Lord is my Shepherd, I shall not want. Thy will be done," are to us a record of life's experiences. Let parents unite with their children in repeating passages of scripture, and committing them to memory, they will always stay by them. This life we lead attending to reforms, clubs, etc, is drifting us towards chaos. Start with the child, and have the Bible in the home.

"All the reforms put together are not so important as these old fashioned virtues of obedience, respect and reverence. Modern culture is absolutely worthless without faith in God and reverence for things Divine."

Refreshments were served Mrs. Louis LaRose, the hostess, presiding at the punch bowl. Mrs. Wm. Hodgkinson, Mrs. A. F. Bromley and Mrs. Edwin I. Beal assisting in serving.

BILLY LESLIE PROMINENT

In the Contest For the Spanish War Veterans' Bill

COMPROMISE EFFECTED

(Special to the Ledger)

Representative William J. Leslie, of Quincy has taken up the battle of the Spanish War veterans in their fight to convince the legislature that they should be given a certain gratuity, or recognition of their services to the country, in the form of an additional five per cent in any civil service examination which they may take and pass.

The first skirmish of this year took place, Friday before the committee on Public Service. The opponents of the cause of the bill always produced some evidence to show that Colonel Theodore Roosevelt favored their side Representative Leslie produced a letter signed by the colonel himself. in which he denied a quotation with which he is credited.

Mr. Leslie claimed that the most unscrupulous methods in the way of circulating and advertising against the bill had been used by those who wanted it defeated. The opponents styled such a measure "class legislation," a thing avoided by the legislature, and that the bill included provision not only for appointments but for promotions, where the extra five per cent would be tacked onto the applicant's examination marks. This, they said, was manifestly unfair to others in the service.

It was agreed by the Veterans that the clause pertaining to promotions should be eliminated. Both sides claimed victory and the result will undoubtedly be another red-hot battle on the floor of the House of the Representatives.

NOT A HORSE BUT WASTE CAN

For the Reception of Banana Skins and Kindred

AT FIELDS SCHOOL

To have, or not to have a waste can, that was the question: whether 'twere better in the main to suffer the sight of papers and banana skins, or to take action 'gainst these grievous troubles and by waste can end them?

The purchase of a waste can for the school yard was the subject of a spirited discussion at the meeting of the Parents' and Teachers' Association of the Massachusetts Fields school, Friday evening.

The recommendation of the president Sidney J. Smith that the Association purchase such an article started the discussion.

Mr. Fleischman objected on the ground that a big city like Quincy ought to be able to afford it without the parents of the children digging down in their pockets.

Someone else asked the difference between a waste can and a garbage can. The president replied it was simply that the former sounded better.

Daniel Miller objected to the purchase of a can. He never saw anything around the school to put in it. If one was installed the boys would come along, tip over the can and scatter the papers and waste all over the place.

Discussion was set at rest by a motion from Principal David H. Goodspeed that the president be appointed a committee of one to request suitable provision from the Commissioner of Public Works.

The singing of old time melodies by a quartette consisting of Raymond Fowler, Clifford Bean, Archibald Briggs and Charles Wade, with Carl Fowler as accompanist was much enjoyed.

Rev. Isaiah W. Sneath of Wollaston gave a very entertaining lecture entitled "A trolley trip through Pennsylvania."

Philadelphia and its surroundings, the fertile Pennsylvania valleys and its people, coal and iron mines, slate quarries, Pittsburg the smoky city and many other points of interest were touched upon.

Mr. Sneath closed his lecture with a Pennsylvania fairy tale that brought the house down with laughter.

Mrs. William E. Rowe of Wollaston spoke so interestingly on the Mothers Congress that the Association voted to join. Piano solos by Mrs. O. D. Allen were enjoyed and the evening closed with "America."

The following hospitality committee for the April meeting was appointed: Mrs. Daniel Miller, Mrs. H. D. Fowler, Mrs. George Allen, Mrs. Wilbert Morsman, Mrs. L. H. Payne, Mrs. Wiley, Mrs. Ellis McTear, Mrs. John Stuart, Mrs. Hallett, Mrs. David H. Goodspeed, Mrs. A. G. Baker, Mrs. Thomas Musgrave, Mrs. Fred Maxwell, Miss Annie Bennett, Miss Lillian Waterhouse, Miss Martha Jenkins.

President Smith appointed the following as a reception committee: Mrs. S. J. Ripley, Mrs. Douglas Wetmore, Mrs. S. J. Smith, David H. Goodspeed.

MRS. DORR DEAD.

Mrs. Anna J. Dorr, widow of Samuel Dorr passed away at the home of her daughter, Mrs. Charles P. Loring at 50 Lincoln avenue this morning, aged 78 years.

QUARTERLY CONFERENCE

Shows Wollaston Methodist Church in Good Shape

PASTOR REELECTED

COMMISSIONERS RECOMMEND TURNOUTS ON HOUGHS NECK LINE

Increase of Traffic Makes Such a Course by the Street Railway Necessary

Suggested That the Additions Be Installed This Spring or Summer

(Special to the Ledger.)

State House, March 15. The Board of Railroad Commissioners today issued the following statement regarding the petition of residents of Houghs Neck referring to better facilities for street railways.

"Upon the petition and after a public hearing the Board is of the opinion that traffic on the Houghs Neck line has increased to such an extent that the installation of additional turnouts and signals is necessary in order to facilitate the better operation of car.

"We therefore, recommend that the Bay State Street Railway Co., make application to the proper authorities of the City of Quincy for the necessary locations, and, if secured, that in the spring or early summer of 1913, turnouts and signals be installed on the line of the company in that city as follows:—(1) On Coddington street or Sea street, near the junction of Valley street; (2) about midway on single track between the church siding and junction of Shelton road and Sea street."

PALM SUNDAY.

Palm Sunday will be generally observed in the churches of the city tomorrow.

At the Christ church the palm will be blessed at the early service and distributed to the congregation throughout the day.

In the Catholic churchs the blessing of the palm will precede the celebration of the first mass. The distribution will be made at all services.

POISON SALES LOOKED INTO

Druggists' Record Books Examined By Detectivas

ON THE EATON CASE

State detectives were in town Friday visiting every drug store in the city inspecting the book registering the sale of poisons. They were looking, up thes ale of arsenic in connection with the death of Admiral Eaton. It is not known what they found. They informed one druggist that they were visiting every drug store along the South Shore between Boston and Cohasset.

PAINTERS ORGANIZED.

Application for a charter has been made to the National Master Painters and Decorators by 11 men who have formed a Quincy branch. A meeting was held at the home of George A. Tripp Thursday evening. George H. Fisher was elected president and George A. Tripp, secretary-treasurer.

EDITORIAL COMMENT.

The legislature is making some progress in the direct vote for senator direction, and it is to be hoped that the body will not adjourn as did last year's and leave the most important thing undone.

Mayor Fitzgerald says speaker Cushing is a log-roller. That is a cap that might fit the accuser as well as the accused.

It is a waste of time for states to consider minimum wages for girls. If any movement in this line is to be successfully accomplished, it should be a National measure.

Champ Clark is to address the Massachusetts legislature Monday and may be prevailed upon to tell some inside secrets of the Baltimore convention and how things are at present progressing in Washington under the direction of friend Jennings.

Dime novel writers complain that they have been pushed out of business by the moving picture shows. Here is a splendid chance for the latter to improve materially upon the former.

Will the wireless telephone mean the passing of that sweet voiced and sweet tempered creature the telephone girl?

The long arm of the law has reached to far China for the Arson trust. Once it is started in the right direction there is no checking it.

Gertrude Atherton says that women are too economical to be politicians. Evidently Gertrude doesn't know how economical the Democrats are now.

This year will be notable, among other things, for a 100 per cent. increase in the number of our ex-presidents.

Occasionally a woman who has a fine collection of porcelain shows it every time she smiles.

The man who comes into your office and makes himself at home isn't necessarily a self made man.

There are some men who can always find time for pleasure, but their duties are neglected for want of time.

Not for a long time has the country owned so brilliant a galaxy of ex-presidents as it now possesses.

LIMITING THE SIZE.

The New York Yacht Club is coming in for a vast amount of gratuitous adverse criticism by those wonderfully fair people in sports because of the rejection of the challenge of Sir Thomas Lipton for another race for the America cup. The challenge is to restrict a boat to 75 feet low water line. The deed of gift provides that boats may be from 65 to 90 feet. Now considering all the scandal there has been about sportsman-like conditions, and the attitude of many of those self same critics of the yacht club in shielding, technically perhaps violators of the first rules of fair sportsmanship, there is little ground for assailing the New York Yacht Club. The club is perfectly within its rights in declining to accept the conditional challenge. If the conditions, rules and regulations governing the contest for this blue ribbon of the sea, were to be changed to meet the fancy of every challenger, it would lead to some confusion, and eventually there would be nothing to prevent a nip here and a nip there reducing the contest to toy boats.

THE DEADLOCK BROKEN.

After a deadlock lasting for more than nine weeks, during which much valuable time was wasted by the New Hampshire legisalture in balloting to elect a United States senator the atmosphere has been cleared by the election of Henry F. Hollis, a Democrat. That the selection was influenced by the fact of a Democratic administration is a matter of reasonable certainty. That the deadlock has added another state which will be glad to throw off the yoke of electing United States Senators by the legislautre is a foregone conclusion. That the new senator is an able man is conceded. But the fact remains if conditions were reversed, and a Republican government was in power in Washington, that the legislature would have been just as quick to feel its influences and turned over another Republican vote in the upper national house. New Hampshire has nothing to be proud of in the long drawn out battle, but that the people will attend to the case of the legislators the next election is quite certain.

WORLD OF DEMOCRACIES.

Slowly but surely the movement is tending towards an establishment of a world of democracies. In the past, such government was only accomplishment by blood shed, hardships and privations, brought on by war, revolution. The trend of the times seems to be productive of a more peaceful evolution to that condition. The war of the Revolution produced this great country. The French Revolution gave to Europe that prosperous republic of the present day, but the cost in blood was an awful summing up. Minor movements have resulted in similar governments as the result of the enlightenment of the present age. China's transformation, from an absolute monarchy to a Republic in almost a night, was one of the wonders of the world. The flow of blood so far, as it is known outside that realm was not so great, or the sufferings and sacrifices so stupendous as in the other instances.

England is engaged in a movement which will eventually eliminate that hereditary body known as the House of Lords. Already the powers of that body have been reduced. With the absolute removal of the vested right of those people to hold places by custom, tradition and hereditary conditions, a long stride is made in England towards more Democratic conditions, and after that the natural result will surely come along in time.

Naturally in England where the monarchy is limited and the people have the privileges granted them under the Magna Charta, there may not be that unrest against present conditions, or that strong opposing sentiment to monarchy or royalty, as there is naturally in some other countries. But that it will eventually come is quite certain.

It will probably be a long time coming, but the historian of the future it is believed will have a chance to write of the conferences of the Democracies of the world, just as today they have to chronicle affairs and negotiations about mixed governments.

DOES IT PAY.

Hazing in colleges is an institution probably as old as the colleges themselves. In the diqerent seats of learning it assumes different forms. In some it borders on the brutal and there have been instances when death has resulted from the practice. Four boys of the State University of North Carolina, find themselves facing a charge of manslaughter because the victim of their mirth died. The victim was forced to dance on a barrel and when the barrel overturned he fell and cut his throat. It was all in fun. The boys did not intend any such fatal end to their undertaking, but who can guard against accidents. Even if those boys should escape with light punishment, their consciences will be some torture to them for some time to come.

There is another kind of hazing, which is milder and in no may harmful, but that it is absurd and ridiculous every one will agree and that is the silly stunts that candidates for entrance to the college societies have to engage in to warrant their acceptance. On the whole when the seriousness of one and the silliness of the other situation is brought home to students, the question that presents itself is does it pay?

ANOTHER VIEW.

Senator McDevitt of Quincy presents a pitiful figure. He has been punished enough—and so has Quincy for its mistake in sending him to the Senate. He should retire from public life—even as he hurriedly retired from the State House yesterday afternoon before President Greenwood could administer the reprimand called for by the resolutions adopted by the Senate—and solemnly resolve never to talk again unless he has something to say. Quincy should also make a new resolution as to the character of its representation on Beacon Hill.

The Massachusetts Legislature has demonstrated its ability to deal promptly and effertively with a member who makes baseless charges against the characters of his fellow-members. It is a pity that all those who assail men in public life with no more foundation than mere rumor, suspicion or desire to gain notoriety, cannot be punished and shown up in similar fashion.—Boston Herald.

JOSIAH QUINCY.

Quincy Man Cleared of Fraud Charge.

QUINCY IS ACQUITTED

Hawthorne and Others Guilty of Fraudulent Use of the Mails

New York, March 15.—The Hawthorne mining trial, which has dragged along nearly four months before a jury in the federal court here, came to a close with the conviction of three of the defendants, Julian Hawthorne, William J. Morton and Albert Freeman, and the acquittal of Josiah Quincy, twice mayor of Boston and assistant secretary of state during the Cleveland administration.

Hawthorne, Morton and Freeman were found guilty of making fraudulent use of the mails in selling stock in the exploitation of Canadian ore claims. The jury was out twenty-seven hours.

Judge Mayer sentenced Freeman to five years in the federal penitentiary at Atlanta. Hawthorne and Morton were sentenced each to one year and one day at Atlanta.

BRAINTREE

There will be a bridge party at the Cochato club next Monday afternoon at 2.30 o'clock.

The members of the Clover bridge whist club were entertained Thursday afternon by Mrs. George W. Caldwell of Vine street.

Letters remain in post office for Mrs. Annie L. Frisbee, K. L. Jones, Miss Ida Middlemas and Mrs. Thomas Thorndike.

The F. W. H. D. club met Monday evening with Mr. and Mrs. C. H. Ferguson, Academy street. Whist was enjoyed, John B. Dyer having highest score. Refreshments were served.

Mrs. James Singleton, of Harrison avenue, returned Monday, after spending a most delightful six weeks' with her sister, Mrs. Walter S. Lefavour, of Newark, N. J., formerly of Braintree.

Mr. W. R. Page of the Vacuum Oil Co., Boston, is to build at once a new house on Cedar street. F. Edgar Norris is the architect and J. C. Johnson of North Easton, has the contract. Mr. W. S. Levangie is excavating for the cellar.

There will be a regular meeting of the Executive committee of the Improvement association at the Cochato club, Tuesday evening, March 18, at 7.45 o'clock to which all citizens are invited. The special topic will be the improvement of the grounds of the Hollis school and field, by tree planting, etc.

The members of the Wednesday club met last Wednesday evening with Mrs. William O'Connor of Vine street, Weymouth. Whist was enjoyed. The souvenirs were secured by Mrs. Fred Bennett of Braintree, Mrs. William O'Connor and Mrs. Morris Daly of Weymouth. A pleasant evening was the verdict of all present.

Miss Josephine Lang the pianoforte teacher entertained her pupils Friday afternoon, March 14 at the home of Mr. and Mrs. F. J. Heap, 127 Middle street, whose daughter Edith is one of the pupils. It was an afternoon of musical games interspersed with ensemble music. At the close of the exercises, ice cream and cake were served. The place cards were unique and along musical lines. The affair was full of interest from beginning to end and all agreed that a pleasing and instructive afternoon was spent. Among those present were Marion Cass, Eleanor Prescott, H. Louise Prescott, Louise Bower, Edith Heap, Ralph Heap, Frank Heap, Ralph Hollis, Arthur Bower and Mr. and Mrs. H. F. Arnold.

READ LEDGER ADVS.

Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:
100 Per Cent. Digested

Bread made with phosphate powder:
68¼ Per Cent. Digested

Bread made with alum powder:
67¾ Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

SOUTH BRAINTREE

Friends of Mrs. Charles C. Mellen are sorry to learn that she is suffering with erysipelas.

Mr. and Mrs. Manton Mills of Taylor street have returned from a visit with relatives in Littleton.

Harry S. Snow of Washington is making an extended business trip through New Hampshire and Vermont.

The friends of Mrs. Schrader of Liberty street are sorry to learn of her illness which confines her to her home.

Mrs. H. S. Hill of Academy street is making an extended visit with friends in Attleboro where she formerly resided.

Mrs. Robert Wylie, who is spending the winter months in Roxbury was in town the early part of the week calling on friends.

Because of the measle epidemic the Pond street school was closed this week and will not reopen until Monday, March 24th.

Mrs. Nesham Poobenian of Hobart avenue is receiving treatment at the Charlesgate hospital, Cambridge. She is reported to be doing well.

Tuesday evening, Miss Nellie Porter and Norton Potter entertained e members of the Evening whist club at their home on Tremont street. Souvenirs were secured by Mrs. Louis W. Thayer, Mrs. G. V. Pennock, Edward Stone and Stafford S. Bridgham.

Cards received from Mrs. Margaret Dennehy Leary of Brockton tell of her presence at the inauguration exercises at Washington when for the past two weeks she together with her sister Mrs. Mary Cunningham of New York were guests of the son and nephew who holds a government position there.

At the regular meeting of the Braintree Catholic Women's club last Monday evening there was a large attendance of members and the entertainment was of a literary nature entitled "A Night with Tom Moore." A sketch of the life of this famous Irish poet was read by Miss Marguerite Murphy and some of his songs were rendered by Miss Kelley. Moore's famous poem "Lalla Rookh" was read by Miss Josephine B. Colbert.

Friday evening, members of Senior Middle class at Thayer academy held one of their enjoyable dancing parties in the White gymnasium. The party was in charge of the class officers: president—Nathan McClure; vice president—Miss Almira Fuller; secretary—Miss Grace Moulton; treasurer—John Bridgham. There was the usual attendance of young people as well as the parents of the pupils. The members of the faculty were present. Music by a Boston orchestra was enjoyed. The proceeds of the occasion will be added to the treasury for future class expenses.

SOUTH BRAINTREE

The regular monthly meeting of Div. 13 Ladies Auxiliary to the A. O. H. will be held next Monday evening at 8 o'clock in K. of C. hall.

Mrs. Harry Chessman of Boston is the week-end guest of Mrs. Harry S. Snow of Washington street. Mrs. Snow is also entertaining her little neice, Miss Marietta Howland of Rockland.

Mrs. Richard M. Sanborn of Crescent avenue entertained the members of the W. R. C. at her home Wednesday afternoon. The ladies were engaged in making the final preparations for their sale.

The members of the Woman's Relief Corps are planning to have a sale and interesting entertainment in G. A. R. hall, Monday evening. They will have fancy articles, ice cream and home-made candy for sale.

The annual inspection of Antietam Camp No. 32, S. of V., was held in G A. R. hall, Tuesday evening. Past Commander H. E. D. Gould of Col. Abner B. Packard Camp No. 95 of Quincy was the inspecting officer.

Next Monday evening the members of Braintree grange are to hold a special meeting in I. O. O. F. hall at eight o'clock. The first and second degrees will be worked on candidates. All members are requested to be present.

COCHATO CLUB.

At the annual meeting of the Cochato club on Tuesday evening there was a large attendance. It was voted to amend the by-laws to take in honorary resident members, also to have the president serve two consecutive years only. Two new members have been added to the list, Miss Lena Paul of the High school and Dr. A. R. Gould. The club now has over 300 members. An interesting report was given by Judge A. E. Avery for the executive committee. Mr. W. A. McKean's report, as treasurer, indicates that the club is in a prosperous condition. His total receipts amounted to $4,353.55 from March 1, 1912, to March 1, 1913. Ballots were cast for treasurer, secretary and an executive committee of fifteen. William A. McKean was reelected treasurer and F. Edgar Norris, secretary. The executive committee are as follows: Albert E. Avery, Frank H. Dearing, Albion C. Drinkwater, Edwin L. Emerson, Harold M. Gage, George H. Hamblett, Aubrey Hilliard, Atherton N. Hunt, Gordon M. Keating, Herbert F. Kneeland, Harry P. Readmon, Frank H. Waters, George H. Weatherbee, George E. Williams, George S. Young.

There will be a meeting of the executive committee this Saturday evening at which time a president will be elected to fill the vacancy caused by the death of George O. Wales.

EAST BRAINTREE

Mrs. G. W. Tinkham has returned from her visit with her daughter in Chicago.

Mrs. Atwood Stiteler and Mrs. Geo. Spielman of Commercial street, left Wednesday for Wilmington, Del.

Mrs. Annie T. Scollard and family of Hobart street, spent Sunday with her brother, William T. Shea of West Quincy.

Mrs. Minot Pratt with her little ones, of Cohasset is visiting her parents Mr. and Mrs. George Walsh of Elm Knoll road.

Mrs. Harry Parker of Elm Knoll road was in Baltimore and went to Washington on the day of President Wilson's inauguration.

Mrs. Harriet Knight of Sheppard avenue will celebrate her 90th birthday tomorrow. She is one of the oldest inhabitants of this town.

Franklin B. Taylor, principal of the Jonas Perkins school, delivered a very instructive illustrated lecture on Holland, to the teachers and pupils of grammar school, last Tuesday afternoon.

The Mission Circle of the Universalist church met Thursday with Mrs. Charles Clapp. After the business meeting, Rev. Rufus Dix gave an interesting talk on the poet Whittier. Delicious refreshments were served.

Mr. and Mrs. John A. Neal of Willard street have sold their fine new residence to John Vining of South Weymouth. Mr. Vining is a well-known architect and buys for a residence. He expects to move in with his family about April first.

Elmer Smith and daughter Alice of Front street, Weymouth, have the sympathies of all in their sudden bereavement. The loss of wife and mother. Mrs. Smith was well known here as Elvira Delano. She was a native of East Braintree and educated in her schools a daughter of the late John Delano.

Mrs. John B. Allen, formerly of Commercial street, celebrated her ninetieth birthday in Avon last Saturday. Those attending from Braintree were Mr. and Mrs. G. H. Arnold, Mr. and Mrs. Joseph M. Allen, Mr. William Allen, Mrs. Inez D. Merrill, Mrs. Harry F. Arnold, Mrs. George A. Arnold and Mrs. Eben Prescott.

INDIRECT RESULT OF NEGRO LYNCHING

Coatesville Loses Every One of Its Liquor Licenses

West Chester, Pa., March 15.—The borough of Coatesville has lost every one of its liquor licenses as an indirect result of the lynching of a negro there in August, 1911, for which crime no one has yet been punished.

Of fourteen prominent hotels and saloons in the county, eleven were yesterday ordered to close their bars at once, three being given a further hearing. The license and no-license forces have made daily trips from all over the county to the courthouse. The "no-license" crowd presented a protest signed by 11,500 of the 19,000 voters in the county and 14,000 women.

In fighting license in Coatesville, the burgess of the town said: "Coatesville dirtied her skirts some time ago when it lynched a negro. That lynching never would have occurred had it not been for rum. It was a whiskey-inflamed crowd which was responsible for that outrage."

* * *

Mr. and Mrs. Albert H. Hall of Faxon road Atlantic are in New York. Mr. Hall is going for business and Mrs. Hall to visit friends and relatives in New York and New Jersey.

* * *

Rev. and Mrs. H. Houghton Schumacher, nee Edith Louise Mather, who were married Monday afternoon in the Unitarian church, Iowa City, Iowa, when Mr. Schumacher is pastor, are to make their home at 215 Fairchild street in that city where they will be at home to their friends after May first.

* * *

Miss Jennie Howes of East Dennis, has been the guest for a few days of her sister Miss Sarah Howes, at the home of Mr. and Mrs. Alexander Kemp, Bennington street, South Quincy.

* * *

The Wednesday afternoon whist club met this week with Mrs. J. A. Lilly of Newbury avenue; a most enjoyable afternoon being spent. Souvenirs were awarded Mrs. Everett Swan, Mrs. Levy Howes, Mrs. John Burke, Miss Maud E. Read, and Mrs. Annie Turner. The next meeting will be with Mrs. Everett Swan, March 26.

* * *

Mrs. John M. Downes, formerly of Quincy, is one of the most active of a committee of prominent Hingham residents arranging for a charity ball to be given in Agricultural hall, Hingham, Friday evening March twenty-eighth. The affair is given to raise funds for the District Nursing Association. Several of Mrs. Downes Quincy friends plan to go down for the dance.

* * *

Mrs. John O. Fisher has returnd to her home at Wellsburg, West Virginia after a visit with her daughter Mrs. William H. Spooner of Waterston avenue.

Mrs. A. E. Beals of North Weymouth leaves today for a few weeks' trip to New Orleans.

* * *

The Quincy performance of the "Stymie" to be given by the Pi Eta Society of Harvard University at Music hall, Thursday April third is of unusual interest to Quincy people. Paul Blackmur and Jack Pfaffmann of this city are in the cast. Those who have heard the rehearsals say it is the best show the Pi Eta society has produced for many years.

* * *

Mr. and Mrs. James Chalmers Mitchell, 199 Beacon street, Somerville, announce the engagement of their daughter, Daisy Sanderson, to Ernest Walker Clark, 235 Middle street, Braintree.

* * *

Mrs. Constable, of New York, who will be remembered by her Quincy friends as Fannie Ellsworth, is the guest of her brother Dr. Samuel A. Ellsworth of Russell park.

* * *

Miss Rachel L. Hardwick of Spear street was one of the ushers at the annual "Klatsch Collegium" of the Gamma Delta Fraternity of Boston University. Friday evening. Miss Hardwick wore an American beauty messaline gown draped with chiffon, and Brussels lace.

CRUCIFIXION EASTER SUNDAY

Holy City Chorus to Assist Wollaston Church Quartet

Owing to the great demand for a repetition of the cantata of the "Holy City," which met with great success at the Wollaston Congregational church, Feb. 25, the music committee has decided to present Stainer's Crucifixion, Easter Sunday afternoon at 4 o'clock. The same chorus of forty voices under the direction of W. C. Rogers will assist the regular church quartet in the presentation.

TO EXEMPLIFY DEGREE.

The Blue and Gold degree will be exemplified on four candidates at the March 28 meeting of the Fore River Lodge, I. O. O. F. & M. U. Arrangements were made for the exemplification at a meeting in Protection hall Friday evening.

John Davidson was chosen treasurer in place of John Phillips who has moved from the state. Deputy Grand Master George Poch of Atlantic installed Treasurer Davidson. He also presented lodge emblems to Noble Grand William McClay, Elective Secretary John Bell and John Nimme for work performed for the advancement of the lodge during the past year.

It was reported that Andrew Crowe of Quincy was ill at Hartford, Conn., where he is employed.

Noble Grand William McClay and Past Noble Grand P. G. Hamilton will lead the degree team.

MARRIED IN BOSTON.

Miss Ida Hanninen of 1779 East Howard street and Niilo Vento, Jr. of 50 Smith street were married at Boston, March 5 by J. Alfred Anderson, J. P.,

Miss Elma Kukila of Arthur avenue and John Everet Hurmi of Arthur street were married at Boston March 7 by J. Alfred Anderson, J. P.

BETHANY CHURCH.

The Pleasant Sunday Evening Service will be of interest to young and old, to every one needing encouragement in the struggle of life. The song service will be inspiring, and the chorus will sing with their usual sweetness and power. The subject of the lecture will be "Poor Peter."

DIED TODAY.

Seerucio Solari died this morning at his home, 59 Columbia road, aged 55 years. He leaves a wife and family.

TEN CANDIDATES.

District Deputy Grand Patriarch, Edward Prouty of Rockland and suite conferred the Royal Purple degree on 10 candidates at Manet Encampment I. O. O. F. Friday evening. A luncheon was served by the members of George L. Gill Rebekah Lodge to over 150.

Pratt's Oat Bread
Made expressly for those who want good *nutrition.*
ALL GROCERS

WOODWARD ALUMNAE

Hold Mid-year Meeting. Proved Very Pleasant

The mid year meeting of the Woodward Institute Alumnae held at the school building Friday evening, proved as enjoyable event as any of the graduates have indulged in for a considerable time and all entered into the spirit of the occasion with a full appreciation of the program presented and the efforts of the committee to gratify the desires of all in attendance.

The business session was brief, because recreation is more in keeping with the wishes of those who attend this mid-year gathering. The president Mrs. Wade O. Shorter called the session to order. The reports of the secretary, Miss Mabel Lovejoy and the treasurer Miss Ethel Randall, were read and approved, and adjournment was made at 8.30 o'clock.

The entertainment which followed proved very delightful to all. There were two vocal solos by Miss Theresa Keating with Miss Frances Murray as accompanist. Then the grads were treated to a play presented by some of the fellow or rather girl grads.

The play was called Cicely's Cavalier and was written by Beulah Main Dix. The time was of the period of the unfortunate monarch Charles the First of England and the scene is laid in an English farm house of the period.

The parts were taken as follows:
Dame Mehitable
Miss Esther Sidelinger
Mistress Cicely, Miss Mary Garey
Master Saxby, Miss Pearl Hayden
Major Woodrington
Miss Clara Baxter
Capt. Carew, Miss Elsie Patterson

All took the parts in a most clever manner, and deserved all the applause and commendation which was accorded them.

At the close of the play and after the performers had been showered with generous congratulations, refreshments were served and dancing was in order until 11.30 o'clock.

It was a genuine Woodward gathering. Every one planned to have a good time and did not mean that the ambition in that direction should be checked and all succeeded in the pursuit of pleasure.

HOLY WEEK SERVICES.

There will be services at Bethany Congregational Church during Holy Week, commencing at 7.45 p. m.

Tuesday, Subject "The Greatest Servant"—"Message by Rev. Charles P. Marshall of Plymouth.

Wednesday, Subject "The Vine and the Branches"—Message by the pastor.

Thursday, Subject "Christ the inmost answer to life's deepest needs" message by Rev. Edward Norton.

Friday,—Service in the church, Subject "He died for Me" "Communion Service.". The people of the city are invited to these services.

DISTRICT COURT.

The liquors seized from John Corni at Quincy were ordered forfeited.

Charles E. Torrey was arraigned for alleged non support of his family at Braintree. Case continued until Mar. 20.

WOMAN'S CLUB AT WOLLASTON

Much Enthusiasm At Meeting Called For The Purpose

OVER 200 CANDIDATES

With a crowded meeting that almost overflowed Brasee hall and caused many to stand, nearly 200 Wollaston women met Friday afternon and organized the Wollaston Woman's club. It is hard to predict what would have happened had the afternoon been pleasant.

Mrs. Frederick L. Cheever called the meeting to order and asked for the election of temporary officers. Mrs. Arthur D. Ropes was elected temporary chairman and Mrs. Edward O. Woodward temporary secretary.

Mrs. Ropes then called for expression of views in regard to forming a woman's club in Wollaston. Many spoke in favor and it was unanimously voted to organize.

Mrs. Percy L. Davidson, Mrs. Thomas Fenno, Mrs. Frederick L. Cheever, Mrs. Joseph K. Barber, Mrs. William M. Chase, were appointed a nominating committee.

A committee on by-laws consisting of Mrs. W. E. Simmons, Jr., Mrs. Charles M. Bryant, Mrs. Edward E. Jameson, Mrs. W. F. Jones and Mrs. William Dean Sanford was appointed.

A meeting will be held in Brasee hall Thursday afternoon at 2 o'clock when officers will be elected. On account of restricted quarters membership will be limited. Over 200 applications for membership have been received and the club bids fair to enjoy every success.

The meeting brought out the desire to harmonize in every way with the Quincy Women's club and many spoke of the need of a club in Wollaston in spite of the organization in Quincy.

Friday's meeting resulted from a call sent out by Mrs. Frederick L. Cheever, Mrs. Charles M. Bryant, Mrs. Nathan G. Nickerson, Mrs. Arthur D. Ropes, Mrs. Walter E. Simmons, Jr., Mrs. Edward O. Woodward and Mrs. William E. Rowe.

LUNCHEON FOR THE ORGAN FUND

A large number attended the luncheon of the Women's Guild of the Park and Downs church, Friday, the proceeds of which will go toward the organ fund. The decorations were in green and white with jonquils.

Mrs. Charles F. Bryant and Mrs. Seth P. Crocker were the hostesses and the luncheon was served by a committee consisting of Mrs. Alonzo Bissett, Mrs. Charles A. Richardson, Mrs. Helen Boynton, Mrs. Walter Day, Mrs. L. I. Letson, Mrs. Arthur F. Capen, Mrs. Fred Robinson, Mrs. James D. Willson, Mrs. Charles L. Gilliatt, Mrs. Salandar.

THE WOLLASTON FORUM.

The Wollaston Unitarian Social service committee has appointed a special committee to make a study of the wider use of the school plants in this country. Miss Harriet E. Turner has prepared a report on this timely subject to be given at the session of the Wollaston Forum in the Unitarian church, Sunday, at 12 o'clock. The public is cordially invited to hear and participate in the discussion of this subject which is of such vital interest to an ever increasing number of cities and towns throughout the country.

THE WALSHE ENTERTAINMENT.

The coming of the popular lecturer, William J. Walshe, assisted by his high-class Scenic Concert Company, to Music hall, Quincy, St. Patrick's night, Monday, March 17, will delight a large number of the people of this city, who have heard them in Boston on several occasions. This celebrated "Irish Evening" appeals to lovers of the beautiful, irrespective of country or creed, being unique in a combination of nature and art and embellished by thrilling, historic and amusing narratives; and further enhanced by pictorial representations, vocal and instrumental music, all of which serve to make up an entertainment superior in point of interest and variety to any drama now before the public.

FORCING TURKS OUT OF EUROPE

Allies' Peace Terms Leave Little For Ottoman Empire

MAY HOLD ON TO GALLIPOLI

All Other Territories West of Line Drawn From Rodosto to Malatra Must Be Given Up, as Well as Crete and Ægean Islands—War Indemnity Is Asked

Sofia, March 15.—The reply of the Balkan allies on the question of mediation by the powers was presented to the foreign legations here. It declares the Balkan nations will accept European mediation on the following conditions:

"First—As a basis of negotiations for the delimitation of the territory between Turkey and the Balkan allies a line shall be drawn from Rodosto, on the sea of Marmora, to Cape Malatra, seven miles south of Midia, on the Black sea. Excluding the peninsula of Gallipoli, which shall remain Turkish, all territories west of the line, including Adrianople and Scutari, shall be ceded by Turkey to the allies.

"Second—Turkey shall cede the islands in the Ægean sea to the allies.

"Third—Turkey shall renounce all her interest in the islands of Crete.

"Fourth—The porte shall consent in principle to the payment of a war indemnity the amount of which shall be fixed when peace has been concluded, and also to the payment of private individuals of compensation in the deliberations regarding the indemnities.

"Fifth—The allies reserve the right to settle by definite treaty of peace the treatment to be shown their subjects and their trade in the Ottoman empire as well as the guarantees to be given regarding the privileges of the orthodox churches and the legal standing of their racial brothers who are Ottoman subjects."

The military operations shall not be interrupted.

Four of the Greek transports, while landing Servian troops at San Giovanni di Medua to aid the Montenegrins in their attack on Scutari, were burned, one transport was sunk and two other vessels were riddled by the shells of the Hamidisheh.

The Durazzo correspondent of the Vienna Reichpost accuses the Servians of burning villages in that neighborhood and thereby causing the death of many women and children.

A strong squadron of Greek warships has been sent to search for the Turkish cruiser Hamidisheh, which attacked the Servian transports.

Three hundred Albanian inhabitants of the district of Lieuma, in the Turkish province of Kossovo, were shot without trial by Servian troops, according to a dispatch from Uskup to the Frankfort Gazette. The inhabitants of the district totalled 400. They were unarmed peasants and did not follow the example of the rest of the Albanians in fleeing to the mountains. All were captured by a column of Servian troops who, after shooting 300 of them, brought the surviving 100 as prisoners to Prisrend, the capital of the province.

A fierce but unsuccessful assault was made on the south front of the Turkish fortress of Adrianople, according to a news agency dispatch from Constantinople. The besieging Bulgarians and Servians sustained heavy losses and were eventually repulsed all along the line.

ROLLS AWAY TO FREEDOM

Prisoner Escapes From Berkshire County Jail In Potato Barrel

Pittsfield, Mass., March 15.—Walter Robinson, a prisoner in the Berkshire county jail, was at work doing up potatoes in the prison yard late yesterday afternoon. A guard was present, but was busy helping in the work.

Robinson jumped into a potato barrell, standing close by, tipped it over and rolled down the hill a distance of several hundred feet.

The barrel bumped against the fence and out jumped Robinson, scrambled over the fence and disappeared before the guard knew what had hapepned.

FUNDS HAVE GIVEN OUT

Lockout In Rhode Island School For Second Time This Year

Providence, March 15.—There is "no school" in Scituate for the simple reason that there are no funds. This is the second time this year there has been a lockout. The townspeople are much stirred up, and Superintendent Cutler says the matter is to be deplored.

He explained that the appropriation made at the last financial town meeting had been exhausted by more than $1000.

Minister's Wife Under Arrest

Milwaukee, March 15.—Mrs. Mabel Clarkson, who is alleged to have deserted her husband, a minister, to fly with Owen D. Conn, a burglar now under arrest in San Francisco, was arrested here as she was about to take a train to Chicago.

TETYC CASE NOT REACHED

Inquest Over Russian Woman Took All Day

TETYC HELD IN $5000

Klem Tetyc, the Russian who was the companion of Baraska Slobdniskova when she fired the fatal shot which ended her life, and is under arrest charged with assault with a dangerous weapon did not have his case heard Friday, the day to which it was assigned.

Judge Avery held an inquest on the death of the woman Friday which was completed until late in the day. After the inquest the case against Tetyc was continued until March 28, or until after the finding is handed down in the inquest. In the meantime Tetyc is confined in Dedham jail in default of $5000 bail.

YOUNG McCARTHY BURIED.

The funeral of Ernest Justin McCarthy who died Tuesday in his 15 year was held from his home, 42 Bittern road, Friday afternoon. Services were conducted by Rev. Richard E. Armstrong, rector of the Chirst Church. Burial was in Wollaston cemetery. He was the son of John E. McCarthy, a letter carrier connected with the Quincy Post Office.

MIKE'S STICK KILLED RAT

Mr. Musk Was Cornered Near Board of Health Window

Armed with a big stick, Michael Shea killed a musk rat this morning which had fallen into the pocket which juts off the window of the Board of Healths office. The animal made many attempts to climb the five feet of wall but found the big stick blocking him. He was finally cornered and instantly killed.

The musk rat was discovered peeking in the window by a young lady clerk. She summoned the others. None of them stayed to see the killing.

A GATEWAY OF OPPORTUNITY.

The Associated Charities of Quincy, is the "gateway of Opportunity" to all those interested in Social Welfare. Tuberculosis and health problems generally, neglected children, wayward boys and girls the man out of work, widows and children, deserted wives, are only a few of the problems dealt with, and only a few. The work grows in interest and in importance all the time. Preparations are already under way and will be considered by the directors next week for the first annual meeting, it being only a year next April, since the secretary came to Quincy and the work began in real earnest.

Tuesday afternoon, March 18, the regular monthly meeting of the directors, will be held in the office, 148 Goffe street, at half past four.

BRIEFS

Members of the Ward Six Patriotic association with their wives attended Kincaide's theatre, as guests of the management Thursday evening, the party numbering about 75. A most enjoyable evening was spent.

The regular meeting of the Whatsoever Circle of King's daughters will be held with Mrs. Carol Bates, 141 Warren avenue, March 17th.

Mr. and Mrs. Harrison S. Loud of Beach street are building a new home on Gould street near the Quincy Mansion school.

Walter Hill of Clive street is in Berlin, N. H., on business.

Mrs. Jesse T. Fuller, formerly of South Central avenue died March 6 at Atkinson, New Hampshire where she went some two years ago hoping to benefit by change of climate. Three years Mrs. Fuller's case was diagnosed as tuberculosis of the lungs and though she made a courageous fight for life it was of no avail. She leaves a husband and three children to mourn the loss of a devoted mother. The funeral was held Saturday, March 8 at Atkinson.

The Woman's Missionary and Sewing Circle of the Calvary Baptist church is to observe the Livingstone centenary Wednesday evening beginning at 7.30. An interesting program will be followed by a social hour.

John Fuller, Jr., of Botolph street, has been confined to his home for a week with illness.

Charles N. Faulkner of Woodbine street has been appointed janitor of St. Chrysostoms and began the duties the first of this month.

George Richardson of Botolph street is on a business trip to New York.

Mrs. Philip H. Gallagher of West Elm avenue has returned from the Dorchester Cottage hospital after an operation and is convalescing favorably.

E. E. Willey of Walker street, left this week on his spring business trip to the west.

Tuesday afternoon the Wollaston W. C. T. U. will meet at the home of Mrs. Edward S. Tenney, 115 Prospect avenue. Mrs. George Crothers will be the leader, subject, Social purity.

The way members of the Ladies Benevolent society of Memorial church are working this year, indicates they will have the largest Easter sale in their history. Mrs. Alva T. Beede is chairman of the Easter table, which will have all kinds of fancy articles, china and cut glass; Mrs. George W. Hight, Jr., of the bakery table; Miss Ada Harding candy table; Mrs. B. F. Thomas apron; Mrs. W. F. Cummings punch; Mrs. T. W. Davison ice cream and lunch table and Mrs. A. H. Hall the entertainment. Mrs. Sarah Butler has general charge of the whole fair.

Rev. Dillon Bronson D. D., gave a lecture on "The "Land of the Midnight Sun" at Quincy Mansion school, Friday afternoon.

The Easter table committee for the fair of Memorial church, met at the home of Mrs. Alva T. Beede of Appleton street, for an all day sewing bee. Much work was accomplished and many useful and pretty articles were made.

Thomas Armstrong of Warren avenue has been suffering from an attack of pleurisy, but is now slightly convalescing.

HAVOC WROUGHT BY TORNADOES

Take Heavy Toll of Life In Three Southern States

WIDE TERRITORY DEVASTATED

Gales, Rain and Snow Sweep Country From Great Lakes to Gulf and Eastern Seaboard to Rockies—Property Damage In Illinois Alone Estimated at $1,000,000—Wires Are Down

New York, March 15.—Widespread storms of cyclonic intensity, sweeping over the middle west and the south, cut their way through towns and cities of five states, took scores of lives, made hundreds homeless and destroyed property valued in the millions.

Other sections of the country, from the Great Lakes to the Gulf and the eastern seaboard to the Rockies, were swept by gales, rain and snow.

The storm took its heaviest toll of life in Alabama, Tennessee and northwestern Georgia. From Nashville and Memphis came reports of tornadoes half a mile wide sweeping through five counties, tumbling over scores of houses, brushing a dozen towns and killing twenty persons.

Rome, Ga., reported the storm devastated northwestern Georgia and the dead numbered eighteen. A tornado 100 yards wide ploughed through Dekalb county, Ga., just east of Atlanta, cut it off from the world and killed five persons. Two persons were killed in Columbus, Ga., and six in norhern Alabama.

A fifty-mile gale passed over Chicago and Illinois and caused damage estimated at $1,000,000.

From the storm-swept areas come meagre reports of havoc, indicating that the property loss will exceed by far the present estimates. In sections of four states thousands of telephone and telegraph wires are prostrated.

In Chicago the wind maintained a velocity of fifty miles an hour for several hours and scores of plate glass windows were demolished. Electric light wires were blown down, and miles of streets were dark. Telegraph wires south and west were down and service was impaired for several hours. The damage in other parts of the state were heavy. At Quincy wires were down and windows were broken. Several large boats in the Mississippi river were torn from their moorings and many launches were swamped. At Spring Bay, Ills., fifty men and women who were attending a church service were thrown into a panic when the steeple of the structure fell.

GUILD PLANS A FALL FAIR

May Day Basket Party Also Among the Events

The Woman's Guild of St. Chrysostoms church held its regular monthly business meeting with a good attendance in the Parish rooms, Wednesday afternoon. The president Mrs. Daniel C. Miller presiding. The meeting was preceded by all day sew. A luncheon under the direction of Mrs. Herbert H. Albee and Mrs. Miller consisting of hot frankforts, potatoe salad, ice cream, cake, hot rolls and coffee was served. This week's sewing was for the Visiting Nurse of the Quincy Women's club. Mrs. Albert N. Murray, chairman of that committee being a member of the Guild.

It was voted to have a fair in the fall and to hold all day sewing meetings the second Wednesdays of each month to make salable articles, a luncheon to be served at noon. Mrs. John E. Walter and Mrs. Miller were appointed to purchase material.

It was also voted to hold a May basket sale and children's party the last week in April and Mrs. Frederick H. Steenstra, Mrs. William D. Sanford Mrs. Walrath Y. Sherman and Miss Gertrude Thorn were appointed committee in charge of the affair.

Miss Annie Clean, secretary read a list of those appointed by Mrs. David L. Jewell, chairman of the Missionary committee to serve on that committee. Mrs. Percy L. Davidson, Mrs. David Fulton, Mrs. Frederick H. Steenstra and Mrs. Herbert L. Packard. The secretary also read a letter from Mrs. Jewell expressing her appreciation of a letter sent to her after the death of her aged mother, Mrs. Keziah Sumner.

EATON HONORED BY TOWNSMEN

Milton Selectman Tendered a Public Reception

OTHER MILTON HAPPENINGS

A monster reception was tendered George Eaton, the new member of the Board of Selectmen at Ellsworth hall, Monday evening. Interested voters and friends from surrounding cities and towns crowded the hall. Nearly 150 women occupied seats in the gallery. James Gallagher, the man who discovered that Milton nomination lists were delayed in filing, presided. speeches were made by James Shea of Mattapan, John Shields and Representative John J. Gallagher. Hon. George Eaton when introduced was given flattering applause and as he commenced to speak he was interrupted by cheers. He was also fondly applauded when he finished. Among those who took part in the entertainment were George Willis of Roxbury, Adolph Restelli, Raymond Callahan, Archie Shannon, Bert Craig, Albert Stewart. Refreshments and cigars were distributed.

Cunningham lost to Salem Y. M. C. A. in a wrestling card Wednesday evening. In the 105 class Delorey of Milton lost to Bray on a decision. In the 115 McAndrew of Milton lost to Floyd on a decision. In the 125 S. Hearn of Milton lost to J. E. Sullivan, Y. M. C. A. champion, in a decision, P. Hearn of Milton won from Phipps on a fall. No decision was made at the end of 15 minutes and an extra three minute period was allowed. In the 135 class Robert Hall won from Slattery of Salem on a fall in 3m 45s. In the 145 class B. Peterson of Milton lost to Sullivan Y. M. C. A. champion of the class, on a fall within three minutes after the bout started.

Wednesday evening Marblehead and Milton will wrestle at Cunningham gym. In the previous meet Milton took four out of six, losing in the 105 and 115 classes.

Cunningham Gym and Milton High will play their annual basket ball game at the gym Saturday evening.

Clark's team is still leading in the East Milton Bowling league.

A dancing party under the auspices of the basket ball team will be held in the gym April 2. The committee in charge is S. Hearn, Walter McGuire, E. Hearn, T. Reid, J. Reid and W. Stewart.

Officer Joseph White of Pierce street is recovering from an operation for appendicitis at a Boston hospital.

The committee on the annual dance of the Thursday Evening Club met Thursday evening and perfected arrangements.

J. Monkley, Bates avenue, is slowly recovering from a severe attack of pneumonia.

The park employees are planning to run a base ball team and have elected Charles Wood, Captain and Joseph Fallon as manager.

BRIEFS

Gideon Rogers, Granite street will assume a position with Louis Luciano City Square, May 1.

Charitable Tens Circle of King's Daughters will be entertained at their next meeting, March 17 at three o'clock at the home of Mrs. Edward Russell, 33 Russell park.

Members of the Wollaston Lodge American Benefit society, 174 attended the 21st anniversary of the Massachusetts Lodge of the same order at their hall on Boylston street, Boston. Thursday night.

Miss Dorothy Winkfield of Braintree was a conspicuous figure at the annual Boston University Klatsch Collegium, Friday night. She wore pink chiffon over white silk.

The second meeting of the Busy Bee Sewing club was held at the home of the secretary, Miss Alice Gallagher, Appleton street, Saturday afternoon from two to five. A very pleasant afternoon was spent. The first hour was for sewing, after which music and games were in order. Refreshments were served by the young hostess. The next meeting will be held today at the home of Miss Helen McCarthy, Appleton street.

Next week Wednesday Fragment society of First church has arranged for an all day meeting beginning at ten o'clock with lunch at 12.30.

Mrs. Spencer Apollonia of Botolph street is confined to her home by illness.

YOU need the Ledger EVERY DAY.

Bethany Church, City Square

If YOU are a young man, and not associated with any other Quincy church, YOU are most cordially invited to come to our meeting.
A warm welcome—Hearty singing—A helpful hour together.

DISTRIBUTING PLUMS

Prominent Democrats Are Offered Positions of Great Importance

Washington, March 15.—Four prominent Democrats are under consideration by President Wilson for important offices.

Joseph E. Davies of Wisconsin, secretary of the Democratic national committee, has been offered the assistant secretaryship of war, and if he declines it may get a foreign post.

George F. Peabody of New York, former treasurer of the Democratic national committee, is offered the collectorship of the port of New York.

Dudley F. Malone of New Yogk, who for the last two years has campaigned in several states for Wilson, has been offered the position of assistant to the attorney general in charge of cases before the customs court in New York.

Former Governor Burke of North Dakota is the choice of the administration for United States treasurer.

STOCK DROPS TO 70

Lowest Record Mark For Boston and Maine Since the Early Forties

Boston, March 15.—The stock of the Boston and Maine dropped to 70 yesterday. Not since the early 40's has the stock sold at so low a figure.

Rumors of a possible passing of the April dividend, or of even graver eventualities, forced the stock down 7 points below Thursday's closing figure, and 2 points below the low figure of that day. The closing figure was 71.

Following on Thursday's sensational drop of 11 points, and Wednesday's drop of 6, this represents a net total loss in three days of $18 on every share of common stock. The net loss at the close of each has been $6 per share.

In three days the common stockholders of the Boston and Maine have lost no less than $7,110,969 through this drop.

BRITISHERS TRUST AMERICAN JUSTICE

Certain of Friendly Settlement of Panama Dispute

London, March 15.—A resolution expressing confidence in the sense of justice of the government and people of the United States to secure recognition of the British claim for equality of treatment of the ships of all nations using the Panama canal was adopted unanimously by the British chamber of shipping during its annual session in London.

The resolution also said that in default of this recognition being secured by diplomatic means, it welcomed former President Taft's declaration in favor of arbitration as an assurance that in the last resort a friendly settlement will be reached.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co. Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WALSH APPEARS IN COURT

Confessed Police Grafter Gives Testimony Against the "System"

New York, March 15.—Although in a state of collapse, former Police Captain Walsh, who has confessed himself a grafter, was able to testify in the supreme court at the trial of Patrolman Hartigan, accused of perjury in the police bribery cases.

Walsh told of a fund raised by high police officials as counsel fee for Eugene Fox, a policeman, who later pleaded guilty to bribing a witness against the "system," the so-called alliance between the police and the underworld, to leave the state. The specific charge against Hartigan is that he told the grand jury that he did not act as messenger to get this fund into Fox's hands.

Walsh testified, however, that Hartigan came to his home direct from Dennis Sweeney, then an inspector, carrying an envelope containing money for Fox's fee. Walsh said he obtained $150 from his wife, placed it with the money already in the envelope, making $950 in all, and told Hartigan to take it to Fox at police headquarters and to instruct Fox to count it.

HALF MILLION SICK IN VIENNA EPIDEMIC

Hospitals Overcrowded and Doctors on Steady Jump

Vienna, March 15.—The worst epidemic of influenza on record is afflicting the Austrian capital.

Half a million cases have been reported during the past three months, according to the statistics of the city health department, and the epidemic is still raging so severely as to tax the capacity of the private doctors, public hospitals and nursing institutions.

Whole families appear to be attached simultaneously and persons of all ages are equally affected.

The disease on this occasion is of a peculiarly virulent type, with serious after-effects, such as inflammation of the lungs, bronchitis, indigestion and general debility.

VIOLENCE IS RESUMED

Militant Suffragettes Again Get Busy on London Windows

London, March 15.—Chagrined at not being able to break up the Oxford-Cambridge boat race, the suffragettes have renewed their violence in London. One woman threw a hatchet through an immense plate glass window in the jewelry house of Tecla & Co., the most imposing in the west end.

Policemen rushed to the scene thinking a jewelry robbery was being perpetrated. They were amazed to see a woman crawling into the window through the hole in the glass. She explained she was a militant suffragette. She said she was trying to recover her hatchet. She was arrested.

Windows were smashed in various other parts of the city.

QUESTION OF CANAL TOLLS

Outcome of Disagreement Between Leading Democrats Is Uncertain

Washington, March 15.—The Democrats are at odds over Panama canal tolls, and the outcome is uncertain. The Democratic national platform declares for free tolls.

Senator O'Gorman is the leading advocate in the upper house of retaining existing law, providing for free tolls for American coastwise shipping. Chairman-Prospective Adamson of the house committee on interstate and foreign commerce is against free tolls, and insists that he knows that President Wilson is in accord with him.

REAR ADMIRAL EATON

Poison Mystery Feared In Death of Sea Fighter

© 1913, by American Press Association.

EATON CLIMAX NEAR AT HAND

Poison Said to Have Been Found In Admiral's Organs

DELAY IN MAKING AN ARREST

Apparently Occasioned by Problem Whether Death Was Due to Murder, Suicide or Accident—District Attorney Admits That Case Has Reached a Most Serious Phase

Boston, March 15.—The report of Professor Whitney of Harvard to District Attorney Barker of Brockton on the analysis of the organs of the late Admiral Joseph G. Eaton shows traces of poison, according to a well substantiated report at Brockton last night. As a result an arrest is expected some time today.

District Attorney Barker made a secret visit to Rockland last night, where he conferred with George Kelley, Mrs. Eaton's counsel.

In anticipation of the probable finding of poison in the organs of the admiral," the state authorities spent a greater part of yesterday visiting the various drug stores of Brockton, Rockland and surrounding towns, making an examination of the poison records of the various establishments.

"It is a most serious case," was all the district attorney would say.

Perhaps one of the most sensational features of yesterday was the arrival of Mrs. Ralph P. Keyes, the elder daughter of Mrs. Eaton, at Rockland yesterday afternoon. Among other things she announced that if anyone in the family was crazy it was the admiral.

"I never will have any respect for that man, dead or alive," she said, tossing her head defiantly. She was driven immediately to the home of Mrs. Eaton at Assinippi.

Today marks the eighth day in the case and the climax is expected before night.

To a close friend District Attorney Barker admitted that he had set aside all other work in order to give his entire attention to the Eaton case.

This same friend stated that the district attorney was undoubtedly working along the same conservative lines as he manifested all through the preliminary movements of the Cusumano case. At that time he refused absolutely to discuss his case, just as he is doing at the present time. When the Cusumano case came up for trial the defense was completely baffled as to the ammunition of the prosecution. The trial was speedy and Mrs. Cusumano was convicted.

It is said that the Eaton report from Whitney has been in Barker's possession for some days. Barker will not deny this.

Apparently the delay in making the arrest is occasioned by the problem whether the poison was administered by someone, whether it was deliberately taken by the admiral to end his life or whether as a medicine an overdose was taken. That death was due to natural causes seems to have been eliminated entirely.

The Eaton homestead at Assinippi was closed to visitors yesterday. It is said Mrs. Eaton and her mother, Mrs. Harirson, are seriously ill as the result of the investigation.

Trackmen's Strike Spreading

Philadelphia, March 15.—The strike of the Pennsylvania railroad trackmen on the Philadelphia terminal division is spreading and 388 out of 722 men are out. There is no disturbance.

Court Agrees to Sale of Wife

London, March 15.—What amounted to the barter and sale of a wife occurred when Judge Deane granted a divorce to Raymond Moraud and approved the millionaire corespondent agreement to pay $27,500.

A BOSTON GIRL'S BUDGET.

Get-Acquainted-Quick Organization Proves Popular among Hub's Young Folks—Lonely Strangers in Great City Vote the Scheme a Godsend. Gasoline and Gogles Symbolize Spring's Coming on Huntington Avenue. Boston's Great White Way to be Revived, According to a Present Plan—The Late Professor Despradelle is Signally Honored by Tech Folks.

The unique acquaintanceship club which was recently formed as an experiment in the Hub's Back Bay has proved to be such a success that its members have voted to rent a room for assembly purposes where they may meet once a week or oftener and play cards or enjoy other amusements. An informal dance attended by thirty couples a short time ago attested the popularity of the idea. The originator of the scheme of introducing lonely strangers in the city under proper auspices a young woman who knew the dreariness of boarding house existance, and believed that much pleasure could be had in a harmless way if one went about it right. The members of the dancing party were all known to this patroness and were all conventionally introduced, and, although it was necessary for each to wear his or her name on a tag, good fellowship sprang up quickly and the dance was so keenly enjoyed that the ensuing vote to hire an assembly room was passed.

Boston smells violently of gasoline and jumps nervously to the tune of many honk-honks, while the automobile salesmen skilfully dodge around highways and byways in their demonstrations of the virtues of their particular brand of buzz-buggy. All the world is wearing goggles, and nobody cares about the presidential election or who threy spit-balls at the suffragists while the Auto show holds sway at the Mechanics Building. Some twenty thousand inspectors of automobiles passed through the building on the opening night, and still they come. Those who delight in drawing comparisons between Boston and other cities are delighted that the annual auto show in the Hub surpasses any other show in the country for number of exhibitors and variety of types of cars. The appeal to the feminine is notable throughout the exhibit this year, the automobile agent being an intelligent and farsighted person, as a general thing.

Boston's great white way of the recent electric show is to be revived, if all goes according to the wishes of Huntington avenue merchants and magnates. The brilliant illumination which was temporarily installed will be made a permanent feature, excepting only that the lights will be white instead of tinted as they originally captivated visitors to the electric show. The thoroughfare from Copley Square to the Fenway is becoming constantly more notable for the number of public and semi-public buildings along its wide boulevard, and the merchants and hotel managers concerned figure that such a lighting plan would prevent future deterioration and establish a standard for the rest of Boston and other cities to live up to. The wire cables were left in the ground at the close of the electric show in the autumn, and all that is necessary is for the people interested to purchase the lights and present them to the city.

An appropriate event which comes as the finishing touches are being placed on the Peter Bent Brigham Hospital in the Fenway is the memorial meeting and exhibition in honor of the late Constant Desire Despradeile in Copley Hall. Professor Despradelle in collaboration with Stephen Codman designed the Brigham Hospital, one of the most imposing structures of its kind in the country. The well known architect was until his death last autumn Rotch professor of architecture at the Massachusetts Institute of Technology, and has won international fame for his "Beacon of Progress" which was awarded the first gold medal at the Paris Salon in 1900, the drawings of this design having been specially loaned for the occasion by the French government. Professor Despradelle previous to his coming to the Institute of Technology was Laureat de l' Institut de France and a member of the French Academy. His memory was honored at this exhibition and memorial meeting by such speakers as President Maclaurin of Technology and many of his fellow craftsmen.

Again the blonde and brunette! This time it is not a question of beauty, but of villainy. Who is the adventuress by rights, the blue-eyed, peaches and cream baby doll, or the dark-skinned, coal-eyed damsel? Somebody objects because the majority of authors consign their villainous deeds to dark complexioned women. The question has stirred up no end of discussion, and as usual winds up with the conclusion that neither is guilty, but lays the blame on the titian-haired lady who has figured as adventuress in modern plays, and proves it by referring to Helen of Troy. So that must settle it.

Chameleons are a fad of the past, but now comes the chameleon perfume, according to Paris cables. This remarkable perfume is said to change its odor according to the person on whom it is used. In the bottle it always smells the same, but put a few drops on several persons and straightway you have as many different odors. If it can only be worked out just what characteristics make this change one can foresee all sorts of possibilities. Doubtless in the future young men will determine whether or not the girl of their fancy has an agreeable or impossible disposition to get along with by offering her a dainty bottle of the chameleon perfume properly disguised and waiting to discover whether the resulting combination is indicative of sweetness or acidity of nature.

Ethel Angier.

Boston, March 14, 1913.

Cyclone Hits Buenos Ayres

Buenos Ayres, March 15.—Many persons were killed or injured by a destructive cyclone which struck this city. Great damage was caused to property.

By virtue of a power of sale contained in a certain mortgage deed given by Marie Dinnocente Barba of Quincy to John T. Larkin, dated April 20th, 1909 and recorded with Norfolk Deeds Lib. 1108 page 95, and duly assigned by said Larkin to Horace F. Spear by assignment dated May 22, 1909 and recorded with Norfolk Deeds, Lib. 1111 folio 233, for breach of the conditions contained in said mortgage deed and for the purpose of foreclosing the same will be sold at public auction on the hereinafter stated premises on Saturday, April 12th, 1913 at 3 o'clock in the afternoon all and singularly the herein described premises viz.: A certain parcel of land with the buildings thereon situated in said Quincy, bounded and described as follows:

Northeasterly on South Walnut Street 4 rods; Southeasterly on land formerly of Bridget Larkin, now of Dasha 6 rods; Southwesterly, on land formerly of the late George T. Bigelow now of the Bigelow Park Real Estate Trust 4 rods; Northwesterly on land of Jeremiah Maney 6 rods.

Subject to two prior mortgages held by the said Horace F. Spear, said premises will be sold subject to all unpaid taxes, tax titles, assessments, municipal liens, or incumbrances if any there be.

Terms $100 at time and place of sale. Balance in 10 days from date of sale.

Horace F. Spear, Mortgagee.

Philip H. Sullivan, Attorney—Adams Building, Quincy.

3t-Mar 1-8-15.

MORTGAGEE'S SALE.

By virtue of the power of sale contained in a certain mortgage deed given by Frank C. Soutter and Albertie W. Soutter his wife, in her own right, to the Exchange Trust Company, dated the twenty-ninth day of March A. D. 1911 and recorded with Norfolk Deeds, Book 1472, page 110, duly assigned by mesne assignments to the undersigned, for breach of the condition of said mortgage and for the purpose of foreclosing the same will be sold at public auction on the premises hereinafter described on Monday the thirty-first day of March A. D. 1913 at ten o'clock in the forenoon, all and singular the premises conveyed by said mortgage deed, and therein described substantially as follows:

A certain parcel of land with the buildings thereon situate in that part of Quincy in the Commonwealth of Massachusetts called Wollaston and being lot 13 on Winthrop avenue, as shown on a plan recorded with Norfolk Deeds, Book 492 and Sec. 1 bounded and described as follows: Southwesterly by Winthrop Avenue sixty-five (65) feet; Northwesterly by lot 14 on said plan ninety (90) feet; Northeasterly by lot 26 on said plan sixty-five (65) feet; and Southeasterly by lot 12 on said plan ninety (90) feet. Containing 5850 square feet and being the same premises described in and conveyed by a deed from James Perry and Mary Hunnewell to Albertie W. Sherman (now Soutter,) dated June 6, 1903 and recorded with said Deeds, Book 1082, Page 562. Together with all the buildings now or hereafter erected on the said premises and all heating, lighting, gas or other fixtures installed in any buildings erected. Said premises will be sold subject to any unpaid taxes, tax-titles, restrictions or any other incumbrances of record if any there be.

Terms at time and place of sale.

CHRISTOPHER F. BROWN, Assignee and present holder of said mortgage.

The Best Is Generally Cheapest

This is especially true in buying Meats and Groceries. It is often possible to buy light beef for a cent or two less than the heavy beef, but is always poor economy to buy this tough, light-weight beef. We consider quality first and make our prices as low as the lowest. We know you will be satisfied with our Meats—hundreds are—and that is the reason for our big business.

Braised Beef or Pot Roast

Cut from choice corn-fed beef, clear meat, very palatable, and a most delicious meat for dinner.

15c and 18c lb.

Lean End Corned Beef

Best quality beef, cut, made up and corned in our own market. Will cut in nice slices when served.

18c lb.

Cash with order **10 lbs. Granulated Sugar 39c** Cash with order

To advertise the excellent quality of our Canned Vegetables we offer with every $1.00 order of Canned Vegetables 10 lbs. of Granulated Sugar for 39c. Make up a Dollar order of assorted Canned Vegetables and get 10 lbs. of Sugar for 39c.

White Cape Turnips, bag 75c

The Cape variety has a flavor possessed by no other, and for that reason they are eagerly sought after. The present price is an added inducement for liberal buying on the part of Quincy housekeepers. About 70 lbs. to the bag.

Braintree Eggs, doz. 32c

Here is a department in which we particularly shine. Our nearby hennery eggs are the bona-fide article. You'll appreciate it the minute you break one. During the Lenten season everybody likes to get real fresh eggs and we're one of the few firms that carry them. Dropped, boiled, scrambled or in an omelette our eggs are to be relied upon.

Fancy Vermont Butter lb. 37c

The butter market is higher, but we will continue to sell our fancy Vermont butter for a few days at the above price. Don't compare it with ordinary butter—it is sweet, pure and delicious.

Fancy Baldwin Apples, peck	40c
Native Onions, peck	25c
Medium Grape Fruit, 6 for	25c

CLOSE GAME IN SCHOOL LEAGUE

Defensive Work of Both Teams Striking Feature

Christ church beat the First Presbyterian basket ball team in the Sunday School league at the Y. M. C. A. gym Friday evening by a score of 10 to 7. The game was well played, the defensive work of both teams being remarkable.

The summary:

Christ Church	First Presbyterian
Bills rf	lb Summers
McMillan lf	rb Cummings
Williams c	c Marini
Smith rb	lf Falconer
Cleveland rb	
Driscoll lb	rf Matheson

Score, Christ Church 10, Presbyterian 7. Goals from floor, Bills, Williams 2, Cleveland, Marini, Falconer, Matheson. Goals from fouls, Bills 2, Matheson. Referee, Hunt. Scorer Bates. Timer, Bates. Time 15m periods.

FOR PROTECTION OF GIRLS

Chicago Women Plan to Form Two Thousand Parish Clubs

Chicago, March 15.—Chicago women have begun a campaign to form 2000 parish clubs whose object will be the protection of working girls from influences that tend to undermine their moral character. There will be a club formed in practically every church in the city.

Details of a $2,000,000 hotel planned by the local chapter of the Daughters of the American Revolution for Chicago working girls were made public. About 1500 young women will be accommodated.

—It is depressing to read that there were 142 people killed and 1,692 injured by automobile accidents in Massachusetts last year. To be sure, a good many people were killed and injured every year in driving accidents before the automobile came to displace the horse.—Somerville Journal.

BRIEFS

The annual meeting of the Quincy Tennis club is to be held this evening in the Johnson building.

The train leaving Quincy at 8.14 A. M. will stop at Atlantic at 8.22 to leave passengers and run express to Boston.

The train scheduled to leave Boston at 6.47 A. M. will omit stop at Norfolk Downs, but the 6.41 train will make a stop at 6.52.

A whist party will take place at G. A. R. hall Tuesday evening under the auspices of John A. Boyd Camp, United Spanish War Veterans.

An open meeting will be held by the Women's Guild of the Park and Downs church, Tuesday afternoon when Mrs. Arthur D. Ropes will give a lecture on "Italy." Mrs. Smith will be the soloist.

The Y. P. R. U. of the Christ Church held a dancing party at Alpha hall, the last of a series of three.

The matrons were Mrs. A. Isabelle Davis, Mrs. George G. Saville and Mrs. J. Harry Slade. Dancing was enjoyed until 11.30, music being furnished by Weston's orchestra. The committee was headed by Miss Dorothy Edwards.

DIRECT VOTE MOVEMENT

Plan Menaces Union of States, According to Senator Lodge

Boston, March 15.—The movement for the direct popular nomination and election of the President of the United States, regardless of electoral colleges and state boundaries, was denounced as a means of destroying the union of states more insidious than open rebellion by Senator Lodge in an address to the students of the Boston university school of law.

It is a first step, he declared, and a long step, toward the complete extinction of the state as a political body. It would lead to government centralizing in the hands of the president in Washington, in which "the states, stripped of all power, would be in reality provinces, and their rulers prefects appointed in Washington."

Morton's Condition Unchanged

New York, March 15.—Levi P. Morton continues to rest comfortably and physicians say there is no change in his condition.

JOHN MOIR LAID AT REST

Many Friends Attested Their High Regard For Deceased

The funeral of Ex-Councilman John Moir, was held Friday afternoon from his late residence, 419 Hancock street. The services simple in the extreme were conducted by Rev. Dr. A. A. Wright of the Atlantic M. E. church. After reading the scriptures Dr. Wright read one of Whittier's beautiful poems and made a fervent prayer.

The body was encased in a broadcloth covered casket and was surrounded by a wealth of beautiful floral tributes, silent yet beautiful testimonials of the high esteem in which he was held.

The attendance at the services was very large and included a delegation from Clan McGregor, O. S. C., of which he was a member, present and past city officials, among whom were Mayor Eugene R. Stone, Chairman W. H. Teasdale and James Thomas of the Board of Health, Inspector of Buildings, Warren S. Parker, Ex.-Representative Louis F. R. Langelier, Ex-City Clerk Charles J. McGilvray, Ex-Assessor, John A. Duggan and Ex-Councilmen Ralph W. Hobbs, John R. Nelson and Edward A. Parlee. There was also a delegation from the law school class of which he was a member. After the services the remains were taken to the crematory at Forest Hills.

Bold Work of Auto Bandits

New York, March 15.—Three auto bandits entered a saloon, lined fifteen sailors up against the wall and took $20 from the cash register. As the robbers fled the sailors got the number of their machine.

Right on the Job

London, March 15.—When the Prince of Wales called at the admiralty on a business mission, an attendant demanded that he present a card or write his name in the visitors' book.

BASKET BALL FEAST OFFERED

Three Good Games At The Y. M. C. A. Tonight

BATTLE OF THE GIANTS

The Y. M. C. A. teams will close their season tonight with three good games. The big game ofthe evening will be the battle between the Silent Five and the second team; each team has won a game in their series and tonight's game will be for blood from start to finish. With Al. Thomas back in the game the second team says there will be nothing to it but the score-keepers job, while the Silent Five boys are not saying very much at all.

The Employed boys received a good lot of practice in their game with the students on Wednesday night at ought to be in good shape for the game with the Quincy Independents this evening. The Quincy Independents are members of the Quincy High school first team, but on account of school regulations they are not allowed to use the school name or wear the school uniforms. Their game yesterday was very good as a try-out for tonight's battle and they feel confident that they will roll up a big score on the Employed boys.

The Everett Y. M. C. A. cancelled their game late last night and instead of an outside team the "Old-Timers" will proceed to do a few things to try to spoil the record of the first team. "Fedder" MacKenzie, Stan Bates, Harry Glover, Dick Jones, Lee Brooks and one or two others will be in the line-up and for a few minutes the game ought to be a corker. Then the condition of the Regulars ought to tell.

First game promptly at 8.15.

HALL FUNERAL.

The funeral of Frank E. Hall, who died Friday morning, will be held from his late residence on Muirhead street, Wollaston Sunday afternoon at 4 o'clock.

He was the eldest of a family of six children. His father Henry A. Hall was a well known Boston dealer in rubber goods. R. D. Hall of Davis street, Wollaston is the only one of his children now living. Upon the father's death the three sons formed the Hall Rubber Company, a Summer street concern for many years. In 1890 this was taken over by the Stoughton Rubber Company.

He was the inventor of the rubber lined rubber boot, the sectional rubber tire for carriages and automobiles; also a type of gasolene engine. He is thought to have made the first hose nozzle capable of regulating pressure.

He came to Wollaston some 20 years ago.

Three children survive; Stanley F. Hall, who resided with his father, Harry B. Hall of oPrtland, Oregon, and Mrs. J. H. Pillsbury of Prince Rupert, B. C.

Mr. Hall was a Mason and a member of the Squantum Yacht club.

FREEMAN IS CONVICTED

Adjuster In "Arson Trust" Admitted Having Income of $25,000

New York, March 15.—Henry C. Freeman, accused as a member of the "arson trust" revealed through the confession of a Sing Sing prison convict, was found guilty of arson in the second degree by a jury late yesterday.

Freeman fainted when the verdict was read. Judge Swann remanded him for sentence Friday.

Freeman, an insurance adjuster, built up a business of $400,000 a year, from which he had an income of $25,000, according to his own confession on the stand.

The state's leading witness was the convict, Isador Stein, who set fires for the "trust," he has testified. His disclosures involved more than a score of adjusters. Freeman is the third to be found guilty. Others await trial.

KAHN GUILTY OF LIBEL

Defense Offers No Evidence In Suit Brought by Russell

Boston, March 15.—Philip L. Kahn, publisher of Music, a magazine, was found guilty in the superior criminal court of criminally libelling Henry Russell, managing director of the Boston opera house.

Judge Brown directed the jury to bring in a verdict of guilty. The defense offered no evidence.

At the request of Kahn's counsel, Brown reserved his sentence for twenty days. The defense will file a bill of exceptions asking for an appeal to a higher court.

PLENTY WORK FOR COUNCIL

No Fireworks or Dallying Expected Monday Night

STREET HEARINGS IN ORDER

It is pretty certain that Monday night's meeting of the City Council will be largely attended, but those who attend hoping to see a fireworks display will probably be disappointed. Now that the City Solicitor has determined the course of procedure things will probably move along smoothly. There is considerable business to come before the meeting, not the least of which is a public hearing, scheduled for 8 o'clock on the acceptance of a number of streets These will be the first legally advertised hearings held this year. There are a number of matters in the calendar which will come up for action, unless it is too late before they are reached.

DAUGHTERS OF VETERANS

Plan to Form Tent of National Organization Here

The formal organization of a Tent of Daughters of Veterans will take place March 22 at Electa hall. At that time officers will be chosen and a name for the Tent decided upon. The institution will take place, March 31 at G. A. R. Hall. Mrs. Mabel E. Gooding of Weymouth who is forming the association has met with general approval and has at present over 50 applications for membership at hand. The organization was to have taken place Friday afternoon but was postponed to March 22.

NO SETTLEMENT IN SIGHT

Tenth Week of Strike on Bangor and Aroostook Railroad

Bangor, Me., March 15.—With no settlement in sight, the ninth week of the strike of 160 engineers and firemen on the Bangor and Aroostook railroad ended yesterday. President Todd of the railroad said:

"The strike no longer concerns us. We have filled the places of the men who left our employ with competent engineers and firemen."

No early morning or late night passenger trains have been operated for several weeks. The railroad officials claim switches have been tampered with and say the safety of trains is endangered after dark.

Union leaders say the strikers are holding firm in their demands for an increase in wages.

An Unusual Suit

Ithaca, N. Y., March 15.—Alleging that she suffered a physical breakdown because of overwork under their direction, Mildred Rowe has sued her music teachers for $50,000.

County of Bronx Constitutional

Albany, March 15.—The court of appeals held the law creating a new county of the Bronx constitutional.

MARRIAGES

HURMI—KUKILA—In Boston, March 7, by J. Alfred Anderson, J. P., Mr. John Everett Hurni and Miss Elma Kukila, both of Quincy.

VENTO — HANNINEN — In Boston, March 5, by J. Alfred Anderson, J. P., Mr. Niilo Vento, Jr., and Miss Ida Hanninen, both of Quincy.

DEATHS

HALLIGAN—In Quincy, March 15, Franmes R. beloved daughter of Mr. and Mrs. James E. Halligan of 42 Rogers street age 1 year 2 days. Funeral services from home Sunday, March 16 at 2.30 P. M. Burial at St. Mary's cemetery, West Quincy.

HALL—In Wollaston, March 14th, Frank E. Hall, aged 60 years, 10 months.
Funeral services at his late residence Muirhead street, Wollaston, Sunday March 16th, at 4 P. M.

SOLARI—In Quincy, March 15, Seercucio Solari of 59 Columbia road, aged 55 years.

Established 1870 Telephone

SECOND TEAM STATE CHAMPS

Quincy High Walloped Winthrop From The Whistle

FIRST BEAT ROCKLAND

Two victories, one of them giving the second team the junior basket ball championship of the state marked the close of the Quincy High School season.

The senior team easily defeated Rockland High, 48 to 29. "Bull Moose" Brown scored seven baskets. Captain Poole, the left forward of the visitors made seven and played a fine game. Dunn was also conspicious in the plays.

The shooting of the local team was of high calibre and surprising.

The feature game was the defeat of the Winthrop High second team for the chompionship. Clean, fast and aggressive, it was one of the best exhibitions ever given by a high school team here.

From the start until the close, the fans were on edge and when it became apparent that the visitors were being speedily outclassed they gave them encouragement and cheered for them to continue their efforts.

"Whet" Brown, nervous and anxious during the first minutes, came to himself and was a potential factor in the victory. With nine baskets and a free try he scored points enough to tie Winthrop.

The second team players seemed to scent victory. They opened up the throttle and never thought of throwing in a reverse. Passing, covering and accurate, cool headed playing brought the championship to Quincy.

Individually, all starred, contributing the right way at the right time. Collectively they were the happiest bunch of winners that ever stepped under the shower baths. The summaries:

QUINCY H. S. 2d	WINTHOP H. S. d

WALTHAM WON.

The Quincy Girls were defeated by the Waltham Girls in the second bowling match at Boston, Friday evening. The local team only scored one point, winning the third string by 27 and losing the total by only five.

Mrs. P. Poehler rolled the best of the Evening, making high single of 101 and high total of 201.

March 18 at the Coliseum alleys the Quincy Girls will roll the East Boston Girls. March 25 they will again roll the Waltham Girls at the New Boston alleys. The summary:

JAMES KELLY CAUGHT UNDER COAL CAR, KILLED AT FORE RIVER

Left Side and Arms of Unfortunate Victim Terribly Crushed

Coal Passer For Two Years and Was of Steady Habits

James Kelly, single, of 506 South street, died at the Red Cross Hospital at the Fore River yards this morning from fatal injuries received by being run over by a coal car. The accident occurred about 10 o'clock. The cause is unknown.

Kelly has been employed as a coal passer for two years. Considerable difficulty was experienced in getting his body from beneath the trucks of the loaded car. He was rushed to the hospital where he was examined by Dr. Blanchard, but he was beyond medical or surgical aid.

His entire left side, including his arm was badly crushed. He was removed to the undertaking rooms of John Hall where he will remain awaiting identification.

Kelly was recommended to the Fore River Co. by the Salvation Army officers of Boston. He has been a steady employee. He was about 50 years old. Little is known of the man here.

TOTMAN LEFT THE POST HOLE

But For the Post, Knife and Silver Cartwheel

HE WAS MULCTED $15

Court Officers Marden and Hultman had a hard time this morning in keeping the crowd of attendants at the district court from outbursts of laughter during the hearing in the case of Charles H. Totman for the larceny of a silver dollar, a jack knife and a cedar post from Morris Hatfield at Weymouth.

Hatfield is a little hard of hearing and Judge Pratt, who was on the bench is inclined the same way and the loud voice and gestures of Hatfield were mirth provoking. He declared that Totman had taken the silver dollar and jack knife from his pocket and that he had carried off the cedar post. Totman claimed that Hatfield had loaned him the jack knife and that he had also borrowed the cedar post which Hatfield had told him to return when he felt like it.

The dollar he knew nothing about. He however said that he had about supported Hatfield all winter and that he had prevented him from losing his pocket book one day last week. Chief Fitzgerald said that Totman was an old hen thief and had done time on several occasions for larceny. The court then imposed a fine of $15.

LITTLE WORKERS CLEANED UP $110

Katharyn Crane Memorial Club Reaped Harvest For Their Good Work

The Katharyn Crane Memorial club is delighted with the result of the sale held Saturday afternoon at Mrs. Emery L. Crane's home, Whitney road. The net recepis were $110, showing an increase over last year's profits. The club is glad to be able to meet the increased demand for assistance and stands ready to help whenever it can.

FORMER RESIDENT DEAD.

Word was received this morning of oft he death at Oakland, Cal. of Michael O'Connor, formerly of uincy. Mr. O'Connor was a brother of Eugene W. O'Connor of Pleasant street and of Mrs. Michael Walsh of Quincy avenue. When in Quincy Mr. O'Conor was well known but he left the city for California many years ago. He leaves a daughter.

DISTRICT COURT.

Judge Pratt was on the bench at the District Court this morning. Alexander Ducher, James Medlinc, John W. Harris, John Melzard, John Maloney, John Anderson, John T. Wood and Walter I. Atherton, were each fined $5 for drunkenness at Quincy. George Dowd was fined $10 and Calvin W. Raymond $3 for a similar offence.

John Slattery was fined $5 for drunkenness and $10 for disturbing the peace at Braintree. Charles H. Totman was fined $15 for the larceny of a silver dollar, a jack knife and a cedar post from Morris Hatfield at Weymouth.

—Little is heard of the Portuguese republic now-a-days, but the latest news is much to its credit. The republic commends itself to the world's sense of fair dealing by deciding to refer to The Hague tribunal all questions arising under the separation of church and state regarding the property of religious congregations.—Taunton Herald.

SOCIAL CLUB JOLLY SMOKER

Braintree Organization Had Good Time For All

A VARIED PROGRAM

The Pond Street Social club held a very enjoyable smoke talk last Saturday evening at the clubhouse, Town street from 8 to 11.30 o'clock. There were about sixty members and guests present and there was something doing all the time with not a dull minute.

The president, Urban T. Landrey made all feel at home with his address of welcome and the program of entertainment that followed was both varied and interesting. There was a spirited five round boxing bout between Kid Crowe and Ven Scavage of Brockton and a three round go between Young Hunt and W. McCabe, of the same city.

Two club members, George Sellers and George Carmichael went at it for three rounds and proved themselves very handy with the gloves. Wrestling was another interesting feature and there were some snappy tussles between Guy E. Wood of the club and W. Mathewson of S. Weymouth, also Joseph Waters and E. Holbrock two other local aspirants for mat honors.

Everett Gray of Brockton gave a clever exhibition of bag punching and pleasing ocarina and harmonica solos were rendered by Charles Tobey.

The audience was delighted with the vocal solos of Alexander McGibbon, Martin Agnes and Stephen Levangie and also the tuneful warblings of the Pond street quartette made up of Frank G. Southwick, Alexander McGibbon, Ray Glover, Martin Agnes.

Other features were the recitations rendered by Charles Tobey, Stephen Levangie and Urban T. Landrey. An important contributor to the evening's success was Ray Glover who presided in most acceptable style at the piano both as soloist and accompanist.

A part of the entertainment in which all took part with great zest was an excellent buffet lunch which disappeared like magic before the healthy appetites of the company. All present enjoyed a very pleasant evening and are hoping that there may be other similar affairs to follow.

The committee of arrangements was as follows: Frank G. Southwick, Harry Burrill, Guy E. Wood, Urban T. Landrey.

FINE PICTURES, FINE LECTURE

Charles H. Johnson's Life of Christ Most Pleasing

A most interesting and instructive stereopticon lecture was given Sunday evening at the Washington Street Congregational church by Charles H. Johnson. The lecture was on the "Life of Christ," and the colorings and pathetic scenes impressed the large audience assembled.

The slides were composed of 36 of Hoffmann's famous paintings and were sob eautiful that it is difficult to describe them.

This is only the second time the lecture has been given here and Quincy audiences should avail themselves of the opportunity of listening to such an interesting lecture by such an able lecturer.

POLICE RAIDED A POOL ROOM

Claimed Kelly and Bottle Pool Were Played

IMPLEMENTS SEIZED

Shortly before midnight Saturday night Inspector Goodhue with Sergt. Larkin and a squad of officers left City Hall and made a raid on the pool room in the Hancock house run by C. Kaponikobles. The police have received a number of complaints that gambling in the form of Kelley and bottle pool was being carried on and for several days past, two out of town officers in citizens dress have been frequent patrons of the pool room, getting evidence. When the officers raided the premises Saturday night they took the names of a number of persons and seized 58 pool and billard balls, four triangles, 32 cues, chalk and a National Cash Register.

LITTLE BIRDS-- WHAT THEY DO

Mrs. Pfaffmann Talked Interestingly of Feathered Tribe

Mrs. George E. Pfaffmann gave a talk upon "birds" before the Young Womans' club, Saturday evening. Mrs. Pfaffmann has been studying birds for the past three years with noted teachers upon this subject and she has learned a great deal about them and their habits. She had with her charts done in colors, which showed the birds of which she was speaking.

She told about the birds which come to us in the early spring, where they may be seen and heard in our neighborhood and she also gave an idea of their songs, so as to prepare her audience what to listen for when in search of the feathered songsters.

It was a very interesting and instructive evening. The speaker was very modest about her knowledge on the subject, explaining that it was because of the pleasure this study had afforded her that she wished to give it to others, hoping they might experience the same amount of enjoyment. She offered to conduct persons interested in this subject on some "bird walks," but stated that these must be taken early in the morning.

Mrs. Mary Hastings Slade sang two songs which were very appropriate, "Wood Pigeon" and "Yellow Hammer," and Mrs. John W. Sanborn read from Longfellow's Tales of a Wayside Inn, "The Birds of Killingworth."

COPELAND CLUB PLAN BIG TIME

Officers Elected at the Annual Session Sunday

The annual meeting of the Copeland club was held Sunday and these officers elected:

President,—James Sullivan.
Vice President,—Pearl Reynolds.
Treasurer,—Levi McLeod.
Financial Secretary—George Hebert
Recording Secretary,—Peter Bertrand.

The meeting was largely attended and the members were very enthusiastic over the eleventh annual concert and ball to be held in the near future.

—Milton raised the bars against the wooden three-decker by accepting the Tenement House act at the adjourned session of its annual town meeting.

YOU need the Ledger EVERY DAY.

BOTH QUINCY TEAMS CHAMPIONS IN NEW ENGLAND BASKET BALL

Second Team Made Wonderful Spurt in Game and Maintained its Perfect Record

Two Teams to Take Part in the National Championship Event

Both Quincy A. A. teams were champions of N. E. A. A. A. basket ball for the second time. As such they will represent the Northern Atlantic statesa tt he National championships which will probably be held at Chicago.

In addition to first place honors, Manning of the second team holds the high basket score of the season, shooting 79, with a record of 21 in one game. J. O'Rourke of the senior team leads the senior team with 48.

FIRST DIVISION.

Saturday night on the St. Alphonsus court, Quincy seniors beat St. Alphonsus 28 to 14 and the Quincy juniors defeated the St. Alphonsus juniors, 18 to 17. The Quincy A. A. second team won 16 consecutive games with no defeats. They have been giving a spectacular show every game and as usual served the regular course to the fans Saturday evening.

The first period closed with a score of 14 to 10 with the champions on the short end of the score. With two minutes to go the score was 17 to 10 against them. "Booty" Chapman then tossed one, Manning followed by two and "Booty" closed in on a sharp pass from "Nedzo" Bennett and threw a perfect goal. He made the last basket of the season and saved his team from their only possible defeat.

In the sensational finish all the boys took part. Individual starring was forgotten and with a record of an unbeaten season dongling within reach the boys got together and pulled victory out of defeat.

"Booty" Chapman split his head

(Continued on Page Six.)

Spring Styles In Footwear

Away with the old Winter Shoes. Here are the new Spring models in the daintiest lines and colorings, yet made of sturdy leathers that will wear well.

Style, Comfort, Price

that trinity necessary to perfect footwear is wonderfully combined in this Spring-time display.

There's a shoe or oxford to fit every foot, every fancy—new lasts, new leathers, new colorings. You will be correctly dressed, so far as footwear is concerned, whatever you choose.

Put aside the old shoes now. Don the Spring models today.

EDITORIAL COMMENT.

With two editors in the cabinet that is probably a record for the sanctum in official life at Washington.

Quincy people no doubt feel some pride in the acquittal on a charge of fraud of a name sake.

From reports it would appear that France and Germany keep the knife sharpened all the time ready for instant use.

Judge Kelly counsel for Mrs. Eaton can without fear of contradiction be termed an aggressive legal luminary.

South Boston is having its one great day in the year today, and the residents of the peninsula ward kill two birds with the one stone.

Senator Lodge predicts that Lynn will have cause to regret the result of the last election. If that should prove true where does Brockton fit.

New York boasts of a ten year old mind reader who is the wonder of medical profession. Mr. Whitman should engage her to ferret out any missing links he may desire in breaking up the system.

Norman H. White has taken an honorable course in resigning from one public office while seeking another. It is an example which many office seekers would do well to follow.

While Mr. McDevitt may have lacked judgment in the way he conducted himself is there any possibility that he may have been made the "goat?"

Rather a little early and uncertain to rig out in the usual Easter finery this year, so no doubt there will be a postponement of the usual display, but it has got to come just the same.

The Berliners have taken up the fad so long exclusively enjoyed by this country, in copying English methods, even to the whiskey and soda "don cher know."

Many sound minded people will disagree with Mrs. Pankhurst that the only way to secure woman suffrage is by violence.

The days of 25 cent base ball in the big league have disappeared and it would not be surprising if a dollar soon became the minimum price. In the meantime the fans will go looney as usual over a defeat or a slip while the players will keep on sawing wood and buying brick blocks.

It is to be regretted that Mr. Olney could not find his way clear to represent this country at the court of St. James. As a public servant in the Cleveland administration Mr. Olney trained up to all that could be desired as a diplomat an able yet aggressive man.

BAR TRICK RIDERS.

It will be interesting to follow the course of events and witness how far successful President Wilson will be in in his ban on trick riders to legislative measures. This has been a favorite form of "swapping" legislative and executive influence. In some instances the policy has been successful. In others it has failed. When the executive has stiffened his back bone and declined to be a party to such a course it naturally requires two thirds of both houses to pass the measure over his vetoe. President Wilson has announced his attitude thus early in the game. Will members of congress heed the warning and accept the decision or will they endeavor to continue a policy which has been pursued in the past with more or less detriment to the country at large? It is hardly a business method to force a poor measure as an equalizer for one that is recognized as a good one. The success or failure of the president to carry out his policy in this matter will certainly be worth watching.

Exhileration is the latest term for being illuminated with Red Eye.

Of course a girl doesn't want to be kissed against her will. That's what her face is for.

Fine, there is nothing to stop one from sailing into Bar Harbor in an automobile now, except the lack of the choo choo wagon and the wherewithal to produce it.

DEEPER CHANNEL.

The promised shipping to Boston harbor from European and other ports, is taken as the cue for advocates of a deeper harbor to get in their work. Fair minded people can offer little criticism at this request, coming as it does at an opportune time. The trend of the period is towards bigger ships. Increase in length and beam, would naturally call for increased depth. While it is announced by ship owners that the maximum length will not exceed 1000 of the ship of the future, this means a width of approximately 100 feet, and a depth of 35 feet is none too much to figuro on. The call has been sounded for a channel 40 feet deep in Boston harbor. That of course means at low tide. A leeway of five feet under ships as large as quoted is none to much, in fact, it can hardly be called adequate but it will do for a time. It is to be hoped that the appeal of Boston for this channel is heeded. There is no need of surrounding communities being selfish in this matter and offering objection on the ground that Boston is getting too much. What adds to Boston's wealth, prosperity, advancement and increase cannot fail to show a reflection in places adjacent thereto so that instead of protesting the hand of good fellowship and aid should be offered to Boston in its efforts to build up its maritime importance and increase its commercial interests form all quarters of the globe.

NATURALIZATION.

Congressman William F. Murray has been studying up naturalization methods with a view to submitting amendments to the naturalization laws to congress. His idea is to make for a more liberal interpretation of the laws a clearer definition of the duties of naturalization agents, the whole to tend towards encouragement rather discouragement of naturalization. The reference to naturalization agents is somewhat vague and calls for more light. The government has no persons engaged in acting as agents or go betweens for the increase of naturalization. That there is ample room for a change in the present laws however is quite apparent. At present there are obstacles and cost which tend to make many indifferent to becoming citizens of this country. While it should not be permitted that the privilege should be granted without a clear investigation of the candidate or without some fees necessary to maintain the department, it would be deplorable if the change would produce conditions existing, according to reports, 40 years ago. It is reported that during that period there was great laxity, and many people who otherwise could never pass the present day test by 50 per cent were accorded the privileges of citizenship. The restrictions should not become a hardship, but a safe, sane, and reasonable naturalization law is much to be desired.

CONGRATULATIONS.

Quncy extends its congratulations to its neighbors of South Boston, on this their annual celebration day. That it will be successful in every detail is beyond question judging from the results of previous years. And while on the subject of celebrations Quincy has an anniversary the present year towards which some activity should be bent in observing as soon as possible. The city is now 25 years old. There was some reference to celebrating this silver jubilee the first of the year, but in the following of other events little attention has been given to it of late.

There have been many suggestions thrown out many of which are feasible. The Fourth of July Association has voted to celebrate the National holiday as usual. Success has attended previous observances of July Fourth in a safe and sane manner and the same course will be followed this year. It was suggested that the Association join with the City Council incelebrating both events at the one time. If any such course is to be followed it would seem only natural that some action should be taken immediately as the time is rapidly moving onward towards the Fourth.

HOME MAKING A BUSINESS.

Says Former Quincy Woman—How to Keep Maids.

Do you have difficulty keeping a maid? Mrs. Mary L. Wade, of Chicago, a member of the Quincy Women's club and former resident of Quincy, knows how to keep them. In an address recently to the women who came with their husbands to attend the Interstate Farmers and Breeders' association convention in Sterling, Ill. she divulged the secret.

Make a business of housekeeping. That's Mrs. Wade's solution of the servant girl question. "The servant girl problem will cease to exist when all women take the care to know their business as a successful business man does to know his," is the way she put it.

Mrs. Wade declared it was worse for a woman to fail at her business of housekeeping than for a man to fail at his business. "For a man to fail in his business," she said, "does not bring as serious consequences to a family as for a woman to fail to make a good home."

Mrs. Wade spoke on "Standards of Living." It has only been recently that women have given much thought to the question of spending money, she asserted. "Women are the chief spenders," she said, "for through their hands passes most of the money to carry on the home. The cost of living in all cases depends on the ideals and standards of the person spending the money. Each woman should know the mechanical arrangement of her house. It requires far sighted business sense to govern the expenses of a house if the family is to find profit in the life lived there."

The wife should study the question of food, Mrs. Wade asserted, because good health depends upon food. "In this department the woman has the greatest opportunity for the exercise of knowledge and skill," she said. "If good judgment is used the cost of living can be greatly reduced."

Women should study the business of housekeeping, the speaker asserted. "Housekeeping ranks among the professions," she asserted, "as truly as any other occupation, and business-like methods should be used. Women would be good housekeepers if they put as much thought and effort to caring for their homes as they do to learning how to play bridge or how to do embroidery work."

Girls should be taught the business of home making, Mrs. Wade thinks. "It is unfortunate and unjust to any man when all the practical knowledge must be gained after marriage," she asserted.

The housewife should have a knowledge of clothing, garments and sewing, the speaker declared. She should have backbone not to yield to all of the dictates of fashion,e specially when the "stylish" skirts are too tight to walk in.

PALM SUNDAY SERVICE.

A large number attended the Palm Sunday evening service at Christ church. After prayer by Rev. Richard E. Armstrong ,rector, the choir rendered Stainers "Crucifixion." Hymns weres ung by the congregation. Professor Frank Wrigley was organist and director. The soloists were William Carter, J. W. McLeod, William Marr and Charles Vannor.

Mrs. Henry Stanton Blatch says that the "antis" are liars; which gives an accurate line on the ticket Mrs. Blatch is going to vote.

YOU ARE LOOKING OLDER THAN WHEN I SAW YOU LAST

Have You Ever Had This Said of You Because of Grey Hairs

It is most embarassing to have a friend remark that you are "looking older".

Grey hairs are not becoming, people may tell you so, but they are saying to themselves: "What a pity she is not old. And she used to have such beautiful hair."

There is one quick, absolutely sure, easy way of getting rid of grey or faded hair—simply use Hay's Hair Health.

Benefit by the experience of thousands of others, who are using Hay's Hair Health. It brings back the fine, glossy, brilliant color of your hair-restores the grey hairs to their natural color immediately, and keeps the scalp free from dandruff.

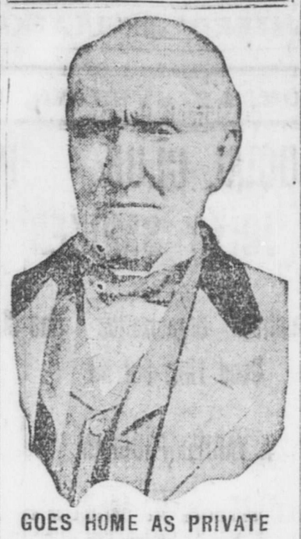

People voluntarily recommend Hay's Hair Health. It is not unusual for them to say: "I want to tell others about it. It's perfectly splendid." Try it yourself, today. You'll be surprised how quickly the grey hairs disappear; how beautifully dark and glossy your hair will remain after using it. Druggists sell more Hay's Hair Health than all others combined because their customers prefer it and they know that it can be guaranteed satisfactory.

Free: Sign this adv. and take it to the following druggists, and get a 50c size bottle of Hay's Hair Health and a 25c cake of Hardina Soap free, for 50c; or a $1.00 size bottle of Hay's Hair Health and two 25c cakes of Hardina Soap free, for $1.00.

UNCLE JOE CANNON

Says He'll Be Dead When Politics Cease to Interest

GOES HOME AS PRIVATE

Cannon Leaves Washington After Many Years of Public Service

Washington, March 17.—Joseph G. Cannon, private citizen, "went home" yesterday after nearly forty years of public service. Unattended, the erstwhile "czar of the house" picked up his gripsack and started for Danville, Ills.

"Uncle Joe" and two big boxes left together. The boxes contained the private letters and documents of a series of years in the midst of Washington's political turmoil. It took weeks to sort them out from the accumulation of the former speaker's letter files.

"I'm not tired," said Uncle Joe. "I feel as well as I ever did, but I suppose that is because I'm the old devil they say I am."

"Will you continue in politics?"

He pondered a minute, then replied: "When I lose interest in politics you can bet I'll be dead."

ALLIES ARE DRIVEN BACK AT TCHATALJA

Many Killed and Wounded In a Sharp Engagement

London, March 17.—With the arrival of spring war operations in the Balkan states are beginning again. The allies appear to be contemplating an attack on Constantinople. They have just been driven back by the Turks on their first advance in the vicinity of Tchatalja.

A detachment of allies moved forward in the direction of Hissarbeyli, near Lake Derkos. They were met with a withering artillery fire and retreated, leaving many dead and wounded on the field.

At the same time the bombardment of Adrianople keeps up. There are many rumors of the desperate plight of the garrison, but no parleys looking toward the surrender of the place have been made.

GET FOUR MONTHS EACH

Three North Carolina Students Convicted of Fatal Hazing

Hillsboro, N. C., March 17.—Establishing a precedent in the annals of the state, a verdict of guilty of manslaughter was returned by the jury in the trial of Ralph W. Oldham, William L. Merriam and Aubrey C. Hatch, the three University of North Carolina students indicted in connection with the death of Isaac W. Rand, in a hazing episode.

Judge Pebbles imposed on each of the prisoners the minimum penalty for manslaughter—four months in jail, beginning April 8.

Each of the defendants was ordered to give $100 bonds for his appearance before the county commissioners "who shall, in their discretion, hire them out to whomsoever they please in this state."

REBEL CHIEFS CONFER

Plan New Attack on Mexican Federals After Being Beaten

Douglas, Ariz., March 17.—State troop leaders, defeated below Naco, conferred yesterday at Agua Prieta, deciding to return against General Ojeda's victorious federals, who remain at Naco. Colonels Calles and Bracamente, who commanded the defeated constitutionalists, arrived yesterday at the border town opposite Douglas.

Probably the fatalities of Saturday's fight never will be known. Calles declares the state forces lost only four killed and four wounded. Sixteen slain constitutionalists, however, have been found by rescue parties in the field, and probably the actual loss to the defeated forces was great.

Two Killed In Hotel Fire

Lockport, N. Y., March 17.—Two men were burned to death in a fire of mysterious origin that destroyed the Ten Brock House, at Wilson, a summer resort on Lake Ontario.

THE OLD LAND FAR AWAY.

By C. M. Duggan.

There's a tugging at my heart strings
for the old land far away
On every celebration of St. Patrick's
Natal Day
And though I love Columbia as dearly
as my life
My Celtic heart bears dual love for
mother and for wife
And thus amid festivities the exiles
thoughts will stray
There's a tugging at my heart
strings for the Old Land far
away.

There's a tugging at my heart strings
for the humble straw-thatched
cot
That nestled in the valley, green
earth held no happier spot
There I first lisped my mother's name
and played around the door
Ere wander-lust possessed me to
seek this friendly shore
All those who shared that home with
me sleep 'neath Saint Mary's
clay,*
Their graves are in the New Land
not the Old Land far away.

There's a tugging at my heart strings
for the country cross-roads
green
Where every Sunday afternoon the
neighbors all were seen
The youngsters 'round the pipers
danced, his music stirred each
soul
The hurler with his ash "caman"
assailed or tended goal
The old folks neath the hedge-rows
stood and cheered each brilliant play
There's a tugging at my heart-
strings for the old Land far
away.

There's a tugging at my heart-strings
I long to roam the fields
And pluck the Emerald trefoil that
Banba only yields
Whose triple leaves extended to the
Druids, did instil
First knowledge of the Trinity on
Tara's royal hill
Where princes, bards and sages, first
learned to kneel and pray
In the creed St. Patrick taught
them in the Old Land for away.

There's a tugging at my heart-strings
for the Abbey old and grey
The Chapel and the Churchyard, I
I long to kneel and pray
Where lies the mouldering ashes of
my noble Celtic sires
Whose blood preserved the ancient
faith, through persecutions fires
Their spirit animates their sons, we
feel its pulse today,
For Home, and Faith and Freedom
for the Old Land for away.

There's a tugging at my heart
strings how can I laugh and
sing
When mental pictures of the past
such tender memories bring
Of hill and dale of rill and vale, where
I in childhood trod
Of playmates and companions dear,
passed on to meet their God
And while within this banquet hall I
mingle with the gay
There's a tugging at my hear-strings
for the Old Land far away.

*Saint Mary's cemetery, Quincy, Mass.

GETS SIXTY-DAY REPRIEVE

Mulraney Was to Have Paid Death Penalty This Morning

Albany, March 17.—Governor Sulzer granted a reprieve of sixty days to John Mulraney, sentenced to be electrocuted at Sing Sing prison this morning for the murder of Patrick McBreen, known as "Paddy the Priest," a New York saloon keeper, in October, 1911.

After repeatedly declaring he would not interfere, the governor was moved to act by a personal appeal from the condemned man, in which he declared that unless reprieved he would go to his death "the victim of the underworld's code of honor" which condemns "a squealer" as the "most contemptible on earth."

Mulraney asked for the respite so he might be given an opportunity to bring forward new evidence which he claims will prove his innocence. Mulraney was dressed in his execution garments and the chair was prepared for him when the reprieve arrived.

GOVERNORS INTERESTED

Twelve Offer to Assist Illinois In Effort to Suppress Vice

Springfield, Ills., March 17.—Lieutenant Governor O'Hara, chairman of the senate committee investigating the "white slave" evil in Illinois, has received letters from the governors of twelve states offering to co-operate with him in every possible way to suppress the traffic in women and kindred evils.

The governors from the following states have so far responded: New York, Massachusetts, Wisconsin, Iowa, Virginia, South Carolina, Michigan, Mississippi, Kentucky, Georgia, Wyoming and West Virginia.

AT AGE OF 108

Woman Attends Funeral of Her Daughter Who Dies at 71

Worcester, Mass., March 17.—The funeral of Miss Isabelle Carpenter, who died here Saturday in her 71st year, was attended today by her mother, Mrs. Louisa W. Carpenter aged 108, the oldest woman in Massachusetts.

The deceased and her mother lived together at 5 Division street. Besides Mrs. Carpenter leaves, besides a brother, a sister and two brothers.

Castro So Declares as He Leaves the United States

New York, March 17.—Cipriano Castro, ex-president of Venezuela, sailed from Hoboken for Hamburg. Thence he expects to go to Paris, and after a short stay there, to the Canary islands, where he will join his family. Castro said he anticipated no difficulty in landing in Hamburg.

Beyond indicating that he might revisit the United States, Castro declined to reveal his proposed itinerary after leaving the Canary Islands. He said he had been treated fairly by the people and press of the United States and hoped that he might be allowed to land unmolested in case he should return.

QUINCY REGISTRY FOR NURSES

20 Whitney Road, Quincy, Mass.

Will supply trained and practical nurses, attendants and nursery assistants. No charge will be made to those applying for Nurses.

CASNOW &

SUNDAY IN OUR CHURCHES

Topics and Anncuncements Fo Coming Week

SUNDAY SCHOOLS

ST. CHRYSOSTOM'S CHURCH.

The calendar for Holy week is as follows:

Monday, 4.00 P. M, Junior Auxiliary in Parish Rooms, 8.00 P. M. Men's Club in Parish Rooms.

Tuesday, 10.00 A. M. Ante Communion.

Wednesday—10.00 A. M. Ante Communion, 4.00, P. M., Penitential Office with Devotional Reading, 7.30 P. M Choir Rehearsal.

Maundy Thursday,—7.00 A. M. Holy Communion, 10.00 A. M. Holy Communion.

Good Friday,—10.00 A. M. Litany 4.15 P. M., Children's Service, 8.00 P M., Evening Prayer and Address.

Saturday, 10.00 A. M. Ante Communion, 4.00 P. M. Holy Baptism.

Easter Even Baptism:—The Rector hopes to be notified of children to be brought to Holy Baptism on Easter Even. The Baptismal blanks are sent out in advance to avoid confusion and waste of time at the service. They are to be returned at the time of Baptism.

Good Friday at 4.15 P. M. in the Church there will be a short service especially for children not old enough to attend the evening service.

Memorial contributions for the Easter Easter flowers are welcome this year as usual, and may be given to a member of the Altar Guild, to the Rector, or put upon the Alms Basin duly marked.

Present members of the Altar Guild are: Mrs. A. K. Lee, President: Miss Ruth Bean, Vice President; Miss A. Maud Briggs, Secretary and Treasurer; Mrs. David Fulton, Mrs. C. T. Kelley, Mrs. G. P. Parker, Miss Nettie Parlee, Miss Ruth Parker, Mrs. W. D. Purdom, Miss Amy Rhodes, Mrs. W. D. Sanford, Miss Gertrude Thorne, Mrs. F. Waite.

WOLLASTON UNITARIAN.

The scripture reading, then hymns the anthem by the girl choir, the solo by Mrs. Turner and the sermon were all in keeping with Palm Sunday. Rev. Carl G. Horst preached from the text "And the multitudes that went before him and that followed cried, saying, Hosanna to the son of David: Blessed is he that cometh in the name of the Lord; Hosanna in the highest.—Matthew 21:9. "As his disciples nineteen hundred years ago welcomed Jesus, so we of this day gladly welcome the Prince of Life who brought to us the great message of the Fatherhood of God and the Brotherhood of Man and laid down his life for these great truths. May we this day open wide our hearts to the spirit of the master and having confessed and followed him on earth, God grant that we may be numbered among those who shall bear palms of victory and give glory, honor and thanks unto God for evermore. Amen."

At the Forum session at noon the topic for consideration was the "Wider Use of the School Plant." Miss Harriet E. Turner opened the discussion, saying "The public school belongs to the people, should be made useful for twelve instead of five hours a day, and should be used for the people's social activities. We already have evening schools, divided into elementary, high and trade schools. We have vacation schools, where the children receive instruction in chairmaking, basket, bench work and fret sawing, elementary woodwork, Venetian ironwork, knitting, sewing, dressmaking, millinery and embroidering. Another wider use of the school plant is that of the vacation playground. One of the commonest uses of public school halls in many cities is for free lectures and entertainments. Such lectures and entertainments have become a regular part of Cleveland's evening amusement program for the winter. Another wider use of the school plant is for an evening recreation center. Such centers have been opened in a number of cities and towns under the name of Social Center, Civic Center, People's Center, Neighborhood Center, Recreation Center. In New York during 1909-10 were 31 evening recreation centers. With the exception of five they were open six nights a week from October to April. Study rooms were available at 27 of the centers, bathing facilities at 24. One-third of the school buildings were for the entertainment of women and girls only and they enjoyed the same opportunities as their brothers except that the gymnasium was more often used for folk dancing than for athletics. In Rochester, N. Y., more than half of the schoolbuildings are used as recreation centers. "The Social Center in Rochester," says Mr. Ward, was not to take the place of any existing institution; it was not to be a charitable medium for the service particularly of the poor; it was not to be a new kind of evening school; it was not to take the place of any church or other institution of moral uplift; it was not to serve simply as an "Improvement Association" by which the people in one community should seek only the welfare of their district; it was not to be a "Civic Reform" organization, pledged to some change in city or state or national administration; it was just to be the restoration to its true place in social life of that most American of all institutions, the Public School Center, in order that through this extended use of the school building might be developed, in the midst of our complex life, the community interest, the neighborly spirit, the democracy that we knew before we came to the city." The discussion was continued by Mrs. Robert E. Park, Mrs. Wm. E. Rowe, David Goodspeed, Mrs. H. N. Thomas, Dr. Charles S. Adams and others. Rev. Mr. Hart read a letter from John L. Miller, chairman of the Quincy School Committee, showing that $15.00 was not an exorbitant price for our school halls.

Those who wish to give memorial flowers for the Easter decorations of the chancel will please notify Mrs. William E. Rowe, 132 Winthrop avenue.

The last in the series of special midweek Lenten services for the deeping of the moral and religious life will be held Wednesday at 7.45 P. M. Preacher Rev. Dudley H. Ferrell of Brockton and soloist Louis B. Weston.

All societies or committees who desire to use the vestry for religious or other purposes will please ask permission of Arthur W. Rohn of the House committee.

Services Sunday will be appropriate to Easter with music by a double mixed quartet. The Communion service will be celebrated at the close of the sermon. The Easter offering will be for the good of the church.

Mrs. Robert E. Park was the speaker at the Y. P. R. U. meeting, giving some interesting stories from a state report.

Easter Sunday the session of the Forum will be omitted.

WOLLASTON CONGREGATIONAL.

The palms which banked the front of the auditorium, the scripture reading and the music, reminded the congregation which filled the church that it was Palm Sunday, but the topic of an eloquent sermon by the pastor, Rev. I. W. Sneath, was "Lessons from the Life of Livingstone." His text was Isa. 6:8, "Then said I, Here am I; send me." Dr. Sneath said, in part:

"Livingstone had a vision, he heard the call, and he gave his life to the spread of the gospel of Jesus Christ in the dark places of the world.

"If I were speaking to boys I would emphasize anew the lesson that poverty is not necessarily a handicap to genuine success in life. Luther, Livingstone and Lincoln began at the bottom and fought their way up.

"He was primarily a missionary, but he used the possibilities in his grasp for the sake of science and humanity traveled 29,000 miles in Africa, explored an area of one million square miles, discovered four great lakes, and Victoria Falls, which outrank our own Niagara.

"Primarily a missionary everything looked in the direction of emphasizing the gospel of Jesus Christ in Africa.

"He claimed the promises of the Bible literally. Referring to Christ's words, 'Lo, I am with you alway, even unto the end of the world,' he said, 'It is the word of a gentleman of the most sacred and strictest honor, and there is an end on't.'

"God heard him and delivered him again and again. Forty times from African fever, three times in one day from deadly peril. One day a lion conquered him but he was delivered, and when his body was brought to Westminster Abbey, they looked at the arm and found there the imprint of the lion's teeth.

"His faith in God made him a man of prayer.

"Livingstone was a consecrated man. Every penny he owned, every drop of his blood was given to spread theg ospel of Christ. He said, 'I will place no value on anything I have or may possess, except in relations to the kingdom of Christ.'

"He was the opponent of slavery. When the New York Herald sent Stanley to find Livingstone he went to Africa an avowed agnostic. He came out of Africa an avowed Christian and a noble man.

"After his death, his black servants took out Livingstone's heart and buried it in the heart of Africa, saying 'It belongs to us.' Then they embalmed his body and carried it to the coast, a journey of a thousand miles taking nine months."

There were special exercises in honor of Livingstone at the Sunday school session, and also at the meetings of the Junior and Senior Christian Endeavor societies.

In the evening the pastor preached a Palm Sunday sermon on the theme: "Enthusiasm for Christ."

Wednesday evening at 7.45 there will be a Family Circle Meeting. This will be the 100th anniversary of the birth of Livingstone and the service will be appropriate to the day.

Thursday evening a Communion service will be held with special Passion music by a men's chorus.

Friday afternoon, at three o'clock, there will be a Calvary service, to which those who cannot attend the evening services are invited.

Friday evening, a service especially for young people will be held to which all old and young are welcome. A young people's chorus will sing.

The church quartet assisted by a chorus will render Stainer's "Crucifixion" at the Easter vesper service.

Thursday afternoon at the Junior C. E. conference in Bethany church, the Junior Society was represented by the superintendent, Miss Madeline K. Morse: Stacy Nickerson, president; Hildergarde Ducey, secretary; and Ruth Higgins, chairman of the Lookout committee.

WOLLASTON METHODIST.

Services Sunday were well attended and full of interest. Rev. Wesley Wiggin, pastor took for his morning subject, "The Royal King." The Sunday school was in charge of Supt. J. A. Sedgwick and all the classes were well represented. Miss Florence Palmer led the Junior League meeting which had a large attendance. The Epworth League was in charge of Miss Elsie Searles of Morgan Memorial who spoke of the work there. At 7 o'clock the pastor spoke on "Some of the Lessons drawn from Palm Sunday." The music for the day was in charge of Mrs. F. H. Bennett who played for the preludes and postludes "Prayer" by Capocci, Notturno" by Wermann, "Romance" by Dunham and Song of Hope by Simpson. The choir was at its best singing for the anthem "Hark, Hark, My Soul" Miss Marguerite Holbrook was the soloist rendering "Gethsemane" and "The Palms" which was thoroughly appreciated by the large audiences present.

Instead of the regular prayer on Thursday evening the service will be changed to Friday evening at 7.45 o'clock. A communion service will be held in place of the prayer meeting. Wednesday evening at 7 o'clock the third lecture in the course will be given by Mr. Robinson of Boston on "China, New and Old." It will be illustrated by the stereopticon.

Next Sunday Easter exercises will be held appropriate for the day.

HALL PLACE M. E.

Sunday was observed as David Livingstone day at the Hall Place M. E. church. At the morning service, Rev. T. C. Martin spoke on the life and character of Livingstone. He said in part: "Why should we take this sacred hour, this day which is recognized in the church calendar as Palm Sunday for a beautiful service of paying tribute to one great man of Galilee the Son of God, when we should join with glad acclaim in singing 'Hosanna, blessed is He that cometh in the name of the Lord' and down before Him our palm branches. Why should we turn aside apparently and put a wreath upon the brow of any man?

"A good name is rather to be chosen than great riches." Prov. 22-1. Saint Paul said "Follow me as I have followed Christ." There is only one justification for taking Palm Sunday services to speak of the life and work and character of David Livingstone and that is because as Paul said of himself, 'As I have followed Christ' he followed Christ.

"It ought to be true that throughout Christendom as our young people have studied the life of this great and good man we shall hear discourses and participate in reviewing his life and work. that this will be a fine way of observing Palm Sunday. I can readily think that the Christ who has ascended up on high will look down with pleasure if we so interpret the life of David Livingstone as to cast a crown of palm at the feet of his Master.

"His remains borne by loving hands from across the sea through the dark jungles of Africa by negroes, his loving servants, who first in their rude, crude manner of bearing testimony to their love and devotion to him first took the heart out of his body and buried it near a tree and then cut in their rude way an inscription on the tree, 'Here died David Liivngtsone.'

"But after all has been said the fact that makes it appropriate to speak of him on this Palm Sunday when we should be singing anthems and bearing testimony to the triumphal march of the Christ is this Livingstone was a follower, a devoted follower of Jesus Christ."

The regular devotional meeting of Epworth League was omitted. At 7 P. M. the second vice president of the League led the service in special recognizance of David Livingstone. Leslie McCormick read the 37th Psalm, one of Livingstone's favorites. Miss Jennie Manhire read of the work of Livingstone in Africa, and Miss Cassie Thayer read an account of his life and character. Miss Hilda Francis recited the prologue to the second part of the Pageant of Light and Darkness, given during "The World in Boston," in 1911. Special music was given by a quartet.

This evening the regular business meeting of Epworth League will be held in the vestry.

Wednesday evening a celebration of the Livingstone centennial will be held in the Tremont Street M. E. church, Boston.

Friday evening prayer meeting at 7.30. Choir rehearsal at 8.30 .

Easter Sunday will be observed with special music and sermon in the morning and an Easter concert by the Sunday school at 7 P. M.

ST. CHRYSOSTOM'S CHURCH.

Palm Sunday in all its solemnity was fittingly observed at St. Chrysostom's church Sunday. The altar and sanctuary were beautifully decorated with palms as was also the rood beam, cross, and large bunches of palms at each side of the chancel steps. The rector Rev. Frederick H. Steenstra celebrated the Holy Euchairist at 8 A. M. At 10.30 morning prayer, Ante-Communion and a sermon on Christ's triumphal entry into Jerusalem was delivered. At 7.30 the rector gave an address on the Ministry, Organization and Government of the Episcopal Church.

During Holy week, Monday, Tuesday and Wednesday and Saturday Ante-Communion at 10 A. M. Maundy Thursday Holy Communion at 7 A. M. Good Friday Litany at 10 A. M. Children's service at 4.15 P. M. Evening prayer and address at 8 P. M. Wednesday afternoon at 4 o'clock Penitential office with devotional reading. On Saturday afternoon at 4 o'clock, Holy Baptism

RUSSELL RETURNS

Former Bank Treasurer Will Not Discuss Mysterious Absence

Marlboro, Mass., March 17.—In good health and glad to get home, Clifton B. Russell, the former treasurer of the Marlboro Co-operative bank, has returned. He refused to discuss the mysterious absence, or his private affairs.

Russell returned to Marlboro from Winnipeg, from where he had sent word of his whereabouts after thousands of circulars had been sent out seeking him.

During his absence the president of the bank received his resignation. After the books of the institution had been gone over and found to be in good order, Claude E. Williams was elected treasurer in his place.

SAGGING WIRE MADE TROUBLE

Sounded Alarm and Nearly Burnt Out Circuit Repeater

The striking of the fire alarm bells at 1 o'clock Sunday morning was caused by one of the fire alarm wires being blown down against an electric light wire. Things were lively for a few minutes at the Central station and it looked for a time as if the entire circuit repeater would be burned out. The damaged circuit however was cut out before much injury was done.

ROBBED OF MONEY AND HIS WATCH

Assailant of Harisansuck Arrested by Boston Police

ATTRACTED BY HIS CRIES

Louis Waterman was arrested in Boston Saturday night charged with robbing Michael Harisansuck of Quincy of $36 and a gold watch in the doorway of a building on Cross street. It is alleged that Harisansuck was pushed into a doorway by Waterman who after beating him relieved him of his money. The victim set up a loud cry which attracted the attention of Officer Murphy who ran up and arrested Waterman. The name of Michael Harisansuck does not appear in the Quincy directory.

HEBREW FEAST CELEBRATION

C. A. A. Club Entertained in a Pleasing Manner

A celebration of the Hebrew feast of Purim in the form of an invitation party, was given Sunday evening by the C. A. A. Girls, at the home of Miss Sadie Berman. A very pleasant evening was sent, the following program being in order: piano solos by Misses Anna Grossman, Marion Litchman, Dora Grabowsky, Sadie Berman, Henrietta Litchman, Celia Edelstein and Etta Grossman; violin solo by Edward Berman, accompanied by Miss Dora Grabowsky; Jack Litchman in songs and impersonations; and selections by the Quincy Y. M. H. A. quartet, accompanied by Marion Litchman Games and dancing were enjoyed until the party broke up, at a late hour.

The following young ladies were present: Anna Grossman, Celia Edelstein, Sadie Berman, Henrietta Litchman, Marion Litchman, Frances Catler, Mollie Sherad, Annie Lubarssy, Esther Shuman, Dora Grabowsky, Etta Grossman, Sadie Cohen, Percival Swartz, Julius Smith, Joseph B. Grossman, William Wolf, Isidore Wolf, Harry Tolpin, Alexander Gesmer, Max Cutler, Jack Litchman, William Asnes, Walter Lubarsky, Louis Sherad Edward Berman, Abraham Cohen and William Catman.

The party was arranged by Henrietta Litchman, Frances Catler, and Marion Litchman.

WINTER MAKING ITS LAST STAND

Jack Frost Dying Hard at the End of Present Career

There was quite a sudden change in the weather late Sunday night. The predictions were for colder weather Sunday but it was not until night that the chilly wave arrived. Late in the evening the wind shifted and quite a strong breeze prevailed. The air was also cold. The high cold wind continued all night but diminished during the early forenoon. According to the weather man however the present cold snap will be followed by warmer weather Tuesday and Wednesday and the cold will have gone for the remainder of the winter.

MILITANTS FARE BADLY

Meet With Great Racket and Bombardment in London Park

London, March 17.—The suffragettes, who again attempted to hold a Sunday afternoon meeting in Hyde park, were mobbed by acrowd of 10,000 persons. They were pelted with clods of turf and other missiles, and when the police were escorting them from the sccene the rioters tore off the hats and cloaks of the women and even struck some of them in the face.

For two hours the park, where demonstrations until recently were held in peace, and Oxford sreet nearby, were the scenes of wildest disorder.

The trouble began when "General" Drummond mounted a wagon and started to speak to the great assemblage, which was largely made up of youths, who had armed themselves with ammunition of various descriptinos, or with trumpets, mouth organs and bells. She had hardly uttered a word when a clod of turf struck her in the mouth.

For half an hour the crowds shouted, sang and pelted the suffragette commander-in-chief, whose clothes were a mass of mud. At last, Mrs. Drummond's speech, of which not a word was audible, came to an end.

A large force of police drew in about the suffragette wagon, and under this escort the women were led out of the park, followed by a jeering crowd, which continued to pelt them with missiles through the line of constables.

Ex-Governor Black Seriously Ill

Troy, N. Y., March 17.—Former Governor Frank S. Black is seriously ill at his home in this city. He has valvular disease of the heart. Black was born in Livingstone, Me., sixty years ago.

High Jump to Suicide

Augusta, Me., March 17.—George King, a loom fixer, jumped into the Kennebec river from the middle of a highway bridge fifty feet above the river and was drowned.

RAY SPEAR DEAD IN THE WEST

Word has been received of the death at Indianapolis, last Friday of W. Raymond Speak, formerly of Randolph and well known in Quincy, as the husband of Miss Hattie M. Fay, daughter of William H. Fay, formerly of Greenleaf street and for many years secretary of the Quincy Mutual Fire Insurance Company.

After his marriage he went to Indianapolis where he has since made his home. Some time later Mr. and Mrs. Fay gave up their home in Quincy and went west and have since made their home with their daughter.

He leaves a widow, a son and daughter.

Mr. Spear was born in Randolph, Sept. 17, 1872. For 10 years he was in business in Boston and later became a member of the firm of Dodge & Spear. He continued in this partnership six years and then went to Indianapolis, where he was general manager of the Pettis Dry Goods Company. About two years ago a son died, and in memory of the son Mr. Spear presented a library to the Irving high school of Indianapolis.

WALKED BACK-- WENT TO WORK

200 Syrians Who Quit Last Week Again on Job

OFFERED NO EXPLANATION

The 200 Syrians who Wednesday afternoon last week suddenly quit work at the Fore River and walked out without a word of any kind to the management as to what the trouble was, returned as suddenly to work again Saturday. Just why the men went out the officials were not able to find out. The men made no demand of any kind, even before or after they went out. They simply laid down their tools and quit. Nothing was heard from them until Saturday morning when they all showed up again for work.

The officials of the Fore River company also announced Saturday night that a settlement had been reached with the riveters, steamfitters and plumbers and that the men would return to work this morning.

Just how the differences were settled has not been given out but it is said that it was satisfactory to both parties. The men went out in protest of the wage, bonus and contract system under which work was being done at the yard. After they went out a conference with the officials was asked for and readily granted. Several conferences were held last week and the matter fixed up. Neither side will reveal the terms of settlement.

BRIEFS

Miss Helen Martin of Hall place spent the week end with friends in Roxbury.

Miss Pauletta Kristofferson of Crescent street leaves today to spend a few weeks at Walpole.

Miss Mabel Coombs, of Bath, Maine is the guest of Mr. and Mrs. George Copeland, of Putnam street.

A. Shackley and nephew of Brooklyn, New York spent the week-end with Mr. and Mrs. Robert Newcomb of Hall place.

Miss Bernice Cox of Lewiston, Maine, is making a two weeks visit in this city, the guest of her brother and wife, Mr. and Mrs. Clyde T. Cox of Greenleaf street and of her sister, Mrs. Gladys Lowell of Whitwell street.

GOOD TEMPLARS.

Quincy lodge, I. O. G. T. held a regular meeting in Protection hall Saturday evening. One member was initiated.

Dr. A. F. Christian of Worcester will give an illustrated lecture at the March 22 meeting. His subject will be "Alcohol and its effect on the system." An entertainment and games will follow.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co. Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Address: F. J. Cheney & Co., Toledo, O.
Sold by Druggists, 75.
Take Hall's Family Pills for constipation.

C. M. HICKEY DEAD AT BRAINTREE

A Long Time Resident of Dorchester Up to Three Years Ago

Charles Morrison Hickey passed away Sunday morning at his home 305 Middle street, Braintree, in his sixty-first year, after being confined to his bed three weeks with Brights disease. He was born Oct. 6, 1852 in Boston, the son of Thomas H. and Mary Anne (Morrison) Hickey. His father died eight years later. Mrs. Hickey and her son then went to Exeter, N. H. The deceased attended the public schools of Exeter, N. H., and Philips Academy.

Oct. 17, 1876, Mr. Hickey was united in marriage to Miss Isabella Fottler of Dorchester and they resided in Dorchester until November 1909 when they came to Braintree, with their son and his bride. Mr. Hickey was always employed as a bookkeeper, all the time except ten years in the wholesale drug business. The ten years out he was at the Quincy house as clerk. He was with the well known wholesale druggists Cutler Bros., until the Eastern Drug Co., was organized.

While living in Dorchester Mr. and Mrs. Hickey were active in the Norfolk street Unitarian church and Mr. Hickey served on the parish committee. Mr. Hickey was a most trustworthy man, never shirking his duty and his hours of labor were from early morning until late in the day.

Mr. Hickey leaves a devoted family of three, a wife, son and daughter-in-law. The son is assistant analyst for the State Board of Health.

Mr. Hickey will be buried at Forest Hills cemetery Tuesday, the funeral being held at his late home in Braintree at 2 o'clock the Rev. Daniel Roy Freeman of All Souls' church officiating.

TENNIS CLUB ELECT OFFICERS

J. Brooks Keyes Chosen President at Annual Meeting

The annual meeting of the Quincy Tennis club was held Saturday evening and these officers were elected:

President—J. Brooks Keyes.
Vice President—George E. Pfaffmann.
Secretary—Carl R. Sheppard.
Treasurer—J. Harry Slade.

The above officers with Harry W. Porter, Henry R. Holden and Harold B. Davenport comprise the executive committee.

TALKED TO MACHINISTS.

An open meeting under the auspices of the Quincy Machinists local was held in Protection hall Sunday afternoon. The main topic was organization. Special organizer O. F. Young of Salem who has been assigned to Quincy was the principle speaker of the day.

Others who gave short addresses were Harry Kingman of Lynn, Frank Jennings, business agent of Boston, S. M. Thompson of Hyde Park and R. L. Hall of Lynn, business agent of Quincy.

Five were admitted to membership.

OFFICE SEEKERS LEAVE CAPITAL

Wilson Decides to Withhold Principal Appointments

WILL PLAY POLITICS HIMSELF

Wants to Know Where Congressmen Stand In Supporting His Program—Understood That McCombs Will Be the Medium to Reach President—Burke Nominated For Treasurer

Washington, March 17.—Every train that left this city Sunday bore to the different parts of the country disappointed seekers of high political places, for they had been given to understand there was use waiting around any longer, as President Wilson had decided to play a little politics himself and will withhold the principal appointments until after the special session of congress convenes.

There is but one interpretation of this move on the part of the president, and that is that he is going to find out before handing out the patronage just where the members of congress stand in supporting his progressive campaign.

From now on, however, it is understood that William F. McCombs, Democratic national chairman, will be the man who must be seen by those who would serve the country in different positions. The president does not want to be bothered with the squabbles of cliques and factions in the party not to be drawn into any of these squabbles, and McCombs' word will be taken in passing upon the applicants.

The nomination of John Burke, former governor of North Dakota, to be treasurer of the United States was sent to the senate by President Wilson.

Who will be appointed collector of the port of New York to succeed William Loeb, Jr., is still unsettled. Dudley F. Malone, son-in-law of Senator O'Gorman, will not be the successor. He has returned to New York city and will continue the practice of law. He was offered a deputy attorney generalship at $7500 a year, but declined. George F. Peabody, it is understood, will have an important place, and there is a belief that he will get this important post.

When the extra session opens Postmaster General Burleson expects to have ready his plan for dealing with the situation created when all fourth-class postmasters were put into the classified service.

The postmaster general had a long talk with McCombs yesterday and said afterwards that he would occupy himself in the next three weeks with the drafting of a plan by which the merit system could be applied to fourth-class postmasters.

Mr. Burleson does not believe that the executive order through which the postmasters were placed on the civil service list should be revoked, but he insists that those who were placed on the civil service list without examination be required to submit to the merit test.

BY MEANS OF TUNNEL

Cracksmen Obtain $350,000 Plunder From Vaults of Pawnbrokers

New York, March 17.—An East Side burglary netted the thieves the largest haul of booty obtained in New York city in many years. Martin Simons & Sons, pawnbrokers, at 94 Hester street, were the victims and the property stolen included $250,000 worth of jewelry, diamonds and other precious stones, and $100,000 negotiable securities.

The thieves gained access to the pawnbrokers' vaults by means of a tunnel from an abutting building on a neighboring street. They made a clean getaway with their valuable loot.

The police think the tunnelling required all of Saturday night and the greater part of Sunday morning. It is their belief that the actual robbery took place yesterday afternoon, while hundreds of persons were passing along the street in front of the pawnshop.

BLEASE IS SENSITIVE

Punishes Two Newspaper Men Whose Editorials Displease Him

Spartansburg, S. C., March 17.—Because he wrote an editorial criticising Governor Blease's veto of a local measure, Charles P. Calvert, editor of the Spartansburg Journal, has lost his commission as notary public.

The governor also revoked the notarial commission of Charles Petty, associate editor of The Journal and grandfather of Calvert, because Petty wrote editorials disapproving of Blease's policies.

French Aviator Killed

Ambrieu, France, March 17.—A French aviator, Mercier, was killed while testing an aeroplane. He attempted too sharp a turn, and the machine capsized.

Works of Raphael Found In Italy

Perugia, Italy, March 17.—Three works by Raphael, the great Italian painter, have been discovered here. One is a large ornamental fresco.

GRAFTERS MAY "RUSH TO COVER"

Frightened by Conviction of Hartigan on Perjury Charge

SEVERE SENTENCE EXPECTED

Bluecoat Who Bribed Witnesses to Leave State Breaks Down When Landed In Cell—Verdict Taken as Insuring Failure of Sweeney's Defense When His Case Is Called

New York, March 17.—With the prospect of spending a term in Sing Sing prison confronting him, Policeman John J. Hartigan, convicted Saturday afternoon of having committed perjury to shield Dennis Sweeney, lately a police inspector but now a captain and under indictment charged with having accepted bribes, broke down in his cell in the Tombs and bitterly bewailed his fate.

Hartigan tried to appear composed and accepted the verdict of the jury stoically, but when he had reached his cell he threw himself on his cot and gave way to his feelings.

Following Hartigan's conviction a "rush to cover" by policemen involved in the graft probe is expected, and many confessions will not surprise the prosecutor.

Just what sentence will be imposed upon Hartigan is a matter of much speculation throughout the city, and particularly in the police department. He may receive the maximum of ten years, or it may be considerably less. That the jury did not recommend mercy for Hartigan is one of the surprises of the trial, and this is taken to mean that a severe sentence will be inflicted.

It is known that Hartigan at the worst feared a disagreement, although the followers of the trial could not understand where there could be any such hope entertained and especially after he had gone on the stand and admitted that he had lied to save Captain Walsh.

When Captain Walsh, whose testimony convicted Hartigan, heard of the verdict at his home he broke down. He was very fond of Hartigan and he did not want to testify against the young man.

It is said that Hartigan was advised by his young associates on the police force to fight the case, after it was expected that he would confess and seek leniency. These young policemen were in the courtroom and throughout District Attorney Whitman's speech had smiled their encouragement at their brother in trouble.

Captain Sweeney refused to comment on the verdict. In all circles the judgment of the jury is taken as a conviction of Sweeney as well as Hartigan.

Hartigan acted as agent for high police officials in bribing witnesses against them to leave the state. Hartigan was alluded to by Whitman in summing up as "a discarded victim of the 'system' sacrificed to protect one of its pillars." The prosecutor referred to Sweeney as the man for whom Hartigan had perjured himself.

GARMENT STRIKE SETTLED

Boston Workers Declare They Have Won Complete Victory

Boston, March 17.—The strike of the 6000 workers on ladies' garments' which has been on for about two weeks, was settled Saturday evening. The employers agreed to grant the workers an increase in wages and certain betterments of working conditions.

The result is a victory for the strikers, but while the manufacturers have agreed to increase the wages of the employes the raise in pay is not as large as anticipated by the union leaders. The increase granted amounts to less than 10 percent in the majority of cases.

Nevertheless, the strikers are of the opinion, in the main, that they have won a complete victory. Most of them returned to work this morning.

COUNCILMEN OUSTED

Woman Mayor Wins Contest In Kansas State Supreme Court

Topeka, March 17.—Mrs. Ella Wilson, mayor of Hunnewell, Kan., won her long fight against hostile members of the city council when the state supreme court ousted three councilmen, against whom charges had been filed by Mrs. Wilson.

The court held the three guilty of misconduct in office and of persistent failure to perform their duties. Mrs. Wilson alleged the men refused to co-operate with her in administering the affairs of Hunnewell.

Pope Praises United States

Rome, March 17.—The United States is referred to as the ideal country for religious freedom, in a papal encyclical issued from the Vatican.

MORSE IN NEW YORK

Health of Former Steamsip Magnate Appears to Be Good

New York, March 17.—Announcing that physicians had told him he could live for years, Charles W. Morse, accompanied by Mrs. Morse, arrived home Sunday on the steamship Kaiserin Auguste Victoria.

Both Morse and his wife seemed very happy, and when the former told the reporters that physicians had given him encouragement Mrs. Morse beamed upon him. "I must watch myself constantly and be careful of my diet," he said.

Morse said he would enter business again, but did not say what line he would take up. He refused to discuss the report that he would again attempt to get control of the coastwise steamship lines.

CORRUPTION IS CHARGED

Investigation of New Hampshire Senatorial Election Begins Today

Manchester, N. H., March 17.—Ezra M. Smith, chairman of the joint legislative committee which will today begin an investigation of the charges of corruption in the recent election of United States senator, declared that definite charges of improper promise and illegal vote transactions have been made to him.

He said that, because these charges have not yet been placed before the committee, he could not give the detailed particulars as received by him, but added that, if they are proven, nothing can save any guilty ones from full punishment.

Good Friday Executions Postponed

Salem, Ore., March 17.—Because March 21 falls upon Good Friday, George and Charles Humphrey, murderers, have been accorded an extra twenty-four hours of life. Governor West put off their execution until March 22.

Snakes Fond of Music.

Science has recently been studying the question as to whether or not snakes have an appreciation of music. This applies particularly to the cobra, which responds to the piping of a gourd instrument played by the East India fakir with a rhythmic movement suggesting a dance. The conclusion seems to be that it answers to the musical notes much in the same way as a dog does—that is to say, through a special or nervous sympathy. When the whistles blow at noon in the Bronz zoo the wolves set up a great howling in concert. Whether or not they enjoy this sort of music is disputed—though probably they do, for some dogs undoubtedly take pleasure in harmonious strains and will run a block to sit in front of a hand organ and "sing," while other dogs unquestionably suffer from certain kinds of music, and express their pain in lugubrious howls.

THOMAS GAMMON,
Superintendent.

MELISSA TURNS DOWN A PRINCE AND A GOOD FELLOW.

"I declare, it seems to me as if I hadn't seen you for about a month, Melissa," said Mrs. Merriwid's maternal maiden aunt Jane. "Not more than long enough at a time to ask you when you expected to be home."

Mrs. Merriwid laughed as musically as it is possible for a woman to laugh when she is bent double, with her back hair thrown forward.

"I guess it is about a month since Mr. Stoxan began calling, isn't it?" pursued Aunt Jane, archly.

Mrs. Merriwid resumed her upright position with a jerk that threw her hair back. "About that, dearie," she replied, "and I don't mind owning that I'm beginning to breathe hard and get a stitch in my side. The pace is certainly a little rapid for me. You know, Auntie, dear, I've not been accustomed to it. Poor Henry never took me out oftener than four nights in a week."

"I didn't suppose it was as often as that," remarked Aunt Jane.

"You're a clever little guesser," said her niece. "Four times was about the average for a year with Henry. He was strong for the domestic hearth and an early retreat to the excelsior, Henry was. Once in a while an interesting and instructive lecture on 'Ethical Culture Among the Ancient Egyptians' would lure him out and keep him up to the unearthly hour of eleven at night, and of course Friend Wife shared in the giddy dissipation; but the programme never included things like broiled lobster and sizzly beverages. The only fizzy stuff Henry approved of was a temperate seidlitz powder, poor dear! No, Mr. Stoxan is different."

CONSIDERED HER REFLECTION IN THE MIRROR.

"He must be very rich," Aunt Jane hazarded.

"No, auntie, he's not very rich, he's merely made a killing," corrected Mrs. Merriwid. "When a board of trade speculator makes a killing the first thing he does is to buy a self-starting six with electric lights and all modern conveniences, and get into a 'bunch.' That puts him out of all danger of getting rich, especially when he acquires the 'little supper' habit, and Mr. Stoxan has got that in its acute stages. His idea of heaven is an everlasting round of hot birds, cold bottles and green Chartreuse, with the celestial choir playing rag-time behind a clump of artificial palms in green tubs."

"My dear!" protested Aunt Jane, in a shocked voice.

Mrs. Merriwid wound a thick strand of hair in an experimental coil on the top of her head and considered the reflection in her mirror. "Well, perhaps I'm wrong," she said. "I don't really suppose he gives much thought to a future state. May wheat is about as far ahead as he cares to speculate. But that 'bunch!' They've certainly got to cut the string and let me out of it."

"I'm glad you feel that way, Melissa, dear," said Aunt Jane.

"This thing of high living and peroxide dycing gets on my nerves," declared Mrs. Merriwid. "That's the female part of it. I hope I'm not too particular, but it does seem to me that a single rope of pearls is an awful poor chest-protector, and I don't like to look conspicuously different from my sister supper-eaters, at that. Well, I'm going to take the rest cure, auntie—rest and change. Mr. Stoxan is up against a strong bear movement."

"Of course, being a bachelor may account for his extravagance," Aunt Jane suggested. "If he married and settled down—"

"They never do," said Mrs. Merriwid. "Once in a while they settle up, but that's only when they've guessed right; and every once in a while they guess wrong and then there's a self-starting six for sale at a sacrifice. Owner can give excellent reasons for selling. Don't you ever think that a stock gambler's wife is going to make him put his winnings into a safe, three per cent. solution of brine and carry his lunch to the office, because she isn't, dearie. She's got to accept her Russian sables and diamonds without a cheep of protest. If she doesn't, some other lady will, so she might as well resign herself to her fate and enjoy herself until hubby comes home and tells her that Pactolians have unexpectedly dropped six points. Then she'll catch cold without the pearl rope."

"I really thought that you thought seriously—" Aunt Jane began.

"I do, now and then," said Mrs. Merriwid. "That's all that saves me. If I hadn't taken three or four seconds to carefully weigh the advantages and disadvantages of Mr. Stoxan from a matrimonial standpoint, there's no telling what might have happened. As it is, I fear me that the gentleman will honk his horn beneath my bower window about one more time, and that will let him out. He's going to give a farewell supper tonight, only he doesn't know it. I'm not disposed to deny that he's a very nice man in very many respects, but he's not to be trusted with matches anywhere near money, and I don't want to go to the expense of a fire-proof safe for what poor Henry left me."

"Well, I'm glad," observed Aunt Jane. "At the same time I'm a little surprised."

"I don't see why you should be surprised," said Mrs. Merriwid. "I don't say that I've any particular objection to luxury. I like good things to eat and drink and pretty things to look at and to wear; I like broiled lobster once in a while and I don't find champagne hard to take; all my life I've wanted sables, and I certainly envied that woman the pearls she was wearing; but I also like to feel reasonably sure of a continuance of breakfast bacon and eggs and the ability to spring myself for a hundred dollar tailor-made and a twenty-five dollar hat once in a while. Isn't that sensible? Isn't it logical?"

"That's what surprises me," said Aunt Jane.

"If Mr. Stoxan could only think up some way of enjoying himself, it wouldn't be so bad," sighed Mrs. Merriwid; "but breaking the speed ordinances to the tune of 'Good Bye, My Lover,' and imbibing cocktails at every stop, pails on a person of average intellect after a little, and what Mr. Stoxan calls 'the show proposition' gives one an acute pain. I'm fond of society, but I get sick of it when it means nothing but stale cigarette smoke and caviare sandwiches and red faces and white shirt-fronts and watery eyes and mandolin orchestras and stories that you don't know whether you ought to listen to or not. That makes me think tenderly of the ancient Egyptians. No, dearie; set your mind at rest. Mr. Stoxan is a good fellow and a prince and the salt of the earth, when he isn't fresh, but at the same time he's a horrible example and I shall be obliged to turn him down. Nevertheless I feel that I have deceived him cruelly."

"How so?" queried Aunt Jane.

"I've made him think I was a good fellow, too, and after all, I find that there's considerable of the old hen about me," replied Mrs. Merriwid.

No Cinch.

Lulu's mother heard a great splashing in the bathroom, and, upon investigation, found her little daughter standing in the partially filled tub, in a most bedrabbled condition.

"Why, you see, mamma," she explained, "I've been trying to walk on the water, and it's no fool job, let me tell you."—Judge.

SENSATIONS IN EATON MYSTERY

Important Disclosures In Death of Rear Admiral

DOCTOR STOPPED EMBALMENT

Undertaker was About to Inject Fluid Into Body Which Would Have Destroyed All Traces of Cause of Death—Rockland In Uproar As Gravity of Case Is Realized

Boston, March 17.—A most amazing development came to light in the Eaton death mystery case yesterday, when it was learned that a telephone call, just in the nick of time, had stopped Undertaker Sparrow of Rockland from injecting embalming fluid into the body of the admiral a week ago Saturday, shortly after his death.

Just after the undertaker arrived at the Eaton house a neighbor appeared with the information that someone wanted to talk with him on the telephone next door.

He accompanied the neighbor across the yard. It was his wife on the other end of the line. "Dr. Frame wants you to call him up at once," she said.

Sparrow immediately attempted to call the doctor from the same phone, but was unable to make the connection. He left the neighbor's house and walked to Mann's Corner, where on another phone the connection was made.

Medical Examiner Osgood was at Frame's office and talked with Sparrow. "Don't disturb the admiral's body in any way until I have had a chance to examine it," he ordered.

According to one closely connected with the case if that telephone call been two minutes later the embalming fluid would have entered the admiral's body, thus destroying the power of locating traces of other poisons in the organs.

Developments all day yesterday threw Rockland into an uproar. Deputy sheriffs, armed with summonses, visited the houses of the Eaton neighbors for the purpose of ordering them to appear at the inquest at the Hingham courthouse today.

A visit of State Officer Scott and Deputy Sheriff Congdon to the Eaton home yesterday afternoon only added to the excitement.

The people of Rockland, and particularly those living in the vicinity of the Eaton home, realizing the gravity of the situation, began to talk freely.

Following the information regarding the undertaker, it was learned that D. H. Ainsworth, the divorced husband of Mrs. Eaton, up to last August was a frequent visitor at an entertainment park about a mile from the Eaton home.

The police know him to have been there at dances and other affairs even up to last Labor day. It is said Mrs. Eaton has seen her former husband at various times.

For the first time yesterday Mrs. Hannah Barnes, a Rockland storekeeper and former housekeeper of the admiral, came into the case when she said that as late as two weeks ago Mrs. Eaton had come into her store and informed her that the admiral was getting on her nerves.

Mrs. Barnes insisted that Mrs. Eaton was always jealous of her husband and accused him of showing attention to women and girls.

Still more sensational information came from a Mrs. Corbett of Mann's Corner, who declared that for many months June Keyes took meals with her because she (June) said she was "afraid her stepfather would poison her."

Mrs. Corbett said the girl would walk a whole mile to her meals three times a day.

From Hingham more information came to light when James F. Thom, the "60-year-old man" in the case, was found.

It had been reported that the admiral was bitter towards Thom because of alleged attentions he had made to June before she became Mrs. Keyes.

While Thom would not talk, his attorney, Joseph Burdette, said Thom was ready at any time to be called into the case.

James F. Thom is a shrubbery dealer and has been a resident of Hingham for the past thirty-three years.

It was while selling shrubbery to the admiral that they became acquainted. They became so friendly that they used to visit each other.

Mrs. Eaton, widow of the dead admiral, and her mother, Mrs. Virginia Harrison, will probably be called as witnesses today at the inquest. They were not at the hearing Saturday. Mrs. Ralph P. Keyes and her sister, Miss Dorothy Ainsworth, stepdaughters of the rear admiral, were there. They remained in the courtroom more than two hours. Other witnesses summoned were Dr. Frame, Dr. Osgood and Policemen Scott and Condon.

The federal authorities are believed to have taken a hand in the investigation. Dr. Dessez, U. S. N., of the Charlestown navy yard, has requested a report on the circumstances of the death of Eaton from State Medical Examiner Osgood.

A STITCH IN TIME

Quincy People Should not Neglect Their Kidneys.

No kidney ailment is unimportant. Don't overlook the slightest backache or urinary irregularity. Nature may be warning you of approaching dropsy, gravel or Bright's disease. Kidney disease is seldom fatal if treated in time, but neglect may pave the way. Don't neglect a lame or aching back another day. Don't ignore dizzy spells, irregular or discolored urine, headaches, weariness or depression. If you feel you need kidney help begin using the reliable, time-tried remedy, Doan's Kidney Pills. For 50 years, Doan's have been found effective. Endorsed by Quincy people.

W. Charlesworth, 33 Cranch St., Quincy, Mass., says: "Doan's Kidney Pills are certainly an effective kidney medicine. They fixed me up in good shape some years ago and since then, I have had no kidney trouble."

"When Your Back is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Charlesworth had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

Mortgagee's Sale of Real Estate

By virtue of a power of sale contained in a certain mortgage deed given by Wilber F. Lakin to Herbert F. Doble dated Aug. 29, 1903, and recorded in Norfolk Deeds, libro 955 fol. 278, and assigned by Herbert F. Doble to the Quincy Savings Bank by assignment dated Aug. 31, 1903, and recorded as above in libro 956, fol. 622, will be sold at public auction for breach of the conditions of said mortgage on the second described parcel on the premises hereinafter described, on THURSDAY, the tenth day of April, 1913, at two o'clock in the afternoon, all and singular, the premises conveyed by said mortgage deed, and herein described substantially, as follows: The following described property, situated in said Quincy, bounded and described as follows: Beginning at a point on Willard street at the easterly corner of said premises, thence running north-easterly on land now or formerly of Saml. Babcock, eight hundred sixty-five feet, thence turning and running north-westerly four hundred forty-two and 75-100 feet, thence turning and running south-westerly five hundred sixteen and 5-10 feet, thence turning and running south-easterly one hundred seventy-one and 75-100 feet, thence westerly one hundred forty feet to said Willard street, thence south-easterly along said Willard street five hundred and ninety-nine and 5-10 feet to the point of beginning. Containing nine, and three-quarters (9 3-4) acres, be the same more or less.

Also another tract or parcel of land in said Quincy, together with all the buildings thereon, bounded and described as follows, to wit: North-westerly by Robertson street, one hundred feet, north-easterly by land belonging to estate of J. W. Robertson one hundred sixty-six and 5-10 feet, south-easterly by other land of said Robertson estate one hundred feet, south-westerly by land now or formerly of Maloney one hundred sixty-six and 5-10 feet, containing 16,650 square feet, be any and all of said measurements more or less.

This property will be sold subject to all unpaid taxes, tax titles and assessments, if any. Terms $500 cash at sale, balance cash in ten days from said sale on delivery of deed.

QUINCY SAVINGS BANK,
Assignee of the mortgagee and present holder of said mortgage.

Norfolk, ss. Probate Court.

To the heirs-at-law, next-of-kin, creditors and all other persons interested in the estate of Harriet E. Turner late of Quincy in said County, deceased, intestate:

Whereas, a petition has been presented to said Court to grant a letter of administration on the estate of said deceased, to Edith S. Ring of said Quincy without giving a surety on her bond. You are hereby cited to appear at a Probate Court to be held at Dedham in said County of Norfolk, on the nineteenth day of March A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And the petitioner is hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in said Quincy the last publication to be one day at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this fourth day of March A. D. 1913.

JOHN D. COBB, Register.
Mar. 6-3t 6-10-17

Commonwealth of Massachusetts.

Norfolk, ss. Probate Court.

To the creditors, and all other persons interested in the estate of John B. Reinhalter late of Quincy in said County of Norfolk, deceased:

Whereas, Joseph F. Reinhalter, administrator of the estate of said deceased, has presented to said Court, his petition praying that he may be licensed as administrator as aforesaid, to sell and convey to Maggie T. Reinhalter at private sale all the interest of the estate of said deceased in and to certain real estate described in said petition, and to execute and deliver in consideration of the sum of $58.72 a deed or deeds releasing and conveying all the interest of the estate of said deceased therein. You are hereby cited to appear at a Probate Court to be held at Dedham in said County of Norfolk, on the nineteenth day of March A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And the petitioner is ordered to serve this citation by delivering a copy thereof to each of you fourteen days at least before said Court; or by publishing the same once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in said Quincy, the last publication to be one day at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this fifth day of March in the year one thousand nine hundred and thirteen.

JOHN D. COBB, Register.
Mar. 6-3t 6-10-17

Commonwealth of Massachusetts

IN BOARD OF GAS AND ELECTRIC LIGHT COMMISSIONERS.

Boston, March 7, 1913.

On the petition of the Quincy Electric Light and Power Company for the approval of an issue of additional capital stock of the par value of fifty thousand dollars ($50,000) for the purpose of paying the indebtedness of the Company now outstanding, the Board will give a hearing to the parties interested at its office, 603 Ford Building at 15 Ashburton Place, Boston, on Wednesday, the nineteenth day of March current, at ten-thirty o'clock in the forenoon.

And the petitioner is required to give notice of said hearing by publication hereof in the "Quincy Ledger," a newspaper published in the city of Quincy, prior to said time of hearing twice each week for two successive weeks.

By order of the Board.

JOHN AHERN DEAD.

John Ahern, aged 35 years died Sunday night at 192 South street, after a long illness. He leaves a father, Daniel and one sister.

Seen years ago he lost his leg in an electric car accidena tt Braintree.

The funeral will be held Tuesday morning. A high mass of reuiem will be said at St. John's cuhrch.

IF YOU WERE BUSY.

Rebecca B. Foresman.

If you were busy being kind,
Before you knew it you would find
You'd soon forget to think 'twas true
That someone was unkind to you.

If you were busy being glad,
And cheering people who are sad,
Although your heart might ache a bit,
You'd soon forget to notice it.

If you were busy being good,
And doing just the best you could
You'd not have time to blame some man
Who's doing just the best he can.

If you were busy being true
To what you know you ought to do,
You'd be so busy you'd forget
The blunders of the folks you've met.

If you were busy being right,
You'd find yourself too busy, quite,
To criticise your neighbor long
Because he's busy being wrong.

Trainmen Begin Strike Vote

Chicago, March 17.—A strike vote by 6000 local members of the Brotherhood of Railway Trainmen has been started in the yards of nineteen railroads affected. It is expected the vote will be complete by tomorrow.

Y.M.C.A. TRIMMED INDEPENDENTS

Latter Soon Knocked Out of Form By Heavier Team

SILENT FIVE SILENCED

The basket ball seasons wasb rought to a close at the local Association Saturday night when three games were played between local teams. The First team was supposed to meet the Everett Y. M. C. A. team but for some unknown reason the visitors cancelled the game late on Friday night. The Quincy Independents, composed of the High school team players, were substituted and for about 10 minutes of the first half they made things interesting but after the Y. M. C. A. team got to using their inside game there was nothing to it. The Association team was too heavy for their opponents for one reason and coupled with the fact that the outside team was accustomed to playing on a much larger floor space, it was no wonder that a large score was run up. Trask had another field day, getting no less than 19 goals from the floor; his opposing center was not able to stand the pace and after the first few minutes of each half "Hennie" had an easy time of it. Prout and Andrews played well for the losers as did Jimmie Jenkins the second half.

The Second Team played the Silent Five clean off their feet in the final game of their series, winning by the decisive score of 34 to 20. The first half was nip and tuck, the score ending 11 to 8 in the 2nd favor and up until the last few minutes of the end of the game the score was very close. Owing to a mistake of the timer the 1st half was only 15 minutes instead of 20 and the additional five minutes was played after the second half was ended. This extra time was used to good advantage by the winners for they quickly ran up 9 points. Price and Thomas did the heavy scoring for the winners while Childs and Bishop seemed to be the only men who could find the basket on the losers side. Shirley and Price had a great game all by themselves but Price's experience was too much for "George" and he found the goal seven times during the game.

The Quincy Independents 2nd team had an easy time with the Y. M. C. A. employed boys team defeating them by a score of 27 to 7. Earl Bates and "Yellow" Prout were the high scorers, getting 4 and 5 baskets respectively. "Bugs" Gearwar was supposed to cover Bates but the little fellow was too elusive for his guard and "Batesy" was getting many tries for the basket while Gearwar was looking for him.

The summary:

QUINCY Y. M. C. A.		QUINCY IND.
Rich rf		lb Jenkins
Parker lf		rb Larkin

BURIED AT MT. WOLLASTON.

The funeral of Mrs. Hilda Griefelder who died Friday morning in her 37th year was held Sunday afternoon from her home 325 Water street. Services were conducted by Rev. Paul Hallin of the Swedish Baptist Church. Burial was in Mt. Wollaston cemetery. She leaves a husband, Emil and one son.

A number of members of Congress are now wondering what business an architect had to put a "President Room" in the United States Capitol.

Sometimes a great deal of a woman's worry is due to her being allowed to have her own way.

Her Return

It Was Long Delayed

By CLARISSA MACKIE

For three long years Genet Saville had nursed a bitter resentment against her husband. During this time there was ever before her the mental picture of their quarrel and the parting. The recollection of his white, contemptuous face always stung her to fresh hatred of him. She could hear his low spoken acrid reply to her upbraiding. The few words that had sent her fleeing from the room and later from his house with all the quick passion of her southern nature stirred to its depths.

She had sought solitude in an obscure Swiss hamlet. She, who was without kinsfolk, had cut herself loose from the only tie that bound her to her world. She had not seen a familiar face nor heard the sound of a well known voice in all those thirty-six months. She had not read a news paper nor heard any tidings of the old life. Her private fortune, in negotiable securities, afforded her every material comfort. She had music and books, her favorite dog and bitter thoughts.

Three years, thirty-six months, a thousand days, and more, ages ago, since their parting in the library. Never had she once longed for the sound of Norman's voice, for the sight of his face, for reconciliation. She hated him for his outburst that night, hated him for his cool contempt of her "heroics," as he called it. Always she would remember him as she had last seen him, cold and stern and bitter, with no love for her. She fed her soul on these unwholesome reflections.

Then one lovely morning Genet climbed up the verdant upland pastures reclaimed from the rough mountain sides. She paused in the shadow of a dark clothed pine tree, inhaling the pure air and glorying in the panorama of mountain and valley, pine forest and distant glacier, when close beside her there sprang into view a tableau—a young dairy farmer and his sweetheart.

Genet had often watched the peasants, her fair face amusedly contemptuous of their crude lovemaking. This man might have been Norman's twin brother—handsome, clean cut, gray eyed, brown skinned. The girl was fresh and sweet and fair. She was in his arms, and his firmly molded chin was pressed against the parting of her golden hair.

Genet watched them, a strange new feeling leaping to her head, to her heart—a white flame of jealousy that seared her wounds—the bitterness, the anger against her husband. Her pulses throbbed, and the blood flew to her cheeks. She watched the man's face wistfully, hungrily, as one who looks on a beloved forgotten picture and revels in the wonderment of rediscovery.

The face of the man was curiously like that of Norman—the finely shaped head with its closely brushed chestnut hair, the straight nose, the resolute mouth now softened into tenderness. The steadfast gray eyes, deep set and black lashed, were fixed on the girl's face, shyly lifted to his and exquisite in its virginal purity of expression.

So Norman must have looked at her when he had told Genet of his love.

Genet drew back among the pine boughs and leaned her face against the rough bark of the tree. She was trembling with long controlled emotion, deliciously thrilled at the wild promptings of her wayward heart. Impetuously she had withdrawn from her husband, too hurt to render him justice. As passionately would she return to him and heap the smothered riches of her love and a lifelong devotion at his feet to repay for his suffering, his regret, his loneliness, for he would have suffered keenly, he who worshiped the ground she trod. All the world should know that she who had left him in anger without due reason acknowledged her mistake and had returned to him.

After awhile she descended to the village, singing all the way to the tiny chalet where she lived. The simple peasants among whom she had spent her exile looked after her and wondered and smilingly agreed with one another that the sad faced lady had found happiness after all.

All the nightmare of Genet's nurtured resentment which had robbed her of three years of life was banished by her preparations for immediate departure. Now that she saw herself in the wrong she chafed to be humiliated before her husband in expiation of her sin.

Arrived in New York and settled in a hotel under an assumed name, she called a cab and motored slowly past the town house. As she expected, it was closed and shuttered. She looked up at the familiar windows with dim eyes and registered a vow to live more earnestly, more worthily, if she was permitted to go back.

The next day the train carried her down to Fairfields, where she entered the ancient surrey which served all transportation purposes for the casual traveler.

Leaving the sleepy village, the surrey rolled lazily along the sandy, wooded roads under tall growing white oaks and chestnuts.

Genet sat with clinched hands and tense lips watching the sand drift in golden streams over the tires, conscious of the intoxicating summer scents, acutely responsive to the pathos in the thrush's tender song. The driver humped drowsily on the front seat and slapped at the flies on the broad backed horse. It was a ride to be remembered for its suspense.

At the stone pillared entrance to Fairfields Genet dismissed the carriage and entered the winding avenue that led to the house, a half mile distant, on the very edge of the bluffs overhanging the sound.

The house must be open, for there were recent tracks of broad tires in the drive. The gate lodge was tenanted, for curious heads lurked behind the curtains. She wondered if Mrs. Lee and her lame husband still lived at the lodge. She longed to stop and talk to them and thus bring herself immediately into the swing of the old life.

Her slender, girlish figure was clad in pale blue linen coat and gown, with a veil the same tint shrouding her white hat. She stepped across the turf with eager feet, her charming face now rose red with anticipation, now lily pale with sudden dread.

The low, rambling house lay quiet in the hot sunshine. The broad verandas, awninged and vineclad, seemed to be deserted. Her glance wandered to the launch. The party had boarded her and were lounging in wicker chairs about the deck. Norman was at the wheel. She saw his backward glance at the house. The whistle tooted impudently, and they were away, cutting the water into a thousand twinkling lights and a shower of falling spray.

When they had rounded the point she hurried across the drive and entered the veranda. There was a litter of smoking things on convenient taborets, heaps of sporting papers and gayly covered magazines. A siphon, a decanter and a tray of empty glasses were on a round table and bespoke recent refreshment. It was very like old times when she had gone away for a few weeks and left Norman to hold bachelor revels with old cronies. She smiled at the disorder. It was all so natural that the past three years were blotted out as if they had never been. She was merely returning home from a day's shopping in the hot town.

Thus she deluded herself.

The wide, cool hall was quite deserted. The polished floor gave back blurred reflections of the heavy furniture. The huge fireplace was crowded with fresh branches of fragrant bayberry. The library door was closed, but other open doorways offered cool vistas of drawing rooms, billiard and dining rooms. The stairs wound in a broad spiral to the second floor.

Genet paused, her eyes lingering on each well known object. There was no change in the arrangement of furniture. Even the hatrack bore its customary heterogeneous array of coats and caps, riding crops, golf sticks and tennis rackets. With a quick nervous gesture she threw back her veil and turned to the library. Before she sought her own apartments she would peep in here. And now the creeping fear at her heart found shape and suggestion.

If her portrait, the one Giddy had painted, still hung over the fireplace in the library, then all would be well; Norman would be forgiving, would relent. His mother's picture had graced that space until Norman married, and then it had given place to Genet's. And now that she had forfeited her right would it be there? If not she would steal away from the house and never return. The answer to her questioning heart lay behind the closed door.

Suddenly she turned the knob and slipped inside, closing the door softly behind her. Then she leaned panting with emotion against its mahogany surface.

The long room lay in shadow save for one sunny window at the farther end. Here a high backed winged chair was placed.

She fell to trembling as she heard the flicker of a turning page behind the winged chair. In the silence it seemed as if her heart throbs would betray her presence. In her joyful imaginings of her return to her husband there were no such fearful terror and apprehension as came upon her now. Her gloved hands wrung together in a supreme effort for control. Suddenly a little sigh of relief escaped her. Perhaps no one was in the room after all!

Then, as if her sigh had been heard, a voice came from the chair, a voice of quiet inquiry, Norman's voice.

"Who is there?"

Genet's lips were dumb.

"Who is there?" he repeated. And after another silence the winged chair creaked with his uprising. Genet's glance flashed to the fireplace for courage and reassurance, and then a great joy came into her dark eyes.

Her portrait was there in its place and beneath it a vase of fresh violets.

Norman came down the room, his eyes half blinded by the sudden change from the sunlit window to the gloom of the room. Genet saw that the smooth chestnut of his hair was flecked with silver; that his face was worn and his eyes were weary. Then the supreme moment came when he saw her and recognized her. Puzzlement gave way to surprise and something else. What was it?

He stopped abruptly, one hand resting on the table, his deep gray eyes fixed upon her face, white as snow against the dark paneling.

"I am sorry. I have come home. I love you, Norman," she whispered. Then she hung her head, not daring to look into his beloved face.

"Afraid? Afraid of me? Why, I have been waiting for you all these years!"

Safe in her husband's arms once more, Genet Saville knew that her greatest punishment would lie in the knowledge that she had brought sorrow to him.

LOOKS GOOD FOR BOWLING MATCH

Poehler and Christopher to Arrange Details Tonight

Final arrangements will be made for the Poehler and Christopher bowling match this evening. Mr. Poehler, when seen Sunday said that he had talked the matter over with Christopher a t a Boston alley Wednesday evening and that the latter was suffering from eye trouble which necessitated his wearing a covering. This, according to Poehler, was the cause of the many postponements.

The match was originally billed for Feb. 24, but fell through because of Christopher's illness and absence from Boston. The fans since then have been howling that the bottom had fallen out of it and that the intention of the men in the first place was not sincere.

Beyond question ten of the twenty proposed strings will be rolled here. The purse is for $500 and the forfeit money has been posted for some time. John Donovan of Boston, secretary of the National Bowling Congress and a bowling editor is the stake holder.

BASKET BALL.

Abington Y. M. C. A. defeated Union A. C. of South Weymouth at the latter's gym Saturday evening in a clean game 28 to 13. Between the periods the Ridgemonts of Brookline beat the Union Independents in a fast contest, 32 to 19. The summary:

ABINGTON Y.M.C.A.		UNION A.C.

HOLDUP IN PLAIN SIGHT OF HUNDREDS

Auto Bandits' Pains Rewarded With Bag of Washing

New York, March 17.—Bandits jumping from a motor car on Eighth avenue knocked Bert D. Newman, a restaurant keeper, unconscious with a piece of lead pipe wrapped in a newspaper, seized te bulging satchel in which he usually carries his money to the bank and escaped in their machine. Two hundred persons on an Elevated railroad station platform overhead were helpless spectators.

Although Newman had a painful wound on the back of his head, the police think the feelings of the men who robbed him were probably worse hurt, for it appeared that Newman, instead of being on his way to the bank, was on his way to a laundry, and the "money satchel" contained nothing more valuable than a few dollars' worth of soiled linen.

MUST CUT DIVIDENDS

Mellen Sees No Other Course For the Boston and Maine

New Haven, March 17.—President Mellen of the New Haven gave out a statement in which he admitted that there seems to be no recourse for the Boston and Maine railroad but to cut its dividends.

His statement shows that at the price of $134 a share paid for the Boston and Maine stock and its present price, the New Haven railroad has lost fully $11,000,000 on the transaction. It paid about $21,000,000 for the railroad.

The New Haven railroad directors think that the Boston and Maine cannot be carried longer at a loss and its dividends paid by the New Haven.

PRIZES AND EATS GIVEN BOWLERS

Bowling Team No. 1 Tendered Banquet by Their Victims

A sumptuous banquet, tendered bowling team No. 1 of the Lotsmen by bowling team No. 2 was a big attraction at the Quincy House, Boston, Saturday evening. The series recently completed and was a source of interest to many who followed the matches closely. Individual prizes were awarded by Archibald Grassick, who acted as toastmaster. Speeches were made by those present and a short entertainment followed.

CHAMPIONS

(Continued from Page One.)

against a post while playing the ball. The game was delayed five minutes before he resumed play.

In the senior game "Dan" Duggan started by scoring three in succession. The rest followed and the period closed 20 to 10. In the second period Dan scored three and "Sid" Duggan three.

Sheerin, left forward of the losers made 10 of their 14 points. No fouls were called in the senior game.

The summaries:

QUINCY A.A.		ST. ALPHONSUS A.A.
F. O'Rourke rf		lb Sheerin

FAMOUS IRISH EVENING TONIGHT

In Music hall tonight will be seen W. J. Walshe's famous "Irish Evening" an entertainment of a high degree of excellence and one which is certain to draw a large and representative audience. Mr. Walshe has won signal success and distinction on the public platform, and plays on the feeling of his audience with all the powers of a master. His frequent visits to Ireland have made him thoroughly conversant with the subject of which he treats and the pictures selected by him are superior to anything ever exhibited in this country. At the close of the entertainment the other evening in Lawrence the Mayor ascended the platform in City Hall and publicly thanked the lecturer in behalf of his people for the magnificent presentation of Ireland and the Irish race.

The musical artists assisting this renowned lecturer, are P. F. Baker, baritone; Miss Mabel T. Hackett, soprano, Albert C. Corey, violinist; Miss Anna A. Welch, pianist. Among the selections rendered will be "My Own Queenly Island Home," "The Exiles Return," and "The Bells of Shandon."

Commonwealth of Massachusetts.

Norfolk, ss. Probate Court.

To the devisees, legatees, and all other persons interested in the estate of William R. Tyler late of Quincy in said County, deceased, testate:

Whereas, a petition has been presented to said Court to grant a letter of administration with the will annexed, on the estate of said deceased not already administered, to Moses Williams of Brookline in said County without giving a surety on his bond. You are hereby cited to appear at a Probate Court to be held at Dedham in said County of Norfolk, on the second day of April A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in said Quincy the last publication to be one day at least before said Court, and by mailing postpaid, or delivering a copy of this citation to all devisees and legatees named in said will seven days at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this fourteenth day of March in the year one thousand nine hundred and thirteen.

THE QUINCY DAILY LEDGER

LARGEST **GUARANTEED** CIRCULATION IN THE CITY

Vol. 28 No. 65 — QUINCY, MASS., TUESDAY EVENING, MARCH 18, 1913 — PRICE TWO CENTS

DERAILED ENGINE BLOCKADED TRACKS, BOTHERED COMMUTERS

Thousands Attracted By Story of Train Wreck Were in Grave Danger

Police Kept the Crowd Back From Many Moving Trains

The derailment of engine, No. 913 of a working train at Atlantic, about 4.30 o'clock Monday afternoon blockaded the tracks of the Granite Branch of the New York, New Haven and Hartford Railroad for about three hoursand caused some inconvenience to commuters from Boston to East Milton and West Quincy.

The locomotive had been hauling the train carrying new rails and picking up old ones all day along the line between Atlantic and Quincy and was going to take a side track for the night. Just after passing the switch tower, the locomotive jumped and turned at right angles to the train The engineer and firemen stuck to their posts and were uninjured.

The locomotive landed in such a way that the main line there was blockaded and the converging switches leading to the sidings as well.

It was impossible to send any trains over the Granite branch until nearly 7.30 and passengers bound from Boston for West Quincy and East Milton were taken through on the main lines to Quincy or to Quincy Adams and from there progress homeward was made by electric cars. West Quincy and East Milton people going to Boston had to leave their trains at a point beyond the wreck and walk over a maze of tracks and switch wires to the Atlantic Railroad station. This, at times was dangerous, as trains were passing constantly on the main lines and the situation became more hazardous after darkness set in.

Travel on the main lines was impeded because of the additional trains that had to be taken care of on the two tracks leading to Quincy. Rumors of a passenger train wreck spread through all parts of the city and in short time thousands gathered It was necessary to send police reserves to hold the crowds back and keep them from getting injured on the main line tracks.

YOUNG MEN'S HEBREW CLUB

Plan Course of Lectures on Jewish History

The Quincy Young Men's Hebrew Association met at their rooms, on Water street, Sunday afternoon. The educational committee reported a lecture on "Jewish History from the Exodus to the Fall of Rome" would be given Thursday evening by Rabbi P. Israeli, of Temple Adath Jeshurum, Roxbury, the third in the series and the first of a course of three on Jewish history.

The report from the Hebrew Sunday school, opened Sunday morning, was very favorable, 28 pupils were enrolled. The school is under the supervision of Edward Berman.

The following committees were appointed for the first grand reception and ball, to be held in Music hall, April first; floor director, Harry Winick; assistant floor directors, Max Cutler, and William Wolf; chief marshal. Sydney Litchman; assistant chief marshal, William Asnes; chief of aids, Joseph Szathmary; assistant chief of aids, Jack Litchman, Barnet Swartz, Isaac Cutler. Edward Berman was appointed chairman of the reception committee.

Executive committee: Joseph B. Grossman, chairman, Edward Berman, secretary, Samuel Kadets, treasurer, Sidney Litchman, assistant treasurer, Max Cutler, William Wolf, J. Smith, William Asnes, Samuel Grabowsky, Harry Winick and Isidor Abrams.

AN IRISH EVENING.

A large number attended the Irish Evening of W. J. Walshe at Music hall Monday evening. An illustrated lecture on Ireland was given with Mr. Walshe as the lecturer. He introduced opinions throughout on the present situation in Irish politics. He was assisted by the following artists, P. F. Baker, Miss Mabel T. Hackett, Albert C. Corey and Miss Anna A. Welch. Among the selections were "The Bells of Shannon," "My Own Queenly Island Home" and the "Exiles Return."

ORGAN RECITAL.

The new pipe organ for the First Presbyterian church has arrived and is being installed, and will be used for the first time on Wednesday evening, at the recital. Mr. Leon Van Vliet, who is to be heard at the recital is probably the best known, certainly the most popular, cellist in Boston. He is constantly appearing in concert and recital work and is sure to receive an enthusiastic reception upon his appearance in Quincy. Music lover should not fail to take advantage of such a rare opportunity of hearing him.

KEPT SECRET PRETTY WELL

Argentine Commissioner and Quincy Girl Married

FEW KNEW OF EVENT

Disclosing their plans only to the closest friends and cautioning them to observe a sphinx-like silence, Miss Bertha May Smith of Quincy Point and Lieut. Juan Bernatto of the Argentine Commission were married just before noon Saturday by Rev. Wesley Wiggin at Wollaston.

Their secret became known today when a reporter called at the home and was informed of the young lady's absence.

The bride was given away by her brother, Maurice P. Smith.

The only other witness was Mrs. Wiggin, wife of the officiating clergyman. The bride wore a brown travelling suit and after the ceremony Mr. and Mrs. Bernatto left for Niagara where they will spend two weeks.

The bride is the daughter of Mr. and Mrs. Pearl P. Smith of 108 Chubbuck street and well known at Quincy Point.

She is a graduate of Quincy High School, '07 and afterwards attended a business college. She has been secretary to a prominent Boston attorney.

Lieut. Bernatto is a member of the engineering division of the Argintine Commission. He is one of the most popular representatives of the South American government and has gained many friends during his stay.

Lieut. and Mrs. Bernatto will reside at 108 Chubbuck street.

NO ONE SEEMS TO KNOW KELLY

Dead Man Gave Out Little Information of Himself

FORMERLY LIVED IN MILTON

The remains of James Kelly who was killed at the Fore River yards Monday, has been viewed by several at the undertaking rooms of John Hall. He was a coal passer and died after being run over by a coal car.

Nothing positive as to the dead man's identity has developed. This morning John Shields of East Milton said he thought he was a man who worked about private residences at Milton. He said that about three years ago he came to Milton and then disappeared. News of him was afterwards found in Boston.

Mr. Shield said that although the man seemed to be out of luck he was not of a complaining disposition and never told definitely who he was or where his home was. The body will be kept at Hall's for a few more days.

POOL ROOM MAN PLEADED GUILTY

And Was Fined $50 and Cost For Gaming Nuisance

Charles Koponkolos whose pool room in the Hancock house building was raided by the police Saturday night, was arraigned in court this morning for maintaining a gaming nuisance. Judge Pratt was on the bench. The defendant entered a plea of guilty. He was fined $50 for maintaining a gaming nuisance and $25 on account of costs. He paid.

WISE SELECTION OF COMMITTEES

President Whiton Believed to Have Made Good Choice

STRONG ON HEALTH

President of the City Council Joseph L. Whiton is to be congratulated on the able manner in which he presided at his first meeting as presiding officer of the City Council. It was a trying position in which to put any man for the first time, yet he conducted himself in such a manner as to leave no doubt but what he will make good. He was quick to grasp the situation and it was evident from Monday nights experience that things will run smoothly from now on.

One of the hardest tasks of the new President was the selection of the standing committees, especially the standing Committee on Finance. It is generally conceded however that he has selected an unusualy tsrong committee. Councilman Bailey, the chairman is vice president of Boylston National bank of Boston, Councilman Bryant by his many years experience in the City Council, as chairman of this same committee, as President and as Mayor of the city leaves no doubt as to his ability.

The third man on the list is Councilman Richards. He was the chairman of the Finance Committee last year. He has served a number of years in the Council and is a prosperous business man and one accustomed to handling financial matters.

Councilman Thompson is a second year man, a lawyer by profession, whose advice will doubtless come in handy on many occasions when legal questions arise.

Councilman Little is also a well known successful West Quincy business man, and the same can be said of Councilman Hadlock who conducts a large building enterprise in Boston. The seventh man on the committee is Councilman Griffin, a first year man. it is seldom if ever that a first year man is selected for Finance Committee but Councilman Griffin has demonstrated to all duirng his brief service in the Council as being a man with an unusual level head, a man who digs down into things before he votes, and just the kind of a man that is needed for such a committee. He can be depended upon not to vote for any measure this year that looks to him extravagant.

The Street Committee headed by Councilman Bryant is also a strong committee. It is made up entirely of old members, or rather members with the experience of other years back of them.

And so they go on down the list. All of the chairmen are men of experience, and while there is bound to be some who will perhaps be disappointed, because they did not get a chairmanship or get on a particular committee, as a whole they gave satisfaction, as President Whiton has evidently in the make up of the committees selected the men whom he considered best fitted for the positions.

It will be noticed that in the make up of the Committee on Health he has selected three strong men. Usually this committee has been looked upon as one of the joke committees but President Whiton says he considers it an important committee from the fact that matters of public health should be carefully considered, and should be so attended to by strong men.

It can not be other than a source of pride to Councilman Whiton to be selected to preside over the City Council. He has been a member of the City Council for six years, the present year beging his seventh.

TO CLOSE THE SEASON.

A subscription party will be held in New Colonial hall, March 27 by the Quincy Gym Girls to celebrate the close of their basket ball season. The affair promises to be one of the most successful ever held by the younger set. The matrons, all mothers of the girls who took part in the season's work will be Mrs. James Mullin, Mrs. E. Frank Mitchell, Mrs. G. Beal and Mrs. C. Hilderbrand.

WHITON, PRESIDENT CITY COUNCIL TOOK UP DUTIES LIKE SEASONED VET

Socialists Refused Free Use of Council Chamber in Their Campaign of Education to the Cause

$1000 Fourth of July Celebration Order Struck a Snag. Committee Selections Meet With General Approval

Monday night's meeting of the City Council was an important one from many standpoints. There was a noticeable absence of any display of fireworks and everything ran smoothly after once started. Many citizens were present thinking perhaps there might be something of an exciting nature while the front row of the balcony was occupied by a corps of pretty school teachers, who were interested in that

PRESIDENT JOSEPH L. WHITON
Of The City Council.

part of the school budget which called for $6,000 to increase teachers salaries.

BRYANT DECLINES.

City Clerk Crane called the meeting to order and after a roll call, he called upon president elect Bryant to come forward and be sworn.

President elect Bryant arose and read the following statement in declining to accept the office.

Gentlemen of the Council:

I thank you for the personal endorsement which your vote for re-election conveys. I feel that however we may differ as to matters political or of policy of doing business there is no personal feeling between us other than that of good-fellowship and good-will.

Since the last meeting I have given careful consideration to the subject of again serving as your president and I feel that were it simply a question of difference of opinion as to some transitory matter I would forget the difference and continue in the office and try and serve you to the best of my ability. But the question is deeper and broader than that.

I became a candidate for president of the Council and sought election as such with the purpose of establishing in the Council a method of doing business which I believed the framers of the city charter intended. I felt that under rules which would promote a public discussion of the business transacted by the Council an improvement in the conduct of our affairs could be brought about, and that in so doing it was necessary to abolish the numerous standing committees which we have had in the past. At least we would be doing something to meet the wide-spread criticism of the citizens of our body and the way we did business.

It seems that a majority of the members of the Council have decided that they will not give these new rules a fair trial; that they prefer to go back to the old way of doing business. Under the old rules the president of the Council must make the appointments of the committee and therefore be in a measure responsible for the work that they do. I believe in fairness to the majority of the members who are and will be responsible for the accomplishment of the business of the Council that there should be in the chair a man who sympathizes with their methods and who will feel a sense of responsibility in their work.

It is a fundamental principle upon which all presiding officers of legislative bodies are elected that they represent the policies of a majority of the body over which they preside; and that is true whether it be the president of a board of directors of a business corporation, or of the legislative branch of the nation, state or city.

For these reasons, Gentlemen, I believe that in fairness to you and in the best interests of the City, and the citizens whom I represent, my place this year is in the ranks on the floor of the Council. I, therefore, decline the re-election as President.

Charles M. Bryant.

WHITON ELECTED PRESIDENT.

The City Clerk then ordered a roll call for President with the result that Joseph L. Whiton received 22 votes and James H. Cunningham one. Councilman Whiton was declared elected and was duly sworn in. In taking the office President Whiton said that he intended to be fair and that he could consider the welfare of the city paramount to all things. The public looked to them to transact the business of the city and he felt that while the members did not always agree their difference was honest. They had a trust to perform and he believed it the duty to consider the business of the city paramount to anything. They must have harmony and he hoped that the Council would bear with him.

The regular business of the meeting was then taken up. A communication was received from the Mayor relative to the betterment assessment on the estate of George L. Phillips on Union street. Referred to Finance Committee.

President Whiton announced the following standing committees of the council for 1913:—

Finance, Accounts, Claims, Contracts and Salaries—Bailey, Bryant, Richards, Thompson, Little, Hadlock, Griffin.

Streets, Ways, Sidewalks, Bridges and Lights, Bryant, Gilliatt, Ericson, Beeman, Ross, Boyd, Duffy.

Sewers, Drains, and Water Supply—Sandberg, Ericson, Duffy, Farquharson, Corcoran, Barker, Beeman.

Fire Department and Police.—Boyd Griffin, Johnson, Cunningham, Ross.

Public Buildings and Grounds—Cunningham, Sandberg, Gauthier, Barker, Devaney.

Ordinances, Licenses, Printing, Rules and Orders—Gilliatt, Gauthier, Johnson, Bass. Corcoran, Hadlock, Devaney.

Legislative Matters Election and Returns—Little, Farquharson, Bass.

Health, Poor, State and Military Aid—Thompson, Richards, Bailey.

FROM THE MAYOR.

The Mayor forwarded a communication relative to petitioning Highway Commission to accept and build Willard street as a state highway. Later on motion of Councilman Little it was so voted.

A copy of the decree of the Railroad Commissioners relative to improvements on the Houghs Neck line of the street railway was placed on file.

A petition from residents of Beach street for the building of the public sewer on that street was referred to the Executive.

SOCIALISTS REFUSED.

A petition and order by Councilman Richards from the Local Union of the Socialistic party asking for the use of the Council Chamber for a course of five educational lectures was refused.

Councilman Cunningham opposed granting the use of the Council Chamber to any political party. It would be the entering wedge for every political party.

Councilman Richards said that if these people have anything good to tell the people they should have the privilege.

Councilman Bailey thought the Council ought to go slow in a matter of this kind. It was a question if we wanted it or not or if it was wise.

Councilman Little said that these people were opposed to our form of government and should not be given the use of the chamber.

OTHER PETITIONS.

Councilman Cunningham presented a petition for a tar sidewalk on Faxon road and Hollis avenue. Referred to Street Committee.

Councilman Ross presented a petition for a light on Clark avenue. To Executive.

Applications for minor licenses were received and referred to the License committee.

A petition was received from the Telephone company for attachments on a number of streets, were granted.

From the Bay State Street Railway Co., for a relocation of tracks in Copeland street and for turnouts on the Houghs Neck line. Hearing ordered for April 7.

For the apportionment of street and sidewalk betterment assessments. Granted.

For street light on Fayette street, Wollaston, referred to Executive.

From the Electric Light Co., for a location for poles on Moscow street. Hearing ordered for April 7.

HEARING.

At 8.15 a public hearing was held on the acceptance of a number of streets, as follows:

Vernon street no one for or against.

Curtis avenue, A. W. Newcomb in favor none against.

Morton streets none in favor or against.

Staunton street, W. E. Hingston in favor none against.

EASTER SUNDAY.

In order to properly handle the additional matter in the way of service announcements and music for Easter Sunday, pastors and choristers of the several churches will kindly make an effort to have their announcements and musical programs in the Ledger office not later than Thursday afternoon, to insure their publication in Saturday's issue of the Ledger.

EDITORIAL COMMENT.

The proverbial Paddy's brush did not appear but there was a wee nip of frost in the air for all that.

And his face is now turned to the wall.

Easter gave St. Patrick's Day a close rub this year.

The prison sentence for those young hazers may have the effect of checking this undesirable prankiness.

South Boston had its day and will now turn its attention to the same day one year away.

New York burglars are getting as stiff in their undertakings as the police as witness the $350,000 diamond robbery.

After 40 years Uncle Joe Cannon has bid adieu to official Washington. What memories must be stored up in the former czar's cranium.

A few of the faithful report celebrating in the old fashioned way last night.

The Boston & Maine Railroad presents rather a startling condition to its shareholders and the general public.

What will become of the three deckers now in existence if the new law against it is enacted.

What a blessing that splendid highway from the Atlantic to the Pacific will be to the average foot sore Weary Willie.

Mr. Morse is at home, ready to enter business, so that his reported leaning towards entering another world a few months ago was somewhat exaggerated. May his health continue.

The parcel post will make shopping so easy that few women will patronize it.

The Balkan allies are now playing the game of diplomacy which may prove a losing one for them and only goes to again demonstrate the astuteness of the Turk.

A New York paper says society is unquestionably moving towards a more equitable sharing of profits. The rest of the world must be troubled with blindness.

PROSPEROUS OUTLOOK.

The First National Bank of Boston, in its March letter is optimistic in the extreme, both as to present trade conditions and for the immediate future in New England. There has been a marked improvement over the corresponding period for 1912. In most lines in New England the tariff has been discounted and matters put in shape for operation without reference to any changes which may appear in the tariff. The improvement in business which commenced in February has continued its healthful propensities and the much talked of business depression has failed to materialize. There has been a relaxation of conservatism and a freer movement in trade. Absence of speculation has led to somewhat more satisfactory net profits. Money is reported firm. This view of the business situation by men who are in a position to determine the business barometer is cheering and encouraging. It is a direct rebuke to those who are either periodically or continuously prating about the break down and instability of New England industries and commerce.

Massachusetts will not figure largely in the National capital for some time at least. Even the summer capital has been moved from our hospitable shores.

The lady mayor, or should it be mayoress, of Hunnewell, Kan., has succeeded in ousting the Councilmen who opposed her. They showed poor judgment in not agreeing to her innovations and improvements.

The claim is made that if women get $2 a day they will be driven out by men. There are plenty of women earning much more who have been able to hold down their jobs, despite the continued presence of numerous men.

TIT FOR TAT.

The English suffragettes are getting a taste of their own medicine in good earnest the past few weeks. While it is not creditable to either the public, police or government, few suffragette meetings recently have been conducted without the participants being the objects of insult and even assault. For a time, the suffragettes conducted a campaign which was rapidly terrorizing the business districts of the largest city in the world. Following this came tampering with mail boxes, personal injuries to officials and citizens opposed to the movement and to cap the climax arson was employed to strike terror to the hearts of opponents. Officials and police appeared powerless to adequately meet the situation. Then the public became aroused and the situation if anything, is worse than before. Crowds of men and boys assail the suffragettes, break up their meetings, make them the target of any available missile, and carry things on in a most high handed way. The police are now engaged in protecting the women from the fury of the mobs, whereas only a short time ago, they were engaged in trying to protect the people from the suffragettes. The situation or condition is not particularly illuminating to present day civilization But the suffragettes are now getting tit for tat, their own medicine in large and unpalatable doses.

TO TEST THEIR FITNESS.

One of the last acts of President Taft was to place some thing like 35,000 fourth class postmasters under civil service. This was supposed to effectually take those jobs out of politics. Some praised the action of Mr. Taft while others condemned it as a movement to prevent the distribution of this patronage among the Democratic office seekers. Postmaster General Burleson however has decided to have a hand in the matter and in somewhat an unexpected way. He insists that he agrees with Mr. Taft that those places should be kept under civil service, but goes further and announces that as civil service is to protect the efficient official, that those postmasters be given the test to prove their efficiency. His plan is that all should be subjected to a proper examination. If the postmasted passes the test he is safe to hold his job. If on the other hand he fails to meet the requirements then he must make room for some one else. It looks all right accepting the plans as laid out. President Wilson has not yet made his views on the subject public. The only question which seems to rise will be the nature of the examinations and the manner in which they are conducted. Those alone will determine the propriety of the movement as suggested by Mr. Burleson.

☞PRATT'S BREAD—not made by guess-work, but by a scientific formula. Leading grocers sell it.

APPROPRIATED $56,080.75

Braintree Also Considers Purchase of Playground

SCHOOLS CARED FOR

The adjourned town meeting was called to order at 7.45 o'clock Monday evening by moderator B. H. Woodsum, Jr., and article 33 which relates to "Education" was taken up for consideration. Under this head, the following appropriations were made:

For salaries of teachers and superintendent (plus dog tax and school fund) $35,950.

For salaries of janitors, $4,619.

For text books and supplies, $3,000.

For incidentals, $1,000.

For school insurance, $611.75.

For repairs and incidentals, $1,200.00.

For fuel, $2,500.

For conveyance of pupils, $1,700.

For painting of the High and Jonas Perkins schools, $800.

For shingling the roof of Jonas Perkins school, $900.

In connection with this article, John Kelly of East Braintree referred to what he termed the overcrowded condition of the Jonas Perkins school and offered the following motion:

"Moved that the school committee is hereby instructed that hereafter when any school building is overcrowded they shall report same to the town with recommendation to remedy the same in order that the town may pass on the matter and that no class room be established in any cellar or basement of any school building without the approval of the town by its vote and the school committee is further instructed by this vote to discontinue the class room occupying the cellar of the Jonas Perkins school and to present plans and estimates of cost to remedy the condition now existing in said school."

After some debate, the motion was lost. The motion of H. F. Kneeland that $1570 be appropriated for domestic science and manual training was lost by a vote of 125 to 81.

Article 34, relating to raising and appropriating money for the completion of the hall at the Penniman school was quickly considered and all action on it indefinitely postponed.

Under article 35, the sum of $1200 was appropriated for the completion of the hall at the Noah Torrey school.

Under article 36, the sum of $500 was appropriated to make necessary changes in the sanitary arrangements of the Pond school building. Relative to article 37, the following sums were appropriated for the Thayer public library and for the distribution of books:

For general expenses, $1,300.

For distribution of books (East Braintree.) $150.

For Janitor, $250.

Under articles 38 and 39, the sum of $300 was appropriated to be expended on the town lands but after some arguments and a see-saw vote, the motion of Elmer E. Abercrombie that the sum of $500 be expended on the Hollis playground was lost and action indefinitely postponed.

Article 40 was then taken up and a spirited debate ensued on the advisability of purchasing a playground in precinct 3. The article was still under informal discussion at the close of proceedings.

The total amount of money appropriated Monday evening aggregates $56,080.75. Meeting was adjourned at 10.15 o'clock until Thursday evening.

DAUGHTERS OF POSTMASTER GENERAL

The second and third daughters of Postmaster General Burleson, Lucy, aged 18 years (right), and Sidney, aged 16 (left), are attending a girls' college in Virginia, and probably will go thence to the University of Texas, despite their ardent desire to be in Washington while their father is in the cabinet.

SOUNDING THE TOXIN.

(From the London Observer)

O Milkman, be candid and tell me, I pray,
If your wares are with toxin infected;
If Clarissa the cow, when you milked her today,
Was unruffled, sedate and collected.
Did she wake in a temper and scornfully laugh
At the short-horn who came from Shathpeffer?
Did she spurn the advances of Clarence the calf?
Did she quarrel with Harold the heifer?
For, if so, to produce no time I'll devote,
But rely for my tea upon Gilbert the goat.

O my Butcher, please state if Susannah the sow,
Whom you recently turned into bacon,
Wore a look of ineffable peace on her brow,
If her nerves were unstrung or were shaken.
Oh, had Oswald the ox, when you severed his tail,
Been a martyr to mental disquiet?
Was there anything known about Constance the quail,
Which would make her unfit for my diet?
Pray explain, ere his ham on my platter I pile,
Whether Peter the pig met his death with a smile.

O my Dairyman, tell me, I earnestly beg,
Lest my prospects of breakfast be blighted,
Whether Hetty the hen, on evolving her egg,
Was upset, overwrought or excited.
O my Grocer, bring news about Sam the sardine
When he swam as a child in the ocean,
Was his character tranquil, his outlook serene?
Was he swayed by blind gusts of emotion?
For, if so, with a grief that is deep and acute,
I must really confine my attentions to fruit!

While the heart of Louisa the lettuce is dead,
And can harbor no poisonous acid,
Clementina the cabbage, though losing her head,
Is by Nature proverbially placid,
And though Bill the banana (whose coat one must strip)
Provides suitable food for the glutton,
And Orlando the orange, though prone to "the pip,"
Is more wholesome than Mildred the mutton,
Without fear of bacilli my tastes I may glut
Upon Percy the pumpkin and Norah the nut!

LET MEXICO ALONE

Champ Clark Thinks We Should Not Mix Up In Their Affairs

Boston, March 18.—Speaker Champ Clark, in an interview here yesterday afternoon, spoke strongly against the advisability of the United States becoming embroiled in the Mexican revolution. He said:

"It is none of our business what they are doing down in Mexico with regard to their fight. The Mexicans are doing just what we did fifty years ago. We had our fight and warned the nations to keep their hands off. We didn't consider it any other nation's business and saw no reason why they should become mixed up in our affair."

POWERS TO REJECT TERMS OF ALLIES

Demands Against Turks Are Considered Too Severe

Berlin, March 18.—The European powers will, toward the end of this week, inform the Balkan allies that their suggested terms, put forward as a basis for negotiations of peace with Turkey, are inadmissible because of their severity.

The draft note drawn up by the ambassadors is to be handed to the allies after it has been approved by a further conference tomorrow in London.

In the official note to the allies giving notice to this effect the belligerent states of the Balkan league will be advised to moderate their demands.

DR. FREDERICH FRIEDMANN

Dr. Friedmann, who has come to America from Berlin to demonstrate his alleged cure for tuberculosis, is treating patients in New York and Canada.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Adress: F. J. Cheney & Co., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

STUDENT CLASS ATHLETIC MEET

Fine List of Events to be Run Off at the Gym

THE HANDICAPS

A handicap athletic meet will be held for the members of the Y. M. C. A. student class on Wednesday afternoon in the local gym. Almost every member of the class entered one or more events and some keen contests are expected, especially in the track events.

The events to be contested are as follows. 150,600 yards and one mile runs on the track and the running high jump, running broad jump and 6 potato races as field events.

The entries and handicaps are as follows: 150 yards: Hunt and White, scratch, Connors, 3 yards, Gronberg and Von Collin, 4 yards; Davis 6 yards; Roach and Robertson, 8 yards; Weldford, 9 yards; Bates, 10 yards.

600 yards, Connors, scratch, White Driscoll and McFarland, 25 yards; Hunt and Atwood, 40 yards; Gronberg, 45 yards; Bates, 50 yards.

One mile: O'Connors, scratch, Driscoll and MacFarland, 50 yards.

Potato Race, White, Hunt and Granberg, scratch. Davis 3 yards; Bates, Robertson and Welsford 4 yards; Atwood 5 yards: Bridges, Berg and Roach, 6 yards; Burgin, 10 yards.

Running High Jump: White, scratch: Hunt, 2 inches; Von Collin, 3inches; Davis and Roach, 4 inches; Gronberg 4 inches; Welsford, 8 inches.

Running Broad Jump; White, scratch; Von Collin, Bridges and Hunt, 1 foot, Roach, Davis and Gronberg, 1 foot 9 inches; Robertson, 2 feet 6 inches; Bates and Welsford, 3 feet.

Two prizes will be given to the two men who score the highest number of points in the entire meet. Visitors will be welcomed as there will be no admission fee charged. The first event will begin at 2:45 sharp.

HOME WEDDING AT ATLANTIC

George S. Sherman and Annabel Marr United in Marriage

A very pretty wedding took place Monday evening, at the home of Mr. and Mrs. George Lincoln Marr, 145 Hamden circle, when their daughter, Miss Annabel was united in marriage to George Sumner Sherman, son of Mrs. Delina Sherman of Neponset by Rev. William B. Ayers, pastor of the Park and Downs Congregational church.

Theb ride was given away by her father. Miss Alice W. L. Sherman, sister of the groom was maid of honor and Tucker Saywood of Dorchester, best man.

The bride was dressed in white Japanese silk with lace and pearl trimmings and carried a shower bouquet of sweet peas. The maid of honor wore a dress of pink charmeuse.

Miss Edna H. Marr, of Rockland, a cousin of the bride played Lohengrin's wedding march.

After the ceremony a reception was held from eight to ten o'clock at the bride's home. The young couple were assisted in receiving by the bride's parents. The ushers were Gannet B. Sherman of Dorchester, Ralph Richardson of Wellesley, Ralph Marr of Wollaston and Frank Rockwood Kenny of Cambridge.

The house was beautifully decorated, the table being prettily arranged with potted plants and cut flowers and candles.

After a wedding trip to West Virginia, returning via Washington, Atlantic City and New York, the happy couple will be at home at 7 Rawson road after May 15th.

Many out of town guests were present. The bride was the recipient of many beautiful gifts of silver and cut glass.

DISTRICT COURT.

Charles Cochran was fined $5, Daniel Healey $10 and William Gallent $5 for drunkenness. Gallant was also fined $8 for evading fare on the railroad.

Charles Koponikolos was fined $50 for maintaining a gaming nuisance at Quincy and $25 on account of costs.

AUDITORIUM CHANGED HANDS

George Jelatis Disposes of His Interests To Syndicate

RECEPTION TO EMPLOYEES

George Jelatis, who for the past three years has conducted the Auditorium theatre has disposed of his interests to Herbert Davis, manager of a syndicate of 33 houses. The transfer was effected last week and the new management is now directly in charge. Mr. Jelatis will engage in business in Providence, R. I. During his stay here he has made many friends. Of a generous nature he has one day annually devoted the box office receipts to charities, notably the Quincy City Hospital.

Miss Bessie Beasley of Hyde Park who has been the pianist for about a year has resigned and will go to a Boston house. Harry Dandre, operator of the apparatus has also severed his connections. The many friends of both tendered them a reception after the performance Saturday evening. Miss Beasley was the recipient of many tokens of esteem from those assembled.

IN CATHOLIC CHURCHES.

The feast of Palm Sunday, one of the holiest days in the Catholic year was observed Sunday in the churches throughout the city. Palm was blessed at the early mass and distributed during the day. Appropriate sermons were delivered. Sunday also ushered in Holy Week which is a time of fasting and prayer.

Most of the Hibernian Societies in the city received communion in a body. Div. 5 attended St. John's Church, Div. 4 and 22 attended St. Mary's Church and Div. 17 attended Sacred Heart Church.

ARTERY SEVERED BY FLYING STEEL

A flying piece of steel struck John Clark of Bunker Hill avenue in the left wrist this morning and severed a blood vessel, while he was at work at the Granite Railway yard. He was given surgical treatment and afterward removed to his home where he is fairly comfortable.

DOWN TO $65 A SHARE

Stock of Boston and Maine Road Sent to Record Low Price

Boston, March 18.—Small New England investors got rid of more Boston and Maine stock yesterday and drove it down to new record low levels. The stock of New England's leading railroad, once worth $230 a share, was selling for $65 when the exchange closed yesterday afternoon.

Yesterday's net drop was 7 points, which, added to the 18 points drop on Wednesday, Thursday and Friday, totals up a book loss of $25 for every share of this typical New England investment in a period of less than a week.

Yesterday, more than on previous days, the downward movement spread to the various subsidiary railroads of the Boston and Maine, as well as to the New Haven parent body.

CITY COUNCIL

(Continued from Page One.)

Muirhead street, F. H. Chase in favor none against.

Madison avenue by the new Adams school, R. E. Foy, Dr. R. McLennon, Mr. Pinel and Mr. Marston. No one against.

Sea street widening, H. W. French and P. F. O'Brien in favor, but opposed to betterments. John T. Cavanagh opposed to street and to betterments. J. J. Keniley opposed for wife. Would claim damages for trees.

Changing grade of Elm avenue. Edward O. Woodward and 24 others in favor and none against.

Hearing closed and orders recommitted.

MISCELLANEOUS.

Councilman Ericson offered a resolution asking the Mayor to furnish the Council with a copy of the expert engineers report on the separation of the Water and Saville street grades and any other information he may have in relation to the same. Adopted.

At this point the President referred several matters on the table to their proper committees. These included an order for a retaining wall on Kent street, petitions for pole locations, acceptance of streets at Squantum to the Street Committee, proposed new plumbing ordinance to the Committee on Health, petition for assembly hall in the Washington school to Committee on Public Buildings and order decreasing the number of district engineers to the Committee on Fire Department.

Councilman Griffin offered an order for a light on Lowe street referred to Executive.

On motion of Councilman Ericson it was voted that the proposed plumbing ordinance be printed in the calendar.

Councilman Gauthier offered by request an order for $1,000 for the July Fourth celebration, charging the amount to the supplementary tax receipts of 1913.

Councilman Cunningham raised the point of order that the supplementary tax receipts could not be used until after all outstanding temporary loans had been paid according to the ordinance passed last year.

SCHOOL FINANCES.

The President ruled the point well taken.

Councilman Bailey moved the communication from the Mayor inclosing estimates be taken from the table. Voted. He then offered the usual appropriation order naming the sum as submitted by the Mayor and moved reference to the Finance Committee. Voted.

Councilman Little moved reference be withdrawn and the school budget be considered by the Council.

Councilman Bailey opposed and Councilman Cunningham favored. The motion was carried on a rising vote of 10 yes and 5 no.

Councilman little moved and it was voted to take up the item of $6,000 for salaries increase.

Chairman Miller appeared before the Council and answered a number of questions. He said that it was proposed to raise the grade teachers maximum and also to increase some of the teachers at the High school. In reply to Councilman Cunningham he said no definite plan had been figured out as yet. There were a number of the grade teachers who were entitled to an increase.

In reply to Councilman Bryant as to why the sum of $6,000 was fixed upon Chairman Miller said that that was the vote. In reply to a further question he said that it was not a unanimous vote.

Councilman Bryant asked why this item was put in separately and Chairman Miller replied that was the way it was voted.

Councilman Bryant asked Chairman Miller if he personally was in favor of the $6,000 item but Mr. Miller did not care to answer.

Chairman Miller was then asked a number of questions in regard to the amount it was proposed to raise the maximum.

Councilman Cunningham argued that if there were seventy elementary teachers whose maximum was to be raised $50 it would mean but $3,500.

Questions were also asked along the same line by Councilman Griffin, Little, Devaney and Duffy.

Councilman Little also called attention to the amount per capita in other places and the maximum in towns and cities about Quincy.

In reply Chairman Miller gave figures at length relative to the per capita of cost in other cities of the Commonwealth.

Councilman Bryant raised to point that in many of these places where the amount for maintanence was larger than Quincy that the cost of new buildings was included, which brought the per cent up higher.

Councilman Richards asked Chairman Miller if he did not consider that the tax payers would be willing to pay a little more that the teachers might be better paid to which Mr. Miller replied he thought they would. In reply to Councilman Duffy he said the figures were made up carefully. That of the amount expended for industrial schools half came back from the state to the city in the fall.

Councilman Bailey said that all were in sympathy with the teachers. They are not getting enough, but we are up against a condition and not a theory. It will be absolutely illegal to pass a budget for a larger amount than can be raised under the $12 limit plus the receipts. We have got to cut somewhere. He believed that they should commence at the first item and consider where the amount can be cut. Only one member has advanced any place where the budget can be cut. He did not want to oppose any increase in salarics but it should be considered the budget should be considered in the entirity.

In a list of 24 cities Quincy is at the top of the list in tax rate and at the bottom of the list in salaries. His sympathies were with the teachers but it was a duty to handle this item as other items in the budget are handled. He then moved that the order be referred to the Finance Committee.

Councilman Little said that there were two items that he believed could be cut. Those for supplies and for industrial schools. If they could do this without injury it should be done.

Councilman Cunningham wanted to get an expression. He went on to say that last year the Assessors took $13,000 of the receipts to reduce the tax rate. There was one sum they could take. Then the receipts this year would amount to $93,000 and he did not see why there was not a way out of the difficulty.

Councilman Bailey replied that under the $12 limit they could raise $422,637.43. If they added to this $90,000 receipts they have $512,647.43. As the estimates of the Mayor amount to $516,414.65 he could not see why they were not still $4,000 behind.

The motion of Councilman Bailey to commit was lost 9 voting yes and 13 no.

Councilman Cunningham moved to make the amount in the school budget for increase in teachers salaries $4000 instead of $6,000. Councilman Bailey moved to amend the motion by making the amount $3,000.

After some little discussion both motions were rejected on a rising vote of 6 yes and 14 no.

The order was then referred to the Finance Committee.

ORDERS, ETC.

President Whiton at this point appointed Councilman Bryant as a member of the special committee to consider the placing of wires under ground.

He also assigned seat No. 12 to Councilman Bryant.

Councilman Duffy offered an order for a light on Atherton street. Referred to Executive.

Councilman Boyd offered orders for tar concrete sidewalks on Cross street from Crescent street to the parkway and on Copeland street from Willard street to the parkway. Referred to Committee on Streets.

Councilman Corcoran offered an order for a light on Bates avenue. Referred to the Executive.

On motion of Councilman Bryant it was voted when the Council adjorun it be until Monday March 24.

Councilman Bass offered an order for a light on the corner of Hill and River streets. Referred to Executive.

The order amending the fire department ordinance increasing the number of permanent men by three and decreasing the number of call men by 18 took its second reading.

Councilman Cunningham moved and it was voted to adjourn at 11.09 until March 24.

ANNIVERSARY OF THE WEDDING

But Mr. and Mrs. Piper Refused To Disclose the Number

Ex-Representative and Mrs. Walter E. Piper celebrated their wedding anniversary Monday evening by entertaining a few of their neighbors at whist. Three tables were in play. and at the conclusion souvenirs were given J. Warren Nightingale and Mrs. George P. Mead. Mr. and Mrs. Piper served a delightful lunch during the evening .

ADAMS CHAPTER.

A meeting of the Abigail Adams Chapter S. & D. R. was held at the home of Thomas and Charlotte Barstow. Winthrop Avenue, Wollaston, Friday afternoon.

After the business meeting a paper on the life of Abigail Adams was read by A. Louise Emery and patriotic sketches by all the members. Refreshments were then served after which games were enjoyed.

Sales, $250,000
Tolls, $36

THIS is the most remarkable incident of its kind that we have heard of in the course of a demonstration of selling by telephone—sales totalling $250,000 at an expenditure of $36 for telephone tolls.

By permission we are enabled to say that the selling was done by MR. GEORGE R. KELLY of George R. Kelly & Co. of 104 Hanover St., Boston, New England selling agents of the American Window Glass Company of Pittsburgh.

One of our salesmen called upon Mr. Kelly to demonstrate our new toll service selling plans, only to find that already he was employing advanced methods along this line. Said he:

"We anticipated a rise in the price of window glass around January 1, and wanted to give our customers the benefit of current quotations.

"There wasn't time to make personal visits to the trade, letters wouldn't be satisfactory, so we made our calls by telephone.

"During the first ten days in December we made toll calls to widely separated points in New England at a cost of about $36, and booked orders aggregating $250,000."

NEW ENGLAND TELEPHONE & TELEGRAPH CO. — LOCAL AND LONG DISTANCE TELEPHONE — BELL SYSTEM — AMERICAN TELEPHONE & TELEGRAPH CO.

If any New England house can show greater results from selling by telephone, we would be glad to learn of them.

Business men interested in progressive ideas for the extension of trade are invited to send for our booklet entitled "Modern Methods of Money Making," and for samples of our "Telephone Passes."

In Greater Boston, call Fort Hill 7600 and ask the Contract Department for details. Outside of Greater Boston, call the Local Manager.

March 18-21--18-21-o-22-1w

HIBERNIANS IN IRISH PROGRAM

Div. 17 Celebrated St. Patrick's Day in Fine Style

Members and their families united in the celebration of St. Patrick's Day under the auspices of Div. 17, A. O. H. in Poland Hall, Atlantic, Monday evening. An extensive program, reminescent of the Emerald Isle received the hearty approval of all.

President Michael McNally opened the program and after a short speech introduced Rev. Fr. John P. Cuffe, chaplain of the order. He gave an eloquent address on St. Patrick. The speaker of the evening was James A. Reidy of Cambridge who spoke on the accomplishments of the Irish race in America.

Other speakers were County President J. Ferguson, Dr. M. T. Sweeney and John Hern, the two latter representing St. Kevins Court, M. C. O. F.

The hit of the evening was Norah, the daughter of Cornelius M. Duggan, who sang "It's great to be Irish." She was given great applause. Her father "Con," known far and wide as the original poet of Quincy also rendered several original songs. His other child, Cornelius gave a monologue and a buck and wing dance which was well received.

Others who took part in the musical program were Patrick McNally, Mary Duggan, pupils of Professor Mullarsky, Edward Shea and Mrs. Channing.

Refreshments were served. The committee in charge was Patrick Rohan, Miles Creamer, John Kane and John Bemis.

AHERN FUNERAL.

The funeral of John J. Ahern, son of Daniel and the late Annie Ahern was held from his home, 192 South street this morning. A requiem mass was celebrated at St. John's church by Rev. Fr. John J. Coan. Burial was in St. Mary's cemetery.

SCHOLARSHIP.

Durant and Wellesley scholarships for Wellesley college were awarded Monday. Elizabeth Atwood of Quincy was awarded a Wellesley Junior scholarship.

NEWSPAPER ADVERTISING

Why Newspaper Advertising Pays:

1. The **newspaper advertisement** is not buried—it is **accessible.**

2. The **newspaper advertisement** of a commodity continually or daily needed is read by the very people whose **continual** or **daily need** the advertiser desires to supply.

3. The **newspaper advertisement** may be seen **thirty** times a month—it is not limited to one appearance.

Through the daily newspaper the advertiser can make a local and intimate appeal to his prospective customer in his own community and in his own vernacular.

DR. B. CLARK HYDE

Kansas City Physician Who Will Be Tried Again In Swope Case

HYDE JURY DISAGREES

Majority For Acquittal of Doctor After Long Deliberation

Kansas City, March 18.—After having deliberated since 10 o'clock Thursday night the jury in the case of Dr. B. C. Hyde, on trial for the murder of Colonel Thomas H. Swope, millionaire philanthropist, reported yesterday afternoon a disagreement and was discharged.

The jury stood nine for acquittal and three for conviction.

Judge Porterfield said the defendant's bond of $30,000, under which he has been at liberty, would hold good until the case was set for trial again

MEET WITH PUBLIC APPROVAL

No Protest Against Taking Postoffice Department Out of Politics—Republicans Will Not Be Ousted Before Expiration of Their Terms to Make Places For Democrats

Washington, March 18.—A United States senator remarked that twenty years ago a president could not have handled the patronage situation in the way President Wilson is handling it.

"I doubt if the president could have done ten years ago what President Wilson is doing at this time," said this senator. "I think the new president is able to handle the patronage problem in the way he is handling it because public sentiment supports him. We have come to a time when the masses of the people are indifferent on this patronage question.

"The people everywhere are interested in the larger things that are to be undertaken by his administration; they simply want to see good men appointed to office. Under the circumstances, it is not strange that the policy the new administration has adopted in dealing with the patronage question is approved throughout the country."

Even the announcement by Postmaster General Burleson that it is the purpose of the administration to attempt to take the postoffice department absolutely out of politics has not brought forth a single protest from a Democrat. In old days a mere suggestion that all postmasters would be brought within the classified service would have brought a chorus of protest from the statesmen and the politicians. Whether a plan for applying the merit system to presidential postmasters can be worked out is not yet clear to the postmaster general. It is now well understood that Presidential Wilson wants the thing done if it is possible.

There is no thought on the part of the administration of retaining the 8000 Republican postmasters now in office, though it will be no surprise if a good many of these men are kept. The thought in the mind of the postmaster general is that a plan may possibly be worked out whereby applicants for presidential postmasterships will be required to pass a civil service examination, and that before this administration goes out the merit system may be in force as to all presidential postmasters.

One senator suggested that the patronage outlook was not quite so bad as it seemed to be at first glance. He pointed out that after the special session of the congress comes on a large number of appointments will be made. All the diplomatic places will be filled during the spring and summer months and, as a rule, filled by the appointment of Democrats. The terms of Republican United States collectors of customs, internal revenue collectors and United States marshals will be expiring, and it is the intention of the administration to put Democrats in these places.

One thing the administration will not do is to oust Republicans before the expiration of their terms in order to make places for Democrats. Neither will the president permit any overthrow of the merit system as it is applied to any branch of the government service. Another rule that has been laid down and will be adhered to religiously is that a person will not be appointed to an office simply because he has been recommended by a Democratic senator or representative; before the appointment is made the president will satisfy himself that the person under consideration is a fit man for the job

The public probably does not fully realize what has happened to the old United States senate. The Democratic caucus put the finishing touches on a reorganization which most persons would have said six months ago could not possibly be brought about.

The first victory of the reorganizers was won when they took possession of the caucus that nominated Senator Kern for chairman of the caucus and majority leader. The Progressives at that caucus showed they had a commanding majority, and they have gone ahead with their plans for making a new senate out of the old one. The net result of it all is that there has been established an organization under which a machine such as was built up during the days of Aldrich will in the future be impossible.

There will be no more "wheels within wheels," at least none in the present senate. The rule that the action of any committee on any subject shall be controlled by a majority vote of that committee takes away the power that was formerly lodged in the coterie of influential committee chairmen. The senate is now free.

Senate Closes Special Session

Washington, March 18.—The senate concluded the business of the extra session, in which it has been sitting since March 4, and adjourned sine die.

WILSON HEARS WOMEN'S APPEAL

They Ask Amendment to Constitution Granting Suffrage

OPEN-MINDED ON THE SUBJECT

But President Is Not Ready to Return Answer—Value of Suffrage Set Forth In Half-Hour Discussion—Book Written by Executive Himself Quoted as Strong Argument

Washington, March 18.—Suffrage for the women of the United States by a constitutional amendment was formally presented to President Wilson by a committee of national leaders in the movement. Wilson was urged to recommend to the special session of congress action on such an amendment, but he told his visitors he had not made up his mind on the suffrage question.

"The president was courteous and sympathetic throughout," said Mrs. Harper of New York. "He said there were many pressing questions to come up at the extra session and that if he did not recommend action on the question he did not want it to be taken as an indication of his general attitude, as he was not committing himself yet."

Other members of the party said the president viewed the woman suffrage idea as a question of great practical importance. There were indications, they said, that the president was open minded on the subject.

The committee had a half-hour of the president's time. Mrs. Harvey W. Wiley set forth the value of suffrage from the viewpoint of the mother influencing society. Mrs. Claude V. Stone pointed out the difficulties of obtaining suffrage through amendments to state constitutions. Only by amendment to the federal constitution, she argued, could there be immediate action.

Miss Bartlett Dixon and Miss Alice Paul set the question before the president as a question equivalent in importance to emancipation of the negro. "Every word you have said," they told the president, "for the political liberty of men can be applied for the political liberty of women."

Mrs. Harper informed the president that there never were such arguments made for women suffrage as he himself had given in his last book. She quoted the following paragraph:

"I don't want a smug lot of experts to sit down behind closed doors in Washington and play Providence to me. If any part of our people want to be wards, if they want to have guardians put over them, if they want to be children patronized by the government, why I am sorry, because it will sap the manhood of America."

Mrs. Harper declared that women, too, "did not want men playing Providence to them behind closed doors in Washington or in the various state capitals."

Mrs. Harper reminded the president that Miss Susan B. Anthony pleaded with Mr. Roosevelt shortly after he took office, and during his administration appeals were made to him not to leave the presidency without recognizing suffrage.

A similar but futile appeal, she said, had been made to President Taft.

"Almost a century ago," she said in conclusion, "the greatest step which has ever been taken by the Democratic party occurred with the enfranchisement of the workingmen. We ask that the Democratic party take another great step in giving the vote to women."

CHILDREN'S BUREAU HEAD

President Decides to Retain Miss Lathrop In Important Office

Washington, March 18.—President Wilson will not call for the resignation of Miss Julia C. Lathrop, chief of the children's bureau. This fact has just become definitely known.

This news comes as a relief to those interested in the growth and development of the children's bureau, who realize that Miss Lathrop is peculiarly well fitted for the difficult task confronting her. Her most formidable rival was Mrs. Robert C. Wickliffe, widow of former Congressman Wickliffe of Louisiana. Mrs. Wickliffe's support was strong.

BOMBS SENT TO EDITORS

Fatally Hurt Three Mail Sorters Before Reaching Their Destination

Calcutta, March 18.—Several bombs intended to kill or maim the editors of the leading papers here and sent through the postoffice in the form of letters exploded while being stamped after they had been sorted.

Three sorters in the main postoffice were fatally injured. The deadly missives were addressed to the editors of four papers, The Englishman, The Statesman, The Capital and The Empire.

India Against Sugar Duty

Delhi, March 18.—The legislative council rejected a proposal to impose a 5 percent extra duty on imported foreign sugar.

POLICEMEN KILL NEGRO

Shot Down After Attacking Woman and Slashing an Officer

New York, March 18.—Daniel T. Davis, a negro, accosted a young white woman, who stepped from an uptown subway station, grabbing her by the arm until she screamed. A policeman who interfered was slashed across the face with a razor wielded by the negro, who then fled.

Although weak from loss of blood, the policeman gave chase and was joined by a brother officer. Five shots were fired at the fleeing negro, four of which pierced his body. He fell dead five blocks from the scene of the encounter.

ON VISIT TO GERMANY

Prince of Wales Will Study the Language of That Country

London, March 18.—The Prince of Wales started on his visit to Germany last evening. He will remain in that country for several weeks. The prince will go first to Stuttgart, where he will be the guest of the King and Queen of Wurtemberg.

The object of his sojourn in Germany is to study the language.

The admiralty announced last night the prince's promotion to a lieutenancy.

Bank Guaranty Law Constitutional

Washington, March 18.—The supreme court formally upheld as constitutional the Kansas bank guaranty deposit act of 1909.

INJUNCTION HOLDS UP PUBLICITY LAW

Supreme Court to Pass on It Before It Goes Into Effect

Washington, March 18.—The supreme court granted a restraining order to prevent Postmaster General Burleson from enforcing the newspaper publicity law while the court has under consideration the question of its constitutionality.

The injunction was granted upon a request by Robert C. Morris, attorney for the New York Journal of Commerce, which has attacked the validity of the act. Burleson had notified him that newspapers which had not filed statements required by the law would be penalized.

ORDERS SWEEPING INQUIRY

Judge Hints at Fraud by Federal Officers In Oleo Case

Washington, March 18.—Federal Judge Landis, in his charge to the special grand jury, called to investigate alleged $100,000 oleomargarine frauds, sprung a sensation when he directed the jurors not only to investigate charges that big oleomargarine manufacturers conspired to defraud the government, but also to learn whether government officials entered into the same conspiracy.

The court instructed the jurors to disregard the "compromise" settlement made by the Taft administration on its last day in office. He took the ground that if the manufacturers were guilty of criminal fraud they could not obtain immunity by the payment of money to the government.

CATS HIS COMPANIONS

Ex-Spanish General Killed by Gas In a New York Hotel

New York, March 18.—Manuel de Fuentes Bustillo, who claimed to have been a Spanish general, was accidentally asphyxiated in a hotel room where he lived for sixteen years with two cats as companions.

The policeman who forced the door and found his body, was, it is said, the first person other than Bustillo who had entered the room since the Spaniard established himself there in 1897.

Bustillo told the owner of the hotel that he once was a Spanish spy. For good work he was promoted. He was about 50 when, attaining the rank of general, he was disappointed in love and simultaneously ostracized by his family because of his record as a spy. He fled to America.

Old-fashioned furniture and a litter of documents covered with dust were found in the room.

Bustillo, master of many languages, was known as "the cat man," because of the constant companionship of cats.

RAILROAD GETS IT ALL

Wages of Firemen on New Haven but an Eighth of Dividends

New York, March 18.—Eight thousand dollars has been paid out in dividends to every $1000 paid out in wages to firemen on the New York, New Haven and Hartford railroad, according to testimony given by W. J. Lauck, statistical expert for the Brotherhood of Locomotive Firemen and Enginemen, in the arbitration proceedings between the firemen and the eastern railroads.

During the eleven years covered by these figures, Lauck added, the New Haven road has increased the tractive capacity of its locomotives by 64.5 percent and the firemen have increased their efficiency 28.7 percent. There was a gain in freight revenue, Lauck testified, of $10,259,000, but the firemen were given an increase totalling only $152,000.

HERMIT BROTHERS IN DEATH TOGETHER

Bachelors Had Been Recluses For a Quarter Century

Brownfield, Me., March 18.—John and Silas Paine, aged 62 and 65 years, brothers, who had been living a hermit life in their old homestead on the road between this place and Conway, N. H., were found dead in their house.

An examination of their bodies showed that both died from natural causes. They were descendants of one of the first settlers of this part of Maine and the younger once had been prominent in town affairs. Their father was a well-to-do and prosperous farmer.

They had never married and for twenty-five years had kept house by themselves. The only living relatives are two nephews in Melrose, Mass.

WELLS POISON CASE

Jury Resumes Hearing Evidence Against Husband and Wife

St. Albans, Vt., March 18.—The grand jury's consideration of the cases of Julius Wells of Swanton and his wife, Annie, charged with the murder by poison of their 6-year-old son, Lewis, was resumed yesterday after a five days' recess. Although the formal charges against the parents mention only one child, the inquiry is concerned also with the death of 4-year-old Marie Wells.

The children died in December, the mother explaining at the time that they had partaken of condensed milk which had been near rat poison. An analysis of the milk revealed the presence of poison.

URGE DEATH OF ASQUITH

Militant Suffragettes Have Apparently Acquired Thirst For Gore

London, March 18.—Stirring scenes were witnessed at the weekly gathering of militant suffragettes in a London music hall in the course of an address by Mrs. Emmeline Pankhurst.

Shouts of "Why don't you blow up Premier Asquith?" and "Shoot him," rang through the hall. Later the militants declared war on sisters who are working for the vote by constitutional means.

Steamer and Crew Lost

Stettin, Ger., March 18.—The crew of twenty-eight officers and men of the German steamer Peruvia of this port perished when that vessel went down on unknown date on the coast of Norway, according to a report given out by the owners.

Fifty-Three Years on One Job

Plainfield, Conn., March 18.—After fifty-three years of service at North Grosvenordale mills, Obediah Stone, watchman, 78, retired. In his nightly rounds he has walked 90,000 miles.

Fined For Shooting at Burglar

Chicago, March 18.—For firing at a burglar, who was working at one of her windows, Mrs. Jennie Rodney was fined $200 and costs here.

DEATH SCENE IS RE-ENACTED

Eaton Inquiry Shifts From Court to Home of Admiral

INQUEST IS RESUMED THERE

Members of Household Are Continually Under Guard—Stepdaughters of Naval Hero Appear Undisturbed by Proceedings—Authorities Said to Have Concluded That Death Was Not Natural

Boston, March 18.—An unprecedented sensation occurred in the Eaton death mystery case yesterday afternoon when the old home of the admiral was converted into a court of inquest, with the members of the family in the meantime kept under the strictest guard by the authorities.

For two days now the Eaton home has been practically under guard. An officer watches the house nights while a second official guards the house by day. When members of the family have occasion to leave the house, an officer accompanies them. Their every move is apparently known.

The only ones who do not seem to realize the tragic and grave situation are the two stepdaughters, June and Dorothy, who, during the inquest at the house yesterday afternoon, engaged in a battle of snapshots with the newspaper photographers.

"Come on, come on, we'll pose," laughingly shouted Mrs. Keyes from the back steps. And when the photographers drew near a mocking laugh greeted them and the back door slammed in their face.

The case has reached a fever heat. Yesterday morning the courthouse at Hingham became the centre of the stage. Behind closed doors proceedings continued until 1 o'clock. Then, suddenly, the scene shifted to the Eaton home at Assinippi, where, during the afternoon, the inquest continued.

Without the slightest warning, the judge, county and state officials, were whirled away to the Eaton home in automobiles. The party, consisting of Judge Pratt, District Attorney Barker, Dr. Frame, State Detective Scott and Deputy Sheriff Congdon, arrived at the house at 2:40. They immediately entered the house and the inquest proceeded.

Within the house a drama without a parallel was enacted. Mrs. Harrison, the mother, sick and weak, answered the questions put to her by the authorities. For two hours she was grilled. And then the scene changed to the death room.

With the judge and the officials standing solemnly by, the tragedy of March 8 was gruesomely re-enacted with all but one of the original actors present.

Just where and how the admiral, in his last moments, had lain, were demonstrated. The conversation that went on in the room was rehearsed again.

A semicircle of reporters some distance away watched the house every moment, while close to the house Deputy Hammond walked back and forth with his staff in hand.

It was shortly before 5 o'clock when the side door opened and all the officials came out to the yard. Barker and Scott were very serious and drew apart from the rest, walking over behind the barn. For several minutes they argued. From the distance the reporters could see the district attorney gesticulating as he spoke.

The other officials started toward the two. They were waved away by the district attorney for a moment longer. Then Barker and Scott came solemnly forward, as if not having settled the point at issue. They talked with the judge. Then the other officials joined the group of three. For about ten minutes the discussion went on.

Of a sudden Detective Scott entered the house. The newspaper men drew their lines closer. They expected an arrest was coming. Then Scott appeared again—alone.

The situation in the case is becoming more acute every hour. An arrest is expected any time. Excitement was aroused last night when one of the authorities close to the case said:

"The authorities, because of things plainly apparent at the death bed of Admiral Eaton, have come to the conclusion that he did not die a natural death."

That the inquest may continue for some days is evident from the activities of Scott and Congdon, who last night were in Weymouth serving summonses on various people, who may have interesting data on the case.

A Belated Discovery

Melbourne, March 18.—Queensland politicians are greatly distressed to learn that "Canbera," the name selected for the new commonwealth's capital, means "laughing jackass."

Mother of Three a Suicide

Pawtucket, R. I., March 18.—Telling her three little children that she was "going out to drown herself," Mrs. Isabelle Gochy, 30 years old, jumped into the river her. No reason is given for her act.

The Kitchen Cupboard

HOT CROSS BUNS.

FOR Good Friday make hot cross buns. You can buy them at the baker's, to be sure, but the home-made bun is generally nicer, as the housewife does not spare the quantity of eggs or milk.

If an inexpensive sponge for buns is desired the following recipe will supply it:

Those Are Economical.

Cheap Hot Cross Buns.—Take a cupful of scalded milk, two cupfuls of flour, one egg, a tablespoonful of sugar, a saltspoonful of salt, a quarter of a cupful of yeast. Beat the sponge well at night, and in the morning add flour to make it stiff. Then knead for a quarter of an hour. Put in a warm place and let it rise until it is light. Then add half a cupful of currants, a quarter cupful of melted butter, a saltspoonful of cinnamon and let the mixture again rise until light. Then shape into cakes, make a deep cut like a cross on the top of each and bake in a moderate oven. Glaze with sugar and milk.

May Be Quickly Made.

Quick Hot Cross Buns.—For this take one quart of flour, one-half cupful of shortening, one cupful of milk, one teaspoonful of nutmeg and one-half cupful of yeast. Mix flour, sugar, spices and shortening together; add the yeast and milk and set in a warm place to rise. When light mix again and add a little more flour if needed. Let rise again for an hour and make into buns. Mark the top of each cake with a cross before putting into the oven. Bake in a hot oven.

A British Recipe.

English Hot Cross Buns.—Warm six cupfuls of flour and mix with it four ounces of moist sugar. Scoop out a hole in the middle of the flour and pour into it a quarter of a teacupful of yeast. Over this pour a gill of warm milk. Stir about a third of the flour into it, set the pan in a warm place and let it rise for an hour. Then mix in a quarter of a pound of melted butter. Add currants and spice to suit the taste and enough warm milk to mix the rest of the flour and sugar into the dough. This should be rather softer than bread dough. Let it rise until light and then shape into buns and mark the top with crosses. Put on buttered pans and when well risen bake in a hot oven.

OYSTERS FOR EPICURES.

OYSTERS cooked with vegetables, cereals or other meats take on new and tempting flavors. They may be prepared thus in an infinite number of combinations.

Toothsome Fare.

Oysters With Macaroni.—Cold macaroni left from a former meal may be utilized in this way. Cut it into short lengths and lay in a buttered baking dish. When a layer of the macaroni has been formed cover it with oysters well seasoned with salt and pepper and bits of butter. Make a second layer of the macaroni and put in more oysters. Cover this with macaroni and sprinkle with cracker crumbs. Sprinkle the crumbs with salt and pepper and dot with bits of butter. Set in the oven just long enough for the edges of the oysters to curl.

Oysters and Mushrooms.—Take some large tender mushrooms, wash and remove the stems and peel. Stew the caps in butter, using an enameled pan or earthen pie plate. Then arrange them in a shallow baking dish with the hollow side up. Place a fat oyster in each cap, dust with salt and cayenne and lay a small slice of butter on each and cook in the hot oven until the oysters plump up and the gills begin to curl. Serve with brown butter sauce.

Novel Dishes.

Oysters and Celery.—Strain the liquor from a pint of medium sized oysters into a saucepan. Cover and as soon as the scum rises skim clear. Put in three or four tablespoonfuls of fine chopped celery from the heart and simmer a few moments. Then season with salt and white pepper, a grain or two of cayenne and two butter balls. Lastly add the oysters and cook until they plump and the edges begin to curl. Stir well and serve at once with thin brown bread sandwiches.

Oysters and Tripe.—Take two dozen oysters, a pound of boiled tripe, a tablespoonful each of butter and flour, a cupful of milk, a teaspoonful of salt, a dash of paprika, a quarter of a teaspoonful of white pepper, a half a teaspoonful of onion juice. Wash and cut tripe into inch pieces, put into saucepan, cover with boiling water, add a tablespoonful of cut onion and boil an hour. Drain and add to the cream sauce. Put the oysters into a shallow pan, cook until the gills curl, drain and add to the tripe and sauce. To make the sauce put the butter into a saucepan over the fire. When melted remove, add the flour, mix well and return to the fire, adding the cold milk slowly. Stir until smooth and creamy. Add the salt, pepper, paprika and onion juice or grated nutmeg. Boil three minutes.

GIRLS FORMED A CLASS CLUB

Miss Eleanor Nelson of Atlantic street, entertained the members of her Sunday School class, at her home, Saturday evening. In the series of peanut games the first prize was won by Miss Clara Von Emden and the consolation prize was won by Miss Irnine Baker. Refreshments were served by the hostess. During the evening the young ladies decided to start a class club. Miss Mildred Burke was elected president, Miss Esther Jenkins, secretary, and Miss Frances Hibberts, treasurer. All had a delightful time.

BRIEFS

Miss Mabel Clark of Concord, N. H., is the guest of Miss Grace Lamb, of 1 Crescent street.

Miss Lora Lamb of Crescent street is at home for a ten days' vacation from Bridgewater Normal school.

A whist party will be held in G. A. R. Hall this evening by the John A. Boyd Camp, U. S. W. V.

Mrs. W. H. Davis of Conant road spent the week end with friends in New York.

Miss Corinne Radcliffe of Taunton, formerly of Atlantic, spent the week end with Miss Jean Arthur of Hollis avenue.

William H. T. Read of Milton has been elected one of the 21 supreme representatives of the New England Order of Protection for Massachusetts.

Ex-Mayor William T. Shea who has been in the south for the past few weeks, returned Saturday night. He reports having had an enjoyable visit.

It is rumored that Edward H. Angier place on Presidents hill has been sold through the Elmer F. Ricker Agency to William E. Cooper of Bigelow street, who buys for immedate occupancy.

Miss Louise Kolb of Clive street is the guest of her brother Mr. Henry Kolb, of New York.

Mr. and Mrs. Fred M. Burditt and family of Clive street, and Mrs. E. E. Willey and daughter Miss Gladys of Walker street, spent the week end at their cottage in Seaview .

LINEN SHOWER TO MISS ARTHUR

Miss Jean S. Arthur of Hollis avenue who recently announced her engagement to William Northrop, was given a linen shower and luncheon, Saturday afternoon and evening, at the home of Mrs. Helen N. Talbot of Brooks street. The young ladies met at Mrs. Talbot's home and after Miss Arthur recovered from her surprise they all started work on the linen on which they embroidered Miss Arthur's initial. A luncheon was served by Mrs. Talbot, late in the afternoon. The table was decorated for the occasion with green crepe paper and small yellow and red, white and blue flags. Each young lady received a small harp as a souvenir.

Those present were the Misses Jessie French, Pearl Keay, Dora Bean, Katherine Borst, Daisy Brooks, Louise Wilson, Gladys Arthur, Dorothy Flahive, Doris Cummings, Corinne Radcliffe, Elsie Foretier, Jean Arthur and Mrs. Talbot.

Miss Arthur is one of Atlantic's most popular young ladies. She graduated from Quincy High School 1911, taking a leading part in the Senior Dramatics of that class.

LAND LEAGUERS CELEBRATE

Quincy Branch Did Honor to St. Patrick in Song and Story

Quincy Branch 61, Irish Land League, the oldest branch holding its original charter in the United States fittingly observed the feast day of the Patron St. Patrick at Cahill's hall, Monday evening. A large number attended, many guests being present from out of town.

The toastmaster of the evening was Samuel Drew, one of the newest members. Mr. Drew carried out his part to a nicety and introduced the speakers. John J. Byron, who spoke on the "Influence of the Irish in the History of this Country," Peter McConarty, Michael Marr and James Doherty. Music was furnished by Mercurio's five piece orchestra.

The banquet consisted of an old fashioned Irish dinner, prepared in the style of the sireland, and it was heartily enjoyed by those present.

MONTHLY SUPPER.

The monthly meeting of the First Parish club will be held this evening in the chapel of the First church. As usual there will be an informal reception until 6.30 at which hour the dinner will be served. The speaker of the evening will be George B. Dexter of Brookline who will speak on "North Africa and the desert." His talk will be illustrated with the stereopticon.

OFFERED TO SELL VOTES

Direct Charges Against Member of New Hampshire Legislature

Concord, N. H., March 18.—Direct charges that Representative Clifford L. Snow of Manchester offered to sell his vote to Gordon Woodbury of Bedford, Democratic candidate for United States senator, were made at a hearing before the senate and house bribery investigation committees.

Woodbury testified that Snow proposed to sell Snow's own vote and four others for $1000. William D. Young, a business associate of Woodbury, testified that Snow made a proposition to him to sell Snow's own vote and two other votes to Woodbury for $200.

These offers were made in Woodbury's office in Manchester, Woodbury and Young declare. Young said he referred Snow to Woodbury, and Woodbury testified that he told Snow the proposition did not interest him and showed him to the door.

OPPOSED BY SOUTHERNERS

Neill's Nomination to Be Commissioner of Labor Is Held Up

Washington, March 18.—The senate confirmed all of President Wilson's civil nominations, except that of Charles P. Neill, to be commissioner of labor. Bitter oppositon to Neill was manifested by southern senators when his name was received, it being charged that his report condemning conditions in certain southern cotton mills was "biased." The nominations confirmed included:

John Burke, North Dakota, to be treasurer of the United States.

Beverly T. Galloway, the District of Columbia, to be assistant secretary of agriculture.

Edwin F. Sweet, Michigan, to be assistant secretary of commerce.

John S. Williams, Virginia, to be assistant secretary of the treasury.

Franklin D. Roosevelt, New York, to be assistant secretary of the navy.

Two Make a Quarrel

It Just Escaped a Serious Ending

By DOROTHEA HALE

Two of the boys from the Lone Bull ranch were herding a bunch of cattle among the Bow hills, which were not really hills at all, but bits of the prairie lifted into little mounds of herbage. Gabriel and Theron Crane had not spoken for three weeks. The reason for their sudden change from warm friendliness to bitter enmity was a mystery to their comrades and a matter for regreat for the entire outfit.

Now they rode a few hundred yards apart, silent, taciturn and moody. It was not for them with hatred in their hearts to rejoice in the sweetness of the spring morning or to feel the pulse of the new season beating strong within them.

A very little matter precipitated the smoldering passions that lay beneath the calm exterior of their sun browned faces. Gabriel in passing his comrade, who was smoking one of his everlasting cigarettes, felt the stinging burn of a flying ash against his cheek. Involuntarily his hand sought his hip pocket, but Crane had already drawn and was looking coolly at him from behind his heavy weapon.

"W-e-l-l," drawled Crane after a little startled pause, "did you reckon you could do for me this way?"

"You know better than that. You needn't chuck your sparks in my face," retorted Gabriel furiously.

Crane smiled with a puzzled look behind his honest eyes. "What's eating you, Gabe?" he demanded after a little pause.

"What's eating you, you mean. You been looking for trouble this here three weeks. I heard all about what you said down to the canyon." Gabriel still sat half turned on his saddle, one hand on his hip.

"Looking for trouble!" repeated Crane incredulously. "Why, I been trying to keep outer trouble with you. I reckoned you'd lay for me some"—

"Lay for you!" roared Gabriel. "I ain't that kind. When I have a bone to pick I ain't a-going around throwing cigarette ashes in anybody's face. If you got anything against me I'll meet you down to Satan's gulch and we'll fight it out."

"There won't but one go home again," said Crane angrily.

"Sure."

"When will you be there?"

"Tomorrow morning at half past 4." Without another word they separated.

There was a certain air of grim determination in Gabriel's manner that night which caused Harry Barry and Tim Lewis to exchange uneasy glances and later to meet at the gate of the corral. Harry Barry was the first to break the silence.

"Gabriel's cleaning his gun," he remarked with assumed lightness.

"So's Crane," said Tim significantly. "What do you think they're going to do?" asked Harry uneasily.

Tim Lewis shook his head dubiously. "No telling."

"Nary guess. They've never been the same like brothers as they always was since they came home from that donation bee over to the Forks church."

"Donation bee! I reckon you're meaning the party they give the new minister, where everybody took victuals and then stayed to eat up what they brought."

Harry Barry nodded his handsome head. "I guess I was some mixed up with the quilting bee I heard they was giving to the widder who keeps house for the minister. Whatever made them two geezers get mad at each other? They didn't have anything to drink except milk. They paid some notice to the Widder Padrose."

Tim Lewis shook his head dubiously. "And they was always the best of friends," mourned Harry Barry. "Perhaps a woman came between 'em," he added hopefully as one who had discovered an elusive clew.

"Don't blame everything on the wimmen," chided Tim. "There isn't any use us guessing. We better do what we can to help keep 'em from manufacturing sleves."

"You mean to draw the charges from them guns," observed Harry Barry. "But somehow I don't know as I like the job of taking Gabriel's gun away from him while he's sleeping innocent-like. Why, he'd go into the sieve business right away with me for a sample. Guess again."

"My best guess is that I'll get up bright and early and trail 'em till I'm satisfied they're not out for blood," said Tim.

Long before Harry Barry had thrust his head from beneath his blanket Gabriel and Crane had arisen as by mutual accord and, dressing quietly, had gone down to the corral and caught up their horses.

Out in the pale dawn of a new day rode the two men who had been close friends for years. They both knew that one would never come back and the other would be a fugitive from justice. Which one would be the fugitive and which the other thing?

Perhaps they were asking themselves these questions as they rode swiftly and silently across the dewy grass. Large and brown, with strongly marked features, they might have been brothers, so close was the general resemblance between them.

All the kindliness had gone from their eyes, from the grimly set mouths, and the little muscles about their lips which twitched sometimes in silent laughter were drawn now into taut lines.

The dawn grew paler and then flushed with the coming of the sun. The whole world was alight with the reddening glory, with the tonic sweetness of the morning, but the two men riding forth to do vengeance each upon the other saw nothing save the first grim outline of the tall cottonwoods that mark the entrance to Satan's gulch. The trees grew larger and took definite shape as they drew nearer. The dull gray line which marked the mouth of the gulch became an opening which finally became large enough for them to ride through into the rock inclosed desolate place.

At the farther end there was a level stretch of sand. Here they could wreak vengeance for their real or fancied wrongs, and the sun would not be in their eyes to dazzle their sight and balk them of their revenge.

Slowly they dismounted, making much delay over the careful staking of their horses at a respectful distance, fussing over the adjustment of saddles and blankets and delaying in every way the crucial moment. At last, when there was no excuse for further delay, Gabriel walked slowly to the farthest point and leaned against a rock.

"I'm ready," he said carelessly.

"Same here," returned his enemy briskly.

"There won't but one go back," said Gabriel slowly. "I s'pose there might be a message to send."

An uncomfortable pause followed. At last Crane spoke. "I ain't heard what it was you was sore about," he said grimly. "I don't mind shooting a man when I think he deserves it. But, confound you, Gabe, I don't know what's the matter with you."

"You lie!" returned Gabriel deliberately.

"That's enough," remarked Crane. "Count ten."

He drew his revolver and leveled its long blue barrel at his erstwhile friend. Gabriel did likewise and slowly counted ten.

There was a blinding flash of powder, with a simultaneous report from the two weapons. When the smoke had cleared away the two revolvers were lying on the sand and the antagonists were each nursing a right arm.

Crane darted forward, snatched up one of the weapons with his left hand and held it close to Gabriel's head.

"If you don't tell me what's eating you," he snarled angrily, "I'll blow some daylight into you."

The other glared back at him fiercely. "You mean to say you don't know what's the matter?" he demanded.

"Why would I be asking you, then?"

Gabriel was silent for several seconds; then he blurted out: "It's what you told Mrs. Padrose. She told me what you said the night of the doings to the minister's house."

"What did I say?" Crane's face was scarlet.

"She said you told her I was married and didn't ought to be paying attention to respectable widows. That's what she said you said. And it's a blanked lie, as you know I never was married to nobody." Gabriel's hand clasped his wounded arm.

"Of course you ain't married," breathed Crane heavily as he dropped his left hand to his side. "Have I ever told you a lie, Gabe?"

"No," snapped Gabriel.

"Do you believe me when I say that I never told that to the Widder Padrose?"

"Yes."

"Then what's your grouch about?"

Gabriel looked helplessly about him. He saw the jagged rocks, the tufts of verdure thrusting forth from the crannies, heard the lilt of the bluebird and saw the azure sky of the new day. His eyes dropped to Crane's face, pale and drawn with pain, and his own scowling countenance broke into a crumpled smile of anger and pity.

"Dash it all! Did I wing you, you old cherub? Here!" Tenderly he assisted Crane to a reclining position, cut his sleeve and bandaged the wound his bullet had made. Then he applied his flask to Crane's compressed lips and watched with concern his comrade's efforts to swallow. Forgetful of the bullet that was in his own right arm, he worked over the other until at last Crane sat up, a thin saturnine smile curving his mouth.

"I'm all right now, Gabe. Get down here and let me fix you up. I reckon I'm jest as good a shot as you are!"

An hour afterward the two rode slowly toward the Lone Bull. Each right arm was bandaged stiffly, and each revolver was thrust in a left hand pocket.

"As for that Widder Padrose," began Gabriel, when Crane cut in roughly: "Dash the widders for a meddlesome crew!"

Out of the distance two horsemen rode to meet them. One was Harry Barry, and the other was Tim Lewis. At sight of the two older men riding together in apparent friendliness the youngsters threw up their hats and whooped joyfully.

"What's worrying you two fellers?" asked Gabriel, with his old time geniality.

"Heard the news?" asked Harry Barry, with a desire to avoid personalities.

"What news?"

"The Baptist minister has married his housekeeper, Mrs. Padrose. What do you think of that, eh?"

Crane scratched his chin thoughtfully. "I think I'll call on the minister and extend my hearty — er — condolences," he said.

Then he and Gabriel indulged in a left armed handshake.

BOWLING

Fore River teams rolled their last Monday evening match at the Coliseum alleys and good scores resulted

The Machine Gallery and Yard split even, the Pattern Makers beat the Machine Floor 4 to 0 and the Shipfitters beat the Government Draftsmen 4 to 0.

Poehler was high man of the evening with 129 for best single and 346 for total.

The league closes Friday evening.

West Quincy beat the Copeland Club, 4 to 0. Welde was high with a single of 104 and high total of 282.

CONTEST OVER BERRY WILL

Adopted Daughter Objects to Disposition of Estate

CASE ON AT DEDHAM

Several witnesses were heard Monday in the contest of the will of Sophia Berry in the Norfolk Supreme Judical Court at Dedham. The will is being contested by Addie S. Harris of Boston, an adopted daughter of the testatrix, and is defended by George H. Brown, the executor. The estate is valued at $10,000 and the will was drawn Feb. 9, 1903. Mrs. Berry died July 2, 1912, and the will was admitted to probate Oct. 13, 1912. Mrs. Harris then took an appeal from the allowance of the instrument and it will be submitted to the jury on two issues; the soundness of mind of Mrs. Berry; and whether the alleged execution of the will was procured through fraud and undue influence practiced on her by Emily Blake, Ann Newcomb, John Newcomb and Mary J. Lyons, or either or any of them.

Charles H. Wilson, Vincent C. Saunders and Mary L. Lyons, all of Quincy, testified that they saw Mrs. Barry sign the will and that each had witnessed the will in her presence. They further testified that she was at that time of sound mind and memory. The will was read and made an exhibit and the contestants opened their case with Charles W. Hodgdon, a Somerville lawyer, on the stand.

Mr. Hodgdon testified that he first saw Mrs. Berry in Somerville Nov. 1, 1900, when she consulted him about her account, telling him that she was not satisfied with the income she was getting from her estate. She had two quarterly accounts with her and wanted him to look them over, which he did and told her that so far as he could see, there was nothing wrong about them. Later, he said, he went to see Mr. Brown and afterwards told her she was entitled to more money. I also told her there was an overcharge on the part of the trustee for his services, that he was getting more out of the estate than she was." The witness stated that later when he saw Mrs. Berry he noticed a failure in her memory and understanding of things. He also said that she was of a sentimental nature. When he sent his bill for his services Mrs. Berry, according to a letter which was read, protested the payment.

NO SETTLEMENT BY STRIKERS

Riveters, Plumbers and Steamfitters Still Out

AND BEEN OUT 10 WEEKS

The strike of the riveters, steamfitters and plumbers at the Fore River ship yard is not settled, despite the optimistic views to that end held out, Monday. The announcement was made by the Fore River officials that the strike of the plumbers, riveters and steam fitters would be ended as settlement had been reached, and the men would return to work Monday.

The strike committee of the men out in this department called at the Ledger office today and denied that any settlement had been reached.

The committee said there were 68 men out and had been out ten weeks and while conferences had been held no settlement of differences had been reached.

YOUNG PEOPLE HAD GOOD TIME

Miss Sina Hedlund entertained friends at the home of her uncle and aunt Mr. and Mrs. John Landholm, 16 Bedford street, Saturday evening, the occasion being her nineteenth birthday. Various games were enjoyed and refreshments were served consisting of ice cream, cake, confectionery, etc. not forgetting a very handsome birthday cake beautifully frosted and adorned with candles. Miss Sina received many pretty birthday reminders.

GRANITE BILL HAD NARROW ESCAPE BECAUSE OF ATTEMPTED RIDER

Sullivan Makes His Maiden Speech on Floor of the House and is Commended

Leslie Also in the Forefront For Defense of the Measure

(Special to the Ledger)

Owing to an almost even split in the committee on Labor, which reported the bill providing that all granite used on public buildings in the state must be dressed within the state, a lively debate took place in the House Monday afternoon when the bill came up. Before the debate was finished, Speaker Cushing called a halt in the proceedings and the House adjourned, leaving the vote to be taken today.

Representative Hersey, sought to attach an amendment or rider to the

REP. MICHAEL T. SULLIVAN. Who Defended the Granite Bill.

bill making it read that all building material used on public buildings shall be manufactured within the state. This would have undoubtedly killed the bill outright, but Representatives Leslie and Sullivan of Quincy and Russell, of Brockton, spoke against such an amendment and a point of order was made showing that the amendment to be larger than the scope of the original bill, and the speaker upheld the point.

In defending the bill, Representative Michael T. Sullivan made his maiden speech on the floor of the House and at the end of it he was greeted with a storm of applause, seldom given to speakers for such occasions. Mr. Sullivan first spoke against the amendment and charged that the object of tacking that on to the bill was to kill it. The point had been made by the opposition, that the Granite Cutters' Union was not greatly interested in this proposition because they had sent no one to the hearing before the committee. Mr. Sullivan informed the House that the Union is in favor of the legislation, but that it was an international union, and it could not be prominently identified with the bill because its members are included in almost every state of the Union and in Canada. Mr. Sullivan also refuted the argument that under the terms of the bill, it would cost the users of granite a third more in railroad rates. Granite shipped into the state in the rough, does not cost nearly as much for freight as it does when dressed, when it has to be boxed etc. The granite would cost less, if anything.

He made it clear to the House that the bill under consideration would not affect private buildings, but would be confined to public buildings which the public pays for.

Representative Leslie also warmly defended the bill. He said that it had been found necessary to protect other industries, and named the ship-building business as an example, and that this bill is a fair and equitable one for Massachusetts to undertake. Out-of-state granite had been used to a small extent on Quincy's post-office building and it was only after a fight that Quincy granite was included in the specifications of the new Court house at Quincy. With a fine quality of granite being cut right in the state, he did not see why it isn't fair proposition to require it on the buildings

REP. WILLIAM J. LESLIE. Who Defended Granite Bill.

which Massachusetts pay her money for, and why the money shouldn't go to Massachusetts workmen.

The only arguments used against the bill were that it would react on Massachusetts quarries in that other states which produce granite would legislate against ours, and that it establishes a bad precedent that many, if adopted, spread to other building materials. It was admited that most of the granite used in our public buildings to date has not been the Massachusetts product.

Before the vote could be taken, debate was cut off and the House adjourned.

SUCCESS MADE THEM TRY AGAIN

Adams Circle Will Immediately Start Another Whist Series

A meeting of Abigail Adams Circle, I. C. of A. was held in Clan McGregor hall, Tuesday evening. After the meeting the last of a series of whists was held, the souvenirs being captured by John Ford, who had 60 points; Mrs. Ordway, 52 points; Harlie Smith 49 points, Mrs. Brownrigg 49 points, Dick Collins 47 points Mrs. Newcomb 43 points and consolations to Mrs. Cain with 10 points and Edward Berman 23 points.

Owing to the success of the series the committee Mrs. Mary Richard, Mrs. Agnes Smith, and Miss Julia O'Brien, have arranged anothed series, the first of which will take place April 15.

DICK BARRY RECOVERING

Improved Condition Source of Joy to His Friends

Richard Barry of West street, who has been seriously ill at the Carney Hospital is today reported to be off the "Dangerous List." "Dick" as he is known, was operated on for appendicitis three weeks ago, and all looked well for a while, but complications set in and for many days his life was despaired of. Dick's tenacity and grittiness which brought the West Quincy Base Ball Nine of which he is Manager out victorious last summer against great odds, served him well at this time and he fought a winning battle for life. While the Hospital authorities report that it will be many weeks before he is out and around no fear is now entertained for his complete recovery. His smiling countenance has been missed from many clubs of which he is a popular member, and there is no doubt but that he will receive a rousing welcome when he returns home.

QUINCY MAY GET MATCHES

For the New England Amateur Wrestling Events

It is probable that the divisional wrestling bouts for the New England championship will take place here since the officials of the N. E. A. A. A. U. have awarded them to the Quincy A. A.

This organization is now considering plans, which if carried out will bring Quincy directly in the wrestling limelight. The Quincy A. A. is the only local organization connected with the A. A. U.

Should they decide to run these bouts immediate preparations will be made and one of the largest halls in the city will be engaged. The wrestlers will have to be amateur wrestlers with a recognized standing before they are eligible.

A definite report will be made to the A. A. U. early next week.

Quincy Savings Bank

The Annual Meeting of the members of the Quincy Savings Bank Corporation, for the election of Trustees, and any other business that may legally come before them, will be held on

TUESDAY, April 8, 1913,

at three o'clock P. M., at the banking rooms, 1374 Hancock street, Quincy, Mass.

GEORGE E. ADAMS, Clerk.

WALKED OUT AND WALKED BACK

Plungers Quit at Fore River, Returned to Work Today

HELPERS PLACES FILLED

Seventy-five of what are known as plungers and helpers at the Fore River went out Tuesday. Just why they went out is not known as they made no complaint. This morning the plungers came back to work as quietly as they had left. The places of the helpers were quickly filled.

There was a report that 500 men had left the works Tuesday but this was denied by the officials of the company.

NEW BUSINESS ENTERPRISE

Opened in Quincy By Retired Naval Man

A new machine manufacturing concern has entered the local industrial field and will be known as the Edison Park Machine Co. The plant is situated at the foot of Edison street in the building occupied by the late Joseph Lizotte.

James H. McDonough, U. S. N., retired and W. A. Lermond will conduct the business. They will specialize in gasoline engines of all descriptions. Active business commenced March 17.

Mr. McDonough was recently retired by the Naval Commission because of injuries received while rescuing several blue jackets from the turret of the North Dakota when a flare back caused an explosion. He is advanced in machine lines, and is a member of Quincy Lodge, B. P. O. E.

Mr. Lermond formerly conducted a garage business in Bangor, Me., and has been connected with the Fore River Co. He is well known in Quincy Point, where he has been a resident for some time.

SEWING CLASS APPRECIATIVE

Girls Presented Teacher, Mrs. Neary, With Birth Ring

The memebrs of the High School evening sewing class tendered their teacher, Mrs. Elizabeth Neary a very pleasant surprise Tuesday evening at the home of Professor and Mrs. Frank Gilbert, Chestnut street. After a very enjoyable evening refreshments were served the ladies in the dining room which has been very prettily decorated for the occasion. Before departing Mrs. Gilbert in very well chosen words presented Mrs. Neary in behalf of the ladies a beautiful topaz ring, the birthstone of Mrs. Neary. The evening came to a close with a few choice selections rendered by Mr. Gilbert on his new pipe-organ.

The work that Mrs. Neary has superintended during the winter at the Evening High school should be mentioned here, for the benefit of the public, as the pupils have learned so much in the way of dressmaking. Some of the dresses made by the pupils are of fine design, good workmanship and show that they were made under the direction of one who thoroughly understands the system of individual model—fitting. A word of thanks is tendered to Mrs. Elizabeth Neary, in behalf of the class, by one of her appreciative pupils.

QUINCY'S FIRE FIGHTING SERVICE FLAYED BY FIRE HAZARD COMMISSION

Water Pressure Inadequate, City Ordinances Unsatisfactory and Men of Department Not Properly Drilled

Claimed Building Inspection is Not Practiced. With All Those Indictments Fire Loss is Third Lowest in Metropolitan District

(Special to the Ledger).

In the report of the Metropolitan Fire Hazard Commission, Quincy comes in for considerable unfavorable mention, and Braintree is not well spoken of as to its fire apparatus and general equipment for fighting flames.

In regard to Quincy the Commission says that water pressures are inadequate in sections, that the city ordinances are unsatisfactory and that the men are not drilled as they should be. It reads in part as follows:

"The city of Quincy has a population estimated at 35,000 and covers an area of 16.64 square miles. The city is flat in all important parts, the higher elevation being in the outlying districts. The streets are narrow in all sections except the principal mercantile center. The chief industries are ship-building and quarrying.

"The water supply is adequate, the city being in the Metropolitan district. Many of the distributing mains are four inches in diameter and in a number of places are inadequate for fire-fighting purposes. Dead ends are not infrequent. The hydrant spacing in the principal mercantile district is good, but should be improved in the other sections. The city has now made it a rule that in laying mains the spacing between hydrants shall not be more than four hundred feet.

"Pressures are satisfactory in the level sections, but inadequate on the high elevations.

"The fire-fighting force conissts of 25 permanent and 60 call members, and all under civil service rules and regulations except the chief and his three assistants. The chief is appointed annually by the mayor and the assistants are appointed by the chief. There are six fire stations, two of brick and four of frame construction, fairly distributed throughout the city. These stations house the following apparatus:

"One steamer, two auto combination hose and chemical wagons, three combination hose wagons, two plain hose wagons, two combination ladder trucks, one plain ladder truck, one chief's auto and two fuel and supply wagons.

"The fire alarm headquarters is in the central fire station, and the system is of modern type. Boxes, 130 in number, are well distributed throughout the city. There is but one keyless box in service and twelve of the balance are operated by securing the key from near-by houses.

"No red lights are used to show location boxes and scant attention is given to the matter of placing the boxes in conspicuous locations.

"Under the building ordinances, adopted in 1911, the city is divided into three fire districts, and the only restrictions that are beneficial from a fire protection standpoint are applicable to district one. In this district no wooden frame buildings except dwelling houses and private stables, are allowed to be built, and all roofs on new buildings or where the roof is renewed have to be covered with slate or other incombustable materials.

"Altogether, the building ordinances in matters relating to fire protection are unsatisfactory.

"There is much frame construction in this city, but very few places where it is compactly grouped. Manufacturies are located in different parts of the city, are a low type of structure and well isolated.

"Like most places throughout the district, it is noticible that little or no effort is made towards systematic drilling of the men with a view to familiarizing them with their duties. Every important work, that of inspection of buildings for fire hazards and also for the purpose of acquainting men with the condition of buildings, receives attention in but a few cities in the district.

"Where this arrangement is in vogue, the efficiency of the fire departments is materially increased because it means that when the department goes to a fire it is acquainted with inferior conditions and is in a position to better fight the fire."

The per capita loss in ten years in Quincy is placed by the commission at $1.12, based on 35,000 population, and is the third lowest in the Metropolitan district, being lower than all cities and towns except Somerville and Waltham, and exactly the same as Everett with its population of 40,000.

"The latest figures the commission has as to Quincy's fire department expenditures, are those for 1911. In that year, Quincy is reported to have spent $46,269.93 of which $5,500. was for new apparatus and the remainder for maintainance.

During the last ten years, there were 55,508 fires in the Metropolitan district carrying with them a loss of $88,046,183.28.

Speaking of Braintree the commission says that the hydrant spacing in that town is very poor and noticeably so in the residential sections. The most hazardous parts of Braintree, it says, are South Braintree Square, Braintree Square and East Braintree on the Weymouth line. These places have congestion of frame buildings that make them dangerous as to fire.

"The weakness of the Braintree fire department both as to men and apparatus, the many long hauls, and the delay in getting the apparatus under way greatly increases the fire hazard," according to the report.

MRS. BERRY'S MIND NOT GOOD IN 1900 SAYS NEPHEW SPEAR

Rev. Mr. Ward Called On Her Later and Said Her Memory Was Good in 1904

Conflicting Testimony at the Berry Will Contest

Another hearing on the contest over the will of Sophie Berry was held before Judge Hammond at Dedham Tuesday. Mrs. Addie S. Harris, the contestant was on the stand.

Mrs. Harris testified that Mrs. Berry said her people did not like Mr. Harris but never asked her not to marry him. She said both Mr. and Mrs. Berry expressed much sorrow about her first marriage which took place when she was 16 years of age and that she had run away from school in order to marry Mr. Harris.

Her mother, after her husband's death, was with her about six months and during that time paid her $10 a week board.

"Mother said they said Mr. Harris was going to marry me and squander all her money, but that she had nothing against him personally."

Frank W. Spear of Somerville, nephew of the testatrix, said Mrs. Berry was at his home in 1900 and 1901, and that at that time her mind was not good, though she greatly improved.

Miss Hazel Berry Glover, daughter of Mrs. Harris by her first husband, said her grandmother's memory was bad.

Several witnesses were then called in defense of the will.

Rev. Merrill C. Ward of Norway, Me., pastor of the First Universalist church in Quincy in 1903 and 1904, testified that he called on Mrs. Berry several times during that period. Her memory of faces and persons was good and her statements clear and decisive.

Mrs. Emily Elizabeth Blake of Quincy, only living sister of the testatrix, 73 years old, said her sister had talked with her of Atty. Hodgdon's bill, and declared she would not pay it.

"My sister," said she, "said she didn't want Hodgdon to handle any of her money. My sister also said Mrs. Harris' father had got her out of one scrape, and she was afraid he was going to get her into another."

The witness denied ever advising her sister as to disposal of her estate.

Witness said Mrs. Berry was shrewd and that she had characterized Harris as shiftless.

EASTER SUNDAY.

In order to properly handle the additional matter in the way of service announcements and music for Easter Sunday, pastors and choristers of the several churches will kindly make an effort to have their announcements and musical programs in the Ledger office not later than Thursday afternoon, to insure their publication in Saturday's issue of the Ledger.

EDITORIAL COMMENT.

Perchance the London Ancient and Honourables declined that June invitation because of the possibility of marching in that seventeenth parade. You never can tell.

That Evanston water board who put so much chemical in the water supply that all the women are blondes will be opposed by every voter who prefers brunettes.

Julian Hawthorne may have been a literary genius but that he was some what light in other transactions is accepted on every hand and evidences of that fact is being piled up in abundance.

Things that at one time are considered eccentric in a man when he is on top are always given their proper title once he strikes the toboggan.

Kohler was some police chief and as a premium for his offenses he now wants a pension of $125 a month. Some nerve that.

Secretary Bryan in airing his opinions and talking to the galleries should remember that he is now a representative of the government, not a lone a national figure.

INDUSTRIAL ACCIDENTS.

Statistics of past years gathered in this state, give rise to the belief that there will be fully 5000 deaths in industrial accidents in this state this year. Upon this basis the members of the state industrial accident board have pleaded for a clear field without interference in the working out of the question of the prevention and compensation of industrial accidents and industrial disease. Any movement that will prevent fatal accidents, or rather reduce their number, because of course it is among the impossibilities to even hope that all such can be eliminated, or check what is known as industrial disease should receive unbounded public approval and assistance. It is a movement whi h is far more valuable to humanity than many of the fads and fancies which are so strenuously advocated at pink teas under high sounding titles.

THREE DECKERS.

The Massachusetts Civic League in the fight for better housing laws for cities has entered upon a vigorous campaign against the so-called three-decker. This particular type of house, with the assumption upon which it is built, the causes and effects come in for strong denunciation on the part of the League in a circular just issued. Some of the things which the League sets forth are startling in the extreme. For instance it is pointed out that a family of six people lived in a single room, eleven were found in two rooms in the North End of Boston, and 30 people lived in a seven room house in Cambridge. It is claimed that those conditions can be duplicated over and over again. Such conditions are pointed out as unhealthy, the "creations of vice, crime, degeneration, drunkenness and poverty and are the cause of enormous public expense." Rather a hard picture is drawn for the gaze of the public. People are urged to use their influence towards the passage of house bill 1226, before the present legislature, which will have the effect of checking, if not eliminating such a state of affairs. The bill is evidently worthy of consideration if it can bring about the improvements contemplated.

President Whiton gives every indication of being the right man in the right place.

President Wilson's appointments will create many more disappointments.

The use of Bibles for gambling purposes seems to flourish in Portland, Ore. It is an old game and they could just as well use a dictionary.

FIDDLES FOR BABIES.

David Mannes, founder of the Music school settlement in New York comes forth with some original views upon methods of educating the young in musical matters. Here are some of his views:

"Now I would take a child at 2 1-2 years of age, put a fiddle or a piano in the room, but no teacher, and say: 'Here is a toy. Try to do something with it.'

A nursery has a drum; why not a violin?"

Pretty son the child will say: 'I want a teacher.' That will happen nearly every time. And so with sight singing, and reading. The house will not lack a musical atmosphere long if you go about it this way.

Now the average parent of a 2 1-2 year old hopeful has not the slightest doubt but that something would be done to that piano or fiddle in a very short time. If the fiddle happened to be a rare brand a valuable instrument would speedily be lost to the world and if a grand square piano, the chords and things would be put to some other than a musical use. The keys would be exercised to the limit and the smooth surface would look as though an army of hens had found no other pursuit than to run up and down its sides, top, back and front.

The success of the movement which Mr. Mannes has founded may be assured but it is doubtful if his first suggestion would lead to anything more than ruin and devastation of good instruments.

Any one who would turn over to the average untamed specimen of a two year old, a piano and a fiddle could hardly expect anything but destruction to speedily follow in the path of such an act. A Kansas cyclone would be tame in comparison to the treatment that youngster or a collection of them would inflict upon such an instrument.

Such methods might not be too extravagant for the really rich, but when it comes to the person of average means it would be unreasonable and to the average wage earner it would be impossible. No, some other way of providing a musical training must be thought out.

HELEN KELLER TO LECTURE.

Edwin Bower Hesser announces the first Boston appearance of Miss Helen Keller and her teacher Mrs. Macy at Tremont Temple March 24. Miss Keller will deliver an address on "The Heart and the Hand"—really, the story of her remarkable life.

Helen Keller has been known to the world ever since she was seven years old, when the first reports of her education were published, telling how a deaf blind child had learned to read and write in six months. Her life has been an unbroken series of triumphs over obstacles. Deaf and blind at the age of nineteen months she remained in intellectual darkness until she was nearly seven. Then Mrs. Macy a graudate of the Perkins Institution where Dr. Howe had done his great work with Laura Bridgman, went to Helen Keller's home in Alabama, and began her education. At the age of ten Helen Keller learned to speak. At sixteen she was preparing for college. She graduated from Radcliffe College in 1904, receiving the degree of Bachelor of Arts cum laude. While she was in college she wrote "The Story of My Life," which has been translated into fifteen languages.

During the past year she has taken another step forward in her remarkable career. Under the instruction at the New England Conservatory of Music, she has greatly improved her speaking voice. During the summer of 1912 she spoke before a convention of teachers of the deaf at Providence, R. I. This was the first time that she stood alone on a public platform. A few months later she addressed an audience of Physicians at the Otological Congress held in Boston at the Harvard Medical School. The success of these experiments has encouraged her to appear before the general public.

Recently at Carnegie hall, New York, Miss Keller made her first public lecture appearance, and to the topmost galleries her voice could be heard. Those who attended were enthusiastic and her lecture at Tremont Temple will doubtles be a great success.

CIVIL SERVICE EXAMS.

A civil service examination for assistant secretary to the Commission of Economy and Efficiency will be held April 7. The salary is $1,000 a year.

NEW YORK SPRING FASHIONS.

Panniers in Again—Borderers and Printings — Transparent Uppers—and Fancy Shoes Galore—Faille and Moire Suits.

An early Easter means an exceptionally early launching of Spring fashions, and as usual at the opening of a new season one recognizes old favorites in new guises. The pannier that only a short time since was declared to have passed to the limbo of disused fashions is manifest in the lines of nearly every draped gown, though there is great variety in its handling as is always the case where draped styles prevail.

STAPLE POINTS.

Fashion is really not such a fickle goddess as she is reputed to be. Certain basic principles continue season after season, and it is only the infinite variety of colors, materials, and minor details that give the effect of novelty.

THE SILHOUETTE.

The fashionable silhouette or outline which is all important in the general effect of a costume, remains straight and slender as it has been for some time past, though draperies and irregular cutting of the foot of the skirt modify the former hardness of line. The transparency of gowns from waist to shoulder is another feature on which many changes are rung, also the lavish use of embroideries, this Spring in Balkan colorings, all staple features of dress liable to continue perhaps for years to come with the variations that each season brings.

The above designs are by The McCall Company, New York, Designers and Makers of McCall Patterns.

Pretty "fussy frock" of printed silk. Oriental design in blue ground, veiled with blue net. Vest of pale yellow moire and plastron of Bulgarian embroidery. Blue silk revers and cuffs with embroidery to match plastron. Crystal buttons white with black rims.

THE LATEST LINES.

Whatever the style of dress worn, the effect is successful or otherwise according to the under structure and an accurately designed corset exactly suited to the wearer is a necessity if good lines are desired. Models that show the authoritative lines of the latest and most approved styles can now be seen at any counter where Warner's rustproof corsets are shown. The Spring models have just been launched and show long skirts smoothly encasing the hips, a full waist and medium bust to secure the straight line of the leading Spring fashion figure without any sacrifice of comfort or the wear for which these corsets are famed.

SPRING SEASON.

The early coming of the Spring season will prolong its duration and there will be an unusual demand for "fussy frocks" in consequence of the many festivities. A girlish get-up that admits of many changes is of Chinese blue silk with waist and skirt draperies of matching tulle, and more fashionable than chiffon. This is more of a net texture than the tulles used for hat trimmings and is quite a bit stiffer. The bodice has the net arranged surplice fashion over a low lining of the silk, and wing sleeves cut to points at the back and caught to the arm a few inches below the shoulder with bracelets of pink roses.

A buckle of the same roses catches up the pannier draperies of the skirt at the back of the waistline.

FOR STOUT FIGURES.

An admirable dress for a woman of full figure had the low waist of lace, the skirt of Mousseline de soie ending in a pointed train. There was drapery of satin in matching tone that formed low pannier lines on the skirt and continued in a surplice drapery of the right shoulder and sleeve. A girdle of richly colored embroidery gave just the right finish. This model was developed in yellow muslin and brown satin but any liked combination would be equally successful.

MATERIALS.

Combinations of odd materials and contrasting colors are the feature most notable in the latest styles. Suits of faille silk and moire velours are especially smart, and for gowns and waists silk crepes in brocaded and plain weaves are first favorites. Broadcloths are back in style, and fancy checks and stripes in black and white combinations with touches of vivid color contrasts in the linings and trimmings are smartly worn. Printed fabrics in Persian, Balkan, Bulgarian or almost any well mixed design of gorgeous colorings, are for hat and costume garniture the "tip of the mode."

New York, March 12, 1913.
Fannie Field.

BOOMING RIGHT ALONG.

A large number of applications are being considered by the membership committee of the Daughters of Viking, Companions of Foresters of America, as a reduction in the initiation fee has been made. A well attended meeting was held at Protection hall Tuesday evening. Dancing and games followed the business session. A whist party will be held at the April 11 meeting. The committee is Mrs. Hilma O'Brien, Miss Linnea Holmgren, Miss Gertrude Holmgren, Miss Emily Niccolson and Mrs. Edward J. Sandberg.

COLONIAL DANCE.

The Colonial Athletic Club have completed arrangements for their First Grand Dance to be held at Alpha Hall, Easter Monday night. The proceeds will go toward the support of their baseball team. The floor will be in charge of C. J. Patriarch who will be assisted by an able corps of Aides headed by Charles E. Hebert the well known pitcher and basket ball player.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Must Wear Official Brass Tag To Be in Good Form

AND IN CORRECT DOG STYLE

City Clerk Crane has adopted a new plan this year in the matter of dog licenses. The usual plan is when a man pays the tax for his pup he gets a license with a number, which he is supposed to have engraved on the pups collar. This however is seldom done.

This year the City Clerk has secured a large number of brass tags upon which the number has been stamped and it will be the style this year for all pups to wear a brass decoration. Should his or her pupship neglect to wear this brass tag when he or she appears in public on the street, there is danger of meeting with grim death. A word to the wise is sufficient.

THREE STILLS, ONE BOX ALARM

Fire Department Checked Woods and Grass Blazes

ALSO ONE IN CHUTE

The alarm from box 155 a t11.18 this morning was for a lively grass fire off Standish avenue, which was getting dangerously near some dwellings.

The department was called out three times Tuesday on still alarms. The first still was for a grass fire on Butler road. The second was at 4 o'clock for a woods fire off South street.

The third still alarm was about 5 o'clock and but for the prompt work of the department a serious fire might have resulted. This fire was in a dust chute in the factory of William B. White on Baxter street. The firemen were able to get at the seat of the fire by tearing down the chute.

DISTRICT COURT.

John R. Wren was sent to the house of correction for fifteen days for drunkenness at Quincy.

Commonwealth of Massachusetts.
Norfolk, ss. Probate Court.
To the heirs-at-law, next-of-kin and all other persons interested in the estate of Keziah Sumner late of Quincy in said County, deceased:

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for Probate, by David L. Jewell and Ella L. Jewell both of said Quincy, who pray that letters testamentary may be issued to them, the executors therein named, without giving a surety on their official bonds. You are hereby cited to appear at a Probate Court to be held at Brookline in said County of Norfolk, on the twenty-sixth day of March A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And said petitioners are hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in said Quincy the last publication to be one day at least before said Court, and by mailing, postpaid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this eleventh day of March in the year one thousand nine hundred and thirteen.

Asked and Answered.

A languid swell was visiting a charming young society lady, and as they sat on either side of the fire his heart was full of a burning desire to say something not only complimentary, but brilliantly flattering.

So, after revolving the matter in his mind, he said: "Ah, Miss Lillie, why are those fire-tongs so like me?"

He meant her to guess, or him to tell her: "Because they glowed in her service," or were "prostrate at her feet," or something of that kind.

Miss Lillie, looking solemnly demure, said she didn't know, unless it was because they had two thin legs and a brass head. He was groping blindly for the front door before she had recovered from the shock of her own folly

WOMEN'S CLUBS

WHAT THEY ARE DOING AND SEASONS' PLANS

The Katharyn Crane Memorial club had a most successful sale Saturday afternoon at the home of Mrs. Emery L. Crane, Whitney road, realizing a good sum for the continuance of their philanthropic work. The next meeting on March 26 will be with Lillian Schenkelberger, Goffe street.

* * *

The meeting of the Quincy Young Woman's Clubs Saturday evening was one of the most entertaining of the year. Mrs. George E. Pfaffmann read a very interesting paper, "The Story of a Bird Enthusiast," Mrs. James H. Slade sang two charming songs, "The Yellow Hammer" and "The Song of the Woodthrush," and Mrs. John W. Sanborn read Longfellow's "The Birds of Killingsworth."

* * *

Thursday afternoon Wollaston women meet again in Brasee hall to complete the organization of the Wollaston Woman's club. Officers will be elected and plans discussed. Over 200 have already applied for membership and a large and successful club may be expected. Mrs. Arthur D. Ropes is temporary chairman and Mrs. E. O. Woodward, secretary.

* * *

So many and so interesting are the Greek masterpieces and their stories that the Friday club is to take two meetings for their study. This week the club meets with Mrs. Francis Abele, Jr., of Spear street with Mrs. Henry M. Faxon as chairman and April 4 with Mrs. Herbert J. Gurney of Wollaston with Mrs. George G. Saville as chairman.

* * *

Next Saturday morning's lecture at Tremont Temple, Boston by Edward Howard Griggs will be of unusual interest to club women for his subject is to be "Womanhood and Human Progress." The following Saturday he will deal with the Problems of Social Reform.

* * *

An interesting meeting of Quincy Alliance is promised for Monday afternoon in First Church parlor when Rev. Abraham M. Rihbany of Boston will speak on "The Oriental Christ." Being a native of the East he will be able to put the subject matter of his lecture directly to his audience.

* * *

Monday afternoon Prof. Bliss Perry is to lecture on "Local types in American stories" under the auspices of the literature committee of New England Women's club in the club rooms, Boylston street, Boston.

* * *

Junior Alliance of First church has disbanded and members will continue their work with Quincy Alliance and the Young People's Religious union.

* * *

Fragment society of First church held an all day meeting today with luncheon at noon. The society is arranging for a church supper in the chapel, Wednesday, March 26.

* * *

Mrs. Herbert J. Gurney gives her next lecture in the Philergian series at Braintree on March 26 at the home of Miss Bertha Arnold, Park street, when she will give readings from the plays and stories of Strindberg.

* * *

The next meeting of Wollaston Alliance on March 26 is to be an all day sewing meeting in the vestry of the Wollaston Unitarian church to aid a worthy charity. The meeting will convene at 10 A. M. The following meeting will be the annual business meeting on April 9.

* * *

Mrs. George H. Wilson of Revere road will be the hostess, March 27 for the Hospital Aid association.

* * *

The annual meeting for reports and election of officers of the Milton Woman's club is scheduled for April 7. Meetings will continue however through April and May.

* * *

Local

Mrs. S. I. Wood will have her spring millinery display on Friday in the Adams building, to which all ladies are invited.

* * *

The monthly meeting of the First Parish club Tuesday evening was the largest attended of any held during the past winter months. The attraction an illustrated lecture doubtless had considerable to do with the large attendance. As usual a roast beef dinner was served at 6.30. Those at the head table were Col. Edward Anderson, Rev. Carl G. Horst, Hon. Russell A Sears, the speaker, George B. Dexter, Rev. Dr. Hudson, Col. Henry L. Kincaide, Secretary Henry W. Porter and Treasurer C. Eaton Pierce. The blessing was by Rev. Mr. Horst.

After the dinner Dr. Hudson announced that he had appointed Col. Anderson, H. G. Smith and A. F. Bromley as the committee to consider the subject of a civic league and to take the necessary steps toward forming a league in Quincy.

On motion of William B. Nichols it was voted to appoint a committee of three to prepare a list of nominations for officers to be voted for at the annual meeting in April, this committee to report to the executive committee in season to have the list printed in the call for the April meeting. Dr. Hudson appointed the following as the committee:—William B. Nichols, C. C. Hearn and Nathan Ames.

The speaker of the evening, George B. Dexter of Brookline was then introduced. His talk was on North Africa and the desert and was illustrated by a hundred or more views taken in person during his trip to Algeria, thence across the great desert of Sahara to the mountains. Most tourists he said did Algeria in two or three hours but one could spend days in and about the city.

The speaker took the hearers from the landing place immediately to the Arab quarter of the city with its narrow streets and picturesque scenes. Many views were shown of the Arab quarters and buildings and the great Mosque with its beautiful tiling and inlaid work. The Arab market places the homes and the customs of these people were described as well as how they prepared their food. He stated that they drank 26 cups of coffee each day and drink the grounds as they believed the grounds kept them from being nervous. He also showed the remains of the old Roman wall and interior views of the palace with its beautiful inlaid work and columns. He took his hearers through the French quarter, showing some of the beautiful gardens. From Algeria the trip was across the mountains and the great desert to Timgad, showing many views of the destroyed Roman city which was now being restored by the archaeologists of the French government.

The trip also took the hearers to Constantine and Tunis including a visit to the famous and most beautiful gardens of Allah. Some of the sand dunes of the great desert were shown also a few of the Oasis.

All of the views were shown in natural colors and were most beautiful. After the lecture the speaker was given a rising vote of thanks.

* * *

Music is to be a feature at the Reciprocity day meeting on Tuesday afternoon of the Quincy Women's club. An unusually fine program has been arranged with Frederic Kennedy tenor soloist of the Rogers Memorial church of Fairhaven as the soloist and Mrs. John F. Hunt, accompanist. Mrs. Mulligan, State Federation president will speak, also Mrs. Slocum president of the Worcester club. Mrs. Gorham president of the Milton club will tell of the work with girls and Mrs. Wilson Marsh will give a retrospect of the eight years of the Quincy Women's club. A reception and tea will close the afternoon's entertainment.

* * *

CHRIST CHURCH GUILD.

Mrs. Charles E. Haskins, president of the Women's Guild of Christ church has appointed the following committees:

Membership and Visiting—Mrs. Charles H. Wilson, chairman, Mrs. Armstrong, Mrs. Brewer, Mrs. Chase, Mrs. Crocker, Mrs. C. F. Derby, Miss M. J. Gibson, Mrs. C. T. Hardwick, Mrs. Haskins, Mrs. Haslett, Mrs. Newcomb, Mrs. Pattee, Miss Pollock, Mrs. H. E. Ricker, Mrs. Tylee, Miss Wilde.

Hospitality—Mrs. Charles M. Chase, chairman, Mrs. Bolster, Mrs. Crowley, Mrs. Deacon, Mrs. Leonard, Mrs. McConnel, Mrs. Pawsey, Mrs. Sullivan, Mrs. Mary Thomas, Mrs. Tutton, Mrs. Westland, Mrs. Young.

Charitable—Mrs. Charles H. Wilson chairman, Mrs. Cooper, Mrs. Crocker, Mrs. Griswold, Mrs. Harris, Mrs. Newcomb, Mrs. Osborne, Mrs. Sylvester.

Work.—Mrs. Samuel Oxford, chairman, Mrs. Bone, Mrs. Breslyn, Mrs. Brewer, Mrs. Crocker, Mrs. Elliott, Mrs. Emery, Mrs. Fowle, Mrs. Higgins, Mrs. Macleod, Mrs. North, Miss Putnam, Mrs. H. E. Ricker, Mrs. Schools, Mrs. Spargo, Miss Spear, Mrs. W. L. Thomas, Mrs. Charles Wilson.

Vestment—Mrs. Allan W. Walker, chairman, Mrs. Chase, Mrs. Curtis, Mrs. Carl Derby, Mrs. C. F. Derby, Mrs. Leighton, Mrs. Miller, Mrs. Newcomb, Mrs. Sylvester, Mrs. Torrey, Mrs. Tylee.

Woman's Auxiliary,— Mrs. R. E. Armstrong, chairman, Mrs. Baldwin, Mrs. Bemis, Mrs. Brewer, Mrs. Brown Mrs. Chase, Mrs. Haskins, Mrs. Haslett, Mrs. Jenness, Mrs. Lund, Mrs. Pattee, Mrs. Sullivan.

Entertainment—Mrs. N. E. Chaplin, chairman, Mrs. Brown, Mrs. Burke, Mrs. Crocker, Mrs. Ganzel, Mrs. C. T. Hardwick, Mrs. Haskins, Mrs. Lawton, E. F. Ricker, Miss Spear, Miss Thomas Mrs. Torrey, Mrs. Wrigley.

GENERAL FEDERATION MEETING.

Club women all over the United States are beginning to look forward to the council meeting of the General Federation of Women's clubs, to be held in Washington, April 21, 22, 23, and 24. Added interest is lent to the occasion because it is the twenty-third anniversary of the formal launching of the General Federation of Women's Clubs. In the twenty-three years of its history as an organization the federation has grown to its present remarkable proportions, and the "council meetings" have become of tremendous importance to the "more than a million" women in the federation.

The meetings are held in the odd-numbered years, midway between biennial conventions, and the council itself is a non-legislative, but advisory body, canvasses the affairs of the federation in an intimate conclave that is productive of suggestions plans, and results highly satisfactory to those interested in the woman's club movement. Being composed o only the board of directors, presidents of state federations, presidents of individual clubs in direct membership with the general federation, chairmen of departments of work, and genera federation state secretaries, it is a much smaller body than that which gets together at the biennial conventions, and it has the advantages that come from closer acquaintance and more direct interchange of opinion Perhaps, for this very reason, council meetings are more enjoyed by those who take part in them than are the big biennials.

The April meeting takes on especial character because of being held in the national capital. Today when women are increasingly alive to all public questions and their own relation thereto, Washington, they admit, is particularly alluring, not only for its historic interest, but as the theatre of discussion of matters of great public concern. Presiding over the Washington deliberations, will be Mrs Percy V. Pennypacker, elected at San Francisco last July to lead the federated forces for the biennial period 1912-1914. Mrs. Pennypacker is rapidly winning all over the United States the reputation for business ability, tireless energy, charm of manner and exceptional oratorical powers that she has long had in her own state of Texas. One of the new standards that she has set for the general federation is a closer interrelation of local, state and national bodies, and one of the ways in which she is securing it is by a monthly letter to cover, and grip together, matters of vital interest to club women. This letter appears in the General Federation Magazine and is extensively quoted.

With Mrs. Pennypacker will be the two vice-presidents, Mrs. Lucretia L. Blankenburg and Mrs. Samuel B. Sneath. Mrs. Blankenburg, the first vice-president, wife of the mayor of Philadelphia, is a Quakeress and comes from a family identified with advanced ideas. She was formerly president of the Pennsylvania Woman Suffrage Association, and has been on the board of the general federation since 1908, having served both as auditor and second vice-president. Mrs. Sneath, the second vice-president, is serving her first term on the board but has been president of the Ohio federation and has long been well known in both state and national club councils. The practical side of club life has especially appealed to her and with the aid of her husband she has been able to secure exceptional advantages in the way of parks and play grounds, for her home town Mrs. Sneath is in charge of the programme for the biennial of 1914, considered a position of great responsibility.

The two secretaries of the general federation are, Mrs. Eugene Reilly of North Carolina, and Mrs. H. L. Keefe of Nebraska. Mrs. Reilly, the corresponding secretary is also chairman of the programme committee of the Washington council. She has been on the board since 1910 and was formerly president of her own state federation. Mrs. Keefe, the recording secretary, was born in York, England, and is the daughter of an Englishman who was associated with Bright and Cobden in the anti-corn law agitation. She has been president of the Nebraska state federation, her term having been distinguished by unusual activity in legislative reforms, and for years she has been treasurer of the school board of her home town. She has also been active in library work, has been president of the Nebraska Home Economics association, vice-president of the state child labor committee and member of the state conference of charities and correction.

All these women are held up as illustrations of the many-sidedness of club women and of the fact that club women in general are more and more appealed to for aid in all public enterprises, because they have had the training and have learned the lesson of social service.

A brilliant general programme is promised, too. There also will be a trip to Mount Vernon, a day in Baltimore, as guests of the Maryland federation, and numerous other features. "On to Washington," is the slogan for the women of the great federation.

QUINCY WOMEN'S CLUB.

The balance of the club year promises to be full of entertainment for club members. The next meeting March 25 is "reciprocity day" and the program which is in the hands of the president, Mrs. Eben W. Sheppard, gives every promise of being one of the best in the club's history. Mrs. Henry Coolidge Mulligan state president will be a guest, also many presidents from neighboring clubs. Owing to the number of invited guests club members are not to bring personal guests that afternoon. There will be a fine musical program, addresses by visiting presidents and a reception and tea. The meeting will be held at the usual hour 2.30 at the clubhouse.

April 8 at Music hall, Leland Powers is to read the three-act comedy "Lord Cholmondeley."

April 12 the annual party for children will be held at the clubhouse from 2 until 5 o'clock for children under 15. Members may send their children by using their own visiting card as admission tickets for their little guests and are asked to notify the Program committee so that they will know how many to provide for April 21, 22, 23, 24 the Art committee, Mrs. H. H. Kitson, chairman, hold an art exhibit at the clubhouse which it is thought will go far ahead of the fine one by the same committee last year.

In May will be three morning musicales, the annual May festival and the annual business meeting for yearly reports of officers and chairmen of committees, bringing the season to a close.

WOMEN'S CLUB.

Monday afternoon at the club rooms 685 Boylston street, Boston, Frank E. Spaulding, superintendent of the Newton schools, spoke on "Current Practices and Ideals in Public Education," to a large and interested audience.

At 6 o'clock followed the monthly club supper, a tiny pot of shamrock being found at each place, to be carried away as a pleasing souvenir.

At 7.30 music under the direction, of Mrs. Leo Lewis of Tufts college opened the program of the evening. There were songs by Miss Katherine Hunt; cello solos by Parker Mc Colester; violin solos Miss Margaret Fay with Mrs. Leo Lewis as accompanist.

At 8 o'clock, Mrs. J. B. Coyle of Brookline, recited, the witty prologue of the play, announced for the evening. "The Peace of Capulet and Montague" might have been called, "Romeo and Juliet Up to Date" for the setting and dress were modern and the play had to do with the proposed christening of the new baby. The appearance of Mrs. T. W. Carter as Peter the chauffeur stopped the action of the play for some minutes such a round of applause was brought out.

At the close after many curtain calls the authors of the sketch were forced to join the cast to receive their share of appreciation. Miss Annie Gleason and Mrs. E. G. Bigelow, sisters and members of the Medford Shakespeare club are the talented writers.

Mrs. H. M. Willard, Mrs. Eben W. Sheppard, and Mrs. Charles Tenney, members of the Quincy Women's club were among those present and Mrs. Albert M. Parker a member of the Quincy Women's club and also of the New England Women's club took the part of Lady Capulet in the play.

MANY WOMEN'S CLUBS.

So many women's clubs are forming in our city that if they federate and work together along social and civic lines their power will be a force to reckon with in the future. There is nothing so helpful to a community as an energetic body of women.

The Quincy Women's club the parent club heads the list for size and good work. Of the more recent clubs is the Riverside at Quincy Point, the Squantum Women's club at Squantum, and the latest just forming, the Wollaston Woman's club. There is yet Atlantic, and West and South Quincy to be heard from.

These clubs should get together on special lines of interest, holding quarterly or semi-monthly meetings.

BERRY WILL CONTEST

(Continued from Page One.)

John W. Smith, weather forecaster at the Boston weather bureau, was called to testify as to the weather of Feb. 9, 1903, the day Mrs. Berry drew up the will. He said it was pleasant and clear.

Miss Elizabeth M. Newcomb of Quincy, a niece of the testatrix, testified she often visited Mrs. Sophie Berry, and from her observations knew that she kept her own accounts and expended her money in her own way.

Mrs. Berry opened an account with the Mt. Wollaston bank, of which the witness is the bookkeeper, and on the savings bank side "because she could get 2 1-2 p. c. interest on her money."

Mrs. Berry also opened accounts in other banks.

She did not think Mrs. Berry was a woman who could be easily influenced not even after her husband's death.

Miss Annie H. Newcomb of Quincy a sister of the previous witness, testified she had known Mrs. Berry all her life. Prior to 1901, Mrs. Berry never talked to her about her property.

AGED PASTOR SERIOUSLY ILL

Rt. Rev. Mgr. Denis O'Callaghan, permanent rector of St. Augustine's Church, South Boston, is seriously ill and his physicians believe his death may occur any minute, although he may linger for two or three days.

Tuesday, his 72d birthday, he was unconscious at times, but frequently rallied and feebly recognized his first assistant, Rev. M. C. Gilbride and his brother Patrick O'Callaghan of Salem his nephew, Dr. D. O'Callaghan of Dorchester and his niece, Miss Elizabeth O'Callaghan, his housekeeper.

HOLY NAME SOCIETY.

A reception to new members of the Holy Name Society of St. John's church will be held at the Easter Vespers, Sunday. The new candidates will be admitted by Rev. Fr. John J. Coan, spiritual director of the society.

The present membership exceeds 250, although the older members have not been as active as the younger men in the plans of the society and special arrangements will be made for the total membership. The list of candidates is a lengthy one.

WEEKLY WHIST.

The weekly whist party of the Town River Yacht Club was held at the clubhouse Monday evening. The high scorers were Mrs. Isabelle Flannagan, Mrs. Gilbert Arnold and Mrs. Emma Marnock. Dancing followed. Miss Beatrice Lowe presiding at the piano. Because of the dance which will take place in Alpha hall, Tuesday evening the weekly party will be omitted Monday evening.

BASKET PARTY

Quincy Chapter Order of Eastern Star held a basket party in Electa hall Monday evening. The auctioneer was Amos Damon and a large sum of money was netted from the sales of the baskets. Games and dancing was enjoyed during the evening, music being furnished by Miss Clara Call. Refreshments were served.

Sponge as an Animal.

Nothing is less like a living creature than the common bath sponge, yet the fact remains that sponges do form a very important species of the animal kingdom, eating their food and living their lives much as any other animal would do.

The actual existence of a sponge commences with the separation from the parent of a tiny particle. This particle, whirling through space, eventually attaches itself to a piece of rock, and from that time it seeks its own livelihood.

At the very commencement, with some species of the sponge family, the baby sponges feed upon yolk cells, in which are stored food supplies. By-and-by, as the youngster develops, the currents in the water sweep into a kind of bag the minute particles of food required, and the same currents carry off undigested matter.

There are many varieties of sponges found at different levels of the ocean, some clinging to rocks, others to mud.

Long Trips In Small Craft.

The Atlantic ocean, which this year has robbed the mercantile marine of its proudest and largest vessel, has in turn been conquered by a comparatively small boat, and one driven by motor power at that.

A few days ago Captain Day arrived at Queenstown in command of the motor launch Detroit, in which he journeyed from New York. This little vessel, only 25 feet in length, crossed the vast Atlantic in twenty-four days, having covered 2,800 miles and encountered stormy, cold weather the greater part of the journey.

The Detroit, however, is by no means the first small vessel to master the Atlantic. Last summer Captain Day, in command of the Seabird, a 28-foot yawl, crossed from Rhode Island to Gibraltar. In 1907 the Catherine, also a yawl, voyaged from Liverpool to New York.

In the early part of this year six men in a 65-foot motor boat sailed from Weymouth, England, to Pernambuco, Brazil, a journey of 4,500 miles. —Answers.

BRIEFS

The Y. P. R. U. of First church is to hold a dance at Alpha hall, Friday evening.

A supper and entertainment will be given in the Park and Downs church this evening. The lecturer will be a gentleman from Turkey.

Miss Eva M. Brown has been spending a week with her friend. Mrs. F. A. Skinner of Upland road, coming down from Vermont to extend aid and comfort to Mrs. Skinner in her great bereavement. She left Tuesday for Washington, D. C., with three Vermont friends stopping over in New York four days and joining the Royal Blue Line excursion party. Miss Brown will return to Vermont for the present and come to Quincy later in the spring.

LIPMANN RECITAL.

An event that will prove of unusual interest to music lovers of Quincy, will be the Recital by Max Lipmann of the Boston Opera Company, March 31 Mr. Lipmann is one of the youngest and most versatile German tenors, being an adept in German as well as Italian, French and English roles.

The program is purposely arranged so as to bring forth his qualities in these languages. He will sing folk songs in German, besides arias and parts from operas. A feature of the program, will be his singing of three new songs for the first time, two by Mr. Barraja of this city and one by Mr. Strong, conductor of the Boston Opera Company who will play his own accompaniment.

Mr. Lipmann will be assisted by Mrs. James H. Slade, soprano, Barraja-Frauenfelder, bass, while Mr. Barraja will preside at the piano. A long list of patronesses bids fair to insure its success.

20 IN SENIOR TROPHY HUNT

A Field of Stars All Entered For Coveted Honor

Over 20 fellows are training for the big Athletic event of the season, the All-around test called the Senior Trophy Meet, which is to be held Saturday night in the local Y. M. C. A. Gym. This event was won last year by John MacArdle, with Henry Trask a close second. Mac Ardle is not competing this year and Trask is generally being picked to win a leg of the big trophy. The other men working for the coveted honor are Philip Wood Harry Glover, Thomas Djerf, George Shirley, "Toodie" Dineen, Richard Favorite, Theo. Chell, Fred Kingsbury, Bill Cranshaw, Stan. Bates, Clifford Sass and Lee Brooks.

The contest calls for competition in the seven following events, points being scored according to the marks made in each event. Potato race: 3 Stand, broad jumps; 150 yards on the track: Running high jump: 300 yards on the track: 12 shot put and 1000 yards on the track.

The first five point winners last year were MacArdle, 479 points: Trask, 439 points; Estey, 342 points; Bates, 340 points; Phil Wood and Bill Cranshaw, 320 points.

AT MILLER'S FUNERAL.

The Rev. Herbert A. Jump, who was one of the pastors officiating at the funeral of Joaquin Miller, the "poet of the Sierras," has written friends in Quincy, where he was formerly a pastor, as well as at Brunswick, Me., telling of the obsequies.

"The funeral was held in the redwood cabin built with the poet's own hands," he says, "surrounded by trees of the poet's own planting. Close by stood the three monuments erected by Miller to the 'pathfinders' of the race, Moses, Michaelangelo and Fremont."

There are 6,000,000 Democrats who send up the fervent plea: "Lord, we yearn for a mansion in the skies in the next world, but a post office is good enough for us in this vale of tears!"

BULLET KILLS GREEK RULER

King George Victim of Greek of Low Mental Type

ASSASSINATED WHILE WALKING

Accompanied Only by Aide-de-Camp When Slayer Comes Suddenly at Him on Principal Street of Salonica—Victim's Third Son Announces Death and Invites Officers to Swear Fidelity to Constantine, Who Will Succeed to the Throne—Slain Sovereign Was Most Democratic and Accesible to His People

Salonica, March 19.—King George of Greece was assassinated while walking in the principal street of Salonica yesterday afternoon. The assassin was a Greek of low mental type, who gave his name as Aleko Schinas. He shot the King through the heart.

The king was accompanied only by an aide-de-camp, Lieutenant Colonel Francoudis. The assassin came suddenly at him and fired one shot from a seven-chamber revolver. The tragedy caused intense excitement. Schinas was siezed immediately and overpowered.

Prince Nicholas, the king's third son, and other officers hurried to the hospital. Arriving first, Nicholas summoned the officers and, speaking in a voice choked with sobs, sad:

"It is my deep grief to have to announce to you the death of our beloved king and invite you to swear fidelity to your new sovereign, King Constantine."

Crown Prince Constantine, who succeeds King George, is at present at Janina. He is expected to come here with all possible speed.

KING GEORGE OF GREECE

The assassin of the king is an evil-looking fellow, about 40 years of age. On being arrested he refused to explain his motive for the crime. He declared that his name was Aleko Schinas, and, in reply to an officer who asked him whether he had no pity for his country, announced that he was against all governments.

Schinas maintained a perfectly impassive demeanor, which was suggestive of his being irresponsible for his actions.

Notwithstanding the rapidity with which the king received attention he was found to be dead on arrival at the hospital.

Precautions were at once taken throughout the city and perfect order is being maintained.

On Throne Fifty Years

King George I. of Greece was born Dec. 24, 1845, christened Wilhelm, the second son of the late King Christian IX. of Denmark. He was elected king of the Hellenes by the Greek national assembly at Athens, March 30, 1863.

He accepted the throne on June 4 following, his father acting as guardian, and on June 30 the Greek national assembly by edict declared the boy king to be of age. King George arrived in Athens on Nov. 21, and on Oct. 27, 1867, he married Princess Olga, the eldest daughter of Grand Duke Constantine of Russia, brother of the late Czar Alexander II.

King George and Queen Olga have six children, five sons and a daughter.

The heir apparent is Prince Constantinos, Duke of Sparta, born Aug. 2, 1868, who on Oct. 27, 1889, married Princess Sophia, sister of Emperor William of Germany. She is one year his junior.

Trials and tribulations were waiting for King George at the threshold of his sovereign career when he cut the knot of contention and framed a democratic constitution, but in spite of all he steadfastly set to his task of making the Greeks self-governing.

The man who rode safely so many storms must have had great qualities. Above all, he must have had qualities that take hold of the imagination and the sympathy of the people. These qualities King George had in no common degree. Most democratic and accessible of monarchs, his people came to him with their

OLD-TIME PRISONER GRANTED PAROLE

Has Served Thirty-Seven Years Without Mark of Demerit

Waupun, Wis., March 19.—Edward Eckart was paroled from the Wisconsin penitentiary after thirty-seven years behind the bars. He was convicted of murder and sentenced to life imprisonment when 21 years old.

Eckart's victim was Charles Peterson. The two were tramping in Wisconsin during the winter of 1875-76. In a quarrel over a fire, it was charged, Peterson was killed, but Eckart always maintained that the crime was committed by a tramp.

The attorney who prosecuted and the judge who sentenced him and nine of the men who sat in the jury box are dead. Forgotten by his relatives, Eckart does not know even if his wife is living.

In the thirty-seven years of his confinement never a mark of demerit has been placed against Eckart.

FOSS' PRISON MESSAGE

Long Expected Document Submitted to Bay State Legislature

Boston, March 19.—The establishment of prison schools in county prisons, reorganization of the methods of the prison commission so that the work shall not all be delegated to the chairman, and improvement in the probation and parole systems are advocated in a message sent to the legislature by Governor Foss.

The message follows the announcement of Senator Bazeley, chairman of the social welfare committee, that he was tired of waiting for the governor to act and his committee was about to take the matter up itself.

FRENCH CABINET QUITS

Comes to Grief by Vote on Proposed Election Reform Bill

Paris, March 19.—Premier Briand and all the members of his cabinet handed their resignations to President Poincare last evening, as a sequel to an adverse vote in the senate on the proportional representation bill. The cabinet was in a minority of 33 on a total vote of 289.

The amendment for which the cabinet was defeated proposed the majority should receive the whole of the representation instead of its being decided by proportional vote.

Woman Suffrage Bill Killed

Concord, N. H., March 19.—The house killed the woman's suffrage bill by a vote of 239 to 98, and also killed the proposal to reconvene the constitutional convention.

GIVEN LIFE SENTENCES

Two Slayers Are Disposed of In Superior Court at Cambridge

Cambridge, Mass., March 19.—Two men, Michael J. Collins of Somerville and Domenico Beninato of Waltham, each charged with murder in the first degree, were sentenced to state institutions for life by Judge Chase in the superior court yesterday afternoon.

Collins was accused of murdering his brother-in-law, Joseph W. McLaughlin, at the latter's home in Somerville, last Christmas morning, by slashing his throat with a razor in a quarrel. He pleaded not guilty to the charge.

Judge Chase ordered the jury to return a verdict of not guilty by reason of insanity and sent Collins to the Bridgewater state hospital for life.

Beninato pleaded guilty to murder in the second degree. His plea was accepted by District Attorney Higgins and Chase sentenced him to the state prison for life. He was accused of murdering his sweetheart, Giovannani Natoli, at the latter's home in Waltham, Nov. 21, 1911.

DETECTIVES ON TRAIL

Father and Son In Alleged Fraud Perhaps Involving $1,000,000

New York, March 19.—Antonio Musica and his son, Philip, dealers in human hair, with branches and connections all over the world, were indicted here for defrauding J. and W. Seligman, bankers, out of $16,793 by means of fraudulent invoices. The transactions, District Attorney Whitman asserts, is but one of many through which the Musicas have defrauded twenty-two American and foreign banks out of approximately $1,000,000.

Father and son have fled the city. Detectives seeking them for the past five days are on a warm trail. They believe the hair dealers are bound for South America and will be apprehended within twenty-four hours at Key West or New Orleans. Antonio Musica's daughters, Louise and Grace, also have disappeared.

BIG PROFITS FROM MATRIMONIAL "AD"

Many Respond to Alluring Bait of a "Striking Beauty"

St. Louis, March 19.—Miss Stella L. Green described herself as such a striking beauty in a matrimonial advertisement that about 500 men, ranging in age from 21 to 75, fell in love with her, asked her hand in marriage, promised her all sorts of homes, and some of them sent her jewels, clothing and money.

United States Commissioner Mitchell has issued an information against Miss Green, charging her with using the mails to defraud, but she has fled.

In real life, Miss Green was snub nosed and sallow complexioned. The advertisement read, "Tall, striking, slender brunette."

Pickpockets Rob Police Sergeant

Chicago, March 19.—Desplaines street police court attaches want better protection. For the second time in two weeks pickpickets have lifted a roll from a hard working sergeant.

Trolley Men Join Union

Marlboro, Mass., March 19.—Motormen and conductors on the Boston and Worcester street railway system joined the Street Carmen's union yesterday.

Lineman Killed In Fall

Waterville, Me., March 19.—Frank L. Parady, aged 23, a lineman employed by a power company, fell from a 21-foot ladder and was fatally injured.

Flyers Covered 307,900 Miles

Berlin, March 19.—Military aviators last year, according to statistical estimates, collectively flew 307,900 miles.

You Can't Be Too Careful

when you buy paint. Buying impurities may bring down the first cost but in a short time they are sure to prove expensive. Adulterated paint cracks and scales off long before good white lead paint shows any signs of wear. Be sure that your painter uses

BEYMER-BEAUMAN WHITE LEAD

(Dutch Boy Painter Trade-Mark)

Insist on his using pure linseed oil. Then you'll know you're getting a quality job—most economical because it wears so long and affords real paint protection.

ENTIRELY NEW BILL IS COMING

Underwood Is Sidetracked In Framing Tariff Measure

OUTVOTED ON HIS SCHEDULES

Six of Ways and Means Committee For Moderate Revision, While Seven Are Radical and Favor Vastly Increased Free List—Effort to Maintain Appearance of Harmony

Washington, March 19.—It will not be "the Underwood bill' except in name that the new congress which assembles April 7 will be called upon to consider and to pass. It will be the Harrison-Kitchen-Rainey bill, in point of fact, for the radical members of the ways and means committee have taken the power away from Chairman Underwood and consistently, persistently and repeatedly have outvoted the Alabama leader at every turn and upon each contested item. With Representative Ansberry on the sick list the thirteen remaining members of the Democratic majority of the ways and means committee are lined up in the following fashion:

For moderate revision based upon the vetoed schedule-by-schedule bills of 1911-1912: Chairman Underwood and Representatives Hull, Hammond, Shackleford, Peters and Palmer—six members.

For radical revision, constituting the most daring approach toward free trade and vastly increased free list: Representatives Harrison, Kitchen, Rainey, Dixon, Garner, Collier and Stanley—seven members.

This is the exact state of the case. For the last two weeks the committee in secret session has been remaking the schedules of the new tariff law. It will not be the tentative law framed before the adjournment of the Sixty-second congress. At every turn where there has been shown a possibility for the cutting of rates below the Underwood schedules they have been cut. Item by item the Underwood rates have been briefly discussed and then voted upon. In every instance, or practically every instance, the line-up has been on this seven to six basis.

With Harrison favoring the radical reductions and Underwood favoring reintroduction of the schedules as framed by him two years ago the battle within the committee has gone merrily on. The entente cordiale between Harrison and Underwood has not been interrupted, but their disagreement is none the less marked. Harrison, with the majority to his manner of thinking, has taken every advantage of the breach. He has been ably seconded in his efforts by Kitchen and Rainey. Practically no "bad blood" has developed in the relations between Underwood and the opponents of his views, but the other members of the committee have had several lively arguments.

Party policy and the well-known ability of Underwood to maintain among his followers the appearance of a calm and disciplined organization has done much to conceal the true situation. The members of the ways and means committee still insist that there has been no clash within the committee.

LIQUOR INQUIRY STARTS

Porter Makes Mistake and Serves Whiskey to Methodist Bishop

Lawrence, Kan., March 19.—A hotel porter's mistake in assuming that a Methodist bishop who complained of being thirsty wanted whiskey instead of water has started an investigation that probably will lead to exposure of persons here engaged in the illegal sale of intoxicants.

"I am thirsty, please get me a drink," the bishop said to the porter who showed him to his room in a local hotel.

"Certainly, sir," replied the porter as he hurried away. Five minutes later he returned and handed the churchman a bottle of whiskey.

The incident was reported to the city and county officials, who have taken steps to learn who supplied the liquor.

RARE SURGICAL JOB

Useless Right Arm Is Made Good by Grafting a Shinbone

New York, March 19.—Dr. Frank M. Donohue of New Brunswick, N. J., announced the success of one of the rarest operations ever performed in St. Peter's hospital there and that as a result a young man will hereafter be able to use a straight right arm instead of a partly paralyzed one.

The operation, that of grafting part of the shinbone to the forearm, was performed by Donohue upon Charles Messerole, Jr., an employe of the Public Service Electric company. While working at Trenton his right arm was broken and failed to knit.

The arm had become partly paralyzed and crooked.

Statesmen to Learn Fencing

Paris, March 19.—Members of the chamber of deputies are to have a new gymnasium in the building where experts will teach them fencing.

STEPDAUGHTER GIVES VIEWS

Eaton's Death Not Result of Murder or Suicide

SO DECLARES MISS AINSWORTH

District Attorney Says It Is Just What He Would Expect Her or Sister to Say—Mrs. Keyes Pays Visit to Boston Doctor Without Accomplishing Her Object

Boston, March 19.—Fifteen-year-old Dorothy Ainsworth, the stepdaughter of the late Rear Admiral Joseps G. Eaton, said last night that the mystery in the Eaton case had been lifted and that the authorities were entirely satisfied that the admiral was not murdered or that he took his own life.

However, a short time later when the statement was submitted to District Attorney Barker of Brockton, he said:

"That is just what I would expect either June or Dorothy to say regarding this case."

With the elimination of the natural death theory on Monday the theory that the admiral might have accidentally taken poison is widely discussed, together with the theory of murder, but the authorities still continue their investigations, the Eaton house still remains under guard and the deep mystery surrounding the case still exists.

All day long the inquest proceeded at the Hingham courthouse yesterday and for lack of witnesses, which are seriously wanted, the case was postponed last evening until Thursday.

Perhaps the most sensational feature of the day was the mysterious visit of Mrs. Keyes, oldest stepdaughter of the late admiral, to a Boston physician yesterday afternoon. The physician in question was F. M. Kennison of 107 Warren street. Unknown to him Mrs. Keyes arrived at his office shortly before 3 o'clock. She said she wished to have her throat treated.

The noise of the reporters outside attracted Kennison to the door and when he learned his visitor was one of the principals in the Eaton case he withdrew to his office and informed Mrs. Keyes that he must be excused but he did not care to treat her. Mrs. Keyes thereupon left the house.

A curious feature of the Eaton case came to light yesterday. Mrs. Keyes, who bitterly attacked the admiral, calling him "crazy," a "fool," and saying that she "had no respect for him, dead or alive," and claiming the admiral had tried to poison her, was quite anxious to claim relationship with him a short time ago.

In the application for a marriage license in Somerville she declared Admiral Eaton was her father, and in the wedding invitations she described herself as the "eldest daughter of Rear Admiral and Mrs. Joseph Giles Eaton," and in the notices sent to the newspapers the admiral was again claimed as her father.

It is not likely, however, that the authorities will take any steps in regard to the false statement in the marriage license. Mrs. Keyes is the daughter of D. H. Ainsworth, from whom Mrs. Eaton obtained a divorce.

TURNER GETS LEGACY

Took Bride of 75 to Fulfill Terms of His Father's Will

New York, March 19.—The surrogate decided that John S. Turner was legally married and therefore entitled to a legacy of $250,000 left him conditionally by his father, John S. Turner, a wealthy cotton manufacturer.

The will of the elder Turner provided that his son was to receive only the income of the inheritance if he remained single, but if he married he was to get the principal.

Turner remained a bachelor for twelve years after his father's death, but last summer married Mrs. Helen D. Compton of Ann Arbor, Mich., in London. His wife, who was 75 years old, died two months after the ceremony.

FOR LOSS OF WIFE'S LOVE

Doctor Is Given Verdict of $50,000 Against Advertising Man

New York, March 19.—Mrs. Grace Tracey's love for her husband was worth $50,000, in the opinion of Supreme Court Justice Guy, who directed a jury to find a verdict for that amount for the husband, George W. Tracey, a wealthy physician, in his suit against Samuel McCurdy, an advertising man. The jury obeyed Guy's instructions.

Tracey sued McCurdy for alienating Mrs. Tracey's affections. They were married in Boston in 1902. She was Miss Grace Whitney of Nashua, N. H.

English Actress Dies In Chicago

Chicago, March 19.—Adrienne Auguarde, an English actress, who has been playing in this country during the winter, died here after an operation for appendicitis. She was 23 years old.

PRINCE CONSTANTINE

Crown Prince of Greece Will Succeed His Father

grievances as children to a father, and always left the royal presence soothed, if not convinced. His unruffled serenity, his genial humor, the smile, and the warm hand clasp were powerful solvents for popular discontent. It has been well said that the most contagious thing in Greece, except the fever, was King George's good humor.

The modest and simple life to which he was accustomed in early days never lost its attraction for the sovereign. Tourists who happened upon him in a restaurant in Athens, sipping his coffee or watching a game of draughts, might find it difficult to realize the "divinity that doth hedge a king." But the Hellenes were under no delusion on that score. They knew their sovereign as men know their intimate friends, and saluted him with the Greek equivalent to "How do you do, king?"

Alexandra's Favorite Brother

London, March 19.—The official world at London and the general public were startled by a terse message from Salonica announcing the assassination of the King of Greece.

The greatest sympathy is felt for Queen Alexandra. King George was her favorite brother. She only recently suffered another, although less tragic, blow in the death of her brother, King Frederick of Denmark.

Princess Victoria broke the news to the queen mother and, because of the uncertainty, she was able to hope that the report was not true. But it was soon confirmed by an official dispatch.

Queen Alexandra is said to be prostrated, and King George and Queen Mary will come from Windsor today to give her what consolation they can.

Even if the King of Greece's close relationship with the British royal family did not exist, the circumstances of his death would debar the court for a time from social functions. It is expected court mourning will be announced for three months and that all official engagements, except the most neccessary ones, will be cancelled.

The London social season, which begins after Easter, therefore, will suffer an eclipse and several branches of retail business will lose heavily [illegible]

Commonwealth of Massachusetts.
Norfolk, ss. Probate Court.
To the heirs-at-law, next-of-kin and all other persons interested in the estate of Lawrence L. Peterson, sometimes known as Loronze L. Petterson, late of Quincy in said County, deceased:

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for Probate, by Mary Peterson of Quincy, who prays that letters testamentary may be issued to her, the executrix therein named, without giving a surety on her official bond; You are hereby cited to appear at a Probate Court to be held at Dedham in said County of Norfolk, on the second day of April A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And said petitioner is hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in said Quincy the last publication to be one day at least before said Court, and by mailing, postpaid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this seventeenth day of March in the year one thousand nine hundred and thirteen.

JOHN D. COBB, Register.
3t March 19-24-31

PUBLIC HEARING

CITY OF QUINCY.

In Council, March 17, 1913.

Ordered: On the petitions of the Bay State Street Railway Co., for alteration and relocation of its existing tracks on Copeland street between the Furnace Brook Parkway and Centre street, together with such switches, curves and cross connections as may be necessary, also for extensions of locations and alterations and relocations in Sea and Coddington streets as follows:—to wit: a turnout in Coddington street between Woodward avenue and Valley street, and a turnout on Sea street westerly from a point near the junction of a private way leading to Babcock street, together with the necessary alterations and relocations of existing tracks incident thereto, all as shown on plans filed with its petitions, that a public hearing be given by the City Council to all parties interested on MONDAY EVENING, APRIL 7, 1913, at 8.15 o'clock in the Council Chamber, City Hall. And the petitioner is hereby directed to give notice of this hearing to all parties interested by publishing a copy of this order in one or more newspapers of the City of Quincy, at least fourteen days before the date of hearing.

Adopted March 17, 1913.
Attest:—GEORGE T. MAGEE,
Clerk of Council.
19-1t

LENTEN SERVICE.

Evening prayer and address will be the order of exercises at Christ church this evening. Thursday morning there will be Holy Communion at 10 o'clock.

NEWSPAPERS HEAVY LOSERS

Delay in Mail Delivery Eating Into Subscriptions

UNDER NEW SYSTEM

The following are extracts from an editorial in the Wall street Journal, which in main are somewhat harsh but in some measure justifiable:

"From Mr. Burleson's attitude towards the newspapers it is manifest that he has not yet realized the real problem before him and the postoffice. The relations between the postoffice and the newspapers in the matter of second class mail have reached a crisis which will require all the energies of the new Postmaster-General.

"Those newspapers published in New York and elsewhere enjoying any considerable out-of-town circulation are in despair. They cannot get the papers delivered in anything like reasonable time. Boston newspapers reach this office sometimes two days or more after they are published, and Philadelphia deliveries are nearly as bad.

"And what is the reason of all this? It arises out of Mr. Hitchcock's fake surplus. That arrant piece of humbug was arrived at by holding back at least $9,000,000 rightfully belonging to the railroads, cutting down the already overworked railway mail clerks in numbers by at least 30 per cent., reducing the number of letter carriers and by enforcing the eight hours' work in ten arrangement voted by Congress, which, with its usual fatuity, omitted to make any provision for extra hands to make up for the reduced hours of labor.

"Everything, in fact, has been sacrificed to rural free delivery, instituted to catch the farmer's vote, and the new parcel post, which was also expected to work wonders in the way of retaining Mr. Hitchcock and his friends in power.

"If every reader so inconvenienced will make a point of writing directly to his Congressman, some action may be hoped for, as our politically run public departments listen to the politician where the private citizen is treated with contempt."

BRIEFS

A whist party will be held in Electa hall March 27 by the Quincy Ladies Circles, Loyal Order of Moose.

The handsame silk flag presented to Mayor Stone by the Women's Relief corps now rests in a glass front case in his office at City Hall, where it will be free from dust.

Daniel Doran has disposed of his property on Gas place and is now in Ireland enjoying a two months visit. He plans to return the latter part of July.

Konstant Hill has opened bowling alleys at Brewers corner.

Charles Purpura of Granite street and family will move to Providence, R. I., where they will make their future home.

Dennis Farrell, custodian of the Wollaston Boulevard police station has practically recovered from a two weeks illness.

The Quincy Point Social Club which formerly occupied the premises at at Chubbuck and Washington streets have taken headquarters in the Damon block nearby.

Alex Grant, a lineman of the N. E. T. & T. Co. who was injured by a 25 foot fall at Braintree about a month ago is still confined to his home, 886 Hancock street. He is doing well.

George Anderson of New York, a former resident has been visiting his mother, Mrs. George Anderson, Granite street.

SHAMROCK PARTY.

A large number of young people of the Park and Downs church made merry at the social of the Choir Chapter in the vestry Mondoy evening. Games were enjoyed and a dainty collation served. Decorations of green with shamrocks were in evidence The evening was in charge of Miss Freda Klingenhagen and Miss Mildred Podbury.

WHIST PARTY.

A well attended whist party was held by the John A. Boyd Camp, U. S. R. W. V. at Grand Army Hall, Tuesday evening. Nine tables were in play and the scores ran high.

The leaders were Mrs. C. G. Fletcher, Mrs. Thomas H. Gould, Mrs. Tenny of South Braintree, John Drumgold, E. R. Sprague and John J. Barron. Another party will be held April 18.

DUNCAN AND RICHMOND

Will Be Turned to Their Elements Next Month

Two launchings are scheduled to take place at the Fore River early in April. The first launching will be the torpedo boat destroyer Duncan, April 5, at 10 a. m. The second launch will be of the Standard Oil Co. steamer Richmond will be sent overboard, April 8, at 12 o'clock noon. The sponsers for these two vessels have not been named as yet.

JAMES KELLY BURIED TODAY

The funeral of James Kelly who died at the Red Cross Hospital from fatal injuries received at the Fore River yard Saturday, was held today from the Mortuary chapel of John Hall. Burial was in Mt. Wollaston cemetery.

The body was held pending identification. but nothing definite regarding the deceased was learned, although several viewed the remains.

The burial costs were defrayed from the insurance account the man had with the company.

IMPROVED CAR SERVICE.

The Bay State Street Railway were very quick to act on the recommendation of the Railroad Commissioners relative to improved car service on the Houghs Neck line. It was not until Saturday morning that the Commissioners handed down the decree recommending that the street railway petition the proper city authorities for permission to build two additional turnouts on the Hiughs Neck line and Monday evening the petition asking for these locations were presented to the City Council and a hearing ordered for Monday, April 7.

The company asks for two turnouts. The first is near the junction of Valley Coddington and Sea streets ,or about half way between City Square and the beginning of the double rail near the Adams farm. The second turnout asked for is near what is known as the Willows and is about half way between the end of the double rail at Post Island and the turnout on Babcock street.

These two additional turnouts will enable the company to run cars on ten minute schedule if necessary. It will also do away with some of the annoying waits on turnouts. It is probable that if the City Council acts favorably on the petition the turnouts will be built in season for the coming summers use.

DOWN BY THE SEA.

At a meeting of the Daughters of John Adams, L. O. L., at Wilson hall Tuesday evening, Worthy Mistress Mrs. Annie McKenzie initiated two candidates.

Visitors were present from Hyde Park and Boston.

The Maple Leaf Club, composed of members are rehearsing the two a t comedy "Down by the Sea" which they will present at New Colonial hall April 11. John Phelan is coaching the cast.

BIRTHDAY PARTY.

Mary M. Ryan the little daughter of Mr. and Mrs. Edward Ryan of Linden street, Atlantic was tendered a birthday party Tuesday afternoon in honor of her fourth birthday. She received many presents from her little playmates. Refreshments were served and when the dark clouds appeared the little tots were sorry to go home.

POWERS' PEACE PLANS

Won't Consider Indemnity Question and Allies Must Yield Albania

London, March 19.—The European powers have decided largely to ignore the extravagant demands of the Balkan allies and to consider their reply as tantamount to an agreement to accept the proffered mediation.

The powers will propose that the frontier line be drawn from Enos, on the Sea of Marmora, to Midia, on the Black sea, instead of from Rodosto, on the Sea of Marmora, to Midia, all the territory to the west of the proposed line with the exception of Albania going to the allies.

The European nations will declare the question of an indemnity to be paid by Turkey cannot be entertained and will remind the allies that the questions of Albania and of the Ægean islands remain in the hands of the powers for final settlement.

QUINCY GIRLS VICTORIOUS

Carmen and Policemen Split Even in Close Game

OTHER BOWLING EVENTS

The Quincy Girls beat the East Boston Girls 4 to 0 at the Coliseum alleys Tuesday evening.

In a special match the Carmen and Policemen divided the points, the former winning the pinfall by one.

In the Heptasophs rolloff several high strings were made. Connell had high single of 118 and Burke took high total with 304.

In the St. Mary's league at the St. Mary's alleys the North Common and Copeland street teams took two apiece. White had best total of 281.

New Requirement at Columbia

New York, March 19.—Hereafter Columbia university students will be required to demonstrate their ability to save drowning persons before they are given degrees.

1914 GIRLS BEAT 1913

Helen Crane the Star Performer of the Contest

AT WOODWARD INSTITUTE

In the basket ball game at the Woodward Institute Tuesday. the Class of 1914 beat the Class of 1913, 16 to 6. The game was played girl's rules and was one oft he fastest played in the gym.

In the first half the 1914 was ahead 4 to 3. In the second half they were still leading 8 to 3.

Miss Helen Crane did the most scoring; making six baskets.

The game consisted of 8 minute halves, two periods. Nearly 100 witnessed the game.

The summary:

W. I. 1914		W. I. 1913
Louise McDonald	d	g Mildred Bean
Alice Beal	d	g Irene Langhorn
W. Hill	s	c May Opie
Agnes Reardon	c	c Edith Ames
Helen Crane	g	d Ruth Buckley
Ruth McLeod	g	d M. Goodspeed

Score: Class of 1914, 16—1913, 6.

Goals from floor—Irene Langhorn, Helen Crane, (6),Ruth McLeod (2).

Goals from free tries—Mildred Bean 1, Irene Langhorn , 3. Free tries missed—Helen Crane, 2, Ruth McLeod 1, Mildred Bean, 1, Irene Langhorn, 2. Fouls called—Edith Ames 1, Irene Langhorn, Alice Beal 3, Helen Crane 3 Mildred Bean 1, Winnifred Hill 1. Referee—Miss Martha McCarty, umpire s— Miss Esther Beckford and Irene Williams. Timer Miss Katherine Adams, Linesbeal, 3, Helen Crane, 3, Mildred Bean, 1, Winnifred Hill, 1. Referee—Miss Esther Beckford and Irene Williams. Timer, Miss Katherine Adams. Linesmen, Misses Blacnhe B. Hayden and Mary Goodhue.

Time—8 minute halves, 2 periods.

SALVATION ARMY.

Adj. A. Sandblad, one of the most gifted speakers, will conduct a special service at the Salvation Army Hall, 150 Granite street, Thursday, at 8 P. M. The Adjutant is well known in New England as well as in Connecticut, Ohio, Pennsylvania and New York where she has conducted successful revival meetings at different times.

Only one day can be spared for Quincy this time, so come one and all. All seats free.

A meeting for children will be held 4 o'clock in the afternoon.

HARTIGAN MAY TELL ON "MEN HIGHER UP"

Sentence of Convicted Policeman Held Up by Whitman

New York, March 19.—When Patrolman John J. Hartigan, convicted of perjury in connection with the police graft investigations, was arraigned for sentence, District Attorney Whitman moved to have sentence set over until Friday. It was reported Hartigan had about come to the point of turning state's evidence.

Whitman refused to say how far his negotiations with Hartigan had gone, but it is believed Hartigan has decided to "squeal" and tell all he knows about the "men higher up."

Hartigan would be one of the most important witnesses the prosecution could array against former Inspector Sweeney, aready under indictment, and the free former inspectors, Hussey, Thompson and Murtha, against whom indictments are expected to be returned.

COMING BACK IN 1916

Cannon Says Republican Party Is Not Knocked Out

Chicago, March 19.—The Republican party has not "taken the count," according to former Speaker Cannon, who passed through Chicago on his way to Danville, Ills., where he returns as a private citizen for the first time since 1891.

"I fully expect the Republican party to be back in the saddle four years hence," Cannon said. "We Republicans will remain Republicans and the doors of the party always will be open to those who wish to enter as Republicans with no adjectives attached to their party label."

"Vagrant Hen" Bothers Neighbors

Chicopee, Mass., March 19.—Gustave and Henry Rappine, brothers, were fined $1 apiece for "allowing a vagrant hen, name unknown, to trespass on the property of others."

BIG WEDDING RECEPTION

Many invitations have been issued for the wedding reception of Miss Annie Elizabeth Dorley, daughter of Mr. and Mrs. Joseph Dorley, 34 River street and John A. Silva, 1 Thompson street, which will take place Monday evening. The ceremony will be performed at the parochial residence of St. John's church, Rev. John J. Coan is expected to officiate. The reception will follow at the home of the bride's parents.

The couple will be attended by Paul R. Dorley and Miss Mabel E. Dorley, grother and cousin of the bride-to-be They will be assisted in receiving by Mrs. E. A. Eastman of New York and Mrs. J. J. Martin of Vermont. The ushers will be Daniel J. Dorley, William J. Dorley and Arthur V. Dorley, brothers of the bride-to-be.

Miss Dorley is a very popular young lady, and is a leader in the younger social set. She is a graduate, class of 1907 of the Quincy High School. She is a member of the Quincy Women's Riverside Club.

THE GRADUAL EVOLUTION

Has Left No Time to Think of the Marvelous Changes

WROUGHT BY ELECTRICITY

The New York, New Haven & Hartford Railroad Company has completed a first order for equipment amounting to about $2,000,000 including 23 multiple unit motors, 22 multiple unit trailers, 12 electric locomotives, 85 steam road engines, 25 steam switching engines, 11 steel dining cars, 50 steel vestibule coaches, 25 steel postal cars and 50 steel baggage cars. This will not be enough for the entire service, but another order is shortly to be placed. The present order will practically completely equip the through service of the Shore Line Route with all-steel trains, and a complete equipment of all-steel cars for the New York-Boston service on all three routes will soon follow.

THREE-DECKERS.

Extracts from a circular recently issued by the Massachusetts Civic League, bearing upon the housing law for cities, with particular reference to the three decker are presented here.

The housing situation in the cities of Massachusetts is rapidly becoming acute. Throughout the state the wooden "three decker" is found in such numbers that it may be called the Massachusetts type of tenement. This peculiar product of the land shark and the jerry-builder is one of the most objectionable and dangerous forms of tenement construction. It was built in the first place to escape the requirements for decent living which the laws and ordinances of several cities cover for houses containing four families or more. Generally speaking, the three decker is outside the pale of the law and that is why the speculative builder likes it.

The first step towards improvement is to secure a law which will insure that in the future new buildings shall be built with due regard for light and ventilation, proper sanitary conveniences, and easy escape in case of fire. A bill is now before the legislature which will accomplish these things and prevent the further building of wooden three deckers. It is known as House Bill 1226, and is called "The tenement house act for cities."

It is in the hands of the committee on Metropolitan Affairs.

HAINES' FIRST VETO

Salaries of Judges of Kennebec County Will Not Be Raised

Augusta, Me., March 19.—Governor Haines sent his first veto message to the legislature yesterday afternoon. The act was to increase the salary of the judges of the superior court of Kennebec county from $2700 to $4000 a year and to give the judges of that court jurisdiction in murder cases.

Governor Haines suggested that a committee be appointed to serve during recess to revise the salary list of state and county officers and report to the next legislature.

Many Lives and Vessels Lost

Hamburg, March 19.—From sixty to eighty small vessels were sunk off here during a hurricane. The deaths of twelve men of the crews have already been reported, but it is thought the total will be much greater.

DRESSED GRANITE BILL KILLED ON UNCONSTITUTIONAL BUGBEAR

Opponents Had 26 Votes to Spare on the Roundup of the House Tuesday

Leslie and Sullivan Will Make an Effort to Reconsider

(Special to the Ledger)

While the "dressed granite bill" rested over night because debate had been cut off by the adjournment of the House on Tuesday, its opponents rallied to their side several representatives who had shown a neutral position on the bill heretofore, and when the measure was reached Wednesday they "fell for" Representative Washburn's suggestion that the bill might provt unconstitutional, and defeated it. However, it was only killed after a fight in its defense by Representatives Sullivan and Leslie, of Quincy, and Russell, of Brockton. Mr. Sullivan's friends stood by him when he asked for a roll call. The final vote was 116 to 90 with one pair. This is a comparatively small margin and the friends of the bill may try to have it reconsidered at this afternoon's session.

Representative Russell of Brockton who had charge of the bill for the committee on Labor, graciously turned his time for defending the measure over to Representative M. T. Sullivan, and the latter went into the details of the bill and tried to make all the points clear. The defeat of the bill, cannot be attributed to Reps. Sullivan and Leslie, both of whom worked heard for its success.

PI ETA SOCIETY PLAY.

The annual play of the Pi Eta Society of Harvard University to be given in Quincy, April 3, deals with golf and many other things—too. The whole atmosphere of a golf tournament with its varied outdoor and social interests is effectively brought out. The clever story is greatly enhanced in attractiveness by the tuneful music which has been written and songs and dances have been arranged, for both principals and the chorus, which are confidently expected to make this year's production the high-water mark of Pi Eta endeavors. It should be added that the interest to be derived from masculine portrayal of feminine roles is a feature which never fails to be diverting.

THE PI ETA SOCIETY

Will Present its Annual Musical Comedy

"THE STYMIE"

— AT —

Quincy Music Hall, Thursday, April 3

March 20-1t

MUSIC RECITAL A RARE TREAT

Well Known Artists at the First Presbyterian Church

A well attended recital was given at the First Presbyterian Church, Wednesday evening. The new Estey organ which was recently installed was played by Ernest Leslie Mehaffey of Chelsea. The other artists who took part were Mrs. Louise S. Reynolds of Boston, soprano soloist and Leon Van Vliet of Boston, cellist.

The recital was a real musical treat and fully appreciated by the large audience which had gathered to hear the artists. The following program was presented:

(a) Largo from "Xerxes" Handel
(b) Coronation March Meyerbeer
Mr. Mehaffey
(a) Andante from A minor Concerto Golterman
(b) En Sourdine Tellam
Mr. Van Vliet
Aria from "The Passion of our Lord" Graum
Mrs. Reynolds
(a) Berceuse Kinder
(b) Gavotte from "Mignon" Thomas
Mr. Mehaffey
(a) Reverie Dunkler
(b) Minuet Beethoven
Mr. Van Vliet
(a) "Rose Softly Blooming" Spohr
(b) Villanelle" Dell' Acqua
Mrs. Reynolds
(a) Humoreske Dvorak
(b) At Twilight Stebbins
(c) The Lost Chord Sullivan
Mr. Mehaffey
Berceuse from "Jocelyn" Godard
Mrs. Reynolds, Mr. Van Vliet, Mr. Mehaffey

The ushers were—Wendall Clark, Everett Clark, Charles Bishop, George Shirley, William Michael, Lawrence Butler, Charles Topp, George Mc Donald, Walter Morrison, John Rashleigh, John McLay and Thomas McLay.

PATRICK BYRNE DIED SUDDENLY

Well Known Figure in Quincy For Forty Years Passed Away

Patrick F. Byrne, for forty years a resident of South Quincy and one of the most faithful attendants of St. John's Catholic church, died suddenly at his home, 147 Liberty street, on Wednesday evening, aged 60 years. He leaves a widow, Margaret Byrne.

The funeral will take place Monday morning. A high mass of requiem will be celebrated at St. John's church.

Mr. Byrne attended service at the church Wednesday morning. During the day he appeared to be in normal condition, but during the evening had an attack of heart trouble He expired soon after.

Mr. Byrne was an expert in the handling of dynamite and devoted practically all his life to blasting. During that time he was connected with nearly all the local quarrying industries.

MASQUERADE.

A masquerade dancing party will be held by the Swedish Socialist Society at Alpha hall this evening.

MRS. EATON ARRESTED FOR MURDER OF HER HUSBAND, THE ADMIRAL

Arraigned Before Judge Pratt, Pleaded Not Guilty. Remanded For Trial

Mystery Surrounded Death of Naval Man Led to Investigation

(Special to the Ledger.)

Boston, March 20—Mrs. Jennie May Harrison Eaton, widow of Admiral Joseph Giles Eaton, of Norwell was arrested at her home this morning, on a warrant charging her with the murder of her husband.

This action was taken as a result of the testimony taken at the inquest which has been in progress for several days.

Admiral Eaton died last week and was buried Saturday. There was a strangeness surrounding the entire case which led to an investigation.

Mrs. Eaton was arraigned before Judge Pratt of Hingham pleaded not guilty and was committed to the County jail, as the offense is not bailable. She was represented by Frank Geoghan,w ho has been her counsel in probate matters. The arrest was made by Detective John Scott of Braintree and deputy sheriff Condon of Abington.

UNSATISFACTORY REPLY OFFERED

By McDevitt When Questioned As to Future Course

WAITING FOR BRIDGE

John J. McDevitt has been in Quincy the last week and when asked Wednesday by a Ledger reporter if he intended to apologize and take his seat May 1, he replied, "What do you think?" His interviewer said he was not thinking about it, he was seeking the opinion of Mr. McDevitt, and the reply was, "I will cross that bridge when I come to it."

Under the suspension order adopted by the Senate he cannot resume his office on May 1st unless he sends a written apology to that body, the same to be inserted in the records.

The suspension followed an investigation of a statement made by Senator McDevitt at Wollaston wherein he was reported to have said that a representative had offered him a bribe of $300 if he voted for a certain measure.

MRS. SANDBERG HOSTESS.

Mrs. Edward J. Sandberg entertained a number of friends at a whist party at her home on Buckley street, Wednesday evening. The high scorers were Mrs. Bertha Ericson, Miss Mabel Ross, Miss P. Anderson, John Olsen and Andrew Johnson. Refreshments were served and a short entertainment provided.

☞PRATT'S BREAD is liked by the most discriminating people. Grocers sell it.

ACTS OF COMMEMORATION.

Veneration of the Blessed Sacrament and other pious and religious acts are today being performed by the many Catholics in this city in commemoration of the Last Supper of Jesus Christ.

In the calendar of holy days it is known as Holy Thursday. Throughout the day the Blessed Sacrament is exposed on the altar, surrounded by lighted candles and floral decorations. This evening prayer, sermons and Benedictions will be held in all the Catholic Churches.

BETHANY CHURCH.

The services of Holy Week at Bethany Congregational church are being largely attended. Tuesday evening the address was by Rev. C. P. Marshall of Plymouth, recently of Quincy Point. Wednesday evening, Rev. B. A. Willmott the pastor preached, assisted by Rev. Edward Norton, the pastor emeritus. Tonight, Mr. Norton will give the address and on Friday evening he will assist the pastor at the holy communion service.

Progressive Convention

To the members of the Progressive Party of Quincy:

A joint convention of the members of the Progressive Party in the Fifth and Sixth Representative Districts in this City, will be held in

Union Hall, Cottage Ave.
THURSDAY EVENING, MARCH 20
At 8 o'clock

for the purpose of electing a member of the Progressive State Committee from each of the above mentioned Districts. This is an important meeting; please attend.

Per order of
Progressive City Committee
EDGAR G. CLEAVES,
Chairman
March 19-2t

MRS. BERRY ATTEMPTED SUICIDE STARTLING CLAIM OF LAWYER

Before She Made Will and Had a Picture Which Talked to Her

Workman Frazier Certain Woman Had Mind of Her Own

In the continued hearing over the contest of the will of Mrs. Sophie Berry of Quincy, at Dedham, Wednesday, Counsel Whipple for the contestant, stated that it is claimed the testatrix was not of sound mind at the time she made her will and that they would show this, or the fact that her mind was affected by disease.

He said: "Mrs. Harris was a woman of peculiarities and it would be shown that she had pictures she claimed talked to her. He said it would also be shown that she attempted suicide on Feb. 4, 1910 and before she made her will.

The contest is brought by Mrs. Jane C. Harris of Brookline, as the guardian of her husband, William P. Harris, son of the testatrix, William P. Harris, it is stated, is in an asylum for the insane.

George H. Brown of Quincy, who drew the will and is its executor testified that in 1902 Mrs. Berry first consulted him about drawing the will. In January of that year Lawyer Hodgdon's suit was brought and in January 1903, it was settled.

Mrs. Berry, he said, spoke of Hodgdon's presenting his bill for $270, and after the suit was brought told him she wanted a new will drawn. She at times spoke of cutting out Addie. He prepared a new draft of the will and submitted it to Mrs. Berry, and she directed certain changes to be made before the will was finally executed.

Mrs. Berry discussed the whole matter of her will, but said she didn't want Hodgdon to get anything. She thought that by giving Addie $100, the furniture and wearing apparel she was doing well by her.

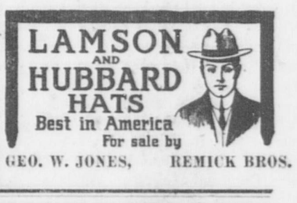

John Frazier of Montello, an employee of a shoe factory there said he worked at one time for Mrs. Berry in 1905 and that any work he did for her she wanted done in her own way, and he was positive that she had a mind of her own.

Rogers Dow, Boston and Thomas D. Luce, Jr., Winthrop, both lawyers, testified that they witnessed Mrs. Berry's will. In their opinions she was of sound mind.

PUBLIC LIBRARY NOTES.

The following are some of the interesting books on house-building to be found in the Thomas Crane Public Library:

Bashore—Sanitation of a country house, 1905. 492.87
Bevier—The house: its plan, decoration and care, 1907. 475.154
Desmond—Building a home, 1908. 475.39
Dustman—Construction of dwelling houses and bungaldws, 19111. 475.129
Hering—Concrete and stucco houses 1912. 475.124
Moore—How to build a home, 1901. 475.40
Osborne—Family house, 1910.475.152
Parker & Unwin—Art of building a home, 1901. 475.40
Radford & others—Practical house plans, 1907. 477.168,169

EDITORIAL COMMENT.

If the plans of some reformers are carried out it will be going to school for breaking the law instead of to jail.

And the toll of assasination of rulers still continues and the strange part of it is that the best beloved rae the victims of some fanatics hallucinations.

There was an agreeable change in weather conditions Wednesday, but it had its handicaps in the clouds of dust which were circulated.

Eloquence is a desirable attribute but when it is utilized without a true regard for the eternal fitness of things it is liable to prove a stumbling block in the pathway of progress.

People have wondered at the ability with which President Wilson encountered political intrigue. The explanation is that he had to encounter more of that with brainy men as operators, during his career as a college president than he will meet with in a life time of Simon pure politics.

The Street Railway company was quick to act upon the suggestion of the Railroad commissioners, another indication that a good board with proper authority can accomplish a great deal for the public good if not handicapped by politics.

Will president Wilson be as true to his doctrine of relation officers, when applied to his official family as he has with reference to his own office seeking relations?

Senator Lodge is already feeling the Democratic power in being ousted from his splendid suite of apartments in the capitol building and being really without an official home within that vast pile of granite.

And now a judge decides that Harry Thaw is a ward of the Supreme court. Most every one thought he was a hostage to the people of the Empire state whose laws he so flagrantly violated.

Perambulate at night in cities according to one doctor who says the air is purer at that time, because of lack of smoke and the like. He probably exempts the North and South stations.

The shin bones seems to be a handy thing to have around. A New Jersey man had one grafted into a useless arm and now expects to train as a base ball pitcher.

Representative Sullivan is making good in his first term in the legislature all of which is very gratifying to his friends and applaudable by Quincy people in general.

FASCINATING HAIR FOR WOMEN

Is Easy to Have, Natural Colored and Beautiful

So many women have grey or faded hair; neglect it until it becomes thin, dry and lifeless, begins to fall out and makes them appear much older than they really are. If your hair is in this condition get a bottle of Hay's Hair Health today. Don't wait until some one says how much older you look. You'll be delighted at the results from even one or two applications. The grey hairs gradually disappear and your hair will become full of life and vitality. No one can tell that you are using it. It's not a dye but a nice, clean preparation that quickly and effectively keeps your grey hair dark, glossy and natural colored and that all druggists guarantee satisfactory or refund your money. Always ask for Hay's Hair Health. It never fails.

Free: Sign this adv. and take it to the following druggists and get a 50c. bottle of Hay's Hair Health and a 25c. cake of Harfina Soap, for 50c.; or $1.00 bottle of Hay's Hair Health and two 25c. cakes of Harfina Soap Free, for $1.

WALSH DRUG CO.

A suit in which a decision was given has been in the court 30 years and yet neither party is satisfied but as both companies are now merged the contest will be called a draw. One of the beauties of the merger, a checker of long winded litigation.

Councillor McGregor says the Bull Moose and Republicans must get together. The McGregor has spoken but which party will be the first to sink its identity in accepting the leadership of the other?

PATIENCE.

The New Haven road has settled to the conviction that the condition necessarily precedent to high speed is perfect roadbed, signals and switches. It would help if the public would agree in this conviction, and have patience to go slower while the improvements are being made.—New Haven Register.

THE GRANITE BILL.

While Senator McDevitt is excluded from participation in the activities of the Senate, one of the bills which he presented, providing that all granite used on public buildings shall be dressed or finished within the state, will probably come before that body. It reached the house this week and Representative Hersey attempted to attach a "rider" to it which would have made the bill not only undesirable but extremely ridiculous. Mr. Hersey offered the amendment that all material for public buildings be made within the Commonwealth. Such an amendment would have meant the immediate death of the measure. Fortunately there were two Quincy men in the lower house, Representatives Leslie and Sullivan who were able to take up the guage of battle and make a fight to prevent immediate annihilation of the bill and provide for its future consideration. If the bill reaches the Senate however, there will be no one in that body from this section who will be able to point out its good features and present reasons why it should be considered. In that body "riders" may be attached which will have the effect of completely killing it.

It is taken for granted however that Representatives Leslie and Sullivan will get busy in the meantime in the effort to convince the senators that the bill is all right and should be adopted, providing of course it is not killed or "lame ducked" before that in the lower house.

Representative Leslie has the experience and influence of a two year member. Representative Sullivan is in his first year as a legislator, but his one appearance on the floor of the house was auspicious. He made a good impression, was commended by his colleagues and under such circumstances they should make a good working team which will prove of benefit to their districts.

UNRELIABLE STATEMENTS

"It has been said that Deer Island is 25 years behind the times," was the announcement before one of those uplift societies, the other day by a woman who is a member of organizations, which have for their aim social uplift. How much is contained in statements of this kind. It is nothing more than the repeating of gossip, which it is difficult to locate and still more difficult to determine the original starting point. "It is said," "People say," "It is common talk," and many others like it, within some case, the cautious request "but don't say I told you so." Those are the usual phrases of the common gossip. None of them can have any place in the great uplift work which so many organizations are aiming to bring about. No doubt this woman meant all right, but in spreading things broadcast to the world, it should not be "It is said," but should be "I know," and "There is ample evidence to prove my statement." Those assertions are the only ones which should be used in assailing institutions with the idea of betterment. Accepting the "They say," some criminals claim that institutions where they have been confined are the worst in the world and the treatment barbarous. On the other hand, other prisoners have given the places a clean bill of health, likewise the officials.

But it is not so much in this case, but take it in other circles, how many people have been irreparably injured by the gossiping "It is said," or "They say." If a person has anything to say worth listening to, out with it. If they have nothing better than gossip they had better remain silent.

PRESIDENT WHITON.

With Joseph Whiton as president of the City Council there does not appear to be any necessity for apology for the presiding officer to hurl a violet scented bouquet of huge proportions at the president but just to point out a few well established facts. Mr. Whiton is not an orator and his best friend would never accuse him of being such. He is a man of good sound common sense, good judgment, a firm divider between right and wrong, and honest in his convictions seems to be the general impression on every hand. That he will make a good presiding officer in the main is accepted. He will make mistakes, that is only human, but that he will wilfully commit errors or be unfair in his official position, no one has yet even hinted. He has started out well. His committee appointments were satisfactory. His first trial as presiding officer was successful. It is believed that he will continue along those lines which have made him much respected in the community and as presiding officer of the City Council he is not expected to act in any other than that which has marked his career as a councilman and that is an open book, with few critics.

WHO WILL BE MAYOR?

The mayoralty situation in Boston at this time is assuming some degree of importance even if it is some months before the tug of war commences. Mayor Fitzgerald has announced that he will not be a candidate. He claims the call and lure of private life has lately come upon him. He may think so, but one of his activities would seem lost after one month of private life, after the strenuous manner in which he has been kept on the go for years.

The friends of the mayor still however acclaim him as the next mayor.

The friends of Congressman Curley proclaim that he will be the next mayor of Boston and in the decorations of Evacuation day of 1912, were several placards, reading, "The Next Mayor of Boston, James M. Curley."

Mr. Curley however modestly says he does not aspire but is with Mayor Fitzgerald.

The people all over the state will be interested in watching this latest staging of the "After you my dear Alphonse, after you my dear Gaston." by those two clever political leaders.

GREAT CREDIT DUE MR. MELLEN.

What would the Berkshires be and what would they do without President Mellen, of the New York, New Haven & Hartford Railroad? The people of the Berkshires might have tried for years to raise by private capital, enough to build the roads now built and probably they would never have had them. Any man that will oppose Mr. Mellen's methods and make the excuse for merging steam and trolley as objectionable is only working against his own interests, for property that is a decent distance from trolley or steam road has enhanced in value wonderfully fast, even before the completion of any particular part of the road owners have advanced their prices. A farm in East Lee that sold for $2425.00 sold when the trolley went through there, their front yard for $2400.00 and since that time the same farm has been sold for $3700.00. Has the trolley been any benefit to that section or any section? This can plainly be proven by examples like the above mentioned one. What we want in Berkshire County now is more Mellens and less dippy opposers.—Every Home, Great Barrington.

USUAL NUMBER OF WHIST FANS

On Deck at the Weekly Tournament of Granite City Club

About the usual number of tables were in play Wednesday evening at the weekly whist tournament of the Granite City club. The two best scores were made by Rollin H. Newcomb and George Spooner. Ice cream and cake was served after the tournament.

GOOD FOR FLYNN.

The Boston Herald says: If the N. E. A. A. A. U. sends basket ball teams to represent this section in the national championships, it will be due to the efforts of one "Billy" Flynn, whose Quincy A. A. quintets have repeated their feat of a year ago of winning the senior and junior championships of New England. At a recent meeting of the body it was decided, after a speech by Manager Flynn to send the team, provided the distance was not too far. The Quincy enthusiast says if the championships are decided anywhere east of Chicago he will make a big fight to have his team sent.

FUNDS NEEDED FOR MEMORIAL

Massachusetts Men Working Towards Great Washington Memorial

The Massachusetts Advisory Council of the George Washington Memorial Association, Hon. Samuel L. Powers, Chairman, are very much encouraged by the action of Congress which appropriated the very valuable site on the Mall between Sixth and Seventh street to the purposes of a National Civic Hall and People's Forum, for which the Massachusetts Advisory Council is raising $200,000. This site centrally located being the northern portion of Armory square next to the land on which stands the new National Museum is estimated to be worth fully $1,000,000 facing on what will be the finest parkway in the world when the plans of the Fine Arts Commission are carried out.

The total amount to be raised is $2,500,000 of which $500,000, will be an endowment for maintenance of the building. The entire amount must be raised in two years.

This building will remove the reproach from our Federal City of not having ample and dignified accommodations for international Congresses, Conventions, such as are provided in the Capitals of Europe. The building will contain a large hall seating from 6,000 to 10,000 people and smaller halls for large Congresses.

William A. Gaston, President of the National Shawmut Bank, is the Treasurer of the Massachusetts Advisory Council. He will be glad to acknowledge all contributions received by him for this fund. Every patriotic citizen should give something.

SNOW DENIES IMPROPER ACTS

Regarding New Hampshire Senatorial Election

DEMANDS INVESTIGATION

Concord, N. H., March 18—A flat denial of thec harge that he had attempted to use improper influences during the recent balloting for United States Senator was made by Representative Clifford L. Snow of Manchester today. He said that he would insist that the investigation be pursued.

"I am absolutely innocent of any wrongdoing," said Mr. Snow, "and if they do not give me a hearing before the committee and an opportunity to vindicative myself I shall demand a hearing through the House."

Gordon Woodbury, who was a candidate against United States Senator Henry F. Hollis, told the Legislative Investigating Committee that Snow offered to deliver five votes for Woodbury for $100. Two other witnesses gave testimony reflecting upon Snow.

BIG PROBLEM FOR COMMITTEE

Budget Will Come Up For Consideration Tonight

HOW CAN IT BE CUT?

The City Council Committee on Finance which was appointed last Monday evening will hold its first meeting tonight. Outside of the budget the committee has but little before them, and the budget is what they will probably tackle. At the best of figuring the budget as it stands is several thousand dollars more than can be raised under the law, even if the whole of the $90,000 estimated receipts are taken. Under the $12 limit about $422,000 can be raised and if the $90,000 is taken the amount would be brought up to $512,000. As the estimates submitted by the Mayor and School Committee total $516,000 it can be readily seen that at least the budget must be cut $4,000.

If the $6,000 in the school budget, asked for increase of teachers salaries is cut out it would be possible to pass the remainder of the budget with the amounts for the several departments about as forwarded. In many of the departments the increases over last year are automatic ones and must be provided for.

The Assessors of course desire to take all the receipts they can get to reduce the tax rate and it stands to reason that if the City Council takes all of the receipts and the Assessors get none the citizens might as well prepare themselves for another high tax rate this year.

THE EDUCATIONAL FIELD

High School — Public Schools
Woodward Institute — Parochial School

COURSE OF STUDY.

The courses of study which have been in use for about five years without change are soon to undergo some revision. One or two studies are being taken up at a time by the grade teachers who record their criticism on the present course as printed and furnish suggestions for improvement. These suggestions will be tabulated by the superintendent and with their help it is expected that the revised course will be made more effecient and better adapted to grade.

SEGREGATION OF THE SEXES.

In September, 1912, in the city of Everett, Washington, the boys and girls were separated for class work in the greater part of the high school work. Beginning with February 1913 the eighth grade pupils were also segregated into boys classes and girls classes for all their work. This step, both with reference to the high school and the eighth grade, has been taken in the belief that there is enough difference in the way the minds of boys and girls attack a subject, to classify them separately. Teachers find themselves presenting subject matter in a different manner to a class of boys than to a class of girls. So far the testimony of the teachers has been favorable to the segregation in this respect.

It is thought to be much better to have the boys and girls separated in the grammar and high school grades for the reason that this is just the stage when boys and girls are apt to become too conscious of the attractions of the opposite sex. This plan also facilitates the classification of pupils for their industrial work.

MAKE TIME SCHOOL.

In Dayton, Ohio, the "make time" school established this year is for pupils over 14 years of age who have finished the seventh grade work and are capable, but through sickness, worry, etc., have been retarded in their school work. Under a competent teacher these children meet in a central school from 8.30 A. A. to 2.10 P. M. on school days. The purpose is to enable the children to finish the work of the eighth grade and the first year high school in one year, taking essentials only.

The following high school work is covered: English, algebra, science with home and school grade work, manual training for the boys, household economics for the girls. The work has been a success and will be continued.

In the same city, 25 pupils with talent for art work have two hours special work every Saturday during the schol year from 9 to 11 A. M.

They are taught by one of the assistant supervisors of drawing. The school has been a decided success.

GRAMMAR SCHOOL ATHLETICS.

It is probable the grammar school base ball league will play a shorter schedule this year than last and devote some time to track and field sports to arouse an interest in this direction. If that is done, in all probability there will be a school meet before the close of the summer term, with representatives from every school in the city.

AUTOMOBILES IN HEAD-ON CRASH

Milton Resident Figured in Accident and Charlestown Woman Hurt

In a head-on collision on the Long Beach Road, at Nahant, Wednesday night, Mrs. Mary Cummings, 268 Bunker Hill street, Charlestown, is in the Lynn hospital in a serious condition and the automobile of her husband, William J. Cummings and that of Horatio Nelson Slater of Blue Hill avenue, Milton were wrecked.

Slater claims that two cars coming in the opposite direction were racing when suddenly the Cummings car swung out and struck his high power runabout with the results mentioned above. Richard T. Emmet was with Slater and it was also stated a stylishly dressed young lady was in the car but she managed to conceal her identity.

GEO. W. JONES, REMICK BROS.

SLIM CHANCE OF GETTING DOUGH

For Fourth of July Celebration Present Year

FROM CITY COUNCIL

From the present outlook it is extremely doubtful if any appropriation is made by the City Council this year for a July Fourth celebration. There was a quite a debate in the Council last year before the order was passed but it eventually went through and was later used as campaign material. Last year the amount was charged to the supplementary tax receipts of 1911 received in 1912.

This year however owing to the enactment of an amendment to the ordinances which prevents any of the supplementary tax receipts being used until after all outstanding temporary loans are liquidated, money cannot be obtained from this source. There are other courses open from which the money might be taken. One is to charge it up against the Excess and Deficiency Fund. but that fund is now high and dry and it can not be got there. It might be possible to provide for it in the budget, but as the budget is now several thousand dollars larger than can be raised. It looks as though there was a slim chance to get the money here. The only other course left open is to borrow the money on a note of the city. With the present financial condition of the city however, it is extremely doubtful if sixteen councilmen can be found who will vote to bond the city for a celebration.

If the July Fourth celebration association therefore is to celebrate the national holiday this year it looks as though the citizens would have to dig down deep in their pockets for fifteen hundred dollars.

As it has been hard work for the past few years to raise anything like that amount by subscription it begins to look as though the city would have to take a rest on July 4th, this year.

SWEDISH CHURCH.

At the Swedish Lutheran church, this evening, at 7.45 o'clock, the pastor Rev. L. Hokenson, will preach a Passion sermon, from the subject, "Christ Crucified." Services will also be held at 7.30 o'clock, Good Friday night, when Holy Communion will be administered. The exercises will include psalm 77, Skriftetal, song by the choir, Confirmation, offertory, Anthem, "O Christ Thou Lamb of God," Communion, Benediction.

Easter is the day of victory for the Christian church. The atonement for sin is completed. The powers of hell are subdued. Christ and His church are triumphant. Let all our people come to celebrate these the greatest events in the history. Everybody is cordially invited.

STOLE PIECE OF BACON

Life Prisoner Is Pardoned, but Will End Days In Asylum

Columbus, O., March 20.—William Welch, who received a life sentence in the penitentiary for stealing a piece of bacon, is no longer a convict. Governor Cox announced his pardon.

But the governor could not restore Welch's reason, which has fled after five years behind the gloomy prison walls, and it is likely Welch will have to spend the remainder of his days in an asylum.

His name was erased from the prison records, but entered anew on the insane asylum books.

Missouri to Control Railroads

Jefferson City, Mo., March 20.—The house passed a bill prohibiting railroads from doing business in Missouri unless incorporated under the laws of the state. The bill already has passed the senate, and now goes to the governor.

SUCCESS OF BALL ASSURED

Knights of Columbus Have Everything Now in Apple Pie Order

Quincy Council, Knights of Columbus has made elaborate preparation for their annual Easter ball at Music hall, Monday evening. A large committee has been at work the past month completing the arrangements and the affair promises to outshine any of ther successful previous events.

The officers of the dance are:

Floor Marshal—Michael T. Walsh.

Floor Director—William A. Carey.

Assistant Floor Directors—Richard A. Cole, John T. Cain, John A. Duggan.

Aids—Timothy J. O'Connell, Alexander D. Thompson, Henry F. McGee, Edward J. Sullivan, Marcus E. Mahon, John C. Faircloth, Frank E. Wade, John W. Walsh, George W. Arbuckle, John A. McGowan, T. Byron Brown, Matthew E. Fay, Edward D. Larkin, James M. Cantfill, Martin W. Canniff, Joseph A. Keating, John L. Kateon, Thomas J. Fallon, Jr., George P. Powers, Dr. C. J. Lynch, Dr. J. P. Maloney, William B. Gerry, Dr. J. P. Murphy, J. J. Fallon, Jr., Harry A. McGrath, Timothy A. Keohane, John J. Shay, Joseph E. Granahan, Richard F. Barry, George C. Costello, Joseph H. Elcock, Dennis S. Sweeney, James C. Grant, Frank J. Duffy, Thomas J. Welsh.

Committee of Arrangements,—William A. Carey, Chairman, John T. Cain Secretary; M. T. Sullivan, Treasurer; E. D. Barrett, P. G. K., J. J. Cunniff, P. G. K., Henry F. McGee, Joseph H. Elcock, Timothy J. Collins, George B. Gavin, Thomas H. Griffin, Richard A. Cole, Dennis S. Sweeney, William J. Lynch, George W. Berry, Peter M. Sullivan, W. Russell Sullivan, Frank J. Duffy, Joseph M. Larkin.

Reception Committee—Edward D. Barrett, J. J. Cunniff, P. G. K., M. T. Sullivan P. G. K., L. W. Lyons P. G. K., P. J. Cahill P. G. K., Hon. W. T. Shea P. G. K., John W. McAnarney P. G. K., E. J. Lynch, William T. Donovan, Dr. G. M. Sheahan.

NEPONSET GIRL OF 3 DROWNED

Small Boy Companion Brings Aid, But Too Late

FORMERLY OF QUINCY

Much sympathy is expressed for Mr. and Mrs. Harold Rideout, formerly of South Quincy in the loss of their little three and a half year old daughter Margaret M. Rideout, who was drowned Wednesday afternoon by falling from Pratt's wharf at Neponset.

The little girl was reaching for her hat which had blown off by a sudden gust of wind when she lost her balance and fell over into the shallow water and mud.

Ernest Way, her four-year-old playmate, unable himself to save his chum hurried for help to his mother, Mrs. Ernest I. Way of 62 Taylor street who hurried to the water's edge and attracted the attention of nearby workmen, but the child was dead when lifted out.

Uusually Ernest's dog is his inseparable companion and would undoubtedly have saved the little girl but by some means he failed to be with the boy on this occasion.

PATENTS

PROCURED AND DEFENDED. Send model, drawing or photo. for expert search and free report. Free advice, how to obtain patents, trade marks, copyrights, etc., IN ALL COUNTRIES. *Business direct with Washington saves time, money and often the patent.* Patent and Infringement Practice Exclusively. Write or come to us at 710 Eighth Street, near United States Patent Office, WASHINGTON, D. C.

CASNOW &

AUTO MACHINES SAVE HORSES

Many Still Alarms Call Out the Apparatus

FOR GRASS FIRES

The fire department was called out several times Wednesday afternoon and during the early evening for grass fires. None of the fires amounted to anything having been quickly extinguished. Had the apparatus which responded to those still alarms been hauled by horses they would have been a tired lot of animals when night came. It was in days like Wednesday that the auto chemicals prove their worth for they quickly covered the ground and saved the horses from long runs for simple grass fires. Both the auto chemicals at the Central and Atlantic stations were out several times during the day.

CORNER IN ASHES BY HEALTH BODY

Collections Will Be Disposed of To Highest Bidder

GREAT HEAD, THAT BOARD

Going, going, gone and sold to the highest bidder, one or more loads of coal ashes, collected daily by the numerous teams operated by the Board of Health. That is what will hereafter be done when the Board of Health puts into operation a plan which it is considering. Of course there are ashes and ashes, but these ashes are the remains of black diamonds for which the good people have parted with their golden treasure.

Ashes are to some men what cracker dressing is to a turkey. It is grand good stuff to fill up the hole. For this reason there is quite a demand for the ashes by people who have holes on their property that they desire filled up. The Board of Health has many demands for the ashes and it has become quite a problem.

The trouble is that this man wants a load or two of ashes and that man wants a few loads. If A gets his and B does not, then B puts up a kick and says that politics or some other unkind thing is to blame. On the other hand if B gets his ashes and A does not, A comes forward and says that B has a pull with the Board of Health. Anyway the Board of Health is blamed and the Lord knows they get blamed for enough now without putting ashes onto their shoulders or heads.

How to solve the problem has been a question that has kept the Board awake many nights at a time when they should be in peaceful slumber. It is thought now however from what has been dropped that the problem has been solved.

While it is has not been given out officially as yet what is to be done it is understood that the Board proposes to sell the ashes collected to the highest bidder. When this is done if Mr. A does not get any ashes it is because Mr. B has put in a higher bid.

EATERS WORRY ABOUT NICHOLS

If He Gives Up the Job They Feel They Will Lose

The First Parish club will have hard work in finding anyone to take the office held by William B. Nichols during the past year. He had general charge of serving the dinners, which have been so greatly enjoyed and the club members hope that he may be prevailed upon to take the office for another year.

NOTICE

To whom it may concern:

I hereby give notice that I will not be responsible for any bills which my wife, Hilda Johnson, may contract.

AUGUST JOHNSON.

Quincy, March 20, 1913 3t

Commonwealth of Massachusetts

Superior Court. Norfolk, ss.

To the Honorable the Justices of the Superior Court to be holden at Dedham within and for the County of Norfolk:

Respectfully libels and represents Maria Olivari of Quincy in said County that she was lawfully married to Antonio Olivari now of parts unknown at Radicena, Kingdom of Italy on the fourteenth day of October A. D. 1899, and thereafterwards your libellant and the said Antonio Olivari lived together as husband and wife in this Commonwealth to wit, at Quincy from April 1906 to May 1908; that your libellant has always been faithful to her marriage vows and obligations but the said Antonio Olivari being wholly regardless of the same at Quincy on Tuesday the twelfth day of May A. D. 1908, did utterly desert your libellant and said utter desertion continued for three consecutive years next prior to the filing of this libel.

Wherefore your libellant prays that a divorce from the bonds of matrimony may be decreed between your libellant and the said Antonio Olivari and your petitioner further prays that her minor son Guiseppe Olivari born September 24, 1903 be committed to her care and custody and for such other orders and decrees as to your Honors shall seem meet and as justice may require.

Dated the tenth day of March A. D. 1913.

Maria Guiseppa Baldacchini Olivari.

Commonwealth of Massachusetts.

Norfolk, ss. Superior Court.

On the foregoing Libel, it is ordered that the Libellant give notice to the said Antonio Olivari the Libellee, to appear before the Justices of this Court, to be holden at Dedham, within and for said County, on the first Monday of May next, by causing an attested copy of said Libel, and of this order thereon, to be published once in a week for three successive weeks, in the Quincy Daily Ledger, a newspaper printed at Quincy in the County of Norfolk, the last publication to be fourteen days at least before the said first Monday of May next, and further, by sending through the mail, as soon as may be, by a registered letter addressed to the last known residence of the said Antonio Olivari an attested copy of said Libel and of this order thereon that the said Antonio Olivari may then and there show cause why the prayer of said Libel should not be granted.

By the Court,

March 19, A. D. 1913.

LOUIS A. COOK, Clerk.

A true copy of said Libel, and of Order thereon. Attest,

R. B. WORTHINGTON,
Assistant Clerk.

Toll Uses in Sales Campaigns

SUCH testimonials as the following from the J. E. SOPER COMPANY, wholesalers of grain and feed at 206 Chamber of Commerce, Boston, furnish unimpeachable testimony of the value of the telephone, especially the toll lines, in sales campaigns.

We quote a paragraph of a letter to the Company from this concern:

"We find that the telephone takes the place, in a large degree of men on the road, and that our business is done in much more satisfactory way, by having a man sell our goods from the office, as he then knows everything a salesman should know concerning the quality, location and other features of the goods, whereas a man on the road does not always have his information and is frequently induced to guess it, which does not work at all."

We would not suggest this rule in every case. The advantages of face-to-face salesmanship and the magnetism of a personality, coupled with the importance of showing many lines of goods, are not to be depreciated. On standard lines, however, once the salesman's personality is established, the telephone is an efficient auxiliary, and especially helpful to the salesman in making advance appointment.

NEW ENGLAND TELEPHONE & TELEGRAPH CO. — LOCAL LONG DISTANCE TELEPHONE — BELL SYSTEM — AMERICAN TELEPHONE & TELEGRAPH CO.

TRAVELING MEN interested in little stories of the advantages of the telephone as a business auxiliary, are invited to send for "Modern Methods of Money-Making." In Metropolitan Boston call the Contract Department, Fort Hill 7600. Elsewhere call the Local Manager.

EVERYTHING BY ELECTRICITY

Marvelous Development of the Strange Power

PROPERLY HARNESSED

At the shrill command of his electric alarm clock, John Smith, commuter, sprang out of bed in the grey dawn and switched on the electric light. He hastily washed with electrically manufactured soap. A seasoned veteran of the 7.42 express, he wasted few minutes in dressing, but before he was half clad the water was steaming hot in his electric shaving mug. Dashing down stairs he attacked a rapid-fire breakfast of eggs, electrically boiled, toast, electrically grilled, coffee, electrically percolated, and cream, electrically separated from milk electrically milked from electrically curried cows. He dashed out of his front door just in time to catch an electrically heated and propelled trolley to the railroad station built of electrically manufactured cement. While waiting for the 7.42 express he lighted an electrically made cigarette with an electrically manufactured match. When the express came buzzing up, Mr. Smith settled down in the smoking car to read his electrically printed morning newspaper.

Arriving in town he descended into an electrically lighted subway through which he was whisked on electric cars safeguarded by electric signals. He ascended to his twenty story office in an electric elevator and touching an electric button summoned a stenographer with electrically curled hair who operated an electrically manufactured typewriter with electric—

Enough?

But it's not a joke!

One could take John Smith through every minute and hour of his business day, follow him back home again until he turned in for the night and every minute and hour of that day and night would be made in some way more convenient and comfortable by the marvels of electricity. There are hundreds of thousands, millions of John Smiths in every great civilized country today.

The change has come so gradually that we do not realize what a revolution electricity has wrought in modern life. There are few uses to which electricity is not put in modern industry and up-to-date households. For an infinite variety of work ranging from milking cows to making ice cream, from running sewing machines to washing dishes, from the manufacture of locomotives to the making of wall paper, effective and economical use is now made of electrical apparatus. Recently a Company made a tabulation of the purposes for which one type only of their motors was used, and the following list includes only a small part of the products electrically manufactured: automobiles, barrels, baskets, boats, bolts and nuts, boots and shoes, bottles, boxes, bricks, brooms, candles, cans, carriages, cartridges, cement, chains, chairs, cigarettes, cordage, corks, elevators, envelopes, gun powder, hooks and eyes, hoops, ice, jewelry, locomotives, lead pipes, leather, lumber, matches, nails, oat meal, paint, paper bags and boxes, pins, pottery, presses, rivets, rubber, silk, soap, spools, tacks, textiles, typewriters, wagons, wall paper and wire.

CONSTANTINE A POPULAR HERO

Rides Into Power on Crest of Wave of Military Renown

HIS SUCCESSION ANNOUNCED

New Ruler Leaves Janina For Scene of Father's Assassination—Has Had His Ups and Downs In Favor of People He Is to Rule—Did Much to Keep His Father on the Throne

Athens, March 20.—When the chamber of deputies met yesterday Premier Venizelos formally announced the death of King George and the succession of King Constantine.

King Constantine left Janina for Salonica after handing over to General Danglis the chief command of the Greek army.

The council of ministers' official statement upon the assassination of King George reads:

"Overwhelmed with grief, the council of ministers announces to the people the death of his beloved majesty, King George I., at the hand of criminals. A madman assassinated the king at Salonica, throwing the whole nation into deep mourning in these days of rejoicing at the accomplishment of our national desires. The outrage was committed while his majesty was out walking. The weapon used was a revolver. The council hastened to communicate the sad news to his majesty King Constantine."

The foreign minister has sent a message to the Greek diplomats abroad saying the "whole of Greece and Macedonia are stupefied by this terrible attack on our victorious king, who was so deeply loved."

King Constantine ascends the throne of Greece on the very crest of a wave of military renown. In command of the army which marched in triumph from Larissa to Salonica, he also the other day received the capitulation of the Turkish stronghold of Janina and with it the surrender of the largest number of prisoners taken during the war.

Like his father, the new king has had his ups and downs in the favor of the people he is to rule, and has grown acquainted with the quick-changing likes and dislikes of his subjects.

After the fall of Salonica the Greeks of New York opened a subscription to send a sword to Constantine. The sword, which was finished by Tiffany & Co., is of the finest Toledo steel, with a Byzantine hilt in gold, encrusted in precious stones and inscribed "To Constantine, the Liberator, from the Greeks in America, 1913." The sword cost $3000. The sword was blessed last Sunday with elaborate ceremonies. It is to go to Athens in time to be received by the new king on his return from the front to accept the homage of his people.

Prince Constantine was born in Athens and received his early education from foreign tutors, who taught him to speak German, English, French, Latin and Danish. At the age of 18 he was graduated from the military academy with the rank of sub-lieutenant in the army. He was then sent to Germany, France and Denmark, attending the military maneuvers in each country and acquiring practical knowledge about their armies.

It is said Constantine aims to restore the former grandeur of the ancient Hellenic empire, and that he is a believer in the old national prophecy that under the reign of a Constantine and a Sophia the eastern empire shall be called into life again and the cross restored on St. Sophia in place of the crescent.

Constantine's wife is Princess Sophia, a sister of the German emperor. Their marriage on Oct. 27, 1889, was a most spectacular event. Soon afterward Princess Sophia renounced her Lutheran religion, and took that of her husband, thereby deeply offending her brother, the German emperor. There are five children by the marriage.

King Constantine undoubtedly did much to keep his father on the throne so many years. There had been threats against King George, but none of them very seriously bothered the monarch. He declared that he would not abdicate. They could put him out on a pension. For years he preferred the delights of Paris and the baths of France to his own kingdom.

Constantine always acted as regent. He administered with all the firmness that an exceedingly jealous kingdom would permit.

Constantine, like his father and his brother, Prince George, is of hurculean stature, more than six feet tall and magnificently proportioned.

Artist Starves to Death

New York, March 20.—Too proud to accept charity, Charles Marcotta, artist, starved to death in his studio, which was filled with pictures he had been unable to sell.

Rochester Strike Settled

Rochester, N. Y., March 20.—The strike of garment workers, inaugurated in January, was settled last evening.

WILSON HEARS TARIFF PLANS

Principal Features Agreed on Are Outlined to Him

HE URGES SPEEDY REVISION

Wants Business Men to Know at the Earliest Moment What They May Expect In Way of New Legislation—Draft of Tentative Bill Ready to Be Submitted to Caucus

Washington, March 20.—The proposed new tariff reform bill was brought squarely to the attention of President Wilson yesterday afternoon.

Senator Simmons, chairman of the senate finance committee, and Representative Palmer of the house ways and means committee, both saw the president in his office. They outlined to him the principal features of the bill as already agreed upon.

Both men were told by the president that he hoped the tariff situation would be cleared up as soon as possible. The president wants the business men of the country to know at the earliest possible date what they may expect in the way of tariff reduction.

President Wilson told the party leaders to have the way so thoroughly greased that when the special session of congress assembles next month there will be smooth going and the friction, so marked at former sessions, eliminated this time.

After leaving the president, Simmons went directly to the Capitol, where the senate and house leaders continued perfecting their plans for the coming session.

Free sugar, lumber, meats and farm machinery, a 15 percent duty on raw wool, drastic reductions in steel duties and a minimum duty on citrus fruits, are reported to be the principal features of the tentative tariff bill. The draft is ready to submit to the Democratic caucus of the house, to be called shortly before April 7.

KISSES FIGURE IN SUIT

Cope Is Awarded $5000 For Alienation of Wife's Affections

Cambridge, Mass., March 20.—A verdict of $5000 was awarded to Frederick W. Cope of Cambridge in his suit for $25,000 against John Shaw of Cambridge for alienation of his wife's affections.

At the trial Shaw admitted he has embraced the wife of the plaintiff, but denied he had induced her to leave her husband. Shaw was a lodger at the Cope home. Mrs. Cope admitted she allowed Shaw to kiss her in "fooling," but denied she had ever kissed him. One witness declared that she had seen Mrs. Cope and Shaw bestowing "lingering" kisses on each other.

Mrs. Cope is 28 and had one child. Shaw is 55 and is a retired antique furniture dealer.

BIG PROFIT IN COINAGE

Nickels Worth $4.55 Cost the Government but 23 Cents

Washington, March 20.—George E. Roberts, director of the mint, announces that the treasury earned a total of $5,652,000 during the year 1912 on an investment of only $1,260,000 for the operation of the entire mint service, or almost 450 percent.

The cost of the nickel is an index of the government's profit on the coinage of minor coins. Out of one pound of compound of nickel and copper, costing about 23 cents, the government coins $4.55 worth of 5-cent pieces.

The seigniorage on subsidiary silver coins during the year was $4,568,000, while that on pennies and nickels was $1,849,000.

MISSES COLONEL'S FACE

Taft Sends For Roosevelt Portrait He Left In White House

Washington, March 20.—Former President Taft has missed one personal belonging which he left when he quit the White House—a portrait of Theodore Roosevelt which hung on the east wall of his private office and which has been hanging there since President Wilson assumed office.

Yesterday a letter came to the White House offices requesting that the picture be taken down and sent to the New Haven hotel, where Mr. Taft expects to live for several months after he takes up his duties as a Yale professor.

FREE PASSES TURNED DOWN

Bill Granting Them to Solons Is Vetoed by Governor Baldwin

Hartford, March 20.—Governor Baldwin vetoed as unconstitutional the Peck free pass bill.

The measure would have amended the charters of all common carriers in the state so as to provide that free transportation should be furnished by them to members of the general assembly while in attendance on the session.

An attempt to repass the measure over the veto failed.

TOTAL OF 23,329,047

Shown by Census of Catholics Under Protection of Our Flag

New York, March 20.—There are 15,154,158 Roman Catholics in the United States proper, according to the 1913 edition of the Official Catholic Directory, and a total of 23,329,047 under the protection of the United States flag.

There are 7,131,989 in the Philippines, 999,359 in Porto Rico, 11,510 in Alaska, 42,108 in the Hawaiian Islands and 900 in the canal zone. The figures are supplied by the Catholic bishops and chancellors of the dioceses concerned.

Mysterious Fire In Church

Malden, Mass., March 20.—A mysterious fire that had all the earmarks of incendiarism partially destroyed the roof of the Maplewood Congregational church, causing a damage of $3500. A police investigation is being made.

Drug Kills Wealthy Woman

Chicago, March 20.—An overdose of a drug accidentally taken caused the death here of Mrs. Pauline M. G. Jones. This was the verdict of a coroner's jury. Mrs. Jones was wealthy and made her home in Italy.

Blind Horse Was Faithful

Cranford, N. J., March 20.—The faithfulness of a blind horse which remained by its master helped the authorities to find the body of John McNamara, who had died of heart failure in a lonely road.

"IN A BAD WAY"

Many a Ledger Reader Will Feel Grateful for This Information.

If your back gives out;
Becomes lame, weak or aching;
If urinary troubles set in,
Perhaps your kidneys are "in a bad way."
Don't delay—use Doan's Kidney Pills.

Here is good evidence of their worth.

Mrs. S J. Mortimer, 9 Woodville St., Roxbury, Mass., says: "Kidney trouble made me miserable about six years ago. I had severe pains in my back and sometimes I could hardly move. It was next to impossible for me to do any housework. When I attempted to get up in the mornings, the pains were so bad that I had to roll out of bed on my hands and knees. If I moved quickly or brought a strain on my back, I would almost scream with the pain. Doan's Kidney Pills were so highly recommended to me that I got a box and began using them. The first few doses helped me and in less than a week, the trouble was gone. Whenever a cold or strain brings on an attack of kidney complaint, Doan's Kidney Pills cure it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Commonwealth of Massachusetts.
Norfolk, ss. Probate Court.

To Richmond T. Nash of Hingham in the County of Plymouth, the next of kin and all other persons interested in Gladys K. Nash, of Brookline in said County of Norfolk minor:

Whereas, a petition has been presented to said Court by Alice M. Nash of Brookline in the county of Norfolk, praying for the appointment of herself, or some other suitable person as guardian of said minor; You are hereby cited to appear at a Probate Court to be held at Brookline in said County of Norfolk, on the twenty-sixth day of March A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why a guardian should not be appointed as aforesaid. And said petitioner is hereby directed to give notice thereof, to the next of kin of said minor, and others interested, by publishing this citation once in each week for three successive weeks in the Quincy Daily Ledger a newspaper published in Quincy, Mass., the last publication to be one day at least before said Court, and by mailing a copy thereof to the said Richmond T. Nash at least seven days before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this tenth day of March in the year one thousand nine hundred and thirteen.

ARTEMESIA'S EASTER.

By CLARISSA MACKIE.

[Copyright, 1912, by American Press Association.]

SPRING was everywhere except in the heart of Artemesia Lee. In her sunny garden crocuses and daffodils were pushing green blades through the brown earth. The air was softer, the waters of the bay had lost the cold steely gray and showed the color of a bluebird's wing,

"SEEMS GOOD TO HEAR IT AGAIN," SIGHED ARTEMESIA.

and the bluebird himself was singing among the swelling buds of the cherry tree.

Artemesia looked drearily across the bay. It all seemed bleak and cold to her—typical of her life.

"Well, Artemesia Lee, don't it seem good to smell the springtime a-coming along?" demanded a cheery voice beyond the fence.

Artemesia turned and surveyed the dumpy figure and rosy cheeks of her nearest neighbor, Hanna Ford.

"I s'pose some folks can enjoy the springtime, but it always seems so sort of lonesome," she murmured.

"It's because you live all alone and keep your shutters closed tight," Mrs. Ford laughed mirthfully. "If you'd open the shutters of your heart and your house, Artemesia, you'd let the sunshine in, and then you'd be happy."

"Pshaw!" murmured Artemesia, half resentfully. "Opening my shutters won't make me young again."

"Of course it will! Why, don't you understand, Artie, that's what Easter means in one sense? We sort of rise up out of our old selves—just as if our old selves were dead, you know—and each year we can begin life new and young in heart."

"I want to know!" ejaculated Artemesia in a startled tone. Her religion had been of a cold, dreary outlook on life, and this creed that Hanna was preaching was new to her, but it sounded inviting.

Hanna was still speaking.

"If you could forget yourself for one day, Artemesia, you would be happier. There, there; don't get stiff. As if I didn't know that you stayed single to please your pa and ma, and everybody knows how you sacrificed and slaved for them till they died, and now you're alone you've got to thinking and thinking till you've grown hard hearted and resentful and— Mercy me, is that the oil man? I must run, for Josephine's that feather brained she won't think to"— And Mrs. Ford's words were lost as she trotted down the road toward her own gate.

Artemesia stood there, paling and flushing by turns. Hanna's words had been a shock to her. It was true that Artemesia had remained single for her parents' sake. There was no one to look out for the old people, and her lover wanted to carry his bride to the new home which he had prepared in the west.

Jack Young—that was his name—was Hanna Ford's brother, and through Hanna she had heard scant news of him during the past twenty years.

A sudden rare smile curved Artemesia's faded lips, and she looked almost pretty. "Opening the shutter sounds inviting," she thought as she moved toward the house. "I do believe I'll try it!"

First the lower floor blinked in the unaccustomed flood of sunshine.

Artemesia hardly knew the rooms, so accustomed had she become to their peculiar half light. The gloomy old parlor became a cheerful apartment, and when Artemesia saw dust on the ancient square piano she flew vigorously around and banished it.

Upstairs the sunshine and fresh air revealed a new house to Artemesia.

"I declare, I believe I can smell spring now! It's the first time I could since"— She stopped, and a cloud came over her face.

It had ceased to be spring that day when Jack Young went away without her.

"It's wicked to keep shutters closed tight. I can't do it again," she breathed suddenly, and another line disappeared from her forehead.

After that day Artemesia Lee kept the shutters of her house wide open.

Passersby saw it and marveled and said that Artemesia Lee was getting some sense, after all. Hanna Ford noticed it, too, and a queer little smile curled the corners of her pleasant mouth.

One day Josephine Ford ventured into Artemesia's parlor and played popular tunes upon the tinkling piano.

"Seems good to hear it once more," sighed Artemesia, who had not played for many years.

"Why don't you play some, Artemesia?" asked pretty Josephine. "Ma says you used to be a grand player."

Artemesia flushed prettily. "I believe I will have the piano tuned and practice," she said, and a new pleasure came back into her life.

"Next Sunday's Easter, and I haven't got a new thing to wear," half panted Josephine, swinging around on the piano stool. "Pa says he can't afford a thing this year, but I would like a new hat and a pair of gloves."

"Let me see, Josie," mused Artemesia. "I think I've got some lovely lace braid in the garret, and by getting a frame down at Dolan's I believe we can make you a hat, and I've got feathers and flowers."

Josephine hugged her delightedly, and together they set off to choose a hat frame. Artemesia forgot her own troubles and the latent discontent that had gnawed at her life.

She grew merry over the secrecy of the shopping, for this was to be a surprise to Josephine's mother.

Artemesia presented Josephine with a pair of new gloves, and the young girl's delight was very sweet to the older woman. Artemesia Lee forgot herself while she sewed on the new hat, which turned out so successful that she made one for herself, a shady brown affair that matched her soft eyes.

The days before Easter were crowded with sunshine and happiness for

HIS HAND CLASPED TIGHTLY OVER HERS AS THEY HELD THE HYMN BOOK.

Artemesia. She threw open the shutters of her heart and let the sunshine of a new spring wake it into new life.

Flowers from her plants and spring blossoms from her garden went to carry the new message of awakened life to the sick and needy. Each day she grew younger, prettier, happier.

"Oh, Hanna," she said on Easter morning, "it is true that one can be born over again! I am so happy. Is it wrong to apply the story of resurrection that way?" she ended timidly.

Hanna shook her head vigorously. "It's not wrong, of course! Religion means more than just words and creeds, Artemesia. Every symbol means a whole lot of things!"

"I'm glad of that," murmured Artemesia. "I feel born over again in every way."

There was a very sweet smile on Hanna's face, just as if she knew some secret that would add still more to the beauty of the Eastertide.

"It means beginning over again—in lots of ways," she managed to whisper in Artemesia's ear as they entered the church.

When they reached Hanna's pew two men arose to let them pass. One was Timothy Ford, and the other one was—Jack Young, bigger, older, browner, stouter, but with the same smile and the same dizzy look when his eyes met Artemesia's. Side by side they stood, and his hand clapsed tightly over hers as they held the hymn book together.

Josephine in her pretty finery stared wonderingly at Artemesia's glorified face.

"Ma," she whispered, "is Uncle Jack going to marry Artemesia?"

Mrs. Ford nodded vigorously.

"If Artie will have him, and I guess she will, for her heart shutters are open to stay"

NOVEL EASTER FAVORS.

Rabbits and Chickens Easily Made Out of Peanuts.

Do you want to make peanut rabbits or chicks for Easter greetings? If so it is very easily done.

For the rabbit's ears and tail use little pointed bits of paper, which can be glued on. Sometimes you will find the rabbit already has a tail and you will not need to supply one. The rabbit will stand up very easily after you have given him his feet, because there are four of them. The feet and the eyes are made from matches or toothpicks.

The little chicks need only feet and eyes, but as they have only two feet they will not stand as easily as the rabbits. To make them stand easily take a piece of a visiting card an inch or less square and when you give the chick his feet push them up first through the card. This will give him a firm foundation to stand upon, and you can either send him this way or, if you wish, you can paste this piece of card to a larger piece or to the bottom of the box you send him in. If you are careful you can put him inside of an eggshell.

HOT + BUNS

Here is a tested recipe for the hot cross buns for Easter:

To one cupful of scalded milk add one-fourth cupful of sugar, two tablespoonfuls of butter and one-half teaspoonful of salt. When it is cooled enough not to hurt the yeast cake—that is, about lukewarm—add one-half of a yeast cake dissolved in one-fourth cupful of lukewarm water. Also add three-fourths of a teaspoonful of cinnamon and three cupfuls of flour and one egg well beaten.

Mix these well before adding a half cupful of raisins and currants mixed. The raisins should be cut up and stoned, of course. Let it rise carefully covered like any buns or rolls overnight if for breakfast. In the morning shape the buns like large biscuits, leaving a space of an inch for them to spread, and let them rise well.

Brush them over with beaten egg and bake about twenty minutes. When cool make a frosting into the form of a cross on the top of each or else cut a cross in each just before baking and scatter sugar on when serving them. A glaze of milk and melted butter can also be used wiped over with a bit of soft cotton cloth when they are just ready to take from the oven.

FACTS ABOUT EASTER.

Many Customs Are Ancient and Come From the East.

The custom of putting on new clothes for Easter is very ancient and is common to the great festivals of all religions. On the central feast of the Moslem year it is considered absolutely necessary for every man and woman to wear new clothes.

The "Easter dress" and the "Easter hat" of modern times, so widely advertised by our city merchants are therefore not in any way an incongruity, but emphasize the spirit of the day quite as much as the "Easter egg," which is supposed to typify the germ of a resurrection of life.

So that as all nature is renewed and regarmented in the spring it is fitting that mankind should follow. Unable to renew the body, man does the next best thing and dons new garb.

The name Easter, according to the Venerable Bede, is heathen in its origin, so called after the Saxon goddess Eastre, who was worshiped with peculiar ceremonies in the month of April. In the eastern church it is called Pascha or the holy Pasch, which will be observed in the Russian and Greek churches this year on April 14, the Jewish passover falling on April 22.

In the second century there was a great dispute between the Asiatic and Latin churches regarding the proper date for the celebration of the resurrection of Christ. As far as the Latin church was concerned, it was settled once and for all at the council of Nicaea in the year 324. The fact that the ancient British church, when Augustine landed, observed Easter according to the Eastern custom is urged as a reason for believing that Great Britain received her Christianity from the east and not from the west, from St. John rather than from St. Peter, from Antioch and not from Rome.

The early Christian emperors celebrated the day by setting prisoners free and by scattering gifts. It was "Dominica Gaudi"—the day of joy for all people. The popular Easter hymns are from Latin sources. "Welcome, Happy Morn, Age to Age Shall Say," was written by Fortunatus for the Easter worship of the abbey of St. Croix. "He Is Risen" is an old Ambrosian hymn which has been sung in the Milan cathedral for many centuries. "Jesus Christ Is Risen Today" is of unknown origin, although probably from a Latin source. It appeared first in English in the collection by Tate and Brady. As in the case of Christmas, we are indebted to Charles Wesley for a good Easter hymn, the one beginning "Christ the Lord Is Risen Today."

CHILD FALLS THREE STORIES

Drops Into Arms of Sturdy Stone Mason and Escapes Injury

Boston, March 20.—Hurtling from a third-story window to the arms of a man, turning a complete somersault in the air, and coming from the experience without a bruise or scratch is the startling and unequalled record set by Helen J. Hutchinson, aged 5, at 177 Cabot street.

That she lives at all is due to the strong arms of Patrick J. Moriarty, a stone mason, was returning home from work and who rushed across the street just in time to catch the rushing figure in his arms.

"I would rather have lost a year's pay than miss her," said Moriarty, who is today the hero of the Cabot street section.

ORDAINED BY IMMERSION

Icy Waters Have No Terror For Woman Apostolic Minister

Lynn, Mass., March 20.—Catherine L. Cragon of Colorado Springs, who says she came 2000 miles across the continent in answer to a call from God, stood neck deep in the icy waters of Flax pond, East Lynn, and with Elder Adoniram J. Rawson went through the rites that made her a minister of the Apostolic Faith.

After the newly ordained minister and elder had plunged three times under the cold water they joined twelve other members of the faith on the bank and stood in their wet garments while they sang hymns for half an hour.

HAD EXECUTED SECOND WILL

Eaton's Action Followed Strife In His Household

INSTRUMENT IS NOW MISSING

Dorothy Named as Beneficiary, the First One Also Naming Her Sister June—Summons Served on Eighty-Eight-Year-Old Man In Search For Poison Traces

Boston, March 20.—Detectives are searching for the latest will made by Admiral Eaton. They believe if their search is successful they will have all the evidence necessary to explain the motive for the mysterious death of the admiral.

This will, it is asserted, disinherits everybody but his youngest stepdaughter, Dorothy.

All day yesterday the authorities sought for traces of paris green poison. They found some that James Prouty claimed had come from the Eaton homestead. Their persistent search for an arsenical poison gives rise to the rumor that the expert examination of the stomach and intestines of the dead man had shown traces of this kind of poison.

It has been established that the authorities have completely eliminated the natural death and suicide theories. Their constant and increasing activities, with the announcement of District Attorney Barker late last night that the biggest development thus far in the case would occur today at the inquest, tend to show that the theory of accidental death by poison is decidedly of secondary importance.

Then, again, the persistent searches for poison by the authorities is most significant. Yesterday they visited the drug stores of Somerville. On Tuesday afternoon hardly had Mrs. June Keyes left the office of Dr. Kennison when an officer called to examine the doctor's poison record.

The story of the second will came like a bombshell out of a clear sky yesterday afternoon.

A neighbor said that Dorothy had expressed keen disappointment over her inability to find a will of the admiral which had been made out about six months previously naming her as the beneficiary.

"Dorothy said that years ago the admiral had made out a will naming June and herself as the beneficiaries," said the neighbor.

"She further said that strife in the household had caused the admiral to draw up a second will in her favor and that after the admiral's death she had searched the house high and low for it without finding it. She told me she had found the old will and that Judge Kelley had it now in his possession."

There was a pathetic touch surrounding the visit of Detective Scott and Deputy Sheriff Congdon to the home of James Prouty, the old Eaton neighbor, yesterday afternoon. They came to serve a summons on him. Prouty is feeble and 88 years of age. For some years previous to the admiral's death he had done chores about the Eaton place. He was a close friend of the admiral.

The old man was sitting in the kitchen when the officers arrived. They placed the summons in his hand. He protested, saying that he was too ill to go to Hingham. However, the summons was left and the authorities went into the storeroom, close by. Here they examined a pail of paris green and took a sample away with them.

This same paris green had been given to Prouty by the admiral about two years before. It had been used on potato vines. One time a calf nibbled at some of the vines which had been sprinkled with the poison, and it died.

This incident seemed to horrify the admiral, and one day when Prouty came over he told him to take the stuff away.

That was the manner in which the poison found its way into the storeroom of Prouty where the officers found it.

NEWBERT ELECTED MAYOR

Democrats Carry Augusta Over Republicans and Progressives

Augusta, Me., March 20.—The Democrats carried Augusta in the city election and chose Elmer E. Newbert mayor by a majority of forty over the combined Republican and Progressive party vote.

The voters went to the polls a week ago, but failed to elect a mayor, as no candidate received the necessary majority.

Science Down to Fine Point

Washington, March 20.—Applying Mendel's law of heredity, scientists can now predict the color and egg-laying ability of a chicken before it is hatched, so Dr. Spellman, agricultural department expert, declares.

No Tax on Bachelors

Boston, March 20.—The taxation committee reported in the house leave to withdraw on the petition for legislation to provide for the taxation of bachelors.

CLASSIFIED ADVERTISEMENTS

Advertisements under this head 25 words or less one time, 25 cents. Three consecutive insertions 50 cents. 6 consecutive insertions 75 cents.

No advertisements taken over the telephone, received by mail or at the office unless accompanied by cash.

WANTED

WANTED— Housekeepers position by young American woman in widowers family or with business people. Best of references. Address R. E. C. Ledger Office. 20-3t

LADY or GIRL wanted each town, good pay spare time, copy names for advertisers. Cash weekly. Stamp for particulars. American Adv. Bureau, Dept. F, Leighton's Corners, N. H. 19-3t

PRO RANKS HOLD OUT TO CHAPMAN

New England League Contract is on Way to Him

FROM WORCESTER CLUB

Contracts from Jesse Burkette, manager of the Worcester team of the New England League are in the mail for "Booty" Chapman. They will be received today.

"Booty" is one of the best catchers around Greater Boston. Last season he played with the Makarias of the City League and turned down several offers. He accompanied the South Quincy team on their Nova Scotia trip and was an eye opener to the Provincials.

In the event of "Booty" signing up with Worcester everything is favorable to his making good in professional base ball.

He is captain of the Quincy A. A. basket ball team, champions of New England and has always retained his amateur standing.

Should he decide to engage in the professional ball he will porfeit his registration. This will debar him from playing in the National championships at which his team will represent New England.

Children Cry
FOR FLETCHER'S
CASTORIA

BRIEFS

Em. Sirs Albert W. Fay and Walter E. Piper attended the inspection of Providence Commandery at Providence, R. I. Tuesday evening and the inspection of Boston Commandery at Masonic Temple, Boston Wednesday evening.

Ex-Mayor William T. Shea who arrived home from the south Saturday called at City Hall this morning and paid his respects to Mayor Stone and other city officials. He is looking fine and says that he feels fine.

Under the direction of Erastus Osgood the Gardner Club of the Christ church will present a comedy and a farce in the near future.

If the weather prophet is correct, cold weather has taken its departure for this winter and from now on spring weather may be looked for.

The dance of the Y. P. R. U. of First scheduled in the church calendar to be held Friday March 21, has already come off, it being held last week Friday. It was a great success in every way and may be repeated later.

The committee of arrangements for the reception and ball of Quincy Y. M. H. A. to take place April 1st, met Wednesday evening at the home of Joseph B. Grossman, Federal avenue and discussed business of importance.

A lecture on "Jewish History from the Exodus to the Fall of Rome" is to be given tonight under the auspices of the Quincy Young Men's Hebrew Association, at their rooms on Water street. The speaker will be Rabbi P. Israeli, of Temple Adath Jeshurun Roxbury. This lecture is the first of a series of three on Jewish History. There will also be a musical program.

SOME HEAVY PIN KNOCKING

Weymouth Came Within One of 1500 Mark

OTHER BIG SCORES

Making one of the highest pinfalls ever made at the Coliseum alleys, Wednesday evening, Weymouth beat the Coliseum team in an Old Colony league game, 3 to 1. At the City Square alleys, the City Square team beat the Norfolk Downs team 4 to 0.

Hanson rolled high single of 131. Kiley had high total of 317, with Burke second with 316 and Blake third with 315.

In the Wollaston Tennis Club at the Coliseum alleys D beat B, 4 to 0, F. and C split even and A beat E 3 to 1.

Carr had high single of 105 and Powers had high total of 285.

CONNOR MADE NEW RECORDS

Clipped 31 Seconds From the Mile Time at Y.M.C.A.

BATES A POINT GETTER

Allan Connor, one of the mainstays of the Quincy High School track team made two new records in the local Y. M. C. A. meet in the gym Wednesday afternoon.

Running in a large field of entries and with three men finishing before him he secured the time prize in the 600 yard event. Running from scratch he clipped 31 seconds from the mile record, negotiating the track in 5m. 21s.

Bates was the highest individual point getter, making 15. White and Sturgis Hunt were tied for second place at 14 and in the toss up White won the place.

The summary:

Standing high jump—Davis (4in.) and Roach (4in) tied; White (scratch), second; Hunt (2in) and Dahlquist (3in), tied for third. Height 4ft. 10in.

150—Yard dash—Won by White (scratch); Hunt (scratch,) second; Bates (10yds), third. Time, 20 1-5 s.

Potato race—Won by Davis (3yds); White (scratch), second; Berg (6yds) third.

Potato race—Hunt (scratch) and Roach (6yds.), tied for first; Burgin (10yds.) second.

Potato Race—Won by Bates (4yds); Dahlquist (6yds) second; Moran (4yds) third.

Running broad jump—Won by Bates (3ft.); White (scratch) second; Burgin (3 1-2 ft.) third. Distance, 17ft. 3in.

600-Yard run—Won by Hunt (40yds); Bates (50yds.) second; White (25yds) third; Connor (scratch) fourth. Time, 1m. 35 1-5s.

Mile run—Won by Connor (scratch) Hunt (30yds) second; White (30yds), third. Time, 5m, 21s.

BRIEFS

GOOD WORK PROGRESSING

Associated Charities Directors' Report on Work

DONATIONS RECEIVED

The directors of the Associated Charities of Quincy, met in the office, 148 Goffe street, Tuesday afternoon. The treasurer, Rupert F. Claflin, reported a satisfactory balance in the treasury. Miss Purchase, general secretary reported 14 new families in February and 29 in January, with many perplexing problems continuing from week to week. In February there was a great variety in the sources of reference. Two families were referred by the Associated Charities in other cities; the Overseers of the Poor referred two; the Quincy court one; Truant Officer one; Social Service one; One from the State and one from the Quincy Charitable Society, one from a child helping agency a private individual referred one, and there was one personal application. The number of calls made on the families does not vary much from month to month and averages about 200. The office reports 69 callers on business during the month.

Donations were received as follows: From Whatsoever Circle, Kings Daughters, $2 for shoes for child; $1 from the Junior Lend-a-Hand Club cents from Mrs. Charlotte Cummings fro mthe Junior Lend-a- Hand Club for milk. There were also donations of clothing from Mrs. Lucy P. Pinkham and Mrs. Edwin E. Davis.

BRAINTREE QUIT THE GAME

When Manning Was Disqualified By the Referee

BEHIND AT THE TIME

The Braintree Circle quintet left the floor of the Clapp Memorial Gym Wednesday evening in its game with the Clapp Memorial five, in the South Shore League. because Manning, the right forward of the Braintree team had been disqualified, having been accused of rough playing.

At the time that the game broke up the Clapp Memorial quintet was leading by the score of 36 to 20.

By winning this game Clapp Memorial is placed in the lead of the South Shore League.

DOW IS SENTENCED TO STATE PRISON

Former Boston Broker Stole $250,000 From His Clients

Boston, March 20.—Stephen R. Dow, the State street stock promoter, was sentenced to from eight to twelve years in state prison by Judge Brown of the Suffolk superior court, for the larceny of $250,000 from three mining companies. Stay of sentence was allowed, pending Dow's appeal to the supreme court.

Dow was head of the brokerage firm of Stephen R. Dow & Co. He was also the head of several mining companies, from which the government alleges he stole funds.

He was a member of the stock exchange, but when it became known that he had borrowed large sums from companies he represented he was expelled.

On Sept. 23 Dow assigned to his attorney. In an official report later it was said that Dow's liabilities were $520,160.56, as against $142,169.82 in assets. There was only $5 in cash assets.

The Latest In Cameras

Baltimore, March 20.—Dr. Wood of Johns Hopkins university has invented a camera which takes photos covering 180 degrees at one exposure. It is called the "fish eye" camera.

New Military Balloon Destroyed

Karlsruhe, March 20.—Another German military dirigible of the rigid Zeppelin type was destroyed near here. It was but recently launched.

THOMAS GAMMON,
Superintendent.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Adress: F. J. Cheney & Co., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

THE QUINCY DAILY LEDGER

LARGEST **GUARANTEED** CIRCULATION IN THE CITY

Vol. 28 No. 68 QUINCY, MASS., FRIDAY EVENING, MARCH 21, 1913 PRICE TWO CENTS

MRS. LEWIS BURNED TO DEATH BY SPARKS FROM OPEN FIRE PLACE

Daughter Rushed to the Aid of Her Mother Who Was in Flames

Mrs. Howes Badly Burned Trying to Save the Older Lady

Mrs. Jennie Laws, aged 86 years of Braintree died at the home of her daughter Mrs. Emma Howes at 6.30 Thursday evening as a result of burns received early in the afternoon by her clothing taking fire from sparks from an open fire place. Mrs. Howes heard her mother screaming for help and rushing into the room found her enveloped in flames. She seized some rugs and wrapping them about the blazing woman succeeded in extinguishing the flames but not before she was herself badly burned about the hands. Mrs. Laws was badly burned about the face and upper part of the body.

A physician was summoned but the unfortunate woman died shortly before 6.30.

LETTER CARRIERS DANCE.

The annual dance of the Boston Letter Carriers' Mutual Benefit Association will be held at Mechanics building, Boston, May 14. Among the members of the general committee, are the following carriers from this vicinity: J. T. Cain, J. J. Cunniff and W. L. Jacobs; South Braintree, C. E. Greelish; Milton, F. W. Gappers.

PRATT'S BREAD made of the best flour by the best bakers. Your grocer.

TWENTY MEN DEGREE TEAM

Will Perform Initiation Work For Scandia Lodge

Arrangements for a class initiation, April 3rd were made at the meeting of Scandia Lodge, Order of Vasa at Protection Hall, Thursday evening. Eight applications were received and 60 candidates will be initiated.

The work will be performed by the degree team of 20 men from King Oscar the Second Lodge of Cambridge.

Grand Master Oscar Oltenelen of Lynn and District Deputy Gunner Flodstrom of Dorchester will be present.

The committee in charge is Mrs. Hilma O'Brien, Mrs. Hilma Johnson, Miss Elfreda Carlson, Oscar Johnson, Wolfred Anderson, Carlo Bonnivier and Carl Bustin.

This Is How the President's Wife Will Cook the Easter Ham

MRS. Woodrow Wilson, who is said to be a fine cook, gives the following recipe for the preparation and baking of a ham:

Select a small ham. Wash thoroughly in cold water and cover with a layer of baking soda, which is scrubbed into the ham with a brush. Rinse off and trim neatly and place in a bake pan. Mix the seasoning, consisting of a half teaspoonful each of cloves, cinnamon, celery seed and pepper.

Rub the whole into the surface of the ham and cover with a very thick layer of onion, minced fine.

Cover the whole with a layer of pastry made by mixing a cup of sifted flour in half a cup of water. This pastry is rolled out thin and wound about the ham closely. The bake pan is then filled with boiled cider and placed in the oven to bake slowly and steadily for four hours, with frequent bastings from the cider.

Serve with candied potatoes, baked squash and spinach done in butter, with a relish of apple sauce.

Easter Hams weigh about 9 pounds **lb. 20c**

Sugar Cured from Little Pigs

Choice Smoked Shoulders very lean **lb. 14c**

CHARLIE ADAMS AGAIN ELECTED

M.Y.R.A. Does Honor to Enthusiastic Yachtsman

SCHEDULE FOR SEASON

Ex-Mayor Charles Francis Adams, 2d was reelected president of the Yacht Racing Association of Massachusetts, an the annual meeting, Friday evening at Young's hotel, Boston. One of the most important actions was changing the date of the annual rendezvous, which usually takes place soon after Labor Day to Columbus Day, Oct. 12. Some of the racing dates which usually end with Labor day have been extended into the month of September, thus lengthing the racing season by several weeks. The dates for the open races under the auspices of the association for the season, subject to slight revision, and minus the date of the Winthrop

CHARLES F. ADAMS, 2nd.
Re-elected President M. Y. R. A.

club, were decided upon as follows:

May 30, Friday—South Boston Y. C. at City Point.

June 7, Saturday—Boston Y. C. at Marblehead.

June 14, Saturday—Columbia Y. C. at City Point.

June 17, Tuesday—Boston Y. C. at Hull.

June 21, Saturday—Mosquito Fleet Y. C.

June 21, Saturday—Corinthian Y. C. ocean race.

June 28, Saturday—Savin Hill Y. C.

June 28, Saturday,—Eastern Y. C. special open.

July 4, Friday—City of Boston regatta at South Boston.

July 5, Saturday—Manchester Y. C. (Class P.)

July 5, Saturday—Quincy Y. C. (Classes D, I, X).

July 12, Saturday—Wollsaton Y. C.

Aug. 2, Saturday—Lynn Y. C.

Aug. 3, Sunday — Squadron run Lynn to Marblehead.

Aug. 4, Monday—Eastern Y. C. at Marblehead.

Aug. 5, Tuesday—Boston Y. C. at Marblehead.

Aug. 6, Wednesday—Corinthian Y. C. at Marblehead.

Aug. 7, Thursday—Corinthian Y. C. at Marblehead.

Aug. 8, Friday—Corinthian Y. C. at Marblehead.

Aug. 9, Saturday—Corinthian Y. C. at Marblehead.

Aug. 21, Thursday—Boston Y. C. at Hull.

Aug. 22, Friday—Boston Y. C. at Hull.

Aug. 23, Saturday—Boston Y. C. at Hull.

Aug. 30, Saturday—Nahant Dory Club (small classes.)

Sept. 1, Monday (Labor Day)—Bermuda cup race, from Winthrop.

Sept. 6, Saturday—Jeffries Y. C.

Sept. 20, Saturday—Hingham Y. C.

Oct. 12, Sunday—Association rendezvous.

March 21-2t

WORKINGMEN'S COMPENSATION

J. A. Sedgwick Told of Plan of Better Insurance

The Men's club of the Wollaston Methodist church opened its meeting Wednesday evening with a supper. The program included as speakers several of the club members and B. Atwood Robinson of Boston.

A. B. Cassidy told of fishing experiences with several of the club members and J. A. Sedgwick explained a bill he had introduced concerning workingmen's compensation.

This would permit a manufacturer to insure himself and guarantee the employee greater benefits than he would receive from an insurance company.

It would permit the manufacturer to carry liability insurance at a lower cost and assure the employee of quicker and better attention than he would receive from an insurance company.

Other speakers were A. N. Murray, F. A. Sutermeister, Rev. Wesley Wiggin, S. N. Belcher, W. C. Saunders, W. E. Robinson, A. N. Merrill, T. E. Perley and T. N. Lane.

ACCEPTS CALL TO MILTON CHURCH

Rev. H. Boyd Edwards to Come to St. Michael's

Rev. H. Boyd Edwards, assistant rector of the Christ church of Cincinnati, O., has acepted the call to the rectorship of St. Michael's church in Milton. He notified his church of his determination, Wednesday afternoon.

He also mailed to the officials of St. Michael's Church his formal acceptance of their offer, and to the officials of Emmanuel Church, West Roxbury, his formal declination of their offer. It developed that Mr. Edwards had also received a call fro m St. Mark's church, New York city, which he, of course, will also decline.

Mr. Edwards will remain in his present charge until the second Sunday in June, when he will take up his new work. This is in order to care for the parish and institutional work of Christ church until the return of the rector, Rev. Frank Nelson, who is spending a year in Rome about June 20.

EARLY JEWISH HISTORY TOPIC

At Session of the Young Men's Hebrew Meeting

There was a large attendance at the third lecture of the Quincy Young Men's Hebrew Association Thursday evening, in the vestry of Congregation Avath Achim, School street, Rabbi Phineas Israeli, of Temple Adath Jeeshurum, Roxbury, was the speaker, and his topic "Early Jewish History." He spoke at length on historic passages in the Bible, speaking pleasingly and entertainingly, deeply interesting his listeners. The lecture was the first of a series of three on Jewish History. The subjects of the next two will be "Mediaeval Jewish History," and "Modern Jewish History." These lectures, which are educational as well as entertaining are very popular with Quincy Jews. The best speakers on their respective subject in New England are obtained, and this fact adds to the success of the series.

The following committee has charge: Edward Berman, chairman; Joseph B. Grossman, Sidney Litchman, William Asnes, Samuel Grabousky, Joseph Szalnmary, William Wolf, Isidor Abrams, and H. PhIlip Levowitch.

LIVINGSTONE CENTENARY

Observed With Appropriate Exercises at Baptist Church

At the Calvary Baptist church, on Wednesday evening, a very successful celebration of the Livingstone centenary took place under the direction of the Woman's Missionary Society. The following program was given:

An Account of the Early Life of Livingstone, David MacLean
"Who Follows in His Train."
Class of Young Ladies
David Livingstone as a Missionary,
Alice R. Tilley
Livingtsone as an Explorer,
Mr. Robert Farquhar
Recitation, "Droop, Half-Mast Colors." Miss Margaret Hoffman
Prayer, Life and Death of Livingstone, Pastor Tilley

Mrs. Kidder and Mr. Farquhar sang a duet and the choir the funeral hymn of Livingstone. Master Harold Kidder prepared an excellent map of Africa, showing the journeys of Livingstone. A social hour was enjoyed at the close of the program.

100 REBEKAHS HAD GOOD TIME

An entertainment followed the regular meeting of George L. Gill Rebekah Lodge at Odd Fellows hall Thursday evening. Two applications were received.

The entertainment was by the Ward 2 members, with Miss Ethel Jones in charge.

The program opened with a piano solo by Miss Beatrice Lowe. Master Chester Moyle gave several pleasing violin solos and a reading by Miss Louise Moyle were well received.

George L. Crichley rendered two cornet solos. He was accompanied by Mrs. Clara Noyes.

The second part consisted of white faced minstrelsy. Andrew J. Dinegan, Joseph Daley and Fred McDonald sang popular song hits with Leo Kenny as the accompanist. Their presentation closed with a tamborine circle and a medley of lively airs.

Refreshments were served and nearly 100 enjoyed the evening.

Frihet lodge of Good Templars announce a stereopticon lecture for Saturday evening, when Dr. A. F. Christian of Boston will speak on "Influence of alcohol on organs of the human body," at Electa hall.

MRS. BERRY'S WILL SUSTAINED BY VERDICT RENDERED BY JURY

Similarity of Names and Mixture of Matter Led to Rather Annoying Mistake

Mrs. Berry Never Thought of Suicide or Talking With Pictures

(Special to the Ledger.)

Dedham, Mass., March 21—The jury in the case of Mrs. Addie S. Harris vs. George H. Brown, executor of the estate of Sophia Berry, contest on the allowing the will of the deceased brought in a verdict sustaining the will this morning.

Through a similarity of names and a mixture of matter and type, an unintentional erroneous impression was created, Thursday by the story of the trial of the contest over the will of Mrs. Sophia Bery, which was before the superior court at Dedham, the present week and was ended Wednesday afternoon. The will of Mrs. Berry is contested by her adopted daughter, Mrs. Addie S. Harris.

When the case was ended another case was taken up in which the parties interested were named Harris and in the story of the first case which reached this office, matter pertaining to both cases were so run in that it looked as though certain statements made by counsel in the second case were a part of the first case.

For instance it was claimed by counsel in the second case that one of the interested parties had peculiarities that she claimed to have pictures which talked to her and that she had attempted suicide.

Unfortunately this was conveyed in such a way that it led to the impression that the lawyer was speaking of Mrs. Berry. As a matter of fact no such testimony or statement was made in the Berry case and none of the interested parties made any intimation of such conditions. None of the things conveyed in this second case could be credited to Mrs. Berry in the remotest degree.

Theh eading of the article gave an impression which was also misleading.

The Ledger gladly makes this correction and regrets the cause which led to it. That it was wholly an accident and due to the similarity of names and the mixture in the text of the story is accepted by all persons interested.

IMPORTANT MEETING.

An important meeting of the Executive committee of the Wollaston Citizen's Association will be held at the home of president William Dean Sanford, 191 Belmont street, this evening. This is in preparation of the regular monthly meeting of the Association, the last of the month. The hall and other committee will report.

EDITORIAL COMMENT.

The Boston laborers will have another wait for their $2.50 day. It was expected.

Gov. Foss is keeping the Democratic politicians jumping, about his appointments.

The Secretary of state has early entered upon a campaign of touring the country.

It is all very well for the base ball writers to kick at the joke stuff sent out over players names, but it will not stop until the editors quit fooling the public with this junk.

And by the way how much are the writers themselves responsible for a condition which they did not look far enough ahead to see coming?

The Congressional committee investigating the Washington police very wisely desire evidence rather than resolutions. Most every court of inquiry would take the same ground.

And now notice is taken of a woman who says that the corsetless woman is responsible for immorality. If it is not one fool thing it is another that people manage to get into the limelight.

Spasmodic reformers are of no particular use to themselves or any one else. In the main they are a bad asset for any community.

It looks bad for that celebration appropriation but then necessities were ever paramount to luxuries.

What will become of the garment worker cases when they come before the superior court?

ASHES A PLENTY.

The Board of Health is to be commended for its enterprise. They have solved the ash question to nicety. Ashes to ashes and so on, but there is no need of continuing the quotation. Those who know it will be wise and those who do not will lose nothing by the omission. But to return to the disposition. If any citizen wants ashes for filling in purposes here is the chance. All they have got to do is step forward and make a bid. The ash pile goes to the highest bidder. The Board has not made clear however whether the bidding is to be for the entire season's product or just merely a job lot, at odd times. This point must be made clear before the bidders will flock around the auction block. When that is established every body will know just where they stand on the ash question.

However it is a very satisfactory way of disposing of the collection and at the same time will produce a source of revenue to the department.

THE EASTER SEASON.

The gladsome Easter time is with us and all civilized people of the earth are looking forward to a proper observance of this principal festival in the Christian year. The period denotes the closing of the Lenten season and commemorates the resurrection of the Savior, after his many trials, death on the cross and burial in the sepulchre. It is a season of joyousness to Christian people all over the world and in the churches and even in the homes, there will be glad rejoicings, singing of music appropriate to the occasion and the teachings of the lessons of the period, which have such a firm hold upon Christian believers. All the seriousness and sacrifices of lent are cast aside in the glory of the resurrection.

To some people it means aside from those spiritual features, more material interests such as gay attire, particularly new attire, but the season is so early this year that there is little possibility of much bravery in this department. The spirit of gratitude for what we have and of thankfulness and hope for an abundant future are however things which enter into thoughts of people at this time.

URGED TO BE PATIENT

Friedmann Issues Statement to Sufferers From Tubercular Ailments

New York, March 21.—Frederick F. Friedmann, the German doctor who claims to have discovered a cure for tuberculosis, issued a warning to sufferers from pulmonary consumption and other tubercular ailments in all parts of the United States not to come to New York for treatment. The statement follows:

"Do not come to New York at this time. Stay at home and keep your patience. It won't be long until you will all have the opportunity of receiving my treatment.

"The trip to this city consumes your strength and vitality. You cannot afford this expenditure.

"A railroad trip to this city may cost you your life; so do not embarrass me by making such a trip, because I cannot now treat any but such sufferers as are countenanced by the government physicians."

WHIST PARTIES AT SOMERVILLE

For the Proposed Woman's Club House at Squantum

A delightful whist party in aid of the Squantum Woman's club was given Wednesday night at the home of Mr. and Mrs. Fred A. Trask, 96 Elm street, Somerville. Ten tables of whist were played in the evening and in the afternoon at a ladies' whist there were five tables. The funds raised will go toward the club house fund. At the afternoon session the trophy went to Mrs. Charles Bostwick of Squantum. At the evening play the souvenirs were awarded as follows: first ladies, Mrs. Edward Eager; second Mrs. Herbert A. Smith; third, Miss C. M. Nyman; consolation, Miss Beulah Shumway; gentlemen first, C. H. Drowe; second, C. V. Scott; third, Mr. Morgan. Those present in the evening were: Mr. and Mrs. Ballou, Mr. and Mrs. Morgan, Mr. and Mrs. Brigham, Mrs. A. Campbell, Mr. and Mrs. Cowe, Mabel Higgins, Mrs. Kinsman, Lottie Kinsman, Arvie Perkins, O. V. Scott, Mrs. Scott, I. S. Nyman, M. J. Steeves, C. H. Steeves, C. E. Holt, Mrs. C. E. Holt, James J. Sweeney, Mrs. D. C. Weston, May S. Cross, Mr. Grew, Mrs. Plank, Mrs. Emma C. Nilsson, Mrs. Charles S. Purcell, Mrs. Frank Anderson, Gordon Nilsson, Mr. and Mrs. E. F. Eager, Mrs. P. McGrain, Mr. and Mrs. C. S. Bostwick, John R. Nelson, Mrs. William A. Reed, Mr. and Mrs. Mark Reedmond, Joseph Upplin, Mrs. James H. Foster, Mr. and Mrs. H. A. Smith, Miss Beulah Shumway and Thomas Atkinson. The souvenirs were handsome hand painted china.

LENTEN SERVICES.

At Christ church this afternoon at 4 o'clock there will be a children's service and address and in the evening at 7.45 o'clock processional litany and address. Holy Baptism administered Saturday afternoon at 3 o'clock.

At Bethany Congregational church this evening the people are invited to assemble for worship in the auditorium to celebrate the death of our Lord. The communion will be administered by the pastor and Rev. Edward Norton pastor emeritus. Members of any denomination are invited to commune with us. The vested chorus will sing communion hymns.

POLICE SEEK MURDERER HERE

Fugitive From Worcester Thought to Be in Quincy

STRANGER ACTED QUEERLY

The Quincy Police searched this city Thursday in an effort to locate a man supposed to be Leonardo Renardo who is wanted by the Worcester police for the alleged killing of Pasquale Trojano, 30 years, while he was standing on a street corner in that city Thursday morning an Italian, answering, as far as can be learned, the description of the fugitive rushed into City Hall and inquired the location of a street here. He was excited, had evidently been hurrying and left immediately upon getting his directions.

A city official aware of the killing through the reports in a morning paper communicated the man's description to the police and immediately three officers were dispatched to the supposed destination of the Italian. After an all day search no trace was secured.

Renardo escaped in the confusion which followed the shooting and disappeared in the direction of Boston and Framingham. The man who entered City Hall had just left a train and his actions and appearance gave rise to suspicion.

The man will be arrested on sight and descriptions have been sent out by the Worcester police. Witnesses to the shooting declare that Renardo deliberately fired two shots at his friend without provocation. Both shots took effect and Trojano died while being taken to the hospital.

Both the murdered man and the fugitive are granite cutters and the police believe that it is very probable that Renardo has friends here. They feel however that no real effort would be made to shield the man.

REMEMBERED HIS BIRTHDAY

Parishioners of Pastor Lillback Gave Him a Surprise

At the close of the religious service at the Finnish Congregational church, Thursday evening on invitation of Deacon Nelson, the entire congregation repaired to the vestry where a little surprise was sprung on the popular pastor of the church, Rev. John E. Lillback. While some were in the secret, there were others who were not aware that it was the pastor's birthday. Busy hands had decorated the apartment with tulips and carnations and on a table 33 candles were in position indicating the age of the pastor while on the birthday cake which was in evidence were lighted candles to the number of his family. Refreshments were served and a generally pleasant hour was spent. Rev. Mr. Rackett spoke, congratulating the pastor upon his birthday, his church, flock and the good work he had performed in the ministry. The choir sang, "Through The Gates of Pearls."

Rev. Mr. Lillback, in responding to the remarks of the previous speaker thanked his people and the preacher for their good wishes and pledged himself to continue in the field of labor for their good.

FINNISH CHURCH.

Special services were held at the Finnish Congregational church, last evening in commemoration of Holy Thursday. The church was handsomely decorated with pink carnations, myrtle and ferns and over the altar in floral lettering of mammoth size appeared the inscription, "Thou shalt live in the house of God forever."

Rev. J. Vaananen of Maynard spoke on "The Eve of the Crucifixion." The church choir sang, "Will there be any stars in my crown?" Miss Ketonen sang "In Gethsemane." Rev. J.E.Lillback and Rev. J. Vaananen sang a duet accompanied by the church organist.

THE HIGH SCORERS.

The high scorers at the whist party given in Odd Fellows Hall, Thursday afternoon by the George L. Gill Club were Mrs. Sarah Williams, Miss M. Lizzie Furnald, Mrs. George Gragg, Mrs. J. Keniley, Mrs. William Westland. Mrs. Marjorie Davison was presented with a consolation trophy.

THROWING UP THEIR JOBS

Postmasters Do Not Take Kindly to Burleson Civil Service Plan

Washington, March 21.—As a result of the extension of the classified civil service to include fourth class postmasters and the announcement that postmasters of this class would be asked to qualify in a competitive examination, the postoffice department has been flooded with resignations from the service.

Officials declare about 2000 fourth class postmasters have resigned since the executive order putting them under civil service rules was issued. Practically all of the resignations are in postoffices where the salary is merely nominal and where at times the expense of conducting the office equals the compensation.

While the department is endeavoring to secure new postmasters, the incumbents, although they have resigned, will be forced to discharge the duties of the office.

ROYAL ULSTER ASKS "RECONSIDERATION"

Taken to Mean Modified Challenge For America's Cup

Belfast, Ire., March 21.—The Royal Ulster Yacht club yesterday cabled to the New York Yacht club asking for a reconsideration of its refusal of Sir Thomas Lipton's challenge for the America's cup.

New York, March 21.—The New York Yacht club received the cabled request for a "reconsideration" of Sir Thomas Lipton's challenge, but declined to give out the text of the message pending its official consideration. A meeting of the club is scheduled for March 27, but it is possible a special meeting will be held before then to take up the matter.

Recent dispatches from London have said Lipton might modify the terms of his recent challenge, eliminating the clause which sought to limit the defender to seventy-five feet waterline.

"JOKER" UNDER ARREST

Has Kept New York Town Sneezing For Over a Month

Poughkeepsie, N. Y., March 21.—Persons in Staatsburg, near here, have been sneezing for more than a month because some one has been scattering "sneeze powder."

John Waldron, an insurance agent, was arrested, and it was said that he was found scattering some of the powder in John Horan's store. The case will be considered by the grand jury.

Several persons who have been sneezing have become seriously ill.

LEAVES ONLY $32,000

Tom Johnson Lost Bulk of Large Fortune In Poor Investments

Cleveland, March 21.—Tom L. Johnson, late mayor of Cleveland and champion of 3-cent carfare, left only $32,070.12 of the wealth he once had, according to a report of the appraisers of his estate. Mrs. Margaret Johnson, the widow, obtained $4000 for a year's support.

Johnson lost the bulk of his fortune in poor investments and spent a large sum fighting for low carfare in Cleveland.

WILL ENFORCE HATPIN LAW

New Orleans Police to Be Instructed to Arrest All Violators

New Orleans, March 21.—The police here will be given special instructions Monday to arrest any woman found violating the hatpin ordinance of the city recently passed.

The ordinance provides that no hatpins shall protrude beyond the hat unless the point is covered. The penalty is a fine of $1 to $10, or imprisonment from six hours to five days.

SUCCESSFUL MASQUERADE

A successful masquerade party was held at Alpha hall, Thursday evening under the auspices of the Swedish Socialist Labor club. About 250 attended and enjoyed dancing until midnight. Music was furnished by the Colonial orchestra.

Mr. and Mrs. H. Wallin, representing the Swedish and English Socialist papers were awarded first prize. The second trophy was given to Ben Froberg, a Spanish Don and Miss Hilma Hallenius, a Swedish peasant. John Hedin as a Mediaevel Noble and Mrs. John Hedin as a Lapland Girl were presented with the third Trophy. Vanner Johnson, dressed as a woman was declared the wearer of the most comical costume.

The committee consisted of Hjalma Sterberg, John Hedin, Frank Williams, Jean Allgorin and S. Hellstram.

PLENTY SMOKE LITTLE FIRE

Caused Some Excitement in the Greenleaf Block

There was considerable excitement in and about the Greenleaf block Thursday night when smoke from the boiler room filled the stores on the first floor and the offices above. The smoke was caused by some waste paper taking fire near the boiler. There was but little blaze but plenty of smoke.

AMUSEMENTS

DOINGS ON THE STAGE IN

BOSTON AND VICINITY

COMING TO THE

BOSTON THEATRE

MACLYN ARBUCKLE

IN

"THE ROUND-UP"

SPECIAL PRICES

The attraction at the Boston Theatre beginning Easter Monday, March 24, will be the return of Maclyn Arbuckle in Klaw & Erlanger's massive production, "The Round-Up." The theatrical annals of Boston do not record such a towering success as "The Round-Up." It is the Great American Play of the hour. Every character and scene in the piece breathes the life of the great Southwest. The enthusiastic interest displayed by every audience is the most flattering endorsement this really great production can receive The battle scene in the third act is a stupendous stage effect, the like of which has never been seen before. The appearance of twenty mounted Indians riding along a ledge of rock far above the stage level is a thrill indeed, but it is far surpassed in the great incident at the end of the third act, when "Slim" Hoover, the sheriff, and a troop of cavalrymen are shown in an actual hand-to-hand fight with a band of Apache Indian marauders escaped from their reservation. There have been great thrills presented on the Boston stage in years past, but nothing that touches this in point of realism has ever been seen in any theatre in the world. In the last act a group of cowboys are shown riding bucking broncos. This, too, is a novelty never before seen in what is termed an indoor attraction.

The magnitude of this production is such that it can only be played in a few cities and in the largest theatres. Its performances at the Boston are the only opportunities those living within a reasonable journey of Boston will have of seeing this tremendous dramatic sensation. So great is the demand for seats from those living at a distance from Boston that a special bureau has been established for the expeditious handling of mail orders, which when sent with cash or money order and accompanied by addressed, stamped envelope, receive immediate attention. Regular matinees Wednesday and Saturday.

Special Prices will prevail during "The Round-Up" engagement—25c, 50c, 75c and $1.00. **No seat over $1.00.** Seat Sale Tuesday, March 18; Mail Orders Now.

B. F. KEITH'S THEATRE.

Exactly nineteen years ago, March 24 the doors of B. F. Keith's beautiful theatre were thrown open to the public for the first time. For the week beginning with the anniversary of this epoch-making event in the history of American vaudeville, Mr. Keith has arranged a stupendous all-star bill, one that is thoroughly typical of the tremendous strides made in vaudeville in the past two decades. Henry Woodruff, the popular legitimate actor, and former star of "Brown of Harvard," will make his vaudeville debut in a one act comedy playlet by John Stokes, entitled, "A Regular Business Man." This is a merry comedy dealing with the mishaps that befall a young millionaire who decides to break into business via his father's office, "just like a regular business man." The youngster succeeds in his purpose. He not only becomes a regular business man, but wins the heart and hand of a pretty stenographer in his father's office. The novelty of the week will be Travailla Brothers and their wonderful Diving Seal "Winks," who performs most startling feats beneath the water in a mammoth glass tank. W. C. Fields the silent humorist, just returned from Europe will be another big feature, and Dolly Connolly and Percy Wenrich the song writer, have a series of new popular song hits. James Leonard and Co., will present "When Ham Let Her," an amusing travesty on Shakespeare's immortal tragedy; Morgan Hayes & Morgan, ratheskeller entertainers; Dooley and Parkerin Odd Funnyosities, The Granscoms, in novel specialty, and the wonderful Thomas A. Edison Talking Motion Pictures, with all new subjects.

CASTLE SQUARE THEATRE.

With the coming week at the Castle Square, "Believe Me, Xantippe" will begin its tenth week, and at the same time it will exceed in length of run all previous productions at that house "The End of the Bridge," it will be remembered run for nine weeks and thus Mr. Ballard's play has overtaken and is passing the remarkable success of two years ago. "Believe Me, Xantippe" is a lively comedy filled with brisk dialogue and breezy action, and in four acts are a perpetual entertainment with Mr. Craig. Mr. Meek and Miss Young in the leading roles.

MOTOR TRUCK SHOW.

The Motor Truck Show opened Wednesday evening at Mechanic's building, Boston, and bids fair to be the greatest and most interesting show of its kind ever held.

"A truck for every purpose" is the boast of every dealer and after looking over the great array of vehicles of every size and description you will agree with them. Every form of body is exhibited from the plain caravan-like floor to the huge automatic dump bodies used by the coal and contracting companies. The little quarter-ton fast delivery wagon, the fast express trucks, some of monstrous size, the handsomely appointed cars used by the florists, etc., the speedy, easy riding ambulance, the police patrol, the passenger cars, fire-fighting apparatus, the big cage-like trucks used by the box manufacturers the lumber trucks with quick detachable bodies, the immense coal trucks which can be dumped and righted in thirty seconds without the driver leaving his seat, are all there.

Many novel features are shown for the first time and any man in business who visits this show is bound to be intensely interested in the many time and money saving devices.

Several orchestras give concerts every afternoon and evening and a very pleasant hour can be spent taking in the various exhibits, the decorations, listening to the excellent music, etc. The Show will be open every day, excepting Sunday, from 10 A. M. to 10.30 P. M. closing March 26, at 10.30 P. M.

BOSTON OPERA HOUSE.

For the final week at the Boston Opera House, beginning March 24, Director Henry Russell has prepared one of the most attractive repertories of the season. Not only will the most successful of the novelties be repeated for the last time, but also will come a bevy of operatic stars of the first magnitude, artists who cannot fail to lend brilliancy and eclat to the concluding week of the season of 1912-13. Monday Flotow's "Martha" will be given its first subscription performance; Wednesday evening Mme. Lilliam Nordica, always a favorite with Boston audiences will make her sole appearance for the season as Isolde, in Wagner's immortal music drama "Tristan and Isolde." Offenbach's "Tales of Hoffman," which served to so brilliantly open the season, will be sung again on Friday evening with an all-star cast. Saturday night the season will be brought to a triumphant finale, when "The Jewels of the Madonna" will be sung.

BRAINTREE STILL ON JOB

Town Meeting After Appropriating Some Money

GOES TO FOURTH SESSION

The third town meeting in the series was called to order Thursday evening by the moderator, B. H. Woodsum, Jr., Article 40 was taken up and under this article it was voted that the town raise and appropriate the sum of $4000 for the purchase of a public playground in precinct 3 and that a committee of seven members be appointed by the moderator with full power to carry out the full provisions of the vote. There was an extended argument mingled with much comedy before the vote was passed and one hour and a quarter were consumed in debating the matter.

Article 39 was then brought up for reconsideration and it was voted that the sum of $500 be expended on the Hollis playground but that no money should be spent until a plan of the playground had been presented to the selectmen and had been accepted by them.

Article 36 was then moved for reconsideration, due notice having been given but the scheme to increase the appropriation made at the previous meeting was defeated by the refusal to reconsider, the vote standing 100 to 62.

Under articles 41 to 43 inclusive all action was indefinitely postponed in regard to appropriating money for a public landing on Monatiquot river, appropriating $500 for a Fourth of July celebration or electing a board of park commissioners.

In disposing of articles 44 to 46 inclusive, the following sums were appropriated:

Miscellaneous expenses—$2000.

Abatement of taxes—$1500.

To assist Post 87 G. A. R. in defraying expenses of Memorial day—$200.

Articles 47 to 50, inclusive, relate to the electric light department and the following sums were appropriated from the income of the department:

For depreciation fund—$4490.75.

For Interest on bonds—$660.

For Sinking fund—$430.

Construction of street lights.. $386.25.

Salaries of municipal light board—$300.

The remainder of the income together with the small remaining balance of the income of 1912, viz, $33.75 was appropriated for operating expenses, repairs, renewals and new construction. In regard to appropriating money for extending the street lights on Commercial street to the Quincy line and extending the lights on West street to the junction of Franklin and Granite streets it was the sense of the meeting that the light board compute the cost of such extensions and report their findings to the next meeting.

The meeting was adjourned at 10.05 until next Wednesday evening at 7.45 o'clock.

BURGLARS SHOWED PARTIALITY FOR LADIES' DAINTY HAT PLUMES

That Did Not Prevent Their Capping $250 Worth of More Serviceable Articles

The Looters Had Plain Sailing Through Skylight on Flat Roof

The store of Joyce Bros. & Co., of Granite street, entered by burglars sometime during Thursday night and clothing taken to the value of about $250.

Entrance to the store was effected through the skylight on the flat roof. The glass in the skylight was smashed and the parties then dropped down through to the floor. The store is situated in the Faxon block of stores which are one story high and have flat roofs so that the roof is an easy matter to reach.

Once inside the burglars had plenty of opportunity to work without being seen, as the main store is hidden from the view of the street by cases containing goods. According to Mr. Kennedy the manager the parties secured five suits of clothing, two overcoats, one rain coat, two dozen neckties and two dozen plumes such as are used in ladies hats.

The parties made their exit through the rear door. They first broke through a door leading to what is known as the alteration room. Once in this room it was an easy matter to get into the rear yard for all that was necessaryw ast o push the bolt on the rear door and walk out.

While it is not known just what time the break was made it is not among the impossibilities that the parties might have done their work in the early evening and got out of town on one of the late evening trains,

The store closes at 6 o'clock Thursday night and the break was not discovered until it was opened for business this morning.

NOTICE

TO

REAL ESTATE DEALERS AND OWNERS

Your leaky roofs repaired, old shingles treated with a composition that will preserve them for a term of years. It is a Portland Cement composition that is highly endorsed by the Board of Fire Underwriters of New York and Chicago ; also by the leading railroads. It is the most fire-proof, damp-proof and pliable paint that has ever been placed before the public. We also do interior work and exterior house painting, whitewashing decorating, calsomining and paper hanging. All work done by experienced workmen. Drop us a line and we will call. It costs you nothing to get our prices before going elsewhere.

AWFUL TIDINGS FROM SQUANTUM

Famine of Coal and Provisions Liable From Bad Roads

MUD OF CLINGING NATURE

According to reports Squantum residents face a serious condition owing to the terrible condition of the streets. Coal dealers have refused to deliver orders to people who have paid cash for their coal in city offices and unless some radical improvement is made this residential section of Quincy stands in a fair way of being cut off from fuel and food supplies. But one grocery firm makes regular deliveries in Squantum now, where two years ago three enterprising firms were hustling for business.

When asked why deliveries had been discontinued one of the merchants replied: "We can send a delivery wagon to Squantum but we never know when it is coming back. We have been compelled to leave wagons stuck in the mud of Squantum streets times enough so that we find there is no profit in delivering groceries where the streets are in such wretched condition."

The experience of a Neponset coal concern in delivering coal in Squantum proved so disastrous that the company had returned all checks and orders that it had received. The company sent an electric truck to Squantum with four tons of coal.

The truck arrived at Huckins avenue at 2 P. M. Four hours later it was on Bellevue road after the men were almost completely exhausted getting the truck out of one mud hole after another. At 7 P. M. two tons of coal were delivered and the truck resumed its journey only to get stuck again. This time the truck was so deeply imbedded that it could not be moved and leaving a red lantern on it, the workmen left the truck for the night. The next day a second truck was sent down to haul out the first and it was 2 P. M. that afternoon before the two were able to get to dry land on the boulevard and out of Squantum. The agent in charge of the trucks said: "We will never deliver another ton of coal in Squantum until these streets are improved." He has kept his word.

Speaking of the condition of Squantum's streets, T. F. Callahan, superintendent of the Boston Sewage disposal plant at Moon Island, said today: "In the 30 years I have been in Squantum I have never seen the streets in more wretched condition The other day a load of furniture was imbedded in the mud for five hours. Finally the truck had to be partially unloaded.

"I know the merchants of Quincy have been kicking and some of them have dropped their deliveries entirely. We have been invited by Mayor Stone to trade in Quincy but I do not see how this can be done when the firms refuse to make deliveries here owing to the deplorable condition of the streets. It is a great surprise to me that Quincy does not awaken to the grand opportunities for business that await it in this section if we could have suitable streets for travel through the main artery of the residential section.

"I know of scores of families here who would gladly trade in Quincy and who are now compelled to trade in Boston because they cannot get delivery of their goods by Quincy merchants. Even when ordered in Boston the citizens have to wait from two days to a week before they are delivered.

"There is $400,000 worth of fine buildings here in this residential section and I do not believe one of them could be saved should a fire start here on one of the windy days which we have so frequently. I am positive that there is not a piece of fire apparatus in Quincy that could go 100 yards on Bellevue road or Huckins avenue without becoming so deeply entrenched in mud that they could not be moved in a day.

PRESIDENT WOODROW WILSON'S CABINET

These are the ten men whom President Wilson has appointed to be his chief advisers. An extra chair was placed in the cabinet room for Mr. Wilson, the first man to hold the newly-created portfolio of labor.

YOU need the Ledger EVERY DAY.

EGGS TWO YEARS OLD

Will Be Fed For Ten Days to Squad of Men In Kansas Test

Lawrence, Kan., March 21.—Age is no detriment to Kansas eggs, according to Dr. Crumbine, dean of the University of Kansas school of medicine and secretary of the state board of health, which yesterday started a series of tests in an effort to prove his theory is correct.

A squad of men employed in experiments for ten days will be fed eggs two years old. The aged cold storage product will be served to the men each day with their meals, and careful records will be kept of their physical condition during the tests.

CONVICTED BY YOUNG SON

New York Man Will Go to Electric Chair For Killing Wife

New York, March 21.—With 12-year-old Frank Spear as the chief witness against his father in the latter's trial for the killing of his wife, the state's counsel brought about the conviction of Alexander Spear, 41 years old, for murder in the first degree.

A supreme court jury was impressed by the son's testimony that his father took him on his knee and showed with the aid of a knife and an apple how he would slash his wife's throat.

Spear was the only witness for the defense. Laughing on the stand, he denied his son's story. Next Wednesday he will be sentenced to die in the electric chair.

JUDGE TO DECIDE BETWEEN TWO WIVES

"Accidental Bigamist" Says He Loves Both Women

Indianapolis, March 21.—Living with his second wife and their 6 months old child, while his first wife and their boy of 6 years, who had traveled from Russia to find him, were being cared for by charity, David Manderjeska, an "accidental bigamist," awaits the decision of Police Judge Collins as to which wife he is to accept finally.

In court David, after an appeal to the judge to help him out of the dilemma, decided he would select the wife he had taken in an Illinois city.

"I love both women and I love my children," pleaded Manderjeska, "but I can't decide what to do. I am telling you what is in my heart, and please, judge, decide for me what I am to do."

Judge Collins made no finding in the case, pending an investigation. Manderjeska married a second time when he heard his wife was dead.

JENNINGS WON'T TALK

Boston Slayer Balks Doctor Who Tries to Examine Him

Boston, March 21.—James B. Jennings, known in the sporting world as "Young Kid Carter," who shot and killed William H. MacPherson in a South End saloon, absolutely refused to answer any of the questions of Dr. Lane, who was requested by Attorney Breath to examine him with regard to his mental condition. As a result, the doctor could form no opinion as to his mental condition either at the time of the killing of MacPherson or now.

The doctor suggested that counsel apply to the court for a commission of alienists to determine this question.

Jennings will be placed on trial on Monday next.

NO MORE FREE LUNCHES

Governor Signs Bill Prohibiting Them In Missouri Saloons

Jefferson City, Mo., March 21.—Governor Major yesterday afternoon signed a bill making it unlawful for saloons to serve free lunches. The law was urged by the St. Louis Retail Dealers' association.

It is said its enforcement will save St. Louis saloon keepers $250,000 a year.

PLEIADES LIGHTED BY STAR REFLECTION

Lowell Observatory Announces an Important Discovery

Flagstaff, Ariz., March 21.—It has been discovered at the Lowell observatory through spectroscope observations that the nebulae in the Pleiades are illuminated by the reflected light of neighboring stars.

It is regarded as a discovery of importance to the astronomical world because of its direct bearing on the nature of thousands of other nebulae and on evolution of the stellar system.

The supposition has been that the nebulae were self-lighting, that is, that they were composed of fiery substances. The discovery would indicate that they are cold bodies.

DROPPED 4000 FEET

Badly Battered Airman Sues For $2.50 a Foot For Fall

Fort Worth, Tex., March 21.—Edwin Clayton, an aeronaut, who fell 4000 feet at Ennis near here two months ago, his parachute failing to work properly, has sued his employer, A. H. Brown, for $2.50 for every foot he fell.

Clayton suffered a broken hip, broken feet, dislocated his knees and injured his spine, but he says he will resume ascensions this summer.

WRONG USE OF CITY RECEIPTS.

Editor Quincy Ledger:

During the past year at the time when the Legislative committee was canvassing the financial condition of the cities one point especially dwelt upon and upon which much testimony was collected related to the adequacy of the twelve-dollar limit. Some cities said that the law as it now stands was sufficient for their ordinary needs and other cities frankly stated that they could not and were not living within the limit. The opinion was freely expressed by many who attended these hearings, but who were however in the majority of cases not officially associated with municipal bodies that the cities had in nearly all cases outgrown the twelve-dollar limit and that the state should take cognizance of this fact by raising the limit to such a figure as could prevent the employment of the numerous present methods of getting around the law. Quincy, to the surprise of those who well knew what we were doing here to get more money for current expense, is recorded as favoring the present law. If the judgment of the city government is that twelve dollars is enough for ordinary needs then let its judgment be enforced by living within the limit. This we are not doing now and have not been doing for years. This year's budget totals over half a million dollars, and the amount that we can raise by the twelve-dollar rule is $422,637.43, or approximately one hundred thousand dollars less than the amount named in the budget. The method used to increase the budget total is to take the receipts of the year—excepting taxes and water and sewer receipts. The receipts of 1912 are, however, not enough to bridge the sum of what we can lawfully expend and what it is proposed to expend for ordinary account. But the point is not that some plan cannot be found that will give the means for the needs of the increased budget, but that we are not following the rule either in spirit or letter, but are in reality encroaching upon some other provisions of the municipal statutes. There is nothing in the section as it at present stands that warrants the practice obtaining here, but there is in another section a rather plain proviso bearing on the uses of ordinary receipts. These receipts are supposed to be taken by the assessors and to be used by them in keeping down the tax-rate. Thus if we should rightly use the receipts in 1913 it would mean that the rate would be less by two or three dollars than it will be under the present practice. Perhaps, considering the needs of the city and the relatively small valuation to cover a city of such size, there will be this year, as there has been in other years, a tendency to cling to old forms, even if they are not wholly tenable. But the law as it stands was framed for some good and sufficient reason, and even if it does somewhat limit our spending power it serves or should serve to protect us from the very dangers that must have been apparent to those who made the rule. It is just what is needed here this year, but as long as the municipal government is willing to nullify it by misinterpretation those who feel that their burdens are as much now as should be carried will be deprived of the protection that the law intended they should have. It is of litle avail to preach economy and not take advantage of all the means to carry our intentions into practice.

Thomas J. McGrath.
Quincy, March 19, 1913.

☞The evening prices to all at the Auditorium Theatre next week will be 10 cents, and matinees will be given daily at 5 cents. Saturday and holiday prices are a little higher. The attractions for next Monday and Tuesday are advertised today, and include nine numbers.

CHARGED WITH KILLING EATON

Admiral's Widow Pleads Not Guilty When Arraigned

SHE IS HELD WITHOUT BAIL

Officers Have Known Since March 10 That Death of Her Husband Was Due to Arsenical Poisoning—Have Not Yet Ascertained Where the Poison Was Procured

Boston, March 21.—Mrs. Jennie M. Eaton was arrested yesterday by Deputy Sheriff Condon and State Officer Scott and formally charged with the murder of her husband, Admiral Joseph G. Eaton, by the use of arsenic.

Mrs. Eaton was arraigned at Hingham before Judge Edward Pratt, charged with the murder of her husband. Through her counsel, Francis J. Geogan, she waived the reading of the complaint and pleaded not guilty. The hearing was then continued until March 28 for a hearing in the district court.

Shortly after her arraignment she was taken in an automobile, and, with two officers, started on a thirty-five-mile ride to the county jail at Plymouth, where she will await trial.

Mrs. Eaton, in an automobile, was taken to the Hingham court by the two officers, and there a few minutes later District Attorney Barker cleared up the ten-day mystery of the Eaton case by making a public statement from the steps of the courthouse to assembled reporters. He said:

"Mrs. Eaton is now under arrest charged with the murder of her husband.

"Rear Admiral Joseph G. Eaton did not die a natural death. This fact was communicated to me on March 10 by Professor Whitney in a full verbal report and has been known by the officers since that time.

"Peculiar features involved have prevented the communication of this fact to the public. We have been unable thus far to ascertain where the poison was procured."

Admiral Eaton died suddenly on March 8. He was 66 years of age, but according to his friends had been in good health. Two days later the body was buried at Dracut, his former home. There was no service at the grave, and besides the undertakers and newspaper men only the widow and a daughter by an earlier marriage witnessed the interment. There were no military honors. The rear admiral had seen thirty-nine years of service in the navy. He commanded the transport Resolute at Santiago and received a medal of honor for his share in that battle. He was born at Greenville, Ala.

The present Mrs. Eaton was the admiral's second wife and was formerly the wife of D. H. Ainsworth, once a clerk in the United States senate and later engaged in business in Boston. Her father was George Harrison, and the family home was at Alexandria, Va. Mrs. Eaton is 46 years of age. The investigation developed that her married life had not been altogether happy, and her explanation that her husband had died from an attack of indigestion did not satisfy the medical examiner, who performed an autopsy.

Mrs. Eaton has two daughters, Mrs. June Keyes, who now lives with her husband in Boston, but who formally was a member of the Eaton family, and Dorothy Ainsworth, a member of the household at the time of the admiral's death.

Nearly four years ago the child of the Eatons died under unusual circumstances and Mrs. Eaton at once charged that it had been poisoned. It developed then that this was an adopted child and that a quiet deception had been practised upon relatives and friends concerning its birth and antecedents. The admiral claimed he loved the child as his own. A report from the chemical laboratory where the child's stomach had been sent for analysis later showed that the baby died from natural causes and a reconciliation followed between the admiral and Mrs. Eaton.

The arrest of Mrs. Eaton came like a thunderbolt out of a clear sky. Taken to the Hingham court, supposedly to simply appear at the inquest, she was immediately arrested by Congdon.

The arrest occurred in a court anteroom. Just previous to this Mrs. Eaton's counsel had been hurriedly summoned from Abington. On his arrival he was shown into the presence of Mrs. Eaton. Then Scott and Congdon came into the room. Mrs. Eaton gazed at them in a dazed way.

Slowly Scott began to read the complaint. The word murder was mentioned as the reading progressed. Mrs. Eaton's eyes widened a bit—that was all. Scott finished, Congdon stepped up and, touching Mrs. Eaton's shoulder, said with a tremor in his voice: "Mrs. Eaton, you are under arrest."

Suddenly there came a look of horror in Mrs. Eaton's features. She shrieked just one word: "Murder."

There was horror behind it. The woman said not one word about her innocence, just that word "murder" came from her lips.

It was an amazing sight to see her regain her self composure a few seconds later. The arraignment before Judge Pratt was quickly over, Attorney Geogan entering a plea of not guilty and asking for a continuance until next Friday. This was granted and Mrs. Eaton was hurried away by automobile to the jail at Plymouth.

Late last night Barker and Scott both openly stated that a second party might be taken into custody at any moment.

In order to trace the poison sale a dragnet has been thrown about cities and towns within a radius of fifty miles of Boston. The various local police forces are scouring every possible place in their localities where poison might have been sold.

Believing that there is absolutely no motive, that the deed was the work of insane persons, the authorities are centering all their efforts to probe the family history to the bottom.

RESIGNATION AT ONCE ACCEPTED

Huntington Wilson Quits as First Assistant Secretary

WORRIED OVER CHINESE LOAN

Expected Knox Policy, Which Has Almost No Backing In Washington, Would Be Followed—Seeks to Convey That United States Has Made Mistake In the Matter

Washington, March 21.—President Wilson turned from reading the letter of resignation of Huntington Wilson, first assistant secretary of state, to dictate his acceptance of the resignation. Something of the Rooseveltian speed of action now distinguishes the procedure of the White House, but the president's celerity reached its climax when the letter of Wilson was received.

The Wilson letter is interpreted here as an evident attempt to discredit the foreign policy of the administration and to prejudice the country as far as possible against the course in relation to financial affairs which the president has mapped out, which course is the direct opposite of that of Secretary of State Knox.

In view of the sensational developments over the Chinese loan, it may properly be brought out now that Knox rather than President Taft exited the criticisms of the department which were rife in Washington long before the Taft administration [illegible]. The relations of Knox with the great financiers of the country were of the closest character. In the case of the Chinese loan the negotiations of Knox were exclusively with one group of New York bankers, and the same is true with reference to the proposed loans to Nicaragua and Honduras.

It is the purpose of the Wilson administration to cut loose from any situation that may bring it under the charge of "standing in" with any special interests and this was the main motive which led to the decision to withdraw government support from the American bankers who were ready to finance the Chinese loan.

It is pointed out there that while declining to stand back of any loan proposition in the manner proposed in the Chinese agreement, to be participated in by the six powers, the administration would guarantee every common protection to property rights in foreign countries to which any person lending money abroad would be entitled.

So far Huntington Wilson's letter has caused amusement rather than anything else in Washington. It seeks to convey that the United States has made a grave mistake in its treatment of the Chinese situation and that in the face of the well-nigh unanimous indorsement of President Wilson's statement by Democrats and Republicans alike and of the knowledge that China herself was protesting against the terms surrounding the proposed loan to which the United States government, as represented by Knox, was willing to subscribe.

It is apparent that the Knox policy had almost no backing in Washington, except with reference to Latin-America, and even this was opposed by the Democrats, who so far have refused to concede the important point made by the friends of the Central American treaties, that they dealt with American affairs and were not comparable with any arrangement affecting the countries of Europe or Asia.

In a thousand-word letter to President Wilson, the acting secretary of state set forth that when he consented to continue for a time with the new administration he did not understand there were to be any radical changes of policy for which he would be called upon to act as spokesman.

Immediately upon receipt of the letter President Wilson wrote: "Allow me to acknowledge the receipt of your letter of yesterday, and to say that I accept your resignation as you suggest, as of the present date."

GIFT OF $650,000

Mrs. Anderson's Great Interest In Social Welfare Activities

New York, March 21.—A gift of $650,000 by Mrs. Elizabeth M. Anderson for social welfare laboratories, to be conducted by the New York Association for Improving the Condition of the Poor, was announced by the association last night.

The gift makes possible a new social welfare department. Extension of public bath work, of the work of serving hot lunches to school children approximately at cost and of increasing clinic facilities for treatment of physical defects of school children are among the lines of effort contemplated by this department. Establishment of public laundries and public bakeshops in congested districts is also assured.

Diaz Fails to See Pope

Rome, March 21.—Dr. Marchiafava, the consulting physician of Pope Pius, absolutely refused to allow the pontiff to receive Porfirio Diaz, former president of Mexico.

The Descent from the Cross

An Easter Poem by JAMES A. EDGERTON

Copyright, 1913, by American Press Association

ACROSS the ages shines the piteous scene
That stirs the sorrow of humanity,
Caught and reflected on the canvas screen
By Art, which is the glass of History.
But, lo, the grief is stilled! for once again
This form divine, deprived of mortal breath,
Shall rise resplendent and proclaim to men
The triumph over death.

You will find your season's wants anticipated at our store. Among our many new models of this famous shoe you'll find the one style which best suits your fancy and your feet. Try Ralstons.

A THREE-CORNERED TANGLE

Public Administrator, Bankers and Accused Parties Want Money Said to Have Been Obtained by Frauds Aggregating Almost $1,000,000—Detectives on the Alert

New Orleans, March 21.—A three-cornered legal fight opened here for possession of the money and valuables recovered from members of the family of Antonio Musica, the New York hair importer, who is held in jail with his three sons and two daughters in connection with alleged invoice frauds aggregating alcost $1,000,000.

Including almost $100,000 in cash taken from members of the family, the property which the police hold is estimated at close to $200,000 in value.

The public administrator filed application in the district court, asking that the money and valuables be delivered into his possession, alleging that there is no claimant or known owner of the property.

Attorneys for the American Bankers' association opposed the transfer of the property to the public administrator and will endeavor to have it transferred to New York.

The Musicas employed an attorney to look after their interests, and it is said the claim will be made that a part of the cash recovered by the detectives is the personal property of Grace and Louise Musica, daughters of Antonio. Eighteen thousand dollars in cash was taken from Grace Musica's corset.

While the Musicas have announced their willingness to return to New York, detectives in charge of the case said last night they were prepared to resist any legal steps which the attorney for the accused men may decide to institute at the last minute.

ECLIPSE DUE TOMORROW

Moon Will Enter Shadow a Little While Before Sunrise

Boston, March 21.—An eclipse of the moon which occurs at 5:13 tomorrow morning, lasting an hour and a half, brings with it a religious significance in that it is termed a Good Friday eclipse. The darkness caused by the phenomenon will be a repetition of the first Good Friday.

The dawn on Saturday is Friday astronomically, and the importance of the eclipse this year lies in the fact that the coming full moon is responsible for Easter being fixed on March 23, only one day later than the earliest date upon which Easter can fall. The eclipse will be visible all over the United States.

NINETY-NINE ACQUITTED

Baron and Editor Among Those Jailed In Korean Plot Case

Tokio, March 21.—Ninety-nine of the Koreans charged with conspiring against Governor General Count Terauchi of Korea in 1910 and 1911 were found not guilty by the court, which delivered its judgment and sentences yesterday on the second trial, according to a dispatch from Seoul to The Asahi.

The judges sentenced Baron Yun Chi Ho, a former Korean cabinet minister, as well as Yan Ki-Tak, a Korean editor; An Tai-Kog, another prominent Korean, and two others, to six years imprisonment each; while one of the other prisoners was sent to jail for a term of five years.

ACCLAIM CONSTANTINE

Deputies and People Respond to Premier's Request With Cheers

Athens, March 21.—King Constantine arrived in the Greek capital from the port of Phaleron, where he landed.

When Premier Venizelos asked the chamber of deputies to acclaim Constantine as the new king the deputies responded with cheers, and the people in the galleries joined in the manifestation.

Constantine will take the oath of king of the Hellenes today. The hope is expressed that he will be proclaimed as Constantine XII., the last Byzantine emperor having been Constantine XI.

Brigadier General Bacon Dead

Portland, Or., March 21.—Brigadier General John M. Bacon, U. S. A., retired, died here last night following a general breakdown in his health six months ago.

Woman Governor's Private Secretary

Salem, Or., March 21.—Miss Fern Hobbs, until yesterday chief clerk for Governor West, hereafter will draw a salary of $3000 a year as the governor's private secretary.

No Hypnotism In Public

Milan, March 21.—The Italian government issued a decree forbidding the practice of hypnotism in theatres or other public places. Physicians requested the order.

Commonwealth of Massachusetts

Benway of Somerville in the County of Middlesex, Lot Phillips & Company Corporation, a duly existing corporation having its usual place of business in Hanover in the County of Plymouth, and to all whom it may concern:

WHEREAS a petition and amendment thereto allowed has been presented to said Court by the Old Colony Street Railway Company of Boston in the County of Suffolk and said Commonwealth, and on motion the name of the Bay State Street Railway Company has been substituted as petitioner to register and confirm its title, under the provisions of Chapter 249 of the Acts of the year 1905, amending Chapter 128 of the Revised Laws, in and to certain easements upon and over lands in Quincy, Braintree and Weymouth in the County of Norfolk, and in Rockland in the County of Plymouth as shown on plan designated "Transmission Line of Old Colony Street Railway Company, Quincy to Rockland" approved by C. F. Bancroft and filed with said petition February 26, 1913, and

WHEREAS a motion to sever said petition has been filed and allowed under which said petition as severed makes claim to said easements over said lands alleged to be owned or affected by the adverse interests of the persons above described: said easements being described as follows:

"The right to erect a line of poles with wires and cables thereon and with necessary guys or other supports for the transmission of electric power, and for telephones for private use, and to operate and maintain the same, the right to cut down, trim or remove such trees or other obstructions which in the judgment of the owner of said easements interfere with said use or construction of said lines, or which by falling or otherwise might endanger the safety or interfere with the operation thereof, and the right to maintain a pathway not more than eight feet wide upon either side of centre line of said course for use in inspection, construction and repair; the right of reasonable access to said lines and pathway for the purposes of inspection, construction and repair, and such other rights as may be incident to the uses aforesaid."

Petitioner also claims to own in fee simple said easements within the limits of all highways or public ways abutting or crossing said premises, subject to the right of the public to use the same as such; and also within the limits of all private ways abutting or crossing said premises, subject to the right of all persons entitled to use said ways as private ways.

You are hereby cited to appear at the Land Court to be held at Boston in the County of Suffolk on the 7th day of April, A. D. 1913, at 10 o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition as amended should not be granted. And unless you appear at said Court at the time and place as aforesaid, your default will be recorded and the said petition will be taken as confessed and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, CHARLES THORNTON DAVIS, ESQUIRE, Judge of said Court, this fourth day of March, in the year one thousand nine hundred and thirteen.

Attest with Seal of said Court.

CHRIST CHURCH.

The first service will be celebration of Holy Communion at 7 o'clock. Some people find this early service Easter morning most sacred and helpful in its simplicity. The second service will be at 10.30 o'clock with morning prayer, festival music, sermon and Holy Communion. The evening service will be choral, with sermon. The Rev. Dr. Manchester will assist rector Rev. Richard E. Armstrong at the morning service and will preach at the evening service. At 3 o'clock in the afternoon the Sunday school will have the usual carol service. Plants will be distributed and a lily given each child who has had a perfect attendance for three successive years at the Friday afternoon service during Lent. The musical program follows:

MORNING SERVICE 10.30

Hymn Processional
Christ Our Passover — Chant
Psaltae Gloria — Chant

Magnificat
Nunc Dimitis, in E flat — Kiminiuo
Hymn
Offertory, "I am He that liveth," — King
Presentation. Te Deum in A, — Parker
Recessional Hymn.

Frank Wrigley, Organist

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Adress: F. J. Cheney & Co., Toledo, O.

QUIET NIGHT IN LOCAL ALLEYS

Yet Bowlers Were Busy Dropping Pins on Circuit

SOME GOOD SCORES

Thursday evening was a quiet night on local alleys. In the Foresters of America League, Court Monatiquot of Weymouth beat Court John Ericson 4 to 0 and Court John Adams beat Court Roger Wolcott 3 to 1. Hastings, anchor man on the Wolcotts, rolled a single of 125. O'Connell of Monatiquot had the best total, reaching 332. Several high singles were made.

A special match between two teams from the Wollaston Yacht club resulted in a split. Woodman was high with a single of 121 and total of 281.

The Boston Americans beat LaSorrentos 3 to 1. The first string was a tie and the second was taken by the Americans by one pin. Clapp, one of the youngest bowlers in the city was high with a single of 107 and a total of 281.

In the St. Mary's league at their alleys South Willard beat Grove street 4 to 0. King was high with a total of 285.

NEWS ITEMS FROM MILTON

William H. Rand of Grafton avenue will return from New York within a few weeks.

Miss E. F. Frye, Grafton avenue is expected home from New York within a short time.

Earl and Ray Morgan have organized the Morgan Construction Co. and are erecting six houses on land recently purchased in East Milton.

The Walter Baker Co. base ball team will open their season April 19. The team is handicapped this season because no grounds have been secured as yet. It is possible that the field formerly used by the Neponset-Dorchester team will be engaged.

In the bowling tournament at the Cunningham Gym, Clark's team is so far ahead that they have practically annexed the championship. They have won 58 and lost 14 points. Smith team is trailing in second place with 20 points less. The season will close with a monster banquet at the gym at which prominent speakers will appear.

John Monkley of Bates avenue and well known in East Milton is ill at his home.

Joseph Murphy, last year's first base man of the Baker team has signed with the Worcester, New England league team.

Mrs. Sam Wood, Adams street is at a Boston Hospital where she will undergo an operation.

The proposed Cunningham Gym and Quincy A. A. basket ball series will not come off because of the inability of the managers to agree to terms.

The Thursday Evening Club will conduct its annual dancing party in Ellsworth Hall, Easter Monday evening. Arrangements are complete and the affair promises to be the banner event of the year. George Arnold, one of the popular members will have charge of the floor. He will be assisted by Sam Wood, Walter McGuire, Horace Wood, Edward Paolucci, William Martin. Morrisette's orchestra has been engaged for the occasion and the hall will be decorated with flags, bunting and potted plants.

The following were awareded sweaters by the faculty of Milton High school for their showing in basket ball: George Kelly, Malcolm Carter, Edward Stanley, Robert Leary, Thomas Hansbury, Edward Cummings James Adams and Frank O'Hearn.

John Stewart is ill at his home on Reservation road.

George Ellis, Granite avenue was the winner in the pool tournament of the Thursday Evening club.

In the wrestling bout between Marblehead and Cunningham the points were divided each taking two matches. Through the absence of two of the visitors, two points were forfeited to Cunningham.

The makeup of Milton High school base ball team is in the air. Walter Cross is captain and Paulfrey Mather manager. Robert Leary will probably be the pitcher with Captain Cross on the receiving end. Adams, last year's first baseman and Margeson of left field are also out for the team.

Coach Sid Hazleton of the football team presented an enlarged frame photo of the team to the school Wednesday.

The East Milton appointees of the warrant committee are James McGuire, Michael Hansbury and Louis V. Gosselin.

The Woman's club held a regular meeting in Vose hall Wednesday afternoon. The program was under the direction of the president, Mrs. Richard Gorham and consisted of solos and duets by Miss Harriet Whittier Miss Ruth Forbes and Miss Josephine Griffith. Arthur Spitzer gave several violin selections.

"A Proposal Under Difficulties" and "Spreading the News" will be given by the Milton Academy boys at the annual Spring theatricals Saturday evening. A. W. Hunt has coached the cast.

Rev. H. Boyd Edwards of Cincinnati Ohio, will acept the call to the Episcopal church in Milton, although he has been considering a call from a West Roxbury church and a New York church.

DISTRICT COURT.

Frank Tracy was fined $5 for drunkenness at Quincy.

The continued case of Joseph Sullivan for assault on Wilbur J. McKenzie at Quincy was heard. He was fined $10 and appealed.

BRIEFS

The public schools in the city are closed today, Good Friday.

The Finance Committee was in session until a late hour Thursday night wrestling with the budget.

John G. Thomas is slating the roof on one of H. M. Faxon's houses on Saville avenue.

ONE PLACE LEFT FOR THE OTHERS

Wollaston Women's Club Enters Field With 250 Limit

AND 249 SIGN THE ROLL

Most auspiciously has the new Wollaston Women's club been launched as one more organization devoted exclusively to women. A preliminary meeting was held last week but the organization was not perfected until Thursday afternoon at a meeting held in Brasee's hall. The meeting was very largely attended and was most harmonious throughout. The membership limit has been fixed at 250 and at this meeting the signatures of 249 ladies who have signified their intention to become affiliated received.

During the coming week the Treasurer will communicate with all of those who have signed these bainks, and ascertain for certain that they desire to be enrolled.

At the meeting Thursday afternoon a permanent organization was perfected with these officers.

President—Mrs. Arthur D. Ropes.

Vice Presidents—Mrs. William E. Rowe and Mrs. Nathan G. Nickerson.

Recording Secretary—Miss Fanny Johnson.

Corresponding Secretary—Mrs. William D. Sanford.

Treasurer—Mrs. Charles M. Bryant.

A committee was appointed to take up the question of securing permanent quarters for the club.

After the organization Mrs. Eben W. Shepard, the retiring President of the Quincy Women's club was introduced and made an address in which she welcomed the new organization into the circle of Women's clubs of the city. She also asked the members to loyally support their officers and wished the new club the best of success.

EASTER SALE FINE AFFAIR

Ladies of Memorial Church Netted Goodly Sum

The annual Easter sale of Memorial church Atlantic was held Wednesday afternoon and evening. The Easter table, on which were the fancy and useful articles, was in charge of Mrs. Alva Beede, assisted by Mrs. William Hersey, Mrs. David Hamilton Mrs. W. T. Davy, and Mrs. Harvey Holt; Apron table, Mrs. B. F. Thomas, assisted by Mrs. Sarah Butler, Mrs. M. Baker, Mrs. Robert Harding, Mrs. E. Hayford, Mrs. Charles. Letteney and Mrs. Lynden Gurney; lemonade, Miss Pheobe Buckley and Miss Collina Brown.

Miss Ada Harding had charge of the candy table, her committee being Misses Gladys Arthur, Ruth Buckley, Susan Moffat, Emily Gnong, Jennie Harding Harriet Waterhouse and Agnes Kenniburg.

Mrs. George Hight, Jr., was chairman of the bakery table. Mrs. Harry Read and Miss Hazel Davison assisted her; Mrs. T. W. Davison of the ice cream and lunch table, committee Mrs. John C. Ward, Mrs. A. H. Hall and Mrs. John Welsh. Mrs. A. H. Hall and Miss Maud E. Read had charge of the entertainment. At eight o'clock an entertainment was given. Miss Maud E. Read and Percival Hall gave a short farce entitled "Breakfast Food for Two," and Miss Jordine E. Davison rendered several vocal selections.

The fair was in charged of Mrs. Sarah Butler, president of the Ladies Benevolent Society and was one of the larges Easter sales the ladies have had. The proceds of it will go toward paying off the mortgage of the new church building.

Spiritualist Meeting

will be held in Electa Hall, Johnson Building, Quincy Square, every Sunday. Services at 2.30 and 7.15, H. L. Berry, Conductor. We have arranged to have with us on

SUNDAY, MARCH 23.

Fred B. Niles of Marlboro. Mrs. M. A. Bemis of Medford, Nellie Kneeland of Somerville, and Dulcia Everten—Stratton of Boston: others are expected. Good Speakers and Mediums will be present at every service, and meetings will be held in a manner we trust—that will be interesting to thinking people of all denominations. 21-1t

CHINESE RACE OF HIGH ORDER

B. Atwood Robinson Told of China, Old and New

The third lecture in the course being presented at the Wollaston Methodist church was delivered Wednesday evening by B. Atwood Robinson of Boston on "China, old and new."

China is one of the countries Mr. Robinson has had the advantage of visiting extensively and the many lantern slides proved extremely interesting.

The speaker spoke very highly of the Chinese race saying they compared very favorably with any other race on the earth. Many of his most intimate friends were Chinese.

Shanghai and other treaty ports were described at length and pagoda land was shown in all its glory.

The Chinese Junks and canals, the poppy fields and opium traffic were told of. Manking, Hankow, Pekin the recent war seat all came in for their share of description.

The lecture closed with the explanation of several kinds of Chinese punishment that were cruel in the extreme.

CITY WINNER IN BUCKLEY SUIT

Claimed $4000 For Alleged Defect in Sagamore Street

CASE ON ALL THE WEEK

The case of Catherine Buckley of Boston against the City of Quincy, which has been on trial since Monday before a jury in the fourth session of the Superior Court, Boston, was disposed of Thursday. This morning the jury returned a verdict in favor of the city.

The suit was for $4,000 and was brought by Catherine Buckley for injuries received on Sagamore street, Atlantic, July 19, 1911. She claimed there was a defect in the street. John W. McAnarney, city solicitor represented Quincy. James H. Baldwin of Boston was the lawyer for Miss Buckley.

HIGH SCHOOL BOYS EAGER

A Squad of 60 Working Hard For the Ball Team

MOUND MEN PLENTIFUL

Four squads, aggregating 60 candidates for the Quincy High School base ball team are daily lining up before Teacher Coach Frank Mansur. They present an athletic problem as complex as that confronting any high school coach.

For battery work there are 14 candidates. At the present time all are eager to demonstrate their fitness for the pithing string and considerable difficulty arises trying to explain how wasted energy early in the season develops a glass arm.

Captain Brown who played well last season is already showing the signs of the times and in all probabilty will be one of the strongest players on the field. Sam Prout who played through a part of last season is gradually loosening up and Crane seems to have a strangle hold on a position.

The schedule partly completed, has appeared and offers the boys a good chance of meeting classy teams and means that Quincy High must play ball at all times in order to rank in the top line teams of the state.

FEAR THAT BIRCH MOUNTAIN MAY SLIP TO RAILROAD TRACK

Spring Freshets Have Undermined Many Boulders in Past Three Years

Deep Fissures Worn in the Rock By Constant Dripping of Water

Grave fears exist in the minds of many patrons at the Weymouth Landing street railway line that the top and side of Birch Mountain on Quincy avenue has become unloosened during the past three years and that a slide will occur that will block the tracks and block traffic.

The mountain of rock is covered with earth and trees of all descriptions are now growing there. With the advent of warm weather countless streams of water trickle down the sides. In some places fissures have been worn in the rock by the constant dripping of waste water.

To all appearances some of the larger boulders are practically undermined and children who frequent the peak and sides report that they have discovered a perfectly balanced rock of large proportions.

During a heavy storm in the late fall large quantities of small sized rocks rolled down the sides and partially covered the ties on the line. At that time it was reported that the track had been submerged by tons of earth and rock but fortunately sufficient impetus had not been gathered for the grout to reach the tracks.

PAEANS OF PRAISE THRILL WORLD AT MESSAGE "CHRIST IS RISEN"

Elaborate Musical Programs at the Local Churches in Honor of Easter Season

Pastors Will Dwell Upon Resurrection in Their Discourses. Altars and Chancels Beautiful in Floral Decorations

Tomorrow, Sunday the great Christian festival of Easter will be observed by Christian people in all parts of the world. Even in remote parts where Christianity has not penetrated to make a lasting impression upon the inhabitants, temporary sojourners will not fail to remember the day and the significance of it.

The Ressurrection is one of the greatest events in the Christian history of the world, and as such is celebrated in most elaborate form.

The message "Christ Is Risen," reverberates around the globe, penetrates to the most remote corners and brings hope and cheer in the echoes which it circulates.

The churches will play a most important part in the great festival. Elaborate plans have been made that the church will take its proper place on this day. Special services with appropriate music and lessons and beautiful decorations of altars and chancels convey their story of the honor and glory in which the world holds the Saviour.

While the religious side is of course the most important and impressive, there is another side of Easter which assumes its own particular position. It is always a desire for people to have something new for Easter. Some are more ambitious in this direction and require an entirely new outfit. Others are more modest either from habit of stress of circumstances and content themselves with less.

The mania for complete Easter outfits this year has received somewhat of a set back from the fact that the festival is scheduled so early that weather conditions are uncertain and at the best liable to be pretty cold.

So that the usual vanity fair parade of Easter will not be so brilliant as in other years.

In Quincy the several churches, by the co-operation of their pastor, societies and people have planned observances of the day in keeping with the traditions.

The programs at the several churches are presented as follows:

FIRST CHURCH.

At the First church, the pastor Rev. Adelbert L. Hudson, will preach at the 10.30 o'clock morning service.

MORNING MUSIC.

Organ prelude "Forspiel" (Parsifal) Wagner-Lemare
Antophonal Responses.
Anthem, "From Thy Love as a Father" Gounod
Anthem "In Heavenly Love Abiding" Parker
Benediction
Choral Amen,—Choir
Organ Prelude, "Christus Resurrexit" Ravanello

VESPER SERVICE.

There will be a vesper service at 4 o'clock when the program will be as follows:

Organ prelude—"Andantino" King
Introductory Responses
Responsive Reading
Gloria
Anthem—"The Lord is my Strength" Caleb Simper
Anthem—"Abide with me" Barnby
Choral Amen (by choir)
Organ postlude—"Coronation March" (LeProphete) Meyerbeer
Mrs. James H. Slade, soprano.
Mis Blanche Crafts, contralto.
Herbert Kearns, tenor
Tracy R. Engle, bass.

The quartet will be assisted at the morning service by Miss Mary W. Capewell, soprano.

William Ellis Weston, organist.

BETHANY CHURCH.

The combined morning and evening choirs, assisted by Daisy Bemis Sampson. Pianist and Roscoe R. Ricker, Violinist, will take part in the Easter programs.

MORNING MUSIC.

Prelude Renard
Anthem—"Why Seek Ye the Living Among the Dead" Reed
Response—By Junior Choir in the balcony
Offertory—Violin Solo. From the Deluge Saint Saens
Anthem—Great and Marvellous are Thy Works Gaul
Postlude—Laus Deo DuBois

EVENING MUSIC.

Prelude—Romance Shelley
Why Seek Ye the Living Reed
List the Cherubic Host Gaul
Trio—Violin, Piano and Organ Saint Saens
Great and Marvellous are Thy Works Gaul
Postlude—From the Crucifixion Stainer

EASTER CONCERT.

The Easter concert by the scholars of the Bible school of Bethany church will be held Sunday at noon, in the vestries of the church.

FIRST UNIVERSALIST.

There will be special Easter music in the morning. Sermon, "Life and its Mystery." The communion service follows. In the evening at seven o'clock an Easter concert. Mrs. Mary Hastings Slade and Mr. John Green will sing at the evening service.

MORNING MUSIC.

Chorus—"Alleluia"
Duet—"Easter Alleluia"
Solo and Chorus—"The Ascension" (with violin obligato.)
Solo and Chorus—"Easter Hymn"

EVENING CONCERT.

Chorus—"Hear the Message."
Invocation
Responsive reading and canticle of remembrance.
Solo—Selected.
Mrs. Mary Hastings Slade
Chorus—"Glad Carols Sing"
Reading—the Pastor
Chorus—"There's a Glory in the Garden."
Prayer
Duet—Selected
Mrs. Slade and Mr. Green
Recitations—Ruth Burleigh, Jessie Forsyth
Chorus—"Wave the Easter Banners"
Recitations—Ruth McCurdy, Merrill Hobart, Charles Wright, Bessie Laikin, Elsie Parmenter
Song—"The Gay Little Bluebirds" Ellen Wright
Recitations—Catherine Forsyth, Scott Robinson, Doris McCurdy
Duet—"He Lives Again" Annie Wright and Merton Grant
Recitations—Fred Burleigh, Wendell Hobart, Ellen Wright
Chorus—"Risen Victor"
Offering
Solo—Selected Mr. John Green
Hymn—"All hail the power."

CHRIST CHURCH.

The first service will be celebration of Holy Communion at 7 o'clock. Some people find this early service Easter morning most sacred and helpful in its simplicity. The second service will be at 10.30 o'clock with morning prayer, festival music, sermon and Holy Communion. The evening service will be choral, with sermon. The Rev. Dr. Manchester will assist rector Rev. Richard E. Armstrong at the morning service and will preach at the evening service. At 3 o'clock in the afternoon the Sunday school will have the usual carol service. Plants will be distributed and a lily given each child who has had a perfect attendance for three successive years at the Friday afternoon service during Lent. The musical program follows:

MORNING SERVICE 10.30

Hymn Processional
Christ Our Passover Chant
Psaltae Gloria Chant
Te Deum in A Parker
Jubilate Chant
Hymn
Kyrie Gloria Garrett
Offertory, "I am He that liveth, King
Scirsum Corda—Sanctus—Agnes Dei Garrett
Gloria in Excelsia Cruickshank
Recessional Hymn

EVENING SERVICE 7.30

Processional Hymn
Psalter Chants
Magnificat
Nunc Dimitis, in E flat Kiminiuo
Hymn
Offertory, "I am He that liveth," King
Presentation. Te Deum in A. Parker
Recessional Hymn.
Frank Wrigley, Organist

ST. JOHN'S CHURCH.

At St. John's Catholic Church masses will be celebrated at 6, 8, 9 and 10.30. The late mass will be a solemn high mass. The musical portion will be McEroys "Mass of the Angels." The Vidi Aquam of Gounod Tozers and Naninis Proper and Gounod's "Haec Dies" will be rendered by the choir. The Veni Creator of Werner will precede the Easter sermon.

rector at the mass and vespers will be celebrated. The soloists will be Miss Eva Rice, Miss Mary R. Lyons Marcus E. Mahon, and Dennis S.

(Continued on Page Four.)

PRATT'S BREAD is always in favor because delicious in flavor. Your grocer.

THE FOUL TIP LOOKS GOOD

Clever Amateurs Who Will Tread the Local Boards

A three act comedy "The Foul Tip" is to be presented in Music Hall, Tuesday evening under the auspices of the Y. M. C. A. Henry Trask, the star basketball player and trackman, is to take the role of Pete Adams the colored pitcher or Westvale, which is one of the leading parts. W. H. Walker as Tim Purdy the villiage postmaster, Charles Bishop as Hi Powell and Almira Purdy the peppery wife of Uncle Tim, taken by Miss Georgie Michael, furnish the comedy elements. Miss Irene Potterton takes the part of Nellie Gale the heroine and Miss Mabel Pratt appears in the character of Mabel Remington, the stenographer. John Melville is seen in this play as Pollard, the villain. Other parts are taken by Lee Brooks as Mr. Irving, a wealthy manufacturer, H. E. Hallowell as Hal Irving, his son and A. H. Blanchard as Verene Gale, manager of the Westvale ball team.

In connection with the play will be the annual presentation of prizes won during the year by different individuals and groups. Dr. E. R. Johnson as chairman of the Physical department committee will have charge of the awarding of prizes.

BIBLE STUDENTS ASSOCIATION.

The interest in the free lectures given every Sunday afternoon at 3 o'clock under the auspices of the International Bible Students Association, is still on the increase. Topics of live issue are discusse devery Sunday afternoon in New Colonial hall and thinking Christian people avail themselves of these intensely interesting lectures.

W. J. Thorn of Boston will lecture tomorrow afternoon on "Election and Free Grace." Election as taught in the Bible, is not the arbitrary coercion, or catalism, usually eblieevd and taught by its advocates, but a selection according to fitness and adaptability to the end God has in view, during the period appointed for that purpose. The doctrine of Free Grace, advocated by Arminian, is also a much grander display of God's abounding favor than its most earnest advocates have ever taught.

The above subject will be treated purely from the scriptural standpoint and will be instructive as well as interesting and all will find the lecture a satisfying portion to both the head and the heart.

The Payson, Mitchell Co., quote low prices for custom suits.

BUDGET READY FOR DISSECTION

Council Will Have Chance at Committee Report

MONDAY NIGHT

An adjourned meeting of the City Council will be held Monday evening, and although it was not generally expected that the budget would be reported, it is said that the Finance Committee will be ready to report at this meeting. The committee has been in session for the past two nights until nearly midnight, discussing the budget and it was announced that if necessary the Committee would meet again tonight to complete its work on the budget so that it might be reported Monday evening.

Outside of the budget there is but little to come up other than the matters which are in the calendar. As the budget will be fully discussed however the session will doubtless be a lengthy one.

THE GRANTING JEWISH RIGHTS

To Be Observed by All Hebrews by Feast of Purim

Tonight and Sunday the Jewish people of Quincy celebrate the feast of Purim. Purim is observed in commemoration of the granting of full rights to the Hebrews by King Ashueros, an ancient king of Syria. The services consist of the reading of the Megillah, which tells the story of this event. Centering about this a very pretty story is related. The services will be conducted at the Congregation Avath Achin Synagogue by Rev. Julius Sandelovitz. Four weeks from Purim come the seven days of passover, one of the most important holidays in the Jewish calendar.

BAPTIZED CHILDREN.

Rev. Richard E. Armstrong baptized 29 infants at the Christ church this afternoon.

Easter Sunday lilies will be presented to 19 children who have had perfect Sunday school attendance for an extensive period.

AUDITORIUM THEATRE

What the amusement seekers will get from the new management of this house.

EDITORIAL COMMENT.

Squantum according to recent reports must be a hard place to be found in the dark.

Who said anything about April showers?

Individual reassurance on the tariff proposition, is hardly to be relied upon to a great extent. What congress and the president will do with the tariff is of more moment to the business man and laborer.

Japan threatens to boycott the Panama fair. And it seems their position is tenable. If they are good enough to appear at our fairs, they should be relieved from the rather peculiar laws of California.

And still the Boston City laborers are looking in vain for that $2.50 per day, a raise of 25 cents, but the fat salaried fellow gets anywhere from 50 cents to a dollar an hour for overtime work.

And when it is all fixed up and dressed and sent out to parad through the country will it be known as the Wilson tariff? Some people have not over fond recollections of a previous Wilson instrument of a like nature.

The claim that President Wilson is constantly endorsing acts of his predecessor as one Boston paper asserts is putting it rather too strong.

Smoking gowns for ladies are now being exhibited in New York and mere man asks if it is buttoned in front or behind?

If the Bay State Democratic leaders and politicians have their way, they will have Mr. Mansfield's official scalp forthwith.

Prison reforms are all right, but if more reforms were put into practical use outside of the prison there would be no need of prison reforms after the mischief is done.

From every angle and in all the scenes leading up to the dramatic arrest the Eaton investigation was conconducted along the lines of an opera bouffe.

If there are any Wollaston women not in that club they will have a hard job to land within the sacred portals with only one place available. Raise the limit ladies, raise the limit and let all your sex wander into the fold.

If Rhode Island is to bear the Grand Trunks burden the state would do better by going a little further and building the line. By the way isn't it about time to withdraw that permission granted that railroad in this state.

Miss Sylvia Pankhurst may think she is stirring up sympathy about her stories of prison life, but it is doubtful if she gets much of that commodity. If she refused to eat all well and good, let her do it, the lenten season was on and it was quite proper she should do some penance for her offenses.

Bryan not only needs editing but he wants to get over that speech making habit if he would make a successful secretary of state.

Now that we are relieved of worrying about the coal price for a few months, the ice question looms up pretty big on the horizon.

DIPLOMACY.

Tallyrand, is credited with saying "that diplomacy was the art of concealing one's thoughts." He may have used the word science or something equally as fitting, but the point is that he wanted to convey just about what this quotation does. Some have said that there is art in talking and saying nothing, but such effervesence is quickly determined, and the weight and measure of the would be brilliant entertainer is taken and his consequence soon determined. Secretary of State Bryan is new to his diplomatic job. He has made speeches, on many occasions and in fact made one the other day. Now as to what good humanity or any one outside of Bryan has reaped from his speeches is an uncertainty. No one ever heard of him as the fore runner of the leading charitable institution of the country. But his speechifying may lead to serious things. He should have some one edit them for him. As citizen Bryan he could say many things that he cannot say as Secretary Bryant and in the latter position he is accepted as an official and uttering official statements Speechifying for the sake of turning a fine phrase, a neat metaphor, or a delightful sentiment, in an official place has to be whittled to the point where it will not give offense. Mr. Bryan has one experience that should be enough for a man in his position.

MARVELOUS SOLICITUDE.

A effort is being made to repeal the bar and bottle bill, so called. And strange to say the liquor interests are very active in this new movement. There has been continued marathoning along the same route, by the same interests since the bill first became a law. But the most pleasing thing about this present crusade is the keen and marvelous solicitude of the liquor interests for the man who drinks. Possibly they may without flirting with the truth, contend that they have no personal interest in this bill one way or the other. But its repeal would mean a great deal to the man who drinks liquor. In fact they set forth the claim that it is in the interests of the drinking class they are operating. "Repeal the bar and bottle bill, because it increases drunkenness," is the slogan of the liquor dealer. A truly fine sentiment, and one which should even go further until the white ribbon for submerged personal interests floats high on the mighty crest of the reform wave. Such solicitude is touching. It is really pleasant to find such high minded men, eager for the community and individual welfare. Such marvelous and disinterested solicitude is deserving of a monument. No doubt the monument will be forthcoming in a further continuance of the Bar and Bottle bill.

IN CATHOLIC CHURCHES.

Sermons on the Passion followed by Adoration of the Cross were delivered in the Catholic churches Good Friday evening. In the afternoon the Stations of the Cross were said. The blessed Sacrament was taken from the repositories to the main altar Good Friday morning and the mass of the presanctified was celebrated. The altars, shrines and statues were draped in black the candles unlighted and the organ hushed.

This morning the blessing of the Easter water and Paschal candle took place at the mass.

This afternoon and evening confessions will be heard.

DISTRICT COURT.

Matilda Halme was arraigned for alleged larceny of clothing from Mrs. E. J. Murphy at Quincy. Case placed on probation until Dec. 31.

James Ford was fined $10 for drunkenness at Quincy. A suspended sentence of $10 for the same offence was revoked and he was ordered to pay that fine. In default he will be committed.

Mfchael Dorley was arraigned for drunkenness at Quincy. Case continued until July 25.

Benjamin Bannon was sent to the house of correction for four months for drunkenness at Braintree.

LOOKING FORWARD.

The Gardner Club of the Christ church are planning to present amateur theatricals at New Colonial hall, April 23.

The Galahad club of Christ Church are rehearsing for two comedies under the direction of J. Attridge. They will be given April 2nd.

DOMESTIC TOOK FROM WARDROBE

Of Her Mistress Quite an Outfit Valued at $200

EVEN TO SILK SLIPPERS

Matilda Salme, aged 20 years, a domestic employed for some time in the family of Edward J. Murphy, was arrested Friday afternoon by Inspector Goodhue charged with the larceny of dresses of Mrs. Murphy. The girl was to have completed her services at the Murphy house Friday, but for some reason best known to herself she left suddenly Thursday morning. While this was thought to have been a little strange, it was not until in the early afternoon that it was discovered that she had not gone empty handed.

Mrs. Murphy's mother, Mrs. Lewis P. Webber, widow of the ex-Chief of the Boston Fire Department had a presentiment that all was not right, and an investigation was started. Mrs. Murphy found her jewels all right, but when she looked in the place where her wardrobe was kept she was surprised to find that several valuable gowns were missing, among them a new ball gown which was made for the Easter Monday night ball of the Knights of Columbus. It was also discovered that the suit case of Mrs. Webber was missing, and the value of the goods taken being estimated at $200.

The police department was notified and Inspector Goodhue assigned to the case. It was thought at first that the girl would attend a dance Thursday evening and that she would probably appear in some of Mrs. Murphy's gowns. Inspector Goodhue and Mr. Murphy visited the dance hall but the girl was not there.

Friday Inspector Goodhue located the girl in a house on Clark street. Taking Mrs. Murphy with him Inspector Goodhue visited the house and found the girl with the suit case in her possession. All of the missing gowns were in the suit case. The gowns were returned to Mrs. Murphy and the girl placed under arrest, and she was arraigned in court this morning.

Among the articles taken was a pair of blue slippers, which it would have been utterly impossible for the girl to have worn.

YOUNG PEOPLE HAD GOOD TIME

Isabel and John Murray Proved Pleasing Entertainers

A delightful birthday party was given by Isabel and John Murray at their home, Kendrick avenue, Friday evening. The parlor was decorated with green and white crepe paper and the color scheme was appropriate to the Easter season.

The first part of the evening was spent in singing by those present. Solos were rendered by Miss Ruth Tytler, and Miss Helen Cummings. Miss Annie Jones and Miss Susan Tytler presided at the piano.

Bon-bons were distributed which when opened contained a surprise. Each hid a prize, a fortune and a paper cap which was generally worn throughout the evening. Games were enjoyed and refreshments were served by the young hostess and host.

Among those present were the Misses, Laura Jones, Jennie Barton, Mary Barton, Ruth Tytler, Helen Cummings, Elsie Lawrence, Susan Tytler, Annie Jones, Sidney Davies, Isabel Murray, Warren L. Bates, Charles Topp, Robert Lowe, John W. Murray, Richard Jones, John McLay, William Murray, John F. Craig, and J. Lowe.

BOWLING

All the regular matches in the Fore River league are now finished. But one postponed match leaves the schedule open. The Government Draftsmen and Patternmakers will have a clash on Tuesday evening.

At the Coliseum alleys, Friday evening the Pipefitters beat the Foundry 4 to 0. Charnock was high with a single of 116 and a total of 298.

The Electricians lost four points to the Hull Draftsmen. Frounn with a total of 256 was high man. The summary:

HULL DRAFTSMEN.

	1	2	3	totals
Olsen	66	96	89	251

CORBET RETURNED TO POLICE DUTY

Recovered From Injuries Sustained Few Months Ago

TRYING TO STOP RUNAWAY

Officer Henry Corbet after a long absence has resumed his duties in the police department. He suffered a compound fracture of the leg while trying to stop a two horse rnuaway in City Square. The pair were later stopped by Sherman Hayden just before they reached a large body of Bull Moose enthusiastics who were parading in honor of the visit, W. E. Brid, candidate for governor. Commendation was extended by a grateful public to both Officer Corbet and Sherman Hayden and the former is this morning receiving the congratulations of his many friends and brother officers.

The Social Realm

Mr. and Mrs. W. G. Shaw of Butler road are touring the South with headquarters at the Southern Pines hotel, Southern Pines, North Carolina.

* * *

Roscoe R. Ricker, the young violinist of Quincy, has just returned from a very successful concert tour through the Middle West and New York state. He went as soloist with the Bostonia sextet.

* * *

Mr. and Mrs. H. F. McIntire of Presidents hill returned this week from a very enjoyable three months' trip which included Panama, the Pacific coast to Frisco via Costa Rica, Nicaragua, Honduras, Salvador, Guatemula, Mexican ports and Southern California, thence Grand Canyon of Arizona to points in the Gulf states, to Palm Beach and Miami. They left early in December.

* * *

Miss Eva M. Brown has been spending a week with her friend. Mrs. F. A. Skinner of Upland road, coming down from Vermont to extend aid and comfort to Mrs. Skinner in her great bereavement. She left Tuesday for Washington, D. C., with three Vermont friends stopping over in New York four days and joining the Royal Blue Line excursion party. Miss Brown will return to Vermont for the present and come to Quincy later in the spring.

* * *

Miss Patrice Finlay, daughter of A. W. Finlay is home from the MacDuffie school, in Springfield to spend the Easter recess with her parents.

* * *

Miss Abbie K. Wilde of Prospect avenue is at her home from Tarrytown, New York for the Easter recess.

* * *

Mrs. May Willis Hatch returned Wednesday from a several months' stay at her old home in Maine and is now a guest at the home of her cousins the James H. Stetsons of School street.

* * *

Miss Catherine Litchfield, Quincy Mansion 1914, and Miss Gladys Willey of Walker street, are spending the Easter season at Miss Litchfield's home in New York.

* * *

It is with much regret that the many friends of Mrs. James H. Stetson learn of her continued illness, she having a relapse Monday night which again confines her to her room. She has been missed from all the large social functions of the season where she has always been a leader and will probably not enter into scoial affairs this spring as she will leave early in the season for her summer home on the Cape, hoping there to fully recover her usual good health and spirits.

* * *

One of the prettiest parties of the season participated in by the young people of Braintree, Quincy, Wollaston and Milton was the ball given in Cochato hall, Braintree Thursday night by Miss Agnes B. Hayward for her German classes. The matrons were Mrs. Alfred P. Worthen of Weymouth, Mrs. Albert Maynard Parker of Quincy and Mrs. Frank A. Bower, Mrs. Charles H. Moulton, Mrs. C. A. Scotcher and Mrs. Herbert F. Kneeland of Braintree.

* * *

Miss Susie A. Pickering of 72 Billings road, who has been in Southern Pines and Pinehurst, N. C., and Florida for three months is expected home today.

* * *

Mr. and Mrs. Felix J. McCann of Philadelphia are guests of Mrs. George G. Roberts of Lincoln avenue.

* * *

Rev. T. W. Davison of Billings street was tendered a surprise party Thursday evening in honor of his birthday. His friends assembled at his home and surprised him as he entered the house. He was presented with a house-coat. Games and music were enjoyed after which refreshments were served. Among those present were Rev. and Mrs. Davison, Mr. and Mrs. A. H. Hall, Mr. and Mrs. John Murray, Mr. and Mrs. David Hamilton, Mr. and Mrs. William Hersey, Mr. and Mrs. Alva Beede, Miss Hazel Davison, Miss Jordine Davison and Arthur Hall.

* * *

Among the patronesses for the Lipmann recital are Mesdames Brown Blanchard, Blackmur, Burke, Burgin, Davis, Drinkwater, Drake, Faxon, Glover, Haskins, Homer, Hunting, Hultman, Hardwick, Hale, Jameson, Johnson, Kincaide, Lovell, Leavitt, Lawton, Marstin, Pfaffmann, Parker, Paze, Pollard, Paige, Rice, Reardon, Rogers, Spillane, Smith, Sears, Sturtevant, Sargent, Short, Sheppard, Turtle, Van DaLinda, Willard and Misses Fergusson, Fraher, Gavin, Randall and Thomas.

Mr. and Mrs. Fred M. Burditt and family of Clive street and Mrs. E. E. Willey of Walker street, are spending two weeks in Western New York.

* * *

Walter F. Blake of Toronto, Ontario is spending the Easter season with his family in Dorchester. Mr. Blake formerly lived in Atlantic.

* * *

Mrs. Alfred O. Spinney, formerly of Montclair is the guest of Mrs. Edward F. Parlee of Division street. Mrs. Spinney has been at West Berkshire, Vermont since she left Denver, Colorado, last fall. Mrs. Spinney's daughter Dorothy and Muriel are with their uncle in Maine.

* * *

Mrs. H. H. Barber of Lakewood, R. I., has been the guest of her daughter Mrs. H. G. Beeman of Botolph street.

* * *

Mrs. C. E. Carlson entertained the Squantum Woman's club, Tuesday afternoon at her bungalow on Huckins avenue. The afternoon was passed in sewing for a bazaar to be held this summer and and a dainty lunch was served.

* * *

Mrs. B. B. Weatherbee of Nutley, New Jersey is visiting her parents, Mr. and Mrs. C. H. Stenzel of Botolph street.

* * *

Ex-Councilman John J. Mahoney has returned from a visit to his brother James Mahoney, S. J., professor of physics and mechanics at St. Joseph's College, Philadelphia.

* * *

Thursday evening, Mr. and Mrs. George Richard Dobson of 125 Hayward street, East Braintree, observed the thirty-fifth anniversary of their marriage. Their daughter, Mrs. Clayton Raymond Marstin issued about one hundred invitations to the friends of her parents and arranged for the affair to be in the nature of a surprise. From eight until ten o'clock Mr. and Mrs. Dobson received their guests and it is hoped that the former did not think too often of the important town meeting where his presence was also much desired. The ushers were Dr. Clayton Raymond Marstin, Mr. J. Vinsor Davy and Master Burton Davy. In the dining room was an appetizing array of refreshments which were dispensed by Mrs. Arthur Haynes of Hayward street and Mrs. Clayton Raymond Marstin. There were many beautiful gifts which included cut glass and china, linen and quantities of beautiful flowers. Guests were present from Providence, Brockton, Cambridge, Weymouth, Quincy and the Braintrees. Mr. and Mrs. Dobson have made hosts of friends during their nineteen years' residence in Braintree who unite in wishing them every happiness and many years of health and prosperity.

* * *

The marriage of Miss May Veal and Arthur Newton of this city is to be solemnized this evening.

* * *

Members of The Cochato club, Braintree have a treat in store for them on Wednesday evening when F. Hopkinson Smith, the author-artist comes over from New York to lecture for the club. His subject will be "New Readings on New Books."

* * *

Mr. and Mrs. B. Julius of Independence avenue are entertaining Mr. Julius' parents.

* * *

Sidney Gates, of Marshfield, is spending a few days with his sister, Mrs. Harry Silverman of Pearl street.

* * *

Mrs. Sidney Hardwick of Elm street entertained at auction bridge Wednesday afternoon. Souvenirs of the game were won by Mrs. Fred L. Jones and Mrs. Arthur Homer of Wollaston.

* * *

A most unique and delightful entertainment is to be given by prominent Boston women, in Jordan hall, Boston, Tuesday and Wednesday evenings in which several Quincy women are interested. It is under the auspices of the Boston Equal Suffrage Association for Good Government and is entitled "Every woman's Road." It has for its theme, the dramatic struggle of woman throughout the ages, for freedom to express herself and is the remarkable work of Miss Josephine Hammond who will personally direct the production and play the role of "Truth." The play will have beautiful accompaniments of stage setting, specially designed costume and splendid pageantry. John P. Marshall has arranged special music and Miss Virginia Tanner is in charge of the lovely dances which will be introduced. Over two hundred women will be in the cast. Prof. Baker of Harvard University, who is now delivering a series of lectures on the drama in the Lowell Institute course says, this is the most beautiful amateur production he has ever witnessed. He speaks also especially of the music and costuming. In the long list of patronesses appear many well known names among them: Mrs. Louis D. Brandeis, Mrs. Clara B. Beattey, Miss Alice Stone Blackwell, Mrs. Charles M. Cabot, Miss Eva Channing, Miss Ellen Deland, Mrs. James T. Fields, Mrs. Wm. L. Garrison, Mrs. Philip Hale, Mrs. Lionel Marks, (Josephine Preston Peabody) and Mrs. Edwin D. Mead.

(Continued on Page Six.)

SCHOOL COMMITTEE.

A meeting of the school committee will be held at the quarters Tuesday evening.

BRAUN STARTS TWO YEAR TERM

Broke Into Post Office Some Months Ago

ON WAY TO ATLANTA

William Braun, who broke into the Quincy Point postal station a few months ago, started on his way to Atlanta to enter the Federal prison at that place, Friday. Braun was found in the post office station by Officer Thorpe and requested to come out. He refused. The officer then secured the aid of a neighbor who guarded one entrance while tthe ofver entered another way and secured his prisoner. Braun had a carver in his hand but thought better of using it. He was sentenced to two years in the Federal prison and a fine of $100.

From the man's manner and actions and his conversation it was believed that he might have been connected with other post office breaks in other parts of the country.

WANTS SOME INFORMATION

Regarding Colored Man Who Lived Here in 1860

Information is wanted by the Department of the Interior-Bureau of Pensions concerning George Anderson, a colored man and a barber who is said to have lived in Quincy in 1860 or 1861. He is said to have been married and to have had children. He is supposed to have enlisted and to have served in the Civil War. There is no record of his enlistment and the Bureau is desirous of obtaining information about him if possible, and has requested the City Clerk to look the matter up.

LADIES TAKE NOTICE.

Gloomily Gleeful Weather Man Croaks His Evil Easter Prophecy.

The cruel weather man prophecies ill for Madame's new Easter bonnet and her new spring suit, after the various Balkan styles. After chuckling over his little yellow telegrams from all over the country, the weather man rubbed his hands in glee, and pronounced the likelihood of doom for Easter finery as follows: "The terrific wind and rain storm now central over northern Indiana, is coming east. It is followed by a cold wave unprecedented at this time of the year. While the cold wave may not reach the east in all its severity, today and probably Sunday will be marked by rain throughout the East, with probably steadily falling temperature. While the rain may be over by the time for the Easter parade Sunday, the day will be comparatively cold and probably windy."—Boston Transcript.

RAISING THE MAINE.

Much interest is being taken in the stereopticon lecture "The raising of the Maine" to be given at the Park and Downs church, Tuesday evening, under the auspices of the Women's Guild The lecture was possible through the courtesy of Walter Dey of the U. S. S. North Carolina and will be given by an officer of that ship. Mrs. Edith Cary Page will be the soloist of the evening.

Can We Help You?

(As We Helped This Man)

Herbert O. Russell is a farmer in North Hadley, Mass., who turned a threatened loss, not only to himself but to his neighbors, into a highly profitable business transaction by making judicious use of the telephone toll lines. He is the Mr. Blank of the following story which appeared in TELEPHONE TOPICS. We use his name by permission:

A HADLEY PASTORAL.

The fertile fields of old Hadley are especially adapted for raising tobacco and onions and especially onions, which are usually a very profitable crop. This year the crop was larger than ever before—bumper to the nth. Prices at once shrunk alarmingly until it came to be a grave question whether it was worth while to market the crop. Some farmers became discouraged and left the crop to rot in the fields. One gave the subject careful thought. While he was pondering the question his glance fell upon the telephone in the kitchen. Could that be the answer?

The next day he called on Manager Proctor for information. He secured full particulars about our toll facilities, then went home and planned a sales campaign by telephone. Each evening the family carefully studied the directories and made up a list of wholesale commission dealers in the large cities.

Early each morning Mr. Blank called them by telephone. Results were immediate and surprising. He made satisfactory terms in short order for the sale of his entire crop and before long he was shipping onions by the carload. After he disposed of his own crop, the commission merchants continued their demands for more onions, and Mr. Blank commenced buying his neighbors' crops which he sold at a good profit. As a result of his work he has sold twenty-one carloads of onions. It need not be added that he is extremely gratetul for the resources of our telephone service.

Are you, Mr. Farmer or Business Man, confronted with a distribution problem of any kind? Let us help you, if we can. Call your Local Manager and see what he can suggest. In Greater Boston telephone (free of charge) to Fort Hill 7600, the Contract Department.

NEW ENGLAND TELEPHONE & TELEGRAPH CO. — LOCAL AND LONG DISTANCE TELEPHONE — BELL SYSTEM — AMERICAN TELEPHONE & TELEGRAPH CO.

FALSE ALARM ON SCARLET FEVER

Epidemic Reported Closing Schools and Play Houses

CORRECTION MADE LATER

Indignation is being freely expressed this morning with a report that appeared in a Boston paper relative to an epidemic of scarlet fever in this city. The article read to the effect that schools and moving picture houses had been closed and that a rigid quarantine is being exercised in the infected sections.

This morning many telephone calls asking for positive information was received by people in charge of the local moving picture houses. Most of the calls came from out of town patrons.

The managers of the several houses wish to deny that their houses are closed. It is a well established fact that scarlet fever cases in this city are given absolute supervision by the Quincy Board of Health. This morning they denied that such a contingency had arisen but said they knew of such a condition in another South Shore town.

The reading matter was attributed to Quincy probably through error since later editions stated that Quincy was not the place affected.

BRIEFS

Mrs. Eben Stocker who has been suffering with tonsilitis for some time is much better.

The annual banquet and ladies' night of Bethany Brotherhood is to be held Wednesday evening, April 9, with Hon. Solon Stevens of Lowell as the principal speaker.

The Hospital Aid Association meeting will be held at the home of Mrs. George H. Wilson, Revere road, Thursday, March 27 at 2.30 P. M.

A supper under the auspices of the Fragment society of First church is to be served in the chapel, Wednesday evening.

The annual banquet and ladies' night of the Men's club of the Quincy Point church will be held Wednesday evening, April 16.

The last number in the course of lectures at the Hall Place M. E. church will be given Wednesday evening by Rev. L. H. Bugbee D. D., subject "Life as a cowboy."

Walter Hill of Clive street has been spending the last few weeks in New Hampshire, where he is expecting to remove his family in the near future.

Mrs. Spencer Apollonio, who has been confined to her home for over two weeks with illness, is improving rapidly, and hopes to get out inside of a week.

Mrs. Sam Wood of Adams street, East Milton was taken to the Carney Hospital, Friday where she will undergo an operation.

The Choir of St. Chrysostom's Church are to have a food sale at Alfred E. Walker's office, corner of Newport avenue and Beale street, Saturday, March 29th from 2 until 8 o'clock. It is under the direction of the choirmother, Mrs. William Dean Sanford.

It is rumored that the tennis club have outgrown their grounds on Whitney road and Woodward avenue and are considering the purchase of a large tract of land on Glendale road at the junction of Goffe street, the property of the Adams family. It would be an ideal location in every way.

Owing to the great demand for a repetition of the cantata of the "Holy City," which met with great success at the Wollaston Congregational church, Feb. 25, the music committee has decided to present Stainer's Crucifixion, Easter Sunday afternoon at 4 o'clock. The same chorus of forty voices under the direction of W. C. Rogers will assist the regular church quartet in the presentation.

There seems to be a growing interest in our city in the study of birds. Doubtless people are realizing more each year how birds can help the farmers fight bugs and insect pests. Among the students in this line are Mrs. James H. Slade and Mrs. George E. Pfaffmann. The latter is so enthusiastic about this study that she has offered to conduct those interested in birds on early Sunday morning walks. As there is no expense to these outings there should be a large number of lovers of nature both young and old, who will avail themselves of this opportunity. All the equipment necessary for studying birds is a pair of glasses to make the markings distinct and some good bird book in which to find the reproduction of the birds under observation.

WOLLASTON FORUM.

The session of the Wollaston Forum which meets regularly in the Wollaston Unitarian Church Sundays will be omitted on Easter.

EIGHTY-FIFTH BIRTHDAY.

The family of Captain Charles T. Derry down to members of the fourth generation assembled at Captain Derry's home on Washington Place, Sharon to celebrate his 85th birthday. The flag was raised in honor of the occasion and the house inside was decorated with flowers and palms.

During the evening many friends of the captain called to offer him their hearty congratulations for his continued good health and active interest in all about him.

Those present were Mrs. Stella Freese, Mr. and Mrs. Oliver H. Derry and son, Gardner, Mr. and Mrs. Hervey T. B. Derry and family, Mr. and Mrs. Charles T. Derry, Jr., Mr. and Mrs. Charles T. Derry, 3d and family, Mr. and Mrs. Eben Derry of Attleboro, Mrs. Fred Cowden of Cambridge, Mr. and Mrs. George Belcher and Mr. and Mrs. William T. Derry and family of Dorchester.

Capt. Derry was born in Quincy living there 35 years.

QUINCY SUBURBS.

Editor of Daily Ledger:

L. S. Richards, a native of Quincy and a resident for 40 years, now a resident of Marshfield Hills, approaching another 40 years feels confident that Quincy can be relieved of its crowded population, also its heavy tax by following in the footsteps of a number of its former residents, who are now chuckling over their good fortune in living in Marshfield to the tune of only a twelve dollar thousand tax, with the priviledges of a rollicking summer country home, where the woodbine twineth, and oaken buckets hang in many a well.

There are a number of Quincyites living in Marshfield and as many natives of the last mentioned place who are seeking their fortunes in Quincy. For example there are three Damons two of whom live in Quincy and the other travels by rail every day from Marshfield Hills to the store. Another Damon is janitor of the new Court House. There are also Osborne, Howard, Rogers and another who I think was born on the Daniel Webster estate, that genial gentleman George E. Pfaffmann.

There is in Marshfield the proprietor of the Daniel Webster Homestead, a former Quincyite, Walton Hall, whose estate embraces a thousand acres, one hundred of which is a cranberry bog; William A. Rogers and his brother Frank E. Rogers who own fine separate estates of their own, former residents of Quincy; another Henry Wright, a Boston High school teacher whose winter residence is on Presidents Hill and his summer at Marshfield Hills and still another Horace Spear, cashier of National Wollaston Bank who lives there the year round, his estate embracing 40 acres, bordering on the picturesque North River, enjoying a view of Cape Ann, Cape Cod, Blue Hills, and all the country around. Another banker is prospecting on the hills of Marshfield for a solitude where he can lay his weary head and rest from the racking toils of a thriving, bustling and growing city by day.

L. S. Richard's estate of over 20 acres on Richard's hill is one of the attractive places of the Hills, covered with many varieties of fruit and flowers. The outlook from his 5-story tower gives him one of the most extensive views in Marshfield.

This is perhaps a rosy picture, but the Quincy boys say they will not hesitate to vouch for its truth.

Marshfieldite.

Chorus Choir
Hymn—"Jesus Christ is risen today."
Sermon—Rev. Sampson Nicholls.
Hymn—"Golden Harps are sounding."
Postlude—Selected.

Orpanist, Irving Hayden.

Sunday school Easter concert at 4 P. M.

Evening service will be omitted.

EAST MILTON BAPTIST.

The Easter services at the First Baptist church, East Milton, Rev. J. Hamilton Woodsum, pastor, will include at the morning worship at 10.30 o'clock, two anthems by a double quartet: "This Is the Day." Cook and "Easter day" Rowley, and a selection by the male quartet: "The Lord of Life is Risen Again," Fairbanks. Sermon by the pastor, topic: "The Exalted Christ." There will be a baptismal service in connection with the morning worship. The choir consists of Mrs. A. A. Blodgett and Miss Neilson, sopranos; Miss Johnstone and Miss McAndrews, altos, James and Gordon Lewis, tenors, and J. H. Leatherbee and Wm. Johnstone bass; J. H. Leatherbee, organist.

In the evening at 7 o'clock the Sunday school will give its annual Easter concert. The exercises are entitled "The Message of Light" and include a concert program combining the celebration of Easter and the Livingstone Centenary (March 19.)

SWEDISH CONGREGATIONAL.

Easter Sunday services will be held in the Swedish Congregational church at 10.45 A. M. and 7 P. M. The Rev. O. G. Norseen of Worcester will preach on the subjects for the day.

All Scandinavian people are cordially invited to all services.

TEMPLARS AT CHURCH.

Quincy Commandery Knights Templar will attend Easter services Sunday afternoon at the First church at 4 o'clock. The Commandery will assemble in the asylum at 3.30 sharp and march to the church. The services will be conducted by Rev. Adelbert L. Hudson.

☞PRATT'S BREAD—baked by experts in a light, well-ventilated building. All grocers.

MANY DEATHS IN HURRICANE

More Than a Hundred Known to Have Been Killed

LEAVES WAKE OF DESTRUCTION

Buildings, Early Crops, Telephone and Telegraph Wires Suffer From Gale Which Reaches Fearful Velocity—Storm Starting From Southwest Sweeps Wide Territory

Chicago, March 22.—More than 100 persons are reported killed and hundreds were injured, some mortally, by a storm of tornado intensity, which raged over central western, southern and parts of eastern states yesterday. Property damage will run well into the millions.

Definite advices have been received accounting for at least seventy persons dead, with reports from points temporarily cut off from wire communication by the storm adding hourly to the list.

Reports from Alabama show the loss of life was heaviest in that state, the number of dead there being already definitely placed at sixty, with additional fatalities reported but not confirmed. Two towns, Thomasville and Lower Peachtree, were practically wiped out. Two are dead in Indiana, two in Tennessee, two in Ohio, two in New York, one in Michigan and one in Louisiana.

Accompanying the death lists are estimates of injured totalling more than 200, with additions coming in at brief intervals.

Coming up out of the southwest the storm swept with startling suddenness diagonally across the country from northern Texas to western Pennsylvania and New York, directing its course Mississippi valley and moving northward across the Ohio into the Great Lake region.

Shifting winds of great violence, accompanied in various sections by snow, sleet and hail, characterized the storm, rarely equalled in the extent of its sweep and the damage it did. Buildings toppled before the blow in nearly a dozen states, and death lay all along in its wake.

The property loss was heavy all along the storm's track. Besides demolishing or unroofing buildings, and felling trees, the high winds, rain, hail and sleet did serious damage to early crops, according to reports from some of the affected sections. Estimates of loss by damage to property of all sorts from Indiana and Michigan alone total $2,000,000, about evenly divided between the two states.

Early reports of losses ranging from $25,000 to $500,000 or more from various cities and sections scattered over the storm region indicated that the sum total would reach large figures.

Wires fell in all directions before the blow. Not in many years has there been such prostration of telegraph and telephone service. Chicago was cut off for hours from communication with points east. Only by devious routes was connection finally established.

Conditions have improved materially but it will be several days before normal service is restored. Railroad traffic was seriously delayed in many districts, where wire communication was crippled and washouts occurred.

The wind attained record velocities at some points. Detroit reported eighty-eight miles an hour, the weather bureau high record in that city. A velocity of eight-four miles was recorded at Toledo, and the wind was blowing eighty-eight miles an hour at Buffalo at 8 o'clock last night. Memphis reported sixty-four miles and Louisville fifty-two miles.

Cold weather is trailing the destructive blow. The storm seems to have spent its force, and to be taking the accustomed route of such disturbances, out the St. Lawrence valley.

MRS. JOSEPH G. EATON

Widow of Admiral, Who Is Charged With Murdering Him

CHILDREN SEE MURDER

Maine Man Slays Wife In Presence of Three Little Sons

Belfast, Me., March 22.—The authorities are dragging the Passawaukeag river in the hope of recovering the body of Emery Danforth, who is believed to have committed suicide after he murdered his wife.

Danforth threatened to drown himself, and the night watchman on duty at the Passawaukeag river bridge reported he heard someone cough and then heard a splashing in the water, a sound which might be made by a man throwing himself over the bridge.

The murder, which was committed in the presence of Danforth's three little boys, the oldest only 12 years old, was the result of a quarrel.

The father had been drinking and the quarrel continued into the evening, when Danforth struck his wife with a rocking chair and then clubbed her to death with a stick of wood.

The children reported the murder to the police and said their father, after killing his wife, drank a bottle of poison. He then turned to them and said that, if the poison did not kill him, he would drown himself.

Danforth then left the house, the little children peering through the window, watching him disappear in the darkness.

SKULL IS PATCHED WITH SILVER DOLLAR

Doctor Could Not Wait For Plate In Hurried Operation

Omaha, Ark., March 22.—John Crickmore of this place will always have $1 on his person, but it will never be available as a cash asset, as it lies in the front part of his head over a jagged hole more than two inches long and one inch wide.

Crickmore got in a fight and his skull was crushed in by a rock. Dr. Butts, who was called, had to have something at once to cover the opening, Crickmore being in too grave a condition to be removed to a hospital and there being no time to order a silver plate.

The doctor did the next best thing; he made one. He took a silver dollar and a heavy hammer and beat it out to fit the hole. He sewed up the scalp, and John is now recovering.

SYLVIA PANKHURST FREED

Militant Suffragette Starves Her Way Out of Holloway Prison

London, March 22.—Slyvia Pankhurst, the militant suffragette, won her freedom from Holloway prison by means of a hunger strike. Her release was granted on the ground that to further detain her would endanger her life.

Miss Pankhurst, who is the daughter of Mrs. Emmeline Pankhurst, the leader of the militants, was sentenced Feb. 18 to two months' imprisonment for engaging in a window smashing campaign in the East End of London.

UNDER "FUGITIVE LAW"

Governor Who Refused to Recognize Huerta Administration Is Slain

El Paso, Tex., March 22.—Mexicans arriving at Juarez from the south declare they were part of a firing squad which executed Abram Gonzales, governor of Chihuahua under the Madero government. Gonzales was killed under the notorious "fugitive law," these Mexicans declare.

Gonzales was arrested when he refused to recognize the Huerta administration and placed on "trial."

Hid Hubby's Clothing

Detroit, March 22.—By hiding all her husband's clothes, Mrs. Archie Moffett kept him a prisoner in his home while she obtained a warrant against him for non-support.

Death of Noted Harpist

London, March 22.—John Thomas, chief bard of Wales, who was harpist to Queen Victoria and King Edward VII., is dead.

A BOSTON GIRL'S BUDGET.

Curiosities of Cubism May be Displayed in Boston—What Effect the Horrors Have upon a Custodian—Duke and Duchess Like New England So Well They May Come to Live Here.—Free Legal Advice is a Late Harvard Wrinkle—Law Students Do the Advising and Poor People Get the Benefit—Five and Ten Cent Grand Opera is Proposed for Franklin Park by Boston's Indefatigable Mayor.

Alexander Pope, the Boston portrait and animal painter, tells a story about the post-impressionist show which has just gone from New York to Chicago. Mr. Pope was standing in a throng of people looking at the curious pictures, when a woman near him turned to the custodian and said pityingly: "You poor man, among these horrors all day long! What do you do for relief when you get out of here?" The custodian replied solemnly and confidentially, "I take a drink, madam." The pictures which caused this conversation are expected to be shown in Boston, though it has not been definitely decided as yet. Presumably the visitors will attend well fortified for the ordeal.

The Hub's royal visitors have departed, waving fond adieus and threatening to return to take up a permanent residence here. Duke and Duchess Litta sailed from Boston with only complimentary things to say of the Puritan city, and the avowed intention of coming back as soon as the multifarious business duties of the Duke can be settled. The Duchess Litta is an American girl, and her husband takes delight in pointing out that their is one international marriage which has proved a success. Like most foreigner visitors of literary ability Duke Litta expects to write a book about us but he says it will be very complimentary as a general rule. The principal object of his visit to America was to give a series of lectures on such interesting subjects as "The Gentle Art of Poisoning", the "History of Kissing" and others. The ducal pair made a host of friends while in the Hub and should they return would be welcomed by many.

Boston's indefatigable Mayor is now considering the proposition of erecting a collapsible stage in Franklin Park for thep urpose of furnishing prices. Five and ten cents will pay for seats at the best grand opera productions, if this plan works out successfully, as it has done in several European cities. Should the plans be found practicable the stage will be constructed on the Playstead, and high class performances will be given for the benefit of thousands. Should the expense be found to be slight, the performance will be given free. Thus a new plan is under way for the further popularization of Boston's park system and especially of Franklin Park, the vast tract whose possibilities are unappreciated by many of the residents of the city. "Honey Fitz" is energetic in this direction and is already responsible for many innovations in the line of recreation and municipal entertainment for the public benefit.

Free legal advice to the public is a unique plan about to be introduced by the Harvard Legal Aid Bureau in Cambridge. Twenty-five of the best students of the Harvard Law School will give their services in drawing up papers and defending clients in court this without charge to the client where the cases are found to be worthy of aid. The plan is being conducted under the auspices of the Phillips Brooks House at Harvard and the Harvard Law School executive society will have general control over the 25 young men. In this way much good work may be done for people in moderate circumstances, and many victims saved from unscrupulous or third-class lawyers. Incidentally the students will be gaining valuable training in court work and fitting themselves for larger fields. Where cases seem to be beyond the experience of the students, they will be referred to reputable lawyers in regular practice.

The Boston girls are watching with interest the outcome of the proposed legislation in Ohio restricting and prescribing the fashions to be worn by women in that state. This proposal is that the Governor shall appoint a commission to govern the dress of women, and urges that transparent hose, low-cut necks, and lace and other openwork or transparent trimmings shall be prohibited. The Boston girl finds it difficult to imagine herself in the annual July hot spell with high neck, long-sleeved waist, of a material heavy enough not to show the color of the flesh, and with stockings of the same weight and texture. It is doubted by many if the styles of the past few years which have tended to a more hygienic, comfortable and sane existence throughout the hot season will readily give way to the rigid rules of the proposed legislation in Ohio. This same bill makes a provision against allowing department stores to display undraped artificial figures. It almost sounds like something that might happen in Boston where Bacchante and the poor unoffending Charlestown cupids have raised such an excitement.

Ethel Angier.

Boston, March 21, 1913.

MORTGAGEE'S SALE.

By virtue of the power of sale contained in a certain mortgage deed given by Frank C. Soutter and Albertie W. Soutter his wife, in her own right, to the Exchange Trust Company, dated the twenty-ninth day of March A. D. 1911 and recorded with Norfolk Deeds, Book 1172, page 110, duly assigned by mesne assignments to the undersigned, for breach of the condition of said mortgage and for the purpose of foreclosing the same will be sold at public auction on the premises hereinafter described on Monday the thirty-first day of March A. D. 1913 at ten o'clock in the forenoon, all and singular the premises conveyed by said mortgage deed, and therein described substantially as follows:

A certain parcel of land with the buildings thereon situate in that part of Quincy in the Commonwealth of Massachusetts called Wollaston and being lot 13 on Winthrop avenue, as shown on a plan recorded with Norfolk Deeds, Book 492 and Sec. I bounded and described as follows: Southwesterly by Winthrop Avenue sixty-five (65) feet; Northwesterly by lot 14 on said plan ninety (90) feet; Northeasterly by lot 26 on said plan sixty-five (65) feet; and Southeasterly by lot 12 on said plan ninety (90) feet. Containing 5850 square feet and being the same premises described in and conveyed by a deed from James Perry and Mary Hunnewell to Albertie W. Sherman (now Soutter,) dated June 6, 1908 and recorded with said Deeds, Book 1082, Page 562. Together with all the buildings now or hereafter erected on the said premises and all heating, lighting, gas or other fixtures installed in any buildings erected. Said premises will be sold subject to any unpaid taxes, tax-titles, restrictions or any other incumbrances of record if any there be.

Terms at time and place of sale.

CHRISTOPHER F. BROWN,
Assignee and present holder of said mortgage.

AUGUST JOHNSON.

Quincy, March 20, 1913 3t

This Is How the President's Wife Will Cook the Easter Ham

MRS. Woodrow Wilson, who is said to be a fine cook, gives the following recipe for the preparation and baking of a ham:

Select a small ham. Wash thoroughly in cold water and cover with a layer of baking soda, which is scrubbed into the ham with a brush. Rinse off and trim neatly and place in a bake pan. Mix the seasoning, consisting of a half teaspoonful each of cloves, cinnamon, celery seed and pepper.

Rub the whole into the surface of the ham and cover with a very thick layer of onion, minced fine.

Cover the whole with a layer of pastry made by mixing a cup of sifted flour in half a cup of water. This pastry is rolled out thin and wound about the ham closely. The bake pan is then filled with boiled cider and placed in the oven to bake slowly and steadily for four hours, with frequent bastings from the cider.

Serve with candied potatoes, baked squash and spinach done in butter, with a relish of apple sauce.

Easter Hams weigh about 9 pounds **lb. 20c**

Sugar Cured from Little Pigs

Choice Smoked Shoulders very lean **lb. 14c**

Fresh Braintree Eggs - Lowest Prices

WOLLASTON ASSOCIATION

Starts Out Under Very Auspicious Circumstances

PUBLIC MEETING FRIDAY

The executive committee of the Wollaston Citizen's Association was held with the president, William Dean Sanford, Belmont street, Friday evening. Some general business was transacted and the hall committee submitted a report which was accepted.

It was voted to hold a public meeting in Brasee's hall, Friday evening, March 28, at 8 o'clock. Matters of condiserable importance to the organization and the community will be discussed. George B. Curran of 120 Belmont street, is the hustling secretary of the Association and he is doing great work in interesting people in the new movement. Applications for membership are coming in fast and the Association promises to be one of the largest and most influential in the city.

Meetings will be held once each month, until the summer months when there will be the usual omission until the fall campaign opens.

APPOINTED ORGANIST

W. H. Luce Will Preside at Organ of East Boston Church

Wendell H. Luce of the city has been appointed organist of St. Mary's Episcopal Church, East Boston, of which Rev. Kenneth Ripley Forbes is rector. He will assume the position, March 20.

Mr. Luce is well known in this city. Since his boyhood he has been devoted to music. He is a former organist of Christ church and was one of the organizers and is at present an officer in the Quincy Choral Society. For some time he has been connected with the Streff Piano Co., Boston.

BRIEFS

An energetic committee has charge of the affair.

The second annual assembly of the Town River Yacht Club will take place at Alpha hall Tuesday evening.

George A. Mayo of West Quincy, has opened a branch store at East Milton.

Dr. C. F. Christian will address the members of Frihet Lodge, I. O. G. T. on "Alcohol and its effect upon the system," this evening. The lecture will be illustrated.

Rev. Fr. John J. Coan delivered the sermon at the Good Friday service at St. John's church.

Wilbur Richardson of Gay street who was operated upon in the Massachusetts General Hospital is reported as doing well.

John D. McInnis of 968 Hancock street, foreman for Telephone Company, who was called to Novia Scotia by the serious illness of his father has returned.

James B. Connolly will give his lecture, "Out of Gloucester" before the members of Ave Maria Council, Knights of Columbus, at St. Joseph's hall Thursday evening.

A mass meeting of the Swedish Socialist Labor party of the I. W. W. will be held at Electa hall Tuesday evening.

The C. A. A. Girls meet Sunday afternoon at the home of their president Anna Grossman on Federal avenue.

Dr. W. R. Barnes of Orford, N. H. has been visiting his daughter Mrs. Arthur Foster of Bay View street.

An important meeting of the Young Men's Hebrew Association has been called for Sunday afternoon at 3 o'clock at headquarters on Water street.

The Board of Health as stated in the Ledger a few days ago, announced in an advertisement in today's issue of the Ledger that it has ashes for sale.

Judge Albert E. Avery has been confined to his house all the week with a severe cold, and Associate Justice E. Granville Pratt has beeen dealing out justice.

The stand pipe of the water department on Penn's hill is being repaired and repainted. James H. Lalley is doing the painting.

Many have joined the ranks of the automobile enthusiasts this year. It has now got to such a stage that a business man can hardly afford to be without a runabout, even if gasoline is 25 cents a gallon at retail.

Mr. and Mrs. Percy Holman of South street are moving April 9 to Kingston. They will be greatly missed by their friends. Mrs. Holman has been very active in the Ladies Aid at the Quincy Point church being president for a number of years.

Mrs. Charles C. Foster of Bayview street had quite a bad accident this week falling head first down the front stairs at her home. She is resting very comfortably and was lucky not to receive any broken bones.

☞ The Samuel Hathaway Co., now located on Revere road, make a specialty of roof repairing.

TO STUDY HABITS OF IMMIGRANTS

Government Investigator to Conduct Research

ALONG THOSE LINES

Immigrants

Working on the theory that all is not well in immigrant circles, a man said to be a government investigator has been in Quincy the past week quietly observing the life of the more recent Finnish arrivals in this city. He also stated that he was directing his inquiry among the Finnish people first because of an intimate knowledge of their language and customs.

Of the opinion that many months must elapse before he will be able to submit a brief to the proper commissioners he has decided to devote his attention to these residents although he hopes to be able to follow along the same lines regarding the other foreign residents here, particularly the Italians.

He is said to have remarked that he will first consult the records of the probation office and clerk of the courts and then confer with the officer who made the arrests. In this way he feels that one of the harder sides of an immigrants life will be disclosed and that the remedy can be more easily applied once the cause is placed.

GOOD MOVE FOR THE CHILDREN

Washington Mothers Decide Social Conduct Rules

FOR THE YOUNGSTERS

Washington children whose mothers are members of the local branch of the National Congress of Mothers are to return to the "simple life."

The organization is having printed a set of rules to govern the future social conduct of the children of its members, adopted at a meeting in which the Housekeepers' Alliance also participated and in part contain the following:

"That all entertainments in homes, including dances, end at midnight, or earlier, and that it be so announced on the cards of invitation.

"That the nameless' dances not only be discouraged but be forbidden in our homes and to our children.

"When objectionable dancing is begun, that the music cease at once, the orchestra leader being permitted to announce that he has been so instructed.

"That simplicity and modesty in dress distinguish our girls.

"That we teach our sons that smoking during an entertainment planned for their pleasure is a discourtesy to the hostess and her other guests.

"That we instruct our boys to end a social call at 10 or 10.30 o'clock."

The members also pledged themselves to frown on Sunday entertainments and to refrain from having parties for their children on school nights.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

AUTO AND TRUCK IN COLLISION

Machine Considerably Damaged By the Impact

OPERATOR RICKER ESCAPED

The auto owned by Elmer Ricker, a well known real estate broker collided with the ice wagon of F. S. Patch & Son this morning at Granite and Hancock streets. Mr. Ricker was operating the machine and was thrown forward by the impact. He was uninjured.

The accident was witnessed by many people who immediately gathered at the scene. An examination of the machine showed that considerable damage resulted. It was taken to a garage for repairs.

GLEE CLUB PLAN BIG CONCERT

Artists of Exceptional Talent To Appear on Program

The Wollaston Glee Club will give their annual concert at the Wollaston school hall, April 2nd. An extensive musical program has been arranged and will be under the direction of James A. Crowley.

Myrna Sharlow, soprano, of the Boston Opera Company will appear in several solo numbers. Her reputation in and about Boston musical centres has created a great demand and it was with considerable difficulty that she was secured.

Miss Lucy Lee, a reader will also take a prominent part in the evening's entertainment. The tenor soloist will be Edward E. Bullock, a resident of the city and a vocalist of recognized merit.

William E. Weston will be the accompanist. He is also a resident of Wollaston and favorably known. In addition to these vocalists the club will render a high class program.

PLATE SLIPPED FOLEY INJURED

Left Foot Injured and Small Bones Broken

CHAIN SWING LOOSENED

James Foley, 30 years, Winter street is at his home suffering with a fracture of several small bones of the left foot. The accident occured Friday evening while at work in the Fore River yards.

Foley is employed as a helper and was taking pipes from a hand car with the aid of a travelling swing when a chain swing became unloosened and several of the plates slipped, striking his foot. He was treated at the Red Cross Hospital and later removed to his home.

AFTER LONG ILLNESS.

Miss Judith E. Swanson died Friday night at her home 107 Cranch street after a long illness. She was in her 15th year. The funeral will take place Sunday afternoon. Services will be held in the Swedish Congregational church at 2.30. She was the daughter of Mr. and Mrs. Samuel Swanson.

MUST STAY IN HOSPITAL

Tuberculosis Patient Loses His Fight to Secure Release

Haverhill, Mass., March 22.—Andrew McCarthy, father of a family, and a former local business man, lost his battle in the supreme judicial court when he sought a writ of habeas corpus that he might leave the City hospital, where he is confined, and return to his home.

McCarthy is detained as a tuberculosis patient, but he denies he has the disease. Justice Braley issued an order remanding McCarthy to the custody of the superintendent of the hospital.

EASTER CAROLS BRING THEIR JOY TO THOUSANDS IN CITY CHURCHES

Fair Weather But Coldness Prevented Brilliant Parade of Vanity Fair

Little Ones Take Prominent Part In Praise Exercises to Most High

Easter Sunday only lived up to its unseasonable presentation in the weather conditions offered. The day while sunshiny was decidely cool and there was little comfort in parading in new spring finery. A few brave spirits made their apearance in light and Eastery attire, but they were few and far between and were glad enough to make a change as soon as circumstances permitted. As a parading session Vanity Fair did not have much of a show under the conditions, still people were satisfied that rain or other storm clouds did not make their appearance which would indeed have been most unfortunate.

On the whole the day passed off very agreeably. Of course the churches were the meccas for all classes. The decorations were beautiful and the music delightful. The testimonials, thus accorded to the most high were spontaneous and sincere in the extreme.

Thel ittle children played an important part in the day's exercises and they looked rather cute returning after services with a plant or boquet or flower tightly clutched in their hands. The services at the churches were brilliant and pleasing in the extreme and in keeping with the spirit and traditions of the day.

The programs at the churches will be found on page three.

WOLLASTON METHODIST.

The services at the Methodist church Sunday were in harmony of the day. True Easter Joy was the subject of the sermon preached by Rev. Wesley Wiggin, the pastor. He spoke in part as follows: "Many an imprisoned life, in a strange land has given expression to its inner feelings in songs of Christian faith. But for the fact of the resurrection we would not have these songs of triumph.

"The women had come to see the sepulchre. But to their surprise the stone was rolled away, the tomb was empty, Christ had come forth. When the angel announced this, they departed quickly with great joy to tell the disciples. The resurrection is the greatest fact of history. It is the foundation of the Christian's hope. It is the hinge on which all history turns. If Christ be not risen, then is our preaching vain, and your faith is also vain. If Christ had not risen then the gospel which the apostles proclaimed would be worthless for the glad tidings which they heralded was that the Lord was risen from the dead and was now at the center of power. It was the turning point of their own spiritual history. It is the basis of all intelligent faith that distinguishes Christianity and makes it the greatest tremendous power to lift men from a lower to a higher plane of living. Such a conception of Christ will fill any heart with great joy I. Easter Joy gives New Meaning to Life.

"Had Christ been held in the cold embrace of death Paul never could have written, 'But thanks be to God who giveth us the victory through our Lord Jesus Christ.' For so long as He was a victim of the grave there would be no victory through Him. Easter joy is the joy that Christ is risen and because He has risen life has a new meaning, a new end to be achieved, a new battle to be fought and a new victory to be won.

"Life without the consciousness of the fact of the resurrection has not much of real joy. It sees nothing but defeated purposes, distracted hopes, joy in folly, in unrighteousness in carnal pleasures, in evil pursuits, in wrong doing. These are deceptive misleading, momentary. Such a conception of life is low; it looks on the material side, or the physical needs the clothes one wears, the food he eats, the money he earns, the pleasures he enters into, until he becomes so engrossed in the carnal trivialities of life that there is nothing to look forward to. Such a conception of life leads to sensuality, lusts, corruptness and base desires. But Easter joy is the consciousness that life is victorious because of the fact of the resurrection. Man has the instinct of mastery. He pants and longs for dominion over natural forces, plant and animal life.

"The moral and spiritual forces must conquer and only he overcomes who has first mastered his own spirt and compels his own personalty to minister to his great need in building character, in achieving results and in the realizing his own immortal destiny.

II. Easter Joy gives new incentive to service.

"The fact of the resurrection gave the disciples a new incentive for service. Christ had risen. This was to the substance of their message. Christ was risen and through Him men dead in tresspasses and sin were to be raised to a life of truth and companionship with Chirst, the Saivour of mankind. Paul had a new vision of life and a new incentive for life's work for said he, "For to me to live is Christ." Then realizing his larger opportunity he said, "What wilt thou have me to do." From the earliest days of the disciples until the present the message of his followers to those not of his fold has been instinct with the Spirit. Christian service has been a service of joy because of the new incentive to work, due to the fact that we serve not a dead but a living Christ who said, "The field is the world," and then remembering the greatness of the task to which he was sending his disciples, and the conditions to be conquered he also said, 'Lo, I am with you even unto the end of the world.'

"The joy of Easter is the joy that He who spake these words to the disciples lives today and is the incentive to all Christian activities. Such joy born of the Spirit sends missionaries to the foreign field, and inspires workers at home and aboard to give of their means and talents and time to plan and pray and toil for the exten-

MANY FRIENDS AT CEREMONY

Christ Church Scene of Brilliant Wedding

CONFETTI IN ABUNDANCE

One of the prettiest as well as most pleasing weddings to a large number of people in Quincy was that of Arthur Newton and Miss Selina Elizabeth May Veale, Saturday evening. The ceremony was performed at Christ church by the rector, Rev. Richard E. Armstrong. Theb ride is a member of St. Margaret's Guild of the church and the groom is superintendent of the Sunday school, so that it can readily be seen that more than usual interest attached to this wedding and the church was filled to capacity with relatives and friends who had been invited.

Theb ridal procession was headed by the ushers, followed by the bride's maids, and maid of honor, and the bride leaning on the arm of her father, and were met at the chancel rail by the groom and best man, Thomas H. Veale, Tufts '13, a brother of the bride.

As the procession moved up the center aisle, Prof. Frank Wrigley performed the wedding march from the opera of Lohengrin on the organ. During the progress of the ceremony, Miss Charlote Onslow of Mattapan, sang "O Perfect Love." The bride was given away by her father.

The church had been very prettily decorated for the occasion with Easter lilies and potted plants.

Theb ride wore a gown of white Duchess satin, cut en train, trimmed with white chantilly lace, a white tulle veil was caught at the hair with a cluster of orange blossoms, and she carried a shower bouquet of lilies of the valley.

Them aid of honor, Miss Alice J. Findlay, wore a gown of pale blue messaline trimmed with shadow lace and carried a bouquet of pink roses.

Theb ride's maids Miss Bertha M. Wallace and Miss Edith M. Spargo were becomingly attired.

After the ceremony and as the wedding party retired from the church, Prof. Wrigley played the Mendelssohn wedding march.

The reception at the parish house from 7.30 to 9 o'clock was a brilliant affair and attended by several hundred guests. The ushers were Henry W. Boutilier and Robert E. King, both of Quincy. The bride and groom were assisted in receiving by the maid of honor and best man.

The guests had plenty of fun showering the happy couple with confetti, just before they retired from the parish house. Mr. and Mrs. Newton repaired to their own home, Saturday night and departed today for a wedding trip to Barre, Vt.

On their return they will live in Quincy and the at home announcement will be made later.

Theb room's gift to the bride was a gold chatelaine watch and to the ushers and organist, friendship circle scarf pins. Theb rid'e gifts were gold pendant and chain to the maid of honor and gold friendship circle brooches to the bride's maids.

The bride is the daughter of Mr. and Mrs. Thomas Veale, of 17 Vernon street. She is a native of Quincy, a graduate of the High school, and Burdett Business college, a member of St. Margaret's Guild of Christ Church, a Sunday school teacher there and a member of English Ivy lodge Daughter's of St. George.

The groom is the son of Mr. and Mrs. Thomas Newton of 10 Cottage street. He was born in West Hartlepool, England, but has been a resident of Quincy for the past 10 years. He is superintendent of Christ church Sunday school, past president of Granite Lodge, Sons of St. George, a member of Rural lodge of Masons and St. Stephens Chapter Royal Arch Masons. He is a bookkeeper employed by Luce & Manning, Wool merchants of Boston.

The young couple were presented with numerous gifts, both valuable and useful and their many friends unite in wishing them a long and happy wedded life.

VICIOUS KNIFE THRUST MISSED HEART OF ITALIAN BY BARE INCH

Constable Mixes Into Row and is Roughly Treated By Rioters

Assailants Held in $3,000 Bonds Awaiting Result of Boy's Injuries

A 17 year old Italian boy is at the Quincy City hospital, a prisoner and patient and an Italian constable has stitched head wounds and another prisoner has a badly bitten thumb as the result of a small sized riot in the Italian section of Field street, Sunday evening.

The boy at the hospital is Domenico Pasquale of 83 Canal street. He is suffering from a three inch tab wound near the heart and it was found that the knife tip had penetrated the left lung.

The men under arrest are Pirno Rocco, 24 of 22 Field street and Mathew Antonichi, 19, of 22 Field street. The constable who is suffering from severe physical punishment is John Sargent, Italian born, of 38 Copeland street.

The police learn the fracas started when Tony Spardocio and uncle of the wounded boy tried to quiet Tony Prisca of 22 Field street from loudly calling that somebody had broken one of his windows. Both men were mixing things when the wounded boy went to his uncle's assistance.

Rocco chased the boy around the house and when he caught him witnesses say he stabbed him with a knife.

Sargent, the constable, was visiting in the next house and attempted to quell the disturbance. He was badly beaten by clubs, women and men taking a hand in attacking him. His revolver was taken from him, a shot was fired but no one was hit. With blood streaming down his face and weak from the punishment received he reached the Quincy Electric Light Company and telephoned Chief Burrill who sent officer McNamara to the scene in a taxi.

He placed Rocco and Antonichi under arrest and summoned Dr. John H. Ash who ordered Pasquale taken to the hospital. He took three stitches in the heads of Rocco and Constable Sargent.

The prisoners were taken to the hospital where Pasquale identified Rocco as the man that did the stabbing. Constable Sargent also identified Rocco as the man who took his automatic from him.

SOME WIND.

While passing over Neponset bridge this morning the high wind which swept across the structure overturned the box wagon of Pray & Kelley of Weymouth.

THEIR GOING IS REGRETTED

Mr. and Mrs. Walker Moved to Northampton. Leave Many Friends Here

Mr and Mrs. Herbert E. Walker returned Saturday to their home in Northampton after a four year's residence in Quincy. Their going is regretted by a large circle of friends, especially among the Odd Fellows at whose entertainments both have been interested participants, also he will be greatly missed at the Ledger office where he has been in full charge of the makeup of the newspapers and popular with the whole force.

Since coming to Quincy Mr. Walker has had many advantageous offers to return to Northampton and has withstood them until now, but the call to the home town and being near to all their relatives proved too strong this time. They take with them best wishes for continued prosperity surrounded by many friends.

WILL ENTER ON DUTIES MAY I.

A formal letter of acceptance has been received by the Quincy Point Congregational Church from Rev. Sherman Goodwin of Brookfield. He stated that he would assume the pastorate May 1st.

Rev. Mr. Goodwin was called shortly after Rev. C. P. Marshall resigned to accept the pastorate of the Church of the Pilgrimage at Plymouth.

Mrs. Arthur C. Merritt of Elm place has returned from Middlebury, Vt., where she has been on a visit to her son Ralph who has recently become the father of a bouncing boy who has been named Hubert Bingham Merritt.

Men's E. & W. Shirts
At a Dollar-fifty

If they were custom made they would cost you $3 to $4 each. They are finished to a thread just as we would build them, if they were made to your order.

The materials are of the best Scotch and French madras and percales—ask your wife about them.

There is a splendid range of colors and patterns—the kind of effects you see only in high-grade made-to-measure shirts.

They are both plain and pleated bosoms, attached or detached cuffs, as you may prefer.

Other good shirts at $1.

See the New E. & W. Collar—"the Logwood."

THREE ON THE JOB ALL THE TIME BUT THE FIRE BEAT THEM AT THAT

Building of Cosimo Bora, Water Street, Destroyed---Many Houses Caught

Big Swamp in Po[in]t District Swept Girls Get[ise] eet Wet

The alarm from Box 31 at 2.28 Saturday afternoon was for a fire in a small building off Water street owned and occupied by Cosima Bora and started from a grass fire. When the fire was discovered the owner ran to the fire station, a second man telephoned the station and the third man, Officer Cahill who saw the blaze rang in the alarm. By the time the department arrived the building was practically destroyed. The house adjoining took fire several times but was prevented from being damaged. The loss is about $200.

The central station combination was called on a still alarm at 12 o'clock Sunday noon for a grass fire at the foot of Merrymount road. No damage was done.

In the afternoon a fire started by boys swept the big swamp between South street and Quincy avenue. Chief Litchfield who was at Houghs Neck saw the smoke of the fire and made a record run to the scene. He found trees all ablaze and several houses in the vicinity in danger of taking fire he then sent in a call for the auto chemical, and it was none too soon.

Four young women who were in the swamp gathering pussy willows suddenly found their exit by the the path cut off by the fire and they were obliged to pass through the swamp to the Quincy avenue side to get out. The result was that they got their feet wet but were luckly to escape with nothing worse.

The alarm from Box 552 at 12.28 this noon was for a brisk woods and grass fire at the end of Brook street Wollaston near the Tennis courts.

At 12.55 the central station aut chemical was called out on a still alarm for a grass fire on the estate at 26 Adams street.

DARK SOUVENIR OF THE EVENT

The Portion Allotted to Waiter McLeod of Braintree

RESULTING FROM FRACAS

There was a lively fracas in the restaurant of Murray McLeod, Holbrook block, South Braintree, last Saturday night shortly after the arrival of a late train from Boston. Five young Italians alleged to be considerably under the influence of intoxicants entered the lunch room and after ordering and eating a good meal refused to pay for the food. The remonstance of Read Stedman the waiter in charge led to a lively "scrap" in which chairs and tables were overturned, dishes smashed, and Mr. Stedman received a black eye and cuts about the face. Sunday afternoon patrolman John P. Shay arrested Dominick Diauto as the principal offender and he was taken to the lock-up at the Braintree Home. Young Diauto was later in the afternoon released on bail and was arraigned in the district court at Quincy this morning.

Crosse & Blackwell's
Imported Pickles and Jams
Just Arrived from England via Str. Kingstonian.

Crosse & Blackwell's Pickles and Jams are acknowledged to be the finest and choicest of all makes. They are simply inimitable—unrivaled, and so truly delicious you will wonder how you ever got along without them.

The pickles, the spicy chow-chow, the snowy white onions and the capers—the very sight of them gives zest to the appetite, and as for a little side dish for soups, meats, game, fish and salads, they will please the most fastidious.

EDITORIAL COMMENT.

For the past few days this society item has been as scarce in the news columns of the papers as the Brickley pictures, "Sam Langford will arrive at Vancouver from the antipodes". Any old date could be fitted in and would fit the case.

Automobiles without lights flashing through City Square are not numerous, but then once in a while one gets by.

The wireless has snapped its message from Norfolk to Paris. The circuit now complete, New Yorkers will not have to wait so long for the fashion reports.

Reports say that the book makers and pool rooms in New York were stung by wire tapping. Book making and pool selling in New York was supposed to have become out of fashion with the departure of horse racing from the state.

Harvard youths, dependent upon parents may be assessed in Cambridge according to a court ruling, which of course may mean a lot of book-keeping for the assessors with the usual per centage of unpaid poll taxes.

The legislature plans a probe of the ice supply. One of the coal situation was promised before the state election but never materialized.

Hawthorne and Morton will take their sentences. With parole in sight probably before a new trial could be reached, they can see less hardship in facing the situation than waiting for another long drawn out trial.

TAX DODGING.

A Cambridge man died a few months ago and left an estate worth $800,000. For years he had been paying taxes on an assessed valuation of $13,000. The full amount of his property was not ascertained until the will of the deceased was filed. This is tax dodging with a vengeance and there are cases too numerous to mention. in every city and town of the country Property owners are supposed to make a sworn statement of their property to the assessors. How many each year make a false oath and worry along cheating the city or town in which they live and cheating people who are less able to bear tax burden than they are? In this case Cambridge collected on the estate $15,000 taxes for each year, more than the man had been assessed for each year before. Some means should be found to prevent this wholesale fraud in taxation. It would only be justice if some provision was made to have the assessors determine the number of years people hold large estates and pay only normal taxation and then collect the whole amount at once. Such a remedy would discourage the practice of estate concealment, so freely and enormously practiced.

RAPID MOVEMENT.

According to the Grand Trunk Railroad officials, Rhode Island must guarantee the $6,000,000 bonds needed to build the line to Providence. They even go farther than that and quite glibly say that Masachusetts will be asked to legalize the bonds for banks in this state.

That is quite a contract all at once. The conduct of the Grand Trunk officials all through this matter has not been of that open character which would warrant Rhode Island or Massachusetts people taking them to their bosom as long lost friends.

Whatever Masachusetts might be willing to do in way of assistance to her sister state, it is hardly compatable with the good sense which has heretofore prevailed in Bay State legislation that the bars would be let down for this type of security to be taken up by the banks in which the savings of the working people are stored. The integrity of those banks is guaranteed by the type of securities they hold. Securities must be seasoned and show healthy returns before savings banks can invest in them and there does not appear to be any reasonable grounds for a change at present under existing circumstances.

CENSORING PLAYS.

The request has gone forth for a certain group of players to refrain from presenting a certain play in Boston. The suggestion will be complied with because it assumes the tone of a command. The reason is that the play is a reflection on a certain race and in no way pictures the true home life of the people engendered. This should apply not only to plays but to vaudeville as well, where certain races are made ridiculous by alleged imitators.

While on the matter of play censorship there are many so called moral plays, which might come under the same ruling. In the main those plays do not present any moral lesson, but pander to a desire on the part of some people to witness something outside the moral code, prone within the alleged circle of society. There is no reforming [illegible] people and then wherein is the [illegible] or moral profit of the play, to [illegible] nature. A good clean, sweet [illegible] would not attract those people, in fact the patronage of such performances is not of the marvelous proportional kind. But the moral lesson play, without any moral lesson, but merely more clearly bringing to the public the immoral leprosy is the great attraction and its praises are sounded far and near, whereas no harm would be done if it was buried in oblivion.

OLD RESIDENT DIED SATURDAY

Miss Buckley Descendant of Early Irish Settler in Her 66th Year

Miss Elizabeth H. Buckley one of West Quincy's long time residents died Saturday afternoon at her home 64 Buckley street, after a short illness. She was the daughter of the late Mr. and Mrs. Thomas Buckley, who were among the early Irish settlers of Quincy. The deceased was in her 66th year.

Her parents were the second couple married in St. Augustine's Church, South Boston. They settled here before railroads were built and the home of the deceased daughter sets on a street bearing the family name.

She leaves a brother and one sister.

The funeral will take place from her home Tuesday morning. A high mass of requiem will be celebrated in St. Mary's church.

BRAINTREE MAN DIED IN QUINCY

Azro Turner Passed Away After An Operation

Azro Turner, 59 years old of Braintree, died at the City Hospital in Quincy, Sunday, from a shock following a surgical operation.

Mr. Turner lived at 41 Mt. Vernon street. He is survived by his wife, three sons and three daughters. His children are Frank of Abington, Phillip of Scituate, Azro Jr. of Somerville, Mrs. Edward J. Peck of New York city, Mrs. Clarence W. Dow of Detroit, Mich., and Miss Vesta Turner, a teacher in the Boston public schools.

He was engaged in the real estate business for a number of years.

UNION CHAPEL AND BETHANY

Victors in Sunday School Basket Ball League

WOLLASTON M. E. SMOTHERED

Playing with four men, the Union Chapel beat Wollaston Baptist at the Quincy Y. M. C. A. gym Saturday afternoon, 22 to 18. The Bethany team swamped the Wollaston M. E. 67 to 1. Hunt made a record, shooting 17 goals and scoring one on a free try. Both games were in the Sunday school league.

The summaries:

UNION CHAPEL		WOLLASTON

GLOVER STAR PERFORMER

Swept Many Old Records at Y. M. C. A. Meet

A SURE ENOUGH COME BACK

The senior trophy meet of the Y. M. C. A. Saturday evening surpassed its usual standard. Four local association records were broken.

Glover was the star. He established a new point record, set a new mark in the 300 yard run and tied with Trask in a record 150 yard dash. White placed a new distance in the 12 pound shot put by reaching 43 ft. 1 1-2 inches.

The officials were F. L. LaRose, starter; Alden Blanchard, scorer; Richard Jones and Alex Robertson, timers and Everett Prout, James King and Charles Parker; judges. The summary:

Potato Race—Won by Trask; Sass, second; Djerf, third. Time, 36s.

Three Standing Jumps—Won by Glover; Sass, second: Djerf, third. Distance, 27ft. 11 1-2 in.

150-Yard Dash—Tie between Glover and Trask, Wood, third. Time, 19s.

300-Yard Run—Won by Glover; Trask and Kennedy tied for second. Time 39 3-5s.

Running High Jump—Won by Glover; Trask; second; Wood, third. Height 5 ft, 3 3-4 in.

12-Pound Shotput—Won by White, Sass, second; Favorite, third. Distance, 43 ft. 1 1-2 in.

1000-Yard Run—Won by Kingsbury; Trask, second; Glover, third. Time, 2m 49s.

GREAT CLINIC BY FRIEDMANN

Specialist Well Pleased Over His Work at Bellevue

TESTIMONY FROM HIS PATIENTS

Ten Treated a Week Ago Say They Have Greatly Improved—Bad Symptoms Disappear and Weight of All but One Has Increased—Frauenthal Thinks Hypnotism Plays a Part

New York, March 24.—Almost exhausted after a week of uninterrupted labor in which he inoculated more than seventy patients with his turtle tubercule bacilli, Dr. Friedmann, the Berlin specialist, took his first holiday since his arrival here. He spent the greater part of yesterday outdoors, and for a time mingled with the Easter throngs in Fifth avenue.

Charles E. Finlay, president of the Etna National bank, one of Friedmann's loyal supporters, last evening gave a dinner in the foreign physician's honor at Great Neck, L. I., where Finlay lives.

Dr. Friedmann was enthusiastic over the clinic at Bellevue hospital Saturday afternoon, when he treated twenty-six patients. Those treated were typical cases of tuberculosis in an advanced stage. Not since his arrival here has he administered his serum to people whose disease had so far progressed as those treated in Bellevue.

The tests were made under dramatic circumstances. The German expert was in the midst of a clinic in the operating amphitheatre of the hospital, in the presence of 200 physicians and nurses, when the door opened and in walked in single file ten consumptives who had been injected with the Friedmann vaccine last Monday.

Questioned by Dr. Brannan, dead of Bellevue, the ten patients amid breathless silence on the part of the audience, announced, with one exception, that they already had experienced marked improvement.

Dr. Brannan subjected the ten persons to rigid questioning and they gave categorical replies.

"Has your weight changed? was the first question.

"Yes, it has increased," responded nine of the ten. According to their statements, their weight had increased from ¾ of a pound to 4½ pounds per individual.

The one patient who reported no gain in weight was what the doctor called a "bad case," on account of a wasting disease of the liver, complicated with tuberculosis.

"Have your night sweats stopped?" was the second question. To that every one of the ten patients answered "yes."

The third question was as to the spitting of blood and hemorrhages. The ten persons declared that none of them had expectorated blood or experienced hemorrhage since the second day after the injection of the vaccine.

"Any pain in the lungs?" was Brannan's next question. To this they all responded "no."

"What is your general condition now?" asked Brannan in conclusion.

Without exception they said they felt much better—"very much better" they said as they looked around the room at the 200 doctors and nurses, some of whom looked at them with apparent incredulity and amazement.

Whether or not the patients treated by Friedmann last Thursday at the hospital for deformities and joint diseases are any better, is a question that cannot be answered yet, said Dr. Frauenthal of the hospital last night.

He stated that he believed whatever relief these tubercular sufferers had experienced was the result of hypnotism.

"It is too early to tell what good can be expected from Friedmann's culture," said Frauenthal. "Some of those treated are better. These are adults and they have been hypnotized. The treatment caused a sort of hypnotic anesthesia from which they have not recovered yet.

"As far as I know, this hypnotism is still exerting its force. They have not been disillusioned and may never be."

CONTRACT IS RENEWED

Postwoman Has Covered About 86,400 Miles In Twenty-Four Years

Stockbridge, Mass., March 24.—Miss Florence S. Markham, who has been carrying the mail between the Interlaken postoffice and Stockbridge station since May 1, 1889, has received word of a renewal of her four years' contract.

Traveling twelve miles a day, Miss Markham estimates she has covered 86,400 miles since she began working for the government. She is now 40 years old and is the only support of her father and mother. Her salary is $300 a year.

ONE APPLICATION RESTORES THE COLOR TO GREY OR FADED HAIR

Simple—Easy—Safe—With Hay's Hair Health

Why have unsightly grey hair—why look prematurely grey and years older than you are—why look unattractive and lose your charm and beauty?

If your hair is grey, faded, streaked looking, Hay's Hair Health will change it—bring back the natural color, life and lustre quickly, effectively. No one can tell that you are using it. You'll be surprised at the quick results from a few applications, the grey hairs will gradually disappear, leaving your hair in its natural, youthful condition, full of life, radiance and beauty.

For those who are troubled with Dandruff there is nothing that will relieve the irritation and itching and cleanse the scalp so quickly and thoroughly as Hay's Hair Health. Dandruff causes the hair to turn grey, become thin and faded, and gradually to fall out. Get rid of it at once.

Druggists will refund your money if you are not satisfied with Hay's Hair Health after a trial.

Free: Sign this adv. and take it to the following druggists and get a 50c. bottle of Hay's Hair Health and a 25c. cake of Harfina Soap for 50c.; or $1.00 bottle of Hay's Hair Health and two 25c. cakes of Harfina Soap Free, for $1.

SUNDAY IN OUR CHURCHES

(Continued from Page One.)

sion of the kingdom of God until all shall know Him and crown Him Lord of all.

III. Easter joy gives new hope.

The fact of the resurrectoin makes possible a joy that deepens as we realize the new hope it places before us. It helps one to see that life has a continuity. Life cannot be rightly understood until we see its relation with the life that is to come, and realize the great end to be achieved in the light of divine realities.

May this Easter joy lead us to pray that one eyes may be opened to behold the truth God as related to conduct and character and eternal destiny. May we go forth with great joy to tell the whole wide world of the new life, the new incentive to service and the new hope set before us at that Christ may live in every heart and life."

The Sunday school was in charge of F. G. Bennett, the assistant superindent. At six thirty o'clock an excellent concert was given by the Sunday school in charge of Mr. Bennett. The following program was rendered, Organ prelude, "Processional" prayer by pastor; solo, "Open the Gates, Miss Marguerite Louise Holbrook; recitation, Miss Elizabeth Morgan; song by school; exercise by primary department; solo J. W. McLeod; exercise Kindergarten department; solo, J. W. McLeod; stereopticon lecture, Charles Johnston of Quincy; song by school.

The choir was at its best and great credit is due to the soloists, violinist and choir for the excellent music for the day and for the efficient manner in which it was rendered. The violin and organ preludes and postludes were of high order. Lee Brooks was the violinist; Miss Marguerite Louise Holbrook and J. W. McLeod soloists and Mrs. F. G. Bennett, organist for the day. The stereopticon letcure by Charles H. Johnson of Quincy was greatly enjoyed. At the close of the sermon in the morning the pastor baptized several and received a large number into full membership. All heads of families with but two exceptions.

Tuesday afternoon and evening the Ladies' Aid Society hold a food, candy and apron sale. Wednesday at 7.45 p. m. Queen Esther Circle meets with Miss Mary Cleveland, 251 Safford street Thursday at 7.45 p. m. prayer meeting in the vestry.

The Sunday school was a record breaker in attendance. The Primary Department with Mrs. S. N. Belcher as superintendent took the lead in attendance. The Royal Daughters and the Wiggin class were well represented as was Mrs. Morgan's class and Mr. Murray's.

The choir was composed of the following Mrs. Orville Estes, Mrs. Edwin Roberts, Mrs. W. C. Wilbur, Miss Marguerite Holbrook, Miss Florence Bennett, Miss Bessie Wilbur, Miss Mertie Lovell, F. A. Sutermeister, S. N. Belcher, F. G. Bennett, Chester Cleveland, Frank Dunham, Raymond Cassidy. The decorations were in charge of A. N. Murray's class with Storer R. Wiggin as chairman and the concert program for the concert was in charge of Mrs. Belcher.

The next lecture in the course will be held on Wednesday evening, April 2 with Mr. W. E. Bailey, State superintendent of Education as the speaker. Mr. Bailey is an attractive speaker.

FIRST PRESBYTERIAN CHURCH.

It was a very large gathering of members and friends who assembled in the First Presbyterian church Sunday morning to enjoy the beautiful Easter services. Rev. James Matheson, the pastor preached an inspiring sermon in keeping with Eastertide and the musical program was exceptionally good.

It was the first Sabbath that the beautiful new organ was used and it was well played by Miss Mabelle G. Beatey of Allston. The church was beautifully decorated with palms, potted plants and Easter lilies.

The musical program was as follows:—

Prelude—Toccata Dubois
Anthem—Thanks be to God Sudds
Quartet—Lift up your Heads Pflueger
Offertory—Cantilene Nuptiale Dubois
Anthem—Hallelujah! Christ is Risen Clare
Anthem—Zion Perkins
Postlude—Fantasie Seifert

Quartett—Messrs. Clarke, Collins, Kemp, McArthur.

Soloists—Mrs. Gammon—Soprano
Mr. E. Clarke—Tenor
Mr. McArthur—Bass.
Mr. L. Marini—Bass.

Mabelle G. Beatey—Organist.
Mrs. James Mair—Choir Director.

Sabbath school was held at 12 noon and had a special service in keeping with the season.

The Christian Endeavor met at 6 o'clock with a large number present. Miss Ruth McLeod assisted by Miss Elsie McLennan had charge of the meeting. Miss Minnie Miller was chairman of the musical program.

The morning program was repeated at the evening service. The church was well filled and the members feel justly proud of their beautiful place of worship and the new organ which is the best in the city.

FIRST CHURCH.

The morning service at the First church was very largely attended. The floral decorations were of a simple nature and were confined to pots of lilies and jonquils grouped about the altar. The music, was by the regular quartette choir composed of Mrs. J. Harry Slade, soprano, Miss Blanche Crafts, contralto, Herbert Kearns, tenor and Tracy R. Engle, bass. The quartette was also assisted at the morning service by Miss Mary W. Capewell, with William Weston as organist.

Rev. Dr. Adelbert L. Hudson, the pastor of the church occupied the pulpit and preached an eloquent sermon. His text was taken from the 24th chapter of St. Luke, 21 verse, "It was difficult for us" said Dr. Hudson "to comprehend the tragedy that underly these words, "But we trusted that it had been he which should have redemmed Israel.' It was the hope of the people of Israel that this king should return and rule and be a ruler of righteousness. They had seen his crucifiction and their hopes had been crushed. Yet how much larger was the hope that was realized than that which was expected. Our smaller hopes are crushed but out of them rise the highest hopes if we have faith and courage. Out of this we have learned a larger manhood than the little petty things.

"Our forefathers hoped to establish a theocracy in which the church should be supreme but the element of freedom worked out a larger hope. The present religious outlook is a larger outlook than that of our fathers. Out of the lesson of hope grows the larger hope of human life. Our hope of immortality is something to which a man may cling.

"Very few thinking men believe in the ressurection of the body. There was a time when it was dangerous to say that. Today it is dangerous not to say it. The hope of immortality based on the raising of the body is a defeated hope. We come here on Easter morning with a hope not based on an empty truth but on a matchless life and deathless personality."

Holy Communion was celebrated after the morning service. The regular Sunday school session at each pupil was held at 3 o'clock.

In the afternoon at 4 o'clock there was a vesper service which was attended by Quincy Commandery Knights Templar. The Commandery met in its asylum at 3.30 and marched to the church. At this service the pastor was assisted by Sir Rev. Rufus B. Tobey, Associate Prelate of Quincy Commandery.

Special music at this service was by the quartette choir. The scripture lesson and prayer was by Sir Rev. Tobey and the sermon was by Dr. Hudson.

His text for this was taken from the 17th chapter of the Gospel of St. John 3d verse, "And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent."

There is much confusion," said Dr. Hudson, "by the belief that eternal life comes after death. There is something within us that is akin to divine life. The hope of eternal life is coming through such organizations as you, my brothers represent. Living to these high ideals in life is eternal. This is the general teaching of God. Heaven is a condition of the heart. We never get in heaven of the future life more than we get in the heaven of the present life. This is a school in which we are taking part in the great moral life of God. No man need fear an unknown. Life is a mystery, death is no less. One man has known God. We are of the Kingdom of Jesus Christ. We ask you to live true noble life and so live and realize an eternal life."

WOLLASTON UNITARIAN.

A congregation that completely filled the church, attended the Easter service. The chancel, pulpit and choir loft were decorated with beautiful lilies and other flowers. The musical program was rendered by a double mixed quartet, consisting of Miss Abbie Penley, Mrs. Royal L. Turner, Mrs. W. J. King, Miss Litchfield and Messrs Gourney, Powers, Bishop and Weston. Miss Kate Thomas of Melrose played most effectively three violin selections. The new collection plates, a gift from the Young People's Religious Union to the church were used for the first time at the morning service. A collection to help swell the memorial fund of the church was taken. This fund was started Easter 1912 and within one year has risen to over six hundred dollars. After the sermon the holy communion was celebrated, closing with the touching canticle of commemoration with responses by the choir. At the close of the service each member of the Sunday school received a potted plant and the lilies and other flowers were sent to the sick and shut-ins of the church.

Rev. Mr. Horst's sermon was based upon the text "This mortal must put on immortality." He said: "The old theology perhaps gave altogether too much attention to the life to come, but we of the twentieth century have gone to the other extreme and give too little attention and so are in danger of losing some of the onblest inspiration, that may come to us from contemplating the life to come. God has not seen fit to make any special revelation to us of the life after death. It is not a matter of knowledge but of faith and hope. We walk by faith not by sight. If that hope were to die out of society "the light would go out of the world, the joy out of art and music, the highest thought out of philosophy, the deepest inspiration to right living out of conduct." A student at Antioch College, while Horace Mann, one of the foremost educators America has produced, was president was so influenced by her belief in immortality that she habitualyl asked concerning each study 'What will this be worth to me in the life to come?' So w edo well to ask ourselves now and then what will the life I am living the character I am forming day by day, be worth to me in the next world. And we may be sure that the nearer our conduct becomes to that of an immortal being, the better it is for us in heart and mind and soul and body. Let us earnestly see to it that there is enough spiritual life in us to sruvive the body. "The pastor read two beautiful poems, one by the Rev. M. J. Savage, D. D., the other written for this Easter by the Rev. Joel H. Metcalf, the well known astronomer of Winchester.

Wednesday, at 10 A. M. the Alliance will hold an all day sewing meeting in the vestry. A box luncheon will be served with coffee supplied by the Alliance. Members are to sew for the Quincy Hospital Aid Associatoin and for the District Nurse, who will be preesnt and speak of her work in the city.

The regular monthly social and supper will be held in the vetsry Friday evening, at 6.30 o'clock. This is a fine opportunity for old and new members in the parish to meet and get acquainted.

ST. CHRYSOSTOM'S CHURCH.

To celebrate the feast of Easter the most glorious in the ecclesiastic year, was fittingly observed at St. Chrysostoms Sunday morning. Decorations and ritual bespoke the triumph of Christ over the tomb. Over a hundred came to pay their devotions and receive holy communion at the 7 a. m. celebration. The Altar was beautifully decorated with Easter lilies in large brass vases: on the steps leading to the chancel were potted Easter lilies. Following the usual happy custom of the parish at Easter the money for the flowers was given to the Altar Guild by individuals as memorials and it is planned to have all Sundays gradually taken as Memorial days by individuals in memory of a loved one.

The vested choir rendered inspiring music in keeping with occasion under the direction of Mrs. George B. Curran organist and choir trainer, Mrs. William H. Spooner was the soloist. Just outside the chancel were pink and red potted geraniums, which were given out at the children's service at 4 o'clock. Half a hundred more than the seating capacity filled the church at the 10.30 morning prayer and holy communion, the rector Rev. Frederick H. Steenstra delivered the sermon filled with the Easter psirit his text was "Blessed are they who have not seen and yet have believed."

The children of the Sunday school had their carol service at 4 P. M., bringing their mite boxes for missions

Affterthe singing of Easter hymns each one received a potted plant. The practice of Easter even baptism began early in the history of the church and this beautiful custom was observed in St. Chrysostom's church Saturday afternoon at 4 o'clock.

CHRIST CHURCH.

Large congregations attended the Easter services at the Christ church. In the morning there was a holy communion service and at 10.30 o'clock prayer, festival music, sermon and Holy Communion. Rev. Richard E. Armstrong was assisted Rev. Dr. Manchester. Harry Marr was the soloist.

Carol service was held in the afternoon.

Rev. Richard E. Armstrong, rector, presented Easter lilies to 19 boys and girls for perfect three years attendance at the Friday afternoon Lenten services. Each lily had three blossoms significant of the length of the period and an attached Easter card was inscribed a joyous greeting. The following received the lilies:

Annie Atkinson, Mary Atkinson, H. Charles Best, Nellie Brown, Dorothy Crooker, Abbie Curtis, Helen Dovell, John Dovell, Clara Gabriel, Elizabeth Haslett, Lillian Hodge, Eva Linton, Doris Rendle, Eleanor Rendle, Ethel Smith, Amy Torrey, Francis Turtle, Mary Turtle, William Turtle.

ST. JOHN'S CHURCH.

A solemn high mass was celebrated at St. John's church Sunday. Rev. Fr. John J. Coan was celebrant. Rev. Fr. John J. Casey deacon and Rev. Fr. P. J. Scannell, sub-deacon. The altar was decorated with Easter lilies and palms. Special music was furnished by an augmented choir. The soloists were Miss Mary Lyons, Miss Eva Rice, Dennis S. Sweeney and Marcus E. Mahon. In the evening the vesper service was largely attended.

MEMORIAL CHURCH.

The Easter concert in Memorial church, Sunday evening was enjoyed by a large audience that filled auditorium, chapel and gallery. The children showed the efficient training of Miss Margaret Read and Miss Winnie Cole.

The front o fthe pulpit platform was covered with Easter lilies and potted plants, with ferns and palms. Back of the choir railing was a large white cross covered with Easter lilies. Mrs. L. T. Gurney and Miss Ada Harding had charge of the decorations.

The following program was given by the choir and Sunday school.

Processional hymn.
Scripture, by G. W. F. Cummings.
The Woodland preacher, Edith Olson
Purity, Barbara Wells, Bertha Wight,
Prayer by pastor, Rev. T. W. Davison
Signs of Easter, Catherine Priest, Edith Alden.
Recitation, Loring Dexter
Song—"Christ Arose" Four Girls
Recitation, George Kennedy
Our Praise, Three Girls
Alluring Spring, James Kennedy
Lilies Laura Rogers
Anthem, Choir
The Reason Why, Earl Beeman
Easter Chimes, Seven Girls
Till the Day Dawns, Carlton Marble
Song, Primary Dept.
Pussy Willows, Ruth Murkland
The Song of the Brook, Margaret Phillips, Elizabeth Phillips
Offertory—Song 273, Sunday School
Easter Eggs, John Dexter
The Story of Jesus, Four Girls
Old Mother Earth, Augusta McMahon
So Have I, Two Girls
Song—Character Building, Two Classes
Exercise, Mrs. Gurney's Class
Sing With Heart and Voice, Gladys Barclay, Edith Lecco
'Tis Eastertide, Thelma Keay
At Easter, Ralph Smith, Fred Murkland
Legend of the Easter Lilies, Hazel Watts
Address, Mr. Davison
Anthem, Choir
Through Life through Death, Evelyn Luke
So Am I, Three Girls
The Day After Easter, John Kennedy
Sacrifice, Marion Gurney, Ruth Beeman
Recessional

WOLLASTON CONGREGATIONAL.

Quincy and Wollaston lovers of music were given a rare treat at the Wollaston Congregational church on Sunday afternoon, when the sacred cantata of "The Crucifixion," of Sir John Stainer, was given by a large chorus under the direction of Walter C. Rogers of Quincy. Charles H. Everett, Warren A. Brown and Harry R. Rogers sang the solo parts and were very much enjoyed, especially the exquisite duet for tenor and bass.

The several chorus numbers were very effective and were particularly well rendered, the work of Mr. Rogers being thoroughly artistic.

Miss Ruggles, of Dorchester, accompanied on the organ. This cantata was the second given by the chorus, whose efforts have been hughly enjoyed and have attracted so much interest that next season it is planned to make a monthly feature of a choral production of some kind. Mendelssohn's Elijah will probably be the first one attempted in the Fall.

BETHANY CONGREGATIONAL

Record breaking congregaitons attended the Easter services at Bethany Congregational church—over 700 at morning service and nearly as many in the evening. The decorations included palms and Easter lilies. The musical numbers were by the regular choir, assisted by the young ladies' vested choir, the children's chorus, Roscoe R. Ricker, violinist, and Mrs. Daisy Bemis Sampson pianist. Two grand anthems were sung very creditably at both services. The violin solo by Mr. Ricker was the work of an artist. The vested choir and the children's chorus distinguished themselves,

The Easter messages of Rev. B. A. Willmott, the pastor, were of the usual high standard. The morning topic was "He is Risen," and the evening "Preparing to live—not to die."

The Easter concert was given at noon in the chapel, in place of the usual session of the Bible school and was very interesting.

The Easter music will be repeated next Sunday.

The Wrecked Sublime Porte.

Hans Andersen ranks Constantinople first among European capitals in point of beauty, then Stockholm, Edinburgh and Lisbon. The Turkish capital has suffered less from fires than most oriental cities, but one occurred in 1865 which turned the name by which the sultan's goverument is generally known into a misnomer. Among the buildings attacked was the Seral palace, where councils are held and ambassadors received. The chief gate of the palace, the Bab-i-Humayum, or sublime porte, from which the government derives its title, was burned down and has never been rebuilt.

Sales, $250,000
Tolls, $36

THIS is the most remarkable incident of its kind that we have heard of in the course of a demonstration of selling by telephone—sales totalling $250,000 at an expenditure of $36 for telephone tolls.

By permission we are enabled to say that the selling was done by MR. GEORGE R. KELLY of George R. Kelly & Co. of 104 Hanover St., Boston, New England selling agents of the American Window Glass Company of Pittsburgh.

One of our salesmen called upon Mr. Kelly to demonstrate our new toll service selling plans, only to find that already he was employing advanced methods along this line. Said he:

"We anticipated a rise in the price of window glass around January 1, and wanted to give our customers the benefit of current quotations.

"There wasn't time to make personal visits to the trade, letters wouldn't be satisfactory, so we made our calls by telephone.

"During the first ten days in December we made toll calls to widely separated points in New England at a cost of about $36, and booked orders aggregating $250,000."

NEW ENGLAND TELEPHONE & TELEGRAPH CO. — LOCAL AND LONG DISTANCE TELEPHONE — BELL SYSTEM — AMERICAN TELEPHONE & TELEGRAPH CO.

If any New England house can show greater results from selling by telephone, we would be glad to learn of them.

Business men interested in progressive ideas for the extension of trade are invited to send for our booklet entitled "Modern Methods of Money Making," and for samples of our "Telephone Passes."

In Greater Boston, call Fort Hill 7600 and ask the Contract Department for details. Outside Greater Boston, call the Local Manager.

YOUR GROCER

ARMY POST FIRES.

Why They Are Infrequent and the Way They Are Handled.

Perhaps the low percentage of fires in the army is directly due to the fact that guard duty is never suspended.

In daylight and dark, during peace or in time of war, armed sentries walk their posts, scattered everywhere over the garrisons. Falling asleep while on guard is a serious offense. Therefore the guards are always alert. Never is a sentry mounted on a post without a caution to look out for fires.

One of the first charges in a guard's general orders is one in which he is cautioned to keep a sharp watch for fire. His first duty in case a building is occupied by humanity is to warn the occupants. Next he turns in a general alarm. And when the fire call is blown by the trumpeter at the main guardhouse every male member of the garrison, except the guard, is compelled to hurry to the scene of the fire, no matter where he is and no matter how he is dressed.

It is not necessary that a man should be in regulation uniform to respond to a fire call. Military fires do not wait for antagonists in full dress parade costume, any more than city fires procrastinate while the members of the department make careful toilets.

Once a week, sometimes oftener, in every military garrison, large or small, throughout the country—and there are several hundred at home and in our possessions—a fire drill is held. Not a soul save the commanding officer is advised of what hour of the day or night or on what day of the week a fire call will be blown. As fires do not give warning of their coming, it is obviously advantageous that a fire drill should be as uncertain.

When the fire call goes, either for drill or for a fight for life and property, the soldiers rush out of their quarters, leave their posts in the company kitchens and on the drill grounds, picking up fire buckets and fire axes as they go in the race for the fire station. Some may be hatless, some coatless and others shirtless. But it is an honor to be among the first to take hold of the fire equipment.

All the officers dash for the firehouse, too, and the highest ranking officer present assumes the duties of fire chief. A run is made with chemical engines and hand drawn hose carts and hook and ladder trucks for a building designated as the scene of the fire. When the equipment is out for a fire drill the men take advantage of the occasion and play water on the windows of buildings, giving them a good cleaning.

The amount of fire fighting apparatus furnished the posts by the government for their protection is regulated, of course, entirely by the size and needs of each post.—Monroe Wooley in Insurance Engineering.

LATE TRAIN PATRONIZED

Conditions Warrant its Permanency on New Haven

The midnight theatre trains which have been in operation since Feb. 4, according to figures compiled by the Boston & Maine and New Haven roads, have been freely patronized, and it is thought that the Railroad Commission will, in all probability, order their continuance after May 4.

On the New Haven train, running from the South station to Brockton and Campello and way stations at 12.05 o'clock, 2947 passengers were carried. This trip averaged 134 passengers, and an exceptionally large traffic is shown on Saturday nights.

The average for Saturdays is 395, while for week day nights it is only 93. The figures show that during the big theatre nights during the month the traffic was quite heavy, which would tend to show that the theatregoers were the ones who patronized the trains.

Pleads Guilty of Murder

Skowhegan, Me., March 24.—Upon the second day of his trial for murder Michael Shannon retracted his plea of not guilty and entered a plea of guilty of the murder of John H. Black-well, a negro, at Shawmut.

Drinks From Wrong Bottle

Lowell, Mass., March 24.—John Goddard, 37, a junk dealer, drank a half-pint of coal tar by-product last night and died a few hours later. It is believed he took it by mistake.

HYMAN SAMSON TAKES A BRIDE

Two Well Known Jewish Residents United in Marriage

Miss Katherine Cheverie, daughter of Mr. nad Mrs. Fidelis Cheverie of 32 Newcomb place and John Nichols Haynes of Providence were married Easter Sunday afternoon at the parochial home by Rev. Fr. John J. Coan

Miss Mary Cheverie, a sister of the bride was her attendant and Martin Carney of Dedham, a cousin ,was the best man.

The bride was dressed in a brown travelling suit and wore a picture hat to match. She carried a bouquet of violets. The bridesmaid was dressed in a black broadcloth suit, wore a picture hat and carried roses.

After the ceremony Mr. and Mrs. Haynes returned to the home of the bride's parents where a reception was held. They were assisted in receiving by Mr. and Mrs. Fidelis Cheverie.

After a wedding supper the bridal party left for Boston. Mr. and Mrs. Haynes left for NewYork on a honeymoon trip. They will reside at Providence, R. I.

LONG ILLNESS PRECEDED END

Mrs. Fred H. Tirrell Passed Away to the Other Shore This Morning

Mrs. Fred H. Tirrell, 33 Stedman avenue, Braintree, passed away this morning at four o'clock, after a lingering illness. Mr. Tirrell is an engineer on the N. Y., N. H. & H. R. R. and has been in the employ of the railroad for many years. He is a cousin of William J. Tirrell, Jr., the engineer who was killed in the accident at Crescent avenue, August 8 of last year. Mr. and Mrs. Tirrell have had five children, two sons and three daughters. The oldest son Wilfred is married and lives in Warren. Gladys, Florence, Goldie and Luella are at home. Mrs. Tirrell also leaves a father, 85 years old, who lived with them. Mr. Tirrell and family came to South Braintree about twelve years ago and resided on Holbrook avenue until eight years ago when they moved to Stedman avenue, Braintree.

CONSTANTINE ACCLAIMED

Affecting Meeting Between King and Mother In Death Chamber

Salonica, March 24.—King Constantine arrived here Sunday and was acclaimed by the populace. The foreign warships fired a salute of twenty-one guns.

The king showed great grief and the meeting between him and Dowager Queen Olga in the death chamber was most affecting, both bursting into tears.

The body of the late King George is lying in state today and the residents of Salonica are allowed to pass before the coffin.

Bridgemen's Wages Raised

New Haven, March 24.—By increasing their wages 7 percent, the New York, New Haven and Hartford Railroad company has settled the demands of its 700 bridgemen.

ALLIES RECEIVE TERMS OF PEACE

Agents of Powers Confer With Bulgarian Premier

INDEMNITY PROPOSAL VETOED

Limits of Future Ottoman Frontier Outlined—Delimitation of Albania to Be Fixed by European Nations—Allies and Turkey May Participate In Commission's Discussion

Sofia, March 24.—Representatives of the great European nations are here after their conference with Mr. Gaechoff, the Bulgarian premier, when the subject of the division of Turkey in Europe among the victors was discussed.

The conference between the Bulgarian premier and the visiting officials was most cordial. Gaechoff thanked the ministers of the powers and informed them that Bulgaria would have to consult with the allied governments before replying.

The communication left with the Bulgarian premier by the visiting officials is as follows:

"The governments of the great powers take note with satisfaction of the acceptance of their mediation by the allied states, and state to them that before the discussion of the terms of peace is begun it is for the powers to formulate their views as to the basis of negotiation to be adopted.

"The great powers are of the opinion that they should be as follows:

"1. The frontier of the Ottoman empire in Europe shall start at Enos, and, following the course of the Maritza river and then that of the Ergene, shall end at Midia. All territories situated to the west of this line shall be ceded by Turkey to the allied states, with the exception of Albania, the delimitation of which shall be fixed by the powers.

"2. The question of the Ægean islands shall be settled by the powers.

"3. Turkey shall abandon all claim to Crete.

"4. The powers cannot favorably entertain the demand for indemnity, but they will admit the allies to participate in the discussion of the international commission in Paris for an equitable settlement of their participation in the Ottoman debt and in the financial charges of the districts to be handed over to them. Turkey is to be asked to take part in the labors of this commission.

"The great powers declare at the same time that as soon as these bases are accepted hostilities shall cease."

AUSTRIAN WAR THREAT

Says Montenegrin Converts Must Be Restored to Old Faith

Cettinje, Montenegro, March 24.—It is semi-officially announced that Austria presented an ultimatum to Montenegro demanding a suspension of the military operations around Scutari until the entire civil population has left the town.

In the event of refusal Austria will resort to arms against Montenegro.

In a note which is couched in threatening terms, Austria also demanded that all Catholics and Mohammedans in Jakova and the surrounding district who have been converted since the Montenegrin occupation must be restored to their former faith.

"LEARN TO LAUGH"

Western Railroad Tenders Some Good Advice to Its Employes

Chicago, March 24.—"Learn to laugh" is the slogan that has been spread through the ranks of employes of one of the big western railroads. A statement issued to all employes in what is termed a "Cheerfulness" campaign says:

"A good laugh is better than medicine. Learn how to tell a story. Learn how to keep your troubles to yourself. The world is too busy to care for your ills and troubles. Learn to hide your pains and aches under pleasant smiles. Meet every one with a smile. A good-humored man or woman always is welcome. Above all, give pleasure."

RECEIVER FOR MUSICAS

Their Money and Property Turned Over to New York Man

New Orleans, March 24.—Money and other property taken from Antonio Musica and members of his family here Wednesday, when they were arrested on swindling charges, were ordered turned over to Ezra P. Prentice of New York, who was named temporary receiver of the Musica company's affairs by the federal court in that city.

Application for a writ of habeas corpus for the Musicas was filed here and will be argued today.

Duchess Has Close Call

Rome, March 24.—The Duchess of Genoa, while anointing her arms and neck with a preparation for rheumatism, approached too closely to a spirit lamp and the preparation ignited. The duchess was saved from death by her maid, who smothered the flames.

JENNINGS' TRIAL BEGINS

Slayer Wants Either Acquittal or First Degree Murder Verdict

Boston, March 24.—The trial of James B. Jennings for the shooting and killing of William MacPherson on New Year's day in a South End saloon began today in the Suffolk criminal court. Jennings says he is confident of acquittal, but if it happens he is found guilty he wants a first degree murder verdict brought against him.

It is possible that more light upon the death of Mrs. Mildred Donovan of Revere, who was found dead in a marsh near Holy Cross cemetery on the same day, will result from the trial.

EARNEST APPEALS FOR CLAUDE ALLEN

Justices of the Supreme Court Are Asked to Save Him

Washington, March 24.—Appeal after appeal was made unsuccessfully to various members of the supreme court of the United States by attorneys for Claude S. Allen for a writ of error to review his conviction for participating in the Hillsville, Va., courthouse shooting. The attorneys claim their client has been twice placed in jeopardy for the same offense, in violation of the federal constitution.

Chief Justice White, presiding justice for the Fourth circuit, to which Virginia is assigned, first declined to issue the writ. This was a determination on his part that no reasonable claim to a federal right was involved in the case. The chief justice expressed himself as perfectly willing that the attorneys apply to other justices. That course was pursued.

Allen is condemned to die March 28 at Richmond

WON'T BE AMBASSADOR

Age and Expense of London Post Lead Eliot to Decline Offer

Washington, March 24.—President Wilson has heard from Charles W. Eliot, former president of Harvard college, regarding the ambassadorship to Great Britain. Eliot declines, but expresses deep appreciation of the honor. His advanced years and the expense of maintaining the American embassy at London are understood to have influenced Eliot.

Thus the president's program for naming an ambassador to Great Britain is changed again, and he is now seeking some other representative. Ex-Secretary Olney's refusal of the same office a little over a week ago, followed by Eliot's, emphasizes the difficulty of filling acceptably these important diplomatic posts.

DR. F. F. FRIEDMANN
Snapshot of Discoverer of Serum For White Plague

© 1913, by American Press Association.

Dr. Friedmann was snapped as he left one of the city hospitals in New York after treating a score of children crippled by tuberculosis of the bone. He was cheered by admiring crowds. He is indicated by an arrow. He is carrying his secret serum in a small medicine case.

A NEW JERSEY MYSTERY

Family of Three Burned to Death and Farm Hand Shot

Glassboro, N. J., March 24.—Lying in the cellar, amid the smouldering ruins of their home, the charred bodies of Lee Wharton, 38 years old, his wife, Mary, 32, and their 6-year-old daughter, Lillian, were discovered following a mysterious fire which destroyed their little frame home ten miles from here. The body of Johnson Hemphill, 42 years old, a farm hand on a neighboring farm, was found in a shed with a load of shot through his heart.

Mystery surrounds the four deaths. What occurred up to the time Hemphill was shot; how he was shot and how the house was set on fire are details which Coroner Stulz is vainly endeavoring to ascertain.

Hemphill was said by neighbors to have been on friendly terms with Mrs. Wharton and it is declared they were at a moving picture show in Williamstown Saturday night.

Whether this caused a fight between the two men during which Hemphill was shot by Wharton or whether Hemphill killed himself after a quarrel are questions being asked by those investigating the case.

M'COMBS' DECISION STANDS

President Assents to His Refusal to Accept French Post

Washington, March 24.—President Wilson last night reluctantly assented to the expressed determination of Chairman McCombs of the national Democratic committee to decline the proffered French ambassadorship.

In a statement expressing his high regard for McCombs, the president declared the diplomatic service of the United States is unnecessarily hampered by the fact that only men who have the time and means to leave their business find themselves able to serve the government abroad.

BURKE ASSUMES OFFICE

But He Will Not Go on Government Payroll Until April 1

Washington, March 24.—John Burke of North Dakota, who has been appointed treasurer of the United States, took up the work of the office today, but he will not go on the payroll until April 1.

Treasurer Burke asked Carmi Thompson, the retiring treasurer, to remain until the first of the month in order that Burke may become acquainted with his job, and he did not want Thompson to serve for that period without pay

NOTICE
—TO—
REAL ESTATE DEALERS AND OWNERS

Your leaky roofs repaired, old shingles treated with a composition that will preserve them for a term of years. It is a Portland Cement composition that is highly endorsed by the Board of Fire Underwriters of New York and Chicago ; also by the leading railroads. It is the most fire-proof, damp-proof and pliable paint that has ever been placed before the public. We also do interior work and exterior house painting, whitewashing decorating, calsomining and paper hanging. All work done by experienced workmen. Drop us a line and we will call. It costs you nothing to get our prices before going elsewhere.

MISS S. E. DUNPHY

MELISSA LISPS IN NUMBERS, AND MR. RONDO GETS HIS.

Mrs. Merriwid was sitting at her little semi-Sheraton writing desk with a thoughtful and ink-smudged brow when her maternal maiden aunt Jane came in from marketing. A pile of large purple envelopes bulging with purple paper was toppled over in front of the inky lady and half a dozen sheets of the same stationery were scattered over the desk. She held up a hand in a gesture imposing silence, upon Aunt Jane's entrance. Her lips moved slowly and her eyes were fixed upon a spot on the ceiling.

"What in the world!" ejaculated Aunt Jane.

Mrs. Merriwid, with an air of sudden inspiration, brought her eyes down from the ceiling and scribbled rapidly for a minute or two. Then she said: "There!"

"Butter is up two cents again this morning, Melissa," Aunt Jane remarked. "What are you doing?"

"I'm wooing the Muse, as Mr. Rondo puts it, and I don't thank you for butting in with butter, if you'll pardon me, dearie," replied Mrs. Merriwid. "In other words, I'm writing; poetry. That young man has been sending me a batch daily for the past three weeks and I feel I ought to reciprocate. Did I ever show you any of his sonnets to my eyebrow, Auntums? Well, sit down and have the time of your well-spent life. You see he uses purple paper, only he calls it 'fabric of the Tyrian dye.' He has many purple thoughts, don't you know."

"Nonsense!" said Aunt Jane.

"Oh, very well," returned Mrs. Merriwid, equably. "Still, if you were of a sympathetic nature you wouldn't say such harsh things. What is your unbiased, unruffled, untucked opinion of this:

My heart is thine, as thou shouldst know
full well,
And, lacking it, I suffer cark and dole,
Unkind bereavement of a kindred soul,
Of a fond slave who dares not to rebel!
Ah! dear Enchantress, canst thou not
divine
My dark despair? What boots it then to
tell
This page of purple that my heart is
thine?

"It sounds very pretty," commented Aunt Jane. "What's cark?"

"I'll have to ask him," answered Mrs. Merriwid. "Would you like to hear what I've written?"

"I couldn't say without hearing it," replied Aunt Jane.

"I'll try it on you, anyway," said her niece.

'Tis sweet to know thy faithful heart is
mine,
'Tis sweet to know thou art a kindred
soul.
But wilt thou beat the rugs upon the
line,
And hump thyself to carry in the
coal?

"You see, I show him that I am touched by the passion and romance of his verse," continued Mrs. Merriwid. "At the same time I allow him to see the fluttering doubts that agitate my weak being. I'm following that course right along. For instance, he warbles into my willing ear:

Would that I might stand between thee
and harm
And bear myself the burden of thy
woes,
As thy true knight deliver stalwart
blows
And celebrate with minstrel lute thy
charm!
The thought of thee in gory stricken
fight
Would steel my soul and nerve my deadly arm,
Decked with thy purple scarf. Would
that I might!

"And I come right home at him with this little acid test-proof gem:

With thee to guard, no harm could e'er
befall
And at the thought my heart with rapture thrills.
But let me ask, hast thou the wherewithal
To promptly settle up the weekly bills?

"All that I can say is that you are very ridiculous," declared Aunt Jane, indignantly. "I think those pieces of Mr. Rondo's are real sweet and he seems to me to be a very nice young man. If you don't like him and don't like his poetry, why do you encourage him to come here?"

"I'm a good deal like you with the verses, dearie," replied Mrs. Merriwid. "I've got to have a man call before I know whether I want him around; and then, they're all interesting in a way. Poor Henry Merriwid even was interesting at times and he was no poet, goodness knows! As far as Mr. Rondo is concerned, I'd encourage him indefinitely if he needed encouragement, but the trouble with him is that he doesn't. Most men wouldn't take a tumble if you dropped them out of an aeroplane, where their personal vanity is concerned, and poets aren't any exception, only they're more so. They start in with kissing your hand and calling you 'dear lady,' and the next thing you know, you've got to box their ears as if you meant it.

"In some respects," Mrs. Merriwid went on, "poets fill a long-felt want. All women have a soul hunger for poetry, and they're tickled to death when they get verses written about the amber glories of their hair or the moving melody of their voices or the mysterious depths of their lustrous eyes or the undulating grace of their movements, to say nothing of the vernal bloom of their complexions and the size of their feet. They all have a longing at times to be the bright particular star of some low-collared songster's kindred solar system—to a certain extent, and they have the love of the Beautiful and the thirst for Knowledge of the Wherefores and Whences and Whys and Why-nots of Existence. I know that poor Henry's deafness to the Subtler Harmonies and want of sympathy with Intangible Yearnings often made me want to slap him, but after all, Henry was always willing to have the washing sent out and he never gave me occasion for one pang of jealousy.

"The difficulty with us is that we also want filet mignonne and mushrooms and grape fruit salad and electric broughams, cut flowers and manicures and silk hosiery and 1913 model hats and gowns," Mrs. Merriwid went on. "A man can't do everything, and if he puts in his time listening to skylarks and murmuring brooks and seeking out his inmost self in sylvan solitude, he can't bring in the loot to the loved ones at home. That's why I'm writing poetry back at Mr. Rondo. His case of cark complicated with dole won't be improved when he reads it."

"You are going to hurt his feelings, I'm afraid," predicted Aunt Jane.

"I can break it gently to him with this," said Mrs. Merriwid, picking up another sheet of paper:

Plump Plutus evermore will gain the
goal,
For all the arts Apollo can contrive.
The Low-Brow who can peel a goodly
roll
Has got the Gentle Bardlet skinned
alive."

(Copyright, 1912, by W. G. Chapman.)

"Kissing Your Hand and Calling You Dear Lady."

Best Loved Princess.

Princess Mary of England is probably the best-loved little princess in the world today, says Marion Ryan, in an account of "Princess Mary" and how she spends her days, in the St. Nicholas. Not only is the princess adored by her people throughout the country, the beloved sister of five brothers and the idol of the court circle, but, as the only daughter, she is specially dear to the king and queen. So it is rather surprising that, instead of being a spoiled, ill-tempered, exacting princess, impressed with her own importance to the exclusion of everything else, she should remain, in spite of all this adulation, a bright, jolly, unaffected girl.

Commonwealth of Massachusetts.

Mortgagee's Sale of Real Estate

By virtue of a power of sale contained in a certain mortgage deed given by Wilber F. Lakin to Herbert F. Doble dated Aug. 29, 1903, and recorded in Norfolk Deeds, libro 955 fol. 278, and assigned by Herbert F. Doble to the Quincy Savings Bank by assignment dated Aug. 31, 1903, and recorded as above in libro 956, fol. 622, will be sold at public auction for breach of the conditions of said mortgage on the second described parcel on the premises hereinafter described, on THURSDAY, the tenth day of April, 1913, at two o'clock in the afternoon, all and singular, the premises conveyed by said mortgage deed, and therein described substantially, as follows: The following described property, situated in said Quincy, bounded and described as follows: Beginning at a point on Willard street at the easterly corner of said premises, thence running north-easterly on land now or formerly of Saml. Babcock, eight hundred sixty-five feet, thence turning and running north-westerly four hundred forty-two and 75-100 feet, thence turning and running south-westerly five hundred sixteen and 5-10 feet, thence turning and running south-easterly one hundred seventy-one and 75-100 feet, thence westerly one hundred forty feet to said Willard street, thence south-easterly along said Willard street five hundred and ninety-nine and 5-10 feet to the point of beginning. Containing nine, and three-quarters (9 3-4) acres, be the same more or less.

Also another tract or parcel of land in said Quincy, together with all the buildings thereon, bounded and described as follows, to wit: North-westerly by Robertson street, one hundred feet, north-easterly by land belonging to estate of J. W. Robertson one hundred sixty-six and 5-10 feet, south-easterly by other land of said Robertson estate one hundred feet, south-westerly by land now or formerly of Maloney one hundred sixty-six and 5-10 feet, containing 16,650 square feet, be any and all of said measurements more or less.

This property will be sold subject to all unpaid taxes, tax titles and assessments, if any. Terms $500 cash at sale, balance cash in ten days from said sale on delivery of deed.

QUINCY SAVINGS BANK,
Assignee of the mortgagee and present holder of said mortgage.
By CLARENCE BURGIN, Treasurer.

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Quincy People Know How to Save It.

Many Quincy people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers.

The following statement leaves no ground for doubt.

Richard Smith, S. Central Ave., Wollaston, Mass., says: "I suffered from kidney trouble for a long time. My back was so lame and painful that I could hardly get around in the morning. All through the day I had a dull heavy ache across my loins. The contents of two boxes of Doan's Kidney Pills fixed me up alright. I now have no trouble from my back."

For sale by all dealers. Price 50 cents. Foster—Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Herbert W. Tirrell to Alma Tirrell, Putnam street.

The KITCHEN CUPBOARD

CHICKEN COMBINATIONS.

CHICKEN may be prepared with shellfish, rice, mushrooms, potatoes, chestnuts or other viands. These dainty combinations may be served at the Easter table when something novel, yet appetizing, is required.

Lander Dainties.

Baked Chicken and Rice.—Take a nice tender chicken and cut it up as for fricasseeing. Season each piece well with salt and pepper. Butter a baking dish, put in the chicken, add one tablespoonful of finely chopped onion and fill the dish with boiled rice. Pour over this enough rice soup stock to almost fill the the dish. Cover with a rolled paste of flour, salt and water. Bake for two hours in a slow oven. Take off the crust before serving. It is used to keep in the flavor.

Chicken and Mushrooms.—Take a small chicken, boil it till tender. When cold cut the breast in small dice and season with salt and pepper. Now take two tablespoonfuls of fresh butter, one tablespoonful of flour, molsten with one cupful of rich boiling cream and heat over the fire till smooth. To this add chicken, with one quart of fresh mushrooms, cut into dice, and let all simmer twenty minutes. Serve on strips of toast. Garnish with parsley.

Savory Baked Viands.

Spanish Chicken and Rice.—When the chicken is singed and cleaned cut up and cook in a stewpan till it is tender. Steam one-half pound of rice until soft. Fry a clove of garlic in one cupful of olive oil, then remove the garlic and fry in the same oil three medium sized onions chopped fine. Put the chicken into a baking dish, cover with rice mixed with oil, onions and sweet peppers and one can of tomatoes. Salt and pepper to taste and cook until the tomatoes are well done.

An Attractive Dish.

Chicken and Oysters.—Take a mold and fill it solidly with the following mixture. When full put a plate on top of it and lay a weight on it. Take one cupful each of minced chicken, chopped oysters with the liquor, two tablespoonfuls cracker crumbs, one tablespoonful lemon juice, one teaspoonful salt and a little paprika. Put a tablespoonful butter in a frying pan. When hot rub in a tablespoonful of flour. When smooth add the prepared mixture and stir three minutes. Put in two well beaten eggs and stir a minute more. Take from the fire and put into the mold. When cold take off the cover and push the contents out, cut in slices three-quarters inch thick, dip in beaten egg, then in cracker crumbs and fry in a little butter till brown.

Anna Thompson.

ENGINE GOES INTO RIVER

Crowded Passenger Train Stops on Edge of Tottering Bridge

Lyndonville, Vt., March 24.—Facing what appeared to be imminent death for himself, the engineer of a passenger train from Montreal for Boston brought the crowded coaches to an abrupt stop on the end of a tottering bridge.

An instant later the structure, weakened by a flood, gave way under the weight of the locomotive, which, with its crew, plunged forty feet into the ice-choked stream.

The 125 passengers who scrambled out of the cars to learn the cause of their sudden shaking up received a second shock when the trainmen reported that another bridge over the Passumpsic, a mile back, had been swept away a moment after their train had cleared it.

The engineer and fireman by a lucky chance dropped in open water and swam ashore, not much the worse for their experience.

"ALL IS FRIENDLY," SAYS WEATHER CHIEF

But Moore Hurriedly Tenders His Resignation

Washington, March 24.—Willis L. Moore, chief of the weather bureau, has resigned. After a talk with the president, Secretary Houston accepted the resignation, to become effective July 31. Moore is a Democrat and was a candidate for appointment as secretary of agriculture.

The first intimation that Moore was to quit came when it was said at the White House that he "would resign." Moore later hurried to the department of agriculture for a conference with Houston.

Moore emerged from the secretary's office somewhat disturbed, callers in the outside office thought, and later his resignation was announced. Moore himself declined to make a statement.

"Everything is all friendly," was his comment. "After July 31 I shall retire to my farm."

AS WIFE LEAVES CHURCH

Husband Kills Her With Razor In Presence of Their Children

Arlington, Mass., March 24.—While returning home from Easter mass at St. Agnes' church, Mrs. Margaret E. McDonald was murdered by her husband, while her three small children and little niece struggled to halt the deed of the infuriated father.

Almost within the shadow of the edifice where his wife had just received holy communion, McDonald flashed a razor from his pocket and cut the throat of his wife.

Throngs of churchgoers saw the crime. Men pursued McDonald, who ran after committing the deed. He was captured and turned over to the police.

The police believe McDonald is mentally unbalanced. For two years, since the death of his favorite daughter, McDonald has acted strangely. He has threatened several times to kill his wife, and because of his actions she had moved twice with her children to avoid him.

The McDonalds were married over twenty years ago. McDonald is 41 and his wife was 38 years of age. The couple had lived in Arlington the greater part of their wedded life, but McDonald has been rooming in Boston since they separated.

MAINE RUM TRADE HIT BY WEBB LAW

Nine Express Companies Receive Warning From Sheriff

Biddeford, Me., March 24.—Far reaching action to users of liquors in this city and state was taken when Sheriff Cullinan served notice on nine express companies that they must not carry liquors any more into this city. The sheriff quoted the Webb law recently passed by congress prohibiting express companies engaged in interstate commerce from engaging in the liquor traffic.

In years past the business of the express companies amounted to thousands of dollars a week in this city and Saco. What revenue they will lose in the whole state is problematical, but it is said it will amount to hundreds of thousands of dollars.

ADVICE ON LABOR PROBLEM

Carver Would Have Immigration Stopped For Ten Years

New York, March 24.—Stop immigration for ten years and the labor situation will be ameliorated, declared Professor Carver, professor of economics at Harvard, in a discussion of Socialism before the Republican club.

Carver asserted that if there were such a stoppage of immigration capital would seek labor eagerly and gratefully, and "capital slavery" would begin to take the place of "wage slavery."

AUDITORIUM THEATRE

What the amusement seekers will get from the new management of this house.
We will give three shows every week day of two hours each.
We will increase our productions.

COMMITTEE ON THE SCENE

State and City Officials Visiting Visiting the Sachem Brook Bridge

The legislative committee to whom the petition and bill of John Stuart and others was referred asking for damages by the closing of Sachem brook, came to Quincy this morning on a visit to the promises. When the boulevard was built a new bridge was built over the brook which prevented yachts from passing up to Mr. Stuarts boat building plant. In addition to the legislative committee several Councilmen were present as well as Mayor Stone and members of the Board of Health.

BRIEFS

Mr. and Mrs. Morris Leventhal and Mr. and Mrs. D. M. Birger and family of Dorchester, spent the week end with Mr. and Mrs. Louis Berman of Franklin street.

A meeting of the Quincy Y. M. H. A. was held Sunday afternoon at the headquarters on Water street. Much business of importance being transacted. Sidney Litchman presided.

A meeting of the Pride of Quincy Lodge, No. 443, I. A. B. A. was held Sunday afternoon in the vestry of the Congregation Avath Achium, School street.

A theatre party of Q. Y. M. H. A. members attended the weekly Jewish play at the Majestic theatre, Sunday evening.

Members of the Quincy Women's club are anticipating an enjoyable afternoon tomorrow at the clubhouse, it being reciprocity day, one of the events of the club year. There will be a fifteen minute song recital by Frederic Kennedy, tenor soloist at the Rogers Memorial church, Fairhaven and short addresses followed by a reception and tea. Owing to lack of room members will not be privileged to take guests to the meeting.

Isidore Berman of New York City, is visiting his uncle Jacob Berman, of Franklin street.

Mr. and Mrs. Wolf Lubarsky of Water street spent the week end with their daughter in Lynn.

The sewing circle of Dorothy Q Lodge No. 55 U. O. of I. O. L. met this afternoon with Mrs. Edward F. Livingston of 42 Glendale road. Monday evening April 7 the lodge is to hold a whist party ind Odd Fellows hall, Wollaston.

DISTRICT COURT.

Perno Rocco and Matthey Antonacci were arraigned for alleged assault and battery on Donate Pasquale at Quincy and were held in $3,000 bail each until April 7.

Frank Tracy was sentenced to three months in the house of correction for drunkenness at Weymouth.

Michael John, Betel George, Lewis Hadad, Mili Mazeum, Nicholas Joseph, Waddow Francis and Mike Koury charged with gaming on the Lord's day were held in $100 each until Saturday.

Dominic Dranto was arraigned for assault and $5 for creating a disturbance. He appealed and was held in $100 bonds.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Adress: F. J. Cheney & Co., Toledo, O.
Sold by Druggists, 75c.

TENNIS CLUB MASQUERADERS

Many Natty Costumes Worn by the Participants

SOME WOMEN WERE NOT

A masquerade the last of a series of dances was held in Brasee Hall, Saturday evening by the Wollaston Tennis club.

The costumes were varied and novel and at the unmasking many surprises were in order. A number of the men in feminine roles added to the jollity.

Decorations of crepe paper made the hall very attractive and an electric sign, flashing intermittently, announced the fact that it was the fourth annual masquerade. A number of germans were indulged in which were enjoyed by all.

E. Tyler Brigham was floor director. The affair was in charge of the entertainment committee, composed of the following: G. Ernest Carr, Roy C. Baker, George E. Brown, E. Tyler Brigham, Eugene F. DeNormandie.

Among the costumes were:

C. W. Estes—Convict.;Mrs. C. W. Estes—Yama Girl; W. W. Henry—Italian Brigand; A. W. Loud—Summer Man; Mrs. A. W. Loud—Apple Woman; A. G. Nelson—Clown; Mrs. A. G. Nelson—Hindu Girl; C. A. Powers—Annie Rooney; Mrs. C. Powers—Little Girl; Dr. C. E. Monroe—King Arthur Flour; Mrs. C. E. Monroe—Old Fashioned Girl; H. B. Penniman—Student; Mrs. H. B. Penniman—Spanish Dancer; J. I. Litchfield—Nun; Mrs. J. I. Litchfield—Fat Girl; F. H. Bishop—Pierott; E. G. Manning—Taxi Driver; Mrs. E. G. Manning—Colonial Dame; Miss Estelle Rice—Red Riding Hood; Miss Marion West—Folly; Miss Grace I. Bishop—Red Riding Hood; Miss Ruth S. Whitney—Piorette, Miss Gertrude Jones—Dutch Girl; Miss Bernice Everett—Italian Girl; E. F. DeNormandie—Sailor; Miss Beulah Hatch—Colonial; W. E. Weld—Cow Boy; Mrs. W. E. Weld—Western Girl; A. C. Dickerman—White Hussar; J. B. Geddes—Bathing Girl; Mrs. J. B. Geddes—Colonial; C. E. Barker—Bathing Girl; Mrs. C. E. Barker—Sun Flower; G. E. Carr—Clown; Mrs. G. E. Carr—Colonial; R. W. Oldham—Just-a-Fool; Mrs. R. W. Oldham—Nun; R. G. Luard—Little Boy Blue; Delcevare King—Harlequin; H. A. Stevens—Clown; Mrs. H. A. Stevens—Martha Washington; W. O. Wellington—King Arthur Flour; Mrs. W. O. Wellington—Old Fashioned; C. H. Baker—Clown; Mrs. C. H. Baker—Yama Girl; G. W. C. Hart—Big Nose Ikey"; Mrs. G. W. C. Hart—Witch; N. W. Brown—Soldier; H. S. Child—Aunt Jemima; Mrs. H. S. Child—Clown; Miss Jessie Bates—Domino; George E. Brown—Clown; H. W. Percival—Clown; E. T. Brigham—Summer Man; Mrs. E. T. Brigham—Indian Girl; A. C. Armstrong clown.

FUNERAL DIRECTOR
Carriage and Ambulance Service
1485 Hancock Street,. Quincy, Mass.

SAMSON—DIAMOND.

The marriage ceremony of Bessie Etta Diamond and Hyman Samson was performed Sunday evening by Rev. Julius Sandolavitz og Congregation Avath Achium, at the home of the couple, Washington street. The bride was given away by her parents, Mr. and Mrs. David Diamond. Louis Diamond, a brother of the bride was best man. Mrs. Samson, is well known in Quincy, being a member of Abigail Adams Circle, No. 11, I. C. of A. and formerly conducted a dressmaking establishment on Washington street. Mr. Samson who is a widower, is employed as a carpenter and has made his home in Quincy for several years. A supper was served to the guests after the ceremony.

The following were present at the ceremony; Mr. and Mrs. David Diamond, Mr. and Mrs. David Gurwitz, Mr. and Mrs. Louis Diamond, Mr. and Mrs. Gutterman, Mr. and Mrs. Hyman Senkin, Mr. and Mrs. Samuel Canner, Mr. and Mrs. A. Hurwitz, Miss Sarkin, Mr. Levenson and Mr. Louis Luff.

DISLOCATED SHOULDER.

John Harling, Liberty Square is suffering from the effects of a dislocated shoulder sustained by falling down a flight of stairs Sunday. Dr. John H. Ash was summoned and after found that no bones were broken. Mr. Harling is 75 years old and one of the oldest English residents of South Quincy.

MONORED HIS MEMORY.

At a meeting of Branch 61, Irish Land League at Cahill's hall Sunday evening, resolutions were adopted on the death of the late Monsignor O'Callaghan. President Peter McConarty was delegated to attend the funeral today as the repersentative of the organization.

FORMER RESIDENT DEAD.

The funeral of Edward M. Nutter who died suddenly at Roxbury Friday was held from Hall's Undertaking room today. Services were conducted by Rev. Richard E. Armstrong, rector of Christ Church. Burial was in Mt. Wolaston.

Mr. Nutter resided here about 40 years ago. He was a painter and decorator. While here he married Miss Adeline Wilson, brother of Charles Wilson, by whom he is survived.

POPULAR GIRL DEAD.

Miss Mabel Reed, daughter of C. G. Reed died at her home, 279 Squantum street, Sunday morning after a brief illness, her death being due to acute dilaniation of the heart. Miss Reed came to Quincy from Cambridge about one year ago and has been very active in the social affairs of Atlantic and with the young Peoples Society of Christian Endeavor of the Memorial church. She united with the church three weeks ago. Miss Reed was employed in the office of the John Hancock insurance company of Boston and was held in high esteem by all with whom she became associated. She leaves a sister, Miss Beulah Reed and three brothers, Morton, Staunton and Ernest, the latter now being in Washington.

Funeral services will be held from her late home Tuesday at 1 o'clock.

MISS SWANSON BURIED.

The funeral of Miss Judith E. Swanson who died Friday in her 15th year wa sheld Sunday afternoon from the home of her parents, 107 Cranch street. Services were conducted at the Swedish Congregational Church by Rev. O. G. Norseen of Worcester. Burial was in Mt. Wollaston cemetery She leaves her parents, Mr. and Mrs. Samuel Swanson.

LAND IN PENITENTIARY

Hawthorne and Morton May Not Be Long Behind Prison Walls

Atlanta, March 24.—Julian Hawthorne and Dr. William J. Morton, convicted in New York of fraudulently using the mails in the sale of mining stock, arrived at the federal prison here in the custody of Deputy United States marshals.

As their sentence of one year and a day dated from Nov. 25, and the federal law gives them the right to apply for parole after one-third of their term has been served, the opinion has prevailed that they might seek release on March 26, or soon after. They recently decided not to appeal.

Counterfeit $10 Bills Afloat

Washington, March 24.—A new $10 counterfeit national bank note on the Marine National bank of Buffalo has been discovered. It is an imitation of the 1902 series bearing McKinley's portrait.

Perfectly Logical.

She—You once said you would die for me, and now you refuse to get up and light the fire. He—That's perfectly logical. If I died for you I'd be done with it, but if I get up once and light the fire you'll want me to do it every morning.—Boston Transcript.

HORSETHIEF ACQUITTED

Admitted Guilt, but Was Too Handsome to Be Convicted

San Francisco, March 24.—"He's really too handsome to be a horsethief."

"Still he admits stealing the horse."

"I don't care. No man with such heavenly eyes should be put in prison. We must acquit him."

And so they did.

Briefly, this is what happened in the juryroom at Redwood City, when ten men and two women were deliberating on the case of Ugo Diando, charged with horse stealing.

Notwithstanding that Diando's testimony at his preliminary hearing, in which he admitted stealing the horse, was introduced, the jury, after being out twenty minutes, returned a verdict of not guilty.

All the men originally voted to convict, but they were induced by the women to change their minds.

The French President.

The French president enjoys some petits benefices apart from the $240,000 he draws yearly as salary and allowances. Supplies of vegetables for his table come from the kitchen gardens at Versailles, fruit from the orchards of Fontainebleau, game from the state forests and hay for his horses from the meadows at Rambouillet. Moreover, the state pays the wages of his stable hands and his conchman, but not his chauffeur's.—New York Sun.

Occupational.

The young woman store detective when proposed to was silent.

"Then you cannot be the sunshine of my life," said the young man in disappointed tones.

"How can I?" she answered. "I am a professional shadow."—New York Post.

ALLEGED PRISON ABUSES

Charges by Former Chaplain of New Hampshire Penitentiary

Manchester, N. H., March 24.—That convicts in the New Hampshire state prison in Concord have been killed and others driven insane by brutal keepers is the charge made by Rev. Claudius Byrne, a one time chaplain of the prison and who is now serving his eleventh year as grand chaplain of the Independent Order of Odd Fellows.

In his charges the erstwhile chaplain says one John Doe, whose real name was never known to the authorities, died after having been ill-treated by keepers and that another prisoner, when he complained of being ill, was thrust into a dungeon, where he died.

Evil Doing.

The worst penalty of evil doing is to grow into likeness with the bad, for each man's soul changes, according to the nature of his deeds, for better or for worse.—Plato.

True blessedness consisteth in a good life and a happy death.—Solon.

Musical Tones In Architecture.

It has long been believed that each of the mammoth buildings of the world will vibrate in response to some special musical tone. Architects believe they have found the tones for such famous structures as the cathedral at Cologne, Notre Dame in Paris and St. Paul's in London. Certainly it is true that each of these buildings returns to the ear of the listener that one tone intensified and augmented to a surprising extent. The corollary statement that this keynote if sounded long enough and with sufficient force would bring disaster has never been proved.—Christian Herald.

Vol. 28 No. 71 QUINCY, MASS., TUESDAY EVENING, MARCH 25, 1913 PRICE TWO CENTS

TEACHERS GET RAISE IN SALARY TO GO INTO EFFECT IMMEDIATELY

Finance Committee Report On the Budget Carried Through With Little Change With Net Cut of $12,962

Order Reducing Call Firemen Witnessed Lively Debate---Chief Litchfield On the Grill

Every member of the City Council was present Monday evening at the adjourned meeting of the Council. The main subject of consideration was the annual appropriation order. Several attempts were made by Councilman Cunningham to change the amounts as reported by the Finance Committee but in only two instances was the amount raised, one was in regard to the increase of the grade teachers salaries. The Committee reported the sum of $2,000 for the increase to take effect from Sept. 1. This amount was changed to $3,500 to take effect on April 1.

There was also a slight increase in the appropriation for the Fire Department owing to the increase in the number of permanent men, the order for which passed early in the evening.

A venire was received for the drawing of one grand juror. The Mayor, City Clerk and Councilman Devaney drew Michael Arnold.

William P. Pinel and Elizabeth Pinel petitioned to have their sidewalk assessment apportioned. Referred to the Finance Committee.

The Mayor forwarded a communication enclosing a petition from Capt. Charles P. Costa of the Fire Department to be retired. Councilman Boyd offered an order retiring Capt. Costa at a salary of $550 a year. Referred to Finance Committee.

A communication from the Overseer of the Poor stating that on investigation he had found that Elizabeth L. Dawson who had applied for an increase of soldiers relief no longer had a legal settlement in Quincy. The applicant was then given leave to withdraw and Councilman Cunningham offered an order discontinuing the Soldiers Relief now being paid Mrs. Dawson. Order adopted.

PETITIONS.

Petitions for the apportionment of sidewalk assessments were received and granted.

A large number of applications for minor licenses were received and referred to the License committee.

An application of Frank F. Crane for an auctioneer's license was received and granted.

Councilman Griffin presented a petition for a police signal box in Newcomb Square. Referred to the Executive.

CALENDAR MATTERS.

On motion of Councilman Bryant it was voted to take up the matters in the calendar.

Order 89 granting the Electric Light Co. a location for poles on Hill street was passed.

The order appropriating $200 for the July 4th celebration at Atlantic was read and laid on the table.

The order appropriating $500 for paved gutters on Birch street was referred to the Committee on Streets.

FIREMEN GRILLED.

The order amending the Fire Department ordinance by reducing the number of call men from 54 to 36 and increasing the number of permanent men by three came up for its final passage.

Councilman Cunningham requested the presence of the Chief Engineer and asked a number of questions. The foremen of several of the fire companies were also called up before the council and asked questions if the companies could get along with the cut as proposed.

There seemed to be considerable difference of opinion as to how many of the call men were any good. It was also brought out that there were a number of black sheep among the call men. That is call men who never attended fires but showed up twice a year to draw their pay, less fines. In one case it was brought out that a call man of Hose 4 did not attend any of the fifty alarms to which the apparatus responded last year. That his fines amounted to $25 and that he drew the balance $65 in cold cash.

It was also said by the Chief that there was a man of the Atlantic company about as bad.

The Chief also admitted that he was aware of the condition as to the call men but had done nothing to remedy it.

The Chief was also questioned if it was necessary to run about so much in his automobile and if he could not just as well get along without a special driver who might be used on part of the apparatus. He replied that he needed the driver all the time.

Councilman Little wanted to refer the order back to the Committee on Fire Department but objection was made and this motion was lost.

Then Councilman Cunningham moved to amend by making the order read two additional permanent men. This motion was lost.

The order was then passed to be ordained by roll call 19 voting yes and 2 no.

The order appropriating $2,000 for rebuilding Penn street came up and on motion of Councilman Richards was laid on the table.

The order appropriating $50,000 for water extensions came up. Councilman Cunningham moved it be referred to the City Engineer to see if the extimates of cost of the various extensions were correct. Motion lost.

The Commissioner was called before the Council and Councilman Cunningham asked questions on about every one of the proposed extensions.

In the meantime many of the Councilmen had gone to the Committee rooms for a quiet smoke. Councilman Devaney moved to lay on the table. Motion lost.

The order was then passed.

The order for $3,000 for sewer house connections came up for its final passage and was rejected. Later in the evening on motion of Councilman Ericson the vote was reconsidered and the order laid on the table.

THE BUDGET.

On motion of Councilman Little the budget was taken up.

The Finance Committee to whom was referred a week ago the annual appropriation order made its report, having considered in two midnight sessions, what has taken Committees of other years half a dozen meetings to determine.

The Committee reduced the amounts submitted by the Mayor and School Committee $16,550 and increases items to the amount of $1,230 making a net cut of $15,320.

This makes the grand total as reported $501,094.65 instead of $516,414.65 as submitted by the Mayor and School Committee.

But two items in thew hole budget were increased, namely Advertising of the Tax Collector $130 and the amount for Gypsy Moths is increased $1,100.

The greatest cut is made in the appropriation for highways where $5,000 is chopped off.

The budget as reported also provides for the raising of the maximum salary of the first seven grade teachers to $700 after Sept. 1.

The several changes as recommended by the Finance committee were as follows and the budget in full as reported and later amended will be found on another page.

SCHOOL COMMITTEE.

The school committee will meet at the headquarters this evening.

FEED WIRE TIED UP CARS

Juice Distributor on Hancock Street Broke Monday Night

The feed wire of the street railway near the corner of Hancock and Grant streets fell down late Monday night tying up several cars on the outward bound rail to Neponset. The feed wire at this point connects with a cut out box and when the wire broke the current was taken from the trolley wire in this immediate section. It was after midnight before the break was repaired.

HIBERNIANS ADD A DEGREE TEAM

Division 22 Finds This Necessary Because of Membership Gains

A degree team is being formed by the members of Div. 22, A. O. H. under the direction of President James H. O'Dowd. This additional feature of the organization is due to the large number of applications which have been received during the past year. The substantial increase in members is in excess of that added by other organizations and the members are making every effort to boost the figure to large numbers.

The Standing Committee on Finance, to whom was referred the annual appropriation order, having considered the same, report, recommending that the order be amended as follows:

By the Mayor. Strike out the figures $3,200 and insert the figures $2,500.

By the Board of Health. Strike out the words and figures "Extermination of Mosquito $400."

By the Tax Collector. Strike out the figures $1,550 after the words "Advertising, etc." and insert $1,680.

By the Treasurer. Strike out the figures $550 after the word "Miscellaneous" and insert the figures $500.

By the Commissioner of public Works. Strike out the figures $4,000 after the words "Removal of Snow" and insert $2,000.

Strike out the figures $40,000 after the words "Highway expenses, etc" and insert the figures $35,000.

Strike out the figures $5,900 after the words "Gypsy Moth" and insert the figures $7,000.

By the Chief Engineer. Strike out the figures $4,600 after the words "Horse Shoeing and Keeping" and insert the figures $4,000.

Strike out the figures $2,200 after the word "Miscellaneous" and insert the figures $2,000.

Strike out the words and figures "Horses and harnesses $1,000"

By the School Department.

Strike out the figures $5,700 after the word "Administration" and insert the figures $5,500.

Strike out the figures $4,750 after the words "Text Books" and insert the figures $4,000.

Strike out the figures $21,800 after the word "Operation" and insert the figures $21,300.

Strike out the figures $2,000 after the word "Miscellaneous" and insert the figures $1,600.

Strike out the words and figures "Increase of teachers salaries $6,000" and insert in place therefor the following. "To increase the maximum of the first seven grade teachers to $700 per year, to take effect Sept. 1, 1913 $2,000."

Strike out the figures $6,000 after the words "Stationery, etc," and insert the figures $5,250.

The report was accepted and the question then came on accepting the several items in the budget. These were taken up separately. Councilman Little wanted to take up the matter of the school budget first.

This caused the schoolmams who occupied the front row in the balcony to sit up and take notice. The motion however was defeated by a vote of 4 year and 16 no.

The several items were rapidly adopted until that of the Tax Collector was reached. This, Councilman Cunningham desired to amend by increasing the amount to $1,950. The motion was lost.

The next item to be questioned was the amount for repairs of bridges under the Commissioner of Public Works budget. Councilman Cunningham moved to amend by making the amount $4,500. This motion was lost.

Things then sailed along smoothly until the Fire Department budget was reached when on motion of Councilman Bailey the amount for pay of men was increased by $757.50. This was to pay for the additional men added earlier in the evening. This motion was adopted.

The next item was the school budget and Councilman Richards started the ball rolling by moving that the amount for increase of teachers salaries be changed to $3,500 and that the date be changed to April 1. The committees report made the amount $2,000 and the date for the increase to begin Sept. 1.

Councilman Richards argued that as a matter of justice the teachers should be given the increase.

Councilmen Little and Devaney favored.

Councilman Bailey desired that the teachers should be given more salary but owing to the Financial condition he believed that the teachers would agree to help out by having the increase begin Sept. 1.

Councilman Cunningham favored April 1. The motion of Councilman Richards prevailed by a vote of 16 yes and 4 no.

Councilman Cunningham then moved to go back to the Commissioners Budget and when it was taken up he moved to make the amount for streets $40,000 instead of $35,000, The motion was lost.

The budget order as then amended was read and ordered to a second reading.

ORDERS.

On motion of Councilman Bryant it was voted when the Council adjourn it be until next Monday evening.

There was some objection but the motion was voted on a rising vote of 12 yes and 9 no.

Councilman Cunningham offered an order transferring the Common victuallers license of Julia A. Hosmer to M. J. Duffy. Referred to License Committee.

Councilman Hadlock offered an order for $100 for two catch basins on Webster street. Referred to the Street Committee.

Councilman Bryant offered an order for a sidewalk on Marion street. Referred to Finance Committee.

Councilman Gilliatt offered the annual street watering or oiling order which was referred to the Street Committee.

Councilman Devaney offered an order for a light on Berkley street. Referred to the Executive.

Councilman Bass offered an order for two gas lights on Huntly road. Referred to the Executive.

Adjourned at 11.18 until March 31.

QUINCY COUNCIL K. OF C. HOSTS AT BRILLIANT EASTER PARTY

Hall a Riot of Tasteful Decorations Heightened By Pretty Gowns

Pleasing Concert Preceded Mandate "On With the Dance"

The annual Easter Monday party of Quincy Council, No. 96, Knights of Columbus in Music hall, last evening was in keeping with the high standard set by this organization in its social events and proved a most delightfully social and enjoyable affair in every way. There was not a discordant note in the many octaves of pleasurable measures that were sounded to the fullest extent and with keen interest by those who attended.

The threatening weather of the late afternoon, cast a temporary shadow over the Terpsichorean horizon, but this was quickly dispelled when the stars made their appearance in the heavens and later the moon arose in all its majesty to add color and lustre to the scene.

MICHAEL T. WALSH,
Grand Knight Quincy Council,
Knights of Columbus.

At an early hour in the evening there was activity, indicative of something out of the usual around Music hall. Carriages and autos arrived in rapid succession and deposited their burden of merry makers who after the lenten period of abstinence felt equal to doing full justice to this occasion. The street wraps quickly discarded the transformation was most pleasing to the eye. Groups of pretty women, in bewitching attire held the forefront of the Vanity fair, while as a perfect foil for this harmony in color and effect were the conventional evening attire of the gentlemen.

The hall was mose attractive, yet simple and effective in its decorations. The stage looked like on old fashioned garden of the rare old type,

MICHAEL T. SULLIVAN
Treasurer of The Council.

with its shrubbery, and palms while peeping out from this wealth of greenery dainty little jonquils in their modest yet pretty color effect were not to be denied their importance in the ensemble.

Back of the stage were draped American flags around scenes of historic significance among them being one of Columbus landing at San Salvador. At the right of the stage, hung a panel with the emblem of the order and over the center of the stage hung the white silk banner of the Council. Streamers of nile green, pale pink and white extended from the center of the ceiling and draped away to the sides of the hall, while the same color effects in panelling extended from the ceiling to the wainscotting. The entire decorative effect was in perfect harmony, pleasing to the eye and lightened the hall to the best possible advantage. From 8 to 9 o'clock Wilson's orchestra rendered the following concert program:

March—"The Dandy Fifth"
Geo. Devlin
Overture—"Morning Noon and Night"
Suppe
Concert Waltz—"Vienna Woods"
Strauss
Selection—"Wedding Trip" DeKoven

EDITORIAL COMMENT.

Hawthorne on his way to Atlanta only took a suit case so confident was he of the immediate operation of the parole. Was it worth while for the government to spend $70,000 for that?

Base ball will be a continuous performance soon and the repetition of old plays, old jokes, old saws, and the like is liable to have the effect of palling on people. There is such a thing as going too far even in base ball.

It does seem as though the newspapers might let the judge and jury have something to say in the trial and disposition of the case against Mrs. Eaton.

And as usual it is people who have no experience in the Underworld who are the foremost with suggestions of meeting the evil which if followed out would lead to even worse conditions than now exist.

Congressman Reilly has been presented a cup for his efforts in behalf of the letter carriers. On the face of it, it looks bad form to offer a legislature any reward for his work. It savors too much like tipping the waiter.

If conservation, otherwise known as economy was practiced in everything as well as ice, there would be quite a difference in the cost of living.

The plan to have saloons open at 8 o'clock in the morning may be all right, but there is more harm done in them after eight o'clock at night than will ever be done before eight in the morning.

Did the man who had 50 half pints of whiskey to celebrate a christening plan to give a "gun" to each guest?

Gov. Sulzer is not so modest in his selection of an epitaph, "Well done Bill." It will be time to use it when it is justified.

Will some of those prison reformists turn their attention briefly to reforms of a much needed character outside the prison walls and which really lead to the demand for detention.

President Wilson has decided that he will pay his way, while in Washington which is independent but at the same time, dignified and reasonable.

Get the hook hat feather is the latest adornment. It is a question whether it is any less objectionable than the long hatpin.

THE EASTERN QUESTION.

When the Balkan war started there was tremendous force attached to the announcement that it was to be a war for freedom, for throwing off the yoke of the Turkish oppressor. The patriotism which ran rampant was supposed to be of the loftiest type. People on this side of the water were given to believe that, the allies were a high minded patriotic people, eager for freedom to show to the world their strength and ability. And after all this high sounding tocsin the allies have fallen far short of their lofty station. The war is not over. The division of Turkey, Europe is not complete and it does not look as though it would be as an outcome of this war because there are financiers in London, Paris, Berlin, New York and elsewhere who exercise a higher claim for consideration than those Balkan fighters. The allies had not even secured the territory before they were quarrelling over their respective share. The whole sordidness of the situation leads to the query was the effort worth and will not this war fail in its real object as fostered by the truly patriotic people of those states?

FALSE PHILANTHROPY.

There is much that is worth of consideration in the address of vice president Marshall at Springfield in his treatment of the subject of Philanthropy. He condemned rich men who endowed institutions and rapped the receipts from predatory wealth. Mr. Marshall did not hesitate to say that the people were giving this money themselves. All the great charities which stand as monuments to the money kings are nothing but what is wrung directly from the people themselves and they are placed in the position of kowtowing to some one who has created a foundation, a library, a hero medal fund and colleges confer degrees upon men who have benefitted them financially. The people are the real givers. They make it possible for those men to create this vast wealth and then having accumulated more than they really know what to do with they take various forms of distribution which is in a measure a means of recreation for them. Much of the misery in the world could be avoided if much of this money which is used in the name of philanthropy found its proper philanthropy in proper distribution to the workers who aid in creating it.

BOSTON TRANSCRIPT.
Great Real Estate and Summer Home Issue.

On Saturday, April 5, the Boston Evening Transcript will print a generous amount of reading matter which will be of interest to real estate owners in New England, investors and those who lease or have summer homes at the seashore, mountains or country.

Anyone having a house, farm, cottage or desirably located land for sale or exchange, or a summer place to rent for the season will do well to secure advertising space in this issue, for it will have a wide circulation among interested people all over the United States.

FIRE VICTIM LAID AT REST

Mrs. Laws Who Was Burned to Death Buried in Weymouth

The funeral of Mrs. Jennie Laws, the aged woman who was burned to death at Braintree, last Thursday, was held, Sunday afternoon from the home of her daughter, Mrs. Emma Howes, 230 Commercial street, East Braintree.

The services were conducted by Rev. T. C. Collister, pastor of the East M. E. Church. Burial was in Village Cemetery, Weymouth.

The clothing of Mrs. Laws caught from sparks from an open-grate at the home of her daughter. Her cries attracted the attention of Mrs. Howes who did everything possible to save her mother, even to having her own face and hands severely burned in the effort, without avail, as she died a short time after the flames which had enveloped her were extinguished.

JOHN BYRNE BURIED.

While the body of John Byrne rested Monday morning before the altar of St. John's Church wherein he worshipped for many years, a solemn high mass of requiem was celebrated by Rev. Fr. John J. Coan, Rev. Fr. John J. Casey was deacon and Rev. Fr. P. J. Scannell was sub deacon.

Mr. Byrne died suddenly at his home 47 Liberty street Wednesday. was in his 60th year and a long time Quincy resident.

While growing into manhood Mr. Byrne partially lost the sight of both eyes from a powder explosion. He made a pligrimage to Lourdes, where after a period of prayer his sight was miracuously restored. Since that time he has been very devout and has recited the rosary at the early Sunday mass at St. John's church for many years.

The Gregorian chant was sung by the regular choir, under the direction of John Mahon. The soloists were Miss Eva Rice, Miss Josephine McCarthy, Mrs. Mary Burns King.

The bearers were William Kiernan, John Gearin, John Welch, James Griffin, David Burke and David Warner. Interment was in St. Mary's cemetery.

☞PRATT'S BREAD is best because more care is used in the making. Grocers.

DUFFY NEAR POINT OF DEATH

Little Known of the Man Who Works at Fore River

George H. Duffy is at the point of death in a boarding house, 7 Germain avenue. He is an employee of the Fore River Co., but nothing is known of his family connections. Among his effects were found an address in Keene, N. H. James H. Elcock, Overseer of the Poor had the case brought to his attention and telephoned the Keene police department to make an investigation.

Duffy is suffering from a complication of diseases. He is 65 years of age and is minus his right arm.

SORROW FOR THE POOR BOY

Felt on Every Hand, But it Will All Come Out Right

There has been a tense feeling in Y. M. C. A. circles lately. Groups of people have been seen to gather almost nightly in the hall at the Association building and upon leaving the building they have been heard to say: "Sorry the poor boy's got to suffer," and "I'll bet he's innocent."

It is hard to get anyone to make a definite statement, but upon good authority it may be said that a young man, prominent in church and Y. M. C. A. circles is under suspicion of stealing money from his employer. Soon the mystery will be cleared up, and a play presented tonight will have a lot of bearing on the case.

"The Foul Tip" a real, honest-to-goodness show with some of the best amateurs ever to appear in Quincy. It is the first time the show has ever been played. Be able to say you were "there the first night." You may find a better show in Boston but you can't see our actors there.

COLONIAL CLUB ANNUAL PARTY

Large Number Attended and Returns Were Satisfactory

The Colonial Base Ball club opened the season by holding its first annual dance at Alpha hall. A large representation of the younger set attended and enjoyed dancing until midnight. Music was furnished by Hamilton's orchestra.

The proceeds will be devoted to the base ball treasury. Last season the Colonials fought hard for the amateur championship of the city and missed it by a narrow margin. They do not intend, according to the players, to duplicate the performance.

The floor was in charge of Clement J. Patriarca. He was assisted by Oswald D. Shea with Charles H. Hebert as chief of aids.

The aids were William McDonald, James Doyle, Francis L. McPherson, John Cahill, Carl Carlson, "Tisser" Carlson and Walter Williamson.

SANITY OF MRS. EATON DOUBTED

Experts May Examine Woman Accused of Killing Husband

DAUGHTER HAS HAD DOUBTS

Dorothy Admits Thinking Her Mother Was Not All Right—Declares Admiral Was "Best Daddy in Whole World"—Accused Woman's Son-In-Law Before Grand Jury

Boston, March 25.—Alienists and mental experts will in all probability examine Mrs. Jennie M. Eaton today in her cell at the Plymouth county jail.

The examination of the nine witnesses who testified before the grand jury at the Plymouth courthouse all day yesterday tends to show that thus far only the mental condition of Mrs. Eaton has been gone into.

That it is the intention of the district attorney to have Mrs. Eaton examined at once, in order that the alienists may testify at the grand jury proceedings, now seems a certainty.

The claim of the state is that Mrs. Eaton, obsessed with hallucinations, murdered Admiral EaEton by the administering of arsenical poisoning.

Dramatic in the extreme was one development yesterday, when it was learned that Dorothy Ainsworth, who has always expressed deep affection for Admiral Eaton, made the declaration that she had believed for a long time that her mother was mentally unsound.

The statement was made in the anteroom of the courthouse during the girl's long wait to be summoned before the grand jury. Dorothy was restless. Suddenly she arose from a couch on which she was lying and approached Mrs. Hannah Barnes, the former housekeeper at the Eaton home.

"What are you going to say about mother in the courtroom?" she asked.

Mrs. Barnes paused a moment. Then she said softly, but with great deliberation: "Dorothy, I am going to tell them that I think your mother is not herself mentally."

Dorothy remained calm. Then she said very slowly, as if weighing her every word: "Well, do you know, I have thought the same thing for a long time. I have strongly doubted whether she was all right."

The strain of the case has already begun to tell on the two sisters, Mrs. June Keyes and Dorothy Ainsworth. Expecting to be called at any moment, the day went by without their being summoned into the courtroom.

Suddenly June remarked, with a toss of her head: "If the admiral died of poison it was from some overdose of a drug that he was addicted to."

In a flash Dorothy was on her feet, her face flushed with anger.

"It's not so; it's not so," she cried. "He did not meet his death through any act of his. He was a good man and the best daddy in the whole world. He made life happier for me than I had ever known it before."

In a voice that an elder sister always uses when talking with a younger one, June carelessly made answer: "Oh, well, if you knew him as well as I knew him you would have a different opinion."

Dorothy simply bit her lip.

Today both girls will tell their stories to the grand jury.

The talk of a second indictment being returned is still being persistently kept alive in both Rockland and Plymouth.

Yesterday afternoon the greater part of the grand jury testimony came from Ralph P. Keyes, the husband of June Keyes, and Dr. C. H. Colgate, who was the Eaton family physician for many years. It is already known that Colgate has considered Mrs. Eaton insane for some time.

IMPLICATED IN HOLDUP

Charge Against Woman Who Is Held In Case of Robbery

Norfolk, March 25.—Mrs. Chester P. Dwyer was arrested here, charged with having received and concealed $2020 alleged to have been stolen by her husband from E. H. Gordon, assistant cashier of the Seaboard Air Line railway in Portsmouth, ten days ago.

Gordon was hit on the head with a hammer, robbed and thrown unconscious into an abandoned icebox.

Torpedo Beneath Pasenger Train

St. Paul, March 25.—After threats had been made to dynamite "a dozen passenger trains" if demands for $10,000 were not answered a torpedo was exploded beneath a train as it left the yards in St. Paul. Officers failed to find a clue.

Death of Prince Nicholas' Widow

Cannes, France, March 25.—The Countess of Merenberg, mother of Countess Torby, died suddenly of heart failure, aged 77. She was the widow of Prince Nicholas of Nassau.

Avalanche Sweeps Three to Death

Berne, March 25.—An avalanche overwhelmed three visitors who were skiing in the Engadine. They were swept over a precipice and buried in the deep snow in a ravine.

CAIRO TEAM WON GAME

But Bonney and Curtis Made Great Showing

FOR THE ALEXANDRIA NINE

Dr. Harold F. Curtis, son of Mr. and Mrs. Jesse F. Curtis of Upland road, and Dr. Albion Bonney, son of Mr. and Mrs. Herbert E. Bonney of Glenwood way, the American dentists at Alexandria, Egypt, made a great showing, March 1 in the base ball game for the "African championship" at Cairo. They played on the Alexandria team but Cairo won by the score of 15 to 9.

A letter just received from Dr. Curtis tells of the trip, the game, and the sights of Cairo. He writes in part:

"We had a glorious trip and a good time on our journey to Cairo but the loss of the game was like a thunderbolt to us. Our pitcher, a man we had planned on to hold Cairo in check, simply went to pieces in the first two innings they knocked him out of the box and scored 12 runs while he was pitching. After that we had a shade better of the argument but the early lead was to great to overcome.

"Incidentally "Al and I" did our part bravely and pulled off the star plays both in the field and on the bases. I never played a better fielding game making three of the most sensational catches I ever did and scoring three of our nine runs, stole second twice, third twice and home once, and showed the crowd what we could do toward winning. "Al" caught a good game and made one swell catch of a high foul. After the game we took our baths and cold sprays and returned to the hotel, wishing we could have cut out the first two innings. The game is to be an annual affair from now on, as the interest has become keen on base ball.

"We left Alexandria on the 28th at 5.30 P. M. and arrived at Cairo at 9.17. We stayed at the National Hotel where we had a good nights rest.

"On Saturday we were up early and visited the Citadel and were shown the sights. We visited the "Mosque Mohamet Ali" which is at the highest point. On the way up we saw the bullet holes in the doors and walked over the pavement where the Mamelukes were massacred.

"Once on the summit we entered the mosque and it is the best ever, the largest and most beautiful mosque in Egypt, simply indescribable. Took some pictures around the mosque and visited the well of Joseph which you no doubt read about in your Sunday School days.

"From the Citadel we journeyed to the Museum which is Egypts best. Then saw the bodies of Seti 1st and Nameses 2nd and other ancient kings. From there we started for the Mission House where we were treated to a very fine dinner. Then by carriages we journeyed to the Y. M. C. A. grounds, put on our togs and limbered up some and played that now historic game which has been commented upon.

"Sunday morning I went to the Pyramid and took more pictures. "Al" went to church as he was to sore to climb. Returned to dinner at one o'clock. Sat on the veranda until three o'clock when the thermometer was 80 degrees in the shade. It was a very warm day. Just like summer, consequently we went for a trolley ride to Heliopiles. After looking around the Palace Hotel we called on friends from Brockton, Mass., where we took tea. Returned in time to take the 6.35 P. M. train for Alexandria arriving home about 10 P. M. after a very pleasant trip."

UNCLAIMED LETTERS.

Letters addressed to the following persons remained unclaimed at the Quincy post office for the week ending Mar. 22. Saverio Ansitoi, Jalianna Barboza, Fred Buchhloz, John E. Coffin & Co., Mina Colletti, Robert Crawford, W. Eva., Mrs. J. Field, Jack Fony, Degrassi Giompomolo, H. H. Harper, Mrs. Charles E. KilNap, Fred A. Lamb H. Miller, Mrs. John H. Miller, Nelson S. Sancenb.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

SUNDAY IN OUR CHURCHES

Topics and Announcements For Coming Week

SUNDAY SCHOOLS

WOLLASTON CONGREGATIONAL.

A perfect day Sunday brought many to the Easter services in the Wollaston Congregational Church where, amid finely arranged decorations of palms, daffodils, and other flowers, Dr. Sneath delivered a sermon long to be remembered.

The scripture was the sixteenth chapter of Mark and the thought from the word "Resurgam" "This word occurs repeatedly on the tombs of the early Christians in Rome and tells of their staunch faith in Christ's promise, Ye shall rise again. We have here the same faith as they. Easter has become to many a day of pleasure but to the Christian it is and will remain a day of joy. The Christian alone has a satisfied faith in the promises of Christ that we shall live again, a conviction which is everlasting a fire which cannot be put out, and the guarantee of a good life worth living which will end in a glorious day, when we shall see Him in the glory of eternity and in the presence of the Eternal Father.

"We remember our dear ones and friends who have lived the good life and have gone before and it is to us an inspiration that we shall see them again in the glory of eternally perfected life. Finally, from Thanatopsis:—

"So live, that when thy summons comes to join
The innumerable caravan that moves
To that mysterious realm, where each shall take,
His chamber in the silent halls of death,
Thou go not, like the quarry-slave at night,
Scourged to his dungeon, but sustained and soothed
By an unfaltering trust, approach thy grave.
Like one who wraps the drapery of his couch
About him, and lies down to pleasant dreams."

And we can do this because He has said "Ye shall live also.."

Previous to the sermon three young people, Miss Lillian Jones, Miss Randell and Alfred Clough were received into the church on confession of faith.

The choir was ably assisted by Mrs. Sutherland with the violin in rendering well selected music.

There was a large attendance in the Sunday school where all departments joined in special services for the day by various readings from the scriptures and recitations. The "Push and Pull" class of boys with Rev. Rufus Tobey as teacher gave the school a surprise by presenting the Superintendent with $15 to start a fund for the new parish house and addition soon to be built. This amount has been saved from "spending money and doing errands." The classes, Ladies Society C. E. and others have been challenged to do the same.

HALL PLACE M. E. CHURCH.

A pleasant surprise came to the members of the Hall Place M. E. church Sunday morning when the service was commencing the Rev. A. A. Brown of Youngstown, Ohio, pastor of the church 18 years ago, walked in. Some of those who were attendants at this church at that time readily recognized him Rev. T. C. Martin, pastor, welcomed Mr. Brown and invited him to speak, bringing the meetings of his church and a message for those with whom he worked while here. Mr. Brown's message took the place of the Easter sermon as the pastor said he would have ample opportunity to speak some other time. Some of those most prominent in the work of the church 18 years ago have passed into the great beyond and were greatly missed while many of those most prominent in the work now could not be recognized as the pupils of the Sunday school of that period. Mr Brown said he remembered faithful Mr. Goucher, the chorister and was glad to see him but as he thought all the young ladies in the choir must have been born since he did not remember them.

The choir sang "Now is Christ risen" with Miss Olive Grant as soloist.

During the service the paster baptized baby Evelyn Tankard. He received one into the church on probation, one into full membership and two by letter.

At the close of the service a social time was enjoyed in meeting Rev. A. A. Brown and renewing friendships. Mr. Brown is here owing to the serious illness of his brother.

Sunday school was held at 12 o'clock.

At 7 P. M. the Sunday school gave an Easter concert with the following program.

Chorus—"Sing we Alleluia" School
Responsive reading.
Prayer
Chorus—"There's a Glory" School
Recitation—"One way of expressing Easter Joy" Ernest Miller
Recitation—"Whistle" Charles Hazel
Chorus—"The Stone is rolled away" School
Recitation—"Christ's Life" Sadie Clark
Recitation—George Hazel
Recitation—"Easter Morn" Myrtle Williams
Chorus—"The Palms" School
Recitation—Marion McCormick
Recitation—Carrie Keyes
Chorus—"Look ye Saints" School
Recitation Ralph Newcomb
Recitation Sarah Fuller
Chorus—"The Song of Triumph" School
Exercise—Charles Stewart, Hannah Roberts, Mona Norris, Henry Nichols and the Supt. Mr. A. Stewart.
Recitation—"The Awakening" Edith Trask
Chorus—"The Heavens Resound" School
Recitation Grace Newcomb
Recitation Lillian Williams
Recitation Neilie Keyes
Chorus—"O'er the Hills" School
Recitation—"He is risen" Hannah Roberts
Exercise—"Christ has risen" Miss Burke's class.
Recitation—"The open door" Mona Norris
Chorus—"Life and Light" School
Recitation Milton Miller
Recitation—"The Passover" Ethel Nichols
Exercise—Edna Miller, Addie Newcomb
Chorus—"Open wide the gates" School
Recitation Ethel Newcomb
Recitation—"The Glorious Day" Leslie McCormick
Solo—"The Resurrection Morn" Miss Helen Martin
Chorus—"The Day of Resurrection" School
Collection and remarks by Supt. and Pastor
Exercise—"The Chosen Day"—Misses Dora Ward, Helen Martin, Jennie Manhire, Edna Burke, Hilda Francis
Benediction
Doxology.

The church was prettily decorated under the direction of Camille Fuller, Albert Miller and Florence Manhire. The concert was in charge of Miss Hilda Francis and Miss Helen Martin assisted by Miss Edna Burke, Maude Nichols, Mr. Goucher and Julius Fuller.

Wednesday evening the last number in the course of lectures given during the winter months will be by Rve. L. H. Bugbee, D. D. of Malden on "Life as a Cowboy."

Prayer meeting Friday evening at 7.30.

RESPONDED TO LAST ROLL CALL

William H. Harrison Formerly of Braintree Died in Plymouth

William Henry Harrison, formerly a resident of Braintree, died in Plymouth, Sunday, after an illness lasting many years. He was born in Boston Dec. 25, 1840, and was appointed third assistant engineer in the United States Navy on July 29, 1861. Mr. Harrison served throughout the Civil War on various ships. During the bombardment of Fort Fisher, N. C., in 1864, when the Army and Navy made a combined attack upon that post, he was severely wounded by a rebel shell which burst on the deck of the vessel he was then serving aboard.

Upon recovering, Mr. Harrison continued in the service and after peace was declared, spent several years in South America on one of the United States warships. He was appointed second assistant engineer in 1862 and first assistant engineer in 1865, and was mentioned for gallantry in action by his commanding officer. He resigned from the Navy in 1872, after eleven years' service, and until illness prevented, was engaged in business as a mechanical engineer and expert. Mr. Harrison is survived by four sons, William C. Harrison, Thomas P. Harrison, Richard C. Harrison and Walter T. Harrison.

PRATT'S BREAD—the staff of life for you and your wife. Get a loaf today.

KNIGHTS OF COLUMBUS

(Continued from Page One.)

Xylophone Solo—Selected
Mr. Edward Schell
Finale—"Free Lance" Sousa

Each number was deservedly applauded and fully appreciated. The concert ended, it was "On with the dance," until 2 o'clock in the morning with a short intermission.

The grand march was by no means one of the least pleasing features of the evening's entertainment. It was a pretty figure to witness, and was conducted with grace and precision and the difficult features were most satisfactorily mastered. It was led by Grand Knight Michael T. Walsh and Miss Elizabeth Carroll of South Framingham, followed by Deputy Grand Knight William A. Carey, and Miss Nellie Coughlin, Mr. and Mrs.

WILLIAM A. CAREY,
Chairman Reception Committee.

Richard A. Cole, Rep. and Mrs. Michael T. Sullivan, John Duggan and Miss Marie Duggan and about 100 other couples.

The bouquet of dances was gratifying to all and the orchestra, appearing at all times at its best was most generous in encores.

Rev. P. J. Scannell, was the special guest of the evening, and among others noted was District Deputy Thomas Foley, P. G. K. Edward Heffernan of Braintree, G. K. Bernard O'Neil of Ave Maria Council of West Quincy and representatives from Weymouth, Braintree and other councils.

Every one had a good time. There was not a moment when there was any lagging in the Marathon of pleasure which was in full swing over the whole course.

The officers and committees were most attentive in making it pleasant for all and they succeeded in the highest degree.

The officers and committees of the ball were as follows:

Floor Marshal—Michael T. Walsh.
Floor Director—William A. Carey.
Assistant Floor Directors—Richard A. Cole, John T. Cain, John A. Duggan.
Aids—Timothy J. O'Connell, Alexander D. Thompson, Henry F. McGee, Edward J. Sullivan, Marcus E. Mahon, John C. Faircloth, Frank E. Wade, John W. Walsh, George W. Arbuckle, John A. McGowan, T. Byron Brown, Matthew E. Fay, Edward D. Larkin, James M. Cantfill, Martin W. Canniff, Joseph A. Keating, John L. Kateon, Thomas J. Fallon, Jr., George P. Powers, Dr. C. J. Lynch, Dr. J. P. Maloney, William B. Gerry, Dr. J. P. Murphy, J. J. Fallon, Jr., Harry A. McGrath, Timothy A. Keohane, John J. Shay, Joseph E. Granahan, Richard F. Barry, George C. Costello, Joseph H. Elcock, Dennis S. Sweeney, James C. Grant, Frank J. Duffy, Thomas J. Welsh.

Committee of Arrangements,—William A. Carey, Chairman, John T. Cain Secretary; M. T. Sullivan, Treasurer; E. D. Barrett, P. G. K., J. J. Cunniff, P. G. K., Henry F. McGee, Joseph H. Elcock, Timothy J. Collins, George B. Gavin, Thomas H. Griffin, Richard A. Cole, Dennis S. Sweeney, William J. Lynch, George W. Berry, Peter M. Sullivan, W. Russell Sullivan, Frank J. Duffy, Joseph M. Larkin.

Reception Committee—Edward D. Barrett, J. J. Cunniff, P. G. K., M. T. Sullivan P. G. K., L. W. Lyons P. G. K., P. J. Cahill P. G. K., Hon. W. T. Shea P. G. K., John W. McAnarney P. G. K., E. J. Murphy P. G. K., William T. Moran, James W. Sweeney, Eugene W. O'Connor, Bernard Cullen, John A. Mahoney, Arthur Murphy, M. J. L. Kennedy, Robert E. Foy, John F. Bruton, George B. Gavin, Dr. D. B. Reardon, Patrick W. Driscoll, Timothy E. Ford, P. J. McDermott, Nathan A. Ellis, John Mahon, James H. Coleman, John J. Lane, George W. Berry, Charles C. Hearn, M. M. Barrett, John E. Lynch, William T. Donovan, Dr. G. M. Sheahan.

The officers of Quincy Council are as follows:

Grand Knight—Michael T. Walsh.
Deputy Grand Knight—William A. Carey.
Chaplain—Rev. J. J. Coan.
Chancellor—John A. Duggan.
Recording Secretary—John T. Cain.
Financial Secretary—Richard A. Cole.
Treasurer—Michael T. Sullivan.
Warden—Thomas Griffin.
Advocate—John E. Lynch
Inside Guard—James C. Grant.
Outside Guard—J. J. Fallon, Jr.
Organist—T. Byron Brown.
Lecturer—Joseph H. Elcock.
Trustees—John Harkins, M. J. L. Kennedy, William T. Donovan.

DIVIDING THE CURTAILMENT

Of Call Men in the Fire Department Under New Order

NUMBER FROM EACH HOUSE

Considerable interest has been arroused among the call firemen in the city to know just where the eighteen men of the call force are to be taken from, if the order passed by the Council Monday night becomes a law as it probably will. The following table therefore will be read with interest. The first column of figures gives the number of call men in each of the companies affected before the order was passed. The second column give the number to be dropped form each company and the final column gives the number of call men as they will be when the change is made.

LITTLE KNOWN OF G. H. PROUTY

Until Death Messenger Came and Lifted Veil of Secrecy

SISTER CLAIMS BODY

George H. Prouty, whose identity until noon Monday was unknown to his boarding mistress and friends, died at 7 Germaine avenue Monday evening from a complication of diseases. Inquiries which were sent out by Overseer of the Poor James H. Elcock to addresses found among his effects resulted in the claiming of his body by his sister. She requested the remains to be sent to Langdon, N. H. today where he will be buried.

Prouty was ill for a few days before receiving medical attention. He was in his 65th year and was an employee of the Fore River Co. The deceased had but one arm and had been here for a few months.

PEACE PACT SOON BROKEN

It Cost James Sullivan $25 For His Part in Train Affair

Slug—Sullivan

It cost James Sullivan a nights lodging at the police Station and $25 in cash for the part which he took in a row on the late train from Boston Monday night. He came on the train which left Boston at 12.05 and got into a row with another man. After a time the two quieted down and shook hands and the remainder of the passengers on the car thought things would be peaceful for the balance of the trip. Just after leaving Atlantic however the two got at it again and when the train reached Quincy, Sullivan was handed over to Officer Olson. In court this morning he was fined $25 for creating a disturbance on a public conveyance.

George F. Curry who has been the guest of his parents over Easter has returned to Brooklyn, N. Y.

THURSDAY CLUB DANCING PARTY

The Thursday Evening club held its first annual dancing party Easter Monday evening in Ellsworth hall, East Milton, and a large number joined in the frolic which continued until midnight. Music was furnished by Morrisette's orchestra and refreshments were served.

George Arnold, one of the most popular members of the organization was floor director. He was assisted by Walter Maguire, Sam Wood, Horace Wood, Edward Palucci, William Martin.

VICTIMS OF SUNDAY RIOT

Resting Comfortably at Home and In the Hospital

ASSAILANTS AT DEDHAM

Domenico Pasquale who is at the Quincy City Hospital with a stab wound in the left side which he sustained in an Italian row on Field street Sunday is resting fairly comfortable this morning.

John Sargent, the Italian born constable who attempted to quell the disturbance and received a severe body beating from men and women is much improved this morning.

Perno Rocco and Matthew Antonichi who were arrested, the former charged with stabbing Pasquale are confined in the Dedham jail in default of a $3,000 bail. The trial date is April 7.

The men were arrested by Officer McNamara who was sent to the scene by Chief Burrell after he had received an emergency summons from Sargent.

BENJ. F. CRANE DIED IN ALLSTON

Veteran of the Civil War and Many Years Boat Builder in Quincy

Benjamin F. Crane, a former well known resident of South Quincy died Sunday at the home of his daughter, Mrs. Samuel Curtis at Allston in his eightieth year. Mr. Crane was a son of the late Benjamin L. Crane and was born in Quincy, Aug. 7, 1833. He spent the greater part of his life in Quincy his business in his active days being that of a boot maker. Some years ago he had a shock of paralysis and has been in poor health since. About a year ago he left Quincy to make his home with his daughter in Allston, where he has since resided.

He was a veteran of the civil war having served in Co. B. of the 60th regiment. He leaves a widow and one daughter Mrs. Samuel Curtis, two brothers who reside in Quincy, Charles Crane and George Crane. Funeral services will be held from the home of his daughter, Wednesday.

BURIED IN N. SCITUATE.

The funeral of Azro Turner who died at the Quincy City Hospital from a shock following a surgical operation Sunday in his 59th year was held this afternoon from his home, 41 Mt. Vernon avenue, Braintree. Services were conducted by Rev. Daniel Roy Freeman. Burial was in North Scituate.

DISTRICT COURT.

John F. Lyons was sentenced to six months in the house of correction for being a lewd and lascivious person at Quincy. He appealed and was held in $300 bonds.

James Sullivan was fined $25 for creating a disturbance on a public conveyance at Quincy.

Patrick Riley was sent to the State farm for being a vagrant at Randolph.

UNDERWENT OPERATION.

Mrs. Harrison F. Loud, wife of Harrison F. Loud of the Board of Health is at the Quincy City Hospital where she is recovering from an operation. She is fairly comfortable.

Crosse & Blackwell's
Imported Pickles and Jams
Just Arrived from England via Str. Kingstonian

Crosse & Blackwell's Pickles and Jams are acknowledged to be the finest and choicest of all makes. They are simply inimitable—unrivaled, and so truly delicious you will wonder how you ever got along without them.

The pickles, the spicy chow-chow, the snowy white onions and the capers—the very sight of them gives zest to the appetite, and as for a little side dish for soups, meats, game, fish and salads, they will please the most fastidious.

CLASH TO BEGIN AT VERY START

Challenge From Progressives at Opening of Congress

THEIR PLANS ALREADY LAID

Seating of Young of Michigan In House Will Be Opposed In Interest of Bull Moose Candidate Who Received Majority of Votes—Contest Will Be Used as a Political Asset

Washington, March 25.—The instant the house of representatives meets in extra session on April 7 it is expected the Progressive party, forming the minority party in congress, will force itself into the limelight by challenging the right of H. O. Young of Michigan to take the oath of office.

According to present plans this challenge will be made by Victor Murdock of Kansas, the fiery leader of the Progressives. This challenge will break all precedents in the house, for usually it has been the custom to allow a man elected on the face of the returns to be seated and then to challenge his right to a seat before one of the regular committees. The Progressives believe they will be able to stir up a nation wide sensation.

Theodore Roosevelt, the nominal head of the Progressive party, will on Saturday of this week start the fight against Young Roosevelt will on that day, in Detroit, attack the supreme court of the state of Michigan for deciding that Young instead of the Bull Moose candidate, William J. McDonald, was duly elected to represent the Twelfth congressional district. Roosevelt, it is learned in Washington, is acting in close cooperation with the Progressive group in congress, and it is the hope and intention of the new party to use the Young-McDonald contest as a political asset of the first water.

The case against Young and for McDonald, as far as can be ascertained, is as follows: McDonald was elected by between 500 and 600 votes. According to the Progressives, McDonald is the choice of the people of the Twelfth Michigan district. But on the ballots McDonald's name was printed incorrectly, and this error gave his opponents a technical excuse for contesting the election.

The regular Republican organization carried the case to the supreme court of the state and that tribunal upheld their contention and declared Young the victor. The Progressives claim the court's decision is unjust and in defiance of popular sentiment. They will demand an immediate and thorough investigation.

Whether the coup which the Bull Moosers plan for the first day in congress will succeed is an open question. It is possible they may take the house parliamentarians by surprise and prevent the house from doing any business till the matter is settled. It is equally possible, however, that the house officials will find a way out of the trouble and will smooth things over. In similar cases in Massachusetts the courts have held that where the intent of the voter is clear, no technicality should be allowed to defeat that intent.

Men's E. & W. Shirts
At a Dollar-fifty

If they were custom made they would cost you $3 to $4 each. They are finished to a thread just as we would build them, if they were made to your order.

The materials are of the best Scotch and French madras and percales—ask your wife about them.

There is a splendid range of colors and patterns—the kind of effects you see only in high-grade made-to-measure shirts.

They are both plain and pleated bosoms, attached or detached cuffs, as you may prefer.

Other good shirts at $1.

See the New E. & W. Collar—"the Logwood."

BRIEFS

Daniel Falvey has returned to this city after a winter at the Isle of Pines.

Quincy Commandery made a fine appearance Sunday turning out more than seventy in full uniform.

Now that Lent is over the social functions will again be in order. Many dances are already announced and the remainder of the season promises to be a busy one socially.

The high wind this morning kicked up a blinding oil dust which was a forceable reminder that it is time to begin putting a little water on the streets.

The high wind this morning nearly uprooted a beautiful pine tree on the lawn at the Public Library. If attended to immediately the tree can probably be saved.

50 HALF PINTS WHISKEY FOUND

Owner of Premises Stated They Were to Celebrate

SOME CHRISTENING THAT

Inspector Goodhue and Sergt. Larkin raided the premises of Mike Koury at the Syrian block, at 67 Sumner street at 12.30 Sunday morning and arrested Michael John, Betel George, Louis Hadad, Mili Mazeum, Nicholas Joseph, Waddow Francis and Koury the proprietor for gaming on the Lord's day. The officers also searched the premises of Koury up stairs on a liquor search warrant and seized 50 one half pints of whiskey.

In court Monday the defendants were charged with gaming on the Lord's day and held in $100 each until Saturday. Koury claims that there was no gaming in progress at the time the officers visited the premises. He says that they were having a christening and that the whiskey was for that purpose. He further says that the pool table was covered up and that the men were just coming out.

FIVE HUNDRED LIVES LOST IN TORNADO

Sweeps With Awful Violence Over Portions of Five States

THUOSANDS OF PERSONS ARE REPORTED INJURED

Estimated Damage of $17,000,000 In Devastated District—Omaha Suffers Brunt of Storm, Two Hundred Persons Being Killed and Over Six Hundred Injured In That City—State Militia and Federal Troops Guarding Ruins From Looters—Stricken Zone Put Under Martial Law—Wire Communication Will Be Interrupted For at Least Two Weeks

Chicago, March 25.—Approximately 500 persons were killed, 3000 injured and $17,000,000 property damages entailed by the terrific storms which swept from the Colorado border eastward to the eastern Ohio line.

Following closely upon the heels of the similar storm which devastated the southern states a few days ago, in which fifty persons were killed, the latest demonstration has left the country bewildered. The disqueting information comes that a third storm is generating in the eastern slopes of the Rocky mountains and will course eastward Wednesday and Thursday, probably over the path already desolated by the latest cyclone.

With telegraph and telephone wires crippled, and in many instances cut off entirely, the real extent of the damage can only be estimated from the fragmentary information that creeps through by way of train dispatches, telephone, and train passengers arriving from the devastated districts. According to this information the cyclone swept through five states.

Ashland, Neb., is reported destroyed with heavy loss of life. Many persons were injured at Neola and Menlo, Ia., but details are not obtainable. This applies to fifty other small towns, which were in the path of the storm and results will not be known until communication is reopened with them.

Telegraph Wires Down

Telegraph companies say that, with favorable weather, it will be two weeks before they can restore wires to anything like normal conditions.

Trains are creeping slowly over the west and northwest, as no orders can be had and schedules are out of the question, as the dispatchers have no wires. Blizzards are prevailing in northern Michigan, which is practically isolated. Twenty-six inches of snow has fallen in that territory in the last nine hours.

Passengers on incoming trains which passed through the cyclone belt tell pitiful tales of the destruction they witnessed. The Burlington had one train from Omaha four hours late and it was this train which brought the last comprehensive news of the disaster to towns west of Omaha itself.

Passengers See Town Destroyed

The train reached Ralston, Neb., just a few minutes after the tornado had struck the town, and passengers aboard witnessed the passage across country of the funnel shaped cloud that brought ruin to countless farms before it reached the Nebraska metropolis.

Ralston, a small town where most of the inhabitants were railroad laborers, was swept off the map and several injured men and women were placed aboard the train and taken to Omaha, where they were removed to hospitals already overcrowded.

One Chicagoan gave a graphic description of the scene in the station at Omaha.

"Night had fallen," he said, "but the sky was illuminated with a glare that seemed as ghastly as the inferno. The station was crowded with panic stricken residents of the town, who said the glare was the reflection of the flames that were burning what was left of their homes.

"It was raining and the thunder and lightning gave an added touch of horror to the situation. All around us residents of the city were trying to make up their minds whether to flee on our train or remain and see what misfortunes were to befall them.

"'The town is doomed,' many of them cried. 'We will be trapped by the flames,' but finally, the cooler heads among them persuaded the panic stricken ones to stay and fight for their homes, and we pulled out of the station with their lamentations ringing in our ears."

Omaha Suffers Heavily

Omaha is a city of desolation and woe. At least 200 persons are dead from the tornado and the number of killed may reach 300. Over 600 are injured, some of them fatally. Three thousand persons are homeless.

Between forty and fifty blocks were torn down by the wind or burned in the fire which followed the storm. A cloudburst helped the firemen put out the fire, or the city might have been razed as was San Francisco. The heart of the finest residence district has been wiped out.

A swath four blocks wide and eight miles long was blazed by the wind. Great buildings of steel and granite trembled in the grip of the tempest and the earth was jarred by the thunder.

The financial loss will be about $5,000,000. Scores of the handsomest residences in the city were destroyed. Hundreds of smaller buildings were demolished. The city is under martial law. State troops are patrolling the streets. Looters will be shot.

Troops Are on Guard

United States regulars from Fort Omaha will co-operate with the militiamen in policing the city. Two companies of militia are on the scene. Twenty more companies are being rushed here by Governor Morehead.

Relief trains are being sent here from neighboring cities with greatest speed. They bear food, clothing, medicines, doctors and nurses. Adjutant General Hall is in command of the state troops. They are helping clean up the city, identify bodies and search for other dead beneath the mountains of wreckage.

Many streets in the residential district are impassable. House tops, fallen walls, uprooted trees and telephone poles are piled up in a great tangled mass.

City Under Martial Law

Mayor Dahlman issued a statement putting the city practically under martial law and asking aid for the homeless. Tents of the national guard will be used to shelter the homeless until other provisions can be made.

A temporary morgue has been established and scenes of heartrending grief occurred constantly during the search of families for loved ones. Women swooned and men hardened to sights of grief were moved to tears.

Whole families were wiped out, The work of cleaning up the city will be rushed. An epidemic is feared if the streets are not cleaned and the dead bodies removed at once. Carcasses of dogs and horses and other animals are buried under the debris.

The most prominent residents of the city worked side by side with laborers in caring for the injured.

All the doctors and nurses in Council Bluffs who could be spared from the relief work going on there were brought here. Relief trains left Lincoln, Plattsmouth, Grand Island, Neb., and Sioux City, Ia., for Omaha.

For several hours Omaha was cut off from the outside world on account of destruction of telegraph lines, but later communication was restored. Newspaper correspondents sent their messages by train to Lincoln in hopes of them being telegraphed from there, but the storm had interposed a barrier between the east and the west, and additional train service was irregular and uncertain.

Business Section Suffers

Although the greatest havoc was spread in the residential district, the business section suffered also. It will be months before the city is restored and the storm zone rehabilitated.

Governor Morehead has issued a statement declaring that the state is willing to do anything to aid the city in its hour of sorrow, either with money or with state supplies. It is probable the legislature, now in session, will appropriate money.

President Wilson's offer of federal help was gladly welcomed in Omaha. Regular soldiers have been put on duty as police, and are now serving as aides to the county and municipal authorities.

It will probably be several days before the full extent of the loss of life and property damage is known. The Western Union and Postal telegraph companies have nearly 5000 men at work repairing wires.

Fires In Track of Storm

Twenty or more fires were reported in the track of the storm, and every piece of fire fighting apparatus of Omaha, as well as companies from South Omaha and Council Bluffs, were kept at work all day and night.

This and the fact that torrential rain followed the blow, soaking the debris, prevented a conflagration. The flames were under control last night.

Rescue work started as soon as the people were able to hurry to the stricken district, but the night's work was by the light of lanterns and little was accomplished. The storm took down all the wires in its path and the electric power was shut off immediately to prevent further loss of life.

With the arrival of daylight a trainload of militia from Lincola and the presence of Governor Morehead, the work was systematized and indications are that today will end the search for bodies and will even witness a general attempt at rebuilding work.

Moore's Explanation

Washington, March 25.—Chief Moore of the United States weather bureau explained the nature of a tornado as follows:

"A tornado is a violent, revolving local storm of small diameter and great intensity, not often more than a few hundred yards in diameter, nor traveling a straightaway path of more than fifty miles in length. The winds, however, in such whirls have been estimated to exceed 200 miles an hour.

"The following are the most destructive storms of this class of which there is a record:

"The St. Louis storm of May 27, 1896, when more than 300 lives were lost and property of the value of more than $12,000,000 destroyed; that of March 27, 1890, at Louisville, when 113 people were killed and property worth $2,500,000 destroyed; that of May 7, 1940, in Adams county, Miss., where there were 317 lives lost and again in the same county in June, 1842, when 500 lives were lost.

"The storm at Galveston, Sept. 8, 1900, when 9000 lives were lost, was not of this class. It was a West Indian hurricane."

M'DONALD PLEADS GUILTY

Slayer of Wife Refuses to Have a Police Court Hearing

Cambridge, Mass., March 25.—William A. McDonald, charged with the murder of his wife by cutting her throat with a razor on Broadway, Arlington, was held without bail when arraigned in the Cambridge police court. McDonald pleaded guilty to the charge and said he did not want counsel. Judge Almy refused to accept the plea of guilty and set the date of hearing for Friday.

A short time later Almy called McDonald back to the prisoner's dock and asked him if he still refused to have a police court hearing and clung to his plea of guilty. McDonald answered in the affirmative and Almy ordered him held for the grand jury without bail.

McDonald killed his wife as she was returning home from church with her children.

CALAMITY HOWLERS WILL BE HIT HARD

Marshall Believes Prosperity Will Prevail Under Democrats

Boston, March 25.—A clear intimation that punishment would be dealt out to any person precipitating a panic as a result of the Democratic party's tariff revision was made yesterday by Vice President Marshall just before he left Boston for Washington.

"If a panic is started it will be the work of howlers," he said, "and they will be the hardest hit of all."

The vice president believes in tariff for revenue only and anticipates rejoicing over the entire country when the revision of the tariff is carried out by his party, and he also is of the opinion that business prosperity will prevail during the Democratic administration.

CHIEF FORESTER REMAINS

Removal of Graves Was Expected and Feared by Conservationists

Washington, March 25.—The news that Attorney General McReynolds has upheld the ruling of the civil service commission which puts all offices under the department of agriculture under the civil service, has brought a setback to the movement which sought to displace Forester Graves.

Henry E. Hardtner of Louisiana has been a candidate for Graves' position as chief of this important bureau and has had powerful backing at the White House.

Although neither President Wilson nor Secretary of Agriculture Houston had given any intimation that they desired to supplant Graves, the conservationists have been feeling a little uneasy and have been preparing to put up a big fight in case any move were made against the forester.

Under the civil service ruling, an incumbent must either resign or be removed for cause. It is not believed that Graves cares to resign or that sufficient cause can be found to warrant his removal.

FORMALLY DECLINES

White House Announces That Eliot Will Not Go to England

Washington, March 25.—Official announcement was made at the White House that former President Eliot of Harvard has declined President Wilson's offer to be ambassador to Great Britain. Eliot wired his thanks, but said he thought he could be of greater service to the country at home, working in a familiar field, than abroad.

So far the president has selected no one else for London. It is understood, however, that in a few days he will make a choice as to that post and some other important European embassies.

Colored Candy Kills Children

Kelliher, Sask., March 25.—As a result of eating colored candy three young children of Hamilton Rodgers are dead. The stomachs and some of the candy were sent to government officers for analysis.

Shackleton Going to Antarctic

London, March 25.—Just before his departure for New York on the steamer Mauretania, Sir Ernest Shackleton announced that he intended to head a scientific expedition to the Antarctic.

Mail Robbery Charged

Newport, R. I., March 25.—Charles H. Peckham, for twenty years a clerk in the local postoffice, was arrested on a charge of robbing the mails.

FUGE LOOKED LIKE SUBJECT OF DISSECTING TABLE WORK

By the Time the Carver and Docter Had Both Finished Decorating His Countenance

Slashing Affair at Brewers Corner Shrouded in Mystery

William Fuge of Centre street is at his home suffering from a severe slashing of the face with a knife. The affair occured Monday evening but the element of mystery surrounding it was in no way dissipated by the injured man who refused to disclose the name of the party who did the carving.

Fuge, in company with several others was seen in the vicinity of Brewer's corner throughout the evening. Several Finns were also in the same locality.

From the garbled stories told the police, they conclude that trouble developed between the Finns and the crowd in which Fuge was standing and that the stabbing followed.

Fuge was cut over the left eye, the wound running across the forehead towards the nose and narrowly missing the eyeball, continuing down the left nostril and splitting it so that a large portion of the nose could be lifted from the face. On the left hand the fleshy part of the palm was also sliced.

Dr. John A. Ash was called and treated him at the police station. The wounds required 21 stitches. After hearing the story of Fuge he was allowed to go but is under surveillance. The others who were with him are also being watched by the police.

A rigid investigation will be made by the police. This morning several officers aret railing men of the deschiption given by Fuge's companions but the department does not place much credence in the descriptions because of an unwillingness on the part of all to go into all the details of the incident.

BEAUTIFUL FLORAL TRIBUTES

Rev. O. G. Norseen of Worcester was the officiating clergyman on Sunday at the funeral of Miss Judith E. Swanson, the 15-year-old daughter of Mr. and Mrs. Samuel Swanson of 107 Cranch street, held at the Swedish Congregational church, Garfield street Mr. Norseen preached a very impressive sermon to a large circle of friends.

Beautiful floral tributes attested to friendship for Miss Swanson and included:

Pillow from parents.
Wreath, C. Melquist and family.
Wreath from Sunday School.
Spray of roses, Mrs. Welch, Mrs. Foy, Miss Rieley and Miss Miller.
Spray of roses and tulips, F. Swanson.
Spray of carnations, Mr. and Mrs. A. Swanson..
Spray of carnations, Mr. and Mrs. Walsh.
Spray of carnations, Mr. and Mrs. P. Gustafson.
Spray of carnations, Mrs. Broberg.
Spray of carnations, Elsie Broberg, Hilda Ericson, Eugenia Wilbas and Esther Asklund.
Spray of roses, John Ericson and family.
Spray of roses, Mrs. Joseph Ericson and family.
Spray of roses, Mr. and Mrs. E. Lingquist.
Spray of roses from friends.
Spray of Carnations, Mr. and Mrs. Fred Anderson.
Spray of tulips, Martha and Eleanor Anderson.

The interment was at Mt. Wollaston cemetery, the bearers being Arthur Erickson, Robert Jacobson, Herbert Johnson and Albert Erickson.

Thes econd assembly of the Town River Yacht club will be held tonight in Alpha Hall. An energetic committee are in charge of the affair.

BOTH STRINGS IN BOSTON

Quincy Fails to Land in the Poehler-Christopher Match

The final arrangements of the Poehler-Christopher match were disappointing to the city in general. Despite the long delay the interest of the fans has never wavered and their one hope was to see ten strings rolled here.

The ternrs name the New Goston alleys as the place and April 7 and 8 as the dates. A heated discussion as to the relative merits of both men prevailed in bowling circles Monday evening and many queries were put to Poehler as to his rolling 338 Monday evening. The local bowler is in good condition, has not overworked himself and from now out the simple life will be followed. He is confident of beating Christopher and so are his friends.

MEASLES MUST BE REPORTED

In All Cases So That Health Board May Act Promptly

THIS HAS NOT BEEN DONE

All cases of measles, whether the patient is having medical attention or not should be reported to the Board of Health so that they can have complete supervision and observe the spread of measles throughout the city.

According to Dr. Fred E. Jones, chairman of the board, Quincy now has more than a normal number of cases. In one or two areas it seems to be impossible to actually determine to what an extent it has travelled. This creates a handicap under which the Board of Health is obliged to continue trying to regulate further cases.

The law requires that reports of all measle cases should be made immediately to the Board of Health. This fact seems to have been entirely overlooked by some of the people in the city.

In the Town of Braintree schools have been closed for a period of ten days recently and a thorough fumigation was made of all buildings. The epidemic in that town has been fairly well stamped out so far as is known

In this city there is every possibility of an epidemic if more rigid application to the law is not observed by infected families.

DAUGHTERS OF VETERANS

Tent of the Organization Formed and to Be Instituted

Rebecca Wisuell Tent, Daughters of Veterans will be instituted by Department Prsident Mrs. Matti Tucker of Medford at Electa Hall, March 31. Officers were chosen at a preliminery meeting at G. A. R. Hall Saturday evening will be installed and several appointive officers will be filled by President Mrs. Emma L. Ela.

The installation will be conducted by Mrs. Mabel Gooding of Weymouth, the organizer, through whose efforts the tent was formed.

The Daughters of Veterans is a patriotic arganization. Their purpose is to assist the members of the Grand Army of the Republic and Union Veterans.

The Tent was named after a woman whose name was well known in the ranks of wounded soldiers.

At present there are 30 members and a large number of applications are on hand.

Too Late For Classification.

GLOVER CAME BACK STRONG

Year Out of Athletics Yet He Smashed Records

AT Y. M. C. A. MEET.

At the Y. M. C. A. games Saturday night Harry Glover demonstrated that an athlete can stay out of the game for a year or more and then return to form.

Glover was picked by only two men to win the coveted leg on the big cup and strange to say, Henry Trask, his closest rival, was one of the two. Trask was picked by almost every one to win this year on account of his excellent record last season, when he finished second to McArdle. Glover lining up a new mark this beating McArdles total of 479 by nine points

The corrected score is as follows: Glover, 488; Trask 477 3-4; Kingsbury 373 1-2; White, 357 1-2; Wood, 354; Sass 331 1-2; Djerf, 328; Favorite, 326 1-4, Shaw 270 1-4; Cranshaw, 270.

It was thought that Leon White had made a new mark in the 12 pound shot put, but, after the contest, the leather sphere was weighed and was found to be 2 pounds short of the necessary weight, being only 10 lbs.

Several of the events were very closely contested, the running high jump calling for a great deal of enthusiasm. Wood was expected to win this event but he was not up to form, dropping out at 5 feet 3-4 inches Trask and Glover were thus left to fight it out and a battle royal ensued. Both men missed at 5 feet 2 inches. Glover clearing it at the second try while Trask went to his 3rd effort. Glover cleared 5 feet 3 inches on his first trial while Trask was unable to make the jump in the necessary number Glover tried three times at 5 feet 5 inches but was unable to clear the bar.

The 1000 yard run was also closely contested for Kingsbury was expected to hang up a new mark for this event if he was at all pushed. His best time however was 2 feet, 4 inches a few seconds slower than the mark made last year by Cranshaw. Trask and Glover had a special race in this event as only 14 points separated the two after the 12 pound shot put. Trask had to beat Glover by almost a lap in this race and "Hennie" was not quite able to do it, about 5 yards being the difference at the finish.

The time was especially good 2 minutes 50 seconds for Trask and Glover's 4-5 of a second slower.

The prizes will be presented tonight at the show the "Foul Tip," at Music Hall by Dr. E. R. Johnson who is chairman of the Physical Dept. Com.

A shield will also be presented to the Captain of the 2nd Basket ball team, Stewart Dineen, as winners of the second team Championship of the Greater Boston Y. M. C. A. Basket-ball League. This trophy will hang on the wall of the Trophy room as will also the shields to be presented to Capt. Charlie Johnson of the winning team of the Junior Class, Carlisle and to Capt. Oscar Djerf of the Jr. Employed Boys, whose team, Dartmouth, carried off first honors in their all-around contests.

ANOTHER UNION BY MARRIAGE

Miss Annie Elizabeth Dorley and John A. Silva were married at the St. John's parochial residence by Rev. Fr. John J. Coan Easter Monday at five o'clock. The groom is a brother to the young lady Miss Dorley's brother married about a year ago.

Theb ride is the daughter of Mr. and Mrs. Joseph Dorley of 34 River street. The groom is the son of Mr. and Mrs. Manuel C. Silva of Thompson street.

Miss Mabel E. Dorley, a cousin of the bride, was bridesmaid. Paul Revere Dorley, a brother of the bride, was best man. The ushers were Daniel J., Arthur F. and William J. Dorley.

The bride wore white charmeuse trimmed with shadow lace. Her attendant wore white embroidered net over blue messaline.,

After the ceremony there was a reception at the home of the bride's parents.

Mr. and Mrs. Silva will reside in this city.

WINDING UP THE SEASON

Bowlers Having Their Last Fling at the Pins

IN TOURNAMENTS

Two matches were rolled Monday. At the City Square alleys the Granites defeated Quincy Adams in the City League 4 to 0.

In the Fore River league the Government Draftsmen beat the Patternmakers 4 to 0. Poehler and Sprenkle were tied for high single at 120 and Poehler had high three string total of 338.

GRANITE.

EX-MAYOR SHEA 56 YEARS OLD

Few Knew That Easter Monday Was the Anniversary of His Birth

Hon. William T. Shea quietly observed his 56th birthday Monday. The day passed over unknown to many of his friends who when they learned of the event assaulted him with congratulations when he reached

HON. WILLIAM T. SHEA.

City Square this morning. "Bill," with his quiet smile, acepected the wishes in his genial way, said that he had enjoyed his recent Southern trip, and that he had gained seven pounds in weight and that he felt equal in spirit to most of the younger fellows. No dissenting voice was heard following the remarks.

☞ Matinees are now given daily at the Auditorium Theatre, and the tickets are only 5 cents, except on Saturdays and holidays. The program has been improved both afternoon and evening.

THE QUINCY DAILY LEDGER

LARGEST **GUARANTEED** CIRCULATION IN THE CITY

Vol. 28 No. 72 QUINCY, MASS., WEDNESDAY EVENING, MARCH 26, 1913 PRICE TWO CENTS

RELATIVES IN DANGER ZONE

Family of Mr. LaRose in Stricken Ohio District

ANXIOUS FOR THEIR SAFETY

L. F. LaRose,, physical director of the Y. M. C. A. has a large number of relatives, in fact members of his immediate family, who reside in Dayton, Ohio, right within the storm belt which created such terrific havoc in the Ohio city. Naturally Mr. LaRose is anxious for their safety and would be greatly relieved to receive some word from them, so that he might be able to determine if they were saved or to what extent they were injured or damaged by the cyclone.

Mr. LaRose's relatives are as follows:

Brother—R. J. LaRose and wife, Burton avenue.

Mr. and Mrs. A. S. Wuesthoff—uncle and aunt and cousins, Summit avenue.

Grandmother—Mrs. E. Aman, Oak street.

Mr. and Mrs. Fred Tascher—uncle and aunt, Oak street.

L. S. LaRose—an uncle, Dayton View, a suburb of Dayton.

Also members of the Winchet family who are more distantly related.

These people all live within the circle through which the storm is said to have left death and disaster in its wake. Naturally Mr. LaRose is anxious to learn something as to the fate or experiences of his relatives.

Many Quincy people have relatives or friends in Ohio in the districts that have been swept by the fatal floods, the extent of the horror of which has hardly been revealed. Harry H. Hill of Hearn's drug store as a brother who resides in Dayton, Ohio, where it is reported that there are from 2,000 to 5,000 dead. Whether his brother's family were fortunate enough to escape, he has been unable to learn. Telegrams have been sent but owing to a greater part of the wires being down he has been unable to get any word from his brother. It may be many days before a list of the victims can be complied and even then there are many who will probably be simply reported as missing from whom no trace can be obtained.

CHARLES E. PERKINS.

Charles E. Perkins, 27 Lincoln avenue died Tuesday evening. He came from Chelsea to Atlantic and shortly after became a resident of Wollaston.

PRATT'S BREAD—always crisp, clean, pure and wholesome. Try it. Grocers.

DO YOU WANT BUSINESS? ADVERTISE IN THE LEDGER.

TO SEEK TRADE IN THE SOUTH

Boston Chamber of Commerce To Enter Upon Novel Campaign

The committee in charge of the Boston Chamber of Commerce trade extension tour to South America, of which Kirk Boott is chairman, announced the names of those who have been booked for the trip, and gave out also a revised itinerary of the tour.

As finally arranged, the party will leave Boston Thursday afternoon, April 24, on a steamship that ordinarily plies between New York and Colon, but which will come to Boston for the trade extensionists and arrive at New York on the return trip July 23. Col. Henry L. Kincaide of Quincy will be of the party.

YOUNG PEOPLE HAD GOOD TIME

With Songs, Dances and Music at Home of Miss Brown

A jolly party was held at the home of Miss Catherine Brown, Hancock street, Tuesday evening. There was fancy dancing by Miss Dorothy Green and Charles Brown, a bass solo by Basil Brooks.

Miss Catherine Brown and Miss Alice Parker sang a duet accompanied by Miss Abigail R. Carcagno. Miss Clarice Jones and Harry Brown gave a representation of the Turkey trot as it was originally done.

Russell Green favored the company with one of his original piano compositions.

The young people stayed until a late hour.

BRIEFS

Abner B. Packard Camp, Sons of Veterans, will hold a whist party in Grand Army hall, this evening.

Milton Burton left last week for a trip to New York, Philadelphia and Chicago.

A voice recital by several of the pupils of Miss Emma A. Perkins will be given in the new Colonial hall, Wednesday evening, April 2.

Pupils of the Adams school and St. John's school were admitted free to the Auditorium Theatre this afternoon.

NOTICE

—TO—

REAL ESTATE DEALERS AND OWNERS

Your leaky roofs repaired, old shingles treated with a composition that will preserve them for a term of years. It is a Portland Cement composition that is highly endorsed by the Board of Fire Underwriters of New York and Chicago; also by the leading railroads. It is the most fire-proof, damp-proof and pliable paint that has ever been placed before the public. We also do interior work and exterior house painting, whitewashing decorating, calsomining and paper hanging. All work done by experienced workmen. Drop us a line and we will call. It costs you nothing to get our prices before going elsewhere.

TRACKS OVER WATER STREET BRIDGE TO SPAN SAVILLE STREET

Commissioners Make Exhaustive Report of Findings With Regard to Elimination of Grade Crossings at These Points

Railroads to Pay 65, State 25, and City 10 Per Cent of the Cost of Undertakings---City's Amount About $35,000

The special board of commissioners appointed to consider the petition of the New York, New Haven & Hartford for the abolition of the grade crossings at Saville and Water streets, John L. Bates, Winfred S. Slocum and Arthur H. Wellman have submitted their report, in which they decide that certain changes should be made in accordance with the public safety and convenience of the public and describe changes agreed upon ,with a statement of the land taken and in fact every detail bearing upon this important measure.

An abstract of the report submitted to the Superior Court is herewith submitted:

In view of this great difference in cost, and because of certain suggestions which had been dropped by the Commissioners relative to the enormous expense of the Saville Street project according to the City's plan, $225,000 and the Railroad project of $18,000 certain interested citizens of Quincy proposed that a foot-subway or a foot-bridge be constructed across the railroad at Saville Street and that Upland Road be extended to Granite Street, the foot-subway to serve for pedestrian travel between the shopping district and the residential district west of the railroad, and Upland Road Extension to serve pedestrians and team traffic as well.

HON. JOHN L. BATES
Chairman of Quincy Grade Crossing Commission.

The Commissioners, looked with favor on the extension of Upland Road to Granite Street, and so reported. The Commissioners require that not only shall Upland Road be extended through to Granite Street, forming a public way 40 feet wide, but also that a foot path 15 feet wide shall leave Saville Street near the corner of Upland Road and pass diagonally toward Depot Street. This foot path will lead to an ample foot-subway which will pass directly under the tracks, terminating at the foot of Depot Street. The public will have perpetual use of this way. Upland Road Extension is to be a road of reasonable grades, paved with macadam with granite block gutters; the sidewalks are to be of crushed stone with granite curbs.

Land takings for Upland Road Extension are as follows:—

James T. Penniman	2960	sq. ft.
Henry M. Faxon	5500	"
William G. A. Pattee	3240	"
Marcia Hatch	2160	"
Ellen M. Clark	2186	"
Marcia Hatch	1085	"
Edward B. Marsh	220	"
Parties Unknown	6810	"
Old Colony Railroad Company	10488	"
Sarah E. Veazie	4280	"
Herbert E. Clapp and Abbie F. P. Mitchell	4580	"
Henry M. Faxon		

James T. Penniman, Henry M. Faxon, William G. A. Pattee, Marcia Hatch, Ellen M. Clark and Parties Unknown, 32,800 sq. ft.

This project will cost in round numbers $68,000, of which the City of Quincy will be obliged to pay ten per cent, or $6,800.

Certain other changes will be made which the railroad will pay for entirely. These include the construction of new passenger station for outbound traffic, which will be located on the westerly side of the tracks about opposite the foot of Depot street. This new station will be reached directly from Upland road extension and from Saville street, and will be approached from the easterly side of the tracks by the foot-subway at the foot of Depot street. It is also proposed by the railroad to raise the Granite street railroad bridge and to provide a much more ample headroom under that bridge than exists today.

WATER STREET.

In the report of the Commissioners Water street is to be depressed at the railroad 10 feet and the railroad is to be raised 8 feet. Water street is to be widened from Franklin street to about 160 feet west of Pleasant street from its present width of 45 feet to a new width of 60 feet, which will be a great improvement. The widening at the Franklin street end will be done on the northerly side, the taking being made entirely on the Faxon property; there will be no taking of land from the Pinel property. On the westerly side of the tracks there will no taking of land at the Falconer property at the corner of Pleasant street, the widening being made entirely on the southerly side of the street. The sidewalks are to be 10 feet wide, paved with tar-concrete with granite curbs, and the roadway is to be paved with granite block pavement throughout.

The railroad is to be carried over Water street by means of a drip-proof ballasted solid floor steel bridge which will be watertight and as noiseless as any type of steel bridge which can be constructed. Ample headroom of 14 feet has been provided under the railroad bridge at Water street.

The street will be drained into Town Brook by means of a new 20-inch drain constructed from the lowest point in Water street directly to Town Brook north of School street.

Water street at the foot of Pleasane street is to be depressed about 2 feet and the grade up Pleasant street will be lowered for a length of about 250 feet to conform to this change of grade in Water street, but Pleasant street will not be made any steeper in grade than it is today. A new macadam roadway will be constructed on Pleasant street, and the sidewalks will be reconstructed of the same material as the present sidewalk.

LIBERTY STREET.

Liberty street will be closed at its junction with Water street, but a new street 60 feet wide will be constructed running from Liberty street about opposite Frank H. Crane's grain store to Water street opposite Pleasant street. This new street will have an easy grade and will be paved with granite block pavement, with sidewalks paved with tar-concrete and with granite curbs. Liberty street from the corner of this new street toward Water street will rise on a slightly up grade and pass over Water street on a highway bridge which will lead directly into the Crane yard; the Crane yard will be raised to the grade of the new railroad. This will provide a direct route of low grades from the granite industries along Liberty street, over the new highway bridge and into the Crane yard.

The present Quincy Adams station will be abandoned and a new station will be constructed about opposite the new street; to be approached by carriages and pedestrians directly from Liberty street, and by steps directly from Water street.

There will be a triangular shaped parcel about 175 feet long and 100 feet wide between Water street, the New street and the driveway to Crane yard, which form a small park in front of the new Quincy Adams station.

The freight house near Water street will be moved south and located near Federal avenue opposite Goddard street.

All sidetrack connections to industries are to be retained at their present grade, and the track facilities in the Crane yard and in the Granite street freight yard are all to be at least as ample as at the present time.

PRESIDENT'S AVENUE.

President's avenue between its junction with Federal avenue and Water street will be abandoned and in substitution Federal avenue will be extended straight through to Water street.

The raising of the railroad at Water street will involve the raising of the bridge at School street about 12 feet.

The property takings to be made in connection with this project are as follows:—

Homestead Trust	5230	"
Fred B. Rice	1659	"
Homstead Trust	5330	"
Margaret Fallon	770	"
Frances Blackmur	237	"
Persons Unknown	14,000	"
Bessie Eldredge	5160	"
Adams Real Estate Trust	5740	"
Adams Real Estate Trust	5400	"
John R. Richards	9600	"
Adams Real Estate Trust	10,800	"
Adams Real Estate Trust	1200	"
Merry Mount Granite Co,	6640	"
Adams Real Estate Trust	252	"
Old Colony Railroad Co.	1694	"
John B. Sutherland	1333	"
Henry H. Faxon	2148	"
Arthur G. Pinel	66	"
Charles Ratti	4700	"
Bessie Eldredge	4251	"
John Glover	656	"
Adams Real Estate Trust	7245	"
Rosa B. Nickerson	323	"
Frances Blackmur	100	"
Merry Mount Granite Co.	11,000	"
Adams Real Estate Trust	480	"
Homestead Trust	1515	"

The total estimated cost of this project will be about $275,000 of which the City of Quincy will pay ten per cent or about $27,500.

The total expense, then, to Quincy of both the Saville Street and Water Street projects will be about $35,000, which is a very low figure for the City of Quincy to pay for so important a public improvement.

When the Water Street grade crossing project is constructed the Railroad proposes to construct at its own expense two new tracks on the easterly side of the present tracks and to build a new inbound passenger sta-

(Continued on Page Six.)

FIRST APPEARANCE OF NEW PLAY "A FOUL TIP" BY QUINCY AMATEURS

Many Good Points. Dialogue at Places Too Long and the Last Scene Little Draggy

Young Actors Made Most of Opportunities and Did Good Work

The three act comedy "A Foul Tip," was presented for the first time in Quincy Music hall, Tuesday night by a group of local amateurs who gave a very creditable performance and deserved every bit of applause that was coming to them. The terrific storm which swept the city just about the usual entertainment hour and then continued all night no doubt prevented a great many from attending, but while the audience was only of fair size it was not lacking in enthusiasm and a desire to show appreciation. It is said the author of the play was in the house but as few were aware of this fact there was no general call for his or her appearance before the curtain. "A Foul Tip," is essentially a base ball story, as may be judged from its name. Verne Gale is manager of the Westvale team, rivals of the Brewster team. They both seek the championship, but by fair means only. Oliver Irving a manufacturer has been missing money from his safe. Some bills are marked. His son, Harold sent west because he persists in his attentions to Nellie Gale, changes some large bills for smaller ones, unfortunately taking the marked one's and gives them to Verne with the request that he buy a watch for Nellie on her birthday for Harold as the latter would not be at home to attend the commission.

Verne in paying two bills, uses some of the marked money, without any wrong intent. The bills are traced. Verne is accused of the theft. He denies it, but will not reveal where he secured them, thinking to save Harold for Nellie's sake. Pete Adams the colored pitcher knows how Verne came by the money. Pollard the bookkeeper, the real culprit, is on the tidal wave of success at first, but his efforts to have Westvale lose and his backing of the Brewster team has cost him heavily. Finally the whole secret is out. Harold returns and explains his part. Mr. Irving relents, Pollard is ridden out of town on a rail and there is general rejoicing as the young people finally agree to follow their inclinations, Miss Mabel Remington, Irving's bookkeeper being all the time true blue to Verne and a thorough base ball fan is very much in evidence in the make up. While this is the plot, the hero and heroine around whom it centers do not cut very large figures. In fact they are more in the background than fore ground of the piece.

The head and front of the show and around which moves all the action are Tim Purdy, "Uncle Tim" Postmaster, chief of police, the police force, store keeper and a few other things in Westvale; his wife Almira, who rules all the above mentioned jobs in Westvale, and Hiram Rowell the village expressman.

Miss Remington by reason of her base ball loyalty also comes in for a good share of attention in the action and lines of the play.

All of the participants did themselves proud. Each part seemed very happily cast and there were no blunders, in fact a very smooth performance on the whole, for a first presentation of a new play by a group of amateurs.

But there are places in which there could be some little brightening up and snap given to the dialogue, which is particularly noticeable in the closing scene, which has an inclination to drag, a serious defect in a play where so much brightness has gone before this closing movement which is liable to throw a damper upon the preceding good effects.

It was a well balanced company which presented the play. To go into details and enumerate any especially good part by individuals would be doing an injustice to the others. All united in sustaining their parts and aiding in the one grand general production which was quite successful. Another performance would be very much enjoyed even by those who witnessed the first.

The cast of characters was as follows:

Tim Purdy—Postmaster, Chief of Police and store-keeper at Westvale .....W. H. Walker
Hiram Rowell, The Village Expressman .....Charles Bishop
Oliver Irving, Manufacturer
Lee Brooks
Harold Irving, His Son
H. C. Hallowell
Verne Gale, Manager of Westvale Nine .....A. H. Blanchard
Pollard, Irving's Bookkeeper
John Melville
Pete Adams, Colored Pitcher on Westvale Nine.....Henry Trask
Almira Purdy, Tim's Wife
Georgie Michael
Mabel Remington Irving's Stenographer, ... Mabel Pratt
Nellie Gale, Verne's Sister
Irene Potterton
Villagers, Ball-players etc.

EDITORIAL COMMENT.

Sir Thomas must change his style of challenge if there is to be a cup race next year.

Vice-president Marshall says he is not a suffragette and that there is no knowing what attitude he would assume in case his better half became one. It is up to the advocates to get after Mrs. Marshall.

If the statement of Dean Archer is correct, Gov. Foss is somewhat of a jollier.

The frequent isolations which communities experience because of storms more forcibly presents the needs of burying all wires of communication.

The bicycle railroad bill had a narrow squeak in the house, but why should any member of the legislature favor financial backing of an enterprise where the state cannot reap profits but may become a loser. The records show that in the past such ventures have not been a source of profit to the state.

Mr. Huntington Wilson could have stepped quietly down and out. There was no occasion or any healthy demand for injecting his private views into a matter which did not require his official sanction or approval.

It is not all settled that the Democrats are a unit on this tariff revision stunt, which may mean another long and hot session for the members of both parties.

Next year will mark the 100th anniversary of peace between this country and England. May it never be broken.

Cambridge lawyers have opened war on that free legal bureau which was to be founded by Harvard students. Quite natural under the circumstances.

It is to be presumed that the budget is settled.

Councilman Cunningham is some fighter, but his colleagues do not always agree with him, which is nothing against him or them.

Now that the school teachers have got their raise peace once more reigns in the educational realms and the teachers undoubtedly tackle their labors with renewed energy.

The touches of summer felt now and then are not to be taken seriously. There cold north blizzards have to be reckoned with almost every second day.

The Titanic with her precious freight of heroes is almost a year buried beneath the deep.

The famous Seeley quadruplets has been broken by the death of one of the little mites. May the others grow to maturity.

It is not always the person who howls the loudest who is the most seriously hurt.

Cutting affairs appear to be getting quite common.

100 YEARS OF PEACE.

Dec. 24, 1914 will mark 100 years of peace between the United States and Great Britain, the two great English speaking countries of the world. Both have participated in sanguinary affairs since that treaty of Ghent was signed but fortunately the peace pact entered into at that time has never been severed, although several times there have been strained relations almost to the breaking point, but in each instance good judgment has intervened and preserved the amicable relations which have existed. It is a matter of congratulation that this condition has prevailed between two nations which are practically of one kindred. The fondest hope no doubt of the people of both countries is that nothing may occur to disturb this blessed tranquility. In view of the good feeling now existing, it would not be beyond the bounds of propriety to suggest that the nations unite and by commission or otherwise memoralize in some way this remarkable manifestation of good will and good feeling.

UNDERGROUND CONNECTION.

When cyclone or blizzard begin active operations the work of man is usually left in wreck and ruin of the elements which sweep everything before them. Four years ago a blizzard swept Washington, which cut the city off from communication with the outside world during the momentous season of inauguration. Several states of the west have been swept the present week and whole townships have been laid in waste and ruin, without adequate communication.

In populated cities the cry for underground communications is being heard and heeded to some extent. This improvement should go further and communicate to all districts and then the problem of securing accurate information as a basis of the kind and amount of aid required would be solved. Bury all wires of traffic and communication and there would be little of this isolation and a reduction in the degree of suffering in time of blizzard or cyclone.

FOR AMBASSADOR.

Frank B. Sandborn writing to the Springfield Republican suggests the name of Charles Francis Adams, of Lincoln, one of Quincy's former illustrious citizens as United States Ambassador to the court of St. James. Mr. Sandborn says:

"President Wilson could not do better than to nominate him ad interim ambassador to King George. He is not too old—not as old as Franklin was when he filled a more exacting post; he has wealth enough, and a reputation and experience abroad which would make his duties easy. He cannot be expected to agree long with any administration; not always has he agreed with himself ten years at a time; but he and Secretary Bryan would make a pair in English eyes that would open those eyes still wider at the oddities of 'those Americans.' I am serious in this; Mr. Wilson could not make a better appointment for a year or two, and it would be generally approved here and abroad."

That Mr. Adams would fill the bill no one in Quincy has the least doubt. He is a son of Charles Francis Adams who was minister at the court of St. James during the civil war, and it would be adding another honor to the name of Adams, so familiar in American history should President Wilson select him for this most important post. Mr. Adams is now on his way to England to deliver a series of lectures on the American civil war.

PROMPT BUT NEEDLESS.

The alarm from Box 35 at 2.33 Tuesday afternoon was needless. It appears that a woman on Revere road near the corner of Hancock street was burning an old mattress in her back yard, which in turn set fire to some old papers. Someone saw the flames and smoke and promptly turned in an alarm. There was no loss.

TIMELY PREVENTION.

Tuesday noon Chief Litchfield while in City Square stopped some men from melting old solder in the rear of the Adams building for with so much old rubbish as there is about the rear of this block there was danger of a fire starting.

SPRING STYLES IN NEW YORK

Melange of Colors—Balkan Embroideries—Printed Fabrics as Trimmings—Hat and Shoe Fashions.

The penitential season came in betimes this year and Easter arrived in blustery weather. Preparations are underway on all sides for an unusually long Spring season, when all one's new clothes will get plenty of service.

HATS ALREADY WORN.

Straw hats are worn though they have topped fur enveloped costume lately, when the thermometer has done its best to fall to real winter depths. Shapes are small. The little Oriental cap styles of the winter are reproduced in softly draped straw and silk crowns and strawbrims are a veritable fad just now. As always at this transition period flower hats are much in evidence. A little round crowned shape covered all in deep purple violets, has an aigrette of small half opened deep pink roses and a strap of velvet at one side by way of relief. Another flower hat with a higher crown built all of deep wine colored crush roses, has a narrow velvet brim, and a full flaring bow of wine colored tulle wired to preserve its outline.

RIBBON TRIMMINGS.

Ribbons are more used for all sorts of trimming purposes than for many season's past. Hat's ribbon trimmed have been worn all winter, and new spring straws are garnished with picot edged moire, brocaded and printed ribbons in a variety of smart fashions. One of the best looking mourning hats seen recently was an oval shape with a low round crown of fine Milan straw with a circle of moire ribbon and wired flat, outstanding loops at the back a little to the left side. The crowns of many of the straws are nearly or completely covered with fancy ribbon which is made into a smartly shaped bow that sets well out beyond the hat and is kept shapely with ribbon wire concealed in the loops.

COLOR MELANGES.

Color mixtures or "melanges" as the fashion sharps term them, are perhaps the dominant note of the new Spring fixings. Ostrich feathers especially are dyed like Joseph's coat. Often as many as three or four contrasting tones will be used in one not overlong plumes and the effect is very fetching. Contrasting coat linings are the proper note, not blended contrasts but the strong effects now known as "Balkan." Flowered and figured silks are reckoned very smart for linings, even the parrots and foliage designs of the upholstery counter are seen in these printed silks.

DISCRETION NEEDED.

Discretion is more than ever needed when fashion offers a color pallet in Balkan lines. Just a touch of the brilliant fabrics must show and no more. If the coat is figured checked or striped the lining is plain though it may be of gayest hue, red, yellow or Labrador blue, which is the color of the chicory flower, a clear purplish blue not dark nor yet light in tone. Cretonnes and silks printed in all over cretonne patterns are very much used for reveres, vestees and suit trimmings, and just a dash of the vivid mixtures of color found in Oriental designs, is used somewhere on even the most demurely Quakerish get-up.

The above design is by The McCall Company, New York, Designers and Makers of McCall Patterns.

Dress of taupe charmeuse, reveres and sleeve cuffs of yellow corded silk, girdle finished with bits of Balkan embroidery and same used to catch up drapery of skirt. Hat of black straw with yellow facing and black feather.

THE DRESS PROBLEM.

The whole problem of good dressing depends on securing the right outlines. The Spring models of Warner's rustproof corsets, just sent out, show those authoritative lines which insure a correct silhouette however simple the dress may be. The handsomest gown hangs limp and shapeless if the corset is not in harmony with fashionable lines and a simple get up has an air of style if worn over a well modelled figure.

SUIT LINES.

Suits show modified draperies on the skirts, and are narrow at the foot, and very often slashed to give ease in walking and incendentally—show the prettiest possible footwear. Coats are cut away and short, except only some of the Russian blouse styles. These often come nearly to the knee, but the very young girl wears them much shorter. Fancy suits and more elaborate gowns of silk show an endless diversity of draped effects swirls that nevertheless give the narrow caught up line at the foot, and girdles and sashes play a very important part in the smart effects seen.

CHANGE SEWER ASSESSMENTS

Bill Authorizing Such a Course in This City

NOW BEFORE GOV. FOSS

(Special to the Ledger)

The bill authorizing the city of Quincy to change its method of sewer assessment will soon be laid before Governor Foss for his action. As finally passed in both branches, the bill reads as follows:

Section 1. The city council of the city of Quincy is hereby authorized to amend, repeal or rescind any or all existing orders or ordinances of the said city of Quincy which establish a method of sewer assessment, and by which assessment for sewers have been made, and the city is further authorized to adopt and establish by ordinance or by order any method of sewer assessment now authorized by law, and to make by its said council assessments and reassessments hereunder. But nothing herein contained shall be held to authorize the reassessment of any asessment heretofore made.

Section 2. This act shall take effect upon its passage.

PI ETA THEATRICALS.

The initial performance of "The Stymie," the annual play of the Pi Eta Society of Harvard University, was given Monday evening at Pi Eta Theatre at the "Graduates Night" of the society, and was enthusiastically received by a full house. There are more "girls" in the play this year than usual, and good looking girls too, and they make a great hit. Six girls appear in the cast of characters, six in the pony ballet, and six as show girls, one of the latter being J. S. Pfaffmann, '16, of Quincy. Prominent in the cast is Paul Blackmur, '15, also of Quincy, who is very much at home and contributes two solos.

"The Stymie" is a comedy in three acts. As the name suggests golf is prominent through it all. The book is by P. S. Bliss, '13, the lyrics by G. Sturgis, '13, and the music by R. L. Blakie, '14, and W. Faulkner, '14. The scenes are on the links and veranda of the Minneopa Golf Club. The orchestra is madeu pof members of the Pierian Society and club members.

There is a dash and a novelty to the performance which make college plays so popular, and there should be a large atendance at the Quincy performance on April 3 in Music hall. Morton Smith of Quincy is graduate secretary of the Pi Eta Society and led the cheering which folowed the performance of Monday evening.

GYMNASTIC EXHIBITION

Y. M. C. A. Boys Will Give Exemplification of Work

The third annual gymnastic exhibition of the boys department of the Quincy Y. M. C. A. will be held at the gym this evening at 7.45 o'clock. The program will be as follows:

7:45 Dumb Bell Drill Junior Class
8:00 Maze Run Junior Class
8:20 Indian Club Relay Race Employed Boys, Junior Leaders
8:30 Medicine Ball Specialty Junior Leaders
8:35 Mass Exercises on apparatus Junior Class
8:45 Exercises on horse and parallel bars Junior Leaders
9:00 Double Wand Drill Students and Employed Boys
9:15 Flying rings and High Jump bar Special
9:30 Cheriot Races Junior Class Teams
9:45 Floor Pyramids Junior Leaders
9:55 Mass Mat Work Students and Employed Boys
10:05 Basket ball Quincy vs Clapp Memorials, Student Class vs Employed Boys.

Junior Leaders—Roger Ahlstrom, Theo Brown, Robert Davis, Herbert Hendry, Percy Jenkins, Charles Johnson, David Morrison, Harold McMillan, Joseph McGrath, George Prout, Austin Souther, William Welsford.
Physical Director L. F .LaRose.
Asst. Physical Director Sturgis Hunt

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WOMEN'S CLUBS

WHAT THEY ARE DOING AND SEASONS' PLANS

The Hospital Aid Association meets tomorrow afternoon with Mrs. George H. Wilson of 47 Revere road.

* * *

Lillian Schenkelberger entertained the Katharyn Crane Memorial club today at her home on Goffe street.

* * *

The Philergians have only one more meeting before the annual which comes on April 15 and closes their club season.

* * *

Mrs. Leila Peirce is to be the chairman for the meeting on April 3 of the Atlantic Shakespeare Society when act five of The Tempest will be taken up. She will also sing Ariel's song "Where the bee sucks."

* * *

Last week's meeting of the Junior Friday club with Miss Georgiana C. Lane of Presidents hill was a very pleasant affair. Shamrock and emblems of Ireland were typical of the day as was also the afternoon's subject. The meeting next Monday afternoon will be with Mrs. William H. Whitney, of Brook street, Wollaston who exchanged meetings earlier in the season with Mrs. Sturtevant.

* * *

The monthly meeting of the Mission Circle connected with the Universalist Church was held with Mrs. Addison. Reports from the officers, and different committees were most satisfactory. Members are gratified at the interest maintained in the work and trust that the coming year, may be even better. The social hour was very enjoyable, a five o'clock tea being served with Mrs. Harriet Lombard and Miss Annie Hobart presiding at the tea urns. The April meeting will be at the home of Mrs. Hyland, Grand View avenue, Wollaston.

* * *

Mr. and Mrs. George B. Curran, entertained the members of the choir of the St. Chrysostom's church, at their home, 120 Belmont street, Easter Sunday evening. It was a delightful period of music for all present at which the Easter carols and solos were repeated with good effect. Refreshments were served during the evening. Mrs. Curran is director of the choir and Mr. Curran, secretary of the new Wollaston's Citizens Association and both are active in the church and social interests of that section of the city.

* * *

There was a good attendance at First church chapel, Monday afternoon for the meeting of Quincy Alliance. The speaker, Rev. Abraham M. Rihbany of the Church of the Disciples, Boston gave an interesting talk on "The Oriental Christ."

* * *

WOLLASTON WOMAN'S CLUB.

At a meeting in Brasee hall, March 20, the Wollaston Woman's club elected the following officers:

President—Mrs. Arthur D. Ropes.
First Vice—Mrs. William E. Rowe.
Second Vice—Mrs. N. G. Nickerson.
Recording Secretary—Miss Fanny Johnson.
Corresponding Secretary—Mrs. William Dean Sanford.
Treasurer—Mrs. Charles M. Bryant.
Auditor—Mrs. Charles T. Baker.

Potted palms and tulips made the hall attractive to the 200 women assembled. Mrs. Ropes presided with Mrs. Edward O. Woodward for secretary as temporary officers.

The club is limited to 250 membership which is already filled and a waiting list of 40. A committee of three has been appointed by the president to select a regular meeting place. The general sentiment seems to be that the only available place will be one of the church vestries. The club will meet the first and third Tuesdays of each month.

Mrs. Eben W. Sheppard president of the Quincy Women's club was present and spoke many words of encouragement. She brought the greeting of the Quincy club and advocated a mass meeting of the various womens clubs in Quincy.

QUINCY CHAPTER HOSTESS

Abigail Phillips Quincy Chapter D. A. R. of Wollaston and Old State House Chapter, D. A. R. of Melrose, were the hostess chapters at the state headquarters, Ashburton place, Boston, Monday afternoon for the weekly reception.

In the line were Mrs. Franklin P. Shumway, regent of Old State House Chapter; Mrs. Bessie Flemming, the secretary; Mrs. E. E. Jameson,regent of Abigail Phillips Quincy Chapter and Mrs. Ida F. Waterhouse, the vice regent. The ushers were Mrs. I. F. Atwood, Mrs. George McLean, Mrs. H. H. Ralph, Mrs. Frederick Crocker, Mrs. Robert FitzGerald, Mrs. Frederick Perkins. The tea table was decorated with a sheaf of yellow jonquils

Among those present were the state regent, Mrs. James G. Dunning; the honorary state regent, Mrs. Charles H. Masury; the state vice-regent, Mrs. Charles G. Chick; Mrs. Lucy M. Perkins, Mrs. Seth C. Crocker Mrs. Charles M. Chase, Mrs. E. R. Lord, Mrs. William W. Bartlet, Mrs. Carrie H. Hingston, Mrs. Antoinette S. Paige, Mrs. Mary E. H. Crocker, Mrs. George B. Damon, Mrs. W. M. Chase, Mrs. Almira Simmons, Mrs. Joseph K. Barber and Mrs. Edith L. Drake.

Next Monday Johanna Aspinwall chapter of Brookline will be hostess.

QUINCY WOMEN'S CLUB.

Palms, jonquils and spring flowers made the clubhouse most attractive Tuesday afternoon for reciprocity day of the Quincy Women's club, the day when the club entertains presidents and members of neighboring clubs reciprocating courtesies extended through the year. Among the clubs represented were the Worcester Woman's Club, Brockton, Milton, Abington, Watertown, Dorchester, Whitman, Monday club of Weymouth, Ladies Library association of Randolph, Woman's Afternoon club of Abington, Old Colony club of Weymouth and of the local clubs, Whatsoever, Reaper and Unity Circles of King's Daughters, Friday club, Emerson club, and the Atlantic Shakespeare society.

Seats were reserved for the guests the seats being roped off with yellow and white ribbon and each guest was also presented with a jonquil. The guests of honor and speakers of the afternoon were also presented with bunches of violets.

Following the custom for special meetings of the year the afternoon opened with the singing of the club hymn written by Mrs. Irene Chipman Tirrell, a club member, after which the president Mrs. Eben W. Sheppard called the meeting to order for the usual short business session. She announced a conference by the Music department of the State Federation on Wednesday in the Unitarian hall in Somerville which would be attended by Mrs. Worster, Mrs. Emery, Mrs. Moore, Mrs. Gay and others from the Quincy club.

A pleasing announcement was the gift to the club by the Art committee Mrs. H. H. Kitson, chairman, of a club seal designed by Mrs. Kitson. The design is exceptionally pleasing representing in a symbolic group, art, music and literature. Cards with the seal were passed to each club member, and a vote of thanks was extended to Mrs. Kitson and her committee.

Brief announcements were made by the chairmen of committees as follows:

Mrs. Sanborn, Education, bird walks to be conducted by Mrs. George E. Pfaffmann. Those wishing to go on the walks were asked to send their names to Mrs. Sanborn.

Mrs. Bone, Economics, a series of three lectures on textiles April 15, 29, May 26, an exceptional opportunity for members to learn about the materials for their wearing apparel and how to buy understandingly.

Mrs. Worster, Music, a series of three May morning musicales at the clubhouse May 7, 14, 28 for which tickets were now ready.

Mrs. Wilson Marsh, Philanthropy, announced a reception to Miss Jenny purchase, secretary of the Quincy Associated Charities, at the clubhouse April 15, it ending her first year of service in the city.

Mrs. E. B. Marsh, Program, children's party at the clubhouse April 12 from 2.30 to 5 when Mr. Hubbard of the Boston Opera house would entertain the children with stories. There would also be games, dancing and refreshments. Members intending to send their children were asked to notify the committee by April 8.

In opening the afternoon's program Mrs. Sheppard extended greetings in her usual gracious way saying: "The months seemed to have passed very quickly since last we met for Reciprocity day and each year we find the day brings added interest and pleasure for the spirit of reciprocity has been growing and expanding, not only in our own club, but everywhere where women are banded together in organized work for humanity. May this feeling of inspiration and helpfulness be increased to a still greater degree in the years to come. We welcome most cordially the guests who are present with us this afternoon."

The program opened most delightfully with a fifteen minute song recital by Frederic Kennedy tenor soloist at the Rogers Memorial church in Fairhaven, with Mrs. John F. Hunt at the piano. The group of songs was marked bringing out the fine timber of the singer's voice which was of remarkable range and smooth quality. Cordial and frequent encores attested to the appreciation of the ladies.

In announcing the first speaker of the afternoon the president said: "We have just closed eight very successful years in our club. Years filled brim full of service and most interesting and inspiring. Your president feels that perhaps there is no one member of our club who is better fitted to tell us of those eight years than Mrs. Wilson Marsh.

Mrs. Marsh who received a most cordial reception was very happy and brief in outlining the eight years of looking back over club history. She said: "This brief retrospect is no new story but a plain unvarnished tale of the record of attempted achievement of the Quincy Women's club during the eight years of its existence. It is a record of which every member may be justly proud. There is a bit of modern verse which speaks of 'the simple things, the true things—things done, just for the doing' and of 'growing bigger with bigness of the whole.' If we have in some measure done this we may be satisfied. But when it comes to telling the story it is difficult to select. Like the little girl whose grandpa asked her what she had been doing all day, she replied 'Pitty much, I cannot tell so much things I have done.' We have done many things and first let me remind you of our inheritance, the work bequeathed to us by the Home Science Association which made way for the then new Quincy Women's club. The children's Home Gardens and the Girls Vacation Club with the May Festival for their support. The Education committee had the honor of continuing the work and for eight years has maintained these activities. "New occasions teach new duties, Time makes ancient good uncouth. We must upward still and onward. Who would keep abreast with Truth." It may be that our latest reaching out toward Opportunity clubs in School Centers may prove to be a better way of carrying forward some of these ideas. The instructive visiting nursing was the rock on which the club was founded for we are not an ordinary Women's Club, but hold our club house with the understanding that we carry on definite work for the benefit and uplift of the community. We have now two nurses and a third for emergencies. The half has never been told the relief and comfort that these nurses have meant in our city.

"Then our Civic Betterment work. In the interests of Public Health a tuberculosis exhibit was held to the expense of which the city contributed $100 and the Women's club an equal amount. From this came the Anti-Tuberculosis Association and Camp Mt. Pleasant was established. The club through the gift of a former president whose memory we hold in remembrance, through the effort of the Music Committee in giving 'Pinafore' and with a fund from another member, built a shack for women and girls at the camp. This camp has not only been a place of refuge but has meant the better safe-guarding of the community by taking proper care of those who might otherwise be a menace to the public in spreading the dread disease. Through co-operation with the Library Trustees the Library Extension Committee helped toward the first Branch Library and Reading Room at West Quincy and now we have a second one at Atlantic. The Literature Committee is planning to provide a reflectoscope for the use of these reading rooms. By co-operation with the Y. M. C. A. and Playground Committee the first supervised playground was made possible. School savings by bank account was introduced with a fund of $120 recently raised for this work and a careful consideration is being given to the problem of Opportunity Clubs and School Centers. Time fails to tell of Literary Current Events and Parliamentary Law Classes, of Art Arts and Crafts and Home Economic Exhibits, of our Teacher's Reception and Gentlemen's Nights, of our Assemblies, Halloween Parties and Twelfth Night Revels beside a program of generally excellent speakers and good music making Quincy a more live place to live in. Best of all it has brought nearer together women from all sections of the city helping toward the ideal of neighborliness expressed by the memorial tablet in the Brackett house which is our club home. To establish more firmly and to continue to forward the best things is the goal still before us, remembering 'That those who try to do some-

Take home a loaf today. It will please and nourish the whole family.

All Leading Grocers

"A FOUL TIP"

(Continued from Page One)

In the second act some graphaphone selections were given, the machine being a new Edison Disc, from the store of W. G. Shaw. The garden tools and tinware were from the store of Nathan Ames.

The players were coached by Erastus Osgood and George V. Shirley was stage manager.

AWARDING PRIZES.

Between the second and third acts, Dr. E. R. Johnson, chairman of the physical department committee, presented the trophies to winners in the several events at the Y. M. C. A. during the year, and Physical director L. F. LaRose, gave some interesting statistics. Their remarks follow.

L. T. LaRose physical director said: Some statistics of the work of the department may be interesting at this time.

For the month of February: Senior 169; Business Men, 79; Juniors 282; Employed Boys, 255; Students or High school class, 216; a total of 437 men and 1123 boys, and a grand total of 1560 using the gym. For the season up to date there have been 6623 men and boys in the physical department. Forty-five boys have been taught to swim this winter. 65 medical exams have been given and 50 full or Physical examinations have been given to the older fellows.

The Junior Class leaders, a body of boys who have shown exceptional ability in gymnastics, athletics or basket-ball have met about ten times for instruction. These boys have made it possible for the Physical Director to get away from the classes to attend conferences, outside athletic meets and like affairs. They were also responsible to a certain degree for the conduct of the boys in the locker room and swimming pool. Sturgis Hunt has been chief leader and a great deal of credit is due him for the good work done by the boys.

Athletic meets have been held in the gym by the Fore River Co. Draftsmen and by the men of the Boston Gear Works.

The Boy Scouts have had the privilege of using the gym during the winter months on Friday afternoons.

A Sunday school basket-ball league has been organized and is now playing the last series of games. The league started with four teams but at present there are 7 schools represented. Next year this promises to be one of the big things of the boys department work.

The Association was represented by three basket ball teams for part of the season, and for the whole year by two teams. It has been a most successful year in every way. The First team captured 2nd place in the Greater Boston Y. M. C. A. basket ball league and the 2nd team went them one better by taking first honors in their division. The Silent Five commonly known as the "Noisy Bunch" were organized after the season had started and for a new team did remarkably well. This team will probably be one of the official teams next year.

In closing just a few statistics regarding the players of the 1st and 2nd teams. The first three men in scoring on the big team were Trask Rich and Parker. Trask led with the remarkable total of 132 baskets from the floor; he also made 69 goals from the foul line. One other feature of Trasks playing stands out and that is the fact that in the entire season he had but 5 fouls called on him in 19 games. Rich had a record of 84 goals from the floor and Capt. Parker had 50 to his credit. The Capt. also made a record for he coaxed the officials to call 42 fouls on him. The team as a whole scored 722 points and their opponents 435. The team won 14 games out of 19.

The 2nd team high scores were Price, with 69; Thomas, 65 and Capt. "Toodie" Dineen 33 goals. The 2nd team won 13 games out of their 19 and scored 550 points to their opponents 405. Trask, Parker, Rich and Kenn played in all of the games for the 1st team. On the 2nd team Capt. Dineen played in 13 games.

All of the Association Teams kept up the record of clean sport for which Quincy is noted and not a single man was put off the floor for rough or dirty playing.

AWARDING PRIZES.

Dr. Johnson said: I shall not make a speech in awarding of prizes to winners of the All-around Test for the Senior cup, won last year by John McArdle with a total of 479 points. Henry Trask was second. This year won by Harry Glover with a total of 488 points, Henry Trask again second. Glovers work was especially good in that he broke the record for the 300 yd. run and also broke McArdle's record of total number of points. The prizes were presented as follows:

First Prize, Harry Glover: The only original "come-back" kid. 488.

Second Prize, Henry Trask: The rising young banker; expects soon to be made President of Shawmut Bank to succeed Col. Gaston.

Third Prize, Fred Kingsbury: The boy wonder who never wears a hat: spends his money for running shoes, etc.

Fourth Prize, Leon White: Commonly known as "August."—dutch.

Fifth Prize, Philip Wood; The jumping Kangaroo.

Sixth Prize, Clifford Sass: He also very seldom wears a hat, to look at his head will tell the reason why.

Seventh Prize, Thomas Djerf: The human thunder-bolt; also tries to wrestle.

Eighth Prize: Dick Favorite: The student athlete, he studies for the sport and then goes into athletics for exercise.

Ninth Prize, John Shaw: He would rather play soccer foot-ball than work for a living.

Tenth Prize, William Cranshaw: Has run his last race; is going to join the ranks of John McArdle's class Has too much on his hands to go into sports of this kind.

Award of trophy to the second basket-ball team for winning of the Championship of the Y. M. C. A. second teams. Stuart Dineen, Capt. Names of players on shield. Shields will be kept in custody of Y. M. C. A. in Trophy room.

Trophy to Oscar Djerf, Capt. of the Dartmouth team of the Employed boys class: W. Burnholm; E. Osgood; J. Vergobbi; J. Cravin; A. Eastman; W. Moodie.

Trophy to winner of the Junior Class Tournament Carlisle Team. Charles Johnson, Capt. George G. Prout; H. Ericson; R. Ericson; R. Wood; R. Ahlstrom; G. Cobb; A. Souther; W. Dean; K. Knudquist.

Prizes to the winners in the High School Class meet last week. The 1st, Earl Bates. 2nd, Leon White. The bowling tournament is not finished so prizes can not be given out.

QUIZZED FOR FOUR HOURS

Dorothy Ainsworth Tells Long Story to the Grand Jury

Plymouth, Mass., March 26.—It was stated last night that the grand jury now sitting on the Eaton death mystery case would return a finding some time Thursday.

The first witness yesterday was Ralph Keyes, husband of June Ainsworth Keyes. He completed his testimony of the day before after being another hour on the stand.

Then came Dorothy Ainsworth, the favorite of Admiral Eaton, and for four long hours she answered questions and told her story.

The day ended with Mrs. Keyes on the stand. Her testimony will open the proceedings today

Toll Uses in Sales Campaigns

SUCH testimonials as the following from the J. E. SOPER COMPANY, wholesalers of grain and feed at 206 Chamber of Commerce, Boston, furnish unimpeachable testimony of the value of the telephone, especially the toll lines, in sales campaigns.

We quote a paragraph of a letter to the Company from this concern:

"We find that the telephone takes the place, in a large degree of men on the road, and that our business is done in much more satisfactory way, by having a man sell our goods from the office, as he then knows everything a salesman should know concerning the quality, location and other features of the goods, whereas a man on the road does not always have his information and is frequently induced to guess it, which does not work at all."

We would not suggest this rule in every case. The advantages of face-to-face salesmanship and the magnetism of a personality, coupled with the importance of showing many lines of goods, are not to be depreciated. On standard lines, however, once the salesman's personality is established, the telephone is an efficient auxiliary, and especially helpful to the salesman in making advance appointment.

NEW ENGLAND TELEPHONE & TELEGRAPH CO. LOCAL AND LONG DISTANCE TELEPHONE BELL SYSTEM AMERICAN TELEPHONE & TELEGRAPH CO.

TRAVELING MEN interested in little stories of the advantages of the telephone as a business auxiliary, are invited to send for "Modern Methods of Money-Making." In Metropolitan Boston call the Contract Department, Fort Hill 7600. Elsewhere call the Local Manager.

Crosse & Blackwell's

Imported Pickles and Jams

Just Arrived from England via Str. Kingstonian

Crosse & Blackwell's Pickles and Jams are acknowledged to be the finest and choicest of all makes. They are simply inimitable—unrivaled, and so truly delicious you will wonder how you ever got along without them.

The pickles, the spicy chow-chow, the snowy white onions and the capers—the very sight of them gives zest to the appetite, and as for a little side dish for soups, meats, game, fish and salads, they will please the most fastidious.

BRIEFS

The Fragment society of First church holds a supper tonight in the chapel to be followed by a musical and dramatic entertainment.

Misses Isabel and Grace Kateon who teach in New Bedford spent the Easter vacation with their brother John L. Kateon of Chestnut street.

Lyman A. Brown of 324 Fayette street who was operated upon for appendicitis two months ago is still in a very serious condition and his mother Mrs. Susan Brown of Beverly, Ohio, his brother, Rev. A. A. Brown of Youngstown, Ohio and his sister Mrs. A. W. Patterson of Washington, D. C. have been called to his bedside.

MISS BUCKLEY BURIED.

The funeral of Miss Elizabeth Buckley who died Saturday in her 66th year was held Tuesday morning from her home 64 Buckley street. A high mass of requiem was celebrated at St. Marys Church by Rev. William J. Duffy Burial was in St. Mary's cemetery. The deceased was one of West Quincy's best known residents. She was a member of Ladies Auxiliary, No. 5 A. O. H. and a delegation attended the services. The bearers were John J. Fallon, Charles Fallon, Thomas Fallon of Quincy and Charles A. Spencer of Medford.

INTERESTED IN LIBRARIES

Charles N. Baxter Formerly of This City Married at Branford

A marriage of interest to Quincy people was solemnized at Branford, Ct. Tuesday evening when Charles Newcomb Baxter formerly of this city was united in marriage to Miss Iva Georgia Bishop of Branford. The ceremony was performed by Rev. George Weed Barhgdt. Mr. Baxter left Quincy last year to become the librarian of the Blackstone Memorial library at Branford. While in Quincy he was interested in library work and was appointed by Mayor Stone as a member of the Board of Trustees of the Thomas Crane library, but resigned when he went to Branford.

IMPROVEMENTS AT THE BEACHES

Canvas on Bathing Rafts and Seats Covered

URGED BY LESLIE

(Special to the Ledger)

The subject of further improvements at Wollaston and Atlantic beaches in the way of coverings for benches and safety devises for the rafts, has been taken up with the Metropolitan Park Commissioners by Representative William J. Leslie. He wants the rafts, one of which is at Atlantic and the other at Wollaston to be partially covered with canvas, so that bathers will not slip on the smooth boards and have dangerous accidents. Several men and boys suffered minor injuries last year, but fortunately no serious accident occured.

In the matter of covering of benches, Rep. Leslie thinks that it would make them twice as much appreciated if some sort of protection from the glaring sun might be afforded mothers and babies, while they enjoy being at the sea-shore. These coverings are afforded to the people who use other portions of the Park system and would doubtless be a source of gratification to Wollaston and Atlantic people.

GREAT BRITAIN STIRRED

Cabinet Ministers Found to Be Implicated In "Wireless" Scandal

London, March 26.—Widespread disquietude has been created throughout the British isles by the confession of Sir Rufus Isaacs, the attorney general, that he, Chancellor of the Exchequer Lloyd George, and the chief Liberal whip, the Master of Elibank, were partners in a big deal in the shares of a company associated with the wireless concern negotiating a huge contract with one of their colleagues in the British cabinet.

When veiled suggestions as to ministerial deals in wireless shares were first mooted Isaacs and George vehemently protested their innocence in the house of commons. Both ministerialists and opposition accepted their denial in perfect faith as covering the whole ground, and the revelation now that it referred only to the parent company and that they failed to disclose their deal with an associated company has shaken the nation's faith in the standard of ministeria proprietv.

MORE THAN 250 REPORTED DEAD

Four-Fifths of That Number Are Killed In Omaha Alone

NEARLY FIVE HUNDRED INJURED

Fatalities Among Them Will Increase Final List of Dead—Heavy Fall of Snow Creates Additional Misery and Hinders Work of Rescuers—Martial Law Decree Strictly Enforced—Hundred Bodies Recovered In Quarter Where Twelve Hundred Houses Were Wrecked—Property Loss Estimated High as $12,000,000

Omaha, March 26.—For the first time since the disastrous tornado of Easter Sunday the people of Omaha have begun to count the cost in lives and dollars. When a resume was made it apparently was more appalling than those who had studied the result were willing to admit.

Not less than 200 lives were snuffed out within the vicinity of the city proper, and not less than fifty persons in surrounding towns were killed. Nearly 500 were severely injured. Eight of these died in local hospitals during the day.

The destitution was augmented when nearly three inches of snow fell, making uninhabitable the houses of many who had prepared to retain temporary homes in partially destroyed structures.

So far as money may relieve, conditions are perfect. Tenders of sums aggregating a million dollars were in the hands of the city commissioners last night. These offers came from nearly every section of the country and were made unconditionally.

Relief Bureau at Work

The greatest work was that of organizing a systematic relief bureau, with seven branch stations in the territory covered by the tornado. These stretched over a strip seven miles long and those in charge of relief stations handed out material assistance to all comers who were able to show they were in need of aid.

Groups of men, aided and encouraged by women and children, labored incessantly among the ruins of homes and other buildings. Added to Monday night's death list of 152 were sixteen recovered here under the ruined Idlewild pool hall.

A thorough search in the wreckage of the Diamond Moving Picture theatre failed to reveal any bodies, and it is the opinion of searchers that all who were trapped in that building have been found. Sixteen bodies already have been removed from these ruins.

In one house a negro family of seven were killed. When searchers were digging in the ruins they discovered a negro baby alive and uninjured. A heavy timber had fallen in such a way that it protected the child.

List of Missing Grows Larger

Since Monday night the total number of missing persons has materially increased. Relatives of persons living within the area stricken by the tornado have begun to arrive in Omaha. From many of them came reports of missing friends or relatives. This, it is said, will swell the death list.

The heavy snow that fell steadily all day yesterday made rescue work particularly difficult. Only portions of the ruins of some buildings within which persons are known to have been killed have been removed.

As quickly as bodies were found they were taken to temporary morgues. Relatives claimed most of the bodies, but some remained unidentified.

Funerals and burials were held from churches and homes. Cemeteries are thronged with grieving friends and relatives.

In hospitals and public buildings that have been converted into hospitals many sad scenes are being enacted. Many of the nurses have been on duty since Sunday night and are suffering from fatigue. Not only do they have to administer to the injuries of their patients, but spend much time in consoling desperately anxious relatives of those who lie on the cots.

Equally untiring are the physicians who volunteered their services in alleviating the suffering.

Yesterday many of the patients began to show such marked improvement that they were dismissed from the hospitals, returning to their families or being cared for by fellow citizens. This process of elimination is expected to give both physicians and nurses a respite tonight and tomorrow hospital officials expect to have organized their staffs into regular relays.

Military Law Enforced

Military law is strictly enforced throughout the storm area. Upon the soldiers rest responsibility for looting and fires.

The city health department is making every effort to place the district in a sanitary condition as rapidly as possible. Garbage wagons and trash carts are the only vehicles admitted within the patrolled section. The water supply remains unimpaired and the city health officers are utilizing it in eradicating unsanitation.

Bodies Perhaps Burned in Wreckage

W. B. T. Helt, general superintendent of the Nebraska Telephone company, said:

"Most of the deaths were in the vicinity of Twentieth and Lake streets. It is probable that many bodies were burned in the wreckage, as many of the buildings immediately caught fire.

"A walk through the stricken district was heart-rending. I saw bodies in heaps, held by heavy timbers. Some were mutilated beyond recognition. One woman had evidently run from the house when the storm struck, carrying a baby in her arms. A timber struck her and was driven clear through her body, killing mother and child.

"I was just outside the path of the tornado and could see it plainly. It was of the usual funnel shape and seemed to dip down from a heavy black cloud that hung low over the city. The long, swinging funnel swayed sideways and then backward and forward, sometimes rising in the air several hundred feet and then descending again. Houses were picked up and hurled about like tops."

Course of Storm Through Omaha

The storm appeared to have started at Fourth and Centre streets. From there it traveled north, veering slightly to the east of Leavenworth street. Then it took a northeasterly course to Fortieth and Farnham streets, sweeping its way through everything. Still traveling a little east of north, it covered a course from Fortieth street east to Thirty-fourth street, a distance of six blocks.

Striking Bemis Park, where the homes of the well-to-do Omahans are located, the storm turned sharply to the east and passed along Parker and Blonde streets to Twenty-fourth street, where its path was six blocks wide. In the latter section the damage is complete.

Finally at Fourteenth and Spencer streets the storm swept over the bluffs, high above the Missouri river, demolishing the Missouri Pacific roundhouse, levelling the big trestle of the Illinois Central railroad over Carter lake, wrecked a number of buildings near the Rod and Gun club, a fashionable outing place, and disappeared to the northeast.

The total number of deaths in this part of the city reached fifty. Within the space of this storm centre, which if made rectangular would cover a quarter section of land, 1200 houses are wrecked, 100 bodies have been recovered and search of the ruins is being made for others. Several are known to be still in the ruins at the end of the storm's path.

Estimates of Property Damage

Estimates of the value of property demolished by the storm vary between $5,000,000 and $12,000,000. Some of the more substantial houses can be rebuilt, but this number is small and where the buildings have not been torn asunder they have been so twisted that even the material is useless for rebuilding.

Five public schools are out of commission in Omaha. Seven churches are partly or wholly wrecked. One private school for girls is a total wreck, although the students escaped.

SUFFRAGE BILL KILLED

Fails to Get Two-Thirds Vote In Massachusetts Legislature

Boston, March 26.—The woman suffrage amendment to the state constitution was defeated in the house yesterday afternoon. The vote on a rollcall was 144 for and 88 against the amendment. A two-thirds vote of all voting was necessary.

The Progressive strength of five members stood solidly in favor of the amendment.

There were 62 Republicans against the measure and 73 for it. Four were absent. The Democratic poll showed 26 against the measure and 65 for it. Four members were absent.

Woman suffrage leaders announced they would seek reconsideration today. Several Democrats voted against the amendment.

BOWLING

A special match and the Heptasophs rolloff for individual totals took place at the Coliseum Tuesday evening.

The Foresters Special beat St. Mary's 4 to 0. Riepke made high single with 117 and a total of 308.

In the Heptasophs Healey was high with a single of 113 and a total of 320. The summaries:

MANY CITIES DESOLATED BY FLOODS

Thousands of Lives Are Believed to Have Been Lost

SALE ADDS TO TERROR IN SEVERAL SECTIONS

Four States Suffer Severely, Ohio and Indiana Being Most Seriously Afflicted—Hundreds of Thousands Homeless, With No Signs of Relief—Vast Property Loss From Raging Rivers and Broken Levees Which Were Believed to Be Strong Enough For Any Emergency—Telegraph and Railroads Paralyzed

Chicago, March 26.—With the death list now numbering in the thousands and the homeless totalling hundreds of thousands, the flooded rivers of the middle west are exacting their grim toll. The central portion of Ohio and almost the entire state of Indiana are a vast, surging sea of water, great tracts in Illinois and Missouri are inundated, and the rivers and streams in the western part of Pennsylvania are breaking from their banks, threatening towns and cities with destruction.

Even approximate estimates of the dead in Indiana and Ohio are impossible, for wires are down, bridges gone and railroad traffic at a standstill. In Dayton alone the estimates vary from 250 to 5000, while Hamilton, Piqua and Sydney, O., each has added its toll of horror. Scarcely a town, large or small, in the devastated districts that has reported but has told its story of sudden death and destruction.

In property damage estimates run not only into millions, but into hundreds of millions, with the totals rising every hour on the crest of the raging flood.

Added to the water horror comes the danger of conflagrations in the flood section. Cincinnati and Columbus are without water supply, and already have had to fight for their lives against fire. In the smaller cities even worse conditions are found, for there they have no means of combatting flame.

No Relief In Sight

There is no sign of relief. Everywhere came the reports of torrential rains, rising creeks and rivers and increasing danger and loss of life. Vast dams are breaking, letting loose millions of tons of pent-up water, levees believed strong enough for any emergency are crumbling like paper and in places a high gale is making even the small attempts at rescues almost certain death.

In Dayton the water is swirling through the streets at from twenty to forty feet deep, and rescues are being made from third and fourth-story windows. Dead persons and animals that have perished in the flood are washing through the highways, half the town being under water.

At Hamilton, to the south of Dayton, on the Great Miami, it is believed tremendous loss of life has been suffered. The wall of water, pouring through broken levees, swept the town from end to end, carrying all before it. As many as had time fled to high ground, but it is estimated that scores were carried on with the tide to their death.

Towns Practically Wiped Out

Up river, in the little towns of Piqua and Sydney, heavy toll was exacted, both of these towns being practically wiped from the map. At Troy more than a score of bodies have been picked up from the river and even more have been sighted as they washed past.

At Peru, Ind., hundreds are dead. One report places the life loss at 200, while the governor issued a statement that he believed the loss would reach 500 there. Two hundred coffins already are being collected for shipment to Peru, and as many more will be sent as soon as they can be gotten together.

All up and down the Miami valley Ohio national guardsmen are on duty, guarding against looting, leading in the rescue work and carrying warning to threatened towns and villages. Their work has reached heroic proportions, and there have been tens of lives lost among them while doing their duty by their distressed home cities.

Railroads Paralyzed

In Delaware, O., nineteen persons are known to have lost their lives and thirty to fifty others are missing.

Columbus also suffered enormous damage from the flood. Railroad traffic was paralyzed. Fires in three large factories raged for many hours and for a time threatened a considerable portion of the district.

Conditions at Indianapolis, Fort Wayne, Kokomo and other places in central Indiana are the worst in many years. In every part of the state there are reported disastrous inundations. At Lafayette two spans of a bridge went out.

At Indianapolis 1500 families have been driven from their homes and four deaths are said to have resulted from drowning. The pumping plant was forced to suspend operations and the city is without fire protection.

Governor Ralston received a frantic appeal from Connersville, Ind., for aid for many sufferers there from the flood.

The entire business district of Rushville and part of the residence section is under water.

Cincinnati experienced a cloudburst which started the Ohio river rising rapidly and flooded many of the street.

Dam Endangers Akron

A big dam a short distance north of Akron, O., burst, and horsemen hurried throughout the valley in different directions to warn the populace of the impending danger. Hundreds of farmers with their families fled to higher ground.

The great bridge over the Miami river at Middletown, O., went out. Fifteen persons are reported missing. Several houses were seen to be floating down the river, which was a raging torrent.

A number of persons were reported killed at Makanda, Ills. The report could not be confirmed.

Because of the shutting down of the water plant the afternoon newspapers at Indianapolis were compelled to haul water before they could get out their afternoon editions. The manager of a morning paper said he feared he would be unable to get out an issue because of the lack of water and gas.

NEW TELEGRAPH RECORD

San Francisco Talks Direct to London by Use of New Device

San Francisco, March 26.—Direct communication between San Francisco and London by cable and telegraph was established for the first time in a successful test. It was made possible by means of a newly invented cable sounder which permits the use of the Morse code for cable messages.

The transcontinental line of the Postal Telegraph company was "hooked up" to the transatlantic cable for a few minutes and messages were exchanged without difficulty. The cable is routed via Boston and Halifax, and the operator in London and the man in San Francisco "talked" to each other without the assistance of relay offices.

CARMEN ARE VOTING ON WAGE SCALES

8200 Employes of Boston Elevated Want Pay Increased

Boston, March 26.—The 8200 members of the Boston Street Carmen's union, the largest carmen's union in the world, will present a demand for a decided increase in wages to the Elevated company April 1.

Mass meetings will be held at headquarters throughout today and this evening. The new wage scales as already drawn up will be presented at these meetings for approval.

REFUSES TO "SQUEAL"

Policeman Hartigan Is Sentenced to Prison For Perjury

New York, March 26.—Patrolman John J. Hartigan, the first member of the New York police force convicted in the district attorney's prosecution of police graft, took a prison sentence with sealed lips, firm in his refusal to "squeal."

Hartigan was accused of acting as agent for former Police Inspector Sweeney and Police Captain Walsh in collecting tribute from protected disorderly hotels. He denied the charge, was found guilty of perjury and was sentenced to serve from two and a half to three and a half years in prison.

Hartigan's sentence was repeatedly postponed in the hope that he would seek lighter punishment by giving the prosecution valuable evidence against his superiors.

GETS $20,000 ALLOWANCE

Young Girl Needs It For Expenses, According to Her Mother

New York, March 26.—Frances Leggett, the 16-year-old daughter of the late Francis H. Leggett, millionaire grocer, was granted an allowance of $20,000 a year by Supreme Court Justice Gerard. William Rand, Jr., as referee, had held it was necessary for her education and maintenance.

Miss Leggett is living with her mother and an aunt in London. The rent of the house is $30,000 a year and the girl is expected to bear one-third of the expense. Mrs. Leggett petitioned the court for the $20,000 annual allowance.

Finished Tombstone Just In Time

New York, March 26.—James Prowse, monument maker, carved a tombstone for himself, spending twelve years in the task. Two weeks after he completed the job he died.

Many Britishers Visit France

Paris, March 26.—More than 8000 people of England spent the Easter holiday in France, the heaviest influx of Britishers on record.

The KITCHEN CUPBOARD

GRAHAM FLOUR CAKES.

GOOD graham flour is wholesome. It is made by grinding the whole grain of wheat and omitting the final sifting that in the process of flour manufacture is known as bolting.

Good For Dyspeptics.

Graham Gems.—Take a pint of graham flour and the same quantity of sweet milk. Stir these together, adding salt to taste. Do not try to get the batter very smooth. Put your gem pans on the stove to heat. Butter each pan, pour in the batter and set in the oven. Bake for twenty minutes. The heating of the pans before buttering them and pouring in the batter accelerates the raising of the gems and gives them a delicious crisp crust.

Graham Apple Turnovers.—These are so wholesome that even a dyspeptic can eat them without ill results. Take a pint of graham flour and into it mix a teaspoonful of salt. Wet with sufficient boiling water to make a paste. Roll very thin and cut into rounds about four inches in diameter. Place a spoonful of apple sauce in the center of each and fold over. Bake on buttered pans in a hot oven.

Nice For the Children.

Graham Sweet Cakes.—Take a quarter of a pound of granulated sugar, a half cupful of sour cream, a half teaspoonful each of soda and salt, a large cupful of sifted graham flour and enough white flour to make it convenient to handle. Place the cream in a mixing bowl with the soda. Stir these together and then add the salt, sugar and flour. Stir until stiff. Sprinkle white flour on a baking board, shape the dough into a ball and roll very thin. Cut into oblongs three-quarters of an inch by three inches. Prick the tops of the cakes with a fork, sprinkle with sugar and bake in a slow oven until crisp and brown.

Graham Fingers.—Take a pint each of graham and wheat flour, a teaspoonful of salt, two teaspoonfuls of baking powder, a tablespoonful of butter and three-fourths of a pint of milk. Sift the graham and wheat flours together with the salt and baking powder; then rub in the shortening. Add the milk and mix to a stiff dough. Flour the baking board, turn the dough out on it and shape into little rolls the size and shape of the forefinger. Place on a baking pan which has been buttered. Coat the surfaces with milk applied with a soft brush. Bake for about ten minutes in a hot oven.

Anna Thompson

Murdered In His Bed

Worcester, Mass., March 26.—Raphael Ligoris, an Albanian, was murdered in his bed at his boarding house yesterday afternoon. Six stab wounds about the head, breast and neck, one of which severed the left jugular, caused death. The police are looking for a suspect.

King's Body on Way to Athens

Salonica, March 26.—The body of King George of Greece was taken aboard the royal yacht Amphitrite, which subsequently left for Athens.

For Dyspepsia

If you suffer Stomach Trouble, and you try our remedy, it won't cost you a cent if it fails.

To prove to you that indigestion and dyspepsia can be thoroughly relieved and that Rexall Dyspepsia Tablets will do it, we will furnish the medicine absolutely free if it fails to give you satisfaction.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been properly combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia. Their proper combination makes a remedy invaluable for stomach relief.

We are so certain that there is nothing so good for stomach ills as Rexall Dyspepsia Tablets that we urge you to try them at our risk. Three sizes, 25 cents, 50 cents, and $1.00.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

NET DRAWING AROUND GUILTY

Police Sharp After Principles in Cutting Affair

ROUNDUP MAY COME

The police are gradually ferreting out the cause of the disturbance at Brewer's Corner, Monday evening which resulted in William Fuge of Centre street receiving severe gashes about the face which required 21 stitches. They believe that within a few days a definite report will be made. They have been handicapped to date as the parties concerned are not telling the inside story. The arrests of all may follow if certain details are not furnished.

They have also completed their case with regard to the Italians Perno Rocco and Matthew Antonichi who are languishing in Dedham jail as result of a small sized riot on Field street, Sunday afternoon, during which Domenico Pasquale, a 17 year old boy was stabbed in the side. The boy who is at the Quincy City Hospital is still on the dangerous list but is reported as doing well. Rocco is charged with the assault with a dangerous weapon.

Since the fracas occured several descriptions have been received from out of town departments of Italians wanted on stabbing and assault charges.

INITIATED CANDIDATES.

Half a dozen candidates were initiated into the mysteries of Elkdom at the regular meeting of Elkdom Lodge of Elks Tuesday evening. After the business of the evening an adjournment was made to the clubhouse on Foster street where the brothers were entertained by some of the artists at Kincaide's theatre.

TOWN RIVERS SCORED SUCCESS

Inclement Weather Had No Effect on Attendance at Party

The assembly of the Town River Yacht Club at Alpha hall, Tuesday evening was pronounced a social success by a large number that attended and enjoyed dancing until midnight. The weather conditions seemed to have had no effect on the attendance. Music was furnished by Wilson's orchestra.

The floor was in charge of William Kemp with Daniel Ring of the Quincy Post Office as his assistant. Edward Ford was chief of aids and on his staff were Eugene Goudeau, George E. Sprague, W. C. Caldwell, W. C. Luther C. C. Foster.

MACKIN BROKE HIS KNEE CAP

Slipped on the Stairs Coming Out of Alpha Hall

AT CLOSE OF GOOD TIME

While James Mackin, a clerk of the Boston Post Office was leaving the Town River Assembly at Alpha hall Tuesday evening he slipped on the stairs and fractured his knee cap. Dr. C. W. Garey was summoned and after he had set the knee the injured man was taken to his home, 884 Broadway, South Boston.

He was one of the many out of town guests who attended and the accident which happened late in the evening cast a gloom over the remainder of the party.

GEORGE W. STEBBINS.

George W. Stebbins died this morning at his home 72 Bromfield street in his 64th year. He leaves a wife and two sons.

Mr. Stebbins was a machinist by trade. He was a native of Shrewsbury and lived for many years in Worcester. He was a member of Central Lodge, I. O. O. F. and Montague Lodge, F. & A. M. of that city.

SORTING EFFICIENT FROM AMBITIOUS

Patronage Seriously Disturbs President and His Cabinet

Washington, March 26.—When federal statisticians finished figuring they discovered that just one out of every forty-seven men who voted for Wilson for president was a candidate for a federal position.

They also deduced the fact that there will be an army of heartsick and disappointed officeseekers numbering upward of 121,000, for there are 10,384 jobs to be filled and 131,530 patriots who have signified their willingness to aid the government.

The question of patronage is giving President Wilson and members of his cabinet some uneasy hours. Every effort is being made to spare the feelings of those whose applications must be turned down, while at the same time the available and fit men for the various places are being sought.

The task of singling out the proper material without causing offense to those whose ambitions necessarily must be wrecked in the process has proved to be a delicate task.

BEEF PRICES TO FALL

President Demands Early Removal of Tariff on Foodstuffs

Washington, March 26.—President Wilson's characterization at the executive offices of his tariff conference with Mr. Underwood as "eminently satisfactory" is taken to mean that Underwood had made it clear that the White House would have the controlling hand in tariff legislation.

The president flatly told Underwood he had pledged himself before election to reduce the high cost of living and in fulfillment of this pledge one of the first things that must be done was to remove the tariff on foodstuffs.

One of the expected results of this action will be the reduction in the price of beef by one-third through the removal of the tariff on meat products and the opening of competition between the American packers and the Argentine.

Schedule K. the wool protective feature of the present law, is to be wiped out, save for a merely nominal duty, it is now asserted by Wilson's supporters.

Seal Patrol Ordered Out

Washington, March 26.—To carry out the treaty for the protection of fur seals in the North Pacific, President Wilson has ordered five revenue cutters to patrol the Behring sea from April 15 to Sept. 30.

AMONG THE CLUBS

(Continued from Page Three.)

thing and fail are infinitely better than those who try to do nothing and beautifully succeed' and as Steven son says 'To travel hopefully is better than to arrive and the true success is to labor."

Mrs. Florence Seaver Slocomb president of the Worcester Woman's club was introduced by Mrs. Sheppard as a live wire which she proved to be judging by the big undertakings of her club, She spoke more especially of the pure food exhibition held each year by her club, the second exhibition to open for 10 days on March 26 Nothing but pure foods were admitted everything being judged by the Westfield standard. It had led to improved conditions, not only in Worcester but was more far reaching as manufacturers were desirous to exhibit their products and to do so had to conform to requirements. Mrs Slocomb was head of the exhibit which meant months of constant attention and much detail work showing financial and executive ability on her part.

As the Quincy club stands for neighborliness the president said it was a pleasure to introduc a near neighbor Mrs. Richard H. Gorham, president of the Milton Woman's club who would tell of her club's work for girls.

Mrs. Gorham said that for several years the club has had a college fund to assist girls in getting an education and had helped several girls. There was no string to the loan but if the girls were able later on they could return the loan. A club had been started for girls between the ages of 15 and 21 years which was meeting with much success. The two clubs worked together the Women's club being the guiding hand. There were classes in dressmaking, millinery, cooking and recreation and social meetings. As told by Mrs. Gorham it showed the work to be on broad and successful lines.

In introducing Mrs. Henry Coolidge Mulligan,president of the State Federation, Mrs. Sheppard said: "There are many women today who make their lives count and this can be truly said of our State President for we know how willingly and lovingly she is responding to the many invitations and appeals from clubs all over the state.

Mrs. Mulligan received a cordial welcome. She said years ago the woman's club was formed for study; for the education of its members but we had grown large and stronger and were reaching out on broader lines. We are dealing with big questions but she advised going slow for we have got to know how to do and to accomplish before we can lead others. The peace movement, sex hygiene, minimum wage, hours of labor, social and economic problems, were big questions to solve. They were questions the clubs could help solve because they had the opportunity but must use great caution. Mrs. Mulligan made a plea for a return to the old fashioned study clubs, but to study now for others so as to be prepared to lead, to be moulders and wise in our leadership for we have got to know and solve these problems ourselves before we can lead others.

Following the addresses a reception was given Mrs. Mulligan. Mrs. Slocomb and Mrs. Gorham. Frappe and cake were served by the hospitality committee,Mrs. Herbert S. Barker chairman, assisted by her committee. Jonquils adorned the tables which were presided over by Mrs. Francis Abele, Jr., Mrs. Otho A. Hayward and Miss Esther U. Sidelinger.

tion which will be located opposite the junction of Federal Avenue and Presidents Avenue and which will be approached by carriages and pedestrians directly from Federal Avenue and from Federal Avenue Extension and by stairs directly from Water Street.

POSITION OF MINUTE MEN

The aims and purposes of the American Minute Men was the subject of two speeches by J. F. Batchelder of Somerville and Representative Greenwood of Everett at a public meeting in the Wollaston Congregational church under the auspices of the Men's club.

Mr. Batchelder who is secretary of the Massachusetts Association of American Minute Men spoke of the various attempts by the Catholic church and its allied institutions to secure state support.

"We relize" said the speaker, "the injustice for one class of citizens to pay for the support of a religious faith in which they do not believe. The American Minute Men believe this question should be met and settled once and for all.

"We would accomplish this by adopting in our national and state constitutions an amendment prohibiting the appropriation of money for any sectarian purpose, and by electing men that would support such an amendment.

"The only public opposition we have met in Massachusetts was one year at a hearing when Frank J. Linehan appeared and cried "Bigot, bigot, bigot.' Nevertheless committee after committee has reported leave to withdraw.

"This year the bill to prohibit sectarian appropriations was lost 170-16. The reason, was not because only 16 believed in it but because the rest feared the element that demanded the appropriation. Members of the legislature are terrorized by this element.

"We are not here to attack any religious body as such but we believe the church and state should be kept separate."

Representative Greenwood told of the fight he led for the bill on the floor of the House and the undercurrent of opposition to it. He spoke eloquently and convincingly for the movement.

T. E. Perley read the second edition of the "Wollaston Mauler" which was full of knocks on club members and local hits.

President Mann announced a nominating committee composed of Wendell H. Hull, R. B. Locke, I. W. Mandell and Rev. Isaiah W. Sneath.

The meeting was preceded by the monthly supper of the club in the vestry at which this time roast turkey formed the piece deresistance.

Grammatical Oversight.

A correspondent has complained that in a story the other day we used "scissors" in the singular number. If we did so it was an oversight. But this kick just goes to show another one of the foolishnesses of our beloved tongue. If there were any logic in it a three tined fork is a triplet and should always be called "they." Why isn't a glove plural if a scissors are? If a shears is two, what are a sawbuck?—Cleveland Plain Dealer

Disappointed In Love.

"What's wrong with that melancholy man you were talking to just now?"

"He has been disappointed in love."

"Too bad! Did some other fellow get the girl?"

"No, he got the girl. but she won't support him."—Birmingham Age-Herald.

To Cut $7,000,000 Expenses

Albany, March 26.—New York's practical politicians and their favored proteges holding soft state "snaps" were rudely shocked to learn that Governor Sulzer's inquiry commission had reported in favor of cutting $7,000,000 departmental expenses annually and "putting the government on a sound business basis."

Fire Without Flame.

An English engineer named Bode has invented a way to have fire without flame. His apparatus consists of a porous plate or mass of fire-resisting fragments, within which he mixes inflammable gas and air in the right proportions.

When the gas is first turned on and lighted it burns with a flame at the surface of the plate. When the air is turned on the flame disappears, but the heat increases. A temperature of 3,200 degrees is claimed.

Just what use of this invention can be made is yet a question.

SQUANTUM CLUB HOUSE BOOMING AT RATE OF $100 PER MINUTE

That Record was Reached in the Opening Campaign For Funds at Bungalow Party

Committee Hope to Hold Dedicatory Exercises on July 4

One hundred dollars a minute was the enviable record made by the Squantum Woman's club Wednesday night when a "clubhouse night" at the bungalow of Mr. and Mrs. John R. Nelson, Brunswick street, subscriptions for a $5,000 clubhouse were started. A paper was circulated among those present and in just the 10 minutes $1,025 was subscribed. The women were highly elated over their first success in their campaign.

Theer is no doubt but that the subscription would have been doubled had the weatherman furnished a more compfortable night for the gathering. It was a delighful affair to all those who attended and Mr. and Mrs. Nelson proved themselves delightful hosts.

The clubhouse committee which has been working hard for months for the first time made the results of their work public. Mrs. William A. Reed, president of the club, and Mrs. Hiram A. Morse, chairman of the culbhouse committee explained in detail the perfected plan of campaign for the clubhouse and on the wall were shown for the first time the completed plans for the clubhouse.

Mrs. Morse said: We have moved carefully and thoroughly in developing our clubhouse plans and I believe that we now have a thorough business-like proposition for the building of a communinty house which will be an honor to Squantum and to Quincy and a source of pride to all our residents. Our plan is to sell $5,000 worth of mortgaged bonds. These bonds are to mature in 10 years and will bear interest at the rate of 5 per cent per annum. The club owns 10,000 feet of land entirely clear. It is one of the finest locations in Squantum and the value of the land is over $1,200. This gives us excellent security for the sale of our mortgage bonds.

"The location of the clubhouse will be on Huckins avenue in an ideal spot for a community house to serve this section. The building will be 60 by 40 feet, with a main hall 40 by 40 feet. There will bet wo reception rooms and coat rooms on the first floor, dressing rooms and a stage at one side of the hall.

"The basement which will be really a first floor, as it will be light and airy will include a banquet hall, kitchen, toilets and a bowling alely. This alley built for the benefit of the men will be of regulation size, 70 feet long.

"The bonds will be of $5 denomination. Each bond holder will be amply protected against any usurpation of power of the club. It matters not whether a person buys one or 100 bonds, the voting power will be retained by the members of the club, who are residents and property holders in Squantum. This assures all buyers of bonds that the club will be run to the very best interests of Squantum and at all times.

"The present issue of bonds will be payable on or before May 1st, and a second issue of $2,000 will be payable at a later date unless the full $5,000 is raised upon the first issue as we hope will be the case."

Mrs. Morse was warmly applauded. Mrs. William A. Reed welcomed the guests at the opening of the formal meeting and there were musical selections by Joseph Uppling and recitations by Mrs. S. M. Adams.

Throughout the evening Mrs. Reed, Mrs. Morse and the following members of the building and finance committee answered all questions raised regarding the plans; Mrs. James Foster, Mrs. Helen McGowan, Mrs. C. E. Carlson and Mrs. Matthew McGrain.

The Squantum ladies with their usual cleverness had the time well arranged for starting the subscription paper among the men for their signatures. The way was prepared by a delightful social gathering followed by a bountiful and dainty lunch. In the dining room Mrs. Nelson, Mrs. Carlson and Mrs. Adams presided. Mrs. Reed passed the subscription paper as announced above.

An active campaign for subscription would be carried on by the committee from now on until the full $5,000 had been subscribed.

Among those present were: Mr. and Mrs. John R. Nelson, Mrs. Helen McGowan, Mr. and Mrs. Edward Eagar, Mrs. William A. Reed, Mr. and Mrs. James Foster, Mr. and Mrs. John Mardon, Mrs. Walter Bell, Mrs. Charles Watts, Mrs. Matthew McGrain Mr. and Mrs. Hiram A. Morse, Mr. and Mrs. Joseph Uppling, Mrs. C. E. Carlson, Edward Carlson, Mr. Perley Bostwick, Mr. and Mrs. Herbert A. Smith, Mrs. S. H. Adams and Mr. and Mrs. Frank Anderson.

JONES SKIPPED WHEN SUMMONED

Failed to Appear in Court and Warrant Has Been Issued

Frank W. Jones is reported as being among the missing, having taken French leave when summoned to appear in court on complaint of his wife Mabel, who he promised to love, cherish and provide for. Mabel complained to the court that Frank was not furnishing even the water necessary to wash the bread down with and she wanted him made to provide something for her support.

The court inssued a summons for him to appear this morning to tell his story. He told Officer Hinchon who summoned him he would be on hand but evidently changed his mind for he answered not, when his name was called twice by the clerk. A default warrant was issued and if Frank can be found he will be placed under arrest.

It is said that some time ago Frank did the same thing when summoned into court but that time Mabel relented and the case was dropped.

EQUAL SUFFRAGE BILL.

Representative Michael T. Sullivan of Quincy voted in favor of the equal suffrage amendment to the Massachusetts constitution. Representative William J. Leslie of the fifth district voted againt it. The bill was defeated 144 to 88, less than the two thirds majority required.

SUNDAY SCHOOL CONFERENCE

All the Churches of the City in Two Days' Program

AT BETHANY CHURCH

Active preparations are being made for the Quincy Sunday school conference to be held in Bethany church, April 5 and 6. The conference will open at 4 o'clock Saturday afternoon with a preparation service to be addressed by I. T. Crumb, former assistant secretary in Quincy Y. M. C. A. At 6 o'clock a banquet will be served in the church dining room. E. P. Conlon, county work secretary will be toastmaster at the after dinner exercises. There will be greetings from the city, the churches and Sunday schools, a report of the State Y. M. C. A. conference for boys and an address by J. B. Withee of Lawrence.

Sunday, the delegates will attend morning services at their own churches and in the afternoon at 3:30 will unite again for a mass meeting to be held in the main auditorium of Bethany church. L. H. Clee of Providence, formerly of Quincy will be the speaker.

Announcements of this conference have been sent to the various Sunday schools of the city. Each school is asked to appoint ten delegates and one adult leader. Boys of high school age, 13 to 18 years are to be delegates. The banquet and Saturday meeting is to be attended by delegates and specially invited guests only. All will be welcomed at the Sunday afternoon service. The object of the conference is to encourage boys to enlist in active service in church and Sunday school. The conference motto is "Dare to do Right".

The committees in charge of the conference are:

Registration—Bernard Gouterman, chairman; Publicity—George McDonald, chairman; Program—Sturgis Hunt, chairman; Reception—Charles Johnson, chairman.

SUNDAY SCHOOL BASKET BALL

Five Games This Week and the End Coming Next Week

There will be five games played this week in the Sunday school basketball league. Friday, beginning at four Wollaston Baptist will play Wollaston Congregational followed by a game between Christ church and Union chapel. Saturday, there will be three games, Christ church vs Wollaston Methodist, Bethany vs Wollaston Congregational and Wollaston Baptist vs First Presbyterian.

The last games in the league will be played Friday of next week, when Bethany will face Wollaston Congregational and on Saturday there will be three games, Christ church vs. Wollaston Congregational, Wollaston Baptist vs. Wollaston Methodist, Bethany vs First Presbyterian.

The first of these games April 5 will be started at 2 o'clock instead of at the usual hour, 4, so that those boys who are to attend the Sunday school conference may also see the games.

PERFORMERS ENTERTAINED

Those Who Took Part in Minstrel Show Entertained

Granite Lodge, Order Sons of St. George gave a very pleasant evening Wednesday in Clan McGregor hall, to all who took part in their minstrel show, Feb. 21.

The minstrel show proved a success from every point, and so did Wednesday night for all who participated. Music, singing and dancing accompanied by a bountiful repast was enjoyed until midnight. During the evening Herbert Collins and William Walker were recipients of a little gift from the Order for services rendered as end men at the minstrel show.

SILVER SPOONS FOR HIGH MEN

Murphy and Hearn Proud Winners at Granite City Club

Edward J. Murphy "the Rexall man" and Charles C. Hearn, sometimes known as the "Cure All Man" both well known City Square business men succeeded in getting the two highest scores at the weekly whist tournament of the Granite City club, Wednesday evening, and as a result of their good luck or perhaps superior skill, at whist they each went home with a silver spoon tucked away in their inside pocket. As usual a lunch was served after the tournament.

The trophies for the two best monthly scores were given to Rollin H. Newcomb and Henry F. Tilden. The honor af having the smallest score for the month went to William E. Hingston, the well known handwriting expert.

POINT CHURCH ANNUAL SESSIOM

Reports Show Parish to be in a Good Financial Condition

The annual parish meeting of the Washington Street Congregational Church was held in the vestry Wednesday evening. Reports were read which showed the church to be in a good finanoial condition. An appropriation sufficient to cover the cost of buying new hymn books for the auditorium was made. The following officers were elected:

Chairman of the Board of Managers,—William E. Lee.

Vice Chairman—H. E. Bonney.

Clerk—Thomas B. Pollard.

Members of the Board—Jacob Peterson, Arthur W. Newcomb.

President of the Men's Club—John W. Hendrie.

President of the Ladies Aid Society—Mrs. Harriett B. Holman.

President of the Men's Class—Joseph Fitton.

☞PRATT'S BREAD—not made by guess-work, but by a scientific formula. Leading grocers sell it.

SMITH-BURK E SPECIAL MATCH

Fore River Men Looking For Some Classy Bowling

Herbert Smith and Bernard Burke, first and second high average men in the Shipfitters team which won first place in the Fore River bowling league will roll at the Coliseum alleys, April 15 and 17.

The average of Smith for the season was a little better than 96 and Burke made 94.

The match is the result of the following each man has and the present appearances indicate that more money will be placed on the outcome than on anything that has occurred this season.

THIRTEEN CANDIDATES.

Grand Knight Michael T. Walsh, conducted the sceond degree on 13 candidates at a regular meeting of Quincy Council, Knights of Columbus in New Colonial Hall, Wednesday evening.

WHIST PARTY.

A well attended whist party was held at G. A. R. hall, Wednesday evening under the auspices of Col. Abner Packard Camp, Sons of Veterans Auxiliary, No. 3. The trophies were awarded to Joseph Lapham, Mrs. Walter Howes, Arthur C. Merritt, Mrs. Mildred Dexheimer, Mrs. Annie Smith. The committee was headed by Mrs. Frank Stoddard.

(ADVERTISE.)

MISSING LINK PRINCIPAL BEATEN THROUGH REP. LESLIE'S EFFORTS

Plan to Have it Apply to Gas Companies Failed Even to Secure a Roll Call

Home Rule Strongly Advocated By Quincy Legislator

(Special to the Ledger).

Representative William J. Leslie was largely instrumental in bringing about the defeat, in the House Wednesday of a bill seeking to apply the "missing link" principle,— so familiar to Quincy people to companies engaged in furnishing gas for lighting and heating purposes.

Several years ago the legislature passed a "missing link" law for street railway companies, simply because the city of Quincy refused to grant a franchise to the Old Colony street railway company. The law was passed, and the state board of railroad commissioners granted the franchise over the heads of the local board of aldermen.

The bill before the House Wednesday proposed to allow the state board of gas and electric light commissioners to exercise the same power to overrule local authorities in the case of franchises asked for by gas companies.

Representative Leslie made a vigorous speech against the bill, declaring that it was an assault upon the home rule principle which Massachusetts has so long stood for, and which the legislature only this year has endorsed in the case of the people of Ireland. He thought the people of Quincy, and of every other city and town in the state, for that matter, are certainly entitled to the consideration of the legislature.

Representative Underhill of Somerville, in favor of the bill, said Quincy should be the last place to protest against the proposed law, because it is only because the town of Milton has been a good neighbor that Quincy has been spared inconvenience on account of the present system which permits the local authorizities in any city or town to have the final decision as to the laying of pipes, etc., in the streets. He stated that for years the people of Quincy were served with a gas plant that was dilapitated and was advertised for sale all over the country, but no purchaser could be found. Finally it became necessary for the city to secure its gas supply from a considerable distance and to lay pipes through the town of Milton in order to get the gas into Quincy. Fortunately the town of Milton made no objection, but only last year, when the people of Stoneham were paying $2 a thousand for gas, and they made a bargain with the gas company in Medford to supply them at ninety cents a thousand, the intervening city of Melrose refused to permit the laying of pipes, and as a result the people of Stoneham were practically robbed of thousands of dollars. He urged that the same situation is likely to occur at any time in any other city or town of the state, and contended that the people have a right to be protected against it.

Rep. Leslie replied that he believed it would be time enough to cross that bridge when it is reached. He pointed out that the mere threat of legislative enactment had been sufficient to cause the city authorities in Melrose to take back water, and he believed that such will be found to be the case in any future contingency which may arise.

He pointed out that the city of Boston is specifically exempted from the provisions of the bill and suggested the reason for the exemption was that it was feared that the opposition of the 50 Boston representatives would be too much to overcome. He declared that if the bill is bad for Boston, it is equally bad for the city of Quincy, and he offered an amendment to have his own city exempted from its operations.

This amendment prevailed on a voice vote, and after further debate the bill was rejected, its supporters being unable to even secure a roll-call.

WORKED THIRD DEGREE.

John Hancock Lodge of Odd Fellows received a fraternal visitation from America lodge of Roxbury Wednesday evening. There was a very large atendance of brothers of John Hancock and America lodges. The degree team of the visitors exemplified the third degree on two candidates. After the work of the evening there was an entertainment and refreshments were served.

EDITORIAL COMMENT.

There is one fault the critics of Boston papers cannot be accused of and that is sameness. They all agreed to disagree on certain plays this week and it was easy to see where the press agent stuff got by.

A noted batsman devotes three columns of space to tell some secrets of highfaluting batting which a Round ball player of the early sixties would blush to hand out as novelty evening in that early period of the game.

Every next fellow up is the best ever in the fighting game, and the same applies to the cowboy ringmaster or vaudeville artist whichever you choose.

And now there is a squabble over the statues to adorn the Boston City hall annex. If all the changes suggested are carried out the completed structure will look like a crazy door mat.

Another split is promised in the Republican party. If this keeps on there will not be even hair splitting left.

Judging form the reports which leak out from Washington the president is in complete control of the tariff situation which is some consolation to the troubled ones.

The suffraggettes after their first pageant experience in Washington, if all they say is true are lacking in good judgment if they attempt another such feat. In the first they gained a moral victory. In another they may lose all they have gained. Better let well enough alone. Too much of one thing is not good for anything.

It was a close call in the house for woman suffrage to go to the people and on the whole there is no reason why the people are not the best judges of the measure.

The East extends its hearty sympathy to the middle west in the terrible hour of ruin, death and disaster.

Chairman Sullivan says the finance commission does not bring prestige. Maybe not but it brings to the chairman a regular salary and then a chance once in a while to get at some people.

That claim of alleged grafting in Boston, on the New York plan, seems to have fallen through completely. Not a whisper about it for some months.

If it took five years for the Railroad commission to decide on two grade crossings, how long would it take the same body to build the line from Boston to Quincy?

And some inhuman mortal had the temerity to attempt to raise the price of food in the stricken districts.

Representitively speaking Quincy is evenly divided upon the woman suffrage question and the senate don't count.

Gov. Sulzer says he is not a rubber stamp or any body's hostage. He is the governor. More power to him, may he live up to the part and the people will be with him.

Has anybody taken a run around the Eaton house since Wednesday?

STRICKEN BUT NOT CRUSHED.

Out from the great middle west at this time comes the appalling intelligence of death, wreck, devastation and disaster which it is in no wise possible to fully measure at this time. The ruin and desolation which were wreacked by the flooding angry waters may be even greater than the estimates now put upon them or they may be less. Time alone can determine this fact.

But that they struck a terrible blow at life and industry extending over a vast territory is beyond dispute. The meagre reports which have filtered out from the stricken zone tell enough of horror without more adequate details to convince every one that the disaster was enough to thrill and make the more fortunate, beyond the reach of its amazing grasp, grateful for deliverance from such a castrophe.

The Johnstown flood with its direful results, the San Francisco earthquake which shattered the Golden Gate and the Baltimore conflagration are brought to mind by this direful workings of the elements and at the same time quicken into distinctive prominence acts of heroism which marked the more recent tragedy of the Titanic.

From the chaos which must necessarily exist over such a vast expanse of territory many individual acts of heroism will be lost sight of in the innumerable incidents which occurred. That the people rallied so grandly after the first shock which nearly paralyzed their senses is only another of the many illuminating examples of the unconquerable American spirit.

Almost coincident with the calamity comes the appeal to the country for the aid which is so sorely needed. That the response will be general and generous is beyond question, judging from the past.

The Red Cross Society, corporations and individuals will offer of their energy and possessions to relieve the distress presented.

And again is the confidence in the country to respond to such appeals justified. The relief will be as speedy and efficient as human ingenuity can develop it.

While the sections of the middle west affected are rent and shattered and temporarily paralyzed by the events through which they have passed, they are not subdued.

Those places which have been almost wiped out of existence will rise from the ashes of their disaster to greater heights and importance in the world. The American energy and pluck will assert itself in rebuilding with the lessons of the past to aid them in guarding as far as possible against a disaster of similar appalling magnitude.

GROSS INHUMANITY.

It is with a shudder at the alleged christianity which finds itself in some places that the attitude of some of the provision dealers in one of the storm striken districts seized upon the destitution of the people and the lack of obtaining outside supplies, to raise the price of the provisions they had on hand. It is difficult to imagine such a situation, yet more so to have it presented in all its horrible reality. It is stifling in its expression of greed It is degrading in its conception. It is loathesome to contemplate and above and beyond all those things it is the most grossly inhuman and unchristian position which could be taken by a human being in a civilized country.

One can imagine the savage, placed in a precarious position hoarding the small possession which meant life. It is not difficult to pursuade one's self that the savage would be little inclined to share his meagre store under such conditions. But that a christian being in a civilized community, in this age, could possibly be influenced by thought of gain over his more unfortunate neighbors at such a time and crisis, is enough to make one doubt certain things which are offered to us in the name of faith and maybe some tradition.

It is one of the most disgraceful episodes which has ever been perpetrated in the name of trade and barter. It is a blot upon a community that could have harbored such creatures for so many years. No language is too strong to offer in condemnation of such a course.

Fortunately the mayor of the city was a man equal to the emergency, strong enough to seize the bull by the horns, big enough to say what he meant and mean what he said and with backbone enough to see that his orders were obeyed. Would that there were more of his type, in other places as well as at this particular town.

The Mayor immediately notified those Shylocks that he would take prompt measures to check their avarice on this occasion. He threatened them with prosecution to the fullest extent of the law if they persisted in their effort. There may be a law which reaches such remote cases and there may not, but in any case, the measure of this sturdy mayor would have been backed up, even if the law was stretched a little to carry the point. Such arrant selfishness, baseness, contemptible meanness and miserable desire to profit would have been checked by any means available and the law could settle the matter later and it is doubtful if there would be found a jury or a court who would have convicted a person of any offence or misdemeanor if the mayor had been called upon to use force to carry out his orders. Not the least doubt of it, but there is one thing certain that when that community again secures its proper place in the world those latter day Shylocks should be invited, not gently, but in terms that cannot be misunderstood that their further residence is not required, they are undesirable citizens.

SOCIALISTS HOLD RALLY

A. E. Reimer, Party Leader Discussed Issues

A mass meeting under the auspices of the Quincy division of the I. W. W. was held at Electa Hall, Tuesday evening. The speaker of the evening was A. E. Reimer, presidential candidate of the Socialist Labor Party. John Sweeney of Boston presided.

Mr. Reimer discussed the difference between the Detroit organization and the Chicago organization of which William Haywood, Ettor and Giovannitti are members. He spoke on the benefits of organization.

Several followers of the Chicago faction interrupted with explanations and lively debates ensued for a while. Practically all nationalities of the city were represented, many being employees at the Fore River yard.

The object of strengthening the Quincy division is to assist in a bettering of working conditions which they allege exist in Quincy.

Mr. Reimer told the following story about the man who sabotaged.

Once upon a time there lived a Barber in a city by the sea. In order to earn his daily bread, he labored ten hours every day. He shaved. He cut hair. He trimmed beards. He shampooed. He massaged.

The barber worked not for himself. He had a boss. The boss owned the shop.

And it came to pass that the barber heard a person speaking on a soap box. He showed how a barber might obtain the desirable eight hour day right away.

The next day, the barber wielded his razor and shears nimbly, for he was light of heart. And thus the day sped until the eighth hour had passed.

The first person who came in on the ninth hour was not released from the chair until sundry crosses marked the spot where the barber's hand had slipped. The shaved person lost pulchritude, blood and temper. And the boss spoke harshly to the barber. But the barber kept his counsel.

It so happened that the next person desired a hair cut. The barber cut. Afterwards the next person resembled a chicken which is moulting. And the boss cursed the barber. But he kept his counsel.

And a third person came and sat down in the chair of the barber. It was needful that his beard be trimmed. And it was. And it came to pass that one half of his cherished moustache was cut away. The third person waxed violent and the boss stormed. But the barber kept his counsel.

And a fourth sat down in the chair. His want was a shampoo. He got it. Not only his hair, however. His eyes were soaped. And when he breathed, he blew soap bubbles from his nostrils. He opened his mouth to remonstrate and it tdo became filled with foam. It was curious to see him grope around and sputter.

When the fourth had left, the boss exhausted his vocabulary. Then he asked what t'ell was the matter.

But the barber was unperturbed. He would not work after the eighth hour.

Why?

Sabotage.

And it was pay day for the barber.

And it came to pass that no other shop would give him leave to toil.

Moral: Sabotage will reduce the hours to Nil.

DANDRUFF GERMS ARE RESPONSIBLE

For Grey, Faded, Dry, Lifeless and Falling Hair.

No new, healthy hair can grow if your scalp is covered with Dandruff. Get rid of it at once with Hay's Hair Health. There is nothing so reliable, so sure to relieve the itching and irritation; to thoroughly cleanse the scalp of Dandruff. Get a bottle today, a few applications will remove Dandruff —restore the grey hair to its natural youthful color and bring back the vitality, lustre and beauty to your hair. Hundreds of people write us every day that Hay's Hair Health has been the only really satisfactory preparation that they have ever used for Dandruff and grey hair.

Your druggist will guarantee it.

Free: Sign this adv. and take it to the following druggists and get a 50c. bottle of Hay's Hair Health and a 25c. cake of Harfina Soap, for 50c.; or $1.00 bottle of Hay's Hair Health and two 25c. cakes of Harfina Soap Free, for $1.

WALSH DRUG CO.

PICTURE STORY MAINE BURIAL

A picture story of the last rites attending the burial of the U. S. S. Maine in Havana harbor formed one of the most impressive and interesting lectures ever delivered at the Park and Downs church.

The lecturer was Walter G. Dey, chief electrician of the U. S. S. North Carolina and the stereopticon was operated by S. B. Berkowich of the same ship who took the photographs displayed.

Mr. Berkowich was appointed official photographer by the government during the burial of the Maine and the funeral exercises of its dead.

The U. S. S. North Carolina was the ship that escorted the Maine to its watery grave and brought the bodies of the sailor dead to Washington.

The lecture opened with scenes on shipboard showing the life of the sailors at work and play. The different parts of the ship and various details of the men were among the interesting views shown.

Between the two parts of the lecture a pleasing musical program was rendered. It included vocal solos by Mrs. Edith Cary Page entitled "The Swallows," "Recompense," "A birthday," "The cuckoo song," "Go not happy day" and "Beyond the dawn."

A trombone solo by Charles A. Richardson and a trombone and cornet duet by Mr. Richardson and Ernest Pletsch were also enjoyed. Miss Emily Bjorkman was the accompanist of the evening.

Part two opened with views of the funeral cortege of the unknown dead passing through Havana streets with its body guard of Cuban soldiers and U. S. sailors and marines.

The transferral of the bodies to the U. S. S. North Carolina and the pictures of the Maine's last plunge were very impressive.

Under tow of the Osceola the Maine was brought some three miles from Havana where her sea valves were opened and she plunged to her grave in 6000 feet of water thus closing one of the greatest international dramas of the world.

The funeral services at Washington and subsequent burial of the unknown dead at Arlington, Va., brought the interesting series to an end. In closing America was sung.

REV. FOREST J. PRETTYMAN

Rev. Forest J. Prettyman, a retired Methodist minister, has been appointed by the president as chaplain of the United States senate. He succeeds Rev. U. S. J. Pierce and will receive $1,200 a year.

VALUABLE GOODS SECRETED

One of the Musicas Makes Confession to Private Detective

New York, March 27.—A confession from Philip Musica regarding the alleged swindling of banks in this country and abroad by the hair importing firm of A. Musica & Co. of this city was obtained, according to a telegram received from New Orleans by a private detective.

The message stated that Philip Musica admitted that several hundred thousand dollars' worth of hair goods are secreted in this city.

Two Commoners Suspended

London, March 27. — Violent scenes attended debate on the government's proposed appropriations in the house of commons. William Moore, a Conservative, and Sir A. Markham, a Liberal, were suspended from the floor for defying the chair.

QUINCY BOY DIED ON SHIP

Enterprise Commanded by Admiral Joseph G. Eaton

SURGEON RESIGNED

A bit of local color is added to the famous Admiral Eaton case, when it is recalled that at the time the Admiral was in command of the training ship Enterprise, a Quincy boy was a cadet on the vessel. This boy was a son of James P. Clare of Quincy and contracted diphtheria while on vessel and died. At that time there was an official investigation and although Admiral Eaton was exhonorated the surgeon on the ship was forced to resign.

BURIED IN WEST MEDFORD.

The funeral of Miss Mabelle Reed, one of the most popular young ladies of Atlantic was held Tuesday afternoon from her late home at 279 Squantum street. The services were marked by the attendance of very many of the young friends, who came to pay their respects to her whom in life they had known and loved so well.

Miss Reed was buried in a white silk gown, the same which she wore at her graduation from the Cambridge Latin school. The services were simple and were conducted by Rev. Thomas W. Davison, pastor of the Memorial church at Atlantic, and the interment was at the Oak Grove cemetery, West Medford.

The services were attended by practically all of the members of the Y. P. S. C. E. of the Memorial church, with which she was affiliated as well as by many of the attendants at this church.

The floral tributes were very many and beautiful and included remembrances from practically all of the different branches of church activities, also floral wreaths and sprays from many of her Cambridge friends where she formerly resided and from friends in Atlantic.

THROW OUT THE LINE

Give the Kidneys Help and Many People Will Be Happier.

"Throw Out the Life Line"—

Weak kidneys need help.

They're often overworked—don't get the poison filtered out of the blood.

Will you help them?

Doan's Kidney Pills have brought benefit to thousands of kidney sufferers.

Read this case:

Mrs. George F. Flanagan, 36 Sixth St. So. Boston, Mass., says: "All I said about Doan's Kidney Pills when I publicly endorsed them two years ago still holds good. They cured a member of my family of backache and this person has recommended them at every opportunity since. The party of whom I am speaking suffered intensely from pains in his back and was finally told that his trouble was caused by disordered kidneys. Doan's Kidney Pills were then used and the contents of one box brought entire relief."

For sale by all dealers. Price 50 cents. Foster—Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doane's—and take no other.

Capital $150,000. Surplus $200,000

COST SCHOOL ADMINISTRATION.

The school department has recently compiled a statistical table giving the per capita cost of expenditures for books, stationery and school supplies in the cities immediately about Boston. In view of the fact that the budgets are now before the City Council this table will be of interest to parents and its figures which are authentic speak for themselves.

Comparative cost for Text Books and Supplies in the cities about Boston, based on the latest available returns:

City	Enrolment	Average number pupils belonging	Ratio of enrolled High School pupils to total enrolment	Total expenditure for books and stationery as per last report	Per capita expenditure for books and stationery based on average membership
Boston	114,165	101,021	1 to 8	$267,406	$2.67
Cambridge	16,439	14,946	1 to 8	27,822	1.86
Somerville	12,463	8,176	1 to 6.2	20,445	2.50
Brockton	9,497	9,088	1 to 7.5	23,156	2.55
Malden	7,155	6,647	1 to 7	12,022	1.81
Newton	7,524	6,888	1 to 4.4	17,630	2.56
Taunton	4,797	3,349	1 to 10.5	7,563	2.26
Everett	6,484	6,184	1 to 8	13,238	2.14
Chelsea	6,296	6,003	1 to 13	11,834	1.97
Waltham	3,269	2,983	1 to 6	7,202	2.41
Medford	4,578	4,257	1 to 6.3	9,501	2.23
Melrose	2,814	2,631	1 to 4	5,804	2.21
Beverly	4,371	3,596	1 to 6	10,772	3.00
Quincy, 1912	6,216	5,725	1 to 7.4	11,566	2.02
Quincy per budget estimated for 1913 by School Committee		6,000		$10,750	$1.79
Quincy per budget allowed for 1913 by School Committee		6,000		$9,250	$1.54

INDUSTRIAL SCHOOLS.

At both the Wollaston and the Quincy schools the boys of the eighth grade are now having their manual training lessons in their own buildings instead of going to the High school building every other week. The plan is working out with much success. The boys have partitioned off their room in the basment, will build their own horses and work benches and will then go ahead with such plans as the schools most need, as for instance apparatus for the playgrounds and such needs as may appear in the school rooms.

At the Willard school the special boys class is now doing a great amount of inside varnishing and painting which is greatly needed and have many other repairs in mind. It is the intention of the school department as soon as it may conveniently be done, to have all the manual training done in the grammar schools, under the direction of the regular teachers. Descriptive circulars, accompanied by pictures of the Industrial school and its work have been forwarded this week to the State Board of Education and to the National Society for the promotion of Industrial Education. These circulars are to be printed for public distribution by both the agencies referred to. The United States Bureau of Education is also preparing to send out a description of the school on its own account. It is worth noticing that the school has not lost a boy since it opened in September.

WOLLASTON SCHOOL.

The next regular meeting of the Parent-Teachers' Association will be held in the Assembly Hall, Monday evening, April 14, at eight o'clock. David H. Goodspeed, master of the Wollaston school will speak, subject: "Our School." It should prove a most interesting meeting to parents of the district and it is hoped that a large number will be present. The building will be open for inspection and drawings and school work will be on exhibition. There will also be a candy sale by the Benevolent Committee to raise money for charitable purposes.

Mr. Nolan visited the school on Tuesday and gave sample lessons in the Palmer System of Penmanship. At 4 o'clock he spoke to the teachers of both Wollaston and Massachusetts Fields schools.

The boys of the base ball team held a meeting Wednesday and elected James Isbester, Captain and Ronald Luster, manager. Wollaston will have a strong team again this year.

The "Band of Mercy" with Harold Ewertz, President, held exercises Monday morning. Several recitations and readings were given by pupils of grade 5.

MASSACHUSETTS SCHOOL.

Preparations are being made for the next meeting of the Parents'-Teachers' Association, the entertainment to be furnished by the pupils of grade VIII. Last year, they gave a short play which was very much enjoyed. The nature of the entertainment for Friday evening, April 25th, is still a secret, but all may be assured of a very pleasant time. Miss Taylor is in charge.

The pupils are very much interested in the new system of writing which has just been introduced. The Palmer system has been adopted by a large number of towns and cities and most encouraging results obtained.

The boys interested in base ball held a short meeting Wednesday afternoon and elected Waldo Fowler, captain, and Ira Gilliatt, manager, a number of the boys were on last years' team, Wetmore, Drew, Gilliatt, Fowler, Coupal, Thompson and Ranagan.

ADAMS SCHOOL.

The next meeting of the Parents' and Teacher's association will be on the evening of Thursday, April 3rd, when Miss Esther G. Barrows, of the South End House, Boston, will speak on "Amusement for School girls."

The Parents' and Teachers' Association assisted by pupils of the Adams school, are planning to give the play "Minerva's Mishaps" in Quincy Music Hall on tee evening of Tuesday, April 15th. The proceeds of the play are to be devoted to the decoration of the new Adams Schol.

The boys of Grade VI have formed a base ball team and have elected Paul Higgins captain. They are looking for games with other sixth grade nines in the city.

CRANCH SCHOOL.

The Parents' and Teachers' Association will meet on Thursday, April 10th. Mr. William W. Locke, of the Civic Service House, Boston, will speak on "The Juvenile Street Problem."

Mrs. George Pfaffmann will give a bird talk to the older pupils of the school Friday, April 4th.

Not a pupil in the school has been tardy since January 7th, more than eleven weeks.

The boys of the sixth grade have formed a baseball team and have elected William Deane captain. Tuesday night in a well played game they defeated the team from the Adams sixth grade by a score of five to two.

ANNUAL SUPPER OF FRAGMENTERS

First . Church People Enjoy Dinner and Entertainment

DR. HUDSON'S MESSAGE

The annual supper and entertainment of Fragment society of First church was held Wednesday evening in the chapel of the church The weather being anything but pleasant there was a good attendance of members of the society and parish for although held by the Fragment society it was in the nature of a gathering of the parish.

Supper was served at 6.30 in the dining room the menu consisting of cold meats, potatoes, served in various styles, rolls, salads, coffee, etc., and was of unusual excellence.

A social hour followed the supper during which a pleasing entertainment was given, opening with a violin and piano duets by Mrs. Thomas and Mrs. Charles Merchant of Weymouth.

Rev. Dr. Hudson, who has just completed his first year of service as pastor of the church reviewed the work of the year and expressed his pleasure at the support given him and the growth of the church in all branches. He spoke of next year being the 275th anniversary of this ancient church and hoped every one connected with the church would work together with a will and welcome the anniversary free from debt and an even larger church family so that the church would stand for all that was best in the community and maintain its ancient traditions.

Prof. Charles Bickford was received with much enthusiasm in his reading of Carleton's "Over the Hill to the Poorhouse," and responded to two encores, both of which were equally enjoyable.

A fitting climax to the entertainment was an original sketch written by Erastus Osgood entitled "The Widow's Strategy" capitally acted by the author and Mrs. Isabelle Davis. The widow having a daughter named Dolly and also a horse by the same name, and the detested neighbor, a son in love with the daughter and wanting to buy the horse, led to ludicrous complications when the farmer tried to bargain with the widow for her daughter for his son Needless to say the widow won out as the curtain went down amid the applause of the audience.

WHY A BASEBALL CURVES.

For the Same Reason That an Open Door Slams In a Draft.

All have wondered at some time or other why a door opened nearly to the limit will close when there is a draft or wind going through the opening. Certainly the wind does not get in behind the door and shove it, for the draft is through the opening.

The explanation of this fact lies in a fundamental principle of moving fluids and is the same principle that makes a baseball curve. Whenever there is a current in the air sidewise pressure is least in that current, so when the draft blows through the opening to the door the pressure on that side of the door is decreased, and consequently the pressure on the other side will start slowly to move the door, making it go faster and faster till the door swings into the draft itself and starts going in the direction of the draft. When it does so go in this direction of course the draft helps it along, because it is now not the sidewise motion that counts, but the forward motion.

When a ball is rotated in the air it carries around with it a good deal of air sticking to the sides. This, then, is the same thing as saying that a current of air is flowing round the rotating ball in the direction of rotation. Now, if a wind blows against that ball it is easy to see that the little rotating current will be with the wind on one side and against it on the other, so that on one side the velocity of the air will be increased and on the other diminished. So the greater pressure on the slow side will shove the ball against the low pressure on the fast side. Now, throwing a ball in the air is the same as making a wind blow against it, so if a ball be thrown and rotated at the same time it will necessarily curve.—Chicago Record-Herald.

The ice dealers of Quincy announce that on and after April 1st the price of ice until further notice will be 40c per cwt. for family trade; 35c per cwt for stores taking less than 300 lbs a filling; 30c per cwt. for stores taking from 300 lbs to 2000 lbs. a filing, and 25c per cwt. for stores taking 2000 lbs or more a filling.

A LEAP FOR LIFE.

It Saved Him From the Bear, but Trapped Him In Midair.

STILL HIS LUCK HELD GOOD.

Swinging From a Broken Cable, With Death Almost Certain on the Floor of the Rocky Canyon Far Below, He Took a Desperate Chance and Won.

Some persons have more than their fair share of adventure. Of this fortunate—or unfortunate—class is Mr. W. G. Gilbert, the hero of an extraordinary experience told by Mr. R. D. Strong in the Wide World Magazine.

Mr. Gilbert had been exploring an unfrequented cave high up in the side of a deep canyon in Yellowstone park when he suddenly came upon a huge silver tip bear that showed unmistakable signs of displeasure at being disturbed. The man dashed out of the den, with the snarling bear close at his heels.

The face of the canyon was almost a sheer precipice. To try to run down it was certain death, for if he did not make a misstep and go tumbling to the bottom before he had gone a hundred feet the bear would almost instantly overtake him. Despairingly he looked about him.

A short distance away was the platform of an old aerial tramway that had been used to carry ore across the canyon to the other side. One of the big iron buckets in which the ore had been carried still swung on its two little wheels from the rusted wire cable eight or ten feet out from the platform—just out of reach. It offered the only available means of escape, however, and the hunted man took the chance.

With a shrill cry, for the bear was almost upon him, Gilbert sprang forward and, with every muscle set, leaped out from the platform toward the bucket, the edge of which he just managed to grasp with his fingers.

He struggled hard to raise himself and climb in, but for a long time the swinging bucket thwarted every effort. Finally he got a leg over the edge, laboriously clambered in and sank exhausted to the bottom.

Balked of his prey, the angry bear began to claw and tear at the slender cable. In some way the animal touched the big wheel over which the cable ran. The wheel began to turn, and, as it turned, the bucket, with its human freight, ran rapidly down the cable, swaying and swinging as if about to turn over.

Suddenly there was a tearing, snapping sound, and several strands of the rust eaten, weather beaten cable parted. The bucket sagged downward sickeningly.

Looking out, Gilbert saw that only half a dozen strands now sustained the weight of the bucket. If they should part he would be dashed down upon the rocky bottom of the canyon, fully 200 feet below.

It was a serious predicament. The cable might part under his weight at any minute, or the bear might strike the twisted wires a hard blow, which would almost certainly break them. He could not pull the bucket along, for the guide cable overhead had disappeared years before. Although there was little hope that any one would hear him in that remote and lonely region, he shouted aloud for help.

Fortunately for Gilbert a party of men passing near by heard his call and hurried to his rescue. But when they saw his plight they were at a loss how to save him. At last one of them jumped on his horse, dashed back to the outfit wagon and returned with several long fish lines and all the rope he could find.

In a few minutes he had whittled out a rough bow and arrow. After tying the fish line to the arrow he shot the latter up and over the bucket. Then Gilbert pulled up the rope which had been fastened to the line and tied it to the cable.

It was a desperate chance for life, but it was his only one. Carefully, without a single unnecessary motion, he stood up in the bucket, grasped the rope, clambered over the side and began to lower himself.

Slowly, foot by foot, he came down. The hearts of the men below almost ceased to beat as he covered a quarter of the distance, then a half, then three-quarters, then all! As he reached the ground they gave a hearty cheer that woke the echoes far and wide, but Gilbert did not hear it. He had fallen in a swoon the moment his feet touched the earth.

Curious Loan Clubs.

Loan clubs have sometimes very peculiar rules. One that flourished recently in north London had a rule compelling each member to borrow £5 every year or in default pay a fine of 5 shillings. Loans required the security of two fellow members, and the Gilbertian situation occasionally arose of a member being refused a loan for want of security and fined for not borrowing the money.—London Tatler.

Why Hair Turns White.

The color of the hair is due to iron which is picked up by the cells of the hair follicle in the little factory in the skin where hairs are made. As one gets older the little cells which work at manufacturing hairs grow weary, and they will not take up as much iron as they once did.—St. Nicholas.

Great works are performed not by strength, but by perseverance.—Johnson.

FIRST SESSION OF THE WILSON CABINET

This is the first official photograph of President Wilson and his cabinet, taken at the first session of the cabinet. In the background, from left to right, are: President Wilson; William G. McAdoo, secretary of the treasury; James McReynolds, attorney general; Josephus Daniels, secretary of the navy; David F. Houston, secretary of agriculture; William B. Wilson, secretary of labor; William C. Redfield secretary of commerce. In the foreground, from left to right: William Jennings Bryan, secretary of state; Lindley M. Garrison, secretary of war; Albert J. Burleson, postmaster general, and Franklin K. Lane, secretary of the interior.

VALUE OF GRASSES.

They Are In a Measure the Most Useful Plants In the World.

Probably the grasses are the most useful plants in the world. It may be that more than half the individual plants in the world are grasses. It is a great family of more than 3,500 species, embracing species that are so tiny that they hardly reach an inch in height and giant bamboos of the tropics that sometimes grow to be 100 feet or more.

Corn is a giant grass, and wheat, rye, oats, barley, rice and sugar cane are all grasses. Then there are millets, sorghum, Kaffir corn, broom corn—all grasses.

The number of species of grasses is enormous, yet we have adopted into our system of agriculture but a few sorts. In part that is due to the ease or difficulty of seeding grasses. Timothy grass, for example, is so easily sown and the seed so easily gathered that it is soonest set of any and has become the standard hay grass of northern climes.

In some regions of Kentucky blue grass is the almost universal pasture grass because it comes in of itself. In other regions with different soil (poor and lacking in lime) redtop has possession. Naturally the farmer follows the line of least resistance, yet it is by no means certain that he has adopted into his agriculture all the best grasses that nature has provided. Some day we shall do more toward using now neglected grasses.—Joseph E. Wing in "Meadows and Pastures."

The Glacial Epochs.

Several times in recent years it has been observed that great explosive volcanic eruptions (Krakatoa, Pele, Katmai) by charging the upper atmosphere in the isothermal region with fine dust have markedly diminished the amount of solar radiation received at the earth's surface. It seems evident, according to Professor W. J Humphreys, that the effect of this process must be to reduce the temperature of the air near the earth, since the dust scatters a great amount of the solar radiation. Thus a period of excessive volcanic activity, if long continued, would produce the thermal conditions of an ice age. The geological record is said to furnish evidence that such a period actually began shortly before the last ice age and has continued with diminishing intensity to the present time.

Changing Tastes In Perfumes.

Perfumes were in common use in the ancient world, but it is curious to notice how views have changed as to the pleasantness or otherwise of various odors. The smell of aloes is now considered disagreeable by the majority of people, but in the old days aloes, both as solid extract and as wood, formed a staple perfume or aromatic. Saffron, too, was the most popular perfume of the Romans and was much in favor in England until about the sixteenth century. But who would tolerate the smell of saffron about house or person nowadays?—London Chronicle.

The Old Time Foundry.

An auctioneer at a late sale of antiquities put up a helmet with the following candid observation:

"This, ladies and gentlemen, is a helmet of Romulus, the Roman founder, but whether he was a brass or iron founder I cannot tell." — St. Louis Globe-Democrat.

Fault of the Auto.

Hiram—The doctor says Ezra is suffering from autointoxication. Silas—Guess that's it, b'gosh! The feller acted jest like any one else until he got that automobile.—Judge.

Theatrical Note.

"Hist!" whispered the villain, creeping stealthily away.

"I expected you would be," rejoined the stage manager, with curling lip.

ADVERTISE IN THE LEDGER.

Crosse & Blackwell's
Imported Pickles and Jams
Just Arrived from England via Str. Kingstonian

Crosse & Blackwell's Pickles and Jams are acknowledged to be the finest and choicest of all makes. They are simply inimitable—unrivaled, and so truly delicious you will wonder how you ever got along without them.

The pickles, the spicy chow-chow, the snowy white onions and the capers—the very sight of them gives zest to the appetite, and as for a little side dish for soups, meats, game, fish and salads, they will please the most fastidious.

BRIEFS

Miss Marion L. Moorhouse, the cellist of Winthrop avenue, Wollaston, played with Edith Christie Miller for the D. A. R. in Keene, N. H. this week.

The many friends of Mr. Gene McCormick are always pleased to see his smiling countenance at the store of E. H. Doble & Co. on Copeland street where he has been a very faithful employee for several years.

The many friends of little May Erwin who is at Quincy Hospital will be pleased to learn that she is improving rapidly. The little girl figured in an auto accident some time ago.

Miss Helen Connor, the well known pianist has so far recovered from her recent operation at Quincy Hospital as to be at home. Miss Connor leaves this week for a long stay at Lexington where she hopes to fully regain her health.

MISS GREGORY BURIED.

The funeral of Isabella M. Gregory who died at the Quincy City Hospital March 24 in her 61st year, took place from her home 941 Hancock street, Wednesday morning. A high mass of requiem was celebrated at St. John's church by Rev. Fr. John J. Casey. Music was by the regular choir. Burial was in St. Mary's cemetery. The deceased was born in this city and leaves one brother and two sisters one of whom is Mrs. Henry Lavelle of Wollaston.

PUT UP BIRD HOUSES.

Now is the time to put up bird houses and nesting boxes. It would have been better to erect them last fall with a little warm material in the bottom of each, so that woodpeckers, nuthatches or chickadees could find warmth and shelter during the long cold winter nights. But where English sparrows are numerous they usually find and occupy such boxes in the winter, fill them up with nesting material early in spring and drive native birds away. If the boxes are put up now the native birds will have some chance to keep the sparrows out.

Let no one fail to put up bird boxes because of the expense. Any boy can make them and the material needed costs little if anything. The bluebird, martin, tree swallow, wren, flicker, chickadee, screech owl, and wood duck all nest naturally in hollow trees or cavities in tree limbs.

A hollow branch, five or more inches inside diameter, trimmed from an apple tree, may be made into several excellent nesting boxes by sawing it into sections each a foot or more long, nailing on each section a piece of board or shingle for a roof, plugging the bottom cutting a hole on one side near the top for the entrance and fastening it upright to a tree, a building or pole. Old tomato cans, small milk cans and even flower pots may be used in a similar manner if they be put up in the shade; otherwise the sun will overheat the young birds. A few shingles, bits of boards or any elongated small wooden box like a deep cigar box will make a nesting box that will last for one season or more. Pieces of slabs from the sawmill, nailed together to form a rectangular box, with height greater than width, will make an attractive rustic bird home.

Nesting boxes may be constructed from bark, if provided with a solid bottom and top to nail the bark on. Every nesting box should have a watertight top, but the bottom need not be so tight. The entrance hole should be not less than one inch in smallest diameter for a wren, one and one-half inch for bluebirds, two inches for martins, three inches for a flicker and four inches for a screech owl or wood chuck. The entrance may be round, square or oblong and it is better to have the roof just over it two or three inches to shed the rain. The costly boxes and bird houses made by manufacturers of such goods are better than most of the home-made ones, but they are not essential, as the birds usually are not fastidious, provided the box and the entrance hole are large enough and the domicile affords a safe shelter from sun, wind and rain.

Boxes built on the European plan and shaped internally like a woodpeckers hole are excellent. It is best to have some way of opening the box so that undesirable tenants may be readily evicted. The last annual report of the Massachusetts State Ornithologist which may be obtanied of the Secretary of Agriculture, State House, Boston, tells how troublesome English Sparrows may be disposed of.

ANNUAL MASQUERADE

Invitations are out for the annual masquerade party under the auspices of Manet Encampment I. O. O. F. to be held at Alpha hall this evening. One of the features of the affair will be the annual appearance of Manet encampment's famous band.

ANNUAL PARTY.

The annual concert and ball of the street railway employees union of the Quincy division of the street railway will be held at Music hall Friday evening.

DEATH ROLL NOW PLACED AT 3262

Lives Lost In Mad Rush of Waters In Ohio and Indiana

DAYTON REPORTS TWO THOUSAND DEAD

Sixty-Five Thousand People In That City Imprisoned In Their Homes or Business Buildings—Fire Breaks Out In Centre of City, Eight Buildings, Including Hotel, Being Burned—Many Marooned May Have Been Trapped by Flames—Director Bicknell of Red Cross on Way to the Stricken City—Assistance Called For by President Wilson—Railroads Suffer Heavily

Chicago, March 27.—Three thousand persons dead; between 500,000 and 600,000 homeless and property loss placed at $125,600,000. Such is the estimate of the flood's cost in the northern half of the Ohio river valley Wednesday and yesterday.

Any attempt at an accurate figure of the loss of life through Ohio and Indiana is futile, for with thousands of miles of miles of wires down, stretches of railroad half a mile long washed out, roads impassable and rivers and brooks running like torrents, verified details of what has happened in the stricken district are impossible to obtain.

Reports unconfirmed said that fourteen persons lost their lives in Fremont and fifty at Tiffin, O.

It was rumored in Indianapolis that 200 persons were drowned in West Indianapolis, but this number was later reduced. South of Indianapolis the flood is said to have caused death in a number of small towns and villages.

Fire at Dayton added to the financial loss caused by the flood. Early estimates, placing the damage in Ohio and Indiana at $50,000,000, were revised to show double that amount.

Railroad officials were authority for the statement that lines converging in Indianapolis would have to stand a loss of $25,000,000 in that city alone.

Railroads are chief sufferers from property damage. It is said by engineers and construction bosses preparing repair trains for the flood districts that strips of railroads more than half a mile each had been washed away in several places through Indiana. Concrete and iron bridges, their supports undermined, crumbled before the strength of the torrents hurled against them.

The loss through cessation of traffic cannot be estimate.

Following are revised figures of the dead as gathered thus far:

Ohio

Dayton	2000
Piqua	540
Delaware	100
Middletown	100
Sidney	50
Hamilton	12

ERNEST P. BICKNELL.

He Is Director of the American Red Cross Society

Fire Adds to Flood Terror

With 65,000 people imprisoned in their homes or in business buildings, the raging water rushing like mad through the streets and relief work attempted only at peril of almost certain death, Dayton can give no closer estimate of its dead than yesterday. That it is high, probably above 2000, now seems certain.

Last night another horror was added to the burden of the sufferers when the partly submerged business buildings caught fire, proving death traps to many who were huddled in them as prisoners of the flood. Eight buildings are known to have burned, among them the Becker House, in which which fifty persons are known to have taken refuge. No word of their fate can be had, and it is feared that their names have been added to Dayton's roll of dead.

Attempts to fight the fires were futile, for with a shortage of boats and none of a size to battle successfully with the swirling water, it was impossible to send aid to those who were trapped in the flaming structures.

City Under Martial Law

The fires, which had died down slightly about sunset, broke forth with renewed fury about 9 o'clock. Soon afterward notice was posted in the headquarters of the emergency committee announcing that the city was under "martial law," and several companies of soldiers arrived from neighboring Ohio cities. The soldiers were employed to patrol edges of the burned district and prevent further looting of homes freed from the flood's grasp.

Rescue squads worked frantically to throw back the veil that hides the true story of the Dayton disaster—the number of dead. Late last night the arrival of motor boats gave hope that today the northern section of the city, now cut off by the Big Miami's impassable barrier, may be penetrated and then may be learned the fate of hundreds imprisoned by the torrent that poured down from the broken reservoir.

The already overburdened victims of the water's wrath were compelled to suffer again yesterday in a cold, smarting rain.

The fire that appeared to threaten the business section last night was confined by the block bounded by Second and Tthird streets and Jefferson and St. Clair streets. In the block are the Fourth National bank, Lattiman Drug company, Evans Wholesale Drug company and several commission houses. It was impossible to get within two miles of the fire, and from that distance it appeared that the explosions, probably of drugs, made the fire seem of larger proportions than it was.

It was impossible to ascertain, even approximately, the number of persons who might have been marooned in this section and who died after being trapped by flood and fire. Nevertheless, rescue work went steadily on and about 3000 persons were housed in places of refuge.

Marooned Beg For Food

Dayton was practically cut off from wire communication until late yesterday afternoon. Then two wires into Cincinnati were obtained and operators plunged into great piles of telegrams from Dayton citizens, almost frantic in their desire to assure friends outside of their safety. Operators at opposite ends of the wire reported that thousands of telegrams were piled up at relay offices. These were from people anxious over the fate of Dayton kinsmen.

One message reported that the water at the Algonquin hotel was fifteen feet deep. From windows in the hotels and business buildings hundreds of the marooned begged piteously for rescue and food. The oarsmen said they saw no bodies floating on the flood tide, but declared that many persons must have perished in the water's sudden rush through the streets.

Encouragement was received in a message from the mayor of Springfield, O., who said he was sending six big trucks, loaded with provisions, that should reach Dayton early today. With the arrival of motor boats last night, it was hoped to begin to distribute provisions among the marooned today.

Fear Dam Will Break

Messages from the flood's prisoners in the business section said children were crying for milk, while their elders suffered from thirst that grew hourly. Volunteers were called for to man boats that will brave the dangerous currents in an attempt to get food to the suffering.

A report that the dam above Dayton threatened to break added to the city's terror. If the dam breaks it will hold up rescue work for days.

Oarsmen who worked in the outskirts of the business section reported that 250 persons marooned in the Arcade building and 200 imprisoned in the Y. M. C. A. building were begging for water.

A shortage of provisions was threatened yesterday afternoon when it was reported many relief trains bound to Dayton from neighboring cities had been stopped by high water. Every grocer in the city had been "sold out" before noon. It is believed that the relief trains may creep in today.

Many Dead In Columbus

With estimates placing the probable fatalities at from 100 to 150, Columbus is still being wrenched and torn by flood waters of the Scioto and Olentangy rivers. The scene of devastation on the west side was partly made visible yesterday to residents of other sections of the city for the first time in two days. Yesterday afternoon the isolation of the western section again became real when the last remaining bridge gave way before the torrents.

Besides the actual tragedies that have been enacted in connection with the flood in Columbus the most exciting incident occurred late yesterday at the announcement that the storage dam, several miles north of the city, had broken, sending a great flood to augment that of the Scioto river.

The scene that followed was one of wild panic in all parts of the city. Patrolmen, soldiers and citizens in automobiles, tooting horns, ringing gongs and calling through megaphones a warning to everyone to seek safety in the higher parts of the East Side, sent thousands in flight, while many, stunned by the supposed impending disaster, collapsed from fear or gave way to hysteria.

Two Thousand Marooned

A telephone message to Mayor Goetz of South Bend from Peru, Ind., says:

"There is no heat, no light, no water and sanitary conditions are horrible. Two thousand people are huddled on the courthouse square, which is three miles from the nearest dry land. The only motor boat has broken and it's too dangerous to venture into the raging torrent in rowboats. This makes it impossible for

the south send relief volunteers to get blankets and food to the sufferers."

Three Towns Wiped Out

The town of Metamora, north of Brookville, and the towns of Cedar Grove and New Trenton, south of Brookville, Ind., have been swept off the map by the flood, according to information which reached Indianapolis.

Logansport Under Water

Flood waters of the Wabash river are sixteen feet deep on the floors of the Pennsylvania railroad station at Logansport, Ind., and scores of people are marooned in an upper story. Cadets from the Culver military academy were rushed to Logansport and have begun work of relief and rescue.

HURRIES OFF TO DAYTON

Red Cross Director Will Lead Relief Work In Person

Chicago, March 27.—Hurrying to Omaha to assist in relief work in that city, Director Ernest P. Bicknell of the American National Red Cross society halted here in order to go to the flooded districts in Indiana and Ohio. He left for Dayton, O., and will endeavor to reach the stricken city by way of Terre Haute.

Director Bicknell left Washington Monday for Omaha and was not informed of the serious situation in Indiana and Ohio until he reached here. From Omaha he received word that relief work was well in hand. He then decided to go to the flood-stricken districts in Indiana and Ohio. Before leaving Bicknell arranged with officers of the United Charities to raise funds for the flood sufferers, and as a result several thousand dollars were subscribed within a few hours.

Scores of offers for clothing, provisions and furniture were received by the United Charities.

APPEALS TO THE NATION

President Calls For Immediate Relief For Flood Sufferers

Washington, March 27.—The following appeal in connection with the floods in the middle western states was issued by President Wilson:

"The terrible floods in Ohio and Indiana have assumed the proportions of a national calamity. Loss of life and the infinite suffering involved prompts me to issue an earnest appeal to all who are able, in however small a way, to assist the labors of the American Red Cross, to send contributions at once to the Red Cross at Washington, or to the local treasurers of the society.

"We should make this a common cause. The needs of those upon whom this sudden and overwhelming disaster has come should quicken everyone capable of sympathy and compassion to give immediate aid to those who are laboring to rescue and relieve."

The president also dispatched the following telegram to Governors Cox of Ohio and Ralston of Indiana:

"I deeply sympathize with the people of your state in the terrible disaster which has come upon them. Can the federal government assist in any way?"

SUFFER ENORMOUS DAMAGE

Railroad Losses Will Run Very High Into the Millions

New York, March 27.—Conservative estimates of the damage to railroad property in the flooded middle west, plus the loss entailed by the suspension of traffic, range from $10,000,000 to $15,000,000, and it is admitted these figures may be exceeded by several millions. This is the opinion of railroad men expressed here.

Never in the history of the United States has there been such a complete tie-up of railroad traffic as now exists in Ohio and Indiana. Floods have frequently stopped traffic on individual railroads in the territory now affected, but in such instances train service has been maintained by using the tracks of other roads.

In the present situation, however, although Ohio is covered with a veritable network of tracks, only one road in the state—the Lake Shore, in the northern part—was able to run through trains, according to reports received at railroad offices here. At the office of the Erie railroad it was estimated that it would be over a month before traffic could be restored to normal.

The Erie's tracks between Chicago and Salamanca, N. Y., are out of business, and fifteen passenger trains are stalled between those two points, all of them fortunately at large towns.

At the executive offices of the "Big Four" it was stated that washouts and collapsed bridges had tied up the line between Terre Haute, Ind., and Cleveland.

The Hocking Valley division of the Chesapeake and Ohio is cut in two at Columbus.

The "Big Four" is loading its threatened bridges in the flood district with coal and freight cars in the hope of saving them, but in many places the waters are pouring over the tops of the cars.

At Tiffin, O., thirty-four miles south of Sandusky, seven houses are jammed against the railroad bridge there, but in spite of its load of freight cars, it is feared the bridge will not hold.

Water covered the tracks all the way from Dayton to Cold Springs, O., nineteen miles east, and thousand of feet of track were washed out entirely. Washouts 500 feet in length were reported between Dover and Sprinigfield, O.

OMAHA DEATH LIST 131

Rich Men Plan an Aid Corporation to Rebuild the City

Omaha, March 27.—A public appeal sent out by the Commercial club says 542 homes were wrecked, 1669 damaged and 3170 persons made homeless by the tornado.

With the deaths yesterday of three of the victims of Sunday night's tornado the death list in Omaha alone is now 131.

At the request of Mayor Dahlman of Omaha 400 tents, sufficient to shelter 2000 people, were sent from the army posts at St. Louis to Omaha for tornado victims.

Plans for the building of the city are already under way. A movement to form a corporation for the purpose of aiding those who need help has already been broached by several men who are in position to afford such assistance.

Commissioner Ryder, who is in charge of the temporary relief work, realizes that the greatest stress will be felt within the period when reaction from the immediate shock is noted.

Military law has been strictly enforced within the storm-stricken area. Looting has been prevented by the stern command to shoot on sight.

Tenders of sums aggregating a million dollars are in the hands of the city commissioners. These offers came from nearly every section of the country and were made unconditionally.

Prompt Response In Bay State

Boston, March 27.—An appeal to the citizens of Massachusetts to come to the relief of the flood sufferers was issued yesterday by Governor Foss, as president of the Massachusetts Red Cross. The appeal is signed also by directors of the state Red Cross

As a result of the appeal, which was drawn up at a conference called by the governor in his offices yesterday afternoon, $19,400 has already been forwarded by Gardiner M. Lane, treasurer of the Red Cross, to the national headquarters in Washington. The four leading contributors in the fund are Lee, Higginson & Co., Kidder, Peabody & Co., Stone & Webster, and the United Shoe Machinery company, each of which contributed $2000.

Michigan to Aid

Detroit, March 27.—Relief work for the Ohio flood sufferers is well under way in Michigan. Governor Ferris has ordered all available national guard tents, cots and equipment sent to Dayton as soon as possible.

COWBOY LIFE WELL PICTURED

Clergyman Who Went West Tells His Experiences

IN CHURCH LECTURE

The "round-up" in the course of lectures at the Hall Place M. E. Church during the winter months occurred Wednesday evening when Rev. L. H. Bugbee, D. D. of Malden gave an amusing and interesting lecture on "Life as a Cowboy." Dr. Bugbee gave a fine account of his own experiences as a "cow puncher" in Montana where he went upon advice in search of health, back to the heart of nature for the strength and vigor which only nature can give.

From the time he alighted from the train, a pale, thin, nervous, tenderfoot preacher of the East until he left that "wild woolly West" where man practically lives in the saddle, a strong invigorated man ready for his arduous duties in the East again, his life was full of varied experiences.

Truly the life of a man who has been carefully fed, enjoyed all the luxuries of our modern Eastern cities is a hard one when he goes into that land where everything tends to draw out his real self; test his mettle where he must stand on his own resources.

Some of his experiences while amusing to relate now were painful realities then. One in particular, practically his first in that land, heartily entered into, it must be confessed more heartily departed from, the one in which his mettle was really tested, occurred but a few days after his arrival in camp, when as he afterwards learned by pre-conceived plans of his companions he started to ride the worst horse in camp. O'er moor and fen, o'er crag and torrent, from morning until noon and from noon until night that horse went, never stopping never pausing, the tenderfoot feeling as though his entire body had been disjointed and thrown into a sack, casting furtive glances over his shoulder every now and then to make sure that the bones were not being lost on the way. It was many days before he again tried his experience, for he neither cared to get up or sit down and after once getting up it was a long time before he dared to sit down. His experiences in trying to ride a horse named after the eminent statesman James G. Blaine was anything but thrilling and althought on his first mount he was able to overcome the animal he many times had to "bite the dust" in his dealings with this particularly vicious evil-eyed horse.

Dr. Bugbee told in his characteristic way of the many things that happened to him.

He called particular attention to the code of honor existing among these rough men, honesty and truthfulness being required from all and of their faithfulness to a trust.

He also stated that "the pies that mother used to make' were not in it with the pies that Sam used to bake, Sam being the cook for the ranch.

At the close of the lecture Rev. A. A. Brown at the request of the pastor told of his experiences in Montana and then spoke concerning the great floods in Ohio and Indiana. Mr. Brown is a resident of Youngstown, Ohio, which is reported as being in the flooded district, but he is in town on account of the serious illness of his brother.

The course of lectures this year has in every way equalled that of last year.

Despite the rainy weather a good number were present. The course has been a very profitable one both from a social as well as financial point of view.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Mortgagee's Sale of Real Estate.

By virtue of the power of sale contained in a certain mortgage deed given by Charles M. Conant of Sharon in the County of Norfolk and Commonwealth of Massachusetts to Nathan H. Glover of Boston in the County of Suffolk and said Commonwealth, dated September 25, 1909 and recorded with Norfolk Deeds, book 1122 page 163, for breach of the conditions of said mortgage and for the purpose of foreclosing the same, will be sold, as a whole, at public auction on the premises hereinafter described and near the corner of Atlantic and Wadsworth Streets hereinafter mentioned, on MONDAY, the twent-first day of April, 1913, at two-thirty o'clock in the afternoon, all and singular the premises conveyed by said mortgage deed together with the improvements thereon (other than the barn hereinafter mentioned,) except the portions thereof heretofore released from said mortgage, said premises so to be sold being described substantially as follows:

A parcel of land situated in that part of Quincy in said County of Norfolk called Atlantic and bounded as follows: Westerly by East Squantum Street one hundred eighty-one and 1-10 (181.1) feet; Southerly by land formerly of Appleton eleven hundred sixty-six and 71-100 (1166.71) feet; Easterly by the Quincy Shore Reservation five hundred and five and 52-100 (505.52) feet; Northerly by the extension of Atlantic Street nine hundred seventy-five (975) feet; Westerly by the centre line of a proposed street called Wadsworth Street three hundred seventy-four and 43-100 (374.43) feet; and Northerly again by the centre line of a proposed new street to be called Billings Street, two hundred and fifty (250) feet, said centre line being curved as shown on "Plan No. 2, of Building Lots at Atlantic, Quincy, Mass., owned by Chas. M. Conant" drawn by Edm. Grover, C. E., August 1909 and recorded with said Deeds, plan-book 53 plan 2541, which plan is identified by the signatures of Charles M. Conant and Nathan H. Glover, excepting, however, the portions of said parcel heretofore released from said mortgage, to wit, lots numbered two (2), ten (10), eleven (11), twelve (12), thirteen (13) fourteen (14), twenty-six (26), thirty (30), thirty-five (35), thirty-six (36), forty-six (46), forty-seven (47), forty-eight (48), fifty (50), fifty-three (53), fifty-five (55), eighty-eight (88), ninety (90), ninety-four (94), ninety-five (95), ninety-six (96), ninety-seven (97), ninety-eight (98), one hundred two (102), one hundred three (103), one hundred four (104), one hundred nineteen (119), the westerly one-half of one hundred eighteen (118) and the portions of the streets to the centre lines thereof in front of each of said lots so released, all as shown on said plan. Together with the benefit of all restrictions of record on the use of said lots imposed by the releases given by the said Glover.

Said premises will be sold subject to unpaid taxes, assessments and sales for taxes or assessments, if any. Also subject to all rights, if any, in the portions of said premises shown as streets on said plan, of record in the said releases given by the said Glover. Also subject to the easements, if any, of the City of Quincy, relating to sewers, in the portions of the said premises shown on said plan as Quincy Shore Reservation, Atlantic Street Hovey Street, Billings Street and Wadsworth Street. See said Norfolk Deeds, book 1141 page 136 and book 1210 page 8.

The barn referred to in said mortgage and partly on the portion of said premises near said Wadsworth Street will not be sold.

$500.00 will be required to be paid in cash at the time and place of sale and the balance at twelve o'clock noon ten days thereafter at the office of Paul M. White, Room 328,60 State Street, Boston, Mass..

Nathan H. Glover, Mortgagee
Paul M. White, Solicitor for the Mortgagee, 60 State Street, Boston, Mass.

Commonwealth of Massachusetts

Superior Court. Norfolk, ss.

To the Honorable the Justices of the Superior Court to be holden at Dedham within and for the County of Norfolk:

Respectfully libels and represents Maria Olivari of Quincy in said County that she was lawfully married to Antonio Olivari now of parts unknown at Radicena, Kingdom of Italy on the fourteenth day of October A. D. 1899, and thereafterwards your libellant and the said Antonio Olivari lived together as husband and wife in this Commonwealth to wit, at Quincy from April 1906 to May 1908; that your libellant has always been faithful to her marriage vows and obligations but the said Antonio Olivari being wholly regardless of the same at Quincy on Tuesday the twelfth day of May A. D. 1908, did utterly desert your libellant and said utter desertion continued for three consecutive years next prior to the filing of this libel.

Wherefore your libellant prays that a divorce from the bonds of matrimony may be decreed between your libellant and the said Antonio Olivari and your petitioner further prays that her minor son Guiseppe Olivari born September 24, 1903 be committed to her care and custody and for such other orders and decrees as to your Honors shall seem meet and as justice may require.

Dated the tenth day of March A. D. 1913.
Maria Guiseppa Baldacchini Olivari.

Commonwealth of Massachusetts.
Norfolk, ss. Superior Court.

On the foregoing Libel, it is ordered that the Libellant give notice to the said Antonio Olivari the Libellee, to appear before the Justices of this Court, to be holden at Dedham, within and for said County, on the first Monday of May next, by causing an attested copy of said Libel, and of this order thereon, to be published once in a week for three successive weeks, in the Quincy Daily Ledger, a newspaper printed at Quincy in the County of Norfolk, the last publication to be fourteen days at least before the said first Monday of May next, and further, by sending through the mail, as soon as may be, by a registered letter addressed to the last known residence of the said Antonio Olivari an attested copy of said Libel and of this order thereon that the said Antonio Olivari may then and there show cause why the prayer of said Libel should not be granted.

By the Court,
March 19, A. D. 1913.
LOUIS A. COOK, Clerk.

A true copy of said Libel, and of Order thereon. Attest,
R. B. WORTHINGTON,
Assistant Clerk.

JOHN CASHMAN DIED OF SHOCK

Stricken at Portland. He Never Rallied From the Effects

PROMINENT BUSINESS MAN

John Cashman, for upwards of 40 years one of Quincy's most active and energetic business men passed away shortly after 3 o'clock this morning at his home 137 Cross street, 64 years, the immediate cause of his death being due to a shock. Some three years ago he sustained a slight shock but recovered. Three weeks ago while in Portland, Me., on business, he had another shock. He immediately became seriously ill and as soon as it was possible he was removed to his home in Quincy in a special car which was taken from Portland and which was stopped on the Granite branch within a few feet of his home. Since then he has gradually failed and but very slight hopes were entertained for his recovery.

John Cashman, well-known citizen dead.

There were few more active business men in Quincy than Mr. Cashman. He was born in Ireland, coming to America with his parents when about one year of age. His parents settled in what was then South Scituate, now known as Norwell. Here he spent his early youth coming to Quincy at the age of 19 years. He found employment at the granite plant of John Q. A. Field with whom he remained for a number of years.

Finally he bought a horse and engaged in business for himself, as a contractor and bridge builder. Early in his career he secured the contract for a bridge fom the Boston & Albany railroad. From that time on he was constantly employed building bridges for that railroad without being asked to enter into competition with other concerns and many New England bridges of today stand as a monument to his skill and energy. Mr. Cashman was a splendid example of the self-made man, the product of pluck, endurance and perseverance. He was of the rugged type of character that easily command respect wherever he went.

In addition to his business as a contractor he was interested in several other business enterprises, being president of the Quincy Electric Light & Power Co., owner of the Bay State Dredging Co., which he purchased several years ago, and a large quarry at West Quincy.

He was one of the most prominent members of St. Mary's parish at West Quincy and when work was commenced on the basement of the new church he contributed the granite used in its construction.

He is survived by a widow, three sons and four daughters, James who resides in Burlington, Vt., John who resides at home, William of Dorchester, Minnie, wife of Dr. Daniel B. Reardon, Addie, wife of John W. Dalton, Sandwich correspondent of the Boston Globe, Helen and Beatrice who reside at home, the last named being employed in the State House in Boston.

He had one other son Henry who died suddenly at Houghs Neck about three years ago.The death of this son was a severe blow to Mr. Cashman and he has never been the same since that time. He also leaves one brother, William Cashman who is in the coal business.

He was a member of St. Francis Court M. C. O. F.

McCAULEY STRUCK BY MOVING TRAIN ON DANGEROUS LIST AT HOSPITAL

Crossing Track at Beale Street When Late Cape Cod Express Came Along

Engineer Did Not See the Man Until the Engine was Almost On Him

William McCauley of 14 Hamilton street, Wollaston was struck by an inbound express train under the Beale street bridge near the Wollaston station, Wednesday evening, and lies on the dangerous list at the Massachusetts General Hospital.

McCauley is thought to have alighted from the 6.16 train from Boston due at Wollaston at 6.31 and was crossing the inbound track when hit by train 5212.

This is a Cape train and runs express from Brockton to Boston. It was due to pass Wollaston at 6.25 but was a few minutes late.

The engineer had slowed down for the outbound train and the express was moving very slowly when McCauley was hit. He was dragged but a shor distance as the engine was stopped within its length.

The injured man was placed in the baggage car where a superficial examination was made by Dr. William G. Curtis of Grand View avenue who had been hurriedly called.

The train made full speed for Boston where an ambulance from the Massachusetts General Hospital was waiting. At the hospital his injuries were pronounced dangerous.

McCauley is a ship builder by trade and left Wollaston this noon to go to New York in search of work. He was expected to have left Boston for New York on the 6 o'clock train, and when his family were notified of the accident they could scarcely credit the story.

The only conclusion they can come to is that he lost the train and was coming back to Wollaston for the night.

McCauley is slightly hard of hearing and it is thought he did not hear the approaching inbound train. As the space underneath the bridge is very dark the engineer did not see him until within 20 feet.

McCauley resides at 14 Hamilton street, Norfolk Downs with his wife and infant child.

From the Massachusetts General Hospital at 2 o'clock today it was said that McCauley passed a comfortable night and that he was doing as well as could be expected, although still on the dangerous list.

METAL WORKERS STRIKE SETTLED

Satisfactory Adjustment Reached After 11 Weeks

MEN RETURN NEXT WEEK

It is announced that the trouble between the Fore River Shipbuilding Co. and the Allied Metal Trades council was settled by National President James O'Connell at his conference with the company Tuesday. Just what the terms of settlement were is not given out. It is understood however to have been satisfactory to both parties and that it is expected that the men will return to work the first of the week.

FALL OF THE INCAS.

Fate of the Great Race That Has Left Only Traces Behind.

What became of the people who built the Cuzco ruins? Were they the ancestors of "those stolid and downtrodden Indians whom one sees today peddling their rude wares in the market place of Cuzco?" Mr. Bryce discusses the question in his "South America." He says:

"The sudden fall of a whole race is an event so rare in history that one seeks for explanations. It may be that not only the royal Inca family, but nearly the whole ruling class, was destroyed in war, leaving only the peasants, who had already been serfs under their native sovereigns. But one is disposed to believe that the tremendous catastrophe which befell them in the destruction at once of their dynasty, their empire and their religion by fierce conquerors, incomparably superior in energy and knowledge, completely broke not only the spirit of the nation, but the self respect of the individuals who composed it.

"They were already a docile and submissive people, and now under a new tyranny, far harsher than that of rulers of their own blood, they sank into hopeless apathy and ceased to remember what their forefathers had been. The intensity of their devotion to their sovereign and their deity made them helpless when both were overthrown, leaving them nothing to turn to, nothing to strive for.

"The conquistadores were wise in their hateful way when they put forth the resources of cruelty to outrage the feelings of the people and stamp terror in their hearts."

GREAT BOWLING BY WEYMOUTH

Crossed the 1500 Mark in Match with City Square

OTHER BOWLING EVENTS

The Old Colony and Wollaston Tennis leagues bowled Wednesday evening.

In the former at the City Square alleys, Weymouth beat City Square 3 to 1. Bean of the losers was high with three strings, 87, 123 and 128 for a total of 338. This is the first time this season that Bean has shown such form. In past matches an uneven break in the luck netted him scores bordering around the century mark.

In the Wollaston Tennis Club rolloff at the Coliseum alleys, D beat E 4 to 0, A beat E 3 to 1, B by a narrow margin beat C 3 to 1.

Estes was high with a single of 113 and a total of 294. The closest match was between teams B and C. B won the first string by one pin, lost the second by five, lost the third by two and missed the pinfall by six pins. The summaries:

GYMNASTIC EXHIBITION

Y. M. C. A. Classes Indulge in Some Lively Feats

BASKET BALL POSTPONED

The third annual gymnastic exhibition of the Boys Department of the Y. M. C. A. was held Wednesday night with over 75 boys from the junior, student and employed boys classes taking part. The program began at 8:00 o'clock and was finished, with exception of the basketball games at 9:45.

The various phases of the work in the different classes was shown and several special events were also held. The Special flying rings and high-jump contest between Leon White, Sturgis Hunt, Oscar Djerf and George Peterson was the spectacular event of the evening. Djerf and Peterson went out when the bar was raised to 8 feet but Hunt and White cleared the standards and when the stands were placed on chairs each man also made a leap over 9 feet 6 inches.

The Junior Class maze run brought forth quite a novelty for the lights were turned out and each boy was supplied with a small flash light. Different figures were executed on the floor and when the wind up or "jelly-roll" as it is called, the effect was very pleasing. About 50 boys took part in this exercise.

The double wand drill was also a new stunt and the members of Student and Employed Boys classes made quite a hit with their different figures.

The chariot race between the Yale and Carlisle teams resulted in a victory for Carlisle. In the wand race Dartmouth had quite a lead over Princeton until the last lap when the Dartmouth boys took a tumble and Princeton made a grandstand finish, the race ending in a dead heat.

The Quincy Juniors took the measure of the Clapp Memorial boys in a close and exciting basket-ball game, the score ending 10 to 9. Davis and Johnson were the stars for Quincy while Riley excelled for the visitors. The game between the Students and Employed Boys was called at the end of the first half on account of the lateness of the hour and will be played off on Saturday night. The Students were leading by the score of 8 to 1 when the game was called.

MACKAY'S COURT RECORD BILL RETURNED WITH VETO BY GOV. FOSS

Has Merit and So Another Bill Along Similar Lines is Offered as Substitute

Providing That Probation Officers May Meet Fabricators

The bill presented to the legislature on the petition of John D. Mackay, Esq., of Quincy, providing that "in police, district and municipal courts the former conviction of a defendant shall not be communicated to the judge by the probation officer until the defendant has been found and declared guilty." was returned to the legislature, Wednesday with a veto message from Gov Foss.

That the bill had merit is evidenced by the fact that Gov. Foss, did not turn it down completely, but sent with the veto a draft of a substitute bill which met with the approval of the chief justice of the superior court of the state and the municipal court of Boston, both of whom did not approve of the original bill presented by Mr. Mackay.

Gov. Foss in his message said:

If the probation officer is forbidden to produce a record, the use of this humane statute must be greatly diminished, for the principal source of information for the court will be cut off.

"The law would also encourage a defendant to testify falsely in his own behalf. If he knows that the probation offier cannot testify to his record, no matter how bad, to impeach his testimony, a powerful restraint against mis-statements is removed.

On the substitute bill Gov. Foss says:

"The proposed bill prohibits probation officers from informing the court as to previous convictions of a defendant prior to the pronouncement of sentence, except that they may testify if necessary to impeach the testimony already given by the defendant, and providing further that probation officers may communicate to the judge in case of a prisoner arrested for drunkenness, the record of previous convictions within the preceding year."

BE SURE TO READ THE ADVERTISEMENTS IN TODAY'S LEDGER

THE QUINCY DAILY LEDGER

LARGEST **GUARANTEED** CIRCULATION IN THE CITY

Vol. 28 No. 74 | QUINCY, MASS., FRIDAY EVENING, MARCH 28, 1913 | PRICE TWO CENTS

WATER OF OLD BRAINTREE BASIN AVAILABLE FOR MECHANICAL USE

City Now Enabled to Reap Annual Revenue From Source Otherwise Going to Waste

Fore River Company will Use it. City Can Harness it in Emergency

Governor Foss has signed the bill which authorizes the City of Quincy to sell water from the old reservoir in Braintree for mechanical and manufacturing purposes, and the bill has now become a law.

The object of the bill is to enable the city to make use of a large volume of water which under the previous law it could not use for the purposes named, as the Metropolitan Water Board claimed jurisdiction over it.

The reservoir which is located in Braintree just over the Quincy line built by the old Quincy Water Co., and was the source of water supply for the city up to the time Quincy became a part of the Metropolitan water district. The water flowed from the reservoir by gravity to the pumping station at South Quincy from which it was pumped to the stand pipe on Penn's hill.

When the Metropolitan supply was turned into the city mains the use of the reservoir was abandoned, the old pumps sold and the revenue from the sale of water from the reservoir cut off. Two or three years ago the city sought to enter into a contract with the Fore River Ship Building Co. to use the water. At that time a contract was drawn up and passed by the City Council. This contract allowed the Fore River Co., at its own expense to lay a main from the old pumping station at South Quincy to its plant and the company was to be allowed a certain amount of water per year. Under the agreement the water was to be used only at the plant for mechanical purposes and could not be sold for domestic purposes.

After the contract had been passed by the City Council and signed by the Mayor and Fore River Co., the Metropolitan Water Board came forward and claimed exclusive control over the reservoir. Although it had a contract the Fore River Co., immediately released the City of Quincy from any obligation it might have been under by the contract.

The question has laid dormant since that time and the water in the reservoir has practically gone to waste since that time. It has frequently been brought up that the water could be used to advantage by the manufacturing plants at South Quincy which aside from furnishing a revenue to the city would reduce the amount the city had to yearly pay to the Metropolitan Board for water metered to the city.

Nothing however was done until this year when a petition and bill was presented to the Legislature by Mayor Stone under authority of the City Council asking for legislation that would allow the city to sell the water in the reservoir for mechanical and manufacturing purposes. As stated above this bill has now become a law.

Under the bill the water sold by the city from the reservoir shall not be considered in determining the amount of water used by the city. In other words it provides a source of revenue to the city without any expense for maintenance.

The act also provides that the city may at any time, when it is determined that the water in the reservoir is necessary for public purposes cancel any contract it may have made to sell the water for mechanical or manufacturing purposes, and the holder of the contract shall not be entitled to any damages or compensation by reason thereof.

The reservoir will probably be connected with the city mains and should an occasion happen as it did a year ago when the main supply at Milton burst, the water could be allowed to flow the city mains until the break was repaired.

The Samuel Hathaway Co., will show you samples of Alfred Peats prize wall paper, and quote a low price for paper hanging. Their new store is on Revere road near Washington street.

ODD FELLOWS' ANNIVERSARY

Manchester Unity Lodge Observed its Tenth Year

The tenth anniversary of the Loyal Pride of Granite lodge, I. O. O. L., M. U., was most fittingly observed Thursday evening by a supper and dance in Clan McGregor hall. An excellent supper was served from 8 to 9, after which dancing was enjoyed. The affair was well attended a sign of the popularity of the lodge in Quincy.

It is due to the earnest efforts of the following committee that the affair was so successful, Grace Ordway, N. G., Jane Lillie, P. N. G., Mary Worsdell, V. G., Mary Thomas, P. S., Lillian Smith, E. S., Katherine Cotter, Treas., Jennie Boutelier, Lucilla Caron,, Mary Williams, Jennie Morrison, Annie Denton, Katherine Mischler, Margaret Tite, Elizabeth Spargo, and Rose Caron.

MRS. JONES OBJECTED.

Mrs. Mabel Jones the complainant in the case of Frank Jones against whom a default warrant was issued by the court Thursday for non support takes exception to the alleged intimation in Thursday's Ledger that there was any evidence submitted in court Thursday. In court cases no evidence is given until the case is heard, and none was given in this case. The defendant was simply called and defaulted, the story as used was that which Mrs. Jones told in making her complaint.

QUINCY SWEPT BY HEAVY WIND AND DELUGED WITH FLOOD OF RAIN

Probably The Tail End of the Big Storm Which Devastated The Middle West

Quincy People Anxious for Relatives in Flood and Cyclone Zone

This part of the country was swept by a terrific gale, which is evidently the tail end of the cyclone which struck the middle west earlier in the week and produced such terrible havoc to life and property. As the people in this vicinity are hearing more of the area over which the middle west cyclone swept and he vast sweep of the flood which followed it, many are anxious for the safety of relatives who reside within the stricken zone. Many messages have been received at the Ledger office regarding relatives or friends of Quincy people who are known to live within the devastated district.

The local storm which had been simmering along for several days, broke in all its fury yesterday afternoon about four o'clock and continued with unabated fierceness until after midnight when the moon made its appearance and this morning the sun was shining and everything was tranquil, although the weather was cold.

The wind blew a gale from the north west and the rain came down in torrents, flooding the street and trees were denuded of branches at many points, several times the fire alarm sounded owing to crossed wires.

Much havoc was wrought by the wind along the South Shore. In Braintree a huge tree, some 20 inches in diameter, standing on Middle street in front of the residence of Eben Prescott, was uprooted and came crashing down nearly across the piazza of the Prescott house blocking the street. The greenhouse of George H. Arnold some distance away, was devastated by the gale, hundreds of panes of glass giving way.

The effect of the heavy rains was felt in all of the small streams and rivers about Boston. The Monatiquot river in Quincy from the Broad Meadows to tidewater was higher than at any time within the memory of the oldest residents.

Contrary to reports, no poles or wires were blown down in this city, and neither the telephone or electric light company were handicapped.

Miss Ruth Parker, daughter of Theodore Parker of Atlantic is living in the flooded city of Dayton, Ohio. She is the assistant physical instructress in the Y. W. C. A., a building in the heart of the affected district.

No word has been received from her and many friends fear that she was caught within the limits of the flood and is undergoing the sufferings coincident with the appearance of the waters.

Miss Parker is well known here and has been a frequent visitor. She has many friends who are anxiously awaiting definite reports. It is hoped that the daring investigators who courageously invaded the danger zone and found many safe who were supposed to be lost have her name in the large list secured.

Much anxiety is felt by William A. Richards, the monumental designer, for the safety of his mother and brother who reside in the flooded district at Zanesville, Ohio. Mr. Richards said this noon that his mother and brother resided near what is known as the Y bridge, which according to newspaper reports is twenty feet under water. His mother and brother live just back of this bridge and in a locality that is lower than the bridge so that he feels sure that their home has been swept away.

All efforts to get into communication with them have failed and he is anxiously awaiting some word from the stricken district of his relatives. He said that there was a dike near the bridge that was supposed to hold any unusual rise and that the flood must have been awful to overflow the bridge twenty feet.

Another Quincy man who has relatives in Zanesville is William Adrian of the Quincy Avenue Granite Co. He has a grandmother living in Zanesville and feels anxious for her safety.

William Warner of Quincy, a travelling salesman, has forwarded word from Dayton, Ohio that he has escaped the flood and hoped to be able to leave the city within a few days.

Among those who are awaiting details is Officer James White of the Metropolitan Police who has a niece, Mrs. May Young, in the stricken district. Mrs. Young returned there but a short time ago after a lengthy visit here.

FLOOD VICTIM OF WIRES LOSS

Home of Braintree Firm Representative Destroyed

FAMILY REPORTED SAFE

A. C. Garrett, travelling salesman for the shoe firm of Slater & Morrell of South Braintree, telegraphed the factory this afternoon that his home in Omaha had been wrecked in the recent cyclone and that members of his family had been injured.

Mr. Garrett is well known among the traveling shoe salesmen of Boston.

MERCHANTS AND CITIZENS AROUSED AT FLAGRANT VIOLATIONS OF LAW

Police Move in a Campaign to Wipe Out Objectionable Features in City Square

No Lounging in Front of Windows or Spitting Acrossor on Sidewalks

A campaign has been statred by the police department whereby all the objectionable features of City Square will be removed and further violation of the ordinances relating to loitering and expectorations in public centres will be no longer tolerated.

The move is the result of the complaints made by the merchants of City Square who for the past few years have been accepting conditions not conducive to health or good business appearances.

The merchants want protection for their patrons and because of the indifferent attitude of people blocking their entrances feel that they have been the sufferers. They assert that with the coming of the morning sun an organized gang of hecklers appear who lean against the windows and that the performance in continuous, irregardless of weather conditions.

Frequent complaints have been heard from pedestrians and people using the cars to the effect that it was not unusual to intercept the expectorations of men who seemed perfectly contented because of the comfortable position they had assumed against windows.

The orders take effect with the first violation. No effort will be made to interfere with people who stand on the curbing but the department will no longer tolerate a continuation of conditions which have been continuous without any concerted interefernce for some time.

AFTERNOON WHIST.

The G. L. Gill club, held a successful whist party in I. O. O. F. hall Thursday afternoon and souvenirs were awarded Mrs. Emma E. Marnock, Miss M. Lizzie Furnald, Mrs. B. Porterfield, Mrs. Wm. Thomas, Mrs. Maggie Birnie and the consolation went to Mrs. Sarah C. Williams. The highest score was 52 and the lowest 16.

PUBLIC INSTALLATION.

Rebecca Wiswell Tent, No. 53, Daughters of Veterans has been organized in Quincy. Officers have been elected for the coming year and they will be publicly installed at Electa hall, Monday evening.

EDITORIAL COMMENT.

The present silence of Senator McDevitt is marvellous. Too bad he did not think of it some weeks ago.

Massachusetts as usual will extend a bountiful aid to the stricken middle west.

In the death of John Cashman, Quincy has lost another of her solid and representative citizens. They can ill afford to be lost to any community.

March has not shown any inclination to assume a lamb like demeanor since it came in.

The Democrats do not tumble over each other in accepting that billet at the court of St. James. It comes too high.

The Boston fireman who married the girl whom he rescued from a blazing building, may be said to have plucked his bride from the burning.

When will the travelling public get relief from the crowded elevated cars in Boston during the rush hours?

In a certain city recently the announcement was made that a maiden lady would lecture before mothers on how to make a home and bring up children. Maybe the mothers might have a word to say on the subject themselves.

The legislature has evidently some hesitancy in tackling the gag law bill as they have put it over until next week. The quicker it is settled one way or the other the better for all concerned.

And now it is proposed to arbitrate on the America cup deed of gift.

We should like to know why under the simplified spelling money should not be spelled mone instead of mony. But on the whole few people will haggle over the spelling so long as the stuff comes their way.

Houghs Neck has been swept by rumors the past few days, which of course is something less dangerous than a tidal wave.

The terrors of a small pox would not keep the office seekers from their assault on the White House.

That old horse car line in New York has at last decided to give up the ghost.

Mexico with considerable nerve has decided to negotiate a loan. With its record of three shifts of presidents in one hour who is likely to sign the documents in the name of the nation.

President Wilson shakes hands with as much agility as he turns the back of his hand to the office seekers.

With another English coach there will be no need of Harvard undergraduates to turn up their trousers to get the London tango.

Warden Bridges and other officers oppose the reckless parole measures advocated and they are right. Some of the treatment suggested for prisoners is more like offering a premium for wrong doing than as a correction or restraint.

Many city's are planning to oppose the teacher's pension bill. Coming down to hard tacks there is no reason why the teachers should be barred from this plum more than other officials and on the whole the way it is carried on at present the abuse will reach such a stage that the people will demand a readjustment along sane business lines.

WRONG IMPRESSION.

The veto of the bill presented to the legislature by John D. Mackay, of Quincy to prevent records being put in against offenders has given rise to the belief that the originator of the bill aimed a blow at the probation officer. Knowing Mr. Mackay's views on the subject which he had under consideration, nothing could be furthest from his intensions. His aim was simply the humane one of giving the poor creature who had fallen a chance to make good without having a record blazoned to the world. If the defendant attempted to testify to direct and deliberate falsehood, then he was subject to cross examination or evidence in rebuttal which would have shattered his house of cards. Mr. Mackay's idea, we do not believe was to hamper the probation officer, but rather to aid him in his work of reform and aiding those who are unfortunate. Some people seem to have lost sight of the true intent of the bill in their eagerness to assume that there was an intent to restrain certain officers in the performance of their duties. On the whole the probation officers of this state are a credit to their order. While Mr. Mackay's bill gets a set back it has not lost prestige, because with modifications which may be made to it, it will undoubtedly prove an excellent measure and one that will prove of great benefit, far more so than some of the sweeping and impractical methods suggested by inexperienced laymen in the treatment of offenders.

OVERDOING PENSION ACT.

Boston, Lynn, Nahant and other places were represented at the hearing on the proposed teacher's pension bill and strongly opposed such a measure. There is good ground for those places and other cities and towns, of not only the state but the country, asserting themselves in opposition to this rapidly spreading pension abuse. Coming down to the matter of pensions, there is really no more reason why a pension should not be granted to teachers than to other public employees, but the whole principle of the thing is wrong. It is not really the most deserving who are thus benefitted in their old age or when overtaken by adversity.

Not for a single moment would one object to Veterans of the civil war receiving the stipend, which is dealt out to them. But they are not the one's who get the fat plums. The recent veterans pension bill calling for only $1 met with tremendous opposition. Neither can much good grounded opposition be presented against a pension to veterans of other wars, to firemen or life savers who may be disabled in the discharge of their duty but at the present time the country seems to have become pension mad.

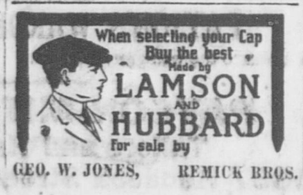

Every one holding a public office must be pensioned. How about the faithful employee of a private concern, who may from ill health or some other cause be incapaciated from pursuing his usual method of making a living? There is no pension for them.

Yet they are the people who help pay for the pensions of those others. Is it the city day laborer who is getting the mere salary of $2 a day or thereabouts who is the subject of pension consideration from the national, state, or municipal authorities? Not so that you could notice it. No indeed it is the fellow with the big fat salary, who is holding a public position, who must be cared for at a fairly good rate at that and then he jumps into some other business and draws from the public funds as well as from private enterprise. Yet all the while the laboring men in departments must have their small salary cut off the minute they are not able to take up the job.

The office holder has been able to land through his influence with officials. His ability to control votes has given him that influence. His ability to fool the voters has given him the influence and the power to land the job. The same thing provides him with a means of influencing legislation to create a pension for himself. And who are to blame? No one but the average voter. The average voter by allowing himself to be bamboozled by this class creates the influence and power of the boss or politician. The sooner the average voter throws off this influence and asserts himself, the less power the boss or politician will wield.

At the present time the pension business has become a fad. It has been permitted to increase gradually until it is now like a vast octopus. There is no doubt that it has got to end some day. The quicker the people realize this and proceed to release themselves from the toils the better they will be for it and at the same time, will have solved one of the many causes of the high cost of living.

CHURCH DID NOT MOVE BACKWARD

Although Deprived of the Services of a Regular Pastor

INCREASED AND PROGRESSED

In spite of the fact that the Point church has been without a pastor for five months the work of the church has been well kept up. The morning congregations have been good, the Sunday school has not dropped off at all, the Men's club numbers one more than last year, and the Men's class has continued its attendance and interest. A children's choir has recently been organized, and this has added to the morning congregation other than the regular choir. At the annual meeting of the society, Wednesday evening the treasurers report showed a small surplus in the treasury, and all are looking forward to the coming of the new pastor, Rev. Sherman Goodwin, May first, with hope and encouragement.

Theg reater part of the winter the pulpit has been supplied very acceptably by the Rev. Sampson Nichols. Rev. Edward Norton is engaged for the month of April.

QUINCY EAGLES AGAIN VICTORS

Degree Team Captured the Cup Offered at Revere

The cup won by the degree team of John Adams Aerie, F. O. E. at the Revere Aerie contest Monday, was the centre of attraction at the meeting at Electa hall, Wednesday evening. A vote of thanks was extended to the members.

The degree team are holders of the title of Massachusetts Champions, having been adjudged same in a state contest at New Bedford during the summer. A particularly pleasing feature has been added to the drill by Conductor Bernard Burke which consists of a salute to the flag and the singing of "America" by the members.

Nine candidates were accepted at the meeting and refreshments were served.

BASKET BALL GIRLS IN DANCE

Quincy Gym Social Marks Close of Successful Season

The Quincy Gym Girls, one of the fastest basket ball teams in the state, held a dancing party in New Colonial Hall, Thursday evening in celebration of the closing of a successful season. The hall was decorated with potted plants and red and black streamers, the team colors, were in evidence. About 50 couple attended, music being furnished by Weston's orchestra.

The matrons were Mrs. E. Frank Mitchell, Mrs. E. Beale, Mrs. James Mullin and Mrs. E. Hildebrande. The ushers were members of the team.

One of the evenings features was the tag dance, led by Gordon Sherwin of Atlantic. The general use of sparklers in a moonlight dance presented an unusual indoor setting.

The floor was in charge of Miss Ruth Hildebrand, assisted by Miss Edith Mullen. The aids were Miss Helena Clark, Miss Mary Beale, Miss Isadore Beale, Miss Mildred Smith and Miss Helen Mitchell.

ROLL OFF THE TIE.

The Fore River Specials and the Arch Street Specials will roll off their tie at the New Boston alleys Monday evening. The local team will consist of Burke, Herbert Smith, Connell and George Bliss. All are good men. Each team has one game to its credit and the fans are planning to witness the scrap. A purse of money is set for the winning combination.

☞The Auditorium Theatre announce a free out-door exhibition for next Monday at 6.15 P. M. Levygeorge the strong man will do a stunt well worth seeing.

To Men Whose Derby Price is $2.50

You are mostly young men, and I have learned that you have clearly defined ideas of what you want.

And you prefer to pay $2.50 and get a new one often rather than pay more and wear the hat longer.

So I have had made for you a derby that is somewhat more pronounced in style than the average man wears and is of good felt in a true black,—as good a hat as sold by other stores for $3. It is the—

HEPTASOPHS CHALLENGED

Local Conclave Must Show Skill on the Alleys

PRIZES AWARDED

Granite Conclave, Order of Heptasophs held a regular meeting at Protection Hall, Thursday evening. Archon Edward Brown initiated one member and two candidates were presented.

The committee on the annual dance reported that the horizon was particularly clear for a successful party, Monday night.

The floor will be in charge of William DeCoste. He will be assisted by Past Archon Joseph J. Mullen, Albert MacKay and John J. Byron.

The prizes were awarded to the leaders in the rolloff held after the close of the Heptasophs bowling season.

Bert Irving, first prize, a gold watch with a score of 673; John Cahill, second prize, a Heptasophs fob and charm with a net of 651; Patrick Healy third prize, a fountain pen, 607 net score; Joseph J. Mullen fourth prize, a silk umbrella with a net of 606 and Roy Haynes was fifth with a box of cigars with a score of 576. All the men were handicapped, with Mark Gill, the high average man of the league on scratch.

A challenge was received from the bowling team of the Allston Conclave for a match there Wednesday evening. It was accepted and the team will probably consist of Mullen, Dackers, Healey, Raiche and Gill.

PARENTS—TEACHERS.

The next meeting of the Parents' and Teachers' association of the Washington school will be held Wednesday evening at 8 o'clock. Rev. Benjamin A. Willmott will speak on "The relation of the school and the home." The pupils of the seventh grade will sing under the direction of Miss McCall.

SUCCESSFUL WHIST.

A largely attended whist party was held in Electa Hall, Thursday evening by Women's Lady Moose Circle, No. 26. There was 26 tables in play. The high scores were Mrs. Edward J. Sandberg, Mrs. Herbert Johnson, Mrs. C. L. Bean, Mrs. Emma E. Marnock, Mrs. W. R. Thomas, Herbert Seldon, Jacob Van Vloten, Patrick A. Milford Albert W. Lawton, R. A. Johnson.

The committee in charge consisted of Mrs. Alfred Bean, Mrs. Albert Lawton, Mrs. S. A. Perkins and Mrs. Albert R. Jardine.

PUBLIC MEETING.

A public meeting of the new Wollaston's Citizen's Association will be held at Brasee hall, Wollaston this evening. Every member and their friends and those who plan to become members should attend. The association is growing rapidly and promises to assume considerable prestige in the community.

Commonwealth of Massachusetts.
Norfolk, ss. Probate Court.
To the heirs-at-law, next-of-kin and all other persons interested in the estate of Lizzie E. Packard late of Holbrook in said County, deceased:
Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for Probate, by Arthur E. Packard of Holbrook, who prays that letters testamentary may be issued to him, the executor therein named, without giving a surety on his official bond; You are hereby cited to appear at a Probate Court to be held at Quincy in said County of Norfolk, on the ninth day of April, A. D. 1913, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And said petitioner is hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in Quincy, Mass., the last publication to be one day at least before said Court, and by mailing, postpaid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.
Witness, James H. Flint, Esquire, Judge of said Court, this twenty-sixth day of March in the year one thousand nine hundred and thirteen.

AMUSEMENTS

DOINGS ON THE STAGE IN

BOSTON AND VICINITY

HOLLIS STREET THEATRE.

Edward Knoblauch's Oriental drama "Kismet," with Otis Skinner in the role of Hajj the Beggar, and presented by Klaw & Erlanger and Harrison Grey Fiske, is now the attraction at the Hollis Street Theatre, Boston. Owing to the length of the play and the magnitude of the production the curtain will rise at 7.45 o'clock evenings and 1.45 afternoons. The drama, described as "An Arabian Night," is not, however, a dramatization of any one of Schecherezade's remarkable stories. Rather it is a paraphrase of them all. The plot, the incidents, and the characters are original with Mr. Knoblauch, yet, so thoroughly did he saturate himself with the wondrous tales that their flavor permeates the play from beginning to end. The intrigue; the humor; the lightning-quick changes of fortune; the splendors and barbarities; the pomp and pageantry; the craft, cunning and wit of Oriental life as revealed in "The Arabian Nights" are all present in "Kismet," and are woven together in a gorgeous dramatic tapestry.

In the maelstrom of incidents that make up the plot of the play, the central figure is Hajj the Beggar, a rascal of much wit and resource who passed his life asking alms at the door of the Carpenters in the ancient city of Bagdad. Hajj has been called the best acting part, in point of variety of emotion, picturesqueness and originality, that has been written since Cyrano de Bergerac, and it is one that is particularly suited to the versatile genius of Otis Skinner. In his impersonation of the character Mr. Skinner has attained the highest point in his splendid progress—a progression that has been marked by many successes.

BOSTON THEATRE.

Maclyn Arbuckle in Klaw and Erlanger's noted production of the most thrilling and massively mounted of dramas, "The Round-Up," has created a memorable sensation at the Boston Theatre. From the rush of orders for seats it will doubtlessly duplicate its former popular triumph.

As those who have gone for fresh scenes and adventures to a life in the far West, have been fascinated by the outdoor life of perpetual and hazardous excitement amid wild surroundings, so all Boston was held almost spell bound with a strange fascination at the thrilling scenes of Western life brought to their door so to speak, in the graphic pictures presented in "The Round-Up." It is the vivid production of scenes in which Indians, cowboys, ranchmen, cavalrymen, venturesome Western men and women and dozens of bronchos are concerned, which so many have read about but which so few have actually seen, that have made "The Round-Up" so absorbingly interesting and an object of wonderment in the marvelous presentation of the desert plains and canyons and almost terrifying realism of its famous battle scene. The cheers of the vast audiences at this scene are a tribute to the masterly stagecraft of this stupendous spectacle. The enthusiastic interest displayed by every audience is the most flattering endorsement this really great production can receive.

The dramatic incident of twenty mounted Indians riding along on a cliff in the third act and the marvellously realistic battle scene add an element of realism to the play which has rarely been equalled in the history of the American stage.

B. F. KEITH'S THEATRE.

As a character monologuist, Cliff Gordon ranks today as the most exponent of this type of entertainment before the American public. His impersonation of "The German Senator" has become a classic, and has served to establish Mr. Gordon in the good graces of the amusement loving public. His political orations on the burning questions of the day, delivered in broken English, dealing forcibly but not always correctly with the topics of the day, are gems of humor. "The German Senator" provides more laughs to the minute than any other monologuist who has ever visited B. F. Keith's Theatre. Mr. Gordon comes to Boston after a long absence, at the head of a great comedy bill. In fact, almost every act on the long program is intended for laughing purposes only. Bill Macart of "The Sleeping Beauty and the Beast" fame and Ethalyn Bradford will present their latest and funniest comedy, "The Second Generation," for the first time in Boston. This is one of the best comedies ever presented by this clever couple, and it abounds in laughs from start to finish. The Four Rianes have a unique acrobatic novelty, the scene of which is laid in a hotel in South Africa, and the players are giant gorillas who turn things topsy turvy. Wilbur Mack and Nella Walker will present their latest musical flirtation; while the great DeLasso troupe of casting aerialists will supply thrills enough to make the cold chills run down one's back. Buckley's Animals is another great comedy act, and other features will be the wonderful Thomas A. Edison Talking Motion Pictures with all new subjects Pauline Moran, the singer and many others yet to be announced.

CASTLE SQUARE THEATRE.

The end of the run of "Believe Me, Xantippe" is in sight. Next week will be its eleventh and last at the Castle Square. It has been of great success and continuous surprises, and it has proved again the popularity that is lying in wait for the skilful young dramatist. Mr. Ballard's play is a genuine comedy, filled with real characters, exciting situations, and humorous dialogue, and it will at the close of its run next week, have been witnessed by considerably more than 100,000 people. Immediately application for seats is necessary, for the theatre is certain to be crowded at every performance.

STETSON'S BODY FOUND FLOATING

Near the Place Where He Was Drowned Five Months Ago

IDENTIFIED BY ARTICLES

The body of James Whitman Stetson of East Braintree, who fell from a power boat and was drowned off Weymouth on the evening of Sunday, Oct. 27 last, was picked up Thursday floating near the place where he was drowned.

It was found by John A. Aitken, who is employed on a dredger deepening the channel off the Wessagusset shore. He got into a rowboat, towed the body ashore and turned it over to the police, who called the medical examiner, Dr. John C. Fraser.

The identity of the dead man was established by means of a red sweater and letters and a marine watch in the pockets. Mrs. Stetson, who lives in Braintree, was notified and took charge of the body.

SUCCESSFUL SMOKE TALK

By K. of C. with J. B. Connelly as the Speaker

Smoker

Ave Maria Council, Knights of Columbus, conducted one of the most successful smokers ever held in this city at St. Joseph's hall, Thursday evening. There was a large number present.

Among the guests was District Deputy John E. Foley, who gave a short address. Rev. Fr. Grady also added a few words.

The speaker of the evening was James B. Connelly, the noted author and former Olympic athelete. He gave a most comprehensive lecture on Gloucester, commencing with its line of wharfs, then taking up the fleet, their work at the Banks, the perils connected with the life and the benefits derived by the government. He compared Gloucester fishermen with the men of other ports saying that the honors favored the Gloucester crews.

An entertainment was given by Fred McDonnell, Joseph Daley, Andrew Dinegan and William R. Teasdale. The pianist was Lee Kenny.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Adress: F. J. Cheney & Co., Toledo, O.

Machinists: Quincy Lodge No. 108. 1380 Hancock street; first and third Wednesday; Peter W. Dackers, S., 355 Water street.

Painters, Decorators, and Paperhangers No. 773. 1380 Hancock street; second and fourth Thursday; Willey E. Stoddard, S., 198 Washington street.

Pattern Makers (Branch of Boston Association.)

Plumbers, Gasfitters, Steamfitters, and Steamfitters Helpers No. 275. 1380 Hancock street; first and third Tuesday; David Warner, Statistician, 54 Penn street.

Plumbers, Steamfitters and Steamfitters Helpers No. 238 (Marine.) Wilson hall, Hancock street; first and third Friday; John M. Downes, S., 27 Saunders street, N. Weymouth.

Quarry Workers No. 47 (West Quincy.) A. O. H. hall, Copeland street; Friday; Dennis Falvey, S., 42 Kent street.

Quarry Workers No. 171. Dobles hall; Friday; Duncan Finlayson, S., 133 Independence avenue.

Sheet Metal Workers No. 376. 1380 Hancock street; first and last Friday; William Stevenson, S. and B. A., 79 Minot street, Dorchester.

Steam Engineers No. 79. Clan McGregor hall; second and fourth Wednesday; Alexander M. Smith, S., 215 Palmer street.

Steam Engineers No. 514. Reinhalter hall, West Quincy; first and third Wednesday; John J. Clark, S., 29 off Bryant avenue, West Quincy.

Street and Electric Railway Employees No. 253. 1380 Hancock street; second and fourth Thursday; A. L. Blanchard, S. T., 587 Broad street, E. Weymouth; John C. Faircloth, B. A., 809 Hancock street, Wollaston.

Team Drivers No. 305. Italian hall, Water street; first Tuesday; John A. Harling, Treas. and B. A., 5 Liberty square.

Tool Sharpeners No. 1. Dobles hall, Franklin and Water streets; third Friday; Edward H. McGinty, S., 11 N. Payne street; Arthur Tremayne, B. A., 21 Elliot street.

ODD FELLOWS MASQUERADE

All Styles, Types and Varieties in Evidence

BAND MADE GOOD

It was a heterogenous crowd that gathered at Alpha hall Thursday evening at the annual masquerade party held under the auspices of Manet encampment I. O. O. F. They looked as though it might have been gathered from all quarters of the globe for almost every conceivable character was impersonated. His Satanic majesty hobnobbed with the sombre Monk and the demur school girl was chummy with the stately society girl, while in the crowd were clowns, dominoes, nurse maids, etc.

The grand entree of the band which started the opening march in progress did not take place until about 9 o'clock but for nearly an hour before that time the floor was alive with young people bent upon having a good time and if the shouts of laughter that followed the antics of some of the maskers could be taken as an indication why they certainly had or rather were having lots of fun.

Suddenly sounds that came from the direction of Union hall gave indication that the famous band was getting up its wind preparatory to jambing air through the brass instruments as they paraded about the hall.

The leader of the band up to this occasion has been Edward L. Goodridge, whose skill in handling the corps of musicians has become widely known. "Ed," however has not been in the best of health and on this occasion he surrendered the banton to Sam Wood. Sam did his best to carry out the dignity of the office.

As the procession entered the hall the maskers fell in behind and circled the hall several times, to give the judges who were on the platform an opportunity to award the prizes which it was proposed to give to the best, most comical and most original costumes.

These judges were Charles L. Hammond, Mrs. A. S. Sanborn and T. C. Allen. Their award was made as follows:

Best dressed lady—Mrs. H. Springs.

Most comical gowned lady—Mrs. John Hall.

Most original gowned lady—Mrs. C. W. Nelson.

Most comical gentleman—Maynard C. King.

Most original gentleman—Charles Barron.

Best dressed gentleman,—Edward Lundberg.

The award of prizes over general dancing was in order until midnight, music being furnished by Wilson's orchestra.

The general committee included Sam Wood, Jr., George C. Ela, Charles Barron, Charles Wood, Walter H. Walker, Charles Jones, Frank E. Badger, Frank E. Badger, Frank L. Carleton, and William A. Richards.

The floor director was Charles McDonald , and the assistants were Charles Barron and Sam Wood, Jr., and the reception committee included every member of the encampment.

DIED IN NORTH WEYMOUTH.

Joseph E. Lane, aged 30 years, well known in this city, died at his home 30 Lovell street, North Weymouth, on Thursday, after a brief illness. He was born in North Weymouth and lived there all of his life.

He was a chemist, connected with the American Agricultural chemical Co He was a member of Quincy lodge, B. P. O. E.

He leaves two brothers, John J. and Michael A., and three sisters, Mrs. Lawrence Dunn, Mrs. Edwin E. Donovan and Mrs. Frank W. Pratt.

The funeral will take place Monday morning. Burial will be in St. Mary's cemetery, West Quincy.

CHILDREN MAKE MERRY IN THE WHITE HOUSE

The prattle of childish lips and the sound of baby laughter such as has not been heard in the White House for many years now emanates from the executive mansion, where there is a children's race for the favor of the president of the United States. The contest is going on between the three grand-nieces and the grand-nephew of Woodrow Wilson. A few days ago the quartet had a tea party and little Josephine Wilson Cothran, aged seventeen months, poured for her guests, Virginia Peyton Howe, fat, rosy and blond, aged three; Wilson Howe, her brother, aged ten, and Elizabeth Wilson, also aged ten, daughter of Mr. and Mrs. Alfred Wilson, cousins of the president. The photograph shows them in that order from left to right.

NEWS ITEMS FROM MILTON

The Thursday Evening Club passed resolutions at a committee meeting Thursday evening extending their thanks to William Patterson of Wollaston who loaned them the decorations for their Easter Monday party.

Mr. and Mrs. Franklin Jackson, who were recently married are living on Buntin place. Mr. Jackson is a well known employee at the Walter Baker Chocolate Co.

The warrant committee held a meeting last Friday evening at which considerable business was disposed of

The Men's Club are planning a celebration on April 23.

The St. Catherines Afternoon Guild of the Mission of Our Saviour, East Milton, held their annual fair in the basement Wednesday afternoon. A substantial amount was netted and will be expended under their direction.

H. Sayre of the Tech wrestling team met his first defeat at Cunningham gym Wednesday evening when Young Herne was given the decision after 15 minutes strenuous work. Tech beat Cunningham three to one.

A social will be given at the Cunningham Gym, April 2 by the entertainment committee consisting of Mrs Charles Johnson, Mrs. Pope of Mattapan, Charles Williams and John Stout

The junior athletic class held a masquerade party at the gym Wednesday afternoon.

Cunningham Gym will wrestle at Salem Thursday evening. It will close the season.

A base ball meeting was held at the Gym Wednesday. Stanley Hearn was chosen Athletic manager and Charles Woods business manager. The following last year men are available Rein, catcher; Reischer, formerly pitcher of Boston Latin; Bob Leary pitcher and first base; Hearn, second; Horace Wood, short stop; Rockwell third base, Dick Reid, A. Woods and Roger Sangster in the outfield.

Chris Mahoney of East Milton is with the Portland, Oregon team in the Pacific league and is also coaching St. Mary's college. He had an enviable record in batting, fielding and pitching last year.

Max Clay of Milton Village will be given a tryout on the pitching string of Lawrence. He is a former Dorchester High pitcher. Two years ago he threw his arm out and rested all last season. He has come back and his motion and delivery is now so free that old timers are surprised.

Mr. and Mrs. Roger Kenny and John Duggan of Huntington road are in Columbus, Ohio. No word has been received from them as yet.

Dr. Pallucci, gaily exhibiting the rattle presented by admiring friends last Christmas made his dancing debut at the Easter Monday party of the Thursday Evening Club. A vote of thanks will be extended to him for his efforts.

David Goldstein, Chief Petty Officer of the U. S. N. has been transferred from the U. S. S. North Carolina to Alaska where he will be in charge of the wireless equipment in that zone. He leaves for there today.

The Reunion of Milton High School classes will take place in Town Hall, Friday evening, under the direction of Miss Doris Furber and Miss Catherine Powers of the class of 1913.

WALL STREET BANKS.

As a Rule They Make Loans on a 20 Per Cent Margin.

Most Wall street banks insist on having a twenty point margin behind each loan. That means that a man borrowing $100,000 must put up as security stocks or bonds of $120,000 market value. If the securities decline to a point where the $20,000 margin is reduced to $15,000 the borrower is called upon to put up additional securities. Most brokerage houses do not wait for such a summons, but send the necessary collateral to the bank as soon as they see that the price of their securities has declined.

But the banks are guided always by the character and the financial standing of each borrower. Each bank has a list of favorite borrowers who can secure whatever money they need in times of stress or in times of calm. The loan clerks know who the favorites are and show them every courtesy. It means a good deal for a Stock Exchange house to get on the "favored list" of a Wall street bank.

Some borrowers, in order to stand well with a bank, never complain when the bank raises the rate on their loans. They go on the theory that it is foolish to dispute a rate with a bank when the difference between 2 per cent and 2½ means only $1.39 a day on the interest charge for a $100,000 loan.—New York Post.

CONTINENTAL SCRIP.

What a Two Dollar Bill of the Year 1774 Looked Like.

One of the few pieces of continental scrip now in existence is owned by a former teacher at Shortridge high school. It was given to her at Christmas time in 1868 by a fellow teacher.

The piece measures about 5¾ by 2½ inches and is framed to show both sides. Within an intricate leaf and branch border design, on the front side, is printed:

"This indented bill of $2 shall entitle the bearer thereof to receive bills of exchange, payable in London, or gold and silver, at the rate of 4s. 6d. sterling per dollar for the said bill, according to the directions of an act of assembly of Maryland. Dated in Annapolis, this 10th day of April anno Domini, 1774. William Eddis His Lapham."

In an upper corner of the reverse side is a picture, about an inch and a half square, representing the British crown, at each side of which is a tiny picture of a man. One of the men is represented as holding a spade, while from the hand of the other dangles a fish on a string. At each end on this side of the scrip are the words, "'Tis death to counterfeit," and at the bottom are the names of the printers, A. C. and F. Green.—Indianapolis News.

Moon Rivers.

The so called craters, ring mountains and empty sea beds of the moon are not the only interesting phenomena which our satellite presents to the view. There are on many parts of the moon's surface long, narrow lines called "rills," evidently much below the general level of the ground, some of them comparable in breadth and depth to the great canyons of our western country. Certain astronomers have been disposed to regard these rills as cracks and rents in the crust of the moon, but others have adopted the suggestion, made long ago, that they are river channels. It may be remarked of these ancient lunar river channels, if such they really are, that their wider ends always terminate in pear shaped hollows like little craters, and this end is nearly always higher than the other, so that if the craters were once lakes their waters must have flowed out into the rivers instead of the waters of the rivers emptying into the lakes.—Harper's.

The Education of a Gentleman.

Friday afternoon was "debate day" in a school. On that afternoon classes after 2 o'clock were let go, and the assembled school listened to shyly spoken pieces of poetry and addresses to gladiators. Then came the climax, the debate when world issues were settled for once and all. The speeches were after the pattern of this one, which one teacher recalls:

"Mr. Chairman, ladies and gentlemen, I rise to defend the affirmative of the question whether it is better to have wealth or education. Mr. Chairman, if you was to get a kiss letter from a lady and couldn't read it, wouldn't you just feel like going away and dying? I close now to give place to an abler speaker."—New York Post.

BRIEFS

A meeting of the Guild will be held this evening and the members will devote themselves to a work night program.

Jacob Berman of Franklin street is spending a few days with his daughter, Mrs. Max Abramson, of Woonsocket, R. I.

The annual reception tendered by the sophomores to the juniors will take place this evening in the High school gym.

A delegation from the local Y. M. H. A. attended the masquerade ball given by the Boston Hand-in-Hand Society in Copley hall, Boston, Wednesday evening.

The local high school can not only turn out good business men, but that some of its members are also good comedians, judging from the rehearsals for the minstrel show to be given by the boys Friday evening, April 4.

A masquerade party will be held by St. Margarets Guild in the Christ Church Parish house, April 11. The committee is under the direction of Vice President, Miss Elizabeth G. Dickie.

SEVEN NEW MEMBERS

Arrangements were completed for the annual ball of the Railway Employees at Music Hall this evening at a meeting of the local in the Johnson Building, Thursday evening.

Seven new members were elected. Resolutions were passed favoring the passage of the 9-in 11 hour bill and also in favor of the recognition of the union label in the purchase of the commodities of life.

If you have anything of news for the Ledger or Patriot call Quincy 425, or if you have business in the way of printing or advertising call—Quincy 1910.

MR. AND MRS. RICE GIVEN PRESENTS

On the Eve of Severing Connection with Fore River Co.

Walter F. Rice for many years foreman of the machine shop at the Fore River whose resignation takes effect April 1, to become the general manager of the Packard Wrapping Machine Co., was presented with a handsome travelling bag, containing a full complement of toilet articles by the employees of his department, Tuesday. Mrs. Rice was presented with a handsome cut glass vase.

As stated Mr. Rice becomes the general manager of the Packard Wrapping machinery Co. This company at the present time has two large factories, one in Springfield, Mass., and the other in Milwaukee. Eventually these two factories will be consolidated into one factory but until that time Mr. Rice will have to ply between Springfield and Milwaukee.

ERICSON WON FROM ADAMS

Americans Beat Argentines in Low Record Scores

OTHER BOWLING EVENTS

Court John Ericson beat John Adams in the Foresters league at the Coliseum alleys, Thursday evening, 3 to 1. Sandberg was high man with a single of 100 and Hermanson secured best total of 273.

The Americans beat the Argentines 3 to 1. Both had only four men. The summaries:

FLOOD IS RECEDING IN DAYTON

Cold, Snow and Rain Cause Suffering to Marooned People

FIRES AGAIN BREAK OUT IN BUSINESS SECTION

Although Flood Has Receded, Part of City Is Still Cut Off From World and No Word Has Come of Events There—Great Dam at Lewiston, Holding Back Seventeen Thousand Acres of Water, Is Still Intact—Many Deaths Reported From Hunger and Exposure In Flooded Buildings of Stricken City

West Dayton, O., March 28.—The First National bank building in central Dayton is burning. The flood water has so far receded that firemen with an engine succeeded in getting across and all persons who wish to leave are being brought out.

The Third street bridge over the Big Miami river is safe, and it appears that the militia now guarding the district will soon know the full extent of the disaster there.

Many persons refused to leave, believing they could better secure food and clothing there than in other parts of Dayton.

Hunger, thirst, cold and fire are harassing the 70,000 residents marooned in their homes or in downtown business blocks. More than this, the bodies of hundreds of persons and horses add to the danger of the living, for pestilence is feared with the falling of the water.

Fires which had smoldered through the day again broke forth with renewed fury. Fighting them is most difficult.

Lewiston Dam Holds

Thus far the enormous dam at Lewiston, holding back 17,000 acres of water, is intact, though weakened in several places. The same is true of the great dam at Celino, O., and on both scores of workmen and companies of guardsmen are working night and day, watching for breaks and strengthening weak spots.

Intense cold with rain or heavy snow added much to the already heavy burden of the homeless. To those marooned on the roofs of houses is spelled not only great suffering, but in many instances death from hardship and exposure.

Latest reports from the flood-ridden sections of Indiana, Ohio, Pennsylvania and western New York gave little indication of abatement. While the water is falling in the Great Miami river valley, the Ohio, is expected to reach the 70-foot mark, within one foot of its record flood height. All along the Ohio cities and towns are inundated and in grave danger.

Conditions in Hamilton and Columbus, O., and at Peru and many of the smaller Indiana towns showed little change and no estimate of the dead based upon fairly accurate reports can be made.

Death Roll Large In Columbus

In Columbus it was believed late last night that the death roll of the West Side—that portion of Columbus embraced within the great bend of the Scioto river—will run between 600 and 1000. Little rescue work has been done in this section, although the water now is falling and today probably will allow exploration of the entire submerged section.

Chief of Police J. N. Allaback, himself marooned, who has been directing the rescue work, gave the first information as to the situation in what has heretofore been the water-bound district.

Except for possible loss of life on the north side of the river there will not be more than 200 dead in Dayton, according to Allaback's estimate after he had been given information as to the situation on the South side.

Conditions Bad In Workhouse

The worst condition found near the centre of the flood was in the workhouse, where sixty prisoners have not had a drop of water nor a bite of food since Tuesday. The men revolted Tuesday night and demanded their liberty and a chance to fight for their lives. Since then the workhouse has been a madhouse, according to Superintendent Johnson. The prisoners repeatedly fought with Johnson and threatened to kill both him and his family.

Johnson asked that a detachment of the national guard be assigned to help him handle the men. He declared that the prisoners would have to be shot if they escaped from their cells.

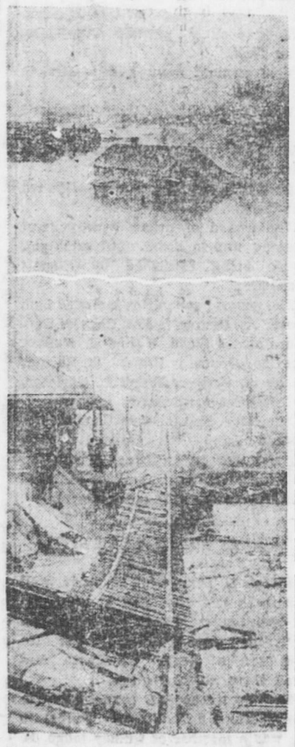

No word has been heard from Mayor Phillips. The chief of police had been unable to get near the Phillips house and did not know whether the mayor would be found dead or alive.

North of Burns avenue, as far as Fourth street, the water was found to be from three to six feet deep.

Beyond Fourth street the water has receded to make it possible in many places to proceed on foot. From Fourth street to the Big Miami river,

FLOOD SCENES

House In 20 Feet of Water and Tracks Undermined

Photos © by American Press Association.

Such scenes as these are common in the flooded districts in Ohio and Indiana.

relief work was taken up by a committee headed by Chief Allaback. All of the grocery stores were commandeered and, although in most cases the goods were covered with water, sufficient supplies were found to prevent great suffering among those in the interior dry strip.

While there may be many deaths in individual homes, which have been without food or drink, there was no place but the workhouse where any considerable number of people were held without food. None had had enough, but no case approaching actual starvation was found.

Knowledge that the death list is likely to prove so low in the downtown section gave rise to a hope that even in North Dayton, about which nearly all hope had been abandoned, there might be comparatively few deaths.

The progress of the first canoe into the water-bound district was greeted by appeals for bread and water. In nearly every house left standing, wistful faces were to be seen pressed against window panes. All of these were asked whether there had been any deaths and with only a few exceptions all replied that there had not.

Although heartened by news from the flood zone's interior, Governor Cox's secretary, Mr. Burba, was scarcely able to credit the assertion. From his investigations of the southern district he was unable to believe that the death list would be under 1500.

"There are 10,000 unaccounted for on this side of the river," he said, "and if all but 200 of these are found it will be the greatest miracle of the time."

It was impossible to approach within several blocks of the fire zone, even in the canoe, but there appeared every indication that the fire had been confined to the blocks beyond Jefferson and Third streets.

Algonquin Guests Comfortable

The 300 guests of the Algonquin hotel have been kept comfortable except for continuous dread that the fire would spread to them. The water reached to the second floor, but all supplies had been moved to places of safety, and those in the hotel experienced little discomfort.

A report which had been current in the water district south of Main street that Adjuntant General Wood had been fatally injured by falling plate glass proved to be untrue. General Wood now is in full charge of the relief work, and although his arm had been badly cut, his condition was not serious.

Two hundred women and babies found refuge in a paint factory in North Dayton, where, it is believed, they have found sufficient food to keep them from acute suffering. An effort is being made at once to rescue them.

The following is an estimate of conditions:

Persons marooned, 70,000; residences submerged, 15,000; miles of streets inundated, 120; persons provided for in rescue stations, 5000; horses killed, 500, and automobiles damaged, 1000.

No Place For Sightseers

Governor Cox ordered that no more sightseers be permitted in Dayton and when Colonel Catrow attempted to have railroad coaches of an arriving train vacated, many of the passengers showed fight and refused to leave. Orders were given the train men to cut off the two rear coaches and they were left standing on the track.

One of the remarkable features was the cheerful spirit with which flood victims viewed their plight. This was Dayton's first big flood in many years, much of the submerged area had been considered safe from high water, but as the majority of residents of these sections looked out on all sides upon a great sweep of muddy, swiftly moving water, they seemed undisturbed.

In some of the poorer sections, the attitude of the marooned was not so cheerful. As a motor boat passed beneath the second floor of one partly submerged house, a man leaned out and threatened to shoot unless they took off his wife and a baby that had been born Wednesday. The woman almost dying, was let from the window by a rope and taken to a place of refuge.

Captain of Police H. E. Lackhart declared that water in North Dayton, Miami City and East Dayton reached the house tops. His estimate of the number of dead in that district was 300.

The bodies of a woman and a baby were seen floating down Jefferson street, one of Dayton's main thoroughfares.

It was thought that they came from the district north of the river. According to city officials, it is impossible to estimate the number who perished in the fire which swept the entire district on the north side of Third street, between Jefferson street and the canal, a distance of more than a square and a half.

All patrons in the Beckel House are safe. Extensive preparations had been made for their rescue when the building was threatened by

nre. Police and volunteers constructed a bridge over alleys and the tops of adjoining buildings to a point of safety.

The flood situation appears brighter. There was food for the town's breakfast and dinner left after 6 o'clock last night, but it was believed the many trains of food and provisions on the way would reach here today.

Conditions Bad at Coshocton

At Coshocton the Walhonding valley branch of the Pennsylvania railroad crosses the valley on a long steel bridge and it was reported that 800 feet of the bridge went down soon after midnight. The water was still rising at that hour. Above Coshocton on the Waldonding river many villages are flooded, and the loss to the farmers will be very heavy.

Conditions in the Tuscarawas valley are even worse, as the river is larger and the valley wider. From a point near Uhrichsville, about 100 miles west of Pittsburg, to Coshocton, a distance of thirty miles, the valley is one great lake, in some places about five miles wide. The villages of Port Washington, Newcomerstown and Isleta are flooded, with some damage in the vicinity of West Lafayette. Canal Louisville is under water and conditions at Coshocton were reported to be bad, although there is no report as to loss of life.

Fire In Hamilton

Fire broke out in the flood district of Hamilton during the night.

Fourteen bodies have been recovered from the flood in Delaware. A score of persons are missing, believed to have perished in the waters. An epidemic of typhoid is feared there, as only river water is to be had for drinking. Troops have taken charge of the city, with instructions to shoot to kill looters. Rescuers are at work.

RISE OF 58 FEET

Muskingum River at Zanesville Causes Great Damage

Zanesville, O., March 28.—More than 100 may have perished in the flats along the Muskingum river. The water has risen to a height of fifty-eight feet and the houses in the river valley have vanished.

Nearly all the residents there are working men and their frail homes crumbled in the flood. There is no means of communication with the hills across the river where some of those in the district worst stricken may have fled.

Only seven bodies have been recovered, but more have been sighted tossing in the rushing centre of the stream.

Several buildings in the down-town section are burning. Four thousand are homeless. The bodies of John Carr, his wife, their two children and an unknown man, woman and baby, have been dragged from the torrent.

Three score houses have been swept away in the seventh and eighth wards of the city, where the bulk of the residences are located. The great concrete bridge went down and a tremendous mass of driftwood was let loose to become a terrific battering ram that hammered dwellings, business houses and everything in its path to pieces.

The Third street bridge, 500 feet long, was swept down and deposited on the river banks five miles away. The woolen mills were ripped from their foundations.

The mills hurtling along in the torrent, rammed the Sixth street bridge, and, with an ear-splitting roar, the bridge broke loose and disappeared.

The Baltimore and Ohio and Pennsylvania railroad bridges collapsed and sank from sight. The Baltimore and Ohio depot is surrounded by twenty-five feet of water. The Reggs House and the Clarendon, the two chief hotels here, are under water to the middle of the second story.

Refugees are clustered on the roofs of the bigger buildings down town. All are suffering in the cold and are without food. The entire south end of the city is submerged. Food supplies are becoming exhausted, as all provision houses are buried in the water.

No communication by railroad is available and there is but one telephone wire that works spasmodically. All the bridges between this city and the Ohio river are out. The big Y bridge is under twenty feet of water, and it is not known whether it is still standing. All railroad tracks are likewise submerged.

There is no gas or electric lights.

and only motor boats can stem the current of the river, which is rushing through the town at the rate of 25 miles an hour.

Millersburg Cut Off

Millersburg, O., March 28.—The people of this city have been shut out from everywhere since Tuesday morning by the floods, which are four feet higher than ever before. The railroad tracks are under water from two to three feet north and south, and the depot is flooded with two feet of water which has put out of commission the telegraph office.

Water works are flooded and water is shut off. One gas company line is broken and electric light plant forced to stop. A telegraph operator at Badow Pass, named Workman, and his wife and children lost their lives when a bridge swept away and struck their house.

People Afloat In Homes

Sidney, O., March 28.—Sitting in the caboose of a work train making its way south from Lima to aid in the relief of Dayton, J. W. Ball, a Cincinnati, Hamilton and Dayton freight conductor, told of the scenes in and adjoining Piqua, O., where 500 persons are said to have lost their lives in the Miami river flood.

Ball said that houses were lifted from their foundations and carried down stream freighted with human beings, who were dashed to death in the torrent that swept the buildings against a railroad bridge in the southern portion of the city.

Loss of Life Still Unknown

Peru, Ind., March 28.—The loss of life here is still unknown, with more bodies being hourly reported floating down the streets. Twelve bodies were found in one house.

One report stated that twenty bodies had floated as far as Logansport and were taken from under the interurban bridge there. Reports from Logansport were that many lives have been lost in that city.

Several hundred inhabitants had fled to the hills and thousands of others were crowded in school houses and churches.

Boston Trains Bothered

Boston, March 28.—Interruption of railroad traffic in the flooded districts in the west has affected the trains from Boston going west, and the Boston and Albany railroad has been compelled to announce that its sleeping cars due to leave Boston at 10:30 a. m. and 2 p. m. for St. Louis and Cincinnati will run only as far as Cleveland, and that the Pittsburg sleeper leaving at 10:20 a. m. will run only as far as Youngstown, O., until further advices.

Families Marooned In School

Dennison, O., March 28.—Eighteen families are marooned in the schoolhouse at Port Washington, ten miles west of here, on the Tuscarawas river.

An attempt was made by Pan-Handle railroad officials to rescue Operator A. W. Davis, who has been isolated in a signal tower since Tuesday without food or fire. The attempt failed and it is feared he will be lost, as the water is rising rapidly.

Austrian Attache a Suicide

Rome, March 28.—Hereditary Prince Vinzenz von Windisch-Graetz, attache of the Austrian embassy here, committed suicide. He was born in 1882, and was for a time attache of the legation at Sofia.

McRea Is Thought Dying

Philadelphia, March 28.—James C. McRea, former president of the Pennsylvania railroad, is thought to be near death.

Benway of Somerville in the County of Middlesex, Lot Phillips & Company Corporation, a duly existing corporation having its usual place of business in Hanover in the County of Plymouth, and to all whom it may concern:

WHEREAS a petition and amendment thereto allowed has been presented to said Court by the Old Colony Street Railway Company of Boston in the County of Suffolk and said Commonwealth, and on motion the name of the Bay State Street Railway Company has been substituted as petitioner to register and confirm its title, under the provisions of Chapter 249 of the Acts of the year 1905, amending Chapter 128 of the Revised Laws, in and to certain easements upon and over lands in Quincy, Braintree and Weymouth in the County of Norfolk, and in Rockland in the County of Plymouth as shown on plan designated "Transmission Line of Old Colony Street Railway Company, Quincy to Rockland" approved by C. F. Bancroft and filed with said petition February 26, 1913, and

WHEREAS a motion to sever said petition has been filed and allowed under which said petition as severed makes claim to said easements over said lands alleged to be owned or affected by the adverse interests of the persons above described: said easements being described as follows:

"The right to erect a line of poles with wires and cables thereon and with necessary guys or other supports for the transmission of electric power, and for telephones for private use, and to operate and maintain the same, the right to cut down, trim or remove such trees or other obstructions which in the judgment of the owner of said easements interfere with said use or construction of said lines, or which by falling or otherwise might endanger the safety or interfere with the operation thereof, and the right to maintain a pathway not more than eight feet wide upon either side of centre line of said course for use in inspection, construction and repair; the right of reasonable access to said lines and pathway for the purposes of inspection, construction and repair, and such other rights as may be incident to the uses aforesaid."

Petitioner also claims to own in fee simple said easements within the limits of all highways or public ways abutting or crossing said premises, subject to the right of the public to use the same as such; and also within the limits of all private ways abutting or crossing said premises, subject to the right of all persons entitled to use said ways as private ways.

You are hereby cited to appear at the Land Court to be held at Boston in the County of Suffolk on the 7th day of April, A. D. 1913, at 10 o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition as amended should not be granted. And unless you appear at said Court at the time and place as aforesaid, your default will be recorded and the said petition will be taken as confessed and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, CHARLES THORNTON DAVIS, ESQUIRE, Judge of said Court, this fourth day of March, in the year one thousand nine hundred and thirteen.

Attest with Seal of said Court.

The KITCHEN CUPBOARD

COLORED EASTER EGGS.

WITHOUT colored eggs Easter will not seem like Easter to the children.

Care should be taken to use dyes that will not be unwholesome if the eggs are eaten. Vegetable dyes are the best. A little cochineal, which makes the shells a brilliant red, will do no harm.

Gayly Tinted Shells.

Yellow Eggs.—Saffron will color eggs a beautiful yellow. A "greenery yallery" tint is given to eggs by boiling in water in which a teaspoonful of curry powder has been dissolved.

Red Eggs.—An exquisite bright red may be obtained by boiling the eggs in water in which a bit of cochineal has been placed, or if pink is desired put in less cochineal.

Green Eggs.—For a beautiful green use spinach. The coloring matter is made by boiling the vegetable rapidly for ten minutes, then pressing out the juice through a fine sieve, adding a small quantity of water to the juice and boiling the eggs in the mixture.

Eggs With Patterns.—Another easy way is to tie the egg firmly in a piece of colored material, drop into boiling water and the colors of the fabric will appear on the egg after having boiled slowly for half an hour. Pieces of cloth on which there are fancy patterns are the best for the purpose, as the patterns transferred to the eggshell give it a handsome appearance.

Name on the Shell.

Decorated Eggs.—Decorated eggs are even more fun than plain ones. One of the simplest ways of ornamenting eggs is to write on it the child's name and the date or to draw some simple design with the end of a match that has been sharpened and dipped in grease. This is done before the egg is put into the coloring matter. The grease will not take color, so that the name or design will appear white after the egg is colored.

Blown Eggs.—For blown eggs a small hole may be made at each end of the eggs and the contents forced out with the breath. Rinse clean. Draw a narrow ribbon through double from one hole to the other, tying in a bow at the lower end and leaving a loop or corresponding bow at the upper end. Decorate the shell in water colors, tracing small flowers or ecclesiastical designs.

Anna Thompson.

DEFENSE RESTS

"Kid Carter" May Hear His Fate Pronounced Tonight

Boston, March 28.—James B. Jennings (Kid Carter), the boxer, who has been on trial in the Suffolk superior criminal court since Monday, charged with killing William H. MacPherson, may know his fate by tonight. Following the testimony of three witnesses the defense rested yesterday.

Judge Brown ruled out a long hypothetical question put to Dr. Edmund D. Lane by counsel for the defense, upon objection by the district attorney.

Fred W. O'Brien, proprietor of a Chelsea poolroom, testified that Jennings has acted strangely since he received a bad blow in a fight at Gloucester six years ago. He said Jennings went into fits of rage over trivial matters.

John M. Brady, a Chelsea constable and proprietor of a lunch room, testified that Jennings acted queerly and always craved notoriety. He testified that Jennings never lost an opportunity of telling persons in his hearing that he was a fighter.

For Loss of Hair

We will pay for what you use if Rexall "93" Hair Tonic does not promote the growth of your hair.

In all our experience with hair tonics the one that has done most to gain our confidence is Rexall "93" Hair Tonic. We have such well-founded faith in it that we want you to try it at our risk. If it does not satisfy you in every particular, we will pay for what you use to the extent of a 30 day treatment.

If Rexall "93" Hair Tonic does not remove dandruff, relieve scalp irritation, stop the hair from falling and promote a new growth of hair, come back to us and ask us to return the money you paid for it, and we will promptly hand it back to you. You don't sign anything, promise anything, bring anything back, or in any way obligate yourself. Isn't that fair?

Doesn't it stand to reason that we would not make such a liberal offer if we did not truly believe that Rexall "93" Hair Tonic will do all we claim for it—that it will do all and more than any other remedy?

We have everything there is a demand for, and are able to judge the merits of the things we sell. Customers tell us of their success. There are more satisfied users of Rexall "93" Hair Tonic than any similar preparation we sell.

Start a treatment of Rexall "93" Hair Tonic today. If you do, we believe you will thank us for this advice. Two size bottles, 50c and $1.

You can buy Rexall "93" Hair Tonic in this community only at our store:

EDWARD J. MURPHY

Quincy *The Rexall Store* Mass.

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ill—each especially designed for the particular ill for which it is recommended.

The Rexall Stores are America's Greatest Drug Stores

BRIEFS

Loyal Safford of Clive street is confined to his home with illness.

Charles and Harold Kilpatrick of Newbury avenue, are both confined to their home with whooping cough.

The Forester's Degree Team met Thursday evening in Clan McGregor hall. A social hour followed the regular rehearsal.

The two children of Mr. and Mrs. Faxon Billings of Hollis avenue are victims of the whooping cough.

Mrs. George F. Folkins of Billings street who was operated upon for appendicitis in the New England hospital last week, is rapidly recovering.

Mrs. P. Morgan who was injured in the South Boston railroad accident last summer has returned to her home in New York.

Joseph Currie, a well known Quincy young man has returned to Brooklyn N. Y., Navy Yard, after spending a few days here.

A very enjoyable afternoon was spent Thursday with Mrs. Wilson of Revere Road. Several songs sung by Mrs. Mary Slade added much to the pleasure of the occasion and those present.

Theodore Parker and family and the many friends of Miss Ruth Parker are anxiously waiting to hear from Dayton, Ohio, where she has been teaching since last fall. Miss Parker was graduated from the Quincy High school, class of 1909, and from Sargent's school, Boston, last year.

The anxiety of the friends of Mr. and Mrs. William Bogorod, who formerly lived on Franklin street but who are now residing in Canton, Ohio, has been relieved as Canton was not within the zone of thec yclone and subsequent flood and fire.

The general committee in charge of the Y. M. H. A. reception and ball, to be held next Tuesday evening in Music hall, met Thursday evening at headquarters. All signs point to a great success for the ball, most elaborate plans having been made for the affair.

INTERRED AT WOODLAWN.

The funeral of Charles E. Perkins took place from his home 127 Lincoln avenue, Thursday afternoon. Prayers were said at the house by Rev. Joseph E. Walther, who also conducted the commitment service at the Chapel in Woodlawn cemetery where interment took place. Mr. Perkins was formerly connected with McKenny & Waterbury of Boston, but retired because of injuries received three years ago.

GREET GRAND OFFICERS.

Maple lodge, K. and L. of H. will entertain the grand officers, district deputy and suite and members of other lodges at Electa hall Wednesday evening. Plans have been made for a record attendance.

☞Johnson Bros., have contracted for a year's advertising in the Daily Ledger, and propose to quote daily bargains. First of all, they will improve their delivery service making two deliveries every day before 12 noon.

Too Late For Classification.

WANTED—Two furnished connected rooms for light house keeping. Address F. J. Boyle, No. 38 Bradford street, South Quincy. 28-1t

BRIDGE ACROSS THE RAILROAD

At Norfolk Downs Advocated by Improvement Association

At the annual meeting of the Norfolk Downs improvement association in Poland hall, Thursday evening the following officers were elected for the ensuing year:

President—James Thomas.
Vice President—N. E. Gould.
Secretary—N. S. Sanford.
Treasurer—A. S. Robinson.

Directors—H. W. Dunmore, J. A. L. Ross, B. L. Wilson, J. J. Burke and J. A. Kell.

President H. W. Dunmore presided and reports of the various committees were heard. W. H. Howard the treasurer and N. E. Gould the secretary read their annual reports.

Discussion was entered into regarding an overhead traffic bridge across the railroad tracks at the Norfolk Downs depot.

N. E. Gould and W. H. Howard were appointed a committee to take up the subject of taxation with the Houghs Neck associates and other organizations.

THE FAIR SEX AND JUNIORS

Will Be Admitted to Special Membership by Wollaston Tennis Club

The following officers were elected at the annual meeting of the Wollaston Tennis club, in Odd Fellow's hall Thursday evening.

President—Arthur B. Hillman.
Treasurer—N. G. Nickerson, Jr.
Clerk—Jesse I. Litchfield.

Directors—Arthur B. Hillman, Charles E. Barker, Clifton H. Baker, Herbert H. Albee and Clarence Hutton.

One of the question which came up was the feasibility of having a junior membership and a special membership for ladies.

It was voted to leave this to the discretion of the board of directors which probably menas that limited number of these memberships will be granted.

Work on the club's courts off Beale street wil be started in a few days and play will start on April 19th.

Reports for the directors were read by Arthur B. Hillman, Jesse I. Litchfield for the tournament committee, G. Ernest Carr for the entertainment committee and by Treasurer Charles E. Barker.

William W. Gallagher Everett O. Miller and Ralph W. Oldham were appointed tellers for the election.

Meet and Remarry on Train.

John P. Steiller of San Antonio, Texas, met his one time wife, Mrs. Olive Steiller, on a Missouri, Kansas & Texas southbound train at Hillsboro and they were remarried on the speeding train. The couple intended to stop off long enough to get a preacher, but the train was late, so County Judge Stephenson was induced to meet the train and officiate.

MARRIAGES

FURNISS—BEATON— In Roslindale, March 8, by Rev. Phillips E. Osgood, Mr. Alfred Bennett Furniss and Miss Florence Beatrice Beaton, both of Quincy.

DEATHS

LANE—In North Weymouth, March 27, Joseph E., son of the late Michael and Mary Lane, 30 Lovell street, North Weymouth, aged 29 years, 10 months.

THAYER—In Braintree, March 26, Miss Sarah Eleanor Thayer, 160 Middie street, aged 78 years, 2 months and 12 days.

CASHMAN—In West Quincy, March 27, John, beloved husband of Mrs. Hannah Cashman, aged 63 years, 9 mos.
Funeral from his late residence 137 Cross street, Saturday, March 29 at 8.15 A. M. High mass of requiem at St. Mary's church at 9 o'clock.
Relatives and friends invited to attend. 27-2t

FORE RIVER MEN GIVEN PRIZES

Bowling Winners Stood Up and Received the Dough

BANQUET TO CELEBRATE

One of the most interesting affairs that was ever held in the Fore River offices took place Tuesday when the prizes for the best showing in the Fore River bowling league were awarded. No surprise was sprung because most of the bowlers had been keeping an eye on the standing and knew the situation.

Each man presented with a prize was given applause from those present. It was voted to hold a banquet at Boston, April 5, in celebration of the winter season.

To qualify for a prize it was necessary to compete in 75 per cent of the matches. Through this Poehler, one of the strongest men in New England lost as he did not join the team of the Government Draftsmen until midseason and has missed several matches.

The Fore River Co. contributed $25 to the prize fund.

The shipfitters landed in first place after a hard tussle and with a $25 prize. The Yard was second and was awarded the $15 prize. Third prize, $10 went to the Pipefitters and fourth prize went to the Government Draftsmen, $5. The Foundry received a booby prize of $5.

George Bliss made high league single of 133 and was awarded a $5 prize. Smith of the Shipfitters had the best three string total of 328 and was given $5.

The $10 prize for high individual average went to Herbert Smith for a showing of 96 17-81. The Yard won the team total prize of $5 with 1460.

The following high average men on each team were awarded $2 each: Bernard Burke of the Shipfitters 94, White of the Yard 89, Blake of the Pipefitters 91, Sprenkle of the Patternmakers 88, Simmons of the Foundry 89, Laing of the Hull Draftsmen 87, Green of the Government Draftsmen 81, Akroyd of the Machine Ship floor 87 and Tirrell of the Machine Gallery 90.

PRESIDENT GAVE CLUB GOOD TIME

John L. Hawley Soon to Be a Benedict Proved a Clever Host

President John Lee Howley of the Manet Club tendered the members of that organization an outing at Wilson hall Thursday evening. President Howley is the member to contemplate matrimony. His intended bride is Miss Mary Catherine MacDonald, daughter of Daniel J. McDonald of 29 Nightingale avenue.

Nearly all of the members were present. There were violin solos by J. DiNiel, accompanied by William DiNeil of Weymouth, operatic selections by Peter Buzzy, solos by Russel Gomez, quartette selections by John McDonald, Russell Gomez, Murray Kerr and Joseph DiNeil and piano solos by Miss Vesta Phelan.

Refreshments were served. Guests were present from Braintree and Brockton.

MOOSE PLAN FINE SERVICE

Kincaide's Theatre the Scene of Fitting Memorial

A. J. Rondthaler D. D. of Indianapolis, Associate Governor General of the Moose will be the speaker at the Memorial services in Kincaide hall Sunday afternoon. An elaborate program has been arranged consisting of solos and orchestral selections, together with the address. Final arraugements were made at a meeting Thursday evening in Faxon hall.

Under the direction of Captain Albert R. Jardine the degree team initiated 15 members. A class initiation will be held April 12. It was announced that the new quarters had begun. Dictator Albert J. Williams presided.

DODD TOOK $75 WORTH CASTINGS

From Conners Foundry and So'd Them in Neponset

ANOTHER MAN IMPLICATED

The brass foundry of Patrick Connors at Norfolk Downs was entered by burglars sometime Wednesday night and brass castings to the value of $75 taken. The affair was reported to the police and Sergt. John T. Larkin traced the castings to Neponset where they had been sold and recovered them. He also arrested a young man who gave his name as William F. Dodd of 12 Hancock street Atlantic, his place of residence.

There is another young man who is supposed to have been with Dodd, but he ran away. The police however claim to know who he is. In court this morning Dodd pleaded guilty to breaking and entering and larceny and was held in $500 for the grand jury.

TWO MEN ON DUTY AT CROSSING

William Kelly of the Quincy Branch of the Central Labor Union said Thursday evening that Mayor Eugene R. Stone and he had been informed by officials of the N. Y., N. H. & H. R. R. that within three days, an extra man will be stationed at the Quincy Adams Grade Crossing. A petition was circulated by the C. L. U. some time ago asking the railroad for such a grant. At a hearing given the petitioner Mayor Stone appeared and favored a favorable reports by the officials. The petition and outcome were the result of years of agitation.

COHASSETT MAN TROUBLESOME

Asahel F. Nott of Cohasset was taken from the 6.30 train at the Quincy station Thursday night on complaint of the conductor, for drunkenness and for behaving in a disorderly manner on the train. In court this morning the conductor testified that Nott made a nuisance of himself all the way out from Boston and greatly annoyed the passengers in the car. The court placed the case for drunkenness an file and imposed a fine of $25 for disturbance on the cars. He paid.

DISAPPROVE OF DANCE HALLS

Houghs Neck Residents Will Oppose Granting Licenses

Opposition has developed among certain Houghs Neck residents to public dance halls and current reports say that it is the intention of the prime movers to appear before the council committee and object to the issuance of licenses. The men particularly interested have managed to keep in the background to date but the influence is apparently spreading inasmuch as the subject is being freely discussed at the beach. It is not known how far the sentiment will carry since the petition which was said to have been prepared has not yet been put in circulation.

TETYC CASE CONTINUED.

The case of Klim Teytc who was the companion of Mrs. Baraska Slobodniskova who committed suicide in the care takers house of a greenhouse on Howard avenue, March 4, came up in court this morning. It was planned to continue the inquest after which the case against Tetyc for assault with a dangerous weapon was to have been heard. Owing to the absence from the state of Assistant District Attorney Katzman however the case was again continued until next Thursday.

WARD SIXERS GET BUSY

Already Plans Are Under Way for Fourth Celebrati.n

COMMITTEE CHAIRMEN

A meeting of Ward Six Patriotic Association was held at headquarters Thursday evening. Considerable business of importance was transacted, among which was the election of chairmen of the various committees of the fourth of July celebration as follows:

Finance Committee—Josiah C. Fuller.

Chief Marshal of Parade—Frederick E. Brooks.

Parade—Edward J. Gallagher.

Fancy Ball Game—Charles E. Cherrington.

Athletic Field and water Sports—Joseph P. Clark.

Ball Game—J. H. Cunningham.

Music—James A. Smith.

Fire Works—Frank R. Whall.

House—Frank Johnson, Charles Mosman.

It was voted that the committee on entertainment and children's entertainment be left with the Executive Committee.

Four new members were added to the association.

The next meeting, Thursday, April third, will be the annual business session of the association. It will be held at headquarters, Music hall building. The room has been prettily decorated with bunting and flags and it has also been fitted with new furniture. The charter of the association hangs on the wall. These altogether make a splendid home for the organization.

DISTRICT COURT.

William T. Burns, James Galvin and Leo Drysdale were fined $10 each for drunkenness at Quincy.

Frank W. Jones who was summoned into court on complaint of his wife Mabel for non support did not appear and was defaulted.

Yrja Kaskinen was fined $10 for drunkenness at Quincy.

John Lennon of Milton who was arrested Tuesday at Milton for drunkenness and admitted to bail, appeared in court Wednesday morning with another skin full, so much so that the court declined to dispose of the case at that time and ordered a second complaint issued against Lennon for drunkenness at Quincy and continued both cases in $600 bonds until Thursday morning and sent him to the Lockup in Quincy to sober off.

He was found guilty on both complaints and fined $10 on one and $15 on the other.

Lea Washaun was arraigned for violation of the liquor law at Holbrook. She was fined $100 and given until Friday morning to raise the dough.

William F. Dodd pleaded guilty to a complaint charging him with breaking and entering and larceny from the brass foundry of Patrick Connors at Norfolkfl Downs and was held in $500 for the grand jury.

The continued case of Lea Warshaun of Holbrook for violation of the liquor law at Holbrook was called and she was fined $100. Appealed.

Asahel F. Nott was fined $25 for creating a disturbance on a railroad train at Quincy.

The continued case of Klim Tetyc for assault with a dangerous weapon at Quincy was called and again continued until next Thursday.

George F. Corliss of Weymouth who was fined $50 in court last week for violation of the liquor law at Weymouth and appealed, came into court this morning and withdrew his appeal and paid his fine.

FURNISS—BEATON.

Miss Florence Beatrice Beaton, daughter of Mr. and Mrs. Alex L. Beaton of 115 Phipps street and Alfred Bennett Furniss of 7 Parson street were married March 8 by Rev. Phillips E. Osgood at his home, 46 Allan street, Roslindale.

GOOD NEWS TO ANXIOUS FRIENDS TELLING OF SAFETY OF DEAR ONES

Veil of Anxiety Raised Relative to Fate of Many Whom Local People Were Interested

Telegraphic Communication With Cyclone District Offers Relief

Quincy people who have relatives or particular friends in the vicinity or actually within the cyclonic and flood zones have been anxiously waiting for news of those people, as in many cases it was known that they were right within the danger zone in all of the infested places.

The establishment of telegraphic and telephonic communication, the subsidence of some rivers, the lowering of waters and the rescue of marooned and adrifted people has been the means of relieving much of the anxiety that existed. Joy reigns in the homes of those who have been fortunate enough to receive words of assurance of safety of relatives or friends. Some few are on the anxious list but entertain high hopes of good news now that the life loss is reported not so large.

One of the happiest men in Quincy today is L. F. LaRose, physical director of the Y. M. C. A. He rushed in to the Ledger office this morning and joyously exclaimed, "They're safe, all right, I just got word."

Naturally it was known what he meant by that as he has carried a rather sombre look for the past few days, weighted down as he was by the uncertainty of his relatives who were right in the midst of it in Dayton Ohio.

Mr. LaRose's relatives were as follows, all right in the devastated district of Dayton, Ohio:

Brother—R. J. LaRose and wife, Burton avenue.

Mr. and Mrs. A. S. Wuesthoff—uncle and aunt and cousins, Summit avenue.

Grandmother—Mrs. E. Aman, Oak street.

Mr. and Mrs. Fred Tascher—uncle and aunt, Oak street.

L. S. LaRose—an uncle, Dayton View, a suburb of Dayton.

Also members of the Winchet family who are more distantly related.

Miss Ruth Parker telegraphed her parents, Mr. and Mrs. Theodore Parker of Atlantic that she was safe. The message was received about noon today. Miss Parker is the physical directress in the Y. W. C. A. and is well known here.

JOHN CASHMAN LAID AT REST

Truly Sorrowing Friends Followed Body to Last Resting Place

The funeral of John Cashman, one of the city's leading business men took place this morning from his home 137 Cross street. Friends who had known the deceased from his younger days were present in large numbers and many out of town people were present.

A high mass of requiem was celebrated at St. Mary's church by Rev. Fr. William J. Duffy. Seated within the chancel were Monseignor Peter Ronan of St. Peter's church, Dorchester; Rev. Fr. Andrew J. O'Brien, D. D., of Brighton Seminary; Rev. Fr. Henry T. Grady, pastor of St. Mary's church; Rev. Fr. Francis Welch of Reading; Rev. Fr. Francis Hart of Canton; Rev. Fr. John J. Coan, Rev. Fr. P. J. Scannell.

Monsignor Ronan read the commitment service at the grave in St. Mary's cemetery.

Music for the mass was by the regular choir who sang the Gregorian Chant, under the direction of Miss Frances Cronin of oDrchester. Miss Alice Foley rendered the Pie Jesu and De Profundis.

The bearers were Philip T. Egan, Napoleon Grignon, Joseph McViernan, Frederick White, John F. Burke, Patrick Mannix and Hon. William T. Shea.

A large delegation from St. Francis Court, No. 26, M. C. O. F., of which the deceased was a charter member attended the funeral.

The floral tributes were many and completely covered the grave. Aside from the immediate family and friends business men throughout the state remembered the sterling qualities of Mr. Cashman with choice offerings.

All business of the Quincy Electric Light and Power Co., was suspended during the morning and the office was closed. Among those who attended the services were Henry M. Faxon of the company, and all of those, now ilving who had worked for him were also in attendance to pay their tibute of loyalty and respect. Mr. Cashman was president and one of the leaders in its development.

WOMAN'S CLUB WELL PLEASED

With the Plans of the New Squantum House

IT WILL COST $5000

Plans for a clubhouse of Squantum Women's club which have been submitted to the members by the building committee have met wit unanimous approval. Few changes if any will be needed.

Mrs. Hiram A. Morse chairman of the finance and building committee under whose personal supervision the plans were drawn up is being warmly congratulated upon her practical and architectural skill.

The plans call for a main building 60 x 40 with a spacious veranda across the front. The clubhouse will front on Huckins avenue with a side entrance on Richfield street. It will be located about in the center of a 10,000 foot plot of land which the club owns free and clear.

Located on sloping ground the front veranda will virtually be a second floor elevation from the street making the entire ground floor light and airy.

One of the many atractive features of this community house, as the ladies prefer to have it termed, is that the main hall extends to the roof in which there will be six dormer windows three on each side. This has proven an ideal arangement for dance hall.

The building will face the northwest provision is made so that in the future if needed, an attractive balcony may be added to the hall and a balcony to the veranda also.

The main floor plan provides a short hall way with reception room on one side and a ladies' room on the other. These rooms are so arranged that they may be used for ordinary business meetings of the club. The reception room is made unusually attractive by a large fire place and window seats. A coat room adjoins the main hall.

The assembly hall will be 40x40 at the front of the hall is a stage with dressing rooms at either side.

The ground floor plans provide a large banquet hall, smoking room, kitchen, bowling alley and heater room.

The bowling alley will be of regulation size of seventy-five feet with lockers and lounging seats.

The $5,000 which the ladies will raise by the sale of mortgaged bonds will provide for the main structural work of the building.

For the present needs of Squantum it is believed that a clubhouse without interior finish will be satisfactory A movement has already been started among the men of Squantum looking toward the installation of a bowling alley at a cost of about $300.

The members of the finance and building committees whose untiring efforts and perseverance have brought such fine results are Mrs. Hirom A. Morse, chairman, Mrs. Helen McGowan, Mrs. James Foster, Mrs. Matthew McGrain, Mrs. C. E. Carlson.

BIG BATCHES OF WESTERN MAIL

Will Reach Boston the First of Next Week--Delayed By Flood

Post office officials in Boston received assurances Friday night that Massachusetts mails from the flood districts many reach here in larger quantities early next week than at any time in the last few days. Supt. Holiday of Cleveland last evening wired Supt. Ryan of the Boston railway mail service that there was light improvement in the mail service in Northern Ohio.

"The Big Four has started a train to Columbus, but there is no assurance of getting through tonight," said the telegram. "The only mail routes known for a certainty to be open are those to ew York, Chicago, Cleveland and Massachusetts. Railway postoffices think there may be a betterment in the service by Sunday."

CHAMP GAMES FOR NEW YORK

Movement on Foot to Have the Basket Ball Games in East

The basket ball commission of the N. E. A. A. U., league is of the opinion that the A. A. U. should make the city of New York the basket ball centre for the championships, instead of Chicago as first suggested. An effort will be made to land the matches at New York.

Among those prominent in the movement is William H. Flynn, manager of the championship Quincy A. A. first and second teams.

NO DAMAGE.

The alarm from Box 32 at 5.35 Friday night was for a chimney fire in a house on Mt. Pleasant. There was no damage.

CHIEF'S AUTO KILLED A MAN WHO STEPPED IN FRONT OF MACHINE

Nightingale Supposed to Have Been Warning Others of Approach of Fire Apparatus

Witnesses Say Chauffeur Williams was Coasting at the Time

Willard E. Nightingale of 223 Water street was struck by Chief Litchfield's automobile at the corner of Presidents and Indenpendence avenues Friday night while the Chief was responding to an alarm from Box 32 and died two hours later at the City Hospital.

According to all witnesses of the sad affair Chief Litchfield's car was running slow, that is it was coasting while approaching the junction of the streets named, and just as the corner was reached Nightingale stepped into the street directly in front of the car.

The alarm from Box 32 sounded at 5.35. At that time Chief Litchfield was at home for his supper, Chauffeur Richard Williams ran his car for the Chief and then started for the fire. They came via Pleasant and Water streets and turned into Presidents avenue. According to Williams as he approached the corner of Presidents avenue and Independence avenue he realized that it was a dangerous corner and shut off his power and was coasting. Looking ahead he saw a man, who later proved to be Nightingale standing on the corner waving to the driver of an automobile coming up Franklin street, to notify him that the Chief was coming up Presidents avenue. This evidently showed that Nightingale was aware that the Chief was approaching. Just as the Chief's car approached corner, Nightingale stepped suddenly from behind a tree into the street, directly in front of Chief Litchfield's car.

Although the car was coasting there was no time to stop it and one of the front springs struck Nightingale a glancing blow. Whether or not the car went over him is not known but it is thought that it threw him one side.

Directly behind Chief Litchfield, as he came through Presidents avenue was Dr. C. W. Garey who also says that the Chief was running slowly. Dr. Garey rendered first aid and with the assistance of Robert Cantley a blanket was wrapped about the injured man and he was rushed to City Hospital in the Chief's automobile while the Chief continued on to the fire in the car of Mr. O'Donnell of the Citizens Gas Light Co., whom it was that Nightingale was warning of the approach of the Chief's car.

At the City Hospital it was found that Nightingale's left hip bone had been broken and Williams remained until this had been set. It was also discovered that Nightingale had received other injuries, and probably a fractured skull. He died about 9 o'clock.

No one feels more badly over the accident than does Richard Williams the chauffeur. He declares and his statement is borne out by witnesses as stated above, that he was coasting while approaching the intersection of the two streets. He was also sounding his warning gong.

Nightingale the unfortunate man a painter by trade and a widower, and leaves six children. He at one time conducted a variety store on Water street.

Nightingale must have seen the Chief's car approaching or he would not have tried to warn Mr. O'Donnell and knowing that it was approaching, it can not be understood why he should step into the street directly in front of the automobile.

Under those circumstances the actions of the man are peculiar and naturally open to a conflict of opinion as to the real cause.

Mayor Stone said this morning that he had started an investigation of the accident Friday night, whereby Willard E. Nightingale lost his life and that he intended to sift the matter thoroughly. He further said that he had issued strict orders that hereafter no motor vehicle of the city should go through the streets at a greater speed than 20 miles an hour.

BOHEMIANS DANCED.

The Bohemians, a bridge club gave a dancing party at the New Colonial Hall, Friday evening. There were 20 couple present. Natty floral settings and colored streamers figured in the decorations. Sherbert was served.

The matrons were Mrs. George G. Saville, Mrs. A. Isabella Davis and Mrs. Luther Hersey. The Bohemians are M. Berrien, L. J. Willien, Frank Mansur, V. Robinson and Fred Howe.

EDITORIAL COMMENT.

Daly is back in the army, it remains to be seen if he has found his place.

March has produced enough rain so that April will be forgiven if it omits the regular portion of showers.

Mayor Gaynor is right on deck with apologies when they mean withdrawal of suits, but how about his attitude on the police force.

Express companies in the West have been caught sending their packages by the Parcel Post, which shows that these corporations know a cheap and efficient service when they see it.

It looks as though there had been something in the grafting line going on in the Boston custom house.

The latest rule of the Boston police commissioner has not made the hotel in the liquor districts any too loving towards that body.

A home for old sports has been suggested, the next thing will be a legislative enactment to pension ball players, pugilists and others who have soaked the public for years.

If any one can see anything edifying in some of the alleged boxing exhibitions which have been pulled off in and around Boston they are welcome to it.

Already they are beginning to talk of amending the Frawley law in New York which Massachusetts legislators were told by the commissioner was such an ideal one.

The Frawley bill was only the entering wedge of the worse that is to come.

Massachusetts can get along very well without it. The only ones seriously injured will be some alleged managers and promoters. As to the clubs every one knows that the clubs are cloaks.

Churchill's proposition to check this absurd and mad armament movement seems to be somewhat sensible.

It has been suggested that the English Militant suffragettes be deported. Not a bad idea. Either that, transportation or a trip in a house boat, say one patterned after that on the Styx.

April first will witness a round up between Lurish and Gotch. Hope it will not be in keeping with the traditions of the day.

If Beachey sticks to his pledge not to fly again he may still live to be the oldest inhabitant who "told you so about flying."

One of the latest bills introduced in the legislature seems to give a certain gas company, both ends and the middle of the string in the way of realizing capital, but nothing is said of the trials of the poor consumer.

Some one put a joker over on the legislature in the latest bill relative to the search and examination of prisoners, in police stations or jails.

Police commissioner O'Meara is unable to give instructions to the Boston police on it.

On the whole the measure is about as slip shod a piece of legislation as could have slipped by even the legislature.

A. E. Pillsbury has a fling at the courts in a recent speech in support of the recall theory.

THOSE DANCE HALLS.

The people of Houghs Neck are very much wrought up over the question of dance hall licenses in that locality the coming summer. They have not been satisfied with the manner in which the business has been conducted at some of those places of amusement which have been conducted there in the past and when the whole is said there has been some good opportunity for improvement. It has not always been the fault of Quincy people, and in fact little of the trouble or annoyance which has led to complaints has possibly emanated from Quincy people but from persons who were attracted to the locality by the dance halls and other forms of amusement offered.

While it is all very well to have amusement features at certain points on beaches, the rights and privileges of the owners of adjacent property and permanent sojourners must be taken into consideration.

Houghs Neck is not simply a summer resort, a place where people flock during the warm season and then desert during the winter months. Some of the best people of the city live the year round. The peace and pleasure of those people must be guarded just as closely as that of people living with earshot of City Hall or City Square. Those are the people who make the place, not the few who are attracted there for the few months in summer by reason of the dance hall, picture house, lunch room or some other nomadic feature which they may manage.

If the people agree that the dance halls and other temporary features which are not needed in winter are a nuisance during the summer, then their desires should be considered and no licenses granted.

ABATING A NUISANCE.

Several times attention has been called to a condition existing in Quincy City Square, which was not at all creditable to the persons implicated and in no wise casting delightful reflections upon the city. It has been truly disgusting at times, as many pedestrians or passengers for street cars have known from personal knowledge to witness some of the incidents. Young men and men of other ages leaned up against the store windows. They would be in groups Some would be chewing tobacco. Others while not chewing would let slip something even less desirable. Many times have persons walking along the streets narrowly avoided disagreeable consequences owing to the carelessness of those congregated in that locality.

Some times a young man close up to the building would have his back turned to the curbing. The necessity of spitting, there is no use in mincing matters, the word might just as well be used, would come, and simply turning a head without taking the trouble to see if people were passing in either direction a stream of fluid would be ejected. Some times it has taken acrobatic agility to escape the deluge of filth. Others have been less particular, the side walk was good enough for them to expectorate upon. And so the thing has gone along from bad to worse, until it has become almost unbearable to pedestrians, street car passengers and storekeepers.

The last mentioned have no doubt found that such congregations have been a detriment to their business. Undoubtedly such was the case. A speedy remedy will be hailed with pleasure. There should be no favoritism shown in this campaign. All offenders should be treated alike. The enforcement should be quick, effective and complete, so that it may serve as a warning to others who are similarly inclined. Common decency calls for this reform. A good effect has been produced by the campaign against the late train crusaders. Just as much can be accomplished in this direction, and there is no reason why it should not be carried out to the limit until this particularly objectionable nuisance is completely wiped out.

Between Women's Health or Suffering

The main reason why so many women suffer greatly at times is because of a run-down condition. Debility, poor circulation show in headaches, languor, nervousness and worry.

BEECHAM'S PILLS

(The Largest Sale of Any Medicine in the World)

are the safest, surest, most convenient and most economical remedy. They clear the system of poisons, purify the blood, relieve suffering and ensure such good health and strength that all the bodily organs work naturally and properly. In actions, feelings and looks, thousands of women have proved that Beecham's Pills

Make All The Difference

Sold everywhere. In boxes, 10c., 25c.
Women will find the directions with every box very valuable.

WORD PICTURE OF GREAT STORM

Presented By Mr. Burrell Just Returned From Omaha

AT WOLLASTON GATHERING

The sociable Friday evening by the Ladies Aid Alliance of the Wollaston Unitarian church was attended by one of the largest crowds in the history of the organization, doubtless attracted by the turkey supper served.

William M. Burrell gave a first hand account of the condition of the country in the path of the recent middle west cyclone. Mr. Burrell just returned from a business trip to Omaha.

He arrived in Omaha the day after the cyclone but stated that as one drew into the station nothing unusual could be seen, the devastated portions being in the residential section.

Here a large loss of life was entailed and on the day of his arrival wagon loads of coffins and bodies were passing through the street.

Fourteen churches were demolished, one being set down in the middle of the street while another had its front blown in. The residential section was much like the hill and plain of Wollaston.

The speaker told of the short duration of the cyclone, all of the damage being done in eleven seconds. One negro in a pool room was found dead with the dice still in his hand so sudden was the onslaught.

The program opened with a musical scale composed of a group of young people singing old fashioned songs.

In the group were Charlotte Barstow, Marcia Adams, Ednah Sanborn, Priscilla Robinson, Martha Robinson, Olive Hillman, Helen Thompson, Anna Weston, Elizabeth Reed, Helen Moulton, Katharine Kimbell, Lawrence Shaw.

Mother Goose pantomines introducing Jack and Jill, Miss Muffet, Little Jack Horner and other favorites were presented. Victrola selections closed the entertainment.

The supper committee consisted of: Mrs. William E. Rowe, Mrs. A. C. Armstrong, Mrs. F. W. White, Mrs. Charles M. Bryant, Mrs. Charles T. Baker, Mrs. J. L. Hamilton, Mrs. E. Tyler Brigham, Mrs. Bowker, Mrs. Wallace Bennett, Mrs. Bates, Mrs. F. S. Andrews, Mrs. Hawes, Mrs. E. B. Bird, Mrs. Lucy K. Arnold, Mrs. H. C. Briggs, Mrs. Child, Mrs. Davis, Mrs. Farnham, Mrs. Arthur B. Hillman, Mrs. Clarence Hutton, Mrs. Holmes.

SONG RECITAL.

In spite of the many social events scheduled for the coming week, a large share of interest is being taken in the appearance of one of the operatic worlds shining stars, Max Lipmann; tenor of the Boston Opera company in a recital which will take place Monday evening in the new Colonial hall. He will be assisted by Mrs. James H. Slade, soprano; J. Barraja-Frauenfelder, bass; Enrico Barraja, piano.

The patronesses for the recital are: Mrs. P. R. Blackmur, Mrs. G. H. Brown, Miss Mary G. Brown, Mrs. Clarence Burgin, Mrs. W. E. Burke, Mrs. W. H. Blanchard, Mrs. T. R. Blanchard, Mrs. W. T. Davis, Mrs. H. T. Drake, Mrs. H. R. Drinkwater, Mrs. H. M. Faxon, Miss A. Fraher, Miss M. Ferguson, Miss Mary L. Gavin, Mrs. L. W. Glover,

Mrs. S. C. Hardwick, Mrs. C. E. Haskins, Mrs. A. P. Homer, Mrs. E. C. Hultman, Mrs. N. S. Hunting, Mrs. W. C. Hale, Mrs. E. E. Jameson, Mrs. J. H. Johnson, Mrs. H. L. Kincaide, Mrs. A. T. Leavitt, Mrs. Herbert Lawton, Mrs. R. L. Lovell, Mrs. C. R. Marstin, Mrs. G. E. Pfaffmann, Mrs. J. F. Paige, Mrs. T. B Pollard, Mrs. E. C. Page, Mrs. A. M. Parker, Mrs. J. J. Reardon,

Miss Edith Randall, Mrs. W. F. Rice, Mrs. C. E. Rogers, Mrs. J. O. Short, Mrs. R. A. Searg Mrs. M. P. Spillane, Mrs. A. E. Sargent, Mrs. L. H. Sturtevant, Mrs. F. H. Smith, Mrs. E. W. Sheppard, Mrs. A. Turtle, Miss Sarah Thomas, Mrs. F. Van DaLinda, Mrs. H. M. Willard.

SERVICES REPEATED.

At the eBthany Congregational church the Easter music will be repeated Sunday morning and evening. The combined choruses of the church under the direction of Mrs. Shufeldt Moore will sing, assisted by Roscoe Ricker, Violinist, Miss Ruggles organist.

☞PRATT'S BREAD is liked by the most discriminating people. Grocers sell it.

ANNUAL BALL OF STREET CAR MEN

Music Hall Crowded to the Limit By Well Wishers

AFFAIR BRILLIANT SUCCESS

Success in every particular crowned the eleventh annual concert and ball of local Division 253 of the Amalgamated Association of Street and Electric Railway Employees of America, Friday evening at Music hall. The attendance was unusually large, so much so that dancing was uncomfortable until late in the evening when some of the participants had gone home.

Not only was the Quincy local largely represented, employees from other divisions of the Bay State Street railway including Weymouth, Braintree, Campello and Brockton as well as some from the divisions north of Boston, were present.

The hall looked very attractive. The beautiful decorations used at the Easter Monday night ball were still in position and in addition to these there was on the front of the platform a beautiful floral electric car, while overhead hung the banner of the Quincy local.

There were a number of guests including Supt. Thomas Gammon of the Quincy division, Harry Ballenger of Brockton representing General Supt. John Conway, Russell Sullivan, cashier of the Quincy division; F. B. Yates of Brockton, Supt. of Lines; E. A. Neal, Supt. of Lines, Quincy; Timothy Donahue foreman of the East Weymouth barn; John Noonan foreman of the South Braintree barn; Robert J. Barry foreman and James Brassil assistant foreman of the Quincy barn; Martin Brennan foreman of repairs of East Weymouth; David Toomy, superintendent of the track department; Walter Hall, superintendent of the Brockton division; Michael G. Coughlin general inspector of repairs; Frank Kimball supt. of the electrical department at Brockton; John Kelley claim agent of the Quincy division; Arthur Brady starter at Neponset; Melville Coulter stock keeper at Brockton; Representatives Michael T. Sullivan and William J. Leslie and the Misses McEuroe of the auditors department of the Boston office.

The wants of the guests were carefully looked after by an efficient reception committee headed by Vice President William H. Gould, assisted by W. S. Belyea, A. L. Blanchard, A. Barteaux, H. Guy, T. Forrest, E.Russell, J. F. Finnegan, J. B. Ford, M. Hawes, J. L. Moriarty, P. W. Kearns, William Fields, William Wilder, Geo. F. Slavin.

From 8 to 9 o'clock there was a promenade concert by Wilson's orchestra of the following numbers:

March "Electric" Hall
Overture "Hungarian Lustspiel" Keler Bela
Concert Waltz "Artists' Life" Strauss
Selection "The Red Rose" Bowers
Xylophone Solo Selected
Mr. Edward Schell
Finale "Two Bells" Lachner

A few minutes after 9 o'clock the word was given to form for the grand march which was to open the dancing. The march was in the nature of an innovation. It was prettily executed and received well deserved applause from the hundreds who watched from the balcony and sides of the hall. Instead of marching around the hall by couples and then coming down the centre in couples, four, eight and sixteen front, the line after circulating the hall once separated and as it came down the centre it was led by a lady. The next time around it was two ladies with the gentlemen immediately behind and so on until the line came down the centre with sixteen front, and all ladies, and the applause was long and loud.

The march was led by Vice President W. H. Gould and Mrs. Alfred Bean who made a charming picture in a handsome gown of dark navy blue charmeuse with white marabot trimmings. She also carried a large bouquet of carnations. Following immediately were Representative Leslie with Mrs. Ada Jones, Representative Sullivan with Mrs. T. Chisholm of Brockton and floor director Frank W. Sampson and Mrs. Sampson.

The march was a lengthy one and ended with a circle to the air of "The girl I left behind me." The march over, general dancing was in order until near midnight when there was a brief intermission during which refreshments were served in the annex.

The ball closed with a waltz, "Welcome to our next" at 2 o'clock after which free cars were in waiting to take the participants to all points.

The general committee in charge were:

J. C. Faircloth, chairman; J. J. Kelley, secretary; A. L. Blanchard, treasurer; F. W. Sampson, W. H. Gould, W. S. Belyea, J. H. Davey, J. B. Ford, J. J. Irwin, A. F. Sandberg, J. P. McManus, H. A. Guy, G. C. Dunham, J. L. Moriarty, E. J. Sullivan.

President John C. Faircloth was the floor Marshal, Frank W. Sampson, floor director and George C. Dunham, Walter S. Blake and G. W. Arbuckle assistants, and Alfred F. Sandberg was the chief of aids. They were assisted by the following corps of aids.

J. F. Sullivan, J. EE. Casey, J. P. McManus, Bert Loud, Wm. Green, D. F. Jones, H. Gould, A. Ellard, Wm. Kittredge, Wm. Mullin, W. Cowe, C. Johnson, W. Anderson, Geo. Fay, T. Ferguson, J. E. Murphy, J. J. Irwin, W. Banks, S. Marr, W. Bock, E. J. Sullivan, D. Taylor, W. Belanger, E. R. Cruise, E. F. Rowe, J. F. Kelly, Chas. Batson.

Commonwealth of Massachusetts.
Norfolk, ss. Probate Court.

To the heirs-at-law, next-of-kin and all other persons interested in the estate of Ellen Sullivan late of Quincy in said County, deceased:

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for Probate, by Jeremiah J. Sullivan formerly of said Quincy now of Niantic, Rhode Island who prays that letters testamentary may be issued to him, the executor therein named, without giving a surety on his official bond; You are hereby cited to appear at a Probate Court to be held at Dedham in said County of Norfolk, on the Sixteenth day of April A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And said petitioner is hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks in the Quincy Daily Ledger a newspaper published in said Quincy the last publication to be one day at least before said Court, and by mailing, postpaid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this twenty-fifth day of March in the year one thousand nine hundred and thirteen.

Mr. and Mrs. Ernest E. Branch who have been passing the winter at Port Ormand, Florida, are expected home the first of the week and will be at their house on Putnam street by April first.

• • •

Miss Olive Louise Huston, who is soon to become the bride of Joseph Gilman Jacobs of Wollaston, resigned this week her position as teacher at the Willard school and on Thursday evening was given a linen shower at her home, 67 Revere road by eighteen teachers of the school. It was a very happy occasion, "the shower," refreshments and merriment causing the evening to pass all too quickly.

• • •

Mrs. S. DeForest of Goddard street, South Quincy gave a tea Wednesday afternoon in honor of Mrs. Walter P. Hill of Clive street, Atlantic. A few of her friends attended and an enjoyable afternoon was spent. Mrs. Hill is to make her future home in New Hampshire and leaves soon to join her husband. As a token of remembrance her friends presented her with a leather hand bag.

• • •

Miss Laura Bean of Tilton seminary, N. H., is spending the week with her parents, Mr. and Mrs. Leon Bean of Billings street.

Mr. and Mrs. William H. Fay who have made their home in Indianapolis, Indiana, since leaving Quincy a few years ago, are contemplating returning to Quincy. Mr. Fay was for many years connected with the Quincy Mutual Fire Insurance Company and owned an attractive estate on Greenleaf street.

• • •

A very pretty blue rose party was given at the home of Mrs. George Sherwin of Clive street, Thursday evening. Blue roses were in abundance everywhere and a most enjoyable evening was spent by all the ladies present.

• • •

Mrs. Dexter Emerson Wadsworth and her father Colonel Edward Anderson who have been in Boston at The Thorndike for February and March, returned this week to their Presidents hill home.

• • •

Mrs. Everett Swan of Flynt street, entertained the Criterion club, Wednesday afternoon. Whist was enjoyed for two hours, the souvenirs being awarded to Mrs. A. H. Hall, Mrs. John Burke, Mrs. E. Swan, Mrs. J. A. Lilly and Mrs. Frank Robinson. A dainty luncheon was served by the hostess.

• • •

Mrs. B. B. Weatherbee who has been visiting her parents of Mr. and Mrs. C. H. Stenzel of Botolph street the last month returned to her home in New Jersey, Wednesday. Her mother went with her for a two week's visit.

• • •

Mr. and Mrs. Warren G. Ogden, nee Patty Faxon, of Goffe street, Presidents hill, welcomed a baby boy to their family this morning. Their other child is also a boy.

• • •

Miss Alta B. Grant of Arlington street came home Thursday from Northfield seminary for the Easter recess.

• • •

Miss Gladys L. Bain of Prospect avenue came home Friday from Wellesley college for the ten days Easter recess.

• • •

A few neighbors and friends of Mr. and Mrs. Walter Field Rice of Linden place walked in uninvited last evening and gave them a perfect surprise. Mr. and Mrs. Rice are leaving Quincy soon, having made their home here for the past ten years, making many warm friends who to show their true friendship presented Mr. and Mrs. Rice with a complete chafing-dish. After the surprise was over, whist was enjoyed until a late hour, the souvenirs going to Mrs. Charles F. Rice of Lynn, Mrs. Edward Mitchell, Mr. Ralph Lovell and Mr. Rice of Quincy. Ices and cakes were served and a jolly evening spent, Mr. and Mrs. Rice will be greatly missed by their Quincy friends who wish them every kind of prosperity and happiness with their new friends. Mr. Rice goes to Springfield as general manager of the Package Machine Company, the factories being located in Springfield and Milwaukee.

• • •

Miss Floretta Vening is to close her town house on Myrtle street, Boston and return to Hull, the first of the week.

• • •

The Young Woman's club are very fortunate in being able to obtain Mrs. Storrow of Boston to speak to them Wednesday evening at the clubhouse There will be folk dancing and music.

• • •

FEW ARE REFUSED

Patients In Advanced Stage of Disease Selected For Friedmann

New York, March 29.—Seventy patients of the Seton hospital for consumptives at Spuyten Duyvil were chosen to receive the Friedmann treatment.

All were of advanced stages in the disease, many in the third stage. Sixty are pulmonary and the others, all children, are surgical cases. Twenty-five are women.

Though Dr. Friedmann said nothing, it is understood he was surprised that the final government test of his culture was to be made with patients, many of whose cases seemed hopeless.

The cases were first selected from the great number of inmates of the hospital by Drs. Anderson, Stimson and Lavender. They were submitted to Friedmann for final acceptance. Not many were refused by him.

Two Men Crushed to Death

Cambridge, Mass., March 29.—An emergency water tank, weighing 40,000 pounds, crashed through the roof of Henry Thayer & Co.'s factory, crushing to death Pearl Hill and Frank Hall, employed in making repairs on the tank.

Ice Causes Loss of Many Lives

Rybinsk, Russia, March 29.—Over 100 boats have been sunk by drifting ice in the river Volga. Many men have perished as a result of the accidents.

IMPROVEMENT ASSOCIATION

Wollaston Organization Formally Launched will Be Incorporated

At a meeting in Brasee hall Friday evening the Wollaston Citizens Association adopted a constitution and by-laws and voted to become incorporated.

The association is to be non sectarian and non political and is for the welfare of Wollaston in particular and Quincy in general.

Any resident or property holder of Quincy is eligible to membership and several outside the district of Wollaston have already joined. The charter will be held open until June 1st.

Frank Shay, C. W. Carlisle and A. J. Scorer were appointed a legislative committee and H. C. Lowe and J. A. Severance a committee on finance.

W. E. Robinson reported for the committee on gas and said he had been promised either a reduction in gas or another conference, April 15th.

Meetings will be held the last Friday of each month with the annual meeting in February.

JUNIORS GUESTS OF SOPHOMORES

At a Reception and Dance at the High School Gym

The Quincy High School Gymnasium presented a pretty scene Friday evening when the Sophomore class tendered the Juniors a reception. The apartment was tastefully decorated with wisteria and hollyhocks and various colored hibbons festooned around the hall.

The matrons were Mrs. Arthur Ray, Mrs. Herbert Fenner and Mrs. Ernest L. Collins. The ushers were Sturgis Hunt, Reginald Gay, Wesley Brown, Thomas Barstow, Fred Rasmussen, Donald Crocker, Lincoln Crosscup and Willard Crocker.

Dancing was enjoyed, music being by Weston's orchestra. Frappe was served.

The committee consisted of Miss Louise Churchill, Miss Margaret Atwood, Miss Dorothy Brown, Donald Crocker, Thomas Barstow, Willard Crocker, and Regnield Gay.

MOVE FOR IMPEACHMENT

Sheriffs of Two More Counties In Maine Are Now Under Fire

Augusta, Me., March 29.—An amendment to include Sheriffs Emerson of Penobscot county and Ballou of Sagadahoc county in the impeachment proceedings instituted by Governor Haines against Sheriff Moulton of Cumberland county for alleged failure to enforce the prohibitory liquor law was offered in the house when the resolve for an investigation of the charges was received from the senate. The resolve as amended was passed.

An order calling upon Haines to furnish the legislature with the names of the officials whom he mentioned in his message as being derelict in their duty was passed.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. Cheney & Co., Toledo, O.

Sold by Druggists, 75c.

ENTERS A PLEA OF NOT GUILTY

Mrs. Eaton Calmly Hears Reading of Murder Indictment

NO DATE SET FOR HER TRIAL

Widow of Naval Hero Taken Back to Jail, After Long Conference With Counsel, to Await Further Proceedings—District Attorney Says Accused Woman's Mental Condition Will Be Examined

Plymouth, Mass., March 29.—Mrs. Jennie M. Eaton pleaded not guilty to the indictment charging her with the murder of her husband, Rear Admiral Jospeh G. Eaton. Judge Dubuque remanded her to jail without bail pending trial, the date for which has not been set.

Mrs. Eaton stood by the prisoner's cage in the superior court while the clerk read the 900-word document, and showed no trace of nervousness. When asked to plead to the charge, she answered promptly and in a clear, firm voice: "Not guilty."

Mrs. Eaton was accompanied to court by her attorneys, William A. Morse and Francis J. Geogan. At the suggestion of District Attorney Barker the court allowed counsel for the defense two weeks in which to examine the indictment and file exceptions. No motion regarding to the date of the trial was made.

Mrs. Eaton was brought from the jail to the courthouse in an automobile nearly half an hour before her arraignment. The automobile took a roundabout course to avoid photographers. Mrs. Eaton was dressed in black and her face was hidden by a heavy veil. After the court proceedings, which were very brief, Mrs. Eaton and her counsel conferred in one of the ante-rooms.

A probability that a commission would be appointed to determine Mrs. Eaton's sanity received official confirmation when District Attorney Barker said: "The mental condition of Mrs. Eaton will be very carefully examined."

Mrs. Eaton was not taken back to the jail until after she had conferred with her attorneys for more than two hours. After the conference Morse said the district attorney had not communicated with him regarding an examination of Mrs. Eaton's mental condition, and until he did the defense would have nothing to say on the subject.

JENNINGS IS CONVICTED

Pugilist Found Guilty of Murder In the Second Degree

Boston, March 29.—James B. Jennings, known as "Kid Carter," a welterweight prize fighter, was found guilty in the second degree of the murder of William H. MacPherson by the jury in the Suffolk county court which reported late last night. The jury had been out nearly twelve hours.

Attorney Cutler immediately asked Judge Brown to allow him until April 26 to file a bill of exceptions. When the judge allowed this Jennings arose and shouted:

"I want to be sentenced now. I do not want to wait another month in jail before I know what is to become of me."

SECOND DEGREE MURDER

Battleship Cook Convicted of Killing Pullman Car Porter

Boston, March 29.—Henry Taylor, a negro, was found guilty of murder in the second degree in having caused the death by shooting of Gerald Taylor, also a negro. The shooting took place in the lodging house of Mrs. William H. Mills at 29 Claremont park.

Henry Taylor has been employed as captain's cook on board the battleship Rhode Island. Gerald Taylor was a Pullman car porter.

WILSON'S FIRST MESSAGE

Document of Twelve Hundred Words Relates Chiefly to Tariff

Washington, March 29.—President Wilson read to his cabinet his first message to the coming extra session of congress.

It is 1200 words long and deals chiefly with the tariff, which draws attention to the possibility that a separate message on currency reform and other questions may be substituted when the tariff is disposed of.

Justice Bischoff Killed by Fall

New York, March 29.—Henry Bischoff, a justice of the supreme court, was instantly killed by falling through an air shaft from the eleventh story to the basement of the building at 51 Chambers street. The justice was near-sighted and is supposed to have tripped over a carpet on the floor.

Army Officers Killed In Flight

Tokio, March 29.—Two Japanese army lieutenants were killed while giving an exhibition flight in an aeroplane. Their machine broke down at a height of 1000 feet and they were dashed to the ground.

Can We Help You?

(As We Helped This Man)

Herbert O. Russell is a farmer in North Hadley, Mass., who turned a threatened loss, not only to himself but to his neighbors, into a highly profitable business transaction by making judicious use of the telephone toll lines. He is the Mr. Blank of the following story which appeared in TELEPHONE TOPICS. We use his name by permission:

A HADLEY PASTORAL.

The fertile fields of old Hadley are especially adapted for raising tobacco and onions and especially onions, which are usually a very profitable crop. This year the crop was larger than ever before—bumper to the nth. Prices at once shrunk alarmingly until it came to be a grave question whether it was worth while to market the crop. Some farmers became discouraged and left the crop to rot in the fields. One gave the subject careful thought. While he was pondering the question his glance fell upon the telephone in the kitchen. Could that be the answer?

The next day he called on Manager Proctor for information. He secured full particulars about our toll facilities, then went home and planned a sales campaign by telephone. Each evening the family carefully studied the directories and made up a list of wholesale commission dealers in the large cities.

Early each morning Mr. Blank called them by telephone. Results were immediate and surprising. He made satisfactory terms in short order for the sale of his entire crop and before long he was shipping onions by the carload. After he disposed of his own crop, the commission merchants continued their demands for more onions, and Mr. Blank commenced buying his neighbors' crops which he sold at a good profit. As a result of his work he has sold twenty-one carloads of onions. It need not be added that he is extremely gratetul for the resources of our telephone service.

Are you, Mr. Farmer or Business Man, confronted with a distribution problem of any kind? Let us help you, if we can. Call your Local Manager and see what he can suggest. In Greater Boston telephone (free of charge) to Fort Hill 7600, the Contract Department.

NEW ENGLAND TELEPHONE & TELEGRAPH CO. — LOCAL AND LONG DISTANCE TELEPHONE — BELL SYSTEM — AMERICAN TELEPHONE & TELEGRAPH CO.

SYMPHONY HALL.

Direct from her recent engagement at the Fulton Theatre, New York, Lillian Russell comes next week to Sympathy hall, Boston appearing three times only, on Tuesday evening, and matinees Wednesday and Thursday afternoons in her wonderful kinemacolor entertainment. This remarkable woman, who enshrined herself in the affections of the American people by her brilliant triumphs in drama, musical comedy and light opera, is coming to fulfill a mission that she has always cherished as peculiarly her own. Those personal attributes and attractions that helped to win for her undying fame can, she insists, be acquired by every woman who will live right and think right. It is to tell how to live and think right—how to beautify body, mind and soul, that Miss Russell will visit Boston. She will give advice and counsel, drawn from the well of her own experience and her own quest for knowledge, to men, women and children.

It is stated by Miss Russell's advance representative, that strange as it may sound, men should be more interested even than women in Miss Russell's visit, as this is the first time special attention will be given to an exposition of correct dress and deportment for the masculine sex. Miss Russell will show the right things for men to wear and the right things for them to do socially. The kinemacolor pictures which will assist Miss Russell are the apex of art in delineation of color and motion. Every tint placed by Nature's brush on the animate and inanimate objects portrayed is faithfully reproduced. These pictures were specially posed for by Miss Russell and show her in most of her manifold activities. They combine entertainment with instruction. Their beauty and novelty pleases the eye and they record, as well, the points that Miss Russell seeks to impress upon her hearers.

The great organ will be played during Miss Russell's entertainment.

BRIEFS

Faxon Loyal Temperance Legion meets Thursday afternoon in Protection hall at 4.15. All are most cordially invited to attend.

The W. C. T. U. hold their next regular meeting April 3, in Protection hall at 2.30. All members are requested to be present as business of importance is to come before the meeting.

The regular monthly meeting of the Quincy Day Nursery Association will be held Tuesday, April 1, at 2.30 P. M. in the Quincy Women's clubhouse.

A very interesting lecture was given in the Atlantic M. E. church, Tuesday evening, by the pastor, Dean Alfred A. Wright, D. D., subject, "How Wide is an inch?"

Rev. A. A. Brown of Youngstown, Ohio, will preach at the Methodist church Sunday morning. Mr. Brown was formerly pastor of the West Quincy Methodist church. Mr. Brown is also from one of the cities recently visited by the floods of Ohio.

CONFIDENCE IN MELLEN.

After all the belaboring to which the New Haven road and its president have been subjected, most of which began to make itself conspicuous when the Grand Trunk decided to abandon building to Boston and Providence, it is refreshing to see that there are spirits hardy enough to take up the cudgels in defense of the New Haven and in protest that president Mellen is not quite the mercenary wretch he has been painted. Developments in Boston and Maine have been unfortunate. There have been unfortunate developments in other quarters. In this case of the Boston and Maine, where the fall in the price of the shares has affected the price of New Haven, it has been the fashion to knock Mr. Mellen, and with a sledge-hammer, too. The same thing happening on another road would have been regretted and passed over as one of those things that were unfortunate but could not be avoided. It really looks as though professional agitators had got in a good deal of their fine work, and that their motives were purely mercenary. But let this be understood, President Mellen still has friends and plenty of them and they have not lost confidence in him or in the management of the road under him. They believe that every effort will be put out to maintain the New Haven dividend in the interest of the 22,000 stock-holders, mostly women and children—whose actual existence depends on the increase dividend from that source. Naturally a reduction in the dividend would simplify some of the problems which the management has to solve, but it would be against the ideas and intentions of Mr. Mellen, who, according to the best information, will move heaven and earth to keep the record intact. On general principles, the price of New Haven stock spells a lower dividend, but general principles are not always to be relied on, especially when manipulation may have stepped in to bring about a bias in them.—Brooklyn Eagle.

☞The Wollaston Glee Club offers special attractions for the Spring concert Wednesday evening April 2. Mme. Camporelli, a prima donna of the Boston Opera Co., is to sing, and the club is to be heard with the assisting artists in the New School Hall on Beale street, Wollaston. The Glee Club expects to see all its old friends and urges those unaquainted with its excellent work to come to this gala occasion.

☞PRATT'S BREAD—try it with a bowl of milk and blueberries. All grocers.

EXPECTED TO REACH SEVENTY FOOT STAGE

Ohio River Flood Has Already Caused Serious Damage

THE DEAD AT DAYTON NOW PLACED AT 800

Privation Among Marooned Severe, but Little Actual Suffering—Many Still Imprisoned In Upper Floors of Houses—Water Is Rapidly Subsiding—Many Reported Missing Believed to Have Escaped to High Ground—Reports of Epidemics of Typhoid and Pneumonia Found to Be Untrue—Damage Along Upper Connecticut River—Hudson River Reaches Record Stage

Concinnati, March 29.—As the waters of the Ohio river continue to rise, increased in volume by the flood waters from tributaries east and north of here, this city is facing the most dangerous flood in its history.

The river stage is sixty-four feet, with indications that before many hours the gauge will reach seventy feet, almost to the mark of 1884, the record year.

Weather forecasters here express conviction that during today the river will reach sixty-eight feet and will go to the seventy-foot mark early next week, probably Monday. The weather bureau also declared there would be a further rise of five to ten feet at all points above here within the next two or three days.

At Cincinnati the worst is feared. All low land to the west and east of the city is submerged, and also along the water front the commercial houses are gradually disappearing under the yellow water.

Five Hundred Houses Submerged

Along the Kentucky shore conditions are rapidly becoming worse. At Covington more than 500 houses are reported submerged and their occupants are being given shelter and protection in public buildings.

Plans are rapidly being formulated to care for flood sufferers and a meeting was held at Covington last night at which arrangements were made to raise a sufficient fund for the poor. At the same time arrangements were also made for policing the flood zone and preventing looting.

As the Ohio and Licking rivers rise and the former attains the seventy-foot stage, more and more of Covington recedes beneath the surface of the flood waters. Inhabitants of the western end of the city have left their homes.

The river front section of Ludlow is deep under water and the residents have removed. Bromley is entirely cut off from other neighboring towns. Dayton, Ky., and other nearby small towns are in the same isolated condition and there is much suffering.

Many of the large manufacturing plants have closed because operatives have been unable to reach them.

Car Lines Abandoned

Newport, which, with Covington, is opposite Cincinnati, forming the larger of the suburban sections, is in almost as bad a case as its neighboring city. Street car lines have been abandoned, and it is feared that before many hours the lines into Cincinnati will have to cease operations. This also is true of Covington lines. Electric light and gas plants also are threatened.

One of the bridges across the Ohio has been closed, and authorities are preparing to close others, thus cutting off the south shore from communication with Cincinnati and also closing practically the only railway outlet this city has had to the south and east. No food shortage is anticipated in this section, but warnings have been issued by mayors of this and other nearby cities that merchants must not take advantage of the situation to charge extortionate prices.

All attempts of this nature have been promptly curbed by the authorities.

PRIVATIONS SEVERE

But Dayton Death List Will Not Be Nearly So Large as Reported

West Dayton, O., March 29.—Members of the United States life saving crew of Louisville, who navigated along sections of flooded Dayton heretofore unexplored, report conditions in North Dayton and Riverdale quite as deplorable as the first estimates concerning suffering of the people were concerned. The tour, however, failed to verify fears that there had been a tremendous death toll in that section. Undertakers estimate that Dayton's total death roll will not exceed 800.

In North Dayton privation among the marooned has been severe, but actual suffering, except among children, was negligible. Cruising the southern end of Riverdale, where it was feared there would be found a big death list, Captain Gilhooly, in charge of the crew, reported conditions paralleling those in other sections of the stricken city, but only two dead bodies were reported to him as having been recovered from that district.

The flooded territory in Riverdale, which is a section of substantial home owners, approximately is seventeen blocks long and seven blocks wide.

Thousands Still Marooned

Captain Gilhooly reported that in the south central section of Dayton, where the flood flowed wildest on Tuesday night and Wednesday, thousands of persons still were imprisoned in upper floors of their homes.

He stated that from numerous inquiries among the people whose residences had been inundated it appeared the life loss would not be nearly so large as it was placed by first reports. This section still was flooded, although the water rapidly was receding and, while a few corpses eddied out from the flood's edge, yet in the centre of the area it was stated that only two bodies had been seen.

The crew launched its big boat in the Miami canal, up which it cruised to Mad river, thence down Mad river to the Miami, and thence south to the Stewart street bridge.

At many different points along the route, stops were made, and the crew detoured away from the rivers. It was found many of these detours could be made afoot, the water having so rapidly fallen since Thursday night. At no place was the water behind the levees deeper than four feet.

Chaos In North Dayton

While the Louisville life savers were making their cruise, Captain Hansen and a crew of life savers from the Cleveland station were operating a number of boats in the heart of North Dayton, where a condition of veritable chaos exists. In that section lived many of the poorer class. Few of the buildings were substantial, and when the fury of the Miami and Mad rivers' flood combined in a seething maelstrom, dozens of the residences succumbed.

The opinion generally is entertained that the water will have subsided sufficiently to permit the exit today of all persons now marooned.

In Riverdale, near the Main street bridge, the levee was cut in three places in an effort to drain that section of the city. When it is possible to clear away the debris there and make thorough searches of the houses, many of which were overturned and wrecked by the flood, additional dead may be taken out, but according to the most reliable information obtainable from dozens of men actively engaged in rescue work and from the headquarters of the section, there are only about twenty persons still missing and it is believed many of these escaped to homes in North Dayton View, which was not affected by the flood.

Many Refuse to Leave Homes

In that section on the east side of the Miami river and north of the Mad river, rescue work went forward with two United States life saving crews in charge. Hundreds of people living in upper stories and practically without food or water since Tuesday morning refused to leave their homes, believing they would have a better chance for safety there than elsewhere. Water and food were supplied them.

Hundreds of others had left their houses. Very few of these have been accounted for. Most of those rescued in the district known as North Dayton made their way to a Catholic college farther to the northeast, which stands on high ground. Here they are being cared for.

A central morgue has been established at the probate court building and, as fast as possible, identifications will be made. Many of the bodies thus far recovered, however, present difficulties in the way of identification.

False Report of Epidemic

A report was circulated to the effect that an epidemic of typhoid fever and pneumonia had developed in Riverdale and West Dayton. It was ascertained, however, that not a single well developed case of either disease was known in the sections mentioned, although there was considerable sickness among the refugees, particularly among the women and children, due to privation.

Visitors made their way in rowboats and canoes through nearly all of Riverdale, North Dayton and West Dayton. This was the first time that it was possible to penetrate these districts. While conditions are deplorable, the people remaining in their houses were not actually suffering to any considerable degree, and no dead bodies were to be seen anywhere. For the most part the residents have been taken out by rescuers..

In a number of places throughout the city, camps have been established and families have set up housekeeping in tents, cooking in the open over bonfires.

Thrilling Experiences

Perilous trips around the coping of burning buildings, with the yawning water of the flood below them, marked the escape of thirty-four men, women and children from the flames that destroyed the structures on the north side street from Jefferson to St. Clair Tuesday night.

When the alarm of fire was raised persons in the buildings rushed to the windows to seek aid in the streets below. None was available, and driven by the flames the refugees retreated from the east and west toward the Cooper building in the centre of the square, forcing their way through attic hatchways and climbing over roofs and around copings.

In this manner the Cooper building became the common place of refuge. Hemmed in on both sides, a way out was now sought across Third street. Harrey Kirkbridge organized the men and one of the party was let down with a rope to the water. He swam to the opposite side, fastened a rope cable in a street staircase, and then signalled his comrades behind.

Supporting the women and children, the men let themselves down from the Cooper building and struggled through torrent-swept street to the other side. The stairs led to safety on the upper floors. Thence the entire thirty-four made their way to an alley and across it to a place of safety. There they remained until Thursday, when they were rescued.

Death List of Twenty

Hamilton, O., March 29.—More than 250 persons spent two days and nights in the little courthouse here without light, food, water or heat, and often they were drenched with rain that leaked through the roof. Many slept as they could, standing or sitting.

A conservative estimate of the dead here places the number at about twenty, but this will not be definitely ascertained for some days.

Two Hundred Dead In Columbus

Columbus, O., March 29.—Coroner Penkest, after a trip through the West Side, estimated that the total death list in that section would reach 200. Fifty bodies have been recovered thus far.

Four Known Deaths at Zanesville

Zanesville, O., March 29.—With communication being slowly restored, rumors are rife of loss of life, but there are only four known deaths in this city as a result of the flood.

TWO FLOOD WAVES

Mills and Railroad Property Along the Connecticut Suffer

Springfield, Mass., March 29.—Two flood waves, born of the rainstorms in northwestern New England earlier in the week, swept down the Connecticut river, causing some damage to property in the lowlands, necessitating the shutting down of many industries and interfering with railroad traffic at several points.

So far as known there was no loss of life. The flood was not a record-breaker, but many old marks were threatened.

The first wave was the higher, and at sunset last night the crest passed Holyoke and was being watched with some anxiety by the riverbank inhabitants below that city.

The second wave was following 15 miles behind, having driven the lowland settlers from their homes at Woodsville, N. H., and carried out a dam on Israel's river, a tributary of the Connecticut, at Lancaster. The second wave was abreast of White River last night, but it was not so high nor so long as its predecessor.

The first wave, which was much in evidence above the Massachusetts state line, left behind it plenty of work for three railroad companies, the Boston and Maine, Central Vermont and the Rutland. On all of these roads, there were washouts and some bridges went out.

HUDSON RIVER FLOOD

High Mark Is Reached, but Water Has Begun to Recede

Albany, March 29.—The Hudson river reached the highest point in its history when the local weather bureau's records registered 22.4 feet yesterday afternoon. The lower section of the city is flooded.

The crest of the flood, which has caused enormous losses and widespread suffering throughout the Mohawk and Hudson valleys, is believed to have been reached. The water is receding slowly.

Many factories and some schools have closed. Railroad service is crippled, mails are delayed and telegraph and telephone service is hampered.

There has been much damage to property, but no loss of life has been reported.

TROOPS ON PATROL

Troy Newspapers, With One Exception, Forced to Suspend

Troy, N. Y., March 29.—Martial law has been practically declared in Troy, and members of two military companies are patrolling the streets and relieving the tired firemen and police.

Fire added to the seriousness of the flood situation, and firemen were kept busy answering alarms in the flooded district, resulting in damage estimated at thousands of dollars.

For the first time in the history of Troy the newspapers, with one exception, were unable to go to press. One publication printed a four page pamphlet on a hand press. The others were forced to suspend publication, their plants having been flooded.

The flood seems to have reached its crest and is slowly receding.

Bay State to the Rescue

Boston, March 29.—Gardiner M. Lane, treasurer of the Massachusetts branch of the American Red Cross, announced that the subscriptions in Boston and other cities and towns for the relief of the flood sufferers in Ohio and Indiana now amount to $99,256.85.

Lane also made public a telegram from Mabel G. Boardman, chairman of the national relief board of the Red Cross, saying that Boston's generous contributions are greatly appreciated by Governor Cox of Ohio and other officials in the stricken district.

Lane has another telegram from the American Red Cross at Washington, stating that because of the distance and cost of transportation, the sending of old clothing, etc., should not be encouraged, and only new clothing, bedding, etc., should be sent.

Call For Red Cross Nurses

Washington, March 29.—Calls for thirty nurses for Dayton and for 100 for Cincinnati were received at Red Cross headquarters. Those for Dayton were for immediate duty; those for Cincinnati were for emergency work that may arise in that city or the surrounding towns. The nurses sent will be selected from the 4000 enrolled Red Cross nurses, many of whom are near the danger zone.

Scores of unenrolled nurses have volunteered for service. Money is beginning to pour into Red Cross headquarters. Messages of sympathy are coming from as far as China.

Miss Mabel Boardman left Washington late yesterday for Cincinnati to be more closely in touch with the needs of the situation.

In all $300,000 has been placed in the hands of the Red Cross within forty-eight hours. Of this over $90,000 was received yesterday.

Railroads Making Little Progress

New York, March 29.—Reports received at the general offices of railroads affected by the floods show but little progress toward re-establishing communication with the stricken sections.

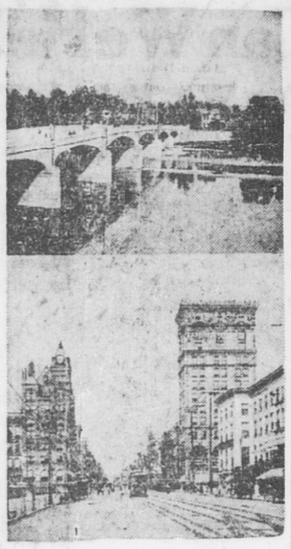

The Pennsylvania has been able to operate between the east and Chicago by opening its one-track Fort Wayne route from Mansfield, O., west. No trains on this system are operating into the southern parts of Ohio and Cincinnati is completely cut off from the east.

The Baltimore and Ohio is paralyzed from Wheeling west. It has suffered enormous damage and has lost so many bridges in the flooded sections of Ohio that it will be weeks before any sort of a schedule can be followed.

The New York Central has been stalled from Albany south by the Hudson river flood. It is operating trains west of Albany and over the Lake Shore into Chicago.

A BOSTON GIRL'S BUDGET.

Visiting Housekeeper Is One of Hub's Latest and Most Popular Wrinkles—An Expert Who Enters the Home and Shows the Housewife How It Should be Run—Still Another Novelist Pillories Boston Society—She Appreciates the Place More than the People—Musicians Promise Great Things for Their Annual Benefit.

The visiting housekeeper promises to become a fixture in the community, according to reports of social workers and economic students. Two or three of these useful persons have been at work for some time in and around Boston under the supervision of various organizations which do welfare work. The visiting housekeeper goes to a home and points out advantages in the model way of doing housework, economical points and hints for reducing labor and steps, and in many ways opens the eyes of the reigning housekeeper to methods which are an improvement over her own. The contention that no housekeeper will will stand for some one else interferring with her business has been disproved, for as a rule the visitor has been welcomed and her suggestions in a great measure put into practice. The fact that she is a trained and scientific worker takes off the sting which most women feel in being advised about their household habits. Especially with the young bride is such an adviser valuable. Many suggestions are given regarding the proper price to pay for furniture in consideration of the young husband's salary, and to the inexperienced housekeeper there is no more valuable aid than instruction in the proper meats and use of foods in such away as to keep within a suggestions for the proper equipment of a layettte and various other small questions that are not generally considered within the scope of the housekeeper's realm. A Cambridge woman who has had much experience in this line of domestic assistance claims that there is as much need for a visiting housekeeper in the homes of the rich as in the homes of the middle class.

Boston has again been pilloried by a literary critic who has written a novel said to portray characters prominent in Boston and Cambridge circles. Harvard professors are wondering inwardly if they are being aimed at in the author's railings against smug propriety. Back Bay matrons are writhing in soul over certain descriptions of life at the opera house and other social functions. All is not unkind and censorious, however, and a little bit of descriptive writing emphasizes the possibilities of Boston miniature Alster Basin in an appreciative way. The author writes: "The river (the Charles) is so wide, the embankment gives such a sweep to the sunset. The campanile in Copley Square looks then as ethreal as San Giorgio, floating in the golden mists. From the high roofs on Commonwealth Avenue the city is as beautiful as a ship of dreams drifting out to sea. The golden dome is its capstan, the stern the noble avenue. The little red streets at dusk glow with orange lights—there are homes there. In this land of hotels and barrack apartments, people live in houses, full of a high dignity, unostentatious. If they would only give themselves time to play they would be the most perfect people. "The only joke about the above sentiment is that the author is herself one of the busiest of the Hub's professional people.

Music lovers are looking forward to the annual concert of the Musician's benefit. The orchestra this year will be the largest string band gathered together since the famous Peace Jubilee when Strauss came to Boston and led his musicians in the "Beautiful Blue Danube" waltzes. But even he never had three hundred musicians playing the swinging bars in unison, as will be the case at the forthcoming concert. The special concert is arranged as a result of the recent fire which burned out the headquarters of the Musician's relief society, and members of the Symphony orchestra and all other orchestras of the city have banded together for the purpose of providing a start toward a new building for the Society. Three hundred instruments will be swayed under the direction of Emil Mollenhauer, and the event is being waited for with eagerness by thousands of music loving New Englanders.

Ethel Angier.

MISS S. E. DUNPHY

THE PHILERGIANS, BRAINTREE

The next regular meeting will be held in Cochato hall on Tuesday, April first. Thomas A. Watson will read "The Terrible Meek" by Charles Rann Kennedy. Margaret Shephard Ham will be the soloist of the afternoon, accompanied by Mrs. Arthur R. Gould on the piano. Mrs. Ham will need no introduction in Braintree as she is well known here and her friends will welcome her return.

The social service committee of the Philergians appeal to the people of Braintree for clothing and footwear for the relief of the destitute in Indiana and Ohio. Supplies will be distributed through the National Red Cross Society. Clothing for both children and adults is desired. All shoes should be tied together and the size plainly marked on the soles. All garments should be tagged showing size. Parcels of clothing to be left by April second at the homes of Mrs. Harry Readmon, 29 Charles street, Braintree, Mrs. Austin Torrey, 1030 Washington street, South Braintree, Mrs. Herbert E. Curtis, 44 Liberty street, East Braintree, Mrs. L. Paul, Chapin, 27 Central avenue, South Braintree and Mrs. J. H. Stedman, 179 Cedar street, Braintree.

GAME PRESERVED.

"As a result of the reckless manner in which certain huntsmen kill off birds, Massachusetts is no longer the rendezvous for many valuable birds and our quail, partridge and ducks are rapidly becoming extinct.

"We should have a model game preserve. This could be had by the state acquiring a tract of wooded land, say 5000 acres, where, under state protection, birds could find food and could remain unreached by hunters and bird dogs.

"This model preserve could be located where some shallow ponds exist. In these ponds we could plant rice seed and wild celery delicacies which ducks and water fowl relish. The preserve would not need to have a fence built around it. The birds would be free to come and go. But if we made this preserve like those in other countries, notably Germany, we would have no trouble in keeping birds and having them propagate in large numbers.

"Such a preserve would guarantee the birds a chance to flourish and we should find a much larger number of desirable birds roaming through the woods of the state. The preserve would in time be populated by many birds, for they would find plenty to eat there and be safe from hunters.

BIRTHDAY REMEMBERED.

Friday was the seventy-eighth birthday of George Henry Arnold of Braintree and in order to have a proper celebration he was invited with Mrs. Arnold to supper with Henry Arnold, his oldest son. He was most agreeably surprised to find there in waiting all his sons and daughter, Henry F., George A., Louis W., John E., and Mrs. Eben Prescott. They were accompanied by their better halves, making a total of twelve at the supper. After the feast there was another surprise when eight out of ten of the grand children came in and extended their greetings.

Charlotte and Doane Arnold of Waban were unable to be present on account of illness.

Today Mr. and Mrs. Arnold are observing the forty-fifth anniversary of their marriage.

Ice cream and cake were served and Mr. Arnold was presented with a beautiful bouquet of pinks, seventy-eight in number.

Commonwealth of Massachusetts.

Board of Railroad Commissioners.

(9282) Boston, March 27, 1913.

On the Petition of the Old Colony Railroad Company and the New York, New Haven and Hartford Railroad Company for consent to change in the grade of the Old Colony railroad (New York, New Haven and Hartford Railroad Company, lessee) in the city of Quincy; and for certificate that the adoption of the plan for the abolition of the grade crossings of Saville and Water streets and the Old Colony railroad (New York New Haven and Hartford Railroad Company, lessee) in said city of Quincy, as determined by the special commission appointed by the Superior Court, and the expenditure to be incurred thereunder are consistent with the public interests and are reasonably required for the abolition of grade crossings under the law, and that such expenditure will not in its judgment exceed the amount provided by law to be paid by the Commonwealth, the Board will give a hearing to the parties in interest at its office, No. 20 Beacon Street, Boston, on Friday, the fourth day of April, next, at ten-thirty o'clock in the forenoon.

And the petitioners are required to give notice of said hearing by publication hereof twice prior to said date in the Quincy Ledger and the Quincy Telegram, newspapers published in Quincy, to serve a copy hereof on the City of Quincy and the Bay State Street Railway Company, and to make return of service at the time of hearing.

By order of the Board.

CHARLES E. MANN, Clerk.

TWO TEAMS SPLIT EVEN

Melon Chopees and Cranch Evened Things Up on Alleys

MONATIQUOT BEAT LENOX

One City and a special match filled the Friday evening bowling bill.

At the City Square alleys the Cranch and Melon Chopees split even. Olsen was high with 270.

Court Monatiquot beat the Lenox Foresters at the Coliseum, 4 to 0. Smith and Connell tied for high single at 115, the latter getting the big total.

The score:

MONATIQUOT.

Norfolk, ss. Probate Court.

To the heirs-at-law and all other persons interested in the estate of Solomon Morrison late of Springvale, Maine, having estate in said County, deceased:

Whereas, William J. Hennessey administrator of the estate of said deceased, has presented to said Court his petition for license to sell at private sale, in accordance with the offer named in said petition, or upon such terms as may be adjudged best, the whole of a certain parcel of the real estate of said deceased for the payment of debts, and charges of administration, and for other reasons set forth in said petition. You are hereby cited to appear at a Probate Court to be held at Dedham in said County, on the sixteenth day of April A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And said petitioner is ordered to serve this citation by delivering a copy thereof to each person interested in the estate fourteen days at least before said Court, or by publishing the same once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in Quincy, Mass. the last publication to be one day at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this twenty-eighth day of March in the year one thousand nine hundred and thirteen.

WOMAN'S GUILD ELECT OFFICERS

Organization of St. Marys's Hall Arrange Annual Party, April 25

The annual meeting of the Woman's Guild of St. Mary's church was held Friday evening in the music room. The following were elected:

Honorary President—Rev. Henry T. Grady.

President—Mrs. Mabel Fenessey.

Vice President—Mrs. Abbie Little.

Treasurer—Miss Grace Elcock.

Recording Secretary—Miss Mary King.

Directors—Mrs. Mary Burns, Miss Catherine King.

It is planned to hold the annual gentlemen's night April 25, at St. Joseph's hall.

SURPRISE PARTY.

Wednesday, March 26th, Mrs. Julia A. Minchin of 253 Middle street, Braintree was tendered a surprise party by a number of her relatives, it being the seventieth anniversary of her birth. Her sisters, Mrs. Ella A. Thayer of Thayer place, South Braintree and Mrs. Amanda J. Stetson of Montello, together with Mrs. M. Alonzo Minchin of Middle street arranged the party and prepared a most appetizing dinner at the latter's home which is next door to that of the lady who was to be surprised. So it was quite a simple matter when the relatives had all assembled to transfer the prepared dinner from the son's house to that of the mother and serve those who had gathered to make the occasion a memorable success.

A MIXED ORDER.

A dancing party was given by Quincy Chapter, Order of Eastern Star at Alpha Hall, Thursday evening to about 100 couple. Music was furnished by Wilson's orchestra.

The feature of order was le dance speciale, led by Arthur L. Thomas. The order which was in French and English was the first of its kind in the city. A committee, headed by William Tarbox took charge of the affair.

Among those on the committee were Miss Bessie Roberts, Miss Ruth Kemp, Miss Lillian Laing, Miss Catherine Laing, Miss Cora Barnicoat, Miss Annie E. Rose, Dr. C. R. Marstin.

BRAITREE K. OF C.

Braintree Council Knights of Columbus will hold its annual minstrel show and dance Monday in the town hall, Holbrook. Lieut-Go. Walsh will be the guest of honor and will address the gathering.

Edward P. Cuffe and Mrs. C. A. Sullivan will direct the show. Joseph T. Shay, grand knight is to be the interlocutor; Frank Kelleher, Everett Chessman, Martin King, George Packard, Henry Barnes, Joseph Megley, M. J. Conley and Carl Knipps the ends, and the Misses Minnie Starr, Cecelia McCabe and Catherine Coggan the soloists.

DIED IN BRAINTREE.

Mrs. Ellen E. (Moore,) widow of Dennis Dacey, died at her home, 72 River street, Braintree, this morning, in her 73rd year.

SENIORS TOOK PART OF MEN

And Danced With Juniors Whom They Were Entertaining

The Juniors of Woodward Institute were the guests of the Seniors at a masquerade party in the music room Friday evening. About 20 couple were in attendance, the seniors taking the gentlemen's part.

Among those present were Principal and Mrs. Horace W. Rice, Mrs. John D. Buckingham, and the teachers of the school.

Music was furnished by Miss Mabel Peterson, Miss Esther Thorn, Miss Margaret Reid, Miss Beryl Turner, Miss Charlotte Burgess.

The grand march was lead by Miss Margaret Reid and Miss Annabelle Bjorkman. Miss Beryl Turner, president of the class had charge of the affair. The entertainment committee consisted of Miss Catherine Merrill, Miss Meryl Coombs, Miss Edith Ames.

The decorative scheme was yellow crepe paper with daffodils.

SMALL MONEY NOT YET READY

Smaller-sized paper currency will not be issued by the government until the policy of currency legislation has been determined upon by the administration.

Asst. Sec. Williams of the treasury said that if congress intends to revise the banking laws soon, it will very likely necessitate certain changes in the form of paper currency to be issued,and therefore it would be needless to go ahead and issue the small-sized currency now and have to alter the notes later when a new banking law goes into effect.

The bureau of printing and engraving has engraved about 50 p. c. of the backs of the small-sized currency, and about 25 p. c. of the faces. None of the currency will be printed or issued, however, until the democrats have decided upon a currency policy. Notwithstanding, it is said that it would be impossible to have the new notes ready for distribution within 18 months.

This decision of the new secretary does not contemplate any alteration of the plans set on foot by former Sec. of the Treasury MacVeagh.

DISTRICT COURT.

Michael Joseph, Nacham Joseph, Maddow Francis, Louis Hadad, Betel George, Meli Nazoun, the men arrested in the pool room on Sumner street early Sunday morning entered a plea of nolo in court this morning and were fined $3 each on account of costs.

Edward F. Curley was sentenced to two months in the house of correction for drunkenness at Braintree.

John Smith and Charles B. Green were sent to the state farm for being tramps at Milton.

Herbert Weimble was brought in on a default warrant for drunkenness at Milton and fined $20.

Ralph McGaughlin was arraigned for aleged assault and battery on Mary L. Hobart at Braintree. The court declined jurisdiction and held the dependant in $500 for the grand jury.

BLUE AND GOLD DEGREE.

The Blue and Gold degree was exemplified on several candidates by the degree team of the Fore River Lodge, I. O. O. F. M. U. at a meeting in Protection hall Friday evening. The work was under the direction of Past Noble Grand William McClay and Past Noble Grand P. G. Hamilton.

AVIATION RECORDS.

Eugene Gilbert, a French aviator, flew from Paris to Lyons, Friday in a monoplane, a distance of about 318 miles, at an average speed of 93 1-2 miles an hour, a French record for long distance flying.

M. Combres, a French flying man, attained a speed of 114 miles an hour, during a flight from Rheims to Tournai.

DEATHS

DACEY—In Braintree, March 29, Ellen E. (Moore) Dacey widow of Dennis Dacey, 72 River street, aged 72 years, 2 months and 23 days.

HOPES STRONG FOR RECOVERY

McCauley Hit by Train Resting Comfortably at Hospital

At the Massachusetts General hospital this noon it was said that William McCauley who was struck by the car near the Wollaston station Wednesday night was resting comfortably and getting along all right.

McCauley was hit pretty hard by the train and knocked about 15 feet. He was picked up by the train crew taken on board and conveyed to the hospital At first it was supposed that his injuries were fatal and he was placed on the dangerous list.

NEW YORK SHY OF MILK AND EGGS

Not a pound of butter was brought into New York today and the price went up four cents a pound.

The milk supply also was inadequate, up-state floods making it impossible for shipments to reach the city. Dealers declare that there is but three days' supply of meat in the city and unless trains now stalled in the flooded districts reach here early next week, New York will face a meat famine. Eggs and other foodstuffs also were advanced in price today.

LOAD BLANKETS FOR COLUMBUS

In response to a telegram from Gov. Cox of Ohio, one carload of blankets has been shipped by the Massachusetts Red Cross to Columbus for the relief of the flood sufferers. This is the first consignment, and it will be followed by others.

As soon as Henry Parkman can secure a convenient point to which contributions of clothing or other articles may be sent for shipment to the flood districts, announcement will be made.

UNCLAIMED LETTERS

Letters addressed to the following persons remained unclaimed at the Quincy post office for the week ending March 29:

Frank Bernstein, Ernest Brooks, Louis Cook (four letters), C. Higgins, Carl Johnson, M. J. Kimbrangh, Michat Lariemba, William Lollie, William Mariden, Mrs. Minnie McKinnley, Mrs. William Miler, James J. Newman, Orlanno Paone, Miss Margaret Shea.

SIGNED WITH WATERBURY.

Louis Courtney of Randolph, a former Old Colony league player and last seasons shortstop on the Branford team of the Canadian league has signed with the Waterbury team of the Connecticut league.

BRAINTREE

Mrs. E. W. Clarke of Hollis avenue has been the guest of her son in Nantucket the past week.

The children of the Hollis school are preparing for an operetta to be given in April.

Miss Ada Mack of 46 Middle street has been visiting friends in Brockton, the past two weeks.

The St. Mary's Guild of Emmanuel church met with Mrs. James Mack, Wednesday, March 26.

The ladies of Emmanuel church are planning a sale, supper and dance in April at Delta hall.

The Washington whist club met at the home of Mr. and Mrs. L. A. Barnes of Washington street, Thursday evening.

Miss Elizabeth Holbrook of North Weymouth is the guest over Sunday of Miss Esther McGill of Washington street.

Mr. and Mrs. Arthur Kelley and family of Quincy were recently the guests of Mr. and Mrs. John Maher of Jersey avenue.

The girls choir of Emmanuel church were entertained at the Bethany church of Quincy by a banquet and entertainment and all enjoyed a very pleasant evening.

Mr. and Mrs. Frederick Howe and family of Mt. Vernon street are planning to make their residence in southern California and will leave about April 7th.

SOUTH BRAINTREE

Frank O. Bates of Union street has been confined to his house with an attack of the grip.

The membes of the Pastime Athletic Association are looking forward to their social dance which they plan for next Thursday evening.

Mr. and Mrs. Edwin Keay and daughter Lena of Mattapan were guests of Mr. and Mrs. John Cullinan of Hall avenue on Monday.

The campaign committee of the Progressive Party held a meeting last evening at the office of Dr. W. S Davis.

I. Wendell Gammons of the school committee will give a talk on "Advertising" before the members of the Jonas Perkins School association on Monday evening.

The trustees of the South M. E church, have organized with I. Wendell Gammons, president, George O MacDonald, treasurer, and Henry T Cushman, secretary.

Miss Helen King, daughter of Mr and Mrs. T. J. King of Frederick road who teaches in Mystic, Conn., has been spending her spring vacation at her home. She will return Monday

Miss Alice Holbrook of Washington street has been attending a course of lectures on the technique of the drama given by Professor Baker of Harvard University in Huntington hall, Boston

Mr. and Mrs. W. W. Hesselton entertained the F. W. H. D. club at their home Monday evening. Whist was enjoyed followed by a dainty lunch Mrs. C. H. Ferguson had highest score

A. C. Garrett, travelling salesman for the shoe firm of Slater & Morrell of South Braintree, telegraphed the factory this afternoon that his home in Omaha had been wrecked in the recent cyclone and that members of his family had been injured.

Henry H. Marston of Pond street, spent Easter in New York and while there presided at the organ at the 8 o'clock choral service in the cathedral of St. John the Divine.

Miss Amy L. Lapham, at one time a school teacher at South Braintree, is plaintiff in a $40,000 suit for breach of promise against Bertrand F. Aldrich, a lawyer of Douglass. The case is to be tried at Worcester.

At the regular meeting of Camp 32, S. of V., Tuesday evening, Henry H. Marston and L. Elmer Tower were elected delegates to the encampment to be held in Boston, April 8 and 9. Alfred G. Jones and Harry E. Cone were elected alternates.

Word has been recently received from Mrs. C. Lyman Gates who is visiting her son and his family in Nashville, Tennessee, that she is enjoying her visit and may not return home until warm weather. She made the journey South about three weeks ago and was accompanied by her sister, Miss Laura Clapp of Neponset.

Mr. Garrett, a travelling salesman who is associated with the Slater & Morrill shoe company sent a telegram from the west this week stating that his home in Omaha, Nebraska, was destroyed and his family injured. We in the east have little conception of the suffering experienced by those in west this past week.

BRAINTREE

The Misses Alice and Helen Crathern of Worcester have been spending a few days with Miss Florence Bent of Washington street.

It is hoped that there will be a large number of gentlemen and ladies of the Cochato club who will go to Hingham next Wednesday evening. The Wampatucks are royal entertainers and all who go are assured a good time. Special electrics leave Braintree at 7.35 o'clock.

Letters remain in post office for Nicola Albanese, Mrs. Minnie E. Bates, Mrs. Louisa Brenner, Miss Margaret Burke, A. E. A. Goulding, Mrs. John Hobart, Miss Emma S. Hurtag, Miss Delia Kelly, Miss Mary H. Marshall, Mrs. William E. Moore, Ernest Munseau, Miss Myrtle Parsons, Mrs. R. O. Sherwood, Mrs. E. Shepard, Lillian Stanley, F. Sullivan, G. Warren Wheeler and W. Wheeler.

A large and appreciative audience greeted F. Hopkinson Smith of New York, at the Cochato club, Wednesday evening. Mr. Smith's readings covered a variety of subjects. The first told of high life in New York, the second, Peter, showed Mr. Smiths intimate acquaintance with the Jewish people. Waterlogged Venice called forth much merriment. The club members who attended town meeting missed a rare treat.

—Rev. R. F. Y. Pierce, pastor of the Second Avenue Baptist church, New York, has established in conection with the church a medical department, with trained nurses, a dental clinic and clinic for diseases of the eye, ear, nose and throat, and with a complement of physicians and surgeons.—New Bedford Standard.

GOOD NEWS TO FRIENDS

(Continued from Page One.)

A message from Rev. Fr. Marcean Ballou, son of Mr. and Mrs. John C Ballou of Rogers street, was received late Friday evening from Omaha, Neb. where he has been stationed since his ordination to the priesthood. The message contained encouraging reports although his residence was directly in the path of the flood.

No word has been received from Mr. and Mrs. Roger Kenny and John Duggan, who are in Indianapolis. They reside in the part of the city that is unaffected, but many friends are anxious to hear from them. Mrs. Kenny was Miss Mary Duggan, formerly chief operator at the central exchange. She and her brother John are the children of Mr. and Mrs. John A. Duggan of East Milton, former West Quincy residents.

BAPTIST BOYS WERE DOUBLED

In the Sunday School Basket Ball League

The Wollaston Congregationals doubled the Wollaston Baptists, 24 to 12 in the Quincy Sunday School Basket ball league at the Y. M. C. A., Friday. Baker, right forward of the winners starred with eight baskets to his credit.

CONGREGATIONAL		BAPTIST

MORGAN GREAT FINANCIER DEAD PASSED AWAY AT ROME

Was Taken Ill In Egypt Several Weeks ago and Never Rallied From the Shock

Occupied Unique Position in the World's Money Circles

J. Pierpont Morgan, the great financier, died in Rome today after a short illness. Mr. Morgan spent much of his time during late years in Europe.

Only a short time ago he appeared before the Pujo money investigating committee at Washington and gave some interesting testimony. Immediately after that he went to Egypt, to personally conduct some excavations for ancient relics which he has been interested in for many years. While on a yachting party he had an attack of acute indigestion.

Favorable reports were received in a few days and hopes were entertained for his complete recovery. He then went to Rome, and last week was forced to retire to his bed. Since last Wednesday he was unable to take food. His strength was gone and the end was expected.

Mr. Morgan was about 74 years old. He was a unique figure in the finances of the world. He organized great companies with fabulous capitalization. The past few years he has been gradually retiring from active business and recently it was announced that he had cleared himself of the burden of looking after his large interests.

BURIED IN SHREWSBURY.

The funeral services of George W. Stebbins were held at 10 o'clock Saturday morning at his late residence, 72 Bromfield street, Wollaston.

The services were conducted by Rev. William B. Ayers, pastor of the Park and Downs Congregational church and by John Hancock Lodge, I. O. O. F.

The casket lay in a bank of flowers the tribute of many relatives, friends and fellow Odd Fellows. The body will be taken to Shrewsbury for burial.

YOUNGSTERS HAD GOOD TIME

Helping Randolph Rich Celebrate His 11th Birthday

The boy and girl friends of Randolph Rich had a jolly good time Saturday afternoon at his home Squantum stret, where they were invited to help him celebrate his eleventh birthday.

All kinds of games were played including musical chairs, carrying peanuts and pinning the tail on a donkey. Those wining souvenirs were Dorothy Buckley, Mildred Milmore and Marion Stocker.

Refreshments were served in the dining room which was attractively decorated with red and green crepe paper streamers. In one corner of the room under a red and green canopy was a beautiful birthday cake with eleven candles all aglow.

Randolph was well remembered with pretty gifts that were displayed on a table in the living room.

Among the little friends that wished him many happy returns of the day were: Edith Olson, Hazel Watts, Mildred Milmore, Atlantic; Dorothy Buckley, Atlantic; Marion Stocker, Mabel Stocker, Eliott Johnson, East Milton; Herman Kay, Atlantic, Helen Rogers, Margaret Hogan, Quincy and Barbara Hogan.

Mrs. E. A. Rich was assisted in serving the lunch by Mrs. Joseph Hogan and Miss Viola Rich.

COUNCIL WILL TACKLE BUDGET

The Main Feature of the Session This Evening

An adjourned meeting of the City Council will be held tonight making the fourth meeting this month. The main object of tonight's meeting is to pass the annual appropriation order. This order was reported at the special meeting last week, and debated and amended. As some of the items were increased from the amounts originally reported the City Solicitor ruled that another reading would be necessary. For this reason an adjournment was made until tonight.

The chances are that no attempts will be made to amend any of the items at tonight's meeting.

In addition to this there are several matters in the calendar which will probably come up, and there is always more or less new business.

PROBING INTO AUTO ACCIDENT

Mayor Stone Examined Witnesses on Death of Nightingale

FINDING WILL COME LATER

Mayor Stone held an invetsigation Sunday on the accident of Friday night when Willard E. Nightingale was run down by Chief Litchfield's automobile and fatally injured. Chief Litchfield was responding to an alarm from Box 32 and Nightingale was struck by the car when near the corner of Presidents and Independence avenues.

At the hearing Sunday, Mayor Stone examined Chief Litchfield's chauffeur, Richard Williams, who was operating the car at the time of the accident, and some ten or more witnesses to the accident who had been summoned by Capt. McKay of the police department.

The witnesses were heard separately and their evidence was taken by a stenographer. The witnesses examined were Dr. R. McLennan, J. J. O'Donnell, Dr. C. W. Garey, J. G. Roberts, John Roble, James Roble, George Gauthier, Robert Cantley, Joseph Austin and M. A. McDonald.

Mayor Stone said that he would not announce the result of his investigation until later.

HEBREW SOCIETY PLAN GRAND BALL

All Arrangements Completed for the Big Event in Music Hall

Most elaborate plans have been completed for the first reception and ball of the Young Men's Hebrew Association of Quincy, Tuesday evening in Music Hall. Every thing points to an immense success, both socially and financially.

The officers of the ball are as follows: Chairman, Joseph B. Grossman secretary, Edward Berman; Treasurer, Samuel Kadets; Assistant Treasurer, Sidney Litchman; Floor Marshal, Sidney Litchman; Assistant Floor Marshal; William Asnes; Floor Director, Directors, William Wolf, Max Cutler, Chief of Aids, Joseph Szathmary, Assistant Chief of Aids, Jack Litchman, Barnet Swartz, Isaac Cutler. The reception committee consists of Edward Berman, chairman; Isadore Abrams, Louis Berman, Benjamin Rappaport, Isaac Sussman, Harry P. Levowitch, Joseph Halter, Henry Litchman, Jacob Grossman, Harry Solow, Louis Stone.

GOOD FINISH BY GYM GIRLS

Closed the Season by Winning From Union A. C.

The Quincy Gym Girls closed their season at South Weymouth Saturday night by defeating the Union A. C. Girls, 32 to 5. The game was interesting to the spectators despite the score inasmuch as the display of basket ball by the Quincy Girls was of their usual high staidard.

Miss Edith Mullen scored six baskets, Miss Mildred Smith five and Miss Isadore Beale five.

It was the eighth win of the season for the Girls. Defeat was administered by four teams, Posse Gym, North Eastern, Swampscott and Stetson High of Randolph. The games lost were chiefly due to the superior weight and longer experience of the opponents.

The only regrettable feature of the season was the injury sustained by Miss Edith Mullen in a game at Randolph. She collided with another girl, was thrown backward and struck on her head. Fortunately no serious ill effects followed.

The Quincy Girls are composed of well known young ladies. They commenced the game at Woodward Institute and their love for it prompted the organization of the Gym team.

Without a gymnasium for practice they have overcome this handicap through persistent playing and today they are recognized as one of the fastest teams in the state.

CELEBRATED ANNIVERSARY

Wollaston Organization Held Masquerade Party in Honor of Seventh

The seventh anniversary of the Phi Delta Alpha society was held at the home of Mrs. George P. Smith, 61 Brook street, Friday evening, March 28. It was celebrated with a masquerade. Those present being, President, Miss Ruth Cahill—Colonial Dame; Vice president, Mrs. Charles F. Foster—The Child; Secretary, Miss Ida M. Bland—Martha Washington; Treasurer, Miss Maude Alletzhausser—Spanish Costume; Mrs. Harold Keath, "Sis Hopkins;" Miss Ethel Bland—The Suffragette; Miss Cherry L. Newell—Folly; Miss Gertrude Barlow, tambourine girl; Miss Grace R. Smith—Japanese Lady. Whist and other games wer enjoyed until 10 o'clock after which a dainty collation was served. The party was a great success and much enjoyed by all.

MOOSE PAY TRIBUTE TO DEAD IN FIRST ANNUAL MEMORIAL

Largely Attended Service at Theatre Proved Interesting and Instuctive

Six Members of Quincy Lodge Joined the Silent Majority on Other Side

Members and friends thronged the Kincaide Theatre Sunday afternoon at the first Memorial service conducted by the Quincy Lodge, Loyal Order of Moose. The entire floor and three quarters of the balcony was filled.

Seated in the centre were the members of the lodge. Practically the full membership of the Junior Order of Moose and Womens Circle, No. 26, L. O. O. M., were in attendance.

The lodge mourned for six members: Edwin G. Langley, Frank S. Kirby,, Albert H. Taber, James F. Burke, Napoleon Z. Reed, Amos D. Hopkins.

As Dictator Albert Williams, wearing the robes of office asked if the circle was complete the theatre was darkened and as Secretary Edward J. Fegan called the names of the departed brothers a white rose electrically lighted blossomed into view in a large wreath set on a drop at the rear of the stage.

The address was delivered by Dr. J. A. Rendthaler of Indianapolis, Indiana, associate governor general of the Junior Order of Moose. He spoke on Immortality.

He said that the sympathy of the lodge was extended to the bereaved families of the absent brothers, that the memories of them lingered because of their good deeds and that the Choir Invisible, the purity toward which all Moose should strive teaches that the good done in this world is good done for the next world. He quoted from the poems of John Chadwick and Lowell on Immortality.

Dr. Rendthaler but recently came from the western district striken by the floods told of the suffering and the results of the onrush of waters and asked that those present bear in mind the people who had lost their lives in the swirl of waters, many of whom were members of the lodge.

The program was as follows: Orchestral selections: vocal solos, Clinton L. Maitland, Luther Nason, George Boutilier; violin solos, Miss Leonora M. O'Rourke and William Roach; readings, Miss Louise L. Moyle; piano solos, Master Leon Biganess and quartet selections by Everett Clark, Fred Warmington, Ernest Collins and George Guston. The exercises closed with the singing of "America" and benediction by Rev. Richard E. Armstrong, rector of Christ Episcopal church.

American Lady Shoes

$3, $3.50, $4

There should be no "near" satisfaction in footwear. A shoe either fits or it doesn't. A shoe that fits means a world of pleasure—a shoe that doesn't means a world of woe.

American Lady Shoes for women will dress your feet as fashion demands—will fit your feet faultlessly; thus in gaining style there is no sacrifice of foot-comfort.

Our stock of new spring boots, pumps and oxfords is now complete.

They are made expressly to our order, by one of America's most foremost manufacturers. Consequently the styles are the very latest in foot fashion.

You can readily be convinced that the American Lady Shoe is the shoe par excellence by calling at our convenient store.

GEORGE W. JONES

1 Granite St. "Just around the Corner" Quincy

March 31-3t--o-April 5-1w

EDITORIAL COMMENT.

While the legislature is still in session it should get busy and either repeal or amend that searching prisoners law which has been pointed out as simply ridiculous. The body has the chance to save it self from erecting a monument of ridicule to its record.

A few years ago buckles or bows were worn on the side of men's hats, some wear them on the back at the present date, but in the Cromwellian period they were worn in front, which might indicate that the earlier wearers looked further forward than the gilded youth of the present day.

Now that Cape Cod is an island do the inhabitants feel any nearer to old father Neptune?

If the telephone girls go out what will become of the poor subscribers to say nothing of the lost occupation of the pasty faced youth who is the usual ornament at the hotel exchange booth.

It looks as though there would be no harm in a shake up of the Boston Custom House to wake up the members and add to the efficiency. The recent revelation is not creditable to the system in vogue of the vigilance employed.

The Democrats do not have to say a word. On occasions like this some of them, at least realize that silence is golden.

The new order compelling postmasters to give more time to their duties and less to personal pursuits has a business like tone to it.

All do not agree with the Chamber of Commerce report on the New Haven road, which is only natural as there will be persons who will not agree as long as the world wags and no one can blame them.

The elimination of the bar room free lunch is advocated on account of its lability to spread disease. That disposes of the free lunch. No account has been taken for years of the disease of thirst which it has maintained, but the new fad is in the front ranks at present and must be recognized.

It costs $50,000 to resoil Boston common now a days, no doubt much more than the forefathers set as the possible value of the land when they set it aside for a common. They were wise old codgers all right, if they did not have a line on future values.

The stamped envelopes are made in Dayton, Ohio, which means more work probably for the average office girls in affixing stamps to mailing matter.

New Jersey has developed a criminal genius who stole 80 cents in order that he might be returned to the reform school and continue his lessons in music and telegraphy. What have the prison reformers got to say to this? It would not be surprising if there was not soon a movement on foot to create pensions for prison birds. About every one else is getting the pension fever.

The New York suffragettes say the hats to be worn in New York parade May 3, will cost 48 cents minus trimming. The gay deceivers. They do not say how much the trimming will cost and they know every man and woman in New York will want to see how they look.

After all, there are a few sounds so inspiring as the crack of the new bat against the first ball of the season.

If the President adheres to the policy of not discussing patronage at the White House, those statesmen will be willing to give him a whole suite of rooms at the Capitol.

Another pretty heiress has eloped with a chauffeur. The horse may have been put out of business by the auto, but the groom hasn't.

Longfellow's grandson is a street car conductor in Middlesex, his route being the same that Paul Revere took on his famous ride. No poetry, doesn't pay.

Mauve and yellow complexions are all the rage in Europe but they have been worn in cakewalk circles in this country for years.

LIVED UP TO ITS RECORD.

Every citizen of Massachusetts and Boston should feel some pride in being able to claim that privilege, not alone now but at all time. It did not require the middle west flood to demonstrate the inherent generosity of the Bay State but only to more clearly emphasize it. The past of the state has been one grand record of noble achievement and spontaneous responses to the call of the distressed as witness the Johnstown flood, San Francisco earthquake, the Galveston tidal wave, the Baltimore fire and the Titanic disaster. Each of those only added another link in the splendid chain of modest achievement by the people of the Bay State when called upon to aid their fellow men and women in distress.

The responses to the appeals for aid were prompt, unstinted, generous and without any red tape handicapping. The money was forth coming and delivered to the right parties so that it could be distributed through and by the proper channels. True some few by a desire for notoriety and free advertising butted into the receiving field, ostensibly to aid the efficient committee having the matter in charge, headed by Mayor Fitzgerald, with Gardiner M. Lane, treasurer, but their selfish endeavor in no wise handicapped the efforts of those who were such earnest and self abnegating workers.

The highest need of praise which can be handed out to the people of Massachusetts at this time is, "That they saw their duty the work of the Master and performed it in the usual complete and efficient manner."

THE FAKIR AT WORK.

The middle west flood has afforded that wonderful and irrepressible personage, some times called a fakir, but more proper designated as a trickster, schemer, and low down villian of the worst type to get in his work, who preys on the blood and sufferings of others, appealing strongly at the proper time to the generous sentiments of people whose hearts have been touched by the sufferings which they have read of, until they are too sympathetic to get down to hard serious thinking on the subject and weigh carefully all the facts in the case.

The fakir is and probably has plied his trade among people to good advantage ere this, but that he will be with us as long as there is a chance to scrape a farthing from his foul work he will still be at it, in his ghoulish fleshening off the death and misery of innocent victims of circumstances.

People who are disposed to give to the aid of the suffering, should take no notice of those personal appeals or house to house canvas, on the part of fake solicitors of alleged flood victims. Neither are worthy of consideration. The proper channel through which to place contributions is with the Red Cross society. Its officers are responsible to the country for the faithful performance of the self-imposed duty. Solicitors are not needed and real flood victims need not go skulking from house to house for assistance. It will be readily granted them by the proper authorities and they need feel no shame or embrassment in appealing for that which the public has so generously contributed. But the public should shun the fake solicitor and fake sufferer.

AN UNFORTUNATE ACCIDENT.

The death of Willard Nightingale by being struck by the auto machine of the Chief Engineer of the Fire Department was a most unfortunate accident Coming at a time when there has been much criticism of the high speed attained by the fire apparatus in going through the streets, it will afford unreasonable croakers a chance to say "I told you so." This is an entirely wrong spirit to entertain. Every one realizes that the speed of the fire apparatus is not primarily meant to endanger life, but to save life and property in the most prompt and efficient manner. No one regrets that unfortunate accident of Friday night more than the chief and his driver, Williams. That the machine was going at a moderate rate at the time of the accident is the testimony of all who were in the vicinity. And it was necessary to go slow and use good care as there was a sharp corner to be negotiated which if taken at top speed would have probably meant a serious spill. The Mayor has issued orders that hereafter fire apparatus shall not exceed 20 miles an hour. That may operate or it may not. There were circumstances in connection with the accident which looked strange to witnesses. Before too harsh criticism is hurled at Chief Litchfield and Chauffeur Williams, people should await the testimony and verdict of the inquest which must follow as a matter of course.

BRAINTREE GETTING IN FORM

The Braintree High School will be represented on the baseball diamond this season and expects to have a strong nine in the field. Lester Nickerson was appointed manager and Harold Pratt captain.

Candidates for positions upon the team have commenced daily practice under the coaching of "Lefty" Ford of Quincy. They played at a disadvantage during the last week on account of the high winds which have prevailed and also on account of the poor condition of their ball field, which is the Hollis School playgrounds.

Six of last year's players will again fill their old positions. They are, Gorman, pitcher; Burton, catcher; Long, second base; Carmichael, third base; Taylor, short stop, and Pratt, center field.

Aspirants for the field are Hubbard, Woodsum, Rogers and Johnson. Allen is a candidate for the position of first base.

Gorman, is it expected, will do the bulk of the work in the box, with Smith and Carmichael alternating.

Reardon, who was second baseman in 1912, is prevented from entering the field for the present at least, on account of a recent illness.

Taylor and Carmichael are showing up well as heavy batters.

The schedule of games for the season has not yet been completed, but will be in a few days. The team will play 12 games and expects to open the season, April 8.

SANDBERG WAS SOME SURPRISED

Presented with Cane and Umbrella By Friends

After assisting as he thought, the committee of the Winter Club, the arrangement of another of their delightful parties, Oscar Sandberg, tax collector and one of the leading Swedish residents of the city, was quite overcome when he was presented with a cane and umbrella, the gift of his friends. The affair took place Saturday evening at Electa hall.

Mayor Eugene R. Stone was the guest of the evening. He made a short speech of congratulation and was vigoriously applauded.

Theodore Hermanson made the presentation. He was direct in explaining the tribute of friends and Mr. Sandberg was visibly affected by the surprise. He made a short speech of acceptance.

Dancing followed until midnight, old and young participating in the fun. Refreshments were served consisting of ice cream, cake, tonics and coffee.

The committee consisted of Charles Ericson, chairman; John Olsen, secretary; Benjamin Goldbranson, Edward Sandberg, Otto Backman, Andrew Johnson, Albert Ericson, William Ericson, Otto Peterson.

CARLISLE WON.

The college teams of the Y. M. C. A. closed their season by holding an athletic meet Saturday. The teams who participated were Carlisle, Yale, Dartmouth and Princeton, Carlisle was the winner.

The total points were Carlisle 433 5-10 ; Yale 417 2-10, Dartmouth 385, Princeton 372 4-10.

PRATT'S BREAD sales have increased because it satisfies. Your grocer.

LIFE SAVING APPARATUS

In Cases of Drowning or Gas Poisoning to Be Demonstrated

The police department under the direction of Medical Examiner Fred E. Jonch will have a demonstration today of a pulmotor apparatus for resuscitating, apparently drowned or asphyxicated people. The pulmotor is owned by the Citizens Gas Light Co. who have placed it in charge of the police department and it has been installed on the patrol wagon. The apparatus was bought by the Citizens Gas Light Co. for use among its own employees.

The department is fortunate in having such an apparatus added to its equipment and it is said that Quincy will now be the only police department in this part of the state that has such an appliance.

Medical Examiner Jones will demonstrate the method of using the apparatus this afternoon before the ambulance officers.

SUNDAY SCHOOL BASKET BALL

Presbyterian Team Rolled Up Splendid Score of 76

FALCONER GOT 26 BASKETS

The largest basket ball score ever made in this city went to the First Presbyterian Church team when they defeated the Wollaston Baptist in a Sunday School league game at the Y. M. C. A. Saturday afternoon, 72 to 0. They were so far outclassed that they only had three or four chances to shoot for a goal and then they did not make good.

Falconer, the plucky centre of the winners established a new individual record, shooting 26 baskets. This is one of the largest credits of the season in the state.

Christ Church won from the Wollaston M. E. team by default, 2 to 0.

In a postponed game between the Students and the Employed Boys, the former won, 48 to 10. Joseph Robertson, small but sure, was the star of the game netting 10 baskets.

The summary:

First Presbyterian		Wollaston Baptist
Cummings rf		lb Barber
Marini, lf		rb Bedwell
Falconer, c		c Ela
Matheson rb		lf McGrath
Summers, lb		rf Berg

Score First Presbyterian 72. Goals from floor, Falconer 26, Matheson 6, Cummings 2, Summers 2. Referee, La Rose. Scorer Welsford. Timer Baker. Time 15m periods.

THOMAS McDONALD, Jr.

Thomas McDonald, Jr., died Sunday at the home of his parents, Mr. and Mrs. Thomas McDonald, 12 Deldorf street, aged 34 years. He was born in Weymouth and has resided in Quincy about 25 years. He graduated from the Coddington School and has been connected with the N. E. T. & T. Co.

The funeral will take place Tuesday morning. A high mass of requiem will be celebrated at St. John's Church. Burial will be in St. Francis Xavier cemetery, South Weymouth.

He leaves his parents, Mr. and Mrs. Thomas McDonald, three sisters, Mary, Catherine and Nellie and three brothers, Henry, Peter and John.

IF YOU HAVE GREY HAIR
YOUR ABILITY IS DOUBTED

Young Looking People Are In Constant Demand Everywhere

Competition is keen. You can't hold down the Big Jobs if you are suspected of being a "Back Number."

You can't expect to be a successful wage-earner, man or woman, if you are old looking, but whether you work or not, you owe it today to yourself and family to keep looking young.

Get a bottle of Hay's Hair Health today. It solves the grey hair problem for every man and woman, young or old. It brings back the full, rich, natural color of the hair—restores it to its natural color immediately.

Don't waste time with substitutes, there's only one, Hay's Hair Health, used by thousands with absolute satisfaction for twenty years. Druggists have sold Hay's Hair Health so long to so many satisfied people everywhere who come back again for it and won't use any other, that they are perfectly willing to guarantee it and give your money back if it's not satisfactory after a fair trial.

Free: Sign this adv. and take it to the following druggists and get a 50c. bottle of Hay's Hair Health and a 25c. cake of Harfina Soap, for 50c.; or $1.00 bottle of Hay's Hair Health and two 25c. cakes of Harfina Soap Free, for $.

SUNDAY IN OUR CHURCHES

Topics and Anncuncements For Coming Week

SUNDAY SCHOOLS

WOLLASTON CONGREGATIONAL

The beautiful day, large audience, music, scripture reading and sermon all combined to make the service of the morning an inspiring one. Dr. Sneath read for his lesson Isaiah 38, the account of Hezekiah's sickness and the poem he wrote after his recovery. The title of the sermon was "A Lesson from Hezekiah's Sickness." Dr. Sneath said, "Easter is always a pleasing time with its flowers, special music, large audiences but I do not feel that I can do justice to the spirit of the day because of the distraction in the minds of the listeners and so today I shall speak upon the 'Inspiration of the Unseen Life in its beauty upon the life that is seen.'

"One of the interesting things in Hezekiah's life was his sickness. He was told by the Lord to set his house in order for he must die. He was sad and prayed to Jehovah. Jehovah heard his prayer and promised an extension of life for fifteen years. Hezekiah was a good man, a follower of Jehovah, the man for the hour and he could not be spared. When he had recovered he wrote a poem in which he mentioned four things. He says, first that his sins are forgiven therefore he was remarkably cheerful; second, he has a peace with God that he had never had before; third, he had a remarkable vision of God and fourth, was conscious of a new dignity given to him. His life was to be spared fifteen years. His consciousness of this and of forgiveness of his sins, his peace with God and his vision of God moved him and his people to magnify Jehovah. It is significant that this was his feeling after he was healed.

"What was his attitude while he was sick? First my life is only half completed. I am going down to Sheol in the noontide of my life. Second. When I go down I shall no longer see Jehovah or have fellowship with man. Third, My life's usefulness is ended. My life is like a shepherd who folds his tent and lays it away.

"This was the outlook of Hezekiah although he had lived a righteous life. The outlook of the Hebrew ended in Sheol, a Dantean hollow, a dark cavern in the earth, an indescribable condition because there was nothing to describe. The Hebrew lays his dead away with an indefinite conception of the future.

"Just the opposite of this is the present Christian outlook. We believe that when we have put off this corrutible body we shall put on incorruption. That we have a house not made with hands, eternal in the heavens. There we shall be with Jesus and shall live a life of service, serving Him. The contrast is only too evident between the Hebrew conception and Christ's.

"I have two suggestions to make with reference to the future life.

"First, the outlook of the Christian is an inspiring one in view of the life to come and in view of the life that now is. The Hebrews had a dismal outlook. The Christian does not have that. He has a different conviction. The Christian outlook is not only national but is the only outlook that will satisfy the human soul. The yearning of the human soul in ninety-nine persons out of one hundred is for the life which is to come. That is what makes the life now living a success. Twenty-five years ago it was common to think less of the future and more of the present life—to think less of the heavenly mansions and more of the homes of the poor. That was the Hebrew conception not the Christian. Christianity it is true shows itself by its works but we can only do it successfully under the inspiration of the life to come. The greatest inspiration to live the right kind of life, to do good deeds comes from the inspiration of the future. Only as we are inspired by the unseen can we make of the seen what it ought to be.

Second, there is no effeminacy in catching the inspiration. Men in history who caught their inspiration from the eternal life are strong men. It is a tremendous asset, the inspiration that comes from the conviction that we are to live again. Every effort counts for building up character that will abide for usefulness forever. It is a great thing to have a faith that looks beyond, whether on the deck of the Titanic, or in a house swept by tornado and flood, or in our own home or in school. The true asset of the life is the inspiration of the life hereafter."

The pastor will organize a Young People's round table, Thursday evening, at seven o'clock, in the vestry, to which all young people of high school age are invited.

WOLLASTON METHODIST.

The services at the Methodist church Sunday were full of interest and well attended. Rev. A. A. Brown, D. D. of Youngstown, Ohio, formerly pastor of the West Quincy Methodist church, preached at the morning service a thoughtful, and forceful sermon, taking for his text the words found in II Cor. 5:7. "For we walk by faith not by sight" He said in part: "Sight includes that excluded from faith. When we gaze upon an object impressions are made. If we look upon things that are beautiful we are impressed for good, but if we look upon things that are evil the impressions are debasing. If we look upon the beautiful we are more refined in our natures. If we look upon that which is bad it makes us repulsive. We are impressed by our senses.

"What we see makes us better or worse. We look upon the mountain, the beautiful scenery as on travels and often we are filled with impressions that are uplifting, refining. We are impressed by reason.

"We come to truth by a process of reason if it be a mathematical problem. But we come to the truth of history through faith in history. We do not know history be hearing simply. We come to the truth of all history through faith in history. We believe in Washington, in Julius Ceasar, in Alexander, in Napoleon because they did things in which we have faith. We believe God because of His testimony. His record is true. Testimony supports it. Testimony never grows old. A tree grows old, if not cut it will fall by its own weight of years. The world will pass away. But testimony will remain, forever and ever. Men have had a great deal of doubt about God's testimony. They have assailed the Old Book. But here it lies. It will ever continue as the Word of God because testimony will remain. The Bible will remain intact after the winds of hostile forces have become a spent force. Sight looks into the ope grave but faith looks beyond where we shall meet and clasp each other on the other side. Reason asks, how but faith accepts the truth upon the testimony given. Belief in the unseen satisfies the heart."

The Sunday school was in charge of J. A. Sedgwick and was well attended with every officer and teacher present. Mr. Poquett's class took the banner for the best per cent in attendance for the past five Sundays. Mrs. Poquett's and Mrs. Morgan's class challenged Mr. Poquett's class for the banner for the next four Sundays begining with next Sabbath.

The Junior League was in charge of the pastor. Mrs. Charles Carter led the Epworth League service. At 7.00 o'clock the pastor spoke on Our Supreme Task.

Tuesday evening the men of the church are to give a turkey supper in the vestry at 6.30 o'clock. Thursday evening the mid-week prayer meeting will be held. Friday at 7.45 P. M. the Epworth league will hold its business meeting and social in the vestry.

HALL PLACE M. E.

Rev. T. C. Martin of the Hall Place M. E. church preached his Easter sermon at the morning service as the prolonged service of Easter Sunday made it impossible to do so on that day. The choir repeated the Easter music. Mr. Martin took for his text. "He who spared not his own son, but delivered him up for us all, how shall he not with Him freely give us all things."

Sunday school was at 12 M. The Juniors met at 3 P. M.

At 6.15 Miss Ada Williams admirably led the Epworth League meeting on "The Social Motive,—My Neighbor."

At 7 P. M., a large audience testified to the popularity of Rev. A. A. Brown of Youngstown, Ohio, who 18 years ago was pastor of this church, and of their desire to hear him again. Mr. Brown preached an excellent sermon from the text "We walk by faith, not by sight." At the close of the service a pleasant time was enjoyed meeting Mr. Brown, who leaves for his home on Wednesday, at Youngstown, Ohio.

Wednesday night the round up of the month of self-denial will be held, with an entertainment and social hour and the bringing in of the self-denial envelopes.

Prayer meeting Friday, at 7.30 P. M.

WOLLASTON UNITARIAN.

In exchange with Rev. Carl G. Horst, Rev. Joel H. Metcalf Ph. D. of Winchester, occupied the pulipt at the morning service. He read as the scripture lesson the 139th Psalm, so beautiful and full of mysterious suggestion. One of the verses served as his text but the subject of his sermon was "the Magic of Spring—the silent and wonderful awakening of nature from her long sleep."

Nothing could have been more buoyant and full of the intangible spirit of spring than the discourse which was a joy and inspiration to all who listened.

So exquisite and sympathetic was the interpretation of Nature's message to the heart of man and so compelling was the exultant note of hope and cheer, that the very atmosphere seemed vitalized and one went out into the sunshine with a feeling of renewed strength.

Two beautiful solos by Mrs. R. L. Turner greatly enriched the service, and the Congregational singing of the hymn "God moves in a Mysterious Way. His Wonders to perform," completed a most helpful and delightful service.

At the session of the Wollaston Forum Dr. Metcalf spoke most entertainingly on what the Winchester Unitarian Church is doing along educational lines among the Italians of Winchester.

The annual business meeting and luncheon of the Alliance will be held Wednesday, April 9, at 1 o'clock.

The next session of the general conference of Unitarian and other Christian churches will be held in Buffalo, N. Y., October 6-9. Headquarters will be established at the Lafayette hotel.

Rev. Carl G. Horst attended the monthly meeting of the Unitarian Ministerial Union in Boston today. The address of the morning was by the Rev. Howard N. Brown on "Finalism and Freedom." After luncheon Prof. William Wallace Fenn, D. D. dean of the Harvard Divinity school, gave an address on "The Principle of Historic Continuity."

The Rev. William Sulliven, a native of Quincy, formerly a Roman Catholic priest and Paulist Father, author of "The Priest" and "Letters to his holiness, the Pope" will preach in King's Chapel, Boston, at the noon service, April 14-17 inclusive.

MRS. IRWIN BREAKS DOWN

Under the Strain of Nursing Her Injured Daughter

Mrs. Mary Irwin is confined to her home on Foster street suffering from a severe nervous breakdown while her daughter Mary is in the next room recovering from injuries sustained by being struck by an automobile March 10 at Foster and Washington streets. The solicitude of the mother for her six year old daughter was probably the cause of the shock.

The sight of both of the eyes of Mrs. Irwin is affected but hopes are held out for a complete recovery.

Mary is recovering from a compound fracture of the left leg, a broken collar bone and severe bruises about the face. The accident occured as she was returning home from the Coddington school where she is a first grade pupil. She was at the City Hospital following the accident and was removed to her home a few days ago. Little Mary is the one girl in a family of 12 children.

ROBBED OF HIS PAY ENVELOPE

By Men with Whom He Had Formed Saloon Acquaintance

Robbed

The Sunday papers report that John Nelson of Mt. Ararat road, Quincy was robbed of his pay envelope containing $24 on Atlantic avenue Boston Saturday night. The robbery was made by two men with whom it is said Nelson had spent some time in a saloon. He told the police that after leaving the saloon they pushed him into an alleyway and took his money. The Quincy directory gives Nelson as a granite polisher.

PICKS SUMMER CAPITAL

Wilson Chooses Winston Churchill Home In New Hampshire

Cornish, N. H., March 31.—President Wilson has chosen the home of Winston Churchill, the novelist, to be his summer capital, according to a telegram received here from Churchill, who is now in Santa Barbara, Cal. The message was directed to E. F. Roberts, manager of the Churchill estate, and contained instructions for getting the place in readiness for the president's occupancy.

Harlakenden House, as the Churchill property is known, is a two-story brick structure situated on a hill three miles beyond Windsor, Vt. It commands a view of the Connecticut river valley and of the Green mountains.

Between 600 and 700 acres of rolling farm land and fragrant pine groves give the estate the seclusion the president desires. Near by is an artist colony where noted painters come during the summer.

THREE CARS PLUNGE INTO SWOLLEN RIVER

Passengers Have Narrow Escape From Death In Mohawk

New York, March 31.—More than a score of passengers on the New York Central railroad's New York special, bound from Buffalo to this city, had narrow escapes from drowning in their berths when the train left the rails at Yost, N. Y., and three Pullman cars went crashing down the banks of the Mohawk river and into the trubulent and swollen stream. A dozen or more passengers suffered painful injuries, but none serious, from flying glass.

The work of rescue was begun at once and the passengers were transferred to another train which brought them to this city yesterday afternoon. The wreck was due to the rails becoming weakened on account of the flood, the railroad running alongside of the river at that point.

The day coach did not leave the track entirely, and the persons in it, with the aid of the train crew, at once began the work of rescue. They smashed windows and helped the imprisoned passengers up the embankment.

This was done with great difficulty, for the cars were fast sinking and the rescuers had to work under the disadvantage of darkness. Help came at once from the railroad yard near Yosts.

GOOD SEASON FOR SEALS

First Steamer to Return to St. John's Has Catch of 36,000

St. John's, March 31.—With a catch of 36,000 seals the steamer Stephano returned, the first of the sealing fleet which has been operating in Newfoundland waters to report.

She brought news that the Nascepio had 27,000 seals, the Florizel 22,000, the Sagena 23,000, the Eagle 12,000, the Bellaventure 10,000, the Bonaventure 8000 and the Adventure 7000. The others of the fleet had poor luck.

Advices from four ships sealing in the Gulf of St. Lawrence indicate that their prospects for a good season are excellent.

In a Bad Way.

"My friends," declaimed an orator during a convention—"my friends, I say to you that this great republic of ours is standing on the brink of an abcess!"—Philadelphia Saturday Evening Post.

CURIOUS MANX LAWS.

Food and Drink Alone Are Taxed and Debtors Are Imprisoned.

In some respects the Isle of Man is one of the most backward portions of the British empire. All the revenue is raised by taxes on food and drink. There are no death duties, no property tax, no land tax. The working classes are unprotected as well as overtaxed. No factory laws exist, and no attempt has ever been made to limit the hours of shop assistants, although Manxland is essentially a nation of shopkeepers. Then, although usury is forbidden by law, imprisonment for debt is still legal and is commonly resorted to.

Yet Manx laws, although backward in some respects, are in other ways well advanced. Every woman, widow or spinster, in the Isle of Man, be she owner, occupier or lodger, enjoys the parliamentary franchise. Every widow enjoys half her husband's personal estate and has a life interest in his real estate, and she cannot be deprived of this by will.

The sale of cigarettes and intoxicants to children was forbidden in Man for years before such a prohibition was enforced in England. Englishmen have legislated mildly against money lenders. The highest interest that can be charged in the island is 6 per cent, and that has been the law for over 200 years.—Chicago News.

The Drummer's Tender Heart.

The commercial traveler had just finished a story of a disastrous fire, in which his firm suffered severely.

"And what did you do when you heard of it on your journey?" inquired his friend.

"Oh, I sent the boss a long telegram of sympathy! He likes that kind of thing. Cost me half a crown."

"Half a crown!" exclaimed the other incredulously.

"Oh, I charged it to my expenses, of course!" explained the traveler.

Kindly feeling and thoughtful economy could go no further.—Manchester Guardian.

Plausible Excuse.

Guest—Waiter, are you sure this is oxtail soup? Waiter—Yessuh. Guest—But I've found a tooth in it. How do you account for that? Waiter—Well, I don't know, suh; but I reckon dat ox must have been biting his tail.—Sphinx.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co. Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. Cheney & Co., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

CONSUMPTIVES REST HOPE IN HIM

Dr. Friedrich Friedmann, discoverer of the alleged cure for tuberculosis is here seen leaving Bellevue hospital, New York, after treating cases with his serum. At the right of the picture is his brother, Dr. Arthur Friedmann.

HIS PAST DIDN'T BOTHER HIM.

When Swinburne Was Very Close Unto Death by Drowning.

In Mr. Edmund Gosse's reminiscent article, "Swinburne at Etretat," in the Cornhill Magazine he relates the poet's bathing adventure that nearly cost him his life in the late summer of 1868. The timely appearance of a fishing smack on the scene prevented the premature silencing of the voice that was presently to entrance the world (or some part of it) with the "Songs Before Sunrise."

"I asked him," writes Mr. Gosse, "what he thought about in that dreadful contingency, and he replied that he had no experience of what people often profess to witness—the concentrated panorama of past life hurrying across the memory. He did not reflect on the past at all. He was filled with annoyance that he had not finished his 'Songs Before Sunrise' and then with satisfaction that so much of it was ready for the press and that Mazzini would be pleased with him.

"And then he continued, 'I reflected with resignation that I was exactly the same age as Shelley was when he was drowned.' (This, however, was not the case. Swinburne had reached that age in March, 1867, but this was part of a curious delusion of Swinburne's that he was younger by two or three years than his real age.) Then when he began to be, I suppose, a little benumbed by the water his thoughts fixed on the clothes he had left on the beach, and he worried his clouded brain about some unfinished verses in the pocket of his coat."

So here again, comments the Dial, we have an instance of the failure of an actor in a real life drama to rise to the dramatic possibilities of his part. They do these things better in fiction.

SULPHUR SHOWERS.

Not Sulphur at All, Only the Pollen Grains of Pine Trees.

Many persons are aware that in spring, and especially in early spring, it happens that after a shower the edge of every pool of water in the streets and along the sidewalks will be bordered by a rim of pale yellow color. As the water evaporates this ring remains as a fine powdery mass, so much resembling sulphur as to have given rise to the name "sulphur showers." This so called sulphur is, of course, not sulphur at all. When examined under the microscope it is found to be made up of a mass of the yellowish pollen grains of pine trees.

Instead of consisting of a single cell, as do most pollen grains, that of the pine consists of three cells, the two larger end ones being filled with air and the other containing the ordinary fertilizing principle. The two air containing cells are larger than the other and act as balloons to buoy it up in the air.

In pines and allied trees fertilization of the cones, by which they are enabled to set and develop seeds, is accomplished by the wind—that is, the pollen is produced in immense quantities and is transported through the air to the cones, which are often on separate, widely distant trees. Thus it often happens that the pollen gets up in the higher currents of the air, is carried for long distances and is only brought down to the earth by the rain, producing the so called shower of sulphur.—Harper's Weekly.

How Wheat Perspires.

When you are perspiring furiously in the dog days it may or may not console you to think that an ordinary field of wheat is giving off moisture quite as furiously. Between the months of April and July, according to Sir James Dewar, a field of wheat perspires sufficient moisture to cover the surface of its ground to a depth of nine inches. Another interesting fact is that it requires three and a half pounds of water to produce sixteen grains of wheat. Speaking of the solar radiation in tropical places, Sir James says that in six hours about four-tenths of a square mile receives heat equivalent to the combustion of 1,000 tons of coal, while an area of 1,300 square miles receives in one year heat equivalent to 1,000,000,000 tons of coal—the whole estimated coal output of Europe and America.—Philadelphia Ledger.

COOK TAKEN INTO CUSTODY

It is Claimed He was William Dodd's Companion

IN THE FOUNDRY BREAK

Walter Crook, aged 22 years of 85 Walnut street, Neponset was arrested Sunday afternoon by Patrolman Hunter of Station 11 for Sergt. Larkin of the Quincy police by whom he is wanted for alleged breaking and entering the brass foundry of Patrick Connors at Norfolk Downs last Wednesday night and the larceny of brass castings valued at $75.

It is claimed that Crook was the companion of William F. Dodd who was arrested the day following the robbery by Sergt. Larkin, when the castings were recovered. In court Dodd pleaded guilty and was held for the grand jury. At the time of Dodd's arrest Crook succeeded in getting away.

DEAD IN WEYMOUTH.

The funeral of Mrs. Jeannett Hawes the wife of Selectman Bradley Hawes of Weymouth was held Sunday afternoon at her home on Pleasant St. The Rev. C. J. Underhill, pastor of the First Baptist Church of Weymouth, officiated, assisted by the Rev. F. B. Cressey of Cambridge, a former pastor of the Weymouth church. Burial was at Mt. Hope cemetery.

DEATH ROLL IS PLACED AT 479

Number of Victims of Flood In Ohio and Indiana

DAYTON'S TREMENDOUS TASK

Twenty Thousand Persons Who Lost All They Possessed Must Be Cared For Indefinitely and What Remains of Two Thousand Houses and Other Structures Must Be Pulled Down—Sanitary Officials Compel Sightseers to Aid in Cleaning Up City—Dayton's Dead Number 150, While Total In State Is 429—Fifty the Estimated Number of Dead In Indiana

Dayton, O., March 31.—Here is the problem presented to Dayton, as summarized by George F. Burba, secretary to Governor Cox, and representing the latter here:

Forty thousand persons must be fed, clothed and housed for a week more.

Twenty thousand persons must be cared for indefinitely. These are persons who lost their all when their household goods were swept away. They must be provided with a few necessary household articles, such as bedding, pots and pans, stoves and a few dollars. A half million dollars could be used in this way by the relief committee.

Fifteen thousand houses and business buildings must be rehabilitated.

Two thousand houses and other structures, or what remains of them, must be pulled down.

Thousands of tons of debris must be removed.

Revised list of Dead

The number of dead in Dayton is now estimated at 150. The total for Ohio, according to revised estimates, will reach 429.

Following are some of the accomplishments since the flood broke over the city Tuesday morning:

The water works pumping station is in operation, but the distribution of water is being retarded by open pipes in wrecked houses. The pressure is feeble, but growing stronger as the leaks are checked.

The main sanitary sewer is in operation, though many of the lateral leading from houses are clogged with mud or backed up water.

The flood sewers, separated from the sanitary, will be in operation today. These sewers are needed now to remove the water being pumped from basements.

Telegraph service is fast catching up with requirements, which have been and are still enormous.

No braver services have been performed than those by the telegraph and telephone linemen, who made possible the dissemination of news to hundreds of thousands of friends and relatives of Daytonians. John H. Patterson, chairman of the general committee, found many operators who had not removed shoes or clothing from Tuesday to Saturday night.

There is enough food and clothing for present needs, but relief will be required on a diminishing scale for another month.

Chairman Patterson announced that W. F. Bippius will act as treasurer for all contributions and will make a strict accounting to all contributors.

Martial Law Prevails

By order of Governor Cox the reign of martial law over Dayton was extended to take in the whole county. The flood did more than sweep away property, for it swept away the city administration, temporarily at least, and brought in what amounts to a commission form of government.

Immediately martial law was proclaimed the municipal administration was eclipsed. Adjutant General Wood for the moment became supreme under the governor. Following this Patterson was appointed chairman of a committee of five to administer the affairs of the city. The militia was instructed to obey his orders and thus became a police force.

It is doubtful if the martial law order will soon be repealed, as under the present arrangement the city has the free service of the biggest business men and the most expert professional men in Montgomery county.

The extension of the area under martial law developed from action taken by local dealers whose places are closed. They complained that saloons in the outskirts were sending whiskey into the city and that considerable drunkenness had been observed. Adjutant General Wood reported the situation to the governor and his action was prompt and decisive.

The telephone system is still a wreck, which is a great handicap in administering the affairs of the city. Street cars are unable to run and automobiles are unobtainable for other than relief work except by bringing them here from Cincinnati at $120 a day.

Autos Are Seized

Sightseers in motor cars felt the heavy hand of public necessity, when General Wood began impressing machines. The sightseers were ordered from their cars and the latter were pressed into public service. Protests were unavailing. The more stubborn surrendered at the points of rifles and gave up their cars "until released by order of Chairman John H. Patterson" as the placards placed in them read.

Coroner McKemy estimates that 100 bodies have been recovered, though there are records of only seventy-two. He said many had been buried without usual official action, and that in many cases he did not expect to get records.

Hundreds of persons still looking for relatives passed along the lines at the morgues, fearing they should find their loved ones there. Only a few bodies have not been identified.

Eight persons suffering from diphtheria are at the Miami Valley hospital. Seven of them were caught in house with a person who had recently become ill with the disease. Four persons hemmed in with one who had measles are suffering with that disease.

With warmer weather the greatest problem is the removal of the carcasses of dead horses. Every available automobile truck and all the horsedrawn drays were impressed by the sanitary officials, and hundreds of men are engaged removing the carcasses to the different incinerating plants and to vacant plots on the outskirts of the city, where they are burned.

Sightseers Must Work

Hundreds of sightseers arrived for a holiday in the city, only to become impressed into the service of the sanitary department and were forced in some instances, at the points of bayonets in the hands of national guardsmen, to assist in the removal of carcasses.

From end to end of Dayton the people are cleaning house. Those who have no houses to clean are working cheerfully in assisting those who have. Merchants and what members of their employes could be found are clearing the piles of wrecked stocks of merchandise with scoops and shovels, the mud, in some places several feet deep, being thrown into the streets.

It will be a long time before all Daytonians again live in their own homes. There are 15,000 residences which it will be necessary to plaster and paper before they can be occupied. There are 4500 houses which it will be necessary to build foundations under, to straighten, re-roof, put in doors and windows, rebuild chimneys and make other repairs before their owners can move in again.

There are 2000 houses which it will be necessary to raze and new structures built. The citizens' relief committee, on advices from engineers, had decided that this reconstruction work will require four months, even if building material can be obtained promptly.

FLOOD WRECKAGE

This Shows How Houses Were Wrecked and Tossed About

© by American Press Association.

Sixty-Four Dead at Columbus

Columbus, O., March 31.—Reconstruction of the west side of Columbus, where the flood of last Tuesday wrought the heaviest damage, was begun in earnest today by the undaunted citizens of the district, with the assistance of more fortunate residents. Twelve additional bodies were recovered yesterday from the debris, but many of them have been identified as persons previously reported dead, so that the Columbus death list still remains at sixty-four.

Confusion caused by caring for bodies at two or three different morgues at first caused a reported high death list, but now all the bodies have been ordered taken to the Central morgue as soon as found.

Working day and night, squads of men furnished by the city and by railroad companies have succeeded in patching up the big break in the levee which caused the disaster on the West Side. A second smaller break is being repaired.

Covington Wants Troops

Cincinnati, March 31.—Two companies of the Ninth United States infantry, stationed at Fort Thomas, Ky., have been requested to be sent to Covington, Ky., to patrol the city, by Mayor Phillips, while the Ohio river flood threatens that city.

The request was telegraphed to the war department at Washington and a reply was received that the request had been referred to Secretary of War Garrison and Major General Wood, who have just returned here from Hamilton, and are considering the request.

THE DEAD IN INDIANA

Total Number of Lives Lost Not Expected to Exceed Fifty

Indianapolis, March 31.—Although no official list of the dead can be given at this time, still reports from all Indiana cities that suffered from the flood indicate that the total number of deaths will not be in excess of fifty. But the property loss keeps increasing and grows greater every hour that news is received from the submerged districts.

All the homeless in the flooded districts are being cared for, either in undamaged buildings or in tents, and most of the suffering consists of deprivation of home comforts.

From the mud and muck, which is from one to three feet deep in the streets and almost as thick in the stores and houses through which the water raced, search is being made for the missing. Twenty persons are known to be dead in Peru and it is doubtful if many will be added to the list. On last Wednesday the citizens' committee estimated 540 dead.

In Brookville the militia has taken charge and has driven twenty men who were found looting flooded homes from the district at the points of their bayonets. Two hundred and fifty children rescued from the flood in Brookville have only night clothes and a special train carrying adequate clothing for them pushed through from Connersville.

West Indianapolis, which has been left under a thick layer of mud and slime, reports several dangerous fires. Firemen could not get through the muck and if they had been able to do so there would have been no water. The fires burned themselves out after destroying several mud bound buildings.

Peru reports a danger from pestilence, as broken sewers flooded the streets and buildings, and crews are working day and night to re-establish the sewer and water systems and remove the mud and refuse. All of the cat animals in the Wallace circus quarters at Peru were drowned. The others were saved. Besides the local police the city is patrolled by deputy sheriffs and twenty-four policemen loaned by South Bend.

Huntington Inundated

Huntington, W. Va., March 31.—This city is facing a food and water famine, 15,000 out of the 40,000 inhabitants are homeless, twelve persons are reported missing and the property damage, according to close estimates of leading business men, will amount to nearly $1,000,000.

The river reached a stage of 66.2 feet, the highest in the history of Huntington, and is now stationary.

The entire business section is inundated.

CARING FOR SUFFERERS

Government Officials Are Hard at Work In the Flooded Districts

Washington, March 31.—"All places affected by the flood in such a way as to need help are receiving it and it is not believed that there is any suffering anywhere now from want of food and shelter" was the report to Adjutant General Andrews from Major General Wood, chief of staff, who, with Secretary of War Garrison, is in the heart of the flooded district directing operations. He added, while loss of life has been very heavy, it was not anything like the previous reports indicated.

"Do not send any more government supplies," said the report, "unless the department's representatives on the ground request it. Any supplies available should be held for possible needs further down the river. Major Normoyle has received the great bulk of the supplies sent to Columbus and is busily engaged in shipping them out to points where required."

Major Normoyle himself reported that the principal trouble now as to rations appeared to be in the Muskingum valley, which cannot be taken care of from Columbus, but that Major Gaujot had been sent to Parkersburg with authority to hire steamers and purchase supplies for that territory.

Relief funds received by the Red Cross are nearing the half-million mark. Checks in Sunday's mail, including $16,000 from Boston, $10,000 from Hartford, and $25,000 from a brewing company, amounted to $62,000, bringing the total already in up to $391,000.

From Columbus, O., Ernest P. Bicknell, national director of the American Red Cross, reported that he had established headquarters in the state house and that he would work with the state flood relief committee, as well as with the army. He said he had held an extremely satisfactory conference with Governor Cox and the others in authority.

Bank Rumor Denied

Boston, March 31.—President Thayer and Vice President Weeks of the Merchants' National bank both emphatically deny the rumors and statements which have been heard in banking circles about the merging of their bank with the National Bank of Commerce have any foundation of truth.

Very Scornful.

"Our waiters must say 'Thank you,' even when the tip is small."

"That rule does not prevent them from showing their scorn, my friend. Some of your waiters can say it with seven different inflections."—Pittsburgh Post.

MELISSA REFUSES TO BE GRAFTED ON A FAMILY TREE.

Mrs. Merriwid's maternal maiden aunt Jane ran to her niece in consternation. Mrs. Merriwid had fallen into a chair and was overflowing it with limp arms and drooping head; her eyes were closed languidly and she gasped faintly for breath. Only her naturally blooming color was reassuring.

"All I want is air," murmured Mrs. Merriwid, faintly. "Fresh air and raw onions and ungrammatical language. Open the windows, please, dearie, and let the frangipanni out."

"Pshaw!" ejaculated Aunt Jane. "I thought you were really sick."

Mrs. Merriwid sat up. "'Sick' is the word I wanted," she observed. "If you had said 'seriously indisposed' I'd have relapsed into collapse. I am sick though. I've had an overdose of the lady with the lorgnette. She meant to be very kind indeed, so you needn't tell me so, but if I have to take my choice between Old Dutch Knickerbockers and plain American garments of one syllable, I stand by the glorious stars and stripes, me, Melissa."

"She isn't a Knickerbocker," said Aunt Jane.

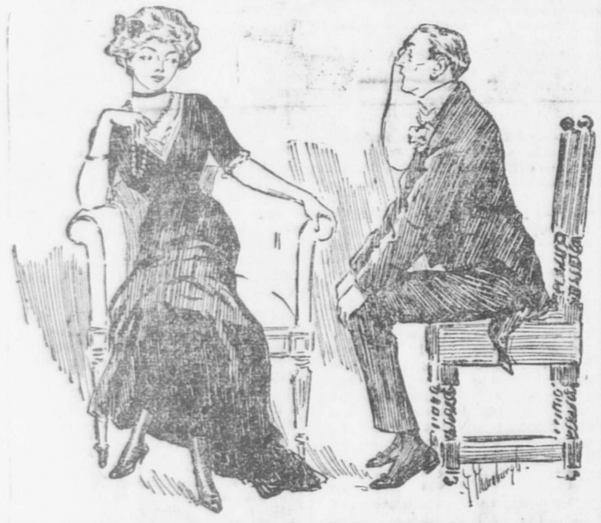

"Mr. Van Junk is," answered her niece, "and she wouldn't have been here if he hadn't asked her to call. He meant to be very kind, too."

"He admires you very much," Aunt Jane remarked.

"I know it," said Mrs. Merriwid. "He's given me to understand that he does and it's something I can't quite explain to myself, because I'm not a hundred and fifty years old and I haven't got an ancestral aquiline nose or a knobby thorax and angular right; but such as they are, they would be quite respectable if he would only stand on them and not rely so much on the ancestral underpinning. That's the great trouble with the Van Junks. They strut around so much on great-grandpa's venerated and more or less brawny limbs that their own calves get flabby and thin, and rude people makes jokes about their not having visible means of support. I'm willing to believe that once upon a time there were some Van Junks that amounted to something—Van Junks who had brains enough to get themselves elected governors and congressmen and probate judges, and Van Junks who could fight or sic other people on to fight, and Van Junks who could skin their fellow citizens on a trade; but they aren't calling on me three evenings in the week. It's just Reginald, and Reginald never went to a primary or got into a fight or earned a dollar in his life. Reginald isn't good looking and he isn't intelligent; he's undersized and half baked. He can play a fair game of billiards when he's in condition and he knows how to tie an Ascot, and you'll never find him wearing anything but the proper clothes on any occasion. He's polite, and he bows quite gracefully, but if it hadn't been for old Jan Van Junk, who grabbed some real estate in 1693 and couldn't find a market for it, Reggie would be on the tail end of the bread line today."

"You're certainly hard to please, Melissa," sighed Aunt Jane.

"Not so very hard, auntie, dear," said Mrs. Merriwid, "but if I ever marry again, I want to be proud of my husband, not of his forefathers and foremothers 'steen generations back. And there's another consideration—it's a good thing for a man to

"A Patrician Way of Keeping His Mouth Half Open That's Most Impressive."

elbows. When I cut my finger, I bleed just common red blood, and all my folks have worked for a living, not to mention the degrading fact that I used to carry a pencil in my pysche myself. That was before poor dear Henry took pity on me and quit paying me wages, you know. What a real, sterling-stamped Van Junk can see in a lady who hasn't got a family tree or a family vault to her name, I can't imagine. It seem too good to be true, doesn't it, auntie?"

"Well there's one thing—if you married him, as Mrs. Reginald Van Junk you could go anywhere," suggested Aunt Jane.

"Except any place I'd naturally want to go to," said Mrs. Merriwid. "I couldn't go to the Dry Salters' association picnic for one thing—not with Reginald's approbation. There's only one really democratic place a scion of an old Dutch family can go to without losing caste, and I wouldn't tell you where that is, because I've been too well brought up, and I'd hate to shock you. It must be nice to be aristocratic in a country where genuine aristocrats are so scarce, and those who like it must enjoy it, but there are so many things that aren't the thing at all if you want to be the real thing, that I think I'd get discouraged. And then there's Reginald, himself."

"He's a very gentlemanly man, I'm sure," said Aunt Jane.

"Isn't he!" agreed Mrs. Merriwid, with enthusiasm. "His eyes may be a trifle fishy, but it's a gentlemanly fishiness that goes well with his monocle, and he has a patrician way of keeping his mouth half open that's most impressive, to say nothing of the superior slimness of his legs."

"I'm surprised that you should mention them, Melissa," declared Aunt Jane, blushing.

"Do you mean that they're hardly worth mentioning?" inquired Mrs. Merriwid. "Well, perhaps you are have his wife spend the money he earns. It keeps him healthily occupied getting more, and it gives her a proper wifely interest in his business. If she doesn't get away with more than he makes and doesn't grudge him a few modest expenditures, it's a logical and natural arrangement; but when a couple form a matrimonial partnership with the idea of squandering a big wad of unearned increment, there's going to be trouble sooner or later just as sure as you're born. It's man's business to make money, and it's fun for him, too. He enjoys making it, but he doesn't really enjoy spending it after he makes it. If it has been left to him, or if he has stolen it, he may take a certain pleasure in scattering it around with both hands, but that isn't a natural condition. I say, let us be natural."

"Has Mr. Van Junk a great deal of —er—unearned increment?" inquired Aunt Jane.

"He has had, but as nearly as I can find out, he's reached a point where he's got to have some more," replied Mrs. Merriwid.

"Then you are going to refuse him?" asked Aunt Jane.

"I'm going to ask for a second helping of soup the next time I lunch with him," said Mrs. Merriwid. "It amounts to the same thing."

(Copyright, 1912, by W. G. Chapman.)

Quite So.

"Dilate on the fact that we suffragettes have been entertained by Newport society," advised the leader.

"Why should we do that? Ours is a worthy cause."

"I know. But a worthy cause isn't in it alongside of a fashionable fad."

The Proof.

"When I charged Maude with going to a beauty doctor, she changed countenance."

"Well, wasn't that what she went to the beauty doctor for?"

Mortgagee's Sale of Real Estate

By virtue of a power of sale contained in a certain mortgage deed given by Wilber F. Lakin to Herbert F. Doble dated Aug. 29, 1903, and recorded in Norfolk Deeds, libro 955 fol. 278, and assigned by Herbert F. Doble to the Quincy Savings Bank by assignment dated Aug. 31, 1903, and recorded as above in libro 956, fol. 622, will be sold at public auction for breach of the conditions of said mortgage on the second described parcel on the premises hereinafter described, on THURSDAY, the tenth day of April, 1913, at two o'clock in the afternoon, all and singular, the premises conveyed by said mortgage deed, and therein described substantially, as follows: The following described property, situated in said Quincy, bounded and described as follows: Beginning at a point on Willard street at the easterly corner of said premises, thence running north-easterly on land now or formerly of Saml. Babcock, eight hundred sixty-five feet, thence turning and running north-westerly four hundred forty-two and 75-100 feet, thence turning and running south-westerly five hundred sixteen and 5-10 feet, thence turning and running south-easterly one hundred seventy-one and 75-100 feet, thence westerly one hundred forty feet to said Willard street, thence south-easterly along said Willard street five hundred and ninety-nine and 5-10 feet to the point of beginning. Containing nine, and three-quarters (9 3-4) acres, be the same more or less.

Also another tract or parcel of land in said Quincy, together with all the buildings thereon, bounded and described as follows, to wit: North-westerly by Robertson street, one hundred feet, north-easterly by land belonging to estate of J. W. Robertson one hundred sixty-six and 5-10 feet, south-easterly by other land of said Robertson estate one hundred feet, south-westerly by land now or formerly of Maloney one hundred sixty-six and 5-10 feet, containing 16,650 square feet, be any and all of said measurements more or less.

This property will be sold subject to all unpaid taxes, tax titles and assessments, if any. Terms $500 cash at sale, balance cash in ten days from said sale on delivery of deed.

QUINCY SAVINGS BANK,
Assignee of the mortgagee and present holder of said mortgage.
By CLARENCE BURGIN, Treasurer.
Mar. 17, 1913 3t 17, 24, 31

Commonwealth of Massachusetts.
Norfolk, ss. Probate Court.

To Ada F. Clark of Uxbridge in said County of Worcester and to her husband, heirs apparent or presumptive, and to the State Board of Insanity:

Whereas, a petition for guardianship has been presented to said Court by Abner L. Baker and Abbie F. Baker alleging that said Noel A. Clark is an insane person, and incapable of taking care of himself, and praying that Ella A. Clark of Braintree or some other suitable person, may be appointed his guardian, agreeably to the law in such case made and provided. You are hereby cited to appear at a Probate Court to be held at Quincy in and for said County of Norfolk, on the ninth day of April A. D. 1913, at nine o'clock in the forenoon, to show cause, if any you have, why a guardian should not be appointed as aforesaid. And said petitioners are hereby directed to cause you to be notified of the time and place appointed for the hearing of said complaint, by serving said Ella A. Clark and said State Board of Insanity, with a copy of this order, seven days at least before said Court; and by mailing to said wife and heirs apparent or presumptive at the last known post office address of each, a copy of the same, seven days at least before said Court, or instead of said mailing, by publishing the same once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in Quincy the last publication to be one day at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court this twenty-fifth day of March in the year one thousand nine hundred and thirteen.

JOHN D. CORB, Register.

Norfolk, ss. Probate Court.

To the heirs-at-law, next-of-kin and all other persons interested in the estate of Lawrence L. Peterson, sometimes known as Loronze L. Petterson, late of Quincy, in said County, deceased:

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for Probate, by Mary Peterson of Quincy, who prays that letters testamentary may be issued to her, the executrix therein named, without giving a surety on her official bond; You are hereby cited to appear at a Probate Court to be held at Dedham in said County of Norfolk, on the second day of April A. D. 1913, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And said petitioner is hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in said Quincy the last publication to be one day at least before said Court, and by mailing, postpaid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this seventeenth day of March in the year one thousand nine hundred and thirteen.

DEATH FOLLOWS HIS CONFESSION

Klotz Responsible For the Killing of Two Women

HE TELLS STORY WHILE DYING

Had Quarreled With Grace Taylor —Herrera Bomb Was Sent For Experimental Purposes—Rosalsky Incurred His Displeasure Because of Brandt Sentence

New York, March 31.—Propped up on his cot in Fordham hospital and with his breath failing Henry J. Klotz, the draftsman in the office of Borough President Miller of the Bronx, who was mortally injured March 21 by the premature explosion of a bomb he was making, confessed that he constructed and sent the infernal machines which caused the death of Grace Walker, also known as Grace Taylor, and Mrs. Madeline Herrera and blew up the apartment of General Sessions Judge Rosalsky.

His death came a few minutes after the completion of the narrative. The confession was made voluntarily after the surgeons had notified Klotz he had only a few hours to live.

The admission of Klotz that he sent the Herrera and Rosalsky bombs clears John P. Farrell, now in the Tombs charged with the murder of Mrs. Herrera.

Klotz confessed, according to the police statement, that he sent the bomb to Rosalsky because he "didn't like him." The agitation at the time, which was during the effort of Folke E. Brandt to obtain his release from prison, influenced him, Klotz admitted, in reply to a question. Rosalsky sentenced Brandt to thirty years in Dannemora for a robbery in the home of Mortimer L. Schiff, where Brandt had been a valet. Brandt recently was released.

Asked why he had sent the Grace Taylor bomb, he replied: "I don't know why; that's all."

Later he admitted it was on account of a quarrel he had had with her.

The police collected evidence which led them to believe Klotz was enraged over having been forbidden Mrs. Taylor's home after one of the young women who lived with her rejected his attentions. When pressed about the Herrera bomb, after first denying he sent it, Klotz, the police statement says, in reply to repeated questions, finally nodded his head affirmatively and added he sent it "for experimental purposes."

He was growing very weak as this stage of the questioning was reached and shortly afterward died without explaining in what the "experiment" consisted. Almost the last words he gasped before he died were:

"Please save my father and family all the humiliation you can."

Klotz seems to have had a mania for collecting firearms and experimenting with explosives. His room at his home was a veritable arsenal and quantities of gunpowder and chemicals for making explosive combinations were found there when detectives searched it after he was injured by a bomb he was making.

He denied all connection with the three explosions. Evidence was found which, in the opinion of the police, connected him closely with the bomb outrages, one of the most important clues being a diary in which he made cryptic entries of a similar character on the date of each of the three explosions.

An attorney for the Klotz family made a statement, declaring the police account of the dying man's "confession" was "preposterous." He asserted the only persons in the room when Klotz' statement was made were two police officials.

DISAPPEARED JAN. 13

Nude Body of Murdered Man Is Found In Passumpsic River

St. Johnsbury, Vt., March 31.—Samuel Fiske, 73 years, whose body was found yesterday in the Passumpsic river at Monroe, N. H., twelve miles from here, was murdered and thrown into the water, according to the medical examiner.

A white handkerchief was found tied tightly about the man's neck, and although the body was nude, no trace has been found of the clothing he wore by posses that have searched the country for miles since he disappeared on Jan. 13.

Boy Hunter Killed

Manchester, N. H., March 31.—Slipping over a ledge while hunting rabbits in the South Hookset woods, Carl L. Clough, aged 13, was instantly killed when his rifle was accidentally discharged.

Strikers Ask Jobs Back

New Haven, March 31.—After having struck three times, the construction men upon the electrical work of the New Haven road applied for reinstatement. They resumed work today.

Boy Drowned In Canal

Cambridge, Mass., March 31.—John Cox, 8 years old, was drowned in the Lechmere canal, a short distance from his home.

MRS. RICHARD L. HARGREAVES

Mrs. Hargreaves, who was Miss Grace Bryan, younger daughter of the secretary of state, probably will spend a great deal of time in Washington. She was married only a short time ago to a young business man of Lincoln, Neb.

The KITCHEN CUPBOARD

COFFEE DESSERTS.

WHEN no other ingredient is at hand for making desserts very acceptable ones may be made with cold coffee, a few eggs and a little cream or milk.

Some recipes for coffee desserts are given here:

A Pleasing Sherbet.

Frozen Coffee.—Grind four heaping teaspoonfuls of coffee very fine, then put in a boiler and add a quart of freshly boiled water. Let it steep for a quarter of an hour and strain through muslin and add a half pound of sugar. Stir until the sugar is dissolved. Now turn the liquid into a freezer, add a tablespoonful of white of egg and freeze until it is as soft as mush. Then serve in sherbet cups.

Made With Gelatin.

Coffee Jelly.—Take two cupfuls of cold coffee, a half cupful of sugar, a cupful of boiling water, a tablespoonful of granulated gelatin, a half cupful of cold water and a cupful of whipped cream. Soak the gelatin for ten minutes in the cold water and then add it to the boiling water and sugar and stir until dissolved. Pour into a mold and set it in a cool place to get firm. Garnish and serve with whipped cream.

A Rich Cream.

Coffee Cream.—Take a cupful of strong coffee, a cupful of thin cream, three eggs, a half a cupful of sugar, one-fourth of a cupful of cold water and a tablespoonful of gelatin. Scald the coffee and the cream in a double boiler. Soften the gelatin in cold water and add it to the hot cream. Add the beaten yolks of eggs and the sugar and cook two minutes. When cool add the stiffly beaten whites of the eggs and beat the combination in a dish set in very cold water till it begins to stiffen. Serve with whipped cream.

A Light Dessert.

Coffee Whip.—Take four tablespoonfuls each of flour and sugar, one-half teaspoonful salt, two cupfuls coffee, one-half teaspoonful vanilla extract, whites of two eggs. Mix the dry ingredients thoroughly, moisten with a little of the coffee, then add the rest of the coffee slowly, mixing all smooth. Cook all thick, stirring often. Remove from the stove, add flavoring and beat until spongy. Beat egg whites very stiff and stir lightly into mixture. Set away to cool.

Anna Thompson

COMFORTING WORDS

Many a Quincy Household Will Find Them So.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Ledger readers.

John Callahan, 55 Prospect street, Brockton, Mass., says: "I am pleased to recommend Doan's Kidney Pills, as I have been greatly benefited by them. I was annoyed by lame and aching back and my kidneys did not act regularly. I finally used Doan's Kidney Pills and they gave me entire relief. I am glad to confirm the statement given by a member of my family in 1908 in their praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ADVERTISE IN THE LEDGER.

To Our Friends and Neighbors

You know us. You know we would not—that we could not afford to—go back on our word. Nor can you afford to ignore this money-back-if-not-satisfied offer on this splendid laxative.

We honestly believe we have the best bowel remedy ever made—the most pleasant-to-take, most permanently beneficial laxative for relief from the miseries and dangers arising from constipation.

We wouldn't say this if we didn't believe it to be true. We wouldn't risk our reputation by making such statements did we not feel sure you would find them true.

Our faith is built both on the knowledge of what Rexall Orderlies are made of and on observation of very many severe cases in which they have proven their merit.

Try them at Our Risk

If they do not abundantly prove their merit with you also—if you are not entirely satisfied with them—we will refund your money—and we will do that on your mere say-so. We don't ask you to risk a penny. Isn't that fair?

Just let the bowels fail in properly doing their work—just let their action be delayed and incomplete and the entire system and every other organ suffers. Wastes that should have been dispelled remain to poison the system.

Headaches, biliousness, nervousness and other tormenting and serious ills are common when the bowels fail to act daily as nature intended. All this may be avoided, if you will accept our advice.

Rexall Orderlies taste just like candy. They are soothing and easy in action. They do not cause griping, nausea, purging or excessive looseness. They tend to tone and strengthen intestinal nerves and muscles. They promptly relieve constipation, and help to permanently overcome it.

Rexall Orderlies promote better spirits and better health. In all of these things they are vastly superior to old-fashioned, harsh salts and other purgatives, which are not only unpleasant to take but which usually leave the bowels in worse condition than before. We particularly recommend Rexall Orderlies for children, aged and delicate persons.

Rexall Orderlies come in vest-pocket tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at The Rexall Stores. You can buy Rexall Orderlies in this community only at our store:

EDWARD J. MURPHY

QUINCY The Rexall Store MASSACHUSETTS

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ill—each especially designed for the particular ill for which it is recommended.

The Rexall Stores are America's Greatest Drug Stores

BRIEFS

The city street sweeper was put at work in City Square this morning sweeping up some of the surplus dirt.

The C. A. A. Girls met Sunday evening at the home of Sadie Berman on Franklin street.

Mr. and Mrs. Hiram A. Morse, Bellevue road have opened their bungalow for the summer season.

Councilman Charles A. Ross, has purchased a house at 98 Independence avenue, which he will occupy this week, moving from Centre street.

Joseph B. Grossman of Federal avenue entertained members of the Y. M. H. A. at his home Sunday evening.

Lawyer R. W. Nason of Boston is building an attractive eight room bungalow on the Quincy shore side of Squantum.

Mrs. Swartz of East Boston, and Samuel Rifkin of Malden, spent the week end wih Mr. and Mrs. L. Berman of Franklin street.

Maurice Halter, the father of Joseph Halter, of Washington street arrived here last week from England on the Ivernia, and intends to make his future home in Quincy.

The regular meeting of the Squantum, Women's Club will be held at the home of Mrs. Hiram A. Morse, Bellevue road, Wednesday afternoon at 2.30.

The marriage of Miss Helen Louise Stearns and John T. Whicher is to be solemnized on Saturday at half past four o'clock in St. Paul's church, Brookline and will be followed by a reception at Hotel Somerset, Boston.

Mr. and Mrs. Ernest W. Branch, who have been spending the winter in the south arrived home late Sunday night, their boat being about twelve hours ahead of time.

The early morning gave promise of being a stormy day, but the sun came out about 9 o'clock. The wind died down and it looked at noon as though the balance of the day would be pleasant.

Among those who passed Sunday in Squantum looking over their summer homes were Mr. and Mrs. William A. Reed, Boston, Mr. and Mrs. S. B. Wood, Cambridge; Mr. and Mrs. Harper, Dorchester and Baron von Scholley, Jamaica Plain.

Max Lipmann of the Boston Opera Company is to sing tonight at a song recital in Colonial hall, arranged by the young Italian pianist Enrico Barraja who accompanies him. Other talent includes Mrs. James H. Slade and J. Barraja-Frauenfelder.

BRIEFS

Mrs. James Starrow is to address the Quincy Young Women's club on Folklore dancing Wednesday evening, at eight o'clock at the clubhouse on Goffe street. There will be music and the dances will be illustrated by some of Mrs. Storrow's pupils. All club members are invited and their friends.

The many friends of Samuel Kadets formerly connected with the Norfolk Clothing Co., will be pleased to learn that word has been received from him at the Lakeville State Sanatarium for Consumptives, stating that his condition has become very much improved. Mr. Kadets is well known in Quincy and is a member of the Y. M. H. A.

The assessors are all ready to begin their annual rounds of the city assessing real and personal estate. They will start with Ward Two, the Quincy Point ward, going from there to Ward Three, thence to Wards Four, Five and Six. Taking in Ward One the centre ward last. The six assistant assessors also start in tomorrow taking the polls, automobiles, horses, etc. The assessors have two months in which to complete their work.

FOLK-LORE DANCING.

An extra meeting of the Quincy Young Women's club is to be held at the clubhouse on Goffe street, Wednesday evening when it is hoped there will be a large attendance as the evening may be more convenient for some of the members than the usual Saturday night. Mrs. James Storrow of Boston is to speak on Folk-lore dancing, illustrated by talent which she brings with her. It promises to be a fine entertainment.

A cordial invitation is extended, not only to members of the Young Women's club past and present, but to any young women of the city who may be interested, to attend the meeting.

BURIED IN ROXBURY.

The funeral of Julia Loretta McKinnon (nee Kelcourse) wife of Joseph McKinnon, a former foreman of the electrical department of the Fore River was held from her father's home 12 Sewell street, Neponset, Sunday. Burial was in New Calvary cemetery, Roxbury.

She is survived by one sister, Mrs. Patrick J. Lally of Quincy Point, and five brothers, one of whom is Edward Kelcourse of Beckford & Lynch. She formerly resided in North Weymouth. Her husband is chief electrician of the Charlestown Navy Yard.

ATHLETES READY FOR BIG SEASON

Some of the Speedy Runners Getting Into Condition

Witht he advent of spring the real athletes have started training and Quincy will probably be represented this year as well as in past years in both branches of sport.

George Sullivan, of the B. A. A., a clerk at the Quincy Post Office, has again donned the spikes and with him is Allen Connor, one of Quincy's most promising mile runners. Connors has been showing to advantage in the High School meets and has the physique for long distance events.

Domenico Fascio, a local Italian runner who won the Fourth of July five mile run in planning to come back this season. He is about to start training and feels that he can duplicate if not better his showing of last year.

Vendetti, the 19 year old Italian wonder has been devoting considerable time to training. He has been attempting all distances and was the only Italian entered that finished in the April 19 marathon last year.

TO RAISE FUNDS FOR SUFFERERS

Citizens Committee will Consider Plan to Secure Money

FOR THE FLOOD VICTIMS

Mayor Stone took steps this morning for a meeting of a number of prominent citizens to arrange for an entertainment or some general plan to raise funds for the flood sufferers. With this in view the Mayor has invited the following citizens to meet in his office at City Hall this evening. Ex-Mayor W. T. Shea, James Duncan, secretary-treasurer of the Granite Cutters International union, Representatives William J. Leslie and Michael T. Sullivan, John L. Hamilton, president of the Board of Trade, Councilman Joseph L. Whiton, president of the City Council, Eben Sheppard, president of the Granite City club, Alfred O. Diack, president of the Granite Manufacturers association Henry M. Faxon, of the Mt. Wollaston bank, T. King of the Granite Trust Co., Clarence Burgin of the Savings bank, Michael T. Walsh of the Knights of Columbus, Mrs. Chandler W. Smith of the Quincy Women's club and Mrs. Arthur P. Ropes of the Wollaston Woman's club.

CARD OF THANKS.

I wish to express my appreciation and thanks to my friends for the many kind acts during my bereavement; also for the beautiful floral offerings.

1485 Hancock Street,. Quincy, Mass.

DINNER GIVEN WALTER F. RICE

Foremen at Fore River Also Present Him with a Gold Chain

Walter F. Rice foreman of the machine department at the Fore River who severs his connection with that company today to take charge of the plants of the Packard Wrapping Co., was tendered a complimentary dinner at the American house, Boston Saturday evening by the foremen of the fourteen departments at the plant. Mr.R ice was woshed all kinds of good luck in his new position and as a reminder of their good wishes he was presented by the foremen with a handsome gold watch chain.

JOSEPH LANE BURIED TODAY

The funeral of Joseph E. Lane son of the late Michael and Mrs. Mary lane was held this morning at 9 o'clock from his late home 30 Lovell street, North Weymouth where the burial service of the Elks was conducted by Philip H. Sullivan, exalted ruler of Quincy lodge of Elks assisted by the Temple quartette. The service at the home was followed by a solemn high mass of requiem at the church of the Immaculate Conception at East Weymouth which was attended by a number of town officials, a large delegation from Quincy lodge of Elks and many of the employees of the American Agricultural Chemical Co.

Rev. James W. Allison was the celebrant, with Rev. Andrew J. Fitzgerald of South Braintree as deacon and Rev. Maurice Lynch as sub deacon. Them usical portion of the mass was by the regular choir under the direction of Miss Nellie Noonan, the Gregorian mass being sung. Miss Maria Fennell sang the Pie Jesu at the offertory and Miss Elizabeth Frahar sang the DiProfundis.

The burial was in the family lot at St. Mary's cemetery, West Quincy, the bearers being Dr. Michael T. Sweeney, H. A. Morrissey, Louis Sullivan, John Condon, M. J. Veno and James Scully. There was more than a carriage load of beautiful floral tributes, including set pieces from the Boston office of the Chemical Co., and from the different departments at the works in North Weymouth and from Quincy lodge of Elks.

MISS CAMPBELL REMEMBERED

By Her Friends Who Tendered Her a Linen Shower

Miss Ethel Campbell was given a linen shower at the meeting of the Nearer and Farther Lights society held with Miss Etta Holmes of North Central avenue, Wollaston on Friday evening.

The decorations for the occasion were in lavendar and white and dainty refreshments were served. A pleasing entertainment was given including piano duets by Mrs. Joseph Walther and Mrs. Charles M. Roach piano solos by Miss May Critchley and vocal selections by Miss Annie Flieger and Miss Ruth Hardy.

McCUE—McINNIS.

Miss Flora Annie McInnis, daughter of Mr. and Mrs. William McInnis of 59 Garfield street, and Joseph W. P. McCue were married at Boston, March 24, by George M. Young, J. P. The marriage became known when a return was filed at the office of the city clerk this morning.

☞Levasseur, the strong man, appearsat the Auditorium Theatre tonight, and gives a free outdoor exhibition at 6.15 P. M.

Awful Effect of the New Dances.

Arnold Bennett, the English author, who frequently blushes parenthetically in his writings whenever he admits having the same failings as other human beings of the domain of the average, is a reminder of a Kansas City girl who admits that the new society dances are enough to make one forget how to blush. When asked the other day if she couldn't blush any more, she replied: "Oh, yes, on a pinch." And then she pinched her cheek to prove it.

EDUCATIONAL COMMITTEE

Plan Another Lecture on Jewish History before Y. M. H. A.

A meeting of the Y. M. H. A. was held at headquarters Sunday afternoon, with Vice President William Asnes in the chair. Very much important business was discussed. The educational committee anounced that another lecture would be held in the course of a few weeks. President Sidney Litchman attended a meeting of the Executive Board of the Associated Y. M. H. A's at the headquarters of the Botson Executive Y. M. H. A. on Sunday afternoon.

DANIEL H. QUINN.

Daniel H. Quinn, a photographer on the Boston Globe died this morning at his home in Dorchester after an illness of several months. He leaves a wife and one child.

His work was of the quality that counts in newspaper circles and his ready wit and easy manner succeeded in having celebrities pose for him when the other boys fell down.

The last official visit of President Taft was a triumph for "Dannie." The guards of the President had been instructed to discourage newspaper photographs but "Dannie worked inside the line and personally asked for a snap of the President's smile, and the request was granted.

"Dan" has been with the Globe since his boyhood days. He worked into the art department through his aggressive spirit. That same spirit was evident in athletics and it was an amusing sight to see "Dannie" tumbling opponents about the floor in basket ball games at St. Mary's hall when he had the reputation of being the fastest littlest forward in the game.

His death is sincerely mourned and genuine sorrow was today expressed when the news of his death became known.

DIED IN SCOTLAND.

Word was received Saturday from Aberdeen, Scotland, of the death of Mrs. George Laing in her 80th year. She leaves one son and two daughters George Laing, and Mrs. William Gordon of Scotland and Mrs. John Tytler of Quincy, and two sisters Mrs. Agnes Ewen of Woonsocket, R. I. and Mrs. Charles Ewen of North Attleboro, Mass.

ENTERTAINED FRIENDS.

The young ladies and gentlemen friends of Miss Catherine Yule were entertained at her home Saturday evening. Games and dancing preceded a supper. The gathering adjourned at a late hour. Miss Yule is a popular member of the Violet club of Quincy Point.

WALL BOARD

A substitute for laths and plaster for finishing off any room in the house.

Call or write and get free sample and particulars.

POSTS BEATS THE GLENDALES

Opened Season Saturday in a Big Batting Game

The Saturday Evening Posts opened their baseball season last Saturday by defeating the Glendales at Glendale field. Both sides hit the ball hard.

The Posts got off with a three run lead but Glendale tied the game in the third by smashing out four singles.

R. Johnson's single, a pass to Nelson, and a double by Walter Johnson in the fourth gave the Posts two runs. In their half the Glendales made one run.

The Posts went out in order in the fifth, only seven balls being pitched, but the Glendales gained another tally through Hibbet's triple with one man on base.

After Tapper was retired W. Johnson started the ball rolling in the sixth for the Posts with a single. Nelson followed suit and ""Russ" Johnson sent them home with his long double to centre field. The Glendales couldn't get to Tapper in their half.

The score:

Innings	1	2	3	4	5	6	Totals
S. E. Posts	3	0	1	2	0	2	8
Glendales	0	0	4	1	1	0	6

Batteries Posts, C. Tapper, and R. Johnson; Glendales, W. Hibbet, H. Ericson and T. Johnson.

The Posts want games with fast 12-13 year old teams in Quincy. Would like to hear from Boy Scouts and Christ Church Boys' Club. Write to C. H. Leander, Quincy, Mass.

New York, New Haven and Hartford R. R.

BOWLING

The second leg of the St. Mary's bowling schedule has started with the Copeland team slightly in the lead and East Milton a close second. The Grove street team is hopelessly in the rear and in order to finish in any style at all will have to win nearly every match they will take part in.

The standing:

Name	Won	Lost	Pctg.
Copeland	20	8	.714
East Milton	21	11	.656
Hall Place	20	12	.625
Bates avenue	17	11	.607
South Willard	18	14	.562
North Common	14	18	.437
North Willard	8	24	.250
Grove street	6	26	.187

TO SPEND $12,500,000

Great Naval Air Fleet Is Planned by the German Empire

Berlin, March 31.—The German admiralty's plans for a big aerial navy are published officially. The air fleet is to cost $12,500,000, which is to be spread over the next five years and be entirely apart from that connected with the army, on which nearly $25,000,000 is to be spent.

A bill introduced into the imperial parliament calls for ten naval dirigible balloons of the largest size, of which eight are to compose the active fleet and two to be held in reserve.

Fifty-four double revolving balloon halls, into which the dirigibles will be able to enter regardless of the weather, are to be erected and another two kept as a reserve.

A total of fifty aeroplanes, of which thirty-six are to form the active fleet and fourteen the reserve, also are to be built and these are to be manned by a special corps of 1452 officers and men.

Bay State Street Railway Company

TIME TABLE

In effect Oct. 8, 1912.
